Chapter 11

Case No. 12-11817

In Re:
NSA (USA) Liquidating Corp., et al.
Debtors

To the best of my knowledge, the Debtors have made all required post-petition tax payments on a timely basis as it relates to all employee payroll related tax payments through August 23, 2013. The Debtors use a third party service for the remittance of employee payroll related tax payments through August 23, 2013. The Debtors have no employees subsequent to the sale effective August 23, 2012 and consequently, there are no employee payroll related tax payments in May 2014.

The Debtors filed the consolidated federal income tax returns in September 2012 and the required state income tax returns in October 2012. The Debtors are currently working with the IRS on an audit of the tax return filings from 2007 through 2010. In conjunction with resolving that audit, the Debtors will be required to file Form 1042's for certain of the years under audit. The Debtors did file for extension of the 2012 income tax returns in March 2013. The required 1042's and 2012 federal income tax returns were filed on September 16, 2013 and state income tax returns in October 2013. The Debtors did file for extension of the 2013 income tax returns in March 2014.

The Debtors have not had any other income tax returns due during the period of June 14, 2012 through May 31, 2014.
