THE COURT HEREBY FINDS AND DETERMINES that:³

A. The Court has jurisdiction over the Motions pursuant to 28 U.S.C. §§ 157 and 1334. This matter is a core proceeding pursuant to 28 U.S.C. § 157(b)(2)(A), (C), (N), and (O). Venue of the Motions is proper pursuant to 27 U.S.C. §§ 1408 and 1409.

B. As evidenced by the certificates of service and affidavits of publication filed with the Court and based on the representations of counsel at the Hearing, (i) proper, timely, adequate, and sufficient notice of the Motions and the Hearing (including notice of the Settlement Motion by publication) has been provided in accordance with sections 363 and 365 of the Bankruptcy Code and Bankruptcy Rules 2002, 6004, 6006, 9007, 9014, and 9019, as applicable; (ii) such notice was good, sufficient, and appropriate under the particular circumstances; and (iii) no other or further notice of the Motions, the Hearing, or the entry of this Order shall be required.

C. The purchase price to be paid by the Purchaser pursuant to the Debtor APA is fair consideration and constitutes reasonably equivalent value for the Purchased Assets.

D. The Purchaser is a purchaser in good faith, as that term is used in section 363(m) of the Bankruptcy Code, with respect to the Purchased Assets. The Debtor APA was negotiated, proposed, and entered into by the parties in good faith, from arms'-length bargaining positions and without collusion, and therefore, the Purchaser is entitled to the protections of section

363(m) of the Bankruptcy Code with respect to the Assets. Neither the Debtor nor the Purchaser has engaged in any conduct that would cause or permit the Debtor APA to be voided, or that would cause or permit the imposition of costs and damages, under section 363(n) of the Bankruptcy Code.

E. Approval of the Debtor APA and sale of the Purchased Assets in conjunction with approval of the Settlement Motion at this time will maximize the value of the estate, and hence, is in the best interest of the Debtor and its estate and creditors.

F. The Debtor has articulated sound business reasons for entering into the Settlement Agreement and consummating all of the transactions contemplated thereby, for consummating the transactions contemplated by the Debtor APA, and for selling the Purchased Assets outside of a plan of reorganization, and it is a reasonable exercise of Debtor's business judgment to enter into the Settlement Agreement and the Debtor APA and consummate the transactions contemplated thereby.

G. The Debtor has articulated sound business reasons for the assumption of the Assigned Contracts and the rejection of the Rejected Contracts, including the Collective Bargaining Agreements. Upon the Closing Date, the Debtor will no longer require the services of its unionized employees.

H. The facts and circumstances set forth in the Motions and Application and as stated herein demonstrate the exigent nature of the Debtor's business situation, to support the sale of the

Purchased Assets in conjunction with approval of the Settlement Motion at this stage of the Debtor's bankruptcy case, and outside a plan of reorganization.

I. The Debtor may sell the Purchased Assets to the Purchaser free and clear of all Encumbrances to the extent permitted by section 363(f) of the Bankruptcy Code and except as set forth in the Debtor APA. As a condition of purchasing the Purchased Assets, the Purchaser requires that the Purchased Assets be sold free and clear of all Encumbrances except those explicitly and expressly assumed by the Purchaser in the Debtor APA. The Purchaser would not have entered into the Debtor APA and would not consummate the transactions contemplated thereby, thus adversely affecting Debtor and its estate and creditors, if the sale of the Purchased Assets, except as otherwise expressly provided for herein and in the Debtor APA, were not free and clear of all Encumbrances or if the Purchaser would, or in the future could, be liable for any such Encumbrances. Except as otherwise set forth in the Debtor APA, the transfer of the Purchased Assets to the Purchaser does not and will not subject the Purchaser to any liability whatsoever with respect to the operations of the Debtor's business and/or the ownership of the Purchased Assets prior to the Closing.

J. Except with respect to the Purchaser's obligations under the Debtor APA, neither (a) the transfer of the Purchased Assets to the Purchaser nor (b) the assignment by Debtor to the

Purchaser of the Assigned Contracts or Designated Contracts⁴ will subject the Purchaser and/or its affiliates, designees, assignees, successors, or any of their properties, assets, officers, directors, members, employees, or equity holders to any liability by reason of such transfer or assignment and assumption under the laws of the United States, any state, territory, or possession thereof, or the District of Columbia, based, in whole or in part, directly or indirectly, on any theory of law or equity, including, without limitation, any theory of antitrust or successor or transferee liability or otherwise and all persons and entities hereby are forever barred, estopped, and enjoined from asserting any such persons' or entities' Encumbrances against Purchaser and/or its affiliates, designees, assignees, successors, or any of their properties, assets, officers, directors, members, employees, or equity holders. The Debtor and the Purchaser are exempt from and excused from complying with any laws or regulations requiring notice to any taxing authority of any jurisdiction prior to, or other laws that might, directly or indirectly, affect consummation of the transactions contemplated by the Debtor APA or the relief requested in the Sale Motion and granted by the provisions of this Order, without excusing Purchaser or the Debtor from any obligations for payment of any taxes or charges arising from such transfer.

(the "Sale Notice") to be served on the non-debtor parties to the Assigned Contracts under schedules 2.1(a), 2.1(c), and 2.1(d) to the Debtor APA and the non-debtor parties to the Designated Contracts under schedule 2.6 to the Debtor APA. The Sale Notice constitutes due, good, adequate, and sufficient notice, satisfies all governing law, and is otherwise proper in all respects.

L. The Debtor is the sole and lawful owner of the Purchased Assets, and has good and marketable title to the Purchased Assets. Accordingly, the transfer of the Purchased Assets to the Purchaser is or will be a legal, valid, and effective transfer of the Purchased Assets, and will vest the Purchaser with all right, title, and interest in and to the Purchased Assets, free and clear of all Encumbrances pursuant to, and to the fullest extent permitted by, section 363(f) of the Bankruptcy Code and all other applicable laws, except with respect to those Encumbrances explicitly and expressly assumed by the Purchaser in the Debtor APA.

M. The Settlement Agreement and the transactions contemplated thereby are fair and equitable to, and is in the best interests of, all creditors and other parties-in-interest in the Bankruptcy Case. The Settlement Injunction is necessary to induce the Authority, the City, the Purchaser, and the Parking Utility to enter into the Settlement Agreement and consummate the transactions contemplated thereby.

N. The Settlement Injunction is fair and equitable as to the Authority, the City, the Parking Utility, the Purchaser, and their respective Related Parties (as defined herein), as such parties are each giving reasonable consideration in exchange for their inclusion among the Covered Parties (as defined herein), which consideration includes, among other things,

1. the Authority's agreement to not seek or accept any distribution with respect to the Authority Claim,
2. the Authority's payment of the Authority Net Post-Closing Cash to the Debtor,
3. the payment of the State Contribution to the Debtor on behalf of the City and the Authority,
4. the City's agreement to not seek or accept any distribution with respect to the City Claim in the amount of \$903,638 and the Parking Utility Claim in the amount of \$1,007,740. As additional consideration for their inclusion among the Covered Parties, the City and the Parking Utility will be delivering the Parking Agreement with the Parking Concessions (in a form mutually acceptable between the City and the Parking Utility, on the one hand, and the Purchaser, on the other), which the Purchaser has required as one of the conditions precedent to closing on the Sale, and
5. the Purchaser's agreement to provide additional consideration beyond that contained in the Debtor APA, including but not limited to the payment of \$600,000 in cash and up to \$4,000,000 through the Backstop, the Purchaser's agreement to provide consideration under the Debtor APA, including but not limited to the payment of cash and the assumption of certain executory contracts that will relieve the Debtor of significant obligations.

O. The Settlement Injunction is fair and equitable as to the Bond Trustee and the Bondholders (including all current, former, and future Bondholders), in their capacity as such, Purchaser, and all of their respective Related Parties. The Purchaser, as part of the Closing,

requires the defeasance and satisfaction of the Bonds. Furthermore, the consideration being given by the City and the Authority, as described above, is also for the benefit of including the Bond Trustee and the Bondholders (including all current, former, and future Bondholders) (in their capacity as such), and their Related Parties, among the Covered Parties, and the \$5,000,000 in consideration being given by the State of New Jersey on behalf of the Authority and the City, as described in the Settlement Agreement, to facilitate the defeasance of the Bonds and the City's, the Authority's, and the Purchaser's requirement to include the Bond Trustee and the Bondholders (including all current, former, and future Bondholders) (in their capacity as such), and their Related Parties, among the Covered Parties, and, without such consideration, the Sale could not close.

P. The Settlement Injunction is necessary. The Authority, the City, the Purchaser, and the Parking Utility would not provide the consideration described above without their inclusion among the Covered Parties, and without such consideration, the Sale could not close. Likewise, the Purchaser and the City would not provide the consideration described above without the inclusion of the Bond Trustee and the Bondholders (including all current, former, and future Bondholders) (in their capacity as such), and their Related Parties, among the Covered Parties, and, without such consideration, the Sale could not close.

Q. Approval of the Settlement Agreement and the transactions contemplated thereby is a condition of the consummation of the Sales and is therefore necessary to prevent irreparable

harm to the Debtor's estate and creditors that would occur if the Sales were not consummated and the Hospital would close, thereby, among other things, substantially increasing the amount of the claims against the Debtor, causing the loss of more than 1,200 jobs, and eliminating a critical healthcare facility for the citizens of the City and surrounding communities. The Settlement Agreement and the transactions contemplated thereby will also substantially benefit all creditors by providing substantial funding for the Debtor's plan of liquidation, reducing the size of the general unsecured claims pool entitled to a distribution, and resolving numerous complex disputes without the attendant costs, delay, and uncertainty of complex litigation.

R. All Non-Debtor parties holding valid Encumbrances (as defined in paragraph 7 below) in or with respect to the Purchased Assets who did not object, or who withdrew their objections to the Sale Motion are deemed to have consented to the sale of the Purchased Assets free and clear of their Encumbrances in or with respect to the Purchased Assets pursuant to section 363(f)(2) of the Bankruptcy Code.

S. All Non-Debtor parties holding valid Claims against the Debtor and who did not object to the Settlement Motion, or who withdrew their objections, are deemed to have consented to the Debtor's entry into the Settlement Agreement and consummation of the transactions contemplated thereby, including, without limitation, the Settlement Injunction.

T. Upon consummation of the Sales and the Settlement Agreement, the Authority, the Purchaser, and the City, on behalf of themselves and their Related Parties, will have provided

V. On October 5, 2011, JNESO, District Council 1, IUOE, AFL-CIO ("JNESO") filed an objection to the Motions (the "JNESO Objection") [Docket No. 257]. The JNESO Objection has been resolved and withdrawn as set forth herein.

W. All objections to the Motions have been settled or withdrawn as provided in accordance with the terms set forth in this Order.

ACCORDINGLY, IT IS HEREBY ORDERED THAT:

1. All of the findings of fact and conclusions of law set forth above are incorporated herein by reference, and the Motions are GRANTED as set forth herein.

2. Any and all objections to the Motions and the relief requested therein that have not been withdrawn, waived, or settled, and all reservations of rights included in such objections, are hereby overruled on the merits and DENIED.

As stated in the Notice, each Cure Objection, to be deemed "properly filed," must have set forth (i) the basis for the Cure Objection and (ii) the amount the party asserts as the appropriate cure amount. Nothing in the Debtor APA (including, but not limited to, the Schedules thereto), the Settlement Agreement, the Settlement Injunction, or this Order shall be deemed to bar or estop, or in any way impair or limit, the City or any Related Parties of the City that have regulatory and/or police powers governing the operations of the Hospital or the Hospital facility from exercising and enforcing such powers with respect to matters that have or may have arisen before or after the Closing.

Pending a determination either by agreement or by final, non-appealable Order regarding any disputed Cure Amount in connection with the assumption and assignment of the Assigned Contracts and any Designated Contracts (for which the Purchaser has filed a notice indicating its desire to have such Designated Contract assumed and assigned), an amount sufficient to satisfy such disputed Cure Amount will be set aside (by the Debtor with respect to Assigned Contracts and by the Purchaser with respect to Designated Contracts) in escrow for the benefit of any non-debtor party to an Assigned Contract or Designated Contract asserting a disputed Cure Amount.
