

MAXIS COMMUNICATIONS BERHAD

Note to Editor:

* Earlier this year, Maxis acquired a 51% stake in PT Natrindo Telepon Seluler which is on track to roll out its 2G and 3G services next year.

** In India, licenses are granted according to areas called "circles", each of which corresponds generally to a state in India, with a few exceptions being (a) the four metro circles, which are essentially major cities (b) the collection of states in North East, which are aggregated as a single circle "North East" and (c) circles covering more than one state as a result of reorganisation and split in the states.

Aircel Limited

Aircel is a part of the Sterling Infotech Group (SIG). Aircel is Tamil Nadu's leading telecommunications company with a track record of making mobile telephony affordable to the masses. SIG promoted by Mr. C. Sivasankaran is a diversified conglomerate with interests in telecommunications, food & beverage and certified wellness. More information about Aircel is available on www.aircel.com.

Information on the Indian Partner

The Indian Partner is the special purpose vehicle that will be established by the Chennai based Reddy family for the purpose of their investment in the JVC. Amongst the businesses founded by this Reddy family are the Apollo Hospitals Group, the largest private hospital group in Asia and PPN Power. They also have interests in the electronics and financial sectors.

Maxis Communications Berhad

Maxis is Malaysia's leading telecommunications company and market leader that provides high quality voice and data services to more than 7 million customers. Its mobile postpaid and prepaid services are offered under the maxis and Hotlink brands respectively. The company reaffirmed its leading position through a clear strategy of developing premium brands, providing quality network and customer services and introducing innovative services and products.

Maxis also offers domestic fixed line and international gateway services. Its broadband infrastructure includes fibre optic, microwave and VSAT technologies. Maxis also operates in Indonesia through its subsidiary, PT Natrindo Telepon Seluler. For more information on Maxis, please visit <http://www.maxis.com.my/>.
