#### NOTES AND SPECIFIC DISCLOSURES REGARDING DEBTORS' STATEMENTS OF OPERATIONS AND BALANCE SHEET

## 1. Basis of Presentation

The accompanying consolidated financial statements of the Debtors have been prepared solely for the purpose of complying with the monthly reporting requirements of the U.S. Bankruptcy Court of the District of New Hampshire (referred to herein as the "Monthly Operating Report"). The Monthly Operating Report is limited in scope, covers a limited time period and the schedules contained herein were not audited or reviewed by independent accountants nor are they intended to reconcile to any financial statements otherwise prepared or distributed by the Debtors or any of the Debtors' affiliates. Furthermore, because the Debtors' accounting systems, policies, and practices were developed with a view to producing consolidated financial reporting on a quarterly basis, rather than by legal entity on a monthly basis, it is possible that not all assets or liabilities have been recorded at the correct legal entity of either the Debtors or the non-Debtor affiliates. The Debtors reserve all rights to supplement or amend any schedules contained in this Monthly Operating Report.

The information presented herein is unaudited, subject to further review and material adjustments, and has not been subject to all procedures that would typically be applied to financial information presented in accordance with Generally Accepted Accounting Principles in the United States of America ("US GAAP"), including, but not limited to, accruals, impairment adjustments, fair value assessments, tax provision, and other recurring adjustments considered necessary by management to fairly state the financial position and results of operations for the interim period(s) presented. As part of this Monthly Operating Report, intangibles, fixed assets and other long lived assets have not been tested for impairment as required pursuant to US GAAP. The results of that testing will likely result in significant asset impairment charges; such charges would be reflected in future Monthly Operating Reports. This Monthly Operating Report does not reflect certain quarter-end and year-end adjustments to assets, liabilities and operating results; such adjustments would be reflected in future Monthly Operating Reports.

As part of their restructuring efforts, the Debtors are reviewing their assets and liabilities on an ongoing basis, including without limitation with respect to intercompany claims and obligations, and nothing contained in this Monthly Operating Report shall constitute a waiver of any of the Debtors' rights with respect to such assets, liabilities, claims and obligations that may exist.

The Debtors caution readers not to place undue reliance upon the information contained in this Monthly Operating Report. The results herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the combined results and financial position of the Debtors in the future.

#### 2. Treatment of Intercompany Transactions

The Monthly Operating Report does not include intercompany balances because the Debtors and their advisors are continuing to review the Debtors' books and records to determine the accuracy of certain intercompany charges that may be contained in or missing from those books and records. For example, prior to the Petition Date, the parent company, GT Advanced Technologies Inc., did not maintain a ledger of intercompany transactions. Furthermore, the Debtors have not made any determination that tax refunds or attributes are assets or liabilities of a particular Debtor and the Debtors reserve all of their rights on this issue.

Pursuant to the Order, Pursuant to Bankruptcy Code Sections 105(A), 345(B), 363(C)(1), 364(A), 364(B), and 503(B)(1), Bankruptcy Rules 6003 and 6004, (A) Authorizing Debtors to Use Existing Cash Management System, (B) Authorizing and Directing Banks and Financial Institutions to Honor and Process Checks and Transfers, (C) Authorizing Continued Use of Intercompany Transactions, (D)Waiving Requirements of Section 345(B) of Bankruptcy Code and (E) Authorizing Debtors to Use Existing Bank Accounts and Existing Business Forms [Docket No. 64], the Debtors have kept detailed information on all post-Petition Date transfers of cash among the Debtors and such transfers did not amount to more than \$2.8 million during the period covered by the Monthly Operating Report.

## 3. Treatment of Certain Liabilities and GAAP Disclosures

The Monthly Operating Report does not contain all disclosures that would be required for presentation in accordance with US GAAP and there can be no assurance that, from the perspective of an investor or potential investor, the Monthly Operating Report is complete. For instance, as discussed in more detail in the Company's Form 10-Q filed with the SEC on August 7, 2014:

• The 2017 and 2020 convertible notes with a principal balance of \$220M and \$214M are recorded at a carrying value of \$177M and \$123M, respectively. The amount represented in the liabilities subject to compromise is net of \$7M of deferred financing costs. The difference between the carrying value and principal balances reflect fair value adjustments.

## NOTES AND SPECIFIC DISCLOSURES REGARDING DEBTORS' STATEMENTS OF OPERATIONS AND BALANCE SHEET (cont.)

• The amounts received from Apple under the Prepayment Agreement with a principal balance of \$439M are recorded at a carrying value of \$359M to reflect fair value adjustments to the prepayment installments received.

• Share-based compensation expenses for employee awards are reflected in the Statement of Operations. Such expenses have been calculated using a methodology consistent with past practice.

For the period commencing on October 6th and thereafter, the company stopped accrued interest on both series of the Convertible Notes and the Prepayment Amounts until further review of these obligations is completed.

The Debtors' consolidated financial statements presented herein have been prepared on a going concern basis, which contemplates continuity of operations, realization of assets and liquidation of liabilities in the ordinary course of busines s. Certain prepetition liabilities have been reclassified as liabilities subject to compromise. Liabilities subject to compromise currently include debt obligations, amounts due to third parties for goods and services received prior to October 6, 2013, (the date of the voluntary bankruptcy petition) and certain known potential settlement claim amounts. The Debtors continue to analyze and reconcile these amounts, and, therefore, the amounts reflected herein are current estimates and subject to material change as additional analysis and decisions are completed.

<sup>[1]</sup> Includes immaterial amounts from GT Advanced Technologies GmbH, a non-debtor entity.

[2] It would be prohibitively expensive, unduly burdensome, and an inefficient use of estate assets for the Debtors to obtain current market valuation of each of their assets. Accordingly, unless otherwise indicated, this monthly

operating report reflect net book values as of November 1, 2014. Parties are also cautioned that book value is not, in any way, indicative of the fair market value of any of the Debtors' assets.

<sup>[3]</sup> Due to the exclusion of intercompany balances, Total Assets may not equal Total Liabilities and Stockholder's Equity.
