**MOTION FOR ORDER APPROVING SALE OF ASSETS  
FREE AND CLEAR OF LIENS, CLAIMS AND INTERESTS**

---

PricewaterhouseCoopers Inc. (“PWC”), as the court-appointed receiver (the “Receiver”) and authorized foreign representative of Tartan Controls Corp. (“Tartan Corp.”) in the proceeding pending in the Court of Queen’s Bench of Alberta, Canada (the “Canadian Proceeding” or the “Canadian Court”), by and through its undersigned counsel, Lewis Roca Rothgerber Christie LLP, hereby files this motion seeking an order approving the sale of substantially all of the Tartan Corp.’s assets free and clear of liens, claims and interests (the “U.S. Sale Motion”). In support of the U.S. Sale Motion, PWC states as follows:

**JURISDICTION AND VENUE**

This Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157(a) and (b) and 1334(a) and (b) and 11 U.S.C. § 1501 of the Bankruptcy Code. This is a core proceeding

pursuant to 28 U.S.C. § 157(b)(2)(P). Venue is proper in this district pursuant to 28 U.S.C. § 1410(1).

## **BACKGROUND**

### **I. The Structure and General Operations of Tartan Corp.**

1. The party authorized to act in the Canadian Proceeding and under Chapter 15 of the Bankruptcy Code is the Receiver.

2. Prior to entry of the Receivership Order, certain Tartan entities, including Tartan Controls Inc. (“TI”), provided engineering, manufacturing, and services related to down-hole drilling tools in the western Canadian oil and gas market. Tartan Corp. is a Wyoming registered corporation and a wholly owned subsidiary of TI. On information and belief, Tartan Corp. was created by TI as a way to extend its service and infrastructure into the United States, including North Dakota, Wyoming, and Colorado.

### **II. Events Leading to the Commencement of the Canadian Proceeding**

3. Beginning in 2010, The Toronto-Dominion Bank (“TD Bank”) established a secured lending relationship with TI (the “Credit Facilities”). The most recent credit agreement with TI is dated April 28, 2015, as further amended by agreements dated June 19, 2015, October 28, 2015, April 18, 2016 and April 29, 2016 (collectively, the “Credit Agreement”). The Credit Facilities were secured by various security agreements and guaranties. Tartan Corp. is a guarantor of the obligations represented by the Credit Facilities by virtue of its execution of an Unlimited Guarantee and Postponement in favor of TD Bank, jointly and severally guaranteeing the indebtedness and liabilities of TI. Tartan Corp. also granted a general security interest securing the indebtedness owed by TI.

4. In July, 2016, TD Bank demanded payment from various Tartan entities, including Tartan Corp. TD Bank issued demand letters to Tartan Corp. for the repayment of the indebtedness represented by the Credit Agreement and Notices of Intention to Enforce Security pursuant to Section 244 of the *Bankruptcy and Insolvency Act (Canada)*. Based on the foregoing, the decision was made to seek appointment of a receiver in order to protect TD Bank's collateral in Canada and the United States.

### **III. The Canadian Proceeding**

5. The *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3 (the "BIA") allows for the appointment of receivers in Canada. The BIA is a federal statute that governs a number of different insolvency proceedings to which individuals and corporations are subject, including bankruptcies, proposals and receiverships. In this case, the BIA provides the jurisdictional basis for the Canadian Court to grant an order appointing a Receiver over all of the assets and undertakings of Tartan Corp.

6. On September 16, 2016, TD Bank, as Plaintiff, filed an Application by Plaintiff seeking the appointment of a Receiver in the Court of Queen's Bench of Alberta, Judicial Centre of Edmonton (the "Canadian Court"), Court File No. 1603 16074 (the "Application"). Tartan Corp. is named as a Defendant in the Application. A Receivership Order was entered in the Canadian Court on September 28, 2016, a copy of which is attached hereto as **Exhibit 1**.

7. Additionally, on December 19, 2016 the Receiver took the legal step of having TI make a voluntary assignment into bankruptcy (the "Canadian Bankruptcy") under and pursuant to the BIA. In the Canadian Bankruptcy, the Receiver was appointed as Trustee on that date. These appointments as Receiver and Trustee are complementary. The Receiver remains the

officer of the court to deal with the assets of TI and Tartan Corp. The Trustee's role is primarily administrative.

8. Pursuant to the Receivership Order, a stay is in place in Canada which prohibits any proceeding or enforcement process against Tartan Corp. or its assets. *See* Exhibit 1, ¶ 8. Further, all rights and remedies of any entity, whether judicial or extra-judicial, are stayed and suspended against Tartan Corp. and its assets. *Id.* The Canadian Court appointed PWC as the Receiver. *Id.* at ¶ 2. The Receiver's role in the Canadian Proceeding is to take possession and to preserve all property of Tartan Corp., and Tartan Corp. is obligated to cooperate with the Receiver in this respect. *Id.* at ¶¶ 4-5.

9. The Receivership Order also requests "the aid and recognition of any court . . . to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order." *Id.* at ¶ 28. The Receivership Order also specifies that "the Receiver shall be authorized to apply as it may consider necessary and appropriate or desirable, with or without notice, to any other court or administrative body, whether in Canada, the United States of America or elsewhere, for orders which aid and complement the Order and any subsequent orders of this Court and, without limitation to the foregoing, an order under Chapter 15 of the *U.S. Bankruptcy Code*, for which the Receiver shall be the foreign representative of the Debtor." *Id.* at ¶ 29.

#### **IV. The Receiver's Intended Actions**

10. The Receiver intends to liquidate all assets of Tartan Corp. for the benefit of its creditors.

#### **V. The Chapter 15 Case**

11. On January 23, 2017, the Receiver filed a Petition in order to recognize the Canadian Proceeding as a foreign main proceeding in the United States. By filing the Petition,

the Receiver wishes to obtain relief in substantially the same form provided in the Canadian Proceeding, and to allow for the proper and necessary communication and coordination between the Canadian Proceeding and this case to ensure the orderly, fair, and efficient restructuring or liquidation of Tartan Corp.

12. It is anticipated that on March 8, 2017, the Court will enter an Order Granting Recognition as a Foreign Main Proceeding and Related Relief in the Tartan Corp. bankruptcy case (the “Proposed Recognition Order”).

13. The Proposed Recognition Order, as proposed, provides, *inter alia*, that the Receivership Order entered in the Canadian Proceeding should be given full force and effect in the United States. *See Proposed Recognition Order*, p. 3, ¶ 3. The Proposed Recognition Order further states “the administration or realization of all or part of the assets of Tartan Corp. within the territorial jurisdiction of the United States is hereby entrusted to the Receiver, and the terms of the Receivership Order shall apply to Tartan Corp., its creditors, the Receiver, and any other parties-in-interest.” *Id.*, ¶ 4.(c).

14. In turn, with regard to the administration or realization of the Tartan Corp. assets, the Receivership Order provides that:

The Receiver is hereby empowered and authorized, but not obligated, . . .

- (k) to market any or all the Property, including advertising and soliciting offers in respect of the Property or any part or parts thereof and negotiating such terms and conditions of sale as the Receiver in its discretion may deem appropriate.
- (l) to sell, convey, transfer, lease or assign the Property or any part or parts thereof out of the ordinary course of business,
  - (i) without the approval of this Court in respect of any transaction not exceeding \$100,000, provided that the aggregate consideration for all such transactions does not exceed \$500,000; and

- (ii) with the approval of this Court in respect of any transaction in which the purchase price or the aggregate purchase price exceeds the applicable amount set out in the pending clause, . . .
- (m) to apply for any vesting order or other orders necessary to convey the Property or any part of parts thereof to a purchase or purchasers thereof, free and clear of any liens or encumbrances affecting such Property . . .

*Receivership Order*, pp. 3-4.

## **VI. The Canadian Sale Procedures**

15. In November 2016, the Receiver undertook a formal marketing and sale process (with respect to the TI property) and contacted approximately 96 parties in North America, including four auctioneers. Interested parties received an Invitation for Offers to Purchase Assets Packet a/k/a Sale of Assets by Tender Information Package dated November 21, (the “Information Package”), a copy of which is attached hereto as **Exhibit 2**.

16. The Information Package<sup>1</sup> provided, in relevant part, that:
- (a) Certain assets were being offered for sale on an “as is, where is” basis which were comprised of milling machines, lathes, grinder, band saws, welders, compressors, sand blasters, pressure washers, CNC Machines and other miscellaneous equipment and inventory located primarily in Edmonton, Alberta. The assets are described as:
    - (i) Lot 1: Edmonton - Equipment and Other Assets
    - (ii) Lot 2: Edmonton - Leased Equipment (subject to approval by the lease company)
    - (iii) Lot 3: Edmonton – Inventory (collectively, the “TI Assets”)
  - (b) A viewing of the TI Assets was scheduled for November 30, 2016 from 9:00 a.m. to 2:00 p.m.
  - (c) That all TI Assets were being sold “en-bloc” and that the Receiver would not consider piecemeal offers.

---

<sup>1</sup> The disclosures herein represent a summary of the terms of the proposed auction and sale of the Tartan Corp.’s assets. Creditors, parties-in-interest and the Court should fully review the Information Package for all applicable terms and conditions.

- (d) Tenders would be accepted until 12:00 p.m., M.D.T., Wednesday, December 7, 2016.
- (e) Any accepted tender and subsequent sale could be and therefore remains subject to and conditional on court approval on terms acceptable to the Receiver.

*Information Package*, pp. 2-7. In addition to offering to buy the TI Assets, the Purchaser made an unsolicited offer to purchase certain assets owned by Tartan Corp which included a majority of Tartan Corp.'s assets located in Casper, Wyoming (the "Casper Assets"). Although it was determined there appeared to be no net benefit to the Receiver taking possession of the Casper Assets, they are nevertheless included in the overall sale (the "Sale") (Lots 1-3 and the Casper Assets are collectively referred to as the "Assets").

17. Subsequent to the Sale, on February 6, 2017, the Receiver filed with the Canadian Court its First Report to the Court Submitted by PricewaterhouseCoopers, Inc. in its Capacity as Receiver dated February 6, 2017 (the "First Report"). A copy of the First Report is attached as **Exhibit 3**.

18. Thereafter on February 10, 2017, the Receiver filed with the Canadian Court its Second Report to the Court Submitted by PricewaterhouseCoopers Inc. in its Capacity as Receiver dated February 10, 2017 (the "Second Report"). A copy of the Second Report is attached hereto as **Exhibit 4**. The First and Second Reports indicate, *inter alia* that:

- On December 6, 2017, Eastar Premium Pipe, Inc. ("Estar" or the "Purchaser") submitted a letter of intent (the "LOI") for the purchase of all TI Assets as well as all of the assets owned by Tartan Corp.
- Following the signing of the LOI, the Receiver and Eastar entered into two Asset Purchase Agreements, one pertaining to TI and the second pertaining to Tartan Corp. (the "Tartan Corp. APA").

- The Tartan Corp. APA in general provides that Eastar will acquire all the assets, properties and undertakings of Tartan Corp. used in the United States and located at the premises of Tartan Corp. at 2327 Colman Circle, Casper, Wyoming and Suite 2800S, 600-17th Street, Denver, Colorado on the closing date in connection with business of Tartan Corp.
- The Tartan Corp. assets include, but are not limited to, the capital assets, intellectual property and all other assets of Tartan Corp. as specified in the Tartan Corp. APA.

19. In addition, on February 10, 2017, the Receiver in the Canadian Proceeding filed two Applications for Order Approving Sale and Vesting Order (Personal Property) and Temporary Sealing Order (TCC); one pertaining to the TI Assets; and the other pertaining to the Tartan Corp. assets (together, the “Canadian Sale Motion”) in order to have the Sale of all Assets approved by the Canadian Court. A copy of the certified Canadian Sale Motion relating to Tartan Corp.’s assets is attached hereto as **Exhibit 5**.

20. The Canadian Sale Motion includes “Confidential Appendices” including, but not limited to, an Edmonton Equipment Appraisal, Asset Purchase Agreements and the Receiver’s Estimated Realization Analysis. Contemporaneously with the filing of this U.S. Sale Motion, the Receiver is filing in this Court a Motion to Seal Confidential Appendices in Connection with Contemporaneously Filed Sale Motion (the “Motion to Seal”) requesting the Court seal the Confidential Appendices, which request has also been made *and approved* in the Canadian Proceeding.

21. Objections, if any, to the Canadian Sale Motion were due on February 14, 2017 at 2:00 p.m. at a scheduled hearing on the matter. No objections to the approval of the Sale were

made at the scheduled hearing, and a Sale Approval and Vesting Order (Personal Property) and Temporary Sealing Order (TCC) was entered by the Canadian Court on February 14, 2017 (the “Canadian Sale Order”). A certified copy of the Canadian Sale Order is attached hereto as **Exhibit 6.**

### **REQUESTED RELIEF**

22. By and through the U.S. Sale Motion and pursuant to 11 U.S.C. § 363(b), (f) and (m) and FED. R. BANKR. P. 6004 and 6005, the Receiver requests that the Court enter an Order approving the sale of the Assets free and clear of all liens, claims, and interests. The Receiver also requests that the Court recognize and enforce Canadian Sale Order entered by the Canadian Court approving the sale of the Assets to the Purchaser.

23. Approval of the Sale to the Purchaser is in the best interests of the bankruptcy estate. The Sale to the Purchaser represents the culmination of a marketing and sale effort conducted by the Receiver. The Sale is not conditioned on further due diligence or financing contingencies. The Purchaser has demonstrated that it has the ability to close the transaction upon obtaining the necessary approval from the Canadian Court and this Court.

### **DISCUSSION AND RELEVANT LEGAL AUTHORITY**

24. It is anticipated that, either explicitly or by reference to 11 U.S.C. § 1520, 11 U.S.C. § 363 applies to the Tartan Corp. Chapter 15 case. *See In re Qimonda AG Bankr. Litig.*, 433 B.R. 547, 560 (E.D. Va. 2010) (“§ 1520 lists only three provisions from Chapter 3—namely §§ 361, 362, and 363—that apply automatically, all of which are routinely implicated in Chapter 15 proceedings.”).

25. Section 363(b)(1) of the Bankruptcy Code provides that “[t]he trustee, after notice and a hearing, may use, sell, or lease, other than in the ordinary course of business, property of

the estate.” See 11 U.S.C. § 363(b)(1); see also *Cajun Elec. Power Coop., Inc. v. Official Comm. of Unsecured Creditors (In re Cajun Elec. Power Coop., Inc.)*, 119 F.3d 349, 354 (5th Cir. 1997). The proper standard for the Court’s use in considering a proposed motion to sell is the “business judgment” test and, under that standard, the debtor-in-possession has the burden to establish sound business reasons for the terms of the proposed sale. See *In re Castre, Inc.*, 312 B.R. 426, 428 (Bankr. D. Colo. 2004) (citing *In re Lionel*, 722 F.2d 1063 (2nd Cir. 1983)). The factors for the Court to consider in whether to approve the Sale include: (i) any improper or bad motive; (ii) that the price is fair and the negotiations or bidding occurred at arm’s length; and (iii) adequate procedures, including proper exposure to the market and accurate and reasonable notice to all parties in interest. *Id.*

26. The Purchaser in this case is not an “insider” of the Receiver, TI, or Tartan Corp., as defined in Bankruptcy Code Section 101(31) and is purchasing the Assets in good faith and is a good faith buyer within the meaning of Bankruptcy Code Section 363(m). The Receiver believes that the price being received for the Assets is fair and reasonable under the circumstances. Accordingly, the Receiver has demonstrated compelling circumstances and good and sufficient business purpose and justification for the Sale.

27. 11 U.S.C. § 363(f) provides that a debtor may sell property under 11 U.S.C. § 363(b) free and clear of any interest in such property of an entity other than the estate only if:

- (1) applicable nonbankruptcy law permits sale of such property free and clear of such interest;
- (2) such entity consents;
- (3) such interest is a lien and the price at which such property is to be sold is greater than the aggregate value of all liens on such property;
- (4) such interest is in bona fide dispute; or

- (5) such entity could be compelled, in a legal or equitable proceeding, to accept a money satisfaction of such interest.

28. The Receiver submits that subsections (1) and/or (5) of the above statute apply to the Assets. In addition, TD Bank, Tartan Corp.'s primary secured creditor, has consented to the sale of the Assets, thereby satisfying subsection (2) of the statute. Accordingly, the Assets can be sold free and clear of liens, interests, and claims pursuant to 11 U.S.C. § 363(f).

29. Approval of the sale of the Assets was approved in the Canadian Proceeding on February 14, 2017. Approval of the Sale in the United States will promote the objectives and principles provided in Chapter 15 of the Bankruptcy Code, including Section 1501. The relief requested in the U.S. Sale Motion is specifically of a type contemplated by Section 1521 and Chapter 15.

#### **DISPOSITION OF SALE PROCEEDS**

30. All liens and security interests in the Assets will attach to the respective proceeds of sale.

#### **NOTICE OF THIS MOTION**

31. Notice of the U.S. Sale Motion is being served on all creditors, interested parties and the United States Trustee pursuant to FED. R. BANKR. P. 2002(a)(2) and Local Bankruptcy Rule 9013-1.

WHEREFORE, the Receiver respectfully requests that the Court enter an Order:

- (a) approving the sale of substantially all of Tartan Corp.'s assets free and clear of liens, claims, and interests;
- (b) specifying that, to the extent applicable, liens, claims, or interests attach to the proceeds of any sale;
- (c) recognizing and enforcing the Canadian Sale Order entered by the Canadian Court; and
- (d) requests such other and further relief as the Court deems appropriate.

Respectfully submitted February 23, 2017.

If the tender is accepted, the Deposit will be applied to the purchase price on closing. The tenderer hereby agrees that the Deposit, subject always to paragraph 22, constitutes a genuine pre-estimate of damages and that the Deposit will be forfeited as liquidated damages by the tenderer to the Receiver if the tender is withdrawn at any time before notification of the acceptance of the successful tender has been given. ## *Invitation for Offers to Purchase Assets*

11. This summary and any other documentation or material provided at any time to the tenderer have been prepared solely for the convenience of prospective tenderers and is not warranted to be complete or accurate. Without limiting the generality of the foregoing, however, the tender does not include any assets that are not included in the summary.

12. **The Receiver advises that the asset listings provided herein are based off of Company records and therefore, the Receiver provides no assurance as to their accuracy.** Further, the Assets are being sold on an **“as is, where is”** basis. Without limiting the generality of the foregoing, a tender will be accepted on the basis that no representation, warranty, inducement or condition has been expressed, given or made or can be implied as to title, size, description, fitness for purpose or intended use, quantity, number, condition or quality of the Assets or in respect of any other matter or thing whatsoever, and the tenderer shall be deemed to have relied entirely upon his own inspection and investigation of the Assets. All conditions and warranties provided for in the Alberta Sale of Goods Act and any other relevant legislation are waived by the tenderer.

13. Certified cheques or bank drafts accompanying unsuccessful tenders will be returned by hand to the tenderer or by courier addressed to the tenderer at the address stated on the tender form on or before December 16, 2016.

14. Upon a tender being accepted, there shall be a binding agreement of purchase and sale (hereinafter referred to as the “Agreement”) which shall be constituted by:

- (a) the tender of the successful tenderer (hereinafter referred to as the **“Purchaser”**);
- (b) the Terms and Conditions of Sale;
- (c) the acceptance of the tender.

15. The balance of the purchase price, plus or minus the permitted adjustments, shall be paid on closing. Such closing shall occur as soon as possible after the date of Receiver’s acceptance (herein the **“Closing Date”**).

16. The Receiver shall remain in possession of the Assets until the purchase is completed. The Receiver’s interest in the Assets shall not pass to the Purchaser nor shall they be entitled to possession of same until the purchase price and all other payments to be made by the Purchaser to the Receiver have been paid in full.

17. From the date of acceptance of the tender as defined in paragraph 10 hereof, the Purchaser shall, at their own expense, have three (3) days to examine title to the Assets and provide the Receiver with written notice of any objection (**“Notified Encumbrance”**), failing which the Purchaser shall be obliged to have conclusively accepted the title with any defects, limitations, and/or encumbrances.

18. Should any valid objection to title be made in writing within the time provided for in paragraph 17, the Receiver shall have a reasonable time to rectify and comply with the same and if the Receiver is unable or unwilling to rectify or comply with the same, the Receiver shall be at liberty to rescind the sale (notwithstanding any intermediate negotiations with respect to such objections or any attempt to rectify or comply with the same), by notice in writing served upon or mailed by registered mail, postage prepaid, addressed to the Purchaser at its address as designated in its tender, or addressed to its solicitor at his usual place of business, in which case the Agreement resulting from the acceptance of the tender shall be null and void and the Purchaser shall be entitled only to a return of the Deposit money without interest, and shall not be entitled to any compensation of any kind or nature whatsoever for any loss, damage, cost or otherwise. The foregoing shall not in any way prohibit the Receiver and the Purchaser from agreeing on an adjustment to the purchase price in respect of any valid objection to title.

19. Until the Closing Date, or other date agreed to between the Receiver and the Purchaser, all risk of loss or damage by fire or other cause or hazard to the Assets shall be in and remain at the risk of the Receiver. The obligation of the Receiver to sell and of the Purchaser to purchase the Assets shall terminate in the event that prior to the Closing Date, the Assets are substantially destroyed by fire, flood, the elements, Government action, civil commotion or any other external cause beyond the control of the Receiver or its principals.

20. On closing, the Purchaser shall be entitled only to such Receiver's Bill of Sale and/or assignments as may be considered necessary by the Receiver to convey to the Purchaser the Receiver's interest in the Assets. All registration or conveyance costs shall be the responsibility of the Purchaser. The Receiver shall only covenant that it has done nothing to encumber the assets being conveyed.

21. The Purchaser shall pay on the Closing Date by certified cheque or bank draft made payable to the **"PricewaterhouseCoopers Inc., Receiver of Tartan"**:

(a) the balance of the purchase price, as adjusted; and

(b) all applicable federal and provincial taxes arising on the sale and payable by the Purchaser, including without restriction Goods and Services Tax. Any taxes which a Receiver is required by law to collect from the Purchaser on sale shall be paid by the Purchaser to the Receiver on closing, unless the Purchaser is exempt and provides to the Receiver the appropriate license, tax number evidencing exemption from payment of taxes, or (in the case of Goods and Services Tax) a declaration or certificate in form and content acceptable to the Receiver.

22. If the Purchaser fails to comply with the terms and conditions of the Agreement, the Deposit and all other payments shall be forfeited and the Assets may be sold, and the deficiency, if any, by such resale, together with all costs, expenses and charges attending to the same or occasioned by such default, shall be paid forthwith by the Purchaser to the Receiver on demand.

23. The Receiver shall not be required to furnish or produce any declarations or other documents evidencing title, except those, if any, in its possession. The Purchaser shall rely upon his own searches and shall provide the Receiver with details of the searches, if requested.

24. The Receiver shall not be liable for any failure to complete the sale if enjoined by any order by a court of competent jurisdiction or if the Security under which the Receiver is acting is redeemed. In this case, the Receiver shall be liable to the Purchaser only for the return of the Deposit without interest, costs or any compensation whatsoever, and the parties shall be relieved of any further obligation with respect to the Agreement.

25. Any tendered documents or money hereunder may be made upon the Receiver or the Purchaser or their respective solicitors.

26. This Agreement sets forth the entire terms and conditions of sale and there are no representations, warranties or conditions collateral hereto affecting the purchase of the Assets.

1. INTRODUCTION

1.1 On September 28, 2016, pursuant to an order of the Court of Queen's Bench of Alberta, PricewaterhouseCoopers Inc. ("PwC") was appointed as receiver (in such capacity, the "Receiver"), without security, of all of the current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate including all proceeds thereof of Tartan Controls Inc. ("TCI") and Tartan Controls Corp. ("TCC") (collectively, the "Company") pursuant to section 243(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3 ("BIA") and sections 13(2) of the *Judicature Act*, R.S.A 2000, c.J-2, and 65(7) of the *Personal Property Security Act*, R.S.A. 2000, c.P-7.

1.2 On February 6, 2017, the Receiver filed its first report with the Court (the "First Report") setting out the activities of the Receiver, the marketing process for the sale of TCI assets and request the Court's approval of a Sale and Vesting Order for the sale of TCI assets.

1.3 This is the Receiver's second report (the "Second Report") to the Court. The purpose of this report is to seek approval of the sale of TCC assets in accordance with paragraphs 3(l) and 3(m) of the Receivership Order and to request a vesting order in respect of the same.

1.4 In preparing this Second Report, the Receiver has relied upon certain unaudited financial information of the Company, the Company's various books and records, information obtained from former management of the Company and other sources.

1.5 In accordance with industry practice, except as described in this Second Report, the Receiver has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the information in a manner that would comply with Accounting Standards for Private Enterprises pursuant to the CPA Canada Handbooks.

1.6 The Receiver reserves the right to refine or amend its comments and findings as further information is obtained or brought to its attention subsequent to the date of this Second Report.

1.7 This Second Report contains sensitive information which may adversely affect the sale of the Company's assets (discussed later in this report). Further, if the proposed sale does not close, the Receiver is of the view that efforts to remarket the Company may be impaired if the following appendices to this Second Report are made public at this time:

1.7.1 Confidential Appendix A – Estimated Realization for Tartan Controls Corp.

1.7.2 Confidential Appendix C – Eastar TCC APA (as defined further below)

(collectively the "Confidential Appendices")

- 1.8 Therefore, the Receiver considers it appropriate that the Confidential Appendices remain confidential until such time as the sale of the TCC assets is completed and respectfully requests that the Confidential Appendices be sealed until that time.
- 1.9 The Receiver established a website at [www.pwc.com/ca/tartancontrols](http://www.pwc.com/ca/tartancontrols). All prescribed materials filed by the Receiver relating to these proceedings are available to creditors and other interested parties in electronic format at this website.
- 1.10 Unless otherwise stated, all monetary amounts noted herein are expressed in Canadian dollars.

## **2. BACKGROUND**

- 2.1 TCC provided drilling services to the oil and gas industry to customers in the United States. At the date of the receivership, the Receiver was aware that TCC had two locations and operated primarily from Casper, Wyoming with a sales office located in Denver, Colorado.
- 2.2 Further information on the Company's background is set out in the Receiver's First Report.

## **3. POSSESSION AND CUSTODY**

- 3.1 At the date of the receivership, TCC was only operating in the United States. To the best of the knowledge of the Receiver, TCC did not continue to carry on business after the Receiver's appointment.
- 3.2 The Receiver prepared an estimated realization analysis for the TCC assets, attached as Confidential Appendix "A", which includes the underlying factors and reasoning that brought about the Receiver's opinion that there was likely no recoverable value to the estate in a forced liquidation scenario. Accordingly, the Receiver did not immediately proceed with an application for a recognition order in the United States Bankruptcy Court or take possession of the assets in the United States. The Receiver addressed its concerns with TD on this matter as they were the main affected creditor for the TCC assets.
- 3.3 Regardless, the Receiver engaged a third party appraiser to perform a site visit at the location where the majority of the TCC assets were located. A summary of these findings and the assets at each of the TCC locations are discussed later in this report.
- 3.4 The Receiver was of the view that until it moved forward with a potential sale of all assets of TCI and TCC (discussed later in the report), it may not be commercially reasonable to deal with the assets of TCC in the United States.

**4. ASSETS**

- 4.1 Set out below is a summary of the TCC assets as determined by the Receiver through a combination of information obtained from the Company's books and records in addition to assessments made from information obtained from site visits.

**Cash on Hand**

- 4.2 TCC held bank accounts with multiple financial institutions in the United States including TD, First Interstate Bank and First Capital. At the time of our appointment the account balances were nominal or had zero balances.
- 4.3 As indicated previously, the Receiver did not take possession of the TCC assets and, therefore, the Receiver did not establish a new bank account in the United States.

**Accounts Receivable**

- 4.1 The October 5, 2016 internal financial statements for TCC reflected an accounts receivable balance of approximately US\$325,000 a summary of which is attached as Appendix "B". It is anticipated that this balance is likely overstated as approximately \$155,000 is due from two companies related to TCC and is likely uncollectible.
- 4.2 To date, the Receiver has not pursued collection of accounts receivable of TCC, but will do so when the sale of other TCC assets (discussed later in this report) is completed.

**Inventory**

- 4.3 The financial information as at October 5, 2016 reflected an inventory balance of US\$786,845 at TCC. This inventory is of a similar nature to TCI's inventory. However, based on an appraisers review (discussed further below), this inventory balance may not be correct.

**Intangibles / Intellectual Property**

- 4.4 The Company's internal financial statements do not reflect any intangible assets or intellectual property. The Receiver performed a search at the patent registries and confirmed that TCC does not hold patents in Canada or the United States.

**Capital Assets**

- 4.5 The October 5, 2016 internal financial statements reflected a net book value of the capital assets of approximately US\$466,795. These assets are comprised primarily of various leased vehicles and specific oilfield tools and equipment, namely downhole drill motors.

Based on a discussion and review of these assets by an appraiser which attended on site, the value of the capital assets reflected in the records of TCC may not be correct.

- 4.6 The Receiver did not release its interest in the leased assets located in the United States as it did not take possession of these assets and was aware that these assets were of particular interest to potential purchasers, as addressed later in this report.

5. **SECURED CREDITORS**

- 5.1 The Receiver performed a search at the Personal Property Registry (the "PPR") and the following secured creditors were identified as having registered a security interest against TCC. Copies of the search results are included as an appendix to the Receiver's First Report.

<i>Tartan Controls Corp.</i>	
Creditor	Description
Toronto Dominion Bank	All Present and After Aquired Personal Property

- 5.2 The Receiver has retained legal counsel based in the United States, Lewis Roca Rothgerber Christie LLP ("LRRC"), and requested they provide an opinion on the validity of this security.
- 5.3 No creditor has contacted the Receiver indicating they are a secured creditor of TCC other than TD.

6. **PRIORITY CLAIMS**

- 6.1 As discussed in the Receiver's First Report, the Receiver is currently reviewing the available records of TCC and discussing with its United States legal counsel the potential for any priority claims in the United States that could rank ahead of the security of TD. At this time the Receiver is not aware of any such priority claims.

7. **REALIZATION PROCESS**

- 7.1 The Receiver assessed the Company's various locations in order to determine the optimal course of action with respect to realizing on the assets at each location. Specifically, the Receiver visited, or caused to be viewed, the locations of the Company to assess the cost versus the benefit to the estate of taking possession and dealing with the assets at each location.
- 7.2 A summary of the activities at each of the TCI locations can be found in the Receiver's First Report. A summary of the activities for each of the TCC locations is discussed in further detail below.

- 7.3 Casper, Wyoming – As indicated previously, the majority of TCC assets were located in Casper where the majority of TCC's operations took place. The Receiver engaged a third party to review the assets at this location and based on this review and comparable forced liquidation values for assets of TCI, it was determined that there appeared to be no net benefit to taking possession of these assets (see Confidential Appendix "A" regarding TCC's estimated realization).
- 7.4 However, as these assets are included in the prospective sale of TCC assets (as discussed below), the Receiver has initiated Chapter 15 recognition proceedings in the United States and anticipates seeking approval of this sale in the United States once a sale and vesting order is granted in Canada.
- 7.5 Denver, Colorado – The Receiver was advised that this location served only as a sales office for TCC with assets limited to furniture and office equipment of minimal recoverable value. Accordingly, the Receiver did not incur costs to assess the assets at this location.

## 8. UNSOLICITED OFFER RECEIVED

- 8.1 As discussed in the Receiver's First Report, on December 6<sup>th</sup>, a letter of intent (the "LOI") was received from Eastar Premium Pipe Inc. ("**Eastar**" or the "**Purchaser**") for all of the assets of TCI and the TCC assets located in the United States.
- 8.2 The Receiver reviewed the offer with TD and it was concluded that accepting the offer from Eastar was the best course of action and would maximize the realizations in the receivership in light of the Receiver's analysis on the estimated realizations discussed earlier, attached as Confidential Appendix "A".
- 8.3 Following the signing of the LOI, an asset purchase agreement for the assets of both TCI and TCC was negotiated at length. Subsequently, the Receiver and Eastar agreed to separate the transaction in order to deal with the terms of the TCI assets (the "**Eastar TCI APA**") and the TCC assets (the "**Eastar TCC APA**") separately.
- 8.4 The Eastar TCI APA is discussed further in the Receiver's First Report. The Eastar TCC APA is attached as Confidential Appendix "C", and will form part of the Temporary Restricted Access Order requested by the Receiver.

## 9. PROPOSED SALE TRANSACTION – TCC ASSETS

- 9.1 Set out below is a summary of the principal terms and conditions of the Eastar TCC APA. All capitalized terms used in this section and not otherwise defined are as defined in the Eastar TCC APA.

### **Purchased Assets**

- 9.2 Eastar will acquire all the assets, properties and undertaking of TCC used in the United States and located at the premises of TCC at 2327 Colman Circle, Casper, Wyoming and Suite 2800S, 600-17 Street, Denver, Colorado as of the Closing Date in connection with the Business of TCC (the "**Purchased Assets**"), including but not limited to:
- 9.2.1 the capital assets of TCC as specified in Appendix I of Schedule B of the Eastar TCC APA, which, for certainty, shall exclude the Excluded Assets and any other assets to which the Receiver did not gain a right to possession since being appointed as Receiver pursuant to the Receivership Order;
  - 9.2.2 the intellectual property owned by TCC including the related designs, drawings, data sheets and any electronic versions of such materials; and
  - 9.2.3 all other assets of TCC as specified in the Eastar TCC APA.

### **Excluded Assets**

- 9.3 Certain Company assets are excluded (the "**Excluded Assets**") under the Eastar TCC APA, including:
- 9.3.1 any accounts receivable or cash on hand of TCC as at January 11, 2017; and
  - 9.3.2 any equipment subject to leases, which will be obtained by the Purchaser subsequent to the release of the Receiver's interests therein as described in the Eastar TCC APA.

### **Consideration**

- 9.4 The Purchase Price shall be paid to the Receiver in full on the Closing Date including any applicable taxes therein as described in the Eastar APA.

### **Conditions Precedent**

- 9.5 The Eastar TCC APA is subject to the satisfaction or waiver of, each of the following conditions precedent:
- 9.5.1 obtaining an order of the Bankruptcy Court in the United States recognizing the original receivership order;
  - 9.5.2 obtaining an order recognizing the Alberta order approving the sale and an Approval and Vesting Order from Bankruptcy Court in the United States approving the Eastar TCC APA; and

- 9.5.3 any other terms and conditions as may be directed by the Bankruptcy Court in the United States.

### Closing

- 9.6 The date of closing the purchase and sale transaction shall be the Business Day next following the receipt of the latest of the PRC Approval, the granting of the Recognition Order and the compliance by the Purchaser and Receiver with any terms and conditions as may be contained in the Recognition Order.

## 10. SERVICE OF COURT APPLICATIONS

- 10.1 This section is intended to address what service of documents the Receiver considers appropriate for both the TCC and TCI sale applications.
- 10.2 This receivership is in its fifth month. There are a number of reasons that the receivership is taking this length of time to reach applications for approvals of sale. The primary reason is protracted negotiations with respect to potential sales, but there were other logistical issues that needed to be dealt with as well.
- 10.3 As a result of this extended time, the occupancy costs for the Edmonton premises alone will be approximately \$450,000 by the time the Receiver vacates that location. Due to the protracted negotiations and the cross border nature of the estate, professional fees of the Receiver, its Canadian counsel and its United States counsel will impact estate recoveries.
- 10.4 Consequently, the Receiver expects that the net amount that will be paid upon completion of the sales, after payment of statutory priorities (CRA deemed trust and WEPPA) and the Receiver's fees and disbursements, will not be enough to pay out TD and they will suffer a significant shortfall. In short, there will be no money for unsecured creditors in Canada or the United States.
- 10.5 The Receiver has served the TCI sale application and First Report on CRA, WCB, all parties having a registration in Alberta's PPR and one unsecured creditor. That one unsecured creditor is Lee Oilfield Service Ltd. ("Lee"). Lee is owed approximately \$164,000. The unsecured creditor of TCI with the next highest claim is owed approximately \$35,000.
- 10.6 The Receiver will serve the TCC sale application and Second Report on CRA, TD and two unsecured creditors. With respect to serving TCC's unsecured creditors, the Receiver notes the records of TCC indicate that of approximately \$1,200,000 owed to unsecured creditors by TCC, over \$1,000,000 is owed to the related company Tartan Completion Systems Inc. ("TCS"). The Receiver will serve TCS. The next largest creditor of TCC is Stone Properties LLC ("Stone") of Casper Wyoming; it is owed \$62,500. The Receiver

will attempt to serve Stone, but will not be attempting to serve any other unsecured creditors.

- 10.7 In any event, both of these applications and the Receiver's First Report and Receiver's Second Report are on the Receiver's website, which is available to the public at large.

**11. RECEIVER'S RECOMMENDATION**

- 11.1 Based on the foregoing, the Receiver fully supports the approval of the sale of the TCC assets to Eastar and the issuance of the necessary Court Orders to affect the transaction for the following reasons:

11.1.1 The Receiver is of the view that it is unlikely that higher recoveries could be obtained through an auction process after consideration of commissions, expenses and holding costs;

11.1.2 TD, the principal secured creditor of the Company, fully supports accepting the offer from Eastar; and,

11.1.3 As it is expected there will be a shortfall to TD, TD is the only creditor that will be affected by the sale.

- 11.2 As noted above, the Receiver is of the view that it is preferable that the Confidential Appendices remain confidential until the sale closes. The Receiver is of the view that if the sale does not close, disclosing the Confidential Appendices may impair the Receiver's efforts to remarket the assets if these documents are made public.

- 11.3 Accordingly, the Receiver requests an order of the Court temporarily restricting access to the Confidential Appendices, which will be independently filed with the Court as Confidential Appendices "A" and "C" to this Second Report, pending the closing of the sale.

- 11.4 If the Eastar deal is not completed as contemplated, the Receiver may seek auction proposals for the sale of the assets to determine the commercial reasonability of the proposals. However, if an auction is required, it is likely that the realizations in the estate of TCC will be impacted and some additional costs in dealing with the assets may be incurred. As indicated previously, TD is aware of this situation.

**12. UNITED STATES PROCEEDINGS**

- 12.1 As noted in the Receiver's First Report, following the commencement of the Receivership proceedings in Canada, the Receiver engaged LRRC, legal counsel located in Denver, Colorado, concerning the Receiver's intention to seek provisional relief from the United States Bankruptcy Court for the District of Wyoming (the "U.S. Court") pursuant to Chapter 15 of the United States Bankruptcy Code ("Chapter 15") to deal with the assets of TCC as needed.
- 12.2 In anticipation of the Eastar TCC APA being finalized, materials were filed on January 23, 2017, and an Order to Show Cause and Temporary Restraining Order was granted.
- 12.3 On February 6, 2017, a Preliminary Injection Order was granted by the U.S. Court. A copy of the order is attached as Appendix "D".
- 12.4 A hearing is scheduled to be held on March 8, 2017 for recognition of the Canadian receivership proceedings as the Foreign Main Proceeding, pursuant to Chapter 15. This will then be followed by a recognition order approving the proposed sale and vesting order pursuant to this application.

**13. FUTURE COURSE OF ACTION**

- 13.1 The Receiver will proceed as follows in respect of the administration of the estate:
  - 13.1.1 Conclude the sale contemplated above based on the assumption that this Honourable Court approves this proposed transaction;
  - 13.1.2 Continue to pursue the collection of outstanding accounts receivable;
  - 13.1.3 Seek orders in the United States Court for recognition of the Canadian receivership proceedings as the Foreign Main Proceeding and approval of the proposed sale and a vesting order for the TCC assets;
  - 13.1.4 Resolve and conclude all priority claims; and
  - 13.1.5 Conclude all statutory requirements pursuant to the BIA.

14. CONCLUSION

14.1 The Receiver respectfully requests that the Court grant the Receiver's motion to:

14.1.1 Approve the sale of the TCC assets to Eastar; and

14.1.2 Grant a Temporary Restricted Access Order with respect to the Confidential Appendices.

This report is respectfully submitted this 10<sup>th</sup> day of February, 2017

**PRELIMINARY INJUNCTION ORDER**

---

The application (the "Application")<sup>1</sup> of PricewaterhouseCoopers Inc. ("PWC"), as the court-appointed receiver (the "Receiver") and authorized foreign representative of Tartan Controls Corp. ("Tartan Corp.") in the proceeding pending in the Court of Queen's Bench of Alberta, Canada (the "Canadian Proceeding"), pursuant to sections 105(a) and 1519 of title 11 of the United States Code (the "Bankruptcy Code") for entry of an order to show cause with temporary restraining order and a preliminary injunction (the "Preliminary Injunction") is before this court. The court considered and reviewed: (i) the Application, (ii) the petition (the "Petition") pursuant to Section 1515 of the Bankruptcy Code for entry of an order recognizing the Canadian Proceeding as a foreign main proceeding; (iii) the Declaration of Andrew Burnett (the "Declaration") offered in support of the Application and the Petition; (iv) the Receivership Order entered in the Canadian Proceeding on September 28, 2016 (the "Receivership Order"); and all other documents filed in support thereof (together with the Application, Petition, Declaration and Receivership Order, the "Supporting Papers"). The court's review of the docket reflects no objections were filed. Therefore, this court finds and concludes as follows:

- A. There is a substantial likelihood that the Receiver will be able to demonstrate that the Canadian Proceeding is a "foreign proceeding" within the meaning of Section 101(23) of the Bankruptcy Code and that

---

<sup>1</sup> Capitalized terms not defined herein shall have the meanings ascribed to them in the Application.

the Receiver is a "foreign representative" of the debtor, as defined in Section 101(24) of the Bankruptcy Code;

- B. The commencement or continuation of any action or proceeding in the United States against Tartan Corp., the Receiver, in its role as foreign representative of Tartan Corp., or any of Tartan Corp.'s assets or proceeds thereof should be enjoined pursuant to Sections 105(a) and 1519 of the Bankruptcy Code to permit the expeditious and economical administration of Tartan Corp.'s estate in the Canadian Proceeding, and the relief requested either: (i) will not cause undue hardship to; or (ii) any hardship to parties in interest is outweighed by the benefits of the relief requested;
- C. Unless a preliminary injunction order issues, there is a material risk that Tartan Corp.'s assets could be subject to efforts by creditors in the United States to control or possess such assets. Such acts could: (i) interfere with the jurisdictional mandate of this court under Chapter 15 of the Bankruptcy Code; (ii) interfere with and cause harm to the Canadian Proceeding; and (iii) undermine the Receiver's efforts to achieve an equitable result for the benefit of all of Tartan Corp.'s creditors. Accordingly, there is a material risk that Tartan Corp. may suffer immediate and irreparable injury for which it will have no adequate remedy at law and therefore it is necessary that the court enter this Order;
- D. The interests of the public will be served by this court's entry of this Order;
- E. The Receiver, in its role as foreign representative of Tartan Corp., and Tartan Corp., are entitled to the full protections and rights available pursuant to Section 1519(a) of the Bankruptcy Code; and
- F. The security provision provided in Rule 65(c) of the Federal Rules of Civil Procedure, made applicable through Rule 7065 of the Bankruptcy Rules, is unnecessary in this case and is therefore waived.

THEREFORE, IT IS HEREBY ORDERED that, upon entry of this Order and continuing until further Order of this court, all persons and entities are:

- 1. enjoined from: (i) commencing or continuing any legal proceeding (including, without limitation, arbitration, or any judicial, quasi-judicial, administrative or regulatory action, proceeding or process whatsoever), including any discovery, or taking any other action (each, an "Action") against the Receiver, in its role as foreign representative of Tartan Corp., Tartan Corp., or Tartan Corp.'s United States assets or the proceeds thereof, rights, obligations, or liabilities; (ii) the enforcement of any judicial, quasi-judicial, administrative or regulatory judgment, assessment or order or arbitration award against the Receiver, in its role as foreign

representative of Tartan Corp., Tartan Corp., or Tartan Corp.'s United States assets or the proceeds thereof; and (iii) the commencement or continuation of any Action to create, perfect or enforce any lien, setoff or other claim against Tartan or against any of their assets or the proceeds thereof; provided, however, that no Action described in Sections 555, 556, 557, 559, 560, 561, 562 and 1519(d) and (f) of the Bankruptcy Code shall be enjoined by such preliminary injunction (the "Excepted Actions");

2. required, if plaintiff in an action in which Tartan Corp. is or was named as a party, or as a result of which liability against Tartan Corp. may be established, to place the Receiver's U.S. Counsel (as defined below) on the master service list of any such action or proceeding and to take such other steps as may be necessary to ensure that such counsel receive:  
(i) copies of any and all documents served by the parties to such action or proceeding or issued by the court, arbitrator, administrator, regulator or similar official having jurisdiction over such action or proceeding, and  
(ii) copies of any and all correspondence or other documents circulated to parties listed on the master service list; and
3. prohibiting all persons and entities other than the Receiver from possessing or exercising control over Tartan Corp.'s assets located in the United States, except as authorized in writing by the Receiver, by Order of this court, or in the Canadian Proceeding.

It is further ordered that nothing in this Order shall be deemed to prohibit or enjoin any civil action pending in the United States against third parties and non-Tartan Corp. entities or enjoin discovery as otherwise authorized against third parties and non-Tartan entities.

It is further ordered that, until further Order of this court, the Receiver, in its role as foreign representative of Tartan Corp., is entitled to the full protection and rights available pursuant to Section 1519(a) of the Bankruptcy Code, including:

- a. In accordance with and subject to the terms of the Receivership Order, the right and power of the Receiver to administer and/or to realize all or part of Tartan Corp.'s assets located in the United States in order to protect and preserve the value of such assets;
- b. The right and power to transfer, encumber, or otherwise dispose of any assets of Tartan Corp. is prohibited, except by the Receiver as provided in this Preliminary Injunction, the Receivership Order, or to facilitate the operation of Tartan Corp.'s business in the ordinary course; and

- c. The right and power to seek additional relief that is available to a trustee except for relief available under Sections 522, 544, 545, 547, 548, 550, and 724(a) of the Bankruptcy Code.

It is further ordered that (i) any party in interest may make a motion seeking relief from, or modification to, this Preliminary Injunction, by filing a motion on not less than ten (10) business days' notice to the U.S. Counsel (as defined below), seeking an order for such relief, and any such request shall be the subject of a hearing scheduled by the court, and (ii) any party in interest may file objections and be heard by the court in accordance with the terms of any order of the court providing for a hearing on any subsequent relief sought by the Receiver in this proceeding.

It is further ordered that motions, if any, submitted for the purpose of opposing or seeking relief from this Preliminary Injunction must be made in writing and shall be filed with this court and served upon Brent R. Cohen, Esq. and Chad S. Caby, Esq., Lewis Roca Rothgerber Christie LLP, 1200 17th Street, Suite 3000, Denver, CO 80202 (the "U.S. Counsel").

It is further order that, pursuant to Section 1519(b), this Preliminary Injunction shall terminate upon entry of an order granting the Receiver's Petition.

It is further ordered that, pursuant to Rule 7065 of the Federal Rules of Bankruptcy Procedure, the security provisions of Rule 65(c) of the Federal Rules of Civil Procedure are waived.

**Grounds for making this application:**

**Sale and Vesting Order**

- 2 On September 28, 2016, the Court of Queen's Bench of Alberta (the "Court") granted an order (the "**Order**") appointing PricewaterhouseCoopers Inc. ("PWC" or the "Receiver") as receiver and manager of Tartan Controls Inc. ("TCI") and Tartan Controls Corp. ("TCC") (collectively, the "**Companies**") of all of the Companies' current and future assets, undertakings and properties of every nature and kind whatsoever and where ever situate pursuant to an application made by the Plaintiff, The Toronto Dominion Bank ("TD").
- 3 The Order authorized the Receiver to:
  - (a) Market any or all of the real and personal property of the Companies (and to solicit offers in respect of such property or any part or parts thereof), in accordance with Paragraph 3(k) thereof;
  - (b) Negotiate the terms and conditions of a sale of the property of the Companies in accordance with Paragraph 3(k) thereof;
  - (c) Sell, convey, transfer, lease or assign the property of the Companies or any part or parts thereof out of the ordinary course of business with the approval of this Honourable Court in accordance with Paragraph 3(l)(ii) thereof; and
  - (d) Apply for any Vesting Orders necessary to convey the property of the Companies or any part or parts thereof to a purchaser free and clear of any liens and encumbrances in accordance with Paragraph 3(m) thereof.

- 4 Pursuant to the Order, the Receiver undertook a formal marketing and sale process (with respect to the TCI Property) which included making contact with approximately 96 parties from across North America including four Auctioneers to request auction proposals, attending to site visits by interested parties and posting an information package on the Receiver's website for this insolvency proceeding.
- 5 Interested parties were provided with an information package and a form of offer and terms and conditions of sale. The Receiver allowed three weeks for marketing and due diligence, with the submission of offers to be received by December 7, 2016 (the "Bid Deadline").
- 6 By the Bid Deadline, two en bloc offers and two offers on individual lots were received and three auction proposals.
- 7 The offer from Eastar Premium Pipe Inc. ("**Eastar**") was the highest offer received. This offer included all assets of the Companies, including the assets of TCI in Canada ("**TCI Property**") and the assets of TCC in the United States ("**TCC Property**").
- 8 Eastar submitted a letter of intent ("LOI") on December 6, 2016 which was finalized on January 11, 2017.
- 9 Following the signing of the LOI, an Asset Purchase Agreement was entered into between the Receiver and Eastar with respect to the TCI Property effective January 31, 2017 ("**TCI APA**"). The Receiver and Eastar also negotiated a form of agreement for the purchase of the TCC Property ("**TCC APA**") and this was signed on February 10, 2017.
- 10 The Receiver has received a non-refundable deposit from Eastar.
- 11 The closing of the transaction under the TCC APA is contingent upon an Order being granted by this Court approving the sale and authorizing the Receiver to complete the transaction; and is also contingent upon an order or orders being granted by the United States Bankruptcy Court recognizing the original receivership order and the Order Approving Sale and Vesting Order which is the subject of this application.

#### **Sealing Order**

12. The Confidential Appendices contain confidential information of a commercial nature which, if disclosed to third parties prior to the closing of the sale set out herein, could materially jeopardize the sale, or if the sale does not close, could materially jeopardize the value that the Receiver is subsequently able to obtain from the sale of the TCC Property, and as such, it is appropriate that the Court dispense with filing the Confidential Appendices with the Clerk of the Court until the transaction under the TCC APA has closed, or to grant an interim sealing order in relation thereto.

#### **Material or evidence to be relied on:**

13. (a) The First Report and Second Report, filed;
- (b) Confidential Appendices, unfiled;
- (c) Such further and other material as legal counsel for the Receiver may advise and this Honourable Court may permit.

DATE ON WHICH ORDER WAS PRONOUNCED: Tuesday, February 14, 2017

NAME OF JUSTICE WHO MADE THIS ORDER: The Honourable Mr. Justice R. P. Belzil

LOCATION: EDMONTON

UPON the application of PricewaterhouseCoopers Inc., in its capacity as court-appointed receiver (the "Receiver") of Tartan Controls Corp. ("TCC") and all of TCC's current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof (the "TCC Property") under the Receivership Order granted by the Honourable Justice S.D. Hillier dated September 28, 2016 (the "Receivership Order"), for an Order (i) approving the sale transaction (the "TCC Transaction") contemplated by the Asset Purchase Agreement effective February 9, 2017 (the "TCC Sale Agreement") between the Receiver as receiver of TCC, and not in its personal or corporate capacity, and Eastar Premium Pipe Inc. (the "Purchaser"); (ii) vesting in the Purchaser all of the right, title and interest of TCC in and to the assets described therein ("Purchased Assets") free and clear of all Claims (as defined below) and (iii) granting related relief; AND UPON reviewing the First Report of the Receiver dated February 6, 2017 (the "First Report") and the Second Report of the Receiver dated February 10, 2017 (the "Second Report"), AND UPON hearing from counsel for the Receiver and counsel for other

interested persons; AND UPON it appearing that the sale of the Purchased Assets under the TCC Sale Agreement is in the best interests of the creditors of TCC; AND UPON noting that an order restricting access to the unfiled Confidential Appendices being the TCC Sale Agreement and the Receiver's Estimated Realization Analysis with respect to TCC Property (which are collectively called "Confidential Appendices") is appropriate in these circumstances; AND UPON noting that the benefits of an order restricting access to these aforementioned documents before closing of the sale outweigh the deleterious effects on the right to free expression;

IT IS HEREBY ORDERED, ADJUDGED AND DECLARED THAT:

**SERVICE**

1. Service of the notice of this application and supporting materials is hereby declared to be good and sufficient upon all interested persons and no other person is required to have been served with notice of this application, and time for service is abridged to that actually given.

The Receiver is hereby authorized and directed to conclude the TCC Transaction on the terms as set out in the TCC Sale Agreement and to take all such steps and execute all such documents as may reasonably be necessary to complete the transactions contemplated therein substantially in accordance with its terms, subject to such amendments as the parties thereto may approve which do not materially and adversely alter the TCC Transaction.

**VESTING OF PURCHASED ASSETS**

7. Upon delivery of a Receiver's certificate to the Purchaser (or its nominee) substantially in the form set out in **Schedule "A"** hereto (the "**Receiver's Certificate**"), all of the right, title and interest of TCC in and to the Purchased Assets described in the Sale Agreement and listed on **Schedule "B"** hereto shall, without further instrument of transfer or assignment, vest in the Purchaser, absolutely and forever, free and clear of and from any and all claims, estate,

- (b) All charges, security interests or Claims evidenced by registration, filing or publication pursuant to the Personal Property Security Act, RSA 2000, c P-7 (the "PPSA") or any other personal registry system,

for greater certainty, this Court orders that all of the encumbrances affecting or relating to the Purchased Assets and all charges, security interests and claims evidenced by registrations pursuant to the PPSA are expunged, vacated, and otherwise unconditionally ordered removed, discharged and terminated as against the Purchased Assets, in each case effective as of the applicable date and time of the Receiver's Certificate.

8. For greater certainty, the Purchased Assets described in the TCC Sale Agreement and listed on Schedule "B" hereto shall exclude the Excluded Assets as defined in the TCC Sale Agreement.
9. The Receiver is to file with the Court a copy of the Receiver's Certificate, forthwith after delivery thereof to the Purchaser.

**RECOGNITION ORDER FROM THE UNITED STATES OF AMERICA**

11. This Court hereby requests the aid and recognition of any court, tribunal, regulatory or administrative body having jurisdiction in the United States to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order. All such courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Receiver, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Receiver and its agents in carrying out the terms of this Order. More specifically, and not to limit the generality of the foregoing, this Court respectfully requests an order allowing and authorizing the Receiver to take all steps necessary to complete the TCC Transaction and thereupon to vest all right, title and interest of TCC in the Purchased Assets in the Purchaser, free and clear of any interest whatsoever.
12. The Purchaser shall be entitled to enter into and upon, hold and enjoy the Purchased Assets for its own use and benefit without any interference of or by any person claiming by or through or against TCC or the Receiver.
13. TCC and all persons or entities who claim by, through or under TCC in respect of the Purchased Assets shall stand absolutely and forever barred, estopped, and foreclosed from and permanently enjoined from pursuing, asserting, or claiming any and all estate, right, title, interest, royalty, rental, equity of redemption, or Claim in respect of or to the Purchased Assets and, to the extent that any such persons or entities remain in possession or control of any of the Purchased Assets, or any artifacts or any certificates, instruments or other indicia of title representing or evidencing any right, title, estate or interest in and to the Purchased Assets, they shall forthwith deliver possession thereof to the Purchaser.

**CANCELLATION OF SECURITY REGISTRATION**

In order to affect the discharges and transfers described above this Court requests that the Governmental Authorities each take such steps as are necessary to give effect to the terms of this Order and the TCC Sale Agreement authorized herein. Presentment of this Order and a copy of the Receiver's Certificate shall be the sole and sufficient authority of the Governmental Authorities to make and register the said transfers and cancel and discharge the registrations of Claims and any encumbrances on the Purchased Assets.

**NET PROCEEDS**

16. From and after the delivery of the Receiver's Certificate, any and all Claims of any Claimants in any or all of the Purchased Assets shall vest in the place and in the stead thereof in and to the net sale proceeds of the sale of the Purchased Assets, in the same priorities as existed prior to the granting of this Order, after payment in full of all reasonable costs, charges and expenses, including without limitation, all professional fees and disbursements incurred by the Receiver on a solicitor and his own client full indemnity basis, in connection with the

Receivership Order or the TCC Transaction, and subject to the priority of the Court ordered charges provided in the Receivership Order.

17. From and after the delivery of the Receiver's Certificate, the Purchaser shall have no liability of any kind whatsoever to any Claimants in respect of any Claims they may have against the TCC or the Purchased Assets.
18. The TCC Transaction shall not be void or voidable at the instance of Claimants and shall not constitute nor shall be deemed to be a settlement, fraudulent preference, assignment, fraudulent conveyance or other challengeable or reviewable transaction under the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended (the "BIA") or any other applicable federal or provincial legislation, and the TCC Transaction, or any actions taken in connection therewith, shall not constitute conduct meriting an oppression remedy.

20. The Receiver is hereby authorized and directed to:
  - (a) perform the covenants in the TCC Sale Agreement substantially in accordance with their terms and conditions, subject to such amendments as the Receiver and the Purchaser may approve which do not materially and adversely alter the Transaction, including without limitation, reasonable extensions of the closing date; and

Clerk of the Court

DATE ON WHICH ORDER WAS PRONOUNCED: Tuesday, February 14, 2017

NAME OF JUSTICE WHO MADE THIS ORDER: The Honourable Mr. Justice R. P. Belzil

LOCATION: EDMONTON

UPON the application of PricewaterhouseCoopers Inc., in its capacity as court-appointed receiver (the "Receiver") of Tartan Controls Corp. ("TCC") and all of TCC's current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof (the "TCC Property") under the Receivership Order granted by the Honourable Justice S.D. Hillier dated September 28, 2016 (the "Receivership Order"), for an Order (i) approving the sale transaction (the "TCC Transaction") contemplated by the Asset Purchase Agreement effective February 9, 2017 (the "TCC Sale Agreement") between the Receiver as receiver of TCC, and not in its personal or corporate capacity, and Eastar Premium Pipe Inc. (the "Purchaser"); (ii) vesting in the Purchaser all of the right, title and interest of TCC in and to the assets described therein ("Purchased Assets") free and clear of all Claims (as defined below) and (iii) granting related relief; AND UPON reviewing the First Report of the Receiver dated February 6, 2017 (the "First Report") and the Second Report of the Receiver dated February 10, 2017 (the

“**Second Report**”), AND UPON hearing from counsel for the Receiver and counsel for other interested persons; AND UPON it appearing that the sale of the Purchased Assets under the TCC Sale Agreement is in the best interests of the creditors of TCC; AND UPON noting that an order restricting access to the unfiled Confidential Appendices being the TCC Sale Agreement and the Receiver’s Estimated Realization Analysis with respect to TCC Property (which are collectively called “Confidential Appendices”) is appropriate in these circumstances; AND UPON noting that the benefits of an order restricting access to these aforementioned documents before closing of the sale outweigh the deleterious effects on the right to free expression;

IT IS HEREBY ORDERED, ADJUDGED AND DECLARED THAT:
