DISTRICT OF DELAWARE**

**In re: AgFeed USA, LLC, et al.  
Case No. 13-11761 thru 13-11776**

**Reporting Period: September 29, 2013 – November 2, 2013**

**MONTHLY OPERATING REPORT**

Enclosed herein is the fourth Monthly Operating Report ("MOR") for the abovementioned Debtors. As further explained below, two separate MOR's are included in this filing – AgFeed USA, LLC ("AgFeed USA") consolidated with its subsidiaries and AgFeed Industries, Inc. ("Industries"). Please note:

- Sixteen related entities filed for Chapter 11 bankruptcy protection on July 15, 2013 ("Petition Date"). The Debtors maintain two separate sets of books and records – one for AgFeed USA and its fourteen subsidiaries and one for Industries, the parent of AgFeed USA and other non-Debtor foreign entities. Consistent with past practices, including financial reporting and tax preparation, this MOR depicts results for AgFeed USA (consolidated) and Industries separately.
- While the Debtors' management and advisors have exercised reasonable best efforts to ensure that the MOR is accurate and complete based on information that was available at the time of preparation, these reports are a product of the Company's financial reporting system and are unaudited and subject to change.
- The Debtors operate on a 5-4-4 accounting calendar and October represents a five week month. The Petition Date of July 15, 2013 falls in the middle of the July reporting period. Except as described in various notes on MOR pages directly, the cumulative results reflected in this MOR reflect the time period spanning from Petition Date through each respective Debtor's period end close. Previous notes to July and August MOR's represented that Industries operated on a calendar month, this is not the case.
- The Company's cash management system underwent a transition in October 2013. AgFeed USA previously utilized two primary operating accounts (Cobank XXX1887, Wachovia XXX0740), which were migrated into one new primary operating account (Bank of the West XXX2187). Industries continues to manage one primary operating account (SunTrust XXX3958). AgFeed USA and Industries share two health benefits accounts (Wells Fargo XXX0315, XXX0570). Additionally, the Debtors maintain a restricted cash deposit account (Bank of the West XXX8154).
- The Company employs the services of ADP to manage payroll, including all employee related tax filings and payments. The Company pays its employee taxes with each payroll run and ADP then acts as the intermediary between the Company and the taxing authorities. The Company is not delinquent on any taxes.
- The presentation methodology reflected herein provides the complete MOR for AgFeed USA followed by the complete MOR for Industries.
- These global notes along with statements which are included as footnotes on certain MOR submissions, are incorporated by reference in, and comprise an integral part of, the MOR, and should be referred to and reviewed in connection with any review of the MOR.

### SCHEDULE OF CASH RECEIPTS AND DISBURSEMENTS

Amounts reported should be per the debtor's books, not the bank statement. The beginning cash should be the ending cash from the prior month or, if this is the first report, the amount should be the balance on the date the petition was filed. The amounts reported in the "CURRENT MONTH - ACTUAL" column must equal the sum of the four bank account columns. The amounts reported in the "PROJECTED" columns should be taken from the SMALL BUSINESS INITIAL REPORT (FORM IR-1) . Attach copies of the bank statements and the cash disbursements journal. The total disbursements listed in the disbursements journal must equal the total disbursements reported on this page. A bank reconciliation must be attached for each account. [See MOR-1 (CON'T)]

**STATEMENT OF OPERATIONS**  
(Consolidated Statements of Income)

The Statement of Operations is to be prepared on an accrual basis. The accrual basis of accounting recognizes revenue when it is realized and expenses when they are incurred, regardless of when cash is actually received or paid.

**Notes:**

(1) Reflects postpetition time period from July 15, 2013 through August 30, 2013.

(2) Management Services Revenue was errantly misclassified in the July MOR as Technical Services Revenue. Cash received from China (Technical Services Revenue) is booked at the time of invoicing (last activity occurred prepetition) and receipt of the cash reduces the Intercompany Accounts Receivable. In September, cash was received that exceed the previously booked receivable, thus the recordation of revenue.
