I was subsequently appointed as the Company's Interim Chief Executive Officer on February 27, 2017, following the resignation of the Company's previous chief executive officer.

5. I submit this declaration in accordance with Rule 1007-2 of the Local Bankruptcy Rules for the Southern District of New York to assist this Court and parties in interest in understanding the circumstances that compelled the commencement of these chapter 11 cases and in support of: (a) the Debtors' petitions for relief under chapter 11 of title 11 of the United States Code (the "***Bankruptcy Code***") filed on the date hereof; and (b) the emergency relief that the Debtors have requested from the Court pursuant to the motions and applications described herein.

Introduction²

7. The Company is a leading, global, physician-led provider of integrated cancer care services. The Company provides comprehensive care to patients across the United States, South America, and Latin America. While the Company's business is fundamentally strong and profitable, the Debtors have been operating with an unsustainable balance sheet in light of the size of the business, current industry dynamics, and certain unexpected one-time costs. Notably, changes in reimbursement practices under certain insurance programs have negatively affected the Company's level of revenue. Additionally, unforeseen government penalties and settlements have reduced the Company's operating revenue and resulted in unexpected cash outflows. In the aggregate, these factors have led to a liquidity shortfall and have negatively impacted the Company's ability to operate its business while servicing in excess of \$100 million in annual debt service obligations.

8. In light of these developments, the Debtors engaged restructuring advisors to assist in the redevelopment and refinement of a business plan and initiated restructuring negotiations with each of their primary stakeholders. These cases represent the culmination of approximately six months of business plan development and restructuring negotiations with the Debtors' primary stakeholders. As a result of these negotiations, the Debtors, their non-Debtor parent 21st Century Oncology Investments, LLC ("**21CI**"), the holder of nearly all of the Debtors' common units, the holder of all of 21CH's Series A Preferred Stock, an ad hoc group of certain MDL Lenders, First Lien Lenders, and Senior Noteholders (such ad hoc group the "**Crossover Group**"), and an ad hoc group of certain First Lien Lenders (the "**First Lien Lender Group**") have reached an agreement on the terms of a prearranged restructuring, as more

² Capitalized terms used in this Introduction and not defined have the same meanings given to such terms elsewhere in this Declaration.

fully set forth in the Restructuring Support Agreement, dated as of May 25, 2017 attached hereto as **Exhibit B** (the “*RSA*”). The restructuring contemplated by the *RSA* is supported by (i) MDL Lenders holding 100 percent of the aggregate outstanding principal amount of the loans under MDL Facility (as defined below), (ii) First Lien Lenders holding in excess of 90 percent of the aggregate outstanding principal amount of the loans under First Lien Credit Facilities (as defined below), (iii) Senior Noteholders holding in excess of 90 percent of the aggregate outstanding principal amount of the Senior Notes (as defined below), 100 percent of the Series A Preferred Stock (defined below), and the majority equity owners of the Debtors’ ultimate parent.

9. The restructuring contemplated by the *RSA* will reduce the Debtors’ net debt by more than \$500 million and provide working capital for the Debtors’ postpetition operations. The material terms of the *RSA* are summarized in Part II.D below.

10. In addition, to fund these chapter 11 cases, certain Senior Noteholders and First Lien Lenders each as defined herein) have agreed to provide approximately \$75 million in postpetition financing, pursuant to a senior secured superpriority debtor in possession delayed draw term loan, all as more fully described herein. This financing is the result of extensive, arms’-length negotiations between the Debtors and certain creditor groups, and provides the Debtors with the necessary liquidity to conduct these chapter 11 cases and expeditiously implement the contemplated consensual reorganization.

11. This declaration is organized into four sections. The first section describes the Company’s business and capital structure, including detailed information on the Company’s history, operations, and organizational structure. The second section details the circumstances surrounding the commencement of these chapter 11 cases. The third section sets forth the evidentiary basis for the relief requested in each of the pleadings filed in connection with these

chapter 11 cases. The fourth section provides an overview of the exhibits attached hereto that set forth certain additional information about the Debtors as required by the Local Bankruptcy Rules.

Background

I. The Company's History and Operations.

A. The Debtors' Corporate History.

12. The Company was founded in 1983 by a group of physicians seeking to deliver academic-level, quality radiation therapy at the community level and has since expanded to become the largest integrated network of cancer treatment centers and affiliated physicians in the world.

13. On February 21, 2008, the Company was acquired by a private equity firm. Following such acquisition, the Company continued to grow its operations organically through a services agreement model, as well as through the formation of joint ventures and the acquisition of other radiation therapy networks. Certain notable transactions include the 2011 acquisition and partnership with the management team of Medical Developers, LLC, the largest company in South America dedicated to radiation therapy, and the October 2013 acquisition of OnCure Holdings, Inc. ("***OnCure***"), and certain of its subsidiaries, which operated a network of 14 medical groups that treated cancer patients at 37 radiation oncology centers located in California, Florida, and Indiana. The Company acquired OnCure for approximately \$125 million, consisting of \$42.5 million in cash and \$82.5 million in assumed debt under the OnCure Notes (defined herein).

14. Shortly after the OnCure acquisition, the Company invested in Florida-based SFRO Holdings LLC ("***SFRO***") in February 2014, acquiring 65 percent of the equity interests in

SFRO in consideration for approximately \$60 million in cash funded with the proceeds of a new \$60 million term loan (the “*SFRO Term Loan*”).

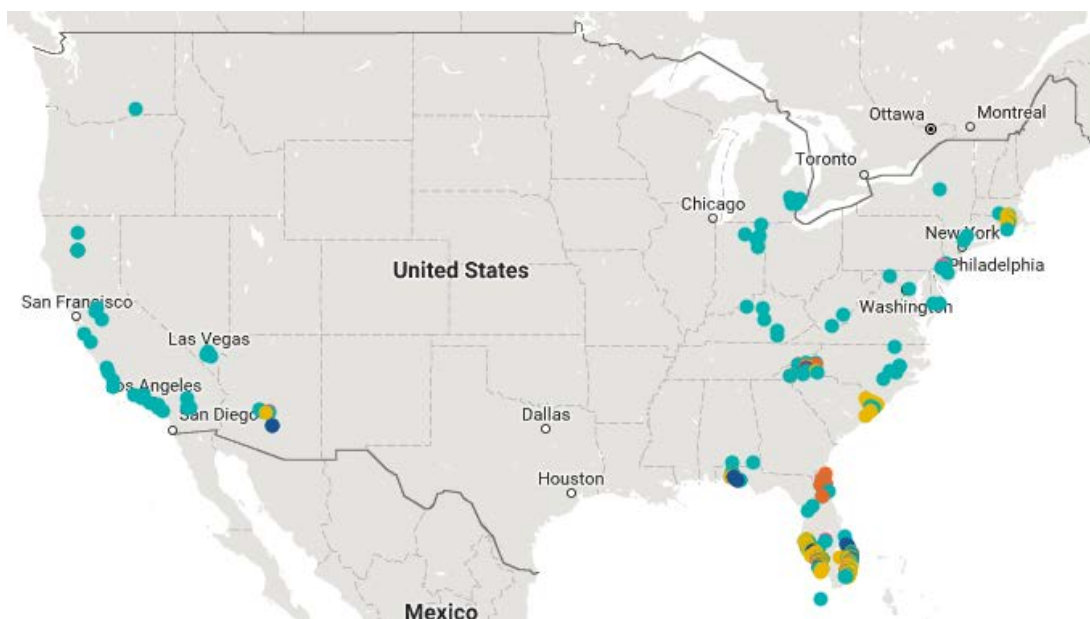

15. To address challenges relating to the Company’s significant debt service obligations and other operational cash needs, on September 27, 2014, the Company and one of its investors (the “*Preferred Equity Investor*”) reached an agreement whereby the Preferred Equity Investor invested \$325 million (the “*Preferred Equity Investment*”) in consideration for shares of Series A Preferred Stock (defined herein) and the right to appoint two directors to the board of directors of 21CH. The Debtors used a portion of the Preferred Equity Investment to repay, among other things, outstanding borrowings under the Debtors’ then-existing revolving credit facility.

16. On July 15, 2015, the Company purchased the remaining 35 percent interest in SFRO for \$44.1 million, comprised of \$15.0 million in cash, \$14.6 million in SFRO PIK Notes (defined herein), and \$14.5 million of preferred stock in the Debtors’ parent, 21CI.

17. Additionally, on September 9, 2016, in connection with the First Capital Event (defined herein), the Preferred Equity Investor agreed to acquire, pursuant to the 2016 Subscription Agreement (defined herein), an additional 25,000 shares of Series A Preferred Stock, par value \$0.001 per share, for a purchase price of \$25 million.

B. The Company’s Current Business Operations.

18. Today, the Company is the leading global, physician-led provider of integrated cancer care services, operating the largest network of cancer treatment centers and affiliated physicians in the world. With 179 locations worldwide, the Debtors service patients in seven Latin American countries and 17 U.S. States.

19. The Company employs a range of medical professionals, including radiation oncologists, medical oncologists, breast surgeons, colorectal surgeons, urologists, gynecologic oncologists, and other medical professionals, to provide high-end, complete end-to-end care for cancer patients. The Company also provides a complete selection of advanced radiotherapy services that may otherwise be unavailable in the communities in which the Company operates. Finally, the Company provides support services, including psychological and nutritional counseling, as well as transportation assistance.

20. In light of the varied state regulatory landscape for health care services, the Company is unable to directly employ physicians and other medical professionals in certain states in which they operate. As a result, the Company has developed two distinct business models. First, the Company owns treatment facilities and directly employ the medical professionals working therein. In the second model, the Company contracts with private physician groups and provides a variety of administrative, financial, and management services to such physician groups pursuant to exclusive, long-term services agreements. Under certain arrangements, the Company provides management services to independent physician practices.

1. The Company-Owned Business Model.

21. In states that allow for the corporate practice of medicine, the Company offers medical services directly to the general public by employing physicians at Company-owned clinics or treatment facilities owned entirely by the Company or jointly with other entities. This business model allows the Company to attract and retain the top physicians in their field and maintain management oversight over both the clinical and non-clinical aspects of their services. The majority of revenue generated from this business model is derived from commercial payers, including healthcare insurers, managed care organizations, workers' compensation programs, contract management services, and private pay sources, with the remaining reimbursement derived from Medicare and Medicaid. In addition, when the demand arises, the Company subcontracts the services of Company-employed physicians to hospitals and other cancer treatment centers.

2. The Services Agreement Business Model.

22. In states that prohibit the corporate practice of medicine, medical services must be provided at physician-owned clinics. In these states, the Company contracts with physician-owned facilities to provide certain administrative and financial services, including the provision of non-physician clinical and administrative staff, operations management, purchasing assistance, managed care contract negotiation assistance, reimbursement, billing, and collections assistance, information technology, human resource and payroll services, and compliance, accounting, and treasury functions.

23. In some instances, the Company also leases the facilities where oncology treatment centers are located and provide financing for certain of the medical equipment located in such centers. Importantly, the physicians treat patients and retain full control over the

treatment's clinical aspects in compliance with the terms of the services agreements and applicable state law.

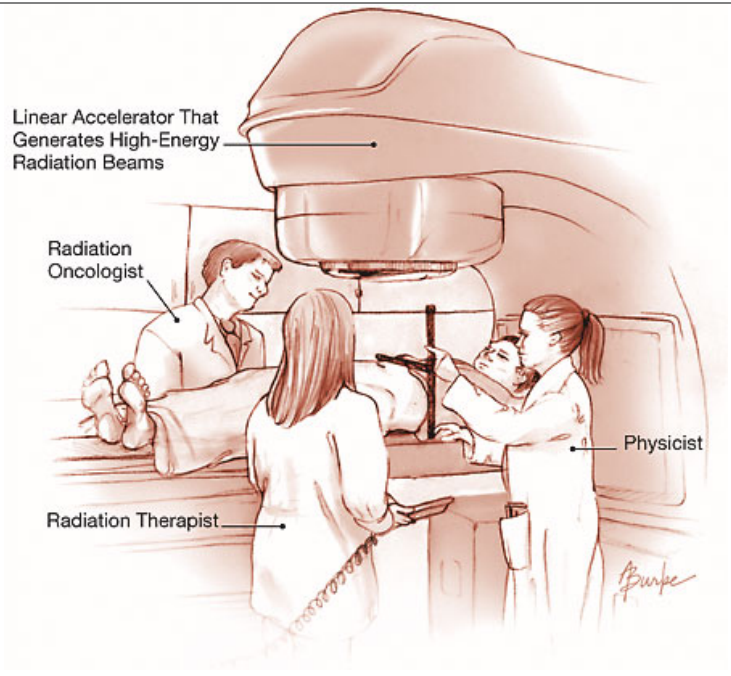

24. In consideration for its services, the Company is reimbursed by the physician groups for certain operating expenses related to the applicable treatment center and earn a monthly management fee from each physician group. The management fees generally are calculated as a percentage of each group's revenue associated with the provision of radiation therapy.

3. Services Overview

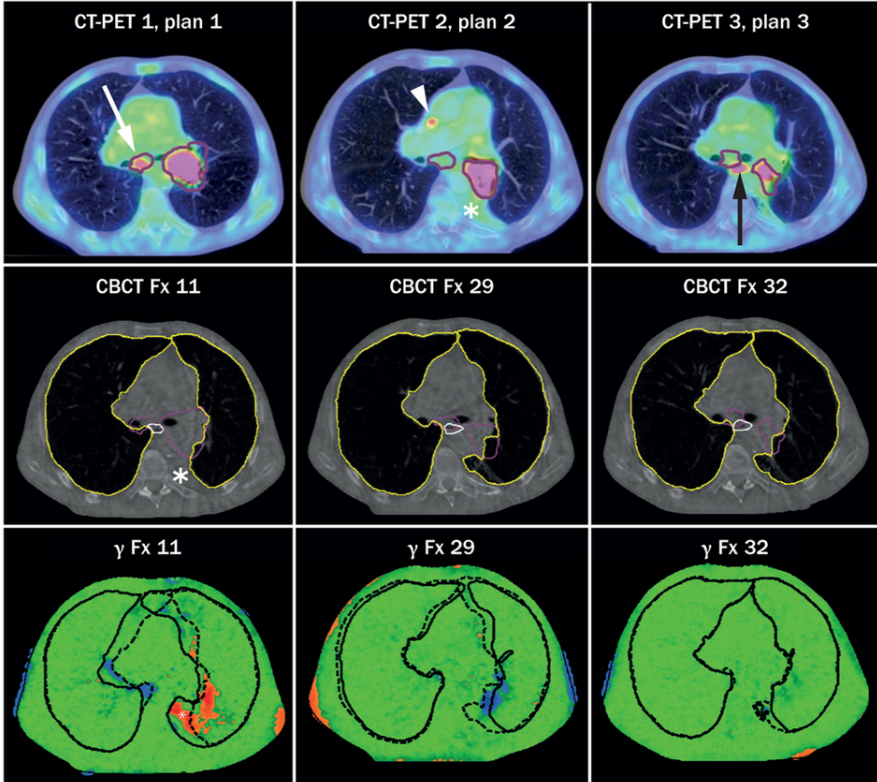

25. Broadly speaking, the Company provides two primary types of radiation therapy: external beam therapy ("***External Radiation***") and internal radiation therapy ("***Internal Radiation***"). External Radiation involves directing a high-energy x-ray beam at a patient's tumor. External Radiation is typically administered over the course of 10–40 treatments, depending on the total radiation required to achieve a specific therapeutic goal. Internal Radiation, on the other hand, involves the placement of a radiation-emitting element within or adjacent to the patient's tumor. Internal Radiation delivers a higher dose of radiation in a shorter time than is possible with external treatments, and is typically used to treat cancers of the prostate, cervix, breast, lung, and esophagus.

26. In addition to these main forms of radiation treatment, the Company has also begun testing a new technology known as adaptive radiotherapy, which allows for near real-time adjustment of radiation delivery in response to anatomic changes that occur during treatment.

27. The following table sets forth the forms of radiation therapy treatments and advanced services that the Company currently offers:

<i>Technologies</i>	<i>Description</i>
External Beam Therapy	
<i>Conformal Radiation Therapy</i>	A process of creating a radiation treatment field that matches precisely the size and shape of the intended target tumor or organ.
<i>Intensity Modulated Radiation Therapy</i>	A process of adjusting the intensity of the radiation beam in addition to shaping the radiation dose to match the size and shape of the treated tumor, resulting in a higher degree of precision than conformal therapy.
<i>Stereotactic Radiosurgery</i>	A process of delivering highly precise, highly accurate, high dose radiation to small tumors.
Advanced Services Used with External Beam Therapies	
<i>Image Guided Radiation Therapy</i>	Enables radiation oncologists to utilize x-ray imaging at the time of treatment to identify the exact position of the tumor within the patient's body and adjust the radiation beam to that position for better accuracy of treatment delivery.

<i>Technologies</i>	<i>Description</i>
<i>Gamma Function</i>	A proprietary capability that enables precise calculation of the actual amount of radiation dose delivered during a treatment. Gamma Function also enables the quantitative comparison between the actual radiation dose delivered and the planned radiation dose. This technology further reports discrepancies in planned-to-actual dose to the physician and provides useful information to assist in the physician's clinical decision-making.
<i>Respiratory Gating</i>	Coordinates treatment beam activation with the respiratory motion of the patient, thereby permitting accurate delivery of radiation dosage to a tumor that moves with breathing, such as lung and liver cancers.
<i>Internal Radiation Therapy</i>	
<i>High-Dose Rate Brachytherapy</i>	Enables radiation oncologists to treat cancer by internally delivering high doses of radiation directly to the cancer using temporarily implanted radioactive elements.
<i>Low-Dose Rate Brachytherapy</i>	Enables radiation oncologists to treat cancer by internally delivering doses of radiation directly to the cancer over an extended period of time using permanently implanted radioactive elements.
<i>Radiopharmaceutical Therapy</i>	Enables radiation oncologists to treat cancer that has metastasized widely to the skeleton with an intravenously injected radioactive solution that is rapidly absorbed by the skeleton and delivers the radiation dose comprehensively to the entire skeleton.

<i>Technologies</i>	<i>Description</i>
Operating Technologies Under Development	 <p style="text-align: right;">Nature Reviews Clinical Oncology</p>
Adaptive Radiotherapy	<p>A novel approach to radiation therapy that is currently under development by the Debtors and a small number of academic medical centers. Adaptive radiotherapy is a process that will automatically trigger a new treatment plan during the course of therapy in order to adapt to anatomic changes that occur to the tumor.</p>

C. The Company's Corporate and Capital Structure.

28. The Company's corporate organizational structure is depicted on the chart attached hereto as **Exhibit A**. As set forth herein, 21CI serves as the ultimate parent entity of the Company through its 100 percent equity ownership of Debtor 21CH. Debtor 21CH, in turn, owns, directly or indirectly, each of the Company's remaining 66 domestic subsidiaries, 59 of which are Debtors in these chapter 11 cases.³ As of the Petition Date, the Debtors' long-term

³ Not including joint ventures, professional corporations, or non-U.S. entities.

debt obligations totaled in excess of \$1.1 billion, excluding accrued and unpaid interest of approximately \$51.4 million and capitalized leases of approximately \$30 million. The primary components of the Debtors' consolidated funded debt obligations outstanding as of the Petition Date are:

Debt Instrument	Principal Amount Outstanding as of Petition Date
First Lien Term Loan	\$599 million
First Lien Revolver	\$121 million
MDL Facility	\$35 million
Senior Notes	\$368 million
SFRO PIK Notes	\$19 million
Total	\$1,143 million

1. The First Lien Credit Facility.

29. Debtor 21st Century Oncology, Inc. ("**21C**") is the borrower under that certain Credit Agreement, dated as of April 30, 2015 (as amended, restated, supplemented, and otherwise modified from time to time, the "**First Lien Credit Agreement**"), among 21C, 21CH, the lenders party thereto from time to time (the "**First Lien Lenders**"), Morgan Stanley Senior Funding, Inc. as administrative agent, issuing bank, and swingline lender (the "**First Lien Agent**"), and the other agents and arrangers named therein. The First Lien Credit Agreement provides for credit facilities consisting of a term loan facility (the "**First Lien Term Loan**") and a revolving loan facility (the "**First Lien Revolver**," and together with the First Lien Term Loan, the "**First Lien Credit Facilities**"). As of the Petition Date, the principal amount outstanding under the First Lien Term Loan was approximately \$599 million, and the principal amount outstanding under the First Lien Revolver was approximately \$121 million, with \$3.9 million in outstanding letters of credit. As of the Petition Date there was approximately \$7.2 million in

accrued and unpaid interest under the First Lien Credit Facilities. The First Lien Revolver matures on April 30, 2020 and the First Lien Term Loan matures on April 30, 2022.

30. The First Lien Credit Facilities are secured by a security interest in substantially all of the Debtors' (excluding the MDL Entities' (as defined below)) assets (the "**21C Domestic Collateral**"). The First Lien Credit Facilities are guaranteed by Debtor 21CH and each direct and indirect, domestic subsidiary of Debtor 21C (excluding the MDL Entities).

2. The 11.00% Senior Unsecured Notes.

31. Debtor 21C issued those certain 11.00% senior notes due 2023 (the "**Senior Notes**") in an aggregate principal amount of \$360 million pursuant to that certain Indenture, dated as of April 30, 2015 (as amended, restated, and supplemented from time to time, the "**Senior Notes Indenture**") by and among 21C, as issuer, Wilmington Trust, National Association, as trustee (the "**Senior Notes Trustee**"), and the other parties thereto. The Senior Notes are guaranteed on a senior unsecured basis by 21CH and each of 21C's existing and future direct and indirect domestic subsidiaries that is a guarantor under the First Lien Credit Facilities. As of the Petition Date there is approximately \$368 million in principal outstanding and approximately \$44.2 million in accrued and unpaid interest under the Senior Notes.

3. The SFRO PIK Notes.

32. On July 2, 2015, Debtor 21CH issued \$14.6 million of subordinated payable-in-kind notes (the "**SFRO PIK Notes**") to partially fund the purchase of a non-controlling interest in SFRO. The SFRO PIK Notes accrue interest at 10 percent annually, which interest is accrued quarterly and added to the outstanding principal amount. The SFRO PIK Notes mature on June 30, 2019 and provide for accelerated principal payments along with premium payments to the sellers upon achievement of certain operational milestones. The SFRO PIK Notes are structurally subordinated to the First Lien Credit Facilities and the Senior Notes. The SFRO PIK

Notes are also expressly payment subordinated to the First Lien Credit Facilities and the Senior Notes. As of the Petition Date, there is approximately \$19 million in principal amount of SFRO PIK Notes outstanding and approximately \$120,000 in accrued and unpaid interest.

4. The MDL Facility.

33. In connection with the Debtors' (excluding the MDL Entities) entry into the Forbearance Agreements (defined herein), as described more fully below, the Debtors entered into a \$20 million senior secured delayed draw term loan credit facility (the "***MDL Facility***") pursuant to that certain credit and guaranty agreement dated as of December 6, 2016 (the "***MDL Facility Credit Agreement***") among Debtor Medical Developers, LLC ("***MDL***"), as borrower, Debtor MD International Investments, LLC (together with MDL, the "***MDL Entities***") and certain other subsidiaries and affiliates of Debtor 21C, as guarantors (collectively, the "***MDL Guarantors***"), Wilmington Savings Fund Society, FSB as administrative agent and collateral agent (the "***MDL Agent***") and the lenders from time to time party thereto (including certain Consenting Lenders and Majority Senior Noteholders referred to and described in paragraph 51 below) (the "***MDL Lenders***").

34. The MDL Facility initially provided the Debtors with \$20 million of additional liquidity, \$10 million of which was available immediately and the remainder of which was available subject to satisfaction of certain milestones. The Debtors and the MDL Facility lenders intended for the incremental liquidity provided by the MDL Facility to fund the Debtors' operations while the Crossover Group and the First Lien Lender Group engaged with the Debtors regarding the terms of a consensual restructuring. In connection with the amendment and restatement of the MDL Facility Credit Agreement on March 6, 2017 (as discussed more fully below) and certain other subsequent amendments, the borrowings under the MDL Facility were increased to \$35 million and its maturity date was extended to May 31, 2017. As of the Petition

Date, there is approximately \$215,000 in accrued and unpaid interest outstanding under the MDL Facility. The obligations under the MDL Facility are secured by a first priority lien on substantially all of the Debtors' (including the MDL Entities') property and assets (such property and assets, collectively, the "***MDL Facility Collateral***"), including all property and assets securing obligations under the First Lien Credit Facilities and 65 percent of all voting capital stock and 100 percent of all non-voting capital stock of Medical Developers Coöperatief, U.A. owned by the MDL Entities.

5. Series A Preferred Stock.

35. On September 26, 2014, 21CH entered into a subscription agreement (the "***Original Subscription Agreement***"), pursuant to which 21CH issued to the Preferred Equity Investor 385,000 newly issued shares of series A convertible preferred stock ("***Series A Preferred Stock***"), par value \$0.001 per share, initial stated value \$1,000 per share, for a purchase price of \$325 million.

36. On September 9, 2016, 21CH, the Preferred Equity Investor, 21CI, and 21C entered into a second subscription agreement (the "***2016 Subscription Agreement***"), pursuant to which 21CH issued to the Preferred Equity Investor an additional 25,000 shares of Series A Preferred Stock, par value \$0.001 per share, for a purchase price of \$25 million. In connection with the 2016 Subscription Agreement, the Preferred Equity Investor irrevocably and unconditionally waived, released, and forgave any and all default events under the Certificate of Designations (as defined below), occurring prior to the closing of the equity issuance and any and all rights or remedies with respect thereto.

37. Holders of Series A Preferred Stock have, among other rights, the right to require 21CH to repurchase their shares upon the occurrence of certain events of default and certain change of control transactions, at the prices set forth in the certificate of designations for the

Series A Preferred Stock (the “*Certificate of Designations*”). The Certificate of Designations also provides for certain consent rights of a majority of the holders of the Series A Preferred Stock in connection with specified corporate events of 21CI or its subsidiaries, including, among other things, with respect to certain equity issuances and certain acquisitions, financing transactions and asset sale transactions. Upon certain events of default and the obtaining of applicable anti-trust regulatory approvals, holders of Series A Preferred Stock are also entitled to vote together with holders of common stock, on an as-converted basis. In addition, the Series A Preferred Stock is senior in preference to 21CH’s common stock with respect to dividend rights, rights upon liquidation, winding up or dissolution. As of the Petition Date, all of 21CH’s Series A Preferred Stock was owned by the Preferred Equity Investor.

6. Common Equity.

38. Approximately 80 percent of class A voting interests in non-Debtor 21CI is held by a single private equity firm (the “*Common Equity Owner*”), which in turn directly or indirectly owns 100 percent interests in all of the Debtors. The remaining 20 percent of class A voting interests in non-Debtor 21CI are owned by the Company’s management and former management as well as several other investors holding less than 1 percent of such interests.

II. Events Leading to the Chapter 11 Cases.

39. The Company’s philosophy and business structure has allowed it to hold market-leading positions in most of its domestic and international markets, and the Company’s international operations are quickly growing. Nonetheless, recent market and other developments have left the Debtors with unsustainable debt service obligations, which require a deleveraging of their balance sheet to provide operational liquidity and right-size their capital structure. As the overall population has aged and the types of coverage offered through readily available health insurance have changed, the Company has seen its profitability decline, due to

lower reimbursement rates and higher denials of coverage. This lower profitability has made it difficult for the Debtors to meet their debt service obligations. At the same time, the Company has been forced to pay certain amounts in connection with non-compliance with certain regulatory requirements. In each such circumstance, non-compliance has since been remedied. Additionally, the Company has experienced material one-time cash outflows in connection with the settlement of certain litigations brought against one or more of the Debtors.

A. Liquidity Constraints.

1. Shifting Healthcare Trends.

40. The Debtors' principal capital requirements are for debt service obligations, working capital, acquisitions, expansion, and *de novo* treatment center development. Current trends affecting the healthcare market, and the Company's patient base, including changes in Medicare radiation, a shift by part of the Company's from higher revenue per treatment PPO insurance plans to HMO plans, lower volumes of treatment support services in 2016, and the need to comply with electronic health records ("*EHR*") regulations in order to avoid payment adjustments and penalties from Medicare and Medicaid, have led to decreased margins and overall revenue in calendar year 2016 and a net cash outflow of \$33.2 million in the twelve months ended December 31, 2016. Additionally, a changing political landscape has injected uncertainty into the health insurance market.

2. Pending and Settled Litigation.

41. The Debtors' industry is highly regulated at both the federal and state level. Federal law and regulations are based primarily upon Medicare and Medicaid programs, each of which is financed, at least in part, with federal money. State jurisdiction is based upon the state's authority to license certain categories of healthcare professionals and providers, the state's interest in regulating the quality of healthcare in the state, regardless of the source of payment,

and state healthcare programs. Further information regarding these various governmental regulations are set forth in the Debtors' most recent Annual Report.⁴

42. One such federal law is the federal False Claims Act, which provides that the government may fine companies that knowingly submit, or participate in submitting, any claims for payment that are false or fraudulent, or that contain false or misleading information, or if companies knowingly conceal or knowingly and improperly avoid or decrease an obligation to pay or transmit money or property to the government. An "obligation" includes an established duty arising from an express or implied contractual arrangement, from statute or regulation, or from the retention of any overpayment. Knowingly making or using a false record or statement to receive payment from the federal government or to improperly retain payment is also a violation. The False Claims Act does not require proof of specific intent to defraud; a provider can be found liable for submitting false claims with actual knowledge or with reckless disregard or deliberate ignorance of such falseness. A False Claims lawsuit may be brought by the government or by a private individual by means of a "qui tam" action. Such lawsuits have increased significantly in recent years. In addition, the federal government has engaged a number of non-governmental audit organizations to assist in tracking and recovering false claims for healthcare services.

43. Another federal law governing the Debtors' conduct is section 1877 of the Social Security Act, also known as the "Stark Law," which prohibits a physician from referring a patient to a healthcare provider for certain designated health services reimbursable by Medicare if the physician (or close family members) has a financial relationship with that provider, including an investment interest, a loan, debt, or compensation relationship. The Stark Law

⁴ 21st Century Oncology Holdings, Inc. Annual Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, *available at* <https://www.21co.com/investors/sec-filings>.

covers radiology services, infusion therapy, radiation therapy and supplies, clinical laboratory, diagnostic imaging, outpatient prescription drugs, and hospital services, among others. In addition to the conduct directly prohibited by the law, the statute also prohibits “circumvention schemes” that are designed to obtain referrals indirectly that cannot be made directly. The regulatory framework for the Stark Law is to first prohibit all referrals from physicians to entities for Medicare designated health services and then to except certain types of arrangements from that broad general prohibition. The Debtors’ compensation and other financial arrangements with physicians must comply with the Stark Law.

44. On December 18, 2015, the Debtors entered into a settlement agreement—and paid \$19.75 million to the federal government—to resolve an inquiry regarding the ordering, billing and medical necessity of certain laboratory services as well as agreements with certain physicians. Subject to certain conditions, the federal government agreed to release the Debtors from any civil or administrative monetary claim the federal government has with respect to the conduct covered by the Settlement Agreement under the False Claims Act (which is discussed further below) and certain other statutes and legal theories. This settlement did not constitute an admission of liability by the Debtors.

45. On March 9, 2016, the Debtors entered into a second settlement agreement—and paid an additional \$34.7 million to the federal government—to resolve inquiries pursuant to the False Claims Act concerning allegations that the Debtors knowingly billed for services that were not medically necessary. The allegations related to this second settlement focused on clinical training in new facility locations for a radiation dose calculation system used by radiation oncologists, known as Gamma. The Debtors fully cooperated with the federal government and entered into the second settlement with no admission of wrongdoing. There was no indication

that patient harm was a component of the dispute, and the Debtors are not aware of harm to any patient related to this dispute.

46. As disclosed on **Exhibit K** attached hereto, the Debtors currently are responding to certain governmental inquiries, including inquiries by the Office of Civil Rights, the Florida Attorney General's Office and several other states' attorney general's offices, and the Department of Justice. The inquiries from the Office of Civil Rights and the states' attorney general's offices relate to potential violations of the Health Insurance and Portability Act (HIPAA) arising out of a 2.2 million patient data breach in 2015. The Department of Justice has inquiries related to potential violations of the False Claims Act and the Stark Law and an inquiry related to certain potential criminal anti-trust violations regarding the market in Florida. In connection with these inquiries, the Debtors are voluntarily producing documents and information and fully cooperation with the relevant governmental agencies regarding all inquiries.

B. Credit Agreement Amendment and Supplemental Indenture.

47. On May 17, 2016, the Debtors received notice from the Senior Notes Trustee of a default under the Senior Notes Indenture due to 21C's failure to timely furnish the Senior Notes Trustee and the holders of the Senior Notes (the "*Senior Noteholders*") with the Company's annual report for the fiscal year ended December 31, 2015. 21C's failure to timely furnish this annual report was a result of a required restatement of financial results from prior years. This default under the Senior Notes Indenture, if left uncured for 60 days, would have triggered a cross-default under the First Lien Credit Agreement and given the Senior Noteholders and the lenders under the First Lien Credit Agreement the right to accelerate the Debtors' (excluding the MDL Entities') obligations under the Senior Notes Indenture and First Lien Credit Agreement, respectively.

48. As a result, on June 10, 2016, the Debtors (excluding the MDL Entities) entered into an amendment and waiver to the First Lien Credit Agreement waiving through July 31, 2016 any default related to the failure to deliver financial statements and modifying the interest rates thereunder (the “**July 2016 Credit Agreement Amendment**”). Similarly, on July 22, 2016, the Debtors (excluding the MDL entities) entered into a supplement to the Senior Notes Indenture (the “**Supplemental Senior Notes Indenture**”) to waive the same default through July 31, 2016. In consideration for entering into these amendments, the Debtors (excluding the MDL Entities) agreed to pay each Senior Noteholder \$2.30 per \$1,000 principal amount of Senior Notes held by such noteholder. On August 15, 2016 and August 16, 2016, the Debtors (excluding the MDL Entities) entered into an additional amendment and waiver to each of the First Lien Credit Agreement and the Senior Notes Indenture (collectively, the “**August 2016 Amendments**”), extending the waivers provided for in the July 2016 Credit Agreement Amendment and Supplemental Senior Notes Indenture through September 10, 2016 for defaults related to the failure to provide an annual report for the fiscal year ended December 31, 2015, and through September 30, 2016 for defaults related to the failure to timely provide quarterly financial statements for the quarters ended March 31, 2016 and June 30, 2016.

49. The August 2016 Amendments also established certain fundraising milestones the Debtors (excluding the MDL Entities) were required to satisfy to avoid further defaults under the First Lien Credit Agreement and Senior Notes Indenture, including:

- **First Capital Event:** Debtor 21C was required to raise net cash proceeds of at least \$25 million from specified transactions by September 30, 2016.
- **Second Capital Event:** Debtor 21C was required to raise additional net cash proceeds of at least \$25 million (or an amount such that the aggregate capital raised by the First Capital Event and Second Capital Event was no less than \$50 million) from specified transactions by November 30, 2016.

- **Third Capital Event:** Debtor 21C was required to raise additional net cash proceeds from specified transactions by March 31, 2017 of at least (a) \$75 million (or an amount such that the aggregate capital raised by all capital events was no less than \$125 million) or (b) an amount such that 21C's cash and unused revolving loan commitments equaled at least \$120 million and 21C's consolidated leverage ratio was not greater than 6.4 to 1.

50. On September 9, 2016, Debtor 21C satisfied the First Capital Event by entering into the 2016 Subscription Agreement with the Preferred Equity Investor. However, the Debtors have not raised sufficient capital to satisfy the Second Capital Event, which was due on December 1, 2016. As a result, the Debtors (excluding the MDL Entities) initiated negotiations with the Senior Noteholders and lenders under the First Lien Credit Agreement regarding the terms of a forbearance agreement.

C. The Forbearance Agreements and Restructuring Negotiations.

51. In light of the Debtors' constrained liquidity position, 21C determined to forgo a \$19.8 million interest payment due on November 1, 2016 on the Senior Notes (the "**November Interest Payment**"). In early December 2016, the Debtors negotiated a forbearance agreement (the "**Noteholder Forbearance**") with the beneficial owners (and investment managers or advisors for beneficial owners) of more than 90 percent of the aggregate principal amount of Senior Notes outstanding (the "**Majority Senior Noteholders**"). The Noteholder Forbearance provided a forbearance through December 15, 2016 of 21C's failure to satisfy the November Interest Payment and the Second Capital Event. Concurrently therewith, the Debtors (excluding the MDL Entities) entered into a similar forbearance agreement (the "**Lender Forbearance**" and together with the Noteholder Forbearance, the "**Forbearance Agreements**") with certain lenders under the First Lien Credit Agreement (the "**Consenting Lenders**"), forbearing on a cross-default under the First Lien Credit Agreement as a result of the Debtors' failure to satisfy the November Interest Payment and the Second Capital Event. Additionally, the Forbearance Agreements

provided that the Debtors would, among other things, engage in negotiations with the Crossover Group regarding the terms a transaction or series of transactions to remedy existing defaults under the Senior Notes Indenture and the First Lien Credit Agreement, with a transaction support agreement to be entered into no later than December 15, 2016 and a transaction to be commenced by January 15, 2017.

52. On December 15, 2016 the Debtors (excluding the MDL Entities), Majority Senior Noteholders, and Consenting Lenders entered into amendments to the Forbearance Agreements, extending the Forbearance Agreements through January 4, 2017. The same parties subsequently entered into four additional amendments, each of which extended the forbearance periods, ultimately through May 31, 2017.

53. To provide the Debtors with additional liquidity, the MDL Facility Credit Agreement was amended and restated pursuant to that certain Amended and Restated Credit and Guaranty Agreement, dated as of March 6, 2017 (as amended, supplemented and otherwise modified from time to time, the “***Restated MDL Facility Credit Agreement***”), by and among MDL, the MDL Guarantors, the MDL Agent and the lenders party thereto (including the lenders originally party to the MDL Facility Credit Agreement), to provide for an additional \$15 million of new “***Tranche B***” term loans, bringing the total outstanding principal amount under the MDL Facility to \$35 million. In connection with entry into the Restated MDL Facility Credit Agreement, the Debtors (excluding the MDL Entities) entered into that certain Security Agreement, dated as of March 6, 2017 with the MDL Agent, pursuant to which substantially all property and assets of the Debtors (excluding the MDL Entities) (including such property and assets constituting 21C Domestic Collateral, collectively, the “***New MDL Collateral***”) were pledged and became part of the MDL Facility Collateral. To ensure that the security interests in,

and liens on, the New MDL Collateral which secure the obligations under the MDL Facility were senior and prior to the security interests on any New MDL Collateral which secure the obligations under the First Lien Credit Facility, the MDL Agent, the First Lien Agent and the Debtors (excluding the MDL Entities) entered into that certain Intercreditor Agreement, dated as of March 6, 2017, pursuant to which the First Lien Agent, on behalf of itself and the First Lien Lenders, subordinated the security interests in and liens on any property and assets constituting New MDL Collateral securing obligations under the First Lien Credit Facilities. The MDL Facility initially matured on January 15, 2017, but the maturity date was subsequently extended in a series of amendments (including under the Restated MDL Facility Credit Agreement) to May 31, 2017. Simultaneously, the Debtors (excluding the MDL Entities) entered into an amendment to the First Lien Credit Agreement to allow for the incurrence of additional debt under the MDL Facility without triggering a default under the First Lien Credit Agreement.

D. The Restructuring Support Agreement.⁵

54. With the additional runway afforded by the Forbearance Agreements and the revised business plan in place, the Debtors re-engaged in substantive discussions with the Crossover Group, as well as several other key stakeholders, regarding a potential balance sheet restructuring. Following months of restructuring negotiations, the Debtors entered into the RSA with 21CI, the Crossover Group, the First Lien Lender Group, the Common Equity Owner, and the Preferred Equity Investor on May 25, 2017. The RSA contemplates a comprehensive restructuring of the Debtors' balance sheet through, among other things, (a) the conversion of the Debtors' existing obligations under the MDL Facility and the First Lien Credit Agreement into two new term loan credit facilities, (b) a debt-to-equity conversion of the Senior Notes and

⁵ Capitalized Terms used but not defined in this Part II.D shall have the meanings ascribed to such terms in the RSA.

certain general unsecured claims, (c) rights offerings, available to all Senior Noteholders who are accredited investors, for the rights to purchase their a *pro rata* shares of (i) \$200 million in aggregate original principal amount of new second lien notes (such notes, the “***New Second Lien Notes***” and such rights, the “***Notes Rights***”) and (ii) new preferred equity interests with an aggregate initial liquidation value of \$88.235 million (the “***New Preferred Equity***” and such rights, the “***Equity Rights***”), each backstopped by certain members of the Crossover Group (the “***Backstop Parties***”), and (d) New Warrants provided to holders of existing equity interests in the Debtors, provided that all creditor classes as well as the equity holders vote to accept the proposed plan. Specifically, the RSA contemplates recoveries to all key constituencies, including:

- ***MDL Facility Lenders***: *pro rata* share of a New MDL Term Loans in an aggregate original principal amount of \$35,000,000, on substantially similar terms to the MDL Facility (the “***New MDL Facility***”). The New MDL Facility will provide for the incurrence of additional debt in the form of revolving loans;
- ***First Lien Lenders***: *pro rata* share of New First Lien Term Loans in an aggregate original principal amount equal to (i) the aggregate amount of the Existing Credit Facility Obligations owned or held by the First Lien Lenders, minus (ii) \$200 million in aggregate principal amount of First Lien Term Loans that will be converted into the New Second Lien Notes through the Notes Rights Offering;
- ***Senior Noteholders***: *pro rata* share 100% of: (i) the New Common Stock (subject to dilution on account of the New Preferred Equity, the shares of New Common Stock issuable upon exercise of the New Warrants, and the equity issued under the Equity Incentive Plan) (to be distributed on a *pro rata* basis to Senior Noteholders and General Unsecured Creditors that elect to receive New Common Stock), (ii) the Notes Rights (but only if such Senior Noteholder is an accredited investor), and (iii) the Equity Rights (but only if such Senior Noteholder is an accredited investor);
- ***General Unsecured Creditors***: *pro rata* share of 100% of the New Common Stock (subject to dilution on account of the New Preferred Equity, the shares of New Common Stock issuable upon exercise of the New Warrants, and the equity issued under the Equity Incentive Plan) (to be distributed on a *pro rata* basis to Senior Noteholders and General Unsecured Creditors that elect to

receive New Common Stock), or (ii) the Convenience Claim Distribution on the terms more fully set forth in the RSA; and

- ***Equity holders:*** *pro rata* share of 100% of the New Warrants on the terms more fully set forth in the RSA.

55. The restructuring contemplated by the RSA will reduce the Debtors' net debt by more than \$500 million and provide the Debtors with working capital upon emergence to execute on its new business plan.

E. DIP Financing.

56. To fund these chapter 11 cases, certain First Lien Lenders among the First Lien Lender Group and Crossover Group have agreed to provide the Debtors with an approximately \$75 million senior secured superpriority debtor in possession financing facility (the "***DIP Facility***"). The DIP Facility is structured as a delayed draw term loan credit facility with \$25 million available upon entry of an interim order approving the DIP facility, and an incremental \$50 million available upon entry of a final order approving the DIP Facility. The DIP Facility is secured by superpriority liens that will prime the existing prepetition liens under the First Lien Credit Agreement.

57. I believe that the restructuring contemplated by the RSA and the incurrence of indebtedness under the DIP Facility offers the best available option for the Debtors, as entry into the RSA will allow the Debtors to reduce their net debt by approximately \$500 million (approximately 34 percent (excluding capital leases) of the Debtors' prepetition funded indebtedness), which will right-size the Debtors' balance sheet and position the Debtors for growth in the rapidly changing healthcare market. Additionally, the support among key creditors for the transactions contemplated by the RSA will reduce the risk of potentially expensive and protracted litigation. Finally, reorganization under chapter 11 will allow the Debtors to resolve certain contingent liabilities in a comprehensive manner, removing the litigation overhang and

providing certainty regarding future operations. Accordingly, I believe that these chapter 11 cases are in the best interests of the Debtors' estates and will maximize value for all parties in interest.

III. Evidentiary Support for First Day Motions.⁶

58. The Debtors have filed or will file a number of First Day Motions seeking orders granting various forms of relief. I believe the forms of relief requested are necessary to enable the Debtors to operate with minimal disruption during the pendency of the chapter 11 cases and to ensure consummation of the Debtors' proposed restructuring transactions. A description of the relief requested and the facts supporting each of the First Day Motions is set forth below.

59. I have reviewed each of the First Day Motions, including the exhibits thereto. The Debtors believe, and I agree, that the Debtors have satisfied the applicable standards for the relief requested in each of the First Day Motions, and that the Court's grant of the requested relief is in the best interests of the Debtors' estates, their creditors, and all other parties in interest. Accordingly, on behalf of the Debtors, I respectfully submit that the First Day Motions should be approved.

A. Administrative and Procedural Pleadings.

1. Debtors' Motion for Entry of an Order Directing Joint Administration of Chapter 11 Cases ("*Joint Administration Motion*").

60. Pursuant to the Joint Administration Motion, the Debtors request entry of an order (a) directing procedural consolidation and joint administration of these chapter 11 cases and (b) granting related relief. Given the integrated nature of the Debtors' operations, joint administration of these chapter 11 cases will provide significant administrative convenience

⁶ Capitalized terms used in this section but not defined have the meaning ascribed to them in the applicable motion.

without harming the substantive rights of any party in interest. Many of the motions, hearings, and orders in these chapter 11 cases will affect each and every Debtor entity. For example, virtually all of the relief sought by the Debtors in the first day motions is sought on behalf of all of the Debtors. The entry of an order directing joint administration of these chapter 11 cases will reduce fees and costs by avoiding duplicative filings and objections. Joint administration of the these chapter 11 cases, for procedural purposes only, under a single docket entry, will also ease the administrative burdens on the Court by allowing the Debtors' cases to be administered as a single joint proceeding instead of 60 independent chapter 11 cases.

61. I believe that the relief requested in the Joint Administration Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, on behalf of the Debtors, I respectfully submit that the Joint Administration Motion should be approved.

2. Debtors' Motion For Entry of an Order (I) Authorizing the Debtors to (A) Prepare a List of Creditors In Lieu of Submitting a Formatted Mailing Matrix and (B) File a Consolidated List of the Debtors' 50 Largest Unsecured Creditors and (II) Approving the Form and Manner of Notifying Creditors of Commencement of these Chapter 11 Cases ("*Creditor Matrix Motion*").

62. Pursuant to the Creditor Matrix Motion, the Debtors seek entry of an order:

(a) authorizing the Debtors to (i) prepare a consolidated list of creditors in lieu of submitting separate mailing matrices for each Debtor, (ii) file a consolidated list of the Debtors' 50 largest unsecured creditors, and (iii) mail initial notices through their Proposed Notice and Claims Agent, (b) approving the form and manner of notifying creditors of commencement of these chapter 11 cases, and (c) granting related relief.

63. Because the Debtors have approximately 7,000 creditors and other parties in interest, converting the Debtors' computerized information to a format compatible with the matrix requirements would be a burdensome task and would greatly increase the risk of any error.

64. The Debtors, working together with the Proposed Notice and Claims Agent already have prepared a single, consolidated list of the Debtors' creditors in electronic format. The Debtors are prepared to make that list available in electronic form to any party in interest who so requests (or in non-electronic form at such requesting party's sole cost and expense) in lieu of submitting a mailing matrix to the clerk of the Court.

65. Compiling separate top 20 creditor lists for each individual Debtor would consume a substantial amount of the Debtors' time and resources. Further, the Debtors believe a single, consolidated list of the Debtors' 50 largest unsecured creditors will aid, to the extent necessary, the United States Trustee for Region 2 in its efforts to communicate with these creditors. As such, I believe that permitting the Debtors to maintain a single consolidated list of creditors, in lieu of filing a separate creditor matrix for each Debtor will maximize the value of the Debtors' estates.

66. I believe that the relief requested in the Creditor Matrix Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, I respectfully submit that the Creditor Matrix Motion should be approved.

3. Debtors' Motion for the Entry of an Order Establishing Certain Notice, Case Management, and Administrative Procedures ("*Case Management Motion*").

67. I expect there will be numerous parties in interest in these chapter 11 cases and anticipate that a significant number of parties will file requests for service of filings. I also

expect that numerous motions and applications will be filed in these chapter 11 cases. The costs and burdens that might arise absent adoption of the proposed procedures—such as, for example, those associated with multiple hearings per month, plus the costs associated with copying, mailing, delivering, or otherwise serving paper copies of all such documents—could impose significant economic and administrative burdens on our estates and the Court.

68. Given the size and scope of the chapter 11 cases, I believe that the proposed case management procedures will facilitate service of court papers in a manner that will be less burdensome and costly than serving such pleadings on every potentially interested party, which, in turn, will maximize the efficiency and orderly administration of these chapter 11 cases.

69. I believe that the relief requested in the Case Management Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, on behalf of the Debtors, I respectfully submit that the Case Management Motion should be approved.

4. Debtors' Motion for Entry of an Order Extending Time to File Schedules of Assets and Liabilities, Schedules of Current Income and Expenditures, Schedules of Executory Contracts and Unexpired Leases, Statements of Financial Affairs, and Rule 2015.3 Financial Reports ("*Schedules and Statements Extension Motion*").

70. Pursuant to the Schedules and Statements Extension Motion, the Debtors seek entry of an order: (a) extending the deadline by which the Debtors must file their schedules of assets and liabilities, schedules of current income and expenditures, schedules of executory contracts and unexpired leases, and statements of financial affairs by 30 days, for a total of 44 days from the Petition Date, without prejudice to the Debtors' ability to request additional extensions; (b) extending the deadline by which the Debtors must file either their initial reports of financial information, or to file a motion seeking a modification of such reporting

requirements for cause, with respect to entities in which the Debtors hold a controlling or substantial interest as set forth in Federal Rule of Bankruptcy Procedure 2015.3 to the later of: (i) 30 days after the meeting of creditors to be held pursuant to section 341 of the Bankruptcy Code or (ii) 90 days from the Petition Date, without prejudice to the Debtors' ability to request additional extensions; and (c) granting related relief.

71. To prepare their Schedules and Statements, the Debtors will have to compile information from books, records, and documents relating to thousands of claims, assets, and contracts from each Debtor entity. Accordingly, collection of the necessary information will require a significant expenditure of time and effort on the part of the Debtors and their employees. Additionally, because numerous invoices related to prepetition goods and services have not yet been received and entered into the Debtors' accounting system, it may be some time before the Debtors have access to all of the information required to prepare the Schedules and Statements.

72. Although the Debtors, with the assistance of their professional advisors, are mobilizing their employees to work diligently and expeditiously on preparing the Schedules and Statements, resources are strained. Given the amount of work entailed in completing the Schedules and Statements and the competing demands on the Debtors' employees and professionals to assist in efforts to stabilize business operations during the initial postpetition period, the Debtors likely will not be able to properly and accurately complete the Schedules and Statements within the required time period.

73. The Debtors' business operations are complex, and preparing the Schedules and Statements accurately and in appropriate detail will require significant attention from the Debtors' personnel and the Debtors' advisors. Engaging in such preparation immediately before

or after the commencement of these chapter 11 cases would distract such personnel and advisors from the Debtors' business operations at a critical juncture. The Debtors believe that their request for a 30-day extension of time to file the Schedules and Statements, without prejudice to the Debtors' ability to request additional extensions for cause shown, is appropriate and warranted under the circumstances.

74. Additionally, cause exists to extend the deadline for filing the 2015.3 Reports based on (a) the size, complexity and geographic scope of the Debtors' business, and (b) the substantial burdens imposed by compliance with Bankruptcy Rule 2015.3 in the early days of these chapter 11 cases. The Debtors are simply not in a position to complete the initial 2015.3 Reports within the time required under Bankruptcy Rule 2015.3. In light of the foregoing, I believe that an extension of the time by which the Debtors must file their initial 2015.3 Reports to the later of: (a) 30 days after the 341 Meeting or (b) 90 days from the Petition Date pursuant to Bankruptcy Rule 2015.3(d) is in the best interests of the Debtors' estates, creditors, and all other parties in interest. Accordingly, on behalf of the debtors, I respectfully request that the Schedules and Statements Extension Motion should be approved.

5. Debtors' Application for Entry of an Order (I) Authorizing and Approving the Appointment of Kurtzman Carson Consultants LLC as Claims and Noticing Agent and (II) Granting Related Relief ("*Claims Agent Application*").

75. Pursuant to the Claims Agent Application, the Debtors seek entry of an order (a) authorizing and approving the employment and retention of KCC as the Claims and Noticing Agent for the Debtors in connection with these chapter 11 cases *nunc pro tunc* to the Petition Date, including assuming full responsibility for the distribution of notices and the maintenance, processing, and docketing of proofs of claim filed in these chapter 11 cases, and (b) granting related relief.

76. The Debtors' selection of KCC to act as the Claims and Noticing Agent has satisfied the Claims Agent Protocol, in that the Debtors have obtained and reviewed engagement proposals from at least two other court-approved claims and noticing agent to ensure selection through a competitive process. Moreover, the Debtors submit, based on all engagement proposals obtained and reviewed, that KCC's rates are competitive and reasonable given KCC's quality of services and expertise. The terms of KCC's retention are set forth in the Engagement Agreement dated as of May 5, 2017 and attached to the Claims Agent Application as Exhibit C; provided, that KCC is seeking approval solely of the terms and provisions as set forth in the Claims Agent Application and the related order.

77. Based on KCC's experience in providing similar services in large chapter 11 cases, I believe that KCC is eminently qualified to serve as claims and noticing agent in these chapter 11 cases. A detailed description of the services that KCC has agreed to render and the compensation and other terms of the engagement are provided in the Claims Agent Application. I have reviewed the terms of the engagement and believe that the Debtors estates, creditors, parties in interest, and the Court will benefit as a result of KCC's experience and cost-effective methods.

78. I believe that the relief required in the Claims Agent Application is in the best interest of the Debtors estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their business in Chapter 11 without disruption. Accordingly, on behalf the Debtors, I respectfully submit that the Claims Agent Application should be approved.

B. Financing Motion Requesting Immediate Relief.

1. Debtors' Motion for Entry of Interim and Final Orders (I) Authorizing the Debtors to Obtain Postpetition Financing, (II) Granting Adequate Protection to Prepetition Secured Parties, (III) Modifying the Automatic Stay, (IV) Scheduling a Final Hearing, and (V) Granting Related Relief (“*DIP Motion*”).

79. Pursuant to the DIP Motion, the Debtors seek entry of interim and final orders authorizing the Debtors to obtain a non-amortizing senior secured super-priority postpetition credit facility in the form of a delayed-draw term loan facility in an aggregate principal amount of \$75 million, of which up to \$25 million shall be available to the Debtors on an interim basis. The Debtors further seek the Court's authorization to (a) use Cash Collateral (b) grant the Prepetition Secured Parties the forms of Adequate Protection described in the DIP Motion, and (c) modify the automatic stay to the extent necessary to effectuate the terms of the proposed interim and final orders.

80. The DIP Facility will supply the Debtors with critical and necessary postpetition debtor-in-possession financing and consent to the use of Cash Collateral. Obtaining access to the DIP Facility, including the use of Cash Collateral, on the first day of these chapter 11 cases is critical for the success of the Debtors' reorganization efforts. With the consent of the Prepetition Secured Parties, the Debtors will use Cash Collateral to fund working capital, capital expenditures, and other general corporate purposes. Cash Collateral alone, however, will be insufficient to fund the costs associated with the Debtors' restructuring.

81. Absent an ability to demonstrate that the Debtors have the means available to operate in the ordinary course and procure supplies and services that are vital to ongoing business operations, patients may seek alternative physicians, third-party payors may take actions to terminate their arrangements with the Debtors, and vendors and suppliers may refuse to do business with the Debtors. Moreover, absent access to capital under the DIP Facility, the

Debtors may not have sufficient liquidity to continue their business operations in the ordinary course, which would be materially detrimental to the Debtors' patients, creditors, employees, and other parties in interest, jeopardizing the success of the Debtors' reorganization.

82. I believe that the DIP Facility pending approval before the Court represents the Debtors best available financing option and is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, I respectfully submit that the DIP Motion should be approved.

C. Operational Motions Requesting Immediate Relief.

1. Debtors' Motion for Entry of Interim and Final Orders Authorizing the Payment of Certain Prepetition Taxes and Fees ("*Taxes Motion*").

83. Pursuant to the Taxes Motion, the Debtors seek entry of interim and final orders: (a) authorizing the Debtors to remit and pay Taxes and Fees accrued prior to the Petition Date and that will become payable during the pendency of these chapter 11 cases, including those obligations subsequently determined upon audit or otherwise to be owed for periods prior to the Petition Date, (b) scheduling a final hearing to consider approval of the motion on a final basis, and (c) granting related relief. The Debtors estimate that, as of the Petition Date, there is approximately \$3.585 million outstanding on account of Taxes and Fees, approximately \$245,000 of which will come due within the first 21 days of these chapter 11 cases.

84. In the ordinary course of business, the Debtors collect, withhold, and incur sales taxes, use taxes, income taxes, franchise taxes, property taxes, and business and similar taxes and fees. The Debtors remit the Taxes and Fees to various federal, state, and local governmental units, including taxing authorities. Payment of the Taxes and Fees is critical to the Debtors' continued and uninterrupted operations. The Debtors' failure to pay prepetition Taxes and Fees

could materially disrupt the Debtors' business and may cause the Authorities to take precipitous action, including, but not limited to, conducting audits, filing liens, seeking to lift the automatic stay, or pursuing payment of the Taxes and Fees from the Debtors' officers and directors, all of which would greatly disrupt the Debtors' operations and ability to focus on their reorganization efforts.

85. I believe that the relief requested in the Taxes Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their business in chapter 11 without disruption. Accordingly, on behalf of the Debtors, I respectfully submit that the Court should approve the Taxes Motion.

2. Debtors' Motion for Entry of Interim and Final Orders Authorizing the Debtors to Maintain, Administer, Modify, and Renew Their Refund Programs and Practices and Honor Obligations Related Thereto ("*Refund Programs Motion*").

86. Pursuant to the Refund Programs Motion, the Debtors seek entry of interim and final orders: (a) authorizing the Debtors (i) to maintain, administer, modify, and renew their Refund Program and make payments to patients and third-party payors or to otherwise honor accrued prepetition obligations owed under their Refund Program and (ii) to continue, replace, modify, or terminate any Refund Program in the ordinary course of business, (b) authorizing and directing financial institutions to receive, process, honor, and pay all related checks and electronic payment requests for payment of Refund Program Obligations, (c) scheduling a final hearing to consider approval of the motion on a final basis, and (d) granting related relief.

87. Various state and federal laws require the Debtors to refund patients and third-party payors, including healthcare insurers, managed care organizations, workers' compensation programs, contract management services, private pay sources, Medicare, and Medicaid when overpayments are identified. In the ordinary course of business, the Debtors routinely issue

refunds for reimbursement of overpayments made by or on behalf of patients resulting from the interaction between the Debtors' billing procedures, patient medical insurance deductibles, and third-party payments.

88. The case-by-case nature of integrated cancer care services makes the process of determining each patient's insurance coverage particularly complex. As a result, whether due to data input errors during claims processing, or overpayments arising from coordination-of-benefits issues among multiple insurers, patient accounts—once fully processed—may contain credit balances. Once the Debtors receive payments from patients or insurers, the Debtors review accounts that have credit balances and refund any surplus to the patient or the third-party payor who is due a refund based on an overpayment. The Debtors estimate that, as of the Petition Date, approximately \$15 million in refunds and credit balances may be due and owing under the Refund Program, of which approximately \$1.1 million will become due and owing during the first 21 days of these chapter 11 cases.

89. The necessity of the Refund Program cannot be overstated. Failure to honor the Refund Program Obligations likely would cause the Debtors to lose a significant number of payors and patients, which would damage their reputation for reliability, thereby resulting in a long-term decline in business. Additionally, if the Refund Program Obligations are not honored, the Debtors may face legal sanctions or be liable for fines in the jurisdictions in which they operate. Thus, the Refund Program is necessary for the Debtors to remain competitive and maintain their patient base at this critical juncture and, as such, should be approved.

3. Debtors' Motion For Entry of Interim and Final Orders Authorizing the Debtors to (I) Continue Insurance Coverage Entered Into Prepetition and Satisfy Prepetition Obligations Related Thereto, (II) Renew, Amend, Supplement, Extend or Purchase Insurance Policies, (III) Honor the Terms of the Premium Financing Agreements and Pay Premiums Thereunder, and (IV) Enter Into New Premium Financing Agreements in the Ordinary Course of Business (the "*Insurance Motion*").

90. Pursuant to the Insurance Motion, the Debtors seek entry of interim and final orders (a) authorizing the Debtors to (i) continue insurance coverage entered into prepetition and satisfy prepetition obligations related thereto in the ordinary course of business; (ii) renew, amend, supplement, extend, or purchase insurance coverage in the ordinary course of business; (iii) honor the terms of the premium financing agreements and pay premiums thereunder; (iv) enter into new premium financing agreements in the ordinary course of business; (b) scheduling a final hearing to consider approval of the motion on a final basis; and (c) granting related relief.

91. In the ordinary course of business, the Debtors maintain over 270 insurance policies that are administered by several third-party insurance carriers. The insurance policies provide coverage for, among other things: (a) general umbrella liability; (b) property liability; (c) excess liability; (d) automobile liability; (e) international package liability; (f) storage tank liability; (g) directors and officers liability; (h) employment practices liability; (i) fiduciary liability; (j) commercial crime liability; (k) special risk liability; (l) network security and cyber liability; (m) business owners liability; (n) term life insurance; (o) physician group and non-group malpractice liability; (p) wind insurance; and (q) flood insurance.

92. Continuation and renewal of the insurance policies and entry into new insurance policies is essential to preserving the value of the Debtors' businesses, properties, and assets. Moreover, in many cases, coverage provided by the insurance policies is required by the

regulations, laws, and contracts that govern the Debtors' commercial activities, including the requirements of the U.S. Trustee.

93. The Debtors finance premiums under certain of their insurance policies pursuant to premium financing agreements because it is not economically advantageous for the Debtors to pay the premiums on the financed policies, in full, on a lump-sum, quarterly, or monthly basis. If the Debtors were required to obtain replacement insurance and pay a lump-sum premium for the financed policies in advance, this payment would likely result in greater costs for the Debtors.

94. I believe that the relief requested in the Insurance Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, on behalf of the Debtors, I respectfully submit that the Insurance Motion should be approved.

4. Debtors' Motion for Entry of an Order Determining Adequate Assurance of Payment for Future Utility Services ("*Utilities Motion*").

95. In connection with the operation of their businesses and management of their properties, the Debtors obtain electricity, telephone, internet, cable, recycling, and other similar services from various Utility Providers or brokers. Uninterrupted Utility Services are essential to the Debtors' ongoing operations and the overall success of these chapter 11 cases. Should any Utility Provider refuse or discontinue service, even for a brief period, the Debtors' business operations could be severely disrupted, and such disruption could jeopardize the Debtors' ability to manage their reorganization efforts. Accordingly, on behalf of the Debtors, I respectfully submit that the Utilities Motion should be approved.

5. Debtors' Motion for Entry of Interim and Final Orders Approving Notification and Hearing Procedures for Certain Transfers of and Declarations of Worthlessness with Respect to Common Stock ("*Equity Trading Motion*").

96. Pursuant to the Equity Trading Motion, the Debtors request entry of interim and final orders: (a) approving certain notification and hearing procedures related to certain transfers of Debtor 21CH's existing common stock and existing Series A Convertible Preferred Stock or any Beneficial Ownership thereof; (b) directing that any purchase, sale, other transfer of, or declaration of worthlessness with respect to Common Stock or Preferred Stock in violation of the Procedures shall be null and void *ab initio*; (c) scheduling a final hearing to consider approval of the Equity Trading Motion on a final basis; and (d) granting related relief.

97. The Debtors believe that, as of December 31, 2016, they had state and federal NOLs in the aggregate amount of approximately \$592 million, and the Debtors expect that additional NOLs will be generated in 2017. These NOLs and certain other Tax Attributes provide the potential for material future tax savings or other tax structuring possibilities in these chapter 11 cases. The Tax Attributes are of significant value to the Debtors and their estates because the Debtors can carry forward their Tax Attributes to offset their future taxable income potentially for up to 20 years, thereby reducing their future aggregate tax obligations. In addition, such Tax Attributes may be utilized by the Debtors to offset any taxable income generated by transactions consummated during these chapter 11 cases. The value of the Tax Attributes will inure to the benefit of all of the Debtors' stakeholders.

98. The Procedures are the mechanism by which the Debtors propose that they will monitor, and if necessary, object to, certain transfers of Common Stock, Preferred Stock, and declarations of worthlessness with respect to the Common Stock and Preferred Stock to ensure preservation of the Tax Attributes. By establishing and implementing such Procedures, the

Debtors will be in a position to object to “ownership changes” that threaten their ability to preserve the value of their NOLs for the benefit of the estates. If no restrictions on trading or worthlessness deductions are imposed by the Court, such trading or deductions could severely limit or even eliminate the Debtor’s ability to utilize their NOLs. Accordingly, I respectfully submit that the Equity Trading Motion should be approved.

6. Debtors’ Motion for Entry of Interim and Final Orders (I) Authorizing the Debtors to (A) Continue Using the Cash Management Systems and (B) Maintain Existing Bank Accounts and Business Forms; (II) Authorizing Continued Intercompany Transactions; (III) Granting Administrative Expense Status to Intercompany Claims; and (IV) Granting Related Relief (“Cash Management Motion”).

99. Under the Cash Management Motion, the Debtors seek entry of interim and final orders (a) authorizing, but not directing, continued use of the Cash Management Systems as well as honoring any prepetition obligations related to the use thereof; (b) authorizing, but not directing, continued use of the: (i) Bank Accounts (as well as authorizing the Debtors to open and close new bank accounts as appropriate); (ii) Business Forms; and (iii) Books and Records; (c) authorizing and directing the Banks to continue to maintain, service, and administer the Bank Accounts and to debit the Bank Accounts in the ordinary course of business; and (d) authorizing, but not directing, continued intercompany funding through the Cash Management Systems, approving the Intercompany Transactions, and granting administrative expense status to all postpetition Intercompany Claims among the Debtors; and (e) granting related relief.

100. The Debtors’ Cash Management Systems are comprised of fifty-four (54) bank accounts that are maintained with banks and other financial institutions, of which fifty-one (51) are maintained as part of the Debtors’ Cash Management System and three (3) bank accounts maintained as part of the OnCure Cash Management System. A substantial majority of the Debtors’ Bank Accounts are held at Wells Fargo Bank. In addition, there are thirteen (13) bank

accounts controlled by non-Debtor joint ventures and fourteen (14) bank accounts controlled by non-Debtor professional corporations, including deposit, payroll and operational accounts that are not part of the Debtors' Cash Management System, but are relevant thereto.

101. The Debtors utilize the Cash Management Systems in the ordinary course of their businesses for the collection, concentration, management, and disbursement of funds used in their operations and to facilitate cash monitoring, forecasting, and reporting. The Cash Management Systems are comparable to centralized cash management systems used by similarly situated companies to manage the cash of numerous operating units in a cost-effective, efficient manner.

102. The Debtors' treasury personnel centrally manage the Cash Management Systems from the Debtors' corporate headquarters located in Fort Myers, Florida. Approximately \$3.2 million flows through the Debtors' Cash Management Systems each day. Notably, with the assistance of their advisors, the Debtors have implemented internal procedures to control and prohibit payments on account of prepetition debts without the prior approval of the Debtors' senior management and treasury department.

103. As of the Petition Date, the Debtors have approximately \$5 million in the Bank Accounts. The Debtors incur periodic Bank Fees in connection with the maintenance of the Cash Management System, which average approximately \$115,000 per month. The Bank Fees are paid in arrears and are automatically deducted from the Debtors' Bank Accounts as they are assessed by their respective Banks.

104. Each Bank Account is maintained at a bank that is insured by the FDIC, and, therefore, complies with section 345(b) of the Bankruptcy Code. Here, all but four (4) of the Bank Accounts are held at Wells Fargo Bank, which is designated as an authorized depository in

the Southern District of New York. Two of the remaining Bank Accounts are with Edison National Bank, one (1) is with WSFS Bank, and one (1) is with Seaside National Bank & Trust. Edison National Bank, WSFS Bank, and Seaside National Bank & Trust are not designated as authorized depositories in the Southern District of New York, but they are well-capitalized and financially stable financial institutions. Additionally, the amounts maintained at Edison National Bank, WSFS Bank, and Seaside National Bank & Trust are fully insured by the FDIC and the Bank Account at WSFS Bank is a disbursement account for proceeds of the Existing MDL Facility, and an account the Debtors are obligated to maintain under the Existing MDL Facility. Requiring the Debtors to close these accounts at Edison National Bank, WSFS Bank, and Seaside National Bank & Trust and reopen them at a designated authorized depository would place an unnecessary administrative burden on the Debtors given that there is no meaningful risk to the cash held therein. Therefore, the Debtors respectfully submit that cause exists to continue to allow the Debtors to utilize these accounts.

105. In the ordinary course of business, the Debtors and their non-Debtor affiliates also engage in routine MSA/ASA/PSA Payments and Intercompany Dividends resulting in various Intercompany Claims. The Intercompany Claims are reflected as journal entry receivables and payables, as applicable, in the respective Debtors' accounting systems. The Debtors track all fund transfers in their respective accounting system and can ascertain, trace, and account for all Intercompany Transactions. If the Intercompany Transactions were to be discontinued, the Cash Management Systems and the Debtors' operations could be unnecessarily disrupted to the detriment of the Debtors' estates, their creditors, and other stakeholders.

106. As part of their Cash Management Systems, the Debtors utilize numerous preprinted Business Forms in the ordinary course of their businesses. To minimize expenses to

their estates and avoid confusion on the part of employees, customers, vendors, and suppliers during the pendency of these chapter 11 cases, the Debtors request that the Court authorize their continued use of all preprinted correspondence and business forms (including, without limitation, letterhead, purchase orders, invoices, and preprinted checks) as such forms were in existence immediately before the Petition Date, without reference to the Debtors' status as debtors in possession, rather than requiring the Debtors to incur the expense and delay of ordering entirely new business forms.

107. The Cash Management Systems constitute an ordinary course and essential business practice of the Debtors. The Cash Management Systems provide significant benefits to the Debtors including, among other things, the ability to control corporate funds, ensure the availability of funds when necessary, and reduce costs and administrative expenses by facilitating the movement of funds and developing timely and accurate account balance information. Thus, to ensure the seamless operation of the Debtors' businesses and realize the benefits of the Cash Management Systems, the Debtors should be allowed to continue using the Cash Management Systems and should not be required to open new bank accounts, and, as such, the Motion should be approved.

7. Debtors' Motion for Entry of an Order Authorizing, but not Directing, the Debtors to Pay or to Honor Prepetition Claims and Obligations of Certain Physicians (the "*Physicians Reimbursement Motion*").

108. Pursuant to the Physicians Reimbursement Motion the Debtors seek entry of interim and final orders, (a) authorizing, but not directing, the Debtors to pay or honor prepetition claims and obligations due and owing to the Physicians in the ordinary course of business and (b) granting related relief. To provide comprehensive, end-to-end care care, the Debtors employ directly or contract with approximately 700 physicians who specialize in a

number of disciplines, including radiation oncology, medical oncology, breast, gynecological and general surgery, urology, and primary care. Simply put, the Physicians are the lifeblood of the Debtors' business. In addition to the services provided by the Debtors' employees, the Debtors would be unable to operate absent the uninterrupted service and dedication of the Physicians.

109. Due to state health care regulations, the Debtors are unable to directly provide medical services in certain states. Instead, medical services must be provided at physician-owned clinics. In these states, the Debtors' business model is built around contracting with physician-owned facilities to provide certain administrative and financial services, including the provision of non-physician clinical and administrative staff, operations management, purchasing assistance, managed care contract negotiation assistance, reimbursement, billing, and collections assistance, information technology, human resource and payroll services, and compliance, accounting, and treasury functions. Additionally, the Debtors contract with physician-owned facilities to provide the capital necessary to fund the businesses, including payment of certain operating expenses, such as travel and business development expenses, office supplies, repairs/maintenance, utilities, rent, medical supplies and equipment, and certain legal and licensing fees.

110. To comply with applicable state regulations as well as the terms of the contracts between the Debtors and the physician-owned practices, the physician-owned practices or individual Physicians employed thereby directly incur the costs of operating their business. Subsequently, the practices or the individual Physicians submit invoices to the Debtors for reimbursement. The Debtors pay approximately \$1,000,000 per month on account of Physician Expenses. As of the Petition Date, the Debtors owe the Physicians approximately \$1,000,000 on

account of prepetition Physician Expenses, approximately \$750,000 of which will come due and owing within the first 21 days of these chapter 11 cases. Additionally, although the Debtors request that the Physicians timely submit invoices on account of Physician Expenses, it is possible that not all obligations for prepetition Physician Expenses are accounted for at this time.

111. If the Debtors' fail to honor such obligations to the Physicians, the Debtors believe that the Physicians may seek alternative employment opportunities, perhaps with the Debtors' competitors. Such a development would be detrimental to the Debtors' businesses, hinder the Debtors' ability to meet its customer and patient obligations, and likely diminish creditors' confidence in the Debtors. The loss of these valuable individuals and the recruiting efforts that would be required to replace them would be a massive and costly distraction at a time when the Debtors should be focusing on stabilizing their operations and other reorganization efforts. Moreover, certain of the Physicians incur the Physician Expenses on credit cards in the name of the individual Physician or practice and could be exposed to significant financial difficulties if the Debtors are not permitted to honor the Physician Expenses.

112. Therefore, I believe that the relief requested in the Physician Reimbursement Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, I respectfully submit that the Physician Reimbursement Motion should be approved.

8. Debtors' Motion for Interim and Final Orders Authorizing Payment of Certain Prepetition (I) Warehousing and Related Claims, and (II) Mechanics and Materialmen Claims (the "*Trade Creditors Motion*").

113. Pursuant to the Trade Creditors Motion, the Debtors seek entry of interim and final orders, (a) authorizing, but not directing, the Debtors to pay certain prepetition claims of

(i) Warehousemen, and (ii) Mechanics and Materialmen, (b) scheduling a final hearing to consider approval of this motion on a final basis, and (c) granting related relief. In the ordinary course of business, the Debtors incur various fixed, liquidated, and undisputed payment obligations to third-party Warehousemen who supply the necessary warehousing services that the Debtors require in order to store business records, medical equipment, and certain office supplies, all of which are necessary for the Debtors to provide top quality service and care to its patients. In addition, the Debtors use the services of Mechanics and Materialmen to repair, perform maintenance work, and provide software upgrades necessary to ensure the continued safe functioning of treatment center machinery or equipment. By the Trade Creditors Motion, the Debtors request authority to pay any prepetition amounts owing on account of the claims of the Warehousemen and Mechanics and Materialmen that arose in the ordinary course of business.

114. The Debtors also seek, out of an abundance of caution, to (a) confirm the administrative expense priority status of the Debtors' undisputed obligations for the postpetition delivery of goods and provision of services and (b) authorize the Debtors to satisfy such obligations in the ordinary course of business.

115. It is a sound exercise of the Debtors' business judgment to pay the claims of the Warehousemen and Mechanics and Materialmen as they become due in the ordinary course of business, because doing so will avoid value-destructive business interruption and will not prejudice the Debtors' other stakeholders. The goods and services provided by the Warehousemen and Mechanics and Materialmen are necessary for the continued, uninterrupted operation of the Debtors' business, and the Debtors anticipate that failure to pay the claims of the Warehousemen and Mechanics and Materialmen as they become due is likely to result in such parties altering the terms of service adhered to in the ordinary course. Such change in the level

of service by any Warehouseman or Mechanic and Materialman could materially disrupt the Debtors' operations to the detriment of all of the Debtors' stakeholders.

116. Therefore, I believe that the relief requested in the Trade Creditors Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their business in chapter 11 without disruption. Accordingly, I respectfully submit that the Trade Creditors Motion should be approved.

9. Debtors' Motion For Interim and Final Orders Authorizing The Debtors to (I) Pay Certain Prepetition Wages, Salaries, Other Compensation, and Reimbursable Employee Expenses, and (II) Continue Employee Benefits ("*Wages Motion*").

117. Pursuant to the Wages Motion, the Debtors seek entry of interim and final orders: (a) authorizing, but not directing, the Debtors to (i) pay prepetition wages, salaries, other compensation, and reimbursable employee expenses, and (ii) continue the employee benefits programs in the ordinary course, (b) scheduling a final hearing to consider approval of the Wages Motion on a final basis, and (c) granting related relief.

118. As of the Petition Date, the Debtors employ approximately 3,631 Employees, including approximately 3,269 full-time, approximately 90 part-time, approximately 137 reduced hours, and approximately 135 temporary Employees. The Debtors also contract with approximately 75 independent contractor physicians. The Employees perform a wide variety of functions critical to the administration of these chapter 11 cases. Significantly, and core to their business, the Debtors employ approximately 350 physicians, who partner with the Debtors to deliver patient care and provide cancer treatment. In many instances, the Employees include personnel who are intimately familiar with the Debtors' businesses, processes, and systems, who possess unique healthcare and oncology skill and experience, or who have developed relationships with counterparties that are essential to the Debtors' business. Indeed, a majority of

the Employees are highly skilled physicians, nurses, radiation therapists, and radiation physicists. These individuals cannot be easily replaced. Without the continued, uninterrupted services of the Employees, the ability of the Debtors maintain and administer their estates will be materially impaired.

119. To minimize the personal hardship the Employees could suffer if prepetition Employee-related obligations are not paid when due or as expected and to maintain stability in the Debtors' workforce during the administration of these chapter 11 cases, the Debtors, by the Wages Motion, seek authority, but not direction, to: (a) pay and honor certain prepetition claims relating to, among other things, wages, salaries, variable compensation, temporary agency fees, federal and state withholding taxes and other amounts withheld (including garnishments, Employees' share of insurance premiums, taxes, and 401(k) contributions), reimbursable expenses, health insurance benefits, health savings accounts, flexible savings accounts, life and AD&D insurance, short- and long-term disability benefits, the workers' compensation program, employee assistance services, time-off benefits, retirement savings, health, and welfare benefits (including the 401(k) plans, and COBRA benefits program, and certain other benefits that the Debtors have historically provided in the ordinary course; and (b) pay all costs incident to the Employee Compensation and Benefits.

120. I believe that paying the Employee Compensation and Benefits will benefit the Debtors' estates and their creditors by allowing the Debtors' business operations to continue without interruption. Indeed, without the relief requested in the Wages Motion, Employees may seek alternative employment opportunities, perhaps with the Debtors' competitors. Such a development would deplete the Debtors' workforce, thereby hindering the Debtors' ability to operate their business and, likely, diminishing stakeholder confidence in the Debtors' ability to

successfully reorganize. The loss of valuable Employees and resulting need to recruit new personnel (and the costs attendant thereto) would be distracting at this crucial time when the Debtors need to focus on stabilizing their business operations. More specifically, the Employees possess interpersonal relationships with patients, knowledge of previous patient care, and experience providing care to specific individuals, which cannot be replicated by substitute Employees. There can be no doubt that the Debtors must do their utmost to retain their workforce by, among other things, continuing to honor all wage, benefits, and related obligations, including the prepetition Employee Compensation and Benefits. As such, I believe the relief requested in the Wages Motion is in the best interests of the Debtors' estates, their creditors, and all other parties in interest, and will enable the Debtors to continue to operate their businesses in chapter 11 without disruption. Accordingly, on behalf of the Debtors, I respectfully submit that the Court should approve the Wages Motion.

Nothing contained herein, or in any of the confidentiality agreements in place between the Debtors and each of the Creditor Parties and their respective advisors, shall: (i) limit (A) the rights of a Creditor Party under any applicable bankruptcy, insolvency, foreclosure or similar Proceeding, including appearing as a party in interest in any matter to be adjudicated in order to be heard concerning any matter arising in the Chapter 11 Cases, in each case, so long as the exercise of any such right is not inconsistent with such Creditor Party's obligations hereunder; (B) the ability of a Creditor Party to purchase, sell or enter into any transactions regarding the Claims and Interests, subject to the terms hereof; (C) except as set forth in this Agreement, any right or remedy of any Creditor Party under, as applicable, (w) the Existing MDL Agreement or any of the other MDL Credit Documents, (x) the Senior Notes Indenture or any of the other Note Documents, (y) the Existing Credit Agreement or any of the other Existing Loan Documents, and (z) any other applicable agreement, instrument or document that gives rise to a Creditor Party's Claims and Interests; (D) the ability of a Creditor Party to consult with any of the other Restructuring Support Parties; (E) the rights of any Creditor Party to engage in any discussions, enter into any agreements or take any other action regarding matters to be effectuated after the expiration or termination of the Restructuring Support Period; or (F) the ability of a Creditor Party to enforce any right, remedy, condition, consent or approval requirement under this Agreement or any of the Restructuring Documents; (ii) constitute a waiver or amendment of any term or provision of (w) the Existing MDL Agreement or any of the other MDL Credit Documents, (x) the Senior Notes Indenture or any of the other Note Documents, (y) the Existing Credit Agreement or any of the other Existing Loan Documents, or (z) any other agreement, instrument or document that gives rise to a Creditor Party's Claims and Interests, or (iii) constitute a termination or release of any liens on the 21C Collateral or the MDL Collateral.

Notwithstanding the foregoing, the restrictions on Transfer set forth in this Section 3(c) shall not apply to the grant of any liens or encumbrances on any Claims and Interests in favor of a bank or broker-dealer holding custody of such Claims and Interests in the ordinary course of business and which lien or encumbrance is released upon the Transfer of such Claims and Interests. Notwithstanding the foregoing, if, at the time of the proposed Transfer of any Claims and Interests to a Qualified Marketmaker, such Claims and Interests (x) may be voted on the Plan or any Alternative Transaction, the proposed transferor Creditor Party must first vote such Claims and Interests in accordance with the requirements of Section 3(a) hereof, or (y) have not yet been and may not yet be voted on the Plan or any Alternative Transaction and such Qualified Marketmaker does not Transfer such Claims and Interests to a subsequent Transferee prior to the fifth (5th) Business Day prior to the expiration of the voting deadline (such date, the “Qualified Marketmaker Joinder Date”), such Qualified Marketmaker shall be required to (and the Transfer documentation to the Qualified Marketmaker shall have provided that it shall), on the first (1st) Business Day immediately following the Qualified Marketmaker Joinder Date, become a Creditor Party with respect to such Claims and Interests in accordance with the terms hereof (provided, that the Qualified Marketmaker shall automatically, and without further notice or action, no longer be a Creditor Party with respect to such Claims and Interests at such time that the Transferee of such Claims and Interests becomes a Creditor Party with respect to such Claims and Interests).

(e) Additional Claims and Interests. This Agreement shall in no way be construed to preclude any Creditor Party or any of its Affiliates from acquiring additional Claims and Interests following its execution of this Agreement. To the extent any Creditor Party acquires additional Claims and Interests, such Creditor Party agrees (severally and not jointly) that any

(v) if such Equity Party receives an unsolicited proposal or expression of interest with respect to an Alternative Transaction, within two (2) Business Days after the receipt of such proposal or expression of interest, notify the Consenting Parties' Advisors of the receipt thereof, with such notice to include the material terms thereof;

(vi) negotiate in good faith, execute, perform its obligations under, and consummate the transactions contemplated by, the Restructuring Documents to which it is (or will be) a party (if any);

(vii) timely vote or cause to be voted its Claims and Interests against any Alternative Transaction; and

(viii) without limiting such Equity Party's obligations under Section 4(b), not pledge, encumber, assign, sell, or otherwise transfer, including by the declaration of a worthless stock deduction for any tax year ending on or prior to the Effective Date, offer, or contract to pledge, encumber, assign, sell, or otherwise transfer, in whole or in part, any portion of its right, title, or interests (directly or indirectly) in any of its shares, stock, or other interests in the Debtors.

Notwithstanding anything in this Agreement to the contrary, no Equity Party shall be required to incur, assume, become liable in respect of or suffer to exist any expenses, liabilities or other obligations, or agree to or become bound by any commitments, undertakings, concessions, indemnities or other arrangements that could result in expenses, liabilities or other obligations to such Equity Party.

The Requisite Consenting Existing Lenders may terminate this Agreement only with respect to the Consenting Existing Lenders, and such termination shall be effective immediately upon written notice (each, a “Consenting Existing Lender Termination Notice”) delivered to each of the non-terminating Restructuring Support Parties in accordance with Section 21 hereof, at any time after the occurrence, and during the continuation, of any of the following events (each, a “Consenting Existing Lender Termination Event”), unless waived in writing by the Requisite Consenting Existing Lenders:

(i) (A) the breach in any material respect (without giving effect to any “materiality” qualifiers set forth therein) by any Debtor of any of its covenants, undertakings, obligations, representations or warranties contained in this Agreement to the extent (and solely to the extent) such breach materially and adversely affects the Credit Facility Claims (including the treatment thereof under the Plan) or the releases to be received by the Consenting Existing Lenders or their respective Related Parties under the Plan, and (B) to the extent such breach is curable, such breach remains uncured for a period of five (5) Business Days (it being understood and agreed that the failure by the Debtors to comply with any of the covenants set forth in Section 5(a)(iv) shall not result in a Consenting Existing Lender Termination Event);

(ii) the breach in any material respect (without giving effect to any “materiality” qualifiers set forth therein) by one or more of the Consenting Noteholders of any of their covenants, undertakings, obligations, representations or warranties contained in this Agreement such that the non-breaching Consenting Noteholders own or control less than 50.0% in aggregate principal amount of the Senior Notes owned or controlled by all of the Consenting Noteholders, which breach remains uncured for a period of five (5) Business Days;

(iii) to the extent in effect, the Backstop Purchase Agreement shall have been terminated in accordance with its terms;

(iv) any Debtor (A) withdraws the Plan, (B) publicly announces, or announces to any of the Restructuring Support Parties or other holders of Claims and Interests, its intention to withdraw the Plan or not support the Plan, (C) moves to voluntarily dismiss any of the Chapter 11 Cases, (D) moves for conversion of any of the Chapter 11 Cases to cases under chapter 7 under the Bankruptcy Code, or (E) moves for the appointment of an examiner with expanded powers or a chapter 11 trustee, and, in any such case, such withdrawal, announcement or motion, as applicable, has not been withdrawn or retracted by any Debtor within ten (10) Business Days after the date such withdrawal, announcement or motion was made;

(v) the waiver, amendment or modification of the Plan or any of the other Restructuring Documents, or the filing by any Debtor of a pleading seeking to waive, amend or modify any term or condition of the Plan or any of the other Restructuring Documents, which waiver, amendment, modification or filing contains any provision that (A) is not consistent in all material respects with this Agreement, and (B) materially and adversely affects the treatment of the Credit Facility Claims or the releases to be received by the Consenting Existing Lenders or their respective Related Parties under the Plan;

(vi) the Bankruptcy Court grants relief that (A)(x) is inconsistent with this Agreement in any material respect or (y) would, or would reasonably be expected to, frustrate the purposes of this Agreement, including by preventing the consummation of the Restructuring, and (B) materially and adversely affects the treatment of the Credit Facility Claims under the Plan or the releases to be received by the Consenting Existing Lenders or their respective Related Parties under the Plan;

(vii) after entry by the Bankruptcy Court of the DIP Order, the Backstop Order, the Disclosure Statement Order, the RSA Order, or the Confirmation Order, (A) any such order is reversed, stayed, dismissed, vacated, reconsidered, modified or amended without the approval

of the Requisite Consenting Existing Lenders and (B) such reversal, stay, dismissal, vacatur, reconsideration, modification or amendment, as applicable, materially and adversely affects the treatment of the Credit Facility Claims under the Plan or the releases to be received by the Consenting Existing Lenders or their respective Related Parties under the Plan;

(viii) the Bankruptcy Court enters an order invalidating, disallowing, subordinating, recharacterizing, or limiting, as applicable, any of the Credit Facility Claims;

(ix) the Bankruptcy Court enters an order (A) converting the Chapter 11 Cases to cases under chapter 7 of the Bankruptcy Code, or (B) dismissing the Chapter 11 Cases;

(x) the issuance by any Governmental Entity, including any regulatory authority or court of competent jurisdiction, of any ruling, judgment or order making illegal, enjoining, or otherwise preventing or prohibiting the consummation of the Restructuring, unless, in each case, such ruling, judgment or order has been issued at the request of any of the Consenting Existing Lenders, or, in all other circumstances, such ruling, judgment or order has been stayed, reversed or vacated within five (5) Business Days after such issuance;

(xi) the Effective Date shall not have occurred by February 28, 2018 (the “End Date”); provided, however, that the right to terminate this Agreement under this Section 6(b)(xi) shall not be available to the Requisite Consenting Existing Lenders if the failure of the Effective Date to have occurred by the End Date is caused by, or results from, the breach by any of the Consenting Existing Lenders of their respective covenants, agreements or other obligations under this Agreement; or

(xii) the Requisite Backstop Parties terminate this Agreement pursuant to Section 6(a).

(c) Equity Party Termination Events. An Equity Party may terminate this Agreement only with respect to itself, and such termination shall be effective immediately upon written notice (each, an “Equity Party Termination Notice”) delivered to each of the non-terminating Restructuring Support Parties in accordance with Section 21 hereof, at any time after the occurrence, and during the continuation, of any of the following events (each, an “Equity Party Termination Event”), unless waived in writing by such Equity Party:

(i) the breach in any material respect (without giving effect to any “materiality” qualifiers set forth therein) by one or more of the Consenting Noteholders of any of their covenants, undertakings, obligations, representations or warranties contained in this Agreement such that the non-breaching Consenting Noteholders own or control less than 50% in aggregate principal amount of the Senior Notes owned or controlled by all of the Consenting Noteholders, which breach remains uncured for a period of five (5) Business Days;

(ii) the Bankruptcy Court grants relief that (A) is inconsistent with this Agreement in any material respect and (B) materially and adversely affects the treatment of the Existing Equity Interests under the Plan or the releases to be received by such Equity Party or its Related Parties under the Plan;

(iii) the Bankruptcy Court enters an order (A) converting the Chapter 11 Cases to cases under chapter 7 of the Bankruptcy Code, or (B) dismissing the Chapter 11 Cases;

(iv) the issuance by any Governmental Entity, including any regulatory authority or court of competent jurisdiction, of any ruling, judgment or order making illegal, enjoining, or otherwise preventing or prohibiting the consummation of the Restructuring, unless, in each case, such ruling, judgment or order has been issued at the request of any of the Equity Parties, or, in all other circumstances, such ruling, judgment or order has been stayed, reversed or vacated within five (5) Business Days after such issuance; or

(v) the Effective Date shall not have occurred by the End Date; provided, however, that the right to terminate this Agreement under this Section 6(c)(v) shall not be available to any Equity Party if the failure of the Effective Date to have occurred by the End Date is caused by, or results from, the breach by any of the Equity Parties of their respective covenants, agreements or other obligations under this Agreement.

(d) Debtor Termination Events. The Debtors may terminate this Agreement with respect to all Restructuring Support Parties, and such termination shall be effective immediately upon written notice (each, a “Debtor Termination Notice” and, together with a Backstop Party Termination Notice, a Consenting Existing Lender Termination Notice and an Equity Party Termination Notice, a “Termination Notice”) delivered to each of the non-terminating Restructuring Support Parties in accordance with Section 21 hereof, at any time after the occurrence, and during the continuation, of any of the following events (each, a “Debtor Termination Event” and, together with each Backstop Party Termination Event, each Consenting Existing Lender Termination Event and each Equity Party Termination Event, each, a “Termination Event” and, collectively, the “Termination Events”), unless waived in writing by the Debtors:

(i) the breach in any material respect (without giving effect to any “materiality” qualifiers set forth therein) by one or more of the Consenting Noteholders of any of their covenants, undertakings, obligations, representations or warranties contained in this Agreement such that the non-breaching Consenting Noteholders own or control less than 50.0% in aggregate principal amount of the Senior Notes owned or controlled by all of the Consenting Noteholders, which breach remains uncured for a period of five (5) Business Days;

(ii) the Bankruptcy Court enters an order (A) converting the Chapter 11 Cases to cases under chapter 7 of the Bankruptcy Code, or (B) dismissing the Chapter 11 Cases;

(iii) the issuance by any Governmental Entity, including any regulatory authority or court of competent jurisdiction, of any ruling, judgment or order making illegal, enjoining, or otherwise preventing or prohibiting the consummation of the Restructuring, unless, in each case, such ruling, judgment or order has been issued at the request one or more Debtors, or, in all other circumstances, such ruling, judgment or order has been stayed, reversed or vacated within five (5) Business Days after such issuance;

(iv) the board of directors of 21C Holdings determines in good faith, and after consultation with outside counsel, that the Restructuring is not in the best interests of the

Debtors' estates and continued support for the Restructuring would be inconsistent with the exercise of its fiduciary duties under applicable Law; provided, however, that in the event the Debtors desire to terminate this Agreement pursuant to this Section 6(d)(iv) (such right to terminate this Agreement pursuant to this Section 6(d)(iv), the "Fiduciary Out"), the Debtors shall provide at least five (5) Business Days advance written notice to the Consenting Parties' Advisors prior to the date the Debtors elect to terminate this Agreement pursuant to the Fiduciary Out (such five (5) Business Day period, the "Termination Period") advising the Consenting Parties' Advisors that the Debtors intend to terminate this Agreement pursuant to the Fiduciary Out and specifying, in reasonable detail, the reasons therefor (including the material facts and circumstances related thereto and, to the extent applicable, the terms, conditions and provisions of any Alternative Transaction that the Debtors may pursue), and during the Termination Period, the Debtors shall cause their advisors to use good faith efforts to discuss with the Requisite Backstop Parties and the Requisite Consenting Existing Lenders the need for the Debtors to exercise the Fiduciary Out; or

(v) the Effective Date shall not have occurred by the End Date; provided, however, that the right to terminate this Agreement under this Section 6(d)(v) shall not be available to the Debtors if the failure of the Effective Date to have occurred by the End Date is caused by, or results from, the breach by any of the Debtors of their respective covenants, agreements or other obligations under this Agreement.

(e) Mutual Termination. This Agreement may be terminated by mutual written agreement among the Debtors, the Requisite Backstop Parties, the Requisite Consenting Existing Lenders and the Requisite Consenting Noteholders. Notwithstanding anything in this Agreement to the contrary, this Agreement shall terminate automatically without further required action upon the occurrence of the Effective Date.

(f) Special Termination Rights.

(i) Each Specified Backstop Party shall have the right to terminate its obligation to provide its Backstop Commitment pursuant to this Agreement, and such termination shall be effective immediately upon written notice (each, a "Special Termination Notice") delivered to the Debtors and each of the Consenting Parties' Advisors in accordance with Section 21 hereof, any time at or prior to 12:00 p.m. (Eastern Time) on June 26, 2017 (such time on such date, the "Expiration Time") if such Specified Backstop Party is not satisfied with the results of its due diligence investigation in respect of the historical or projected financial performance of the Debtors and their Subsidiaries, including on account of the substance of the findings of such due diligence investigation or a conclusion that such Specified Backstop Party has not received sufficient or complete information with respect to any matter; provided that if the basis for such termination is the failure by the Debtors or their Subsidiaries to have provided sufficient or complete information in response to a diligence request, such Specified Backstop Party must first make a written request for such information. No Specified Backstop Party shall be permitted to terminate its obligations under this Section 6(f)(i) based solely on information provided to it by any Debtor or any Subsidiary of any Debtor prior to May 23, 2017 (as such information existed prior to May 23, 2017 and without taking into account any modification, alteration or change to such information (or the meaning thereof) arising from information provided to such Specified Backstop Party on or after May 23, 2017). The election by a

Specified Backstop Party to terminate its obligation to provide its Backstop Commitment pursuant to this Agreement in accordance with this Section 6(f)(i) shall be made by such Specified Backstop Party in its sole and absolute discretion. Any Specified Backstop Party that terminates its obligation to provide its Backstop Commitment pursuant to this Agreement in accordance with this Section 6(f)(i) shall, effective immediately upon such termination, (x) cease to constitute a Backstop Party hereunder and shall be deemed to be a Specified Creditor Party hereunder (and the Debtors are hereby authorized and directed to update Schedule 2 attached hereto to remove the name of such Specified Backstop Party from such Schedule 2 and to include the name of such Specified Backstop Party on a new Schedule 4 to be attached hereto), (y) be deemed released from all obligations and agreements under this Agreement to provide its Backstop Commitment and (z) have no further rights, benefits or privileges hereunder as a Backstop Party, including any right to receive any portion of the Put Option Payment or the Liquidated Damages Payment. Any Specified Backstop Party that has not delivered a Special Termination Notice to each of the Debtors and each of the Consenting Parties' Advisors in accordance with Section 21 hereof at or prior to the Expiration Time shall be deemed to have irrevocably waived its right to terminate its obligation to provide its Backstop Commitment pursuant to this Agreement under this Section 6(f)(i). If any Specified Backstop Party terminates its obligation to provide its Backstop Commitment pursuant to this Agreement in accordance with this Section 6(f)(i), then this Agreement shall terminate with respect to all Restructuring Support Parties at the later of (A) 11:59 p.m. (Eastern Time) on the tenth (10th) Business Day following the date on which the Special Termination Notice is delivered by such Specified Backstop Party and (B) the Expiration Time, unless, at or prior to such time, Backstop Parties assume in writing the obligation to provide the entire Backstop Commitment of such Specified Backstop Party.

(ii) Prior to the Expiration Time, the Debtors shall provide the Specified Backstop Parties' and the Consenting Existing Lenders' Consenting Parties' Advisors and other representatives with access to (and the right to examine and make copies of), during regular business hours, (A) the books, work papers, records and materials of any Debtor or any Subsidiary of any Debtor, and (B) the personnel of any Debtor (and such Debtor shall cause such personnel to cooperate and work in good faith with such Consenting Parties' Advisors and other representatives), in each case, as reasonably requested by such Consenting Parties' Advisors for purposes of the Specified Backstop Parties' due diligence investigation in respect of the historical or projected financial performance of the Debtors and their Subsidiaries. The Debtors shall make arrangements for the foregoing information to be made public to the extent requested by the Consenting Existing Lenders and consistent with past practice.

(g) Effect of Termination. Upon the termination of this Agreement with respect to any Restructuring Support Party in accordance with this Section 6, and except as provided in Section 15 hereof, this Agreement shall forthwith become void and of no further force or effect with respect to such Restructuring Support Party, and each such Restructuring Support Party shall, except as otherwise expressly provided in this Agreement, be immediately released from its liabilities, obligations, commitments, undertakings and agreements under or related to this Agreement, have no further rights, benefits or privileges hereunder, and shall have all the rights and remedies that it would have had and shall be entitled to take all actions, whether with respect to the Restructuring or otherwise, that it would have been entitled to take had it not entered into this Agreement, including all rights and remedies available to it under applicable Law and, in the

case of the Creditor Parties, the Senior Notes Indenture or any of the other Note Documents, the Existing MDL Agreement or any of the other MDL Credit Documents, and the Existing Credit Agreement or any of the other Existing Loan Documents; provided, however, that in no event shall any such termination relieve a Restructuring Support Party from (i) liability for its breach or non-performance of its obligations hereunder prior to the date of such termination or (ii) obligations under this Agreement which by their terms expressly survive termination of this Agreement. Notwithstanding anything to the contrary herein, any of the Termination Events may be waived in accordance with the procedures established by Section 9 hereof, in which case the Termination Event so waived shall be deemed not to have occurred, this Agreement shall be deemed to continue in full force and effect, and the rights and obligations of the Restructuring Support Parties shall be restored, subject to any modification set forth in such waiver. If this Agreement has been terminated in accordance with this Section 6 at a time when permission of the Bankruptcy Court shall be required for a Creditor Party to change or withdraw (or cause to change or withdraw) its vote to accept the Plan, neither the Debtors nor any of the Equity Parties shall oppose any attempt by such Creditor Party to change or withdraw (or cause to change or withdraw) such vote at such time.

(h) Automatic Stay. The Debtors acknowledge and agree, and shall not dispute, that after the commencement of the Chapter 11 Cases, the giving of a Termination Notice by the Requisite Backstop Parties, the Requisite Consenting Existing Lenders or any Equity Party pursuant to this Agreement shall not be a violation of the automatic stay of section 362 of the Bankruptcy Code (and the Debtors hereby waive, to the greatest extent possible, the applicability of the automatic stay to the giving of such Termination Notice), and no cure period contained in this Agreement shall be extended without the prior written consent of the Requisite Backstop Parties, the Requisite Consenting Existing Lenders, or any Equity Party, as applicable.

7. Good Faith Cooperation; Further Assurances; Acknowledgement.

During the Restructuring Support Period, the Restructuring Support Parties shall cooperate with each other in good faith and shall coordinate their activities with each other (to the extent practicable and subject to the terms hereof) in respect of (a) all matters concerning the implementation of the Restructuring, and (b) the pursuit and support of the Restructuring (including confirmation of the Plan). Furthermore, subject to the terms hereof, each of the Restructuring Support Parties shall take such action as may be reasonably necessary to carry out the purposes and intent of this Agreement and the Restructuring, including making and filing any required Governmental Entity filings and voting any Claims and Interests in favor of the Plan (provided that, none of the Creditor Parties shall be required to incur, assume, become liable in respect of or suffer to exist any expenses, liabilities or other obligations, or agree to or become bound by any commitments, undertakings, concessions, indemnities or other arrangements that could result in expenses, liabilities or other obligations to such Creditor Party, in connection therewith). This Agreement is not, and shall not be deemed, a solicitation of votes for the acceptance of a chapter 11 plan of reorganization or a solicitation to tender or exchange any securities. The acceptance of the Plan by the Creditor Parties will not be solicited until entry by the Bankruptcy Court of the Disclosure Statement Order and the Creditor Parties have received the Disclosure Statement and related ballots, as approved by the Bankruptcy Court.

8. Representations and Warranties.

(a) Each Restructuring Support Party, severally (and not jointly (except that the representations and warranties of the Vestar Funds shall be joint and several representations and warranties of the Vestar Funds)), represents and warrants to the other Restructuring Support Parties that the following statements are true and correct as of the date hereof (or, in the case of a Creditor Party that becomes a party hereto after the Restructuring Support Effective Date, as of the date such Creditor Party becomes a party hereto):

(iii) the execution, delivery and performance by such Restructuring Support Party of this Agreement do not and shall not require any registration or filing with, consent or approval of, or notice to, or other action of, with or by, any Governmental Entity, except such filings as may be necessary or required under the Bankruptcy Code;

(iv) subject to the provisions of sections 1125 and 1126 of the Bankruptcy Code, this Agreement is the legally valid and binding obligation of such Restructuring Support Party, enforceable against it in accordance with its terms, except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar Laws relating to or limiting creditors' rights generally or by equitable principles relating to enforceability or a ruling of the Bankruptcy Court or any other court of competent jurisdiction;

Restructuring Support Party or any officer, employee, agent or representative thereof, of any sort, oral or written, except the warranties and representations expressly set forth in this Agreement, and based on such information as such Restructuring Support Party has deemed appropriate, made its own analysis and decision to enter into this Agreement and the transactions contemplated hereby, and (D) acknowledges that it has entered into this Agreement voluntarily and of its own choice and not under coercion or duress;

(vi) such Restructuring Support Party is not aware of the occurrence of any Event that, due to any fiduciary or similar duty to any other Person, would prevent it from taking any action required of it under this Agreement; and

(vii) such Restructuring Support Party is not currently engaged in any discussions, negotiations or other arrangements with respect to any Alternative Transaction with any Person that owns or holds Claims and Interests.

(b) Each Restructuring Support Party (other than the Debtors) severally (and not jointly (except that the representations and warranties of the Vestar Funds shall be joint and several representations and warranties of the Vestar Funds)) represents and warrants to each other Restructuring Support Party that, as of the date hereof (or, in the case of a Creditor Party that becomes a party hereto after the Restructuring Support Effective Date, as of the date such Creditor Party becomes a party hereto):

(iii) the Claims and Interests owned by such Restructuring Support Party are free and clear of any option, proxy, voting restriction, right of first refusal or other limitation on disposition of any kind that would reasonably be expected to adversely affect in any way the performance by such Restructuring Support Party of its obligations contained in this Agreement at the time such obligations are required to be performed;

(iv) it is an Accredited Investor; and

(c) The Debtors represent and warrant, on a joint and several basis, to the Creditor Parties that, as of the Restructuring Support Effective Date, the aggregate outstanding principal amount, as of the date hereof, of (i) the Senior Note Obligations is \$368,177,181, (ii) the Existing Credit Facility Obligations is \$720,185,000 (which amount does not include \$2,700,469 in aggregate amount of undrawn and unexpired outstanding letters of credit), and (iii) the Existing MDL Obligations is \$35,000,000 (in each case, excluding any fees, costs, expenses and indemnities that may be owed by the applicable obligors), and such amounts (together with accrued interest and fees thereon) are outstanding and owing by the Debtors without defense, offset or counterclaim.

(a) Except as otherwise set forth herein, this Agreement, including the Restructuring Term Sheet and any other exhibits or schedules hereto, may not be amended, supplemented, amended and restated, modified or waived except in a writing signed by the Debtors and the Requisite Backstop Parties; provided, however, that: (i) any amendment, supplement or modification of or to this Section 9 shall require the written consent of all of the Restructuring Support Parties; (ii) any amendment, supplement or modification to any of the definitions of "Requisite Parties", "Requisite Backstop Parties", "Requisite Consenting Noteholders", "Requisite Consenting Existing Lenders", "Restructuring Support Party Group", "Specified Backstop Parties" or "Specified Creditor Parties" shall also require the written consent of all of the Restructuring Support Parties included in any such definition; (iii) any amendment, supplement or modification to the definition of "Prohibited Change" with respect to any Restructuring Support Party Group shall also require the written consent of all Restructuring Support Parties included in such Restructuring Support Party Group; (iv) if any such amendment, supplement or modification results in a Prohibited Change with respect to a Restructuring Support Party Group, then such amendment, modification or supplement shall also require the written consent of (A) the Requisite Consenting Noteholders if such Restructuring Support Party Group is the Consenting Noteholders, (B) the Requisite Consenting Existing Lenders if such Restructuring Support Party Group is the Consenting Existing Lenders, (C) CPPIB if such Restructuring Support Party Group is CPPIB, or (D) the Vestar Funds if such Restructuring Support Party Group is the Vestar Funds and/or Investments; (v) if any such amendment, supplement, modification or waiver would adversely affect any of the rights or obligations (as applicable) of any Consenting Noteholder (in its capacity as a holder of Senior Notes Claims) set

forth in this Agreement in a manner that is different or disproportionate in any material respect from the effect on the rights or obligations (as applicable) of the Requisite Consenting Noteholders (in their capacity as holders of Senior Notes Claims) set forth in this Agreement (other than in proportion to the amount of such Senior Notes Claims), such amendment, modification, waiver or supplement shall also require the written consent of such affected Consenting Noteholder (it being understood that in determining whether consent of any Consenting Noteholder is required pursuant to this clause (v), no personal circumstances of such Consenting Noteholder shall be considered); (vi) if any such amendment, supplement, modification or waiver would adversely affect any of the rights or obligations (as applicable) of any Consenting Existing Lender (in its capacity as a holder of Credit Facility Claims) set forth in this Agreement in a manner that is different or disproportionate in any material respect from the effect on the rights or obligations (as applicable) of the Requisite Consenting Existing Lenders (in their capacity as holders of Credit Facility Claims) set forth in this Agreement (other than in proportion to the amount of such Credit Facility Claims), such amendment, supplement, modification or waiver shall also require the written consent of such affected Consenting Existing Lender (it being understood that in determining whether consent of any Consenting Existing Lender is required pursuant to this clause (vi), no personal circumstances of such Consenting Existing Lender shall be considered); (vii) any amendment, supplement or modification to Section 6(f) hereof shall require the written consent of the Debtors, each of the Specified Backstop Parties and the Requisite Consenting Existing Lenders; provided, however, that any Specified Backstop Party shall be entitled to waive its rights under Section 6(f) without the written consent of the Debtors, the Requisite Consenting Existing Lenders and the other Specified Backstop Parties; and (viii) if the breach by any Restructuring Support Party of any of its covenants, undertakings, obligations, representations or warranties contained in this Agreement would permit any other Restructuring Support Party or Restructuring Support Parties to terminate this Agreement pursuant to Section 6 as a result of such breach, then the compliance by such Restructuring Support Party with any such covenant, undertaking, obligation, representation or warranty contained in this Agreement, or the breach thereof, may only be waived by the Restructuring Support Party or Restructuring Support Parties that is/are permitted to terminate this Agreement pursuant to Section 6 as a result of such breach.

(b) Anything herein to the contrary notwithstanding, except to the extent required by applicable Law (including any order of the Bankruptcy Court) (in which case, any such amendment, supplement or modification must be acceptable to the Requisite Backstop Parties), none of the provisions of the Restructuring Term Sheet identified on Schedule 3 attached hereto shall be amended, supplemented or otherwise modified without the written consent of the Requisite Parties and each Specified Backstop Party that is adversely affected thereby; provided, however, that no Backstop Commitment of any Backstop Party may be amended, supplemented or otherwise modified without the written consent of such Backstop Party.

(c) In determining whether any consent or approval has been given or obtained by the Requisite Consenting Noteholders or the Requisite Consenting Existing Lenders (as applicable), any then-existing Consenting Noteholder or Consenting Existing Lender (as applicable) that is in material breach of its covenants, obligations or representations under this Agreement (and the respective Senior Notes or Existing Loans (as applicable) held by such Creditor Party) shall be excluded from such determination and the Senior Notes or Existing Loans (as applicable) held by such Creditor Party shall be treated as if they were not outstanding.

10. Transaction Expenses.

(a) Whether or not the transactions contemplated by this Agreement are consummated and, in each case, subject to the terms of the applicable engagement letter or fee reimbursement letter, the DIP Orders (after the DIP Orders are entered by the Bankruptcy Court), and the Backstop Order (after the Backstop Order is entered by the Bankruptcy Court), the Debtors hereby agree, on a joint and several basis, to pay in cash the Transaction Expenses as follows: (i) all accrued and unpaid Transaction Expenses incurred up to (and including) the Restructuring Support Effective Date shall be paid in full in cash on the Restructuring Support Effective Date, (ii) prior to the Petition Date and after the Restructuring Support Effective Date, all accrued and unpaid Transaction Expenses shall be paid in full in cash by the Debtors on a regular and continuing basis promptly (but in any event within five (5) Business Days) and no later than the Business Day prior to the Petition Date against receipt of reasonably detailed invoices, (iii) after the Petition Date, to the extent permitted by order of the Bankruptcy Court, all accrued and unpaid Transaction Expenses shall be paid in full in cash by the Debtors on a regular and continuing basis promptly (but in any event within five (5) Business Days) against receipt of reasonably detailed invoices, (iv) upon termination of this Agreement with respect to any Restructuring Support Party, all accrued and unpaid Transaction Expenses of the Consenting Parties' Advisors to such Restructuring Support Party incurred up to (and including) the date of such termination shall be paid promptly (but in any event within five (5) Business Days) in full in cash, against receipt of reasonably detailed invoices, and (v) on the Effective Date, so long as this Agreement has not been terminated with respect to all Restructuring Support Parties (other than a termination pursuant to the second sentence of Section 6(e)), all accrued and unpaid Transaction Expenses incurred up to (and including) the Effective Date shall be paid in full in cash on the Effective Date against receipt of reasonably detailed invoices, without any requirement for Bankruptcy Court review or further Bankruptcy Court order. For the avoidance of doubt, copies of all invoices shall be provided contemporaneously to the Debtors and the Consenting Parties' Advisors.

(b) The terms set forth in this Section 10 shall survive termination of this Agreement and shall remain in full force and effect regardless of whether the transactions contemplated by this Agreement are consummated. The Debtors hereby acknowledge and agree that the Creditor Parties have expended, and will continue to expend, considerable time, effort and expense in connection with this Agreement and the negotiation of the Restructuring, and that this Agreement provides substantial value to, is beneficial to, and is necessary to preserve, the Debtors, and that the Creditor Parties have made a substantial contribution to the Debtors and the Restructuring. If and to the extent not previously reimbursed or paid in connection with the foregoing, subject to the approval of the Bankruptcy Court, the Debtors shall reimburse or pay (as the case may be) all reasonable and documented Transaction Expenses pursuant to section 1129(a)(4) of the Bankruptcy Code or otherwise. The Debtors hereby acknowledge and agree that the Transaction Expenses are of the type that should be entitled to treatment as, and the Debtors shall seek treatment of such Transaction Expenses as, administrative expense claims pursuant to sections 503(b) and 507(a)(2) of the Bankruptcy Code.

11. Effectiveness.

This Agreement shall become effective and binding upon the Restructuring Support Parties when counterpart signature pages to this Agreement have been executed and delivered by the Debtors, each of the Initial Consenting Noteholders, each of the Initial Consenting Existing Lenders, each of the Initial Consenting MDL Lenders and each of the Equity Parties, but not until the commencement of the Chapter 11 Cases (the date this Agreement becomes effective and binding upon the Restructuring Support Parties, the “Restructuring Support Effective Date”). In addition to (and without limiting) the terms of Section 3(c), a Person that owns or controls MDL Facility Claims, Senior Notes Claims and/or Credit Facility Claims may become a party hereto as a Consenting Noteholder, Consenting MDL Lender and/or Consenting Existing Lender, as applicable, by executing a Joinder Agreement and delivering an executed copy thereof to counsel to the Debtors and the Consenting Parties’ Advisors that are lawyers (in each case, at the addresses for such law firms set forth in Section 21 hereof), in which event such Person shall be deemed to be a Consenting Noteholder, Consenting MDL Lender and/or Consenting Existing Lender hereunder to the extent of the Claims and Interests owned and controlled by such Person; provided, however, that such Person shall be reasonably acceptable to the Requisite Backstop Parties. With respect to any Person that becomes a party to this Agreement by executing and delivering a Joinder Agreement after the Restructuring Support Effective Date, this Agreement shall become effective as to such Person at the time such Joinder Agreement is executed and delivered to counsel to the Debtors and the Consenting Parties’ Advisors that are lawyers (in each case, at the addresses for such law firms set forth in Section 21 hereof).

12. Conflicts.

The Restructuring Term Sheet is supplemented by the terms and conditions of this Agreement. However, to the extent this Agreement is silent as to a particular matter set forth in the Restructuring Term Sheet, such matter shall be governed by the terms and conditions set forth in the Restructuring Term Sheet. In the event the terms and conditions as set forth in the Restructuring Term Sheet and this Agreement are inconsistent, the terms and conditions of the Restructuring Term Sheet shall control. In the event of any conflict among the terms and provisions of the Plan, this Agreement and/or the Restructuring Term Sheet, the terms and provisions of the Plan shall control. In the event of any conflict among the terms and provisions of the Confirmation Order, the Plan, this Agreement and/or the Restructuring Term Sheet, the terms and provisions of the Confirmation Order shall control. Notwithstanding the foregoing, nothing contained in this Section 12 shall affect, in any way, the requirements set forth herein for the amendment of this Agreement.

13. GOVERNING LAW; JURISDICTION; WAIVER OF JURY TRIAL.

THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO ANY CONFLICTS OF LAW PROVISIONS WHICH WOULD REQUIRE THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION (EXCEPT TO THE EXTENT IT MAY BE PREEMPTED BY THE BANKRUPTCY CODE). BY ITS EXECUTION AND DELIVERY OF THIS AGREEMENT, EACH OF THE RESTRUCTURING SUPPORT PARTIES HEREBY IRREVOCABLY AND

UNCONDITIONALLY AGREES THAT ANY LEGAL ACTION, SUIT, DISPUTE OR PROCEEDING ARISING UNDER, OUT OF OR IN CONNECTION WITH THIS AGREEMENT SHALL BE BROUGHT EXCLUSIVELY IN THE FEDERAL OR STATE COURTS LOCATED IN THE STATE OF NEW YORK, COUNTY OF NEW YORK, AND THE RESTRUCTURING SUPPORT PARTIES IRREVOCABLY CONSENT TO THE JURISDICTION OF SUCH COURTS AND WAIVE ANY OBJECTIONS AS TO VENUE OR INCONVENIENT FORUM. NOTWITHSTANDING THE FOREGOING CONSENT TO JURISDICTION, FOLLOWING THE COMMENCEMENT OF THE CHAPTER 11 CASES AND SO LONG AS THE BANKRUPTCY COURT HAS JURISDICTION OVER THE DEBTORS, EACH OF THE RESTRUCTURING SUPPORT PARTIES AGREES THAT THE BANKRUPTCY COURT SHALL HAVE EXCLUSIVE JURISDICTION WITH RESPECT TO ANY MATTER UNDER OR ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, AND HEREBY SUBMITS TO THE JURISDICTION OF THE BANKRUPTCY COURT. EACH RESTRUCTURING SUPPORT PARTY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

14. Specific Performance/Remedies.

It is understood and agreed by the Restructuring Support Parties that money damages would not be a sufficient remedy for any breach of this Agreement by any Restructuring Support Party and each non-breaching Restructuring Support Party shall be entitled to specific performance and injunctive or other equitable relief (including reasonable attorneys' fees, costs and expenses) as a remedy of any such breach, in addition to any other remedy to which such non-breaching Restructuring Support Party may be entitled, at law or in equity, without the necessity of proving the inadequacy of money damages as a remedy, including an order of the Bankruptcy Court requiring any Restructuring Support Party to comply promptly with any of its obligations hereunder. Each Restructuring Support Party hereby waives any requirement for the securing or posting of any bond in connection with such remedies.

15. Survival.

Notwithstanding the termination of this Agreement pursuant to Section 6 hereof, the agreements and obligations of the Restructuring Support Parties in this Section 15 and Sections 6(g), 6(h), 9, 10 (solely for purposes of enforcement of the payment of Transaction Expenses accrued through the occurrence of the applicable Termination Event), 13, 14, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, and 26 hereof, the last paragraph of Section 2, and the last paragraph of Section 3(a), and any defined terms used in any of the forgoing Sections or paragraphs (solely to the extent used therein), shall survive such termination and shall continue in full force and effect in accordance with the terms hereof.

16. Headings.

The headings of the sections, paragraphs and subsections of this Agreement are inserted for convenience only and shall not affect the interpretation hereof or, for any purpose, be deemed a part of this Agreement.

17. Successors and Assigns; Severability.

This Agreement is intended to bind and inure to the benefit of the Restructuring Support Parties and their respective successors, permitted assigns, heirs, executors, administrators and representatives; provided, however, that nothing contained in this Section 17 shall be deemed to permit sales, assignments or other Transfers of the Claims and Interests other than in accordance with Sections 3(c) and 3(d) of this Agreement. If any provision of this Agreement, or the application of any such provision to any Person or circumstance, shall be held invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and this Agreement shall continue in full force and effect; provided, however, that nothing in this Section 17 shall be deemed to amend, supplement or otherwise modify, or constitute a waiver of, any Termination Event. Upon any such determination of invalidity, the Restructuring Support Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Restructuring Support Parties as closely as possible, in a reasonably acceptable manner, such that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

18. No Third-Party Beneficiaries.

Unless expressly stated herein, this Agreement shall be solely for the benefit of the Restructuring Support Parties and no other Person shall be a third-party beneficiary hereof.

19. Prior Negotiations; Entire Agreement.

This Agreement, including the exhibits and schedules hereto, constitutes the entire agreement of the Restructuring Support Parties, and supersedes all other prior negotiations, with respect to the subject matter of this Agreement, whether written or oral; provided, however, that any confidentiality agreement executed by any Creditor Party or Equity Party shall survive execution and delivery of this Agreement and shall continue in full force and effect, subject to the terms thereof, irrespective of the terms hereof.

20. Counterparts.

This Agreement may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same agreement. Any execution copies of this Agreement and executed counterpart signature pages to this Agreement may be delivered by facsimile, electronic mail ("e-mail") or other electronic imaging means, which shall be deemed to be an original for the purposes of this Section 20; provided, however, that signature pages executed by the Creditor Parties shall be delivered to (a) each of the other Creditor Parties and the Equity Parties in a redacted form that removes the Creditor Parties' holdings of Claims and Interests, and (b) the Debtors and the Consenting Parties' Advisors in an unredacted form.

22. Reservation of Rights; No Admission.

Except as expressly provided in this Agreement and in any amendment hereto, nothing herein is intended to, or does, in any manner waive, limit, impair or restrict the ability of each of the Restructuring Support Parties to (a) protect and preserve its rights, remedies and interests, including its claims against any of the other Restructuring Support Parties (or their respective Affiliates or Subsidiaries), (b) consult with any of the other Restructuring Support Parties, (c) fully participate in any bankruptcy case filed by any Debtor, or (d) purchase, sell or enter into any transactions in connection with Claims and Interests, in each case subject to the terms hereof. Without limiting the foregoing sentence in any way, if the Restructuring is not consummated, or if this Agreement is terminated for any reason, nothing shall be construed

herein as a waiver by any Restructuring Support Party of any or all of such Restructuring Support Party's rights, remedies, claims and defenses and the Restructuring Support Parties expressly reserve any and all of their respective rights, remedies, claims and defenses. No Creditor Party shall have, by reason of this Agreement, a fiduciary relationship in respect of any other Restructuring Support Party, any holder of Claims and Interests, or any other Person, and nothing in this Agreement (including the Restructuring Term Sheet), express or implied, is intended to impose, or shall be construed as imposing, upon any Creditor Party any obligations in respect of this Agreement or the Restructuring except as expressly set forth herein. This Agreement is part of a proposed settlement of matters that could otherwise be the subject of litigation among the Restructuring Support Parties. Pursuant to Rule 408 of the Federal Rules of Evidence, any applicable state rules of evidence and any other applicable Law, foreign or domestic, this Agreement and all negotiations relating hereto shall not be admissible into evidence in any Proceeding other than a Proceeding to enforce its terms. This Agreement, the Restructuring Term Sheet and the Plan shall in no event be construed as or be deemed to be evidence of an admission or concession on the part of any Restructuring Support Party of any claim, fault, liability or damages whatsoever. Each of the Restructuring Support Parties denies any and all wrongdoing or liability of any kind and does not concede any infirmity in the claims or defenses which it has asserted or could assert.

23. Prevailing Party.

If any Restructuring Support Party brings a Proceeding against any other Restructuring Support Party based upon a breach by such Restructuring Support Party of its obligations hereunder, the prevailing Restructuring Support Party shall be entitled to the reimbursement of all reasonable fees and expenses incurred, including reasonable attorneys', accountants' and financial advisors' fees in connection with such Proceeding, from the non-prevailing Restructuring Support Party.

24. Representation by Counsel.

Each Restructuring Support Party acknowledges that it has been represented by, or has been provided a reasonable period of time to obtain access to and advice by, counsel with respect to this Agreement and the Restructuring contemplated herein. Accordingly, any rule of law or any legal decision that would provide any Restructuring Support Party with a defense to the enforcement of the terms of this Agreement against such Restructuring Support Party based upon lack of legal counsel shall have no application and is expressly waived.

25. Relationship Among Restructuring Support Parties.

Notwithstanding anything herein to the contrary, the duties and obligations of the Creditor Parties and the Equity Parties under this Agreement shall be several, not joint (provided, that the agreements of the Vestar Funds shall be joint and several agreements of the Vestar Funds). It is understood and agreed that no Creditor Party has any duty of trust or confidence in any kind or form with any other Restructuring Support Party, and, except as expressly provided in this Agreement, there are no commitments among or between them. In this regard, it is understood and agreed that any Creditor Party may trade in the Claims and Interests of any Debtor without the consent of any other Restructuring Support Party, subject to applicable

securities laws and the terms of this Agreement; provided, however, that no Creditor Party shall have any responsibility for any such trading to any other entity by virtue of this Agreement. No prior history, pattern or practice of sharing confidences among or between the Restructuring Support Parties shall in any way affect or negate this understanding and agreement. No Creditor Party shall, as a result of its entering into and performing its obligations under this Agreement, be deemed to be part of a “group” (as that term is used in Section 13(d) of the Exchange Act) with any other Restructuring Support Party. For the avoidance of doubt, no action taken by a Creditor Party pursuant to this Agreement shall be deemed to constitute or to create a presumption by any of the Parties that the Creditor Parties are in any way acting in concert or as such a “group.”

26. Disclosure; Publicity.

The Debtors shall submit drafts to the Consenting Parties’ Advisors of any press releases and public documents that constitute disclosure of the existence or terms of this Agreement or any amendment to the terms of this Agreement at least three (3) Business Days prior to making any such disclosure, and shall afford them a reasonable opportunity under the circumstances to comment on such documents and disclosures and shall incorporate any such reasonable comments in good faith. Except as required by Law, no Restructuring Support Party or its advisors shall (a) use the name of any Creditor Party or Equity Party in any public manner (including in any press release) with respect to this Agreement, the Restructuring or any of the Restructuring Documents or (b) disclose to any Person (including, for the avoidance of doubt, any other Creditor Party or Equity Party), other than advisors to the Debtors, the principal amount or percentage of any Claims and Interests held by any Creditor Party or Equity Party, or the Backstop Commitment Percentage of any Backstop Party, in each case, without such Creditor Party’s, Equity Party’s or Backstop Party’s prior written consent; provided, however, that (i) if such disclosure is required by Law, the disclosing Restructuring Support Party shall afford the relevant Creditor Party or Equity Party a reasonable opportunity to review and comment in advance of such disclosure and shall take all reasonable measures to limit such disclosure and (ii) the foregoing shall not prohibit the disclosure of the aggregate percentage or aggregate principal amount of Claims and Interests held by any Creditor Party or Equity Party, collectively. Notwithstanding the provisions in this Section 26, (x) any Restructuring Support Party may disclose the identities of the Restructuring Support Parties in any action to enforce this Agreement or in any action for damages as a result of any breaches hereof, and (y) any Restructuring Support Party may disclose, to the extent expressly consented to in writing by a Creditor Party or Equity Party, such Creditor Party’s or Equity Party’s identity and individual holdings.

27. Consideration

Each Restructuring Support Party hereby acknowledges that no consideration, other than that specifically described herein or in the Plan, shall be due or paid to any Restructuring Support Party for its agreement (subsequent to proper disclosure and solicitation) to vote to accept the Plan or to otherwise support and take actions to effectuate the Restructuring in accordance with the terms and conditions of this Agreement, other than each of the Restructuring Support Parties’ representations, warranties, and agreements with respect to their commitments hereunder

regarding the consummation of the Restructuring and the confirmation and consummation of the Plan.

28. Acknowledgements.

THIS AGREEMENT, THE RESTRUCTURING TERM SHEET, THE PLAN, THE OTHER RESTRUCTURING DOCUMENTS, THE RESTRUCTURING, AND THE TRANSACTIONS CONTEMPLATED HEREIN AND THEREIN ARE THE PRODUCT OF ARMS'-LENGTH NEGOTIATIONS BETWEEN THE RESTRUCTURING SUPPORT PARTIES AND THEIR RESPECTIVE REPRESENTATIVES. EACH RESTRUCTURING SUPPORT PARTY HEREBY ACKNOWLEDGES THAT THIS AGREEMENT IS NOT, AND SHALL NOT BE DEEMED TO BE, A SOLICITATION OF VOTES FOR THE ACCEPTANCE OF THE PLAN OR REJECTION OF ANY OTHER CHAPTER 11 PLAN FOR PURPOSES OF SECTIONS 1125 AND 1126 OF THE BANKRUPTCY CODE OR OTHERWISE. THE PROPONENTS OF THE PLAN SHALL NOT SOLICIT ACCEPTANCES OF THE PLAN FROM ANY PERSON UNTIL THE PERSON HAS BEEN PROVIDED WITH A COPY OF THE PLAN, DISCLOSURE STATEMENT, AND RELATED DOCUMENTS. NOTHING IN THIS AGREEMENT SHALL REQUIRE ANY RESTRUCTURING SUPPORT PARTY TO TAKE ANY ACTION PROHIBITED BY THE BANKRUPTCY CODE, THE SECURITIES ACT, ANY OTHER APPLICABLE LAW OR REGULATION, OR AN ORDER OR DIRECTION OF ANY COURT OR ANY OTHER GOVERNMENTAL ENTITY.

[Signature pages follow]

IN WITNESS WHEREOF, the Restructuring Support Parties hereto have caused this Agreement to be executed and delivered by their respective duly authorized officers, solely in their respective capacity as officers of the undersigned and not in any other capacity, as of the date first set forth above.
