Any representation to the contrary is a criminal offense.

This Disclosure Statement has been prepared pursuant to section 1125 of the Bankruptcy Code and Bankruptcy Rule 3016(b) and is not necessarily in accordance with federal or state securities laws or other similar laws. The securities to be issued on or after the Effective Date will not have been the subject of a registration statement filed with the SEC under the Securities Act of 1933, as amended (the “*Securities Act*”) or any securities regulatory authority of any state under any state securities law (“*Blue Sky Law*”). The TSN Debtors are relying on section 4(2) of the Securities Act and similar Blue Sky Law provisions, as well as, to the extent applicable, the exemption from the Securities Act and equivalent state law registration requirements provided by section 1145(a) of the Bankruptcy Code, to exempt the issuance of new securities in connection with the solicitation and the Plan from registration under the Securities Act and Blue Sky Law.

This Disclosure Statement contains “forward looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements consist of any statement other than a recitation of historical fact and can be identified by the use of forward looking terminology such as “may,” “expect,” “anticipate,” “estimate” or “continue” or the negative thereof, as well as any similar or comparable language. You are cautioned that all forward looking statements are necessarily speculative and there are certain risks and uncertainties that could cause actual events or results to differ materially from those referred to in such forward looking statements. The Liquidation Analysis, financial projections and other information contained herein and attached hereto are estimates only, and the timing and amount of actual distributions to Holders of Allowed Claims and Interests may be affected by many factors that cannot be predicted. Any analyses, estimates or recovery projections may or may not turn out to be accurate.

NOTICE REGARDING SECURITIES LAWS IN CANADA

Any distribution of securities in Canada pursuant to the Plan is being made under a prospectus exemption for a distribution in connection with a reorganization or arrangement under a statutory procedure. TSN is not a reporting issuer in any province or territory of Canada. Accordingly, any resale of such securities must be made in accordance with an exemption from the prospectus requirements of the securities laws of the applicable Canadian jurisdictions. Recipients of the securities are advised to seek legal advice prior to any resale of the securities.

Making investment decisions based on the information contained in this Disclosure Statement and/or the Plan is therefore highly speculative. The TSN Debtors recommend that potential recipients of any securities issued pursuant to the Plan consult their own legal counsel concerning the securities laws governing the transferability of any such securities.

EXECUTIVE SUMMARY

A. Overview of this Disclosure Statement and the Executive Summary

TerreStar Networks Inc. (“*TSN*”), a Delaware corporation with its corporate offices in Reston, Virginia, and its affiliated debtors and debtors in possession (collectively, the “*Debtors*”) each filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York (the “*Bankruptcy Court*”) on October 19, 2010 (the “*Petition Date*”). The Debtors’ chapter 11 cases are jointly administered under lead case number 10-15446 (SHL). TSN, TerreStar National Services, Inc., 0887729 B.C. Ltd., TerreStar License Inc., TerreStar Networks Holdings (Canada) Inc. and TerreStar Networks (Canada) Inc. (collectively, the “*TSN Debtors*” and, as reorganized pursuant to the Plan, the “*Reorganized Debtors*”) submit this Disclosure Statement pursuant to section 1125 of the Bankruptcy Code to holders of Claims against and Interests in the TSN Debtors because the Debtors are asking holders of Claims to accept the *Joint Chapter 11 Plan of TerreStar Networks, Inc., TerreStar National Services, Inc., 0887729 B.C. Ltd., TerreStar License Inc., TerreStar Networks Holdings (Canada) Inc. and TerreStar Networks (Canada) Inc.* (as amended from time to time, the “*Plan*”), dated November 5, 2010.³ A copy of the Plan is attached hereto as **Exhibit A**.

The Plan solely applies to the TSN Debtors, but is supported by each of the Debtors as well as TerreStar Corporation, the Debtors’ ultimate parent. The Debtors anticipate that they will file a chapter 11 plan to address the Non-TSN Debtors at a future date. The Debtors also anticipate that TerreStar Corporation and its wholly-owned subsidiary TerreStar Holdings Inc. will file for chapter 11 in the near term.

Before soliciting acceptances of a proposed chapter 11 plan of reorganization, section 1125 of the Bankruptcy Code requires a debtor to prepare a disclosure statement that contains information of a kind, and in sufficient detail, to permit a hypothetical reasonable investor to make an informed judgment regarding acceptance of the plan of reorganization. The Bankruptcy Court approved this Disclosure Statement at a hearing held on December 22, 2010. A copy of the order approving the Disclosure Statement is attached hereto as **Exhibit B** (the “*Disclosure Statement Order*”).

A hearing to consider Confirmation of the Plan is scheduled to be held before the Honorable Sean H. Lane at 10:00 a.m. Prevailing Eastern Time on March 4, 2011, at the Bankruptcy Court, located at One Bowling Green, New York, New York 10004-1408. Additional details with respect to Confirmation are provided in section X of this Disclosure Statement, entitled “Confirmation of the Plan.”

This Disclosure Statement contains, among other things, descriptions and summaries of certain provisions of, and financial transactions contemplated by, the Plan being proposed by the TSN Debtors. Certain provisions of the Plan (and the descriptions and summaries contained herein) remain the subject of continuing negotiations among the TSN Debtors and various parties, have not been finally agreed upon and may be modified.

This Executive Summary is only a general overview of this Disclosure Statement and the material terms of, and transactions proposed by, the Plan, and is qualified in its entirety by reference to, and should be read in conjunction with, the more detailed discussions appearing elsewhere in this Disclosure Statement and the exhibits attached to this Disclosure Statement, including the Plan.

B. Purpose and Effect of the Plan

The TSN Debtors are reorganizing under chapter 11 of the Bankruptcy Code, which is the principal business reorganization chapter of the Bankruptcy Code. Under chapter 11 of the Bankruptcy Code, a debtor may

³ Capitalized terms used but not otherwise defined in this Disclosure Statement will have the meaning ascribed to those terms in the Plan. **Please note that the description of the Plan provided throughout this Disclosure Statement is only a summary provided for convenience. In the case of any inconsistency between the summary of the Plan in this Disclosure Statement and the Plan, the Plan will govern.**

reorganize its business for the benefit of its stakeholders. The consummation of a plan of reorganization is the principal objective of a chapter 11 case. A plan of reorganization sets forth how a debtor will treat its claims and interests.

A bankruptcy court's confirmation of a plan binds the debtor, any entity or person acquiring property under the plan, any creditor of or equity security holder in a debtor and any other entities and persons as may be ordered by the bankruptcy court to the terms of the confirmed plan, whether or not such creditor or equity security holder is impaired under or has voted to accept the plan or receives or retains any property under the plan.

Among other things (subject to certain limited exceptions and except as otherwise provided in the Plan or the Confirmation Order), the Confirmation Order will discharge the TSN Debtors from any debt arising before the Effective Date, substitute the obligations set forth in the Plan for those pre-bankruptcy claims and terminate all of the rights and interests of pre-bankruptcy equity security holders. Under the Plan, Claims and Interests are divided into Classes according to their relative priority and other criteria.

Each of the TSN Debtors is a proponent of the Plan within the meaning of section 1129 of the Bankruptcy Code. As described throughout this Disclosure Statement, the Plan provides for a comprehensive restructuring of the TSN Debtors' pre-bankruptcy obligations, preserves the going-concern value of the TSN Debtors' businesses, maximizes recoveries available to all constituents and provides for an equitable distribution to the TSN Debtors' stakeholders. The Plan is premised on the consummation of restructuring transactions supported by the TSN Debtors' largest secured creditor, EchoStar Corporation ("**EchoStar**"), which include, among other things, (i) the equitization of the Debtors' approximately \$1 billion of 15% Senior Secured Note obligations and (ii) a \$125 million Rights Offering of New Preferred Stock, which will be backstopped by one of more holders of 15% Senior Secured Notes.

Following the Plan, the TSN Debtors will emerge from chapter 11 with an improved, highly deleveraged balance sheet. As of the Petition Date, the TSN Debtors had funded debt facilities with an aggregate accreted amount of approximately \$1.2 billion, consisting of: (a) \$943.9 million in aggregate principal and accrued interest of 15% Senior Secured PIK Notes due 2014; (b) \$178.7 million in aggregate principal and accrued interest of 6.5% Senior Exchangeable PIK Notes due 2014; and (c) \$85.9 million in principal and accrued interest in the TerreStar-2 Purchase Money Credit Agreement. In contrast, under the Plan, the Reorganized Debtors' sole funded debt will be the amounts owing under the TerreStar-2 Purchase Money Credit Agreement. Additionally, under the Plan, (i) holders of 15% Senior Secured PIK Notes and 6.5% Senior Exchangeable PIK Notes will receive both New Common Stock of Reorganized TSN and Rights to purchase New Preferred Stock in the Rights Offering, all in the percentages and on the terms set forth herein and in the Plan, and (ii) holders of Allowed Other Unsecured Claims will receive New Common Stock of Reorganized TSN in the percentage and on the terms set forth herein and in the Plan.⁴

In developing the Plan, the TSN Debtors, with the assistance of their professional advisors, conducted a careful review of their current operations, their prospects as an ongoing business, financial projections included in the business plan developed by management and estimated recoveries in a liquidation scenario. Following this review, the TSN Debtors concluded that recoveries to their stakeholders would be maximized by the TSN Debtors' continued operations as a going concern and by the TSN Debtors' emergence from chapter 11 with the structure proposed in the Plan. Although the TSN Debtors continue to market their assets to prospective purchasers in an effort to maximize value for their stakeholders, at this point, no offer has been received.

The TSN Debtors believe that their businesses and assets have significant value that would not be realized in a liquidation, either in whole or in substantial part. Consistent with the valuation, liquidation and other analyses prepared by the TSN Debtors with the assistance of their advisors (see **Exhibits D, E and F** attached hereto), the value of the TSN Debtors is substantially greater as a going concern than in a liquidation. The TSN Debtors also

⁴ As discussed herein, holders of Allowed Other Unsecured Claims against TSN will not receive Rights, but instead shall receive New Common Stock in an amount equal to the value of their pro rata share of the Rights (as if such Rights were distributed to Classes 3, 5 and 6(a)) as set forth herein and in the Plan.

believe that any alternative to Confirmation (other than a sale of the TSN Debtors' assets that will result in increased value for all stakeholders), such as an attempt by another party to file a competing plan, would result in significant delays, litigation and additional costs, and could negatively affect value by causing unnecessary uncertainty with the TSN Debtors' key customer and supplier constituencies, which could ultimately lower the recoveries for all holders of Allowed Claims and Interests.

ACCORDINGLY, FOR ALL OF THESE REASONS AND THE OTHER REASONS DESCRIBED IN THIS DISCLOSURE STATEMENT, THE DEBTORS URGE YOU TO RETURN YOUR BALLOT ACCEPTING THE PLAN BY THE VOTING DEADLINE.

C. Summary of Treatment of Claims and Interests and Description of Recoveries Under the Plan

(i) Summary of Classification of Claims and Interests Under the Plan

The Plan organizes the TSN Debtors' various creditor and equity constituencies into groups called "Classes." For each Class, the Plan describes (a) the underlying "Claim" or "Interest," (b) the recovery available to the holders of Claims or Interests in that Class under the Plan, (c) whether the Class is "impaired" under the Plan, meaning that each holder will receive less than the full value on account of its Claim or Interest or that the rights of holders under law will be altered in some way (such as receiving stock instead of holding a Claim) and (d) the form of consideration (e.g., cash, stock or a combination thereof), if any, that such holders will receive on account of their respective Claims or Interests.

The table below provides a summary of the classification and description of Claims and Interests under the Plan. This information is provided in summary form below for illustrative purposes only and is qualified in its entirety by reference to the provisions of the Plan. For a more detailed description of the treatment of Claims and Interests under the Plan, see section VIII of this Disclosure Statement, entitled "Description of the Joint Plan of Reorganization."

In addition to the Classes identified above, the Plan provides for recoveries to certain types of Claims that are not separately classified under the Plan, as follows:

- **Allowed Administrative and Priority Tax Claims.** Administrative Claims include Claims for costs and expenses of administration of these chapter 11 cases pursuant to sections 503(b), 507(a)(2), 507(b) or 1114(e)(2) of the Bankruptcy Code. Priority Tax Claims include any Claim of a governmental unit, as defined in section 101(27) of the Bankruptcy Code, of the kind specified in section 507(a)(8) of the Bankruptcy Code.
- **Allowed DIP Claims.** DIP Claims include Claims derived from or based upon the DIP Loan Agreement, including without limitation Claims for principal, interest, fees, or expenses.
- **Payment of Statutory Fees.** Statutory fees include all U.S. Trustee quarterly fees payable under 28 U.S.C. § 1930(a)(6), plus interest due and payable under 31 U.S.C. § 3717, on all

disbursements, including Plan payments and disbursements in and outside the ordinary course of the TSN Debtors' businesses, until the entry of a Final Order, dismissal of the chapter 11 cases or conversion of the chapter 11 cases to cases under chapter 7 of the Bankruptcy Code.

Under the proposed Plan, holders of Allowed Administrative Claims, DIP Claims and Priority Tax Claims and all Statutory Fees will be paid in full, in cash, will otherwise be left unimpaired or granted such other treatment as agreed between the TSN Debtors and the applicable creditor, all as further provided in Article III of the Plan and Article VIII of this Disclosure Statement.

(ii) Summary of Treatment, Estimated Range of Recoveries and Voting Rights of Claims and Interests Under the Plan

The table below summarizes the classification, status, voting rights, treatment, estimated range of recoveries and estimated amount of claims of classified Claims and Interests under the Plan accounting for these various factors. These summaries are described in the form below for illustrative purposes only and are qualified in their entirety by reference to the provisions of the Plan. For a more detailed description of the treatment of Claims and Interests under the Plan, see section VIII of this Disclosure Statement, entitled "Description of the Joint Plan of Reorganization."

THE ESTIMATED PROJECTED RECOVERIES SET FORTH IN THE TABLE BELOW ARE ESTIMATES ONLY AND ARE THEREFORE SUBJECT TO CHANGE.

SUMMARY OF STATUS, TREATMENT AND RECOVERY

Class	Status	Voting Rights	Plan Treatment of Class	Estimated Recovery ⁵	Estimated Amount of Claims ⁶
1	Unimpaired	No (deemed to accept)	Except to the extent that a holder of an Allowed Other Priority Claim (i) has been paid by the TSN Debtors, in whole or in part, prior to the Effective Date or (ii) agrees to a less favorable treatment, each holder of an Allowed Other Priority Claim shall receive, on the Initial Distribution Date and in full satisfaction, settlement, release, and discharge of, and in exchange for such Other Priority Claim, Cash in the full amount of such Allowed Other Priority Claim.	100%	No more than \$5 million

⁵ The estimated recovery assumes the exercise of the Overallotment option in full. If the Plan Sponsor elects, in its sole discretion, to make the Overallotment option available, each holder of Senior Secured Notes Claims may elect to participate on a pro rata basis pursuant to the terms of the EPCA.

⁶ Except as otherwise expressly noted, these estimates reflect the TSN Debtors' best estimate as of the date of this Disclosure Statement; they are subject to material change.

Class	Status	Voting Rights	Plan Treatment of Class	Estimated Recovery ⁵	Estimated Amount of Claims ⁶
2	Unimpaired	No (deemed to accept)	Except to the extent that a holder of an Allowed Other Secured Claim agrees to a less favorable treatment, at the option of the TSN Debtors or the Reorganized TSN Debtors (which option shall be reasonably satisfactory to the Plan Sponsor), (i) each Allowed Other Secured Claim shall be reinstated and Unimpaired in accordance with section 1124(2) of the Bankruptcy Code, or (ii) each holder of an Allowed Other Secured Claim shall receive, in full satisfaction, settlement, release, and discharge of, and in exchange for, such Other Secured Claim, either (w) Cash in the full amount of such Allowed Other Secured Claim, including any postpetition interest accrued pursuant to section 506(b) of the Bankruptcy Code, (x) the proceeds of the sale or disposition of the collateral securing such Allowed Other Secured Claim to the extent of the value of the holder's secured interest in such collateral, (y) the collateral securing such Allowed Other Secured Claim and any interest on such Allowed Other Secured Claim required to be paid pursuant to section 506(b) of the Bankruptcy Code, or (z) such other distribution as necessary to satisfy the requirements of section 1129 of the Bankruptcy Code.	100%	No more than \$5 million
3	Impaired	Yes	Each holder of an Allowed Senior Secured Notes Claim shall receive its Pro Rata share of the Class 3 Distribution.	98%	\$1016.7 ⁷
4	Unimpaired	No (deemed to accept)	The PMCA Claims will be reinstated pursuant to section 1124 of the Bankruptcy Code.	100%	\$91.5 million
5	Impaired	Yes	Each holder of a Senior Exchangeable Notes Claim shall receive, on the Initial Distribution Date, its Pro Rata share of the Class 5 Distribution. ⁸	6%	\$178.7 million

⁷ The Senior Secured Notes Indenture Trustee, on behalf of the holders of Senior Secured Notes, has filed a proof of claim in the amount of not less than \$1,425,896,762.95. Notwithstanding this Claim, pursuant to the Bankruptcy Rule 9019 settlement embodied in the Plan, the TSN Debtors have proposed to Allow Class 3 Claims equal to an aggregate of \$1,016.7 million (inclusive of principal and interest). Parties in interest that satisfy applicable standing requirements may object to the amount of this claim, including with respect to the inclusion of postpetition interest in the calculation thereof and the allowance of the makewhole premium. Additional information regarding this Claim is set forth in Article VIII of this Disclosure Statement and Exhibit P.

⁸ The TSN Debtors have assumed that the total amount of Allowed Class 6(a) Claims will be approximately \$365 million. Any decrease (after the claims resolution process has been concluded) in the final amount of Allowed Other Unsecured Claims against TSN will inure to the benefit of the holders of the Senior Exchangeable Notes Claims and Allowed Class 6(a) Claims, but holders of the Senior Exchangeable Notes Claims will not be harmed by any increase above \$365 million in the final amount of Allowed Class 6(a) Claims.

Class	Status	Voting Rights	Plan Treatment of Class	Estimated Recovery ⁵	Estimated Amount of Claims ⁶
6(a)	Impaired	Yes	Unless such holder has made a Convenience Class Election, each holder of an Allowed Other Unsecured Claim shall receive its Pro Rata share of the Class 6(a) Distribution.	6% ⁹	\$365 million
6(b)	Impaired ¹⁰	Yes	Unless such holder has made a Convenience Class Election, each holder of an Allowed Other Unsecured Claim against 088 shall receive its Pro Rata share of the Class 6(b) Distribution	TBD ¹¹	TBD
6(c)	Impaired	No (deemed to reject)	There shall be no distribution to holders of Other Unsecured Claims against TLI.	0%	N/A
6(d)	Impaired	No (deemed to reject)	There shall be no distribution to holders of Other Unsecured Claims against TSNSI.	0%	N/A
6(e)	Impaired	No (deemed to reject)	There shall be no distribution to holders of Other Unsecured Claims against TSN (Canada).	0%	N/A
6(f)	Impaired	No (deemed to reject)	There shall be no distribution to holders of Other Unsecured Claims against TSN Holdings (Canada).	0%	N/A

⁹ As set forth herein, in lieu of holders of Allowed Class 6(a) Claims receiving Rights to participate in the Rights Offering, holders of Allowed Class 6(a) Claims will be receiving New Common Stock equal to the value of the Rights they otherwise would have received. Holders of Allowed Class 6(a) Claims shall receive such value without having to contribute cash in exchange for their shares (as other Rights Offering participants would). Rather, such claimants shall receive a reduced number of shares reflecting the fact that they did not have to pay the Discount Purchase Price for their shares. For example, if an allowed Class 6(a) Claim holder would have been entitled to rights to purchase 1,000 shares, such holder would have had to have paid \$22,710 (based on the Discount Purchase Price of \$22.71 per share) and would receive 1,000 shares worth \$39,940 (based on a per share plan value of \$39.94), thus having net value to the holder of \$17,230. Instead, and under the Plan as currently contemplated, the holder will receive shares worth \$17,230, which is the equivalent of 431.4 shares. The Discount Purchase Price of \$22.71 is based on a 35% discount to net distributable value of \$1.048 billion under the Plan; when the Discount Purchase Price is calculated as a percent of pro forma per share plan value (after considering proceeds from the Rights Offering) the discount is 43%. In the aggregate, approximately 48 thousand shares worth \$1.9 million are to be provided to the holders of Allowed Class 6(a) Claims as a result of the determination to provide Allowed Class 6(a) Claims New Common Stock equal to the value of the Rights they would otherwise have received in lieu of such Rights.

¹⁰ As set forth in Article VIII.B.(ii)(g) hereof, and in Article III.C.7 of the Plan, the TSN Debtors reserve the right to treat holders of Class 6(b) Claims, at Confirmation, as Unimpaired and conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Specifically, in the event that the aggregate amount of Allowed Class 6(b) Claims is \$38 million or less, holders of Allowed Class 6(b) Claims will receive payment in full and will therefore be Unimpaired.

¹¹ The recovery provided to holders of Allowed Claims in Class 6(b) will be determined by the validity and amount of the Sprint Claim asserted against 088. Should the Sprint Claim be disallowed or Allowed in an amount less than \$38 million, holders of Allowed Claims in Class 6(b) will receive payment in full. Should the Sprint Claim be Allowed in an amount equal to or greater than \$38 million, the recovery to holders of Allowed Claims in Class 6(b) will be determined dependent upon that allowed amount.

Class	Status	Voting Rights	Plan Treatment of Class	Estimated Recovery ⁵	Estimated Amount of Claims ⁶
7	Impaired	Yes	Each holder of an Allowed Unsecured Convenience Claim shall receive Cash in an amount equal to the lesser of: (i) 10% of such holders' Unsecured Convenience Claim; and (ii) such holder's Pro Rata share of \$500,000.	N/A	N/A
8	Impaired	No (deemed to reject)	Each holder of an Allowed Senior Secured Notes Deficiency Claim shall receive its Pro Rata share of the Class 8 Distribution.	0% ¹²	N/A ¹³
9	Impaired	No (deemed to reject)	On the Effective Date, all Equity Interests shall be deemed cancelled and shall be of no further force and effect, whether surrendered for cancellation or otherwise, and there shall be no distribution to the holders of Equity Interests.	0%	N/A
10	Unimpaired	No (deemed to accept)	The 088 Interests shall be reinstated pursuant to section 1124 of the Bankruptcy Code. Holders of the 088 Interests shall retain such 088 Interests, which have a value equal to \$38 million less the amount of the Class 6(b) Distribution.	N/A	N/A

D. Voting Deadline

The deadline to vote on the Plan is 5:00 p.m. (prevailing Eastern time) on February 18, 2011 (the “**Voting Deadline**”).

E. Procedures for Voting on the Plan

This Disclosure Statement, accompanied by a Ballot, Note Ballot or Master Ballot (as applicable) to be used for voting on the Plan, is being distributed to the holders of Claims entitled to vote on the Plan. If you are a holder of Claims in Classes 3, 5, 6(a), 6(b) or 7, you may vote for or against the Plan by completing the Ballot, Note Ballot or Master Ballot (as applicable) and returning it in the envelope provided in accordance with the instructions provided on the Ballot and in the Voting and Tabulation Procedures.

The Debtors, with the approval of the Bankruptcy Court, have engaged The Garden City Group, Inc. (“**GCG**”) to serve as the voting agent for claims and generally oversee the voting process (the “**Voting and Claims Agent**”). The Voting and Claims Agent will also process and tabulate Ballots for each Class entitled to vote to

¹² When the TSN Debtors analyzed claims on a debtor by debtor basis at each of the TSN Debtors (other than 0887729 B.C. Ltd.) they took into account the fact that the Senior Secured Notes Claims could legally be asserted, in full, against each obligor. As none of the obligors, when analyzed in isolation, have assets which secure the Senior Secured Notes that are equal to or in excess of the amount of the Class 3 Claims, in each chapter 11 case the Senior Secured Notes could assert both secured and unsecured deficiency claims. Although such claims could legally be asserted, as the Senior Secured Notes Claims will be satisfied in full from their collective secured claims against the TSN Debtors (other than 0887729 B.C. Ltd.) and such Claims are only entitled to be paid once, the TSN Debtors have not included any distribution for the Class 8 Senior Secured Notes' deficiency claims. Doing so would in effect have impermissibly paid the Senior Secured Notes Claims twice.

¹³ The amount of the Senior Secured Notes Deficiency Claim differs by entity as delineated on the Allocations Analysis attached as hereto as Exhibit P.

F. Additional Plan-Related Documents

(i) Filing the Plan Supplement

The TSN Debtors will file the Plan Supplement with the Bankruptcy Court no later than February 2, 2011, which is 16 days before the Voting Deadline. The Noticing and Claims Agent will serve the 2002 List and Master Service List with a notice that will (1) inform parties that the Plan Supplement was filed, (2) list the information included therein and (3) explain how copies of the Plan Supplement may be obtained. The Plan Supplement will

include a compilation of documents and forms of documents, schedules and exhibits to the Plan to be filed by the TSN Debtors, including, (a) the New Corporate Governance Documents, (b) the identity of the members of the New Boards of each of the Reorganized Debtors as well as the nature and amount of compensation for any member of a New Board who is an “insider” under section 101(31) of the Bankruptcy Code, to the extent known; (c) the Rejected Executory Contract and Unexpired Lease List (which, notwithstanding the foregoing, will be filed no later than February 7, 2011); (d) the Registration Rights Agreement; (e) the Schedule of Retained Causes of Action¹⁴; (f) the New Preferred Stock Certificate of Designation; (g) the New Employment Agreements; (h) a schedule of the Insurance Policies; and (i) a schedule of Intercompany Claims¹⁵; and all exhibits, attachments, supplements, annexes, schedules, and ancillary documents related to each of the foregoing.

(ii) *Filing the Contract/Lease Schedule*

The TSN Debtors will file a schedule or schedules, as necessary, with the Plan Supplement, listing the Executory Contracts and Unexpired Leases the TSN Debtors intend to reject pursuant to Article VI of the Plan (the “**Contract/Lease Schedule**”) with the Bankruptcy Court no later than February 7, 2011, which is 11 days before the Voting Deadline. The Contract/Lease Schedule will include (a) the name of the non-Debtor counterparty, (b) the legal description of the contract or lease to be assumed and (c) the proposed Cure Claim, if any.

On the date of filing of the Contract/Lease Schedule or as soon as practicable thereafter, with the assistance of the Noticing and Claims Agent, the TSN Debtors will serve the notice of filing upon each non-Debtor counterparty listed thereon. The notice of filing will describe the procedures by which such parties may object to (i) the proposed assumption or rejection of their respective Executory Contract or Unexpired Lease or (ii) the proposed Cure Claim (if any) and explain how such disputes will be resolved by the Bankruptcy Court if the parties are not able to resolve a dispute consensually.

Objections, if any, to the proposed assumption and/or Cure Claim or rejection by the TSN Debtors of any Executory Contract or Unexpired Lease listed on the Contract/Lease Schedule, must be filed with the Bankruptcy

¹⁴ The TSN Debtors do not believe that the Retained Causes of Action will include any actions other than potential actions under chapter 5 of the Bankruptcy Code. Specifically, the TSN Debtors believe that the Retained Causes of Action will consist of potential preferential transfers pursuant to section 547 of the Bankruptcy Code and potential fraudulent conveyances under section 548 of the Bankruptcy Code. The TSN Debtors have publicly disclosed the universe of transfers that may qualify as preferential transfers under section 547 including (i) transfers to non-insiders that occurred within 90-days before the Petition Date and (ii) transfers to insiders that occurred within one year of the Petition Date in their Schedules and SoFAs filed on November 8, 2010. The TSN Debtors are working with their advisors to analyze these transfers to determine, among other things, whether they qualify as preferential transfers under section 547 of the Bankruptcy Code and a schedule of those actions the TSN Debtors believe are potentially viable will be included in the Plan Supplement as Retained Causes of Action. Additionally, the TSN Debtors have been advised that certain parties in interest believe that the transfer by Motient Ventures Holding Inc. to TSN of approximately \$32 million described herein in Footnote 37, may be characterized as a fraudulent conveyance under section 548 of the Bankruptcy Code.

¹⁵ Attached to this Disclosure Statement as Exhibit J is the TSN Debtors’ current estimate of intercompany transfers. Intercompany claims can be characterized in many ways, including: (i) *pari passu* with all third-party debt, (ii) subordinated to all third-party debt but senior to common equity; or (iii) equity. With respect to intercompany claims asserted by Non-TSN Debtors, parties may argue that under certain circumstances, courts have recharacterized intercompany transfers as disguised equity contributions or equitably subordinated intercompany transfers to the extent the transferor engage in inequitable conduct and the other elements of equitable subordination were satisfied. The TSN Debtors take no position on the merits of such arguments and reserve all of their rights with respect to the intercompany balances listed in the Exhibit, including, but not limited to, the appropriate characterization of such intercompany balances and the amounts of such balances, which are still being identified by the Debtors. To the extent necessary, the TSN Debtors will supplement this schedule as part of the Plan Supplement.

Court and served so as to be **actually received** on or before the Plan Objection Deadline by the notice parties listed therein, (“***Plan Objection Deadline***”).

Any counterparty to any Executory Contract or Unexpired Lease who fails to timely file and serve an objection in accordance with the Plan will be deemed to have consented (i) the assumption or rejection of that party’s Executory Contract or Unexpired Lease by the Debtors, and (ii) the proposed Cure Claim (if any), in accordance with Article VI of the Plan.

The TSN Debtors have been and are continuing to work with their advisors and have been consulting with the Plan Sponsor, to determine which of their Executory Contracts and Unexpired Leases to assume or reject. As of the date of this Disclosure Statement, the TSN Debtors have not come to a final decision with respect to the assumption or rejection of all of their Executory Contracts and Unexpired Leases agreements. As described in Article VII.C, to the extent that the TSN Debtors have identified Executory Contracts or Unexpired Leases that should be rejected, motions to reject such agreements have been filed with the Bankruptcy Court in an effort to minimize incurring additional postpetition expenses with respect to such agreements.

<p>THE PLAN WILL BIND ALL HOLDERS OF CLAIMS AGAINST, AND INTERESTS IN, THE TSN DEBTORS TO THE FULLEST EXTENT AUTHORIZED OR PROVIDED UNDER THE BANKRUPTCY CODE, INCLUDING SECTIONS 524 AND 1141 THEREOF, AND BY ALL OTHER APPLICABLE LAW.</p>

III.
QUESTIONS AND ANSWERS REGARDING
THIS DISCLOSURE STATEMENT AND THE JOINT PLAN

A. What is Chapter 11?

Chapter 11 is the principal business reorganization chapter of the Bankruptcy Code. In addition to permitting debtor rehabilitation, chapter 11 of the Bankruptcy Code promotes equality of treatment for similarly-situated creditors and similarly-situated interest holders, subject to the priority of distributions prescribed by the Bankruptcy Code.

The commencement of a chapter 11 case creates an estate that includes all of the legal and equitable interests of the debtor in property as of the bankruptcy commencement date. The Bankruptcy Code provides that the debtor may continue to operate its business and remain in possession of its property as a “debtor in possession.”

Consummating a plan of reorganization is the principal objective of a chapter 11 case. A plan that is confirmed by the bankruptcy court is binding on the debtor, any person acquiring property under the plan, any creditor or interest holder of the debtor and any other entity as may be ordered by the bankruptcy court, in accordance with the applicable provisions of the Bankruptcy Code. Subject to certain limited exceptions, the order issued by a bankruptcy court confirming a plan provides for the treatment of the debtor’s claims and interests in accordance with the terms of the confirmed plan.

B. Why are the TSN Debtors sending me this Disclosure Statement?

The TSN Debtors are seeking to obtain Bankruptcy Court approval of the Plan. Before soliciting acceptances of the Plan, section 1125 of the Bankruptcy Code requires the TSN Debtors to prepare a Disclosure Statement containing adequate information of a kind, and in sufficient detail, to enable a hypothetical reasonable investor to make an informed judgment regarding acceptance of the Plan. The Bankruptcy Court approved this Disclosure Statement under section 1125 of the Bankruptcy Code by order dated December 22, 2010. The Ontario Superior Court of Justice (Commercial List) (the “*Canadian Court*”)¹⁶ recognized the Bankruptcy Court’s approval of the Disclosure Statement by order dated December 23, 2010 (the “*Canadian Disclosure Statement Order*”). A copy of the Disclosure Statement Order and Canadian Disclosure Statement Order are attached hereto as **Exhibit B**. This Disclosure Statement is being submitted to the Debtors’ stakeholders in accordance with these Bankruptcy Code requirements, the Disclosure Statement Order and the Canadian Disclosure Statement Order.]

C. Am I entitled to vote on the Plan? What will I receive from the TSN Debtors if the Plan is consummated?

Your ability to vote and the distribution and consideration that you will receive under the Plan, if any, depend on what kind of claim or interest you hold. As described in section VIII of this Disclosure Statement, Article III of the Plan creates categories of holders of claims and interests, each of which is referred to as a “*Class*.” A summary of the Classes of Claims and Interests and a description each Class’s voting status are set forth in the Executive Summary of this Disclosure Statement.

You should refer to this entire Disclosure Statement and the Plan for a complete description of the classification and treatment of each Class of Claims, and Interests.

For more information about the treatment of Claims and Interests, see “Description of the Joint Plan of Reorganization,” which begins on page 54.

¹⁶ A description of the foreign recognition proceedings in Canada in respect of these chapter 11 cases is contained in Article VI.D. herein.

D. If the Plan provides that I get a distribution, do I get it upon Confirmation or when the Plan goes effective, and what do you mean when you refer to “Confirmation,” “Effective Date” and “consummation?”

“Confirmation” refers to approval of the Plan by the Bankruptcy Court. Confirmation does not guarantee that you will receive the distribution indicated under the Plan. After Confirmation, there are certain conditions that need to be satisfied or waived so that the Plan can be consummated or become effective. References to the “Effective Date” mean the date that all conditions to the Plan have been satisfied or waived and the Plan has been fully consummated. Distributions will only be made on the Effective Date or as soon as practicable thereafter, in accordance with Article III of the Plan (and for claims that are not yet Allowed, distributions will be further delayed). See “Confirmation of the Plan,” which begins on page 94, for a discussion of the conditions to consummation.

E. If the Plan solely applies to the TSN Debtors, what happens to a claim I may have against a Debtor not included in this Plan?

The Plan applies to TerreStar Networks, Inc., TerreStar National Services, Inc., 0887729 B.C. Ltd., TerreStar License Inc., TerreStar Networks Holdings (Canada) Inc. and TerreStar Networks (Canada) Inc. (collectively, the “*TSN Debtors*”). The Non-TSN Debtors intend to file a chapter 11 plan at a later date. Accordingly, creditors with claims against any Debtor other than the TSN Debtors will receive notice of the proposed plan for the Non-TSN Debtors at that time. The Plan will only affect creditors of the TSN Debtors.

F. What is included in the solicitation packages to be sent to creditors who are eligible to vote on the Plan?

All parties in interest will receive notice of the Confirmation Hearing, which is the hearing at which the TSN Debtors will seek Confirmation. Additionally, creditors who are eligible to vote on the Plan will receive appropriate solicitation materials including ballots. I. When is the Confirmation Hearing set to occur?

The Bankruptcy Court has scheduled the Confirmation Hearing for March 4, 2011 to take place at 10:00 a.m. (Prevailing Eastern Time) before the Honorable Sean H. Lane, United States Bankruptcy Judge, in the United States Bankruptcy Court for the Southern District of New York, located at One Bowling Green, New York, New York 10004-1408. **The Confirmation Hearing may be adjourned from time to time without further notice except for an announcement of the adjourned date made at the Confirmation Hearing or any adjournment thereof.**

J. What is the deadline to object to Confirmation?

Objections to Confirmation must be filed and served on the Debtors, and certain other parties in interest, so that they are **actually received** no later than February 21, 2011 at 5:00 p.m. (Prevailing Eastern Time) in accordance with the requirements set forth in the Disclosure Statement Order, which is attached to this Disclosure Statement as **Exhibit B**. Unless objections to Confirmation are timely served and filed in compliance with the Disclosure Statement Order they may not be considered by the Bankruptcy Court. For further information on Confirmation see the section of this Disclosure Statement titled "Confirmation of the Plan," which begins on page 94.

K. What is the effect of Confirmation on the Debtors' ongoing business?

The TSN Debtors are reorganizing under chapter 11 of the Bankruptcy Code. As a result, unless otherwise set forth in the Plan, Confirmation means that the TSN Debtors will not be liquidated or forced to go out of business. Following Confirmation, the Plan will be consummated on the Effective Date, which is a date selected by the TSN Debtors (with the consent of the Plan Sponsor) that is the first business day after which all conditions to consummation have been satisfied or waived. *See* Article X of the Plan. On or after the Effective Date, and unless otherwise provided in the Plan, each Reorganized Debtor may operate its business and may use, acquire or dispose of property and compromise or settle any Claims, Interests or causes of action without supervision or approval by the Bankruptcy Court and free of any restrictions of the Bankruptcy Code or Bankruptcy Rules.

In the event that the Plan is not consummated, the Plan will be null and void in all respects. Accordingly, any settlement or compromise, distribution on account of any Claim or Interest, assumption or rejection of Executory Contracts or Unexpired Leases affected by the Plan and any document or agreement executed pursuant to the Plan shall be deemed null and void.

L. Do the Debtors recommend voting in favor of the Plan?

Yes. It is the Debtors' opinion and belief that the Plan provides for a larger distribution to the TSN Debtors' creditors than would result from any other available alternative. Although the TSN Debtors continue to market their assets to prospective purchasers in an effort to maximize value for their stakeholders, at this point, no offer has been received. The Debtors believe that the Plan, which contemplates a significant deleveraging of more than \$1.1 billion of the TSN Debtors' debt obligations, is in the best interests of all holders of Claims and Interests. Any other alternative, including a liquidation under chapter 7 of the Bankruptcy Code, would realize lesser value than the value to be afforded under the Plan. Thus, the Debtors recommend that holders of Claims who are entitled to vote on the Plan vote to accept it.

IV. THE DEBTORS' HISTORY

A. Company Overview

TerreStar Networks Inc. (“*TSN*” and, together with its affiliated debtors and debtors in possession, the “*Debtors*” and, the Debtors together with their non-Debtor affiliates, “*TerreStar*” or the “*Company*”) is a next-generation mobile satellite service operator that recently launched a wireless communications system which provides mobile satellite coverage throughout the United States (including Alaska, Hawaii, Puerto Rico and the United States Virgin Islands, as well as in U.S. territorial waters) and Canada using integrated satellite-terrestrial smartphones and other devices. The TSN Debtors offer this next-generation service as a wholesale mobile satellite services provider, allowing existing terrestrial service providers to augment their existing terrestrial networks with mobile satellite coverage. Through such relationships, the TSN Debtors’ next generation mobile wireless network consists of a telecommunications network that handles multiple types of traffic over both terrestrial and satellite infrastructure. Various communications applications, including voice, data and video services, are available for use over the satellite network.

TerreStar began conducting business in 1988 when TerreStar Corporation (“*TSC*”) (formerly Motient Corporation) was incorporated under the laws of the State of Delaware. TSN was formed in 2002 as a wholly-owned subsidiary of Mobile Satellite Ventures LP to develop a mobile satellite communications system in the 2 GHz S-band and subsequently spun off under Motient Corporation (which became TSC). TSN is a majority-owned, indirect subsidiary of TSC,¹⁷ and is TSC’s principal operating entity.¹⁸ TSC is not a Debtor in these chapter 11 cases.¹⁹

The Debtors are headquartered in Reston, Virginia, with additional facilities in Richardson, Texas; New York, New York; Las Vegas, Nevada; North Salt Lake, Utah; and Lincolnshire, Illinois. The Canadian Debtors maintain offices in Ottawa, Ontario; Vancouver, British Columbia; and Montreal, Quebec and have additional facilities in Toronto, Ontario and Allan Park, Ontario.

Within the United States, the TSN Debtors conduct ground operations in the states of Arizona, Florida, Indiana, Louisiana, Nevada, New Mexico, North Carolina, North Dakota, Oregon, Texas, Utah, Virginia and Washington. Within Canada, the TSN Debtors conduct ground operations in the provinces of Ontario, Alberta,

¹⁷ TSN is 89.3% owned by TSC (through its wholly owned subsidiaries MVH Holdings Inc. and Motient Ventures Holding Inc.) and 10.7% owned by a direct or indirect subsidiary of LightSquared Inc., (together with its direct and indirect subsidiaries, “*LightSquared*”) (f/k/a SkyTerra Communications, Inc. (“*SkyTerra*”)), an affiliate of Harbinger.

¹⁸ Two of the Debtors’ non-debtor affiliates, TerreStar Global Ltd. (a Bermuda Company) and TerreStar Europe Limited (a United Kingdom Company) were also established to conduct foreign operations. TerreStar Global Ltd. holds a license to utilize an orbital slot allocated to the government of Bermuda by Ofcom, the Office of Communications, which functions as the independent regulator and competition authority for the United Kingdom communications industries. TerreStar Global Ltd. currently conducts no business or operations. TerreStar Europe Limited was established to provide coverage in certain areas of Europe; however, after an unsuccessful bid for the right to use the TSN Debtors’ 2 GHz spectrum in Europe, TerreStar Europe Limited conducts no business or operations and recently has been stricken from the United Kingdom’s company register.

¹⁹ TSC is currently in discussions with holders of its Series A and B Preferred Stock, including Highland Capital Management, Solus Alternative Asset Management, L.P. and Harbinger Capital Partners LLC, with regard to a potential chapter 11 filing of TSC and its wholly owned subsidiary, TerreStar Holdings Inc.

British Columbia and Saskatchewan.²⁰ As of the date hereof, the TSN Debtors employ 107 employees, 20 of which are employed by the TSN Debtors on an hourly basis and the remainder of which are employed by the TSN Debtors on a full-time, salaried basis (the “**Employees**”).²¹ In addition to their Employees, the TSN Debtors supplement their workforce with independent contractors depending on the TSN Debtors’ business needs.

B. The Company’s Business Operations

(i) The Mobile Network

The TSN Debtors’ business model is based on integrating ground-based technology and satellite technology into a single, North American mobile communications system intended to provide communication service in areas where traditional mobile networks currently do not reach or are unavailable. This next-generation network utilizes mobile satellite service (“**MSS**”)²² using frequencies in the 2 GHz band.²³ The TSN Debtors’ next generation wireless communications system provides coverage throughout North America, including in rural areas where either terrestrial coverage is unobtainable because terrestrial build out is not economical for traditional wireless service providers due to the sparse user base in such areas or terrestrial build out is physically unattainable due to

²⁰ The TSN Debtors’ ground operations include the maintenance and operation of two Gateway Earth Stations, which include various network equipment, routers, satellite control links and equipment, antenna and ground based beam forming equipment (“**Ground Stations**”) located in Las Vegas, Nevada and Allan Park, Ontario, as well as 15 calibration earth stations (“**CES**”) located throughout the United States and five CES located throughout Canada.

²¹ 101 of the Employees are solely employees of the Domestic Debtors. Six of the Employees are employees of TerreStar Networks (Canada) Inc. (“**TSN Canada**”) (collectively, the “**Canada Employees**”). The Canada Employees also provide services to a non-Debtor affiliate, TerreStar Solutions Inc., and are directly compensated in full by that entity, which subsequently invoices TSN Canada for its apportioned amount of the compensation for the Canada Employees. As set forth further herein, this arrangement is continuing in chapter 11, and payment thereof is included in the budget for the TSN Debtors’ DIP Financing.

²² Mobile satellite services (**MSS**) refers to satellite communication terminating or originating on non-fixed satellite receivers. A satellite handset connection using MSS is similar to a cellular telephone except rather than using a cell phone tower to attach to the carrier’s network, the satellite handset connects to a satellite, which transmits that signal.

²³ The 2 GHz band is in a range of spectrum commonly referred to as the “**S-Band**.” The S-Band incorporates frequencies ranging from 2 – 3 GHz. TerreStar License Inc., a Debtor in these chapter 11 cases, holds a license from the Federal Communications Commission (the “**FCC**”) to use 20 MHz of the S-Band in the United States for integrated MSS and terrestrial use. This license was obtained in connection with the Debtors’ build-out of their MSS Network. Specifically, TerreStar Networks (Canada) Inc. (“**TerreStar Canada**”), a TSN Debtor, was formed to hold a previously awarded approval in principle from Industry Canada to operate a satellite in an orbital slot at 111° WL. When TerreStar Canada acquired title to the “**TerreStar-I**” satellite, this permitted TSN to acquire a previously issued FCC authorization for one of the two remaining S-Band licenses in the United States, which since late 2005, had included 20 MHz of nationwide ATC spectrum. TerreStar Networks (Canada) Inc. holds a license from Industry Canada, the Canadian communications regulatory authority, to utilize the MSS portion of the same S-Band spectrum in Canada. TerreStar Solutions Inc., a non-Debtor affiliate of the Debtors, holds a license from Industry Canada to utilize the ancillary terrestrial component (“**ATC**”) portion of the same spectrum in Canada. In addition, the Debtors’ non-Debtor affiliate, TerreStar 1.4 Holdings LLC (which is wholly owned by TSC through TerreStar Holdings Inc., a non-Debtor affiliate) has access to 8 MHz of 1.4 GHz spectrum. TerreStar 1.4 Holdings LLC has entered into the Spectrum Lease (as defined below) with respect to the 1.4 GHz spectrum, pursuant to which One Dot Four (as defined below) manages the 1.4 GHz spectrum. The 1.4 GHz spectrum is licensed for terrestrial wireless services.

geographic conditions (e.g., rough terrain or waterways), or where because of extraordinary events (e.g. natural or man-made disaster) terrestrial wireless service is temporarily unavailable. Such coverage is critical for many first responders and governmental and rescue agencies, and is attractive to the media, technology, communications, logistics and distribution sectors and other sectors requiring uninterrupted wireless service, as well as to certain consumers (e.g., rural residents, outdoorsmen, adventurers and recreational maritime users).²⁴

In connection with developing their next generation network, in 2009 the TSN Debtors developed the world's first smartphone with integrated all-IP satellite-terrestrial voice and data capabilities (the "**GENUS**").²⁵ The TerreStar network, combined with the innovation of the GENUS, allows a user to have both terrestrial and satellite coverage through one device - - i.e. users will be able to place calls over traditional terrestrial cellular networks (for example, through AT&T) but will be able to "roam-in" to satellite coverage on the TSN Debtors' network when terrestrial coverage is unavailable.

Further, the TSN Debtors' business model is premised on acting as a wholesaler of satellite services and air time, as well as of the GENUS smartphone. The GENUS is marketed through the TSN Debtors' terrestrial provider partners. Ordinarily, the GENUS will communicate over a traditional terrestrial cellular 3G network; however, users of the GENUS subscribe, through their traditional terrestrial cellular coverage provider, to have the additional service feature to "roam-in" to the satellite network provided by the TSN Debtors when a terrestrial network is unavailable for a monthly subscription fee plus per minute or per megabit usage rates (i.e., roaming charges) that will appear on the customers' bills from the terrestrial provider. In turn, the terrestrial provider will pay the TSN Debtors a monthly fee for each subscribing customer in addition to a per-minute or per megabit charge for usage by customers. Accordingly, with such a subscription the GENUS can be converted to a satellite phone with the push of a button. Once the satellite option is selected, the phone will communicate using the TSN Debtors' satellite based network. This will allow customers to always be in coverage through a single, integrated device with one phone number, one email address and one bill.

Before filing for chapter 11, the TSN Debtors also entered into contracts for the development of a next generation chipset that could be incorporated into a wide range of mobile devices, including small, lightweight and inexpensive handsets. At this point, it is unclear whether the Reorganized Debtors will continue the development of the next generation chipset.

The TSN Debtors' network utilizes the "**TerreStar-1**"²⁶ satellite, as well as two Ground Stations and 20 calibration earth stations (the "**CES**"). The Ground Stations (one located in North Las Vegas, Nevada and the other in Allan Park, Ontario) serve as intercept points between the space and ground based parts of the TerreStar network. The Ground Stations perform both operational and service functions. Transmission to or from end users of the satellite service use the Ground Stations as a link between the satellite-portion of the TSN Debtors' network and the terrestrial link to the public switched telephone network. Equipment at the Ground Stations also performs operational tasks including beam forming, satellite monitoring and satellite control. Additionally, the TSN Debtors have 20 CES (15 throughout the United States and five throughout Canada). These carefully placed sites aid in the

²⁴ This focus of enhancing today's terrestrial mobile communications networks and providing more coverage in rural and geographically isolated areas is in line with the primary objectives of the National Broadband Plan, promulgated by the United States government through the FCC on March 15, 2010, which, among other things, seeks to augment mobile broadband capacity, promote the build out of communications infrastructure in high cost areas, and fortify communication channels for emergency first responders.

²⁵ The GENUS is a smartphone similar in size to today's terrestrial only wireless smartphones. Unlike other satellite phones available on the market, the GENUS approximates other smartphones in size, appearance and utility. It offers a touch screen, full QWERTY keyboard, and is Windows Mobile OS compatible. It offers a comprehensive range of features, such as text messaging, email, web browser, WiFi and Bluetooth.

²⁶ As noted above, in light of various regulatory requirements in place when TerreStar-1 was constructed, TerreStar Networks (Canada) Inc., a TSN Debtor in these chapter 11 cases, holds title to TerreStar-1. It has a useful life expectancy of over 15 years.

TSN Debtors' network's ground based beam forming and satellite health monitoring. Each site collects real time data from the satellite and transmits it to the Ground Stations for processing.

The design of the TSN Debtors' MSS network infrastructure has at least two major advantages over other traditional satellite networks. First, the network incorporates advanced ground based beam forming and dynamic spot beam technology.²⁷ These features allow the location, power and concentration of the satellite beams to be manipulated and reallocated within a few hours notice. The TSN Debtors' network, therefore, can handle a surge in user demand in a particular geographic location with unprecedented speed. This makes the TSN Debtors' network unparalleled in its ability to provide continuous coverage in areas where devastation by a natural or man-made disaster, damaged infrastructure, or unusual demand have compromised terrestrial communication. Second, calibration of the satellite and beam forming are conducted through earth based facilities. The design of the Debtors' network allows software and equipment updates as well as physical repairs to be performed on a wider range of satellite components than is typical for traditional space based calibration and beam forming systems.

In connection with the build out of the TSN Debtors' network, the TSN Debtors have recently achieved several significant milestones. They successfully launched TerreStar-1, on July 1, 2009 and placed it into its assigned²⁸ orbital slot.²⁹ On July 20, 2009, the TSN Debtors placed the first successful phone call over TerreStar-1 and accordingly TerreStar-1 was certified as operational on that date. On August 27, 2009, the TSN Debtors announced the successful completion of in-orbit testing. In December 2009 both the FCC and the PTCRB³⁰ certified the GENUS handset. On January 13, 2010, the FCC granted the TSN Debtors authority to integrate terrestrial use of their S-Band spectrum into their next generation mobile wireless network or, in other words, approved the ancillary terrestrial component ("**ATC**")³¹ of the TSN Debtors' services. On July 19, 2010, Industry Canada issued a similar ATC authorization to TerreStar Solutions Inc., a non-Debtor affiliate of TerreStar Canada.

²⁷ A satellite's coverage area is comprised of various satellite beams. Satellite beams are equivalent to a cell phone tower in that they receive and transmit signals to or from capable devices within a certain area. Different satellites have different beam capabilities and characteristics. TerreStar-1 can support up to 550 "spot beams," each of which can be manipulated in size, shape, location and power within the coverage area. The Debtors' advanced beam forming capabilities allows efficient frequency re-use: high numbers of users can be active within a single beam without significantly degrading service quality. Spectral efficiency is important to a satellite's performance as satellites are frequency- and power-constrained.

²⁸ The geosynchronous slot that TerreStar-1 occupies is assigned to TerreStar Networks (Canada) Inc., a Debtor in these chapter 11 cases, by Industry Canada. A geosynchronous orbit is one with an orbital period that matches the earth's rotation period. The synchronization of rotation and orbital period means that for an observer at a fixed location on the surface of the Earth, a satellite in geosynchronous orbit appears at a constant fixed point above the earth.

²⁹ The TSN Debtors are also in the process of building a ground spare satellite, "**TerreStar-2**," which is nearly identical to TerreStar-1 and is also designed for MSS using frequencies in the S-Band. Currently, access to a completed and operational ground spare satellite is a requirement for the TSN Debtors' ATC authorization; however, the National Broadband Plan has proposed relaxing this criterion. It remains to be seen whether the FCC will in fact remove the requirement for a ground spare satellite. Nonetheless, TerreStar-2 is currently under construction at SpaceSystems/Loral ("**Loral**") and is more than 90% complete, with approximately 95% of the construction costs having been paid. Completion is currently scheduled for October 2011.

³⁰ The PTCRB is a global organization created by Mobile Network Operators to provide an independent evaluation process.

³¹ Ancillary Terrestrial Component, or ATC, is ground based infrastructure in a mobile satellite system to enhance the availability, efficiency and economic viability of the coverage of the satellite network. ATC allows MSS providers to deploy terrestrial networks to enhance coverage in areas where the satellite signal is attenuated or unavailable.

ATC approval was a critical step in the TSN Debtors' ability to operate a combined satellite and terrestrial network. On September 21, 2010, AT&T announced the availability of satellite augmented mobile service through the GENUS handset to its government and enterprise customers.

(ii) ***Significant Contracts***

The Debtors' business enterprise is dependent in large part on a number of key agreements and other arrangements, which, among other things, provide the necessary intellectual property to the Debtors as well as allows them to reach the broadest range of potential customers who are targeted as likely users of the Debtors' planned communications systems. Set forth below is a short summary of some of these significant agreements, arrangements and relationships.

Satellite Construction and Ground Maintenance

The TSN Debtors have various contractual relationships and agreements that are necessary to ensure that their satellite network remains operational. Set forth below are some of the more important arrangements.

On December 13, 2006, TSN entered into the Site Preparation and Site Hosting Agreement (the "***Hughes O&M Agreement***") with Hughes Network Systems LLC ("***Hughes***"), under which Hughes provides site hosting services for the TerreStar Ground Station at the North Las Vegas site and CES equipment (the "***TerreStar Equipment***"). The parties entered into Amendment 2 to the Hughes O&M Agreement on April 21, 2009 for the purpose of adding the statement of work for Hughes to provide operations and maintenance services for the TerreStar Equipment. Under the Hughes O&M Agreement, Hughes provides (a) monitoring services 24 hours a day, seven days a week, every day of the year; (b) certain preventive and corrective maintenance; and (c) certain additional services (e.g., inventory management, warranty management, daily operations reporting, and operations security). The Hughes O&M Agreement automatically renews for successive one year renewal terms unless either party provides 90 days notice of intent not to enter into the next renewal term.

On March 30, 2007, in connection with the Hughes O&M Agreement, TSN entered into a contract with Hughes for the design, development and supply of satellite base station subsystems ("***S-BSS***")³² at the Las Vegas, NV and Allan Park, Ontario Ground Stations (the "***S-BSS Contract***").

TSN is party to two contracts with Loral relating to the purchase and construction of TerreStar-1 (the "***TerreStar-1 Agreement***") and TerreStar-2 (the "***TerreStar-2 Agreement***"). The TerreStar-1 Agreement includes launch support services, mission operations support services, risk management insurance procurement support, training services and other items relating to the TerreStar-1 satellite. The TerreStar-1 Agreement also contains in-orbit performance incentive payments by TSN to Loral over the life of the TerreStar-1 satellite. The TerreStar-2 Agreement contains services and terms substantially similar to those of the TerreStar-1 Agreement. The TerreStar-2 agreement also includes orbital performance incentive payments by TSN to be paid over the life of the TerreStar-2 satellite.

TSN is also party to a space based network ("***SBN***") contract with Loral pursuant to which Loral will (a) provide services to integrate the TerreStar-1 satellite with the ground segment Satellite Beam Access Subsystem ("***SBAS***")³³ to be provided by Hughes and (b) deliver an integrated SBN network consisting of the TerreStar-1 satellite and the SBAS.

³² S-BSS is the section of the network that is responsible for transmitting and receiving radio signals to and from a mobile phone. S-BSS carries out transcoding of speech channels, allocation of radio channels to mobile phones, paging and many other tasks related to the network.

³³ SBAS is a system that supports wide-area or regional augmentation through the use of additional satellite-broadcast messages. Such systems are commonly composed of multiple ground stations located at accurately-surveyed points. The ground stations take measurements of one or more of the satellites, the satellite signals, or other environmental factors that may impact the signal received by the users. Using these measurements, information messages are created and sent to one or more satellites for broadcast to the end users.

On May 11, 2007, TerreStar Canada contracted with Telesat Canada (“**Telesat**”) to provide in-orbit satellite operational services for TerreStar-1 (“**Telesat TT&C Agreement**”). Under the Telesat TT&C Agreement, Telesat uses its facilities and equipment located in Allan Park, Ontario to provide tracking, telemetry and control (“**TT&C**”) for TerreStar-1. These services include maintenance of the satellite’s proper orbital location, monitoring the health and operational status of the satellite, monitoring and notifying of any terrestrial or space-based threats to satellite operation, and issuing planned and emergency command and ranging. Telesat also provides assistance with satellite anomaly analysis and regulatory services including coordination and proper registration of the satellite.

On April 1, 2009, TSN entered into a Site Hosting and Operation and Maintenance of Satellite Gateway Systems agreement (“**Telesat O&M Agreement**”) with Telesat. On June 30, 2009, TSN assigned the Telesat O&M Agreement to 4506901 Canada Inc. (n/k/a 0887729 B.C. Ltd.). The Telesat O&M Agreement provides for the lease of real property at Telesat’s Allan Park teleport facility and equipment operation and maintenance for satellite gateway equipment and antennas housed in a structure known as the TSN Debtors’ Canadian gateway earth station. The equipment in the Ground Stations in Canada (like that in the U.S.), combines elements of the satellite and ground based networks and, in coordination with the CES, is critical to beam forming and linking voice and data traffic to the Network Operations Control Center in Richardson, TX.

GENUS Handset, Chipset Development and Related Technology

TSN and certain of its affiliates are party to a number of agreements with various parties relating to chipset development and the development of the GENUS device. TerreStar has entered into a number of agreements with Elektrobit, Inc. (“**Elektrobit**”) with respect to the development of the GENUS handset. First, on September 19, 2007, TSN signed a Statement of Work (the “**Statement of Work**”) under the Master Development & Licensing Agreement entered into by TSN and Elektrobit on August 10, 2007.³⁴ Under the Statement of Work, Elektrobit has assigned a multi-disciplined engineering team to perform reference design and development programs, software development for satellite and terrestrial chipset integration, and provide a reference design and production of the GENUS handset. Second, on December 1, 2009, TSN and TSC entered into a Master Supply Agreement (the “**Supply Agreement**”) with Elektrobit, which sets the terms for the individual purchase orders for the GENUS. Additionally, under the Supply Agreement, Elektrobit provides manufacturing services, forward and reverse logistics, and after market services support for certain satellite-terrestrial smartphones, starting with the GENUS smartphone. While there is no volume commitment from TerreStar in the Supply Agreement, pricing and other terms are adjusted based on volume.

In addition to the development of the fully integrated GENUS device, before filing for chapter 11, the TSN Debtors contracted with Qualcomm Incorporated (“**Qualcomm**”) and Infineon Technologies AG (“**Infineon**”), two of the premiere chipset developers for mobile and smartphone devices to ensure that, in the next generation of such devices, the ability to connect to the TSN Debtors’ network is built in and would need simply to be activated by a provider. These chipsets could substantially increase the availability of the TSN Debtors’ network to mobile device customers. The TSN Debtors have also contracted with certain parties to develop chipsets for the Ground Stations that are necessary to enable the chipsets in the smartphone and mobile devices to communicate with the TSN Debtors’ network.³⁵

AT&T Distribution Agreement

On September 25, 2009, the TSN Debtors entered into a Mobile Satellite Services and Support Agreement with AT&T Mobility II, LLC (“**AT&T**”) under which AT&T markets, resells and provides support for certain of the

³⁴ Pursuant to an amendment dated November 18, 2009, TSC guarantees TSN’s obligations to Elektrobit under the Master Development and License Agreement. By summons and complaint dated November 19, 2010, Elektrobit has brought various causes of action against TSC seeking payment under Master Development and License Agreement as well as the Supply Agreement. The complaint was filed in the Supreme Court for the State of New York, County of New York.

³⁵ At this point, it is unclear whether the Reorganized Debtors will continue the development of the next generation chipset in light of, among other things, the capital required for such development.

TSN Debtors' satellite communications services to government, commercial and other customers on a non-exclusive basis (the "**AT&T MSS Agreement**"). AT&T sells the GENUS (and various accessories) and AT&T's Satellite Augmented Mobility Service ("**SAM**") to end users. SAM includes access to AT&T's terrestrial mobile network and the TSN Debtors' satellite network. Pursuant to the rate plan under the AT&T MSS Agreement, AT&T pays the TSN Debtors a recurring monthly charge for each subscribing customer plus a fixed amount per minute for satellite voice calls (plus certain termination charges) and a fixed amount for each megabyte of satellite data used and satellite text message, sent or received.

Relationship with LightSquared (f/k/a SkyTerra)/Harbinger

The Debtors and their non-Debtor affiliates have a number of separate contractual relationships with Harbinger (one of the Debtors' most significant stakeholders) and certain of its affiliates. Among other things, as described in detail below, Harbinger and/or its affiliates lease rights to use TerreStar 1.4 Holdings LLC's 1.4 GHz spectrum and have purchased prepaid satellite minutes from TSN.

In September 2009, TerreStar 1.4 Holdings LLC ("**1.4 Holdings**"), a Delaware limited liability company and a non-Debtor entity wholly owned by non-Debtor, TerreStar Holdings Inc., entered into a Spectrum Manager Lease Agreement (the "**Spectrum Lease**") with One Dot Four Corp. ("**One Dot Four**"), an affiliate of Harbinger, under which One Dot Four acts as a manager in order to lease the rights to use certain 1.4 GHz terrestrial spectrum for which 1.4 Holdings holds FCC licenses. The Spectrum Lease has an initial term through April 2017, renewable at One Dot Four's option for two additional terms of ten years each, in both instances subject to FCC renewal of the licenses. Pursuant to the Spectrum Lease, One Dot Four pays 1.4 Holdings \$2 million³⁶ per month. Under certain conditions One Dot Four has an option, but not the obligation, to purchase the spectrum licenses for a specified amount (the "**Option Purchase Price**"). One Dot Four also has a right of first refusal to either match an offered price or to pay the Option Purchase Price (which includes a partial credit for certain amounts paid under the Spectrum Lease) in any potential transfer of such licenses to a third party.

In addition to the agreement with One Dot Four, before the commencement of the chapter 11 cases, the Debtors and their non-Debtor affiliates entered into a series of exclusivity agreements with Harbinger and certain of its affiliates regarding Harbinger's desire to enter into a pooling arrangement of the parties' various spectrum and satellite capacity. Specifically, in January 2010, the Debtors entered into the first of these agreements - an exclusivity agreement (the "**Original Exclusivity Agreement**") - pursuant to which they agreed that for a period of 90 days, they would negotiate in good faith an agreement with Harbinger under which the S-Band spectrum licensed to TerreStar License Inc. would be combined with other services (such as satellite usage rights) to provide mobile communications services (a "**Pooling Arrangement**"). In exchange, Harbinger, on behalf of its affiliate, One Dot Four, agreed to prepay \$30 million of the amounts due under the Spectrum Lease.³⁷ As part of the Original Exclusivity Agreement, TSC and TSN agreed, among other things, that during the exclusivity period they would not enter into any agreement relating to the S-Band spectrum license other than with Harbinger and certain of its affiliates, nor grant any third party rights with respect to the S-Band spectrum license that would interfere with use

³⁶ Unless otherwise noted, all dollar amounts stated herein refer to USD.

³⁷ Spectrum Lease payments were originally \$1 million per month through June 2010. Upon receipt of the funds from Harbinger, TerreStar 1.4 Holdings LLC paid a dividend to its 100% shareholder TerreStar Holdings Inc., in the amount of the funds received. TerreStar Holdings Inc. then made an intercompany loan to Motient Ventures Holding Inc. in the amount of approximately \$32 million. Motient Ventures Holding Inc. then made a capital contribution to TSN, its 89.3% owned subsidiary of approximately \$32 million (such capital contribution inured to the benefit of Motient Ventures Holdings Inc. by increasing the value of its equity in TSN). The TSN Debtors understand that certain creditors have raised the issue as to whether some or all of these transfers may be subject to recharacterization or avoidance. Specifically, certain of the preferred shareholders of TSC and parties in interest in the Non-TSN Debtors' cases have asserted that because Motient Ventures Holding Inc. allegedly had negative equity in TSN before and after the capital contribution, the capital contribution allegedly did not inure to the benefit of Motient Ventures Holding Inc. as an equityholder of TSN. Therefore, certain parties assert that any alleged increase in equity value is not a defense to a fraudulent transfer claim.

of the S-Band spectrum license by Harbinger and certain of its affiliates. The Original Exclusivity Agreement expired on April 26, 2010, without the parties entering into a Pooling Arrangement, but on May 6, 2010, the Debtors entered into a new exclusivity agreement (the “**New Exclusivity Agreement**”) with SkyTerra (n/k/a LightSquared), an affiliate of Harbinger (together, “**LightSquared/Harbinger**”), whereby they agreed that, for a period of 90 days, they would negotiate in good faith on a Pooling Arrangement and that during the period of exclusivity TerreStar would not (i) solicit or encourage the submissions of proposals or offers relating to the S-Band spectrum license from any person or entity other than LightSquared/Harbinger, (ii) enter into any written or oral agreement relating to the S-Band spectrum license with any person or entity other than LightSquared/Harbinger, or (iii) participate in discussions or negotiations with, or furnish any non-public information to, any person or entity in connection with a possible transaction regarding the S-Band where doing so would interfere with or obstruct the use of the S-Band by LightSquared/Harbinger or otherwise make it unavailable for use by LightSquared/Harbinger or limit the ability of any of TerreStar or LightSquared/Harbinger to enter into a transaction regarding the TSN Debtors’ S-Band spectrum license rights. The New Exclusivity Agreement expired on August 4, 2010, without the parties reaching a definitive agreement on a Pooling Arrangement; thus, since August 4, 2010, the Debtors have not been encumbered by any exclusivity arrangement with regard to marketing their S-Band spectrum license rights. Since that time, and due in large part to the Debtors’ need to focus on their liquidity concerns and preparations for its chapter 11 filing, the TSN Debtors have not entered into any further exclusivity agreements regarding a Pooling Arrangement. Since early October 2010, however, and as more fully set forth herein, the TSN Debtors have been, together with their advisors, marketing the TSN Debtors’ assets in an effort to maximize value for their estates. As of the date hereof, no offer has been received.

Contemporaneously with entry into the New Exclusivity Agreement, on or about May 6, 2010, TSN entered into a Satellite Minutes Agreement (the “**Satellite Minutes Agreement**”) with SkyTerra (n/k/a LightSquared) whereby LightSquared agreed to purchase minutes (“**Satellite Minutes**”) of voice or data transmission and satellite capacity to use on TerreStar-1. Subject to certain terms and conditions set forth in the Satellite Minutes Agreement, LightSquared has prepaid for Satellite Minutes in equal amounts on May 6, 2010, May 20, 2010, June 3, 2010 and June 17, 2010 for an aggregate purchase price of \$40 million (the “**Purchase Price**”). Subject to the terms and conditions of the Satellite Minutes Agreement, LightSquared may begin using the Satellite Minutes (the “**Usage Start Date**”) at any time within one year after TSN launches commercial service on TerreStar-1.³⁸ As of the date hereof, TSN has not determined whether it will assume or reject the Satellite Minutes Agreement.

Additionally, during the prepetition period, the TSN Debtors entered into negotiations with LightSquared/Harbinger with regard to a potential “sparing” arrangement concerning use of each other’s in-orbit satellite. At that time, the parties sought to explore whether such an arrangement, subject to FCC approval, would enable for the TSN Debtors and LightSquared/Harbinger to obtain a waiver of the FCC’s requirement for having a “ground spare” satellite (see footnote 29, above) under which each party would rely on access to the other party’s in-orbit satellite to the extent that its own in-orbit satellite failed. As of the Petition Date, the parties did not finalize the “sparing” arrangement. As of the date of this Disclosure Statement, the TSN Debtors have not yet made a final determination as to whether they will seek to continue these negotiations, or whether such an arrangement with LightSquared/Harbinger is in the best interests of the TSN Debtors. Also, there can be no assurance that should such a “sparing” agreement be entered into, subject to FCC approval, the FCC would waive the current ground spare rule.

C. The Company’s Organizational Structure

(i) Overview of Debtors’ Organizational Structure

Attached as **Exhibit C** to this Disclosure Statement is an organizational chart summarizing the corporate structure of the Debtors and their Non-Debtor Affiliates, as of October 19, 2010. As demonstrated by the organizational chart, TSN is a Delaware corporation and is an affiliate of each of the other Debtors. As set forth below, certain of TSN’s subsidiaries and affiliates are entities organized under the laws of the provinces of Ontario

³⁸ TSN launched its commercial service on TerreStar-1 on September 21, 2010, triggering LightSquared’s Usage Term.

and British Columbia, some of which are also Debtors in these chapter 11 cases. As further set forth below, contemporaneously with the filing of these chapter 11 cases, TSN, in its capacity as proposed foreign representative, commenced a recognition proceeding in Canada, which, among other things, sought the Canadian Court's recognition of the chapter 11 cases as a "foreign main proceeding".

TSC is the ultimate parent of each of the Debtors, but not a Debtor in these cases. As of October 11, 2010, TSC had authorized 240 million shares of common stock (the "**Common Stock**") and had 139,437,074 shares of Common Stock (not including any share of Common Stock after conversion of Preferred Stock or Senior Exchangeable Notes) outstanding.

Taking into consideration the impact of conversion of equity linked securities of TSC and its Affiliates and conversion of the Senior Exchangeable Notes, the total number of shares of TSC Common Stock outstanding, on a fully-diluted basis, is 214,888,435. This number is arrived at based on the following methodology:³⁹

(a) There is \$178,683,554 principal amount outstanding under the Senior Exchangeable Notes (with a conversion rate of \$5.57, yielding a total amount of converted shares of 32,079,633 shares);

(b) TSC has issued 90,000 shares of Series A Preferred Stock (with a conversion rate of 30 shares per share of preferred stock, yielding 2,700,000 shares);

(c) TSC has issued 318,500 shares of Series B Preferred Stock (with a conversion rate of 30 shares per share of preferred stock, yielding 9,555,000 shares);

(d) As of the Petition Date, there are \$37,220,556 of accrued dividends on the TSC Series A and B Preferred Stock with the number of shares determined by dividing the aggregate value of such dividends by \$33.33 yielding 1,116,728 shares;

(e) TSC has issued 1 non-convertible shares of Series C Preferred Stock;

(f) TSC has issued 1 non-convertible share of Series D Preferred Stock;

(g) TSC has issued 1,200,000 shares of Series E Preferred Shares (with a conversion rate of 25 shares per share of preferred stock, yielding a total of 30,000,000 shares);

(h) TSC has issued 139,437,074 shares of Common Stock which are outstanding; and

(i) The total amount of (a) through (h) equals 214,888,435 shares of Common Stock.

As of the Petition Date (and as of the date of this Disclosure Statement), EchoStar beneficially holds 19.0% of the TSC Common Stock, on a fully diluted basis, including the impact of conversion of equity linked securities of TSC and its Affiliates and conversion of the Senior Exchangeable Notes. This percentage is calculated as follows: EchoStar holds 30,000,000 shares of TSC Common Stock, and \$60.4 million of the Senior Exchangeable Notes (with a conversion rate of \$5.57 per share, yielding 10,843,806 shares). Therefore, EchoStar holds, on a fully converted basis, 40,843,806 shares, which, when divided by the total number of shares of TSC Common Stock as set forth above in (i) (i.e. 214,888,435), equals 19.0% of the fully diluted, on an as-converted basis, shares of TSC Common Stock.

Harbinger, based on the aggregate holdings of three specified funds, beneficially holds 25.9%⁴⁰ of the TSC Common Stock on a fully diluted basis including the impact of conversion of equity linked securities of TSC and its Affiliates and conversion of the Senior Exchangeable Notes. This percentage is calculated as follows:

³⁹ The information contained herein is based on all information provided to the TSN Debtors or available through public filings.

(x) Credit Distressed Blue Line Master Fund, Ltd. holds approximately \$51.3 million of the Senior Exchangeable Notes (with a conversion rate of \$5.57 per share, yielding 9,209,018 shares), which, when divided by the total number of shares of TSC Common Stock as set forth above in (i) (i.e. 214,888,435), equals 4.3% of the fully diluted, on an as-converted basis, shares of TSC Common Stock;

(y) Harbinger Capital Partners Master Fund I, Ltd. holds 3,608,444 shares of TSC Common Stock and approximately \$39.5 million of the Senior Exchangeable Notes (with a conversion rate of \$5.57 per share, yielding 7,087,784 shares). Additionally, Harbinger Capital Partners Master Fund I, Ltd. holds approximately 122,835 shares of the Series B preferred stock yielding 4,020,848 shares (plus accrued dividends), and an additional 21.6 million shares on account of the conversion of Series E preferred shares held by Harbinger Capital Partners Master Fund I, Ltd. Therefore, Harbinger Capital Partners Master Fund I, Ltd. holds, on a fully converted basis, 36,317,076 shares, which, when divided by the total number of shares of TSC Common Stock as set forth above in (i) (i.e. 214,888,435), equals 16.9% of the fully diluted, on an as-converted basis, shares of TSC Common Stock; and

(z) Harbinger Capital Partners Special Situations Fund, L.P. holds 930,892 shares of TSC Common Stock. Additionally, Harbinger Capital Partners Special Situations Fund, L.P. holds approximately 24,004 shares of the Series B preferred stock yielding 785,740 shares (plus accrued dividends), and an additional 8.4 million shares on account of the conversion of Series E preferred shares held by Harbinger Capital Partners Special Situations Fund, L.P. Therefore, Harbinger Capital Partners Special Situations Fund, L.P. holds, on a fully converted basis, 10,116,632 shares, which, when divided by the total number of shares of TSC Common Stock as set forth above in (i) (i.e. 214,888,435), equals 4.7% of the fully diluted, on an as-converted basis, shares of TSC Common Stock.

As of the date hereof, TSC has four wholly-owned direct subsidiaries, three of which are Debtors in these proceedings: TerreStar New York Inc. (“**TerreStar NY**”), Motient Holdings Inc. (“**Motient**”) and MVH Holdings Inc. (“**MVH**”).⁴¹ TerreStar Holdings Inc. (“**TerreStar Holdings**”), a Delaware corporation, is the fourth wholly-owned direct subsidiary of TSC but is not a Debtor in these cases.⁴²

TerreStar NY is a New York corporation that has no subsidiaries. TerreStar NY is not a TSN Debtor.

Motient holds 100% of the interests in both Motient Services Inc. and Motient Communications Inc., each a Delaware corporation, and each a Debtor in these proceedings. Motient Communications Inc. in turn holds 100% of the interests in Motient License Inc., another Delaware corporation, and a Debtor in these proceedings. These entities have minimal operations, minimal assets and various liabilities they will seek (or have sought already) to reject in the chapter 11 cases. None of these entities are TSN Debtors.

MVH directly holds 100% of the interests in Motient Ventures Holdings Inc., a Delaware corporation. Neither of these Debtors are TSN Debtors.

Motient Ventures Holdings Inc. holds approximately 89.3% of the equity of TSN. The remaining 10.7% of the interests in TSN are held by LightSquared, an affiliate of Harbinger. Motient Ventures Holdings Inc. also holds

⁴⁰ This amount reflects the aggregate amount of TSC’s Common Stock and conversion of all equity linked securities held by three separate Harbinger funds: (1) Credit Distressed Blue Line Master Fund, Ltd. (4.3%); (2) Harbinger Capital Partners Master Fund I, Ltd. (16.9%); and (3) Harbinger Capital Partners Special Situations Fund, L.P. (4.7%). The percentage of ownership held by these funds and reflected in the Disclosure Statement is based upon information provided to the TSN Debtors by Harbinger.

⁴¹ TSC does not directly hold any Canadian assets; as discussed below, the interests held in the Debtors’ Canadian affiliates are directly or indirectly held by TSN.

⁴² TerreStar Holdings directly holds 100% of the interests in 1.4 Holdings. As noted earlier, 1.4 Holdings is a Delaware limited liability company, which holds the FCC licenses for certain 1.4 GHz spectrum.

approximately 86.5% of the equity of TerreStar Global Ltd.,⁴³ a Bermuda company and a non-Debtor affiliate in these cases. TerreStar Global Ltd. holds a license to utilize an orbital slot allocated to the government of Bermuda by Ofcom.⁴⁴ The orbital slot is available for use in the S-Band spectrum and use of the slot would require a satellite that can operate on the S-Band.⁴⁵ The license to use the slot is set to expire in December 2013 unless the Debtors renew the license, which will require a showing that the Debtors intend to use the slot. At this point, the TSN Debtors do not intend to use the slot.

TerreStar Global Ltd. holds 100% of the equity of TerreStar Europe Limited, a United Kingdom company and a non-Debtor in these cases. TerreStar Europe Limited was established to provide coverage in certain areas of Europe. After an unsuccessful bid for the right to use the S-Band in Europe, TerreStar Europe Limited conducts no operations and was recently stricken from the United Kingdom's company register.

TSN wholly owns both TerreStar National Services Inc. and TerreStar License Inc., each of which are co-Debtors with TSN in these cases. TerreStar National Services Inc. is a Delaware corporation established to conduct certain confidential work on behalf of the United States government. TerreStar License Inc., also a Delaware corporation, is an entity established solely to hold certain FCC licenses and regulatory approvals related to the TSN Debtors' operations, including licenses necessary to operate the S-Band and the U.S. CES and Ground Stations.

In developing the TSN Debtors' satellite network, the Domestic Debtors and their domestic non-Debtor affiliates have worked closely and cooperatively with their Canadian partner, Trio 2 General Partnership ("**Trio**"), through Trio's subsidiary, 4491165 Canada Inc. ("**4491165**").⁴⁶ Neither Trio nor 4491165 are Debtors in these cases, nor are they part of the Canadian recognition proceedings. Nevertheless, both of these entities have worked closely and cooperatively with the Debtors during the chapter 11 preparation process and thus far during the chapter 11 cases and the Recognition Proceedings (as defined below).

As discussed above, the necessity for the creation of TerreStar Networks Holdings (Canada) Inc., TerreStar Networks (Canada) Inc. and 0887729 B.C. Ltd. (each a Canadian company and each a TSN Debtor in these cases) arises from certain licensee and ownership restrictions existing in Canada. Industry Canada (the Canadian federal government department responsible for spectrum management and licensing in Canada) has stringent requirements for, among other things, qualifying an entity as a licensee of spectrum, as a licensee of Ground Stations and CES sites, and as a licensee of orbital slots. Specifically, certain licenses may be granted only to Canadian entities and, until very recently, some of these entities were required to be Canadian controlled – that is, a certain threshold of voting interests must be held by a Canadian national.⁴⁷ Accordingly, the Domestic Debtors, along with a predecessor in interest to Trio, created TerreStar Networks Holdings (Canada) Inc. ("**Holdings Canada**"), an entity in which 33⅓% of the voting interests are held by TSN with the remaining 66⅔% held by 4491165. Holdings

⁴³ Of the remaining 13.5%, MSV Investors Holdings Inc. owns 13.1%, 0.3% is held by Continental Casualty and the remainder is held by a former director of TerreStar Global Ltd. and a private investor.

⁴⁴ Ofcom is the Office of Communications, which functions as the independent regulator and competition authority for the United Kingdom communications industries.

⁴⁵ The Debtors are unaware of any entity, other than the Debtors, that has a satellite it is not currently using that would be able to take advantage of this slot.

⁴⁶ Trio owns a 75.6% interest in 4491165, with the remaining 24.4% held by Healthcare of Ontario Pension Plan, which has also been acting cooperatively with the Debtors in these cases.

⁴⁷ On July 12, 2010, certain amendments to Canada's Telecommunications Act were given royal assent, the effect of which was to remove the restrictions on non-Canadian ownership of Canadian satellites. Nonetheless, as of the Petition Date, no changes to the corporate structure have been made as a result of these amendments.

Canada functions as a holding company for TerreStar Networks (Canada) Inc. ("**TerreStar Canada**"). TSN directly holds 20% of the voting interests in TerreStar Canada, with the remaining 80% held by Holdings Canada.⁴⁸

TerreStar Canada holds title to the TerreStar-1 satellite as well as rights to the orbital slot in which TerreStar-1 resides, spectrum licenses to use the S-Band in Canada, and related authorizations to conduct operations in Canada. Under the terms of an amended and restated Indefeasible Right of Use Agreement dated August 11, 2009 between TSN and TerreStar Canada, TSN has been granted the right to use 90% of the capacity of TerreStar-1.

TSN, Trio, TerreStar Solutions Holdings Inc. ("**Solutions Holdings**")⁴⁹ and TerreStar Solutions Inc. ("**TerreStar Solutions**") entered into a Shareholders' Agreement on August 11, 2009, which establishes certain rights and obligations of the shareholders of TerreStar Solutions, a corporation incorporated under the laws of Canada and established for the purpose of providing commercial MSS/ATC services in Canada using the TerreStar-1 satellite and the S-Band. TSN holds 20% of Class A common shares in TerreStar Solutions and 100% of Class B common shares. The remaining 80% of the Class A common shares in TerreStar Solutions is held by Solutions Holdings. Neither Solutions Holdings nor TerreStar Solutions are Debtors in these cases.⁵⁰

In furtherance of its objective to be the provider of commercial MSS/ATC services in Canada, TerreStar Solutions (1) has entered into a Wholesale Satellite Capacity Agreement with TerreStar Canada whereby TerreStar Solutions has the right to use up to 10% of the capacity of TerreStar-1 on a per minute/per megabyte basis and (2) intends to enter into various agreements to allow for the use of TSN handsets in Canada and for the sale of end user devices in Canada. Additionally, TerreStar Solutions has entered into a Rights and Services agreement under which it is expected to procure certain network and technical services from TSN to facilitate the development and integration of the network with TerreStar Canada.

TerreStar Solutions has also entered into certain cost-sharing arrangements (the "**Cost-Sharing Arrangement**") with TerreStar Canada whereby TerreStar Canada and TerreStar Solutions share several operational costs and expenses, including but not limited to employees, utilities, and rent. To apportion the costs between TerreStar Canada and TerreStar Solutions, the companies use a charge back procedure, which is part of the separate budget approved by each of the boards of directors of TerreStar Canada and TerreStar Solutions. Specifically, operational costs are primarily paid in full by TerreStar Solutions on behalf of both it and TerreStar Canada. Subsequently, TerreStar Solutions invoices TerreStar Canada for its apportioned share. The aggregate amount paid monthly by TerreStar Canada to TerreStar Solutions is approximately between CDN \$50,000 and CDN \$70,000, with roughly 70% of that amount allocated to employee related costs and the remaining 30% allocated to rent, utilities and other operational costs. As of September 30, 2010, TerreStar Canada owes TerreStar Solutions approximately CDN \$695,071 arising from the Cost-Sharing Arrangement. The TSN Debtors' DIP Financing provides for the continuation of the Cost-Sharing Arrangement during the chapter 11 cases.

Additionally, 0887729 B.C. Ltd., a Canadian entity 100% owned by TSN, holds licenses and assets in Canada relating to the Ground Station and CES sites located in Canada.

⁴⁸ This means that TSN effectively holds (either directly or indirectly) 46.67% of the controlling interests in TerreStar Canada.

⁴⁹ Trio owns a 75.6% interest in Solutions Holding, with the remaining 24.4% held by Healthcare of Ontario Pension Plan.

⁵⁰ In addition to the foregoing Shareholders Agreement, there is an additional shareholders' agreement between TSN, TerreStar Networks (Canada) Inc. and TerreStar Networks (Canada) Holdings Inc., and non-Debtors 4491165 and Trio, dated August 11, 2009. Pursuant to that agreement, TSN has certain call rights (subject to certain exceptions set forth therein) that can be exercised to acquire 4491165's equity interests in TerreStar Networks (Canada) Holdings Inc. and 4491165 has certain put rights (subject to certain exceptions set forth therein) that can be exercised to oblige TSN to acquire 4491165's equity interests in TerreStar Networks (Canada) Holdings Inc.

As noted above, three of the Debtors' Canadian affiliates, TerreStar Canada, Holdings Canada and 0887729 B.C. Ltd., are TSN Debtors in these chapter 11 cases. Accordingly, (and as further set forth herein) to protect against the risk of creditors seeking to enforce their rights in Canadian courts separate and apart from the bankruptcy proceedings, contemporaneously with the filing of these chapter 11 petitions, TSN, as proposed foreign representative, filed recognition proceeding under the Companies' Creditors Arrangement Act (Canada) with the Ontario Superior Court of Justice (Commercial List) seeking recognition in Canada of these U.S. chapter 11 cases as foreign main proceedings, and certain orders entered therein, in Canada (the "**Recognition Proceedings**").

D. Prepetition Litigation

On June 25, 2008, Sprint Nextel Corporation ("**Sprint**") filed a lawsuit (the "**Sprint Litigation**") in the United States District Court for the Eastern District of Virginia naming TSN as a defendant. New ICO Satellite Services, G.P. was also named as a defendant (together with TSN, the "**Defendants**"). Sprint seeks, among other things, enforcement of certain FCC orders and reimbursement of not less than \$100 million from each Defendant. Sprint argues that the Defendants owed Sprint reimbursement for certain spectrum relocation costs Sprint incurred or will incur in connection with relocating incumbent licensees from certain frequencies in the 2 GHz spectrum band. Specifically, in the United States, Sprint is obligated to relocate existing BAS and other terrestrial users in the TSN Debtors' uplink spectrum and 2 GHz MSS S-band licensees must relocate microwave users in the 2 GHz MSS S-band downlink band. Sprint completed such band clearing in July 2010 and currently is seeking reimbursement pursuant to applicable FCC rules from the Defendants for a portion of the expenses incurred by Sprint to accomplish such band clearing, which are now the subject of the Sprint Litigation.

On TSN's motion, the United States District Court for the Eastern District of Virginia stayed Sprint's suit on the ground that primary jurisdiction of the dispute resides in the FCC; the case has been administratively closed. In September 2010, the FCC issued an order resolving certain regulatory issues related to the obligations of 2 GHz MSS licensees to Sprint for such BAS relocation expenses. In October 2010, the other 2 GHz MSS licensee appealed the FCC's September 2010 order and this appeal remains pending. The Sprint Litigation remains stayed pending a further decision by the FCC and has also been stayed by the automatic stay upon the commencement of the Debtors' chapter 11 cases.

As noted herein (*see* Article VI), Sprint filed an objection to the TSN Debtors' DIP Facility and the TSN Debtors' Disclosure Statement. In its pleadings, Sprint asserted that it is the only creditor at certain of the TSN Debtors' entities. As set forth in Article VII.B hereof, the TSN Debtors dispute this assertion.

E. The Debtors' Prepetition Capital Structure

(i) Overview

As of the Petition Date, the TSN Debtors had debt facilities in place with an aggregate accreted amount of approximately \$1.2 billion. The chart below summarizes the TSN Debtors' prepetition indebtedness⁵¹, including approximate outstanding amounts as of October 19, 2010. Further detail with respect to each category of debt obligation is provided below.

⁵¹ This chart does not include any amounts relating to intercompany transfers.

Debt Obligation	Original Amount	Approximate Amount Outstanding as of October 19, 2010	Maturity Date	Security Status
Senior Secured PIK Notes	\$550 million	\$943.9 million	February 2014	Secured
Purchase Money Credit Agreement	\$100 million	\$85.9 million	February 2013	Secured
Senior Exchangeable PIK Notes	\$150 million	\$178.7 million	June 2014	Unsecured

(ii) **Senior Secured Notes**

On February 14, 2007, TSN issued \$500 million aggregate principal amount of Senior Secured PIK Notes due 2014 (the “**Initial Senior Secured Notes**”) and on February 7, 2008, TSN issued an additional \$50 million aggregate principal amount of Senior Secured PIK Notes due 2014 (the “**Additional Senior Secured Notes**” and, together with the Initial Senior Secured Notes, the “**Senior Secured Notes**”) pursuant to an Indenture (together with any amendments, supplements or modifications thereto, the “**Senior Secured Notes Indenture**”), among TSN, as issuer, the guarantors from time to time party thereto (the “**Senior Secured Notes Guarantors**”)⁵² and U.S. Bank National Association, as trustee (the “**Senior Secured Notes Indenture Trustee**”).

The Senior Secured Notes bear interest from the date of issuance at a rate of 15% per annum. Beginning August 15, 2007, and until and including February 15, 2011, interest on the Senior Secured Notes has been and will be payable in additional Senior Secured Notes on each February 15 and August 15 semi-annually. Thereafter, interest on the Senior Secured Notes will be payable in cash on February 15 and August 15 semi-annually, starting August 15, 2011. Per the provisions of the Senior Secured Notes, additional interest of up to 1.5% per annum may accrue if certain milestones are not met by the Debtors. Due to the failure to meet a milestone under the Senior Secured Notes Indenture, interest is currently accruing at a rate of 15.5%.⁵³

The Senior Secured Notes are secured by a first priority security interest in the assets of TSN, TerreStar National Services Inc. and TerreStar License Inc., subject to certain exceptions, pursuant to a security agreement (the “**U.S. Senior Secured Notes Security Agreement**”) dated as of February 14, 2007 among TSN, as issuer, and TerreStar National Services Inc. and TerreStar License Inc. as guarantors, in favor of U.S. Bank National Association, as collateral agent. As set forth in Article VIII and XI(ii) herein, however, there is a litigable issue as to whether the holders of the Senior Secured Notes have a lien on the TSN’s rights in TerreStar-2. Additionally, the Senior Secured Notes are secured by a first priority security interest in the assets of TerreStar Canada and Holdings Canada, subject to certain exceptions, pursuant to a security agreement (the “**Canadian Senior Secured Notes Security Agreement**”), dated as of February 14, 2007, among TSN as issuer and TerreStar Canada and Holdings Canada as guarantors, and U.S. Bank National Association, as collateral agent.

As of the Petition Date, approximately \$943.9 million of principal and accrued interest was outstanding on account of the Senior Secured Notes.⁵⁴

⁵² As of the date hereof, the Senior Secured Notes Guarantors are Holdings Canada, TerreStar Canada, TerreStar National Services Inc. and TerreStar License Inc. For the avoidance of doubt, 0887729 B.C. Ltd. is not a Senior Secured Notes Guarantor.

⁵³ This failure relates to the milestone requiring TerreStar to enter into a multi-year service contract with the United States Government.

⁵⁴ Section 3.07(b) of the Senior Secured Notes Indenture provides that, “[a]t any time, the Issuer may redeem all or part of the Notes (as defined herein) at a redemption price equal to the sum of (i) 100% of the principal (Continued...)”

(iii) ***The Senior Exchangeable Notes***

On February 7, 2008, TSN issued \$150 million aggregate principal amount of 6.5% Senior Exchangeable PIK Notes due 2014 (which are exchangeable for TerreStar Corporation common stock at a conversion price of \$5.57 per share) (the “***Senior Exchangeable Notes***”), pursuant to an Indenture (the “***Senior Exchangeable Note Indenture***”) among TSN, as issuer, the guarantors from time to time party thereto (the “***Senior Exchangeable Note Guarantors***”)⁵⁵ and U.S. Bank National Association, as trustee (the “***Senior Exchangeable Note Indenture Trustee***”). On October 28, 2010, pursuant to a tripartite agreement, Deutsche Bank National Trust Company replaced U.S. Bank National Association as the Senior Exchangeable Notes Indenture Trustee. The Senior Exchangeable Notes bear interest at a rate of 6.5% per annum, payable on a quarterly basis (on each of March 15, June 15, September 15 and December 15). Until and including June 15, 2011, interest on the Senior Exchangeable Notes has been and will continue to be payable in additional Senior Exchangeable Notes quarterly. Thereafter, interest on the Senior Exchangeable Notes will be payable in cash quarterly. The Senior Exchangeable Notes are scheduled to mature on June 15, 2014.

The Senior Exchangeable Notes rank senior in right of payment to all existing and future subordinated indebtedness, and *pari passu* with all other unsubordinated indebtedness. The Senior Exchangeable Notes are unsecured obligations of TSN and the Senior Exchangeable Note Guarantors.

As of the Petition Date, approximately \$178.7 million of principal and accrued interest was outstanding on account of the Senior Exchangeable Notes.

(iv) ***Purchase Money Credit Facility***

On February 5, 2008, TSN entered into a \$100 million TerreStar-2 Purchase Money Credit Agreement (the “***PMCA***”) among TSN, as the borrower, U.S. Bank National Association, as collateral agent (the “***PMCA Agent***”), and Harbinger and EchoStar Corporation (“***EchoStar***”), as original lenders. There are no guarantors of the PMCA. The financing under the PMCA is advanced as required and used to fund the completion of the construction of TerreStar-2 satellite. The PMCA is secured by a first lien on all of TSN’s rights in the TerreStar-2 satellite, along with the raw materials, work-in-process, construction agreement, insurance, books and records and all proceeds related thereto.

Amounts outstanding under the PMCA bear interest at a rate of 14% per annum and are due on February 5, 2013. Pursuant to the PMCA, and in light of the Debtors’ failure to reach certain milestones, additional interest of 3% accrued between December 31, 2009 and January 13, 2010. On January 13, 2010, TSN met the required milestones, thereby reducing the interest rate back to 14% per annum from such date.

On August 25, 2010, Harbinger and EchoStar each advanced an additional \$5 million under the PMCA, for an aggregate advance of \$10 million, (the “***August 2010 Advance***”) to reimburse TSN for a portion of the aggregate amount of payments made by TSN within the previous 180 days in connection with the construction of TerreStar-2. Contemporaneously with the August 2010 Advance, on August 25, 2010, Harbinger and EchoStar each executed a Waiver and Forbearance Agreement (the “***Waiver and Forbearance***”), wherein each agreed to waive certain provisions of the PMCA in connection with the August 2010 Advance and further agreed to forbear from exercising rights and remedies with respect to certain defaults or events of default that may arise under the PMCA, Senior

amount on the redemption date of the Notes redeemed plus (ii) the Applicable Premium (as defined herein) [i.e., a so-called “makewhole premium”] as of the date of redemption.” Section 6.01(a)(9) of the Senior Secured Notes Indenture provides that filing a chapter 11 case is an Event of Default (as defined herein). Section 6.02(a) of the Senior Secured Notes Indenture states that upon an Event of Default due to a chapter 11 filing, all outstanding indebtedness becomes immediately due and payable.

⁵⁵ As of the Petition Date, the Senior Exchangeable Note Guarantors are TerreStar National Services Inc. and TerreStar License Inc.

Secured Notes Indenture or Senior Exchangeable Notes Indenture in connection with the August 2010 Advance or the use of such proceeds.

As of the Petition Date, approximately \$85.9 million of principal and accrued interest is outstanding under the PMCA. Since the Petition Date, Harbinger has sold all of its interests in the PMCA. As of December 1, 2010, those interests are held by the following parties in various amounts: Mast Credit Opportunities I Master Fund Limited and its affiliates, Cohanzick High Yield International Master Fund, Ltd., Cohanzick Credit Opportunities Master Fund Ltd., Cohanzick Absolute Return Master Fund Ltd. and its affiliates, Ulysses Partners L.P. and its affiliates and River Park Short Term High Yield Fund and its affiliates.

(v) ***Stockholders' Equity***

a. TSN Preferred Stock

TSN has one outstanding share of non-voting Series A preferred stock ("***TSN Series A Preferred***") issued to EchoStar and one outstanding share of non-voting Series B preferred stock ("***TSN Series B Preferred***") issued to Harbinger. The TSN Series A and B Preferred have no voting rights and are not convertible into any other class of capital stock of the Debtors. The TSN Series A and B Preferred rank on parity with one another and rank superior to all other classes of TSN capital stock.⁵⁶

b. TSN Common Stock

TSN's common stock is directly held by Motient Ventures Holdings Inc. (89.3%) and LightSquared, an affiliate of Harbinger (10.7%).⁵⁷

⁵⁶ The TSN Series A and Series B Preferred Stock have certain rights as set forth in TSC's public filings.

⁵⁷ As noted above (*see* Article IV.C), Harbinger, in the aggregate, and based on holdings of three specified funds (as explained to the TSN Debtors by Harbinger), holds approximately 25.9% of TSC Common Stock and EchoStar holds approximately 19.0% of TSC Common Stock. Notably, the foregoing relates to such parties ownership of TSC, TSN's non-Debtor parent. Harbinger has an indirect ownership interest of only 23.05% in TSN and EchoStar has an indirect ownership interest of only 16.91% in TSN.

V.
EVENTS LEADING TO COMMENCEMENT OF THE CHAPTER 11 CASES

The following is a general description of factors that ultimately led to the commencement of the Debtors' chapter 11 cases.

As discussed above, the TSN Debtors' business model is premised upon innovation in the wireless telecommunications sector. Innovation does not happen overnight, nor does it come with a low price tag. The TSN Debtors and their non-Debtor affiliates have spent years developing their satellite and next generation network. Build-out required not only procuring the various technological components necessary to run the network – including technological build-out, such as the development of the GENUS handset, chipsets, the build-out of the CES and Ground Stations, the construction of the TerreStar-1 satellite and the TerreStar-2 ground spare, and the launch of TerreStar-1 – but also the procurement of various licenses and regulatory approvals required in order to operate the TerreStar network (such as licenses to use the S-Band spectrum both in the United States and Canada, ATC authorization in both the United States and Canada, licenses to operate CES and Ground Stations in both the United States and Canada, and licenses to use orbital slots in Canada). On top of actually developing the hard technology and procuring the necessary authority to operate it, the TSN Debtors had to carefully coordinate software development to facilitate communications between the CES sites, Ground Stations, TerreStar-1, the GENUS and the chipsets for traditional mobile devices. However, this alone is not enough to market the TSN Debtors' MSS. In addition to all of the foregoing, the TSN Debtors had to obtain ATC authorization in order to market their next generation network to traditional terrestrial coverage providers.

Accordingly, throughout the preceding years, the TSN Debtors' business model has largely been premised upon a substantial amount of capital expenditures with very little in the way of revenue. The TSN Debtors, now at the end stages of the development process, have begun to market their network, recently entering into the AT&T MSS Agreement and attaining a position where they can begin to build a customer base, which will further increase their revenue in the upcoming years. Nonetheless, despite achieving the significant milestone of turning their product into a revenue stream, the TSN Debtors require continued financing for further development and marketing before they become profitable enough to service their prepetition debt load and meet their capital requirements for continued technological development and expansion of their product.

The willingness of the TSN Debtors' investors to contribute more than \$1 billion to fund the development of the TSN Debtors' network over the course of the years preceding the chapter 11 filings is a testament to such investors' belief in its business and its future. Nevertheless, the TSN Debtors eventually came to realize that they would not be able to meet their liquidity needs to satisfy working capital requirements, operating expenses, debt and other obligations absent either an infusion of new capital or a restructuring of their balance sheet.

Amidst one of the most challenging credit markets in recent history, in the 12 months before the Petition Date, the Debtors attempted a number of measures to increase liquidity. Specifically, and as described above in Article IV.B.ii. entitled "Significant Contracts", the Debtors and their non-Debtor affiliates entered into a series of transactions with Harbinger and certain of its affiliates under which the Debtors and their non-Debtor affiliates provided services or entered into transactions beneficial to each party's business efforts in exchange for additional capital for the Debtors in the form of one-time cash infusions or, in some cases, a revenue stream. For instance, as detailed above, the Debtors entered into an agreement with LightSquared whereby LightSquared purchased use capacity on the TerreStar-1 satellite, and entered into various agreements providing LightSquared/Harbinger with the exclusive right to negotiate a Pooling Arrangement regarding the parties' satellites and S-Band rights. While these agreements were successful in bringing additional funding and revenue into the Debtors' capital structure, standing alone they did not provide the TSN Debtors with sufficient revenue to service their outstanding debt obligations while maintaining the capital expenditures necessary to finalize development of their technology.

In recognition of the fact that, despite the Debtors' best efforts, their available cash and borrowing capacity were likely to decrease to the point where there would be insufficient capital to cover funding needs for the third and

fourth quarters of 2010, the Company began restructuring negotiations with its key stakeholders in April 2010.⁵⁸ These negotiations focused on both financing and balance sheet restructuring. Key stakeholders participating in such discussions included Harbinger (a substantial holder of the Senior Exchangeable Notes and, at that time, a substantial holder of the Senior Secured Notes and a 50% lender under the PMCA) as well as an informal group comprised of holders holding a significant amount of TSN's Senior Exchangeable Notes – many of which have cross holdings in the Senior Secured Notes.

Despite the good faith efforts of these various parties, because of their divergent interests and the Debtors' impending liquidity crunch (which was set to occur in short order), TerreStar determined that it was in its best interest to temporarily set aside the restructuring negotiations and primarily focus upon procuring additional financing in the form of a debtor-in-possession financing facility, which would allow TerreStar to continue negotiations with its stakeholders while receiving adequate financing and residing under the protections of the Bankruptcy Code. TerreStar determined that this path was the most viable restructuring alternative and would increase the likelihood of emerging from the restructuring process with a healthy balance sheet and adequate financing to continue the marketing of its network and the further development of necessary technological innovations.

Initially, the Company and its financial advisor, Blackstone Advisory Partners L.P. ("**Blackstone**") discussed and contemplated a chapter 11 filing with postpetition operations sustaining only on the use of cash collateral, without any additional financing, to fund operations during the chapter 11 cases. Even assuming the Debtors would be able to obtain the necessary consent to use cash collateral, it was determined that cash collateral alone would be insufficient to fund operations and necessary expenditures under the Debtors' go-forward business plan while continuing to service existing debt. Thus, to provide the Debtors with appropriate and necessary financing, obtaining adequate liquidity in the form of debtor-in-possession financing was critical to ensure that the business could operate in accordance with their business plan.

The Debtors explored all practicable avenues to obtain DIP financing on the best possible terms, including exploring financing options from participants in their prepetition capital structure and from unrelated third parties. Initially, the Debtors contemplated a junior, "non-priming" DIP financing structure whereby certain participants in the Debtors' prepetition capital structure would provide financing in exchange for a junior "non-priming" lien on all assets that secure the Senior Secured Notes and a first lien on all assets that do not secure the Senior Secured Notes. At the Debtors' suggestion, Blackstone marketed this DIP structure to existing stakeholders. The Debtors received preliminary indications that certain holders within the capital structure would be willing to participate in this sort of "junior" DIP financing structure but despite extensive arms' length negotiations with those parties, commitments to provide the required DIP financing ultimately were not obtainable.

⁵⁸ At that time, and up until a few days before the Petition Date, the Debtors contemplated that TSC and one of its wholly-owned direct subsidiaries, TerreStar Holdings Inc. (the "**TSC Entities**") would file for chapter 11 and be part of these chapter 11 cases. However, certain of the largest preferred shareholders of TSC's Series A and B Preferred Stock (including Solus Alternative Asset Management LP ("**Solus**"), Harbinger, and Highland Capital Management LP ("**Highland**")) requested that the Debtors refrain from filing the TSC Entities for chapter 11 while they worked with the TSC Entities on the terms of a consensual restructuring. (100% of TSC's Series A preferred stock is owned by Highland, and approximately 55% of TSC's Series B preferred stock is owned by Solus and Harbinger.) As part of these consensual negotiations these parties, including Harbinger, Solus, and Highland, agreed to provide the TSC Entities with \$2.65 million of short term financing until a consensual restructuring could be achieved, and Highland agreed to toll certain litigation they currently have outstanding against TSC (for a description of such litigation, please see TSC's form 10-K/A for the fiscal year ended December 31, 2009, filed with the SEC on May 6, 2010). As such, since the days before the Petition Date and as of the date hereof, and as an accommodation to the above mentioned holders of TSC's Preferred Stock, the TSC Entities have decided to delay a chapter 11 filing until a consensual restructuring could be achieved; however, if a consensual restructuring cannot be obtained, the TSC Entities may need to file for chapter 11 without a prearranged plan.

As a result, in August 2010, the Debtors marketed the “junior” DIP financing structure to additional non-stakeholder parties. The Debtors executed numerous non-disclosure agreements with various parties; however, the Debtors were unable to attain sufficient interest to fill a sufficient “junior” DIP financing facility at that time. Because the Debtors did not obtain a sufficient junior DIP financing facility in August, and in light of their mounting liquidity concerns, the Debtors decided to explore whether they could obtain financing through a senior “priming” DIP. The Debtors’ marketing efforts reached approximately 53 financial institutions (including current stakeholders) and resulted in the execution of confidentiality agreements with more than 25 parties. As a result of those efforts, the Debtors identified a group of third party lenders as a potential source of “priming” DIP financing and began negotiations with that group for a priming DIP (the “*Third Party Lenders*”). At the same time, the Debtors continued discussions with their largest stakeholders with respect to the junior DIP financing structure.

Over the weeks leading to the commencement of these cases, the Debtors engaged in substantial discussions and negotiations on parallel tracks: a potential “priming” DIP facility from the Third Party Lenders and a “junior” DIP facility from one of the Debtors’ largest stakeholders, EchoStar. The “priming” DIP had numerous problems, including risk of execution (i.e. a “non-consensual priming fight”), an uncertain chapter 11 exit strategy, and expensive “break-up” fees demanded by such lenders. Moreover, the Debtors had significant doubts as to whether they could meet the factual and legal predicates necessary to prevail in a “priming” fight, because of, among other things, the availability of junior debtor-in-possession financing proposed by EchoStar. The EchoStar DIP proposal, on the other hand, carried very little risk of execution as it is a “junior” DIP and thus would not require any “priming” fight. Moreover, the EchoStar transaction included an exit strategy. Specifically, the Debtors were able to negotiate and agree with EchoStar on terms, pursuant to which (i) EchoStar committed at that time, subject to certain terms and conditions, to backstop \$100 million⁵⁹ of a \$125 million Rights Offering of New Preferred Stock, which will allow the Debtors to repay their DIP Financing facility in full and, if the Rights Offering is fully subscribed, finance their operations upon their emergence from chapter 11, and (ii) EchoStar has committed to support the equitization of the totality of its secured notes – which represents more than 50% of the Debtors’ close to \$1 billion secured notes obligations. This support is crucial to the Debtors’ reorganization efforts, and will allow the Debtors to pursue the equitization of their secured noteholders. Ultimately, the Debtors determined that the best available financing option was to obtain the debtor-in-possession financing facility offered by EchoStar (the “*DIP Facility*”) which (as noted below in Article VI.B) was approved on an interim basis on October 20, 2010, and on a final basis on November 18, 2010, by the Bankruptcy Court. In light of the fair and thorough negotiation process undertaken by the Debtors to identify potential lenders and to obtain the best available postpetition financing terms, the Debtors believe that DIP Facility represents the best and most favorable financing for the Debtors.

Additionally, and on a parallel track with finalizing the terms of the DIP Facility, the Debtors and EchoStar engaged in extensive, good faith, arm’s-length negotiations with respect to the terms of a plan term sheet, which efforts culminated in the execution of the RSA (defined below and, as noted above in footnote 58, and as an accommodation to TSC’s largest preferred shareholder, did not include a chapter 11 filing of the TSC Entities). The Debtors believe that their decision to pursue that comprehensive, consensual restructuring plan – which includes entry into the DIP Facility –represents the best option to maximize recoveries to their creditors and will ensure a swift exit from these bankruptcy proceedings.

⁵⁹ Pursuant to the settlement agreed to by EchoStar, the TSN Debtors, the Creditors’ Committee and the Ad Hoc Group as set forth herein, EchoStar has increased its commitment to backstop all of the \$125 million Rights Offering.

VI.
INITIAL MOTIONS OF THE CHAPTER 11 CASES AND CERTAIN RELATED RELIEF

On the Petition Date, each of the Debtors filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the Southern District of New York. The Debtors' chapter 11 cases are being jointly administered for procedural purposes only under the caption *In re TerreStar Networks Inc., et al.*, Case No. 10-15446 (SHL), before the Honorable Sean H. Lane. The Debtors continue to operate their businesses and manage their properties as debtors in possession under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court.

A. "First-Day" Motions and Related Relief

To ensure a smooth transition to operations in chapter 11, the Debtors filed a number of motions with the Bankruptcy Court seeking relief designed to, among other things, prevent interruptions to the Debtors' business, ease the strain on the Debtors' relationship with certain essential constituents, including employees and provide access to immediate financing. At a hearing held on October 20, 2010, the Bankruptcy Court entered several orders granting various of the Debtors' initial requests for relief, as discussed below.

(i) Procedural Orders

To facilitate a smooth and efficient administration of the Debtors' chapter 11 cases and minimize the impact to daily business operations, the Bankruptcy Court entered certain "procedural" orders by which the Bankruptcy Court (a) approved the joint administration of each of the Debtors' 13 chapter 11 cases [Docket No. 32]; and (b) authorized the Debtors to prepare a list of creditors and file a consolidated list of their 30 largest unsecured creditors [Docket No. 31].

(ii) Operational Orders

Recognizing that any interruption of the Debtors' business, even for a brief period of time, would negatively impact their operations and to facilitate the stabilization of their businesses and effectuate a smooth transition into operating as debtors in possession, the Debtors sought and obtained orders authorizing them to:

- pay prepetition wages, salaries and other compensation, reimbursable employee expenses and employee medical and similar benefits [Docket Nos. 34 (Interim Order), 176 (Final Order)];
- maintain their existing cash management systems and grant postpetition intercompany claims administrative expense priority and continue intercompany arrangements [Docket Nos. 33 (Interim Order) and 177 (Final Order)];

In addition, on the Petition Date, the Debtors filed motions seeking to:

- (1) continue to administer their prepetition insurance coverage policies and practices [Docket No. 10];
- and
- (2) establish procedures for providing adequate assurance of future payment to utility providers [Docket No. 12].

The Bankruptcy Court approved these motions by orders entered on November 8, 2010 [Docket Nos. 88 and 89, respectively].

(iii) Retention of Professionals

On the Petition Date, the Debtors filed various applications seeking Bankruptcy Court approval to retain various professionals to assist in carrying out their duties as debtors in possession and to represent their interests in

the chapter 11 cases. Thereafter, the Debtors received Bankruptcy Court approval to retain the following professionals:

- Akin Gump Strauss Hauer & Feld LLP, as restructuring attorneys [Docket No. 179];
- Blackstone Advisory Partners L.P., as financial advisor and investment banker [Docket No. 195 (Interim Order)];⁶⁰
- The Garden City Group, Inc., as notice and claims agent [Docket No. 5];
- Fraser Milner Casgrain LLP, as Canadian Counsel for the Debtors [Docket No. 175]; and
- Stikeman Elliot LLP, as Canadian Counsel for TerreStar Networks Holdings (Canada) Inc. and TerreStar Networks (Canada) Inc. [Docket No. 180].

In addition to these professionals, the Debtors also obtained authority to retain various law firms and professionals to advise them with respect to certain of the Debtors' daily business operations, including corporate, securities and regulatory matters and pending litigation matters [Docket No. 173].

B. Debtor-In-Possession Financing

In addition to the Debtors' initial procedural and operational relief, the Debtors filed a motion on the Petition Date seeking authority to ensure adequate access to liquidity during their chapter 11 cases, as discussed below.

(i) The Interim DIP Order

On the Petition Date the Debtors sought approval of ongoing access to cash collateral as well as approval to enter into an aggregate \$75 million junior secured debtor-in-possession financing facility (the "**DIP Facility**"). The DIP Facility is secured by a first lien on all of the Debtors' assets, subject to the liens held by the Debtors' Senior Secured Noteholders and the lenders under the PMCA. In addition, the DIP Facility is guaranteed by all of the Debtors; however, the guarantee provided by the Non-TSN Debtors is limited to the aggregate amount of DIP Facility funds these entities actually receive from the DIP Financing Facility, as fully set forth in the DIP Facility and the Interim DIP Order (defined below)).

Ultimately, as set forth below, pursuant to the First Amendment to the DIP Facility (filed on November 12, 2010), the Non-TSN Debtors will be removed as guarantors upon the repayment of the minimal funds loaned to such entities. The DIP Facility carries a 15% interest rate, (which is paid-in-kind), and was issued with a 2% original issue discount. The DIP Lenders received a 3% commitment fee for providing the DIP Facility, which was also paid-in-kind. The DIP Facility contains negative and affirmative covenants standard for debtor-in-possession financing facilities, as well as various operational performance covenants. The Debtors do not believe they will be unable to comply with these covenants. Further, the DIP Facility contains various events of default, including, without limitation, complying with the following milestones: (1) the TSN Debtors file a plan and disclosure statement on or before November 5, 2010; (2) receive Bankruptcy Court approval of the disclosure statement on or before December 14, 2010; (3) commence a hearing to confirm the plan before January 31, 2011; and (4) obtain Bankruptcy Court approval of the plan by February 14, 2011.

On October 20, 2010, the Bankruptcy Court entered an order approving the Debtors' entry into the DIP Facility on an interim basis (the "**Interim DIP Order**") [Docket No. 35].

⁶⁰ Between the Petition Date and the date that the interim order approving the motion to retain Blackstone was entered, Blackstone's engagement letter with the Debtors was modified to reflect that (a) only the TSN Debtors would be party thereto and (b) Blackstone would receive an additional fee if either (i) their marketing efforts resulted in a sale of the TSN Debtors' assets in an amount greater than the current Plan value or (ii) as a result of their marketing efforts, the distributable Plan value was modified to result in an implied aggregate value greater than current Plan value.

(ii) **Objections to the DIP Facility**

The TSN Debtors received numerous objections to the DIP Facility including objections from: (i) Marathon; (ii) Harbinger; (iii) Solus Alternative Asset Management LP and Remus Holdings LLC (together, “*Solus*”); (iv) Sprint Nextel Corporation (“*Sprint*”); and (v) the statutory committee of unsecured creditors appointed in these chapter 11 cases (the “*Creditors’ Committee*”) (collectively, the “*Objectors*”).

Many of the Objectors argued that the entry into the DIP Facility was not in the best interests of the Debtors’ estates because it ceded too much control to EchoStar as the DIP Lender and/or that the DIP Facility constituted a sub rosa plan because the DIP Facility included the milestone requirements noted above (“*Milestones*”) and required that any chapter 11 plan proposed and prosecuted by the TSN Debtors be “acceptable” to EchoStar. Certain other Objectors’ arguments related to the extent or validity of certain prepetition security interests. Several of the Objectors also filed objections to the motion to assume the RSA (collectively, the “*RSA Objections*”) on many of the aforementioned grounds as well as several of the arguments discussed below.

The TSN Debtors filed an omnibus reply in response to the Objections and in further support of the DIP Motion on November 13, 2010 [Docket No. 162] (the “*Omnibus Reply*”).

a. The Marathon Objection

Marathon, in addition to several of the arguments noted above, asserted that the DIP Facility was not the best financing alternative available because Marathon itself was willing to provide alternative DIP Financing without the aspects of the proposed DIP Facility that it and the other Objectors objected to. At the final hearing on the DIP Motion, Marathon’s counsel announced to the Court the terms of the alternative financing proposal (the “*Marathon Facility*”). Importantly, the Marathon Facility was not offered on a **junior** lien basis, but rather would be a senior secured priming facility that would require the Debtors to hold a contested hearing on whether they could successfully provide adequate protection to their prepetition Senior Secured Noteholders and prevail in a priming fight. This aspect of the Marathon Facility was one of the same aspects that caused the Debtors to move forward with the EchoStar DIP Facility rather than the third party priming facility for which they received a commitment before the commencement of the chapter 11 cases. Since the date of the final DIP hearing, the TSN Debtors have not received any commitment (or other documentation) from Marathon regarding the proposed Marathon Facility.

b. The Sprint Objection

The Objection filed by Sprint included two primary objections: (a) an argument that TerreStar License Inc. (“*TLI*”) should not be authorized to guaranty the DIP Financing because the DIP Financing allegedly does not benefit TLI’s estate and (b) the Senior Secured Notes do not have a lien on the Federal Communications Commission (“*FCC*”) licenses held by TLI (collectively, the “*Licenses*”) and therefore, the lien in the proceeds of such licenses allegedly does not attach to postpetition proceeds of the Licenses.

In their Omnibus Reply, the TSN Debtors responded to Sprint’s assertion that TLI was not receiving the benefit of the proposed DIP Financing by pointing out that TLI would indeed receive substantial benefits from the use of the DIP proceeds. In particular, the DIP proceeds would allow TSN to continue to provide the financial and operational support TLI needed and without which the underlying licenses themselves would be idle and subject to cancellation or revocation.

c. The Creditors’ Committee’s Objection

The Creditors’ Committee objected to the Milestones, which set the pace of these cases, and provisions linking the DIP Facility to the pursuit of a plan of reorganization reasonably acceptable to EchoStar. In addition, the Creditors’ Committee objected to the grant of liens and superpriority claims on the proceeds of avoidance actions and the Debtors’ grant of a Bankruptcy Code section 506(c) waiver.

d. Solus’ Objection and Discovery Requests

As set forth above, Solus objected to the DIP Financing Facility on various grounds. In connection with its objection, Solus filed various document requests on the TSN Debtors, as well as requested a deposition of Mr. Steven Zelin, the Debtors’ financial advisor. In response to the various document requests, the TSN Debtors

produced approximately 5,000 pages of documents. On Monday November 15, 2010, Solus took the deposition of Mr. Zelin.

e. The Ad Hoc Group's Limited Objection and Reservation of Rights

The Ad Hoc Group (as defined below) filed a limited objection and reservation of rights [Docket No. 144] with respect to the DIP Facility, seeking certain modifications that, in their view, would make the terms of the DIP Facility and the Final DIP Order more beneficial to the TSN Debtors and certain of the TSN Debtors' stakeholders. Many of the changes requested by the Ad Hoc Group were adopted by the TSN Debtors and noted by the Court in approving the DIP Facility, including the express reservation of the TSN Debtors' rights to consider and enter into a replacement DIP Facility. Although not a substantive change, this modification facilitated the TSN Debtors' ability to run a dual-track marketing process to pursue the potential sale of the TSN Debtors' assets to a third-party, while simultaneously seeking to confirm the Plan. Finally, the limited reservation of rights also made clear the Ad Hoc Group's intention to seek protections for minority shareholders of the Reorganized Debtors.

(iii) The First Amendment to the DIP Facility

On November 12, 2010, the TSN Debtors filed the First Amendment to the DIP Facility [Docket No. 153]. Pursuant to Amendment #1, the DIP Facility was amended, among other things, as follows: (1) the milestone requirement that the Debtors receive Bankruptcy Court approval of the Debtors' assumption of the RSA (defined below) within 35 days of the Petition Date was eliminated; (2) from and after the date on which all advances made by TSN and its subsidiaries to the Non-TSN Debtors are repaid in full in cash, the Non-TSN Debtors will cease to be Loan Parties or Guarantors (each as defined in the DIP Facility) of the TSN Debtors' obligations under the DIP Facility and any security interests granted in any collateral of the Non-TSN Debtors will be released and terminated; (3) the first measurement date for the operational covenants requiring the TSN Debtors to (a) earn a certain minimum amount of revenue from the Roam-In Business and (b) achieve a certain minimum number of subscribers was moved from November 30, 2010 to December 31, 2010; and (4) the date of the next draw of the DIP Facility was set for December 15, 2010, in the amount of \$6 million.

As of the date of this Disclosure Statement, the Non-TSN Debtors had not received any advances under the DIP Facility. Accordingly, under the First Amendment to the DIP Facility, as of November 12, 2010, the Non-TSN Debtors ceased to be Loan Parties or Guarantors of the TSN Debtors' obligations under the DIP Facility and any security interests granted in any collateral of the Non-TSN Debtors are released and terminated.

(iv) The Final DIP Hearing and Final DIP Order

The final hearing on the DIP Motion was held on November 16, 2010.

After several hours of argument and testimony, including evidence provided by Mr. Zelin, the Debtors' financial advisor, regarding the TSN Debtors' need for financing and the process by which they determined that the EchoStar DIP Facility was the best debtor-in-possession financing available, the Bankruptcy Court approved the DIP Facility on a final basis and overruled all of the outstanding objections with one exception. Specifically, the Bankruptcy Court held that it would not approve the grant of liens or superpriority claims to the DIP Lenders on the avoidance actions or proceeds thereof. In addition, following negotiations wherein the TSN Debtors agreed to certain modifications to the proposed form of DIP Order requested by the Ad Hoc Group, the Ad Hoc Group spoke in favor of the DIP Facility on the record of the Final DIP Hearing.

On November 18, 2010, the Bankruptcy Court entered an order approving the Debtors' entry into the DIP Facility on a final basis (the "**Final DIP Order**") [Docket No. 181].

(v) The Second Amendment to the DIP Facility

On December 14, 2010, the TSN Debtors filed the Second Amendment to the DIP Facility [Docket No. 270]. Pursuant to this amendment: (1) the milestone requirement for receipt of Bankruptcy Court approval of the disclosure statement was moved from December 14, 2010 to December 22, 2010; (2) the milestone requirement for commencement of a hearing by the Bankruptcy Court on confirmation of an Acceptable Plan was moved from

January 31, 2011 to February 14, 2011; (3) the milestone requirement for entry of a final, non appealable order by the Bankruptcy Court confirming an Acceptable Plan was moved from February 14, 2011 to February 28, 2011; (4) the milestone requirement for filing with the FCC or Industry Canada all necessary applications and notifications as required by the DIP Facility was moved from December 14, 2010 to December 22, 2010; and (5) in light of the TSN Debtors' cash management, the next funding date under the DIP Facility (at which time \$6 million will be drawn) was moved from December 15, 2010 to December 23, 2010.⁶¹

C. The Motion to Assume the Restructuring Support Agreement

On the Petition Date, the Debtors filed a motion seeking authority to assume the Restructuring Support Agreement between the Debtors and EchoStar (the "**RSA**"). The Bankruptcy Court originally scheduled a hearing on the Motion to Assume the RSA for November 16, 2010. Numerous objections were filed to the RSA Motion (collectively, the "**RSA Objections**") as further described below.

(i) Objections to the RSA

As noted above, the TSN Debtors received numerous objections to the RSA, including objections from: (i) Marathon; (ii) Harbinger; (iii) Solus; (iv) Sprint; (v) the Creditors' Committee and (vi) the Ad Hoc Group (collectively, the "**RSA Objectors**").

In addition to the arguments referenced above, many of the RSA Objectors argued, among other things, that entry into the RSA was not in the best interests of the Debtors' estates because the RSA constituted a sub rosa plan, as it established Milestones which would constrain the TSN Debtors' options to consider alternative restructuring proposals that could maximize value for the benefit of all creditors. Certain of the RSA Objectors further argued that the "fiduciary out" contained in the RSA was ineffective because the RSA was tied to the DIP Facility such that the TSN Debtors could not pursue an alternative plan without losing their liquidity under the DIP Facility. Lastly, among other things, certain RSA Objectors argued that section 365 of the Bankruptcy Code provided no basis for assumption of the RSA and that the assumption of the RSA was unnecessary.

(ii) Withdrawal of the Motion to Assume the RSA

In an effort to work constructively with the Debtors' various constituents, EchoStar agreed to eliminate the requirement that the TSN Debtors receive Bankruptcy Court approval of the Motion to Assume the RSA. Per the Debtors' agreement with EchoStar, the Debtors are no longer seeking Bankruptcy Court approval of the RSA. In that respect, on November 12, 2010, the TSN Debtors filed a notice of withdrawal of the Motion to Assume the RSA [Docket No. 161].

D. Canadian Proceedings

To protect the TSN Debtors' Industry Canada licenses and approvals, as well as other assets located in Canada, the Debtors determined that it would be necessary to commence foreign recognition proceedings in Canada under Part IV of the *Companies' Creditors Arrangement Act*, R.S.C. 1985, c. C-36 ("**CCAA**"). In this regard, on the Petition Date, the Canadian Court entered an interim order granting certain interim relief including, among other things, a general stay of proceedings against the Debtors in Canada. To facilitate the recognition proceedings, on the Petition Date the Debtors sought and, on October 20, 2010 received, Bankruptcy Court authorization for TSN to act as the Foreign Representative on behalf of the Debtors in the Canadian Recognition Proceedings [Docket No. 30] (the "**Foreign Representative Order**"). Subsequent to entry of that order, TSN filed the Foreign Representative Order with the Canadian Court and sought recognition of these jointly consolidated chapter 11 cases as a foreign main proceeding. On October 21, 2010, the Canadian Court granted certain orders that, among other things, recognized these cases as a foreign main proceeding pursuant to Part IV of the CCAA, recognized TSN as the foreign representative of the Debtors and recognized and gave full force and effect in Canada to certain of the first

⁶¹ Subsequently, EchoStar agreed to amend the DIP Facility Milestones to no later than March 7, 2011 (for commencement of the Confirmation Hearing) and March 25, 2011 (for entry of final order confirming the Plan).

day orders of the Bankruptcy Court, including the Interim DIP Order. On November 19, 2010, the Canadian Court recognized and gave full force and effect in Canada to, among other orders of the Bankruptcy Court, the Final DIP Order.

Since the Petition Date, the Debtors' Canadian counsel has continued (and will continue) to seek additional recognition orders from the Canadian Court for substantive relief granted by the Bankruptcy Court in these chapter 11 cases. To date, the Canadian Court has recognized and given full force and effect in Canada to each of the Bankruptcy Court orders that have been brought before the Canadian Court for recognition.

VII. DEVELOPMENTS DURING THE CHAPTER 11 CASES

A. Appointment of the Statutory Committee

Section 1102 of the Bankruptcy Code requires that, absent an order of the Bankruptcy Court to the contrary, the U.S. Trustee must appoint a committee of unsecured creditors as soon as practicable. On October 29, 2010, the U.S. Trustee appointed the Creditors' Committee. The Creditors' Committee is comprised of the following members:

- Deutsche Bank National Trust Company, Indenture Trustee;
- Hughes Network Systems, Inc.;
- Nokia Siemens Networks US LLC;
- Qualcomm Incorporated;
- Shaffer Wilson Sarver & Gray, P.C.;
- Space Systems/Loral, Inc.; and
- Van Vlissingen and Company.

The Creditors' Committee subsequently sought to retain Otterbourg, Steindler, Houston & Rosen LLP, as legal counsel [Docket No. 194] and FTI Consulting, as financial advisor [Docket No. 205]. Orders approving these retentions were entered on December 22, 2010 [Docket Nos. 309 and 310, respectively].

B. The Claims Process

(i) *Filing of the Debtors' Statements of Financial Affairs and Schedules of Assets and Liabilities*

On November 8, 2010, the Debtors filed their schedules of assets and liabilities and statements of financial affairs (collectively, the "***SOFAs and Schedules***") pursuant to section 521 of the Bankruptcy Code and Bankruptcy Rule 1007. The SOFAs and Schedules provide information concerning each of the Debtors' assets, liabilities (including accounts payable), executory contracts and other financial information as of the Petition Date. Copies of the Debtors' SOFAs and Schedules are available free of charge by accessing www.TerreStarInfo.com. The SOFAs and Schedules include, among other things, a list of all intercompany transfers among the Debtors and between the Debtors and their non-Debtor affiliates. Below is a chart⁶² summarizing the TSN Debtors' assets and liabilities

⁶² The numbers included in this summary chart reflect the aggregate asset and liability numbers in each TSN Debtor's respective Schedules of Assets and Liabilities filed on November 8, 2010 and may not take into account equity value of such Debtor's subsidiaries. The amounts set forth in this chart include intercompany claims as reflected in the TSN Debtors' Schedules. The principal balances of the intercompany claims are set forth on Exhibit J hereto. Intercompany claims can be characterized in many ways, including: (i) *pari passu* with all third-party debt, (ii) subordinated to all third-party debt but senior to common equity; or (iii) equity. With respect to intercompany claims asserted by Non-TSN Debtors, parties may argue that under certain circumstances, courts have recharacterized intercompany transfers as disguised equity contributions or equitably subordinated intercompany transfers to the extent the transferor engage in inequitable conduct and the other elements of equitable subordination were satisfied. The TSN Debtors take no position on the merits of such arguments and reserve all of their rights with respect to the intercompany balances listed in the Exhibit, including, but not limited to, the appropriate characterization of such intercompany balances and the amounts of such balances, which are still being identified by the Debtors. To the extent necessary, the TSN Debtors will supplement this schedule as part of the Plan Supplement.

based on their respective Schedules.⁶³

TSN Debtor	Aggregate Assets	Aggregate Liabilities
TerreStar Networks Inc.	\$473,844,219.09	\$1,343,447,811.51
TerreStar National Services Inc.	\$15,002.16	\$1,123,886,489.00
0887729 B.C. Ltd.	\$76,480,698.47	\$945.00
TerreStar License Inc.	\$0.00	\$1,123,070,600.00
TerreStar Networks Holdings (Canada) Inc.	\$0.00	\$944,354,969.00
TerreStar Networks (Canada) Inc.	\$510,395,954.02	\$954,218,878.22

(ii) Establishment of the Claims Bar Date

On November 8, 2010, the Bankruptcy Court entered an order [Docket No. 92] (the “**Bar Date Order**”) establishing December 10, 2010 (the “**Bar Date**”) as the deadline by which each person or entity asserting a claim against any of the Debtors was required to file written proof of such claim. The Bar Date Order was recognized by the Canadian Court on November 9, 2010. In accordance with the Bar Date Order, the Debtors provided written notice of the Bar Date to each of the parties and entities identified as creditors on the SOFAs and Schedules and to all known actual or potential creditors of the Debtors according to the Debtors’ books and records at the time of mailing of the notice. Where possible, this notice was accompanied by a “personalized” proof of claim form approved by the Bankruptcy Court. Additionally, in an effort to reach unknown creditors, the Debtors published notice of the Bar Date in the *Washington Post*, *USA Today* and *The Globe and Mail* (national edition).

(iii) Claims Review and Objection Process

As of December 16, 2010, approximately 101 Proofs of Claim had been filed against the Debtors (including the Non-TSN Debtors), totaling more than \$2 billion in asserted liabilities. More than 35 of these filed Proofs of Claim have been asserted in “unliquidated” amounts or contain an “unliquidated” component. The following table – which is provided for informational purposes only – summarizes the number of Proofs of Claim and their aggregate asserted amounts that were filed against each TSN Debtor as of December 16, 2010:

TSN Debtor	Total Number of Claims Asserted	Aggregate Asserted Amount
TerreStar Networks Inc.	65	\$2,001,955,266.38
TerreStar National Services Inc.	4	\$1,170,187,110.09
0887729 B.C. Ltd.	4	\$105,543,585.00

⁶³ Readers of this Disclosure Statement should note that this chart reflects asset values that are book values as of September 30, 2010. These values are not the same as the TSN Debtors’ Valuation Analysis (attached as Exhibit F hereto) or Allocation Analysis (attached as Exhibit P hereto).

TerreStar License Inc.	4	\$1,170,187,110.09
TerreStar Networks Holdings (Canada) Inc.	3	\$1,530,091,411.95
TerreStar Networks (Canada) Inc.	4	\$1,532,787,393.95

As of the date of this Disclosure Statement, the Debtors have just begun their claims review and analysis process. Although none of the claims as filed are as of yet the subject of any objection by the Debtors, there are numerous claims, including two material claims, to which the Debtors will object.

a. The Sprint Claim and the Sprint Adversary Proceeding

As noted above, Sprint has filed a claim related to the pending Sprint Litigation in the amount of \$104,194,649.00 against each Debtor, including the TSN Debtors. Putting aside the TSN Debtors' dispute as to the amount of Sprint's asserted claim, Sprint believes that, based on its interpretation of certain orders entered by the FCC, Sprint has a claim against each Debtor entity. The Debtors dispute this assertion and will object to Sprint's ability to assert a claim at various of the TSN Debtors, based on, among other things,⁶⁴ the fact that, contrary to Sprint's assertion, not each of the TSN Debtors is an "entity directly involved in, in control of, or otherwise integrated into the operation of the MSS system as affiliates or part of a common enterprise" within the meaning of the FCC's 2010 Declaratory Ruling and Order. Further, several of the Non-TSN Debtors hold few (if any) assets, none of which are necessary for or part of the operation of the U.S. MSS system. Finally, the TSN Debtors believe that the amount claimed by Sprint in its proofs of claim is overstated and will be objecting to such amount as well.

On December 17, 2010, Sprint commenced an adversary proceeding in the TSN Debtors' chapter 11 cases against the indenture trustee for the Senior Secured Notes. Pursuant to its adversary proceeding, Sprint seeks declaratory judgment that (i) the prepetition liens in the FCC Licenses held by the Senior Secured Noteholders are invalid; (ii) any purported lien on the proceeds of the FCC Licenses does not attach to the proceeds or value generated by the FCC Licenses postpetition; (iii) the equities of the case prevent any purported liens on the proceeds of the FCC Licenses from attaching to proceeds or value generated by the FCC Licenses postpetition; and (iv) to the extent any prepetition lien does attach to proceeds or value generated by the FCC Licenses postpetition, any such lien is subordinate to the claims of Sprint. Sprint also argues that the TSN Debtors' grant of a security interest is invalid because (a) applicable law prohibits the grant of a security interest in the FCC Licenses, and (b) any prepetition lien on the proceeds of the FCC Licenses does not attach to the proceeds thereof postpetition. The TSN Debtors and the Senior Secured Notes Indenture Trustee dispute the foregoing allegations. A schedule for this adversary proceeding has not yet been set.

b. The Jefferies Claim

Before the commencement of the chapter 11 cases, TSC engaged Jefferies & Company, Inc. ("**Jefferies**") to act as its financial advisor and investment banker with respect to potential restructuring transactions (the "**Jefferies Engagement**") all as more fully described in the Jefferies engagement letter dated as of May 4, 2009. Jefferies has filed a claim related to the Jefferies Engagement in the amount of \$1,347,991.00 against each Debtor, including the TSN Debtors. The Debtors dispute the claims filed by Jefferies and intend to object to such claims on the ground that, among other things,⁶⁵ (1) the claim cannot be asserted against each of the Debtors and (2) the claim is inconsistent with the engagement letter.

⁶⁴ Nothing herein shall be or shall be deemed an admission of any sort with respect to the claims filed by Sprint and the Debtors hereby reserve their right to object to the claims filed by Sprint on any and all available grounds.

⁶⁵ Nothing herein shall be or shall be deemed an admission of any sort with respect to the claims filed by Jefferies and the Debtors hereby reserve their right to object to the claims filed by Jefferies on any and all available grounds.

C. Rejection of Executory Contracts and Unexpired Leases

The Debtors are party to numerous contracts and lease agreements that are entered into in the ordinary course of their business operations. After analyzing and reviewing the terms and conditions of many of these agreements, the Debtors determined that some of the agreements were no longer beneficial to the Debtors' ongoing business operations and would constitute an unnecessary drain on the Debtors' resources. Accordingly, to avoid incurring administrative expense claims during these chapter 11 cases with respect to agreements that were no longer of utility to the Debtors, the Debtors have sought to reject various executory contracts and unexpired leases, and will continue to do so during the course of the chapter 11 cases. To date, the Debtors have filed a motion to reject unexpired leases, a motion to reject an executory contract with The telx Group and one omnibus motion seeking to reject a number of agreements. The Bankruptcy Court entered orders authorizing the relief requested in the motion to reject unexpired leases and the motion to reject the agreement with The telx Group on November 23, 2010 [Docket Nos. 196 and 197]. The first omnibus motion to reject certain contracts was granted by the Bankruptcy Court on December 23, 2010 [Docket No. 313].

As discussed herein, and further set forth in the Plan, the TSN Debtors have been and are continuing to work with their advisors and have been consulting with the Plan Sponsor, to determine which of their Executory Contracts and Unexpired Leases to assume or reject. As of the date of this Disclosure Statement, the TSN Debtors have not come to a final decision with respect to the assumption or rejection of all of their Executory Contracts and Unexpired Leases agreements. The TSN Debtors will file a Contract/Lease Schedule or Schedules, as necessary, with the Plan Supplement (to be filed no later than February 7, 2011, which is 11 days before the Voting Deadline), listing the Executory Contracts and Unexpired Leases the TSN Debtors intend to reject pursuant to Article VI of the Plan. The Contract/Lease Schedule will include (a) the name of the non-Debtor counterparty, (b) the legal description of the contract or lease to be assumed and (c) the proposed Cure Claim, if any.

On the date of filing of the Contract/Lease Schedule or as soon as practicable thereafter, with the assistance of the Noticing and Claims Agent, the TSN Debtors will serve the notice of filing upon each non-Debtor counterparty listed thereon. The notice of filing will describe the procedures by which such parties may object to (i) the proposed assumption or rejection of their respective Executory Contract or Unexpired Lease or (ii) the proposed Cure Claim (if any) and explain how such disputes will be resolved by the Bankruptcy Court if the parties are not able to resolve a dispute consensually.

Objections, if any, to the proposed assumption and/or Cure Claim or rejection by the TSN Debtors of any Executory Contract or Unexpired Lease listed on the Contract/Lease Schedule, must be filed with the Bankruptcy Court and served so as to be **actually received** on or before the Plan Objection Deadline by the notice parties listed therein, ("***Plan Objection Deadline***").

Any counterparty to any Executory Contract or Unexpired Lease who fails to timely file and serve an objection in accordance with the Plan will be deemed to have consented to (i) the assumption or rejection of that party's Executory Contract or Unexpired Lease by the Debtors, and (ii) the proposed Cure Claim (if any), in accordance with Article VI of the Plan.

D. Exclusivity

Under the Bankruptcy Code, a debtor has the exclusive right to file and solicit acceptance of a plan or plans of reorganization for an initial period of 120 days from the date on which the debtor filed for voluntary relief (the "***Exclusive Filing Period***"). If a debtor files a plan during the Exclusive Filing Period, then the debtor has the exclusive right for 180 days from the commencement date to solicit acceptance of the Plan (the "***Exclusive Solicitation Period***") and, together with the Exclusive Filing Period, the "***Exclusive Periods***"). During the Exclusive Periods, no other party in interest may file a competing plan of reorganization. However, a court may extend these periods upon the request of a party in interest.

The Debtors' initial Exclusive Filing Period and Exclusive Solicitation Period are set to expire on February 16, 2011 and April 18, 2011, respectively.

E. The Motion to Dismiss Certain Chapter 11 Cases

On November 1, 2010, certain holders of TSC's Series B Preferred Stock (specifically, the affiliated managed funds of Solus Alternative Asset Management LP and Millennium International Management LP) (the "**Movants**") filed a motion to dismiss the Chapter 11 Cases of the Non-TSN Debtors pursuant to sections 105(a) and 1112(b) of the Bankruptcy Code and Bankruptcy Rule 1017(a) (the "**Motion to Dismiss**"). On November 5, 2010, Marathon Asset Management, L.P. filed a joinder to the Motion to Dismiss. The Movants argued (i) the Non-TSN Debtors' bankruptcy petitions were not filed in good faith or in furtherance of a rehabilitative purpose and (ii) in filing the Non-TSN Debtors' bankruptcy petitions, the directors of TSC and the Non-TSN Debtors did not exercise independent fiduciary duties owed to their respective estates and stakeholders. The Debtors vigorously disputed both assertions. On November 2, 2010, the Movants served discovery requests pertaining to issues raised in the Motion to Dismiss. A hearing on the Motion to Dismiss was originally scheduled for November 16, 2010.

On November 12, 2010, the parties reached an agreement, evidenced by a stipulation [Docket No. 159] (the "**Stipulation**") and the Movants agreed to withdraw the Motion to Dismiss and the related discovery requests. Specifically, the Stipulation provides, among other things, that: (a) the Non-TSN Debtors would be removed from and not reorganized under any chapter 11 plan with the TSN Debtors absent the consent of the Preferred Stockholders holding a majority of each of the aggregate number of shares then outstanding of TSC's Series A Cumulative Convertible Preferred Stock and the aggregate number of shares then outstanding of TSC's Series B Cumulative Convertible Preferred Stock (TSC's Series A Cumulative Convertible Preferred Stock and Series B Cumulative Convertible Preferred Stock collectively, the "**Preferred Stock**"); (b) the DIP Facility would be amended to provide that, upon repayment to EchoStar, in full and in cash of all principal and accrued interest, of any funds owed by the Non-TSN Debtors under the DIP Facility, the Non-TSN Debtors would be removed as Loan Parties (as defined in the DIP Facility) and that any funding needs required by the Non-TSN Debtors would be provided through a loan to be made available to TSC and the Non-TSN Debtors by certain of the Preferred Stockholders (the "**TSC Loan**"); (c) TSC's intercompany loan (the "**TSC IC Loan**") to TSN, evidenced by those certain notes dated June 8, 2009, July 6, 2009, August 4, 2009, August 26, 2009, and September 21, 2009, in the face amount of \$50 million (plus interest) would be an allowed, undisputed, and non-contingent claim in the TSN Debtors' chapter 11 cases.

In exchange for the foregoing, the Movants agreed to withdraw the Motion to Dismiss (and related discovery requests) and the Preferred Stockholders (in their capacity as such) agreed not to object to (or cause another holder of Preferred Stock to object to or support another holder of Preferred Stock's objection to) the relief requested in the Debtors' motion to approve the DIP Facility. Additionally, the Preferred Stockholders agreed to forbear from exercising rights and remedies under the certificates of designations governing the Preferred Stock (the "**Certificates of Designations**") from and after the closing date of the TSC Loan (the "**TSC Closing Date**") until the earliest of (i) 75 days after the TSC Closing Date, (ii) the time either TSC or TerreStar Holdings Inc. enters into an agreement regarding postpetition financing for one or both of TSC and TerreStar Holdings Inc., and (iii) the date TSC and/or TerreStar Holdings Inc. files a petition under the Bankruptcy Code or commences any similar insolvency proceeding, provided no event of default under the TSC Loan shall have occurred. The TSC Loan closed on November 19, 2010. Finally, the Preferred Stockholders agreed not to object to any motion filed by TSC in any chapter 11 case of TSC to assume TSC's obligations under the TSN Debtors' RSA. In addition, both the Creditors' Committee (by signing the Stipulation) and Marathon (by representation in Bankruptcy Court on November 16, 2010) agreed not to object to the Stipulation in return for a clarification that nothing therein prejudiced their rights with regard thereto.

On November 17, 2010 the Movants withdrew the Motion to Dismiss [Docket No. 171].

F. The TSN Debtors' Licenses and Related Applications

As further described above (see generally, Article IV), the TSN Debtors' principal business, the provision of mobile satellite services ("**MSS**") in North America, is subject to extensive regulation by the FCC in the United States and by Industry Canada in Canada. The TSN Debtors provide MSS using the TerreStar-1 2 GHz MSS satellite, which is licensed to TerreStar Canada by Industry Canada and resides in an orbital slot that is authorized by Industry Canada. In the United States, the TSN Debtors provide MSS using TerreStar-1 pursuant to a 2 GHz spectrum reservation issued by the FCC to TSN. TSN, TerreStar Canada, 0887729 B.C. Ltd. and TerreStar

Solutions also hold various additional FCC and Industry Canada licenses and equipment authorizations relating to their Ground Stations, CES, handsets, and terrestrial base stations and MSS, feeder link and telemetry, trajectory and control spectrum. TSN further holds an FCC authorization to provide ATC services in the United States, which authorization is subject to a variety of gating criteria intended to ensure that such ATC services remain ancillary to TSN's MSS offering as well as other conditions, including a condition requiring compliance with FCC decisions related to payment for rebranding of the 2 GHz band. TerreStar Solutions, a non-Debtor in these chapter 11 cases, holds a similar ATC authorization issued by Industry Canada governing the provision of ATC in Canada.

The FCC and Industry Canada hold regulatory authority in the United States and Canada, respectively, to regulate the operation and ownership of the MSS, ATC and related authorizations held by the TSN Debtors and affiliates of their Canadian partner, Trio. This includes authority to issue, renew and modify such authorizations; require prior approval with respect to certain changes in ownership or control of the authorizations, including approval rights over foreign ownership; adopt and implement regulations and policies governing the ownership and operations of the licensees; and impose penalties, including forfeitures and license revocations, for violations of their respective rules and policies.

Both the entry of the TSN Debtors into chapter 11 bankruptcy protection and the emergence of the Reorganized Debtors from chapter 11 require the consent of the FCC under Section 310(d) of the Communications Act. The Debtors filed *pro forma* assignment applications seeking FCC consent for the prior assignment of the Debtors' FCC licenses to the TSN Debtors as "debtors in possession" under chapter 11. The FCC has granted these applications. The TSN Debtors also will be required to file FCC applications seeking prior FCC consent to transfer control of TSN's FCC licenses to the Reorganized Debtors upon TSN's emergence from chapter 11 ("**Long-Form Applications**").⁶⁶ The TSN Debtors will be required to disclose in the Long-Form Application certain information about entities that will hold a 10% or greater direct or indirect interests in TSN post-emergence. The Debtors also will be required to certify the legal, character, and other qualifications of the proposed transferee of control in FCC licensees. Grant of the Long-Form Applications by the FCC is a prerequisite to the TSN Debtors' emergence from chapter 11 protection.

Further, Section 310(b)(4) of the Communications Act prohibits foreign ownership of US. common carrier wireless licenses, including TSN's ATC authorization, in excess of 25 percent unless the FCC determines that such foreign ownership is not contrary to the public interest. TSN may be required to file a petition for a declaratory ruling seeking such an FCC determination with respect to certain of its authorizations ("**Foreign Ownership PDR**"). The TSN Debtors will be required to disclose in the Foreign Ownership PDR certain information regarding entities that will hold direct and indirect interests in Reorganized TSN that are foreign owned, controlled, organized, and/or headquartered.

To facilitate collection of the information that will be required to be disclosed in the Long-Form Application and Foreign Ownership PDR, if any, as well as to stabilize the identity of the entities that will be disclosed in such filings during the FCC's review of the filings, the TSN Debtors filed a motion with the Bankruptcy Court requesting the court to require the disclosure to the TSN Debtors of certain information by Claims holders and restricting certain trading of certain Claims [Docket Nos. 119 and 130] (the "**Trading Restrictions Motion**"). Specifically, in the Trading Restrictions Motion, the Debtors sought for the holders of certain Claims to be required to disclose information required to be submitted to the FCC in the Long-Form Application and the Foreign Ownership PDR, if any. In addition, the Debtors requested that the Bankruptcy Court restrict certain trading of certain Claims during the pendency of the FCC's review of the Long Form Applications and Foreign Ownership PDR to the extent necessary to prevent such trading from causing the anticipated post-emergence ownership of Reorganized TSN disclosed in such filings from substantially shifting while the FCC is reviewing the filings. These restrictions are intended to prevent delay in the FCC's review and approval of the filings and to avoid the need to file multiple amendments to the filings during such FCC review. Such amendments potentially could extend the FCC's review of the Long-Form Application and/or Foreign Ownership PDR to the detriment of the TSN Debtors.

⁶⁶ A copy of the TSN Debtors' Long-Form Application, which was filed with the FCC on December 22, 2010, is attached hereto as Exhibit M.

After filing the Trading Restrictions Motion, the TSN Debtors worked with various of their stakeholders, including counsel to an ad hoc group of holders of the TSN Debtors' Senior Secured Notes, counsel to Harbinger, and the Creditors' Committee, to ensure that the burdens imposed on claimants by the proposed trading restrictions would be minimal. Among other things, the TSN Debtors agreed to limit the applicability of the proposed trading restrictions to (a) those holders of the Senior Secured Notes who would hold 10% or more of reorganized TSN upon emergence (or holders of the TSN Debtors' 6.5% Exchangeable PIK Notes who also hold Senior Secured Notes and qualify for the 10% threshold)(i.e. a "Substantial Equityholder" as defined in the Trading Restrictions Motion) or (b) those holders of Senior Secured Notes who would hold at least half of reorganized TSN upon emergence. The TSN Debtors were able to reach a resolution with regard to all of the various issues raised by these parties concerning the Trading Restrictions Motion, and thereafter presented to the Bankruptcy Court an agreed-upon proposed order. The Bankruptcy Court entered the order approving the Trading Restrictions Motion on November 23, 2010 [Docket No. 198].

Any transfer of control of TerreStar Canada or any transfer of the Industry Canada licenses held by the TSN Debtors to another party is subject to the prior approval of Industry Canada. To the extent that the reorganization of the TSN Debtors' reorganization involves any such transfers, the prior approval of Industry Canada will be required and such approval is a condition precedent to the occurrence of the Effective Date pursuant to Article X of the Plan, as described in Article VIII.H hereof.

G. The TSN Debtors' Marketing Process

As discussed in detail above, before the commencement of these chapter 11 cases, and between July 2010 and August 2010, the TSN Debtors were subject to various exclusivity agreements with LightSquared/Harbinger that restricted their ability to market their assets to prospective purchasers. When this exclusivity period ended in August 2010, the Debtors (as part of their search for postpetition financing) also had numerous discussions with their stakeholders regarding a consensual restructuring through a chapter 11 plan and/or a sale of the TSN Debtors' assets. Based on those discussions, the TSN Debtors determined that their best available restructuring option was to enter into the RSA and pursue approval of the DIP Facility from EchoStar. Before signing the RSA and beginning in early October, and until the Petition Date, the TSN Debtors, together with their advisors, actively marketed the TSN Debtors' assets in an effort to maximize value for all of their stakeholders. This marketing process included calling various parties that the TSN Debtors and their advisors believed would be potential purchasers and discussing the sale with them as well as explaining to them the TSN Debtors' proposed chapter 11 process with EchoStar.

From the Petition Date through November 12, 2010, the date on which the Debtors withdrew the motion to assume the RSA, the TSN Debtors entertained and actively responded to calls received by the TSN Debtors and their advisors from any prospective purchasers. Once the motion to assume the RSA was withdrawn, the TSN Debtors resumed their comprehensive marketing process. Specifically, the TSN Debtors and their advisors have contacted or are in the process of contacting numerous parties to gauge their potential interest in entering into an alternative transactions (any such transaction, an "**Alternative Transaction**") for the sale of any or all of the TSN Debtors' assets which may result in greater value for the TSN Debtors' stakeholders and estates than the value which will result from the Plan (see below). Additionally, the TSN Debtors have filed on the docket [Docket No. 210] a notice of marketing of their assets and have published that notice in the *Washington Post*, *USA Today* and *The Globe and Mail (national edition)*.⁶⁷ To the extent that this process results in a proposal that provides greater value for the TSN Debtors' estates than that contemplated by the Plan, an auction will be conducted.

As of December 18, 2010, the TSN Debtors or their advisors, (1) have contacted 81 bidders; (2) have been independently contacted by two interested parties; (3) have sent form non-disclosure agreements ("**NDA's**") to more than 75 parties; and (4) have entered into two additional NDA's (and a third bidder has informed the TSN Debtors that it may be able to formulate a proposal without entering into an NDA). At this time, the TSN Debtors have not received an offer to purchase all or any portion of their assets.

⁶⁷ A copy of the marketing notice is attached hereto as Exhibit L.

TSN Debtors understand that Solus, as nominee of certain holders of the Senior Exchangeable Notes, has asserted that EchoStar's status may impede the TSN Debtors' sales efforts. The TSN Debtors vigorously refute this assertion. EchoStar has not sought and has had no role in the TSN Debtors' sale process to date. Moreover, a number of parties have raised in their objections to the Disclosure Statement their dissatisfaction with regard to the TSN Debtors' on-going sales and marketing efforts. The TSN Debtors believe that the sales and marketing process are being conducted in the most value-maximizing manner possible in light of the circumstances of the chapter 11 cases, and vigorously dispute any assertions to the contrary.⁶⁸

All parties interested in pursuing an Alternative Transaction should contact the Debtors' (i) financial advisor, Blackstone Advisory Partners, L.P., Steve Zelin (212-583-5886 or zelin@blackstone.com), CJ Brown (212-583-5582 or brownc@blackstone.com), Tom Middleton (212-583-5252 or middleton@blackstone.com), or Daniel Chang (212-583-5238 or daniel.chang@blackstone.com), as the primary point of contact, or (ii) legal counsel, Akin, Gump, Strauss, Hauer & Feld LLP, at the contact information contained at the end of this Disclosure Statement. To receive access to confidential and non-public information, interested parties will be required to execute a standard non-disclosure agreement. Interested parties may also contact the Creditors' Committee's (i) proposed financial advisor, FTI Consulting, 3 Times Square, 9th Floor, New York, New York 10036, Attn: Andrew Scruton or (ii) proposed counsel, Otterbourg, Steindler, Houston & Rosen, P.C., 230 Park Avenue, New York, New York 10169, Attn: Scott L. Hazan and David M. Posner, for further information about the chapter 11 cases.

H. Ad Hoc Group of 15% Senior Secured Noteholders

The TSN Debtors and EchoStar have held discussions with advisors to an ad hoc group of noteholders of the TSN Debtors' 15% Senior Secured Notes (the "**Ad Hoc Group**").⁶⁹ The Ad Hoc Group has retained Kirkland & Ellis LLP as its legal counsel and Peter J. Solomon as its financial advisor. On December 17, 2010, Kirkland & Ellis LLP filed its Second Amended Verified Statement of Kirkland & Ellis LLP Pursuant to Federal Rule of Bankruptcy Procedure 2019 [Docket No. 284], according to which it stated that the Ad Hoc Group that it represents holds, in the aggregate, \$335 million (including interest) of the 15% Senior Secured Notes.

I. Motions Relating to the Rights Offering

(i) The EPCA Approval Motion

On November 19, 2010, the TSN Debtors filed their *Motion for Entry of an Order (I) Approving the TSN Debtors' Entry into the Backstop Commitment Agreement and (II) Authorizing the TSN Debtors' Payment of Related Fees, Expenses and Indemnification to the Backstop Party* [Docket No. 188] (the "**EPCA Approval Motion**"). Pursuant to the EPCA Approval Motion, the TSN Debtors are seeking authorization to enter into the equity purchase and commitment agreement (as amended, the "**EPCA**") with EchoStar, in its capacity as Plan Sponsor. The version of the EPCA filed on November 19, 2010 documented EchoStar's commitment to backstop \$100 million of the TSN Debtors' proposed \$125 million Rights Offering of New Preferred Stock, subject to the terms and conditions set forth therein (this amount was subsequently increased to \$125 million, as set forth below). Such version of the EPCA also documented the consideration which EchoStar was to receive on account of its commitment to purchase shares of New Preferred Stock: (a) a 3% commitment fee, payable in New Preferred Stock (if the Rights Offering is consummated) or cash (if the transactions embodied in the Plan are not consummated); (b) the right to purchase up to \$25 million in additional New Preferred Stock (the "**Overallotment**"), (c) a right of first refusal to purchase any unsubscribed shares in the Rights Offering that are not subject to EchoStar's backstop commitment (before the exercise by any other holder of its oversubscription right), and (d) on the Effective Date, the reimbursement of EchoStar's reasonable, actual and documented expenses incurred in connection with the Rights Offering and other

⁶⁸ The TSN Debtors' advisors have sent process letters to interested parties in the form attached hereto as Exhibit K.

⁶⁹ At this time, upon information and belief, no member of the Ad Hoc Group has elected to become "restricted" (i.e., such members have not elected to obtain material non-public information that would impact their right to trade the TSN Debtors' securities). As such, discussions are currently being conducted solely through advisors.

transactions contemplated by the EPCA. A hearing to consider the EPCA Approval Motion was originally scheduled for December 15, 2010, but was subsequently adjourned to December 20, 2010 and, after a lengthy hearing was adjourned again to December 22, 2010.

On December 3, 2010, the TSN Debtors received a non-binding, uncommitted, unsigned and confidential term sheet from advisors to the Ad Hoc Group which purported to relate to the backstop of a \$125 million rights offering by certain unidentified members of the Ad Hoc Group. The term sheet was accompanied by a term sheet for an uncommitted, unexecuted, non binding “priming” DIP proposal. Although the TSN Debtors found the proposal constructive, in light of the numerous deficiencies thereof, the TSN Debtors responded to such proposal with a list of issues and requests for the Ad Hoc Group to modify their proposal. On December 9, 2010, the Ad Hoc Group filed an objection to EPCA motion publicizing the fact that they had transmitted such proposal to the TSN Debtors on December 3, 2010. In addition, the Ad Hoc Group objected to the TSN Debtors’ entry into the EPCA because it believed that, among other things, the terms of the New Preferred Stock contained insufficient minority rights.

On December 16, 2010, the TSN Debtors filed a revised EPCA, which was modified to, among other things: (1) permit Senior Secured Noteholders who wish to backstop the Rights Offering (such parties, with EchoStar, the “**Backstop Parties**”) to do so on a pro rata basis, according to the amount of their holdings, subject to the right to backstop additional shares as set forth in the EPCA, and to purchase non-backstopped unsubscribed shares pursuant to a right of first refusal, on a pro rata basis according to their respective backstop commitments; (2) provide that the 3% Backstop Commitment Fee is payable to each such Backstop Party on a pro rata basis as set forth in the EPCA; and (3) permit Senior Secured Noteholders to participate in the Overallotment, to the extent exercised by EchoStar (in its sole discretion), on a pro rata basis.

On December 17, 2010, the Ad Hoc Group filed an objection to the revised EPCA. On December 21, 2010, the TSN Debtors, EchoStar, the Ad Hoc Group and the Creditors’ Committee agreed to consensually resolve the objections of the Ad Hoc Group and Creditors’ Committee’s to the EPCA Approval Motion and approval of the Disclosure Statement pursuant to the terms that were read into the record at the hearing on December 22, 2010. As part of this settlement, EchoStar agreed to backstop the full \$125 million Rights Offering subject to all holders of the Senior Secured Notes’ continuing ability to participate as backstoppers therein on a pro rata basis according to the amount of their Senior Secured Notes holdings. The EPCA Approval Motion was thereafter approved by the Bankruptcy Court on December 22, 2010 [Docket No. 315].

(ii) ***The Procedures Motion***

On November 23, 2010, as part of the *Motion for Entry of an Order (A) Fixing Dates and Deadlines Related to Confirmation of the Plan; (B) Approving Procedures for Soliciting and Tabulating the Votes on, and for Objecting to, the Plan; (C) Approving the Manner and Form of Notices and Documents Relating to the Plan; (D) Approving Rights Offering Procedures; and (E) Authorizing the Employment and Retention of Epiq Bankruptcy Solutions, LLC as Subscription Agent* [Docket No. 201] (the “**Procedures Motion**”), the TSN Debtors set forth their proposed procedures for the Rights Offering. Pursuant thereto, holders of Allowed Claims as of the Record Date will be permitted to participate in the Rights Offering (subject to certain exceptions set forth therein). Further, and as set forth in the Rights Offering Procedures, the TSN Debtors have proposed that each holder of an unsecured claim be permitted to participate in the Rights Offering based on a claim amount equal to the larger of: (a) the amount of such holder’s claim as set forth on the TSN Debtors’ schedules of assets and liabilities and statements of financial affairs; and (b) the amount of such holder’s claim as set forth on such holder’s proof of claim form, unless such amount has been objected to (in which case such holder’s claim, for the purposes of the Rights Offering, will be equal to the undisputed portion of such claim). A hearing to consider the Procedures Motion is scheduled for December 21, 2010.

In response to the Procedures Motion, Sprint filed an objection [Docket No. 227] asserting that (a) holders of litigation claims should be permitted to participate in the Rights Offering and (b) the TSN Debtors should clarify procedures for determining the amount of claims for voting purpose. LightSquared/Harbinger also included in its response to the TSN Debtors’ motion to approve the Disclosure Statement, certain assertions with regard to the Rights Offering Procedures and how they would be applied to holders of Other Unsecured Claims (and the effect thereon on holders of Senior Exchangeable Notes).

In response, the TSN Debtors have modified the Plan and the Rights Offering Procedures. Specifically, the TSN Debtors (as further described herein and in the Plan) have determined that instead of granting to holders of Allowed Other Unsecured Claims rights to participate in the Rights Offering, the TSN Debtors instead would distribute to such holders additional New Common Stock equal to the value of the Rights they otherwise would have received. Further, in order to ensure that the TSN Debtors would still be conducting a \$125 million Rights Offering, the TSN Debtors determined to re-allocate the Rights that had previously been given to holders of Allowed Other Unsecured Claims to holders of Claims in Classes 3 and 5, on a pro rata basis. In addition, the Voting Procedures have also been revised (as requested by Sprint in its Objection) to reflect that, among other things, (1) to the extent that the TSN Debtors object to a claim before the Voting Record Date that a holder of such claim shall be allowed to vote such claim solely in the undisputed amounts (if any) set forth in the applicable objection and (2) a holder of a claim or interest who wishes to have such claim or interest allowed in an amount and/or classification for the purpose of accepting or rejecting the Plan must file a motion therefor pursuant to Bankruptcy Rule 3018(a) on or before January 14, 2011.

With respect to Sprint's request for discovery deadlines and pre-trial procedures, the TSN Debtors are not parties to any adversary proceedings before this Court, nor are they involved in any litigation disputes. As such, the TSN Debtors are not clear as to what these proposed discovery procedures would address. However, the TSN Debtors are working with parties on a scheduling order to the extent they believe they will be objecting to confirmation of the Plan.

VIII.
DESCRIPTION OF THE JOINT PLAN OF REORGANIZATION⁷⁰

This section provides a summary of the structure and means for implementation of the Plan and the classification and treatment of Claims and Interests under the Plan and is qualified in its entirety by reference to the Plan (as well as the exhibits thereto and definitions therein).

The Plan is premised on the consummation of the restructuring transactions as further set forth in the Plan. The Debtors believe that the reorganization contemplated by the Plan is in the best interests of the estates and creditors of the TSN Debtors. If the Plan is not confirmed, and the TSN Debtors are unable to successfully sell the TSN Debtors' assets at a higher value than that upon which the Plan is based, the TSN Debtors believe that they will be forced to either file an alternate plan of reorganization or liquidate under chapter 7 of the Bankruptcy Code. In such event, the TSN Debtors believe that the holders of Allowed Claims would realize a less favorable distribution of value, or, in certain cases, none at all, for their Claims. See Section X.E. and the Liquidation Analysis attached as Exhibit D hereto.

The Plan constitutes a separate chapter 11 plan of reorganization for each TSN Debtor, each of which shall include the classifications set forth below and in the Plan. For the avoidance of doubt, to the extent a Class contains Allowed Claims or Interests with respect to a particular TSN Debtor, such Class relates solely to such TSN Debtor. To the extent there are no Allowed Claims or Interests in a Class with respect to a particular TSN Debtor, such Class is deemed to be omitted with respect to such TSN Debtor.⁷¹

The Plan embodies an overall compromise and settlement of claims under Bankruptcy Rule 9019, which was heavily negotiated between EchoStar and the TSN Debtors before the Petition Date. As set forth in Exhibit F to this Disclosure Statement, the TSN Debtors' Financial Advisor arrived at an overall enterprise valuation between \$1.07 billion and \$1.37 billion. As part of the overall compromise and settlement upon which the Plan is based, however, the TSN Debtors used an enterprise value of \$1.265 billion (i.e. an increase of \$50 million from \$1.215 billion, the midpoint of the TSN Debtors' valuation range) as the starting point when determining distributable value under the Plan.⁷²

⁷⁰ The statements contained in this Disclosure Statement include summaries of the provisions contained in the Plan and in the documents referred to therein. The statements contained in this Disclosure Statement do not purport to be precise or complete statements of all the terms and provisions of the Plan or documents referred to therein, and reference is made to the Plan and to such documents for the full and complete statement of such terms and provisions of the Plan or documents referred to therein. The Plan itself controls the actual treatment of Claims against and Interests in the TSN Debtors and will, upon the occurrence of the Effective Date, be binding upon all Holders of Claims and Interests and other parties in interest. In the event of any conflict between this Disclosure Statement and the Plan or any other operative document, the terms of the Plan and/or such other operative document will control. Capitalized terms used but not defined in this section of this Disclosure Statement have the meaning ascribed to such terms in the Plan.

⁷¹ Originally, the Plan contemplated limited substantive consolidation for plan distribution and voting purposes. See Third Amended Joint Chapter 11 Plan of TerreStar Networks Inc., TerreStar National Services, Inc., 0887729 B.C. Ltd., TerreStar License Inc., TerreStar Networks Holdings (Canada) Inc., and TerreStar Networks (Canada) Inc. [Docket No. 256], § V.A. In response to various objections raised at the TSN Debtors' hearing to approve the adequacy of the Disclosure Statement on December 10, 2010, the TSN Debtors modified the Plan to reflect deconsolidation of the various TSN Debtors' assets.

⁷² The Creditors' Committee believes that the value upon which distributions under the Plan are being made is \$1.215 billion and not \$1.265 billion, based on the net distributable value of \$1.048 billion, plus the estimated \$91.5 million of PMCA obligations and \$75.3 million of DIP obligations. The Creditors' Committee believes that this is consistent with the aggregate amount of recoveries shown in the Allocations Analysis contained in Exhibit P to this Disclosure Statement.

In arriving at the distributions contained in the Plan, the TSN Debtors and their advisors considered the following, some of which are the subject of dispute among the various parties in the case:

- Except as noted in the fourth bullet below (and as may otherwise be prohibited by law), the Senior Secured Noteholders have a first priority lien in all of the TSN Debtors' (other than 0887729 B.C. Ltd.) assets.
- The holders of PMCA claims have a first priority lien in the TSN Debtors' rights in the TerreStar-2 satellite.
- The holders of DIP Claims hold a first priority lien in all of the TSN Debtors' assets (other than avoidance actions), subject only to the liens held by holders of the PMCA Claims and holders of the Senior Secured Notes Claims.⁷³
- The Senior Secured Noteholders assert that they have a prepetition security interest in TSN's rights in the TerreStar-2 satellite (separate from the adequate protection liens granted under the Final DIP Order). This is a litigable issue.⁷⁴ The TSN Debtors believe that the impact of any such litigation is immaterial due to the fact, among other things, that (a) the holders of the Senior Secured Notes Claims are entitled to assert their full deficiency claim at TSN and (b) the holders of DIP Claims are not subject to any marshalling of their claims.⁷⁵
- Any deficiency claim held by holders of Senior Secured Notes Claims shall not be an Other Unsecured Claim or a Senior Exchangeable Notes Claim and shall not share in the distribution to creditors in Class 5 or 6.
- The Senior Secured Noteholders have asserted that they are entitled to a "makewhole premium" under the Senior Secured Notes Indenture.
- Disputes as to the valuation of the TSN Debtors (including disputes as to the valuation of certain specified assets of the TSN Debtors, including, without limitation, (a) the TerreStar-2 satellite, and (b) those assets held or owned by 0887729 B.C. Ltd.)
- The holders of the TSN Debtors' Senior Exchangeable Notes Claims have a guarantee from TerreStar License Inc. and TerreStar National Services Inc. The guarantee that the Senior Exchangeable Noteholders have at these entities gives such claimants structural seniority over creditors who are solely claimants at TSN.
- The holders of the Senior Secured Notes have a first priority lien on all of the assets held by TerreStar License Inc. and TerreStar National Services Inc. (except as may be prohibited by law). Due to, among other things, the size of the secured claims held by the holders of the Senior Secured Notes, and as part of

⁷³ Attached hereto as Exhibit I is a chart summarizing the TSN Debtors' material assets as well as the security interests held by parties against the assets of the TSN Debtors.

⁷⁴ Certain parties have conveyed to the TSN Debtors that they do not believe that there is any "litigable issue" regarding whether the Senior Secured Noteholders have a prepetition security interest in TSN's rights in TerreStar-2, and that, in their view, the Senior Secured Noteholders do not hold any such lien. As set forth in Footnote 90, on March 24, 2008, U.S. Bank National Association, as Collateral Agent for the Senior Secured Noteholders, purportedly filed a UCC financing statement that purportedly released certain collateral, as described therein (See Financing Statement # 2008 1021300). The TSN Debtors understand that there may be various arguments which the Senior Secured Noteholders can advance as to the validity of such security interest, including, without limitation, the invalidity of the UCC-3 financing statement and the lack of authority pursuant to which the UCC-3 was filed. To the extent the Senior Secured Noteholders have a lien that is unperfected, that lien may be subject to avoidance action for the benefit of unsecured creditors.

⁷⁵ Moreover, absent the ability to obtain a meaningfully higher recovery, engaging in litigation will merely erode the value of the TSN Debtors' to the detriment of all stakeholders, including unsecured creditors.

the overall compromise and settlement reached between EchoStar and the TSN Debtors as to the value to be ascribed to the guarantee claims held by holders of TSN Debtors' Senior Exchangeable Notes, the holders of the Senior Exchangeable Notes will receive no less than 1% of the New Common Stock.

- The TSN Debtors have assumed that the aggregate amount of Allowed Other Unsecured Claims at the TSN Debtors will be approximately \$365 million. Holders of the Senior Exchangeable Notes Claims will not be harmed by any increase in such Allowed Other Unsecured Claims.
- The holders of Allowed Other Unsecured Claims at the TSN Debtors have claims that are different in nature (and obligor) than the holders of the Senior Exchangeable Notes Claims.

A. TREATMENT OF ADMINISTRATIVE CLAIMS, DIP CLAIMS, U.S. TRUSTEE FEES AND PRIORITY TAX CLAIMS

In accordance with section 1123(a)(1) of the Bankruptcy Code, Administrative Claims, DIP Claims, U.S. Trustee Fees and Priority Tax Claims have not been classified and, thus, are excluded from the Classes of Claims and Interests set forth in Article III of the Plan and shall have the following treatment:

(i) Administrative Claims

a. Administrative Claims

Except with respect to Administrative Claims that are Claims for Accrued Professional Compensation and except to the extent that a holder of an Allowed Administrative Claim agrees to less favorable treatment, each holder of an Allowed Administrative Claim shall, in complete satisfaction of such Allowed Administrative Claim, be paid Cash in the full amount of such Allowed Administrative Claim on the later of: (a) the Initial Distribution Date; (b) the first date such Administrative Claim is Allowed or as soon as reasonably practicable thereafter; and (c) the date such Allowed Administrative Claim becomes due and payable by its terms, or as soon thereafter as is reasonably practicable.

b. Professional Compensation

i. Claims for Accrued Professional Compensation

Professionals or other Entities asserting a Claim for Accrued Professional Compensation for services rendered before the Effective Date must file and serve on the TSN Debtors and such other Entities who are designated by the Bankruptcy Rules, the Confirmation Order, the Interim Compensation Order or other order of the Bankruptcy Court an application for final allowance of such Claim for Accrued Professional Compensation no later than 30 days after the Effective Date. Objections to any Claim for Accrued Professional Compensation must be filed and served on the Reorganized TSN Debtors, the Creditors' Committee, the Office of the U.S. Trustee and the requesting party no later than the earlier of (a) 45 days after such application is filed or (b) 75 days after the Effective Date.

ii. Treatment of Claims for Accrued Professional Compensation

A Claim for Accrued Professional Compensation in respect of which a final fee application has been properly filed and served pursuant to Article II(A)(2)(a) of the Plan shall be payable to the extent approved by order of the Bankruptcy Court. Subject to the Holdback Amount, on the Effective Date, or as soon thereafter as reasonably practicable, to the extent not otherwise paid, all Allowed Claims for Accrued Professional Compensation (including estimated Accrued Professional Compensation through the Effective Date) shall be paid in full in Cash. To receive payment on the Effective Date for unbilled fees and expenses incurred through the Effective Date, each Professional shall reasonably estimate fees and expenses due for unbilled fees and expenses for periods that will not have been billed as of the Effective Date and shall deliver such estimates to the TSN Debtors, the Plan Sponsor and the U.S. Trustee prior to the Effective Date. If the estimated payment received by such Professional exceeds the actual allowed Accrued Professional Compensation for the estimated period, such excess amount shall be deducted from the Holdback Amount for such Professional and if the Holdback Amount is insufficient, such Professional

shall disgorge the difference. If the estimated payment received by the Professional is lower than the Accrued Professional Compensation of such Professional, the difference shall be promptly paid to the Professional.

On the Effective Date, the Reorganized TSN Debtors shall fund the Holdback Amount Reserve for payment of the Holdback Amount. Upon final allowance by the Bankruptcy Court of the Accrued Professional Compensation, or entry of an earlier order of the Bankruptcy Court granting the release of the Holdback Amount, such amount, less any excess paid in connection with estimated fees and expenses through the Effective Date, shall be paid promptly and directly to the Professionals.

iii. **Post- Effective Date Fees and Expenses**

Upon the Effective Date, any requirement that Professionals comply with sections 327 through 331 and 1103 of the Bankruptcy Code in seeking retention or compensation for services rendered after such date shall terminate, and the Reorganized TSN Debtors may employ and pay any Professional for services rendered or expenses incurred after the Effective Date in the ordinary course of business without any further notice to any party or action (including, without limitation, without the need to file a fee application), order or approval of the Bankruptcy Court.

c. **Administrative Claim Bar Date**

Except as otherwise provided in this Article II.A of the Plan, requests for payment of Administrative Claims must be filed and served on the Reorganized TSN Debtors pursuant to the procedures specified in the Confirmation Order and the notice of entry of the Confirmation Order no later than 45 days after the Effective Date. Holders of Administrative Claims that are required to, but do not, file and serve a request for payment of such Administrative Claims by such date shall be forever barred, estopped and enjoined from asserting such Administrative Claims against the TSN Debtors or Reorganized TSN Debtors or their property and such Administrative Claims shall be deemed discharged as of the Effective Date. Objections to such requests, if any, must be filed and served on the Reorganized TSN Debtors and the requesting party no later than 90 days after the Effective Date. Notwithstanding the foregoing, no request for payment of an Administrative Claim need be filed with respect to an Administrative Claim previously Allowed by Final Order, including all Administrative Claims expressly Allowed under the Plan.

(ii) ***DIP Claims***

On the Effective Date, unless otherwise agreed to by the DIP Lenders, the DIP Claims shall be paid in full in Cash as provided under the DIP Loan Agreement. Upon payment and satisfaction in full of all Allowed DIP Claims, all liens and security interests granted to secure such obligations shall be terminated and immediately released and the DIP Lenders shall execute and deliver to the Reorganized TSN Debtors such instruments of release, satisfaction and/or assignments (in recordable form) as may be reasonably requested by the Reorganized TSN Debtors.

(iii) ***U.S. Trustee Fees***

On the Effective Date, the TSN Debtors shall pay all U.S. Trustee Fees that are due and owing on the Effective Date.

(iv) ***Priority Tax Claims***

Each holder of an Allowed Priority Tax Claim due and payable on or before the Effective Date shall receive, on the Distribution Date, at the option of the TSN Debtors (which option shall be reasonably satisfactory to the Plan Sponsor), one of the following treatments, in complete satisfaction of such Allowed Priority Tax Claim: (1) Cash in an amount equal to the amount of such Allowed Priority Tax Claim; (2) Cash in an aggregate amount of such Allowed Priority Tax Claim payable in installment payments over a period of time not to exceed five years after the Petition Date, pursuant to section 1129(a)(9)(C) of the Bankruptcy Code; or (3) such other treatment as may be agreed upon by such holder and the TSN Debtors or otherwise determined upon an order of the Bankruptcy Court.

B. CLASSIFICATION AND TREATMENT OF CLAIMS AND INTERESTS

(i) General Rule of Classification

(a) Pursuant to section 1122 of the Bankruptcy Code, set forth below is a designation of Classes of Claims against and Interests in the TSN Debtors. A Claim or Interest is placed in a particular Class only to the extent that the Claim or Interest falls within the description of that Class and is classified in other Classes to the extent that any portion of the Claim or Interest falls within the description of such other Classes. A Claim or Interest is also placed in a particular Class for the purpose of receiving distributions pursuant to the Plan only to the extent that such Claim or Interest is an Allowed Claim in that Class and such Claim or Interest has not been paid, released, or otherwise settled prior to the Effective Date.

(b) This Plan constitutes a separate chapter 11 plan of reorganization for each TSN Debtor, each of which shall include the classifications set forth below. For the avoidance of doubt, to the extent a Class contains Allowed Claims or Interests with respect to a particular TSN Debtor, such Class is designated with respect to such TSN Debtor. To the extent there are no Allowed Claims or Interests with respect to a particular TSN Debtor, such Class is deemed to be omitted with respect to such TSN Debtor.

(ii) Summary of Classification

The following chart represents the general classification of Claims and Interests against the TSN Debtors pursuant to the Plan:

Class	Claim	Status	Voting Rights
1	Other Priority Claims	Unimpaired	No (deemed to accept)
2	Other Secured Claims	Unimpaired	No (deemed to accept)
3	Senior Secured Notes Claims	Impaired	Yes
4	PMCA Claims	Unimpaired	No (deemed to accept)
5	Senior Exchangeable Notes Claims	Impaired	Yes
6(a)	Other Unsecured Claims against TSN	Impaired	Yes
6(b)	Other Unsecured Claims against 088	Impaired	Yes
6(c)	Other Unsecured Claims against TLI	Impaired	No (deemed to reject)
6(d)	Other Unsecured Claims against TSNSI	Impaired	No (deemed to reject)
6(e)	Other Unsecured Claims against TSN (Canada)	Impaired	No (deemed to reject)
6(f)	Other Unsecured Claims against TSN Holdings (Canada)	Impaired	No (deemed to reject)
7	Unsecured Convenience Claims	Impaired	Yes
8	Senior Secured Notes Deficiency Claims	Impaired	Yes
9	Equity Interests	Impaired	No (deemed to reject)
10	088 Interests	Unimpaired	No (deemed to accept)

(iii) Treatment of Claims and Interests

a. Class 1 – Other Priority Claims

- i. Classification:* Class 1 consists of Other Priority Claims.
- ii. Treatment:* Except to the extent that a holder of an Allowed Other Priority Claim (i) has been paid by the TSN Debtors, in whole or in part, prior to the Effective Date or (ii) agrees to a less favorable

treatment, each holder of an Allowed Other Priority Claim shall receive, on the Initial Distribution Date and in full satisfaction, settlement, release, and discharge of, and in exchange for such Other Priority Claim, Cash in the full amount of such Allowed Other Priority Claim.

- iii. *Voting:* Class 1 is Unimpaired, and the holders of Other Priority Claims are conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, holders of Other Priority Claims are not entitled to vote to accept or reject the Plan.

b. Class 2 – Other Secured Claims

- i. *Classification:* Class 2 consists of Other Secured Claims. Although all Other Secured Claims have been placed in one Class for the purposes of nomenclature, each Other Secured Claim, to the extent secured by a Lien on any property or interest in property of the TSN Debtors different than that securing any other Other Secured Claims, shall be treated as being in a separate sub-Class for the purpose of receiving distributions under the Plan.
- ii. *Treatment:* On the Initial Distribution Date, except to the extent that a holder of an Allowed Other Secured Claim agrees to a less favorable treatment, at the option of the TSN Debtors or the Reorganized TSN Debtors (which option shall be reasonably satisfactory to the Plan Sponsor), (i) each Allowed Other Secured Claim shall be reinstated and Unimpaired in accordance with section 1124(2) of the Bankruptcy Code, or (ii) each holder of an Allowed Other Secured Claim shall receive, in full satisfaction, settlement, release, and discharge of, and in exchange for, such Other Secured Claim, either (w) Cash in the full amount of such Allowed Other Secured Claim, including any postpetition interest accrued pursuant to section 506(b) of the Bankruptcy Code, (x) the proceeds of the sale or disposition of the collateral securing such Allowed Other Secured Claim to the extent of the value of the holder's secured interest in such collateral, (y) the collateral securing such Allowed Other Secured Claim and any interest on such Allowed Other Secured Claim required to be paid pursuant to section 506(b) of the Bankruptcy Code, or (z) such other distribution as necessary to satisfy the requirements of section 1129 of the Bankruptcy Code.
- iii. *Voting:* Class 2 is Unimpaired, and the holders of Other Secured Claims are conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, holders of Other Secured Claims are not entitled to vote to accept or reject the Plan.

c. Class 3 – Senior Secured Notes Claims

- i. *Classification:* Class 3 consists of the Senior Secured Notes Claims.
- ii. *Treatment:* Each holder of an Allowed Senior Secured Notes Claim shall receive its Pro Rata share of the Class 3 Distribution. “Class 3 Distribution” means the sum of the distributions to be made to holders of Class 3 Claims by each TSN Debtor other than 088, which in the aggregate shall equal (i) 97% of the New Common Stock, subject to any dilution (which in no event will be more than 0.20%) on account of

the distribution of New Common Stock to Class 6(a) issued in lieu of any Rights they would otherwise be entitled to and (ii) Rights to purchase 98.98% of the Rights Offering Preferred Stock.

- iii. *Voting:* Holders of Senior Secured Notes Claims are Impaired. Therefore, each holder of a Senior Secured Notes Claim is entitled to vote to accept or reject the Plan.

d. Class 4 – PMCA Claims

- i. *Classification:* Class 4 consists of the PMCA Claims.
- ii. *Treatment:* The PMCA Claims will be reinstated pursuant to section 1124 of the Bankruptcy Code.
- iii. *Voting:* Class 4 is Unimpaired, and the holders of PMCA Claims are conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, holders of PMCA Claims are not entitled to vote to accept or reject the Plan.

e. Class 5 – Senior Exchangeable Notes Claims

- i. *Classification:* Class 5 consists of the Senior Exchangeable Notes Claims.⁷⁶
- ii. *Treatment:* Each holder of a Senior Exchangeable Notes Claim shall receive, on the Initial Distribution Date, its Pro Rata share of the Class 5 Distribution. “*Class 5 Distribution*” means the sum of the distributions to be made to holders of Class 5 Claims by each applicable TSN Debtor, which in the aggregate shall equal (i) at least 1.00% of the New Common Stock, subject to any dilution (which in no event will be more than 0.02%) on account of the distribution of New Common Stock to Class 6(a) issued in lieu of any Rights they would otherwise be entitled to and (ii) Rights to purchase 1.02% of the Rights Offering Preferred Stock. The exact percentage and number of shares of New Common Stock to be distributed will be determined after resolution of Other Unsecured Claims against TSN (i.e. after the claims objection process has been finally resolved and the total Allowed amount of Other Unsecured Claims against TSN has been finally determined); however, for the avoidance of doubt, (1) the TSN Debtors have assumed that the aggregate amount of Allowed Other Unsecured Claims at TSN will be approximately \$365 million; (2) any decrease in the aggregate amount of Allowed Other Unsecured Claims at TSN will result in the Pro Rata distribution (calculated with respect to all Allowed Senior Exchangeable Notes Claims and Allowed Other Unsecured Claims against TSN, as if such Claims were aggregated in one Class) of shares of New Common Stock being reserved in accordance with Article VIII of the Plan to holders of Claims in Classes 5 and 6(a); and (3) Holders of the Senior Exchangeable Notes Claims will not be harmed by any increase in Allowed Other Unsecured

Claims against TSN. Holders of Senior Secured Notes Claims are not sharing in the distribution in Class 5.

- ii. *Treatment:* Unless such holder has made a Convenience Class Election, each holder of an Allowed Other Unsecured Claim against TSN shall receive its Pro Rata share of the Class 6(a) Distribution “Class 6(a) Distribution” means no more than 2.22% of the New Common Stock (of which no more than 0.22% shall be issued in lieu of Rights). The exact percentage and number of shares of New Common Stock to be distributed will be determined after resolution of Other Unsecured Claims against TSN (i.e. after the claims objection process has been finally resolved and the total Allowed amount of Other Unsecured Claims against TSN has been finally determined); however, for the avoidance of doubt, (1) the TSN Debtors have assumed that the aggregate amount of Allowed Other Unsecured Claims at TSN will be approximately \$365 million; (2) any decrease in the aggregate amount of Allowed Other Unsecured Claims at TSN will result in the Pro Rata distribution (calculated with respect to all Allowed Senior Exchangeable Notes Claims and Allowed Other Unsecured Claims against TSN, as if such Claims were aggregated in one Class) of shares of New Common Stock being reserved in accordance with Article VIII of the Plan to holders of Claims in Classes 5 and 6(a); and (3) Holders of the Senior Exchangeable Notes Claims will not be harmed by any increase in Allowed Other Unsecured Claims against TSN. Holders of Senior Secured Notes Claims are not sharing in the distribution in Class 6(a).
- iii. “Convenience Class Election” means each holder of an Allowed Class 6 Claim in an amount in excess of \$25,000 may elect to be treated as a holder of an Unsecured Convenience Claim in Class 7 by electing to reduce its Class 6 Claim to the amount of \$25,000 in full and final satisfaction, release, and discharge of such Allowed Class 6 Claim (such election, a “Convenience Class Election”). Except as may be agreed to by the TSN Debtors, any Convenience Class Election must be made on the Ballot and no Holder of a Class 6 Claim can make a Convenience Class Election after the Voting Deadline. Upon any Convenience Class Election, the Class 6 Claim of the applicable holder shall be automatically reduced to \$25,000 and shall no longer be entitled to any other distribution as contemplated by the Plan.

- iii. Voting:* Because holders of Other Unsecured Claims in Class 6(b), if any, are expected to receive distributions equal to the full value of their Other Unsecured Claims against 088, the TSN Debtors reserve their right to treat such holders, at Confirmation, as Unimpaired and conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. However, until Confirmation, the TSN Debtors are treating the holders of Other Unsecured Claims against 088 as Impaired. Therefore, to the extent permitted to vote, each holder of an Other Unsecured Claim against 088 is entitled to vote to accept or reject the Plan.

h. Class 6(c)– Other Unsecured Claims Against TLI

- i. Classification:* Class 6(c) consists of the Other Unsecured Claims against TLI.

j. Class 6(e)– Other Unsecured Claims Against TSN (Canada)

- i. Classification:* Class 6(e) consists of the Other Unsecured Claims against TSN (Canada).

k. Class 6(f)– Other Unsecured Claims Against TSN Holdings (Canada)

- i. Classification:* Class 6(b) consists of the Other Unsecured Claims against TSN Holdings (Canada).
- ii. Treatment:* There shall be no distribution to holders of Other Unsecured Claims against TSN Holdings (Canada).

m. Class 8 – Senior Secured Notes Deficiency Claims

- i. Classification:* Class 8 consists of the Senior Secured Notes Deficiency Claims.
- ii. Treatment:* Each holder of an Allowed Senior Secured Notes Deficiency Claim shall receive its Pro Rata share of the Class 8 Distribution. "Class 8 Distribution" means the sum of the distributions to be made to holders of Class 8 Claims by each TSN Debtor other than 088, which in the aggregate shall equal (i) 0% of the New Common Stock subject to any dilution (which in no event will be more than 0%) on account of the distribution of New Common Stock to Class 6(a) issued in lieu of any Rights they would otherwise be entitled

to and (ii) Rights to purchase 0% of the Rights Offering Preferred Stock.

n. Class 9 – Equity Interests

- i. *Classification:* Class 9 consists of all Equity Interests.

o. Class 10 – 088 Interests

- ii. *Treatment:* The 088 Interests shall be reinstated pursuant to section 1124 of the Bankruptcy Code. Holders of the 088 Interests shall retain such 088 Interests, which have a value equal to \$38 million less the amount of the Class 6(b) Distribution.
- iii. *Voting:* Class 10 is Unimpaired, and the holders of 088 Interests are conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, holders of 088 Interests are not entitled to vote to accept or reject the Plan.

C. ACCEPTANCE REQUIREMENTS

(i) Acceptance or Rejection of the Plan

a. Voting Classes

Classes 3, 5, 6(a), 6(b) and 7 are Impaired under the Plan and are receiving property under the Plan. Therefore, such Classes are entitled to vote to accept or reject the Plan.

b. Presumed Acceptance of the Plan

Classes 1, 2, 4 and 10 are Unimpaired under the Plan and are, therefore, conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code.

(ii) Elimination of Vacant Classes

Any Class of Claims or Interests that does not have a holder of an Allowed Claim or Allowed Interest or a Claim or Interest temporarily Allowed by the Bankruptcy Court as of the date of the Confirmation Hearing shall be deemed eliminated from the Plan for purposes of voting to accept or reject the Plan and for purposes of determining acceptance or rejection of the Plan by such Class pursuant to section 1129(a)(8) of the Bankruptcy Code.

(iii) Confirmation Pursuant to Sections 1129(a)(10) and 1129(b) of the Bankruptcy Code

Section 1129(a)(10) of the Bankruptcy Code shall be satisfied for purposes of Confirmation by acceptance of the Plan by an Impaired Class of Claims. The TSN Debtors shall seek Confirmation of the Plan pursuant to section 1129(b) of the Bankruptcy Code with respect to any rejecting Class of Claims or Interests. The TSN Debtors reserve the right to modify the Plan in accordance with Article XI of the Plan to the extent, if any, that Confirmation pursuant to section 1129(b) of the Bankruptcy Code requires modification.

D. MEANS FOR IMPLEMENTATION OF THE PLAN

(i) Intercompany Claims

Each Allowed Intercompany Claim⁷⁸ shall be reinstated on the Effective Date, except as otherwise determined by the TSN Debtors with the reasonable consent of the Plan Sponsor. After the Effective Date, the Reorganized TSN Debtors shall have the right to resolve or compromise Disputed Intercompany Claims without approval of the Bankruptcy Court.

(ii) Sources of Consideration for Plan Distributions

All Cash consideration necessary for the TSN Debtors or the Reorganized TSN Debtors, as applicable, to make payments or distributions pursuant hereto shall be obtained from the Rights Offering (and the Backstop Party's purchase of the Overallotment, if applicable) or other Cash on hand, including Cash derived from business operations.

(iii) Issuance of New Securities and Debt Instruments

a. Issuance of New Common Stock

On the Effective Date, TSN shall issue up to 23,230,153 shares of the New Common Stock to the Holders of Claims entitled thereto.

b. Issuance of New Preferred Stock

On the Effective Date, the Reorganized TSN Debtor shall issue the New Preferred Stock, on such terms and conditions as set forth in the New Preferred Stock Certificate of Designation. The New Preferred Stock will have the same economic and voting rights as the Common Stock on an "as converted" basis; provided that the New Preferred Stock shall be entitled to a liquidation preference set forth in the New Preferred Stock Certificate of Designation.

⁷⁸ Attached to this Disclosure Statement as Exhibit J is the TSN Debtors' current estimate of intercompany transfers. Intercompany claims can be characterized in many ways, including: (i) pari passu with all third-party debt, (ii) subordinated to all third-party debt but senior to common equity; or (iii) equity. With respect to intercompany claims asserted by Non-TSN Debtors, parties may argue that under certain circumstances, courts have recharacterized intercompany transfers as disguised equity contributions or equitably subordinated intercompany transfers to the extent the transferor engage in inequitable conduct and the other elements of equitable subordination were satisfied. The TSN Debtors take no position on the merits of such arguments and reserve all of their rights with respect to the intercompany balances listed in the Exhibit, including, but not limited to, the appropriate characterization of such intercompany balances and the amounts of such balances, which are still being identified by the Debtors. To the extent necessary, the TSN Debtors will supplement this schedule as part of the Plan Supplement.

c. New Shareholders Agreement

The holders of the New Common Stock and New Preferred Stock shall be parties to the New Shareholders Agreement. As of the Effective Date, and as a condition to receiving any distribution of New Common Stock or New Preferred Stock, holders of Claims or Interests that receive the New Common Stock or New Preferred Stock shall be deemed bound by the New Shareholders Agreement.

(iv) The Rights Offering

a. General Description

Pursuant to the Rights Offering, TSN will offer and sell the Rights Offering Preferred Stock. The Rights Offering Preferred Stock shall be subject to the New Preferred Stock Certificate of Designation.

b. Rights Offering Procedures

Each holder of Rights will be entitled to exercise such Rights in order to subscribe for and acquire their Pro Rata share of the Rights Offering Preferred Stock, calculated before issuing Additional Shares of New Preferred Stock in connection with payment of the Backstop Commitment Fee and, if exercised, the Overallotment. The Rights Offering will be consummated pursuant to the Rights Offering Procedures.

c. The Backstop Commitment and Overallotment

Pursuant to the terms of the EPCA, and subject to the terms thereof, in order to facilitate the Rights Offering and implementation of the Plan, one or more Backstop Parties have agreed or will agree to purchase, and TSN has agreed to sell and issue to such Backstop Parties, at the Discount Purchase Price:⁷⁹ (a) 5,503,941 shares of Rights Offering Preferred Stock, and (b) Unsubscribed Shares, in an amount determined in accordance with and subject to the terms and conditions of the EPCA. In addition, the Backstop Parties shall have the option to purchase the Overallotment at the Discount Purchase Price pursuant to the EPCA. On the Effective Date, in accordance with the Backstop Approval Order, (i) the TSN Debtors will pay to the Backstop Parties the Transaction Expenses and (ii) the Backstop Parties will receive the Backstop Commitment Fee and be entitled to the Backstop Indemnification Obligations. The Backstop Commitment Fee is equal to 3% of the aggregate purchase price for all Rights Offering Preferred Stock and Backstop Shares the Backstop Parties agree to purchase pursuant to the EPCA, and will be payable in New Preferred Stock (if the Rights Offering is consummated) or cash (if the transactions embodied in the Plan are not consummated).

BECOMING A BACKSTOP PARTY UNDER THE EPCA (HOLDERS OF CLASS 3 CLAIMS ONLY)

Pursuant to the EPCA, each holder of an Allowed Class 3 Claim will have the option to become a Backstop Party under the EPCA by executing the joinder attached to the EPCA as Exhibit A (the “*Joinder*”) on or prior to February 7, 2011. There are numerous benefits to becoming a Backstop Party. Subject to the terms of the EPCA, among other things, each Backstop Party will have:⁸⁰

The TSN Debtors strongly encourage holders of Class 3 Claims to review the EPCA and Equity Term Sheet. On and after the Effective Date, all

duties and responsibilities of the Indenture Trustees under the Indentures, as applicable, shall be discharged except to the extent required in order to effectuate the Plan.

(vi) Exemptions for Issuance of New Equity

The issuance of the New Common Stock, the New Preferred Stock, including the Rights Offering Preferred Stock and the Additional Shares (and the issuance of any common stock of Reorganized TSN upon conversion of the New Preferred Stock) shall be authorized and exempt from registration under the securities laws pursuant to, as applicable, section 1145 of the Bankruptcy Code, section 4(2) of the Securities Act of 1933, as amended, and/or other applicable laws, as of the Effective Date without further act or action by any person, unless required by provision of the relevant corporate documents or applicable law, regulation, order or rule; and all documents evidencing the same shall be executed and delivered as provided for in the Plan or the Plan Supplement.

The Equity Term Sheet attached hereto as Exhibit P contemplates certain rights of stockholders of Reorganized TSN, which will be memorialized in the New Corporate Governance Documents and the Registration Rights Agreement. Key terms of the Equity Term Sheet, many of which are designed to provide rights to minority shareholders in Reorganized TSN, include without limitation the following:⁸¹

Three independent directors will be initially designated by a voting majority of the Backstop Parties (excluding EchoStar), five members will be designated by EchoStar, and the ninth member will be the Chief Executive Officer of Reorganized TSN.
- The consent of 75% of common stockholders of Reorganized TSN (with holders of New Preferred Stock voting on as-converted basis) will be required for the Reorganized TSN Debtors to (i) modify organizational documents in a manner adverse to holders of preferred stock, or (ii) modify or amend the independent director requirements.
- All stockholders of Reorganized TSN will receive “piggyback” registration rights on a pro rata basis.

(ix) *New Certificate of Incorporation and New By-Laws*

On or as soon as reasonably practicable after the Effective Date, each of the Reorganized TSN Debtors will file their respective New Certificates of Incorporation with the applicable Secretaries of State and/or other applicable authorities in their respective states of incorporation in accordance with the corporate laws of the respective states of incorporation. After the Effective Date, each of the Reorganized TSN Debtors may amend and restate their respective New Certificates of Incorporation and New By-Laws and other constituent documents as permitted by the laws of their respective states of incorporation and their respective New Certificates of Incorporation and New By-Laws.

(x) *Reorganized TSN Debtors' Boards of Directors*

To the extent known, the identity of the members of the New Boards of each of the Reorganized TSN Debtors will be identified in the Plan Supplement.

(xi) *Officers of Reorganized TSN Debtors*

Such officers shall serve in accordance with applicable non-bankruptcy law and, to the extent applicable, the New Employment Agreements. The officers of each of the Reorganized Debtors will be determined by the New Boards of each of the Reorganized Debtors.

Nothing in the Plan shall limit, diminish or otherwise alter the Reorganized TSN Debtors' defenses, claims, Causes of Action or other rights with respect to any such contracts, agreements, policies, programs and plans.

(xiii) *Vesting of Assets in the Reorganized TSN Debtors*

The Restructuring Transactions may include one or more mergers, consolidations, restructurings, conversions, dissolutions, transfers or liquidations as may be reasonably determined by (i) the TSN Debtors, with the reasonable consent of the Plan Sponsor or (ii) the Reorganized TSN Debtors to be necessary or appropriate. The actions to effect the Restructuring Transactions may include: (1) the execution and delivery of appropriate agreements or other documents of merger, consolidation, restructuring, conversion, disposition, transfer, dissolution or liquidation containing terms that are consistent with the terms of the Plan and that satisfy the applicable requirements of applicable law and any other terms to which the applicable Entities may agree; (2) the execution and delivery of appropriate instruments of transfer, assignment, assumption or delegation of any asset, property, right, liability, debt or obligation on terms consistent with the terms of the Plan and having other terms for which the applicable parties agree; (3) the filing of appropriate certificates or articles of incorporation or amendments thereof, reincorporation, merger, consolidation, conversion or dissolution pursuant to applicable state law; and (4) all other actions that the applicable Entities determine to be necessary or appropriate, including making filings or recordings that may be required by applicable law in connection with the Restructuring Transactions. In the event a Restructuring Transaction is a merger transaction, upon the consummation of such Restructuring Transaction, each party to such merger shall cease to exist as a separate corporate entity and thereafter the surviving Reorganized TSN Debtor shall assume and perform the obligations of each Reorganized TSN Debtor under the Plan. In the event a Reorganized TSN Debtor is liquidated, the Reorganized TSN Debtors (or the Reorganized TSN Debtor which owned the stock in such liquidating Debtor prior to such liquidation) shall assume and perform such obligations. Implementation of the Restructuring Transactions shall not affect the distributions under the Plan.

(xv) *Intercompany Interests*

Subject to any Restructuring Transaction, in order to implement the Plan, at the option of the Reorganized TSN Debtors (with the reasonable consent of the Plan Sponsor), Intercompany Interests shall either (i) be retained, in which case the Debtor holding such Intercompany Interest shall continue to hold such Interest and the legal, equitable and contractual rights to which the holders of such Intercompany Interests are entitled shall remain unaltered or (ii) be cancelled and new Intercompany Interests in the applicable Other Debtor shall be issued pursuant to the Plan to the Reorganized TSN Debtor that holds such Intercompany Interests.

(xvi) *Corporate Action*

Upon the Effective Date, all actions contemplated by the Plan shall be deemed authorized and approved in all respects, including (1) entry into the New Employment Agreements; (2) selection of the directors and officers of the Reorganized TSN Debtors; (3) the distribution of the New Common Stock as provided in the Plan; and (4) all other actions contemplated by the Plan (whether to occur before, on or after the Effective Date). All matters provided for in the Plan involving the corporate structure of the TSN Debtors or the Reorganized TSN Debtors, and any corporate action required by the TSN Debtors or the Reorganized TSN Debtors in connection with the Plan shall be deemed to have occurred and shall be in effect, without any requirement of further action by the directors or officers of the TSN Debtors or the Reorganized TSN Debtors.

On or (as applicable) before the Effective Date, the appropriate officers of the TSN Debtors or the Reorganized TSN Debtors, as applicable, shall be authorized and directed to issue, execute and deliver the agreements, documents, securities, certificates of incorporation, operating agreements and instruments contemplated by the Plan (or necessary or desirable to effect the transactions contemplated by the Plan) in the name of and on behalf of the Reorganized TSN Debtors, including any and all agreements, documents, securities and instruments relating to the foregoing. The authorizations and approvals contemplated by this Article V.O of the Plan shall be effective notwithstanding any requirements under non-bankruptcy law.

(xvii) *Effectuating Documents; Further Transactions*

(xviii) General Settlement of Claims and Interests

a. Settlement Generally

As discussed in detail in the Disclosure Statement and as otherwise provided in the Plan, as one element of, and in consideration for, an overall negotiated settlement of disputed Claims and issues embodied in the Plan, pursuant to Bankruptcy Rule 9019 and section 1123 of the Bankruptcy Code and in consideration for the classification, distributions, releases and other benefits provided under the Plan, the provisions of the Plan constitute a good faith compromise and settlement of all Claims, Interests and controversies resolved pursuant to the Plan, including, without limitation, the settlement of the issues set forth above in the introduction to this Article VIII. Pursuant to Rule 408 of the Federal Rules of Evidence, the Plan, the Disclosure Statement, the Plan Support Agreement (and any exhibits or supplements relating to the foregoing) and all negotiations relating thereto shall not be admissible into evidence in any proceeding unless and until the Plan is consummated, and then only in accordance with the Plan. In the event the Plan is not consummated, provisions of the Plan, the Disclosure Statement, the Plan Support Agreement (and any exhibits or supplements relating to the foregoing) and all negotiations relating thereto shall not be binding or probative. Subject to Article VII of the Plan, all distributions made to Holders of Allowed Claims and Interests in any Class are intended to be and shall be final and indefeasible.

b. Allocation of Distribution to holders of Senior Exchangeable Notes Claims

The allocation of the distribution proposed to be provided under the Plan to holders of Senior Exchangeable Notes Claims reflects an overall negotiated compromise and settlement with respect to such Claims. Specifically, the allocation reflects the fact that the Senior Exchangeable Notes are structurally senior to Other Unsecured Claims due to the ability of the holders of Senior Exchangeable Notes to assert Claims at TerreStar License Inc. and TerreStar National Services Inc. based on their respective guarantees of the Senior Exchangeable Notes.

(xix) Section 1146 Exemption from Certain Taxes and Fees

Pursuant to section 1146(a) of the Bankruptcy Code, any transfers of property in contemplation of, in connection with, or pursuant to the Plan shall not be subject to any stamp tax or other similar tax or governmental assessment in the United States or Canada, and the Confirmation Order shall direct and be deemed to direct the appropriate state or local governmental officials or agents to forgo the collection of any such tax or governmental assessment and to accept for filing and recordation instruments or other documents pursuant to such transfers of property without the payment of any such tax or governmental assessment. Such exemption specifically applies, without limitation, to (1) the creation of any mortgage, deed of trust, lien or other security interest; (2) the making or assignment of any lease or sublease; (3) any restructuring transaction authorized by Article V.O of the Plan; or (4) the making or delivery of any deed or other instrument of transfer under, in furtherance of or in connection with the Plan, including: (a) any merger agreements; (b) agreements of consolidation, restructuring, disposition, liquidation or dissolution; (c) deeds; or (d) assignments executed in connection with any transaction occurring under the Plan.

(xx) D&O Liability Insurance Policies and Indemnification Provisions

Notwithstanding anything in the Plan to the contrary, as of the Effective Date, the D&O Liability Insurance Policies shall be deemed to be, and shall be treated as though they are, executory contracts and the TSN Debtors shall assume (and assign to the Reorganized TSN Debtors if necessary to continue the D&O Liability Insurance Policies in full force) all of the D&O Liability Insurance Policies pursuant to section 365(a) of the Bankruptcy Code. Entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the TSN Debtors' foregoing assumption of each of the D&O Liability Insurance Policies. On or before the Effective Date, the Reorganized TSN Debtors shall obtain tail coverage under a directors' and officers' liability insurance policy for the current and former directors, officers and managers of the TSN Debtors for a period of five years, and placed with such insurers, the terms of which shall be set forth in the Plan Supplement.

As of the Effective Date, the directors, officers, members, attorneys, employees and other agents of the TSN Debtors who served the TSN Debtors prior to (but not on or after) the Effective Date shall be entitled to the full benefit of any applicable Indemnification Provisions; provided, that any claims by such directors, officers, members, attorneys, employees or other agents relating to or arising out of the Indemnification Provisions shall be deemed to be, and treated as though they are, Other Unsecured Claims against the TSN Debtors. For the avoidance of doubt, the Reorganized TSN Debtors shall have no liability to such directors, officers, members, attorneys, employees or other agents in respect of the Indemnification Provisions.

In addition, on the Effective Date, the New Corporate Governance Documents of the Reorganized TSN Debtors shall contain provisions which (i) eliminate the personal liability of the TSN Debtors' and the Reorganized TSN Debtors' then-present and future directors and officers for post-emergence monetary damages resulting from breaches of their fiduciary duties to the fullest extent permitted by applicable law in the jurisdiction in which the subject Reorganized TSN Debtor is organized; and (ii) require such Reorganized TSN Debtor, subject to appropriate procedures, to indemnify the TSN Debtors' and the Reorganized TSN Debtors' directors, officers, and other key employees (as such key employees are identified by the New Board) serving on or after the Effective Date for all claims and actions to the fullest extent permitted by applicable law in the jurisdiction in which the subject Reorganized TSN Debtor is incorporated or organized.

(xxi) Preservation of Rights and Causes of Action

In accordance with section 1123(b) of the Bankruptcy Code, and except where such Causes of Action have been expressly released (including, for the avoidance of doubt, pursuant to the Releases by the TSN Debtors provided by Article IX.B of the Plan), the Reorganized TSN Debtors shall retain and may enforce all rights to commence and pursue, as appropriate, any and all Causes of Action, including Causes of Action under chapter 5 of the Bankruptcy Code, whether arising before or after the Petition Date, and the Reorganized TSN Debtors' rights to commence, prosecute or settle such Causes of Action shall be preserved notwithstanding the occurrence of the Effective Date. No Entity may rely on the absence of a specific reference in the Plan, the Disclosure Statement, or the Schedule of Retained Causes of Action⁸², to any Cause of Action against them as any indication that the TSN Debtors or Reorganized TSN Debtors, as applicable, will not pursue any and all available Causes of Action against them. No preclusion doctrine, including the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, estoppel (judicial, equitable or otherwise) or laches, shall apply to such Retained Causes of Action upon, after or as a consequence of the Confirmation or consummation of the Plan.

(xxii) Payment of Fees and Expenses of the Indenture Trustees and Purchase Money Agent

In accordance with the Final DIP Order, the fees and expenses of the Senior Secured Notes Indenture Trustee/Agent and the Purchase Money Agent shall be finally allowed. On the Effective Date (and thereafter with respect to fees and expenses relating to post-Effective Date service under the Plan) or as soon as reasonably practicable thereafter, the TSN Debtors or Reorganized Debtors shall pay in Cash (1) all reasonable and documented unpaid fees and expenses of the Senior Secured Notes Indenture Trustee/Agent and the Purchase Money Agent and their advisors, including counsel and (2) all reasonable and documented unpaid fees and expenses of the Senior Exchangeable Notes Indenture Trustee and their advisors, including counsel, in an amount not to exceed \$100,000 or such other amount as may be mutually agreed by the Senior Exchangeable Notes Indenture Trustee and the TSN Debtors, upon consultation with the Plan Sponsor. The TSN Debtors or Reorganized Debtors may dispute any portion of such aforementioned fees and expenses in which case (a) the TSN Debtors or Reorganized Debtors shall pay the portion of such fees and expenses that is not specifically disputed and (b) in the absence of a consensual resolution, the affected Indenture Trustee/Agent or the Reorganized Debtors shall submit the dispute to the

⁸² The TSN Debtors do not believe that the Retained Causes of Action will include any actions other than potential actions under chapter 5 of the Bankruptcy Code. The TSN Debtors are working with their advisors to analyze these actions and a schedule of such Retained Causes of Action will be included in the Plan Supplement. For more information, please see footnote 14.

Bankruptcy Court for adjudication. For the avoidance of doubt, nothing herein affects an Indenture Trustee's right to exercise its charging lien against distributions to holders of the Notes.

E. TREATMENT OF EXECUTORY CONTRACTS AND UNEXPIRED LEASES

(i) Assumption and Rejection of Executory Contracts and Unexpired Leases

Except as otherwise provided in the Plan, or in any contract, instrument, release, indenture or other agreement or document entered into in connection with the Plan, each of the TSN Debtors' Executory Contracts and Unexpired Leases shall be deemed assumed as of the Effective Date, unless such Executory Contract or Unexpired Lease: (1) was assumed or rejected previously by the TSN Debtors; (2) expired or terminated pursuant to its own terms before the Effective Date; (3) is the subject of a motion to assume filed on or before the Effective Date; or (4) is identified on the Rejected Executory Contract and Unexpired Lease List.

Entry of the Confirmation Order shall constitute a Bankruptcy Court order approving the assumptions or rejections of such Executory Contracts or Unexpired Leases as set forth in the Plan, all pursuant to sections 365(a) and 1123 of the Bankruptcy Code. The Confirmation Order shall constitute an order of the Bankruptcy Court, approving (i) the assumption and assignment, or rejection, as the case may be, of Executory Contracts and Unexpired Leases, as described above, pursuant to sections 365(a) and 1123(b)(2) of the Bankruptcy Code, (ii) that the Reorganized TSN Debtors had properly provided for the cure of any defaults that might have existed, (iii) that each assumption and assignment was in the best interest of the Reorganized TSN Debtors, their estates, and all parties in interest in the Chapter 11 Cases, and (iv) the requirements for assumption and assignment of any Executory Contract or Unexpired Lease to be assumed had been satisfied. Unless otherwise indicated, all assumptions or rejections of Executory Contracts and Unexpired Leases pursuant to the Plan are effective as of the Effective Date. Each Executory Contract or Unexpired Lease assumed pursuant to the Plan or by Bankruptcy Court order but not assigned to a third party before the Effective Date shall revert in and be fully enforceable by the applicable contracting Reorganized TSN Debtor in accordance with its terms, except as such terms may have been modified by such order. Notwithstanding anything to the contrary in the Plan, the TSN Debtors (with the reasonable consent of the Plan Sponsor) or the Reorganized TSN Debtors, as applicable, reserve the right to alter, amend, modify or supplement the list of Executory Contracts and Unexpired Leases identified in the Plan Supplement at any time before the Effective Date; provided, that to the extent that, as of the Effective Date, there is any pending dispute between one or more of the TSN Debtors and a counterparty to an Executory Contract or Unexpired Lease regarding such counterparty's Cure Claim, the TSN Debtors and Reorganized TSN Debtors shall reserve the right to add the applicable Executory Contract or Unexpired Lease to the Rejected Executory Contract and Unexpired Lease List following the resolution of such dispute, in which event such Executory Contract or Unexpired Lease shall be deemed rejected and such counterparty shall have any and all rights with respect thereto. After the Effective Date, the Reorganized TSN Debtors shall have the right to terminate, amend or modify any intercompany contracts, leases or other agreements without approval of the Bankruptcy Court.

(ii) Cure of Defaults for Executory Contracts and Unexpired Leases Assumed

Any monetary defaults under each Executory Contract and Unexpired Lease to be assumed pursuant to the Plan shall be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, by payment of the default amount in Cash on the Effective Date, subject to the limitations described below, or on such other terms as the parties to such Executory Contracts or Unexpired Leases may otherwise agree. In the event of a dispute regarding (1) the amount of any payments to cure such a default, (2) the ability of the Reorganized TSN Debtors or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the Executory Contract or Unexpired Lease to be assumed or (3) any other matter pertaining to assumption, the payment of Cure Claims required by section 365(b)(1) of the Bankruptcy Code shall be made no later than ten (10) business days following the entry of a Final Order or orders resolving the dispute and approving the assumption. At least ten days before the Confirmation Hearing, the TSN Debtors shall distribute, or cause to be distributed, notices of proposed assumption and proposed amounts of Cure Claims to the applicable third parties, which notices shall include procedures for objecting to proposed assumptions of Executory Contracts and Unexpired Leases and any amounts of Cure Claims to be paid in connection therewith and resolution of disputes by the Bankruptcy Court. Any objection by a counterparty to an Executory Contract or Unexpired Lease to a proposed assumption or related Cure Claim amount must be filed, served and actually received by the TSN Debtors at least three days before the

Confirmation Hearing. Any counterparty to an Executory Contract or Unexpired Lease that fails to object timely to the proposed assumption or Cure Claim amount will be deemed to have assented to such assumption or cure amount.

Assumption of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall result in the full release and satisfaction of any Claims or defaults, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed Executory Contract or Unexpired Lease at any time before the effective date of the assumption.

(iii) *Claims Based on Rejection of Executory Contracts or Unexpired Leases*

All proofs of Claim with respect to Claims arising from the rejection of Executory Contracts and Unexpired Leases, if any, must be filed with the Bankruptcy Court within 30 days after the date of entry of an order of the Bankruptcy Court (including the Confirmation Order) approving such rejection. Any Claims arising from the rejection of Executory Contracts and Unexpired Leases not filed with the Bankruptcy Court within such time will be automatically disallowed, forever barred from assertion and shall not be enforceable against the TSN Debtors or the Reorganized TSN Debtors, the Estates or their property without the need for any objection by the Reorganized TSN Debtors or further notice to, or action, order or approval of the Bankruptcy Court. All Allowed Claims arising from the rejection of the TSN Debtors' Executory Contracts and Unexpired Leases shall be classified as Class 6 Other Unsecured Claims against the applicable Debtor and shall be treated in accordance with Article III of the Plan. The deadline to object to Claims arising from the rejection of Executory Contracts and Unexpired Leases, if any, shall be the later of (a) 180 days following the date on which such Claim was filed and (b) such other period of limitation as may be specifically fixed by an order of the Bankruptcy Court for objecting to such Claims.

(iv) *Insurance Policies*

Notwithstanding anything in the Plan to the contrary, as of the Effective Date, the TSN Debtors (with the reasonable consent of the Plan Sponsor) shall assume (and assign to the Reorganized TSN Debtors if necessary to continue the Insurance Policies in full force) all of the Insurance Policies pursuant to section 365(a) of the Bankruptcy Code. Entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the TSN Debtors' foregoing assumption of each of the Insurance Policies.

(v) *Modifications, Amendments, Supplements, Restatements or Other Agreements.*

Unless otherwise provided, each Executory Contract or Unexpired Lease that is assumed shall include all modifications, amendments, supplements, restatements or other agreements that in any manner affect such Executory Contract or Unexpired Lease, and all Executory Contracts and Unexpired Leases related thereto, if any, including all easements, licenses, permits, rights, privileges, immunities, options, rights of first refusal and any other interests, unless any of the foregoing agreements has been previously rejected or repudiated or is rejected or repudiated under the Plan.

Modifications, amendments, supplements and restatements to Executory Contracts and Unexpired Leases that have been executed by the TSN Debtors during the Chapter 11 Cases shall not be deemed (unless otherwise agreed by the contract counterparty) to alter the prepetition nature of the Executory Contract or Unexpired Lease, or the validity, priority or amount of any Claims that may arise in connection therewith.

(vi) *Reservation of Rights.*

Neither the exclusion nor inclusion of any Executory Contract or Unexpired Lease on the Rejected Executory Contract and Unexpired Lease List, nor anything contained in the Plan, shall constitute an admission by the TSN Debtors that any such contract or lease is in fact an Executory Contract or Unexpired Lease or that any Reorganized TSN Debtor has any liability thereunder. If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of assumption or rejection, the TSN Debtors or Reorganized TSN Debtors, as applicable, shall have 45 days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

(vii) *Contracts and Leases Entered Into After the Petition Date.*

Contracts and leases entered into after the Petition Date by any TSN Debtor, including any Executory Contracts and Unexpired Leases assumed by such Debtor, will be performed by the Debtor or Reorganized TSN Debtor liable thereunder in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts and Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order, unless the parties thereto agree to any modifications, amendments, supplements or restatements.

F. PROVISIONS GOVERNING DISTRIBUTIONS

(i) *Record Date for Distributions*

As of the entry of the Confirmation Order, the various transfer registers for each of the Classes of Claims or Interests as maintained by the TSN Debtors or their respective agents shall be deemed closed, and there shall be no further changes made to reflect any new record holders of any Claims or Interests. The TSN Debtors shall have no obligation to recognize any transfer of Claims or Interests occurring on or after the Distribution Record Date.

(ii) *Timing and Calculation of Amounts to Be Distributed*

Except as otherwise provided in the Plan, on the applicable Distribution Date, each holder of an Allowed Claim or Interest against the TSN Debtors shall receive the full amount of the distributions that the Plan provides for Allowed Claims or Interests in the applicable Class and in the manner provided in the Plan. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date. If and to the extent that there are Disputed Claims, distributions on account of any such Disputed Claims shall be made pursuant to the provisions set forth in Article VIII of the Plan. Except as otherwise provided in the Plan, holders of Claims shall not be entitled to interest, dividends or accruals on the distributions provided for in the Plan, regardless of whether such distributions are delivered on or at any time after the Effective Date.

(iii) *Fractional Distributions*

No fractions of New Common Stock, New Preferred Stock or Rights shall be distributed. Cash shall not be distributed under the Plan in denominations of less than one cent (\$0.01). For purposes of distribution, fractions of New Common Stock, New Preferred Stock or Rights shall be rounded down to the nearest whole number. The Disbursing Agent shall have no obligation to make any distribution of Cash that is less than \$10.00.

(iv) *Disbursing Agent*

Except as otherwise provided in the Plan, all distributions under the Plan shall be made by the Reorganized TSN Debtors as Disbursing Agent or such other Entity designated by the Reorganized TSN Debtors as a Disbursing Agent on the Effective Date. If the Disbursing Agent is not one of the Reorganized TSN Debtors, such entity shall obtain a bond or surety for the performance of its duties, and all costs and expenses of procuring any such bond or surety shall be borne by the TSN Debtors or Reorganized TSN Debtors; *provided, however*, that the Indenture Trustees shall not be required to obtain such a bond or surety.

(v) *Rights and Powers of Disbursing Agent*

a. Powers of the Disbursing Agent

The Disbursing Agent shall be empowered to: (a) affect all actions and execute all agreements, instruments and other documents necessary to perform its duties under the Plan; (b) make all distributions contemplated hereby; (c) employ professionals to represent it with respect to its responsibilities; and (d) exercise such other powers as may be vested in the Disbursing Agent by order of the Bankruptcy Court, pursuant to the Plan, or as deemed by the Disbursing Agent to be necessary and proper to implement the provisions of the Plan.

b. Expenses Incurred On or After the Effective Date

Except as otherwise ordered by the Bankruptcy Court, the amount of any reasonable fees and expenses incurred by the Disbursing Agent in carrying out its obligations under Article VII of the Plan on or after the Effective Date (including taxes) and any reasonable compensation and expense reimbursement claims (including reasonable attorney fees and expenses) made by the Disbursing Agent related thereto shall be paid in Cash by the Reorganized TSN Debtors in their reasonable discretion.

(vi) Distributions to Holders of Disputed Claims

Notwithstanding any provision otherwise in the Plan and except as may be agreed to by the TSN Debtors (with the reasonable consent of the Plan Sponsor) or the Reorganized TSN Debtors, in each case in their sole discretion, and the holder of a Disputed Claim, no partial payments and no partial distributions shall be made with respect to any Disputed Claim until all Disputed Claims held by the holder of such Disputed Claim or Interest have become Allowed Claims or have otherwise been resolved by settlement or Final Order.

(vii) Delivery of Distributions and Undeliverable or Unclaimed Distributions

a. Delivery of Distributions in General

Except as otherwise provided in the Plan and subject to Bankruptcy Rule 9010, distributions to holders of Allowed Claims shall be made to holders of record as of the Distribution Record Date by the Disbursing Agent: (a) to the signatory set forth on any of the Proofs of Claim filed by such holder or other representative identified therein (or at the last known addresses of such holder if no Proof of Claim is filed or if the TSN Debtors have been notified in writing of a change of address); (b) at the addresses set forth in any written notices of address changes delivered to the Disbursing Agent after the date of any related Proof of Claim; (c) at the addresses reflected in the Schedules if no Proof of Claim has been filed and the Disbursing Agent has not received a written notice of a change of address; or (d) on any counsel that has appeared in the Chapter 11 Cases on the holder's behalf. Distributions under the Plan on account of Allowed Claims shall not be subject to levy, garnishment, attachment or like legal process, so that each holder of an Allowed Claim shall have and receive the benefit of the distributions in the manner set forth in the Plan. None of the TSN Debtors, the Reorganized TSN Debtors and the applicable Disbursing Agent shall incur any liability whatsoever on account of any distributions under the Plan except for gross negligence, willful misconduct or fraud.

Except as otherwise provided in the Plan, all distributions to holders of Notes Claims shall be governed by the Notes and the Indentures and shall be subject to each Indenture Trustee's right to exercise its charging lien for any unpaid fees and expenses.⁸³ If the TSN Debtors and the Indenture Trustees agree, the Indenture Trustees shall serve as the Disbursing Agent for distributions on account of Note Claims under their respective Indentures. All distributions on account of Note Claims shall be made (a) to the Indenture Trustees for their respective Notes; or (b) with the prior written consent of an Indenture Trustee, through the facilities of DTC (if applicable). Distributions made by an Indenture Trustee to the record holders of Notes, and in turn by the record holders of Notes to the beneficial holders thereof, shall not be made as of the Distribution Record Date but rather shall be accomplished in accordance with the applicable Indenture and the policies and procedures of DTC. Distributions made by an Indenture Trustee directly to the beneficial holders of Notes shall only be made to such holders after the surrender by each such holder of the Note certificates representing such Note Claim. Upon surrender of such Note certificates, the applicable Indenture Trustee shall cancel and destroy such Notes. As soon as practicable after surrender of Note certificates evidencing Allowed Note Claims, the applicable Indenture Trustee shall distribute to the holder thereof

⁸³ The Senior Exchangeable Notes Trustee believes that should it be required to exercise its charging lien, the Indenture Trustee may not be able to sell all or any portion of the New Common Stock to satisfy its fees, and, therefore, that the Senior Exchangeable Notes Trustee may need to withhold all of the distributions to the Senior Exchangeable Notes indefinitely, and that a low market price could adversely affect the Senior Exchangeable Noteholders' net recovery.

such holder's pro rata share of the distribution, but subject to the rights of such Indenture Trustee to assert its charging lien against such distribution.

b. Undeliverable Distributions and Unclaimed Property

In the event that any distribution to any holder is returned as undeliverable, no distribution to such holder shall be made unless and until the Disbursing Agent has determined the then current address of such holder, at which time such distribution shall be made as soon as practicable after such distribution has become deliverable or has been claimed to such holder without interest; *provided, however*, that such distributions shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and forfeited at the expiration of six months from the applicable Distribution Date. After such date, all "unclaimed property" or interests in property shall revert to the Reorganized TSN Debtors (notwithstanding any applicable federal or state escheat, abandoned or unclaimed property laws to the contrary), and the Claim of any holder to such property or Interest in property shall be discharged and forever barred.

(viii) Hart-Scott-Rodino Compliance

Any shares of New Common Stock or New Preferred Stock to be distributed under the Plan to any entity required to file a Premerger Notification and Report Form under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or to meet any similar requirements under applicable non-U.S. law, shall not be distributed until the notification and waiting periods applicable under such law to such entity shall have expired or been terminated.

(ix) Withholding and Reporting Requirements

In connection with the Plan and all instruments issued in connection therewith, the Disbursing Agent shall comply with all applicable withholding and reporting requirements imposed by any federal, state or local taxing authority, and all distributions under the Plan shall be subject to any such withholding or reporting requirements.

(x) Setoffs

The TSN Debtors and the Reorganized TSN Debtors may withhold (but not set off except as set forth below) from the distributions called for under the Plan on account of any Allowed Claim an amount equal to any claims, equity interests, rights and Causes of Action of any nature that the TSN Debtors or the Reorganized TSN Debtors may hold against the holder of any such Allowed Claim. In the event that any such claims, equity interests, rights and Causes of Action of any nature that the TSN Debtors or the Reorganized TSN Debtors may hold against the holder of any such Allowed Claim are adjudicated by Final Order or otherwise resolved, the TSN Debtors may, pursuant to section 553 of the Bankruptcy Code or applicable non-bankruptcy law, set off against any Allowed Claim and the distributions to be made pursuant hereto on account of such Allowed Claim (before any distribution is made on account of such Allowed Claim) the amount of any adjudicated or resolved claims, equity interests, rights and Causes of Action of any nature that the TSN Debtors or the Reorganized TSN Debtors may hold against the holder of any such Allowed Claim, but only to the extent of such adjudicated or resolved amount. Neither the failure to effect such a setoff nor the allowance of any Claim under the Plan shall constitute a waiver or release by the TSN Debtors or the Reorganized TSN Debtors of any such claims, equity interests, rights and Causes of Action that the TSN Debtors or the Reorganized TSN Debtors may possess against any such holder, except as specifically provided in the Plan.

(xi) Claims Paid or Payable by Third Parties

a. Claims or Interests Paid by Third Parties

The TSN Debtors or the Reorganized TSN Debtors, as applicable, shall reduce in part or in full a Claim or Interest to the extent that the holder of such Claim or Interest receives payment in part or in full on account of such Claim or Interest from a party that is not a TSN Debtor or Reorganized TSN Debtor. To the extent a holder of a Claim or Interest receives a distribution on account of such Claim or Interest and receives payment from a party that is not a TSN Debtor or a Reorganized TSN Debtor on account of such Claim or Interest, such holder shall, within

two weeks of receipt thereof, repay or return the distribution to the applicable Reorganized TSN Debtor, to the extent the holder's total recovery on account of such Claim or Interest from the third party and under the Plan exceeds the amount of such Claim or Interest as of the date of any such distribution under the Plan.

b. Claims Payable by Third Parties

No distributions under the Plan shall be made on account of Allowed insured Claims until the holder of such Allowed insured Claim has exhausted all remedies with respect to the TSN Debtors' Insurance Policies. To the extent that one or more of the TSN Debtors' insurers agrees to satisfy in full a Claim (if and to the extent adjudicated by a court of competent jurisdiction), then immediately upon such insurers' agreement, such Claim may be expunged without a Claims objection having to be filed and without any further notice to or action, order or approval of the Bankruptcy Court.

c. Applicability of Insurance Policies

Except as otherwise provided in the Plan, distributions to holders of Allowed Claims shall be in accordance with the provisions of any applicable Insurance Policy. Nothing contained in the Plan shall constitute or be deemed a waiver of any cause of action that the TSN Debtors or any Entity may hold against any other Entity, including insurers under any policies of insurance, nor shall anything contained in the Plan constitute or be deemed a waiver by such insurers of any defenses, including coverage defenses, held by such insurers.

(xii) *Postpetition Interest*

Unless expressly provided in the Plan, the Confirmation Order, the Final DIP Order, or any contract, instrument, release, settlement or other agreement entered into in connection with the Plan, or required by the Bankruptcy Code (including without limitation sections 506(b) and 1129(b) of the Bankruptcy Code), postpetition interest shall not accrue on or after the Petition Date on account of any Claim.

(xiii) *Section 506(c) Reservation*

The TSN Debtors and the Reorganized TSN Debtors reserve all rights under section 506(c) of the Bankruptcy Code with respect to any and all Secured Claims, except to the extent waived pursuant to the Final DIP Order.

(xiv) *Single Satisfaction of Claims*

Holders of Allowed Claims may assert such Claims against each Debtor obligated with respect to such Claim, and such Claims shall be entitled to share in the recovery provided for the applicable Class of Claims against each obligated Debtor based upon the full Allowed amount of the Claim. Notwithstanding the foregoing, in no case shall the aggregate value of all property received or retained under the Plan on account of Allowed Claims exceed 100% of the underlying Allowed Claim.

G. PROCEDURES FOR RESOLVING CONTINGENT, UNLIQUIDATED AND DISPUTED CLAIMS

(i) *Prosecution of Objections to Claims*

The TSN Debtors (with the reasonable consent of the Plan Sponsor) or the Reorganized TSN Debtors, as applicable, shall have the exclusive authority to file, settle, compromise, withdraw or litigate to judgment any objections to Claims as permitted under the Plan. From and after the Effective Date, the Reorganized TSN Debtors may settle or compromise any Disputed Claim without approval of the Bankruptcy Court. The TSN Debtors reserve all rights to resolve any Disputed Claim outside the Bankruptcy Court under applicable governing law.

(ii) *Allowance of Claims*

Except as expressly provided in the Plan or in any order entered in the Chapter 11 Cases before the Effective Date (including the Confirmation Order), the Reorganized TSN Debtors after the Effective Date will have and retain any and all rights and defenses held by the TSN Debtors with respect to any Claim as of the Petition Date. All claims of any Entity against any TSN Debtor shall be disallowed unless and until such Entity pays, in full, the amount it owes each such Debtor.

(iii) *Disputed Claims Reserve*

On the Effective Date (or as soon thereafter as is reasonably practicable), the Reorganized TSN Debtors shall deposit in the Disputed Claims Reserve New Common Stock having an aggregate value equal to the aggregate value of the consideration that would have been distributed to the holders of all Disputed Claims as if such Disputed Claims had been Allowed Claims on the Effective Date, with the amount of such Allowed Claims to be determined, solely for the purposes of establishing reserves, to be the lesser of (a) the asserted amount of the Disputed Claims filed with the Bankruptcy Court, or (if no proof of such Claim was filed) scheduled by the TSN Debtors, (b) the amount, if any, estimated by the Bankruptcy Court pursuant to section 502(c) of the Bankruptcy Code pursuant to Article VIII.G of the Plan or (c) the amount otherwise agreed to by the TSN Debtors and the holder of such Disputed Claims for reserve purposes. In any vote by holders of New Common Stock, the New Common Stock held in the Disputed Claims Reserve shall be deemed to have been voted in the same proportions as the New Common Stock that was actually voted.

(iv) *Distributions After Allowance*

On the Distribution Date following the date that the order or judgment of the Bankruptcy Court allowing any Disputed Claim becomes a Final Order, the Disbursing Agent shall provide to the holder of such Claim the distribution (if any) to which such holder is entitled under the Plan as of the Effective Date, without any interest to be paid on account of such Claim.

(v) *Distribution of Excess Amounts in the Disputed Claims Reserve*

Any Cash held in the Disputed Claims Reserve after all Disputed Claims have been Allowed or Disallowed shall be transferred by the Disbursing Agent or Reorganized TSN Debtors (as applicable), in a supplemental distribution to the holders of Allowed Claims in accordance with the Plan on a Pro Rata basis. Any New Common Stock held in the Disputed Claims Reserve after all Disputed Claims have been Allowed or Disallowed shall be transferred by the Disbursing Agent or Reorganized TSN Debtors (as applicable), in a supplemental distribution to the holders of Allowed Claims in Classes 5 and 6, in accordance with this Plan, on a Pro Rata basis (calculated with respect to all Allowed Senior Exchangeable Notes Claims and Allowed Other Unsecured Claims against the TSN Debtors in Classes 5 and 6, as if such Claims were aggregated in one Class). For the avoidance of doubt, after the resolution of all Disputed Claims has concluded, the New Common Stock remaining in Disputed Claims Reserve that has not been distributed to holders of Allowed Claims in Class 6 shall be distributed, on a Pro Rata basis, amongst all holders of Allowed Claims in Classes 5 and 6, as if such claimants were aggregated in one class. For example, if 100 shares were remaining in reserve, and the total Allowed Claims in Class 5 were \$25 and total Allowed Claims in Class 6 were \$75, then holders of Allowed Claims in Class 5 would receive 25 shares

(distributed Pro Rata among such holders) and holders of Claims in Class 6 would receive 75 shares (distributed Pro Rata among such holders).

(vi) *Property Held in the Reserve for Disputed Claims*

Each holder of a Disputed Claim that ultimately becomes an Allowed Claim will have recourse only to the undistributed New Common Stock and/or Cash (if applicable) held in the Disputed Claims Reserve for satisfaction of the distributions to which holders of Allowed Claims are entitled under the Plan, and not to any Reorganized TSN Debtor, their property or any assets previously distributed on account of any Allowed Claim.

(vii) *Estimation of Claims*

The TSN Debtors (before the Effective Date) or Reorganized TSN Debtors (on or after the Effective Date) may, at any time, and from time to time, request that the Bankruptcy Court estimate any Disputed Claim pursuant to section 502(c) of the Bankruptcy Code regardless of whether an objection was previously filed with the Bankruptcy Court with respect to such Claim, or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court will retain jurisdiction to estimate any Claim at any time during litigation concerning any objection to any Claim, including during the pendency of any appeal relating to any such objection. In the event that the Bankruptcy Court estimates any Disputed Claim, that estimated amount will constitute either the Allowed amount of such Claim or a maximum limitation on such Claim against any party or Entity, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on such Claim, the TSN Debtors (before the Effective Date) or the Reorganized TSN Debtors (after the Effective Date), may elect to pursue any supplemental proceedings to object to any ultimate distribution on such Claim. All of the objection, estimation, settlement and resolution procedures set forth in the Plan are cumulative and not necessarily exclusive of one another. Claims may be estimated and subsequently compromised, objected to, settled, withdrawn or resolved by any mechanism approved by the Bankruptcy Court.

(viii) *Deadline to File Objections to Claims*

Any objections to Claims shall be filed on or before the date that is the later of (a) one hundred and eighty (180) days after the Effective Date and (b) the last day of such other period of limitation as may be specifically fixed by an order of the Bankruptcy Court for objecting to certain Claims.

H. SETTLEMENT, RELEASE, INJUNCTION AND RELATED PROVISIONS

(i) *Compromise and Settlement of Claims, Interests and Controversies*

As discussed in detail herein (including, without limitation, in the introductory paragraphs to this Article VIII) and as otherwise provided in the Plan, pursuant to section 363 of the Bankruptcy Code and Bankruptcy Rule 9019 and in consideration for the distributions and other benefits provided pursuant to the Plan, the provisions of the Plan shall constitute a good faith compromise of all Claims, Interests and controversies relating to the contractual, legal and subordination rights that a holder of a Claim may have with respect to any Allowed Claim or Interest, or any distribution to be made on account of such Allowed Claim or Interest. The entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the compromise or settlement of all such Claims, Interests and controversies, as well as a finding by the Bankruptcy Court that such compromise or settlement is in the best interests of the TSN Debtors, their Estates and holders of Claims and Interests and is fair, equitable and reasonable. In accordance with the provisions of the Plan, pursuant to section 363 of the Bankruptcy Code and Bankruptcy Rule 9019(a), without any further notice to or action, order or approval of the Bankruptcy Court, after the Effective Date, the Reorganized TSN Debtors may compromise and settle Claims against them and Causes of Action against other Entities.

(ii) *Releases by the TSN Debtors*

Pursuant to section 1123(b) of the Bankruptcy Code, and except as otherwise specifically provided in the Plan or the Plan Supplement, for good and valuable consideration, including the contributions of the Released Parties to facilitate the expeditious reorganization of the TSN Debtors and the implementation of

the restructuring contemplated by the Plan and the other contracts, instruments, releases, agreements or documents executed and delivered in connection with the Plan, the Released Parties, the Senior Secured Noteholders, the Senior Exchangeable Noteholders and the Indenture Trustees are deemed released and discharged by the TSN Debtors, the Reorganized TSN Debtors and the Estates from any and all claims, obligations, rights, suits, damages, Causes of Action, remedies and liabilities whatsoever, including any derivative claims, asserted or assertable on behalf of the TSN Debtors, whether known or unknown, foreseen or unforeseen, liquidated or unliquidated, fixed or contingent, matured or unmatured, existing or hereinafter arising, in law, equity or otherwise, that the TSN Debtors, the Reorganized TSN Debtors, the Estates or their Affiliates would have been legally entitled to assert in their own right (whether individually or collectively) or on behalf of the holder of any Claim or Interest or other Entity, based in whole or in part on any act, omission, transaction, event or other occurrence taking place on or prior to the Effective Date in any way relating to the TSN Debtors, the Reorganization Cases, the Plan or the Disclosure Statement, the EPCA, or related agreements, instruments or other documents, other than Claims or liabilities arising out of or relating to any act or omission of a Released Party that constitutes gross negligence, fraud or willful misconduct, as determined by a Final Order.

(iii) *Releases by Holders of Claims and Interests*⁸⁴

As of the Effective Date, to the fullest extent permissible under applicable law, as such law may be extended or interpreted subsequent to the Effective Date, for good and valuable consideration, including the contributions of the Released Parties to facilitate the expeditious reorganization of the TSN Debtors and the implementation of the restructuring contemplated by the Plan and the other contracts, instruments, releases, agreements or documents executed and delivered in connection with the Plan, each holder of a Claim or an Interest shall be deemed to have conclusively, absolutely, unconditionally, irrevocably and forever, released and discharged the Debtors, the Reorganized Debtors and the Released Parties from any and all Claims, Interests, obligations, rights, suits, damages, causes of action, remedies and liabilities whatsoever, including any derivative Claims, asserted on behalf of a Debtor, whether known or unknown, foreseen or unforeseen, liquidated or unliquidated, fixed or contingent, matured or unmatured, existing or hereafter arising, in law, equity or otherwise, that such Entity would have been legally entitled to assert (whether individually or collectively), based in whole or in part on any act, omission, transaction, event or other occurrence taking place on or prior to the Effective Date in any way relating to the Debtors, the Reorganization Cases, the Plan or the Disclosure Statement, or related agreements, instruments or other documents, other than Claims or liabilities arising out of or relating to any act or omission of a Released Party that constitutes gross negligence, fraud or willful misconduct, as determined by a Final Order; provided, that nothing in the Plan shall be deemed a waiver or release of a Releasing Party's right to receive a distribution pursuant to the terms of the Plan.

⁸⁴ For the avoidance of doubt, pursuant to the Plan, and as a result of the objections to the Disclosure Statement raised by, among others, Harbinger, the defined term "Released Parties" does not include the Indenture Trustees, the Senior Secured Noteholders (in their capacity as such), the Senior Exchangeable Noteholders or holders of Other Unsecured Claims that are receiving distributions under the Plan. For the avoidance of doubt, the omission of such releases from the plan is not based on the TSN Debtors' belief that any claim exists against such holders. Instead, the TSN Debtors changes relate to the satisfaction of the standards set forth in case law cited by various objectors. To the extent all parties consent to the release of the Indenture Trustees, the Senior Secured Noteholders (in their capacity as such), the Senior Exchangeable Noteholders or holders of Other Unsecured Claims receiving distributions under the Plan, the TSN Debtors have no objection to releasing such parties. The Indenture Trustees contend that they should be included in the definition of "Released Parties" under the Plan because, in their view, indenture trustees typically are included in release provisions of plans of reorganization involving public debt and, in their view, they satisfy the applicable standard for inclusion in such provisions in these cases.

(iv) *Exculpation*

Except as otherwise specifically provided in the Plan or Plan Supplement, no Exculpated Party shall have or incur, and each Exculpated Party is hereby released and exculpated from, any Exculpated Claim, obligation, cause of action or liability for any Exculpated Claim, except for gross negligence or willful misconduct, but in all respects such Entities shall be entitled to reasonably rely upon the advice of counsel with respect to their duties and responsibilities pursuant to the Plan. The TSN Debtors and the Reorganized TSN Debtors (and each of their respective Affiliates, agents, directors, officers, employees, advisors and attorneys) have, and upon Confirmation of the Plan shall be deemed to have, participated in good faith and in compliance with the applicable provisions of the Bankruptcy Code with regard to the solicitation and distribution of the Plan securities pursuant to the Plan, and, therefore, are not, and on account of such distributions shall not be, liable at any time for the violation of any applicable law, rule or regulation governing the solicitation of acceptances or rejections of the Plan or such distributions made pursuant to the Plan.

Notwithstanding anything herein to the contrary, nothing in the foregoing “Exculpation” shall (1) release any Person or Entity from any liability resulting from any act or omission constituting fraud, willful misconduct, gross negligence, criminal conduct, malpractice, misuse of confidential information that causes damages or ultra vires act as determined by a Final Order or (2) limit the liability of the professionals of the Exculpated Parties to their respective clients pursuant to N.Y. Comp. Codes R. & Regs. tit. 22 § 1200.8 Rule 1.8(h)(1) (2009).

(v) *Discharge of Claims and Termination of Interests*

Pursuant to section 1141(d) of the Bankruptcy Code, and except as otherwise specifically provided in the Plan, the distributions, rights and treatment that are provided in the Plan shall be in full and final satisfaction, settlement, release and discharge, effective as of the Effective Date, of all Claims, Interests and causes of action of any nature whatsoever, including any interest accrued on Claims or Interests from and after the Petition Date, whether known or unknown, against, liabilities of, Liens on, obligations of, rights against and Interests in, the TSN Debtors or any of their assets or properties, regardless of whether any property shall have been distributed or retained pursuant to the Plan on account of such Claims and Interests, including demands, liabilities and causes of action that arose before the Effective Date, any contingent or non-contingent liability on account of representations or warranties issued on or before the Effective Date, and all debts of the kind specified in sections 502(g), 502(h) or 502(i) of the Bankruptcy Code, in each case whether or not: (1) a Proof of Claim or Interest based upon such Claim, debt, right or Interest is filed or deemed filed pursuant to section 501 of the Bankruptcy Code; (2) a Claim or Interest based upon such Claim, debt, right or Interest is Allowed pursuant to section 502 of the Bankruptcy Code; or (3) the holder of such a Claim or Interest has accepted the Plan. Except as otherwise provided in the Plan, any default by the TSN Debtors or their Affiliates with respect to any Claim or Interest that existed before or on account of the filing of the Chapter 11 Cases shall be deemed cured on the Effective Date. The Confirmation Order shall be a judicial determination of the discharge of all Claims and Interests subject to the Effective Date occurring, except as otherwise expressly provided in the Plan.

(vi) *Injunction*

FROM AND AFTER THE EFFECTIVE DATE, ALL ENTITIES ARE PERMANENTLY ENJOINED FROM COMMENCING OR CONTINUING IN ANY MANNER, ANY CAUSE OF ACTION RELEASED OR TO BE RELEASED PURSUANT TO THE PLAN OR THE CONFIRMATION ORDER.

THE RIGHTS AFFORDED IN THE PLAN AND THE TREATMENT OF ALL CLAIMS AND INTERESTS IN THE PLAN SHALL BE IN EXCHANGE FOR AND IN COMPLETE SATISFACTION OF ALL CLAIMS AND INTERESTS OF ANY NATURE WHATSOEVER, INCLUDING ANY INTEREST ACCRUED ON CLAIMS FROM AND AFTER THE PETITION DATE, AGAINST THE TSN DEBTORS OR ANY OF THEIR ASSETS, PROPERTY OR ESTATES. ON THE EFFECTIVE DATE, ALL SUCH CLAIMS AGAINST THE TSN DEBTORS SHALL BE FULLY RELEASED AND DISCHARGED, AND THE INTERESTS SHALL BE CANCELLED.

EXCEPT AS OTHERWISE EXPRESSLY PROVIDED FOR IN THE PLAN OR IN OBLIGATIONS ISSUED PURSUANT HERETO FROM AND AFTER THE EFFECTIVE DATE, ALL CLAIMS AGAINST THE TSN DEBTORS SHALL BE FULLY RELEASED AND DISCHARGED, AND ALL INTERESTS SHALL BE CANCELLED, AND THE TSN DEBTORS' LIABILITY WITH RESPECT THERETO SHALL BE EXTINGUISHED COMPLETELY, INCLUDING ANY LIABILITY OF THE KIND SPECIFIED UNDER SECTION 502(G) OF THE BANKRUPTCY CODE.

ALL ENTITIES SHALL BE PRECLUDED FROM ASSERTING AGAINST THE TSN DEBTORS, THE TSN DEBTORS' ESTATES, THE REORGANIZED TSN DEBTORS, EACH OF THEIR RESPECTIVE SUCCESSORS AND ASSIGNS, AND EACH OF THEIR ASSETS AND PROPERTIES, ANY OTHER CLAIMS OR INTERESTS BASED UPON ANY DOCUMENTS, INSTRUMENTS OR ANY ACT OR OMISSION, TRANSACTION OR OTHER ACTIVITY OF ANY KIND OR NATURE THAT OCCURRED BEFORE THE EFFECTIVE DATE.

(vii) *Term of Injunctions or Stays*

Unless otherwise provided in the Plan or in the Confirmation Order, all injunctions or stays in effect in the Chapter 11 Cases pursuant to sections 105 or 362 of the Bankruptcy Code or any order of the Bankruptcy Court or any order of the Canadian Court, and extant on the Confirmation Date (excluding any injunctions or stays contained in the Plan or the Confirmation Order) shall remain in full force and effect until the Effective Date. All injunctions or stays contained in the Plan or the Confirmation Order shall remain in full force and effect in accordance with their terms.

(viii) *Injunction Against Interference With Plan*

To the fullest extent permitted by applicable law, upon the entry of the Confirmation Order, all of the Releasing Parties shall be enjoined from taking any actions to interfere with the implementation or consummation of the Plan.

(ix) *Injunction Related to Releases and Exculpation*

The Confirmation Order shall permanently enjoin the commencement or prosecution by any person or entity, whether directly, derivatively or otherwise, of any Claims, obligations, suits, judgments, damages, demands, debts, rights, causes of action or liabilities released pursuant to the Plan, including but not limited to the claims, obligations, suits, judgments, damages, demands, debts, rights, causes of action or liabilities released in Articles IX.C and IX.D of the Plan.

(x) *Protection Against Discriminatory Treatment*

Consistent with section 525 of the Bankruptcy Code and the Supremacy Clause of the U.S. Constitution, all Entities, including Governmental Units, shall not discriminate against the Reorganized TSN Debtors or deny, revoke, suspend or refuse to renew a license, permit, charter, franchise or other similar grant to, condition such a grant to, discriminate with respect to such a grant against, the Reorganized TSN Debtors or another Entity with whom such Reorganized TSN Debtors have been associated, solely because one of the TSN Debtors has been a debtor under chapter 11, has been insolvent before the commencement of the Chapter 11 Cases (or during the Chapter 11 Cases but before the Debtor is granted or denied a discharge) or has not paid a debt that is dischargeable in the Chapter 11 Cases.

(xi) *No Consent to Change of Control Required*

To the fullest extent permitted by applicable law, except as otherwise expressly provided by order of the Bankruptcy Court, none of (a) the facts or circumstances giving rise to the commencement of, or occurring in connection with, the Chapter 11 Cases, (b) the issuance of the New Common Stock or New Preferred Stock pursuant to the Plan, or (c) consummation of any other transaction pursuant to the Plan (including, without limitation, the Restructuring Transactions) shall constitute a “change in ownership” or “change of control” (or a change in working control) of, or in connection with, any TSN Debtor requiring the consent of any person other than the TSN Debtors or the Bankruptcy Court.

(xii) *Release of Liens*

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement or document created pursuant to the Plan, on the Effective Date and concurrently with the applicable distributions made pursuant to the Plan and, in the case of a Secured Claim, satisfaction in full of the portion of the Secured Claim that is Allowed as of the Effective Date, all mortgages, deeds of trust, Liens, pledges or other security interests against any property of the Estates shall be fully released and discharged, and all of the right, title and interest of any holder of such mortgages, deeds of trust, Liens, pledges or other security interests shall revert to the Reorganized TSN Debtor and its successors and assigns. For the avoidance of doubt, all mortgages, deeds of trust, Liens, pledges or other security interests against any property of the Estates shall be fully released and discharged on the Effective Date without any further action of any party, including, but not limited to, further order of the Bankruptcy Court, the Canadian Court or filing updated schedules or statements typically filed pursuant to the Uniform Commercial Code, the Personal Property Security Act (Ontario) or in accordance with any other real or personal property registry system in any of the applicable provinces in Canada; provided, that nothing in the Plan shall be deemed to release the Liens securing the PMCA Claims, which PMCA Claims and Liens are being reinstated hereby, or the Indenture Trustees’ charging liens for unpaid fees, costs, expenses and indemnification under the Indentures or other agreements.

I. CONDITIONS PRECEDENT TO CONFIRMATION OF THE PLAN AND THE EFFECTIVE DATE

(i) *Conditions Precedent to Confirmation*

It shall be a condition to Confirmation of the Plan that the following provisions, terms and conditions shall have been satisfied or waived pursuant to the provisions of Article X.C of the Plan.

- The Bankruptcy Court shall have entered a Final Order, in form and substance acceptable to the TSN Debtors, approving the Disclosure Statement with respect to the Plan as containing adequate information within the meaning of section 1125 of the Bankruptcy Code.

(ii) *Conditions Precedent to the Effective Date*

It shall be a condition to the Effective Date that the following provisions, terms and conditions shall have been satisfied or waived pursuant to the provisions of Article X.C of the Plan.

- The Confirmation Order, in a form reasonably satisfactory to the TSN Debtors and Plan Sponsor, shall be a Final Order.
- The Canadian Court shall have entered an order, in form and substance reasonably acceptable to the TSN Debtors and the Plan Sponsor, recognizing the Bankruptcy Court's entry of the Confirmation Order, and such order shall have become a Final Order.
- The Bankruptcy Court shall have entered one or more orders (which may include the Confirmation Order), in form and substance reasonably acceptable to the TSN Debtors and the Plan Sponsor, authorizing the assumption and rejection of Executory Contracts and Unexpired Leases by the TSN Debtors as contemplated in the Plan, which shall have become Final Orders.
- The Canadian Court shall have entered orders, in form and substance reasonably acceptable to the TSN Debtors and the Plan Sponsor, recognizing the Bankruptcy Court's entry of the orders described in Article X.B.3 of the Plan, and such orders shall have become Final Orders.
- The Rights Offering shall have been consummated pursuant to the terms of this Plan, the Rights Offering Procedures, and the EPCA.
- All of the schedules, documents, supplements and exhibits to the Plan shall have been filed in form and substance reasonably acceptable to the TSN Debtors and the Plan Sponsor.
- All actions, documents, certificates, and agreements necessary to implement the Plan, including, without limitation, the New By-Laws, the New Certificate of Incorporation, and the Registration Rights Agreement, shall have been effected or executed and delivered to the required parties and, to the extent required, filed with the applicable governmental units in accordance with applicable laws.
- A decision released by the FCC or a bureau or subdivision thereof (an "**FCC Order**") approving the transfer of control to the Plan Sponsor over the licenses and authorizations held by Debtors, and all other governmental, regulatory and third party licenses, approvals, waivers and/or consents required under applicable law to consummate the transactions contemplated by the Plan, including without limitation the Industry Canada Approval (defined below), shall have been obtained and shall be final and in full force and effect without any condition or requirement that would reasonably be expected to have, individually or in the aggregate, a material impact on the current business operations of the Plan Sponsor. In addition, the FCC shall not have reconsidered the FCC Order on its own motion within 30 days (or, if released by a bureau or other subdivision of the FCC, within 40 days) of its release, and the FCC and the courts will have denied all petitions

for reconsideration, applications for review and appeals (collectively, “*Appeals*”) of the FCC Order (or of an FCC or court order affirming the FCC Order), or the periods for filing such Appeals have passed and no Appeal has been filed. Moreover, there shall exist no claim, action, suit, investigation, litigation or proceeding, pending or threatened in any court or before any arbitrator or governmental instrumentality, which would prohibit the transactions contemplated by the Plan.

- The prior approval of the Minister of Industry (the “*Industry Canada Approval*”) approving the transfer of control of the Canadian Debtors to the Plan Sponsor or, at the option of the Plan Sponsor, the transfer or assignment of the licenses and authorizations held by the TSN Debtors to a party designated by the Plan Sponsor that is eligible to hold such licenses, to the extent required by applicable law, including the licenses and authorizations to consummate the transactions contemplated by the Plan, shall have been obtained and shall be final and in full force and effect without any condition or requirement that would reasonably be expected to have, individually or in the aggregate, a material impact on the current or future business operations of the Plan Sponsor. In addition, the courts will have denied all applications for judicial review or other court challenges to the Industry Canada Approval or appeals of any court order upholding the Industry Canada Approval or the periods for filing such appeals have passed and no appeal has been filed.
- The TSN Debtors shall have cash on hand as of the Effective Date of at least \$5 million.

(iii) Waiver of Conditions

The conditions to Confirmation of the Plan and to the occurrence of the Effective Date set forth in this Article X of the Plan may be waived at any time by the TSN Debtors, with the written consent of the Plan Sponsor; *provided, however*, that the TSN Debtors may not waive entry of the Confirmation Order.

(iv) Effect of Failure of Conditions

If the Effective Date does not occur, the Plan shall be null and void in all respects and nothing contained in the Plan or the Disclosure Statement shall: (1) constitute a waiver or release of any claims by or Claims against the TSN Debtors; (2) prejudice in any manner the rights of the TSN Debtors, any holders of Claims or any other Entity; or (3) constitute an admission, acknowledgment, offer or undertaking by the TSN Debtors, any holders or any other Entity in any respect.

J. MODIFICATION, REVOCATION OR WITHDRAWAL OF THE PLAN

(i) Modification and Amendments

Except as otherwise specifically provided in the Plan, the TSN Debtors reserve the right, subject to the reasonable consent of the Plan Sponsor, to modify the Plan as to material terms and seek Confirmation consistent with the Bankruptcy Code and, as appropriate, not re-solicit votes on such modified Plan. Subject to certain restrictions and requirements set forth in section 1127 of the Bankruptcy Code and Bankruptcy Rule 3019 and those restrictions on modifications set forth in the Plan, the TSN Debtors expressly reserve their rights, subject to the reasonable consent of the Plan Sponsor, to alter, amend or modify materially the Plan with respect to any or all Debtors, one or more times, after Confirmation, and, to the extent necessary, may initiate proceedings in the Bankruptcy Court to so alter, amend or modify the Plan or remedy any defect or omission, or reconcile any inconsistencies in the Plan, the Disclosure Statement or the Confirmation Order, in such matters as may be necessary to carry out the purposes and intent of the Plan. Any such modification or supplement shall be considered a modification of the Plan and shall be made in accordance with this Article XI of the Plan.

In addition, prior to the Effective Date, the TSN Debtors (with the reasonable consent of the Plan Sponsor) may make appropriate technical adjustments and modifications to the Plan, without further order or approval of the Bankruptcy Court; provided, however, that such technical adjustments and modifications do not adversely affect in a material way the treatment of holders of Claims or Interests.

(ii) *Effect of Confirmation on Modifications*

Entry of a Confirmation Order shall mean that all modifications or amendments to the Plan occurring after the solicitation thereof are approved pursuant to section 1127(a) of the Bankruptcy Code and do not require additional disclosure or re-solicitation under Bankruptcy Rule 3019.

(iii) *Revocation or Withdrawal of the Plan*

The TSN Debtors (with the reasonable consent of the Plan Sponsor) reserve the right to revoke or withdraw the Plan (including any or all of the individual Plans for the TSN Debtors) before the Effective Date and to file subsequent chapter 11 plans. In addition, the TSN Debtors (with the reasonable consent of the Plan Sponsor) reserve the right to seek confirmation of some, but not all of the chapter 11 Plans for the TSN Debtors. If the TSN Debtors revoke or withdraw the Plan (or one or more of the individual Plans), or if Confirmation or the Effective Date does not occur, then: (1) the Plan shall be null and void in all respects; (2) any settlement or compromise embodied in the Plan (including the fixing or limiting to an amount certain of any Claim or Interest or Class of Claims or Interests), assumption or rejection of Executory Contracts or Unexpired Leases effected by the Plan, and any document or agreement executed pursuant to the Plan, shall be deemed null and void; and (3) nothing contained in the Plan shall: (a) constitute a waiver or release of any Claims or Interests or Claims by any TSN Debtor against any other Entity; (b) prejudice in any manner the rights of such Debtor or any other Entity; or (c) constitute an admission, acknowledgement, offer or undertaking of any sort by such Debtor or any other Entity.

K. RETENTION OF JURISDICTION

Notwithstanding the entry of the Confirmation Order and the occurrence of the Effective Date, on and after the Effective Date, the Bankruptcy Court shall retain such jurisdiction over the Chapter 11 Cases and all matters, arising out of or related to, the Chapter 11 Cases and the Plan including jurisdiction to:

- allow, disallow, determine, liquidate, classify, estimate or establish the priority, Secured or Unsecured status or amount of any Claim or Interest, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the Secured or Unsecured status, priority, amount or allowance of Claims;

- ensure that distributions to holders of Allowed Claims are accomplished pursuant to the provisions of the Plan;

- enter and implement such orders as are necessary or appropriate if the Confirmation Order is for any reason modified, stayed, reversed, revoked or vacated;
- determine any other matters that may arise in connection with or relate to the Plan, the Disclosure Statement, the Confirmation Order or any contract, instrument, release, indenture or other agreement or document created in connection with the Plan or the Disclosure Statement;

- hear any other matter not inconsistent with the Bankruptcy Code; and

L. MISCELLANEOUS PROVISIONS

(i) *Immediate Binding Effect*

Subject to Article X.B of the Plan, and notwithstanding Bankruptcy Rules 3020(e), 6004(h) or 7062 or any other Bankruptcy Rule, upon the occurrence of the Effective Date, the terms of the Plan and the Plan Supplement shall be immediately effective and enforceable and deemed binding upon the TSN Debtors, the Reorganized TSN Debtors and any and all holders of Claims or Interests (irrespective of whether such Claims or Interests are deemed to have accepted the Plan), all Entities that are parties to or are subject to the settlements, compromises, releases, discharges and injunctions described in the Plan, each Entity acquiring property under the Plan, and any and all non-Debtor parties to Executory Contracts and Unexpired Leases with the TSN Debtors.

(ii) *Dissolution of Creditors' Committee*

On the Effective Date, the Creditors' Committee shall dissolve and members thereof shall be released and discharged from all rights, duties, responsibilities and obligations from or related to the Chapter 11 Cases. In addition, the retention and employment of the Creditors' Committee's attorneys, accountants and other agents shall terminate on the Effective Date; provided, however, that the Creditors' Committee and employment of its attorneys, accountants and other agents shall survive solely for the purposes of representing its constituents in connection with all applications by Professionals for final compensation and reimbursement of expenses.⁸⁵

(iii) *Severability of Plan Provisions*

If, before Confirmation of the Plan, any term or provision of the Plan is held by the Bankruptcy Court or any other court exercising jurisdiction to be invalid, void or unenforceable, the Bankruptcy Court or other court exercising jurisdiction shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration or interpretation, the remainder of the terms and provisions of the Plan will remain in full force and effect and will in no way be affected, impaired or invalidated by such holding, alteration or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of the Plan, as it may have been altered or interpreted in accordance with the foregoing, is: (1) valid and enforceable pursuant to its terms; (2) integral to the Plan and may not be deleted or modified without the TSN Debtors' consent; and (3) nonseverable and mutually dependent.

(iv) *Votes Solicited in Good Faith*

Upon entry of the Confirmation Order, the TSN Debtors will be deemed to have solicited votes on the Plan in good faith and in compliance with the Bankruptcy Code and any applicable non-bankruptcy law, and pursuant to section 1125(e) of the Bankruptcy Code, the TSN Debtors and their respective Affiliates, agents, representatives, members, principals, shareholders, officers, directors, employees, advisors and attorneys will be deemed to have participated in good faith and in compliance with the Bankruptcy Code in the offer, issuance, sale and purchase of Plan securities offered and sold under the Plan, and, therefore, will have no liability for the violation of any

⁸⁵ The Creditors' Committee contends that it should also survive for the purpose of representing its constituents in connection with any appeals or other challenges or matters with respect to the Confirmation Order (but such functions shall relate solely to services performed related to such appeal, challenges or matters).

applicable law, rule or regulation governing the solicitation of votes on the Plan or the offer, issuance, sale or purchase of the New Common Stock or New Preferred Stock offered and sold under the Plan.

(v) Closing of Chapter 11 Cases

The Reorganized TSN Debtors shall, promptly after the full administration of the Chapter 11 Cases, file with the Bankruptcy Court all documents required by Bankruptcy Rule 3022 and any applicable order of the Bankruptcy Court to close the Chapter 11 Cases.

(vi) Conflicts

Except as set forth in the Plan, to the extent that any provision of the Disclosure Statement or any other order (other than the Confirmation Order) referenced in the Plan (or any exhibits, schedules, appendices, supplements or amendments to any of the foregoing), conflict with or are in any way inconsistent with any provision of the Plan, the Plan shall govern and control; *provided, however*, that if there is a conflict between the Plan and a Plan Supplement document, the Plan Supplement document shall govern and control; and *provided further, however*, that to the extent that any provision of the Plan conflicts with or is in any way inconsistent with any provision of the Confirmation Order, the Confirmation Order shall govern and control.

IX.
SOLICITATION AND VOTING PROCEDURES

This Disclosure Statement, accompanied by a ballot or ballots to be used for voting on the Plan, is being distributed to the holders of Claims in Classes 3, 5, 6(a), 6(b) and 7. Only the holders of Claims in these Classes are entitled to vote to accept or reject the Plan and may do so by completing the ballot and returning it in the envelope provided. Additionally, a discussion of the procedures used to tabulate the votes cast for or against the Plan can be found in **Exhibit B**, attached hereto and are incorporated herein by reference and should be read in conjunction with this Disclosure Statement and in formulating a decision to vote to accept or reject the Plan.

The TSN Debtors, with the approval of the Bankruptcy Court, have engaged GCG as their Voting Agent to assist in the solicitation process. The Voting Agent will, among other things, answer questions, provide additional copies of all solicitation materials, and generally oversee the solicitation process for their assigned Claims. The Voting Agent will also process and tabulate ballots for each of their respective Classes that are entitled to vote to accept or reject the Plan and will file a voting report as soon as practicable before the Confirmation Hearing.

A. Holders of Claims Entitled to Vote on the Plan

Under the provisions of the Bankruptcy Code, not all holders of claims against and interests in a debtor are entitled to vote on a chapter 11 plan. As shown in the table below, the TSN Debtors are soliciting votes to accept the Plan only from holders of Claims and Interests in Classes 3, 5, 6(a), 6(b) and 7 (collectively, the “***Voting Classes***”). The holders of Claims in the Voting Classes are Impaired under the Plan and are receiving property under the Plan. Therefore, holders of Claims in the Voting Classes have the right to vote to accept or reject the Plan.

The TSN Debtors are **not** soliciting votes from (a) holders of Unimpaired Claims in Classes 1, 2, 4 and 10 because those parties are conclusively presumed to have accepted the Plan or (b) holders of Interests in Class 8 and 9 because those parties are conclusively presumed to have rejected the Plan. The following table provides a summary of the status and voting rights of each Class (and, therefore, of each holder within such Class) under the Plan:

SUMMARY OF STATUS AND VOTING RIGHTS

Class	Status	Voting Rights
1 Other Priority Claims	Unimpaired	No (deemed to accept)
2 Other Secured Claims	Unimpaired	No (deemed to accept)
3 Senior Secured Notes Claims	Impaired	Yes
4 PMCA Claims	Unimpaired	No (deemed to accept)
5 Senior Exchangeable Notes Claims	Impaired	Yes
6(a) Other Unsecured Claims	Impaired	Yes
6(b) Other Unsecured Claims Against 088	Impaired	Yes
6(c) Other Unsecured Claims	Impaired	No (deemed to reject)
6(d) Other Unsecured Claims Against 088	Impaired	No (deemed to reject)

Class	Status	Voting Rights
6(e) Other Unsecured Claims	Impaired	No (deemed to reject)
6(f) Other Unsecured Claims Against 088	Impaired	No (deemed to reject)

8 Senior Secured Notes Deficiency	Impaired	No (deemed to reject)
9 Equity Interests	Impaired	No (deemed to reject)
10 088 Interests	Unimpaired	No (deemed to accept)

B. Voting Record Date

The Voting Record Date is 5:00 p.m. Prevailing Eastern Time on December 28, 2010. The Voting Record Date is the date on which it will be determined which holders of Claims and Interests in the Voting Classes are entitled to vote to accept or reject the Plan and whether Claims and Interests have been properly assigned or transferred under Bankruptcy Rule 3001(e) such that an assignee can vote as the holder of a Claim or Interest.

C. Voting on the Plan

The Voting Deadline is 5:00 p.m. Prevailing Eastern Time on February 18, 2011. In order to be counted as votes to accept or reject the Plan, all Ballots, Note Ballots and Note Master Ballots must be properly executed, completed and delivered (either by using the return envelope provided, by first class mail, overnight courier or personal delivery) so that it is **actually received** on or before the Voting Deadline by either the Voting and Claims Agent at the following address:

D. Ballots, Note Ballots or Master Ballots Not Counted

No Ballot, Note Ballot or Master Ballot will be counted toward Confirmation if, among other things:

(a) it is illegible or contains insufficient information to permit the identification of the holder of the Claim or Interest; (b) it was transmitted by facsimile or other electronic means; (c) it was cast by an entity that is not entitled to vote on the Plan; (d) it was cast for a Claim listed in the Schedules as contingent, unliquidated or disputed for which the applicable bar date has passed and no proof of claim was timely filed; (e) it was cast for a Claim that is subject to an objection pending as of the Record Date (unless temporarily or finally allowed in accordance with the Solicitation and Voting Procedures); (f) it was sent to the TSN Debtors, the TSN Debtors' agents/representatives (other than the Voting and Claims Agent), an indenture trustee or the Debtors' financial or legal advisors instead of to the Claims and Voting Agent; (g) it is unsigned; or (h) it is not marked to either accept or reject the Plan or it is marked both to accept and reject the Plan. **Please refer to the Voting and Tabulation Procedures set forth in Exhibit H hereto for additional requirements with respect to voting to accept or reject the Plan.**

**IF YOU HAVE ANY QUESTIONS ABOUT THE SOLICITATION OR VOTING PROCESS,
PLEASE CONTACT THE VOTING AND CLAIMS AGENT. ANY BALLOT, NOTE BALLOT OR MASTER
BALLOT RECEIVED AFTER THE VOTING DEADLINE OR OTHERWISE NOT IN COMPLIANCE
WITH THE VOTING AND TABULATION PROCEDURES WILL NOT BE COUNTED.**

X.
CONFIRMATION OF THE PLAN

A. The Confirmation Hearing

Section 1128(a) of the Bankruptcy Code requires the Bankruptcy Court, after notice, to hold a hearing to consider Confirmation. Section 1128(b) of the Bankruptcy Code provides that any party in interest may object to Confirmation.

The Bankruptcy Court has scheduled the Confirmation Hearing for **March 4, 2011 at 10:00 a.m.** (Prevailing Eastern Time) before the Honorable Judge Sean H. Lane, United States Bankruptcy Judge, in the Bankruptcy Court, located at Alexander Hamilton Custom House, One Bowling Green, New York, New York 10004. The Confirmation Hearing may be adjourned from time to time without further notice except for an announcement of the adjourned date made at the Confirmation Hearing or any adjournment thereof.

B. Deadline to Object to Confirmation of the Plan

Objections to Confirmation must be filed and served at or before **5:00 p.m.** (Prevailing Eastern Time) on **February 21, 2011** in accordance with the notice of the Confirmation Hearing that accompanies this Disclosure Statement. This means that written objections to Confirmation, if any, that conform to the applicable provisions of the Disclosure Statement Order, the Bankruptcy Code, the Bankruptcy Rules and the Local Bankruptcy Rules, must be filed, together with a proof of service, with the Bankruptcy Court and served so as to be **actually received** on or before the Plan Objection Deadline by the following parties:

- Counsel to the Debtors: Akin Gump Strauss Hauer & Feld LLP, Attn: Ira Dizengoff and Arik Preis, One Bryant Park, New York, New York, 10036;
- Counsel to the Plan Sponsor: Willkie Farr & Gallagher LLP, Attn: Matthew A. Feldman and Rachel Strickland, 787 Seventh Avenue, New York, New York 10019-6099
- Counsel to the Ad Hoc Group: Kirkland & Ellis LLP, Attn: Jonathan S. Henes and Christopher T. Greco, 601 Lexington Avenue, New York, New York 10022
- U.S. Trustee: Office of the United States Trustee for the Southern District of New York, Attn: Susan Golden, Whitehall Street, 21st Floor, New York, New York 10004.

Unless objections to Confirmation are timely served and Filed, they may not be considered by the Bankruptcy Court.

C. Confirmation Hearing

The Confirmation Hearing will commence at 10:00 a.m. Prevailing Eastern Time on March 4, 2011. The Confirmation Hearing will be held before the Honorable Sean H. Lane in the Bankruptcy Court, One Bowling Green, New York, New York 10004-1408. At least 28 days before the Voting Deadline, the TSN Debtors will (a) serve the Confirmation Hearing Notice upon all known creditors of the TSN Debtors and (b) publish the Confirmation Hearing Notice in the national editions of *The Washington Post*, *USA Today* and *The Globe and Mail* (*national edition*), which will contain, among other things, details regarding voting on and objecting to Confirmation, including the Voting Deadline and the Plan Objection Deadline, and the date, time and location of the Confirmation Hearing. The Confirmation Hearing Notice will also be posted on the TSN Debtors' restructuring website www.TerreStarInfo.com. **The Confirmation Hearing may be adjourned from time to time without further notice except for an announcement of the adjourned date made at the Confirmation Hearing or any adjournment thereof.**

D. Requirements for Confirmation of the Plan

Among the requirements for Confirmation are the following: (i) the Plan is accepted by all impaired Classes of Claims or, if the Plan is rejected by an impaired Class, that it “does not discriminate unfairly” and is “fair and equitable” as to such Class; (ii) the Plan is feasible; and (iii) the Plan is in the “best interests” of holders of Claims and Interests that are impaired under its provisions.

At the Confirmation Hearing, the Bankruptcy Court will determine whether the Plan satisfies the requirements of section 1129 of the Bankruptcy Code. The TSN Debtors believe that the Plan satisfies or will satisfy all of the necessary requirements of chapter 11 of the Bankruptcy Code. Specifically, in addition to other applicable requirements, the TSN Debtors believe that the Plan satisfies or will satisfy the applicable Confirmation requirements of section 1129 of the Bankruptcy Code set forth below:

- The Plan complies with the applicable provisions of the Bankruptcy Code.
- The TSN Debtors, as the Plan proponents, have complied with the applicable provisions of the Bankruptcy Code.
- The Plan has been proposed in good faith and not by any means forbidden by law.
- Any payment made or promised under the Plan for services or for costs and expenses in, or in connection with, the chapter 11 cases, or in connection with the Plan and incident to the case, has been disclosed to the Bankruptcy Court, and any such payment: (i) made before Confirmation is reasonable or (ii) subject to the approval of the Bankruptcy Court is reasonable, if it is to be fixed after Confirmation.
- Either each holder of an impaired Claim or Interest in the TSN Debtors has accepted (or is deemed to have accepted) the Plan, or each non-accepting creditor will receive or retain under the Plan on account of such Claim or Interest, property of a value, as of the Effective Date of the Plan, that is not less than the amount that the holder would receive or retain if the TSN Debtors were liquidated on that date under chapter 7 of the Bankruptcy Code.
- Each Class of Claims or Interests that is entitled to vote on the Plan will have accepted the Plan, or the Plan can be confirmed without the approval of the Class pursuant to section 1129(b) of the Bankruptcy Code.
- Except to the extent that the holder of a particular Claim will agree to a different treatment of its Claim, the Plan provides that Administrative Claims and Priority Non-Tax Claims will be paid in full on the Effective Date, or as soon thereafter as is reasonably practicable.
- At least one Class of impaired Claims will have accepted the Plan, determined without including any acceptance of the Plan by any insider holding a Claim in that Class.
- Confirmation of the Plan is not likely to be followed by the liquidation or the need for further financial reorganization of the TSN Debtors or any successors thereto under the Plan.
- All fees of the type described in 28 U.S.C. § 1930, including the fees of the U.S. Trustee, will be paid as of the Effective Date.

E. Standards Applicable to Releases

Article IX of the Plan provides for releases of certain claims against non-Debtors in consideration of services provided to the estates and investments made by the released parties. The non-Debtor released parties are: (a) the current and former directors and officers of the TSN Debtors who were directors or officers of the TSN Debtors as of or after the Petition Date; (b) the Backstop Parties; (c) the Plan Sponsor; (d) the DIP Lenders; (e) the

DIP Agent; (f) the Purchase Money Lenders; (g) the Creditors' Committee and the current and former members thereof; (h) Deloitte & Touche, Inc. in its capacity as information officer in the Canadian Proceedings; and (i) with respect to each of the foregoing Entities in clauses (a) through (h), such Entities' subsidiaries, affiliates, members, officers, directors, agents, financial advisors, accountants, investment bankers, consultants, attorneys, employees, partners, and representatives, in each case, only in their capacity as such. The releases are given by (i) the TSN Debtors; (ii) the Reorganized Debtors; and (iii) to the greatest extent permitted under applicable law, all holders of Claims or Interests against the TSN Debtors. The released claims are any and all claims or causes of action, including without limitation those in connection with, related to, or arising out of the Plan or the TSN Debtors' chapter 11 cases.

The United States Court of Appeals for the Second Circuit has determined that releases of non-debtors may be approved as part of a chapter 11 plan of reorganization if there are "unusual circumstances" that render the release terms important to the success of the plan. *Deutsche Bank AG, London Branch v. Metromedia Fiber Network, Inc. (In re Metromedia Fiber Network, Inc.)*, 416 F.3d 136, 143 (2d Cir. 2005). Courts have approved releases of non-debtors when: (i) the estate received substantial consideration; (ii) the enjoined claims were channeled to a settlement fund rather than extinguished; (iii) the enjoined claims would indirectly impact the reorganization by way of indemnity or contribution; (iv) the plan otherwise provided for the full payment of the enjoined claims; and (v) the affected creditors consent to the release. *Id.* at 142.

Before a determination can be made as to whether releases are appropriate as warranted by "unusual circumstances," the United States Court of Appeals for the Second Circuit has concluded that there is a threshold jurisdictional inquiry as to whether the Bankruptcy Court has subject matter jurisdiction to grant such releases. *In re Johns-Manville Corp.*, 517 F.3d 52, 65 (2d Cir. 2008); *see also In re Dreier LLP*, 429 B.R. 112, 132 (Bankr. S.D.N.Y. 2010) (finding no jurisdiction to approve releases of claims that did not affect the estate); *In re Metcalf & Mansfield Alternative Investments*, 421 B.R. 685, 695 (Bankr. S.D.N.Y. 2010) (discussing and approving releases in a case under chapter 15 of the Bankruptcy Code). Courts have jurisdiction over a third party cause of action or claim if it will "directly and adversely impact the reorganization." *Dreier*, 429 B.R. at 132. Conversely, the court may lack jurisdiction if the released claim is one that would "not affect the property of the estate or the administration of the estate." *Id.*, 429 B.R. at 133. Here, all of the released claims would "directly and adversely impact the reorganization" of the TSN Debtors' estates. Each of the entities and individuals granted a release under the Plan would have a potential claim for indemnification and contribution against the TSN Debtors for any liabilities incurred on such claims, as well as any expenses incurred to defend against such claims. If the TSN Debtors had to satisfy indemnification and contribution claims by the Released Parties, such claims would reduce the recoveries to the unsecured creditors of the TSN Debtors. The TSN Debtors' estates therefore would be directly and adversely impacted if the released claims were pursued and the Bankruptcy Court has jurisdiction to approve them as part of the Plan.

The TSN Debtors believe that the releases set forth in the Plan are appropriate because, among other things, each of the Released Parties afforded value to the TSN Debtors and aided in the reorganization process. The TSN Debtors believe that the Released Parties played an integral role in the formulation of the Plan and have expended significant time and resources analyzing and negotiating the issues presented by the TSN Debtors' prepetition capital structure. Certain parties in interest, including the Creditors' Committee and Harbinger, have asserted that the releases contained in the Plan are overbroad and do not comport with applicable case law. The TSN Debtors disagree and will support the releases at the Confirmation Hearing.

F. Best Interests of Creditors/Liquidation Analysis

Often called the "best interests" test, section 1129(a)(7) of the Bankruptcy Code requires that a bankruptcy court find, as a condition to confirmation, that a chapter 11 plan provides, with respect to each class, that each holder of a claim or an interest in such class either (i) has accepted the plan or (ii) will receive or retain under the plan property of a value, as of the effective date of the plan, that is not less than the amount that such holder would receive or retain if the debtors liquidated under chapter 7 of the Bankruptcy Code. To make these findings, a bankruptcy court must: (i) estimate the cash liquidation proceeds that a chapter 7 trustee would generate if each of the debtor's chapter 11 cases were converted to a chapter 7 case and the assets of such debtor's estate were liquidated; (ii) determine the liquidation distribution that each non-accepting holder of a claim or an interest would receive from such liquidation proceeds under the priority scheme dictated in chapter 7; and (iii) compare the

holder's liquidation distribution to the distribution under the plan that the holder would receive if the plan were confirmed and consummated.

To satisfy the requirements of section 1129(a)(7) of the Bankruptcy Code, the TSN Debtors, together with their retained advisors, prepared the liquidation analysis attached hereto as **Exhibit D** to this Disclosure Statement (the "**Liquidation Analysis**"). Based on the Liquidation Analysis, the Debtors believe that holders of Claims against the TSN Debtors will receive equal or greater value as of the Effective Date under the Plan than such holders would receive in a chapter 7 liquidation and that the Plan will therefore meet the "best interests" test provided in section 1129(a)(7) of the Bankruptcy Code.

Certain creditors contend that TSN Debtors may be able to monetize the TerreStar-2 satellite by rejecting the agreement with Loral related to TerreStar-2 and, accordingly, the Liquidation Analysis should take such monetization into account. The TSN Debtors believe that their ability to monetize TerreStar-2 in this manner and based upon the language in their agreement with Loral is a litigable issue. Further, even if such monetization were successful, it would likely have little to no impact on recoveries under the Plan because of, among other things, the deficiency claim of the Senior Secured Noteholders. The TSN Debtors believe that the Liquidation Analysis as described in Exhibit D is not only correct and reasonable, but it provides for a liquidation methodology that results in the best possible outcome for unsecured creditors of any alternate liquidation scenario.

G. Feasibility/Financial Projections

Section 1129(a)(11) of the Bankruptcy Code requires that confirmation of the plan of reorganization is not likely to be followed by the liquidation or the need for further financial reorganization of the debtor, or any successor to the debtor (unless such liquidation or reorganization is proposed in the plan of reorganization).

To determine whether the Plan meets this feasibility requirement, the TSN Debtors have analyzed their ability to meet their respective obligations under the Plan. As part of this analysis, the TSN Debtors have prepared the projections, attached to this Disclosure Statement as **Exhibit E**. Based upon the projections, the TSN Debtors believe that they will be a viable entity following the chapter 11 cases and that the Plan will meet the feasibility requirements of the Bankruptcy Code.⁸⁶

THE PROJECTIONS ATTACHED AS EXHIBIT E, INCLUDING THE UNDERLYING ASSUMPTIONS⁸⁷, SHOULD BE CAREFULLY REVIEWED IN EVALUATING THE PLAN. THE PROJECTIONS WERE PREPARED IN NOVEMBER 2010. WHILE MANAGEMENT BELIEVES THE ASSUMPTIONS UNDERLYING THE PROJECTIONS, WHEN CONSIDERED ON AN OVERALL BASIS, WERE REASONABLE WHEN PREPARED IN LIGHT OF CURRENT CIRCUMSTANCES AND EXPECTATIONS, NO ASSURANCE CAN BE GIVEN THAT THE PROJECTIONS WILL BE REALIZED. THE TSN DEBTORS MAKE NO REPRESENTATION OR WARRANTY AS TO THE ACCURACY OF THE PROJECTIONS.

H. Acceptance by Impaired Classes

The Bankruptcy Code requires that, except as described in the following section, each impaired class of claims or interests must accept a plan in order for it to be confirmed. A class that is not "impaired" under a plan is deemed to have accepted the plan and, therefore, solicitation of acceptances with respect to the class is not required. A class is "impaired" unless the plan: (i) leaves unaltered the legal, equitable and contractual rights to which the

⁸⁶ Certain creditors, including the Creditors' Committee assert that the Plan may not be feasible and may object to Confirmation of the Plan on that ground.

⁸⁷ Among other things, and as more fully set forth in Exhibit E, the Plan is based on a \$125 million rights offering (which assumes that \$125 million will be backstopped by EchoStar). The Overallotment related to the backstop, which may be exercised by the Plan Sponsor in its sole discretion, is included in the estimated recoveries.

claim or the interest entitles the holder of the claim or interest; or (ii) cures any default, reinstates the original terms of such obligation, compensates the holder for certain damages or losses, as applicable, and does not otherwise alter the legal, equitable or contractual rights to which such claim or interest entitles the holder of such claim or interest.

Section 1126(c) of the Bankruptcy Code defines acceptance of a plan by a class of impaired claims as acceptance by holders of at least two-thirds in dollar amount and more than one-half in number of allowed claims in that class, counting only those claims that actually voted to accept or to reject the plan. Thus, a class of claims will have voted to accept the plan only if two-thirds in amount and a majority in number actually voting cast their ballots in favor of acceptance. For a class of impaired interests to accept a plan, section 1126(d) of the Bankruptcy Code requires acceptance by interest holders that hold at least two-thirds in amount of the allowed interests of such class, counting only those interests that actually voted to accept or reject the plan. Thus, a class of interests will have voted to accept the plan only if two-thirds in amount actually voting cast their ballots in favor of acceptance.

I. Confirmation Without Acceptance by All Impaired Classes/Fair and Equitable Test

Section 1129(b) of the Bankruptcy Code allows a bankruptcy court to confirm a plan even if all impaired classes have not accepted the plan, *provided* that the plan has been accepted by at least one impaired class. Pursuant to section 1129(b) of the Bankruptcy Code, notwithstanding an impaired class rejection or deemed rejection of the plan, the plan will be confirmed, at the plan proponent's request, in a procedure commonly known as "cramdown," so long as the plan does not "discriminate unfairly" and is "fair and equitable" with respect to each class of claims or interests that is impaired under, and has not accepted, the plan.

(i) No Unfair Discrimination

Often referred to as the "vertical test," this test applies to classes of claims or interests that are of equal priority and are receiving different treatment under a proposed plan. The test does not require that the treatment be the same or equivalent, but that such treatment be "fair." In general, bankruptcy courts consider whether a plan discriminates unfairly in its treatment of classes of claims of equal rank (*e.g.*, classes of the same legal character). Bankruptcy courts will take into account a number of factors in determining whether a plan discriminates unfairly. A proposed plan could treat two classes of unsecured creditors differently without unfairly discriminating against either class.

According to the Ad Hoc Group, the proposed equity distribution to Class 3 may fail the Bankruptcy Code's requirement that the Plan "not unfairly discriminate." The Ad Hoc Group believes that the current structure of the Plan raises doubts as to the TSN Debtors' compliance with this provision of the Bankruptcy Code. Specifically, the Ad Hoc Group believes that the alleged lack of minority shareholder protections provided to shareholders in the Reorganized TSN Debtors other than EchoStar, result in EchoStar receiving better treatment under the Plan than similarly situated creditors (*i.e.*, other holders of the Senior Secured Notes). The TSN Debtors disagree with any assertion that EchoStar is receiving better treatment under the Plan than similarly situated creditors because, among other things, EchoStar is receiving, on account of its Senior Secured Notes Claims, on a pro rata basis, the same treatment in Class 3 as all other holders of Senior Secured Notes Claims. In addition, the EPCA has been modified to, subject to certain conditions, (a) permit Senior Secured Noteholders who wish to backstop the Rights Offering to do so and to purchase non-backstopped unsubscribed shares pursuant to a right of first refusal on a pro rata basis, according to the amount of their holdings; (b) provide that the 3% Backstop Commitment Fee is payable to each such Backstop Party on a pro rata basis; and (c) permit Senior Secured Noteholders to participate in the Overallotment, to the extent exercised, on a pro rata basis. The Ad Hoc Group has approached the TSN Debtors and EchoStar regarding a proposed minority shareholder rights agreement. These negotiations are ongoing, but, to date, no agreement has been reached. Nevertheless, as a part of the revised EPCA, the Senior Secured Noteholders have been provided with the Equity Term Sheet annexed hereto as Exhibit P and summarized in Article VIII.D.ix hereof.

(ii) Fair and Equitable Test

Often referred to as the "horizontal test," this test applies to classes of different priority and status (*e.g.*, secured versus unsecured) and includes the general requirement that no class of claims receive more than 100% of

the amount of the allowed claims in such class. As to the dissenting class, this test sets different standards depending upon the type of claims or interests in such class:

a. Secured Claims

The condition that a plan be “fair and equitable” to a non-accepting class of secured claims includes the requirements that: (i) the holders of such secured claims retain the liens securing such claims to the extent of the allowed amount of the claims, whether the property subject to the liens is retained by the debtor or transferred to another entity under the Plan; and (ii) each holder of a secured claim in the class receives deferred cash payments totaling at least the allowed amount of such claim with a value, as of the effective date of the plan, at least equivalent to the value of the secured claimant’s interest in the debtor’s property subject to the liens.

b. Unsecured Claims

The condition that a plan be “fair and equitable” to a non-accepting class of unsecured claims includes the requirement that either: (i) the plan provides that each holder of a claim of such class receive or retain on account of such claim property of a value, as of the effective date of the plan, equal to the allowed amount of such claim; or (ii) the holder of any claim or any interest that is junior to the claims of such class will not receive or retain under the plan on account of such junior claim or junior interest any property, subject to certain exceptions.

c. Interests

The condition that a plan be “fair and equitable” to a non-accepting class of interests includes the requirements that either: (i) the plan provides that each holder of an interest in that class receives or retains under the plan on account of that Interest property of a value, as of the effective date of the plan, equal to the greater of: (A) the allowed amount of any fixed liquidation preference to which such holder is entitled; (B) any fixed redemption price to which such holder is entitled; or (C) the value of such interest; or (ii) if the class does not receive the amount as required under (i) hereof, no class of interests junior to the non-accepting class may receive a distribution under the plan.

If any impaired Class rejects the Plan, the TSN Debtors reserve the right to seek Confirmation of the Plan utilizing the “cramdown” provision of section 1129(b) of the Bankruptcy Code. Specifically, to the extent that any Impaired Class rejects the Plan or is deemed to have rejected the Plan, the TSN Debtors will request Confirmation of the Plan, as it may be modified from time to time, under section 1129(b) of the Bankruptcy Code. The TSN Debtors reserve the right to alter, amend, modify, revoke or withdraw the Plan prior to Confirmation, including to amend or modify the Plan to satisfy the requirements of section 1129(b) of the Bankruptcy Code.

The TSN Debtors submit that if the TSN Debtors “cramdown” the Plan pursuant to section 1129(b) of the Bankruptcy Code, the Plan is structured such that it does not “discriminate unfairly” and satisfies the “fair and equitable” requirement. The TSN Debtors believe that the Plan and the treatment of all Classes of Claims and Interests under the Plan satisfy the foregoing requirements for nonconsensual Confirmation of the Plan.

J. Valuation of the TSN Debtors

In conjunction with formulating the Plan, the TSN Debtors determined that it was necessary to estimate the post-Confirmation going-concern value of the Reorganized Debtors (the “*Valuation Analysis*”). The Valuation Analysis is set forth on the exhibit attached hereto as **Exhibit F**.

THE VALUATION INFORMATION SET FORTH ON EXHIBIT F REPRESENTS A HYPOTHETICAL VALUATION OF THE REORGANIZED DEBTORS, WHICH ASSUMES THAT SUCH REORGANIZED DEBTORS CONTINUE AS AN OPERATING BUSINESS. THE ESTIMATED VALUE SET FORTH ON EXHIBIT F DOES NOT PURPORT TO CONSTITUTE AN APPRAISAL OR NECESSARILY REFLECT THE ACTUAL MARKET VALUE THAT MIGHT BE REALIZED THROUGH A SALE OR LIQUIDATION OF THE REORGANIZED DEBTORS, THEIR SECURITIES OR THEIR ASSETS, WHICH VALUE MAY BE SIGNIFICANTLY HIGHER OR LOWER THAN THE ESTIMATE SET FORTH IN THIS SECTION. ACCORDINGLY, SUCH ESTIMATED VALUE IS NOT NECESSARILY INDICATIVE OF THE PRICES AT WHICH THE NEW COMMON STOCK OR OTHER SECURITIES OF REORGANIZED TSN MAY TRADE

AFTER GIVING EFFECT TO THE REORGANIZATION AND TRANSACTIONS SET FORTH IN THE PLAN, WHICH PRICES MAY BE SIGNIFICANTLY HIGHER OR LOWER THAN INDICATED BY THIS VALUATION.

Certain creditors may object to the TSN Debtors' Valuation Analysis in connection with Confirmation of the Plan. In connection with a potential litigation with respect to the Valuation Analysis, Sprint has requested a litigation schedule be determined and included in any order approving the Debtors' Solicitation and Rights Offering Procedures. The TSN Debtors have informed Sprint that they intend to work with all parties who intend to object to confirmation of the Plan on a scheduling order at the appropriate time after approval of the Disclosure Statement. Additionally, Sprint has objected to the Disclosure Statement on the grounds that the valuation and projections need to reflect that revenue may be generated from other revenue streams other than TSN Debtors' distribution contact with AT&T. The TSN Debtors' valuation and projections are based on management's best estimate of future revenue streams, which does not include any revenue streams from the Roam-In Business other than such AT&T contract, and does not include any one-time consideration payments similar to a \$40 million payment which was made in the past by LightSquared/Harbinger as part of their efforts to enter into a pooling arrangement with the TSN Debtors.

K. Effect of Confirmation and Consummation of the Plan

Following Confirmation, subject to Article X of the Plan, the Plan will be consummated on the Effective Date. Among other things, on the Effective Date, certain release, injunction, exculpation and discharge provisions set forth in Article IX of the Plan will become effective. As such, it is important to read the provisions contained in Article IX of the Plan very carefully so that you understand how Confirmation and Consummation of the Plan – which effectuates such provisions – will affect you and any Claim you may hold against the TSN Debtors and other claim holders so that you cast your vote accordingly. Further discussion of the releases contemplated in the Plan is provided in section VIII of this Disclosure Statement.

XI.

RISK FACTORS

Holders of Claims and Interests should read and consider carefully the risk factors set forth below, as well as the other information set forth in this Disclosure Statement and the documents delivered together herewith, referred to or incorporated by reference herein, before voting to accept or reject the Plan. Although these risk factors are many, these factors should not be regarded as constituting the only risks present in connection with the TSN Debtors' business or the Plan and its implementation.

A. Risks Related to Confirmation of the Plan

(i) *The TSN Debtors may not be able to obtain Confirmation of the Plan.*

To emerge successfully from chapter 11 as a viable business, the TSN Debtors, like any debtor, must obtain approval of a plan of reorganization, and thereafter confirm and successfully implement the Plan. This process requires the TSN Debtors to (a) meet certain statutory requirements concerning the adequacy of disclosure with respect to any proposed plan; (b) solicit and obtain creditor acceptances of the proposed plan; and (c) fulfill other statutory conditions with respect to plan confirmation.

With regard to any proposed plan of reorganization, the TSN Debtors may not receive the requisite acceptances to confirm the Plan. If the requisite acceptances of the Plan are received, the TSN Debtors intend to seek Confirmation by the Bankruptcy Court. If the requisite acceptances are not received, the TSN Debtors may nevertheless seek Confirmation notwithstanding the dissent of certain Classes of Claims. The Bankruptcy Court may confirm the Plan pursuant to the “cramdown” provisions of the Bankruptcy Code, which allows the Bankruptcy Court to confirm a plan that has been rejected by an “impaired” class of claims if it determines that the plan satisfies section 1129(b) of the Bankruptcy Code. To confirm a plan over the objection of a dissenting class, a bankruptcy court also must find that at least one impaired class has accepted the plan, with such acceptance being determined without including the acceptance of any “insider” in such class.

The Ad Hoc Group asserts that there is an argument that EchoStar and/or Harbinger may be considered “insiders” pursuant to section 101(31)(E) of the Bankruptcy Code. The Ad Hoc Group believes that the votes of EchoStar and/or Harbinger may not be counted for purposes of fulfilling the requirements of section 1129(a)(10) of the Bankruptcy Code. In such a situation, and for at least one class of creditors in which EchoStar and/or Harbinger are a member of (or for any class of creditors in which neither EchoStar nor Harbinger are a member of), more than two-thirds in amount and more than one-half in number of the remaining creditors in such class will be required to vote in favor of the Plan in order for the Plan to be confirmed, and the TSN Debtors will be forced to “cram down” any remaining classes of creditors that vote to reject the Plan pursuant to section 1129(b) of the Bankruptcy Code. Further, in a situation where the vote of EchoStar is not counted for purposes of section 1129(a)(10) of the Bankruptcy Code, in order for Class 3 (the Senior Secured Notes Claims) to vote in favor of the Plan for purposes of section 1129(a)(10) of the Bankruptcy Code, one or more members of the Ad Hoc Group will need to vote in favor of the Plan for Class 3 to vote in favor of the Plan.⁸⁸

The Ad Hoc Group also asserts that even if one or both of EchoStar and Harbinger is not deemed to be an “insider” of the TSN Debtors, given the amount and numerosity requirements of section 1126 of the Bankruptcy Code, it may still be difficult to confirm the Plan without the affirmative votes of those holders of Senior Secured Notes that comprise the Ad Hoc Group. Accordingly, the Ad Hoc Group asserts that the affirmative vote of the Ad Hoc Group may be required to confirm the Plan.

As stated herein, the TSN Debtors do not believe that EchoStar meets the statutory predicates to be deemed an “insider” for purposes of section 1129(a)(10) of the Bankruptcy Code.

⁸⁸ Even if EchoStar and/or Harbinger were considered an “insider”, such parties’ votes would need to be counted for purposes of section 1129(a)(8) of the Bankruptcy Code.

If the holders of the claims in Class 3 vote as a class to reject the Plan, the Ad Hoc Group also asserts that the TSN Debtors may not be able to “cram down” the Plan on Class 3 because, according to the Ad Hoc Group, the proposed equity distribution to Class 3 may fail the Bankruptcy Code’s requirement that the Plan “not unfairly discriminate.” The Ad Hoc Group believes that the current structure of the Plan raises doubts as to the TSN Debtors’ compliance with this provision of the Bankruptcy Code. Specifically, the Ad Hoc Group believes that the alleged lack of minority shareholder protections provided to shareholders in the Reorganized TSN Debtors other than EchoStar, result in EchoStar receiving better treatment under the Plan than similarly situated creditors (i.e., other holders of the Senior Secured Notes). The TSN Debtors disagree with any assertion that EchoStar is receiving better treatment under the Plan than similarly situated creditors because, among other things, EchoStar is receiving, on account of its Senior Secured Notes Claims, on a pro rata basis, the same treatment in Class 3 as all other holders of Senior Secured Notes Claims. The Ad Hoc Group has approached the TSN Debtors and EchoStar regarding a proposed minority shareholder rights agreement. These negotiations are ongoing, but, to date, no agreement has been reached.

Additionally, the Ad Hoc Group asserts that the TSN Debtors may not be able to “cram down” the Plan on Class 3 because the proposed equity distribution to Class 3 may fail the Bankruptcy Code’s “fair and equitable” test.

Even if the requisite acceptances of the Plan are received, the Bankruptcy Court might not confirm the Plan as proposed. A dissenting holder of a Claim against or Interest in the TSN Debtors could challenge the balloting procedures and results as not being in compliance with the Bankruptcy Code. Further, even if the Bankruptcy Court determined that the balloting procedures and results were appropriate, the Bankruptcy Court could still decline to confirm the Plan if it found that any of the statutory requirements for confirmation had not been met. Specifically, section 1129 of the Bankruptcy Code sets forth the requirements for confirmation and requires, among other things, a finding by the Bankruptcy Court that (a) a debtor’s plan “does not unfairly discriminate” and is “fair and equitable” with respect to any non-accepting classes; (b) confirmation of the debtor’s plan is not likely to be followed by a liquidation or a need for further financial reorganization; and (c) the value of distributions to non-accepting holders of claims within a particular class under the debtor’s plan will not be less than the value of distributions such holders would receive if the debtor were liquidated under chapter 7 of the Bankruptcy Code. A bankruptcy court may determine that a proposed plan does not satisfy one or more of these requirements, in which case the proposed plan would not be confirmed by a bankruptcy court.

If the Plan is not confirmed by the Bankruptcy Court, it is unclear whether and when the TSN Debtors would be able to reorganize their businesses and what, if any, distributions holders of Claims or Interests ultimately would receive on account of their Claims or Interests. There also can be no assurance that the TSN Debtors will be able to successfully develop, prosecute, confirm and consummate an alternative plan of reorganization that is acceptable to the Bankruptcy Court and the TSN Debtors’ creditors and other parties in interest. Additionally, it is possible that third parties may seek and obtain approval to terminate or shorten the exclusive period under section 1121 of the Bankruptcy Code during which only the Debtors may propose and solicit votes on a plan of reorganization. Finally, the TSN Debtors’ emergence from bankruptcy is not assured. Although the TSN Debtors expect to emerge from bankruptcy, there can be no assurance that the TSN Debtors will successfully reorganize or of when this reorganization will occur.

(ii) *Parties in Interest may object to the Releases provided by the Plan.*

Certain creditors, including the Creditors’ Committee, have asserted that the TSN Debtors cannot demonstrate that they meet the standards for approval of non-consensual releases from third-parties established by the United States Court of Appeals for the Second Circuit. *See Deutsche Bank AG v. Metromedia Fiber Network, Inc. (In re Metromedia Fiber Network, Inc.)*, 416 F.3d 136, 143 (2d Cir. 2005). Harbinger further asserts that because they believe that approval of the releases is a condition to confirmation of the Plan and because they assert that EchoStar has a right to approve any modifications to the Plan, they assert that if the Court does not approve and EchoStar does not consent to deletion of the releases from the Plan, they assert that the Plan may not be confirmed.

(iii) *Parties in Interest may object to the TSN Debtors’ Classification of Claims and Equity Interests.*

Section 1122 of the Bankruptcy Code provides that a plan may place a claim or an interest in a particular class only if the claim or interest is substantially similar to the other claims or interests in that class. The TSN

Debtors believe that the classification of holders of claims against and holders of interests in the TSN Debtors under the Plan complies with the requirements set forth in the Bankruptcy Code because the classes established under the Plan each encompass claims or interests that are substantially similar to similarly classified claims or interests. Nevertheless, there can be no assurance that the Bankruptcy Court will reach the same conclusion.

In addition, parties in interest may object to the TSN Debtors' determination to separately classify (and offer different forms of consideration to) the Senior Exchangeable Notes and the Allowed Other Unsecured Claims. The TSN Debtors believe that the determination to separately classify these claimants is done for a legitimate business reason (i.e. the underlying claims of these holders are different in nature, obligor, maturity, etc.) and not for any reason intended to gerrymander the voting of these classes. The TSN Debtors' believe that their decision to distribute additional New Common Stock to holders of Allowed Other Unsecured Claims (in lieu of Rights) having a value equal to the Rights they otherwise would be entitled to is consistent with the Bankruptcy Code and supported by precedent in other chapter 11 cases.

(iv) *Parties in Interest may object to the TSN Debtors' Treatment of Claims and Equity Interests.*

Section 1129(b)(2)(B) of the Bankruptcy Code provides that, "with respect to a class of unsecured claims, the holder of any claim or interest that is junior to the claims of such class will not receive or retain under the plan on account of such junior claim or interest any property." 11 U.S.C §1129(b)(2)(B). Parties in interest may object to the TSN Debtors' determination to reinstate intercompany interests under the Plan for the sole purpose of maintaining and continuing the TSN Debtors' corporate structure in light of the fact that Other Unsecured Claims may not receive a distribution from certain TSN Debtors. The TSN Debtors believe that the treatment of classes of claims and interests in the TSN Debtors under the Plan complies with the requirements set forth in the Bankruptcy Code and case law in this District. See *Ion Media Networks, Inc. v. Cyrus Select Opportunities Master Fund, Ltd.*, 419 B.R. 585 (Bankr. S.D.N.Y. 2009) (holding that the debtors' retention of intercompany interests when certain classes senior to those interests were not paid in full did not violate absolute priority rule and stating that "this technical preservation of equity is a means to preserve the corporate structure that does not have any economic substance and that does not enable any junior creditor or interest holder to retain any value under the plan. The [p]lan's retention of intercompany equity interests for holding company purposes constitutes a device utilized to allow the [d]ebtors to maintain their organizational structure and avoid the unnecessary cost of having to reconstitute that structure."). Creditors may dispute that the treatment of classes of claims and interests in the TSN Debtors under the Plan complies with the requirements set forth in the Bankruptcy Code and case law in this Circuit. See *Sprint Nextel Corp. v. DBSD North America, Inc.*, Case No. 10-1352 (2d Cir. Dec. 6, 2010).

(v) *The conditions precedent to the Effective Date of the Plan may not occur.*

As more fully set forth in the Plan, which is attached hereto as **Exhibit A**, the Effective Date is subject to a number of conditions precedent. If these conditions precedent are not met or waived pursuant to the provisions of the Plan, the Effective Date will not occur.

(vi) *Historical financial information of the TSN Debtors may not be comparable to the financial information of the Reorganized Debtors.*

As a result of the consummation of the Plan and the transactions contemplated thereby, the financial condition and results of operations of the Reorganized Debtors from and after the Effective Date may not be comparable to the financial condition or results of operations reflected in the TSN Debtors' historical financial statements.

(vii) *The TSN Debtors may object to the amount or classification of a Claim.*

Except as otherwise provided in the Plan, the TSN Debtors reserve the right to object (prior to or after the occurrence of the Effective Date) to the amount or classification of any Claim under the Plan. The estimates set forth in this Disclosure Statement cannot be relied on by any holder of a Claim where such Claim is subject to an

objection. Any holder of a Claim that is subject to an objection thus may not receive its expected share of the estimated distributions described in this Disclosure Statement.⁸⁹

- (viii) ***Holders of Claims that are not Permitted to Participate in the Rights Offering as of the Subscription Record Date will not receive their pro rata share of the Rights allocated to their respective Classes.***

Pursuant to the Plan, distributions to the holders of Claims in Classes 3 and 5 include Rights to purchase New Preferred Stock, but only with respect to holders of Claims that are Allowed as of the Subscription Record Date (i.e., the date that the order approving the Disclosure Statement is entered by the Bankruptcy Court). Therefore, to the extent that a holder's Claim is not permitted to participate in the Rights Offering as of the Subscription Record Date, such holder will not receive any of the Rights allocated to such holder's Class under the Plan, even if such holder's Claim becomes Allowed at a later date. The Rights Offering Procedures set forth the TSN Debtors' procedures for determining the amount of each holder's claim that is permitted to participate in the Rights Offering.

- (ix) ***There may be litigation regarding the collateral securing the Senior Secured Notes, which could delay confirmation of the Plan and erode the value of the TSN Debtors' Estates.***

There is a litigable issue as to whether the TSN Debtors' obligations under the Senior Secured PIK Notes are secured by the TSN's rights in TerreStar-2. Certain holders of unsecured claims against the TSN Debtors have asserted that such obligations are not secured by TSN's rights in TerreStar-2, an assertion that is disputed by certain holders of Senior Secured PIK Notes.⁹⁰ Therefore, to the extent that the Senior Secured Noteholders have a lien that is unperfected, that lien may be subject to an avoidance action for the benefit of unsecured creditors. As set forth herein, the TSN Debtors do not believe the outcome of this dispute would have any material impact on creditor recoveries under the Plan. However, litigation arising from this dispute could delay Confirmation and/or erode the value of the TSN Debtors' Estates by increasing the expenses of administration of the Debtors' Estates.

Separately, the TSN Debtors are aware that various parties in the Cases have asserted that the enterprise value of the TSN Debtors is either higher or lower than that set forth in the Disclosure Statement. Additionally, the TSN Debtors are aware that various parties in these chapter 11 cases may assert that the values which the TSN Debtors have ascribed to various individual assets are either higher or lower than that set forth in the Disclosure Statement. To the extent that the valuation of the TSN Debtors' unencumbered assets would be less than the value the TSN Debtors ascribe to them, recoveries to unsecured creditors could be less than those set forth in the Plan, as such additional enterprise value would inure to the TSN Debtors' secured creditors. To the extent that the valuation of the TSN Debtors' unencumbered assets would be greater than the value the TSN Debtors ascribe to them, recoveries to unsecured creditors could be greater than those set forth in the Plan.⁹¹

⁸⁹ Harbinger has asserted that the TSN Debtors should disclose which unsecured claims are disputed and undisputed. As of the date of this Disclosure Statement the TSN Debtors' have not disputed any claims other than as set forth in their Schedules filed on November 8, 2010.

⁹⁰ Specifically, as Harbinger noted in its objection to the Debtors' motion to approve the DIP Facility, U.S. Bank National Association, as the Senior Secured Notes Collateral Agent, filed a UCC-3 financing statement (File # 2008 1021300) on March 24, 2008, that purports to release the TSN Debtors' interests in certain assets as collateral under the Senior Secured Notes Indenture, including among other things, the "Satellite" as that term is defined in the PMCA.

⁹¹ On December 20, 2010, AT&T and Qualcomm announced that AT&T agreed to purchase spectrum licenses in the lower 700 MHz frequency band from Qualcomm for \$1.925 billion. The spectrum covers more than 300 million people total nationwide: 12 MHz of lower 700 MHz D and E block spectrum that covers more than 70 million people in five of the top 15 U.S. metropolitan areas — New York, Boston, Philadelphia, Los Angeles
(Continued...)

Finally, as set forth above in Article VII.B, Sprint has asserted, among other things, that the Senior Secured Noteholders do not have a lien on the proceeds of the various FCC Licenses held by the TSN Debtors. The TSN Debtors and Senior Secured Notes Indenture Trustee vigorously dispute this assertion. However, to the extent that Sprint prevails in its adversary proceeding, recoveries to Senior Secured Noteholders may be negatively impacted.

(x) ***There may be litigation regarding the ability of the TSN Debtors to reinstate the PMCA.***

Section 1124 of the Bankruptcy Code provides that a claim can be reinstated if a plan cures certain prepetition and postpetition defaults, including compensation for actual pecuniary loss, and reinstates the maturity and interest of the debt without otherwise altering the claimant's legal, equitable, or contractual rights. The Plan provides for the reinstatement of the PMCA. The TSN Debtors believe that the Plan meets the requirements necessary to reinstate the PMCA, including without limitation, the ability of the TSN Debtors to cure any defaults required to be cured under the PMCA. Nevertheless, parties in interest may seek to litigate this issue and there can be no assurance that the Bankruptcy Court will agree with the TSN Debtors that the Plan satisfies the requirements of section 1124 with respect to the PMCA. Some of the issues that may be raised with respect to the TSN Debtors' ability to reinstate the PMCA include, among other things, whether certain covenants in the PMCA have been breached in a manner that make such breach incurable as of the Effective Date and accordingly, do not permit the PMCA to be reinstated.

(xi) ***There may be litigation regarding the Allowed amount of the Senior Secured Notes Claims.***

As discussed herein, the Senior Secured Notes Indenture Trustee, on behalf of the holders of Senior Secured Notes, has filed a proof of claim in the amount of not less than \$1,425,896,762.95. Notwithstanding this Claim, pursuant to the Bankruptcy Rule 9019 settlement embodied in the Plan, the TSN Debtors have proposed to Allow Class 3 Claims equal to an aggregate of \$1,016.7 million (inclusive of principal and interest). Parties in interest will have the ability to object to the amount of this claim, including with respect to the inclusion of postpetition in the calculation thereof. Should parties so object and if their objection results in a claim amount other than the amount agreed to above, such a determination may impact the TSN Debtors' ability to confirm the Plan.

(xii) ***There may be litigation regarding the Makewhole Premium under the Senior Secured Notes Indenture.***

Section 3.07(b) of the Senior Secured Notes Indenture provides that, "[a]t any time, the Issuer may redeem all or part of the Notes at a redemption price equal to the sum of (i) 100% of the principal amount on the redemption date of the Notes redeemed plus (ii) the Applicable Premium (i.e., a so-called "makewhole premium") as of the date of redemption." Section 6.01(a)(9) of the Senior Secured Notes Indenture provides that filing a chapter 11 case is an Event of Default. Section 6.02(a) of the Senior Secured Notes Indenture states that upon an Event of Default due to a chapter 11 filing, all outstanding indebtedness becomes due and payable.

The enforceability of makewhole premiums has, in certain recent chapter 11 cases, been vigorously and extensively litigated. The occurrence of such litigation here could materially delay confirmation of the Plan.

and San Francisco; and 6 MHz of lower 700 MHz D block spectrum that covers more than 230 million people across the rest of the U.S. The implied valuation (on a \$ / MHz-POP basis) for the AT&T - Qualcomm transaction is in-line with recent auctions and precedent transactions for 700 MHz spectrum, including FCC spectrum auction 73, which closed in March 2008, and the AT&T - Aloha Partners LP transaction, which closed in February 2008. The TSN Debtors believe that the recently announced AT&T - Qualcomm transaction is less relevant in valuing the spectrum holdings of the TSN Debtors than those auctions and precedent transactions highlighted in the Valuation Analysis, primarily due to material differences in the propagation characteristics between 700 MHz and S-band spectrum. Furthermore, AT&T is a logical buyer for 700 MHz spectrum compared to many other wireless companies given (i) its strong current position in 700 MHz frequency bands, (ii) existing network infrastructure to support and integrate additional spectrum capacity, and (iii) its announced 4G LTE strategy utilizing 700 MHz spectrum.

(xiii) *There may be litigation regarding which of the TSN Debtors are liable for the Sprint/Nextel Corporation Claim.*

Sprint has asserted that its claims related to the Sprint Litigation (described above in Article IV.D) at each of the TSN Debtors. The TSN Debtors do not agree that Sprint has claims related to the Sprint Litigation at each of the TSN Debtors, as further set forth in Article VII.B herein. To the extent that the Bankruptcy Court finds that such claims may successfully be asserted at each of the TSN Debtors, the recoveries for creditors in Classes 6(a) and 6(b) may be reduced.

B. Risks That May Affect the Value of the Securities to Be Issued Under the Plan

(i) *A Liquid Trading Market For The New Common Stock Or New Preferred Stock May Not Develop.*

There can be no assurances that a liquid trading market for the New Common Stock or New Preferred Stock will develop. The liquidity of any market for the New Common Stock or New Preferred Stock will depend, among other things, upon the number of respective holders of New Common Stock and New Preferred Stock, the Reorganized Debtors' financial performance and the market for similar securities, none of which can be determined or predicted. Therefore, the TSN Debtors cannot provide assurances that an active trading market will develop, or if a market develops, what the liquidity or pricing characteristics of that market will be. If an active trading market does not develop, holders of New Common Stock and New Preferred Stock may have difficulty selling their shares.

(ii) *The resale of the New Common Stock or New Preferred Stock may be restricted by law.*

As described in Article XI, titled "Application of Securities Laws," the TSN Debtors intend to rely on the exemption from registration, pursuant to the exemptions contained in section 1145 of the Bankruptcy Code, the Securities Act of 1933, and/or equivalent exemptions in state securities laws, as applicable. However, if a holder of New Common Stock or New Preferred Stock is deemed to be an "underwriter" with respect to such securities (with certain exceptions for "ordinary trading transactions" by certain persons) or an "affiliate" of the issuer of such securities, resales of such securities by such holder would not be exempt from the registration requirements under the Securities Act and applicable state securities laws under section 4(1) of the Securities Act. Accordingly, such sales could be effected only pursuant to an effective registration statement or in reliance on another applicable exemption from these registration requirements, which may not be available to such holder.

Any distribution of securities in Canada pursuant to the Plan is being made under a prospectus exemption for a distribution in connection with a reorganization or arrangement under a statutory procedure. TSN is not a reporting issuer in any province or territory of Canada. Accordingly, any resale of such securities must be made in accordance with an exemption from the prospectus requirements of the securities laws of the applicable Canadian jurisdictions. Recipients of the securities are advised to seek legal advice prior to any resale of the securities.

(iii) *The Valuation of New Common Stock and New Preferred Stock is Not Intended to Represent the Trading Value of the Securities to be Issued.*

The valuation of the Reorganized Debtors, set forth on Exhibit F hereto, is based on the assumption that the holders of Claims will receive substantially all of the issued New Common Stock or New Preferred on behalf of their Claims and is not intended to represent the trading values of New Common Stock or New Preferred Stock in public or private markets.

(iv) *The Reorganized Debtors May Not Achieve Projected Financial Results Or Meet Post-Reorganization Debt Obligations And Finance All Operating Expenses, Working Capital Needs, and Capital Expenditures.*

The projected financial results of the Reorganized Debtors are based on numerous assumptions, including the timing, confirmation and consummation of the Plan in accordance with its terms, the anticipated future performance of the Reorganized Debtors, general business and economic conditions and other matters, many of which are beyond the control of the Reorganized Debtors and which may not materialize.

Accordingly, the Reorganized Debtors may not be able to achieve the revenue or cash flow relied upon to make the projections or to otherwise meet their projected financial results. To the extent the Reorganized Debtors do not meet their projected financial results or achieve projected revenues and cash flows, the Reorganized Debtors may lack sufficient liquidity to continue operating as planned after the Effective Date, may be unable to service their debt obligations as they come due or may not be able to meet their operational needs. Any one of these failures may preclude the Reorganized Debtors from, among other things: (a) enhancing the current customer offerings; (b) taking advantage of future opportunities; or (c) responding to competitive pressures. Further, a failure of the Reorganized Debtors to meet their projected financial results or achieve their projected revenues and cash flows could lead to cash flow and working capital constraints, which constraints may require the Reorganized Debtors to seek additional working capital. The Reorganized Debtors may not be able to obtain such working capital when it is required. Further, even if the Reorganized Debtors were able to obtain additional working capital, it may only be available on unreasonable terms. If any such required capital is obtained in the form of equity, the interests of the holders of the then-outstanding New Common Stock (and options or other rights to acquire New Common Stock), New Preferred Stock or Rights to purchase Rights Offering Preferred Stock could be diluted. While the TSN Debtors' Financial Projections represent management's view based on current known facts and assumptions about the future operations of the Reorganized Debtors, there is no guarantee that the Financial Projections will be realized.

(v) *The Reorganized Debtors May Be Controlled By A Small Number Of Holders.*

Consummation of the Plan may result in a small number of holders owning a significant percentage of the outstanding shares of New Common Stock and New Preferred Stock. Specifically, EchoStar, as a holder of more than a majority of the Senior Secured Notes and approximately one third of the Senior Exchangeable Notes will receive under the Plan a distribution equal to close to 50% of the Reorganized Debtors' New Common Stock. These holders may, among other things, exercise a controlling influence over the business and affairs of the Reorganized Debtors and have the power to elect directors and approve significant mergers, acquisitions, divestures, and other material corporate transactions, including the sale of the Reorganized Debtors, or delaying, preventing or deterring such transactions. The interests of such holders may differ from the interests of the other holders of New Common Stock and New Preferred Stock. The TSN Debtors can make no assurances regarding the future actions of the holders of New Common Stock and New Preferred Stock and the impact such actions may have on the value of the New Common Stock and New Preferred Stock.

(vi) *The Business Plan for the Reorganized Debtors Will Be Determined by the New Boards.*

The New Board of each of the Reorganized Debtors will be responsible for determining the go-forward business plan for the Reorganized Debtors. As of the date of this Disclosure Statement, the identity of the members of the New Boards is yet to be determined. Accordingly, and because the New Boards have not yet been constituted and have not had time to consider various strategic and economic factors relevant to determining a go-forward business plan, the exact nature of the Reorganized Debtors' business plan post-emergence is unknown. The New Boards may determine to continue to utilize the Reorganized Debtors' assets in the same manner as they were utilized before and during the chapter 11 cases, but they may also determine, based on a multitude of factors including regulatory requirements, to utilize the Reorganized Debtors' assets and operate under a business model that differs from that in place before and during the TSN Debtors' chapter 11 cases. The TSN Debtors can make no assurances regarding the future actions of the New Board and the impact such actions may have on the value of the New Common Stock and New Preferred Stock. As such, the projections that the TSN Debtors have included in this Disclosure Statement address management's best estimate of future performance based on management's view of the Reorganized Debtors' business plan.

C. Risks Related to the TSN Debtors' Businesses

(i) *Risks And Uncertainties Associated With The Chapter 11 Cases.*

Although the TSN Debtors believe that the Chapter 11 Cases, commenced in order to implement an agreed-upon restructuring, will be of short duration and will not be materially disruptive to their businesses, the TSN Debtors cannot be certain that this will be the case. Although the Plan is designed to minimize the length of the bankruptcy proceeding, it is impossible to predict with certainty the amount of time that the TSN Debtors may spend in bankruptcy or to assure parties-in-interest that the Plan will be confirmed.

Even if the Plan is confirmed on a timely basis, for the duration of the Chapter 11 Cases, the TSN Debtors' operations and the TSN Debtors' ability to execute their business strategy will be subject to the risks and uncertainties associated with bankruptcy. These risks include:

- the TSN Debtors' ability to obtain approval of the Bankruptcy Court with respect to motions filed in the Chapter 11 Cases from time to time;
- the TSN Debtors' ability to obtain and maintain normal trade terms with suppliers and service providers and maintain contracts that are critical to their operations;
- the TSN Debtors' ability to attract, motivate and retain key employees;
- the TSN Debtors' ability to attract and retain customers; and
- the TSN Debtors' ability to obtain creditor and Bankruptcy Court approval for, and then to consummate, a Plan to emerge from bankruptcy.

The TSN Debtors will also be subject to risks and uncertainties with respect to the actions and decisions of the creditors and other third parties who have interests in the Chapter 11 Cases that may be inconsistent with the TSN Debtors' restructuring and business goals.

These risks and uncertainties could affect the TSN Debtors' business and operations in various ways. For example, negative events or publicity associated with the Chapter 11 Cases could adversely affect the TSN Debtors' sales and relationships with their customers, as well as with their suppliers and employers, which in turn could adversely affect the TSN Debtors' operations and financial condition. In addition, pursuant to the Bankruptcy Code, the TSN Debtors need approval of the Bankruptcy Court for transactions outside the ordinary course of business, which may limit their ability to respond timely to certain events or take advantage of certain opportunities. Because of the risks and uncertainties associated with the Chapter 11 Cases, the TSN Debtors cannot predict or quantify the ultimate impact that events occurring during the reorganization process will have on their business, financial condition and results of operations.

As a result of the Chapter 11 Cases, the realization of assets and the satisfaction of liabilities are subject to uncertainty. While operating as debtors in possession, and subject to approval of the Bankruptcy Court, or otherwise as permitted in the normal course of business or Bankruptcy Court order, the TSN Debtors may sell or otherwise dispose of assets and liquidate or settle liabilities for amounts other than those reflected in the condensed consolidated financial statements included in TSC's Form 10-Q for the quarterly period ended June 30, 2010. Further, the Plan could materially change the amounts and classifications of assets and liabilities reported in the historical consolidated financial statements. The historical consolidated financial statements do not include any adjustments to the reported amounts of assets or liabilities that might be necessary as a result of Confirmation of a Plan.

(ii) *Each Of The TSN Debtors Is A Development Stage Company With No Operating Revenues.*

Each of the TSN Debtors is a development stage company and only recently, with the announcement of and entry into the AT&T Agreement, has TSN generated minimal revenues from operations. The TSN Debtors' ability

to transition into operating companies will depend on, among other things: successful development and execution of business plans; market acceptance of the services they intend to offer; and attracting, training and motivating highly skilled satellite and network operations personnel, a sales force and customer service personnel. The TSN Debtors may not be able to successfully complete the transition into operating companies or generate sufficient cash from operations to cover their expenses. Further, if the TSN Debtors do not become profitable, they will have difficulty obtaining funds to continue their operations.

(iii) *The TSN Debtors Are Not Cash Flow Positive, And May Need Additional Liquidity To Fund Their Operations And Fully Fund All Of Their Necessary Capital Expenditures.*

The TSN Debtors do not generate sufficient cash from operations to cover their operating expenses, and it is unclear when, or if, they will be able to do so. Even if the TSN Debtors begin to generate cash in excess of operating expenses, they may require additional funds to meet capital expenditures and other non-operating cash expenses.

(iv) *The Reorganized Debtors will have indebtedness upon emergence.*

The Reorganized Debtors will have substantially less indebtedness than the TSN Debtors. On the Effective Date, after giving effect to the transactions contemplated by the Plan, the Reorganized Debtors will, on a consolidated basis, have approximately \$92 million in secured indebtedness under the Purchase Money Credit Agreement, as reinstated.

The Reorganized Debtors' indebtedness could have important consequences because:

- a portion of the Reorganized Debtors' cash flow from operations will be dedicated to debt service and unavailable to support operations, working capital, capital expenditures, expansion, acquisitions or general corporate or other purposes;
- the Reorganized Debtors' ability to obtain additional financing in the future may be limited;
- the Reorganized Debtors' flexibility in planning for, or reacting to, changes in their business may be limited; and
- it may make the Reorganized Debtors more vulnerable in the event of a downturn in their business or the economy in general.

The Reorganized Debtors' ability to make payments on and to refinance their debt, will depend on their ability to generate cash in the future. This, to a certain extent, is subject to general economic, business, financial, competitive, legislative, regulatory and other factors that are beyond the control of the Reorganized Debtors.

There can be no assurance that the Reorganized Debtors will be able to generate sufficient cash flow from operations or that sufficient future borrowings will be available to pay off the Reorganized Debtors' debt obligations. The Reorganized Debtors may need to refinance all or a portion of their debt on or before maturity; however, there can be no assurance that the Reorganized Debtors will be able to refinance any of their debt on commercially reasonable terms or at all.

(v) *The TSN Debtors May Require Funding After Emergence.*

The TSN Debtors may require funds for sales, general and administrative expenses, working capital, interest on borrowings, financing costs, potential capital expenditures and operating expenses until sometime after the commencement of commercial operations. Such capital expenditures could exceed current estimates, in which case, the TSN Debtors may need to modify certain portions of their business plan. If the TSN Debtors require more funding than they currently anticipate, or cannot meet their financing needs, their ability to operate their business, financial condition and results of operation could be adversely affected.

(vi) ***The Success of Certain Portions of the TSN Debtors' Business Plan Will Depend On Market Acceptance Of New And Unproven Technology, Which May Never Occur.***

Other than satellite radio, the Debtors are not aware of any integrated satellite and terrestrial wireless network in commercial operation. As a result, the TSN Debtors' proposed market is new and untested and the TSN Debtors cannot predict with certainty the potential demand for the services the TSN Debtors plan to offer or the extent to which they will meet that demand. There may not be sufficient demand in general for the services the TSN Debtors plan to offer, or in particular geographic markets, for particular types of services or during particular time periods, to enable the TSN Debtors to generate positive cash flow, and the TSN Debtors' cost structure may not permit the TSN Debtors to meet their obligations.

The TSN Debtors cannot successfully implement certain portions of their business plan if they cannot gain market acceptance for certain planned products and services. A lack of demand could adversely affect the TSN Debtors' ability to sell their services, enter into strategic relationships or develop and successfully market new services. In addition, demand patterns shift over time, and user preferences may not favor the services the TSN Debtors plan to offer. Any material miscalculation with respect to the TSN Debtors' service offerings or operating strategy will adversely affect the TSN Debtors' ability to operate their business, financial condition and results of operations.

(vii) ***The TSN Debtors May Be Unable to Achieve Their Business and Financial Objectives Because The Communications Industry Is Highly Competitive.***

The global communications industry is highly competitive and characterized by rapid change. The TSN Debtors will encounter competition in many forms, including:

- satellite services from other operators;
- conventional and emerging terrestrial wireless services;
- traditional wireline voice and high-speed data offerings;
- terrestrial land-mobile and fixed services; and
- next-generation integrated services that may be offered in the future by other networks operating in the S-band or the L-band.

Participants in the communications industry include major domestic and international companies, many of which have financial, technical, marketing, sales, distribution and other resources substantially greater than that of the TSN Debtors and which provide a wider range of services than the Reorganized Debtors will provide. There currently are several other satellite companies that provide or are planning to provide services similar to the TSN Debtors. In addition to facing competition from the TSN Debtors' satellite-based competitors, the TSN Debtors are subject to competition from terrestrial voice and data service providers in several markets and with respect to certain services, particularly from those that are expanding into rural and remote areas and providing the same general types of services and products that the TSN Debtors intend to provide. Land-based telecommunications service capabilities have been expanded into underserved areas more quickly than the TSN Debtors anticipated, which could result in less demand for the TSN Debtors' services than anticipated when formulating the TSN Debtors' current business plan. These ground-based communications companies may have certain advantages over the TSN Debtors because of the general perception among consumers that wireless voice communication products and services are cheaper and more convenient than satellite-based ones. Furthermore, the TSN Debtors may also face competition from new competitors or emerging technologies with which the TSN Debtors may be unable to compete effectively.

With many companies targeting many of the same clients, if any of the TSN Debtors' competitors succeeds in offering services to clients before the TSN Debtors do, or develops a network that is, or that is perceived to be, superior to the TSN Debtors' network, then the TSN Debtors may not be able to execute their business plan, which would materially adversely affect their business, financial condition and results of operations.

The TSN Debtors' system may not function as intended, and they will not know whether it will function as intended until they have deployed a substantial portion of their network. Hardware or software errors in space or on the ground may limit or delay the TSN Debtors' service, and therefore reduce anticipated revenues and the viability of the TSN Debtors' services. There could also be delays in the planned development, integration and operation of the components of the TSN Debtors' network. The strength of the signal from the TSN Debtors' satellite could cause ground-based interference or other unintended effects. If the technological integration of the TSN Debtors' network is not completed in a timely and effective manner, the TSN Debtors' business will be harmed.

(viii) *Satellites Have A Limited Useful Life and Premature Failure Of The TSN Debtors' Satellite Could Damage Their Business.*

During and after their launch, all satellites are subject to equipment failures, malfunctions (which are commonly referred to as anomalies) and other problems. A number of factors could decrease the expected useful lives or the utility of the TSN Debtors' satellites, including:

- defects in construction;
- radiation induced failure of satellite parts;
- faster than expected degradation of solar panels;
- malfunction of component parts;
- loss of fuel on board;
- higher than anticipated use of fuel to maintain the satellite's orbital location;
- higher than anticipated use of fuel during orbit raising following launch;
- random failure of satellite components not protected by back-up units;
- inability to control the positioning of the satellite;
- electromagnetic storms, solar and other astronomical events, including solar radiation and flares; and
- collisions with other objects in space, including meteors and decommissioned spacecrafts in uncontrolled orbits that pass through the geostationary belt at various points.

The TSN Debtors may experience failures, anomalies and other problems, whether of the types described above or arising from the failure of other systems or components, despite extensive precautionary measures taken to determine and eliminate the cause of anomalies in the TSN Debtors' satellites and provide redundancy for many critical components in their satellites. The interruption of the TSN Debtors' business caused by the loss or premature degradation of a satellite would continue until the TSN Debtors either extended service to end users on another satellite or built and launched additional satellites. If any of the TSN Debtors' satellites were to malfunction or to fail prematurely, it could affect the quality of service, substantially delay the commencement or interrupt the continuation of service, harm the TSN Debtors' reputation, cause the TSN Debtors' insurance costs to increase and adversely affect certain portions of the TSN Debtors' business and financial condition.

(ix) *Damage To, Or Caused By, The TSN Debtors' Satellites May Not Be Fully Covered By Insurance.*

The TSN Debtors have purchased launch and in-orbit insurance policies for their satellite. If the TSN Debtors' satellite is damaged in orbit, the TSN Debtors' insurance may not fully cover their losses and these failures may also cause insurers to include additional exclusions in the TSN Debtors' insurance policies when they come up for renewal. The TSN Debtors may not be able to obtain additional financing to construct, launch and insure a

replacement satellite or such financing may not be available on terms favorable to the TSN Debtors. Also, any insurance the TSN Debtors obtain will likely contain certain customary exclusions and material change conditions that would limit their coverage. These exclusions typically relate to losses resulting from acts of war, insurrection or military action and government confiscation, as well as lasers, directed energy beams, nuclear and anti-satellite devices and radioactive contamination. Any uninsured losses could have a material adverse effect on the TSN Debtors.

The TSN Debtors do not expect to buy insurance to cover, and would not have protection against, business interruption, loss of business or similar losses. Furthermore, the TSN Debtors expect to maintain third-party liability insurance. Such insurance may not be adequate or available to cover all third-party damages that may be caused by the TSN Debtors' satellites, and the TSN Debtors may not be able to obtain or renew their third-party liability insurance on reasonable terms and conditions, or at all.

(x) *The TSN Debtors Depend On A Limited Number Of Suppliers And Service Providers To Design, Construct And Maintain the TSN Debtors' Network.*

The TSN Debtors rely on contracts with third parties to design and build their satellites, as well as the terrestrial components of their network. The TSN Debtors also intend to enter into relationships with third-party contractors in the future for equipment and maintenance and other services relating to their network. There are only a few companies capable of supplying the products and services necessary to implement and maintain their network. As a result, if any third-party contractor relationship with the TSN Debtors is terminated, the TSN Debtors may not be able to find a replacement in a timely manner or on satisfactory terms. In addition, if any of these third-party contractors are unable to perform on the terms of the contract due to financial reasons, other reasons specifically related to the business of these suppliers or other matters outside the TSN Debtors' control, the TSN Debtors' business would be significantly impacted. This could lead to delays in the implementation of the TSN Debtors' network and interruptions in providing service to the TSN Debtors' customers, which would adversely affect the TSN Debtors' financial condition.

(xi) *The TSN Debtors May Rely On Third Parties To Identify, Develop And Market Products.*

The TSN Debtors have entered into an agreement with a third party to market their products. The TSN Debtors intend to enter into additional such agreements with other third parties. The TSN Debtors may be unable to identify, or to enter into agreements with, suitable third parties to perform these activities. If the TSN Debtors do not form satisfactory relationships with third parties, or if any such third parties do not successfully carry out their contractual duties or meet expected deadlines, the TSN Debtors may not be able to successfully identify, develop and sell products, which could adversely affect the TSN Debtors' financial condition and results of operations.

(xii) *The TSN Debtors May Not Be Able To Identify, Develop And Market Innovative Products And May Not Be Able To Compete Effectively.*

The TSN Debtors' ability to implement their business plan depends in part on their ability to gauge the direction of commercial and technological progress in key markets and to fund and successfully develop and market products in their targeted markets. The TSN Debtors' competitors may have access to technologies not available to the TSN Debtors, which may enable them to provide communications services of greater interest to end users, or at a more competitive price. The TSN Debtors may not be able to develop new products or technology, either alone or with third parties, or license any additional necessary intellectual property rights from third parties on a commercially competitive basis. The satellite and wireless industries are both characterized by rapid technological change, frequent new product innovations, changes in customer requirements and expectations and evolving industry standards. If the TSN Debtors are unable to keep pace with these changes, the TSN Debtors' business may be unsuccessful. Products using new technologies, or emerging industry standards, could make the TSN Debtors' technologies obsolete. If the TSN Debtors fail to keep pace with the evolving technological innovations in their markets on a competitive basis, the TSN Debtors' financial condition and results of operation could be adversely affected. In particular, if existing wireless providers improve their coverage of terrestrial-based systems to make them more ubiquitous, demand for products and services utilizing the TSN Debtors' network could be adversely affected or fail to materialize.

(xiii) *The Current Weakening of U.S. and Canadian Economic Conditions As Well As Any Future Downturns Or Changes In Consumer Spending Could Adversely Affect The TSN Debtors' Financial Condition.*

The United States and Canada have experienced an economic downturn and spending by consumers has dropped. If this downturn and decrease in spending continues the TSN Debtors' business may be adversely affected. Demand for the services the TSN Debtors plan to offer may not grow or be accepted generally or in particular geographic markets, for particular types of services, or during particular time periods. A lack of demand could adversely affect the TSN Debtors' ability to sell their services, enter into strategic relationships or develop and successfully market new services.

(xiv) *Certain portions of the TSN Debtors' Business Require Use of Licenses Of Critical Intellectual Property From ATC Technologies, LLC, A Wholly-Owned Subsidiary Of LightSquared.*

The TSN Debtors license the majority of the technology they plan to use to operate their network from ATC Technologies, LLC ("***ATC Technologies***") a wholly-owned subsidiary of LightSquared. LightSquared has rights to approximately 30 MHz of spectrum in the L-band, is positioned to achieve device transparency and plans to offer services that compete with the services that the Reorganized Debtors plan to offer.

LightSquared has assigned to ATC Technologies a significant intellectual property portfolio, including a significant number of patents. Pursuant to the agreement by and between ATC Technologies and the TSN Debtors, ATC Technologies granted the TSN Debtors a perpetual, world-wide, non-exclusive, royalty-free, fully paid up, nontransferable (except for certain rights to sublicense), non-assignable, limited purpose right and license to certain existing patents owned by ATC Technologies for the sole purpose of developing, operating, implementing, providing and maintaining S-band MSS services with an ATC component. The TSN Debtors granted to ATC Technologies a perpetual, world-wide, non-exclusive, royalty-free, fully paid up, nontransferable (except for certain rights to sublicense), non-assignable, limited purpose right and license to certain existing patents owned or licensed by the TSN Debtors and certain technologies licensed by the TSN Debtors for the sole purpose of developing, operating, implementing, providing and maintaining L-band services or L-band services with an ATC component. ATC Technologies has also contractually committed to license to the TSN Debtors, pursuant to the same terms as set forth above, certain additional patents that may be developed, acquired or otherwise owned by ATC Technologies or its affiliates (including LightSquared and MSVI), and the TSN Debtors have contractually committed to license to ATC Technologies, pursuant to the same terms as set forth above, certain additional patents and technologies that may be developed, licensed, acquired or otherwise owned by the TSN Debtors until October 1, 2016.

The license agreement between the TSN Debtors and ATC Technologies may be terminated: (1) by mutual written consent of both parties; (2) by either party in the event that the other party fails to perform or otherwise breaches any material obligations under the license agreement and fails to cure such breach within 90 days of receiving notice thereof; or (3) in the event that the other party files a petition for bankruptcy or insolvency or upon certain other insolvency events.

Upon the filings of the Debtors' petition for bankruptcy the license agreement between the TSN Debtors and ATC Technologies may be terminated upon the terms and conditions set forth therein. However, notwithstanding any such potential termination of the license agreement with ATC Technologies, the TSN Debtors will retain their perpetual license to all ATC Technologies intellectual property licensed to the TSN Debtors on a license-by-license basis, until the date of the expiration of the applicable patent under which the license was granted. If ATC Technologies terminates or breaches its agreements with the TSN Debtors or if the TSN Debtors and ATC Technologies have a significant dispute regarding the licensed intellectual property, such termination, breach or significant dispute could have a material adverse effect on the TSN Debtors' business.

The intellectual property the TSN Debtors license from ATC Technologies includes issued patents and technology included in patent applications. The patents for which the TSN Debtors or ATC Technologies have applied may not be issued or, if they are issued, such patents may be insufficient to protect fully the technology the TSN Debtors own or license. Moreover, if such patents prove to be inadequate to protect fully the technology the

TSN Debtors own or license, the TSN Debtors ability to implement their business plan and, consequently, their financial condition, may be adversely affected. In addition, any patents that may be issued to the TSN Debtors and any patents licensed to the TSN Debtors from ATC Technologies may be challenged, invalidated or circumvented.

The TSN Debtors also rely upon unpatented proprietary technology and other trade secrets. The TSN Debtors failure to protect such proprietary technology and trade secrets or the lack of enforceability or breach by third parties of agreements into which the TSN Debtors have entered could also adversely affect the TSN Debtors ability to implement their business plan and financial condition.

(xv) *The TSN Debtors May Incur Costs, And May Not Be Successful, In Defending Their Rights To Intellectual Property Upon Which the TSN Debtors Depend.*

In developing and implementing the TSN Debtors' network, the TSN Debtors will need to develop or obtain rights to additional technology that is not currently owned by or licensed to them. The TSN Debtors may be unsuccessful in developing additional technologies required to develop and implement their network, and may not be able to protect intellectual property associated with technologies the TSN Debtors develop from infringement by third parties. In addition, if the TSN Debtors are able to develop or license such technologies, there can be no assurance that any patents issued or licensed to the TSN Debtors will not be challenged, invalidated or circumvented. Litigation to defend and enforce these intellectual property rights could result in substantial costs and diversion of resources and could have a material adverse effect on the TSN Debtors' financial condition and results of operations, regardless of the final outcome of such litigation. Despite the TSN Debtors' efforts to safeguard and maintain their proprietary rights, the TSN Debtors may not be successful in doing so, and their competitors may independently develop or patent technologies equivalent or superior to their technologies. It is possible that third parties may infringe upon the TSN Debtors' intellectual property now and in the future.

The TSN Debtors may be unable to determine when third parties are using the TSN Debtors' intellectual property rights without the TSN Debtors' authorization. The undetected or unremedied use of the TSN Debtors' intellectual property rights or the legitimate development or acquisition of intellectual property similar to the TSN Debtors by third parties could reduce or eliminate any competitive advantage the TSN Debtors have as a result of their intellectual property, adversely affecting their financial condition and results of operations. If the TSN Debtors must take legal action to protect, defend or enforce their intellectual property rights, any suits or proceedings could result in significant costs and diversion of the TSN Debtors' resources and the TSN Debtors' management's attention. Furthermore, the TSN Debtors may not prevail in any such suits or proceedings. A failure to protect, defend or enforce the TSN Debtors' intellectual property rights could have an adverse effect on the TSN Debtors' business, financial condition and results of operations.

(xvi) *Third Parties May Claim That The TSN Debtors' Products Or Services Infringe Their Intellectual Property Rights.*

Other parties may have patents or pending patent applications relating to integrated wireless technology that may later mature into patents. Such parties may bring suit against the TSN Debtors for patent infringement or other violations of intellectual property rights. The development and operation of the TSN Debtors' system may also infringe or otherwise violate as-yet unidentified intellectual property rights of others. If the TSN Debtors' products or services are found to infringe or otherwise violate the intellectual property rights of others, the TSN Debtors' may need to obtain licenses from those parties or substantially re-engineer their products or processes in order to avoid infringement. The TSN Debtors may not be able to obtain the necessary licenses on commercially reasonable terms, if at all, or be able to re-engineer their products successfully. Moreover, if the TSN Debtors are found by a court of law to infringe or otherwise violate the intellectual property rights of others, the TSN Debtors could be required to pay substantial damages or be enjoined from making, using or selling the infringing products or technology. The TSN Debtors also could be enjoined from making, using or selling the allegedly infringing products or technology, pending the final outcome of the suit. The TSN Debtors' financial condition could be adversely affected if the TSN Debtors are required to pay damages or are enjoined from using critical technology.

- (xvii) ***Wireless Devices May, Or May Be Perceived To, Pose Health and Safety Risks And, As A Result, The TSN Debtors May Be Subject To New Regulations, Demand For The TSN Debtors' Services May Decrease And The TSN Debtors Could Face Liability Or Reputational Harm Based On Alleged Health Risks.***

There has been adverse publicity concerning alleged health risks associated with radio frequency transmissions from portable hand-held telephones that have transmitting antennae, similar to devices that may incorporate the TSN Debtors' universal chipset architecture. Lawsuits have been filed against participants in the wireless industry alleging various adverse health consequences, including cancer, as a result of wireless phone usage. If courts or governmental agencies find that there is valid scientific evidence that the use of portable hand-held devices poses a health risk, or if consumers' health concerns over radio frequency emissions increase for any reason, use of wireless handsets may decline. Further, government authorities might increase regulation of wireless handsets as a result of these health concerns. The actual or perceived risk of radio frequency emissions could have an adverse effect on the TSN Debtors' business, financial condition and results of operations.

- (xviii) ***The TSN Debtors May Be Negatively Affected By Industry Consolidation.***

Consolidation in the communications industry could adversely affect the TSN Debtors by increasing the scale or scope of the TSN Debtors' competitors, or creating a competitor that is capable of providing services similar to those the TSN Debtors intend to offer, thereby making it more difficult for the TSN Debtors to compete. Industry consolidation also may impede the TSN Debtors' ability to identify acquisition, joint venture or other strategic opportunities.

- (xix) ***Certain Tax Implications of the TSN Debtors' Bankruptcy and Reorganization May Increase the Tax Liability of the Reorganized Debtors.***

Holders of Claims should carefully review Article XIII herein, titled "Certain U.S. Federal Income Tax Consequences of the Plan," to determine how the tax implications of the Plan and the TSN Debtors' chapter 11 cases may adversely affect the Reorganized Debtors. Certain tax implications of the TSN Debtors' bankruptcy and reorganization may increase the tax liability of the Reorganized Debtors.

D. Risks Relating to Government Regulations

- (i) ***The TSN Debtors' Business Is Subject To A High Degree Of Government Regulation.***

The communications industry is highly regulated by governmental entities and regulatory authorities, including the FCC and Industry Canada. The TSN Debtors' business is completely dependent upon obtaining and maintaining regulatory authorizations to operate the TSN Debtors' existing MSS network and planned integrated satellite and terrestrial network. The needed authorizations include FCC and Industry Canada authorizations relating to (i) the TSN Debtors' satellite, TerreStar-1, and their ground spare currently under construction, TerreStar-2; (ii) the orbital slot in which TerreStar-1 resides and any additional orbital slot required for TerreStar-2, if any; (iii) the Ground Stations and CES; (iv) the integrated MSS/ATC handsets that will be used by customers to communicate over the TSN Debtors' planned integrated satellite and terrestrial network, including both spectrum authorizations and equipment certifications with respect to such handsets; (v) equipment authorizations with respect to planned terrestrial transmission facilities associated with the ATC component of the TSN Debtors' integrated satellite and terrestrial network; (vi) equipment authorizations related to the GENUS handset; and (vii) certain Section 214 authorizations issued by the FCC with respect to international communications originating or terminating in the United States, as well as other FCC and Industry Canada regulatory authorizations. Failure to obtain or maintain necessary governmental authorizations would impair the TSN Debtors' ability to continue to offer MSS services using their existing MSS network and/or implement their planned network and would have a material adverse effect on their financial condition.

(ii) *The TSN Debtors Could Lose Their FCC Authorization and Industry Canada Approval In Principal And Be Subject To Fines Or Other Penalties.*

The TSN Debtors must comply with complex and changing FCC and Industry Canada rules and regulations to maintain their authorizations to use their assigned spectrum and orbital slot. The TSN Debtors are required to maintain satellite coverage of all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and all regions of Canada that are within the coverage contour of the TerreStar-1 Satellite and to provide an integrated MSS service offering in all locations where the TSN Debtors' ATC is made available. Non-compliance with these or other conditions, including other FCC or Industry Canada gating or ongoing service criteria, could result in fines, additional conditions, revocation of the authorizations, or other adverse FCC or Industry Canada actions. The FCC issued in July 2010 a notice of proposed rulemaking and notice of inquiry in which the FCC sought public comment regarding certain proposed changes to the rules governing the use of 2 GHz MSS spectrum, including for purposes of operating an ATC network. It is not possible to predict what, if any, revisions to the rules applicable to 2 GHz MSS providers will be adopted by the FCC in this pending proceeding or when any such rule changes would be adopted. Such rule changes, if any, could impair the TSN Debtors' ability to execute their business plan and could materially impact the value of the TSN Debtors' FCC authorizations. The loss of the TSN Debtors' spectrum authorizations would prevent them from implementing their business plan.

(iii) *FCC and Industry Canada Decisions Affecting The Amount of 2 GHz MSS S-band Spectrum Assigned To Us Are Subject To Reconsideration And Review.*

In December 2005, the FCC provided TMI Communications, Inc. ("***TMI Communications***") with a reservation of 10 MHz of uplink MSS spectrum and 10 MHz of downlink MSS spectrum in the 2 GHz MSS S-band. TMI Communications subsequently assigned that authorization to the TSN Debtors and on May 10, 2007 the FCC modified the reservation to reflect that change. Two parties have challenged the FCC's December 2005 ruling, and one party has also challenged a separate decision by the FCC to cancel its own 2 GHz MSS S-band authorization. If these challenges succeed, the amount of 2 GHz MSS S-band spectrum that is available to the TSN Debtors may be reduced to a level that is insufficient for the TSN Debtors to implement their business plan. Furthermore, in Canada, the TSN Debtors' spectrum could be reduced from 20 MHz to 14 MHz if Industry Canada determines that it is necessary to reapportion spectrum in order to license other MSS operators in Canada. Any reduction in the spectrum the TSN Debtors are authorized to use could impair their business plan and materially adversely affect their financial condition.

(iv) *The TSN Debtors' Service May Cause Or Be Subject To Interference.*

The TSN Debtors will be required to provide ATC service without causing harmful interference. In addition, the TSN Debtors must accept some interference from certain other spectrum users. For example, the FCC may adopt rules for an adjacent band that do not adequately protect the TSN Debtors against interference. In September 2004, the FCC issued an order allowing PCS operation in the 1995-2000 MHz and in June 2008 sought comment on proposed rules. In September 2007 and June 2008, the FCC sought comment on proposed rules for the 2155-2180 MHz bands. Both bands are adjacent to the 2 GHz MSS S-band. If the rules that the FCC adopts for the 1995-2000 MHz and 2155-2180 MHz bands do not adequately protect the TSN Debtors against adjacent band interference, the TSN Debtors' reputation and ability to compete effectively could be adversely affected. The FCC has stated that it anticipates issuing an order with respect to this matter in the fourth quarter of 2010. Requirements that the TSN Debtors limit the interference they cause, or requiring the TSN Debtors to accept certain levels of interference, may hinder satellite and/or planned ATC operations within the TSN Debtors' system and may, in certain cases, subject the TSN Debtors' users to a degradation in service quality, which may adversely affect the TSN Debtors' reputation and financial condition.

(v) *Technical Challenges Or Regulatory Requirements May Limit The Attractiveness Of Our Spectrum For Providing Mobile Services.*

The TSN Debtors believe their 2 GHz MSS S-band spectrum with ATC capability must be at least functionally equivalent to the PCS/cellular spectrum in order to be attractive to parties with which they may enter into strategic relationships. The FCC and Industry Canada require the TSN Debtors and their non-Debtor affiliates to satisfy certain gating criteria as a precondition to the provision of ATC service using their S-band spectrum,

including a requirement that the TSN Debtors and their non-Debtor affiliates provide commercial satellite service throughout the United States and Canada and an “integrated service” requirement. Under the “safe harbor” method for satisfying this latter requirement, that all handsets with ATC functionality must also contain the ability to communicate with the TSN Debtors satellite network. The former requirement may limit the availability of some of the TSN Debtors’ spectrum for terrestrial service and the latter requirement may impact whether handsets used to communicate with the TSN Debtor’s planned integrated mobile satellite and terrestrial network are perceived by customers to be functionally equivalent to PCS/cellular handsets. In addition, the TSN Debtors may not commence the commercial provision of ATC services more than one year prior to completion of their ground spare satellite, which the TSN Debtors currently intend to be TerreStar-2. The TSN Debtors informed the FCC that they do not expect that TerreStar-2 will be completed until the fourth quarter of 2011. Any delays in such anticipated completion date could delay the date on which the TSN Debtors may begin deploying ATC services. Risks related to the satisfaction of these ATC gating criteria by the TSN Debtors may impact the interest of third parties in entering into strategic relationships with the TSN Debtors related to the TSN Debtors’ deployment of a planned integrated mobile satellite and terrestrial network. If the TSN Debtors are not able to develop technology that allows the entities with which the TSN Debtors enter into strategic relationships to use the TSN Debtors’ spectrum in a manner comparable to PCS/cellular operators, the TSN Debtors’ may not be successful in entering into strategic arrangements with these parties.

(vi) *The TSN Debtors May Face Unforeseen Regulations With Which They Find It Difficult, Costly Or Impossible To Comply.*

The provision of communications services is highly regulated. As a provider of communications services in the United States and Canada, the TSN Debtors will be subject to the laws and regulations of both the United States and Canada. Violations of laws or regulations of these countries may result in various sanctions including fines, loss of authorizations and the denial of applications for new authorizations or for the renewal of existing authorizations.

From time to time, governmental entities may impose new or modified conditions on the TSN Debtors authorizations, which could adversely affect their ability to generate revenues and implement their business plan. For example, from time to time, the U.S. federal government has considered imposing substantial new fees on the use of frequencies, such as the ones the TSN Debtors plan to use to provide their service. In the U.S. and Canada, the FCC and Industry Canada, respectively, already collect fees from space and terrestrial spectrum licensees. The TSN Debtors are currently required to pay certain fees, and it is possible that the TSN Debtors may be subject to increased fees in the future.

(vii) *Export Control and Embargo Laws May Preclude The TSN Debtors From Obtaining Necessary Satellites, Parts Or Data Or Providing Certain Services In The Future.*

The TSN Debtors must comply with U.S. export control laws in connection with any information, products, or materials that they provide to non-U.S. persons relating to satellites, associated equipment and data and with the provision of related services. These requirements may make it necessary for the TSN Debtors to obtain export or re-export authorizations from the U.S. government in connection with any dealings they have with 4491165 Canada Inc., 0887729 B.C. Ltd., TerreStar Canada, TerreStar Canada Holdings, non-U.S. satellite manufacturing firms, launch services providers, insurers, customers and employees. The TSN Debtors may not be able to obtain and maintain the necessary authorizations, which could adversely affect the TSN Debtors’ ability to:

- effect the transfer agreements;
- procure new U.S.-manufactured satellites;
- control any existing satellites;
- acquire launch services;
- obtain insurance and pursue our rights under insurance policies; or

- conduct our satellite-related operations.

In addition, if the TSN Debtors do not properly manage their internal compliance processes and, as a result, violate U.S. export laws, the terms of an export authorization or embargo laws, the violation could make it more difficult, or even impossible, to maintain or obtain licenses and could result in civil or criminal penalties.

(viii) FCC And Industry Canada Regulations And Approval Processes Could Delay Or Impede A Transfer Of Control Of The TSN Debtors.

Any investment that could result in a transfer of control of the TSN Debtors or a transfer of the TSN Debtors' licenses to another party is subject to prior FCC and Industry Canada approval and in some cases could involve a lengthy review period prior to its consummation. In addition, new and/or substantially increased foreign ownership in TSN Debtors may require the prior approval of the FCC. The TSN Debtors anticipate that they will need regulatory approvals before the emergence of the TSN Debtors from bankruptcy reorganization. The TSN Debtors may not be able to obtain any such FCC or Industry Canada approvals on a timely basis, if at all, and the FCC or Industry Canada may impose new or additional license conditions as part of any review of such a request. As a result, these approval requirements could impede or prevent a transfer of control of the TSN Debtors as part of their intended reorganization.

E. Risks Relating to Forward Looking Statements

(i) Financial Information Is Based On The TSN Debtors' Books And Records And, Unless Otherwise Stated, No Audit Was Performed.

The financial information contained in this Disclosure Statement has not been audited. In preparing this Disclosure Statement, the TSN Debtors relied on financial data derived from their books and records that was available at the time of such preparation. Although the TSN Debtors have used their reasonable business judgment to ensure the accuracy of the financial information provided in this Disclosure Statement, and while the TSN Debtors believe that such financial information fairly reflects, in all material respects, the financial results of the TSN Debtors, the TSN Debtors are unable to warrant or represent that the financial information contained herein and attached hereto is without inaccuracies.

This Disclosure Statement contains various projections concerning the financial results of the Reorganized Debtors' operations, including the Financial Projections that are, by their nature, forward looking, and which projections are necessarily based on certain assumptions or estimates ultimately prove to be incorrect, the actual future financial results of the Reorganized Debtors may turn out to be different from the Financial Projections. The Financial Projections do not reflect emergence adjustments, including the impact of "fresh start" accounting.

Specifically, the projected financial results contained in this Disclosure Statement reflect numerous assumptions concerning the anticipated future performance of the Reorganized Debtors, some of which may not materialize, including, without limitation, assumptions concerning: (a) the magnitude of the potential adverse impacts of the filing of the Chapter 11 Cases on the TSN Debtors' business, financial condition, or results of operations, including the TSN Debtors' ability to maintain customer and vendor relationships that are critical to their business and the actions and decisions of their creditors and other third parties with interests in the Chapter 11 Cases; (b) the TSN Debtors' ability to obtain approval of Bankruptcy Court with respect to motions in the Chapter 11 Cases prosecuted from time to time and to develop, prosecute, confirm, and consummate one or more plans of reorganization with respect to the Chapter 11 Cases and to consummate all of the transactions contemplated by one or more such plans or upon which consummation of such plans may be conditioned; (c) the timing of Confirmation and Consummation of one or more plans of reorganization in accordance with its terms; (d) the anticipated future performance of the Reorganized Debtors; (e) general economic conditions in the markets in which the TSN Debtors operate, including changes in interest rates or currency exchange rates; (f) the financial condition of the TSN Debtors' customers or suppliers; and (g) other risks described herein and from time to time in TSC's SEC filings.

Due to inherent uncertainties associated with projecting financial results generally, the projections contained in this Disclosure Statement will not be considered assurances or guarantees of the amount of funds or the amount of Claims that may be Allowed in the various Classes. While the TSN Debtors believe that the Financial

Projections contained in this Disclosure Statement are reasonable, there can be no assurance that they will be realized.

F. Risks Relating to Recoveries Under the Plan

(i) *The Recovery to holders of Allowed Claims Cannot Be Stated With Absolute Certainty.*

This Disclosure Statement contains various projections concerning the financial results of the Reorganized Debtors' operations, including the financial projections, that are, by their nature, forward looking, and which projections are necessarily based on certain assumptions and estimates regarding the anticipated future performance of the Reorganized Debtors, including, without limitation, their ability to maintain or increase revenue and gross margins, control future operating expenses or make necessary capital, as well as assumptions concerning general business and economic conditions and overall industry performance and trends, which the TSN Debtors are unable to control. Should any or all of these assumptions or estimates ultimately prove to be incorrect or not materialize, the actual future experiences of the Reorganized Debtors may turn out to be different from the financial projections.

Due to the inherent uncertainties associated with projecting financial results generally, the projections contained in this Disclosure Statement will not be considered assurances or guarantees of the amount of funds or the amount of Claims that may be Allowed in the various Classes. While the TSN Debtors believe that the financial projections contained in this Disclosure Statement are reasonable, there can be no assurance that they will be realized. Also, because the liquidation analysis, distribution projections and other information contained herein and attached hereto are estimates only, the timing and amount of actual distributions to holders of Allowed Claims may be affected by many factors that cannot be predicted.

The Claims estimates set forth herein are based on various assumptions. The actual amounts of Allowed Claims may differ significantly from those estimates should one or more underlying assumption prove to be incorrect. Such differences may adversely affect the percentage recovery to holders of such Allowed Claims under the Plan. Moreover, the estimated recoveries set forth herein are necessarily based on numerous assumptions, the realization of many of which are beyond the TSN Debtors' control, including, without limitation, (a) the successful reorganization of the TSN Debtors, (b) an assumed date for the occurrence of the Effective Date, (c) the TSN Debtors' ability to achieve the operating and financial results included in the financial projections, (d) the TSN Debtors' ability to maintain adequate liquidity to fund operations and (e) the assumption that capital and equity markets remain consistent with current conditions. The actual amounts of Allowed Claims may differ significantly from those estimates should one or more underlying assumption prove to be incorrect, which could affect the percentage recovery to holders of such Allowed Claims under the Plan, in some instances adversely. Also, the estimated recoveries to holders of Allowed Claims are not intended to represent the private sale values of the Reorganized Debtors' securities.

The distributions available to holders of Allowed Claims under the Plan can be affected by a variety of contingencies, including, without limitation, whether the Bankruptcy Court orders the subordination of any Allowed Claims to other Allowed Claims, whether the TSN Debtors object to the amount or classification of any Claim, or whether, subject to the terms and conditions of the Plan, the TSN Debtors are required to modify certain terms or conditions of the Plan in order to Confirm the Plan. The occurrence of contingencies that could affect distributions available to holders of Allowed Claims under the Plan, however, will not affect the validity of the vote taken by the Impaired Classes to accept or reject the Plan or require any sort of revote by the Impaired Classes.

Finally, if the Bankruptcy Rule 9019 settlement embodied in the Plan is not consummated, distributions on account of the Makewhole Premium could materially dilute recoveries for holders of Claims junior to the Senior Secured Notes.

(iii) *The Information Herein Was Provided by the TSN Debtors and Relied Upon by Their Advisors.*

Counsel to and other advisors retained by the TSN Debtors in connection with the preparation of this Disclosure Statement. Although counsel to and other advisors retained by the TSN Debtors have performed certain limited due diligence in connection with the preparation of this Disclosure Statement, they have not verified independently the information contained herein.

(v) No Admissions Are Made by This Disclosure Statement.

The information and statements contained in this Disclosure Statement will neither constitute an admission of any fact or liability by any Entity (including, without limitation, the Debtors) nor be deemed evidence of the tax or other legal effects of the Plan on the TSN Debtors, the Reorganized Debtors, holders of Allowed Claims or Equity Interest or any other parties in interest. The vote by a holder of an Allowed Claim for or against the Plan does not constitute a waiver or release of any Claims or rights of the TSN Debtors or the Reorganized Debtors (or any party in interest, as the case may be) to object to that holder's Allowed Claim, or recover any preferential, fraudulent or other voidable transfer or assets, regardless of whether any Claims or Causes of Action of the Debtors or their respective Estates are specifically or generally identified herein.

In addition, no reliance should be placed on the fact that a particular litigation claim or projected objection to a particular Claim or Interest is, or is not, identified in this Disclosure Statement. The TSN Debtors or the Reorganized Debtors may seek to investigate, file and prosecute Claims and Interests and may object to Claims after the Confirmation or Effective Date of the Plan irrespective of whether this Disclosure Statement identifies such Claims or Objections to Claims.

XII.

APPLICATION OF SECURITIES LAWS

A. Issuance and Resale of Securities Under the Plan

Section 1145 of the Bankruptcy Code generally exempts the issuance of a security from registration under the Securities Act (and any equivalent state securities or “blue sky” laws) if the following conditions are satisfied: (i) the security is issued by a debtor (or its successor) under a chapter 11 plan, (ii) the recipient of the security holds a claim against, an interest in, or a claim for an administrative expense against, the debtor and (iii) the security is issued entirely in exchange for such claim or interest, or is issued “principally” in exchange for such claim or interest and “partly” for cash or property.

Section 1145 is not available to any entity that is defined as an underwriter as defined in section 1145(b) of the Bankruptcy Code. Section 1145(b) of the Bankruptcy Code defines “underwriter” as an entity who: (A) purchases a claim against, interest in, or claim for an administrative expense in the case concerning, the debtor, if such purchase is with a view to the distribution of any security received or to be received in exchange for such a claim or interest; (B) offers to sell securities offered or sold under a plan for the holder of such securities; (C) offers to buy securities offered or sold under a plan from the holder of such securities, if such offer to buy is (i) with a view to the distribution of such securities, and (ii) under an agreement made in connection with the plan, with the consummation of the plan, or with the offer or sale of securities under the plan; or (D) is an issuer, as used in section 2(a)(11) of the Securities Act, with respect to such securities. Issuer for these purposes is defined as any person who, directly or indirectly, controls, is controlled by, or is under direct or indirect common control with, the issuer. “Control” (as such term is defined in Rule 405 of Regulation C under the Securities Act) means the possession, direct or indirect, of the power to direct or cause the direction of the policies of a person, whether through the ownership of voting securities, by contract or otherwise.

Securities exempt from registration under section 1145 of the Bankruptcy Code may be resold without registration under the Securities Act or other federal securities laws pursuant to the exemption provided in section 4(1) of the Securities Act, which provides that the registration provisions of the Securities Act do not apply to transactions by persons other than issuers, underwriters or dealers. In addition, such securities generally may be resold without registration under the state securities laws pursuant to various exemptions provided by the respective laws of several states. **However, recipients of securities issued under the Plan are advised to consult their own counsel as to the availability of any such exemption from registration in any given instance and as to any applicable requirements or conditions to such availability.**

Securities distributed under the Plan to affiliates of the Company, meaning persons in a “control” relationship with the Company as defined above, would not be eligible for the exemption provided in section 4(1) of the Securities Act. However, affiliates who receive securities under the Plan that would otherwise qualify for the exemption of section 1145 might still be able to sell those securities without registration pursuant to Rule 144 of the Securities Act. Rule 144 allows a holder of securities that is an affiliate of an issuer to sell, without registration, the number of such securities that does not exceed, together with all sales of securities of the same class sold for the account of such holder within the preceding three (3) months, the greater of one percent (1%) of the number of outstanding securities in question or the average weekly trading volume in the securities in question during the four (4) calendar weeks preceding the date on which notice of such sale was filed pursuant to Rule 144, subject to the satisfaction of certain other requirements of Rule 144 regarding the manner of sale, notice requirements and the availability of specified current public information regarding the issuer.

Any distribution of securities in Canada pursuant to the Plan is being made under a prospectus exemption for a distribution in connection with a reorganization or arrangement under a statutory procedure. TSN is not a reporting issuer in any province or territory of Canada. Accordingly, any resale of such securities must be made in accordance with an exemption from the prospectus requirements of the securities laws of the applicable Canadian jurisdictions.

There can be no assurance that an active market for any of the securities to be distributed under the Plan will develop and no assurance can be given as to the prices at which they might be traded.

BECAUSE OF THE COMPLEX, SUBJECTIVE NATURE OF THE QUESTION OF WHETHER A PARTICULAR HOLDER MAY BE AN UNDERWRITER, AFFILIATE OR DEALER, THE TSN DEBTORS MAKE NO REPRESENTATION CONCERNING THE ABILITY OF ANY PERSON TO DISPOSE OF THE SECURITIES TO BE DISTRIBUTED UNDER THE PLAN.

MOREOVER, SUCH SECURITIES, OR THE DOCUMENTS THAT ESTABLISH THE TERMS AND PROVISIONS THEREOF, MAY CONTAIN TERMS AND LEGENDS THAT RESTRICT OR INDICATE THE EXISTENCE OF RESTRICTIONS ON THE TRANSFERABILITY OF SUCH SECURITIES.

THE TSN DEBTORS RECOMMEND THAT RECIPIENTS OF SECURITIES UNDER THE PLAN CONSULT WITH LEGAL COUNSEL CONCERNING THE LIMITATIONS ON THEIR ABILITY TO DISPOSE OF SUCH SECURITIES.

B. New Common Stock and New Preferred Stock

The Plan provides that (subject to certain conditions as set forth therein and as previously set forth in Article VIII of this Disclosure Statement):

(a) each holder of an Allowed Senior Secured Notes Claim shall receive, on the Initial Distribution Date, its Pro rata share of: (i) 97% of the New Common Stock, subject to any dilution (which in no event will be more than 0.20%) on account of the distribution of New Common Stock to Class 6(a) issued in lieu of any Rights they would otherwise be entitled to; and (ii) if such holder's Allowed Senior Secured Notes Claim became an Allowed Claim in accordance with the Rights Offering Procedures on or before the Subscription Record Date, Rights to purchase 98.98% of the Rights Offering Preferred Stock;

(b) each holder of an Allowed Senior Exchangeable Notes Claim shall receive, on the Initial Distribution Date, its Pro rata share of: (i) at least 1.00% of the New Common Stock, subject to any dilution (which in no event will be more than 0.02%) on account of the distribution of New Common Stock to Class 6(a) issued in lieu of any Rights they would otherwise be entitled to, and (ii) with respect to holders of Allowed Senior Exchangeable Notes Claims that become Allowed Claims in accordance with the Rights Offering Procedures on or before the Subscription Record Date only, Rights to purchase 1.02% of the Rights Offering Preferred Stock;

(c) each holder of an Allowed Other Unsecured Claim against TSN shall receive its Pro Rata share of no more than 2.22% of the New Common Stock (of which no more than 0.22% shall be issued in lieu of Rights);

(d) each holder of an Allowed Other Unsecured Claim against 088 shall receive its Pro Rata share of Cash or New Common Stock having a total value equal to the lesser of: (i) the aggregate amount of Allowed Other Unsecured Claims against 088; and (ii) \$38 million; and

(e) each holder of an Allowed Senior Secured Notes Deficiency Claim shall receive, on the Initial Distribution Date, its Pro rata share of: (i) 0% of the New Common Stock; and (ii) if such holder's Allowed Senior Secured Notes Deficiency Claim became an Allowed Claim in accordance with the Rights Offering Procedures on or before the Subscription Record Date, Rights to purchase 0% of the Rights Offering Preferred Stock.

The TSN Debtors believe that the issuance of the New Common Stock, the Rights and, upon exercise of the Rights, the Rights Offering Preferred Stock, are exempt from the registration requirements of the Securities Act and equivalent state securities or "blue sky" laws pursuant to the exemptions contained, as applicable, in section 1145 of the Bankruptcy Code, the Securities Act of 1933, and/or equivalent exemptions in state securities laws.

C. Rights Offering: Rights Offering Preferred Stock

The Rights Offering is described in Article V.D. of the Plan. Pursuant to the Rights Offering, the TSN Debtors will issue, if applicable, Rights to purchase the Rights Offering Preferred Stock to each holder of an Allowed Senior Secured Notes Claim, Allowed Senior Exchangeable Notes Claim and Allowed Other Unsecured Claim whose Claim became an Allowed Claim on or before the Subscription Record Date. The Backstop Parties, in

accordance with and subject to the terms of the Commitment Letter, have agreed to purchase up to \$125 million of the Rights Offering Preferred Stock.

XIII.
CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

The following is a summary of certain U.S. federal income tax consequences of the Plan to the TSN Debtors and certain holders of Claims. This summary is based on the Internal Revenue Code of 1986, as amended (the “**Tax Code**”), Treasury Regulations thereunder, and administrative and judicial interpretations and practice, all as in effect on the date of this Disclosure Statement and all of which are subject to change, with possible retroactive effect. Due to the lack of definitive judicial and administrative authority in a number of areas, substantial uncertainty may exist with respect to some of the tax consequences described below. No opinion of counsel has been obtained, and the TSN Debtors do not intend to seek a ruling from the Internal Revenue Service (the “**IRS**”) as to any of the tax consequences of the Plan discussed below. Events occurring after the date of the Disclosure Statement, including changes in law and changes in administrative positions, could affect the U.S. federal income tax consequences of the Restructuring. No representations are being made regarding the particular tax consequences of the confirmation and consummation of an Offer or the Plan to the Company or any Holder. There can be no assurance that the IRS will not challenge one or more of the tax consequences of the Plan described below.

This summary does not apply to holders of Claims that are otherwise subject to special treatment under U.S. federal income tax law (including, for example, banks, governmental authorities or agencies, financial institutions, insurance companies, pass-through entities, tax-exempt organizations, brokers and dealers in securities, mutual funds, small business investment companies, employees, persons who receive their Claims or Interests pursuant to the exercise of an employee stock option or otherwise as compensation, persons holding Claims or Interests that are a hedge against, or that are hedged against, currency risk or that are part of a straddle, constructive sale, or conversion transaction and regulated investment companies). The following discussion assumes that holders of Allowed Claims hold such Claims as “capital assets” within the meaning of section 1221 of the Tax Code. Moreover, this summary does not purport to cover all aspects of U.S. federal income taxation that may apply to the TSN Debtors and holders of Allowed Claims based upon their particular circumstances. Additionally, this summary does not discuss any tax consequences that may arise under any laws other than U.S. federal income tax law, including under state, local, or foreign tax law.

For purposes of this summary, a “U.S. Holder” means a holder of Claims that, in any case, is, for U.S. federal income tax purposes: (i) an individual that is a citizen or resident of the United States; (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; (iii) an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or (iv) a trust (x) if a court within the United States is able to exercise primary supervision over its administration and one or more United States persons have the authority to control all of the substantial decisions of such trust or (y) that has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person. A “Non-U.S. Holder” means a holder of Claims that is not a U.S. Holder and is, for U.S. federal income tax purposes, an individual, corporation (or other entity treated as a corporation for U.S. federal income tax purposes), estate or trust.

If an entity taxable as a partnership for U.S. federal income tax purposes holds Claims, the U.S. federal income tax treatment of a partner (or other owner) of the entity generally will depend on the status of the partner (or other owner) and the activities of the entity. Such partner (or other owner) should consult its tax advisor as to the tax consequences of the entity’s ownership or disposition of Claims, New Common Stock, and Rights Offering Preferred Stock, if any.

The U.S. federal income tax consequences of the Plan are complex. The following summary is for information purposes only and is not a substitute for careful tax planning and advice based on the particular circumstances of each holder of a Claim or Interest. Each holder of a Claim or Interest is urged to consult his, her, or its own tax advisors as to the U.S. federal income tax consequences, as well as other tax consequences, including under any applicable state, local, and foreign law, of the restructuring described in the Plan.

IRS CIRCULAR 230 DISCLOSURE: TO ENSURE COMPLIANCE WITH REQUIREMENTS IMPOSED BY THE IRS, ANY TAX ADVICE CONTAINED IN THIS DISCLOSURE STATEMENT (INCLUDING ATTACHMENTS) IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED, BY ANY TAXPAYER FOR THE PURPOSE OF AVOIDING TAX-RELATED PENALTIES UNDER

THE IRC. THE TAX ADVICE CONTAINED IN THIS DISCLOSURE STATEMENT (INCLUDING ATTACHMENTS) WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS DESCRIBED IN THIS DISCLOSURE STATEMENT. EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

A. Certain U.S. Federal Income Tax Consequences to the Reorganized Debtors

(i) Cancellation of Debt and Reduction of Tax Attributes

As a result of the Plan, the TSN Debtors' aggregate outstanding indebtedness will be substantially reduced. In general, absent an exception, a debtor will recognize cancellation of debt ("**COD**") income upon discharge of its outstanding indebtedness for an amount less than its adjusted issue price. The amount of COD income, in general, is the excess of (a) the adjusted issue price of the indebtedness discharged, over (b) the sum of the issue price of any new indebtedness of the taxpayer issued, the amount of cash paid and the fair market value of any other consideration, including stock of the TSN Debtors, given in exchange for such indebtedness at the time of the exchange.

A debtor is not, however, required to include any amount of COD income in gross income if such debtor is under the jurisdiction of a court in a chapter 11 bankruptcy proceeding and the discharge of debt occurs pursuant to that proceeding. Instead, as a price for the exclusion of COD income under the foregoing rule, Section 108 of the Tax Code requires the debtor to reduce (as of the first day of the taxable year following the year of the debt discharge) its tax attributes by the amount of COD income which it excluded from gross income. As a general rule, tax attributes will be reduced in the following order: (i) net operating losses ("**NOLs**"), (ii) most tax credits, (iii) capital loss carryovers, (iv) tax basis in assets (but not below the amount of liabilities to which the debtor remains subject), and (v) foreign tax credits. A debtor with COD income may elect first to reduce the basis of its depreciable assets under IRC Section 108(b)(5).

The amount of COD income (and, accordingly, the amount of tax attributes required to be reduced) cannot be known with certainty until after the Effective Date. Thus, although it is expected that a reduction of tax attributes will be required, the exact amount of such reduction cannot be predicted with certainty.

Any required reduction in tax attributes of a member of a consolidated group applies first to any tax attributes attributable to the debtor realizing the COD income at issue. To the extent the debtor reduces its tax basis in the stock of another member of the consolidated group (which basis may not be reduced below zero) such other member is required to reduce its tax attributes by an equivalent amount. It is not anticipated that the TSN Debtors will utilize tax attributes of parties other than the TSN Debtors due to the realization of COD income.

With respect to transactions giving rise to COD income occurring in 2009 and 2010, a debtor may elect to defer the recognition of the COD income, and thus the requirement to pay tax currently, until 2014. If the debtor defers such COD income until 2014, the COD income is then included in income ratably over the 5 taxable year period beginning in 2014. In certain cases, debtors may make the deferral election on a protective basis.

(ii) *Impact of Senior Secured Notes Treatment as Applicable High Yield Discount Obligations ("AHYDO")*

The Senior Secured Notes are subject to the provisions of the Tax Code dealing with applicable high yield discount obligations. In general, an AHYDO is any debt instrument with "significant original issue discount," a maturity date that is more than five years from the issue date and a yield to maturity that is at least five percentage points higher than the applicable federal rate on the issue date. When the Senior Secured Notes were issued with a yield of 15% in February 2007, the applicable federal rate was 4.61%. As such, any interest deductions with respect to any original issue discount ("**OID**") related to the Senior Secured Notes have been deferred until paid in cash or in other property (other than stock or debt issued by the TSN Debtors or by a person deemed to be related to the TSN Debtors under section 453(f)(1) of the Tax Code), and have been disallowed to the extent the yield to maturity on the Senior Secured Notes exceeds six percentage points over the applicable federal rate. Pursuant to the Plan, the deduction for the amount of interest on the Senior Secured Notes that has been previously deferred will be permanently disallowed because holders of Senior Secured Notes Claims will receive New Common Stock of the

Reorganized Debtors in exchange for these Claims. As a result, this interest will not be a part of the consolidated outstanding indebtedness in the calculation of COD income of the TSN Debtors because of the disallowance.

(iii) Limitation of Net Operating Loss Carry Forwards and Other Tax Attributes

The TSN Debtors collectively will have NOL carryovers at the time of the exchange of approximately \$69 million, a portion of which is subject to limitations, as discussed below, from prior ownership changes. The precise amount of NOL carryovers and other tax attributes that will be available to the TSN Debtors collectively and individually after emergence is based on a number of factors and is impossible to calculate at this time. Some of the factors that will impact the amount of available NOLs include: the amount of tax losses incurred by the TSN Debtors in 2010; the value of the New Common Stock and the Rights Offering Preferred Stock; the amount of COD Income, if any, realized by the TSN Debtors under the Plan; and the extent to which different Debtors are affiliated or combined pursuant to the Plan. The NOLs are expected to be utilized to offset COD income, as discussed above in “Cancellation of Debt and Reduction of Tax Attributes.” Under the Plan, the TSN Debtors will be a separate consolidated group after the Effective Date.

Under sections 382 and 383 of the Tax Code, if a corporation undergoes an “ownership change,” the amount of its pre-change losses that may be utilized to offset future taxable income generally is subject to an annual limitation. At this time, the TSN Debtors anticipate that the issuance of the New Common Stock and New Preferred Stock, under the Plan are likely to result in an “ownership change” of the TSN Debtors for these purposes, and that the TSN Debtors’ use of their pre-change losses is likely to be subject to limitation unless an exception to the general rules of sections 382 and 383 of the Tax Code applies.

a. General Section 382 Annual Limitation

In general, the amount of the annual limitation to which a corporation that undergoes an “ownership change” would be subject is equal to the product of (i) the fair market value of the stock of the corporation immediately before the “ownership change” (with certain adjustments) multiplied by (ii) the “long-term tax-exempt rate” (which is the highest of the adjusted Federal long-term rates in effect for any month in the 3-calendar-month period ending with the calendar month in which the “ownership change” occurs; 3.67% for December 2010). Any unused limitation may be carried forward, thereby increasing the annual limitation in the subsequent taxable year.

b. Special Bankruptcy Exceptions

An exception to the foregoing annual limitation rules generally applies when so-called “qualified creditors” of a debtor company in chapter 11 receive, in respect of their claims, at least 50% of the vote and value of the stock of the reorganized debtor (or a controlling corporation if also in chapter 11) pursuant to a confirmed chapter 11 plan (the “**382(l)(5) Exception**”). Under the 382(l)(5) Exception, a debtor’s pre-change losses are not limited on an annual basis but, instead, are required to be reduced by the amount of any interest deductions claimed during the three taxable years preceding the effective date of the plan of reorganization, and during the part of the taxable year prior to and including the effective date of the plan of reorganization, in respect of all debt converted into stock in the reorganization. If the 382(l)(5) Exception applies and the TSN Debtors undergo another “ownership change” within two (2) years after consummation of the Plan, then the TSN Debtors’ annual limitation to use their pre-change losses against their future income would be reduced to zero.

Where the 382(l)(5) Exception is not applicable (either because the debtor does not qualify for it or the debtor elects not to utilize the 382(l)(5) Exception), a second special rule will generally apply (the “**382(l)(6) Exception**”). Under the 382(l)(6) Exception, the limitation will be calculated by reference to the lesser of the value of the debtor corporation’s new stock (with certain adjustments) immediately after the ownership change or the value of such debtor corporation’s assets (determined without regard to liabilities) immediately before the ownership change. This differs from the ordinary rule that requires the fair market value of a debtor corporation that undergoes an “ownership change” to be determined before the events giving rise to the change. The 382(l)(6) Exception also differs from the 382(l)(5) Exception in that under the 382(l)(6) Exception the debtor corporation is not required to reduce its NOLs by the amount of interest deductions claimed during the current year and three preceding years with respect to the debt converted to equity, and the debtor may undergo a change of ownership within two (2) years without reducing the annual limitation on its NOLs to zero.

The issuance under the Plan of New Common Stock and the Rights Offering Preferred Stock, along with the cancellation of existing stock of the TSN Debtors, will cause an ownership change with respect to the TSN Debtors. Upon an ownership change, if any NOLs remain after any reduction to offset COD income, the TSN Debtors' pre-change losses would be subject to the Section 382 limitation (as described above). The TSN Debtors anticipate that any limitation arising under the Plan will be calculated according to the 382(l)(6) Exception. The TSN Debtors are uncertain, at this time, whether they would qualify for the 382(l)(5) Exception, and whether the consequences of that rule would be favorable relative to those under the 382(l)(6) Exception.

(iv) *Special Considerations in the Application of COD Rules and Reduction of Tax Attributes to Debtors*

As described above, the TSN Debtors will have NOLs at the time of the exchange. These tax attributes may be available for reduction as part of the COD income exclusion under section 108. A critical issue is the entity that incurred the particular NOLs or capital losses. The entity that realizes but does not recognize COD income is required to reduce its tax attributes. However, NOLs or other tax attributes, including capital losses in a sister company generally cannot be utilized to the extent the company with COD income has tax attributes that can be reduced – whether NOLs, capital losses, tax credits, or basis in its assets or a subsidiary. It is not anticipated that the TSN Debtors will utilize tax attributes of parties other than the TSN Debtors due to the realization of COD income.

(v) *Alternative Minimum Tax*

In general, an alternative minimum tax (“**AMT**”) is imposed on a corporation's alternative minimum taxable income at a 20% rate to the extent that such tax exceeds the corporation's regular federal income tax. For purposes of computing taxable income for AMT purposes, certain tax deductions and other beneficial allowances are modified or eliminated. In particular, even though a corporation otherwise might be able to offset all of its taxable income for regular tax purposes by available NOL carry-forwards, only 90% of a corporation's taxable income from AMT purposes may be offset by available NOL carry-forwards (as computed for AMT purposes).

In addition, if a corporation undergoes an ownership change, within the meaning of section 382 of the Tax Code and is in a net unrealized built-in loss position (as determined for AMT purposes) on the date of the ownership change, the corporation's aggregate tax basis in its assets would be adjusted for certain AMT purposes to reflect the fair market value of such assets as of the change date.

B. *Certain U.S. Federal Income Tax Consequences to the U.S. Holders under the Plan*

The U.S. federal income tax consequences of the Plan to U.S. Holders and the character, amount and timing of income, gain or loss recognized as a consequence of the Plan and the distributions provided for or by the Plan generally will depend upon, among other things, (i) the manner in which a holder acquired a Claim; (ii) the length of time a Claim has been held; (iii) whether the Claim was acquired at a discount; (iv) whether the holder has taken a bad debt deduction in the current or prior years; (v) whether the holder has previously included accrued but unpaid interest with respect to a Claim; (vi) the holder's method of tax accounting; (vii) whether the holder will realize foreign currency exchange gain or loss with respect to a Claim; and (viii) whether a Claim is an installment obligation for federal income tax purposes. Therefore, holders of Claims are urged to consult their tax advisors for information that may be relevant to their particular situation and circumstances and the particular tax consequences to such holders as a result thereof.

(i) *Consequences to U.S. Holders of Allowed Senior Secured Notes Claims (Class 3) and Senior Secured Notes Deficiency Claims (Class 8)*

Each U.S. Holder of an Allowed Senior Secured Notes Claim shall receive, on the Initial Distribution Date, its pro rata share of: (i) 97.0% of the New Common Stock and (ii) Rights to purchase 98.98% of the Rights Offering Preferred Stock. Each U.S. Holder of an Allowed Senior Secured Notes Deficiency Claim shall receive, on the Initial Distribution Date, its pro rata share of: (i) 0% of the New Common Stock and (ii) Rights to purchase 0% of the Rights Offering Preferred Stock. U.S. Holders receiving Rights to purchase the Rights Offering Preferred Stock should see the “Rights Offering” discussion below.

The U.S. federal income tax consequences of the Plan to such U.S. Holders of Claims will depend, in part, on whether the Claims surrendered constitute “securities” for U.S. federal income tax purposes.

Whether a debt instrument constitutes a “security” is determined based on all the facts and circumstances, but most authorities have held that the length of the term of a debt instrument at initial issuance is an important factor in determining whether such instrument is a security for federal income tax purposes. These authorities have indicated that a term of less than five years is evidence that the instrument is not a security, whereas a term of ten (10) years or more is evidence that it is a security. There are numerous other factors that could be taken into account in determining whether a debt instrument is a security, including the security for payment, the creditworthiness of the obligor, the subordination or lack thereof with respect to other creditors, the right to vote or otherwise participate in the management of the obligor, convertibility of the instrument into an equity interest of the obligor, whether payments of interest are fixed, variable or contingent and whether such payments are made on a current basis or accrued. The Senior Secured Notes Claims may or may not constitute securities as the Senior Secured Notes have a term of approximately six (6) years.

If a U.S. Holder’s Claims are treated as “securities” for federal income tax purposes, then the receipt of New Common Stock and the Rights in exchange for Allowed Senior Secured Notes Claims should constitute a “recapitalization” under section 368(a)(1)(E) of the Tax Code. As a result, except as discussed below with respect to accrued interest and in regards to “market discount”, a U.S. Holder of such an Allowed Claim should not recognize gain or loss on the exchange of its Claim for New Common Stock and Rights. The U.S. Holder’s basis in the New Common Stock and the Rights will be the same as the basis of the surrendered Claims immediately before the exchange, allocated between the New Common Stock and the Rights based on the relative fair market value of each. The U.S. Holder’s holding period in the New Common Stock and the Rights will be the same as the holding period of the surrendered Claims immediately before the exchange.

If the Senior Secured Notes Claims are not treated as “securities” for federal income tax purposes, a U.S. Holder should be treated as exchanging its Claims for New Common Stock and Rights in a fully taxable exchange. In that case, the Holder should recognize gain or loss equal to the difference between (1) the fair market value as of the Effective Date of the New Common Stock and of the Rights Offering that is not allocable to accrued interest (not previously included in income) and (2) the U.S. Holder’s tax basis in the Claims surrendered by the U.S. Holder (other than any tax basis attributable to accrued interest not previously included in income). See “Impact of Treatment of Senior Secured Notes as Applicable High Yield Discount Obligations” for a discussion on the AHYDO rules impact on a U.S. Holder’s basis in its Allowed Senior Secured Notes Claims. Such gain or loss should be capital in nature if the Claims were held as capital assets by the U.S. Holder (subject to the “market discount” rules described below) and should be long-term capital gain or loss if the Claims were held for more than one year by the U.S. Holder. If the Holder is a non-corporate taxpayer, any such long-term capital gain will be taxed at preferential rates. The deductibility of capital losses is subject to limitations, see discussion below. To the extent that a portion of the New Common Stock received in the exchange is allocable to accrued interest, the Holder may recognize ordinary income. See the discussion of “Accrued Interest but Unpaid Interest” below.

In a taxable exchange, a U.S. Holder’s tax basis in the New Common Stock and the Rights should equal the fair market value as of the Effective Date. A U.S. Holder’s holding period for the New Common Stock should begin on the day following the Effective Date. For consequences of exercising the Rights, see “Rights Offering” discussion below.

(ii) *Consequences to Holders of Allowed Senior Exchangeable Notes Claims (Class 5) and Allowed Other Unsecured Claims (Classes 6(a) and 6(b))*

Each U.S. Holder of a Senior Exchangeable Notes Claim shall receive, on the Initial Distribution Date, its pro rata share of the Class 5 Distribution. Each U.S. Holder of an Other Unsecured Claim against TSN shall receive its pro rata share of the Class 6(a) Distribution and each U.S. Holder of an Other Unsecured Claim against 088 shall receive its pro rata share of the Class 6(b) Distribution. U.S. Holders receiving Rights to purchase the Rights Offering Preferred Stock should see the “Rights Offering” discussion below.

The U.S. federal income tax consequences of the Plan to such U.S. Holders of Claims will depend, in part, on whether the Claims surrendered constitute “securities” for U.S. federal income tax purposes, see discussion above. The Senior Exchangeable Notes Claims may or may not constitute securities as the Senior Exchangeable

Notes have a term of approximately six (6) years. The debt instruments underlying the Other Unsecured Claims may or may not constitute securities.

If a U.S. Holder's Claims are treated as "securities" for federal income tax purposes, then the receipt of New Common Stock and the Rights in exchange for Allowed Claims should constitute a "recapitalization" under section 368(a)(1)(E) of the Tax Code. As a result, except as discussed below with respect to accrued interest and in regards to "market discount", a U.S. Holder of such an Allowed Claim should not recognize gain or loss on the exchange of its Claim for New Common Stock and Rights. The Holder's basis and holding period in the New Common Stock and the Rights will be the same as the basis and holding period in the surrendered Claims immediately before the exchange.

If the Claims are not treated as "securities" for federal income tax purposes, a U.S. Holder should be treated as exchanging its Claims for New Common Stock and Rights in a fully taxable exchange. In that case, the Holder should recognize gain or loss equal to the difference between (1) the fair market value as of the Effective Date of the New Common Stock and the Rights that is not allocable to accrued interest (not previously included in income) and (2) the U.S. Holder's tax basis in the Claims surrendered by the U.S. Holder (other than any tax basis attributable to accrued interest not previously included in income). Such gain or loss should be capital in nature if the Claims were held as capital assets by the U.S. Holder (subject to the "market discount" rules described below) and should be long-term capital gain or loss if the Claims were held for more than one year by the U.S. Holder. If the Holder is a non-corporate taxpayer, any such long-term capital gain will be taxed at preferential rates. The deductibility of capital losses is subject to limitations, see discussion below. To the extent that a portion of the New Common Stock received in the exchange is allocable to accrued interest, the Holder may recognize ordinary income. See the discussion of accrued interest below.

In a taxable exchange, a U.S. Holder's tax basis in the New Common Stock and Rights should equal the fair market value as of the Effective Date. A U.S. Holder's holding period for the New Common Stock should begin on the day following the Effective Date. If the Rights have any value as of the Effective Date, their basis should equal such amount. For consequences of exercising the Rights, see "Rights Offering" discussion below.

(iii) *Consequences to U.S. Holders of Allowed Unsecured Convenience Claims*

Each U.S. Holder of an Allowed Unsecured Convenience Claim shall receive Cash in an amount equal to the lesser of (i) 10% of such holders' Unsecured Convenience Claim, and (ii) such holder's Pro Rata Share of \$500,000.

U.S. Holders should recognize capital gain or loss (which capital gain or loss would be long-term capital gain or loss to the extent that the U.S. Holder has held the debt instrument underlying its Claim for more than one year) in an amount equal to the amount of Cash received over the U.S. Holder's adjusted basis its Allowed Unsecured Convenience Claims. To the extent that a portion of the Cash received represents accrued but unpaid interest that the Holder has not already taken into income, the Holder should recognize ordinary interest income. See "Accrued but Unpaid Interest" below.

(iv) *Rights Offering*

A recipient of Rights to purchase Rights Offering Preferred Stock generally should not recognize taxable gain or loss upon the exercise of its Rights. If a U.S. Holder allows the Rights received under the Plan to expire, it should recognize capital loss equal to its basis (if any) in such expiring Rights. The tax basis in the New Preferred Stock received upon participation in the Rights Offering should equal the amount paid for such New Preferred Stock, including the basis, allocable to the Rights. The holding period in such New Preferred Stock received should commence the day following its acquisition.

(v) *Ownership and Disposition of New Common Stock and New Preferred Stock*

Consequences of Dividends on New Common Stock and New Preferred Stock. Distributions made with respect to New Common Stock received under the Plan or New Common Stock received upon the exercise of the Rights generally will be treated as dividends to a U.S. Holder to the extent of current and accumulated earnings and profits of the Reorganized Debtors as determined under U.S. federal income tax principles, at the end of the tax year

of the distribution. To the extent the distributions exceed the current and accumulated earnings and profits of the Reorganized Debtors, the excess will be treated first as a tax-free return of capital to the extent of the U.S. Holder's adjusted tax basis in the New Common Stock or New Preferred Stock and thereafter as capital gain. Corporate U.S. Holders generally will be entitled to claim the dividends received deduction with respect to dividends paid on New Common Stock or New Preferred Stock, subject to applicable restrictions, including satisfaction of applicable holding period requirements.

Sale or Other Disposition of New Common Stock or New Preferred Stock. Upon the sale or other disposition of New Common Stock received under the Plan or New Preferred Stock received upon the exercise of the Rights, a U.S. Holder generally will recognize capital gain or loss equal to the difference between (i) the amount of cash and the fair market value of any property received upon the sale or other disposition and (ii) the U.S. Holder's adjusted tax basis in the New Common Stock or New Preferred Stock. Such capital gain or loss will be long-term if the U.S. Holder's holding period in respect of such New Common Stock or New Preferred Stock is more than one year. The deductibility of capital losses is subject to limitations, see discussion below.

(vi) *Accrued but Unpaid Interest*

A portion of the consideration received by participating U.S. Holders may be attributable to accrued but unpaid interest with respect to their Claims. Such amount should be taxable to the U.S. Holders as ordinary interest income to the extent that the accrued interest has not been previously included in the U.S. Holder's gross income for U.S. federal income tax purposes. Conversely, a U.S. Holder generally recognizes a deductible loss to the extent that any accrued interest was previously included in income and is not paid in full. If the Plan is consummated, the TSN Debtors will allocate for U.S. federal income tax purposes all distributions in respect of any Claim first to the principal amount of such Claim, and thereafter to accrued but unpaid interest, pursuant to the Plan. Certain legislative history indicates that an allocation of consideration between principal and interest provided for in a bankruptcy plan of reorganization is binding for U.S. federal income tax purposes. However, no assurance can be given that the IRS will not challenge such allocation. If a distribution with respect to a Claim is allocated entirely to the principal amount of such Claim, a U.S. Holder may be entitled to claim a loss to the extent of any accrued but unpaid interest on the Claim that was previously included in the U.S. Holder's gross income. U.S. Holders of Claims should consult their tax advisors regarding the proper allocation of the consideration received by them under the Plan, as well as the character of any loss claimed with respect to accrued but unpaid interest previously included in gross income.

(vii) *Market Discount*

Under the "market discount" provisions of sections 1276 through 1278 of the Tax Code, some or all of any gain realized by a U.S. Holder exchanging the debt instruments constituting its Allowed Claim may be treated as ordinary income (instead of capital gain), to the extent of the amount of "market discount" on the debt constituting the surrendered Allowed Claim.

In general, a debt instrument is considered to have been acquired with "market discount" if its holder's adjusted tax basis in the debt instrument is less than (i) its stated principal amount or (ii) in the case of a debt instrument issued with OID, its adjusted issue price, in each case, by at least a *de minimis* amount. The *de minimis* amount is equal to 0.25% of the sum of all payments which, at the time of purchase, remain to be made on the debt instrument, excluding qualified stated interest, multiplied by the number of remaining whole years to maturity. Generally, qualified stated interest is a stated amount of interest that is unconditionally payable in cash or other property (other than debt instruments of the issuer) at least annually at a single fixed rate.

Any gain recognized by a U.S. Holder on the taxable disposition (determined as described above) of debts that it acquired with market discount should be treated as ordinary income to the extent of the market discount that accrued thereon while such debts were considered to be held by the U.S. Holder (unless the U.S. Holder elected to include market discount in income as it accrued). To the extent that the surrendered debts that had been acquired with market discount are exchanged in a tax-free or other reorganization transaction for other property (as may occur here), any market discount that accrued on such debts but was not recognized by the U.S. Holder may be required to be carried over to the property received therefor and any gain recognized on the subsequent sale, exchange,

redemption or other disposition of such property may be treated as ordinary income to the extent of the accrued but unrecognized market discount with respect to the exchanged debt instrument.

(viii) *Limitations on Use Capital Losses*

U.S. Holders of Claims who recognize capital losses as a result of the distributions under the Plan will be subject to limits on their use of capital losses. For noncorporate holders, capital losses may be used to offset any capital gains (without regard to holding periods) plus ordinary income to the extent of the lesser of (1) \$3,000 (\$1,500 for married individuals filing separate returns) or (2) the excess of the capital losses over the capital gains. Holders, other than corporations, may carry over unused capital losses and apply them to capital gains and a portion of their ordinary income for an unlimited number of years. For corporate holders, losses from the sale or exchange of capital assets may only be used to offset capital gains. Holders who have more capital losses than can be used in a tax year may be allowed to carry over the excess capital losses for use in succeeding tax years. Corporate holders may only carry over unused capital losses for the five years following the capital loss year, but are allowed to carry back unused capital losses to the three years preceding the capital loss year.

(ix) *Information Reporting and Backup Withholding*

In general, U.S. Holders (other than corporations and other exempt holders) will be subject to information reporting requirements with respect to interest, dividends and other taxable distributions paid in respect of, and the proceeds from a sale, redemption or other disposition of, the New Common Stock or New Preferred Stock, if applicable. In addition, such U.S. Holders may be subject to backup withholding on such payments if such U.S. Holder (i) fails to provide an accurate taxpayer identification number to the payor; (ii) has been notified by the IRS of a failure to report all interest or dividends required to be shown on its U.S. federal income tax returns; or (iii) in certain circumstances, fails to comply with applicable certification requirements.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. Holder's U.S. federal income tax liability, provided that the required information is furnished to the IRS on a timely basis. A U.S. Holder should consult its tax advisors regarding the application of information reporting and backup withholding rules in their particular situations, the availability of an exemption therefrom, and the procedure for obtaining such an exemption, if applicable.

C. *General U.S. Federal Income Tax Consequences to Non-U.S. Holders*

The rules governing U.S. federal income taxation of a Non-U.S. Holder are complex. Each Non-U.S. Holder should consult with its own tax advisor to determine the effect of U.S. federal, state, local and foreign income tax laws, as well as treaties, with regard to its participation in the transactions contemplated by the Plan, and its ownership of Claims, New Common Stock, and New Preferred Stock.

(i) *Tax Consequences to Non-U.S. Holders of Plan*

a. *Tax Consequences of Non-U.S. Holders Under the Plan*

A Non-U.S. Holder generally will not be subject to U.S. federal income tax with respect to any New Common Stock, Rights, and Cash received in the Plan, unless (i) such Non-U.S. Holder is engaged in a trade or business in the United States to which income, gain or loss from the exchange is "effectively connected" for U.S. federal income tax purposes, or (ii) such Non-U.S. Holder is an individual and is present in the United States for 183 days or more during the taxable year of the exchange and certain other requirements are met.

b. *Non-U.S. Holders of New Common Stock or New Preferred Stock*

If a Non-U.S. Holder receives New Common Stock or New Preferred Stock under the Plan, distributions of cash and property that Reorganized Debtors make in respect of New Common Stock or New Preferred Stock will constitute dividends for U.S. federal income tax purposes to the extent of its current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Distributions of cash and property that constitute dividends for U.S. federal income tax purposes generally will be subject to U.S. federal withholding at a 30% rate unless a reduced rate is prescribed by an applicable income tax treaty. If the amount of a distribution exceeds

Reorganized Debtors' current and accumulated earnings and profits, such excess first will be treated as a return of capital to the extent of a Non-U.S. Holder's tax basis in the New Common Stock or New Preferred Stock and thereafter will be treated as gain from the disposition of such New Common Stock or New Preferred Stock, subject to tax as described below in "Sale, Exchange or Disposition of New Common Stock or New Preferred Stock."

In order to obtain a reduced rate of U.S. withholding tax under an applicable income tax treaty, a Non-U.S. Holder will be required to provide a properly executed IRS Form W-8BEN certifying its entitlement to benefits under the treaty. If a Non-U.S. Holder is eligible for a reduced rate of U.S. withholding tax under a treaty, the Non-U.S. Holder may obtain a refund or credit of any excess amounts withheld by filing an appropriate claim for a refund with the IRS. Each Non-U.S. Holder should consult its own tax advisor regarding its possible entitlement to benefits under a treaty.

The U.S. federal withholding tax described above will not apply to dividends paid to a Non-U.S. Holder if such dividends represent U.S. trade or business income for the Non-U.S. Holder and the Non-U.S. Holder provides a properly executed IRS Form W-8ECI certifying that the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the U.S. because the dividends are otherwise subject to tax in the U.S. as part of their trade or business income.

c. Effectively Connected Income and Loss

If a Non-U.S. Holder is engaged in a trade or business in the U.S. and if dividends received in respect of New Common Stock or New Preferred Stock, or gain or loss realized on the disposition of New Common Stock or New Preferred Stock are "effectively connected" with the conduct of such U.S. trade or business, any such dividends, gain or loss realized by the Non-U.S. Holder will be subject to full net-basis U.S. federal income tax in the same manner as if the Non-U.S. Holder were a U.S. Holder, unless an applicable income tax treaty provides otherwise. In addition, if the Non-U.S. Holder is a foreign corporation, the Non-U.S. Holder may also be subject to a "branch profits tax" on earnings and profits effectively connected with such U.S. trade or business (subject to certain adjustments) at a rate of 30%, unless the branch profits tax is reduced or eliminated by an applicable income tax treaty. Even though any such effectively connected income would be subject to income tax, and might also be subject to branch profits tax, it would not be subject to withholding tax if the Non-U.S. Holder satisfied the applicable certification requirements described above. Non-U.S. Holders should discuss the applicability of the "effectively connected" rules with their tax advisors.

d. Sale, Exchange or Disposition of New Common Stock and New Preferred Stock

Subject to the discussion below concerning backup withholding, if a Non-U.S. Holder owns New Common Stock or New Preferred Stock, the Non-U.S. Holder generally will not be subject to U.S. federal income tax with respect to any gain or loss realized on the sale, exchange or other taxable disposition of such New Common Stock or New Preferred Stock, unless:

1. the Non-U.S. Holder is an individual who is present in the U.S. for 183 days or more in the taxable year of disposition, and certain other conditions are met; or
2. such gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the U.S.

(ii) ***Information Reporting and Backup Withholding for Non-U.S. Holders***

Unless certain exceptions apply, the Debtors must report annually to the IRS and to each Non-U.S. Holder any interest paid during the taxable year, as well as the amount of any dividends paid to the Non-U.S. Holder (whether such dividend income is subject to U.S. withholding tax or is exempt from such tax pursuant to an income tax treaty). Copies of these information returns may also be made available under the provisions of a specific treaty or other agreement to the tax authorities of the country in which a Non-U.S. Holder resides.

Under current U.S. federal income tax law, backup withholding tax will not apply to payments of dividends by the Debtors or its paying agent if the Non-U.S. Holder provides a properly executed IRS Form W-8BEN (or successor form), or otherwise establishes its eligibility for an exemption, provided that the Debtors or their paying

agent, as the case may be, does not have actual knowledge or reason to know that the payee Non-U.S. Holder is a U.S. person.

Withholding and backup withholding are not additional taxes. Any amounts withheld from a payment to a Non-U.S. Holder under the withholding or backup withholding rules will be allowed as a credit against such Holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the holder furnishes the required information to the IRS. A Non-U.S. Holder should consult its tax advisor regarding the application of information reporting, withholding and backup withholding in such holder's particular situation, the availability of an exemption from backup withholding and the procedure for obtaining such an exemption, if available.

Under legislation recently enacted into law, certain payments made after December 31, 2012 to certain foreign entities (including foreign accounts or foreign intermediaries) would be subject to a 30% withholding tax unless various U.S. information reporting and due diligence requirements have been satisfied. Payments subject to such requirements include dividends on (as applicable) and the gross proceeds from the sale or other disposition of New Common Stock and New Preferred Stock. These requirements are different from, and in addition to, the withholding tax requirements described above. Non-U.S. Holders should consult their tax advisors concerning the application of this legislation to their particular circumstances.

D. Importance of Obtaining Professional Tax Assistance

THE FOREGOING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN INCOME TAX CONSEQUENCES OF THE PLAN AND IS NOT A SUBSTITUTE FOR CAREFUL TAX PLANNING WITH A TAX PROFESSIONAL. THE ABOVE DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT TAX ADVICE. THE TAX CONSEQUENCES ARE IN MANY CASES UNCERTAIN AND MAY VARY DEPENDING ON A HOLDER'S PARTICULAR CIRCUMSTANCES. ACCORDINGLY, HOLDERS OF CLAIMS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS ABOUT THE UNITED STATES FEDERAL, STATE, AND LOCAL, AND APPLICABLE FOREIGN INCOME AND OTHER TAX CONSEQUENCES OF THE PLAN.

XIV.
RECOMMENDATION

TerreStar Networks Inc. and its Debtor affiliates submit that the Plan is preferable to the alternatives described in this Disclosure Statement because it provides for a larger distribution to the TSN Debtors' creditors than would otherwise result in liquidation under chapter 7 of the Bankruptcy Code. In addition, any alternative other than Confirmation could result in extensive delays and increased administrative expenses, resulting in smaller distributions to holders of Allowed Claims (and, potentially, Interests, in the TSN Debtors) than those proposed under the Plan. The Debtors thus believe that approval of the Plan is in the best interests of all stakeholders in the TSN Debtors' chapter 11 cases, and accordingly, the Debtors recommend that holders of Claims and Interests entitled to vote on the Plan vote to accept the Plan.

A. Administrative Claims

1. Administrative Claims

Except with respect to Administrative Claims that are Claims for Accrued Professional Compensation and except to the extent that a holder of an Allowed Administrative Claim agrees to less favorable treatment, each holder of an Allowed Administrative Claim shall, in complete satisfaction of such Allowed Administrative Claim, be paid Cash in the full amount of such Allowed Administrative Claim on the later of: (a) the Initial Distribution Date; (b) the first date such Administrative Claim is Allowed or as soon as reasonably practicable thereafter; and (c) the date such Allowed Administrative Claim becomes due and payable by its terms, or as soon thereafter as is reasonably practicable.

2. Professional Compensation

(a) Claims for Accrued Professional Compensation

Professionals or other Entities asserting a Claim for Accrued Professional Compensation for services rendered before the Effective Date must file and serve on the TSN Debtors and such other Entities who are designated by the Bankruptcy Rules, the Confirmation Order, the Interim Compensation Order or other order of the Bankruptcy Court an application for final allowance of such Claim for Accrued Professional Compensation no later than 30 days after the Effective Date. Subject to the Holdback Amount, on the Effective Date, or as soon thereafter as reasonably practicable, to the extent not otherwise paid, all Allowed Claims for Accrued Professional Compensation (including estimated Accrued Professional Compensation through the Effective Date) shall be paid in full in Cash. To receive payment on the Effective Date for unbilled fees and expenses incurred through the Effective Date, each Professional shall reasonably estimate fees and expenses due for unbilled fees and expenses for periods that will not have been billed as of the Effective Date and shall deliver such estimates to the TSN Debtors, the Plan Sponsor and the U.S. Trustee prior to the Effective Date. If the estimated payment received by the Professional is lower than the Accrued Professional Compensation of such Professional, the difference shall be promptly paid to the Professional.

On the Effective Date, the Reorganized TSN Debtors shall fund the Holdback Amount Reserve for payment of the Holdback Amount. Upon final allowance by the Bankruptcy Court of the Accrued Professional Compensation, or entry of an earlier order of the Bankruptcy Court granting the release of the Holdback Amount, such amount, less any excess paid in connection with estimated fees and expenses through the Effective Date, shall be paid promptly and directly to the Professionals.

Except as otherwise provided in this Article II.A, requests for payment of Administrative Claims must be filed and served on the Reorganized TSN Debtors pursuant to the procedures specified in the Confirmation Order and the notice of entry of the Confirmation Order no later than 45 days after the Effective Date. Holders of Administrative Claims that are required to, but do not, file and serve a request for payment of such Administrative Claims by such date shall be forever barred, estopped and enjoined from asserting such Administrative Claims against the TSN Debtors or Reorganized TSN Debtors or their property and such Administrative Claims shall be deemed discharged as of the Effective Date. Objections to such requests, if any, must be filed and served on the Reorganized TSN Debtors and the requesting party no later than 90 days after the Effective Date. Notwithstanding the foregoing, no request for payment of an Administrative Claim need be filed with respect to an Administrative Claim previously Allowed by Final Order, including all Administrative Claims expressly Allowed under this Plan.

CLASSIFICATION AND TREATMENT OF CLAIMS AND INTERESTS

A. General Rules of Classification

(i) Pursuant to section 1122 of the Bankruptcy Code, set forth below is a designation of Classes of Claims against and Interests in the TSN Debtors. A Claim or Interest is placed in a particular Class only to the extent that the Claim or Interest falls within the description of that Class and is classified in other Classes to the extent that any portion of the Claim or Interest falls within the description of such other Classes. A Claim or Interest is also placed in a particular Class for the purpose of receiving distributions pursuant to the Plan only to the extent that such Claim or Interest is an Allowed Claim in that Class and such Claim or Interest has not been paid, released, or otherwise settled prior to the Effective Date.

(ii) This Plan constitutes a separate chapter 11 plan of reorganization for each TSN Debtor, each of which shall include the classifications set forth below. For the avoidance of doubt, to the extent a Class contains Allowed Claims or Interests with respect to a particular TSN Debtor, such Class is designated with respect to such TSN Debtor. 2. Class 2 – Other Secured Claims

- (a) *Classification:* Class 2 consists of Other Secured Claims. Although all Other Secured Claims have been placed in one Class for the purposes of nomenclature, each Other Secured Claim, to the extent secured by a Lien on any property or interest in property of the TSN Debtors different than that securing any other Other Secured Claims, shall be treated as being in a separate sub-Class for the purpose of receiving distributions under the Plan.
- (b) *Treatment:* On the Initial Distribution Date, except to the extent that a holder of an Allowed Other Secured Claim agrees to a less favorable treatment, at the option of the TSN Debtors or the Reorganized TSN Debtors (which option shall be reasonably satisfactory to the Plan Sponsor), (i) each Allowed Other Secured Claim shall be reinstated and Unimpaired in accordance with section 1124(2) of the Bankruptcy Code, or (ii) each holder of an Allowed Other Secured Claim shall receive, in full satisfaction, settlement, release, and discharge of, and in exchange for, such Other Secured Claim,

either (w) Cash in the full amount of such Allowed Other Secured Claim, including any postpetition interest accrued pursuant to section 506(b) of the Bankruptcy Code, (x) the proceeds of the sale or disposition of the collateral securing such Allowed Other Secured Claim to the extent of the value of the holder's secured interest in such collateral, (y) the collateral securing such Allowed Other Secured Claim and any interest on such Allowed Other Secured Claim required to be paid pursuant to section 506(b) of the Bankruptcy Code, or (z) such other distribution as necessary to satisfy the requirements of section 1129 of the Bankruptcy Code.

- (c) *Voting:* Class 2 is Unimpaired, and the holders of Other Secured Claims are conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code. Therefore, holders of Other Secured Claims are not entitled to vote to accept or reject the Plan.

3. Class 3 – Senior Secured Notes Claims

Entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the TSN Debtors' foregoing assumption of each of the D&O Liability Insurance Policies. On or before the Effective Date, the Reorganized TSN Debtors shall obtain tail coverage under a directors' and officers' liability insurance policy for the current and former directors, officers and managers of the TSN Debtors for a period of five years, and placed with such insurers, the terms of which shall be set forth in the Plan Supplement.

As of the Effective Date, the directors, officers, members, attorneys, employees and other agents of the TSN Debtors who served the TSN Debtors prior to (but not on or after) the Effective Date shall be entitled to the full benefit of any applicable Indemnification Provisions; provided, that any claims by such directors, officers, members, attorneys, employees or other agents relating to or arising out of the Indemnification Provisions shall be deemed to be, and treated as though they are, Other Unsecured Claims against the TSN Debtors. For the avoidance of doubt, the Reorganized TSN Debtors shall have no liability to such directors, officers, members, attorneys, employees or other agents in respect of the Indemnification Provisions.

In addition, on the Effective Date, the New Corporate Governance Documents of the Reorganized TSN Debtors shall contain provisions which (i) eliminate the personal liability of the TSN Debtors' and the Reorganized TSN Debtors' then-present and future directors and officers for post-emergence monetary damages resulting from breaches of their fiduciary duties to the fullest extent permitted by applicable law in the jurisdiction in which the subject Reorganized TSN Debtor is organized; and (ii) require such Reorganized TSN Debtor, subject to appropriate procedures, to indemnify the TSN Debtors' and the Reorganized TSN Debtors' directors, officers, and other key employees (as such key employees are identified by the New Board) serving on or after the Effective Date for all claims and actions to the fullest extent permitted by applicable law in the jurisdiction in which the subject Reorganized TSN Debtor is incorporated or organized.

T. Preservation of Rights and Causes of Action

In accordance with section 1123(b) of the Bankruptcy Code, and except where such Causes of Action have been expressly released (including, for the avoidance of doubt, pursuant to the Releases by the TSN Debtors provided by Article IX.B hereof), the Reorganized TSN Debtors shall retain and may enforce all rights to commence and pursue, as appropriate, any and all Causes of Action, including Causes of Action under chapter 5 of the Bankruptcy Code, whether arising before or after the Petition Date, and the Reorganized TSN Debtors' rights to commence, prosecute or settle such Causes of Action shall be preserved notwithstanding the occurrence of the Effective Date. No Entity may rely on the absence of a specific reference in the Plan, the Disclosure Statement, or the Schedule of Retained Causes of Action, to any Cause of Action against them as any indication that the TSN Debtors or Reorganized TSN Debtors, as applicable, will not pursue any and all available Causes of Action against them. No preclusion doctrine, including the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, estoppel (judicial, equitable or otherwise) or laches, shall apply to such retained Causes of Action upon, after or as a consequence of the Confirmation or consummation of the Plan.

U. Payment of Fees and Expenses of the Indenture Trustees and Purchase Money Agent

In accordance with the Final DIP Order, the fees and expenses of the Senior Secured Notes Indenture Trustee/Agent and the Purchase Money Agent shall be finally allowed. On the Effective Date (and thereafter with respect to fees and expenses relating to post-Effective Date service under the Plan) or as soon as reasonably practicable thereafter, the TSN Debtors or Reorganized Debtors shall pay in Cash (1) all reasonable and documented unpaid fees and expenses of the Senior Secured Notes Indenture Trustee/Agent and the Purchase Money Agent and their advisors, including counsel and (2) all reasonable and documented unpaid fees and expenses of the Senior Exchangeable Notes Indenture Trustee and their advisors, including counsel, in an amount not to exceed \$100,000 or such other amount as may be mutually agreed by the Senior Exchangeable Notes Indenture Trustee and the TSN Debtors, upon consultation with the Plan Sponsor. The TSN Debtors or Reorganized Debtors may dispute any portion of such aforementioned fees and expenses in which case (a) the TSN Debtors or Reorganized Debtors shall pay the portion of such fees and expenses that is not specifically disputed and (b) in the absence of a consensual resolution, the affected Indenture Trustee/Agent or the Reorganized Debtors shall submit the dispute to the Bankruptcy Court for adjudication. For the avoidance of doubt, nothing herein affects an Indenture Trustee's right to exercise its charging lien against distributions to holders of the Notes.

ARTICLE VI.

TREATMENT OF EXECUTORY CONTRACTS AND UNEXPIRED LEASES

A. Assumption and Rejection of Executory Contracts and Unexpired Leases

Except as otherwise provided herein, or in any contract, instrument, release, indenture or other agreement or document entered into in connection with the Plan, each of the TSN Debtors' Executory Contracts and Unexpired Leases shall be deemed assumed as of the Effective Date, unless such Executory Contract or Unexpired Lease: (1) was assumed or rejected previously by the TSN Debtors; (2) expired or terminated pursuant to its own terms before the Effective Date; (3) is the subject of a motion to assume filed on or before the Effective Date; or (4) is identified on the Rejected Executory Contract and Unexpired Lease List.

Entry of the Confirmation Order shall constitute a Bankruptcy Court order approving the assumptions or rejections of such Executory Contracts or Unexpired Leases as set forth in the Plan, all pursuant to sections 365(a) and 1123 of the Bankruptcy Code. The Confirmation Order shall constitute an order of the Bankruptcy Court, approving (i) the assumption and assignment, or rejection, as the case may be, of Executory Contracts and Unexpired Leases, as described above, pursuant to sections 365(a) and 1123(b)(2) of the Bankruptcy Code, (ii) that the Reorganized TSN Debtors had properly provided for the cure of any defaults that might have existed, (iii) that each assumption and assignment was in the best interest of the Reorganized TSN Debtors, their estates, and all parties in interest in the Chapter 11 Cases, and (iv) the requirements for assumption and assignment of any Executory Contract or Unexpired Lease to be assumed had been satisfied. Unless otherwise indicated, all assumptions or rejections of Executory Contracts and Unexpired Leases pursuant to the Plan are effective as of the Effective Date. Each Executory Contract or Unexpired Lease assumed pursuant to the Plan or by Bankruptcy Court

order but not assigned to a third party before the Effective Date shall revert in and be fully enforceable by the applicable contracting Reorganized TSN Debtor in accordance with its terms, except as such terms may have been modified by such order. Notwithstanding anything to the contrary in the Plan, the TSN Debtors (with the reasonable consent of the Plan Sponsor) or the Reorganized TSN Debtors, as applicable, reserve the right to alter, amend, modify or supplement the list of Executory Contracts and Unexpired Leases identified in the Plan Supplement at any time before the Effective Date; provided, that to the extent that, as of the Effective Date, there is any pending dispute between one or more of the TSN Debtors and a counterparty to an Executory Contract or Unexpired Lease regarding such counterparty's Cure Claim, the TSN Debtors and Reorganized TSN Debtors shall reserve the right to add the applicable Executory Contract or Unexpired Lease to the Rejected Executory Contract and Unexpired Lease List following the resolution of such dispute, in which event such Executory Contract or Unexpired Lease shall be deemed rejected and such counterparty shall have any and all rights with respect thereto. After the Effective Date, the Reorganized TSN Debtors shall have the right to terminate, amend or modify any intercompany contracts, leases or other agreements without approval of the Bankruptcy Court.

B. Cure of Defaults for Executory Contracts and Unexpired Leases Assumed

Any monetary defaults under each Executory Contract and Unexpired Lease to be assumed pursuant to the Plan shall be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, by payment of the default amount in Cash on the Effective Date, subject to the limitations described below, or on such other terms as the parties to such Executory Contracts or Unexpired Leases may otherwise agree. In the event of a dispute regarding (1) the amount of any payments to cure such a default, (2) the ability of the Reorganized TSN Debtors or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the Executory Contract or Unexpired Lease to be assumed or (3) any other matter pertaining to assumption, the payment of Cure Claims required by section 365(b)(1) of the Bankruptcy Code shall be made no later than ten (10) business days following the entry of a Final Order or orders resolving the dispute and approving the assumption. At least ten days before the Confirmation Hearing, the TSN Debtors shall distribute, or cause to be distributed, notices of proposed assumption and proposed amounts of Cure Claims to the applicable third parties, which notices shall include procedures for objecting to proposed assumptions of Executory Contracts and Unexpired Leases and any amounts of Cure Claims to be paid in connection therewith and resolution of disputes by the Bankruptcy Court. Any objection by a counterparty to an Executory Contract or Unexpired Lease to a proposed assumption or related Cure Claim amount must be filed, served and actually received by the TSN Debtors at least three days before the Confirmation Hearing. Any counterparty to an Executory Contract or Unexpired Lease that fails to object timely to the proposed assumption or Cure Claim amount will be deemed to have assented to such assumption or cure amount.

Assumption of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall result in the full release and satisfaction of any Claims or defaults, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed Executory Contract or Unexpired Lease at any time before the effective date of the assumption.

C. Claims Based on Rejection of Executory Contracts or Unexpired Leases

All proofs of Claim with respect to Claims arising from the rejection of Executory Contracts and Unexpired Leases, if any, must be filed with the Bankruptcy Court within 30 days after the date of entry of an order of the Bankruptcy Court (including the Confirmation Order) approving such rejection. Any Claims arising from the rejection of Executory Contracts and Unexpired Leases not filed with the Bankruptcy Court within such time will be automatically disallowed, forever barred from assertion and shall not be enforceable against the TSN Debtors or the Reorganized TSN Debtors, the Estates or their property without the need for any objection by the Reorganized TSN Debtors or further notice to, or action, order or approval of the Bankruptcy Court. All Allowed Claims arising from the rejection of the TSN Debtors' Executory Contracts and Unexpired Leases shall be classified as Other Unsecured Claims against the applicable Debtor and shall be treated in accordance with Article III of the Plan. The deadline to object to Claims arising from the rejection of Executory Contracts and Unexpired Leases, if any, shall be the later of (a) 180 days following the date on which such Claim was filed and (b) such other period of limitation as may be specifically fixed by an order of the Bankruptcy Court for objecting to such Claims.

D. Insurance Policies

Notwithstanding anything herein to the contrary, as of the Effective Date, the TSN Debtors (with the reasonable consent of the Plan Sponsor) shall assume (and assign to the Reorganized TSN Debtors if necessary to continue the Insurance Policies in full force) all of the Insurance Policies pursuant to section 365(a) of the Bankruptcy Code. Entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the TSN Debtors' foregoing assumption of each of the Insurance Policies.

E. Modifications, Amendments, Supplements, Restatements or Other Agreements.

Unless otherwise provided, each Executory Contract or Unexpired Lease that is assumed shall include all modifications, amendments, supplements, restatements or other agreements that in any manner affect such Executory Contract or Unexpired Lease, and all Executory Contracts and Unexpired Leases related thereto, if any, including all easements, licenses, permits, rights, privileges, immunities, options, rights of first refusal and any other interests, unless any of the foregoing agreements has been previously rejected or repudiated or is rejected or repudiated under the Plan.

Modifications, amendments, supplements and restatements to Executory Contracts and Unexpired Leases that have been executed by the TSN Debtors during the Chapter 11 Cases shall not be deemed (unless otherwise agreed by the contract counterparty) to alter the prepetition nature of the Executory Contract or Unexpired Lease, or the validity, priority or amount of any Claims that may arise in connection therewith.

F. Reservation of Rights.

Neither the exclusion nor inclusion of any Executory Contract or Unexpired Lease on the Rejected Executory Contract and Unexpired Lease List, nor anything contained in the Plan, shall constitute an admission by the TSN Debtors that any such contract or lease is in fact an Executory Contract or Unexpired Lease or that any Reorganized TSN Debtor has any liability thereunder. If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of assumption or rejection, the TSN Debtors or Reorganized TSN Debtors, as applicable, shall have 45 days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

G. Contracts and Leases Entered Into After the Petition Date.

Contracts and leases entered into after the Petition Date by any TSN Debtor, including any Executory Contracts and Unexpired Leases assumed by such Debtor, will be performed by the Debtor or Reorganized TSN Debtor liable thereunder in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts and Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order, unless the parties thereto agree to any modifications, amendments, supplements or restatements.

ARTICLE VII.

PROVISIONS GOVERNING DISTRIBUTIONS

A. Record Date for Distributions

As of the entry of the Confirmation Order, the various transfer registers for each of the Classes of Claims or Interests as maintained by the TSN Debtors or their respective agents shall be deemed closed, and there shall be no further changes made to reflect any new record holders of any Claims or Interests. The TSN Debtors shall have no obligation to recognize any transfer of Claims or Interests occurring on or after the Distribution Record Date.

B. Timing and Calculation of Amounts to Be Distributed

Except as otherwise provided in the Plan, on the applicable Distribution Date, each holder of an Allowed Claim or Interest against the TSN Debtors shall receive the full amount of the distributions that the Plan provides for Allowed Claims or Interests in the applicable Class and in the manner provided herein. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date. If and to the extent that there are Disputed Claims, distributions on account of any such Disputed Claims shall be made pursuant to the provisions set forth in Article VIII hereof. Except as otherwise provided herein, holders of Claims shall not be entitled to interest, dividends or accruals on the distributions provided for herein, regardless of whether such distributions are delivered on or at any time after the Effective Date.

C. Fractional Distributions

No fractions of New Common Stock, New Preferred Stock or Rights shall be distributed. Cash shall not be distributed under the Plan in denominations of less than one cent (\$0.01). For purposes of distribution, fractions of New Common Stock, New Preferred Stock or Rights shall be rounded down to the nearest whole number. The Disbursing Agent shall have no obligation to make any distribution of Cash that is less than \$10.00.

D. Disbursing Agent

Except as otherwise provided herein, all distributions under the Plan shall be made by the Reorganized TSN Debtors as Disbursing Agent or such other Entity designated by the Reorganized TSN Debtors as a Disbursing Agent on the Effective Date. If the Disbursing Agent is not one of the Reorganized TSN Debtors, such entity shall obtain a bond or surety for the performance of its duties, and all costs and expenses of procuring any such bond or surety shall be borne by the TSN Debtors or Reorganized TSN Debtors; *provided, however*, that the Indenture Trustees shall not be required to obtain such a bond or surety.

E. Rights and Powers of Disbursing Agent

1. Powers of the Disbursing Agent

The Disbursing Agent shall be empowered to: (a) affect all actions and execute all agreements, instruments and other documents necessary to perform its duties under the Plan; (b) make all distributions contemplated hereby; (c) employ professionals to represent it with respect to its responsibilities; and (d) exercise such other powers as may be vested in the Disbursing Agent by order of the Bankruptcy Court, pursuant to the Plan, or as deemed by the Disbursing Agent to be necessary and proper to implement the provisions hereof.

2. Expenses Incurred On or After the Effective Date

Except as otherwise ordered by the Bankruptcy Court, the amount of any reasonable fees and expenses incurred by the Disbursing Agent in carrying out its obligations under this Article VII of the Plan on or after the Effective Date (including taxes) and any reasonable compensation and expense reimbursement claims (including reasonable attorney fees and expenses) made by the Disbursing Agent related thereto shall be paid in Cash by the Reorganized TSN Debtors in their reasonable discretion.

F. Distributions to Holders of Disputed Claims

Notwithstanding any provision otherwise in the Plan and except as may be agreed to by the TSN Debtors (with the reasonable consent of the Plan Sponsor) or the Reorganized TSN Debtors, in each case in their sole discretion, and the holder of a Disputed Claim, no partial payments and no partial distributions shall be made with respect to any Disputed Claim until all Disputed Claims held by the holder of such Disputed Claim or Interest have become Allowed Claims or have otherwise been resolved by settlement or Final Order.

G. Delivery of Distributions and Undeliverable or Unclaimed Distributions

1. Delivery of Distributions in General

Except as otherwise provided in the Plan and subject to Bankruptcy Rule 9010, distributions to holders of Allowed Claims shall be made to holders of record as of the Distribution Record Date by the Disbursing Agent: (a) to the signatory set forth on any of the Proofs of Claim filed by such holder or other representative identified therein (or at the last known addresses of such holder if no Proof of Claim is filed or if the TSN Debtors have been notified in writing of a change of address); (b) at the addresses set forth in any written notices of address changes delivered to the Disbursing Agent after the date of any related Proof of Claim; (c) at the addresses reflected in the Schedules if no Proof of Claim has been filed and the Disbursing Agent has not received a written notice of a change of address; or (d) on any counsel that has appeared in the Chapter 11 Cases on the holder's behalf. Distributions under the Plan on account of Allowed Claims shall not be subject to levy, garnishment, attachment or like legal process, so that each holder of an Allowed Claim shall have and receive the benefit of the distributions in the manner set forth in the Plan. None of the TSN Debtors, the Reorganized TSN Debtors and the applicable Disbursing Agent shall incur any liability whatsoever on account of any distributions under the Plan except for gross negligence, willful misconduct or fraud.

Except as otherwise provided in the Plan, all distributions to holders of Notes Claims shall be governed by the Notes and the Indentures and shall be subject to each Indenture Trustee's right to exercise its charging lien for any unpaid fees and expenses. If the TSN Debtors and the Indenture Trustees agree, the Indenture Trustees shall serve as the Disbursing Agent for distributions on account of Note Claims under their respective Indentures. All distributions on account of Note Claims shall be made (a) to the Indenture Trustees for their respective Notes; or (b) with the prior written consent of an Indenture Trustee, through the facilities of DTC (if applicable). Distributions made by an Indenture Trustee to the record holders of Notes, and in turn by the record holders of Notes to the beneficial holders thereof, shall not be made as of the Distribution Record Date but rather shall be accomplished in accordance with the applicable Indenture and the policies and procedures of DTC. Distributions made by an Indenture Trustee directly to the beneficial holders of Notes shall only be made to such holders after the surrender by each such holder of the Note certificates representing such Note Claim. Upon surrender of such Note certificates, the applicable Indenture Trustee shall cancel and destroy such Notes. As soon as practicable after surrender of Note certificates evidencing Allowed Note Claims, the applicable Indenture Trustee shall distribute to the holder thereof such holder's pro rata share of the distribution, but subject to the rights of such Indenture Trustee to assert its charging lien against such distribution.

2. Undeliverable Distributions and Unclaimed Property

In the event that any distribution to any holder is returned as undeliverable, no distribution to such holder shall be made unless and until the Disbursing Agent has determined the then current address of such holder, at which time such distribution shall be made as soon as practicable after such distribution has become deliverable or has been claimed to such holder without interest; *provided, however*, that such distributions shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and forfeited at the expiration of six months from the applicable Distribution Date. After such date, all "unclaimed property" or interests in property shall revert to the Reorganized TSN Debtors (notwithstanding any applicable federal or state escheat, abandoned or unclaimed property laws to the contrary), and the Claim of any holder to such property or Interest in property shall be discharged and forever barred.

H. Hart-Scott-Rodino Compliance

Any shares of New Common Stock or New Preferred Stock to be distributed under the Plan to any entity required to file a Premerger Notification and Report Form under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or to meet any similar requirements under applicable non-U.S. law, shall not be distributed until the notification and waiting periods applicable under such law to such entity shall have expired or been terminated.

I. Withholding and Reporting Requirements

In connection with the Plan and all instruments issued in connection therewith, the Disbursing Agent shall comply with all applicable withholding and reporting requirements imposed by any federal, state or local taxing authority, and all distributions under the Plan shall be subject to any such withholding or reporting requirements.

J. Setoffs

The TSN Debtors and the Reorganized TSN Debtors may withhold (but not set off except as set forth below) from the distributions called for under the Plan on account of any Allowed Claim an amount equal to any claims, equity interests, rights and Causes of Action of any nature that the TSN Debtors or the Reorganized TSN Debtors may hold against the holder of any such Allowed Claim. In the event that any such claims, equity interests, rights and Causes of Action of any nature that the TSN Debtors or the Reorganized TSN Debtors may hold against the holder of any such Allowed Claim are adjudicated by Final Order or otherwise resolved, the TSN Debtors may, pursuant to section 553 of the Bankruptcy Code or applicable non-bankruptcy law, set off against any Allowed Claim and the distributions to be made pursuant hereto on account of such Allowed Claim (before any distribution is made on account of such Allowed Claim) the amount of any adjudicated or resolved claims, equity interests, rights and Causes of Action of any nature that the TSN Debtors or the Reorganized TSN Debtors may hold against the holder of any such Allowed Claim, but only to the extent of such adjudicated or resolved amount. Neither the failure to effect such a setoff nor the allowance of any Claim under the Plan shall constitute a waiver or release by the TSN Debtors or the Reorganized TSN Debtors of any such claims, equity interests, rights and Causes of Action that the TSN Debtors or the Reorganized TSN Debtors may possess against any such holder, except as specifically provided herein.

K. Claims Paid or Payable by Third Parties

1. Claims or Interests Paid by Third Parties

The TSN Debtors or the Reorganized TSN Debtors, as applicable, shall reduce in part or in full a Claim or Interest to the extent that the holder of such Claim or Interest receives payment in part or in full on account of such Claim or Interest from a party that is not a TSN Debtor or Reorganized TSN Debtor. To the extent a holder of a Claim or Interest receives a distribution on account of such Claim or Interest and receives payment from a party that is not a TSN Debtor or a Reorganized TSN Debtor on account of such Claim or Interest, such holder shall, within two weeks of receipt thereof, repay or return the distribution to the applicable Reorganized TSN Debtor, to the extent the holder's total recovery on account of such Claim or Interest from the third party and under the Plan exceeds the amount of such Claim or Interest as of the date of any such distribution under the Plan.

2. Claims Payable by Third Parties

No distributions under the Plan shall be made on account of Allowed insured Claims until the holder of such Allowed insured Claim has exhausted all remedies with respect to the TSN Debtors' Insurance Policies. To the extent that one or more of the TSN Debtors' insurers agrees to satisfy in full a Claim (if and to the extent adjudicated by a court of competent jurisdiction), then immediately upon such insurers' agreement, such Claim may be expunged without a Claims objection having to be filed and without any further notice to or action, order or approval of the Bankruptcy Court.

3. Applicability of Insurance Policies

Except as otherwise provided in the Plan, distributions to holders of Allowed Claims shall be in accordance with the provisions of any applicable Insurance Policy. Nothing contained in the Plan shall constitute or be deemed a waiver of any cause of action that the TSN Debtors or any Entity may hold against any other Entity, including insurers under any policies of insurance, nor shall anything contained herein constitute or be deemed a waiver by such insurers of any defenses, including coverage defenses, held by such insurers.

L. Postpetition Interest

Unless expressly provided herein, the Confirmation Order, the Final DIP Order, or any contract, instrument, release, settlement or other agreement entered into in connection with the Plan, or required by the Bankruptcy Code (including without limitation sections 506(b) and 1129(b) of the Bankruptcy Code), postpetition interest shall not accrue on or after the Petition Date on account of any Claim.

M. Section 506(c) Reservation

The TSN Debtors and the Reorganized TSN Debtors reserve all rights under section 506(c) of the Bankruptcy Code with respect to any and all Secured Claims, except to the extent waived pursuant to the Final DIP Order.

N. Single Satisfaction of Claims

Holders of Allowed Claims may assert such Claims against each Debtor obligated with respect to such Claim, and such Claims shall be entitled to share in the recovery provided for the applicable Class of Claims against each obligated Debtor based upon the full Allowed amount of the Claim. Notwithstanding the foregoing, in no case shall the aggregate value of all property received or retained under the Plan on account of Allowed Claims exceed 100% of the underlying Allowed Claim.

ARTICLE VIII.

**PROCEDURES FOR RESOLVING CONTINGENT,
UNLIQUIDATED AND DISPUTED CLAIMS**

A. Prosecution of Objections to Claims

The TSN Debtors (with the reasonable consent of the Plan Sponsor) or the Reorganized TSN Debtors, as applicable, shall have the exclusive authority to file, settle, compromise, withdraw or litigate to judgment any objections to Claims as permitted under the Plan. From and after the Effective Date, the Reorganized TSN Debtors may settle or compromise any Disputed Claim without approval of the Bankruptcy Court. The TSN Debtors reserve all rights to resolve any Disputed Claim outside the Bankruptcy Court under applicable governing law.

B. Allowance of Claims

Except as expressly provided herein or in any order entered in the Chapter 11 Cases before the Effective Date (including the Confirmation Order), the Reorganized TSN Debtors after the Effective Date will have and retain any and all rights and defenses held by the TSN Debtors with respect to any Claim as of the Petition Date. All claims of any Entity against any TSN Debtor shall be disallowed unless and until such Entity pays, in full, the amount it owes each such Debtor.

C. Disputed Claims Reserve

On the Effective Date (or as soon thereafter as is reasonably practicable), the Reorganized TSN Debtors shall deposit in the Disputed Claims Reserve New Common Stock having an aggregate value equal to the aggregate value of the consideration that would have been distributed to the holders of all Disputed Claims as if such Disputed Claims had been Allowed Claims on the Effective Date, with the amount of such Allowed Claims to be determined, solely for the purposes of establishing reserves, to be the lesser of (a) the asserted amount of the Disputed Claims filed with the Bankruptcy Court, or (if no proof of such Claim was filed) scheduled by the TSN Debtors, (b) the amount, if any, estimated by the Bankruptcy Court pursuant to section 502(c) of the Bankruptcy Code pursuant to Article VIII.G or (c) the amount otherwise agreed to by the TSN Debtors and the holder of such Disputed Claims for reserve purposes. In any vote by holders of New Common Stock, the New Common Stock held in the Disputed Claims Reserve shall be deemed to have been voted in the same proportions as the New Common Stock that was actually voted.

D. Distributions After Allowance

On the Distribution Date following the date that the order or judgment of the Bankruptcy Court allowing any Disputed Claim becomes a Final Order, the Disbursing Agent shall provide to the holder of such Claim the distribution (if any) to which such holder is entitled under the Plan as of the Effective Date, without any interest to be paid on account of such Claim.

E. Distribution of Excess Amounts in the Disputed Claims Reserve

Any Cash held in the Disputed Claims Reserve after all Disputed Claims have been Allowed or Disallowed shall be transferred by the Disbursing Agent or Reorganized TSN Debtors (as applicable), in a supplemental distribution to the holders of Allowed Claims in accordance with this Plan on a Pro Rata basis. Any New Common Stock held in the Disputed Claims Reserve after all Disputed Claims have been Allowed or Disallowed shall be transferred by the Disbursing Agent or Reorganized TSN Debtors (as applicable), in a supplemental distribution to the holders of Allowed Claims in Classes 5 and 6(a), in accordance with this Plan, on a Pro Rata basis (calculated with respect to all Allowed Senior Exchangeable Notes Claims and Allowed Other Unsecured Claims against the TSN Debtors in Classes 5 and 6(a)). For the avoidance of doubt, after the resolution of all Disputed Claims has concluded, the New Common Stock remaining in Disputed Claims Reserve that has not been distributed to holders of Allowed Claims in Class 6(a) shall be distributed, on a Pro Rata basis, amongst all holders of Allowed Claims in Classes 5 and 6(a), as if such claimants were aggregated in one class. For example, if 100 shares were remaining in reserve, and the total Allowed Claims in Class 5 were \$25 and total Allowed Claims in Class 6(a) were \$75, then holders of Allowed Claims in Class 5 would receive 25 shares (distributed Pro Rata among such holders) and holders of Claims in Class 6(a) would receive 75 shares (distributed Pro Rata among such holders).

F. Property Held in the Reserve for Disputed Claims

Each holder of a Disputed Claim that ultimately becomes an Allowed Claim will have recourse only to the undistributed New Common Stock and/or Cash (if applicable) held in the Disputed Claims Reserve for satisfaction of the distributions to which holders of Allowed Claims are entitled under the Plan, and not to any Reorganized TSN Debtor, their property or any assets previously distributed on account of any Allowed Claim.

G. Estimation of Claims

The TSN Debtors (before the Effective Date) or Reorganized TSN Debtors (on or after the Effective Date) may, at any time, and from time to time, request that the Bankruptcy Court estimate any Disputed Claim pursuant to section 502(c) of the Bankruptcy Code regardless of whether an objection was previously filed with the Bankruptcy Court with respect to such Claim, or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court will retain jurisdiction to estimate any Claim at any time during litigation concerning any objection to any Claim, including during the pendency of any appeal relating to any such objection. In the event that the Bankruptcy Court estimates any Disputed Claim, that estimated amount will constitute either the Allowed amount of such Claim or a maximum limitation on such Claim against any party or Entity, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on such Claim, the TSN Debtors (before the Effective Date) or the Reorganized TSN Debtors (after the Effective Date), may elect to pursue any supplemental proceedings to object to any ultimate distribution on such Claim. All of the objection, estimation, settlement and resolution procedures set forth in the Plan are cumulative and not necessarily exclusive of one another. Claims may be estimated and subsequently compromised, objected to, settled, withdrawn or resolved by any mechanism approved by the Bankruptcy Court.

H. Deadline to File Objections to Claims

Any objections to Claims shall be filed on or before the date that is the later of (a) one hundred and eighty (180) days after the Effective Date and (b) the last day of such other period of limitation as may be specifically fixed by an order of the Bankruptcy Court for objecting to certain Claims.

ARTICLE IX.

SETTLEMENT, RELEASE, INJUNCTION AND RELATED PROVISIONS

A. *Compromise and Settlement of Claims, Interests and Controversies*

As discussed in detail in the Disclosure Statement and as otherwise provided herein, pursuant to section 363 of the Bankruptcy Code and Bankruptcy Rule 9019 and in consideration for the distributions and other benefits provided pursuant to the Plan, the provisions of the Plan shall constitute a good faith compromise of all Claims, Interests and controversies relating to the contractual, legal and subordination rights that a holder of a Claim may have with respect to any Allowed Claim or Interest, or any distribution to be made on account of such Allowed Claim or Interest. The entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the compromise or settlement of all such Claims, Interests and controversies, as well as a finding by the Bankruptcy Court that such compromise or settlement is in the best interests of the TSN Debtors, their Estates and holders of Claims and Interests and is fair, equitable and reasonable. In accordance with the provisions of the Plan, pursuant to section 363 of the Bankruptcy Code and Bankruptcy Rule 9019(a), without any further notice to or action, order or approval of the Bankruptcy Court, after the Effective Date, the Reorganized TSN Debtors may compromise and settle Claims against them and Causes of Action against other Entities.

B. *Releases by the TSN Debtors*

C. *Releases by Holders of Claims and Interests*

As of the Effective Date, to the fullest extent permissible under applicable law, as such law may be extended or interpreted subsequent to the Effective Date, for good and valuable consideration, including the contributions of the Released Parties to facilitate the expeditious reorganization of the TSN Debtors and the implementation of the restructuring contemplated by the Plan and the other contracts, instruments, releases, agreements or documents executed and delivered in connection with the Plan, each holder of a Claim or an Interest shall be deemed to have conclusively, absolutely, unconditionally, irrevocably and forever, released and discharged the Debtors, the Reorganized Debtors and the Released Parties from any and all Claims, Interests, obligations, rights, suits, damages, causes of action, remedies and liabilities whatsoever, including any derivative Claims, asserted on behalf of a Debtor, whether known or unknown, foreseen or unforeseen, liquidated or unliquidated, fixed or contingent, matured or unmatured, existing or hereafter arising, in law, equity or otherwise, that such Entity would have been legally entitled to assert (whether individually or collectively), based in whole or in part on any act, omission, transaction, event or other occurrence taking place on or prior to the Effective Date in any way relating to the Debtors, the Reorganization Cases, this Plan or the Disclosure Statement, or related agreements, instruments or other documents, other than Claims or

Except as otherwise specifically provided herein, the TSN Debtors reserve the right, subject to the reasonable consent of the Plan Sponsor, to modify the Plan as to material terms and seek Confirmation consistent with the Bankruptcy Code and, as appropriate, not re-solicit votes on such modified Plan. In addition, the Debtors reserve the right to seek confirmation of some, but not all of the chapter 11 Plans for the TSN Debtors. If the TSN Debtors revoke or withdraw the Plan (or one or more of the individual Plans), or if Confirmation or the Effective Date does not occur, then: (1) the Plan shall be null and void in all respects; (2) any settlement or compromise embodied in the Plan (including the fixing or limiting to an amount certain of any Claim or Interest or Class of Claims or Interests), assumption or rejection of Executory Contracts or Unexpired Leases effected by the Plan, and any document or agreement executed pursuant to the Plan, shall be deemed null and void; and (3) nothing contained in the Plan shall: (a) constitute a waiver or release of any Claims or Interests or Claims by any TSN Debtor against any other Entity; (b) prejudice in any manner the rights of such Debtor or any other Entity; or (c) constitute an admission, acknowledgement, offer or undertaking of any sort by such Debtor or any other Entity.

Liquidation Analysis

LIQUIDATION ANALYSIS

I. Introduction

Section 1129(a)(7) of the Bankruptcy Code⁽¹⁾ requires that each holder of an impaired Allowed Claim or interest either (i) accepts the Plan or (ii) receives or retains under the Plan property of a value, as of the Effective Date, that is not less than the value such holder would receive or retain if the Debtors⁽²⁾ were liquidated under Chapter 7 of the Bankruptcy Code on the Effective Date of the Plan. To demonstrate that the Plan satisfies this standard, the Debtors, in consultation with their legal and financial advisors, have prepared the Liquidation Analysis under a hypothetical liquidation under Chapter 7 (a “Liquidation”) that a) estimates the realizable value of the Liquidating Debtors, and b) estimates the distribution to creditors resulting from the Liquidation.

The Liquidation Analysis is based on a number of estimates and assumptions that are inherently subject to significant economic, competitive and operational uncertainties and contingencies that are beyond the control of the trustee under Chapter 7. Further, the actual amounts of claims against the Liquidating Debtors’ estates could vary materially from the estimates set forth in the Liquidation Analysis, depending on, among other things, the claims asserted during the liquidation proceedings under Chapter 7. Accordingly, while the information contained in the Liquidation Analysis is necessarily presented with numerical specificity, the Debtors cannot assure you that the values assumed would be realized or the claims levels assumed would not change if the Liquidating Debtors were in fact liquidated, nor can assurance be made that the Bankruptcy Court would accept this analysis or concur with these assumptions in making its determination under section 1129(a) of the Bankruptcy Code.

The following provides a general summary of the assumptions used in the Liquidation Analysis. In addition, the Notes to the Liquidation Analysis discuss more specific assumptions, and the Liquidation Analysis should be read in conjunction with the Notes.

II. General Assumptions

The Liquidation Analysis assumes the conversion of the Debtors’ Chapter 11 Cases to chapter 7 liquidation cases on March 31, 2011 (the “Conversion Date”). On the Conversion Date, it is assumed that the Bankruptcy Court would appoint one chapter 7 trustee (the “Trustee”) to oversee the liquidation of the Estates. The liquidation is assumed to take six months to complete (the “Liquidation Period”).

The Liquidation Analysis includes expenses expected to be incurred during the Liquidation Period, including those related to trustee fees, receiver fees, legal fees and other professional fees and operating / wind-down expenses as applicable to

⁽¹⁾ Capitalized terms used and not defined herein shall have the meanings ascribed to them in the Disclosure Statement or the Plan, as applicable.

⁽²⁾ All references to the “Debtors” shall mean the “TSN Debtors”.

each of the Liquidating Debtors.

III. Methodology

A forced sale analysis of the business as a going concern was used to estimate the approximate liquidation range of value for the TSN Debtors' assets. To facilitate this transaction, Secured creditors are assumed to credit-bid their claims estimated at an amount that would be just greater than a third-party would be willing to pay (subject to a maximum credit-bid of their claim amount of \$1.1bn ⁽¹⁾ at the Conversion Date for the TSN Debtors' assets). The TSN Debtors believe that the assets have the highest potential recovery value under this scenario, as the risk that the FCC would reclaim the S-band license is lowered if the TSN Debtors can continue as a going concern. To be clear, in any other liquidation scenario (including, without limitation, any scenario in which the FCC reclaimed the license and the TSN Debtors and their creditors were unable to capture the value thereof), liquidation recovery values would be significantly reduced.

Under the approach outlined in the paragraph above, the valuation ultimately decided by the Bankruptcy Court for the assets of DBSD North America ("DBSD") was determined to be the best proxy for the valuation of the TSN Debtors' assets in a forced sale of the business as a going concern. *In re DBSD N. Am., Inc. et al.*, Case No. 09-13061 (REG) (Bankr. S.D.N.Y. July 13, 2009). This valuation was then adjusted by adding any liquidation proceeds of TerreStar-2, a ground spare satellite. This adjustment was necessary as DBSD did not own or have access to a ground spare.

The DBSD valuation was determined to be the best proxy for the liquidation value of the TSN Debtors because the assets of the TSN Debtors and DBSD (with the exception of TerreStar-2) are very similar, and the valuation reflects the "failed auction" of DBSD's assets and limited universe of prospective buyers. The TSN Debtors' ownership of TerreStar-2 is assumed to provide incremental value relative to the DBSD valuation.

The Liquidation Analysis assumes that the estimated value of the TerreStar-2 Satellite would be less than the amounts owing under the Purchase Money Credit Agreement and the Debtors' DIP Financing Facility (net of costs associated with liquidation). Thus, any disputes that have been raised over unsecured creditors' entitlement to excess value of TerreStar-2 (after repayment of the Purchase Money Credit Agreement) are not material.

Subject to the qualifications and assumptions stated herein, this Liquidation Analysis estimates gross distributable value less liquidation costs of approximately \$607 million to \$823 million ("Net Liquidation Proceeds"). The Liquidation Analysis estimates that the Liquidation Proceeds will not be sufficient to pay pre-petition secured claims, chapter 11 administrative and priority claims and DIP Financing claims in full, and therefore there will be no net value available to unsecured creditors in a Liquidation.

⁽¹⁾ Estimated as \$1.010bn of 15.0% Secured Note Claims and \$92 million of PMCA claims.

⁽¹⁾ In the low case, includes \$135 million of TerreStar-2 value and \$500 million of value attributable to all other assets. In the high case, includes \$158 million of TerreStar-2 value and \$700 million of value attributable to all other assets.

⁽²⁾ DIP Facility not assumed to receive 100% recovery due to its junior lien position relative to the PMCA with respect to TerreStar-2.

Footnotes to Liquidation Analysis

Note A – TerreStar-2

The book value of the work in progress on the TerreStar-2 satellite is added to the DBSD valuation range of \$492 million to \$692 million as the DBSD North America valuation did not include the liquidation proceeds of a second satellite. On August 17, 2010, Duff & Phelps, LLC (“D&P”) was engaged to perform an appraisal of the TerreStar-2 satellite. D&P determined the appraisal value of TerreStar-2 to range from \$185 million to \$210 million. The liquidation value of TerreStar-2 is estimated to be \$135 million to \$158 million, based on a 25% discount to the D&P appraisal value range.

For purposes of the Liquidation Analysis, it was assumed that the proceeds of the TerreStar-2 liquidation would be applied first to the PMCA claims, then to the DIP Financing claims (the DIP Financing Facility has a lien that is junior to any liens held by the holders of the PMCA Credit Facility and the 15.0% Secured Notes).

Note B - Costs Associated with Liquidation

Chapter 7 trustee fees include those fees associated with the appointment of a Chapter 7 trustee in accordance with section 326 of the Bankruptcy Code. Trustee fees are estimated based on the requirements of the Bankruptcy Code and historical experience in other similar cases and are calculated at 3% of the Debtors’ total liquidation value.

Other necessary liquidation / wind-down costs for the disposition of assets are estimated to include occupancy expenses such as rent, utilities, property taxes and building insurance and operating expenses such as telephone, supply, security and maintenance expenses. In addition, wind-down costs include severance and on-site management expenses required to close facilities, disassemble equipment and to prepare assets for sale. Such costs are approximated at \$7 million over the six month period.

Fees for professionals (legal, investment banking, appraisal, brokerage, and accounting) to assist the Liquidating Debtors and the trustee under Chapter 7 with the liquidating process are assumed to start at approximately \$500,000 per month gradually declining to \$250,000 per month during the six month period.

Note C – Carve Out for Professional Fees

The amount of the Carve Out for accrued and unpaid professional fees and disbursements at March 31, 2011 is estimated to be approximately \$1.0 million.

Note D – DIP Claims

For purposes of the Liquidation Analysis, the estimated amount outstanding under the DIP Financing Facility as of March 31, 2011 is approximately \$75 million including accrued interest. DIP Financing Facility claims are assumed to be paid off, to the extent remaining proceeds are available, with cash from the proceeds of the liquidation of TerreStar-2, on which the DIP Financing Facility has a lien that is junior to any liens held by the holders of the PMCA Credit Facility and the 15% Senior Secured Notes.

Note E –Secured Claims

For purposes of the Liquidation Analysis, we have assumed that Secured Claims will consist primarily of the claims associated with the Purchase Money Credit Agreement and the 15.0% Secured Notes, with accreted balances of approximately \$92 million and \$1,010 million, respectively as of the assumed liquidation date of March 31, 2011.

Note F – Administrative Claims, Priority Tax Claims, Other Priority Claims, Chapter 11 Post-petition Accounts Payable, and Accrued Liabilities

Administrative Claims, Priority Tax Claims, Other Priority Claims, Chapter 11 Post-Petition Accounts Payable, and Accrued Liabilities include unpaid post-petition operating expenses of the Debtors' Estates as projected at March 31, 2011. Administrative Claims are assumed to be paid on a pro rata basis from the net proceeds, if any, remaining after the payment of and distributions on account of liquidation costs, the Carve Out and Secured Claims. Priority Tax Claims are assumed to be paid on a pro rata basis from the net proceeds available, if any, after the payment of and distributions on account of liquidation costs, the Carve Out, Secured Claims and Administrative Claims. Other Priority Claims, Chapter 11 Post-Petition Accounts Payable, and Accrued Liabilities would be paid in the priority as set forth in the Bankruptcy Code. In light of the fact that no net liquidation proceeds are available to be distributed to holders of these claims, no estimate is given.

Note G – General Unsecured Claims

For purposes of the Liquidation Analysis, the Debtors' management has assumed that unsecured claims will consist of estimated General Unsecured Claims and Convenience Class Claims as defined in the Plan. It should be noted that the Liquidation Analysis does not attempt to estimate potential additional General Unsecured Claims that would likely arise as a result of the rejection of remaining executory contracts and unexpired leases or the failure of the Debtors to perform under existing contracts with their suppliers. Such additional claims would likely result from a cessation of operations as contemplated in a chapter 7 liquidation and would likely be substantial in amount. Additionally, potential litigation claims have not been included. General Unsecured Claims are assumed to be paid on a pro rata basis from the net liquidation proceeds available, if any, after distributions on account of all other Claims. In light of the fact that no net liquidation proceeds are available

to be distributed to holders of General Unsecured Claims, no estimate is given.

Exhibit E

Financial Projections

A. Purpose and Objectives

The TSN Debtors⁽¹⁾ prepared the Reorganized TerreStar Networks Pro Forma Balance Sheet, Projected Balance Sheet, Projected Income Statement, and Projected Cash Flow Statement (collectively, the “Financial Projections”) for the years 2011 through 2015 (the “Projection Period”). The Financial Projections are based on a number of assumptions made by management with respect to the future performance of the TSN Debtors’ operations. The Financial Projections and related assumptions in this Exhibit E are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Although management has prepared the Financial Projections in good faith and believes the assumptions to be reasonable, it is important to note that the TSN Debtors can provide no assurance that such Financial Projections and assumptions will be realized. As described in detail in the Disclosure Statement, a variety of risk factors could affect the TSN Debtors’ actual financial results and must be considered. You are encouraged to read these risk factors in their entirety. See Article XI of the Disclosure Statement. The Financial Projections should be reviewed in conjunction with a review of these assumptions, including the accompanying qualifications and footnotes. Should actual results or conditions differ from such assumptions, the actual results and financial condition of the TSN Debtors may differ materially from those presented in the Financial Projections. The TSN Debtors did not prepare the Financial Projections with a view toward compliance with published guidelines of the Securities and Exchange Commission or guidelines established by the FASB, particularly for reorganization accounting. The TSN Debtors’ independent accountants have neither examined nor compiled the Financial Projections and accordingly do not express an opinion or any other form of assurance with respect to the Financial Projections, assume no responsibility for the Financial Projections and disclaim any association with the Financial Projections. In addition, for comparative presentation purposes, the operations and cash flow for 2011 combine the predecessor company (January 1, 2011 through the Effective Date) and successor company (assumed Effective Date through December 31, 2011) to allow for a full year presentation.

All dollar amounts in the Financial Projections are US dollars unless otherwise indicated and any reference to “GAAP” refers to the generally accepted accounting principles in the United States of America.

B. General Assumptions

1. Methodology

The Financial Projections have been prepared by management and are based on the TSN Debtors’ detailed operating forecast for 2011-2015. The Financial Projections reflect the strategic initiatives of the TSN Debtors including the launch of the Roam-in business with AT&T as the exclusive provider.

⁽¹⁾ Capitalized terms used and not defined herein shall have the meanings ascribed to them in the Disclosure Statement or the Plan, as applicable.

2. Plan Consummation

The operating assumptions assume that the Plan will be confirmed and consummated by March 31, 2011.

3. Roam-in Business

In September 2009, the TSN Debtors entered into a Mobile Satellite Services and Support Agreement with AT&T Mobility under which AT&T will offer certain of TerreStar's satellite communications services initially to its government and enterprise customers. In November 2010, the roam-in product was launched to consumers. The Financial Projections assume AT&T is the sole seller of Roam-in services.

4. Restructured Contracts

The Financial Projections assume the TSN Debtors continue to receive the benefit of several of their existing contract vendor relationships. Currently, not all of these required vendors have entered into settlements with the TSN Debtors regarding pre-petition amounts owed. For purposes of the Plan, the TSN Debtors have assumed restructuring these contracts with notes and cash payments, along with contract modifications, where applicable. The Financial Projections do not include these potential settlements. To the extent new notes are used for settlement purposes such notes shall require consent of the Plan Sponsor. Recoveries stated herein do not include the impact of additional cash or notes used for settlements with these contract vendors.

5. S-Band Spectrum

The TSN Debtors have the right to use two 10 MHz blocks of contiguous and unshared MSS S-band spectrum covering a population of over 330 million throughout the United States and Canada. On January 13, 2010, the TSN Debtors were granted authority by the FCC to operate dual-mode mobile terminals that can be used to communicate either via TerreStar's geosynchronous-orbit MSS satellite or ancillary terrestrial component ("ATC") base stations. The Financial Projections assume no revenues associated with S-Band Spectrum, other than revenues derived from the Roam-in Business.

6. Handset Inventory

The Financial Projections assume that the TSN Debtors will procure approximately 10,000 Genus handsets in 2010 from Elektrobit, which are projected to be sold by June 2011. Thereafter, the handsets will be directly sold to consumers by third parties. The TSN Debtors have no formal agreement with a third party to sell handsets, but are in discussions with one or more parties with regard thereto.

7. Rights Offering

The projections assume the TSN Debtors receive total proceeds from the rights offering of \$125 million and an additional \$25 million from the exercise by the Plan Sponsor of the Overallotment (i.e. \$150 million in total equity proceeds raised). To the extent the TSN Debtors do not receive such proceeds, the TSN debtors may be required to obtain additional capital prior to 2012.

C. Projected March 31, 2011 Balance Sheet and Reorganized TerreStar Networks Pro Forma Balance Sheet

The Projected March 31, 2011 Balance Sheet was developed using the TSN Debtors' actual September 30, 2010 audited balance sheet adjusted to reflect management's projected operating results for the quarter ended December 31, 2010 through March 31, 2011. On the Effective Date, actual results may differ due to a variety of risk factors as discussed in Article XI of the Disclosure Statement. Adjustments were made to the Reorganized TerreStar Networks Pro Forma Balance Sheet to give effect to assumed consummation of the Plan. The estimated pro forma adjustments regarding the reorganized equity value of the TSN Debtors, their assets, or their liabilities will be based upon the fair value of the assets and liabilities as of the Effective Date.

As described more fully below, the Reorganized TerreStar Networks' Balance Sheet reflects Reorganized TerreStar Networks pro forma capital structure resulting from the consummation of the Plan. Specifically, and consistent with the assumptions set forth above, the Reorganized TerreStar Networks Balance Sheet assumes (a) that the TSN Debtors will have pro forma funded indebtedness of \$91.5 million consisting of amounts under the existing Purchase Money Credit Agreement and (b) a \$125 million Rights Offering pursuant to the terms as described more fully in Article VIII of the Disclosure Statement, as well as the exercise of the Plan Sponsor's \$25 million Overallotment. The Overallotment is only exercisable at the option and sole discretion of the Plan Sponsor. The TSN Debtors' pro forma capital structure may change depending upon market conditions with respect to the TSN Debtors' capital raise efforts, operating performance and other sources of cash that might be available to the TSN Debtors.

Notes to the Pro Forma Condensed Consolidated Balance Sheet

(1) *Cash and Cash Equivalents*

The adjustment of \$74.4 million reflects proceeds of the \$125.0 million of Rights Offering and the exercise of the \$25.0 million Overallotment at the Plan Sponsor's sole discretion, less \$63.6 million of DIP financing repayment and \$12.0 million of accrued professional fees paid at emergence.

(2) *Other Current Assets*

The adjustment of \$2.0 million is due to the write-down of deferred issuance costs at emergence.

(3) *Property, Plant, & Equipment, net*

All Property, Plant, & Equipment values will be subject to appraisals pursuant to fresh start accounting and are therefore subject to change.

(4) *Reorg. Value in Excess of Book Value of Assets*

The adjustment of \$198.9 million is due to the surplus of the fair market value of assets over tangible book value implied by the equity value of the Reorganized TSN Debtors of \$1,198.2 million (inclusive of the \$150.0 million of New Preferred Stock). This adjustment is subject to change upon application of fresh start accounting and related appraisals.

(5) *Deferred Issuance Costs*

The adjustment of \$4.8 million is due to the write-down of deferred issuance costs at emergence.

(6) *DIP*

The projected DIP financing balance of \$63.6 million will be repaid in cash at emergence.

(7) *Accrued Professional Fees*

Accrued professional fees of \$12.0 million will be paid in cash at emergence. These professional fees are funded by drawing on the DIP financing facility.

(8) *Liabilities Subject-to-Compromise*

Upon emergence, the TSN Debtors' Liabilities Subject-to-Compromise will be written down in full.

(9) *New Preferred Stock*

The \$150.0 million adjustment to New Preferred Stock represents the proceeds from the \$125.0 million of Rights Offering and the exercise of the \$25.0 million Overallotment at the Plan Sponsor's sole discretion. This adjustment is subject to change upon application of fresh start accounting.

(10) *Shareholders' Equity*

Adjustments to shareholders' equity were based on the estimated equity value of the Reorganized TSN Debtors of \$1,048.2 million (excluding \$150.0 million of New Preferred Stock) in accordance with "fresh start" accounting provisions of SOP 90-7.

1. Revenue

The TSN Debtors are expected to generate revenue from monthly recurring charges (“MRC”) and the sale of voice minutes and data to roam-in subscribers. Subscribers are billed monthly and pay a fixed MRC plus per-minute usage fees for voice and per-megabyte usage fees for data. The TSN Debtors capture a portion of each of these fees. When building the projections, the TSN Debtors used assumptions about usage to develop an average revenue per user (“ARPU”). The major assumptions underlying roam-in revenue projections are described below:

- i. Subscriber growth: subscribers are projected to grow from approximately 40,714 in 2011 to 155,753 in 2015 as the TSN Debtors capture a greater proportion of the addressable market for the roam-in plan.
- ii. ARPU: ARPU declines from \$50.00 per month in 2011 to \$42.68 in 2015 as per minute charges decline due to forecasted increased competition in the market.

2. Operating Expenses

The TSN Debtors' expenses predominantly relate to maintaining the satellite infrastructure and costs associated with launching the Roam-In business including maintenance of the Genus handset hardware and software. These costs are described more fully below:

- i. *Corporate Overhead.* Includes executive compensation, corporate utilities, audit fees, board costs, counsel, software licenses and upgrades and other IT costs. These costs represent approximately 20% of total costs in 2011 and 24% of total costs by 2015.
- ii. *Satellite Operations.* Represents all costs necessary to operate TerreStar-1, store TerreStar-2 and operate the ground network. These costs represent approximately 35% of total costs in 2011 and 41% of total costs by 2015.
- iii. *Roam-In and Genus Maintenance.* Includes costs associated with the roam-in product including contractual commitments for operating and billing systems, costs associated with the core network, E911 and other regulatory costs and costs associated with ongoing hardware and software development of the Genus phone. These costs represent approximately 42% of total costs in 2011 and 31% of total costs by 2015.
- iv. *Canada.* Includes costs associated with employees and maintenance of the satellite gateway in Allen Park, Ontario.

3. Depreciation & Amortization

Depreciation & Amortization expense projections are based on the TSN Debtors' assumption that the average useful life of all Property, Plant, & Equipment remains consistent with pre-reorganization practices. All Depreciation & Amortization expense projections are subject to change upon application of fresh start accounting and related appraisals.

4. Interest Expense

Interest expense projections are based on the TSN Debtors' estimated post-emergence capital structure assumed to be effective on March 31, 2011. The post-emergence debt is comprised of the PMCA which is assumed to accrue interest in-kind at a rate of 14.0% until February 2012, at which point interest will be paid in cash.

5. Reorganization Items.

The 2011 Reorganization Items consist of actual and estimated post petition fees for legal and professional advisors. These amounts exclude any gains or losses associated with the extinguishment of debt and revaluation of assets and liabilities under fresh-start reporting.

6. Income Taxes.

The Financial Projections assume the Reorganized TSN Debtors will not pay any taxes based on negative earnings before tax generated during the projection period.

E. Reorganized TerreStar Networks Balance Sheets

The Reorganized TerreStar Networks Balance Sheets below set forth the projected financial position of the TSN Debtors, after giving effect to the projected March 31, 2011 Balance Sheet, the proposed reorganization and related pro forma adjustments described in Section C. The Reorganized TerreStar Networks Balance Sheets were developed based upon the projected results of operations and cash flows over the Projection Period.

1. Working Capital

Working capital does not represent a material use or source of cash during the projection period. No Genus handsets are projected to be purchased after 2010.

2. Capital Expenditures

Capital expenditures are expected to range from approximately \$5.0 million to \$7.5 million for the years 2011 through 2015. The majority of these expenses are related to TerreStar-1's orbital performance incentive and maintenance of the core network.

Exhibit F

Valuation Analysis

VALUATION ANALYSIS

A. VALUATION OF THE REORGANIZED TSN DEBTORS

In conjunction with formulating the Plan, the TSN Debtors determined that it was necessary to estimate the post-Confirmation going-concern value of the Reorganized Debtors. Accordingly, the TSN Debtors, with the assistance of Blackstone, its financial advisors, has prepared the foregoing valuation.

For purposes of the Plan, the reorganization value (the “Reorganization Value”) is estimated to range from approximately \$1.07 billion to \$1.37 billion. The Reorganization Value reflects the going concern value of the Reorganized TSN Debtors after giving effect to the implementation of the Plan. The distributable value (the “Distributable Value”) of the Reorganized TSN Debtors is estimated to range from approximately \$905 million to \$1.20 billion, with an approximate midpoint value of \$1.05 billion. The Distributable Value reflects the Reorganization Value less the estimated \$91.5 million of PMCA obligations and \$75.3 million of DIP Financing obligations. For purposes of the Plan, based on 30,000,000 shares of Common Stock of the Reorganized TSN Debtors (inclusive of the New Common Stock underlying the New Preferred Stock), subject to dilution from options and any equity grants in connection with the management incentive plan, the New Common Stock will have a plan value of \$39.94.

In preparing an estimate of Reorganization Value, Blackstone conducted *inter alia*, the following due diligence:

- (1) Review of the TSN Debtors’ operations, assets, strategy and vendor relationships, including the AT&T Roam-in business;
- (2) Analysis of the TSN Debtors’ industry and key competitors, and trends in the environment in which the TSN Debtors operate;
- (3) Analysis of the performance and market position of the TSN Debtors relative to their key competitors and similar companies; and
- (4) Discussions regarding regulatory issues related to the TSN Debtors’ assets.

Although Blackstone conducted a review and analysis of the TSN Debtors’ business, operating assets and liabilities, and the Reorganized TSN Debtors’ business plan, Blackstone assumed and relied on the accuracy and completeness of all financial and other information furnished to it by the TSN Debtors, as well as publicly available information.

B. VALUATION METHODOLOGIES

In performing its analysis, Blackstone separately valued the TSN Debtors' S-Band spectrum holding and Roam-In Plan. The valuation of the TSN Debtors' S-Band spectrum holding incorporated (i) historical spectrum auctions analysis, (ii) precedent transactions analysis, and (iii) discounted cash flow ("DCF") analysis. The valuation of the Roam-In Plan incorporated a DCF analysis of the expected cash flows of the plan.

The TSN Debtors' 20 MHz of S-Band spectrum is among the TSN Debtors' most critical assets. MSS / ATC next-generation mobile service companies are firms that develop integrated mobile satellite and terrestrial services networks. The valuation of companies that utilize MSS / ATC next-generation mobile service spectrum is often expressed as a multiple of megahertz-population ("MHz-POP"). MHz-POP takes a company's spectrum measured in MHz and multiplies it by the number of people living in the region covered by the spectrum. Total Enterprise Value ("TEV") / MHz-POP is the primary valuation methodology for mobile satellite service providers whose business is not yet considered mature, and such valuation has been used by research analysts that cover MSS / ATC next-generation mobile service companies. These companies generally do not have positive cash flow and require extensive capital investments prior to obtaining positive earnings before interest, tax, depreciation, and amortization ("EBITDA").

Assuming a United States population of approximately 309 million people and a Canada population of approximately 34 million people, the TSN Debtors currently have approximately 6.2 billion MHz-POP in the US and approximately 0.7 billion MHz-POP in Canada. The FCC and Industry Canada have also granted the TSN Debtors the right to use this spectrum terrestrially for ATC services as a result of meeting certain gating criteria, which are intended to ensure that ATC remains ancillary to the provision of mobile satellite service.

THE FOLLOWING SUMMARY DOES NOT PURPORT TO BE A COMPLETE DESCRIPTION OF THE ANALYSES AND FACTORS UNDERTAKEN TO SUPPORT BLACKSTONE'S CONCLUSIONS.

THE PREPARATION OF A VALUATION IS A COMPLEX PROCESS INVOLVING VARIOUS DETERMINATIONS AS TO THE MOST APPROPRIATE ANALYSES AND FACTORS TO CONSIDER, AS WELL AS THE APPLICATION OF THOSE ANALYSES AND FACTORS UNDER THE PARTICULAR CIRCUMSTANCES. AS A RESULT, THE PROCESS INVOLVED IN PREPARING A VALUATION IS NOT READILY SUMMARIZED.

1. S-Band Spectrum (MSS / ATC)

For purposes of valuing the TSN Debtors' S-Band spectrum, Blackstone has considered the value of a fully-enabled MSS / ATC spectrum license, compliant with all FCC gating criteria and covering a population of approximately 309 million people in the United States and approximately 34 million people in Canada.

Historical Spectrum Auctions Analysis

Blackstone reviewed data for FCC spectrum auctions from 1995 to 2008. In determining the most relevant auctions, the following factors were considered: (i) frequency range in close proximity to the TSN Debtors' S-Band spectrum, (ii) comparable-sized blocks of capacity, (iii) similar geographic coverage, and (iv) date of auctions held. Using these criteria, Blackstone determined the most relevant auction to be FCC Auction 66 (AWS-1). Auction 66 closed on September 18, 2006 and awarded 1,087 Advanced Wireless Services licenses of 5 MHz and 10 MHz paired blocks of capacity in the 1710-1755 MHz and 2110-2155 MHz frequency bands across the United States. These licenses covered geographic areas from small cellular market areas to large regional economic area groupings.

Blackstone derived an interim, gross valuation using the auction price / MHz-POP multiple based on the relevant terrestrial spectrum auction. However, because of differences in the characteristics of the spectrum, regulatory requirements, and the financial / competitive positions of the bidders involved in the auction, Blackstone made several adjustments to the gross valuation implied by the auction price / MHz-POP in order to calculate the TSN Debtors' implied S-Band spectrum valuation.

Precedent Transactions Analysis

Blackstone reviewed data for precedent M&A spectrum transactions from 2007 to present. In determining the most relevant transactions, the following factors were considered: (i) frequency range in close proximity to the TSN Debtors' S-Band spectrum, (ii) comparable-sized blocks of capacity, (iii) similar geographic coverage, and (iv) date of transaction. Blackstone then derived an interim, gross valuation using the transaction prices / MHz-POP multiples based on the relevant precedent transactions. However, due to differences in the characteristics of the spectrum, regulatory requirements, and the financial / competitive positions of the buyers involved in these transactions, Blackstone made several adjustments to the gross valuations in order to calculate the TSN Debtors' implied S-Band spectrum valuation.

In addition, Blackstone considered the bankruptcy reorganization precedent of DBSD North America, Inc. ("DBSD") (formerly ICO North America, Inc.). Blackstone made certain adjustments to reflect the differences between DBSD and TerreStar, including the TSN Debtors' compliance with FCC gating criteria (e.g., construction and maintenance of its spare satellite, TerreStar-2) and other investments in its network and technology infrastructure.

Discounted Cash Flow Analysis

To provide another reference for valuation of the S-Band spectrum, Blackstone performed a DCF analysis of the potential cash flows generated by ATC / terrestrial use of the spectrum, including the build-out of nationwide terrestrial network infrastructure.

A DCF analysis relates the value of an asset or business to the present value of expected future cash flows to be generated by that asset or business. A DCF analysis is a "forward looking" valuation methodology approach that discounts the expected future cash flows by a theoretical or observed discount rate determined by calculating the average cost of debt and equity for publicly traded companies that are similar to the TSN Debtors. This approach has two components: (i) the present value of the projected un-levered after-tax free cash flows for a determined period, and (ii) the present value of the terminal value of cash flows, which represents the TSN Debtors' value beyond the time horizon of the projected period. Similar to estimated cash flows, the estimated discount rate and expected capital structure of the Reorganized TSN Debtors are analyzed to derive a potential value. In performing the calculation, Blackstone made assumptions for the weighted average cost of capital, which is used to value future cash flows based upon the level of risk of the cash flows and the EBITDA terminal multiple, which is used to determine the future value of the enterprise after the end of the projected period.

This analysis determines the value of the S-Band spectrum, including capital expenditures (which could range in the billions of dollars) required for the build-out of terrestrial network infrastructure. In projecting the future cash flows from this business, Blackstone utilized industry sources and assumptions it believes to be reasonable. The resulting valuation range implied by the DCF analysis was incorporated into Blackstone's S-Band spectrum valuation. However, as a result of the TSN Debtors' lack of capital to fund such a build-out, Blackstone did not put significant weight on this analysis.

S-Band Spectrum Valuation Summary (US and Canada)

In conclusion, the valuation of the TSN Debtors' spectrum holdings incorporated (i) historical spectrum auctions analysis, (ii) precedent transactions analysis, and (iii) DCF analysis. Considering all of these valuation methodologies, Blackstone determined that the total value attributable to the TSN Debtors' S-Band spectrum ranges from \$1.02 billion to \$1.28 billion, or \$0.16 to \$0.20 / MHz-POP. The total value attributable to the TSN Debtors includes (i) \$1.00 billion to \$1.25 billion, or 100% of the value for the US S-Band spectrum (covering approximately 309 million POPs), and (ii) \$22 million to \$28 million, or 20% of the value for the Canada S-Band spectrum (covering approximately 34 million POPs). The TSN Debtors' spectrum holdings are fully enabled for MSS / ATC services and are compliant with FCC and Industry Canada regulatory requirements.

2. Roam-In Plan

In connection with estimating the post-Confirmation going-concern value of the Reorganized TSN Debtors, Blackstone reviewed and analyzed the TSN Debtors' business model. The TSN Debtors' business model is premised on acting as a wholesaler of satellite services and air time, as well as of the GENUS smartphone. The GENUS is marketed through the TSN Debtors' terrestrial provider partner, AT&T, as AT&T's Satellite Augmented Mobility Service ("SAM"). The GENUS smartphone is the first commercially-available dual-mode device that communicates over AT&T's traditional terrestrial wireless network, and enables subscribers to "roam-in" to TerreStar's satellite-based network in remote areas where AT&T's network is unavailable. SAM was launched for government and enterprise customers on September 21, 2010, with a roll-out for retail consumers expected later in 4Q 2010. Pursuant to the rate plan under the AT&T MSS agreement, AT&T pays TerreStar a (i) recurring monthly charge for each subscribing customer, (ii) fixed amount per minute for satellite voice calls (plus termination charges), and (iii) fixed amount for each megabyte of satellite data used and satellite text message sent or received.

DCF Analysis

To value the Roam-In Plan, Blackstone performed a DCF analysis of the expected cash flows generated through the AT&T Satellite Augmented Mobility Service. The Roam-In Plan assumes that the Reorganized TSN Debtors are able to grow their customer base to approximately 156,000 by 2015 with revenue of approximately \$79 million in that year. The Roam-In Plan only assumes cash flows generated through the sale of GENUS handsets and related services, and does not assume that the TSN Debtors utilize next-generation chipsets to introduce alternative dual-mode wireless satellite / terrestrial devices. Based on the recent launch of commercial services under the Roam-In Plan, Blackstone believes these projections are appropriately valued using a discounted cash flow analysis.

Roam-In Plan Valuation

As a result, Blackstone determined the value of the Roam-In Plan to be approximately \$50 million to \$90 million.

C. SATELLITE VALUATION CONSIDERATIONS

In compliance with current regulatory requirements for its MSS / ATC license, the TSN Debtors maintain two satellites – TerreStar-1 in orbit (launched on July 1, 2009) and TerreStar-2 as a ground spare. The valuation of the TSN Debtors' spectrum holdings outlined in Section B (1) is inclusive of the value of both TerreStar-1 and TerreStar-2 satellites, reflecting a fully enabled S-band spectrum for MSS / ATC services.

On August 17, 2010, the Company engaged Duff & Phelps, LLC ("D&P") to perform an appraisal of the TerreStar-2 satellite. D&P determined the appraisal value of TerreStar-2 to range from \$185 million to \$210 million. Blackstone has not performed an independent appraisal of TerreStar-2.

- iv. the TSN Debtors shall file a report of all votes received (a “***Voting Report***”) with the Court no later than seven calendar days before the Confirmation Hearing. The Voting Report shall, among other things, delineate every irregular Ballot and Master Note Ballot including, without limitation, those Ballots and Master Note Ballots that are late or (in whole or in material part as determined by the Claims Agent) illegible, unidentifiable, lacking signatures or lacking necessary information, received via facsimile or electronic mail or damaged. The Voting Report shall indicate the TSN Debtors’ intentions with regard to such irregular Ballots and Master Note Ballots;

- x. a person signing a Ballot or Note Ballot in its capacity as a trustee, executor, administrator, guardian, attorney in fact, officer of a corporation or otherwise acting in a fiduciary or representative capacity must indicate such capacity when signing and, if required or requested by the applicable Nominee or its agent, the Claims Agent, the TSN Debtors or the Court, must submit proper evidence to the requesting party to so act on behalf of such holder or beneficial holder;
- xi. the TSN Debtors, in their sole discretion, subject to contrary order of the Court, may waive any defects or irregularities as to any particular Ballot, Note Ballot or Master Note Ballot at any time, either before or after the close of voting, and any such waivers shall be documented in the Voting Report;

- xiv. subject to any contrary order of the Court, the TSN Debtors reserve the right to reject any and all Ballots, Note Ballots and Master Note Ballots not in proper form, the acceptance of which, in the opinion of the TSN Debtors, would not be in accordance with the provisions of the Bankruptcy Code or the Bankruptcy Rules; *provided* that any such rejections shall be documented in the Voting Report; and
- xv. the following Ballots, Note Ballots and Master Note Ballots shall not be counted in determining the acceptance or rejection of the Plan: (i) any Ballot, Note Ballot or Master Note Ballot that is illegible or contains insufficient information to permit the identification of the holder of the claim; (ii) any Ballot, Note Ballot or Master Note Ballot cast by a party that does not hold a Claim in a Class that is entitled to vote on the Plan; (iii) any Ballot, Note Ballot or Master Note Ballot cast for a Claim scheduled as contingent, unliquidated or disputed for which the applicable Bar Date has passed and no proof of claim was timely filed; (iv) any unsigned Ballot, Note Ballot or Master Note Ballot; (v) any Ballot, Note Ballot or Master Note Ballot not marked to accept or reject the Plan, or that indicates both an acceptance and rejection of the Plan; (vi) any Ballot or Master Note Ballot

- iii. any beneficial holder holding securities as a record holder in its own name shall vote on each of the applicable Plans by completing and signing a Note Ballot and returning it directly to the Claims Agent on or before the Voting Deadline;
- iv. the indenture trustees will not be entitled to vote or tabulate votes on behalf of beneficial holders; rather, each such beneficial holder must submit his or her own Note Ballot in accordance with the beneficial holder voting procedures;
- v. any beneficial holder holding securities in "street name" through a Nominee (*i.e.*, a brokerage firm, commercial bank, trust company or other nominee (or an agent thereof) or agent) must vote on the Plan through such Nominee by completing and signing the Note Ballot and returning such Ballot to the appropriate Nominee as promptly as possible and in sufficient time to allow such Nominee to process the Note Ballot and return the Master Note Ballot to the Claims Agent before the Voting Deadline. Any beneficial holder holding securities in "street name" that submits a Note Ballot to the TSN Debtors, the TSN Debtors' agents or the TSN Debtors' financial or legal advisors will not have such Note Ballot counted for purposes of accepting or rejecting the Plan;
- vi. any Note Ballot returned to a Nominee by a beneficial holder shall not be counted for purposes of accepting or rejecting the Plan until such Nominee properly completes and delivers to the Claims Agent a Master Note Ballot that reflects the vote of such beneficial holders by the Voting Deadline or otherwise validates the Note Ballot in a manner acceptable to the Claims Agent. Nominees shall retain all Note Ballots returned by beneficial holders for a period of one year after the effective date of the Plan;

- vii. if a beneficial holder holds securities through more than one Nominee or through multiple accounts, such beneficial holder may receive more than one Note Ballot and each such beneficial holder should execute a separate Note Ballot for each block of securities that it holds through any Nominee and vote in the same manner to accept or reject (cannot split the vote) and must return each such Note Ballot to the appropriate Nominee; and
- viii. if a beneficial holder holds a portion of its securities through a Nominee or Nominees and another portion in its own name as the record holder, such beneficial holder should follow the procedures described in this subsection to vote the portion held in its own name and to vote the portion held by the Nominee(s).

C. Establishing Claim Dollar Amounts and Numerosity.

- i. In tabulating votes, the following hierarchy shall be used to determine the claim amount associated with each creditor's vote
 - a. The claim amount allowed pursuant to an order of the Court, or allowed temporarily for voting purposes pursuant to Bankruptcy Rule 3018(a), or the claim amount settled and/or agreed upon by the Debtors prior to December 28, 2010 (the "***Voting Record Date***"), as reflected in a court pleading, stipulation, term sheet, agreement or other document filed with the Court or in a document executed by the Debtors pursuant to authority granted by the Court;
 - b. the claim amount contained in a proof of claim that has been timely filed by the relevant claims bar date (or deemed timely filed by the Court under applicable law); *provided, however*, that holders of claims that are subject of an objection filed on or before the Voting Record Date by the Debtors (the "***Claims Objection Deadline***") shall be allowed to vote such claims solely in the undisputed amounts (if any) set forth in the applicable objections unless such claims are allowed (1) on a temporary basis (pursuant to Bankruptcy Rule 3018) or (2) on a final basis before the commencement of the confirmation hearing; *provided further, however*, that Ballots cast by creditors whose claims are not listed on the Debtors' Schedules, but who timely filed proofs of claim in partially liquidated amounts and partially unliquidated amounts that are not the subject of an objection filed by the Claims Objection Deadline will count as Ballots for claims in the amount of the liquidated amounts stated in the proofs of claim; *provided further, however*, that ballots cast by creditors whose claims are not listed on the Schedules, but who timely filed proofs of claim in wholly unliquidated or unknown amounts that are not the subject of an objection filed by the Claims Objection Deadline, will count for satisfying the numerosity requirement of section 1126(c) of the Bankruptcy Code, and will count as ballots for claims in the amount of \$1.00 solely for the purposes of satisfying the dollar amount provisions of section 1126(c) of the Bankruptcy Code; *provided further, however*, that to the extent the claim amount contained in a proof of claim is different from the claim amount set forth in an order, pleading, stipulation, term sheet, agreement or other document filed with the Court as referenced in

subparagraph (a) above, the claim amount in the order, pleading, stipulation, term sheet, agreement or other document filed with the Court shall supersede the claim amount set forth on the respective proof of claim; and

c. the claim amount listed in the Schedules, provided that such claim is not scheduled as contingent, disputed or unliquidated, or in an unknown or zero amount.

- ii. If a party that is entitled to vote has more than one claim (either scheduled or filed or both) against a TSN Debtor based upon different transactions, said party shall be entitled to one vote for numerosity purposes in the aggregate dollar amount of all of said claims.
- iii. The claim amount established pursuant to this section shall control for voting purposes only, and shall not constitute the allowed amount of any claim.

D. Criteria to Tabulate Note Ballots and Master Note Ballots Cast by Nominees and Beneficial Holders of Claims:

- i. votes cast by beneficial holders through Nominees will be applied to the applicable positions held by such Nominees in Class 3 as of the Voting Record Date, as evidenced by the record and depository listings. Votes submitted by a Nominee, whether pursuant to a Master Note Ballot or prevalidated Note Ballot, will not be counted in excess of the amount of such securities held by such Nominee as of the Voting Record Date;
- ii. if conflicting votes or “over-votes” are submitted by a Nominee, whether pursuant to a Master Note Ballot or prevalidated Note Ballot, the TSN Debtors will use reasonable efforts to reconcile discrepancies with the Nominees;
- iii. if over-votes on a Master Note Ballot or prevalidated Note Ballot are not reconciled before the preparation of the vote certification, the TSN Debtors shall apply the votes to accept and to reject the Plan in the same proportion as the votes to accept and to reject the Plan submitted on the Master Note Ballot or prevalidated Ballot that contained the overvote, but only to the extent of the Nominee’s position in Class 3;
- iv. for purposes of tabulating votes, each Nominee or beneficial holder will be deemed to have voted the principal amount of its claims in Class; and
- v. a single Nominee may complete and deliver to the Claims Agent multiple Master Note Ballots. Votes reflected on multiple Master Note Ballots will be counted, except to the extent that they are duplicative of other Master Note Ballots. If two or more Master Note Ballots are inconsistent, the latest valid dated Master Note Ballot received prior to the Voting Deadline will, to the extent of such inconsistency, supersede and revoke any prior Master Note Ballot.

E. Procedures for Temporary Allowance and/or Reclassification of a Claim for Voting Purposes under Bankruptcy Rule 3018.

- A holder of a claim or interest who wishes to have such claim or interest allowed in an amount and/or classification for the purpose of accepting or rejecting the Plan must file a motion therefor pursuant to Bankruptcy Rule 3018(a) on or before January 14, 2011 (the “***Rule 3018 Motion***”). Claims will be counted for voting purposes in the amount and/or classification temporarily allowed by the Bankruptcy Court pursuant to a hearing on the Rule 3018(a) Motion, which must be concluded prior to the commencement of the confirmation hearing.

Each Eligible Holder who wishes to exercise all or a portion of its Rights shall, during the period prior to the Subscription Expiration Date, (i) return a duly executed Subscription Form to the Subscription Agent electing to exercise all or a portion of the Rights held by such Eligible Holder and (ii) pay an amount equal to the full Purchase Price of the number of shares of New Preferred Stock that the Eligible Holder elects to purchase by wire transfer of immediately available funds to the Escrow Account (the “Rights Offering Payment Amount”).

The Subscription Form and Rights Offering Payment Amount must be received by the Subscription Agent at or before the Subscription Expiration Date. If by the Subscription Expiration Date, the Subscription Agent for any reason has not received the validly completed and signed Subscription Form and the Rights Offering Payment Amount from an Eligible Holder, such Eligible Holder shall be deemed to have relinquished and waived its ability to participate in the Rights Offering.

Distribution of Shares of New Preferred Stock Purchased by Eligible Holders

On or as soon as reasonably practicable following the Effective Date, TSN will issue to each Eligible Holder that validly exercised its Rights the number of shares of New Preferred Stock to which such Eligible Holder is entitled based on such exercise.

Direct Subscription by the Backstop Parties

Each Backstop Party, in accordance with and subject to the terms of the Backstop Commitment Agreement, has committed to purchase that number of shares of New Preferred Stock as set forth on Schedule 2 to the Backstop Commitment Agreement (the “Direct Subscription Shares”).

Backstop Commitment

(a) *Other Backstop Parties*

Each Eligible Holder of Senior Secured PIK Notes that executes the Joinder attached as Exhibit A (each, an “Other Backstop Party” and, together with the Plan Sponsor, the “Backstop Parties”) to the Equity Purchase and Commitment Agreement dated [], 2010, by and among TSN, the Plan Sponsor and the any Other Backstop Parties (the “Backstop Commitment Agreement”), in accordance with and subject to the terms of the Backstop Commitment Agreement, shall be obligated to purchase its pro rata portion of Backstop Shares (based on the amount of the Allowed Senior Secured Notes Claims of such Other Backstop Party as compared to all Backstop Parties) (the “Initial Backstop Shares” and all Initial Backstop Shares, in the aggregate, the “Initial Backstop Commitment”) at the Purchase Price per Share.

Each Other Backstop Party may elect (each Other Backstop Party that makes such an election, an “Electing Other Backstop Party”) to increase the number of Backstop Shares that such Other Backstop Party agrees to purchase above such Other Backstop Party’s number of Initial Backstop Shares by returning a completed Backstop Form to Akin Gump Strauss Hauer & Feld LLP, counsel to TSN, Willkie Farr & Gallagher LLP, counsel to the Plan Sponsor and the Subscription Agent, simultaneously with its execution of a joinder to the Backstop Commitment Agreement (the “Backstop Form”), indicating the number of additional Backstop Shares (“Additional Backstop Shares”) that such Other Backstop Party elects to purchase in the event the amount of Backstop Shares exceeds the aggregate amount of Initial Backstop Shares (the “Remaining Backstop Shares”).

In the event that the aggregate amount of Additional Backstop Shares exceeds the Remaining Backstop Shares, then such Remaining Backstop Shares shall be allocated, on a pro rata basis (based on such Electing Other Backstop Party’s percentage ownership of the Senior Secured Notes as compared to all other Electing Other Backstop Parties) among the Electing Other Backstop Parties, with such pro rata allocation repeated successively until all Remaining Backstop Shares have been allocated (all such allocated Additional Backstop Shares, the “Additional Backstop Commitment”); provided that no Electing Other Backstop Party shall be allocated Remaining Backstop Shares in excess of the number of Additional Backstop Shares requested by such Backstop Party in its Backstop Form.

(b) *Plan Sponsor*

The Plan Sponsor, in accordance with and subject to the terms of the Backstop Commitment Agreement, has committed to purchase the number of shares of New Preferred Stock to which the Eligible Holders of Rights do not subscribe in connection with the Rights Offering (the “Backstop Shares”) that is equal to the number of Backstop Shares minus the Initial Backstop Commitment minus the Additional Backstop Commitment, at the Purchase Price per Share (the aggregate purchase price for the shares of New Preferred Stock that the Plan Sponsor actually commits to backstop, the “Plan Sponsor Backstop Commitment” and, together with the Initial Backstop Commitment and the Additional Backstop Commitment, the “Backstop Commitment”); provided, that the Plan Sponsor shall not be required to purchase Backstop Shares that, together with the Plan Sponsor’s Direct Subscription Shares, have an aggregate Purchase Price in excess of \$125,000,000 or such greater amount as mutually agreed in writing by TSN and the Plan Sponsor.

shall instruct the Subscription Agent to provide to each Backstop Party pursuant to the Backstop Commitment Agreement: a certificate setting forth (i) (x) the number of shares of New Preferred Stock elected to be purchased by Eligible Holders pursuant to validly exercised Rights and the aggregate Purchase Price therefor, which number shall include the number of Direct Subscription Shares in the aggregate and the aggregate Purchase Price therefor, and (y) the number of Shares issuable pursuant to the aggregate number of Rights that were not properly exercised by Eligible Holders thereof during the Rights Exercise Period (the “Unsubscribed Shares”) and the aggregate Purchase Price therefor (a “Purchase Notice”) or (ii) in the absence of any Unsubscribed Shares, the fact that there are no Unsubscribed Shares and that the Backstop Commitment has been terminated (a “Satisfaction Notice”) (the date of transmission of such certification, the “Determination Date”). The Purchase Notice, if applicable, shall also state the number of shares of New Preferred Stock that such Backstop Party is obligated to purchase.

Overallotment Right

In addition, during the seven (7) Business Day period following the receipt of the Purchase Notice or the Satisfaction Notice, as the case may be (such date, the “Overallotment Expiration Date”), and in consideration for providing the Backstop Commitment, each Backstop Party shall have the right, to elect to purchase, in accordance with the Backstop Commitment Agreement, a portion of such number of additional shares of New Preferred Stock at the Purchase Price per Share, up to an aggregate purchase price of \$25,000,000 (the “Overallotment Right”).

If a Backstop Party wishes to exercise its Overallotment Right, such Backstop Party must, in addition to complying with the procedures for validly exercising its Rights in full, complete the portion of the Backstop Party Overallotment Form relating to the Overallotment (such Backstop Party, an “Overallotment Electing Backstop Party”), which shall be delivered to it with the Purchase Notice or Satisfaction Notice, as applicable, and return it to TSN and the Subscription Agent by the Overallotment Expiration Date.

If by the Overallotment Expiration Date, TSN and the Subscription Agent for any reason have not received the completed and signed Backstop Party Overallotment Form from a Backstop Party wishing to exercise its Overallotment Right, such Backstop Party shall be deemed to have relinquished and waived its Overallotment Right.

The Plan Sponsor may, by written notice given by it to the Subscription Agent and to each Backstop Party not less than two (2) Business Days prior to the Overallotment Expiration Date, elect to reduce the number of shares available to be purchased pursuant to the Overallotment Right, in its sole discretion. The shares available to be purchased pursuant to the Overallotment Right shall initially be allocated to each Overallotment Electing Backstop Party on a pro rata basis (based on the number of shares of New Preferred Stock that such Overallotment Electing Backstop Party has been allocated to backstop pursuant to the Backstop Commitment as

In the event a Backstop Party does not exercise its right to purchase shares of New Preferred Stock available to be purchased pursuant to the Overallotment Right or exercises such right with respect to some but not all of its pro rata portion of the shares of New Preferred Stock available to be purchased pursuant to the Overallotment Right and, as a result, a number of such shares remain unallocated, then such shares of New Preferred Stock shall be allocated to each Overallotment Electing Backstop Party, on a pro rata basis (based on its Overallotment Percentage), with such pro rata allocation repeated successively until all such shares of New Preferred Stock have been allocated, provided that no Overallotment Electing Backstop Party shall be allocated shares of New Preferred Stock available to be purchased pursuant to the Overallotment Right in excess of the number of such shares requested in such Backstop Party’s Backstop Party Overallotment Form.

Payment and Delivery

Within three (3) Business Days after the Overallotment Expiration Date, TSN shall deliver to each Backstop Party a notice setting forth the Shares that each Backstop Party shall purchase pursuant to these Rights Offering Procedures (the “Total Shares”). Each Backstop Party shall pay on or prior to 10:00 a.m. (New York City time) on the Effective Date, the aggregate Purchase Price for the Total Shares by wire transfer of immediately available funds to an account designated by TSN at least 24 hours prior to the anticipated Effective Date.

Distribution of Shares of New Preferred Stock Purchased by the Backstop Parties

Delivery of the shares of New Preferred Stock purchased by each Backstop Party shall be made by TSN to the account of each Backstop Party (or to such other account or location if delivered in certificated format that each Backstop Party may designate in writing at least 24 hours prior to the Effective Date) on the anticipated Effective Date.

Transfer Restriction and Revocation

Transfer Restriction

transfer of Rights will be null and void, and the TSN Debtors will not treat any purported transferee thereof as an Eligible Holder of such transferred rights.

Revocation

Once an Eligible Holder has properly exercised its Rights, and once a Backstop Party has delivered its Backstop Form and Backstop Party Overallotment Form, such exercise or delivery will not be permitted to be revoked until the date that is 270 days following the Subscription Expiration Date, if the Effective Date has not occurred on or before such date. After such date, an Eligible Holder electing to revoke the exercise of its Rights in accordance with this section must deliver written notice to the Subscription Agent (i) stating the number of Rights that were exercised, (ii) stating that the Eligible Holder revokes all of its Rights, and (iii) certifying that the Rights being revoked are the only Rights that had been exercised by such Eligible Holder (the “Revocation Notice”). Upon receipt of a properly completed and timely returned Revocation Notice by an Eligible Holder, the Subscription Agent will use its reasonable efforts to return promptly the Rights Offering Payment Amount contributed by such Eligible Holder and held in the Escrow Account, without any interest.

All funds paid by Eligible Holders to the TSN Debtors in connection with the exercise of their Rights shall be held for the benefit of the Eligible Holders in an escrow account established by the Subscription Agent with an escrow agent reasonably acceptable to the TSN Debtors and the Plan Sponsor. The funds held in such escrow account shall only be released to the TSN Debtors upon the occurrence of the Effective Date.

Validity of Exercise of Rights

All questions concerning the timeliness, validity, form and eligibility of any exercise of Rights or the Overallotment Right, shall be determined in good faith by TSN and the Subscription Agent, prior to TSN delivering a Purchase Notice or Satisfaction Notice to the Backstop Parties. TSN and the Subscription Agent shall incur no liability in connection with such determinations. Such determinations shall be final and binding.

TSN may, in its sole discretion, waive any defect or irregularity, permit a defect or irregularity to be corrected, accept any late-filed submission or extend the deadline for any submission (provided such extension does not go beyond the time the Purchase Notice or Satisfaction Notice is delivered to the Backstop Parties), within such time as it may determine in good faith to be appropriate, or reject the purported exercise of a Right or the Overallotment Right, and TSN shall incur no liability in connection with such determinations; provided, however, that notwithstanding anything herein to the contrary, in no event shall submissions received from Eligible Holders after February 28, 2011 and/or submissions not accompanied by the applicable Rights Offering Payment Amount be accepted.

Subscription Forms, Backstop Forms and all other forms, notices or correspondence in connection with the Rights Offering may be deemed not to have been received or accepted by TSN and the Subscription Agent until all irregularities have been waived or cured within such time as TSN determines as set forth herein. TSN and the Subscription Agent will use their reasonable efforts to give notice to an Eligible Holder regarding any defect or irregularity in connection with any Subscription Form, Backstop Form or other form, notice or correspondence in connection with this Rights Offering, but shall be under no duty or obligation to give notification of any defect or irregularity in connection with any submission of such form or notice or incur any liability for failure to give such notification.

In the event that any exercise by an Eligible Holder of Rights is deemed to be invalid in accordance with these Rights Offering Procedures, the Subscription Agent will use its reasonable efforts to promptly return the Rights Offering Payment Amount contributed by such Eligible Holder and held in the Escrow Account, without any interest or liability therefor.

Rights Offering Conditioned Upon Confirmation and Effectiveness of the Plan; Reservation of Rights

All exercises of Rights are subject to and conditioned upon the confirmation of the Plan and the occurrence of the Effective Date. Notwithstanding anything contained herein to the contrary, provided that any modifications are consistent with and subject to the Backstop Commitment Agreement, the TSN Debtors reserve the right to modify these Rights Offering Procedures in order to comply with applicable law and/or facilitate the efficient administration of the Rights Offering, in each case with the reasonable consent of the Plan Sponsor.

Return of Rights Offering Amount

In the event that the TSN Debtors revoke, withdraw or fail to consummate the Plan or the conditions precedent to the occurrence of the Effective Date shall not have been satisfied or waived in accordance with Article X of the Plan, the Subscription Agent shall, within ten (10) Business Days of such event or failure to consummate the Plan, return the Rights Offering Payment Amounts without any interest or liability therefor.

[Address]

Dear [Name]:

The Blackstone Group (“**Blackstone**”) has been retained by TerreStar Networks, Inc. and its co-debtor subsidiaries (collectively, the “**TSN Debtors**”)⁽¹⁾ as financial advisor in connection with the chapter 11 cases of the TSN Debtors currently pending in the Bankruptcy Court for the Southern District of New York (Case No. 10-15446 SHL) (the “**Bankruptcy Court**”). On November 5, 2010, the TSN Debtors filed with the Bankruptcy Court a proposed plan of reorganization and disclosure statement (as may be amended, modified or supplemented from time to time, the “**Plan**” and the “**Disclosure Statement**,” respectively). On December 22, 2010, the Bankruptcy Court approved the Disclosure Statement.

Concurrently with the TSN Debtors’ prosecution of the Plan, and in the full exercise of their fiduciary duties, the TSN Debtors are also seeking alternative transactions (any such transaction, an “**Alternative Transaction**”) for the sale or lease of any or all of the TSN Debtors’ assets (or any other transaction) which may result in greater value for the TSN Debtors’ stakeholders and estates than the value which will result from the Plan. The assets which would be the subject of any Alternative Transaction are those assets owned, held or used in the TSN Debtors’ businesses, which include without limitation, the (a) license from the Federal Communications Commission to use 20 MHz of the 2.0 GHz band (the “**S-Band**”) in the United States for mobile satellite service (“**MSS**”) and ancillary terrestrial component (“**ATC**”) service, (b) license from Industry Canada, the Canadian communications regulatory authority, to utilize the same S-Band spectrum in Canada for MSS, (c) rights in the TerreStar-1 and TerreStar-2 satellites, and (d) other assets which comprise the TSN Debtors’ satellite communications network.

Process Timeline⁽²⁾

Pursuant to the terms of the TSN Debtors’ \$75 million junior secured debtor-in-possession financing agreement with EchoStar Corporation (as approved by the Bankruptcy Court by final

(1) The TSN Debtors are TerreStar Networks Inc., TerreStar National Services Inc., 0887729 B.C. Ltd., TerreStar License Inc., TerreStar Networks Holdings (Canada) Inc., and TerreStar Networks (Canada) Inc.

(2) Please note that the marketing process which the TSN Debtors are engaged in is currently not being run as a traditional “Section 363 Sale Process” with bidding procedures, timelines, and fees approved by the Bankruptcy Court, but may in the future become such a Section 363 Sale Process.

These milestones include, among other things, commencement of the hearing to confirm the Plan no later than March 7, 2011, and confirmation of the Plan no later than March 25, 2011. :

Set forth below are key dates that are intended to provide guidance to interested parties when considering any proposal for an Alternative Transaction.

Key Considerations

In order for the TSN Debtors to proceed with an Alternative Transaction, such Alternative Transaction must be deemed to be of greater value to the TSN Debtors’ stakeholders and estates than the value which will result from the Plan. In connection therewith, interested parties should note the following:

1. **Valuation:** The TSN Debtors’ Plan is premised on an enterprise valuation of \$1.215 billion.⁽³⁾
2. **Form of Consideration:** Interested parties are encouraged to make a cash offer, although any non-cash or deferred or contingent consideration (e.g., buyer stock, notes, earnouts, escrows) will be considered.
3. **DIP:** Any potential Alternative Transaction will likely need to provide a replacement debtor-in-possession financing to fund the TSN Debtors’ business until the closing of an Alternative Transaction. Such DIP Financing may be available from existing stakeholders or may need to be provided by the interested party.

(3) The Plan contemplates total distributable value equal to total enterprise value minus any amounts outstanding under the DIP Facility and approximately \$92 million of PMCA claims (as defined in the Plan). The TSN Debtors have approximately \$1 billion of 15.0% Senior Secured Notes claims that must be treated in accordance with the requirements of the Bankruptcy Code. In addition, pursuant to the Equity Purchase and Commitment Agreement by and among EchoStar and TSN, the TSN Debtors will be required to pay the backstop commitment fee of \$3.25 million in the event an Alternative Transaction is consummated.

4. **Definitive Agreement:** To allow for adequate time to consider any proposal, we would advise interested parties to execute and deliver a definitive agreement related to the proposed Alternative Transaction by no later than February 7, 2011. Although not a requirement, the certainty provided by delivering an executed definitive agreement on that date would significantly enhance the attractiveness of any Alternative Transaction. A form of definitive agreement recommended by the TSN Debtors will be made available in the electronic data room.
5. **Bankruptcy Approval:** An Alternative Transaction is subject to the approval of the Bankruptcy Court.
6. **Regulatory Approval:** To the extent an Alternative Transaction results in a transfer of the TSN Debtor's FCC Licenses or Industry Canada Licenses, such Alternative Transaction shall be subject to regulatory approval.

Upon execution of a confidentiality agreement, the TSN Debtors will make an electronic data room available to you and your representatives in connection with your review of diligence materials and preparation of a proposed bid. Furthermore, the TSN Debtors' management will be available to meet with interested parties as part of the due diligence process. Please coordinate with Blackstone to schedule a time for any diligence calls and/or meetings with the management team. In order to ensure an efficient and timely process, Blackstone envisions formal management meetings to be scheduled prior to January 19, 2011.

All inquiries for information (including any confidential information) about the TSN Debtors and any other communications should be made directly through Blackstone and Akin Gump Strauss Hauer & Feld LLP, the TSN Debtors' legal counsel.

The TSN Debtors reserve the right to (a) consider, in their sole discretion, all factors they deem critical in evaluating any offer you make, and (b) for any or no reason and without notice or liability to any party, to modify, suspend, or terminate the process for an Alternative Transaction, negotiate with one or more parties, or engage in any other arrangement of any kind.

On behalf of the TSN Debtors, we would like to thank you for your interest in this opportunity.

Sincerely,

Thomas Middleton

PLEASE TAKE FURTHER NOTICE that, as described in the Disclosure Statement, the Plan provides for a comprehensive restructuring of the TSN Debtors’ pre-bankruptcy obligations. The Plan is premised on the consummation of certain restructuring transactions supported by the Debtors’ largest secured creditor, EchoStar Corporation (“**EchoStar**”), which include, among

other things, (i) the equitization of the Debtors' approximately \$1 billion of 15% Senior Secured Note obligations and (ii) a \$125 million new money preferred stock rights offering (the "**Rights Offering**"), \$100 million of which is backstopped by EchoStar. EchoStar's commitment to backstop the Rights Offering is documented in that certain Backstop Commitment Agreement (the "**Backstop Commitment Agreement**") filed with the *Motion of TSN Debtors for Entry of an Order (I) Approving the TSN Debtors' Entry into the Backstop Commitment Agreement and (II) Authorizing the TSN Debtors' Payment of Related Fees, Expenses and Indemnification to the Backstop Party* [Docket No. 188]. PLEASE TAKE FURTHER NOTICE that on November 18, 2010, the Bankruptcy Court entered the *Final Order Under Sections 105, 361, 362, 363(c), 364(c)(1), 364(c)(2), 364(c)(3), 364(d)(1) AND 364(e) and 507 of the Bankruptcy Code and Bankruptcy Rules 2002, 4001 and 9014: (I) Authorizing Debtors to Obtain Postpetition Financing; (II) Authorizing Debtors to Use Cash Collateral; and (III) Granting Adequate Protection to Prepetition Secured Parties* (the "**Final DIP Financing Order**") [Docket No. 181]. Pursuant to the Final DIP Financing Order, the TSN Debtors have access to up to \$75 million in junior secured debtor-in-possession financing (the "**DIP Financing**"), subject to the terms and conditions thereunder (as may be amended, modified or supplemented from time to time, the "**DIP Agreement**"). As of November 29, 2010, the TSN Debtors have drawn approximately \$18 million of the DIP Financing.

PLEASE TAKE FURTHER NOTICE that, as documented in the DIP Agreement, it is an "Event of Default" thereunder if the TSN Debtors do not comply with various "milestone" requirements including, without limitation, the following (i) receipt of Bankruptcy Court approval of the Disclosure Statement on or before December 14, 2010, (ii) commencement of a hearing to confirm an "Acceptable Plan" (as defined in the DIP Agreement, which includes the Plan) on or before January 31, 2011 and (iii) obtaining Bankruptcy Court approval of an Acceptable Plan or on before February 14, 2011 (the "**Milestone Requirements**").

PLEASE TAKE FURTHER NOTICE that concurrently with the TSN Debtors' prosecution of the Plan and Disclosure Statement, and in the full exercise of their fiduciary duties, the TSN Debtors are also seeking alternative transactions (any such transaction, an "**Alternative Transaction**") for the sale of any or all of the TSN Debtors' assets which may result in greater value for the TSN Debtors' stakeholders and estates than the value which will result from the Plan. The assets which would be the subject of any such Alternative Transaction are those assets owned, held or used in the TSN Debtors' businesses, which include without limitation, the (a) license from the Federal Communications Commission to use 20 MHz of the 2.0 GHz band (the "**S-Band**") in the United States for mobile satellite service (the "**MSS**") and ancillary terrestrial service, (b) license from Industry Canada, the Canadian communications regulatory authority, to utilize the MSS portion of the same S-Band spectrum in Canada (c) rights in the TerreStar-1 and TerreStar-2 satellites and (d) other assets which comprise the TSN Debtors' satellite communications network.

To receive access to confidential and non-public information, interested parties will be required to execute a standard non-disclosure agreement. Interested parties may also contact the Official Committee of Unsecured Creditors' (i) proposed financial advisor, FTI Consulting, 3 Times Square, 9th Floor, New York, New York 10036, Attn: Andrew Scruton or (ii) proposed counsel, Otterbourg, Steindler, Houston & Rosen, P.C., 230 Park Avenue, New York, New York 10169, Attn: Scott L. However, to the extent the TSN Debtors do not comply with the Milestone Requirements (or there occurs any other Event of Default under the DIP Agreement) and such Event of Default is not waived or cured as permitted by the terms thereof, the TSN Debtors will need to repay the amount then outstanding under the DIP Agreement, and will likely need to borrow replacement debtor-in-possession financing.

9. Description (Summarize the nature of the application.)

This application requests authority to transfer control of TerreStar License Inc., Debtor-in-Possession and its Section 214 authorizations (File Nos. ITC-20100513-00194 and ITC-214-20100513-00195) to EchoStar Corporation. See Attachment 1.

10. In Attachment 1, please respond to paragraphs (c) and (d) of Section 63.18 with respect to the assignor/transferor and the assignee/transferee. Label your response "Answer to Question 10".

11. Does any entity, directly or indirectly, own at least ten (10) percent of the equity of the assignee/transferee as determined by successive multiplication in the manner specified in the note to Section 63.18(h) of the rules? ☒ Yes ☐ No

If you answered "Yes" to this question, provide in Attachment 1, the name, address, citizenship, and principal businesses of each person or entity that directly or indirectly owns at least ten (10) percent of the equity of the assignee/transferee, and the percentage of equity owned by each of those persons or entities (to the nearest one percent). Label your response "Answer to Question 11."

12. Does the assignee/transferee have any interlocking directorates with a foreign carrier? ☐ Yes ☒ No

If you answered "Yes" to this question, identify each interlocking officer/director in Attachment 1. (See Section 63.09 (g).) Provide the name and position/title of the individual or entity, the name of the foreign carrier, and the country in which the foreign carrier is authorized to operate. Label your response "Answer to Question 13."

Note: The assignor may retain any or all of its international Section 214 File Nos. In that case, the assignor will continue to hold the international section 214 authorizations that it specifies in response to this question. The ITC-ASG File No. that the Commission assigns to this application will, when granted, constitute Commission authorization of the proposed assignment of assets and/or customers from the assignor to the assignee. Unless Commission grant of the assignment application specifies otherwise, the assignee may provide the same services on the same routes as permitted under the assignor's Section 214 authorization(s), and the assignee may provide such service to any customers it may obtain in the ordinary course of business.

If this filing is not a notification of a *pro forma* assignment or *pro forma* transfer of control, please respond to Questions 14-20 below. (See Section 63.24(d).) Otherwise, you may proceed to Question 21 below.

14. Check "Yes" below if the assignee is a foreign carrier or if, upon consummation of the proposed assignment or transfer of control, the Section 214 holder would be affiliated with a foreign carrier.  (4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the Section 214 holder and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of international basic telecommunications services in the United States.
 If you answered "Yes" to this question, please specify in Attachment 1 each foreign carrier and country for which any of the above statements would be true. Label your response, "Answer to Question 15."

16. If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and *any or all* countries listed in response to Question 14? See Section 63.10 of the rules. ☒ Yes ☐ No

If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification. Label your response, "Answer to Question 16."

17. If you answered "Yes" to question 14 and you have not provided information in response to Question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination route where it would be a foreign carrier, or be affiliated with a foreign carrier, check "Yes" below to certify that the assignee/transferee agrees to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in the provision of international service between the United States and any foreign country(ies) for which you have not provided the required information.

☒ Yes, I certify that I agree to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in my provision of international service between the United States and the following foreign country(ies):

☐ No, Does not apply.

18. In order to determine whether the public interest would be served by authorizing service on these U.S.-destination country routes, the assignee/transferee must provide information, in Attachment 1, to satisfy one of the showings specified in Section 63.18(k) of the rules. Label your response, "Answer to Question 18."

**APPLICATION FOR COMMISSION APPROVAL
TO TRANSFER CONTROL OF ENTITY HOLDING
INTERNATIONAL SECTION 214 AUTHORIZATIONS**

The Applicants hereby request authority of the Federal Communications Commission (“Commission”) pursuant to Section 214 of the Communications Act of 1934, as amended, and Section 63.24 of the Commission’s rules (47 C.F.R. § 63.24), to transfer control of the authorizations held by TerreStar License Inc., Debtor-in-Possession (“TSL DIP”), a wholly-owned direct subsidiary of, TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”). The requested authorization reflects the joint plan of reorganization, as amended from time to time, (the “Plan”) filed in a consolidated Chapter 11 bankruptcy case pending before the United States

Bankruptcy Court for the Southern District of New York (“Bankruptcy Court”).¹ TSL DIP and TSN DIP will emerge from the bankruptcy as reorganized TerreStar License Inc. (“New TSL”) and reorganized TerreStar Networks Inc. (“New TSN”), respectively. New TSL will remain directly wholly-owned by New TSN, but the ownership structure of New TSN will change. Pursuant to the proposed Plan, New TSN’s largest shareholder will be EchoStar Corporation (“EchoStar”), which is anticipated to hold at least 50% of the equity and voting interests in New TSN.

TSL DIP currently holds two international Section 214 authorizations.² Authorization ITC-214-20100513-00194 grants Section 214 authority to provide international MSS via the TerreStar-1 satellite at 111.0 degrees W.L. in accordance with Section 63.18(e)(3) of the Commission's rules, 47 C.F.R. 63.18(e)(3). Authorization ITC-214-20100513-00195 grants Section 214 authority to provide facilities-based service in accordance with section 63.18(e)(1) of the Commission’s rules, and also to provide resale service in accordance with section 63.18(e)(2) of the Commission’s rules, 47 C.F.R. § 63.18(e)(1).³

In addition, TSL DIP and TSN DIP hold the following Commission licenses authorizing the deployment and operation of a 2 GHz MSS system incorporating an ancillary terrestrial component (“ATC”).

¹ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010). The Bankruptcy Court has not yet confirmed the Plan.

² The international Section 214 authorizations held by TSL DIP are subject to the terms and conditions of a security agreement between TerreStar Corporation, TerreStar Networks Inc., and all of their affiliates and subsidiaries on the one hand, and the Department of Justice and the Department of Homeland Security, on the other hand, dated December 18, 2009. New TSN agrees to honor the commitments, terms, and conditions included in this agreement following the consummation of the Plan.

³ On November 3, 2010, the Commission approved the *pro forma* assignments from TSL to TSL DIP of the Section 214 authorization for international mobile satellite services (ITC2142010051300194) and the Section 214 authorization for global facilities-based and resale authority (ITC2142010051300195). See IBFS File No. ITC-ASG-20101022-00423.

Currently, TSN DIP and TSL DIP are indirectly majority owned by TerreStar Corporation.⁴ TerreStar Corporation’s largest shareholder is Harbinger Capital Partners Funds,⁵ and its other shareholders include EchoStar. Pursuant to the proposed Plan, TerreStar Corporation’s indirect ownership interest in TSN DIP will be extinguished, and New TSN will then issue new securities. As a result, New TSN’s largest shareholder will be EchoStar. EchoStar is controlled by Mr. Charles W. Ergen. This proposed transfer of control is summarily depicted in the following two partial and simplified diagrams.

⁴ TerreStar Corporation has not filed a petition for relief under the Bankruptcy Code, but the Applicants expect TerreStar Corporation to do so in the near future.

⁵ These funds consist of Harbinger Capital Partners Master Fund I, Ltd., Harbinger Capital Partners Special Situations Fund, L.P., and Credit Distressed Blue Line Master Fund, Ltd.

Diagram 1 – Debtor-in-Possession Structure

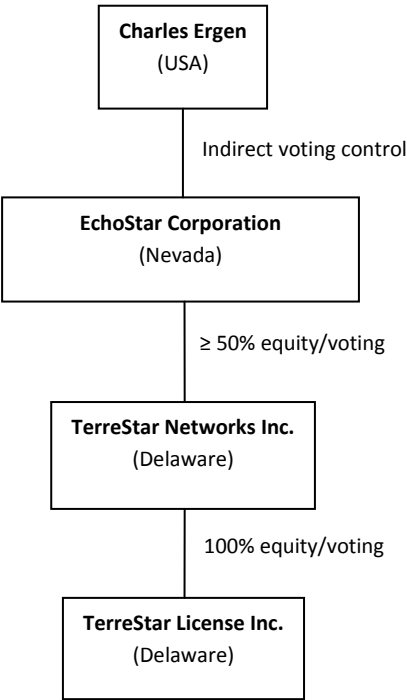

Diagram 2 – Post-Emergence Structure

As set forth herein, the transfer of control of TSN DIP's international Section 214 authorizations fully complies with the Communications Act of 1934, as amended, and the Commission's rules and policies. In addition, because TSN DIP will be able to restructure its debt through its pending bankruptcy organization (by potentially removing more than \$1 billion in liabilities from its balance sheet) and thereby improve its access to capital, the public will benefit significantly from the advanced mobile broadband capabilities that the transaction will help unleash and that New TSN's next-generation MSS/ATC system will bring to American consumers.

I. BACKGROUND

I. The Applicants

The TerreStar Parties. In May 2007, the FCC issued a Letter of Intent ("LOI") spectrum reservation to TerreStar Networks Inc. ("TSN"), a majority-owned indirect subsidiary of TerreStar Corporation,⁶ to utilize certain specified spectrum to provide MSS in the United States using the Canadian-licensed geosynchronous orbit ("GSO") satellite, TerreStar-1. TSN assigned this authorization to TerreStar License Inc. ("TSL"), a wholly owned direct subsidiary of TSN, in February 2008. In relation to that LOI, the Commission issued TSN an authorization to operate up to two million METs. Further, in January 2010, the FCC authorized TSN to provide ATC services, by means of adding an ATC authorization to TSN's MET license.

TSN, TSL, and their affiliates have met several significant milestones in the provision of MSS/ATC services since 2007. On July 1, 2009, the TerreStar-1 satellite was successfully

⁶ Motient Ventures Holdings Inc., a Delaware corporation, owns 89.3% of the common stock of TSN. launched and placed into its assigned orbital slot. This event soon was followed by the first successful phone call over TerreStar-1 on July 20, 2009, which allowed TerreStar-1 to be certified as operational. On August 27, 2009, in-orbit testing of TerreStar-1 was successfully completed.

In order to obtain the capital necessary to support these development initiatives and the operation of its MSS/ATC system, TSN issued secured payment-in-kind (“Senior PIK”) notes in 2007 and exchangeable payment-in-kind (“Exchangeable PIK”) notes in 2008. However, the subsequent global economic crisis created a precarious financial situation, rendering TSN and TSL unlikely to satisfy these debt obligations in the coming years. As a result, on October 19, 2010, TSN, TSL and certain of their affiliates (collectively, the “TerreStar Companies”) filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”) with the Bankruptcy Court.⁷ As the TerreStar Companies explained in their petitions, reorganization is intended to strengthen the TerreStar Companies’ financial position to help them achieve long-term success in the MSS market.⁸ On October 20, 2010, the Bankruptcy Court granted the request of the TerreStar Companies for procedural consolidation and joint administration of the Chapter 11 petitions. On November 5, 2010, the TerreStar Companies filed the Plan and an accompanying disclosure statement.⁹ The Plan will convert approximately \$1.1 billion of TSN’s debt into equity in New TSN, resulting in a change of control of TSN DIP. The Bankruptcy Court has not yet confirmed the proposed Plan.

The EchoStar Parties. EchoStar is providing much of the financial support to enable TSN DIP and TSL DIP to emerge from bankruptcy and execute a successful market strategy

⁷ Attachment B hereto provides a diagram of TSL DIP’s current ownership structure.

⁸ *See In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010).

upon their emergence. With its focus on creating hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide, EchoStar delivers satellite services using its fleet of ten owned and leased in-orbit satellites and related FCC licenses. EchoStar also provides mobility to multichannel video subscribers through its Sling Box service, which allows consumers to receive their video service from any location worldwide.

EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.¹⁰ Mr. Ergen is also the President, Chief Executive Officer, and Chairman of the Board of Directors of DISH Network Corporation (“DISH Network”). Mr. Ergen founded the two companies as EchoStar Communications Corporation in 1980. EchoStar was spun off from DISH Network in 2008. As exemplified by both EchoStar and DISH Network, Mr. Ergen has been a leading pioneer in the satellite industry and has successfully leveraged satellite technology to provide consumer services to millions of Americans.

B. Structure of the Transaction

Under the proposed Plan, claims of the Senior PIK noteholders, Exchangeable PIK noteholders and certain general unsecured claims against the TerreStar Companies (collectively,

¹⁰ A portion of Mr. Ergen’s interest in EchoStar is held in Grantor Retained Asset Trusts (“GRATs”). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

“Claims”) will be exchanged for equity in New TSN, discharging the vast majority of debt currently held by the TerreStar Companies. New TSN will be a wholly owned subsidiary of New TSN. All pre-bankruptcy rights and interests in TSN, 89% of which are indirectly held by TerreStar Corporation, will be terminated. Specifically, the proposed Plan calls for equity in New TSN to be distributed in the form of common stock (“Common Stock”) and preferred stock (“Preferred Stock”). Common Stock will be distributed to all holders of Claims. Holders of Senior PIK Notes will receive approximately 97% of New TSN’s Common Stock on a pro rata basis to their holdings of Claims. The remaining approximately three percent of New TSN’s Common Stock will be distributed to the holders of the Exchangeable PIK notes and general unsecured claims against certain of the TerreStar Companies. In addition, Senior PIK noteholders and Exchangeable PIK noteholders will be eligible to participate in a \$125 million rights (“Rights”) offering for new Preferred Stock on a pro rata basis (based on their respective holdings of Claims) and in accordance with the Plan. The Common Stock and Preferred Stock have identical voting and economic rights, except that holders of Preferred Stock will receive a liquidation preference in the event of any merger, consolidation, change in control, liquidation or winding up of New TSN.

Pursuant to an Equity Purchase Commitment Agreement between EchoStar and TSN approved by the Bankruptcy Court on December 22, 2010 (the “EPCA”), EchoStar (and any other holder of Senior PIK notes that executes a joinder to the EPCA on or prior to February 7, 2011 (each such holder, an “Other Backstop Party”)) has committed to support TSN’s restructuring efforts by, among other things, “backstopping” all of the \$125 million Rights offering. Specifically, pursuant to the terms and conditions of the EPCA, EchoStar and any Other Backstop Parties will fully exercise their Rights to purchase Preferred Stock and will purchase additional unsubscribed shares of Preferred Stock to the extent necessary to ensure that

TSN receives at least \$1250 million in proceeds from the Rights offering. Furthermore, the proposed Plan provides EchoStar and any Other Backstop Parties with the right to purchase additional Preferred Stock on a *pro rata* basis in an amount up to \$25 million (“Overallotment Right”), which amount may be reduced by EchoStar in its sole discretion. As a result, the Rights offering and Overallotment Right (collectively, the “Capital Infusion”) will inject between \$125 million and \$150 million of new capital into New TSN.

In addition, EchoStar is providing TSN DIP (and the other TerreStar Companies) with debtor-in-possession financing in the amount of \$75 million to fund its operations during the pendency of the TerreStar Companies’ reorganization. The Capital Infusion will be used, among other things, to repay the debtor-in-possession financing facility in full and to fund the operations of New TSN upon consummation of the Plan.

As a result of these equity distributions and related transactions, EchoStar will be the largest shareholder of New TSN, and the Applicants expect that it will hold at least 50% of New TSN’s equity and voting interests upon consummation of the Plan. New TSN, in turn, will wholly own and control New TSL, which directly holds the two Section 214 authorizations that are the subject of this Application. No other entity is anticipated to hold a direct or indirect interest of 10% or more in New TSN. Attachment C hereto provides a schematic representation of the post-emergence ownership structure of New TSL.¹¹

¹¹ The Claims continue to be traded, and, as a result, it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion. However, the Bankruptcy Court has issued an order restricting certain trades of Claims and requiring notification to Applicants of trades of Claims to ensure the accuracy of this Application. Specifically, the Bankruptcy Court has imposed a restriction on any trading of Claims after the filing of this Application that would result in an entity, upon the effective date of the Plan, (i) becoming a direct or indirect holder of 10% or more of the equity or voting interests in New TSN or (ii) becoming or ceasing to be, directly or indirectly, either (a) the largest holder of equity or voting interests in New TSN or (b) the holder of more than 50% of equity or voting

II. PUBLIC INTEREST STATEMENT

The Commission has repeatedly found that a transaction facilitating the retirement of debt during periods of global financial instability and improving access to capital is likely to offer substantial public benefits.¹² The Commission has moreover concluded that license transfers effectuating bankruptcy-related reorganizations benefit the public interest, facilitate the introduction of new services, and help maintain existing services to the public.¹³ The instant transaction, in fact, is precisely of this type, and it can be expected to bring about abundant public benefits.

The instant restructuring under bankruptcy protection will afford New TSN and New TSL greater liquidity to meet operational requirements. Increased financial health will, in turn, ensure the uninterrupted provision of MSS services to the public by New TSN, as well as facilitate the continued development of new hybrid MSS/ATC technologies and competitive services. Thus, this new financial and operational structure will allow New TSN to fulfill the

interests in New TSN (collectively, the “Trading Restrictions”). In addition, the Bankruptcy Court’s order requires that notification be provided to the Applicants regarding any trade of Claims involving a holder of a sufficient amount of Claims so that such entity would be, upon the effective date of the Plan, a holder of 10% or more of the equity or voting interests in New TSN (“Trading Notifications”). Importantly, the Trading Restrictions ensure that no ownership change can occur between the filing of the Application and the effective date of the Plan that would constitute a major amendment to the Application. In addition, the Trading Restrictions ensure that the Applicants are able to identify any changes to (*i.e.*, additions to or deletions from) the list of the entities that will hold a 10% or greater direct or indirect equity or voting interest in New TSN. If the Capital Infusion results in any additional entities holding a 10% or greater direct or indirect equity or voting interest in New TSN, the Applicants will update the Application in accordance with Section 1.65 of the Commission’s rules. *See* 47 C.F.R. § 1.65.

- 4) two or more foreign carriers (or carriers that control such foreign carriers) serving such destination country directly or indirectly own more than 25%, in the aggregate, of New TSL and are parties to, or the beneficiaries of, a contractual relation affecting the provision or marketing of international basic telecommunications services in the United States.

²⁷ TerreStar Canada DIP has two shareholders: (i) TerreStar Networks Holdings (Canada) Inc., Debtor-in-Possession (“TerreStar Canada Holdings DIP”), which holds an 80% ownership interest in TerreStar Canada DIP, and (ii) TSN DIP, which holds a 20% ownership interest in TerreStar Canada DIP. TerreStar Canada Holdings DIP, in turn, has two shareholders: (i) 4491165 Canada Inc., which holds a 66-2/3% interest in TerreStar Canada Holdings DIP, and (ii) TSN DIP, which holds a 33-1/3% interest in TerreStar Canada Holdings DIP. Accordingly, 4491165 Canada Inc. holds, in the aggregate, a 53-1/3% interest in TerreStar Canada (*i.e.*, a 66-2/3% interest in TerreStar Canada Holdings DIP, which owns 80% of TerreStar Canada) and TSN DIP holds a 46-2/3% ownership interest in TerreStar Canada (*i.e.*, a 20% direct interest in TerreStar Canada and a 33-1/3% interest in the holding company that owns 80% of TerreStar Canada).

²⁸ See 47 C.F.R. § 63.18(j).

L. Services to affiliated destination markets²⁹

New TSL will not resell the international switched services of an unaffiliated U.S. carrier to a destination country in which an Applicant is a foreign carrier or is affiliated with a foreign carrier. Even were New TSL to do so, the Applicants would satisfy the requirements of Section 63.10(a)(3) of the Commission's rules because their only foreign carrier affiliate, TerreStar Canada DIP, is a relatively new entrant into the telecommunications market in Canada and does not hold a significant share of Canada's domestic or international telecommunications market. Thus, for the purposes of resale of international switched services of unaffiliated U.S. carriers, New TSL will meet the criteria for non-dominant classification under Section 63.10(a)(3) of the Commission's rules.

M. Non-dominant classification (Answer to Question 16)³⁰

New TSL should be authorized to serve all destination markets as a non-dominant carrier for the provision of (1) facilities-based and resale services and (2) international MSS via the TerreStar-1 satellite because no company affiliated with an Applicant will hold a 50% or greater share of the international transport or local access markets in a destination country. New TSL's only foreign carrier affiliate, TerreStar Canada DIP, is relatively new entrant into the Canadian telecommunications market and provides only MSS in this market. Therefore, based on the Commission's rules governing the regulatory classification of international carriers, New TSL should be authorized to serve all destination markets as a non-dominant carrier.

²⁹ See *id.* § 63.18(k)-(l).

³⁰ See *id.* § 63.18(m).

N. Special concessions³¹

The Applicants hereby certify that they have not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route in which the foreign carrier possesses market power on the foreign end of the route. The Applicants will not enter into such agreements in the future.

O. Anti-Drug Abuse Act certification³²

Each of the Applicants hereby certifies that it is not subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

P. Streamlined processing (Answer to Question 20)³³

This Application qualifies for streamlined processing pursuant to Section 63.12 of the Commission's rules because, in accordance with Section 63.12(c), (i) the Applicants are not affiliated with any dominant U.S. carrier whose services New TSL may resell; (ii) New TSL is affiliated with TerreStar Canada DIP, which is a foreign carrier, TerreStar Canada DIP qualifies for a presumption of non-dominance under Section 63.10(a)(3) of the Commission's rules because TerreStar Canada DIP lacks a 50% market share with respect to Canada's international transport and local access markets; and (iii) none of the other scenarios outlined in Section 63.12(c) of the Commission's rules apply.

The parties agree not to consummate the transaction as proposed herein until the Commission approves the transfer of control requested herein.

³¹ See *id.* § 63.18(n).

³² See *id.* § 63.18(o).

³³ See *id.* § 63.18(p).

IV. CONCLUSION

Based on the foregoing, the Applicants respectfully submit that the public interest, convenience, and necessity would be furthered by grant of this Application.

Respectfully submitted,

Response to Question 36

In a letter dated May 27, 2009, the Satellite Division of the International Bureau returned EchoStar Corporation's ("EchoStar's") application to operate a geostationary C-band satellite at the nominal 85° W.L. orbital location as unacceptable for filing, without prejudice to refiling. *See* Letter from Robert G. Ownership Information

Attachments 1, 2, and 3 of this Exhibit depict, respectively, (i) the pre-Chapter 11 ownership structure (the “Pre-Chapter 11 Ownership Structure”) of TerreStar Networks Inc. (“TSN”) and TerreStar License Inc. (“TSL”), (ii) the current ownership of TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”), and TerreStar License Inc., Debtor-in-Possession (“TSL DIP”) and (iii) the ownership structure of TerreStar Networks Inc., as reorganized pursuant to its plan of reorganization (“New TSN”) and TerreStar License Inc., as reorganized pursuant to its plan of reorganization (“New TSL”), that will exist upon implementation of their proposed plan of reorganization (“Plan”).

As indicated in Attachments 1 and 2, TerreStar Corporation, a Delaware corporation, currently indirectly holds 89% of the outstanding equity in TSN DIP. TSL DIP is a wholly owned subsidiary of TSN DIP. At the time of consummation of the Plan, TerreStar Corporation’s indirect interest in TSN DIP will be cancelled.

Upon consummation of the Plan, as shown in Attachment 3, EchoStar Corporation (“EchoStar”) will be by far the largest shareholder in New TSN.¹ The Applicants anticipate that

¹ As explained in Exhibit F, under the Plan, all of the equity held in TSN DIP will be cancelled, and new common stock (“Common Stock”) of Reorganized TSN will be issued to certain creditors of TSN DIP and its affiliates (collectively, the “TerreStar Companies”). In addition, many of such creditors will be eligible to participate in a \$125 million rights (“Rights”) offering for preferred stock (“Preferred Stock”) in Reorganized TSN in accordance with the Plan, and EchoStar will be able to exercise its right to purchase up to an additional \$25 million of Preferred Stock at the conclusion of the initial Rights offering (“Overallotment Right”) (the Rights offering and the Overallotment Right collectively being the “Capital Infusion”). The TerreStar Companies’ outstanding debt continues to trade, and it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion.

EchoStar will hold more than 50% of the equity and voting interests in New TSN. New TSN, in turn, will wholly own and control New TSL. EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.² The address for EchoStar and Mr. Ergen is 100 Inverness Terrace East, Englewood, Colorado. EchoStar's primary business is the creation of hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide as well as the delivery of satellite services.

To the extent known, the identity of the directors of New TSN and New TSL will be identified in a supplemental filing with the United States Bankruptcy Court for the Southern District of New York that is currently expected to be filed by mid to late January 2011.³ The Applicants will provide the Commission with a list of officers and directors of New TSN and New TSL once those directors and officers are known.

As a result, the Applicants cannot determine at this time the exact voting percentage that EchoStar and other entities will hold in New TSN upon the effective date of the Plan. The Applicants will update this Application by amendment promptly once this information is known.

² A portion of Mr. Ergen's interest in EchoStar is held in Grantor Retained Asset Trusts ("GRATs"). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

³ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010).

I. INTRODUCTION

The Applicants seek the consent of the Federal Communications Commission (“FCC” or “Commission”) to the transfer of control over the authorizations held by TerreStar License Inc., Debtor-in-Possession (“TSL DIP”), a wholly-owned direct subsidiary of, TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”). The requested authorization reflects the joint plan of reorganization (as amended from time to time, the “Plan”) filed in a consolidated Chapter 11 bankruptcy case pending before the United States Bankruptcy Court for the Southern District of New York (“Bankruptcy Court”).¹ TSL DIP and TSN DIP will emerge from the bankruptcy as reorganized TerreStar License Inc. (“New TSL”) and reorganized TerreStar Networks Inc. (“New TSN”), respectively. New TSL will remain directly wholly-owned by New TSN, but the ownership structure of New TSN will change. Specifically, TSN DIP is now indirectly majority owned by TerreStar Corporation.² TerreStar Corporation’s largest shareholder is Harbinger Capital Partners Funds,³ and its other shareholders include EchoStar. Pursuant to the proposed Plan, TerreStar Corporation’s indirect ownership interest will be extinguished and New TSN will

¹ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010). The Bankruptcy Court has not yet confirmed the Plan.

² TerreStar Corporation has not filed a petition for relief under the Bankruptcy Code, but the Applicants expect TerreStar Corporation to do so in the near future.

then issue new securities. As a result, New TSN's largest shareholder will be EchoStar Corporation ("EchoStar"), which is anticipated to hold at least 50% of the equity and voting interests in New TSN. EchoStar, in turn, is controlled by Mr. Charles W. Ergen. The proposed transfer of control is illustrated in the following two partial and simplified diagrams.⁴

Diagram 1 – Debtor-in-Possession Structure

⁴ More detailed diagrams depicting the structure of the proposed transaction are included in Exhibit E.

Diagram 2 – Post-Emergence Structure

The proposed transaction fully complies with the Communications Act of 1934, as amended, and the Commission’s rules and policies. In addition, because TSN DIP will be able to restructure its debt through its pending bankruptcy organization (by potentially removing more than \$1 billion in liabilities from its balance sheet) and thereby improve its access to capital, the public will benefit significantly from the advanced mobile broadband capabilities that the transaction will help unleash and that New TSN’s next-generation MSS/ATC system will bring to American consumers. EchoStar is well equipped to help New TSN and New TSL execute a successful strategy for its 2 GHz Mobile Satellite Service (“MSS”) system and the authorized ancillary terrestrial component (“ATC”) of that system. EchoStar has significant experience both with providing complementary satellite and terrestrial services and with managing spectrum sharing and interference issues between such services. Finally, the proposed transaction will not

have any adverse effect on competition in any relevant market because EchoStar does not provide MSS service and does not have an attributable interest in any other MSS provider.

II. THE AUTHORIZATIONS TO BE TRANSFERRED AND THE APPLICANTS

A. Authorizations to Be Transferred

The Applicants are filing multiple concurrent applications to transfer control of the licensee of the following FCC licenses and authorizations:

Call Sign/File No.	Description
S2633	Letter of Intent spectrum reservation to provide MSS using the TerreStar-1 satellite.
E090061	Authorization for 15 calibration earth stations in the 2 GHz band.
E070098	Fixed satellite service (“FSS”) Ku-band earth station authorization for two antennas in Las Vegas, Nevada.
E060430	FCC license for two million mobile earth terminal (“MET”) handsets that includes ATC authorization.
ITC2142010051300194	Section 214 authorization for international MSS.
ITC2142010051300195	Section 214 authorization for global facilities-based and resale authority.

The Applicants request that Commission approval also extend to transfer of control over any authorizations granted to TSL DIP or TSN DIP after the date of this Application.⁵ The Applicants will also duly file a letter under Section 1.65 of the Commission’s rules, advising the

⁵ In addition, the Applicants respectfully request the Commission to waive application of its “cut-off” rules with respect to any applications that may be filed by TSN DIP or TSL DIP during the Commission’s review of the instant Application to the extent that any such applications become subject to a Commission cut-off notice. No pending relevant applications are subject to a cut-off rule.

Commission of a change to the real-party-in-interest for applications that may still be pending at the time of approval of this Application.⁶

B. The Applicants

The TerreStar Parties. In May 2007, the FCC issued a Letter of Intent (“LOI”) spectrum reservation to TerreStar Networks Inc. (“TSN”), a majority-owned indirect subsidiary of TerreStar Corporation,⁷ to utilize certain specified spectrum to provide MSS in the United States using the Canadian-licensed geosynchronous orbit (“GSO”) satellite, TerreStar-1. TSN assigned this authorization to TerreStar License Inc. (“TSL”), a wholly owned direct subsidiary of TSN, in February 2008. In relation to that LOI, the Commission issued TSN an authorization to operate up to two million METs. Further, in January 2010, the FCC authorized TSN to provide ATC services, by means of adding an ATC authorization to TSN’s MET license.

TSN, TSL and their affiliates have met several significant milestones in the provision of MSS/ATC services since 2007. On July 1, 2009, the TerreStar-1 satellite was successfully launched and placed into its assigned orbital slot. This event soon was followed by the first successful phone call over TerreStar-1 on July 20, 2009, which allowed TerreStar-1 to be certified as operational. On August 27, 2009, in-orbit testing of TerreStar-1 was successfully completed.

⁶ An application seeking Commission consent to modify TSN DIP’s ATC authorization is currently pending before the Commission. See IBFS File No. SES-MOD-20100727-00963. To the extent required, the parties request a waiver of any rule that would cause the proposed instant transfer of control to require a major amendment to this pending ATC modification application.

⁷ Motient Ventures Holding Inc., a Delaware corporation, owns 89.3% of the common stock of TSN. MV Holdings Inc., a Delaware corporation, owns 100% of the common stock of Motient Ventures Holding Inc., a Delaware corporation. TerreStar Corporation owns 100% of the common stock of MV Holdings Inc. See Exhibit E.

In order to obtain the capital necessary to support these development initiatives and the operation of its MSS/ATC system, TSN issued secured payment-in-kind (“Senior PIK”) notes in 2007 and exchangeable payment-in-kind (“Exchangeable PIK”) notes in 2008. However, the subsequent global economic crisis created a precarious financial situation, rendering TSN and TSL unlikely to satisfy these debt obligations in the coming years. As a result, on October 19, 2010, TSN, TSL and certain of their affiliates (collectively, the “TerreStar Companies”) filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”) with the Bankruptcy Court. As the TerreStar Companies explained in their petitions, reorganization is intended to strengthen the TerreStar Companies’ financial position to help them achieve long-term success in the MSS market.⁸ On October 20, 2010, the Bankruptcy Court granted the request of the TerreStar Companies for procedural consolidation and joint administration of the Chapter 11 petitions. On November 5, 2010, the TerreStar Companies filed the proposed Plan and an accompanying disclosure statement.⁹ The Plan will convert approximately \$1.1 billion of TSN’s debt into equity in New TSN, resulting in a change of control of TSN DIP.

In conjunction with this bankruptcy proceeding, on November 3, 2010¹⁰ and November 16, 2010,¹¹ the Commission approved applications for the *pro forma* assignments of all but one

⁸ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010).

⁹ The Bankruptcy Court entered an order approving the disclosure statement on December 22, 2010.

¹⁰ On November 3, 2010, the Commission approved the *pro forma* assignments from TSL to TSL DIP of the Section 214 authorization for international mobile satellite services (ITC2142010051300194) and the Section 214 authorization for global facilities-based and resale authority (ITC2142010051300195). See IBFS File No. ITC-ASG-20101022-00423.

of TSN's and TSL's licenses to TSN DIP and TSL DIP.¹² In turn, TSN DIP filed an application with the FCC on December 10, 2010 seeking the *pro forma* assignment of TSN DIP's licenses and authorizations to TSL DIP. The Commission approved these *pro forma* assignment applications on December 20, 2010. As a result, TSL DIP holds all of the licenses and authorizations previously held by TSN and TSL that are related to TSN's MSS/ATC system.¹³ The Bankruptcy Court has not yet confirmed the proposed Plan.

The EchoStar Parties. EchoStar is providing much of the financial support to enable TSN DIP and TSL DIP to emerge from bankruptcy and execute a successful market strategy upon their emergence. With its focus on creating hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide, EchoStar delivers satellite services using its fleet of ten owned and leased in-orbit satellites and related FCC licenses. EchoStar also provides mobility to multichannel video subscribers through its Sling

¹¹ On November 16, 2010, the Commission approved the *pro forma* assignments from TSN to TSN DIP of the FSS Ku-band earth station authorization for two antennas in Las Vegas, Nevada (call sign E070098) and the MET license that includes the ATC authorization (call sign E060430). See IBFS File Nos. SES-ASG-20101101-01416 and SES-ASG-20101101-01417. On November 16, 2010, the Commission also approved the *pro forma* assignment of the 2 GHz earth station authorization for 15 calibration earth stations (call sign E090061) from TSL to TSL DIP. See SES-ASG-20101101-01419.

¹² On October 22, 2010, TSN mistakenly filed a *pro forma* assignment application seeking assignment of TSL's LOI spectrum reservation for the TerreStar-1 satellite (call sign S2633) from TSN to TSN DIP, rather than TSL to TSL DIP. See IBFS File No. SAT-ASG-20101022-00222. TSN previously had provided the Commission's International Bureau notice of assignment of the LOI spectrum reservation from TSN to TSL. See Letter to Ms. Marlene H. Dortch from Mr. Joseph A. Godles, dated February 4, 2008, with reference to File No. SAT-MOD-20070529-00075. Since filing the October 22, 2010 *pro forma* assignment application, TSN DIP has corresponded with the Commission in an effort to update the Commission's International Bureau Filing System to accurately reflect TSL DIP as the holder of the LOI spectrum reservation. This application has not yet been approved by the Commission.

Box service, which allows consumers to receive their video service from any location worldwide.

EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.¹⁴ Mr. Ergen is also the President, Chief Executive Officer, and Chairman of the Board of Directors of DISH Network Corporation (“DISH Network”). Mr. Ergen founded the two companies as EchoStar Communications Corporation in 1980. EchoStar was spun off from DISH Network in 2008. As exemplified by both of EchoStar and DISH Network, Mr. Ergen has been a leading pioneer in the satellite industry and has successfully leveraged satellite technology to provide consumer services to millions of Americans.

III. DESCRIPTION OF THE TRANSACTION

A. Structure of the Transaction

Under the proposed Plan, claims of the Senior PIK noteholders, Exchangeable PIK noteholders and certain general unsecured claims against the TerreStar Companies (collectively, “Claims”) will be exchanged for equity in New TSN, discharging the vast majority of debt

¹⁴ A portion of Mr. Ergen’s interest in EchoStar is held in Grantor Retained Asset Trusts (“GRATs”). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

currently held by the TerreStar Companies. New TSL will be a wholly owned subsidiary of New TSN. All pre-bankruptcy rights and interests in TSN, 89% of which are indirectly held by TerreStar Corporation, will be terminated.

B. Equity Distributions

The proposed Plan calls for equity in New TSN to be distributed in the form of common stock (“Common Stock”) and preferred stock (“Preferred Stock”). Common Stock will be distributed to all holders of Claims. Holders of Senior PIK Notes will receive approximately 97% of New TSN’s Common Stock on a pro rata basis to their holdings of Claims. The remaining approximately three percent of New TSN’s Common Stock will be distributed to the holders of the Exchangeable PIK notes and general unsecured claims against certain of the TerreStar Companies. In addition, Senior PIK noteholders and Exchangeable PIK noteholders will be eligible to participate in a \$125 million rights (“Rights”) offering for new Preferred Stock on a pro rata basis (based on their respective holdings of Claims) and in accordance with the Plan. The Common Stock and Preferred Stock have identical voting and economic rights, except that holders of Preferred Stock will receive a liquidation preference in the event of any merger, consolidation, change in control, liquidation or winding up of Reorganized TSN.

Pursuant to an Equity Purchase Commitment Agreement between EchoStar and TSN approved by the Bankruptcy Court on December 22, 2010 (the “EPCA”), EchoStar (and any other holder of Senior PIK notes that executes a joinder to the EPCA on or prior to February 7, 2011 (each such holder, an “Other Backstop Party”)) has committed to support TSN’s restructuring efforts by, among other things, “backstopping” all of the \$125 million Rights offering. Specifically, pursuant to the terms and conditions of the EPCA, EchoStar and any

Other Backstop Parties will fully exercise their Rights to purchase Preferred Stock and will purchase additional unsubscribed shares of Preferred Stock to the extent necessary to ensure that TSN receives at least \$125 million in proceeds from the Rights offering. Furthermore, the proposed Plan provides EchoStar and any Other Backstop Parties with the right to purchase additional Preferred Stock on a pro rata basis in an amount up to \$25 million (“Overallotment Right”), which amount may be reduced by EchoStar in its sole discretion. As a result, the Rights offering and Overallotment Right (collectively, the “Capital Infusion”) will inject between \$125 million and \$150 million of new capital into New TSN.

In addition, EchoStar is providing TSN DIP (and the other TerreStar Companies) with debtor-in-possession financing in the amount of \$75 million to fund its operations during the pendency of the TerreStar Companies’ reorganization. The Capital Infusion will be used, among other things, to repay the debtor-in-possession financing facility in full and to fund the operations of New TSN upon consummation of the Plan.

As a result of these equity distributions and related transactions, EchoStar will be the largest shareholder of New TSN, and the Applicants expect that it will hold at least 50% of New TSN’s equity and voting interests. New TSN, in turn, will wholly own and control New TSL. No other entity is anticipated to hold a direct or indirect interest of 10% or more in New TSN. Exhibit E provides a comprehensive description of the anticipated post-emergence ownership of the Applicants.¹⁵

¹⁵ The Claims continue to be traded, and, as a result, it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion. However, the Bankruptcy Court has issued an order restricting certain trades of Claims and requiring notification to Applicants of trades of Claims to ensure the accuracy of this Application. Specifically, the Bankruptcy Court has imposed a restriction on any trading of

IV. PUBLIC INTEREST STATEMENT

To approve the transfer of control, the Commission must find that the proposed transaction serves “the public interest, convenience, and necessity.”¹⁶ To make this finding, the Commission has traditionally weighed the public interest benefits of the proposed transaction against any potential public interest harms to determine whether, on balance, the benefits outweigh any harms.

The Commission’s public interest analysis generally has included an examination of the following fundamental questions: (i) will the transaction result in a violation of the Communications Act or the Commission’s rules; (ii) will the transaction yield substantial public interest benefits; and (iii) will the transaction interfere with the objectives of the Communications Act.¹⁷

Claims after the filing of this Application that would result in an entity, upon the effective date of the Plan, (i) becoming a direct or indirect holder of 10% or more equity or voting interests in Reorganized TSN or (ii) becoming or ceasing to be, directly or indirectly, either (a) the largest holder of equity or voting interests in New TSN or (b) the holder of more than 50% of equity or voting interests in New TSN (collectively, the “Trading Restrictions”). In addition, the Bankruptcy Court’s order requires that notification be provided to the Applicants regarding any trade of Claims involving a holder of a sufficient amount of Claims so that such entity would be, upon the effective date of the Plan, a holder of 10% or more of the equity or voting interests in New TSN (“Trading Notifications”). Importantly, the Trading Restrictions ensure that no ownership change can occur between the filing of the Application and the effective date of the Plan that would constitute a major amendment to the Application. In addition, the Trading Restrictions ensure that the Applicants are able to identify any changes to (*i.e.*, additions to or deletions from) the list of the entities that will hold a 10% or greater direct or indirect equity or voting interest in New TSN. If the Capital Infusion results in any additional entities holding a 10% or greater direct or indirect equity or voting interest in New TSN, the Applicants will update the Application in accordance with Section 1.65 of the Commission’s rules. *See* 47 C.F.R. § 1.65.

¹⁶ 47 U.S.C. § 310(d).

¹⁷ *See, e.g., Time Warner Inc. and America Online Inc.*, 16 FCC Rcd. 6547 ¶ 1 (2001).

A. The Transaction Will Comply with the Requirements of the Communications Act, All Other Applicable Statutes, and the Commission's Rules

The proposed transaction will not implicate, much less run afoul of, any aggregation, cross-ownership or service-specific limitations imposed by the Communications Act, Commission regulation or applicable statute. Therefore, no rule waivers are being requested for Commission approval of the instant Application.¹⁸ Further, both EchoStar, a U.S. corporation, and Mr. Ergen, a U.S. citizen, are currently FCC licensees. Therefore their qualifications are a well-established matter of long-standing public record.¹⁹

B. The Transaction Will Yield Significant Public Interest Benefits

The Commission has repeatedly found that a transaction facilitating the retirement of debt during periods of global financial instability and improving access to capital is likely to offer substantial public benefits.²⁰ The Commission has moreover concluded that license transfers

¹⁸ The Applicants will file a petition for declaratory ruling seeking a Commission determination that it is not in the public interest to restrict indirect foreign ownership of New TSL to 25%. *See* 47 U.S.C. § 310(b)(4). In addition, out of an abundance of caution, the Applicants have requested a waiver of the Commission's cut-off rules should such they become applicable to the Applicants during the pendency of this Application. *See* Note 5. No cut-off rule is now applicable to any relevant pending applications.

¹⁹ On July 29, 2010, the International Bureau dismissed EchoStar's application to construct, launch, and operate a C-band satellite at the 84.9° W.L. orbital location on the grounds that EchoStar had surrendered licenses for five satellites in 33 months. The FCC held that such actions give rise to a presumption of speculation by EchoStar, which in turn limits the number of pending applications and unbuilt satellites a licensee may hold. *See* EchoStar Corporation, Application to Operate a C-Band Geostationary Satellite Orbit Satellite in the Fixed-Satellite Service at the 84.9° W.L. Orbital Location, *Memorandum Opinion and Order*, 25 FCC Rcd. 10193 (2010). EchoStar has filed a petition for reconsideration of that decision. In any event, the Commission has explicitly noted that the limitation does not apply to the acquisition of control over existing satellite licenses. Amendment of the Commission's Space Station Licensing Rules and Policies, *First Report and Order*, 18 FCC Rcd. 10760, 10850, ¶ 233 (2003) ("*First-Come, First-Served Order*"). Thus, that decision is inapposite to the instant Application.

effectuating bankruptcy-related reorganizations benefit the public interest, facilitate the introduction of new services, and help maintain existing services to the public.²¹ The instant transaction in fact is precisely of this type, and it can be expected to bring about abundant public benefits.

The instant restructuring under bankruptcy protection will afford New TSN and New TSL greater liquidity to meet operational requirements. Increased financial health will, in turn, ensure the uninterrupted provision of MSS services to the public by New TSN, as well as facilitate the continued development of new hybrid MSS/ATC technologies and competitive services. Thus, this new financial and operational structure will allow New TSN to fulfill the public interest benefits of MSS/ATC deployment, including the provision of increased network capacity, more efficient use of spectrum and economies of scale.²²

The transaction also will enable New TSN to draw on EchoStar's long experience, both in the combination of satellite and terrestrial services and in the coexistence of a satellite and terrestrial service in the same spectrum band. As for co-frequency spectrum sharing, EchoStar has had a passive stake in a Multichannel Video Data and Distribution Service ("MVDDS") licensee, South.com, a company now wholly owned by EchoStar's affiliate DISH Network. MVDDS operators share the 12.2-12.7 GHz band with Direct Broadcast Satellite ("DBS")

providers. EchoStar's expertise will assist New TSN in their operations and in avoiding disruption and interference between its systems and other users of the radio spectrum.

C. The Transaction Will Strengthen Competition and Not Frustrate Any Objectives of the Communications Act or the Commission's Rules

In addition to serving the public interest, the proposed transaction will not result in competitive harms or otherwise frustrate any Commission policy objective but instead will promote competition. EchoStar, which is expected to be the single largest shareholder of New TSN, is controlled by Mr. Charles W. Ergen, who also controls EchoStar's affiliate DISH Network. Such ownership does not raise any competitive concerns, however. Although DISH Network holds an interest in DBSD North America, Inc. ("DBSD"), a company which also holds a 2 GHz MSS authorization, neither DISH nor EchoStar controls DBSD. Moreover, DISH Network's minority stake in DBSD is far below the relevant attributable interest threshold under the Commission's *First-Come, First Served Order*.²³ In a related vein, the transaction will not produce any anticompetitive effects for the simple reason that neither EchoStar nor DISH Network is a participant in the MSS market today.

Therefore, after its financial restructuring, New TSN will be a stronger competitor and better equipped to offer competitive advanced services over its MSS/ATC system. Accordingly, the proposed transaction will serve the public interest consistent with Section 310(d) of the

²³ See *First-Come, First-Served Order* at ¶ 238 (an interest is attributable if the total asset value, defined as the aggregate of all equity plus all debt, exceeds 33%). In particular, DISH Network holds certain debt of DBSD. DBSD is currently in bankruptcy. If DBSD is allowed to complete its bankruptcy reorganization as currently proposed (which it is currently stayed by court order from doing), then DISH Network would receive an approximately 15% equity stake in the reorganized DBSD on account of its debt and certain exit financing.

Communications Act and will promote the Act's objectives instead of endangering these objectives in any way.

V. CONCLUSION

The Applicants have demonstrated that a grant of the instant Application will advance the public interest by enabling TSN DIP and TSL DIP to emerge from bankruptcy in a manner that will allow them to provide new and innovative services to consumers and enhance competition in the market for advanced communications services. Upon the consummation of the Plan, and upon Commission approval of this Application, New TSN, with the assistance of EchoStar, will be better positioned to finance and complete development of its MSS/ATC system.

Prompt grant of this Application is crucial to the completion of the Plan. TSN DIP and TSL DIP cannot emerge from bankruptcy until the Commission acts on the instant Application and other applications being filed with the Commission in relation to the proposed Plan. Any delay in this process would be detrimental to the Applicants. Accordingly, the Applicants request that the Commission promptly grant this Application to ensure the successful reorganization of TSN DIP and TSL DIP.

Response to Question 36

In a letter dated May 27, 2009, the Satellite Division of the International Bureau returned EchoStar Corporation's ("EchoStar's") application to operate a geostationary C-band satellite at the nominal 85° W.L. orbital location as unacceptable for filing, without prejudice to refiling. *See* Letter from Robert G. Ownership Information

Attachments 1, 2, and 3 of this Exhibit depict, respectively, (i) the pre-Chapter 11 ownership structure (the “Pre-Chapter 11 Ownership Structure”) of TerreStar Networks Inc. (“TSN”) and TerreStar License Inc. (“TSL”), (ii) the current ownership of TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”), and TerreStar License Inc., Debtor-in-Possession (“TSL DIP”) and (iii) the ownership structure of TerreStar Networks Inc., as reorganized pursuant to its plan of reorganization (“New TSN”) and TerreStar License Inc., as reorganized pursuant to its plan of reorganization (“New TSL”), that will exist upon implementation of their proposed plan of reorganization (“Plan”).

As indicated in Attachments 1 and 2, TerreStar Corporation, a Delaware corporation, currently indirectly holds 89% of the outstanding equity in TSN DIP. TSL DIP is a wholly owned subsidiary of TSN DIP. At the time of consummation of the Plan, TerreStar Corporation’s indirect interest in TSN DIP will be cancelled.

Upon consummation of the Plan, as shown in Attachment 3, EchoStar Corporation (“EchoStar”) will be by far the largest shareholder in New TSN.¹ The Applicants anticipate that

¹ As explained in Exhibit F, under the Plan, all of the equity held in TSN DIP will be cancelled, and new common stock (“Common Stock”) of Reorganized TSN will be issued to certain creditors of TSN DIP and its affiliates (collectively, the “TerreStar Companies”). In addition, many of such creditors will be eligible to participate in a \$125 million rights (“Rights”) offering for preferred stock (“Preferred Stock”) in Reorganized TSN in accordance with the Plan, and EchoStar will be able to exercise its right to purchase up to an additional \$25 million of Preferred Stock at the conclusion of the initial Rights offering (“Overallotment Right”) (the Rights offering and the Overallotment Right collectively being the “Capital Infusion”). The TerreStar Companies’ outstanding debt continues to trade, and it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion.

EchoStar will hold more than 50% of the equity and voting interests in New TSN. New TSN, in turn, will wholly own and control New TSL. EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.² The address for EchoStar and Mr. Ergen is 100 Inverness Terrace East, Englewood, Colorado. EchoStar's primary business is the creation of hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide as well as the delivery of satellite services.

To the extent known, the identity of the directors of New TSN and New TSL will be identified in a supplemental filing with the United States Bankruptcy Court for the Southern District of New York that is currently expected to be filed by mid to late January 2011.³ The Applicants will provide the Commission with a list of officers and directors of New TSN and New TSL once those directors and officers are known.

As a result, the Applicants cannot determine at this time the exact voting percentage that EchoStar and other entities will hold in New TSN upon the effective date of the Plan. The Applicants will update this Application by amendment promptly once this information is known.

² A portion of Mr. Ergen's interest in EchoStar is held in Grantor Retained Asset Trusts ("GRATs"). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

DESCRIPTION OF THE APPLICATION AND PUBLIC INTEREST STATEMENT

I. INTRODUCTION

The Applicants seek the consent of the Federal Communications Commission (“FCC” or “Commission”) to the transfer of control over the authorizations held by TerreStar License Inc., Debtor-in-Possession (“TSL DIP”), a wholly-owned direct subsidiary of, TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”). The requested authorization reflects the joint plan of reorganization (as amended from time to time, the “Plan”) filed in a consolidated Chapter 11 bankruptcy case pending before the United States Bankruptcy Court for the Southern District of New York (“Bankruptcy Court”).¹ TSL DIP and TSN DIP will emerge from the bankruptcy as reorganized TerreStar License Inc. (“New TSL”) and reorganized TerreStar Networks Inc. (“New TSN”), respectively. New TSL will remain directly wholly-owned by New TSN, but the ownership structure of New TSN will change. Specifically, TSN DIP is now indirectly majority owned by TerreStar Corporation.² TerreStar Corporation’s largest shareholder is Harbinger Capital Partners Funds,³ and its other shareholders include EchoStar. Pursuant to the proposed Plan, TerreStar Corporation’s indirect ownership interest will be extinguished and New TSN will

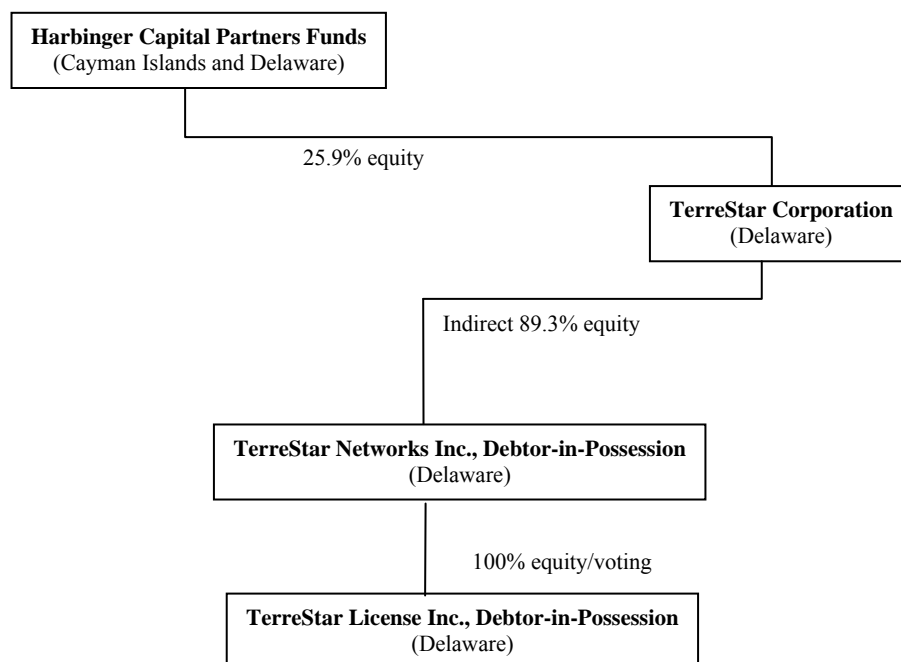

¹ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010). The Bankruptcy Court has not yet confirmed the Plan.

² TerreStar Corporation has not filed a petition for relief under the Bankruptcy Code, but the Applicants expect TerreStar Corporation to do so in the near future.

³ These funds consist of Harbinger Capital Partners Master Fund I, Ltd., Harbinger Capital Partners Special Situations Fund, L.P., and Credit Distressed Blue Line Master Fund, Ltd.

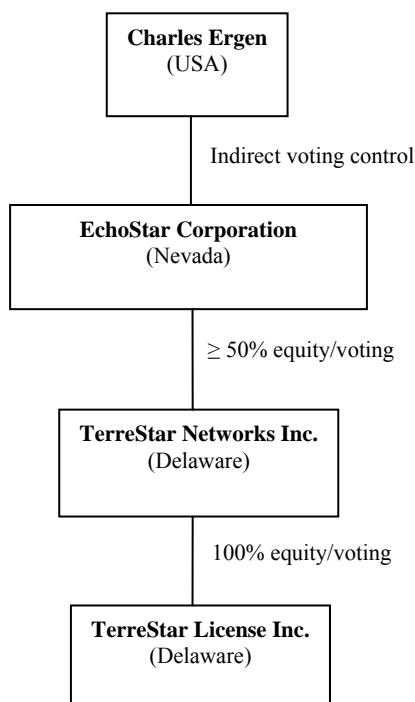

then issue new securities. As a result, New TSN's largest shareholder will be EchoStar Corporation ("EchoStar"), which is anticipated to hold at least 50% of the equity and voting interests in New TSN. EchoStar, in turn, is controlled by Mr. Charles W. Ergen. The proposed transfer of control is illustrated in the following two partial and simplified diagrams.⁴

Diagram 1 – Debtor-in-Possession Structure

⁴ More detailed diagrams depicting the structure of the proposed transaction are included in Exhibit E.

Diagram 2 – Post-Emergence Structure

The proposed transaction fully complies with the Communications Act of 1934, as amended, and the Commission’s rules and policies. In addition, because TSN DIP will be able to restructure its debt through its pending bankruptcy organization (by potentially removing more than \$1 billion in liabilities from its balance sheet) and thereby improve its access to capital, the public will benefit significantly from the advanced mobile broadband capabilities that the transaction will help unleash and that New TSN’s next-generation MSS/ATC system will bring to American consumers. EchoStar is well equipped to help New TSN and New TSL execute a successful strategy for its 2 GHz Mobile Satellite Service (“MSS”) system and the authorized ancillary terrestrial component (“ATC”) of that system. EchoStar has significant experience both with providing complementary satellite and terrestrial services and with managing spectrum sharing and interference issues between such services. Finally, the proposed transaction will not

have any adverse effect on competition in any relevant market because EchoStar does not provide MSS service and does not have an attributable interest in any other MSS provider.

II. THE AUTHORIZATIONS TO BE TRANSFERRED AND THE APPLICANTS

A. Authorizations to Be Transferred

The Applicants are filing multiple concurrent applications to transfer control of the licensee of the following FCC licenses and authorizations:

Call Sign/File No.	Description
S2633	Letter of Intent spectrum reservation to provide MSS using the TerreStar-1 satellite.
E090061	Authorization for 15 calibration earth stations in the 2 GHz band.
E070098	Fixed satellite service (“FSS”) Ku-band earth station authorization for two antennas in Las Vegas, Nevada.
E060430	FCC license for two million mobile earth terminal (“MET”) handsets that includes ATC authorization.
ITC2142010051300194	Section 214 authorization for international MSS.
ITC2142010051300195	Section 214 authorization for global facilities-based and resale authority.

The Applicants request that Commission approval also extend to transfer of control over any authorizations granted to TSL DIP or TSN DIP after the date of this Application.⁵ The Applicants will also duly file a letter under Section 1.65 of the Commission’s rules, advising the

⁵ In addition, the Applicants respectfully request the Commission to waive application of its “cut-off” rules with respect to any applications that may be filed by TSN DIP or TSL DIP during the Commission’s review of the instant Application to the extent that any such applications become subject to a Commission cut-off notice. No pending relevant applications are subject to a cut-off rule.

Commission of a change to the real-party-in-interest for applications that may still be pending at the time of approval of this Application.⁶

B. The Applicants

The TerreStar Parties. In May 2007, the FCC issued a Letter of Intent (“LOI”) spectrum reservation to TerreStar Networks Inc. (“TSN”), a majority-owned indirect subsidiary of TerreStar Corporation,⁷ to utilize certain specified spectrum to provide MSS in the United States using the Canadian-licensed geosynchronous orbit (“GSO”) satellite, TerreStar-1. TSN assigned this authorization to TerreStar License Inc. (“TSL”), a wholly owned direct subsidiary of TSN, in February 2008. In relation to that LOI, the Commission issued TSN an authorization to operate up to two million METs. Further, in January 2010, the FCC authorized TSN to provide ATC services, by means of adding an ATC authorization to TSN’s MET license.

TSN, TSL and their affiliates have met several significant milestones in the provision of MSS/ATC services since 2007. On July 1, 2009, the TerreStar-1 satellite was successfully launched and placed into its assigned orbital slot. This event soon was followed by the first successful phone call over TerreStar-1 on July 20, 2009, which allowed TerreStar-1 to be certified as operational. On August 27, 2009, in-orbit testing of TerreStar-1 was successfully completed.

⁶ An application seeking Commission consent to modify TSN DIP’s ATC authorization is currently pending before the Commission. *See* IBFS File No. SES-MOD-20100727-00963. To the extent required, the parties request a waiver of any rule that would cause the proposed instant transfer of control to require a major amendment to this pending ATC modification application.

⁷ Motient Ventures Holding Inc., a Delaware corporation, owns 89.3% of the common stock of TSN. MV Holdings Inc., a Delaware corporation, owns 100% of the common stock of Motient Ventures Holding Inc., a Delaware corporation. TerreStar Corporation owns 100% of the common stock of MV Holdings Inc. *See* Exhibit E.

In order to obtain the capital necessary to support these development initiatives and the operation of its MSS/ATC system, TSN issued secured payment-in-kind (“Senior PIK”) notes in 2007 and exchangeable payment-in-kind (“Exchangeable PIK”) notes in 2008. However, the subsequent global economic crisis created a precarious financial situation, rendering TSN and TSL unlikely to satisfy these debt obligations in the coming years. As a result, on October 19, 2010, TSN, TSL and certain of their affiliates (collectively, the “TerreStar Companies”) filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”) with the Bankruptcy Court. As the TerreStar Companies explained in their petitions, reorganization is intended to strengthen the TerreStar Companies’ financial position to help them achieve long-term success in the MSS market.⁸ On October 20, 2010, the Bankruptcy Court granted the request of the TerreStar Companies for procedural consolidation and joint administration of the Chapter 11 petitions. On November 5, 2010, the TerreStar Companies filed the proposed Plan and an accompanying disclosure statement.⁹ The Plan will convert approximately \$1.1 billion of TSN’s debt into equity in New TSN, resulting in a change of control of TSN DIP.

In conjunction with this bankruptcy proceeding, on November 3, 2010¹⁰ and November 16, 2010,¹¹ the Commission approved applications for the *pro forma* assignments of all but one

⁸ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010).

⁹ The Bankruptcy Court entered an order approving the disclosure statement on December 22, 2010.

¹⁰ On November 3, 2010, the Commission approved the *pro forma* assignments from TSL to TSL DIP of the Section 214 authorization for international mobile satellite services (ITC2142010051300194) and the Section 214 authorization for global facilities-based and resale authority (ITC2142010051300195). See IBFS File No. ITC-ASG-20101022-00423.

of TSN's and TSL's licenses to TSN DIP and TSL DIP.¹² In turn, TSN DIP filed an application with the FCC on December 10, 2010 seeking the *pro forma* assignment of TSN DIP's licenses and authorizations to TSL DIP. The Commission approved these *pro forma* assignment applications on December 20, 2010. As a result, TSL DIP holds all of the licenses and authorizations previously held by TSN and TSL that are related to TSN's MSS/ATC system.¹³ The Bankruptcy Court has not yet confirmed the proposed Plan.

The EchoStar Parties. EchoStar is providing much of the financial support to enable TSN DIP and TSL DIP to emerge from bankruptcy and execute a successful market strategy upon their emergence. With its focus on creating hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide, EchoStar delivers satellite services using its fleet of ten owned and leased in-orbit satellites and related FCC licenses. EchoStar also provides mobility to multichannel video subscribers through its Sling

¹¹ On November 16, 2010, the Commission approved the *pro forma* assignments from TSN to TSN DIP of the FSS Ku-band earth station authorization for two antennas in Las Vegas, Nevada (call sign E070098) and the MET license that includes the ATC authorization (call sign E060430). See IBFS File Nos. SES-ASG-20101101-01416 and SES-ASG-20101101-01417. On November 16, 2010, the Commission also approved the *pro forma* assignment of the 2 GHz earth station authorization for 15 calibration earth stations (call sign E090061) from TSL to TSL DIP. See SES-ASG-20101101-01419.

¹² On October 22, 2010, TSN mistakenly filed a *pro forma* assignment application seeking assignment of TSL's LOI spectrum reservation for the TerreStar-1 satellite (call sign S2633) from TSN to TSN DIP, rather than TSL to TSL DIP. See IBFS File No. SAT-ASG-20101022-00222. TSN previously had provided the Commission's International Bureau notice of assignment of the LOI spectrum reservation from TSN to TSL. See Letter to Ms. Marlene H. Dortch from Mr. Joseph A. Godles, dated February 4, 2008, with reference to File No. SAT-MOD-20070529-00075. Since filing the October 22, 2010 *pro forma* assignment application, TSN DIP has corresponded with the Commission in an effort to update the Commission's International Bureau Filing System to accurately reflect TSL DIP as the holder of the LOI spectrum reservation. This application has not yet been approved by the Commission.

Box service, which allows consumers to receive their video service from any location worldwide.

EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.¹⁴ Mr. Ergen is also the President, Chief Executive Officer, and Chairman of the Board of Directors of DISH Network Corporation (“DISH Network”). Mr. Ergen founded the two companies as EchoStar Communications Corporation in 1980. EchoStar was spun off from DISH Network in 2008. As exemplified by both of EchoStar and DISH Network, Mr. Ergen has been a leading pioneer in the satellite industry and has successfully leveraged satellite technology to provide consumer services to millions of Americans.

III. DESCRIPTION OF THE TRANSACTION

A. Structure of the Transaction

Under the proposed Plan, claims of the Senior PIK noteholders, Exchangeable PIK noteholders and certain general unsecured claims against the TerreStar Companies (collectively, “Claims”) will be exchanged for equity in New TSN, discharging the vast majority of debt

¹⁴ A portion of Mr. Ergen’s interest in EchoStar is held in Grantor Retained Asset Trusts (“GRATs”). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

currently held by the TerreStar Companies. New TSL will be a wholly owned subsidiary of New TSN. All pre-bankruptcy rights and interests in TSN, 89% of which are indirectly held by TerreStar Corporation, will be terminated.

B. Equity Distributions

The proposed Plan calls for equity in New TSN to be distributed in the form of common stock (“Common Stock”) and preferred stock (“Preferred Stock”). Common Stock will be distributed to all holders of Claims. Holders of Senior PIK Notes will receive approximately 97% of New TSN’s Common Stock on a pro rata basis to their holdings of Claims. The remaining approximately three percent of New TSN’s Common Stock will be distributed to the holders of the Exchangeable PIK notes and general unsecured claims against certain of the TerreStar Companies. In addition, Senior PIK noteholders and Exchangeable PIK noteholders will be eligible to participate in a \$125 million rights (“Rights”) offering for new Preferred Stock on a pro rata basis (based on their respective holdings of Claims) and in accordance with the Plan. The Common Stock and Preferred Stock have identical voting and economic rights, except that holders of Preferred Stock will receive a liquidation preference in the event of any merger, consolidation, change in control, liquidation or winding up of Reorganized TSN.

Pursuant to an Equity Purchase Commitment Agreement between EchoStar and TSN approved by the Bankruptcy Court on December 22, 2010 (the “EPCA”), EchoStar (and any other holder of Senior PIK notes that executes a joinder to the EPCA on or prior to February 7, 2011 (each such holder, an “Other Backstop Party”)) has committed to support TSN’s restructuring efforts by, among other things, “backstopping” all of the \$125 million Rights offering. Specifically, pursuant to the terms and conditions of the EPCA, EchoStar and any

Other Backstop Parties will fully exercise their Rights to purchase Preferred Stock and will purchase additional unsubscribed shares of Preferred Stock to the extent necessary to ensure that TSN receives at least \$125 million in proceeds from the Rights offering. Furthermore, the proposed Plan provides EchoStar and any Other Backstop Parties with the right to purchase additional Preferred Stock on a pro rata basis in an amount up to \$25 million (“Overallotment Right”), which amount may be reduced by EchoStar in its sole discretion. As a result, the Rights offering and Overallotment Right (collectively, the “Capital Infusion”) will inject between \$125 million and \$150 million of new capital into New TSN.

In addition, EchoStar is providing TSN DIP (and the other TerreStar Companies) with debtor-in-possession financing in the amount of \$75 million to fund its operations during the pendency of the TerreStar Companies’ reorganization. The Capital Infusion will be used, among other things, to repay the debtor-in-possession financing facility in full and to fund the operations of New TSN upon consummation of the Plan.

As a result of these equity distributions and related transactions, EchoStar will be the largest shareholder of New TSN, and the Applicants expect that it will hold at least 50% of New TSN’s equity and voting interests. New TSN, in turn, will wholly own and control New TSL. No other entity is anticipated to hold a direct or indirect interest of 10% or more in New TSN. Exhibit E provides a comprehensive description of the anticipated post-emergence ownership of the Applicants.¹⁵

¹⁵ The Claims continue to be traded, and, as a result, it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion. However, the Bankruptcy Court has issued an order restricting certain trades of Claims and requiring notification to Applicants of trades of Claims to ensure the accuracy of this Application. Specifically, the Bankruptcy Court has imposed a restriction on any trading of

IV. PUBLIC INTEREST STATEMENT

To approve the transfer of control, the Commission must find that the proposed transaction serves “the public interest, convenience, and necessity.”¹⁶ To make this finding, the Commission has traditionally weighed the public interest benefits of the proposed transaction against any potential public interest harms to determine whether, on balance, the benefits outweigh any harms.

The Commission’s public interest analysis generally has included an examination of the following fundamental questions: (i) will the transaction result in a violation of the Communications Act or the Commission’s rules; (ii) will the transaction yield substantial public interest benefits; and (iii) will the transaction interfere with the objectives of the Communications Act.¹⁷

Claims after the filing of this Application that would result in an entity, upon the effective date of the Plan, (i) becoming a direct or indirect holder of 10% or more equity or voting interests in Reorganized TSN or (ii) becoming or ceasing to be, directly or indirectly, either (a) the largest holder of equity or voting interests in New TSN or (b) the holder of more than 50% of equity or voting interests in New TSN (collectively, the “Trading Restrictions”). In addition, the Bankruptcy Court’s order requires that notification be provided to the Applicants regarding any trade of Claims involving a holder of a sufficient amount of Claims so that such entity would be, upon the effective date of the Plan, a holder of 10% or more of the equity or voting interests in New TSN (“Trading Notifications”). Importantly, the Trading Restrictions ensure that no ownership change can occur between the filing of the Application and the effective date of the Plan that would constitute a major amendment to the Application. In addition, the Trading Restrictions ensure that the Applicants are able to identify any changes to (*i.e.*, additions to or deletions from) the list of the entities that will hold a 10% or greater direct or indirect equity or voting interest in New TSN. If the Capital Infusion results in any additional entities holding a 10% or greater direct or indirect equity or voting interest in New TSN, the Applicants will update the Application in accordance with Section 1.65 of the Commission’s rules. *See* 47 C.F.R. § 1.65.

A. The Transaction Will Comply with the Requirements of the Communications Act, All Other Applicable Statutes, and the Commission's Rules

The proposed transaction will not implicate, much less run afoul of, any aggregation, cross-ownership or service-specific limitations imposed by the Communications Act, Commission regulation or applicable statute. Therefore, no rule waivers are being requested for Commission approval of the instant Application.¹⁸ Further, both EchoStar, a U.S. corporation, and Mr. Ergen, a U.S. citizen, are currently FCC licensees. Therefore their qualifications are a well-established matter of long-standing public record.¹⁹

B. The Transaction Will Yield Significant Public Interest Benefits

The Commission has repeatedly found that a transaction facilitating the retirement of debt during periods of global financial instability and improving access to capital is likely to offer substantial public benefits.²⁰ The Commission has moreover concluded that license transfers

¹⁸ The Applicants will file a petition for declaratory ruling seeking a Commission determination that it is not in the public interest to restrict indirect foreign ownership of New TSL to 25%. *See* 47 U.S.C. § 310(b)(4). In addition, out of an abundance of caution, the Applicants have requested a waiver of the Commission's cut-off rules should such they become applicable to the Applicants during the pendency of this Application. *See* Note 5. No cut-off rule is now applicable to any relevant pending applications.

¹⁹ On July 29, 2010, the International Bureau dismissed EchoStar's application to construct, launch, and operate a C-band satellite at the 84.9° W.L. orbital location on the grounds that EchoStar had surrendered licenses for five satellites in 33 months. The FCC held that such actions give rise to a presumption of speculation by EchoStar, which in turn limits the number of pending applications and unbuilt satellites a licensee may hold. *See* EchoStar Corporation, Application to Operate a C-Band Geostationary Satellite Orbit Satellite in the Fixed-Satellite Service at the 84.9° W.L. Orbital Location, *Memorandum Opinion and Order*, 25 FCC Rcd. 10193 (2010). EchoStar has filed a petition for reconsideration of that decision. In any event, the Commission has explicitly noted that the limitation does not apply to the acquisition of control over existing satellite licenses. Amendment of the Commission's Space Station Licensing Rules and Policies, *First Report and Order*, 18 FCC Rcd. 10760, 10850, ¶ 233 (2003) ("*First-Come, First-Served Order*"). Thus, that decision is inapposite to the instant Application.

effectuating bankruptcy-related reorganizations benefit the public interest, facilitate the introduction of new services, and help maintain existing services to the public.²¹ The instant transaction in fact is precisely of this type, and it can be expected to bring about abundant public benefits.

The instant restructuring under bankruptcy protection will afford New TSN and New TSL greater liquidity to meet operational requirements. Increased financial health will, in turn, ensure the uninterrupted provision of MSS services to the public by New TSN, as well as facilitate the continued development of new hybrid MSS/ATC technologies and competitive services. Thus, this new financial and operational structure will allow New TSN to fulfill the public interest benefits of MSS/ATC deployment, including the provision of increased network capacity, more efficient use of spectrum and economies of scale.²²

The transaction also will enable New TSN to draw on EchoStar's long experience, both in the combination of satellite and terrestrial services and in the coexistence of a satellite and terrestrial service in the same spectrum band. As for co-frequency spectrum sharing, EchoStar has had a passive stake in a Multichannel Video Data and Distribution Service ("MVDDS") licensee, South.com, a company now wholly owned by EchoStar's affiliate DISH Network. MVDDS operators share the 12.2-12.7 GHz band with Direct Broadcast Satellite ("DBS")

providers. EchoStar's expertise will assist New TSN in their operations and in avoiding disruption and interference between its systems and other users of the radio spectrum.

C. The Transaction Will Strengthen Competition and Not Frustrate Any Objectives of the Communications Act or the Commission's Rules

In addition to serving the public interest, the proposed transaction will not result in competitive harms or otherwise frustrate any Commission policy objective but instead will promote competition. EchoStar, which is expected to be the single largest shareholder of New TSN, is controlled by Mr. Charles W. Ergen, who also controls EchoStar's affiliate DISH Network. Such ownership does not raise any competitive concerns, however. Although DISH Network holds an interest in DBSD North America, Inc. ("DBSD"), a company which also holds a 2 GHz MSS authorization, neither DISH nor EchoStar controls DBSD. Moreover, DISH Network's minority stake in DBSD is far below the relevant attributable interest threshold under the Commission's *First-Come, First Served Order*.²³ In a related vein, the transaction will not produce any anticompetitive effects for the simple reason that neither EchoStar nor DISH Network is a participant in the MSS market today.

Therefore, after its financial restructuring, New TSN will be a stronger competitor and better equipped to offer competitive advanced services over its MSS/ATC system. Accordingly, the proposed transaction will serve the public interest consistent with Section 310(d) of the

²³ See *First-Come, First-Served Order* at ¶ 238 (an interest is attributable if the total asset value, defined as the aggregate of all equity plus all debt, exceeds 33%). In particular, DISH Network holds certain debt of DBSD. DBSD is currently in bankruptcy. If DBSD is allowed to complete its bankruptcy reorganization as currently proposed (which it is currently stayed by court order from doing), then DISH Network would receive an approximately 15% equity stake in the reorganized DBSD on account of its debt and certain exit financing.

Communications Act and will promote the Act's objectives instead of endangering these objectives in any way.

V. CONCLUSION

The Applicants have demonstrated that a grant of the instant Application will advance the public interest by enabling TSN DIP and TSL DIP to emerge from bankruptcy in a manner that will allow them to provide new and innovative services to consumers and enhance competition in the market for advanced communications services. Upon the consummation of the Plan, and upon Commission approval of this Application, New TSN, with the assistance of EchoStar, will be better positioned to finance and complete development of its MSS/ATC system.

Prompt grant of this Application is crucial to the completion of the Plan. TSN DIP and TSL DIP cannot emerge from bankruptcy until the Commission acts on the instant Application and other applications being filed with the Commission in relation to the proposed Plan. Any delay in this process would be detrimental to the Applicants. Accordingly, the Applicants request that the Commission promptly grant this Application to ensure the successful reorganization of TSN DIP and TSL DIP.

Response to Question 36

In a letter dated May 27, 2009, the Satellite Division of the International Bureau returned EchoStar Corporation's ("EchoStar's") application to operate a geostationary C-band satellite at the nominal 85° W.L. orbital location as unacceptable for filing, without prejudice to refiling. *See* Letter from Robert G. Nelson, Chief, Satellite Division, to Pantelis Michalopoulos, Counsel for EchoStar Corporation, DA 09-1149 (May 27, 2009). On July 29, 2010, the International Bureau dismissed EchoStar's application to construct, launch, and operate a C-band satellite at the 84.9° W.L. orbital location. EXHIBIT E

Ownership Information

Attachments 1, 2, and 3 of this Exhibit depict, respectively, (i) the pre-Chapter 11 ownership structure (the “Pre-Chapter 11 Ownership Structure”) of TerreStar Networks Inc. (“TSN”) and TerreStar License Inc. (“TSL”), (ii) the current ownership of TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”), and TerreStar License Inc., Debtor-in-Possession (“TSL DIP”) and (iii) the ownership structure of TerreStar Networks Inc., as reorganized pursuant to its plan of reorganization (“New TSN”) and TerreStar License Inc., as reorganized pursuant to its plan of reorganization (“New TSL”), that will exist upon implementation of their proposed plan of reorganization (“Plan”).

As indicated in Attachments 1 and 2, TerreStar Corporation, a Delaware corporation, currently indirectly holds 89% of the outstanding equity in TSN DIP. TSL DIP is a wholly owned subsidiary of TSN DIP. At the time of consummation of the Plan, TerreStar Corporation’s indirect interest in TSN DIP will be cancelled.

Upon consummation of the Plan, as shown in Attachment 3, EchoStar Corporation (“EchoStar”) will be by far the largest shareholder in New TSN.¹ The Applicants anticipate that

¹ As explained in Exhibit F, under the Plan, all of the equity held in TSN DIP will be cancelled, and new common stock (“Common Stock”) of Reorganized TSN will be issued to certain creditors of TSN DIP and its affiliates (collectively, the “TerreStar Companies”). In addition, many of such creditors will be eligible to participate in a \$125 million rights (“Rights”) offering for preferred stock (“Preferred Stock”) in Reorganized TSN in accordance with the Plan, and EchoStar will be able to exercise its right to purchase up to an additional \$25 million of Preferred Stock at the conclusion of the initial Rights offering (“Overallotment Right”) (the Rights offering and the Overallotment Right collectively being the “Capital Infusion”). The TerreStar Companies’ outstanding debt continues to trade, and it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion.

EchoStar will hold more than 50% of the equity and voting interests in New TSN. New TSN, in turn, will wholly own and control New TSL. EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.² The address for EchoStar and Mr. Ergen is 100 Inverness Terrace East, Englewood, Colorado. EchoStar's primary business is the creation of hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide as well as the delivery of satellite services.

To the extent known, the identity of the directors of New TSN and New TSL will be identified in a supplemental filing with the United States Bankruptcy Court for the Southern District of New York that is currently expected to be filed by mid to late January 2011.³ The Applicants will provide the Commission with a list of officers and directors of New TSN and New TSL once those directors and officers are known.

As a result, the Applicants cannot determine at this time the exact voting percentage that EchoStar and other entities will hold in New TSN upon the effective date of the Plan. The Applicants will update this Application by amendment promptly once this information is known.

² A portion of Mr. Ergen's interest in EchoStar is held in Grantor Retained Asset Trusts ("GRATs"). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

DESCRIPTION OF THE APPLICATION AND PUBLIC INTEREST STATEMENT

I. INTRODUCTION

The Applicants seek the consent of the Federal Communications Commission (“FCC” or “Commission”) to the transfer of control over the authorizations held by TerreStar License Inc., Debtor-in-Possession (“TSL DIP”), a wholly-owned direct subsidiary of, TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”). The requested authorization reflects the joint plan of reorganization (as amended from time to time, the “Plan”) filed in a consolidated Chapter 11 bankruptcy case pending before the United States Bankruptcy Court for the Southern District of New York (“Bankruptcy Court”).¹ TSL DIP and TSN DIP will emerge from the bankruptcy as reorganized TerreStar License Inc. (“New TSL”) and reorganized TerreStar Networks Inc. (“New TSN”), respectively. New TSL will remain directly wholly-owned by New TSN, but the ownership structure of New TSN will change. Specifically, TSN DIP is now indirectly majority owned by TerreStar Corporation.² TerreStar Corporation’s largest shareholder is Harbinger Capital Partners Funds,³ and its other shareholders include EchoStar. Pursuant to the proposed Plan, TerreStar Corporation’s indirect ownership interest will be extinguished and New TSN will

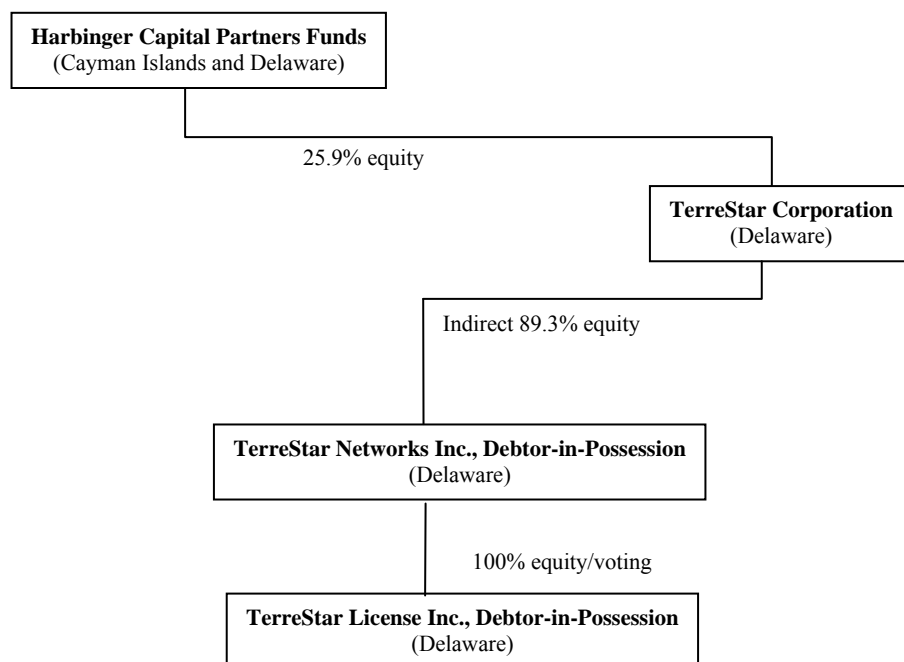

¹ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010). The Bankruptcy Court has not yet confirmed the Plan.

² TerreStar Corporation has not filed a petition for relief under the Bankruptcy Code, but the Applicants expect TerreStar Corporation to do so in the near future.

³ These funds consist of Harbinger Capital Partners Master Fund I, Ltd., Harbinger Capital Partners Special Situations Fund, L.P., and Credit Distressed Blue Line Master Fund, Ltd.

then issue new securities. As a result, New TSN's largest shareholder will be EchoStar Corporation ("EchoStar"), which is anticipated to hold at least 50% of the equity and voting interests in New TSN. EchoStar, in turn, is controlled by Mr. Charles W. Ergen. The proposed transfer of control is illustrated in the following two partial and simplified diagrams.⁴

Diagram 1 – Debtor-in-Possession Structure

⁴ More detailed diagrams depicting the structure of the proposed transaction are included in Exhibit E.

Diagram 2 – Post-Emergence Structure

The proposed transaction fully complies with the Communications Act of 1934, as amended, and the Commission's rules and policies. In addition, because TSN DIP will be able to restructure its debt through its pending bankruptcy organization (by potentially removing more than \$1 billion in liabilities from its balance sheet) and thereby improve its access to capital, the public will benefit significantly from the advanced mobile broadband capabilities that the transaction will help unleash and that New TSN's next-generation MSS/ATC system will bring to American consumers. EchoStar is well equipped to help New TSN and New TSL execute a successful strategy for its 2 GHz Mobile Satellite Service ("MSS") system and the authorized ancillary terrestrial component ("ATC") of that system. EchoStar has significant experience both with providing complementary satellite and terrestrial services and with managing spectrum sharing and interference issues between such services. Finally, the proposed transaction will not

have any adverse effect on competition in any relevant market because EchoStar does not provide MSS service and does not have an attributable interest in any other MSS provider.

II. THE AUTHORIZATIONS TO BE TRANSFERRED AND THE APPLICANTS

A. Authorizations to Be Transferred

The Applicants are filing multiple concurrent applications to transfer control of the licensee of the following FCC licenses and authorizations:

Call Sign/File No.	Description
S2633	Letter of Intent spectrum reservation to provide MSS using the TerreStar-1 satellite.
E090061	Authorization for 15 calibration earth stations in the 2 GHz band.
E070098	Fixed satellite service (“FSS”) Ku-band earth station authorization for two antennas in Las Vegas, Nevada.
E060430	FCC license for two million mobile earth terminal (“MET”) handsets that includes ATC authorization.
ITC2142010051300194	Section 214 authorization for international MSS.
ITC2142010051300195	Section 214 authorization for global facilities-based and resale authority.

The Applicants request that Commission approval also extend to transfer of control over any authorizations granted to TSL DIP or TSN DIP after the date of this Application.⁵ The Applicants will also duly file a letter under Section 1.65 of the Commission’s rules, advising the

⁵ In addition, the Applicants respectfully request the Commission to waive application of its “cut-off” rules with respect to any applications that may be filed by TSN DIP or TSL DIP during the Commission’s review of the instant Application to the extent that any such applications become subject to a Commission cut-off notice. No pending relevant applications are subject to a cut-off rule.

Commission of a change to the real-party-in-interest for applications that may still be pending at the time of approval of this Application.⁶

B. The Applicants

The TerreStar Parties. In May 2007, the FCC issued a Letter of Intent (“LOI”) spectrum reservation to TerreStar Networks Inc. (“TSN”), a majority-owned indirect subsidiary of TerreStar Corporation,⁷ to utilize certain specified spectrum to provide MSS in the United States using the Canadian-licensed geosynchronous orbit (“GSO”) satellite, TerreStar-1. TSN assigned this authorization to TerreStar License Inc. (“TSL”), a wholly owned direct subsidiary of TSN, in February 2008. In relation to that LOI, the Commission issued TSN an authorization to operate up to two million METs. Further, in January 2010, the FCC authorized TSN to provide ATC services, by means of adding an ATC authorization to TSN’s MET license.

TSN, TSL and their affiliates have met several significant milestones in the provision of MSS/ATC services since 2007. On July 1, 2009, the TerreStar-1 satellite was successfully launched and placed into its assigned orbital slot. This event soon was followed by the first successful phone call over TerreStar-1 on July 20, 2009, which allowed TerreStar-1 to be certified as operational. On August 27, 2009, in-orbit testing of TerreStar-1 was successfully completed.

⁶ An application seeking Commission consent to modify TSN DIP’s ATC authorization is currently pending before the Commission. *See* IBFS File No. SES-MOD-20100727-00963. To the extent required, the parties request a waiver of any rule that would cause the proposed instant transfer of control to require a major amendment to this pending ATC modification application.

⁷ Motient Ventures Holding Inc., a Delaware corporation, owns 89.3% of the common stock of TSN. MV Holdings Inc., a Delaware corporation, owns 100% of the common stock of Motient Ventures Holding Inc., a Delaware corporation. TerreStar Corporation owns 100% of the common stock of MV Holdings Inc. *See* Exhibit E.

In order to obtain the capital necessary to support these development initiatives and the operation of its MSS/ATC system, TSN issued secured payment-in-kind (“Senior PIK”) notes in 2007 and exchangeable payment-in-kind (“Exchangeable PIK”) notes in 2008. However, the subsequent global economic crisis created a precarious financial situation, rendering TSN and TSL unlikely to satisfy these debt obligations in the coming years. As a result, on October 19, 2010, TSN, TSL and certain of their affiliates (collectively, the “TerreStar Companies”) filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”) with the Bankruptcy Court. As the TerreStar Companies explained in their petitions, reorganization is intended to strengthen the TerreStar Companies’ financial position to help them achieve long-term success in the MSS market.⁸ On October 20, 2010, the Bankruptcy Court granted the request of the TerreStar Companies for procedural consolidation and joint administration of the Chapter 11 petitions. On November 5, 2010, the TerreStar Companies filed the proposed Plan and an accompanying disclosure statement.⁹ The Plan will convert approximately \$1.1 billion of TSN’s debt into equity in New TSN, resulting in a change of control of TSN DIP.

In conjunction with this bankruptcy proceeding, on November 3, 2010¹⁰ and November 16, 2010,¹¹ the Commission approved applications for the *pro forma* assignments of all but one

⁸ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010).

⁹ The Bankruptcy Court entered an order approving the disclosure statement on December 22, 2010.

¹⁰ On November 3, 2010, the Commission approved the *pro forma* assignments from TSL to TSL DIP of the Section 214 authorization for international mobile satellite services (ITC2142010051300194) and the Section 214 authorization for global facilities-based and resale authority (ITC2142010051300195). See IBFS File No. ITC-ASG-20101022-00423.

of TSN's and TSL's licenses to TSN DIP and TSL DIP.¹² In turn, TSN DIP filed an application with the FCC on December 10, 2010 seeking the *pro forma* assignment of TSN DIP's licenses and authorizations to TSL DIP. The Commission approved these *pro forma* assignment applications on December 20, 2010. As a result, TSL DIP holds all of the licenses and authorizations previously held by TSN and TSL that are related to TSN's MSS/ATC system.¹³ The Bankruptcy Court has not yet confirmed the proposed Plan.

The EchoStar Parties. EchoStar is providing much of the financial support to enable TSN DIP and TSL DIP to emerge from bankruptcy and execute a successful market strategy upon their emergence. With its focus on creating hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide, EchoStar delivers satellite services using its fleet of ten owned and leased in-orbit satellites and related FCC licenses. EchoStar also provides mobility to multichannel video subscribers through its Sling

¹¹ On November 16, 2010, the Commission approved the *pro forma* assignments from TSN to TSN DIP of the FSS Ku-band earth station authorization for two antennas in Las Vegas, Nevada (call sign E070098) and the MET license that includes the ATC authorization (call sign E060430). *See* IBFS File Nos. SES-ASG-20101101-01416 and SES-ASG-20101101-01417. On November 16, 2010, the Commission also approved the *pro forma* assignment of the 2 GHz earth station authorization for 15 calibration earth stations (call sign E090061) from TSL to TSL DIP. *See* SES-ASG-20101101-01419.

¹² On October 22, 2010, TSN mistakenly filed a *pro forma* assignment application seeking assignment of TSL's LOI spectrum reservation for the TerreStar-1 satellite (call sign S2633) from TSN to TSN DIP, rather than TSL to TSL DIP. *See* IBFS File No. SAT-ASG-20101022-00222. TSN previously had provided the Commission's International Bureau notice of assignment of the LOI spectrum reservation from TSN to TSL. *See* Letter to Ms. Marlene H. Dortch from Mr. Joseph A. Godles, dated February 4, 2008, with reference to File No. SAT-MOD-20070529-00075. Since filing the October 22, 2010 *pro forma* assignment application, TSN DIP has corresponded with the Commission in an effort to update the Commission's International Bureau Filing System to accurately reflect TSL DIP as the holder of the LOI spectrum reservation. This application has not yet been approved by the Commission.

Box service, which allows consumers to receive their video service from any location worldwide.

EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.¹⁴ Mr. Ergen is also the President, Chief Executive Officer, and Chairman of the Board of Directors of DISH Network Corporation (“DISH Network”). Mr. Ergen founded the two companies as EchoStar Communications Corporation in 1980. EchoStar was spun off from DISH Network in 2008. As exemplified by both of EchoStar and DISH Network, Mr. Ergen has been a leading pioneer in the satellite industry and has successfully leveraged satellite technology to provide consumer services to millions of Americans.

III. DESCRIPTION OF THE TRANSACTION

A. Structure of the Transaction

Under the proposed Plan, claims of the Senior PIK noteholders, Exchangeable PIK noteholders and certain general unsecured claims against the TerreStar Companies (collectively, “Claims”) will be exchanged for equity in New TSN, discharging the vast majority of debt

¹⁴ A portion of Mr. Ergen’s interest in EchoStar is held in Grantor Retained Asset Trusts (“GRATs”). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

currently held by the TerreStar Companies. New TSL will be a wholly owned subsidiary of New TSN. All pre-bankruptcy rights and interests in TSN, 89% of which are indirectly held by TerreStar Corporation, will be terminated.

B. Equity Distributions

The proposed Plan calls for equity in New TSN to be distributed in the form of common stock (“Common Stock”) and preferred stock (“Preferred Stock”). Common Stock will be distributed to all holders of Claims. Holders of Senior PIK Notes will receive approximately 97% of New TSN’s Common Stock on a pro rata basis to their holdings of Claims. The remaining approximately three percent of New TSN’s Common Stock will be distributed to the holders of the Exchangeable PIK notes and general unsecured claims against certain of the TerreStar Companies. In addition, Senior PIK noteholders and Exchangeable PIK noteholders will be eligible to participate in a \$125 million rights (“Rights”) offering for new Preferred Stock on a pro rata basis (based on their respective holdings of Claims) and in accordance with the Plan. The Common Stock and Preferred Stock have identical voting and economic rights, except that holders of Preferred Stock will receive a liquidation preference in the event of any merger, consolidation, change in control, liquidation or winding up of Reorganized TSN.

Pursuant to an Equity Purchase Commitment Agreement between EchoStar and TSN approved by the Bankruptcy Court on December 22, 2010 (the “EPCA”), EchoStar (and any other holder of Senior PIK notes that executes a joinder to the EPCA on or prior to February 7, 2011 (each such holder, an “Other Backstop Party”)) has committed to support TSN’s restructuring efforts by, among other things, “backstopping” all of the \$125 million Rights offering. Specifically, pursuant to the terms and conditions of the EPCA, EchoStar and any

Other Backstop Parties will fully exercise their Rights to purchase Preferred Stock and will purchase additional unsubscribed shares of Preferred Stock to the extent necessary to ensure that TSN receives at least \$125 million in proceeds from the Rights offering. Furthermore, the proposed Plan provides EchoStar and any Other Backstop Parties with the right to purchase additional Preferred Stock on a pro rata basis in an amount up to \$25 million (“Overallotment Right”), which amount may be reduced by EchoStar in its sole discretion. As a result, the Rights offering and Overallotment Right (collectively, the “Capital Infusion”) will inject between \$125 million and \$150 million of new capital into New TSN.

In addition, EchoStar is providing TSN DIP (and the other TerreStar Companies) with debtor-in-possession financing in the amount of \$75 million to fund its operations during the pendency of the TerreStar Companies’ reorganization. The Capital Infusion will be used, among other things, to repay the debtor-in-possession financing facility in full and to fund the operations of New TSN upon consummation of the Plan.

As a result of these equity distributions and related transactions, EchoStar will be the largest shareholder of New TSN, and the Applicants expect that it will hold at least 50% of New TSN’s equity and voting interests. New TSN, in turn, will wholly own and control New TSL. No other entity is anticipated to hold a direct or indirect interest of 10% or more in New TSN. Exhibit E provides a comprehensive description of the anticipated post-emergence ownership of the Applicants.¹⁵

¹⁵ The Claims continue to be traded, and, as a result, it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion. However, the Bankruptcy Court has issued an order restricting certain trades of Claims and requiring notification to Applicants of trades of Claims to ensure the accuracy of this Application. Specifically, the Bankruptcy Court has imposed a restriction on any trading of

IV. PUBLIC INTEREST STATEMENT

To approve the transfer of control, the Commission must find that the proposed transaction serves “the public interest, convenience, and necessity.”¹⁶ To make this finding, the Commission has traditionally weighed the public interest benefits of the proposed transaction against any potential public interest harms to determine whether, on balance, the benefits outweigh any harms.

The Commission’s public interest analysis generally has included an examination of the following fundamental questions: (i) will the transaction result in a violation of the Communications Act or the Commission’s rules; (ii) will the transaction yield substantial public interest benefits; and (iii) will the transaction interfere with the objectives of the Communications Act.¹⁷

Claims after the filing of this Application that would result in an entity, upon the effective date of the Plan, (i) becoming a direct or indirect holder of 10% or more equity or voting interests in Reorganized TSN or (ii) becoming or ceasing to be, directly or indirectly, either (a) the largest holder of equity or voting interests in New TSN or (b) the holder of more than 50% of equity or voting interests in New TSN (collectively, the “Trading Restrictions”). In addition, the Bankruptcy Court’s order requires that notification be provided to the Applicants regarding any trade of Claims involving a holder of a sufficient amount of Claims so that such entity would be, upon the effective date of the Plan, a holder of 10% or more of the equity or voting interests in New TSN (“Trading Notifications”). Importantly, the Trading Restrictions ensure that no ownership change can occur between the filing of the Application and the effective date of the Plan that would constitute a major amendment to the Application. In addition, the Trading Restrictions ensure that the Applicants are able to identify any changes to (*i.e.*, additions to or deletions from) the list of the entities that will hold a 10% or greater direct or indirect equity or voting interest in New TSN. If the Capital Infusion results in any additional entities holding a 10% or greater direct or indirect equity or voting interest in New TSN, the Applicants will update the Application in accordance with Section 1.65 of the Commission’s rules. *See* 47 C.F.R. § 1.65.

¹⁶ 47 U.S.C. § 310(d).

¹⁷ *See, e.g., Time Warner Inc. and America Online Inc.*, 16 FCC Rcd. 6547 ¶ 1 (2001).

A. The Transaction Will Comply with the Requirements of the Communications Act, All Other Applicable Statutes, and the Commission's Rules

The proposed transaction will not implicate, much less run afoul of, any aggregation, cross-ownership or service-specific limitations imposed by the Communications Act, Commission regulation or applicable statute. Therefore, no rule waivers are being requested for Commission approval of the instant Application.¹⁸ Further, both EchoStar, a U.S. corporation, and Mr. Ergen, a U.S. citizen, are currently FCC licensees. Therefore their qualifications are a well-established matter of long-standing public record.¹⁹

B. The Transaction Will Yield Significant Public Interest Benefits

The Commission has repeatedly found that a transaction facilitating the retirement of debt during periods of global financial instability and improving access to capital is likely to offer substantial public benefits.²⁰ The Commission has moreover concluded that license transfers

¹⁸ The Applicants will file a petition for declaratory ruling seeking a Commission determination that it is not in the public interest to restrict indirect foreign ownership of New TSL to 25%. *See* 47 U.S.C. § 310(b)(4). In addition, out of an abundance of caution, the Applicants have requested a waiver of the Commission's cut-off rules should such they become applicable to the Applicants during the pendency of this Application. *See* Note 5. No cut-off rule is now applicable to any relevant pending applications.

¹⁹ On July 29, 2010, the International Bureau dismissed EchoStar's application to construct, launch, and operate a C-band satellite at the 84.9° W.L. orbital location on the grounds that EchoStar had surrendered licenses for five satellites in 33 months. The FCC held that such actions give rise to a presumption of speculation by EchoStar, which in turn limits the number of pending applications and unbuilt satellites a licensee may hold. *See* EchoStar Corporation, Application to Operate a C-Band Geostationary Satellite Orbit Satellite in the Fixed-Satellite Service at the 84.9° W.L. Orbital Location, *Memorandum Opinion and Order*, 25 FCC Rcd. 10193 (2010). EchoStar has filed a petition for reconsideration of that decision. In any event, the Commission has explicitly noted that the limitation does not apply to the acquisition of control over existing satellite licenses. Amendment of the Commission's Space Station Licensing Rules and Policies, *First Report and Order*, 18 FCC Rcd. 10760, 10850, ¶ 233 (2003) ("*First-Come, First-Served Order*"). Thus, that decision is inapposite to the instant Application.

effectuating bankruptcy-related reorganizations benefit the public interest, facilitate the introduction of new services, and help maintain existing services to the public.²¹ The instant transaction in fact is precisely of this type, and it can be expected to bring about abundant public benefits.

The instant restructuring under bankruptcy protection will afford New TSN and New TSL greater liquidity to meet operational requirements. Increased financial health will, in turn, ensure the uninterrupted provision of MSS services to the public by New TSN, as well as facilitate the continued development of new hybrid MSS/ATC technologies and competitive services. Thus, this new financial and operational structure will allow New TSN to fulfill the public interest benefits of MSS/ATC deployment, including the provision of increased network capacity, more efficient use of spectrum and economies of scale.²²

The transaction also will enable New TSN to draw on EchoStar's long experience, both in the combination of satellite and terrestrial services and in the coexistence of a satellite and terrestrial service in the same spectrum band. As for co-frequency spectrum sharing, EchoStar has had a passive stake in a Multichannel Video Data and Distribution Service ("MVDDS") licensee, South.com, a company now wholly owned by EchoStar's affiliate DISH Network. MVDDS operators share the 12.2-12.7 GHz band with Direct Broadcast Satellite ("DBS")

providers. EchoStar's expertise will assist New TSN in their operations and in avoiding disruption and interference between its systems and other users of the radio spectrum.

C. The Transaction Will Strengthen Competition and Not Frustrate Any Objectives of the Communications Act or the Commission's Rules

In addition to serving the public interest, the proposed transaction will not result in competitive harms or otherwise frustrate any Commission policy objective but instead will promote competition. EchoStar, which is expected to be the single largest shareholder of New TSN, is controlled by Mr. Charles W. Ergen, who also controls EchoStar's affiliate DISH Network. Such ownership does not raise any competitive concerns, however. Although DISH Network holds an interest in DBSD North America, Inc. ("DBSD"), a company which also holds a 2 GHz MSS authorization, neither DISH nor EchoStar controls DBSD. Moreover, DISH Network's minority stake in DBSD is far below the relevant attributable interest threshold under the Commission's *First-Come, First Served Order*.²³ In a related vein, the transaction will not produce any anticompetitive effects for the simple reason that neither EchoStar nor DISH Network is a participant in the MSS market today.

Therefore, after its financial restructuring, New TSN will be a stronger competitor and better equipped to offer competitive advanced services over its MSS/ATC system. Accordingly, the proposed transaction will serve the public interest consistent with Section 310(d) of the

²³ See *First-Come, First-Served Order* at ¶ 238 (an interest is attributable if the total asset value, defined as the aggregate of all equity plus all debt, exceeds 33%). In particular, DISH Network holds certain debt of DBSD. DBSD is currently in bankruptcy. If DBSD is allowed to complete its bankruptcy reorganization as currently proposed (which it is currently stayed by court order from doing), then DISH Network would receive an approximately 15% equity stake in the reorganized DBSD on account of its debt and certain exit financing.

Communications Act and will promote the Act's objectives instead of endangering these objectives in any way.

V. CONCLUSION

The Applicants have demonstrated that a grant of the instant Application will advance the public interest by enabling TSN DIP and TSL DIP to emerge from bankruptcy in a manner that will allow them to provide new and innovative services to consumers and enhance competition in the market for advanced communications services. Upon the consummation of the Plan, and upon Commission approval of this Application, New TSN, with the assistance of EchoStar, will be better positioned to finance and complete development of its MSS/ATC system.

Prompt grant of this Application is crucial to the completion of the Plan. TSN DIP and TSL DIP cannot emerge from bankruptcy until the Commission acts on the instant Application and other applications being filed with the Commission in relation to the proposed Plan. Any delay in this process would be detrimental to the Applicants. Accordingly, the Applicants request that the Commission promptly grant this Application to ensure the successful reorganization of TSN DIP and TSL DIP.

**PETITION FOR DECLARATORY RULING
UNDER SECTION 310 OF THE COMMUNICATIONS ACT, AS AMENDED**

TerreStar Networks Inc. debtor-in-possession (“TSN DIP”), only parent of TerreStar License Inc. debtor-in-possession (“TSL DIP”), licensee and holder of authorizations to operate integrated satellite and terrestrial telecommunications systems,¹ files this petition for declaratory ruling (“Petition”) to request that the Federal Communications Commission (“Commission” or “FCC”) issue a declaratory ruling to permit indirect foreign ownership of New TSN (hereafter defined) in excess of the 25% benchmark set forth in Section 310(b)(4) of the Communications Act of 1934, as amended (the “Communications Act”).² Specifically, under a restructuring proposed to the bankruptcy court, TSN DIP and TSL DIP will become TerreStar Networks Inc.

¹ TSL DIP holds the following FCC licenses and authorizations: (1) S2633 (letter of intent spectrum reservation to provide Mobile Satellite Service (“MSS”) using the TerreStar-1 satellite); (2) E090061 (authorization for 15 calibration earth stations in 2 GHz band); (3) E070098 (fixed satellite service Ku-band earth station authorization for two antennas in Las Vegas, Nevada); (4) E060430 (license for two million mobile earth terminal (“MET”) handsets that include ancillary terrestrial component authorization); (5) FCC File No. ITC-214-2010041300194 (Section 214 authorization for international MSS); and (6) FCC File No. ITC-214-2010051300195 (Section 214 authorization for global facilities-based resale authority). Of these licenses and authorizations, only TSL DIP’s MET authorization, call sign E060430, is subject to the foreign ownership restrictions imposed on common carrier wireless licenses by Section 310(b) of the Communications Act.

² 47 U.S.C. § 310(b)(4).

(“New TSN”) and TerreStar License Inc. (“New TSL”), respectively. TSN DIP (“Petitioner”) seeks a declaratory ruling that it is in the public interest for New TSL to have more than 25% aggregate indirect foreign equity and voting ownership, subject to all of the conditions attaching to the Commission’s December 23, 2009 Order and Declaratory Ruling (“*TerreStar Foreign Ownership Order*”).³

That grant was subject to conditions that will be satisfied by TerreStar Networks Inc.’s successor entity, TSN DIP. Moreover, the restructuring does not trigger any of the further approval requirements set forth in the *TerreStar Foreign Ownership Order*. Specifically, it will not cause any foreign individual or entity to acquire an indirect voting and equity ownership in excess of 25%, nor will it result in indirect equity or voting interests from non-WTO member countries in excess of 25%. In fact, since EchoStar Corporation, a U.S. corporation that is U.S. controlled and with only *de minimis* foreign ownership, will own at least 50% of New TSN, the new structure is expected to reflect significantly less foreign ownership than what has been approved already by the Commission. Nevertheless, TSN DIP files this petition because TSN DIP is a different entity than TerreStar Corporation.

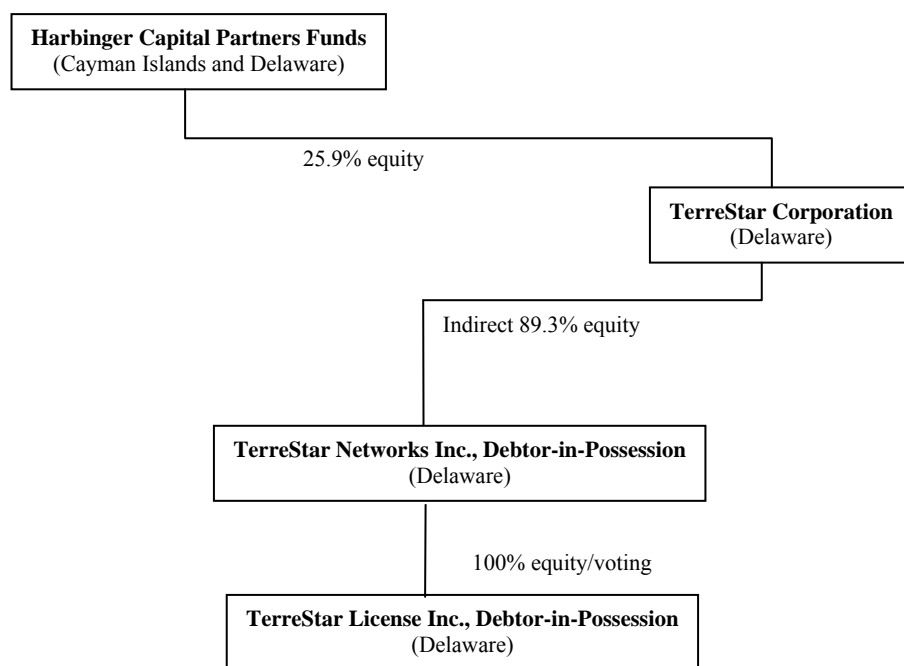

This Petition is being filed in relation to the joint plan of reorganization (as amended from time to time, the “Plan”) filed in a consolidated Chapter 11 bankruptcy case pending before the United States Bankruptcy Court for the Southern District of New York (“Bankruptcy Court”).⁴ TSL DIP and TSN DIP will emerge from the bankruptcy as New TSL and reorganized New TSN, respectively. New TSL will remain directly wholly-owned by New TSN, but the ownership structure of New TSN will change. Specifically, TSN DIP is now indirectly majority

owned by TerreStar Corporation. TerreStar Corporation’s largest shareholder is Harbinger Capital Partners Funds.⁵ Pursuant to the proposed Plan, which has not yet been confirmed by the Bankruptcy Court, all existing equity interests in TSN DIP (including TerreStar Corporation’s indirect ownership interest) will be extinguished and New TSN will issue new equity securities. As a result, New TSN’s largest shareholder will be EchoStar Corporation (“EchoStar”), a Nevada corporation, which is anticipated to hold at least 50% of the equity and voting interests in New TSN. EchoStar is controlled by Mr. Charles W. Ergen, a U.S. citizen, and has minimal foreign ownership. The proposed transfer of control is illustrated in the following two partial and simplified diagrams.⁶

⁵ These funds consist of Harbinger Capital Partners Master Fund I, Ltd. and Credit Distressed Blue Line Master Fund, Ltd., both of which are entities organized under the laws of the Cayman Islands, and Harbinger Capital Partners Special Situations Fund, L.P., a domestic limited partnership.

I. LEGAL STANDARD FOR FOREIGN OWNERSHIP OF COMMON CARRIER RADIO LICENSEES

Section 310(b)(4) of the Communications Act establishes a 25% benchmark for investment by foreign individuals, corporations, and governments in entities that control United States common carrier radio licensees.⁷ Under Section 310(b)(4), no more than 25% of the

⁷ 47 U.S.C. § 310(b)(4); Rules and Policies on Foreign Participation Order in the U.S. Telecommunications Market, *Report and Order and Order on Reconsideration*, 12 FCC Rcd. 23891 (1997) (“*Foreign Participation Order*”), *Order on Reconsideration*, 15 FCC Rcd. 18158 (2000). This Petition is filed pursuant to Section 310(b)(4) because ownership of New TSN does not raise any issues under Section 310(a) or 310(b)(1)-(3) of the Communications Act. First, Section 310(a) of the Communications Act is not implicated because no foreign government or its representatives will hold the subject radio license. *See* 47 U.S.C. § 310(a). Second, Section 310(b)(1)-(2) is not implicated because no alien, foreign corporation, or representative thereof directly will hold the common carrier radio license. *See* 47 U.S.C. § 310(b)(1)-(2). Finally, because the foreign investment in New TSL will be indirect through New TSL’s direct controlling United States parent company, New TSN, grant of the instant Petition will not trigger Section 310(b)(3) of the Communications Act, which places a 20% limit on alien, foreign corporate or foreign government ownership of entities that directly hold common carrier broadcast and aeronautical fixed or aeronautical en route Title II licenses. *Compare* 47 U.S.C. § 310(b)(3) *with* § 310(b)(4); *see also* Request for Declaratory Ruling Concerning the Citizenship

capital stock of an entity that holds a common carrier radio license may be owned by foreign citizens and their representatives, foreign governments and their representatives, and corporations organized under the laws of a foreign country.⁸ However, Section 310(b)(4) authorizes the Commission to permit foreign investment in excess of the 25% benchmark if the Commission determines that the foreign investment is not inconsistent with the public interest.⁹

In the *Foreign Participation Order*, the Commission concluded that the public interest would be served by permitting foreign investment in United States common carrier radio licenses by individuals or entities from World Trade Organization (“WTO”) member countries.¹⁰ Consequently, the Commission adopted a presumption that indirect foreign investment in excess of 25% in such common carrier radio licensees by entities organized under the laws of, and individuals who are citizens of, WTO member countries serves the public interest.¹¹

II. TERRESTAR NETWORKS INC. RESTRUCTURING

A. The Plan

On October 19, 2010, the Petitioner filed the Plan with the Bankruptcy Court in a consolidated Chapter 11 bankruptcy case for the restructuring of TSN DIP, TSL DIP, and certain of their affiliates (collectively “TerreStar Companies”). The Bankruptcy Court has not yet confirmed the proposed Plan. Pursuant to the Plan, upon its emergence from bankruptcy, New TSL will be wholly owned and controlled by New TSN. In connection with the reorganization, the Petitioner is filing concurrently herewith applications seeking Commission approval for the

Requirements of Sections 310(b)(3) and (4) of the Communications Act of 1934 as amended, 103 FCC 2d 511 (1985), *recon. in part*, 1 FCC Rcd. 12 (1986).

transfer of control of the licenses and authorizations held by TSL DIP (“Transfer Applications”). As set forth in the Transfer Applications, there are three classes of creditors (“Creditors”) of the TerreStar Companies that will be entitled to receive equity in New TSN pursuant to the terms of the Plan: (1) holders of secured payment-in-kind notes (“Senior PIK Noteholders”); (2) holders of exchangeable payment-in-kind notes (“Exchangeable PIK Noteholders”); and (3) holders of general unsecured claims against the TerreStar Companies (“Unsecured Creditors”).

Under the proposed Plan, certain existing debt of TSN DIP will be extinguished, and in exchange, New TSN will issue Creditors new equity in New TSN. Upon emergence from bankruptcy, New TSN will distribute common stock (“Common Stock”) to the Creditors. Senior PIK Noteholders will receive approximately 97% of New TSN’s Common Stock on a *pro rata* basis to their holdings of Senior PIK claims. The remaining approximately three percent of New TSN’s Common Stock will be distributed to Exchangeable PIK Noteholders and Unsecured Creditors (this first distribution of equity in the form of Common Stock is hereafter referred to as the “Initial Issuance”). Additionally, Senior PIK Noteholders and Exchangeable PIK Noteholders will be eligible to participate in a \$125 million rights offering (the “Rights Offering”) for new preferred stock (“Preferred Stock”) in accordance with the Plan and further described in the Transfer Applications. The Common Stock and the Preferred Stock, which will be issued concurrently, will have identical voting and economic rights, except that holders of Preferred Stock will receive a liquidation preference in the event of any merger, consolidation, change in control, liquidation or winding up of New TSN. The Rights Offering will be fully “backstopped” by EchoStar and any other Senior PIK Noteholders that commit to backstop the Rights Offering on or prior to February 7, 2010 (such parties, including EchoStar, the “Backstop Parties”). The Backstop Parties will also have the right to purchase additional Preferred Stock on a *pro rata* basis in an amount up to \$25 million (the “Overallotment Right” and, collectively, with

the Rights Offering, the “Capital Infusion”), which amount may be reduced by EchoStar in its sole discretion. As a result of the restructuring, the Creditors will become the direct shareholders of New TSN (“Shareholders”).

B. Methodology for Calculating Shareholders’ Voting and Equity Interests in New TSN

The Shareholders’ ultimate voting and equity interests in New TSN remain undeterminable because TSN DIP’s debt continues to be traded. It is not possible to determine at this time the relative participation of the Creditors in the Capital Infusion because their individual level of participation is largely discretionary to each Creditor. Accordingly, there are too many variables involved in the Capital Infusion to determine with accuracy at this date what percentage of New TSN Preferred Stock, if any, will be issued to each anticipated holder of New TSN Common Stock. Therefore, this Petition only addresses the foreign ownership contributed to New TSN by anticipated holders of Common Stock as a result of the Initial Issuance. Once the relative participation of Creditors in the Capital Infusion is known, the Petitioner will be able to determine how much Preferred Stock, if any, will be issued by New TSN to each Creditor and how such issuance of Preferred Stock, when considered in conjunction with the Initial Issuance of Common Stock, will impact New TSN’s foreign ownership. Thereafter, the Petitioner will provide the Commission with a supplement to this Petition.

C. Ownership Structure of New TSN Following the Initial Issuance

Upon emergence from bankruptcy, New TSN will be a publicly traded Delaware corporation. The anticipated ownership structure of New TSN (following the Initial Issuance) is depicted in a chart attached hereto as Attachment A. Although New TSN will remain directly and wholly owned by New TSN, the ownership structure of New TSN will change upon consummation of the Plan. Upon consummation of the Plan (*i.e.*, taking into account the Initial Issuance and the Capital Infusion), it is anticipated that New TSN will be controlled by EchoStar,

a Nevada corporation that is, in turn, controlled by Mr. Charles W. Ergen, a United States citizen. EchoStar is anticipated to hold at least 50% of the voting and equity interests in New TSN upon its emergence from bankruptcy protection. No other Shareholder is anticipated to hold 10% or more of New TSN's equity and voting interests as a result of the Initial Issuance.

The anticipated voting and equity interests of the known Shareholders (following the Initial Issuance) are set forth below in Table 1.

Table 1: Voting and Equity Interests in New TSN's Shareholders Following Initial Issuance

New TSN Shareholders	Anticipated Voting Interest in New TSN Following Initial Issuance	Anticipated Equity Interest in New TSN Following Initial Issuance
EchoStar Corporation	48.89%*	48.89%*

Exchangeable PIK Noteholders and Unsecured Creditors	3.00%	3.00%
Unidentified Senior PIK Noteholders	18.77%	18.77%
Total:	100%	100%
*Although EchoStar's voting and equity ownership in New TSN as a result of the Initial Issuance may be below 50%, the Petitioner anticipates that EchoStar's voting and equity ownership in New TSN will be at least 50% once the Preferred Stock is distributed as part of the Capital Infusion and prior to New TSN's emergence from bankruptcy.		

D. Previous Commission Review of TSN's Foreign Ownership: 2009 Petition for Declaratory Ruling

The Commission previously evaluated and approved the foreign ownership of TerreStar Networks Inc. ("TSN") in connection with its request for authority to operate METs on a common carrier basis. Specifically, on December 23, 2009, the Commission adopted the

TerreStar Foreign Ownership Order permitting the indirect foreign ownership of TSN in excess of the 25% statutory benchmark).¹² The current restructuring will not trigger any of the further approval requirements set forth in the *TerreStar Foreign Ownership Order*. Indeed, because EchoStar (a U.S. corporation that is U.S.-controlled and has only *de minimis* foreign ownership) will own at least 50% of New TSN's voting and equity interests, New TSN's structure is expected to reflect significantly less foreign ownership than what has been approved already by the Commission. However, TSN DIP is filing the instant Petition because TSN DIP is a different entity from TerreStar Corporation.

III. FOREIGN OWNERSHIP ANALYSIS¹³

A. The Commission's Procedures for Assessing Foreign Ownership: The "By" and "Through" Analysis

In conducting a foreign ownership analysis pursuant to section 310(b)(4) of the Communications Act, the Commission first calculates the percentage of foreign equity and voting interests held in a licensee's parent "by" and "through" certain of the parent company's Shareholders. The Commission then examines whether the foreign equity and voting interests are properly ascribed to individuals that are citizens of, or entities that have their "home market" or "principal places of business" in, WTO member countries.¹⁴ Thus, in evaluating both the

¹² See generally *TerreStar Foreign Ownership Order*.

¹³ A number of the Shareholders are organized under the laws of the Cayman Islands, a British overseas territory; and several intermediary funds of the Shareholders have ownership interests associated with other British territories and/or dependencies, such as Bermuda, the British Virgin Islands, Jersey, and Guernsey. The Commission has previously deemed territories of a similar nature to be WTO signatories in light of their connection to the United Kingdom. See *Cable & Wireless USA, Inc.*, 15 FCC Rcd. 3050, 3052 ¶ 7 (2000). Accordingly, such territories are referred to herein as "WTO member countries" if the Commission has treated them as such in its prior decisions.

¹⁴ To determine a foreign entity's home market for purposes of the public interest determination under Section 310(b)(4), the Commission will identify and balance the following factors: (1) the country of a foreign entity's incorporation, organization, or charter; (2) the nationality of all investment principals, officers, and directors; (3) the country in which the world

foreign ownership and the non-WTO ownership of New TSN, the Commission will conduct a two-tier “by” and “through” analysis. For purposes of this analysis, a “by” Shareholder is a foreign entity or individual that holds an equity and/or voting interest directly in New TSN.¹⁵ A “through” Shareholder is a foreign entity or individual that holds an equity and/or voting interest indirectly in New TSN as a result of such entity or individual’s ownership interest in a direct New TSN Shareholder.¹⁶

B. The Petitioner’s Methodology for Determining Foreign Ownership Levels

To ensure compliance with the Communications Act and the Commission’s rules regarding foreign ownership, Petitioner sought and obtained information from the Senior PIK Noteholders holding a substantial majority of the outstanding Senior PIK claims. Pursuant to a Bankruptcy Court Order, New TSN circulated an FCC Ownership Questionnaire to all Senior PIK Noteholders.¹⁷ To date, New TSN has received responses from Senior PIK Noteholders that are anticipated to hold 77.4% of the voting and equity interests in New TSN following the Initial

headquarters is located; (4) the country in which the majority of the tangible property, including production, transmission, billing, information, and control facilities, is located; and (5) the country from which the foreign entity derives the greatest sales and revenues from its operations. *Foreign Participation Order*, 12 FCC Rcd. at 23941 ¶ 116 (citing *Market Entry and Regulation of Foreign-Affiliated Entities, Report and Order*, 11 FCC Rcd. 3873, 3951 ¶ 207 (1995)).

¹⁷ See *TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Nov. 23, 2010). The FCC Ownership Questionnaire required Senior PIK Noteholders to identify the jurisdiction in which each potential Shareholder is incorporated or organized. Senior PIK Noteholders were also asked to provide an organizational structure chart depicting the control chain of potential Shareholders, including all intermediary entities and ultimate controlling individuals. Additionally, the Senior PIK Noteholders were asked to identify the nationalities of their ultimate controlling parties. Moreover, Senior PIK Noteholders were asked to provide the percentage of foreign voting and equity interests contributed by their investors to potential Shareholders. Finally, respondents were asked to specify the percentage of WTO and non-WTO foreign investment contributed to the intermediaries by foreign investors.

Issuance.¹⁸ Senior PIK Noteholders that have not yet responded to the questionnaire represent approximately 18.8% of the voting and equity interests in New TSN, and New TSN continues to seek foreign ownership disclosures from these Senior PIK Noteholders. Further, as discussed above, New TSN will supplement this Petition once participation by the Creditors in the Capital Infusion is determinable. At that time, New TSN also will provide the Commission with any additional information that New TSN is able to obtain regarding the identities of the remaining Senior PIK Noteholders and their respective foreign ownership.

The remaining three percent of the Initial Issuance will be held by the Exchangeable Noteholders and Unsecured Creditors, which New TSN has not been able to identify. In the aggregate, unidentified Senior PIK Noteholders, the Exchangeable Noteholders, and the Unsecured Creditors represent 21.8% of the voting and equity interests in New TSN.¹⁹ The Petitioner anticipates that many, if not all, of the currently unidentified Shareholders will be domestic or from WTO member countries. However, for purposes of the “by” and “through” calculations set forth herein, the Petitioner has assumed—very conservatively—that this 21.8% voting and equity interest anticipated to be held in New TSN is foreign and attributable to entities and individuals from non-WTO member countries. As a result, this Petition overstates the actual level of foreign ownership and non-WTO ownership in New TSN and the Petitioner anticipate that New TSN’s foreign and non-WTO ownership will be reduced in any supplements that the Petitioner file with respect to this Petition following a determination of the Creditors’ respective levels of participation in the Capital Infusion.

¹⁸ In addition, the responses of certain shareholders to the FCC Ownership Questionnaire were incomplete. The Petitioner intends to seek additional foreign ownership information from these Shareholders. Further, Romulus Holdings Inc. has been identified as a Senior PIK Noteholder but has not submitted an FCC Ownership Questionnaire.

¹⁹ In addition to the unidentified Senior PIK Noteholders, Exchangeable Noteholders, and holders of Unsecured Claims, Romulus Holdings Inc., a known Senior PIK Noteholder, has not yet completed an FCC Ownership Questionnaire.

To assist with the Commission’s foreign ownership analysis, Attachments E through T attached hereto set forth organizational charts depicting the information collected by the Petitioner from each known Shareholder regarding its investors, controlling ownership chain, and principal place of business, as well as the calculation of the foreign investment in New TSN “through” such Shareholders.

C. The “By” Analysis of New TSN’s Foreign Ownership

For purposes of the Commission’s “by” analysis, all but one of the known “by” Shareholders (*i.e.*, entities anticipated to directly hold New TSN stock) have “home markets” in either the United States or WTO member countries.²⁰ Attachments E through T set forth specific principal place of business showings for each Shareholder. In short, the “by” foreign ownership contribution to New TSN “by” its known Shareholders is as follows: 25.0% foreign voting; 25.0% foreign equity; 0.8% non-WTO voting; and 0.8% non-WTO equity. Additionally, if the entire 21.8% of the unknown Shareholders’ interests in New TSN were both foreign and attributable to non-WTO countries, the “by” Shareholders would contribute approximately the following foreign ownership to New TSN: 46.7% foreign voting; 46.7% foreign equity; 22.6% non-WTO voting; and 22.6% non-WTO equity. Thus, even under this conservative approach, New TSN’s non-WTO ownership for purposes of the “by” analysis will be under the Commission’s 25% benchmark. Table 2 below sets forth a summary of the “by” Shareholders’ foreign ownership contribution to New TSN following the Initial Issuance. A more comprehensive “by” analysis calculation is set forth in Attachment C attached hereto.

²⁰ Petitioner currently does not have any ownership information regarding Romulus Holdings Inc. As a result, out of an abundance of caution, the Petitioner has treated Romulus Holdings Inc. as non-WTO for purposes of the “by” analysis (and also the “through” analysis).

Because these figures assume conservatively that the unknown Shareholders are both foreign and non-WTO, both foreign ownership and the sub-category of non-WTO foreign ownership in New TSN are expected to be significantly lower in the final analysis. In addition, EchoStar's anticipated voting and equity interests in New TSN as a result of the Initial Issuance are reported herein to be below 50%. These interests are anticipated to be at least 50% once the Preferred Stock is distributed as part of the Capital Infusion and prior to New TSN's emergence from bankruptcy, which will further reduce the levels of foreign ownership in New TSN.

*For purposes of the “by” analysis, Petitioner assumes that all of the voting and equity interests in the Exchangeable PIK Noteholders, Unsecured Creditors and as of yet unidentified Senior PIK Noteholders are 100% foreign and 100% attributable to non-WTO member countries.		
** Romulus Holdings Inc. has not yet responded to the FCC Ownership Questionnaire. As a result, for purposes of the “by” analysis, Petitioner assumes that all of the voting and equity interests in New TSN is 100% foreign and 100% attributable to non-WTO member countries.		

D. The “Through” Analysis of New TSN’s Foreign Ownership

The foreign ownership contribution to New TSN “through” its known Shareholders (based on the Initial Issuance) is as follows: 17.1% foreign voting; 13.2% foreign equity; 6.7% non-WTO voting; and 6.2% non-WTO equity. Conservatively assuming that the 21.8% of the voting and equity interests in New TSN that has not yet been identified is entirely foreign and attributable to non-WTO member countries, the indirect foreign investors in New TSN are anticipated to contribute approximately the following foreign ownership “through” New TSN’s Shareholders: 38.9% foreign voting; 35.0% foreign equity; 28.4% non-WTO voting; and 28.0% non-WTO equity. Table 3 below sets forth a summary of the foreign investment in New TSN “through” its Shareholders following the Initial Issuance. A more comprehensive “through” analysis is set forth in Attachments D1-2 attached hereto. Additionally, a diagram depicting the foreign ownership contribution “through” the Shareholders (following the Initial Issuance) is set forth in Attachment B. As explained above, “through” foreign ownership and the sub-category of non-WTO foreign ownership ultimately are expected to be lower than the conservative estimates set forth herein as a result of supplements to this Petition.

*For purposes of the “through” analysis, Petitioner assumes that all of the voting and equity interests in the Exchangeable PIK Noteholders, Unsecured Creditors and as of yet unidentified Senior PIK Noteholders are 100% foreign and 100% attributable to non-WTO member countries.				
**Ppetitioner does not have complete foreign ownership information for these entities and therefore treated them as 100% foreign and 100% attributable to non-WTO member countries.				

IV. GRANT OF THE PETITION IS IN THE PUBLIC INTEREST

Grant of the instant Petition is in the public interest. As noted previously, the same public interest factors that led the Commission to adopt the *TerreStar Foreign Ownership Order* apply here. If anything, the TerreStar licenses and facilities will be transferred to a structure that is expected to reflect less foreign ownership than the current foreign ownership in TSN DIP, which the Commission already has approved.

The Commission has adopted an open entry standard for investors from WTO member countries.²¹ In accordance with this open entry standard, there is a strong presumption that indirect foreign ownership by entities whose home markets are in countries that are members of the WTO serves the public interest.²² The Commission adopted this presumption to comply with the commitments that the United States made in the context of the WTO Basic Telecom Agreement.²³ According to the Commission,

removing barriers to entry and focusing on competitive safeguards will promote effective competition in the U.S. telecommunications services market by removing unnecessary regulation and barriers to entry that can stifle competition and deprive U.S. consumers of the benefits of lower prices, improved service quality, and service innovations.²⁴

If an entity that controls a common carrier radio licensee is owned in part by entities from non-WTO member states, the Commission still permits up to 100% foreign ownership of such entity, provided that interests attributable to investors from non-WTO member countries do not exceed 25% of such entity's voting or equity ownership.²⁵

²¹ See *Foreign Participation Order*, 12 FCC Rcd. at 23919-21 ¶¶ 33, 50, 61-66.

²² *Id.* at 23913 (“We therefore adopt, as a factor in our public interest analysis, a rebuttable presumption that applications for Section 214 authority from carriers from WTO Members do not pose concerns that would justify denial of an application on competition grounds. We also adopt a rebuttable presumption that such competitive concerns are not raised by applications to land and operate submarine cables from WTO Members or by indirect ownership by entities from WTO Members of *common carrier and aeronautical radio licensees under Section 310(b)(4) of the Act.*”) (emphasis added).

²³ *Id.* at 23896-98, 23913.

²⁴ *Id.* at 23897.

²⁵ *Id.* at 23940; see also *Global Crossing Ltd.*, 14 FCC Rcd. 15911, 15917 (1999) (permitting indirect ownership by a Bermuda company because “Section 310(b)(4) is not otherwise implicated under the public interest analysis adopted in the *Foreign Participation Order* where, as here, non-WTO investment[s] in the ultimate parent company [do] not exceed 25 percent”).

As demonstrated herein, the vast majority of anticipated “by” and “through” foreign interests in New TSN that are currently identifiable are attributable to WTO member countries. Specifically, as explained above, New TSN’s anticipated majority shareholder, EchoStar, is organized under the laws of Nevada and has its principal place of business in the United States. Further, each of the known Shareholders is organized in, and has its principal of business in, a WTO member country. Therefore, for purposes of the “by” analysis, the known Shareholders are not expected to contribute any non-WTO voting or equity interests to New TSN. Indeed, even when treating as non-WTO the 21.8% of New TSN’s anticipated voting and equity interests that have yet to be identified, the “by” voting and equity interests in New TSN attributable to non-WTO member countries are still below the Commission’s 25% threshold.

Further, for purposes of the “through” analysis, the known Shareholders are anticipated to contribute to New TSN 6.2% non-WTO equity ownership and 6.7% non-WTO voting ownership, which is well below the 25% threshold permitted by the Commission. Only if all unidentified Shareholders are deemed as being owned by non-WTO individuals and entities does New TSN’s non-WTO “through” ownership exceed the 25% threshold with non-WTO voting and equity ownership of 28.4% and 28.0%, respectively. But Petitioner is confident that this will not be the case. As noted above, once the Creditors’ relative participation in the Capital Infusion is known and the Petitioner has obtained foreign ownership information from additional Senior PIK Noteholders, the Petitioner fully anticipates that they will be able to demonstrate to the Commission in supplements to this Petition that New TSN’s non-WTO “through” foreign ownership is substantially below 25%.

V. CONCLUSION

For the foregoing reasons, Petitioner respectfully requests that the Commission issue a declaratory ruling that it is in the public interest for New TSN to have indirect foreign ownership

in excess of the 25% benchmark under Section 310(b)(4), subject to the same conditions attaching to the *TerreStar Foreign Ownership Order*.

ATTACHMENT E: ECHOSTAR CORPORATION

Through New TSN's initially issued Common Stock and without taking into account the Preferred Stock that will be issued by New TSN as part of the Capital Infusion, EchoStar Corporation ("EchoStar") is anticipated to hold an equity and voting interest in New TSN and its wholly owned subsidiary, New TSL, in excess of 48.9%.²⁶

"By" Analysis

EchoStar is a publicly traded corporation organized under the laws of Nevada. As set forth below, EchoStar's principal place of business is the United States, which is a WTO member country.

Name of Potential Equityholder	Place of Organization	Nationalit(ies) of investment principals, officers and directors	Country in which world headquarters is located	Country in which majority of the tangible property is located	Country from which the greatest sales and/or revenues are derived
EchoStar Corporation	Nevada (WTO)	United States (WTO)	United States (WTO)	United States (WTO)	United States (WTO)

Accordingly, for purposes of the FCC's "by" analysis, EchoStar contributes 0% foreign ownership and 0% non-WTO ownership to New TSN.

²⁶ As set forth in the text of this Petition, there are too many variables involved in the Capital Infusion to determine with accuracy at this date what percentage of New TSN Preferred Stock, if any, will be issued to anticipated holders of New TSN Common Stock. Accordingly, this Exhibit only addresses the foreign ownership contributed to New TSN by anticipated holders of Common Stock. Following the issuance of Preferred Stock via the Capital Infusion, Petitioner anticipates that EchoStar's voting and equity interest in New TSN will exceed 50%. Once the relative participation of Common Stock holders in the Capital Infusion is known, the Petitioner will be able to determine how much Preferred Stock, if any, will be issued by New TSN to each holder of Common Stock and how such issuance of Preferred Stock will impact New TSN's foreign ownership. Thereafter, the Petitioner will provide the Commission with a supplement to this Petition.

“Through” Analysis

As set forth in the following organizational chart for EchoStar, EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Mr. Ergen is a U.S. citizen. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding EchoStar Class B Common Stock into EchoStar Class A Common Stock) and 92.7% of the voting interest in EchoStar.²⁷ 1.33% of EchoStar’s equity and 0.23% of its voting rights are held by foreign entities or individuals.²⁸ Approximately 0.0001% of EchoStar’s equity and less than 0.0001% of EchoStar’s voting rights are held by non-WTO entities or individuals. Therefore, for purposes of the FCC’s “*through*” analysis, EchoStar has

- 0.23% foreign voting ownership,
- 1.33% foreign equity ownership,
- <0.1% non-WTO voting ownership, and
- <0.1% non-WTO equity ownership.

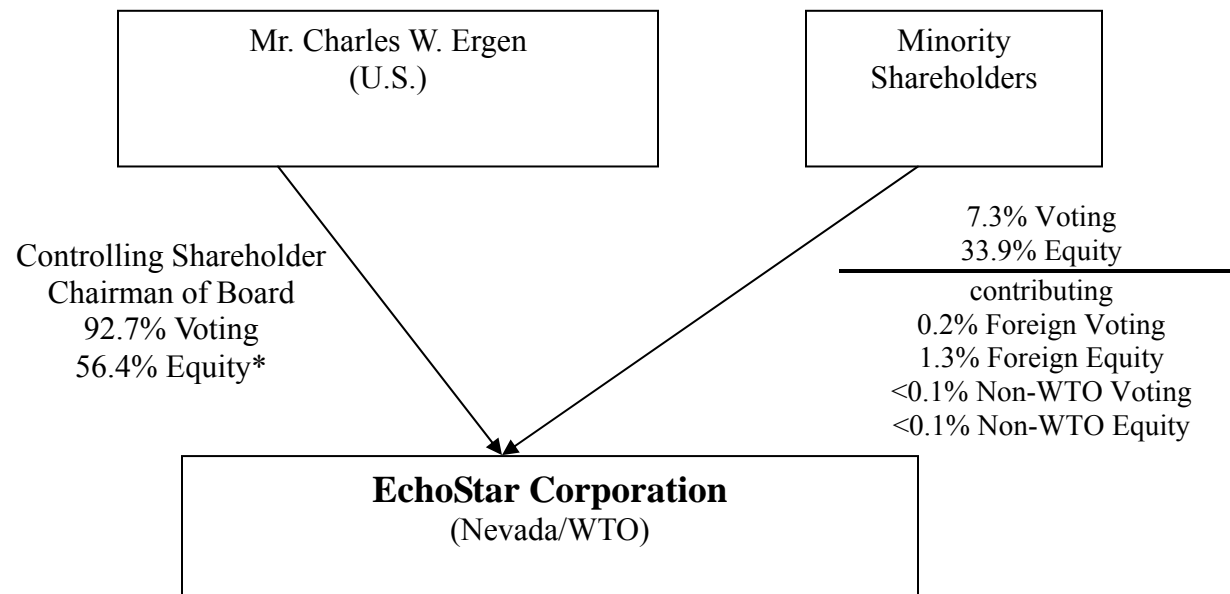

As a result, considering only the Common Stock that will be issued by New TSN upon its reorganization, EchoStar is anticipated to contribute to New TSN and its wholly owned subsidiary, New TSL, under the Commission’s “*through*” foreign ownership analysis at least

- 0.1% foreign voting ownership,
- 0.7% foreign equity ownership,
- *de minimis* non-WTO voting ownership, and
- *de minimis* non-WTO equity ownership.

²⁷ A portion of Mr. Ergen’s interest in EchoStar is held in Grantor Retained Asset Trusts (“GRATs”). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC, and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

The remaining 10% equity interest in Tricadia GP Holdings LLC is held roughly equally by nine other individuals, six of whom are U.S. citizens and the other three of whom are citizens of the following WTO member countries: China, Korea and Pakistan. None of these members are permitted by the organizational documents of Tricadia GP Holdings LLC to participate in its day-to-day management. "Through" Analysis

As set forth in the following organizational chart for the Whitebox Funds, Whitebox Credit has two limited partner feeder funds: (i) Whitebox Credit Arbitrage Fund, LP, a Delaware partnership, and (ii) Whitebox Credit Arbitrage Fund, Ltd, an investment vehicle organized under the laws of the British Virgin Islands. None of the indirect investors in the Whitebox Funds (via the feeder funds described above) are permitted by the organizational documents of the Whitebox Funds to participate in the day-to-day management of the funds. Whitebox Advisors, LLC, a Delaware limited liability company, serves as the investment manager to both Whitebox Funds. All of the members of Whitebox Advisors, LLC are U.S. citizens

The general partner of Whitebox Credit Arbitrage Fund, LP and Whitebox Credit is Whitebox Credit Arbitrage Advisors, LLC, a Delaware limited liability company. Foreign limited partners in Whitebox Credit Arbitrage Fund, LP and foreign shareholders in Whitebox Credit Arbitrage Fund, Ltd indirectly hold in the aggregate 13.5% of the equity and voting interests in Whitebox Credit. 13.3% of the foreign interests are held by individuals who are citizens of, and/or entities which are organized under the laws of, the following WTO member countries: Bermuda, British Virgin Islands, Canada, Cayman Islands, United Kingdom, Grand Cayman, Ireland, Luxembourg, Netherlands, and Switzerland. The remaining 0.2% of the indirect equity and voting interests in Whitebox Credit are held by individuals who are citizens of, and/or entities which are organized under the laws of, Monaco, which is not a WTO member country. Consequently, Whitebox Credit Arbitrage Fund, LP and Whitebox Credit Arbitrage Fund, Ltd collectively contribute to Whitebox Credit (i) 13.5% foreign voting ownership; (ii) 13.5% foreign equity ownership; (iii) 0.2% non-WTO equity ownership; and (iv) 0.2% non-WTO voting ownership.

Whitebox Multi-Strategy has two feeder funds: (i) Whitebox Multi-Strategy Fund, LP, a Delaware limited partnership and (ii) Whitebox Multi-Strategy Fund, Ltd, an investment vehicle organized under the laws of the British Virgin Islands. Foreign limited partners in Whitebox Multi-Strategy Fund, LP and foreign shareholders in Whitebox Multi-Strategy Fund, Ltd indirectly hold in the aggregate 21.4% of the equity and voting interests in Whitebox Multi-Strategy Partners, L.P. Such foreign shareholders are individuals who are citizens of, and/or entities which are organized under the laws of, the following WTO member countries: Bermuda, Canada, Cayman Islands, Guernsey, Hong Kong, Ireland, Liechtenstein, Luxembourg, Netherlands, Singapore, and Switzerland. Consequently, Whitebox Multi-Strategy Fund, LP and Whitebox Multi-Strategy Fund, Ltd collectively contribute to Whitebox Multi-Strategy (i) 21.4% foreign voting ownership; (ii) 21.4% foreign equity ownership; (iii) 0% non-WTO equity ownership; and (iv) 0% non-WTO voting ownership.

As a result, for purposes of the FCC’s “*through*” analysis, the aggregate foreign ownership of the indirect investors in the Whitebox Funds via their feeder funds is approximately (i) 17.5% foreign voting ownership;¹¹² (ii) 17.5% foreign equity ownership;¹¹³ (iii) 0.1% non-WTO voting ownership;¹¹⁴ and (iv) 0.1% non-WTO equity ownership.¹¹⁵

¹¹² $(13.5\% \text{ (percentage of Whitebox Credit's foreign voting ownership)} + 21.4\% \text{ (percentage of Whitebox Multi-Strategy's foreign voting ownership)}) \div 2$ (Whitebox Credit's and Whitebox Multi-Strategy's foreign voting ownership can be averaged because each is anticipated to hold the same voting interest in New TSN)=17.5%.

¹¹³ $(13.5\% \text{ (percentage of Whitebox Credit's foreign equity ownership)} + 21.4\% \text{ (percentage of Whitebox Multi-Strategy's foreign equity ownership)}) \div 2$ (Whitebox Credit's and Whitebox Multi-Strategy's foreign equity ownership can be averaged because each is anticipated to hold the same voting interest in New TSN)=17.5%.

¹¹⁴ $(0.2\% \text{ (percentage of Whitebox Credit's non-WTO voting ownership)} + 0\% \text{ (percentage of Whitebox Multi-Strategy's non-WTO voting ownership)}) \div 2$ (Whitebox Credit's and Whitebox Multi-Strategy's non-WTO voting ownership can be averaged because each is anticipated to hold the same voting interest in New TSN) = 0.1%.

¹¹⁶ 17.5% (percentage of Whitebox Funds' aggregate foreign voting ownership) x 0.88% (percentage of Whitebox Funds' aggregate voting interest in New TSN) = 0.15%.

¹¹⁷ 17.5% (percentage of Whitebox Funds' aggregate foreign equity ownership) x 0.88% (percentage of Whitebox Funds' aggregate equity interest in New TSN) = 0.15%.

¹¹⁸ 0.15% (percentage of Whitebox Funds' aggregate non-WTO voting ownership) x 0.88% (percentage of Whitebox Funds' aggregate voting interest in New TSN) = <0.1%.

¹¹⁹ 0.15% (percentage of Whitebox Funds' aggregate non-WTO equity ownership) x 0.88% (percentage of Whitebox Funds' aggregate equity interest in New TSN) = <0.1%.

Ownership Information

Attachments 1, 2, and 3 of this Exhibit depict, respectively, (i) the pre-Chapter 11 ownership structure (the “Pre-Chapter 11 Ownership Structure”) of TerreStar Networks Inc. (“TSN”) and TerreStar License Inc. (“TSL”), (ii) the current ownership of TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”), and TerreStar License Inc., Debtor-in-Possession (“TSL DIP”) and (iii) the ownership structure of TerreStar Networks Inc., as reorganized pursuant to its plan of reorganization (“New TSN”) and TerreStar License Inc., as reorganized pursuant to its plan of reorganization (“New TSL”), that will exist upon implementation of their proposed plan of reorganization (“Plan”).

As indicated in Attachments 1 and 2, TerreStar Corporation, a Delaware corporation, currently indirectly holds 89% of the outstanding equity in TSN DIP. TSL DIP is a wholly owned subsidiary of TSN DIP. At the time of consummation of the Plan, TerreStar Corporation’s indirect interest in TSN DIP will be cancelled.

Upon consummation of the Plan, as shown in Attachment 3, EchoStar Corporation (“EchoStar”) will be by far the largest shareholder in New TSN.¹ The Applicants anticipate that

¹ As explained in Exhibit F, under the Plan, all of the equity held in TSN DIP will be cancelled, and new common stock (“Common Stock”) of Reorganized TSN will be issued to certain creditors of TSN DIP and its affiliates (collectively, the “TerreStar Companies”). In addition, many of such creditors will be eligible to participate in a \$125 million rights (“Rights”) offering for preferred stock (“Preferred Stock”) in Reorganized TSN in accordance with the Plan, and EchoStar will be able to exercise its right to purchase up to an additional \$25 million of Preferred Stock at the conclusion of the initial Rights offering (“Overallotment Right”) (the Rights offering and the Overallotment Right collectively being the “Capital Infusion”). The TerreStar Companies’ outstanding debt continues to trade, and it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion.

EchoStar will hold more than 50% of the equity and voting interests in New TSN. New TSN, in turn, will wholly own and control New TSL. EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.² The address for EchoStar and Mr. Ergen is 100 Inverness Terrace East, Englewood, Colorado. EchoStar's primary business is the creation of hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide as well as the delivery of satellite services.

To the extent known, the identity of the directors of New TSN and New TSL will be identified in a supplemental filing with the United States Bankruptcy Court for the Southern District of New York that is currently expected to be filed by mid to late January 2011.³ The Applicants will provide the Commission with a list of officers and directors of New TSN and New TSL once those directors and officers are known.

As a result, the Applicants cannot determine at this time the exact voting percentage that EchoStar and other entities will hold in New TSN upon the effective date of the Plan. The Applicants will update this Application by amendment promptly once this information is known.

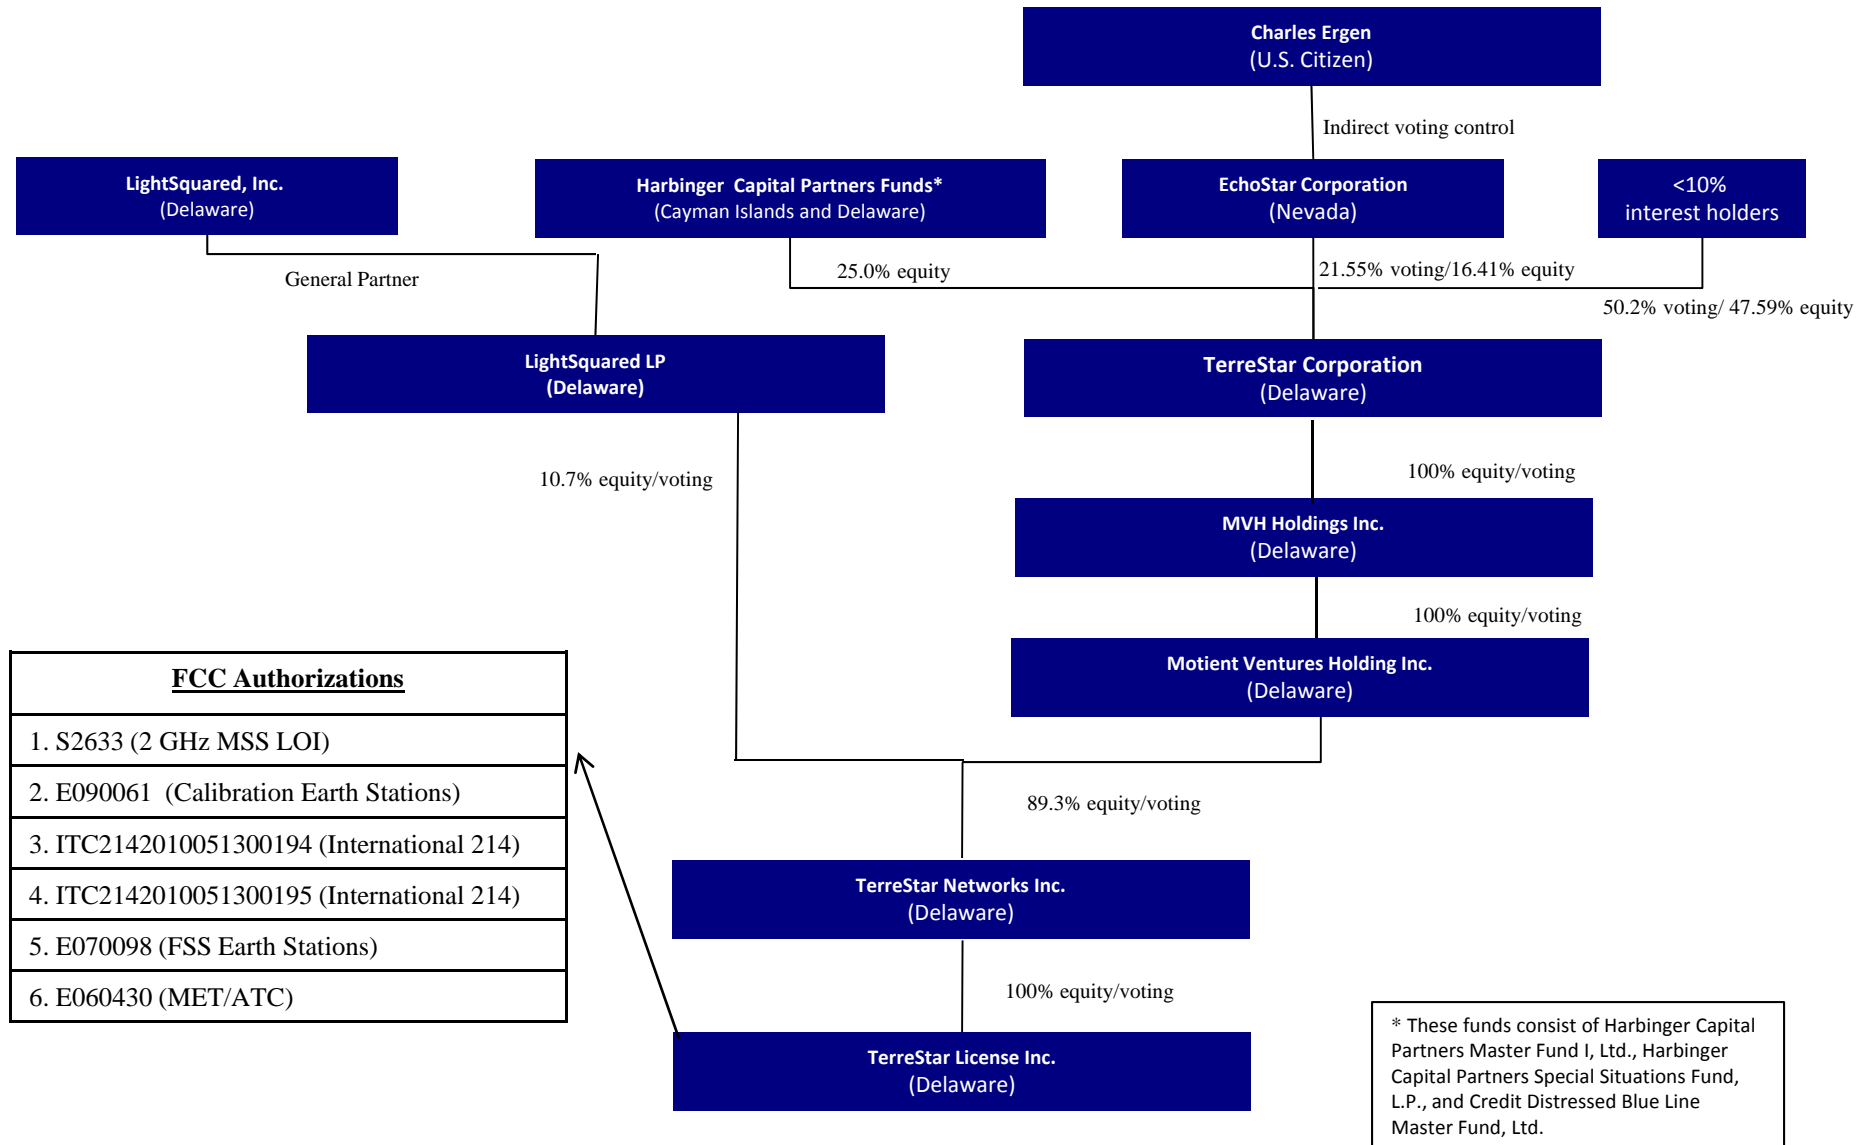

² A portion of Mr. Ergen's interest in EchoStar is held in Grantor Retained Asset Trusts ("GRATs"). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

DESCRIPTION OF THE APPLICATION AND PUBLIC INTEREST STATEMENT

I. INTRODUCTION

The Applicants seek the consent of the Federal Communications Commission (“FCC” or “Commission”) to the transfer of control over the authorizations held by TerreStar License Inc., Debtor-in-Possession (“TSL DIP”), a wholly-owned direct subsidiary of, TerreStar Networks Inc., Debtor-in-Possession (“TSN DIP”). The requested authorization reflects the joint plan of reorganization (as amended from time to time, the “Plan”) filed in a consolidated Chapter 11 bankruptcy case pending before the United States Bankruptcy Court for the Southern District of New York (“Bankruptcy Court”).¹ TSL DIP and TSN DIP will emerge from the bankruptcy as reorganized TerreStar License Inc. (“New TSL”) and reorganized TerreStar Networks Inc. (“New TSN”), respectively. New TSL will remain directly wholly-owned by New TSN, but the ownership structure of New TSN will change. Specifically, TSN DIP is now indirectly majority owned by TerreStar Corporation.² TerreStar Corporation’s largest shareholder is Harbinger Capital Partners Funds,³ and its other shareholders include EchoStar. Pursuant to the proposed Plan, TerreStar Corporation’s indirect ownership interest will be extinguished and New TSN will

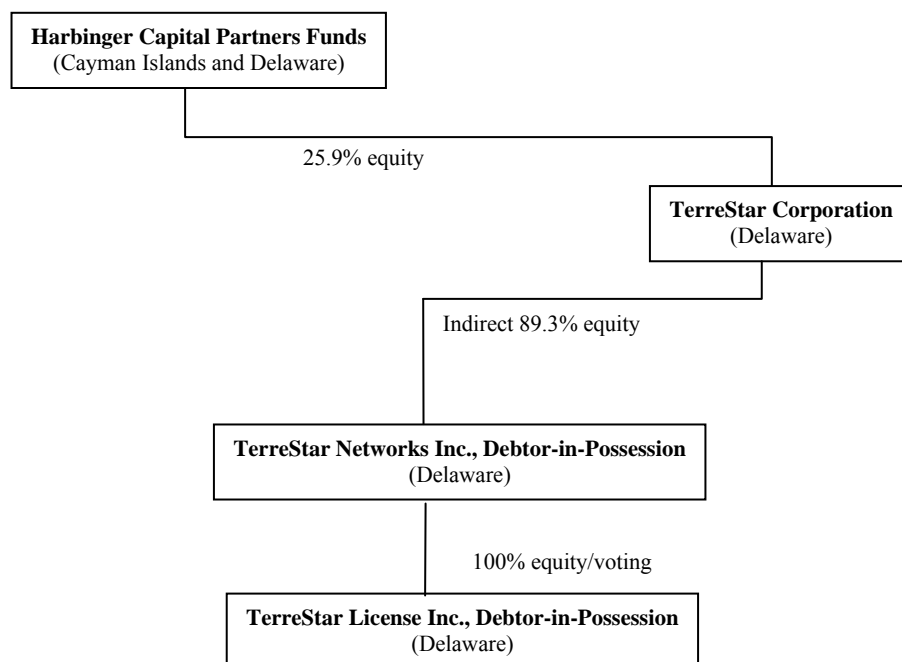

¹ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010). The Bankruptcy Court has not yet confirmed the Plan.

² TerreStar Corporation has not filed a petition for relief under the Bankruptcy Code, but the Applicants expect TerreStar Corporation to do so in the near future.

³ These funds consist of Harbinger Capital Partners Master Fund I, Ltd., Harbinger Capital Partners Special Situations Fund, L.P., and Credit Distressed Blue Line Master Fund, Ltd.

then issue new securities. As a result, New TSN's largest shareholder will be EchoStar Corporation ("EchoStar"), which is anticipated to hold at least 50% of the equity and voting interests in New TSN. EchoStar, in turn, is controlled by Mr. Charles W. Ergen. The proposed transfer of control is illustrated in the following two partial and simplified diagrams.⁴

Diagram 1 – Debtor-in-Possession Structure

⁴ More detailed diagrams depicting the structure of the proposed transaction are included in Exhibit E.

Diagram 2 – Post-Emergence Structure

The proposed transaction fully complies with the Communications Act of 1934, as amended, and the Commission’s rules and policies. In addition, because TSN DIP will be able to restructure its debt through its pending bankruptcy organization (by potentially removing more than \$1 billion in liabilities from its balance sheet) and thereby improve its access to capital, the public will benefit significantly from the advanced mobile broadband capabilities that the transaction will help unleash and that New TSN’s next-generation MSS/ATC system will bring to American consumers. EchoStar is well equipped to help New TSN and New TSL execute a successful strategy for its 2 GHz Mobile Satellite Service (“MSS”) system and the authorized ancillary terrestrial component (“ATC”) of that system. EchoStar has significant experience both with providing complementary satellite and terrestrial services and with managing spectrum sharing and interference issues between such services. Finally, the proposed transaction will not

have any adverse effect on competition in any relevant market because EchoStar does not provide MSS service and does not have an attributable interest in any other MSS provider.

II. THE AUTHORIZATIONS TO BE TRANSFERRED AND THE APPLICANTS

A. Authorizations to Be Transferred

The Applicants are filing multiple concurrent applications to transfer control of the licensee of the following FCC licenses and authorizations:

Call Sign/File No.	Description
S2633	Letter of Intent spectrum reservation to provide MSS using the TerreStar-1 satellite.
E090061	Authorization for 15 calibration earth stations in the 2 GHz band.

The Applicants request that Commission approval also extend to transfer of control over any authorizations granted to TSL DIP or TSN DIP after the date of this Application.⁵ The Applicants will also duly file a letter under Section 1.65 of the Commission’s rules, advising the

⁵ In addition, the Applicants respectfully request the Commission to waive application of its “cut-off” rules with respect to any applications that may be filed by TSN DIP or TSL DIP during the Commission’s review of the instant Application to the extent that any such applications become subject to a Commission cut-off notice. No pending relevant applications are subject to a cut-off rule.

Commission of a change to the real-party-in-interest for applications that may still be pending at the time of approval of this Application.⁶

B. The Applicants

The TerreStar Parties. In May 2007, the FCC issued a Letter of Intent (“LOI”) spectrum reservation to TerreStar Networks Inc. (“TSN”), a majority-owned indirect subsidiary of TerreStar Corporation,⁷ to utilize certain specified spectrum to provide MSS in the United States using the Canadian-licensed geosynchronous orbit (“GSO”) satellite, TerreStar-1. TSN assigned this authorization to TerreStar License Inc. (“TSL”), a wholly owned direct subsidiary of TSN, in February 2008. In relation to that LOI, the Commission issued TSN an authorization to operate up to two million METs. Further, in January 2010, the FCC authorized TSN to provide ATC services, by means of adding an ATC authorization to TSN’s MET license.

TSN, TSL and their affiliates have met several significant milestones in the provision of MSS/ATC services since 2007. On July 1, 2009, the TerreStar-1 satellite was successfully launched and placed into its assigned orbital slot. This event soon was followed by the first successful phone call over TerreStar-1 on July 20, 2009, which allowed TerreStar-1 to be certified as operational. On August 27, 2009, in-orbit testing of TerreStar-1 was successfully completed.

⁶ An application seeking Commission consent to modify TSN DIP’s ATC authorization is currently pending before the Commission. *See* IBFS File No. SES-MOD-20100727-00963. To the extent required, the parties request a waiver of any rule that would cause the proposed instant transfer of control to require a major amendment to this pending ATC modification application.

⁷ Motient Ventures Holding Inc., a Delaware corporation, owns 89.3% of the common stock of TSN. MV Holdings Inc., a Delaware corporation, owns 100% of the common stock of Motient Ventures Holding Inc., a Delaware corporation. TerreStar Corporation owns 100% of the common stock of MV Holdings Inc. *See* Exhibit E.

In order to obtain the capital necessary to support these development initiatives and the operation of its MSS/ATC system, TSN issued secured payment-in-kind (“Senior PIK”) notes in 2007 and exchangeable payment-in-kind (“Exchangeable PIK”) notes in 2008. However, the subsequent global economic crisis created a precarious financial situation, rendering TSN and TSL unlikely to satisfy these debt obligations in the coming years. As a result, on October 19, 2010, TSN, TSL and certain of their affiliates (collectively, the “TerreStar Companies”) filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”) with the Bankruptcy Court. As the TerreStar Companies explained in their petitions, reorganization is intended to strengthen the TerreStar Companies’ financial position to help them achieve long-term success in the MSS market.⁸ On October 20, 2010, the Bankruptcy Court granted the request of the TerreStar Companies for procedural consolidation and joint administration of the Chapter 11 petitions. On November 5, 2010, the TerreStar Companies filed the proposed Plan and an accompanying disclosure statement.⁹ The Plan will convert approximately \$1.1 billion of TSN’s debt into equity in New TSN, resulting in a change of control of TSN DIP.

In conjunction with this bankruptcy proceeding, on November 3, 2010¹⁰ and November 16, 2010,¹¹ the Commission approved applications for the *pro forma* assignments of all but one

⁸ See *In re TerreStar Networks Inc.*, Case No. 10-15446 (SHL) (SDNY Oct. 19, 2010).

⁹ The Bankruptcy Court entered an order approving the disclosure statement on December 22, 2010.

¹⁰ On November 3, 2010, the Commission approved the *pro forma* assignments from TSL to TSL DIP of the Section 214 authorization for international mobile satellite services (ITC2142010051300194) and the Section 214 authorization for global facilities-based and resale authority (ITC2142010051300195). See IBFS File No. ITC-ASG-20101022-00423.

of TSN's and TSL's licenses to TSN DIP and TSL DIP.¹² In turn, TSN DIP filed an application with the FCC on December 10, 2010 seeking the *pro forma* assignment of TSN DIP's licenses and authorizations to TSL DIP. The Commission approved these *pro forma* assignment applications on December 20, 2010. As a result, TSL DIP holds all of the licenses and authorizations previously held by TSN and TSL that are related to TSN's MSS/ATC system.¹³ The Bankruptcy Court has not yet confirmed the proposed Plan.

The EchoStar Parties. EchoStar is providing much of the financial support to enable TSN DIP and TSL DIP to emerge from bankruptcy and execute a successful market strategy upon their emergence. With its focus on creating hardware and service solutions for cable, telecommunications, IPTV and satellite television companies worldwide, EchoStar delivers satellite services using its fleet of ten owned and leased in-orbit satellites and related FCC licenses. EchoStar also provides mobility to multichannel video subscribers through its Sling

¹¹ On November 16, 2010, the Commission approved the *pro forma* assignments from TSN to TSN DIP of the FSS Ku-band earth station authorization for two antennas in Las Vegas, Nevada (call sign E070098) and the MET license that includes the ATC authorization (call sign E060430). *See* IBFS File Nos. SES-ASG-20101101-01416 and SES-ASG-20101101-01417. On November 16, 2010, the Commission also approved the *pro forma* assignment of the 2 GHz earth station authorization for 15 calibration earth stations (call sign E090061) from TSL to TSL DIP. *See* SES-ASG-20101101-01419.

¹² On October 22, 2010, TSN mistakenly filed a *pro forma* assignment application seeking assignment of TSL's LOI spectrum reservation for the TerreStar-1 satellite (call sign S2633) from TSN to TSN DIP, rather than TSL to TSL DIP. *See* IBFS File No. SAT-ASG-20101022-00222. TSN previously had provided the Commission's International Bureau notice of assignment of the LOI spectrum reservation from TSN to TSL. *See* Letter to Ms. Marlene H. Dortch from Mr. Joseph A. Godles, dated February 4, 2008, with reference to File No. SAT-MOD-20070529-00075. Since filing the October 22, 2010 *pro forma* assignment application, TSN DIP has corresponded with the Commission in an effort to update the Commission's International Bureau Filing System to accurately reflect TSL DIP as the holder of the LOI spectrum reservation. This application has not yet been approved by the Commission.

Box service, which allows consumers to receive their video service from any location worldwide.

EchoStar is controlled by Mr. Charles W. Ergen, Chairman of its Board of Directors. Directly or indirectly through trusts, Mr. Ergen holds shares representing 56.4% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 92.7% of the voting interest in the company.¹⁴ Mr. Ergen is also the President, Chief Executive Officer, and Chairman of the Board of Directors of DISH Network Corporation (“DISH Network”). Mr. Ergen founded the two companies as EchoStar Communications Corporation in 1980. EchoStar was spun off from DISH Network in 2008. As exemplified by both of EchoStar and DISH Network, Mr. Ergen has been a leading pioneer in the satellite industry and has successfully leveraged satellite technology to provide consumer services to millions of Americans.

III. DESCRIPTION OF THE TRANSACTION

A. Structure of the Transaction

Under the proposed Plan, claims of the Senior PIK noteholders, Exchangeable PIK noteholders and certain general unsecured claims against the TerreStar Companies (collectively, “Claims”) will be exchanged for equity in New TSN, discharging the vast majority of debt

¹⁴ A portion of Mr. Ergen’s interest in EchoStar is held in Grantor Retained Asset Trusts (“GRATs”). The trustee for the GRATs is Mr. William R. Gouger, a U.S. citizen; manager of the estate planning and management services firm of SC Management, LLC; and located at 400 Inverness Parkway, Suite 250, Englewood, Colorado 80112. In his capacity as trustee, Mr. Gouger holds shares representing 22.2% of the equity interest (assuming conversion of all shares of outstanding Class B Common Stock into Class A Common Stock) and 36.7% of the voting interest in the company.

currently held by the TerreStar Companies. New TSL will be a wholly owned subsidiary of New TSN. All pre-bankruptcy rights and interests in TSN, 89% of which are indirectly held by TerreStar Corporation, will be terminated.

B. Equity Distributions

The proposed Plan calls for equity in New TSN to be distributed in the form of common stock (“Common Stock”) and preferred stock (“Preferred Stock”). Common Stock will be distributed to all holders of Claims. Holders of Senior PIK Notes will receive approximately 97% of New TSN’s Common Stock on a pro rata basis to their holdings of Claims. The remaining approximately three percent of New TSN’s Common Stock will be distributed to the holders of the Exchangeable PIK notes and general unsecured claims against certain of the TerreStar Companies. In addition, Senior PIK noteholders and Exchangeable PIK noteholders will be eligible to participate in a \$125 million rights (“Rights”) offering for new Preferred Stock on a pro rata basis (based on their respective holdings of Claims) and in accordance with the Plan. The Common Stock and Preferred Stock have identical voting and economic rights, except that holders of Preferred Stock will receive a liquidation preference in the event of any merger, consolidation, change in control, liquidation or winding up of Reorganized TSN.

Pursuant to an Equity Purchase Commitment Agreement between EchoStar and TSN approved by the Bankruptcy Court on December 22, 2010 (the “EPCA”), EchoStar (and any other holder of Senior PIK notes that executes a joinder to the EPCA on or prior to February 7, 2011 (each such holder, an “Other Backstop Party”)) has committed to support TSN’s restructuring efforts by, among other things, “backstopping” all of the \$125 million Rights offering. Specifically, pursuant to the terms and conditions of the EPCA, EchoStar and any

Other Backstop Parties will fully exercise their Rights to purchase Preferred Stock and will purchase additional unsubscribed shares of Preferred Stock to the extent necessary to ensure that TSN receives at least \$125 million in proceeds from the Rights offering. Furthermore, the proposed Plan provides EchoStar and any Other Backstop Parties with the right to purchase additional Preferred Stock on a pro rata basis in an amount up to \$25 million (“Overallotment Right”), which amount may be reduced by EchoStar in its sole discretion. As a result, the Rights offering and Overallotment Right (collectively, the “Capital Infusion”) will inject between \$125 million and \$150 million of new capital into New TSN.

In addition, EchoStar is providing TSN DIP (and the other TerreStar Companies) with debtor-in-possession financing in the amount of \$75 million to fund its operations during the pendency of the TerreStar Companies’ reorganization. The Capital Infusion will be used, among other things, to repay the debtor-in-possession financing facility in full and to fund the operations of New TSN upon consummation of the Plan.

As a result of these equity distributions and related transactions, EchoStar will be the largest shareholder of New TSN, and the Applicants expect that it will hold at least 50% of New TSN’s equity and voting interests. New TSN, in turn, will wholly own and control New TSL. No other entity is anticipated to hold a direct or indirect interest of 10% or more in New TSN. Exhibit E provides a comprehensive description of the anticipated post-emergence ownership of the Applicants.¹⁵

¹⁵ The Claims continue to be traded, and, as a result, it is not possible to determine at this date the relative participation of the TerreStar Companies’ creditors in the Capital Infusion. However, the Bankruptcy Court has issued an order restricting certain trades of Claims and requiring notification to Applicants of trades of Claims to ensure the accuracy of this Application. Specifically, the Bankruptcy Court has imposed a restriction on any trading of

IV. PUBLIC INTEREST STATEMENT

To approve the transfer of control, the Commission must find that the proposed transaction serves “the public interest, convenience, and necessity.”¹⁶ To make this finding, the Commission has traditionally weighed the public interest benefits of the proposed transaction against any potential public interest harms to determine whether, on balance, the benefits outweigh any harms.

The Commission’s public interest analysis generally has included an examination of the following fundamental questions: (i) will the transaction result in a violation of the Communications Act or the Commission’s rules; (ii) will the transaction yield substantial public interest benefits; and (iii) will the transaction interfere with the objectives of the Communications Act.¹⁷

Claims after the filing of this Application that would result in an entity, upon the effective date of the Plan, (i) becoming a direct or indirect holder of 10% or more equity or voting interests in Reorganized TSN or (ii) becoming or ceasing to be, directly or indirectly, either (a) the largest holder of equity or voting interests in New TSN or (b) the holder of more than 50% of equity or voting interests in New TSN (collectively, the “Trading Restrictions”). In addition, the Bankruptcy Court’s order requires that notification be provided to the Applicants regarding any trade of Claims involving a holder of a sufficient amount of Claims so that such entity would be, upon the effective date of the Plan, a holder of 10% or more of the equity or voting interests in New TSN (“Trading Notifications”). Importantly, the Trading Restrictions ensure that no ownership change can occur between the filing of the Application and the effective date of the Plan that would constitute a major amendment to the Application. In addition, the Trading Restrictions ensure that the Applicants are able to identify any changes to (*i.e.*, additions to or deletions from) the list of the entities that will hold a 10% or greater direct or indirect equity or voting interest in New TSN. If the Capital Infusion results in any additional entities holding a 10% or greater direct or indirect equity or voting interest in New TSN, the Applicants will update the Application in accordance with Section 1.65 of the Commission’s rules. *See* 47 C.F.R. § 1.65.

¹⁷ *See, e.g., Time Warner Inc. and America Online Inc.*, 16 FCC Rcd. 6547 ¶ 1 (2001).

A. The Transaction Will Comply with the Requirements of the Communications Act, All Other Applicable Statutes, and the Commission's Rules

The proposed transaction will not implicate, much less run afoul of, any aggregation, cross-ownership or service-specific limitations imposed by the Communications Act, Commission regulation or applicable statute. Therefore, no rule waivers are being requested for Commission approval of the instant Application.¹⁸ Further, both EchoStar, a U.S. corporation, and Mr. Ergen, a U.S. citizen, are currently FCC licensees. Therefore their qualifications are a well-established matter of long-standing public record.¹⁹

B. The Transaction Will Yield Significant Public Interest Benefits

The Commission has repeatedly found that a transaction facilitating the retirement of debt during periods of global financial instability and improving access to capital is likely to offer substantial public benefits.²⁰ The Commission has moreover concluded that license transfers

¹⁸ The Applicants will file a petition for declaratory ruling seeking a Commission determination that it is not in the public interest to restrict indirect foreign ownership of New TSL to 25%. *See* 47 U.S.C. § 310(b)(4). In addition, out of an abundance of caution, the Applicants have requested a waiver of the Commission's cut-off rules should such they become applicable to the Applicants during the pendency of this Application. *See* Note 5. No cut-off rule is now applicable to any relevant pending applications.

¹⁹ On July 29, 2010, the International Bureau dismissed EchoStar's application to construct, launch, and operate a C-band satellite at the 84.9° W.L. orbital location on the grounds that EchoStar had surrendered licenses for five satellites in 33 months. The FCC held that such actions give rise to a presumption of speculation by EchoStar, which in turn limits the number of pending applications and unbuilt satellites a licensee may hold. *See* EchoStar Corporation, Application to Operate a C-Band Geostationary Satellite Orbit Satellite in the Fixed-Satellite Service at the 84.9° W.L. Orbital Location, *Memorandum Opinion and Order*, 25 FCC Rcd. 10193 (2010). EchoStar has filed a petition for reconsideration of that decision. In any event, the Commission has explicitly noted that the limitation does not apply to the acquisition of control over existing satellite licenses. Amendment of the Commission's Space Station Licensing Rules and Policies, *First Report and Order*, 18 FCC Rcd. 10760, 10850, ¶ 233 (2003) ("*First-Come, First-Served Order*"). Thus, that decision is inapposite to the instant Application.

effectuating bankruptcy-related reorganizations benefit the public interest, facilitate the introduction of new services, and help maintain existing services to the public.²¹ The instant transaction in fact is precisely of this type, and it can be expected to bring about abundant public benefits.

The instant restructuring under bankruptcy protection will afford New TSN and New TSL greater liquidity to meet operational requirements. Increased financial health will, in turn, ensure the uninterrupted provision of MSS services to the public by New TSN, as well as facilitate the continued development of new hybrid MSS/ATC technologies and competitive services. Thus, this new financial and operational structure will allow New TSN to fulfill the public interest benefits of MSS/ATC deployment, including the provision of increased network capacity, more efficient use of spectrum and economies of scale.²²

The transaction also will enable New TSN to draw on EchoStar's long experience, both in the combination of satellite and terrestrial services and in the coexistence of a satellite and terrestrial service in the same spectrum band. As for co-frequency spectrum sharing, EchoStar has had a passive stake in a Multichannel Video Data and Distribution Service ("MVDDS") licensee, South.com, a company now wholly owned by EchoStar's affiliate DISH Network. MVDDS operators share the 12.2-12.7 GHz band with Direct Broadcast Satellite ("DBS")

providers. EchoStar's expertise will assist New TSN in their operations and in avoiding disruption and interference between its systems and other users of the radio spectrum.

C. The Transaction Will Strengthen Competition and Not Frustrate Any Objectives of the Communications Act or the Commission's Rules

In addition to serving the public interest, the proposed transaction will not result in competitive harms or otherwise frustrate any Commission policy objective but instead will promote competition. EchoStar, which is expected to be the single largest shareholder of New TSN, is controlled by Mr. Charles W. Ergen, who also controls EchoStar's affiliate DISH Network. Such ownership does not raise any competitive concerns, however. Although DISH Network holds an interest in DBSD North America, Inc. ("DBSD"), a company which also holds a 2 GHz MSS authorization, neither DISH nor EchoStar controls DBSD. Moreover, DISH Network's minority stake in DBSD is far below the relevant attributable interest threshold under the Commission's *First-Come, First Served Order*.²³ In a related vein, the transaction will not produce any anticompetitive effects for the simple reason that neither EchoStar nor DISH Network is a participant in the MSS market today.

Therefore, after its financial restructuring, New TSN will be a stronger competitor and better equipped to offer competitive advanced services over its MSS/ATC system. Accordingly, the proposed transaction will serve the public interest consistent with Section 310(d) of the

²³ See *First-Come, First-Served Order* at ¶ 238 (an interest is attributable if the total asset value, defined as the aggregate of all equity plus all debt, exceeds 33%). In particular, DISH Network holds certain debt of DBSD. DBSD is currently in bankruptcy. If DBSD is allowed to complete its bankruptcy reorganization as currently proposed (which it is currently stayed by court order from doing), then DISH Network would receive an approximately 15% equity stake in the reorganized DBSD on account of its debt and certain exit financing.

Communications Act and will promote the Act's objectives instead of endangering these objectives in any way.

V. CONCLUSION

The Applicants have demonstrated that a grant of the instant Application will advance the public interest by enabling TSN DIP and TSL DIP to emerge from bankruptcy in a manner that will allow them to provide new and innovative services to consumers and enhance competition in the market for advanced communications services. Upon the consummation of the Plan, and upon Commission approval of this Application, New TSN, with the assistance of EchoStar, will be better positioned to finance and complete development of its MSS/ATC system.

Prompt grant of this Application is crucial to the completion of the Plan. TSN DIP and TSL DIP cannot emerge from bankruptcy until the Commission acts on the instant Application and other applications being filed with the Commission in relation to the proposed Plan. Any delay in this process would be detrimental to the Applicants. Accordingly, the Applicants request that the Commission promptly grant this Application to ensure the successful reorganization of TSN DIP and TSL DIP.

Equity Term Sheet

TerreStar Networks Inc.
Equity Term Sheet

<i>Issuer:</i>	TerreStar Networks Inc. (the “ <u>Issuer</u> ”), as reorganized as a Delaware corporation pursuant to its plan of reorganization (the “ <u>Plan</u> ”) confirmed in connection with its voluntary petition under Chapter 11 of the Bankruptcy Code.
<i>Majority Holder:</i>	EchoStar Corporation (“ <u>EchoStar</u> ”). As long as it complies with its purchase obligations hereunder, EchoStar will hold a majority of the issued and outstanding Preferred Stock (as defined below) and Common Stock (as defined below) as of immediately following consummation of the Plan.
<i>Other Designated Investors:</i>	Those persons (other than EchoStar and its affiliates) that agree by entering into an agreement, in a form reasonably acceptable to EchoStar and the Issuer, to support the Plan in respect of all of their direct or indirect holdings of equity or debt (<i>i.e.</i> , all securities) of the Issuer (the “ <u>Other Designated Investors</u> ” and, together with EchoStar, the “ <u>Backstop Parties</u> ”).
<i>Securities Acquired:</i>	Newly-issued shares of the Issuer’s Series A Preferred Stock, par value \$0.01 per share (the “ <u>Preferred Stock</u> ”) and newly-issued shares of the Issuer’s Common Stock, par value \$0.01 per share (the “ <u>Common Stock</u> ”).
<i>Dividends:</i>	The Preferred Stock will participate in any dividends or distributions paid by the Issuer with respect to its Common Stock on an as-if-converted basis but will otherwise have no preference in respect of the declaration and payment of dividends.
<i>Liquidation Preference:</i>	Upon any voluntary or involuntary liquidation, dissolution, or winding up of the Issuer, prior to any distributions to holders of any other capital stock of the Issuer, the proceeds therefrom will first be distributed to holders of Preferred Stock on a ratable basis until each such holder has received a liquidation preference per share equal to the greater of (i) 1.76 times the purchase price per share that is offered in the Rights Offering and (ii) the amount per share that such holder would be entitled to receive in such liquidation in respect of the Common Stock into which a share of

Preferred Stock is then convertible.

Any merger, recapitalization, reorganization or other transaction or series of related transactions which effects a “sale” of the Issuer will be treated in the same manner as a liquidation of the Issuer.

Conversion:

Each holder of shares of Preferred Stock will have the option, at any time and from time to time prior to the Issuer’s IPO, to convert all or any portion of such shares of Preferred Stock into an equal number of shares of Common Stock (subject to customary anti-dilution provisions to adjust for stock splits, stock dividends, stock combinations and similar events and to preserve the conversion rights of the Preferred Stock in the event of mergers, consolidations and similar events that change the securities into which the Preferred Stock is convertible).

All outstanding shares of Preferred Stock will automatically convert into shares of Common Stock immediately prior to (but subject to the consummation of) the Issuer’s IPO.

Board of Directors:

The Issuer’s Board of Directors (the “Board”) will at all times prior to termination of these provisions (as set forth below) consist of nine (9) members, (i) five (5) of whom will be designated by EchoStar; (ii) one (1) of whom will be the Issuer’s Chief Executive Officer and (iii) three (3) of whom will be Independent Directors.

The Independent Directors will initially be designated by the Other Designated Investors holding a majority of the voting power of the Preferred Stock and Common Stock held by all Other Designated Investors. Thereafter, or if there are no Other Designated Investors, (i) vacancies created by the resignation, removal (which may only be for cause), death or disability of an Independent Director will be filled by majority vote of the remaining Independent Directors, (ii) each holder (other than EchoStar and its affiliates) of 3% or more of the outstanding shares of Common Stock (determined on an as-if-converted basis) will have the right to nominate one or more candidates for election as an Independent Director at each stockholder meeting of the Issuer called to elect Independent Directors, and (iii) Independent Directors

will be elected at each such meeting (including an initial meeting at or prior to the consummation of the Plan if there are no Other Designated Investors) by plurality vote among all the stockholders of the Issuer (other than EchoStar and its affiliates).

To qualify as an “Independent Director”, an individual must not be an officer, director, or employee of, or otherwise have a material economic interest in or business relationship with, (a) the Issuer or any of its affiliates, (b) any person who holds more than 10% of the outstanding Common Stock (determined on an as-if-converted basis), or (c) any affiliate of any such person contemplated by (a) or (b) above.

The requirement to maintain at least three (3) Independent Directors will continue at all times (including following the Issuer’s IPO) during which EchoStar and its affiliates own less than 75% of the outstanding Common Stock (determined on an as-if-converted basis).

The presence of a majority of Directors, together with, when applicable, a majority of the Directors appointed by EchoStar and a majority of the Independent Directors, will constitute a quorum at a duly convened meeting; provided, if no quorum exists at a meeting for which notice was duly given, then the meeting may be adjourned and notice of recommencement given not less than 24 hours prior to recommencement of such adjourned meeting and the presence thereof of a majority of Directors, represented either in person or by proxy, will constitute a quorum at such reconvened meeting. Any meeting of the Board may be called by any two (2) Directors, on 48 hours’ prior written notice to the Board and all Board meetings will include the ability to participate by conference telephone.

At least one (1) Independent Director will be appointed by the Board to each key standing committee of the Board to the extent consistent with applicable law and, to the extent applicable, the rules of any exchange on which the Common Stock is then listed, and subject to the eligibility of such individual.

Except to the extent determined otherwise by the Board (including a majority of the Independent Directors), the board of directors or other equivalent

governing body of each subsidiary of the Issuer will have the same composition as the Board.

Voting:

The Preferred Stock and the Common Stock will vote together on all matters as a single class on an as-if-converted basis, except to the extent that the law requires a separate class vote.

Negative Covenants:

The Issuer will not, and will not permit any of its subsidiaries to, take any of the following actions without the prior written consent of the holders of at least 75% of the outstanding Common Stock (voting together as a single class on an as-if-converted basis):

- (i) Any amendment or modification (including by way of a merger) to the Issuer's or any of its subsidiaries' certificate of incorporation or by-laws (or equivalent governing documents) that would alter the rights, preferences, or privileges of the Preferred Stock; and
- (ii) Any change to or violation of the requirement to maintain at least three (3) Independent Directors at any time during which such requirement is in effect (other than during the period pending election of a new Independent Director following the resignation or removal of an Independent Director).

The covenant in (i) above will terminate upon consummation of the Issuer's IPO, and the covenant in (ii) above will terminate when the requirement that the Issuer maintain at least three (3) Independent Directors terminates.

The Issuer will not, and will not permit any of its subsidiaries to, take any of the following actions without the approval of a majority of the Board (which shall include at least one (1) Independent Director), enter into, or modify or amend, any material contract, arrangement, or transaction with EchoStar or any of its affiliates, with a value exceeding US\$25 million, other than (x) contracts, transactions, or arrangements among the Issuer and its wholly-owned subsidiaries, (y) contracts that are entered into in the ordinary course of business or otherwise are on terms and conditions generally offered by the Issuer or EchoStar to other third parties or (z) contracts that are fair from a financial point of view to the Issuer as

determined by the Board, after consultation with a nationally recognized independent financial advisor.

The foregoing covenant will terminate when the requirement that the Issuer maintain at least three (3) Independent Directors terminates.

Registration Rights:

At any time and from time to time, after the date that is six months after the completion of the Issuer's IPO, investors that hold at least 10% of the Registrable Shares will have the right to require the Issuer to register an offering (whether or not underwritten) of all or any portion consisting of at least \$50,000,000 in value of Registrable Shares. In addition, after the second anniversary of the consummation of the Plan, investors that hold at least 10% of all Registrable Shares will have the right to demand a Qualified IPO (as defined below). In connection with any such demand registration (whether or not underwritten), the Issuer will use its reasonable best efforts to list its shares on the NYSE or Nasdaq Global Market (to be selected by the Issuer's Board in its sole discretion).

A "Qualified IPO" will be an initial public offering in which the investors making such demand offer for sale an amount of shares having a value of at least \$75 million.

In addition to the above rights, at any time after the date on which the Issuer is eligible to register securities on Form S-3, the investors will have the right to require the Issuer to register an offering (whether or not underwritten) of all or any portion of their Registrable Shares, subject to such offering consisting of at least \$25,000,000 in value of Registrable Shares. Any such registration may take the form of a shelf registration. The Issuer will use its reasonable best efforts to qualify to register securities on Form S-3 as soon as allowed by applicable law.

Each holder of Registrable Shares will have the right to participate in any registration by the Issuer of any Registrable Shares (whether effected pursuant to a demand registration described above or otherwise) on a pro rata basis. Cutbacks, to the extent required, will be applied to holders of Registrable Shares only on a pro rata basis.

"Registrable Shares" means (i) shares of Common

Stock received or receivable in connection with the conversion of any Preferred Stock, and (ii) any other shares of Common Stock purchased or received by a holder thereof pursuant to the Plan.

Tag-Along Rights:

Prior to the Issuer's IPO, in the event of any sale or transfer of any Preferred Stock or Common Stock by EchoStar or any of its affiliates (other than to EchoStar or one of such affiliates, but including to the Issuer or any of its subsidiaries), each Other Designated Investor will have the right to participate in such sale or transfer on a pro rata basis with respect to the Common Stock and Preferred Stock, on an as-if-converted basis, held by it. The aforementioned rights shall not apply to the Common Stock except to the extent that the proposed purchaser elects to purchase Common Stock.

Drag-Along Obligations

In the event that, prior to the Issuer's IPO, a "sale" of the Issuer is approved by the Board (including the approval of a majority of the Independent Directors), all stockholders of the Issuer will be required to participate in such transaction on the same terms as are applicable to holders of Preferred Stock and Common Stock generally, subject in all cases to customary protective provisions.

Selling Restrictions:

Until the completion of the Issuer's IPO, an investor may only transfer its Preferred Stock and Common Stock to (a) a single purchaser that is in such transaction acquiring the entirety of the transferor's Preferred Stock and Common Stock, (b) a single purchaser who is in such transaction acquiring at least two percent (2.0%) of the total Preferred Stock and Common Stock of the Issuer or (c) an investor who continues to hold shares of Preferred Stock and/or Common Stock immediately prior to such purchase. In connection with any such transfer, the Issuer shall have the right to require an opinion of counsel in the context of any transfer that the transfer will not violate the Securities Act of 1933 or applicable state "blue sky" laws. An investor may not transfer Preferred Stock or Common Stock if, as a result of such transfer, the Issuer would be required to register a class of securities under Section 12(g) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or any successor provision, or

otherwise become subject to the reporting obligations of the Exchange Act or any successor statute.

The shares of Preferred Stock and Common Stock will not otherwise be subject to any other restrictions on transfer, except as may be imposed under applicable securities laws. Any person (other than EchoStar and its affiliates) that acquires shares of Preferred Stock or Common Stock first held by an Other Designated Investor will succeed to the rights and obligations (including the restrictions set forth herein) of such Other Designated Investor with respect to such shares.

Preemptive Rights:

Prior to the Issuer's IPO, each holder of Preferred Stock or Common Stock will have the right to purchase their pro rata share of any future issuances of capital stock or equity securities (or warrants, options, convertible or exchangeable securities, or other rights to acquire capital stock or equity securities) by the Issuer that EchoStar or any of its affiliates participates in, on the same terms as are offered to EchoStar or its affiliates, in each case pro rata to such holder's proportionate equity interest in the Issuer (on an as-if-converted basis), that would otherwise be diluted as a result of the participation of EchoStar or its affiliates, in each case subject to customary exceptions. The Preemptive Rights of all such holders may be waived by a majority of the Board (including a majority of the Independent Directors); provided, that any such waiver must apply to all holders of Preemptive Rights.

Access Rights:

Until the Issuer's IPO, EchoStar and each Other Designated Investor that owns more than 10% of the Issuer's Common Stock (on an as-if-converted basis) will have the right, at reasonable times and upon reasonable advance notice, to inspect the facilities, books and records, employees, and outside auditors of the Issuer and its subsidiaries, in each case subject to customary confidentiality undertakings.

Information Rights:

The Issuer will provide to each Other Designated Investor, until the Issuer's IPO:

- (i) within 45 days following the completion of the first three fiscal quarters in a fiscal year, unaudited, consolidated quarterly financial statements of the Issuer and its subsidiaries, prepared in accordance with GAAP;

- (ii) within 90 days following the completion of each fiscal year, audited, consolidated annual financial statements of the Issuer and its subsidiaries, prepared in accordance with GAAP; and
- (iii) reasonably promptly following the occurrence thereof, written notice of any events that would require the filing of a Form 8-K by the Company if the Company were required to file SEC reports pursuant to the Exchange Act.

Until the Issuer's IPO, the Issuer will hold conference calls, in each case no later than 10 days following the delivery of its quarterly and annual financial statements, which will provide each Other Designated Investor the opportunity to discuss such financial statements and other matters with the Issuer's senior management.

Without limiting the generality of the foregoing, from and after consummation of the Plan and until the Issuer's IPO, the Issuer will use its reasonable best efforts to make Rule 144A(d)(4) information available to the Other Designated Investors.
