Case No. 08-11973

Attachment B(20)

| <i>Title/Trademark</i> | <i>Total Amt</i> | <i>Description</i>  | <i>Registration No.</i> | <i>Issue Date</i> |
|------------------------|------------------|---|-------------------------|-------------------|
| Patent                 | Unknown          | Method Of Manufacturing An In-Mold Laminate Component   | 7425122                 | 16-Sep-08         |
| Patent                 | Unknown          | Method Of Manufacturing An In-Mold Laminate Composition   | 7101505                 | 05-Sep-06         |
| Patent                 | Unknown          | Mold For Molding Metal-Covered Component  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Cover Having An Applique Fastened Thereto   | 5529336                 | 25-Jun-96         |
| Patent                 | Unknown          | Air Bag Cover Having A Hidden Break Seam  | 5498026                 | 12-Mar-96         |
| Patent                 | Unknown          | Snap-On Air Bag Cover   | 5501485                 | 26-Mar-96         |
| Patent                 | Unknown          | Air Bag Cover And Method Of Making Same   | 6158764                 | 12-Dec-00         |
| Patent                 | Unknown          | Method And System For Manufacturing An Air Bag Cover Assembly Including A Switch  | 6881296                 | 19-Apr-05         |
| Patent                 | Unknown          | Composite Removable Hard Top  | 6575521                 | 10-Jun-03         |
| Patent                 | Unknown          | Method Of Manufacturing An In-Mold Laminate Component   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Natural Wood-Covered Plastic Part Such As A Vehicle Part And Method Of Manufacturing Same   | 5744210                 | 28-Apr-98         |
| Patent                 | Unknown          | Method Of Manufacturing An In-Mold Laminate Component   | 6428738                 | 06-Aug-02         |
| Patent                 | Unknown          | Method Of Manufacturing An In-Mold Laminate Component   | 6620371                 | 16-Sep-03         |
| Patent                 | Unknown          | Air Bag Cover Having A Decorative Applique Preform Bonded Thereto And Method Of Making Same   | 6082762                 | 04-Jul-00         |
| Patent                 | Unknown          | Foil-Covered Plastic Part And Method Of Making Same   | 6280823                 | 28-Aug-01         |
| Patent                 | Unknown          | Air Bag Cover Having A Flexible Decorative Badge  | 6209905                 | 03-Apr-01         |
| Patent                 | Unknown          | Foil-Covered Automatic Interior Plastic Part Having A Decorative Preform And Method Of Making Same  | 6180207                 | 30-Jan-01         |
| Patent                 | Unknown          | Air Bag Cover Having A Switch Assembly Disposed Therein   | 5590902                 | 07-Jan-97         |
| Patent                 | Unknown          | Automotive Seat Plastic Air Bag Cover   | 5683101                 | 04-Nov-97         |
| Patent                 | Unknown          | Air Bag Cover Assembly Having A Membrane Switch And An Ornamental Pad Permanently Fastened Thereto And Method Of Making Same              | 6053526                 | 25-Apr-00         |
| Patent                 | Unknown          | Mold For Use In A Gas-Assisted Injection Molding System And Gas Pin Assembly For Use Therein  | 6120275                 | 19-Sep-00         |
| Patent                 | Unknown          | Air Bag Deployment Chute And Panel Assembly   | 6672611                 | 06-Jan-04         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch With Enhanced Activation   | 5642901                 | 01-Jul-97         |
| Patent                 | Unknown          | Assembly For Enclosing And Protecting A Plurality Of Meters For Storage Or Transportation Purposes And Carrier And Pallet For Use Therein | 6823803                 | 30-Nov-04         |
| Patent                 | Unknown          | Reinforced Composite Pallet Assembly Of The Sandwich-Type With A Locally Crushed Cellular Core  | 6748876                 | 15-Jun-04         |
| Patent                 | Unknown          | Method And Mold To Make Plastic Articles Having Reduced Surface Defects And Assembly For Use Therein                                      | 6164953                 | 26-Dec-00         |
| Patent                 | Unknown          | Energy Absorbing External Component For Vehicle   | 6758507                 | 06-Jul-04         |
| Patent                 | Unknown          | Plastic Shopping Cart   | 6761364                 | 13-Jul-04         |
| Patent                 | Unknown          | Design: Vehicle Console   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Design: Vehicle Center Stack Instrument Panel   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Design: Vehicle Center Stack Instrument Panel   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Unitary Composite Air Bag Cover And Method Of Making Same   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Reinforced Composite Inner Roof Panel Of The Cellular Core Sandwich-Type And Method Of Making Same  | Unknown                 | Unknown           |

| <i>Title/Trademark</i> | <i>Total Amt</i> | <i>Description</i>   | <i>Registration No.</i> | <i>Issue Date</i> |
|------------------------|------------------|--|-------------------------|-------------------|
| Patent                 | Unknown          | Method Of Making A Sandwich-Type Composite Panel Having A Hinge, And Panel Obtained By Performing Such Method                                    | Unknown                 | Unknown           |
| Patent                 | Unknown          | Carbon Fiber-Filled Sheet Molding Compound And Method Of Manufacturing Same  | 6901986                 | 07-Jun-05         |
| Patent                 | Unknown          | Foil-Covered Plastic Part And Method Of Making Same  | 6391242                 | 21-May-02         |
| Patent                 | Unknown          | Molding Method And Metal-Covered Component Formed Thereby  | 6818305                 | 16-Nov-04         |
| Patent                 | Unknown          | Foil-Covered Automotive Interior Plastic Part Having A Decorative Preform And Method Of Making Same  | 6398897                 | 04-Jun-02         |
| Patent                 | Unknown          | Method Of Making An Air Bag Cover Having Decorative Applique Preform Bonded Thereto  | 6395219                 | 28-May-02         |
| Patent                 | Unknown          | Foil-Covered Plastic Part And Method Of Making Same  | 6132662                 | 17-Oct-00         |
| Patent                 | Unknown          | Molded Painted Plastic Component Being An Integrally Formed Badge  | 6939597                 | 06-Sep-05         |
| Patent                 | Unknown          | Method Of Making A Unitary Composite Steering Wheel And Air Bag Cover Assembly For An Inflatable Air Bag System                                  | 6017481                 | 25-Jan-00         |
| Patent                 | Unknown          | Air Bag Cover Having A Hidden Tear Seam  | 6050594                 | 18-Apr-00         |
| Patent                 | Unknown          | Method Of Making An Air Bag Cover  | 5868988                 | 09-Feb-99         |
| Patent                 | Unknown          | Method And Apparatus Of Making Air Bag Cover Having A Visually Perceptible Tear Seam   | 6296802                 | 02-Oct-01         |
| Patent                 | Unknown          | Method For Making A Lightweight, Thermoplastic, Vehicle Headliner Having At Least One Integrally Formed, Energy-Absorbing, Head-Impact Mechanism | 7182908                 | 27-Feb-07         |
| Patent                 | Unknown          | Method Of Making A Molded Plastic Component Having Enhanced Surface Finish   | 6749795                 | 15-Jun-04         |
| Patent                 | Unknown          | Removable Hard Top For An Automotive Vehicle And Method Of Making A Composite Removable Hard Top   | 6438843                 | 27-Aug-02         |
| Patent                 | Unknown          | Injection Molded Thermoplastic Integrated Front End Reinforcement And Method Of Making Same  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Injection Molded Thermoplastic Integrated Front End Reinforcement And Method Of Making Same  | 6293615                 | 25-Sep-01         |
| Patent                 | Unknown          | Method Of Blow Molding Vehicle Body Panels   | 6470573                 | 29-Oct-02         |
| Patent                 | Unknown          | Method For Co-Molding A Thermoplastic Material With A Thermoplastic Sandwich Material And Article Produced Thereby                               | 6790026                 | 14-Sep-04         |
| Patent                 | Unknown          | System For Molding Thermoplastic Sandwich Material And Deep-Drawn Article Produced Thereby   | 6981863                 | 03-Jan-06         |
| Patent                 | Unknown          | Method And System For Bonding Plastic Parts Together   | 6619358                 | 16-Sep-03         |
| Patent                 | Unknown          | Injection Molded Thermoplastic Integrated Front End Reinforcement And Method Of Making Same  | 7007385                 | 07-Mar-06         |
| Patent                 | Unknown          | Method Of Making A Reinforced Composite Panel Of The Cellular-Core Sandwich Type, And A Panel Obtained By Performing Such A Method               | 6537413                 | 25-Mar-03         |
| Patent                 | Unknown          | Automotive Air Bag Cover Having A Horn Switch Formed Therein   | RE35031                 | 05-Sep-95         |
| Patent                 | Unknown          | Reinforced Composite Inner Roof Panel Of The Cellular Core Sandwich-Type And Method Of Making Same   | 6890023                 | 10-May-05         |
| Patent                 | Unknown          | Carbon Fiber-Filled Sheet Molding Compound And Method Of Manufacturing Same  | 6508906                 | 21-Jan-03         |

| Title/Trademark | Total Amt | Description   | Registration No. | Issue Date |
|-----------------|-----------|---|------------------|------------|
| Patent          | Unknown   | Air Bag Cover Having An Applique Fastened Thereto And Method Of Manufacturing Same  | 5487557          | 30-Jan-96  |
| Patent          | Unknown   | Method And System For Automated Assembly Of Parts Such As Plastic Parts   | 5276957          | 11-Jan-94  |
| Patent          | Unknown   | Plastic Pallet Assembly   | 5497709          | 12-Mar-96  |
| Patent          | Unknown   | Stylus Device For Use In A Scuffing Head Assembly   | 5486658          | 23-Jan-96  |
| Patent          | Unknown   | Air Bag Module  | 5639112          | 17-Jun-97  |
| Patent          | Unknown   | Method And System For Reproduction Of An Article From A Physical Model  | 5552992          | 03-Sep-96  |
| Patent          | Unknown   | Air Bag Cover Having A Tear Seam Membrane Switch  | 5465998          | 14-Nov-95  |
| Patent          | Unknown   | Plastic Air Bag Cover Having An Integrated Occupant-Sensing Sensor Module   | 5549323          | 27-Aug-96  |
| Patent          | Unknown   | Thermoplastic Air Bag Cover Having A Membrane Switch  | 5520412          | 28-May-96  |
| Patent          | Unknown   | Thermoplastic Air Bag Cover Assembly Having Switch And Method Of Making Same  | 5685561          | 11-Nov-97  |
| Patent          | Unknown   | Unitary Composite Steering Wheel And Air Bag Cover Assembly And Method Of Making Same   | 5765864          | 16-Jun-98  |
| Patent          | Unknown   | Apparatus For Making An Air Bag Cover Having A Hidden Tear Seam   | 5776522          | 07-Jul-98  |
| Patent          | Unknown   | Air Bag Cover And Method Of Making Same   | 6047984          | 11-Apr-00  |
| Patent          | Unknown   | Method And System For Building A Data Model Oaf Physical Part In A Data Format Useful For Andre Production Of The Part  | 6073056          | 06-Jun-00  |
| Patent          | Unknown   | Injection Molding Apparatus For Molding Thermoplastic Air Bag Covers  | 5922368          | 13-Jul-99  |
| Patent          | Unknown   | Method And System For Manufacturing An Air Bag Cover Assembly Including A Switch  | 6579402          | 17-Jun-03  |
| Patent          | Unknown   | Cover System For A Golf Cart  | 6220657          | 24-Apr-01  |
| Patent          | Unknown   | Cigar Holder  | 6109271          | 29-Aug-00  |
| Patent          | Unknown   | Mold For Use In A Gas-Assisted Injection Molding System And Gas Pin Assembly For Use Therein  | 6053720          | 25-Apr-00  |
| Patent          | Unknown   | Cigar And Cigarette Ashtray   | 5927286          | 27-Jul-99  |
| Patent          | Unknown   | Air Bag Cover Assembly Including A Switch Fastenable To An Air Bag Housing Assembly   | 5979933          | 09-Nov-99  |
| Patent          | Unknown   | Hollow Plastic Article Formed By A Gas-Assisted Injection Molding System  | 6322865          | 27-Nov-01  |
| Patent          | Unknown   | Mold For Use In A Gas-Assisted Injection Molding System And Runner Shut-Off Subsystem For Use Therein   | 6062842          | 16-May-00  |
| Patent          | Unknown   | Air Bag Cover Having A Visually Perceptible Tear Seam   | 6042140          | 28-Mar-00  |
| Patent          | Unknown   | Mold For Use In A Gas-Assisted Injection Molding System And Ejector Pin Subsystem Including Blocking Pin Assembly For Use Therein   | 6042356          | 28-Mar-00  |
| Patent          | Unknown   | Lightweight, Thermoplastic, Vehicle Headliner Having At Least One Integrally-Formed, Energy-Absorbing, Head-Impact Mechanism And Injection Molding Method For Making Same | 6475937          | 05-Nov-02  |
| Patent          | Unknown   | Molded Plastic Component Having Enhanced Surface Finish   | 6686007          | 03-Feb-04  |
| Patent          | Unknown   | Air Bag Cover Assembly Having A Switch Module And Method Of Making Same   | 6079734          | 27-Jun-00  |
| Patent          | Unknown   | Motor Vehicle Trim Assembly Including A Hollow Plastic Panel For A Side Impact Inflatable Air Bag System  | 6364346          | 02-Apr-02  |
| Patent          | Unknown   | Door Trim Panel Assembly And Plastic Inner Panel For Use Therein  | 6119406          | 19-Sep-00  |
| Patent          | Unknown   | Trim Panel Assembly And Plastic Interior Trim Panel For Use Therein   | 6196607          | 06-Mar-01  |

| <i>Title/Trademark</i> | <i>Total Amt</i> | <i>Description</i>  | <i>Registration No.</i> | <i>Issue Date</i> |
|------------------------|------------------|---|-------------------------|-------------------|
| Patent                 | Unknown          | Removable Hard Top For An Automotive Vehicle And Method Of Making A Composite Removable Hard Top                        | 6135535                 | 24-Oct-00         |
| Patent                 | Unknown          | Snap-On Thermoplastic Air Bag Cover With Enhanced Moldability   | 6347806                 | 19-Feb-02         |
| Patent                 | Unknown          | Injection Molded Thermoplastic Integrated Front End Reinforcement And Method Of Making Same                             | 6287442                 | 11-Sep-01         |
| Patent                 | Unknown          | Air Bag Cover With A Non-Exposed Tear Seam  | 6341796                 | 29-Jan-02         |
| Patent                 | Unknown          | Occupant Protection System For Vehicle With Air Bag   | 7004499                 | 28-Feb-06         |
| Patent                 | Unknown          | Shopping Cart Having Additional Storage Capacity  | 6406041                 | 18-Jun-02         |
| Patent                 | Unknown          | Step For Entering And Exiting A Vehicle And Method Of Making Same   | 6481733                 | 19-Nov-02         |
| Patent                 | Unknown          | Lightweight Vehicle Body Panels And Method Of Blow Molding Vehicle Body Panels  | 6299244                 | 09-Oct-01         |
| Patent                 | Unknown          | Air Bag Deployment Chute And Panel Assembly   | 6467801                 | 22-Oct-02         |
| Patent                 | Unknown          | Automobile Vehicle Including Associated Body Parts With Reduced Clearance   | 6868930                 | 22-Mar-05         |
| Patent                 | Unknown          | Reinforced Composite Vehicle Load Floor Of The Cellular Core Sandwich-Type  | 6843525                 | 18-Jan-05         |
| Patent                 | Unknown          | Method For Co-Molding A Thermoplastic Material With A Thermoplastic Sandwich Material                                   | 6682675                 | 27-Jan-04         |
| Patent                 | Unknown          | Knee Bolster Airbag System  | 6464255                 | 15-Oct-02         |
| Patent                 | Unknown          | Motor Vehicle Instrument Panel Having Integrally Hinged Air Bag Door  | 6168188                 | 02-Jan-01         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Domed Front Panel And Multifunctional Unitary Switching Module                     | 5678849                 | 21-Oct-97         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Unitary Multifunctional Domed Switching Module                                     | 5542694                 | 06-Aug-96         |
| Patent                 | Unknown          | Method For Molding A Thermoplastic Sandwich Material  | 6682676                 | 27-Jan-04         |
| Patent                 | Unknown          | Plastic Panel With Integrally Molded Speaker Grille   | 6672650                 | 06-Jan-04         |
| Patent                 | Unknown          | Method For Molding An Impact Resistant Automotive Part  | 6649109                 | 18-Nov-03         |
| Patent                 | Unknown          | Method And System For Bonding Plastic Parts Together  | 6251202                 | 26-Jun-01         |
| Patent                 | Unknown          | Reinforced Composite Pallet Assembly Of The Cellular Core Sandwich-Type   | 6655299                 | 02-Dec-03         |
| Patent                 | Unknown          | Mold For Use In Plastic Injection Molding System And Venting Pin Assembly For Use Therein                               | 6042361                 | 28-Mar-00         |
| Patent                 | Unknown          | Energy-Absorbing Bolster For An Automotive Instrument Panel Assembly  | 7201434                 | 10-Apr-07         |
| Patent                 | Unknown          | Air Bag Cover Assembly Including An Air Bag Deployment Concentrator And At Least One Integrally Hinged Air Bag Door     | 7380814                 | 03-Jun-08         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Mountable Onto An Air Bag Container Assembly  | 6260876                 | 17-Jul-01         |
| Patent                 | Unknown          | Plastic Air Bag Cover Having An Integrated Light Source   | 5558364                 | 24-Sep-96         |
| Patent                 | Unknown          | Mold For Use In A Gas-Assisted Injection Molding System And Ejector Pin Subsystem Including A Split Pin For Use Therein | 6042355                 | 28-Mar-00         |
| Patent                 | Unknown          | Mold For Use In A Gas-Assisted Injection Molding System And Adjustable Overflow Pin Assembly For Use Therein            | 5869105                 | 09-Feb-99         |
| Patent                 | Unknown          | Electric Utility Cross Arm  | 6667442                 | 23-Dec-03         |
| Patent                 | Unknown          | Cargo Management/Load Floor 4 Function  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Chrome-Plated Pad-Printed Object And Method For Printing On A Chrome Plated Object                                      | Unknown                 | Unknown           |

| <i>Title/Trademark</i> | <i>Total Amt</i> | <i>Description</i>  | <i>Registration No.</i> | <i>Issue Date</i> |
|------------------------|------------------|---|-------------------------|-------------------|
| Patent                 | Unknown          | Method For Forming A Sheet, Fiber And Resin Composite   | 6855283                 | 15-Feb-05         |
| Patent                 | Unknown          | Method And System For Producing A 3-D Deep -Drawn Article Using A Thermoplastic Sandwich Material       | 6280551                 | 28-Aug-01         |
| Patent                 | Unknown          | Air Bag Covering Assembly And Method And Apparatus For The Production Of An Air Bag Covering            | Unknown                 | Unknown           |
| Patent                 | Unknown          | Dimensionally Stable Parts Having Good Torsional Stability And Compositions And Methods For Making Same | 6833094                 | 21-Dec-04         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch  | 696105578               | 04-Oct-00         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Unitary Multifunctional Domed Switching Module                     | 696105551               | 04-Oct-00         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch With Enhanced Activation                           | 696042959               | 15-Sep-99         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch With Enhanced Activation                           | 0837794                 | 15-Sep-99         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch With Enhanced Activation                           | 0837794                 | 15-Sep-99         |
| Patent                 | Unknown          | Method For Priming Smc Parts  | 600292533               | 05-Jul-06         |
| Patent                 | Unknown          | Method For Priming Smc Parts  | 1272343                 | 05-Jul-06         |
| Patent                 | Unknown          | Method For Priming Smc Parts  | 1272343                 | 05-Jul-06         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch  | 695760                  | 03-Dec-98         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch  | 0828637                 | 04-Oct-00         |
| Patent                 | Unknown          | Air Bag Cover And Method Of Making Same   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Panel Assembly For Deployment Of An Air Bag   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Knee Bolster Airbag System  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Domed Front Panel And Multifunctional Unitary Switching Module     | 698735                  | 18-Feb-99         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Unitary Multifunctional Domed Switching Module                     | 0828635                 | 04-Oct-00         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Unitary Multifunctional Domed Switching Module                     | 695452                  | 26-Nov-98         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch With Enhanced Activation                           | 0837794                 | 15-Sep-99         |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch With Enhanced Activation                           | 702364                  | 03-Jun-99         |
| Patent                 | Unknown          | Plastic Panel With Integrally Molded Speaker Grille   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Plastic Air Bag Cover Having An Integrated Light Source   | 696317                  | 03-Sep-98         |
| Patent                 | Unknown          | Carbon Fiber-Filled Sheet Molding Compound And Method Of Manufacturing Same                             | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Cover Having A Decorative Applique Perform Bonded Thereto And Method Of Making Same             | 19941433                | 12-Apr-07         |
| Patent                 | Unknown          | Foil-Covered Plastic Part And Method Of Making Same   | 199402442               | 23-Nov-00         |
| Patent                 | Unknown          | Air Bag Cover Having A Flexible Decorative Badge  | Unknown                 | Unknown           |
| Patent                 | Unknown          | In-Mold Laminate Component And Method Of Manufacture  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Cover With A Hidden Switch Assembly   | 95020806                | 13-Sep-99         |

| <i>Title/Trademark</i> | <i>Total Amt</i> | <i>Description</i>  | <i>Registration No.</i> | <i>Issue Date</i> |
|------------------------|------------------|---|-------------------------|-------------------|
| Patent                 | Unknown          | An Air Bag Cover With A Hidden Switch Assembly  | 2298831                 | 01-Sep-99         |
| Patent                 | Unknown          | Hollow Plastic Article Formed By A Gas-Assisted Injection Molding System  | 19932278                | 27-Apr-06         |
| Patent                 | Unknown          | Lightweight, Thermoplastic, Vehicle Headliner Having At Least One Integrally-Formed, Energy-Absorbing, Head-Impact Mechanism And Injection Molding Method For Making Same | Unknown                 | Unknown           |
| Patent                 | Unknown          | Molded Plastic Component Having Enhanced Surface Finish   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Motor Vehicle Trim Assembly Including A Hollow Plastic Panel For A Side Impact Inflatable Air Bag System  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Door Trim Panel Assembly And Plastic Inner Panel For Use Therein  | 19960006                | 27-Mar-08         |
| Patent                 | Unknown          | Method And System For Co-Molding A Thermoplastic Material With A Thermoplastic Sandwich Material And Article Produced Thereby   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Method And System For Co-Molding A Thermoplastic Material With A Thermoplastic Sandwich Material And Article Produced Thereby   | 0103465                 | 26-Jan-07         |
| Patent                 | Unknown          | Motor Vehicle Instrument Panel Having Integrally Hinged Air Bag Door  | 19930382                | 08-May-08         |
| Patent                 | Unknown          | Method And System For Molding Thermoplastic Sandwich Material And Deep-Drawn Article Produced Thereby   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Method And System For Molding Thermoplastic Sandwich Material And Deep-Drawn Article Produced Thereby   | 0103466                 | 19-Jan-07         |
| Patent                 | Unknown          | Method For Molding And Impact Resistant Automotive Part Produced Thereby  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Method And System For Bonding Plastic Parts Together  | 10021445                | 12-Jul-07         |
| Patent                 | Unknown          | Method And Mold To Make Plastic Articles Having Reduced Surface Defects And Assembly For Use Therein  | 19940245                | 13-Dec-07         |
| Patent                 | Unknown          | Method Of Manufacturing A Painted Vehicle Part  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Natural Wood-Covered Plastic Part And Method  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Automotive Seat Plastic Air Bag Cover   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Thermoplastic Air Bag Cover Having A Membrane Switch  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Composite Steering Wheel And Air Bag Cover  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Cover Having A Hidden Tear Seam And Method And Apparatus Of Making Same   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Cover And Method Of Making Same   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Injection Molded Thermoplastic Integrated Front End Reinforcement And Method Of Making Same   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Cover With Non-Exposed Tear Seam  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Occupant Protection System For Vehicle With Air Bag   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Lightweight Vehicle Body Panels And Method Of Blow Molding Vehicle Body Panels  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Air Bag Deployment Chute And Panel Assembly   | Unknown                 | Unknown           |
| Patent                 | Unknown          | Reinforced Composite Pallet Assembly  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Reinforced Composite Pallet Assembly Of The Sandwich-Type With A Locally Crushed Cellular Core  | Unknown                 | Unknown           |
| Patent                 | Unknown          | Plastic Air Bag Cover Having An Integrated Light Source   | Unknown                 | Unknown           |
