and tabulation of votes in connection with the *Second Amended Plan of Reorganization of Exide Technologies* (Docket No. 3096) (the "Plan").[2]

3. Pursuant to the *Order Approving Certain Rights Offering and Distribution Procedures and Forms in Connection Therewith* entered February 4, 2015 (Docket No. 3088) (the "Rights Offering Procedures Order"), the Debtor retained GCG to serve as its "Subscription Agent" to administer the Rights Offering.

Disclosure Statement Hearing

4. On February 4, 2015, the Debtor filed with this Court the *Second Amended Disclosure Statement with Respect to the Second Amended Plan of Reorganization of Exide Technologies* (Docket No. 3080) (together with all Exhibits thereto, including the Plan, and as later amended and filed at Docket No. 3095, the "Disclosure Statement"). Also on February 4, 2015, the Court entered the *Order (A) Approving the Adequacy of the Debtor's Disclosure Statement with Respect to the Plan of Reorganization of Exide Technologies; (B) Approving Solicitation and Notice Procedures with Respect to Confirmation of the Debtor's Proposed Plan of Reorganization; (C) Approving the Form of Various Ballots and Notices in Connection Therewith; and (D) Scheduling Certain Dates with Respect Thereto* (Docket No. 3092) (the "Disclosure Statement Order"), governing, among other things, the solicitation of votes to accept or reject the Plan from the following classes (the "Voting Classes"):

CLASS	DESCRIPTION
Class A	Senior Notes Claims
Class B	Other Secured Claims
Class D	General Unsecured Claims
Class E	Subordinated Notes Claims
Class F	Vernon Tort Claims

5. Class A was subdivided into two subclasses. Class A Claims held by Eligible Holders were designated as A1 Claims and Class A Claims not held by Eligible Holders were designated as A2 Claims. Class A Claims are comprised of the beneficial owners of 8.625% Senior Secured Notes due 2018 issued by Exide under that certain indenture dated as of January 25, 2011 and bearing CUSIP numbers 302051AP2, 302051AQ0, or U3003PAD4 (the "Senior Notes"). Class E is comprised of the beneficial owners of floating rate convertible senior subordinated notes due September 18, 2013 issued under that certain indenture dated March 18, 2005 and bearing CUSIP No. 302051AL1 (the "Subordinated Notes").

Rights Offering

6. Pursuant to the Rights Offering Procedures Order, the Court authorized the Debtor to conduct a Rights Offering contemporaneously with the solicitation. Only holders of Senior Notes that could certify their status as an Eligible Holder (as defined in the Rights Offering Procedures) were entitled to participate in the Rights Offering.

7. Pursuant to the Rights Offering Procedures, each Eligible Holder participating in the Rights Offering was required to vote in favor of the Plan and consent to the releases provided in the Plan.

Serving the Beneficial Owners through
DTC Participating Nominees and Their Agents

8. As is typical with most publicly-traded securities, the identities of the underlying beneficial owners of the Debtor's publicly-traded debt and equity securities are known only to the banks, brokerage houses, and other financial institutions that hold the securities in "street name" through The Depository Trust Company ("DTC") on behalf of the beneficial owners of the securities (each, a "DTC Participating Nominee"). Therefore, to effectuate service of the relevant solicitation materials on the beneficial owners of the Debtor's securities, GCG provided the solicitation materials to the appropriate DTC Participating Nominees, along with instructions directing the DTC Participating Nominees to forward the materials to their beneficial owner clients.

9. For those DTC Participating Nominees that employ Broadridge Financial Services, Inc. ("Broadridge"), Mediant Communications LLC ("Mediant"), or InveShare ("InveShare") as their mailing agent, GCG provided a sufficient number of copies of the solicitation materials to Broadridge, Mediant and InveShare together with instructions directing Broadridge, Mediant and InveShare to forward the materials to the appropriate beneficial owners of the Debtor's securities.

10. The process of serving the specific solicitation materials to beneficial owners of the Debtor's publicly-traded securities is described in greater detail throughout this declaration.

Posting of Disclosure Statement Order, Disclosure Statement and Plan

11. Pursuant to the Disclosure Statement Order, GCG posted, *inter alia*, the Disclosure Statement and the Plan to the Debtor's restructuring information website, www.exiderestructuringinfo.com (the "Case Website"). GCG also posted on the Case Website the Disclosure Statement Order. The Confirmation Hearing Notice (as defined below), which was served on all known creditors and parties in interest, referenced the availability of the Disclosure Statement Order, Disclosure Statement, and Plan on the Case Website. In addition, as described below, GCG provided parties seeking paper copies of the Plan, Disclosure Statement, and other documents upon request. During the period following the entry of the Disclosure Statement Order until the Voting Deadline, GCG received approximately 1,000 requests for information and endeavored to respond to each such request in a timely manner.

Tabulation of Votes

A. General Procedures

40. Pursuant to the Disclosure Statement Order, members of the Voting Classes were required to return their completed Ballots to the following address: Exide Technologies Balloting Center, c/o GCG, Inc., P.O. Box 9985, Dublin, OH 43017-5985, or, if by courier or overnight delivery service, Exide Technologies Balloting Center, c/o GCG, Inc., 5151 Blazer Parkway, Suite A, Dublin, Ohio 43017. To be counted as valid, Ballots were required to be properly executed, completed, and actually received at one of the above addresses by March 11, 2015, at 4:00 p.m. prevailing Eastern Time (the "Voting Deadline"), except for Class A1 and A2 Master

Ballots, which were required to be actually received at one of the above addresses no later than March 16, 2015, at 4:00 p.m. prevailing Eastern Time (the "Senior Notes Master Ballot Deadline").

41. Upon GCG's receipt of a Ballot, GCG personnel opened the envelope containing the Ballot and stamped it with the date and time received. GCG personnel then scanned the Ballot into GCG's system and assigned a sequential number to the Ballot (the "Sequence Number").

42. To tabulate the Ballots, GCG reviewed the Ballots (including for timeliness) and recorded all pertinent information from each Ballot, including the date of receipt, assigned Sequence Number, voting dollar amount and acceptance or rejection of the Plan.

B. Determination of Voting Amount

43. In accordance with the Disclosure Statement Order the following hierarchy was used to determine the amount of the Claim associated with each Creditor's vote:

(a) the Claim amount settled and/or agreed upon by the Debtor, as reflected in a document filed with the Court, in an order entered by the Court, or in a document executed by the Debtor pursuant to authority granted by the Court;

(b) if (a) did not apply, then in the Claim amount contained in a Proof of Claim that had been timely filed by the Bar Date (or deemed timely filed by the Court under applicable law), except for any amounts asserted on account of any interest accrued after the Petition Date by Holders of Claims in Classes other than Classes A and E in such timely filed Proofs of Claim; provided, however, that any Claim amount contained in a Proof of Claim asserted in a currency other than U.S. dollars was automatically converted to the equivalent U.S. dollar value using the exchange rate as of February 4, 2015, as quoted at 4:00 p.m. (EDT), mid-

range spot rate of exchange for the applicable currency as published in *The Wall Street Journal* (national edition); provided further, however, that Ballots cast by Holders who timely filed a Proof of Claim in respect of a contingent claim or in a wholly-unliquidated or unknown amount that was not the subject of an objection was counted only for satisfying the numerosity requirement of section 1126(c) of the Bankruptcy Code in the amount of $1.00 solely for the purposes of satisfying the dollar amount provisions of section 1126(c) of the Bankruptcy Code, and, if a Proof of Claim was filed as partially liquidated and partially unliquidated, such Claim was allowed for voting purposes only in the liquidated amount; provided further, however, that the Holder of a Claim that was the subject of a pending objection on a reduce and allow and/or reclassify basis was allowed to vote in the amount and/or the classification sought in the objection and, accordingly, Claims subject to an objection to expunge were not entitled to vote; provided further, however, that to the extent the Claim amount contained in the Proof of Claim was different from the Claim amount set forth in a document filed with the Court, the Claim amount in the document filed with the Court superseded the Claim set forth on the respective Proof of Claim;

(c) if (a) and (b), above, did not apply, then in the Claim amount listed in the Schedules; provided that such Claim was not scheduled as contingent, disputed, or unliquidated and had not been paid, and, accordingly, if a scheduled Claim as to which no timely Proof of Claim had been filed was wholly unliquidated or scheduled in a zero or unknown amount, the holder of such Claim was not entitled to vote;

(d) the Debtor and the Administrative Agent made every reasonable effort to ensure that Creditors who have more than one Claim in a single Class received no more than one

Solicitation Package (as defined in the Disclosure Statement Order) and a Ballot with an aggregated voting amount; and

(e) any Creditor who filed or purchased duplicate Claims was provided with only one Solicitation Package (as defined in the Disclosure Statement Order) and one Ballot and were permitted to vote only a single Claim, regardless of whether the Debtor had objected to such duplicate Claims.

44. Votes cast by beneficial owners through a DTC Participating Nominee were applied against the positions held by the DTC Participating Nominee in the Senior Notes and/or Subordinated Notes as of the Voting Record Date or Senior Notes Voting Record Date, as applicable, as evidenced by the record and depository listings at the DTC (the "Record Amount"). Votes submitted by a DTC Participating Nominee were not counted in excess of the Record Amount of the Senior Notes and/or Subordinated Notes held by such DTC Participating Nominee.

45. To the extent that conflicting votes or "over votes" were submitted by a DTC Participating Nominee, the Administrative Agent reconciled such discrepancies with the DTC Participating Nominee.

C. Tabulation Procedures

46. The following voting procedures and standard assumptions were used in tabulating Ballots:

(a) except as otherwise provided in the Disclosure Statement Order, unless the Ballot being furnished was timely submitted on or prior to the Voting Deadline or Senior Notes Master Ballot Deadline (as applicable), the Debtor could, in its sole and absolute discretion,

reject such Ballot as invalid and, therefore, decline to count it in connection with confirmation of the Plan;

(b) the Administrative Agent date-stamped all Ballots when received. The Administrative Agent will retain the original Ballots and an electronic copy of the same for a period of one (1) year after the Effective Date, unless otherwise ordered by the Court;

(c) Exhibit B hereto delineates every irregular Ballot, including, but not limited to, those Ballots that were late or (in whole or in material part) lacking original signatures, lacking necessary information, received via facsimile or electronic mail, direct submission of Beneficial Ballots, and including setting forth the Debtor's treatment of such irregular Ballots;

(d) the method of delivery of Ballots to be sent to the Administrative Agent was at the election and risk of each Holder, and except as otherwise provided in the Disclosure Statement Order, a Ballot was deemed delivered only when the Administrative Agent actually received the original executed Ballot;

(e) all Ballots were required to bear the original signature of the submitting party. Delivery of a Ballot to the Administrative Agent by facsimile, email, or any other electronic means was not valid;

(f) no Ballot was to be sent to the Debtor, the Debtor's agents (other than the Administrative Agent), or the Debtor's financial or legal advisors, and if so sent would not be counted;

(g) if multiple Ballots were received from the same Holder with respect to the same Claim prior to the Voting Deadline, the last valid Ballot received prior to the Voting Deadline was deemed to reflect that voter's intent and superseded and revoked any prior Ballot;

(h) Holders were required to vote all of their Claims within a particular Class either to accept or reject the Plan and could not split any votes. Accordingly, a Ballot that partially rejected and partially accepted the Plan was not counted. Further, to the extent there were multiple Claims within the same Class, the Debtor and the Administrative Agent made every reasonable effort to aggregate the Claims of any particular holder within a Class for the purpose of counting votes;

(i) a person signing a Ballot in his or her capacity as a trustee, executor, administrator, guardian, attorney in fact, or officer of a corporation or otherwise acting in a fiduciary or representative capacity was required to indicate such capacity when signing and, if required or requested by the Administrative Agent, the Debtor, or the Court, must submit proper evidence to the requesting party to so act on behalf of such Holder;

(j) the Debtor, subject to contrary order of the Court, could waive any defects or irregularities as to any particular Ballot at any time, either before or after the Voting Deadline, and any such waivers are documented in this Voting Report;

(k) neither the Debtor, GCG nor any agent of the Debtor was under any duty to provide notification of defects or irregularities with respect to Ballots delivered to GCG. Rather, the Debtor could either disregard defective Ballots with no further notice, or it could, at its sole discretion, direct GCG to attempt to have defective Ballots cured by contacting the submitting creditor. Where time permitted, GCG contacted parties that submitted invalid Ballots, explained the deficiencies, and provided the necessary steps to cure the deficiencies;

(l) unless waived or as ordered by the Court, any defects or irregularities in connection with deliveries of Ballots were required to be cured prior to the Voting Deadline or such Ballots were not counted;

(m) in the event a designation of lack of good faith was requested by a party in interest under section 1126(e) of the Bankruptcy Code, the Court will determine whether any vote to accept or reject the Plan cast with respect to that Claim will be counted for purposes of determining whether the Plan has been accepted or rejected;

(n) subject to any contrary order of the Court, the Debtor reserved the right to reject any and all Ballots not in proper form, the acceptance of which, in the opinion of the Debtor, would not be in accordance with the provisions of the Bankruptcy Code, the Bankruptcy Rules or the Solicitation Procedures; provided, however, that any such rejections would be documented in this Voting Report;

(o) if a Claim had been estimated or otherwise Allowed for voting purposes only by an order of the Court, such Claim would be temporarily allowed in the amount so estimated or allowed by the Court for voting purposes only, and not for purposes of allowance or distribution;

(p) if an objection to a Claim was filed, such Claim was treated in accordance with the Solicitation Procedures;

(q) the following Ballots were not counted in determining the acceptance or rejection of the Plan: (1) any Ballot that was illegible or contains insufficient information to permit the identification of the Creditor; (2) any Ballot cast by an Entity that did not hold a Claim in a Voting Class; (3) any Ballot cast for a Claim scheduled as wholly unliquidated, contingent, or disputed for which no Proof of Claim was timely filed; (4) any unsigned Ballot lacking an original signature; (5) any Ballot not marked to accept or reject the Plan or marked both to accept and reject the Plan; (6) any Ballot submitted by any Entity not entitled to vote pursuant to the procedures described in the Disclosure Statement Order; (7) any Ballot submitted

by a voter who voted other claims in the same class differently; (8) any Ballot superseded by another timely valid Ballot; and (9) any non-pre validated Class A or Class E Beneficial Ballot submitted by the Beneficial Owner directly to the Administrative Agent because Senior Notes and Subordinated Notes are held by DTC Participating Nominees in "street name" only. As a result, GCG can match votes only against DTC positions reports, which list DTC Participating Nominees' holdings in the aggregate, rather than on an individual account basis;

(r) after the Voting Deadline, no Ballot could be withdrawn or modified without the prior written consent of the Debtor; and

(s) Holders of Senior Notes Eligible Holder Claims in Class A1 who participated in the Rights Offering, the DIP/Second Lien Conversion Option, or the DIP Term Loan Refinancing were required to vote to accept the Plan. Therefore, each Holder of Class A1 Senior Notes Eligible Holder Claims that confirmed its participation in the Rights Offering, the DIP/Second Lien Conversion Option, or the DIP Term Loan Refinancing, either on a Class A1 Master Ballot or by other means, was required to instruct its DTC Participating Nominee to cast its vote to accept the Plan.

47. GCG complied in all respects with the provisions of the Disclosure Statement Order, including as to provisions thereof not explicitly set forth above.

48. GCG is in possession of the Ballots and the same are available for review during GCG's regular business hours at GCG, 5151 Blazer Parkway, Suite A, Dublin, Ohio 43017.

50. On March 24, 2015, Skadden informed GCG that Exide reached agreement with a number of the Holders of Allowed Class F Claims that had previously submitted valid votes (through their counsel) to reject the Plan (the "Class F Settlement Parties"). As part of this agreement, the Class F Settlement Parties agreed to conditionally accept the Plan subject to the Bankruptcy Court's confirmation of the Plan as amended consistent with the terms of the Vernon Tort Claims Settlement Agreement. At the direction of Skadden, GCG tabulated the votes of the

[3] See paragraph 50 for further detail regarding the Class F voting results.

Class F Settlement Parties as acceptances. The tabulation set forth above reflects accepting votes from the Class F Settlement Parties.[4]

51. Additionally, the tabulation results of valid Ballots in Class A parsed between A1 Claims and A2 Claims are set forth below:

CLASS	**ACCEPT THE PLAN**		**REJECT THE PLAN**	
	Dollar Amount Voted/ Percentage of Total Dollar Amount	Number of Votes/ Percentage of Number of Votes	Dollar Amount Voted/ Percentage of Total Dollar Amount	Number of Votes/ Percentage of Number of Votes
Class A1	$ 552,913,000.00/ 99.01%	307/ 94.17%	$ 5,553,000.00/ 0.99%	19/ 5.83%
Class A2	$ 6,829,000.00/ 9.92%	190/ 51.21%	$62,003,000.00/ 90.08%	181/ 48.79%

52. GCG understands that as of the Senior Notes Voting Record Date (March 11, 2015), there were sixty-one (61) DTC Participating Nominees holding the Senior Notes in "street name". The Debtor received valid votes to accept or reject the Plan from forty-nine (49) DTC Participating Nominees on behalf of Class A Claims.

53. Exhibit A attached hereto sets forth a detailed accounting of the aforesaid tabulations with respect to valid Ballots.

[4] The percentage of Class F dollar amount voting to accept the Plan is 99.999982% and the percentage of Class F dollar amounts voting to reject the Plan 0.000018%. Due to rounding, these amounts are set forth as 100% and 0%, respectively.

54. Exhibit B attached hereto sets forth a detailed accounting of all invalid Ballots. In connection therewith, the following entries under "Reasons for Invalid Status" have the following meanings:

(a) "Duplicate" indicates that a voter has cast simultaneous Ballots on account of the same claim.

(b) "Improper Transmission" means that the Ballot or Master Ballot was transmitted by fax, email or other electronic means, sent directly to the Debtor, its counsel or some other third party other than GCG.

(c) "Beneficial Ballot" means that a beneficial holder ballot was sent directly to GCG, instead of the voter's DTC Participating Nominee for tabulation on its Master Ballot.

(d) "Late" means that the Ballot was received after the Voting Deadline or the Senior Notes Master Ballot Deadline, as applicable.

(e) "No Vote" means that the voter failed to indicate acceptance or rejection of the Plan. Our inclusion of any ballot on the attached invalid ballot report for failure to vote is not intended to make any representation with respect to the validity of any election to opt-out of the Plan releases contained therein.

(f) "Not Entitled to Vote" means that the Ballot was cast by a party not entitled to vote in the Voting Class indicated on the Ballot.

(g) "Not Signed" means that the voter failed to sign the Ballot.

(h) "Superseded" means that the Ballot was superseded by a later Ballot cast by the same party on account of the same claim.

55. On the March 11, 2015, GCG received Class E Ballot No. 1379 from Broadridge forty-one (41) minutes after the Voting Deadline. The Debtor waived this defect, and the Ballot was processed as timely.

56. Ballots submitted by attorneys on behalf of their clients, if otherwise valid, were considered valid as long as the client held a Claim in a Voting Class.

57. In accordance with 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.
