A. Global Notes

1. Background

Residential Capital, LLC ("ResCap"), together with its subsidiaries, is a real estate finance company that primarily focused on residential mortgage markets in the United States. Their primary and most valuable business operations consisted of servicing mortgage loans for investors, including loans originated by Ally Bank and other third parties. ResCap completed the sale of substantially all its assets in January, 2013 and February, 2013 (the "Section 363 Asset Sales"). After these sales, the Debtors' primary business activities consist of the management and sale of the remaining assets and operations including the resolution of proofs of claim filed against the Debtors (as defined below).

2. Introduction

On May 14, 2012 (the "Commencement Date"), ResCap and certain of its subsidiaries (each a "Debtor" and collectively, the "Debtors"), filed voluntary petitions (the "Chapter 11 Cases") for relief under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court"). The Debtors continue to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. On May 16, 2012, the United States Trustee for the Southern District of New York appointed a statutory committee of creditors pursuant to section 1102(a)(1) of the Bankruptcy Code. Information contained herein may differ from the Debtors' filings on the Commencement Date due to more accurate information becoming available.

3. Accounting Principles

The financial statements and supplemental information contained herein are preliminary and unaudited. In addition, the financial statements included in MOR-2 and MOR-3 represent the financial condition and results of operations of the consolidated ResCap group, which includes the Debtors and their non-Debtor affiliates.

The financial statements have been prepared in accordance with generally accepted accounting principles ("GAAP"), other than as noted, as it applies to debtors in possession. During April, a certain securitization previously consolidated into the Debtors' financial statements per GAAP, was deconsolidated and reported on a legal ownership basis. This presentation provides more transparency to the readers of the financial statements on assets and liabilities of the Debtors, and reduces operational complexity.

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and income and expenses during the reporting period. In developing these estimates and assumptions, management uses available evidence at the time of the financial statements. Because of uncertainties associated with estimating the amounts, timing and likelihood of possible outcomes, actual results could differ from our estimates.

Supplemental information contained herein is generally presented on a cash and/or invoiced basis.

4. General Methodology

The Debtors prepared this Monthly Operating Report (“MOR”) relying primarily upon the information set forth in its books and records. In preparing this MOR, the Debtors made reasonable efforts to supplement the information set forth in its books and records with additional information concerning transactions that may not have been identified therein to the extent necessary.

5. Past Performance

The financial position and results of operations contained herein are not necessarily indicative of results which may be expected for any other period or for the full year and as a result, may not reflect the consolidated financial position and results of operations of the Debtors in the future.

6. Carrying Value of Assets

Unless otherwise indicated, the values for assets contained in this MOR are book values as of the reporting period. Amounts ultimately realized from the disposition of the Debtors’ assets may vary materially from their book value. The Debtors reserve their right to amend or adjust the value of each asset or liability set forth herein.

In accordance with the Debtors’ accounting policy as it relates to ASC 360, Impairment and Disposal of Long-lived Assets, the business platforms and related assets that were part of the Section 363 Asset Sales were classified as operations held for sale prior to completion of the sales. Certain assets were removed from the sales and will remain in operations held for sale, as it is anticipated these assets will be sold within 12 months. Under ASC 360, the assets held for sale are carried at the lower of carrying value or fair value less transaction costs. There was no impairment recorded at April 30, 2013, as the estimated fair value less transaction costs exceeds the carrying value.

7. Liabilities Not Subject to Compromise

Although payment of prepetition claims generally is not permitted, the Bankruptcy Court has granted the Debtors the authority, but does not require the Debtors to pay certain prepetition claims in designated categories and subject to certain terms and conditions. This relief generally was designed to preserve the value of the Debtors’ businesses and assets. To the extent such claims have been categorized as “Liabilities Not Subject to Compromise,” the Debtors reserve their right not to pay those amounts if they believe the payment not to be in the best interest of the Debtors’ estates (collectively, the “Estate”). The Debtors have paid and intend to continue to pay undisputed post-petition obligations incurred in the ordinary course of their businesses.

8. Liabilities Subject to Compromise

As a result of commencing the Chapter 11 Cases, the payment of prepetition indebtedness is “Subject to Compromise” or other treatment under a Chapter 11 plan. Generally, actions to enforce or otherwise effect payment of prepetition liabilities are stayed.

The filing of the Chapter 11 Cases constituted an event of default under, or otherwise triggered accelerated repayment obligations with respect to, a number of debt instruments and agreements relating to direct and indirect financial obligations of the Debtors (collectively, the “Prepetition Debt”). As a result, the Prepetition Debt became automatically and immediately due and payable. The Debtors believe that any efforts to enforce the payment obligations in connection with the Prepetition Debt have been stayed as a result of the filing of the Chapter 11 Cases.

Following a hearing on August 29, 2012, the Bankruptcy Court approved the motion to set the Bar Date, which required general claimants to submit claims no later than the close of business on November 9, 2012 (subsequently extended to November 16, 2012) and governmental units to submit claims no later than the close of business on November 30, 2012. To date, approximately 6,900 proofs of claim totaling approximately \$99.7 billion have been filed against the Debtors per the latest claims register provided by the Debtors’ Claims Agent in late May, 2013. The Debtors’ Claim Agent continues to receive proofs of claim after the Bar Date pursuant to extensions approved by the Bankruptcy Court for the filing of their proofs of claims. Claims by creditors will be investigated and resolved in connection with a claims resolution process, which could include the Debtors filing objections to those claims that the Debtors believe are not valid liabilities due and owing by the Debtors. This process is expected to take a considerable amount of time to complete. As a result, the number and amount of allowed claims is not known, nor can the ultimate recovery with respect to allowed claims be estimated at this time. Certain claims have been filed as unliquidated, which could materially increase the amount of claims once these claims are ultimately resolved.

9. Executory Contracts

Under Section 365 of the Bankruptcy Code, the Debtors may assume, assume and assign or reject certain executory contracts and unexpired leases, subject to approval of the Bankruptcy Court. In general, rejection of an executory contract or unexpired lease is treated as a prepetition breach and, subject to certain exceptions, relieves the Debtors from performing their future obligations. To the extent the Debtors reject an executory contract or unexpired lease, the contract counterparty or lessor is entitled to a prepetition general unsecured claim for damages caused by such a breach. Generally, the assumption and assignment of an executory contract or unexpired lease requires the Debtors to cure, or satisfy, all prepetition obligations under such contracts or leases.

Pursuant to the Asset Purchase Agreement between the Debtors and Nationstar Mortgage, LLC (the “Nationstar APA”), on July 26, 2012, the Debtors filed a notice of intent to assume and assign certain executory contracts, unexpired leases of personal

property and unexpired leases of nonresidential real property and cure amounts related thereto.

As part of the Section 363 Asset Sales in January and February 2013, contracts were assumed and assigned to the purchasers. Immaterial amounts were paid during the month in connection with these contracts. The amounts actually paid for cure costs related to assumed and assigned executory contracts may increase due to resolution of unresolved cure amounts and/or differences in the ultimate list of contracts assumed and assigned.

The Bankruptcy Court authorized the Debtors to settle cure claims of less than \$1.0 million without further order of the Bankruptcy Court approval. Any settlement of a cure amount objection in excess of \$1.0 million requires Bankruptcy Court approval.

10. Reservation of Rights

Given the complexity of the Debtors' businesses, inadvertent errors or omissions may have occurred in the preparation of this MOR. Accordingly, the Debtors hereby reserve all rights to dispute the validity, status, enforceability or the executory nature of any claim amounts, representations or other statements in this MOR and reserve the right to amend or supplement this MOR, if necessary.

Nothing contained in this MOR shall constitute a waiver of the Debtors' rights or an admission with respect to the Chapter 11 Cases, including with respect to any issues involving the Debtors' ownership interests, substantive consolidation, equitable subordination, defenses and/or causes of action arising under chapter 5 of the Bankruptcy Code and any other applicable non-bankruptcy law.

B. Notes to Statement of Income (MOR-2)

During April, the purchase price adjustment for the Section 363 Asset Sale to Berkshire Hathaway occurred, resulting in an additional loss of \$5.2 million recorded in Reorganizational Items.

C. Notes to Balance Sheet (MOR-3)

As noted above in Item 6 (Carrying Value of Assets), the Debtors have reclassified certain assets removed from the Section 363 Asset Sales to assets of operations held for sale. There was no impairment of these assets required at April 30, 2013 as the estimated proceeds less cost to sell is greater than the carrying value. The Debtors are actively working to resolve objections to allow these assets to be sold. In addition, the Debtors also recorded estimates in assets of operations held for sale related to future purchase price adjustments for the Section 363 Asset Sales for the Ocwen and Walter sales.

At April 30, 2013, Finance receivables and loans, net, includes \$575.4 million related to private-label securitizations and secured borrowings that the Debtors are required to consolidate under GAAP. The corresponding liabilities are recorded in Collateralized borrowings in securitization trusts, \$433.7 million, and Other borrowings, \$90.7 million.

As noted above, the GMAC-2010 securitization was deconsolidated from the balance sheet resulting in a decrease of loans/receivables of \$29.9 million, and liabilities of \$31.8 million. The trading security legally owned by the debtors was added to the balance sheet with a carrying value of \$26.4 million.

During April, \$89.9 million of restricted cash was released by GNMA and Ally Bank and reclassified to cash.

D. Notes to Accounts Receivable Reconciliation and Aging (MOR-5)

Due to the nature of the Debtors' businesses, an aging of accounts receivable is not indicative of collectability and therefore is not maintained. The majority of the accounts receivable are comprised of loan insurance guarantee receivables. These receivables arise as mortgage loans are acquired from off-balance sheet securitizations guaranteed by GNMA, as a result of borrower default or contractual delinquency triggers. Mortgage loans are reclassified to receivable when the loan is deemed impaired. An insurance claim is filed with the appropriate government guarantor agency (FHA or VA) for eligible mortgage loan principal, interest and foreclosure related expenses.

The next largest component of the accounts receivable are comprised of servicer advances made by the Debtors to the investors in mortgage loans serviced by the Debtors. Such advances are made to maintain the scheduled cash flows in the event of borrower default or delinquency and have a priority claim to the cash flows in the event of foreclosure or liquidation.

E. Notes to Debtor Questionnaire (MOR-7)

1. Question 2 Notes

a. The Debtors have control over custodial accounts that are used to disburse non-debtor owned funds to various parties pursuant to the Debtors' servicing business. The Debtors obtained Bankruptcy Court approval to continue to operate their servicing business in the ordinary course, including the disbursement of funds from these custodial accounts. As a result of the 363 Asset Sales, the Debtors' servicing activity is being done on a limited basis.

b. The Debtors are in compliance with the *Final Order under Bankruptcy Code Sections 105(a), 345, 363, 364, and 503(b)(1) and Bankruptcy Rules 6003 and 6004 Authorizing (I) Continued Use of Cash Management Services and Practices, (II) Continued Use of Existing Bank Accounts, Checks and Business Forms, (III) Implementation of Modified Cash Management Procedures and Use of Certain Bank Accounts Established in Connection with Use of Pre- And Post-Petition Lenders' Financing Facilities and Cash Collateral, (IV) Waiver of the Investment and Deposit Requirements of Bankruptcy Code Section 345, (V) Debtors to Honor Specified Outstanding Prepetition Payment Obligations, and (VI) Continuation of Intercompany Transactions and Granting Administrative Expense Status to Intercompany Claims* [Docket No. 393] (the "Cash Management Order"), approved on June 15, 2012.

c. As part of the Debtors' normal course of business, certain third parties make payments on the Debtors' behalf and the Debtors also disburse custodial funds from various custodial accounts which are not debtor-in-possession accounts. These payments are made in accordance with the applicable Court orders and are a necessary part of the Debtors' business operations.

2. Question 4 & 5 Notes

Insurance coverage for the Debtors is provided through policies maintained by Ally Financial Inc. ("Ally"). The Debtors reimburse Ally for their share of the insurance coverage in accordance with the terms and conditions of the shared service agreement approved by the Bankruptcy Court. The Debtors have made all reimbursement payments to Ally for its insurance obligations. Since the Debtors do not directly contract for their own insurance coverage, the Debtors would not be the party to receive notices from the insurance providers regarding any lapse in coverage.

The Debtors were removed as an insured party from Ally's Crime Insurance policy effective March 1, 2013. This is due to the terms of the insurance policy that allows them to cease coverage in the event of a bankruptcy. The Debtors are in the process of obtaining an insurance policy to replace this coverage. The deductible for this policy was \$25.0 million and the Debtors believe they have adequate controls which will prevent a loss that would be covered under this insurance policy.

3. Question 6 Notes

In connection with the Section 363 Asset Sales, the Debtors paid certain prepetition payments related to executory contracts assumed and assigned as noted above in Item 9 (Executory Contracts).

4. Question 7 Notes

In the ordinary course of their businesses, the Debtors generate receivables from Ally Bank, Ally, and other affiliates as a result of hedging, servicing, origination, shared services, and other transactions between the Debtors and these affiliates. The Debtors are collecting amounts owed on these receivables in accordance with the agreements related to these services and post-petition practices.

5. Question 8 Notes

Consistent with relief granted by the Bankruptcy Court under the *Final Order Under Bankruptcy Code Sections 105(a), 363(b), 507(a), 1107 and 1108 and Bankruptcy Rule 6003 (i) Authorizing, but not directing, the Debtors to (a) Pay and Honor Prepetition Wages, Compensation, Employee Expense and Employee Benefit Obligations; and (b) Maintain and Continue Employee Compensation and Benefit Programs, and (ii) Directing Banks to Honor Prepetition Checks and Transfer Requests for Payment of Prepetition Employee Obligations* [Docket No. 393] (the "Wages Order") and past practices, the Debtors' payroll and related taxes are paid by Ally on the Debtors' behalf, and the Debtors

reimburse Ally for these payments. The Debtors are current with their payments to Ally and Ally has paid these obligations on the Debtors' behalf.

6. Question 12 Notes

The Debtors have received Bankruptcy Court authority to pay prepetition taxes pursuant to the *Final Order Under Bankruptcy Code Sections 105(a), 363, 506(a), 507(a)(8), 541 and 1129 and Bankruptcy Rule 6003 Authorizing Payment of Taxes and Regulatory Fees* [Docket No. 384]. The Debtors are in compliance with the relief granted under this order.

7. Question 13 Notes

The Debtors do not consider post-petition invoices as past due or delinquent if such invoices are subject to dispute, or further review and/or reconciliation with the vendor. At April 30, 2013, the accounts payable aging continues to reflect certain amounts as delinquent. The Debtors consider this to be reflective of the normal accounts payable process, due to the fact that certain key vendors are on immediate payments terms, and in some cases, invoices are not received timely.

8. Question 14 Notes

Consistent with the agreements in place prepetition, the Debtors' payroll and related taxes are paid by Ally on the Debtors' behalf. In accordance with the Wages Order, the Debtors continue to reimburse Ally for these payments. The Debtors are current with their payments to Ally and Ally has paid these obligations on the Debtors' behalf in a timely manner.

SDNY. Bankr. No. 12-12020

Debtors' Statements with respect to Bank Account Reconciliations and Copies of Bank Statements

Bank Account Reconciliations

The Debtors affirm that reconciliations for all open and active non-custodial accounts are prepared and maintained by the Debtors. Bank account reconciliations are not attached to this monthly operating report, however, if the U.S. Trustee requests copies, the Debtors will provide all reconciliations as soon as practical. Accounts are reconciled on a monthly basis. The Debtors maintain approximately 100 non-custodial accounts, attaching bank reconciliations would be administratively burdensome.

Bank Statements

The Debtors affirm that bank statements for all open and active non-custodial accounts are maintained by the Debtors.

Copies of bank statements are not attached to this monthly operating report, however, if the U.S. Trustee requests copies, the Debtors will provide them as soon as practical. The Debtors maintain approximately 100 non-custodial accounts, attaching bank statements would be administratively burdensome.

SUMMARY OF UNPAID POST-PETITION DEBTS

Attach aged listing of accounts payable.

	Number of Days Past Due					
	Current	1-30	31-60	61-90	Over 91	Total
Accounts Payable ^{(1),(2)}	\$ 500,883	\$ 2,738,523	\$ 1,861,069	\$ 156,712	\$ 362,838	\$ 5,620,025
Total Post-petition Debts^{(3),(4)}	\$ 500,883	\$ 2,738,523	\$ 1,861,069	\$ 156,712	\$ 362,838	\$ 5,620,025

⁽¹⁾Aging is based on due date, terms are generally 30-60 day

⁽²⁾The Debtors do not consider post-petition invoices as past due or delinquent if such invoices are subject to dispute, or further review and/or reconciliation with the vendor.

⁽³⁾The aging of accounts payable is only done for those invoices that have been vouchered in the Debtors' accounts payable system. The incurred and unpaid amounts on MOR-6 are vouchered when paid and are not included in the aging.

⁽⁴⁾Employee wages for the Debtors are paid by Ally. The Debtors reimburse Ally for their share of the employee wages. The Debtors sought and received Bankruptcy Court approval to continue this practice post-petition. The Debtors are current with their reimbursements to Ally.

Explain how and when the Debtor intends to pay any past due post-petition debts.

Please refer to the Global Footnotes E.7: Notes to Debtor Questionnaire (MOR-7): Question 13 Notes

STATUS OF POST-PETITION TAXES

Debtors' Statement with Respect to Status of Post-Petition Taxes

Post-petition taxes for the Debtors, which are not subject to dispute or reconciliation, and are authorized to be paid under the relief granted by the Bankruptcy Court are current. There are no material tax disputes or reconciliations. Post-petition tax information is not attached to this monthly operating report, however if the U.S. Trustee requests copies, the Debtors will provide a status update on post-petition taxes as soon as practical.

The Debtors are parties to Tax Sharing Agreements with Ally, which provide for the filing of consolidated returns by Ally for Federal and certain state income taxes. Prior to the filing of bankruptcy, the Debtors would reimburse Ally for the Debtors' portion of the tax liability, if any. As a result of the filing for Chapter 11, the Debtors do not have authority to pay either pre or post-petition tax obligations under these Tax Sharing Agreements.

(1) Effective November 30, 2012, in accordance with GAAP, a portion of the accounts receivable balance has been reclassified to Assets of operations held for sale on the balance sheet. Included in this reclassification are true-ups for servicing advances and late fees related to the 363 Asset Sales with Walter and Ocwen.

(2) Primary & Master represent P&I only

(3) Government claims include accrued interest

Note: Due to the nature of the Debtors' businesses, an aging of accounts receivable is not indicative of collectability and therefore an aging of accounts receivables is not maintained. Post the Section 363 Asset Sale, the majority of the accounts receivable are comprised of loan insurance guarantee receivables. These receivables arise as mortgage loans are acquired from off-balance sheet securitizations guaranteed by GNMA, as a result of borrower default or contractual delinquency triggers. Mortgage loans are reclassified to receivable when the loan is deemed impaired. An insurance claim is filed with the appropriate government guarantor agency (FHA or VA) for eligible mortgage loan principal, interest and foreclosure related expenses. The next largest component of the accounts receivable are comprised of servicer advances made by the Debtors to the investors in mortgage loans serviced by the Debtors. Such advances are made to maintain the scheduled cash flows in the event of borrower default or delinquency and have a priority claim to the cash flows in the event of foreclosure or liquidation.
