affiliates who have commenced bankruptcy cases pursuant to Canada's *Companies' Creditors Arrangement Act* (collectively, the "**CCAA Debtors**" and, together with the U.S. Debtors, the "**Debtors**") to solicit votes with regard to the approval or rejection of the *Plan of Reorganization and Compromise of AbitibiBowater Inc. and Certain of Its Subsidiaries* (the "**CCAA Plan**" and, together with the U.S. Plan, the "**Plans**"). To solicit votes, the CCAA Debtors will mail an information circular that describes the terms of the CCAA Plan (the "**Information Circular**"), among other materials, to their creditors.

3. **Rights Offering.** As part of the Plans, holders of claims in Class 6 under the Plan and holders of Affected Unsecured Claims under the CCAA Plan as of June 30, 2010 (the "**Record Date**") (collectively, the "**Eligible Holders**") will receive rights ("**Subscription Rights**") to purchase, in the aggregate, up to \$500 million of Convertible Unsecured Subordinated Notes (the "**Notes**") pursuant to a rights offering conducted under the Plans (the "**Rights Offering**"). Details regarding the Rights Offering are available in the U.S. Plan at section 6.12 and in the disclosure statement related to the U.S. Plan at sections 8.E and 9, in the CCAA Plan at section ● and in the information circular related to the CCAA at section ●, and in the backstop commitment agreement (the "**Backstop Commitment Agreement**"), which is attached as an exhibit to the disclosure statement and the information circular. As an Eligible Holder, you have the right, but not the obligation, to participate in the Rights Offering. Neither this notice, the Subscription Form nor any other document related to the Rights Offering has been approved or disapproved by the Securities and Exchange Commission ("**SEC**") or the securities regulators of any state. You should evaluate such documents in light of the purpose for which they were prepared.

4. **Allocation of Subscription Rights.** Subscription Rights will be allocated among Eligible Holders so that each Eligible Holder has the right to purchase an amount of Notes that is equal to the proportionate share of common stock in the reorganized Company that such Eligible Holder is expected to receive under the Plans on account of its claims against each Debtor or CCAA Debtor, as such claims are allowed for voting and subscription purposes as of the Record Date. The number of Notes that each Eligible Holder may elect to purchase through the Rights Offering is identified on the subscription form sent to each such holder (the "**Subscription Form**").

5. **Subscription Commencement Date.** The Rights Offering shall commence on a date no later than July 15, 2010, or as soon as reasonably practicable thereafter (the "**Subscription Commencement Date**"). On that date, the Debtors will mail a Subscription Form, together with instructions on how to validly exercise Subscription Rights, to each Eligible Holder.

6. **Exercise of Subscription Rights.** To exercise your Subscription Rights, on or before August 27, 2010 (the "**Rights Offering Expiration Date**"), you must (i) deliver a completed Subscription Form to Epiq Bankruptcy Solutions, LLC ("**Epiq**") and (ii) pay or arrange for payment to the Escrow Agent identified on the Subscription Form of the purchase price for the Notes you are electing to purchase (the "**Subscription Purchase Price**") in accordance with the wire instructions set forth on the Subscription Form. Only payment of the Subscription Purchase Price by wire transfer of U.S. dollars will be accepted. If you own securities that are held through The Depository Trust Company ("**DTC**") or through Clearing and Depository Services Inc. ("**CDS**") and choose to subscribe in the Rights Offering, you must send the

Subscription Form to the relevant bank or brokerage firm (or follow the procedures established by DTC, CDS or such firm) and make arrangements to have the Subscription Purchase Price paid, with enough time for your subscription and payment to be effected through DTC or CDS. In each case, whether submitted directly or through DTC or CDS, all Subscription Forms and Subscription Purchase Price funds must actually be received on or before the Rights Offering Expiration Date. **If Epiq and the Escrow Agent for any reason do not receive (i) your duly completed Subscription Form or equivalent instructions from DTC or CDS, as applicable and (ii) immediately available funds in an amount equal to your Subscription Purchase Price, in each case, on or prior to the Rights Offering Expiration Date, you shall be deemed to have relinquished and irrevocably waived your right to participate in the Rights Offering.**

7. **Modification of Number of Subscription Rights.** Under certain circumstances, the number of Subscription Rights that are allocated to a particular Eligible Holder may increase or decrease. The Debtors will provide prompt notice of any reallocation to impacted Eligible Holders. To the extent that a reallocation increases the total number of Notes that you may elect to purchase, the Debtors will send you a supplemental Subscription Form that sets forth the additional number of Notes that you may elect to purchase.

8. **Subsequent Rights Offering Expiration Date.** If you receive a supplemental Subscription Form with respect to additional Subscription Rights (as described immediately above), you will have additional time to exercise those additional Subscription Rights. The deadline by which you must (i) deliver the completed supplemental Subscription Form to Epiq and (ii) pay or arrange for payment of the Subscription Purchase Price with respect to the additional Notes you are electing to purchase to the Escrow Agent is [●], 2010.

9. **Unsubscribed Notes.** Any Notes that are not subscribed for by Eligible Holders by the Rights Offering Expiration Date (or the Subsequent Rights Offering Expiration Date, if applicable) will be deemed to be "Unsubscribed Notes". To ensure that the Rights Offering raises the full amount of capital required by the Company, a group of the Company's bondholders (collectively, the "**Backstop Investors**") has agreed to purchase any such Unsubscribed Notes at the Subscription Purchase Price in accordance with the terms of the Backstop Commitment Agreement.

10. **Transfer Restriction/Revocation.** Subscription Rights are not independently transferable from an Eligible Holder's Claims. The Subscription Form includes a certification that each Eligible Holder (a) understands that the Subscription Rights are not transferable separately from such Eligible Holder's prepetition Claim with respect to which Subscription Rights have been granted and (b) has not entered into and agreed that, prior to the Effective Date of the U.S. Plan and the Implementation Date of the CCAA Plan, it shall not enter into any transaction involving a direct or indirect transfer of Subscription Rights in which any other person receives a Subscription Right (except as permitted by clause (a) above). This certification must be completed by each Eligible Holder in order for such holder's exercise of the Subscription Rights to be valid. Once Subscription Rights have been validly and timely exercised, such Subscription Rights may not be revoked and such exercise will be binding on any transferee of Claims.

11. **Distribution of Notes Under Rights Offering.** On or as soon as reasonably practicable after the Effective Date of the U.S. Plan and the Implementation Date of the CCAA Plan, whichever is later in time, the Reorganized Company will issue the Notes in accordance with

the terms of the Plans to those Eligible Holders who have validly and timely exercised their Subscription Rights and submitted the appropriate Subscription Purchase Price.

12. **Return of Payment.** Under certain circumstances, it may be necessary to return to an Eligible Holder some or all of its Subscription Purchase Price, including if the Rights Offering is not consummated, if an Eligible Holder's Claim is decreased after the Eligible Holder submits its Subscription Purchase Price, and if the Subscription Form and/or the wire payment of the Subscription Purchase Price are not properly completed and timely submitted. Unless otherwise agreed by the Eligible Holder, the Company will return such payments, if necessary, without interest, as soon as reasonably practicable following the Subsequent Rights Offering Expiration Time.

13. **Questions regarding the Exercise of Subscription Rights.** Any questions regarding the timeliness, viability, form and eligibility of any exercise of Subscription Rights shall be determined by the Debtors, in consultation with the Creditors Committee and the Monitor. The Debtors, in consultation with the Creditors Committee and the Monitor, may waive any defect or irregularity, or permit a defect or irregularity to be corrected, or reject the purported exercise of Subscription Rights, as it may determine.

14. **Modification of Procedures.** The Debtors reserve the right to modify or adopt additional procedures to effectuate the Rights Offering, to distribute the Notes to Eligible Holders, and to comply with the terms and conditions of the Backstop Commitment Agreement. In so doing, the Debtors may execute and enter into agreements and take further action that the Debtors determine, in consultation with the Creditors Committee and the Monitor, are necessary and appropriate to effect and implement the Rights Offering and the distribution of the Notes to Eligible Holders.

Inquiries. Any party in interest wishing to obtain (i) information about the Rights Offering procedures; (ii) copies of the Disclosure Statement or the U.S. Plan; (iii) (ii) copies of the Information Circular or the CCAA Plan, should telephone Epiq at 1-888-266-9280 (for U.S. / Canada calls) or (503) 597-7694 (for non-U.S. / Canada calls). Summary of Convertible Unsecured Subordinated Notes

The following is a summary of certain key terms of the Convertible Unsecured Subordinated Notes available for purchase through the Rights Offering. Further details regarding the Convertible Unsecured Subordinated Notes are set forth in the Backstop Commitment Agreement, which is attached as an exhibit to the Disclosure Statement and the Information Circular.

Issuer: AbitibiBowater Inc., a holding company incorporated under the laws of the United States or Canada, as formed or reorganized pursuant to the Plans (the "**Company**").

Form of Offering: The Debtors will issue rights to purchase new notes (the "**New Notes**") of the Company (the "**Rights**") to Eligible Holders of Eligible Claims against the Debtors in connection with the Plans (the "**Rights Offering**"). The Rights Offering terms are described in the Backstop Commitment Agreement.

Issue Amount: New Notes (which collectively shall consist of \$1145 Notes and Backstop Notes (each as hereinafter defined)) to be issued in an amount (the "**Amount**") not to exceed the lesser of:

A) US\$500 million; and

B) the sum of:

(i) US\$325 million; and

(ii) US\$1,400 million less the sum of the Available Cash (as defined below) of the Company as of the Effective Date and aggregate principal amount of term indebtedness outstanding under the Exit Financing Facilities (as described in the Plans) and any other available facilities at such time.

The Amount is subject to further reduction by the amount of Liquidity (as defined below) of the Company at the Effective Date in excess of \$600 million. Any such reduction will be made as provided by the Backstop Commitment Agreement. Available Cash and Liquidity shall have the meaning set forth in the Backstop Commitment Agreement.

Purchase Price: 100% of the principal amount.

Upfront Payment: The Company will pay to each Eligible Holder that subscribes to Rights to purchase New Notes an amount equal to 4% of the aggregate principal amount of such New Notes on the Effective Date, upon issuance of the New Notes.

Coupon:	<p>10%, payable semi-annually in arrears commencing on the date that is six months after the Closing Date, computed on the basis of a 360-day year composed of twelve 30-day months.</p> <p>Subject to any required regulatory approval and provided no event of default has occurred and is continuing, with respect to any interest period, the Company shall have the option to pay half (i.e., 5%) of such interest by issuing additional New Notes ("PIK Notes"), provided that if the Company so elects to pay half of the coupon in PIK Notes, the portion of the coupon so payable with respect to such interest period shall be 6% rather than the 5% that would have been payable by the Company had it paid in cash.</p>
Use of Proceeds:	The proceeds from the issuance and sale of the New Notes shall be used to fund the Debtors' cash needs in connection with consummation of the Plans.
Closing Date:	The date of the consummation of the Plans in form and substance reasonably acceptable to the Investors and consistent with the Backstop Commitment Agreement, and this New Notes Term Sheet (the " Closing "), which date shall be the later to occur of (A) October 15, 2010 and (B) the date that is the earlier to occur of (x) December 31, 2010 and (y) the latest date on which any of the Company's commitments for Exit Financing Facilities are scheduled to expire so long as the Company's commitments for the Exit Financing Facilities are acceptable to Majority Investors (as defined in the Backstop Commitment Agreement).
Investors:	<p>The Company shall offer New Notes to the Eligible Holders (such New Notes being collectively referred to as the "\$1145 Notes"), with each of the Eligible Holders entitled to purchase up to its pro rata share of the New Notes (such purchasing Eligible Holders, collectively, the "New Notes Investors") on the terms set forth in the Backstop Commitment Agreement.</p> <p>The Investors shall enter into agreement(s) to subscribe, in accordance with Schedule 1(h) to the Backstop Commitment Agreement, for any portion of the New Notes not subscribed for by the Eligible Holders (the "Backstop Notes"). As consideration for their commitment to subscribe for such Backstop Notes, the Investors shall be entitled to receive the payments as set forth in, and in accordance with the terms of, the Backstop Commitment Agreement.</p>
Exemptions / Transfer:	The issuance of Rights to the creditors and the exercise of the Rights are intended to be exempt from registration under the Securities Act of 1933 (the " Securities Act ") pursuant to Section 1145 of the Bankruptcy Code and exempt from any prospectus requirement under corresponding Canadian securities laws exemptions.

The amount of New Rights that each Eligible Holder may subscribe for in the Rights Offering may be decreased by the Issuer to the extent required to allow the Rights Offering to be exempt from registration under the Securities Act pursuant to Section 1145 of the Bankruptcy Code.

After the consummation of the Rights Offering, subject to applicable securities laws, the New Notes Investors and their respective permitted transferees shall have the right to transfer freely the §1145 Notes or the Common Shares received upon conversion of the §1145 Notes at any time.

The issuance of Backstop Notes to the Investors pursuant to the Backstop Commitment Agreement is intended to be exempt from Securities Act registration under Section 4(2) of the Securities Act and exempt from any prospectus requirement under Canadian securities laws. After consummation of the Rights Offering, the Backstop Notes may not be offered or sold except pursuant to an exemption from the registration requirements of the Securities Act or any applicable state laws or pursuant to a registration statement.

Denomination: New Notes shall be issued in a minimum denomination of US\$1.00 per New Note (and integral multiples thereof).

Conversion Price: The New Notes shall be convertible as described below into the common stock, par value \$0.001 per share, of the Company (the "Common Shares") at the Conversion Price.

The "Conversion Price" shall equal (x) \$1,800 million (plus any consideration to be received upon issuance of common shares outstanding on a fully-diluted basis on the Effective Date after giving effect to the consummation of the Plans, other than Common Shares issuable upon conversion of the New Notes and any Common Shares issued as part of the backstop payment) divided by (y) the number of Common Shares outstanding on a fully diluted basis on the Effective Date after giving effect to the consummation of the Plans, other than Common Shares issuable upon conversion of the New Notes and any Common Shares issued as part of the backstop payment, the issuance of which would be anti-dilutive as of the Effective Date.

Maturity Date: The New Notes will mature seven (7) years from the date of Closing (the "Issue Date").

Guarantees: The New Notes will be guaranteed by the wholly-owned U.S. subsidiaries of the Company (the "Guarantees").

Ranking: The New Notes and the Guarantees shall be subordinated in right of payment to the Company's and the Guarantors' obligations under the

Company's Exit Financing Facilities, which may include unsecured financings (or replacements or refinancings thereof), and any other unsecured or secured senior debt in an amount not to exceed \$200 million in the aggregate. Except as provided in the preceding sentence, the New Notes and the Guarantees shall be *pari passu* in right of payment with all senior unsecured obligations of the Company or the relevant Guarantor.

Conversion Rights:

The New Notes will be convertible at the option of the holder (i) in the event of a redemption at the option of the Company, and otherwise, (ii) after the 6-month period following the Issue Date, and in each case, prior to the close of business on the earlier of the Maturity Date and the last business day immediately preceding any date fixed for redemption, into a number of Common Shares based on the Conversion Price, as adjusted from time to time. Holders of the Backstop Notes will receive restricted Common Shares under U.S. securities laws upon conversion of the Backstop Notes and will not be able to convert unless they are eligible to receive the Common Shares in accordance with applicable law.

Upon conversion, holders of New Notes will receive a separate payment for accrued and unpaid interest to, but excluding, the date of conversion, except as described below.

If New Notes are converted after a regular record date for the payment of interest, holders of record of such New Notes will receive all of the interest payable on such New Notes on the corresponding interest payment date notwithstanding the conversion. New Notes, upon surrender for conversion during the period beginning after any record date to the immediately following interest payment date, must be accompanied by funds equal to the amount of interest that would accrue from the date of conversion to, but excluding, the interest payment date, unless (i) such New Notes have been called for redemption by the Company or (ii) such interest payment date is the maturity date of the New Notes.

**Conversion
Adjustments:**

The indenture will provide for the adjustment of the Conversion Price in certain events including, without limitation,

- (i) the subdivision or consolidation of the outstanding Common Shares;
- (ii) the issue of Common Shares or securities convertible into Common Shares by way of stock dividend or other distribution;
- (iii) the issue of rights, options or warrants with an exercise period of less than 60 days to all of the holders of Common Shares entitling them to acquire Common Shares or other securities

convertible into Common Shares at less than 95% of the then market price;

- (iv) the distribution to all holders of Common Shares of any other securities or assets (including through a spin-off);
- (v) the payment to all holders of Common Shares in respect of an issuer tender offer or exchange offer for Common Shares by the Company to the extent that the market value of the payment exceeds the then market price of the Common Shares on the date of expiry of the bid; and
- (vi) the payment of cash dividends that exceed ordinary-course periodic dividends on the Common Shares.

Redemption:

Mandatory: In the event of an Asset Sale (to be defined) with more than \$100 million of net cash proceeds from such Asset Sale, occurring within six months after the Issue Date, the Company shall apply the net cash proceeds from such Asset Sale to redeem New Notes at a price equal to 105% of the par value of the New Notes, plus accrued and unpaid interest to the redemption date; provided that (i) in the case of each such Asset Sale, the Company has minimum Liquidity, after giving effect to such Asset Sale and application of the net cash proceeds thereof, of at least \$600 million, and (ii) the Company is permitted to make such redemption by the agreements governing its outstanding indebtedness, which the Company will use commercially reasonable efforts to permit such redemption, subject to compliance with the foregoing liquidity requirement.

Optional: During the period commencing on the 61st day following the Issue Date and ending on the first interest payment date, if US\$100 million or less of the New Notes are outstanding, the Company may, from time to time, optionally redeem such New Notes at a price of 105% of the par value of the New Notes, plus accrued and unpaid interest to the redemption date. Otherwise, three-year non-call, callable at the greater of Market and 110% of par in year 4, 112% of par in year 5, 115% of par in year 6 and par thereafter, in each case, plus accrued and unpaid interest to the redemption date.

"Market" means a value to be determined by the Board, which will retain a nationally recognized investment bank to make a reasonable determination of market value, which will assume, among other factors, a 35% volatility and a market price for the Common Share based on the trailing 20-day VWAP on the Primary Trading Market immediately prior to the date of the notice of the call.

Fundamental Change:

Upon a Fundamental Change (as defined below), holders of the New Notes will have the right to require the Company to repurchase their New Notes, in whole or in part, at a price equal to the accreted value of

the principal amount of the New Notes based on the original issue price (less the Upfront Payment) plus accrued and unpaid interest thereon to such repurchase date.

A "**Fundamental Change**" shall mean the occurrence of any of the following: (i) the acquisition of 50% or more of the Common Shares by any person or group, (ii) a merger, sale of all or substantially all of the Company's assets, share exchange or recapitalization the result of which less than 50% of common equity of the continuing entity is held by holders of the common equity of the Company immediately prior to such transaction, (iii) a majority of directors cease to be "continuing directors" as customarily defined, (iv) stockholders of the Company approve a plan of liquidation or dissolution of the Company, or (v) after the Common Shares are listed, they cease to be listed, provided, however, a Fundamental Change under clause (i) or (ii) shall not be deemed to have occurred if at least 90% of the consideration received or to be received by holders of Common Shares, excluding cash payments for fractional shares, in connection with the transaction or transactions constituting the Fundamental Change consists of shares of common stock, American Depositary Receipts, American Depositary Shares (or other similar instruments) traded on a national securities exchange in the United States or Canada or which will be so traded or quoted when issued or exchanged in connection with a Fundamental Change (these securities being referred to as "**Publicly Traded Securities**") and as a result of this transaction or transactions the debentures become convertible into such Publicly Traded Securities, excluding cash payments for fractional shares.

**Covenants;
Events of Default:**

Will contain a customary SEC and SEDAR reporting covenant.

Will contain events of default customary for market converts. Will permit the Company to elect that the sole remedy for a default caused by a failure to comply with the reporting covenant be the payment of additional interest on the Notes for up to 180 days, rather than acceleration.

Registration Rights:

With respect to the Backstop Notes and the Common Shares issuable upon conversion thereof, the Company will:

- file with SEC within 30 days after the earlier of (i) the date the Company becomes S-3 eligible (and has filed the information required by Part III of Form 10-K) and (ii) April 30, 2011, and
- use commercially reasonable efforts to cause to become effective within 75 days after the earlier of (i) the date the Company becomes S-3 eligible (and has filed the information required by Part III of Form 10-K) and (ii) April 30, 2011,

a shelf registration statement with respect to the resale of the Backstop Notes and the underlying Common Shares upon conversion of the Backstop Notes.

If the Company fails to file such shelf registration statement or register the Backstop Notes and the underlying Common Shares upon conversion of the Backstop Notes by the dates set forth above, the Company will be required to pay additional interest of 0.25% per annum to the holders of the Backstop Notes until such time as the registration statement becomes effective.

The Company will keep the registration statement effective until the date that is two years from the date of effectiveness of the registration statement.

**Documentation
and Listing:**

The terms of the indenture, the form of New Notes, and other applicable documentation related to the New Notes are to be proposed by and in form and substance reasonably satisfactory to the Company and the Investors.

Company will make an application to list the Common Shares to be issued pursuant to the Plans and upon conversion or otherwise on (i) either the NASDAQ or the NYSE and (ii) the TSX.

Summary of Convertible Unsecured Subordinated Notes

The following is a summary of certain key terms of the Convertible Unsecured Subordinated Notes available for purchase through the Rights Offering. Further details regarding the Convertible Unsecured Subordinated Notes are set forth in the Backstop Commitment Agreement, which is attached as an exhibit to the Disclosure Statement and the Information Circular.

Issuer: AbitibiBowater Inc., a holding company incorporated under the laws of the United States or Canada, as formed or reorganized pursuant to the Plans (the "**Company**").

Form of Offering: The Debtors will issue rights to purchase new notes (the "**New Notes**") of the Company (the "**Rights**") to Eligible Holders of Eligible Claims against the Debtors in connection with the Plans (the "**Rights Offering**"). The Rights Offering terms are described in the Backstop Commitment Agreement.

Issue Amount: New Notes (which collectively shall consist of \$1145 Notes and Backstop Notes (each as hereinafter defined)) to be issued in an amount (the "**Amount**") not to exceed the lesser of:

- A) US\$500 million; and
- B) the sum of:
 - (i) US\$325 million; and
 - (ii) US\$1,400 million less the sum of the Available Cash (as defined below) of the Company as of the Effective Date and aggregate principal amount of term indebtedness outstanding under the Exit Financing Facilities (as described in the Plans) and any other available facilities at such time.

The Amount is subject to further reduction by the amount of Liquidity (as defined below) of the Company at the Effective Date in excess of \$600 million. Any such reduction will be made as provided by the Backstop Commitment Agreement. Available Cash and Liquidity shall have the meaning set forth in the Backstop Commitment Agreement.

Purchase Price: 100% of the principal amount.

Upfront Payment: The Company will pay to each Eligible Holder that subscribes to Rights to purchase New Notes an amount equal to 4% of the aggregate principal amount of such New Notes on the Effective Date, upon issuance of the New Notes.

Coupon:	<p>10%, payable semi-annually in arrears commencing on the date that is six months after the Closing Date, computed on the basis of a 360-day year composed of twelve 30-day months.</p> <p>Subject to any required regulatory approval and provided no event of default has occurred and is continuing, with respect to any interest period, the Company shall have the option to pay half (i.e., 5%) of such interest by issuing additional New Notes ("PIK Notes"), provided that if the Company so elects to pay half of the coupon in PIK Notes, the portion of the coupon so payable with respect to such interest period shall be 6% rather than the 5% that would have been payable by the Company had it paid in cash.</p>
Use of Proceeds:	The proceeds from the issuance and sale of the New Notes shall be used to fund the Debtors' cash needs in connection with consummation of the Plans.
Closing Date:	The date of the consummation of the Plans in form and substance reasonably acceptable to the Investors and consistent with the Backstop Commitment Agreement, and this New Notes Term Sheet (the " Closing "), which date shall be the later to occur of (A) October 15, 2010 and (B) the date that is the earlier to occur of (x) December 31, 2010 and (y) the latest date on which any of the Company's commitments for Exit Financing Facilities are scheduled to expire so long as the Company's commitments for the Exit Financing Facilities are acceptable to Majority Investors (as defined in the Backstop Commitment Agreement).
Investors:	<p>The Company shall offer New Notes to the Eligible Holders (such New Notes being collectively referred to as the "§1145 Notes"), with each of the Eligible Holders entitled to purchase up to its pro rata share of the New Notes (such purchasing Eligible Holders, collectively, the "New Notes Investors") on the terms set forth in the Backstop Commitment Agreement.</p> <p>The Investors shall enter into agreement(s) to subscribe, in accordance with Schedule 1(h) to the Backstop Commitment Agreement, for any portion of the New Notes not subscribed for by the Eligible Holders (the "Backstop Notes"). As consideration for their commitment to subscribe for such Backstop Notes, the Investors shall be entitled to receive the payments as set forth in, and in accordance with the terms of, the Backstop Commitment Agreement.</p>
Exemptions / Transfer:	The issuance of Rights to the creditors and the exercise of the Rights are intended to be exempt from registration under the Securities Act of 1933 (the " Securities Act ") pursuant to Section 1145 of the Bankruptcy Code and exempt from any prospectus requirement under corresponding Canadian securities laws exemptions.

The amount of New Rights that each Eligible Holder may subscribe for in the Rights Offering may be decreased by the Issuer to the extent required to allow the Rights Offering to be exempt from registration under the Securities Act pursuant to Section 1145 of the Bankruptcy Code.

After the consummation of the Rights Offering, subject to applicable securities laws, the New Notes Investors and their respective permitted transferees shall have the right to transfer freely the §1145 Notes or the Common Shares received upon conversion of the §1145 Notes at any time.

The issuance of Backstop Notes to the Investors pursuant to the Backstop Commitment Agreement is intended to be exempt from Securities Act registration under Section 4(2) of the Securities Act and exempt from any prospectus requirement under Canadian securities laws. After consummation of the Rights Offering, the Backstop Notes may not be offered or sold except pursuant to an exemption from the registration requirements of the Securities Act or any applicable state laws or pursuant to a registration statement.

Denomination: New Notes shall be issued in a minimum denomination of US\$1.00 per New Note (and integral multiples thereof).

Conversion Price: The New Notes shall be convertible as described below into the common stock, par value \$0.001 per share, of the Company (the "Common Shares") at the Conversion Price.

The "Conversion Price" shall equal (x) \$1,800 million (plus any consideration to be received upon issuance of common shares outstanding on a fully-diluted basis on the Effective Date after giving effect to the consummation of the Plans, other than Common Shares issuable upon conversion of the New Notes and any Common Shares issued as part of the backstop payment) divided by (y) the number of Common Shares outstanding on a fully diluted basis on the Effective Date after giving effect to the consummation of the Plans, other than Common Shares issuable upon conversion of the New Notes and any Common Shares issued as part of the backstop payment, the issuance of which would be anti-dilutive as of the Effective Date.

Maturity Date: The New Notes will mature seven (7) years from the date of Closing (the "Issue Date").

Guarantees: The New Notes will be guaranteed by the wholly-owned U.S. subsidiaries of the Company (the "Guarantees").

Ranking: The New Notes and the Guarantees shall be subordinated in right of payment to the Company's and the Guarantors' obligations under the

Company's Exit Financing Facilities, which may include unsecured financings (or replacements or refinancings thereof), and any other unsecured or secured senior debt in an amount not to exceed \$200 million in the aggregate. Except as provided in the preceding sentence, the New Notes and the Guarantees shall be *pari passu* in right of payment with all senior unsecured obligations of the Company or the relevant Guarantor.

Conversion Rights:

The New Notes will be convertible at the option of the holder (i) in the event of a redemption at the option of the Company, and otherwise, (ii) after the 6-month period following the Issue Date, and in each case, prior to the close of business on the earlier of the Maturity Date and the last business day immediately preceding any date fixed for redemption, into a number of Common Shares based on the Conversion Price, as adjusted from time to time. Holders of the Backstop Notes will receive restricted Common Shares under U.S. securities laws upon conversion of the Backstop Notes and will not be able to convert unless they are eligible to receive the Common Shares in accordance with applicable law.

Upon conversion, holders of New Notes will receive a separate payment for accrued and unpaid interest to, but excluding, the date of conversion, except as described below.

If New Notes are converted after a regular record date for the payment of interest, holders of record of such New Notes will receive all of the interest payable on such New Notes on the corresponding interest payment date notwithstanding the conversion. New Notes, upon surrender for conversion during the period beginning after any record date to the immediately following interest payment date, must be accompanied by funds equal to the amount of interest that would accrue from the date of conversion to, but excluding, the interest payment date, unless (i) such New Notes have been called for redemption by the Company or (ii) such interest payment date is the maturity date of the New Notes.

**Conversion
Adjustments:**

The indenture will provide for the adjustment of the Conversion Price in certain events including, without limitation,

- (vii) the subdivision or consolidation of the outstanding Common Shares;
- (viii) the issue of Common Shares or securities convertible into Common Shares by way of stock dividend or other distribution;
- (ix) the issue of rights, options or warrants with an exercise period of less than 60 days to all of the holders of Common Shares entitling them to acquire Common Shares or other securities

convertible into Common Shares at less than 95% of the then market price;

- (x) the distribution to all holders of Common Shares of any other securities or assets (including through a spin-off);
