FOOTNOTES

- 1) This Exhibit, like the Assumption Schedule, is sorted by non-Debtor counterparty or notice party. Contracts which contain multiple counterparties or notice parties are denoted by the same "Record ID" number in the first
- 2) The column marked "Debtor" denotes the respective Debtor counterparty that proposes to assume or assume and assign the executory contract or unexpired lease.
- 3) Unless otherwise specified herein, each executory contract or unexpired lease listed herein shall include all exhibits, schedules, riders, modifications, declarations, amendments, supplements, attachments, restatements, or other agreements made directly or indirectly by any agreement, instrument, or other document that in any manner affects such executory contract or unexpired lease, without respect to whether such agreement, instrument or other document is listed herein.
- 4) The "Contract Type" designation is a general description and is not meant to be wholly inclusive or descriptive of the entirety of the rights or obligations represented by such contract.
- 5) The respective Debtor(s) propose to assign the respective executory contract or unexpired lease to the "Assignee" listed herein or the Assignee's designated successor or assign.
- 6) "Software Shrinkwrap" denotes software that the Debtor(s) own multiple copies of and which was acquired without a stand-alone software licensing agreement. The parenthetical number listed after each application in the "Contract Type" column are the numbers of copies the Debtor(s) propose to assume or assume and assign.
