In Re: NSA (USA) Liquidating Corp., et al. Debtors Chapter 11 Case No. 12-11817

To the best of my knowledge, the Debtors have made all required post-petition tax payments on a timely basis as it relates to all employee payroll related tax payments through August 31, 2012. The Debtors use a third party service for the remittance of employee payroll related tax payments through August 31, 2012. The Debtors have no employees subsequent to the sale effective August 23, 2012 and consequently, there are no employee payroll related tax payments in April 2013.

The Debtors filed the consolidated federal income tax returns in September 2012 and the required state income tax returns in October 2012. The Debtors are currently working with the IRS on an audit of the tax return filings from 2007 through 2010. In conjunction with resolving that audit, the Debtors will be required to file Form 1042's for certain of the years under audit. The Debtors did file for an extension for the 2012 income tax returns in March 2013. The Debtors have not had any other state or local tax returns or payments due during the period June 14, 2012 through April 30, 2013.
