The Debtor is a California corporation. It was formed for the purpose of selling and installing solar energy systems and to provide training to potential installers. The Debtor's corporate office is located in Murrieta, California. It is under the management of Kelly Smith, President, and Steve Fulgham, Chief Operating Officer. Kelly Smith owns 56.83% of the Debtor's outstanding shares, and Steve Fulgham 17.89%; the remaining shares are held by eight (8) other individuals and couples.

Over the past year, due to the effect of delayed cash flows from third-party financing arrangements and slow payment on various jobs and projects, the Debtor fell behind in paying its various vendors and lenders. It attempted to work out a program with its creditors to avoid having to seek relief from this Court, and was moderately successful, but in the end it could not avoid filing for protection under Chapter 11 of the Bankruptcy Code; its petition was submitted on March 2, 2016.

Operating over the past months as a debtor-in-possession, the Debtor has improved its business and financial structure, and is current on its post-petition obligations. It has changed some of its methods of doing business to avoid the need for purchasing so much inventory in advance for later installation, obtained new customer contracts regarding the installation of solar power panels, services and inspections, as well as new agreements for training operations and related educational services. Within the bankruptcy case, counsel (Rosenstein & Associates) was retained, a meeting of creditors held and concluded in accord with 11 U.S.C. § 341(a), and a bar date of July 5, 2016 set for the filing of claims against the estate.

The Debtor now wishes to reorganize the balance of its affairs pursuant to the terms of this Plan. Administrative claims will be paid in full, either by the Effective Date or on terms agreed with each such creditor. Priority tax claims will be paid in full by March 2, 2021, the fifth anniversary of the Petition Date, or by a date earlier than that. Subsequent to the Effective Date of the Plan, fixed monthly payments will be made to secured creditors, along with supplemental monthly payments

equal to 50% of the Debtor's net cash flow (after provision for all operating expenses, including ongoing tax liabilities and plan-based payment of priority and secured claims) from the previous month. The supplemental payments will first be made to the senior secured creditor, and then to the junior when the senior secured claim is fully satisfied. Fixed monthly payments to holders of allowed unsecured claims will begin at a future date until those claims are satisfied in full, to be followed in time by payments to certain insider creditors.

THE COURT SHOULD APPROVE THIS MOTION AND SCHEDULE

The Debtor is a small business debtor. According to relevant statutes and rules,1 a small 9 business debtor must file a plan of reorganization within 300 days of its petition date (which would 10 run until December 27, 2016), and seek conditional approval of its disclosure statement with final 11 approval to be given concurrent with the confirmation of the plan, but it must also have the plan 12 confirmed within 45 days after filing. The Court has previously directed that the Debtor file its plan 13 and disclosure statement by July 22, 2016, which is being done concurrently with the filing of this 14 motion, and set a continued case status conference for August 30, 2016. The 45-day period would 15 therefore expire on September 5, but subsequent to August 30, the next date (according to the Court's 16 website) the Court has available for chapter 11 hearings in Riverside is September 13, after the 17 statutory window. The August 30, 2016 hearing date therefore is the best time for final approval of 18 the Disclosure Statement and confirmation of the Plan. 19

To reconcile the Court's calendar and required statutory obligations, in accord with Fed. R. 20 Bankr. P. 3017.1 and Local Bankruptcy Rule 3017-2, the Court should: (1) conditionally approve the 21 Debtor's Disclosure Statement for the reasons laid out below; (2) set August 30, 2016 at 1:30 p.m. as 22 a hearing to consider the final approval of the Disclosure Statement and confirmation of the Plan; and 23 (3) have the Debtor give notice of this hearing to all creditors and parties in interest, including that 24 any objections to either the Disclosure Statement or the Plan (and ballots on the Plan) are due by 25 August 15, 2016. The Debtor will serve and file notice within 24 hours of the final entry of an order 26 by the Court approving this schedule, or on the next business day if the day after entry is not a 27

^{1 11} U.S.C. §§ 1121(e), 1125(f) and 1129(e); Fed. R. Bankr. P. 3017.1; and Local Bankruptcy Rule 3017-2. MOTION FOR CONDITIONAL APPROVAL OF DISCLOSURE STATEMENT 4

business day, submit a ballot analysis by August 16, 2016, and file a confirmation brief (responding to any objections) by August 23, 2016. While normally creditors would be entitled to 28 days notice 2 of the deadline to file objections to either a disclosure statement or plan of reorganization (as per Fed. 3 R. Bankr. P. 2002(b)), the Court has authority under Fed. R. Bankr. P 9006(c) to reasonably reduce 4 this period. If this motion is quickly approved, such that the Debtor can serve notice on Tuesday, 5 July 26, creditors will still have 20 days notice of the deadline, which complies with due process 6 obligations. Such a reduction is necessary for the Debtor to timely appear before the Court for plan 7 confirmation within the 45-day limit of 11 U.S.C. § 1129(e). 8

THE COURT SHOULD CONDITIONALLY APPROVE THE DISCLOSURE III. **STATEMENT**

Section 1125(b) of the Bankruptcy Code (11 U.S.C. §§ 101 et seq.) provides that "[]an 12 acceptance or rejection of a plan may not be solicited after the commencement of a case under this 13 title...unless, at the time of or before such solicitation, there is transmitted to such holder the plan or 14 a summary of the plan, and a written disclosure statement approved, after notice and a hearing, by the 15 court as containing adequate information." Section 1125(a) defines "adequate information" as 16 "information of a kind, and in sufficient detail, as far as is reasonably practicable in light of the 17 nature and history of the debtor and the condition of the debtor's books and record, that would enable 18 a hypothetical reasonable investor typical of holders of claims or interests of the relevant class to 19 make an informed judgment about the plan ... " The legislative history indicates that the definition of 20 "adequate information" is intended to be flexible. 21

Courts will take a practical approach as to what is 23 necessary under the circumstances of each case, such as the cost of preparation of the statements, the need for relative speed in solicitation and confirmation, and, of 24 course, the need for investor protection. There will be a balancing of interests in each 25 case. In reorganization cases, there is frequently great uncertainty. Therefore the 26

need to decide whether to accept the plan." <u>In re Diversified Investors Fund XVII, A California</u> <u>Limited Partnership</u>, 91 B.R. 559, 561 (Bankr. C.D. Cal. 1988)(*quoting* <u>In re Monnier Bros.</u>, 755 F.2d 1336, 1342 (8th Cir. 1985)).

Many courts have followed the list of elements established in the case of <u>In re Metrocraft</u> <u>Publishing Services, Inc.</u>, 39 B.R. 567 (Bankr. N.D. Ga. 1984) for determining whether a disclosure statement has adequate information. According to <u>Metrocraft</u>, a statement should cover: 1) the events which led to the filing of the petition; 2) a description of the available assets and their value; 3) the anticipated future of the company; 4) the source of information cited in the statement; 5) a disclaimer; 6) the present condition of the debtor in chapter 11; 7) the scheduled claims; 8) the estimated return to creditors in a chapter 7 liquidation; 9) the accounting method utilized and the names of the accountants (as relevant); 10) the future management of the debtor; 11) the chapter 11 plan or a summary thereof; 12) the estimated administrative expenses; 13) the collectability of accounts receivable (as relevant); 14) financial information and projections relevant to the creditors' decision to accept or reject the plan; 15) information relevant to the risks posed to creditors under the plan; 16) actual or projected realizable value from the recovery of avoidable transfers (as relevant); 17) litigation likely to arise in a non-bankruptcy context; 18) tax attributes of the debtor; and 19) the relationship of the debtor with affiliates. In re Metrocraft Publishing Services, Inc., 39 B.R. at 568.

Based on these authorities, the Debtor's Disclosure Statement provides more than enough information to creditors affected by the plan of reorganization. The Disclosure Statement covers what the debtor is, what its business is, how it got into bankruptcy, and how it is going to operate under the Plan and pay its debts in full. As such, the Court should approve the Disclosure Statement and authorize its distribution to creditors, and set a hearing for the confirmation of the Chapter 11 Plan.

DECLARATION OF KELLY SMITH

I, Kelly Smith, declare as follows:

The facts set forth in this Declaration are personally known to me, and if called upon,
 I could and would testify to the truthfulness of the same.

2. I am the president and majority shareholder of Chapter 11 Debtor and Debtor-in-Possession Ambassador Energy, Inc. ("Debtor").

3. The Debtor is a California corporation. It was formed for the purpose of selling and installing solar energy systems and to provide training to potential installers. The Debtor's corporate office is located in Murrieta, California. It is under the management of Steve Fulgham, Chief Operating Officer, and myself. I own 56.83% of the Debtor's outstanding shares, and Steve Fulgham 17.89%; the remaining shares are held by eight (8) other individuals and couples.

4. Over the past year, due to the effect of delayed cash flows from third-party financing arrangements and slow payment on various jobs and projects, the Debtor fell behind in paying its various vendors and lenders. It attempted to work out a program with its creditors to avoid having to seek relief from this Court, and was moderately successful, but in the end it could not avoid filing for protection under Chapter 11 of the Bankruptcy Code. The Board of Directors and I authorized the filing of a petition, which was submitted on March 2, 2016.

5. Operating over the past months as a debtor-in-possession, under my management with 18 the assistance of counsel, the Debtor has improved its business and financial structure and is current 19 20 on its post-petition obligations. It has changed some of its methods of doing business to avoid the 21 need for purchasing so much inventory in advance for later installation, obtained new customer contracts regarding the installation of solar power panels, services and inspections, as well as new 22 23 agreements for training operations and related educational services. 6. The Debtor now wishes to reorganize the balance of its affairs pursuant to the terms of
this Plan. Administrative claims will be paid in full, either by the Effective Date or on terms agreed

with each such creditor. Priority tax claims will be paid in full by March 2, 2021, the fifth anniversary of the Petition Date, or by a date earlier than that. Subsequent to the Effective Date of the Plan, fixed monthly payments will be made to secured creditors, along with supplemental monthly payments equal to 50% of the Debtor's net cash flow (after provision for all operating expenses, including ongoing tax liabilities and plan-based payment of priority and secured claims) from the previous month. The supplemental payments will first be made to the senior secured creditor, and then to the junior when the senior secured claim is fully satisfied. Fixed monthly payments to holders of allowed unsecured claims will begin at a future date until those claims are satisfied in full, to be followed in time by payments to certain insider creditors.

7. Along with my fellow administrators and counsel, I have prepared the proposed Disclosure Statement submitted to the Court to provide adequate information to creditors regarding the proposed Chapter 11 Plan of Reorganization. I believe that it does in fact provide adequate information for that purpose, and request that it be approved by the Court.

I declare under penalty of perjury under the laws of the State of California and the United States of America that the foregoing is true and correct.

	1	CASE NO. 6:16-bk-11880SC

1 I. **INTRODUCTION** 2 Ambassador Energy, Inc. is the debtor (the "Debtor" or "Proponent") in a Chapter 11 bankruptcy case. On March 2, 2016, it commenced its bankruptcy case by filing a voluntary 3 chapter 11 petition under the United States Bankruptcy Code ("Code"), 11 U.S.C. §§ 101 et seq. 4 5 Chapter 11 allows debtors, and under some circumstances, creditors and others parties in interest, to propose a plan of reorganization (a "Plan"). The Plan may provide for the debtor to reorganize by 6 7 continuing to operate, to liquidate by selling assets of the estate(s), or a combination of both. The Debtor is the party proposing the Plan sent to you in the same envelope as this document. THE 8 DOCUMENT YOU ARE READING IS THE DISCLOSURE STATEMENT FOR THE 9 ENCLOSED PLAN. 10 This is a reorganizing plan. In other words, the proponent seeks to accomplish payments 11 under the Plan by making payments to creditors over time. Provided that the Court enters an order 12 confirming the Plan (the "Confirmation Order"), the Effective Date of the proposed Plan will be 13 ninety (90) days after the entry of the Confirmation Order, unless the Debtor files a notice prior to 14 that declaring that the Effective Date has arrived. 15 **Purpose of This Document** 16 A. This Disclosure Statement summarizes what is in the Plan, and tells you certain information 17 relating to the Plan and the process the Court follows in determining whether or not to confirm the 18 Plan. 19 READ THIS DISCLOSURE STATEMENT CAREFULLY IF YOU WANT TO 20**KNOW ABOUT:** 21 WHO CAN VOTE OR OBJECT, (1) 22 WHAT THE TREATMENT OF YOUR CLAIM IS (i.e., what your claim will (2)23 receive if the Plan is confirmed), AND HOW THIS TREATMENT COMPARES TO WHAT 24 YOUR CLAIM WOULD RECEIVE IN LIQUIDATION, 25 THE HISTORY OF THE DEBTOR AND SIGNIFICANT EVENTS DURING (3) 26 THE BANKRUPTCY, 27 28

5 This Disclosure Statement cannot tell you everything about your rights. You should consider consulting your own lawyer to obtain more specific advice on how this Plan will affect 6 7 you and what is the best course of action for you.

Be sure to read the Plan as well as the Disclosure Statement. If there are any inconsistencies 8 between the Plan and the Disclosure Statement, the Plan provisions will govern. 9

The Code requires a Disclosure Statement to contain "adequate information" concerning the 10 Plan. The Bankruptcy Court ("Court") has approved this document as an adequate Disclosure 11 Statement, containing enough information to enable parties affected by the Plan to make an 12 informed judgment about the Plan. Any party can now solicit votes for or against the Plan. 13

CASE NO. 6:16-bk-11880SC

1 SUMMARY OF THE PLAN OF REORGANIZATION III. 2 As required by the Bankruptcy Code, the Plan classifies claims and interests in various classes according to their right to priority. The Plan states whether each class of claims or interests 3 is impaired or unimpaired under the Plan, the treatment that each class will receive and whether 4 5 such class is entitled to vote on the Plan. Claims 6 A. Under the Bankruptcy Code, administrative and priority claims are not placed into separate 7 classes; instead they are unclassified. They are not considered impaired and they do not vote on the 8 Plan because they are automatically entitled to specific treatment provided for them in the 9 Bankruptcy Code. As such, the Proponent has not placed the following claims in a class. 10 11 1. Administrative Expenses These include the "actual, necessary costs and expenses of preserving the estate" as 12 determined by the Court after notice to creditors of a request for payment and after a hearing 13 14 thereon, and any other claims allowed under 11 U.S.C. § 503(b) and entitled to priority under 11 15 U.S.C. § 507(a)(2). 16 The Bankruptcy Code requires that allowed administrative expenses be paid on the Effective 17 18 Date unless the party holding the administrative expense agrees otherwise. No claimant has agreed 19 otherwise, except as specified herein. As of this date, the Debtor's estate is subject to fees for the 20 current guarter due to the Office of the United States Trustee, and any sums ultimately due to 21 professionals retained by the Debtor with the permission of the Court in excess of any retainers paid 22 to such professionals; such sums are estimated to approximate \$40,000. In addition, under this 23 24 Plan, a payment of \$9,232.33 will be due to the Samaritan Revocable Family Trust dated 1/4/2006 25 (the "Samaritan Trust") as part of the cure and assumption of the Debtor's lease for its office and 26 warehouse space at 41120 Elm Street (#A, B and C) in Murrieta, California; the lease runs through 27 August 31, 2020. 28

After the entry of the confirmation order, all approved professionals will apply to the Court for final approval of their respective fees, pursuant to 11 U.S.C. § 330. The Debtor shall pay all Administrative Claims (excluding ordinary operating expenses which shall be paid in the ordinary course of business) against the Debtor's estate on the later of: (i) the Effective Date; or (ii) the date each Administrative Claim becomes due and payable, unless the creditor holding such claim agrees to alternative treatment.

2. Priority Claims

These are claims which are entitled to priority of payment under 11 U.S.C. § 507(a). The 10 Bankruptcy Code requires that all such claims be satisfied in cash on the Effective Date (unless the 11 holders accept alternate treatment), with the exception of tax claims specified under 11 U.S.C. § 12 507(a)(8), which must receive cash payments in regular installments, equal in value to the allowed 13 14 amount of the claim on the Effective Date (plus ongoing interest in accord with 11 U.S.C. § 511), 15 ending no later than five years after the debtor/taxpayer's bankruptcy petition date. In this case, 16 priority tax claims are held by the Internal Revenue Service (\$81,665.93) and the California State 17 Board of Equalization (\$15,455.92). \$29,252.14 in employee priority wage claims are believed to 18 19 exist against the Debtor's estate, and they will be paid in full on the Effective Date.

20

The priority tax claims will be paid in full, with required interest, by March 2, 2021. Installment payments will be made monthly after the Effective Date, to be divided amongst the priority tax creditors. The monthly payments will be made in equal amounts sufficient to fully satisfy the allowed priority tax claims by the March 2, 2021 deadline, and the Debtor will have the right to pre-pay any such monthly payments, in whole or in part.

3. Classified Claims

The Plan also provides for the following six classes of claims and interests.

1 Class 1 – MyBusinessLoan.com, LLC 2 Class 1 consists of the secured claims of MyBusinessLoan.com, LLC, in the amount of 3 \$348,394.48 (less any post-petition payments that were applied to principal by 4 MyBusinessLoan.com, LLC). This claim will be satisfied in full through monthly installment 5 payments in the minimum amount of \$8,503 per month, due on the 25th day of each month or the 6 7 next business day if the 25th is not a business day. In addition, Debtor will make additional monthly 8 payments towards the principal balance, equal to fifty percent (50%) of its net cash flow for each 9 calendar month, to MyBusinessLoan.com, LLC, on the 25th day of the following month (or the next 10 business day thereafter if the 25th is not a business day). Notwithstanding such principal reduction 11 payments, the Debtor shall continue to pay at least \$8,503 per month (or the remaining balance of 12 13 the claim, whichever is less) to MyBusinessLoan.com, LLC until such time as its claim is satisfied 14 in full. Interest will continue to accrue on the unpaid balance at the annual rate of 8%, and the 15 Debtor will have the right to pre-pay any such payments, in whole or in part. 16 MyBusinessLoan.com, LLC shall maintain its senior lien on all of the Debtor's assets (to the extent 17 of the outstanding Class 1 claim) until the claim is satisfied in full with all interest that has come 18 19 due. (the "Reserve Account") an amount of cash equal to the distribution which would otherwise then be
due on account of that claim. The cash in the Reserve Account, along with all interest thereon, will
be held in trust for the benefit of creditors, to satisfy disputed claims once allowed. The Debtor will
have the power and authority to settle and compromise a disputed claim with court approval and
compliance with Fed. R. Bankr. P. 9019, unless the amount allowed by the compromise does not
exceed \$5,000, in which case no court approval is necessary.

When a disputed claim becomes allowed, the Debtor will distribute to the holder thereof an
amount equal to the payments which would have been made on account of said claim prior to that
date absent its disputed status, plus accrued interest thereon. If a surplus arises from the fact that
not all claims are allowed, then that money shall be available to guarantee payment of other claims.
No claimant or interest holder is an affiliate of the Debtor, other than as stated herein.

B. Means of Effectuating the Plan

The funds for implementation of the Plan shall come from the funds held by the estate as of the entry of the Confirmation Order and the ongoing operating profits of the Debtor's business operations, the installation and inspection of solar power panels, and related training operations and educational services.

18

19

С.

Post-Confirmation Management

The Debtor will manage its own affairs under this Plan, through its president, Kelly Smith. He will not receive any compensation for such services called for under this Plan, other than compensation normally due to him for his non-bankruptcy duties.⁷

23

All causes of action (and related legal, equitable and contractual rights and benefits) possessed by the estate, whether the subject of pending litigation or not, including avoidance actions created pursuant to bankruptcy law, are re-vested in the Debtor upon confirmation, and may be prosecuted and/or settled by it at the Debtor's discretion.

IV. POST-CONFIRMATION JURISDICTION

The Bankruptcy Court shall retain jurisdiction for all matters relating to the Plan, the Debtor and the assets administered under this Plan to the maximum extent permitted by the Bankruptcy Code and Title 28 of the United States Code.

V. <u>RISK FACTORS</u>

The proposed Plan has the following risks: If the Debtor's business stopped being profitable in the future, it would have increased difficulties in satisfying creditor claims, except to the extent that such claims are and would be secured by adequate collateral. All claimants who have consented to specific treatment incorporated into this Plan have been advised of this risk prior to their agreement.

18 LIABILITY SHOULD CONSULT WITH THEIR OWN ACCOUNTANTS, ATTORNEYS,

VII. CONFIRMATION REQUIREMENTS AND PROCEDURES

PERSONS OR ENTITIES CONCERNED WITH CONFIRMATION OF THIS PLAN SHOULD CONSULT WITH THEIR OWN ATTORNEYS BECAUSE THE LAW ON CONFIRMING A PLAN OF REORGANIZATION IS VERY COMPLEX. The following discussion is intended solely for the purpose of alerting readers about basic confirmation issues, which they may wish to consider, as well as certain deadlines for filing claims. The Debtors

⁷ Annual compensation of \$97,500, with related compensated expenses of \$6,497.

CANNOT and DO NOT represent that the discussion contained below is a complete summary of
the law on this topic.

Many requirements must be met before the Court can confirm a Plan. Some of the requirements include that the Plan must be proposed in good faith, acceptance of the Plan by a sufficient number of creditors, whether the Plan pays creditors at least as much as creditors would receive in a Chapter 7 liquidation, and whether the Plan is feasible. These requirements are not the only requirements for confirmation.

8

Α.

Who May Vote or Object

9

1. Who May Object to Confirmation of the Plan

Any party in interest may object to the confirmation of the Plan, but as explained below not everyone is entitled to vote to accept or reject the Plan.

12

2. Who May Vote to Accept/Reject the Plan

A creditor or interest holder has a right to vote for or against the Plan if that creditor or interest holder has a claim which is both (1) allowed or allowed for voting purposes and (2) classified in an impaired class.

16

24

25

26

27

28

a. What Is an Allowed Claim/Interest

As noted above, a creditor or interest holder must first have an allowed claim or interest to have the right to vote. Generally, any proof of claim or interest will be allowed, unless a party in interest brings a motion objecting to the claim. When an objection to a claim or interest is filed, the creditor or interest holder holding the claim or interest cannot vote unless the Court, after notice and hearing, either overrules the objection or allows the claim or interest for voting purposes.

THE BAR DATE FOR FILING A PROOF OF CLAIM IN THE DEBTOR'S CASE IS JULY 5, 2016.

CASE NO. 6:16-bk-11880SC

1

b. What Is an Impaired Claim/Interest

Any party in interest may object to the confirmation of the Plan, but only the holder of an allowed claim or interest has the right to vote if it is in a class that is <u>impaired</u> under the Plan. A class is impaired if the Plan alters the legal, equitable, or contractual rights of the members of that class.

In this case, the Debtor believes that classes 1, 3, 4 and 5 are impaired, and therefore are
entitled to vote to accept or reject the Plan. Parties who dispute the characterization of their claim
or interest as being impaired or unimpaired may file an objection to the Plan contending that the
Plan has incorrectly characterized the class.

10

3. Who is <u>Not</u> Entitled to Vote

The following four types of claims are not entitled to vote: (1) claims that have been 11 disallowed; (2) disputed claims, unless an order has been entered allowing such disputed claim to 12 vote; (3) claims in unimpaired classes; (4) claims entitled to priority pursuant to §507 of the 13 Bankruptcy Code; and (5) claims in classes that do not receive or retain any value under the Plan. 14 Claims in unimpaired classes are not entitled to vote because such classes are deemed to have 15 accepted the Plan. Claims in classes that do not receive or retain any value under the Plan do not 16 vote because such classes are deemed to have rejected the Plan. EVEN IF YOUR CLAIM IS OF 17 THE TYPE DESCRIBED ABOVE, YOU MAY STILL HAVE A RIGHT TO OBJECT TO THE 18 CONFIRMATION OF THE PLAN. 19

20

4. Who Can Vote in More Than One Class

A creditor whose claim has been allowed in part as a secured claim and in part as an unsecured claim is entitled to accept or reject a Plan in both capacities by casting one ballot for the secured part of the claim and another ballot for the unsecured claim, unless such creditor elects to have its entire claim treated as secured under § 1111(b) of the Bankruptcy Code.

25

5. Votes Necessary to Confirm the Plan

If impaired classes exist, the Court cannot confirm the Plan unless (1) at least one impaired class has accepted the Plan without counting the votes of any insiders within that class, and (2) all

28

Case 6:16-bk-11880-SC Filed 07/22/16 Entered 07/22/16 19:34:08 Doc 59 Desc Page 25 of 35 Main Document

impaired classes have voted to accept the Plan, unless the Plan is eligible to be confirmed by 1 2 "cramdown" on non-accepting classes, as discussed later.

3

6. Votes Necessary for a Class to Accept the Plan

4 A class of claims is considered to have accepted the Plan when more than one-half (1/2) in 5 number and at least two-thirds (2/3) in dollar amount of the claims which actually voted, voted in 6 favor of the Plan. A class of interests is considered to have accepted the Plan when at least twothirds (2/3) in amount of the interest-holders of such class which actually voted, voted to accept the Plan.

8 9

7

7. **Treatment of Nonaccepting Classes**

As noted above, even if all impaired classes do not accept the proposed Plan, the Court may 10 nonetheless confirm the Plan if the nonaccepting classes are treated in the manner required by the 11 Code. The process by which nonaccepting classes are forced to be bound by the terms of the Plan 12 is commonly referred to as "cramdown." The Code allows the Plan to be "crammed down" on 13 nonaccepting classes of claims or interests if it meets all consensual requirements except the voting 14 requirements of 1129(a)(8) and if the Plan does not "discriminate unfairly" and is "fair and 15 equitable" toward each impaired class that has not voted to accept the Plan as referred to in 11 16 U.S.C. § 1129(b) and applicable case law. 17

18

Request for Confirmation Despite Non-Acceptance By Impaired Class(es) 8.

The Proponent will ask the Court to confirm this Plan by cramdown on impaired classes 1, 19 3, 4 and/or 5 if any of these classes do not vote to accept the Plan. 20

21

В. **Liquidation Analysis**

Another confirmation requirement is the "Best Interest Test," which requires a liquidation 22 analysis. Under the Best Interest Test, if a claimant or interest holder is in an impaired class and 23 that claimant or interest holder does not vote to accept the Plan, then that claimant or interest holder 24 must receive or retain under the Plan property of a value not less than the amount that such holder 25 would receive or retain if the debtor(s) were liquidated under Chapter 7 of the Bankruptcy Code. 26

In a Chapter 7 case, a debtor's assets are usually sold by a Chapter 7 trustee. Secured 27 creditors are paid first from the sales proceeds of properties on which the secured creditor has a 28

Case 6:16-bk-11880-SC Doc 59 Filed 07/22/16 Entered 07/22/16 19:34:08 Desc Main Document Page 26 of 35

lien; administrative claims are paid next. Next, unsecured creditors are paid from any remaining 1 2 sales proceeds, according to their rights to priority. Unsecured creditors with the same priority share in proportion to the amount of their allowed claim in relationship to the amount of total 3 allowed unsecured claims. Finally, interest holders receive the balance that remains after all 4 5 creditors are paid, if any.

For the Court to be able to confirm this Plan, the Court must find that all creditors and 6 7 interest holders who do not accept the Plan will receive at least as much under the Plan as such holders would receive under a Chapter 7 liquidation. The Debtor maintains that this requirement is 8 met here. Set forth in the chart below (next page) is an illustration of how much each class of 9 claims would receive in a Chapter 7 liquidation of the Property and how much they will receive 10 under the Plan. 11

of cash left over after increased administrative expenses and lost asset value due to "fire sale"
prices, especially light of the lien of MyBusinessLoan.com, LLC on all corporate assets. In
summary, in a putative chapter 7 liquidation, unsecured creditors would receive nothing on account
of their claims. Under the Plan, however, these claims will be paid in significant amounts. The
Plan thus satisfies the "best interests" test for all classes of creditors.

Feasibility

Another requirement for confirmation involves the feasibility of the Plan, which means that confirmation of the Plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the Debtor or any successor to the Debtor under the Plan, unless such liquidation or reorganization is proposed in the Plan.

13 There are at least two important aspects of a feasibility analysis. The first aspect considers 14 whether the Debtor will have enough cash on hand on the Effective Date to pay all the claims and 15 expenses which are entitled to be paid on such date. Second, a feasibility analysis considers 16 whether the Debtor will have enough cash over the life of the Plan to make the required payments. 17 Attached hereto is the Declaration of Kelly Smith, with appended financial reports showing 18 the past history and projected future course of the Debtor's business operations. This evidence 19 20 illustrates that the Debtor operates a profitable business, and there are no known business reasons 21 why this should change in the future. While any business is subject to unknown risks, these do not

rise to the level of challenging the Plan's feasibility.

26 A. Discharge

Under the Plan, the Debtor shall be discharged of liability for payment of debts incurred before confirmation of the Plan, to the greatest extent possible as specified in 11 U.S.C. § 1141,

Case 6:16-bk-11880-SC Filed 07/22/16 Entered 07/22/16 19:34:08 Doc 59 Desc Page 28 of 35 Main Document

1 unless such liabilities are specified for treatment under the Plan, and then only to the extent of the 2 treatment hereunder. Discharge will be entered with regard to each claim upon the substantial 3 consummation of the Plan.

4 To the extent that the Debtor does not currently have *in personam* liability for a claim, the 5 Plan does not create any such liability.

6

В. **Modification of the Plan**

7 The Debtor may modify the Plan at any time prior to confirmation. The Debtor may modify the Plan at any time after confirmation and before substantial consummation, but only if 8 9 circumstances warrant and after notice and a hearing. Once the Plan has been substantially 10 consummated, the Debtor may move the Court for entry of a final decree pursuant to 11 U.S.C. § 350 and Fed. R. Bankr. P. 3022, the effect of which would be to close this bankruptcy case. After 11 such closure, a party seeking any type of relief relating to a Plan provision may seek such relief in 12 any court of competent jurisdiction. 13

14

С. **Post-Confirmation Status Report**

The confirmation of the Plan vests all property of the Debtor's estate in the Debtor unless 15 otherwise distributed. Within one hundred and twenty (120) days after the entry of the 16 confirmation order, the Debtor will file a status report explaining what progress has been made 17 towards consummation of the Plan. The report will be served on the United States Trustee, as well 18 as all creditors of the Debtor's estate whose allowed claims have not been satisfied as provided for 19 herein, and any party requesting special notice. Further reports will be filed every 120 days 20 thereafter and served on the same categories of extant parties, unless otherwise ordered by the 21 Court. These reports will include information on the claims satisfied under the Plan and those 22 remaining to be satisfied, a schedule of any and all post-confirmation tax liabilities that have 23 accrued or come due and a detailed explanation of payments thereon, the Debtor's projections as to 24 its continuing ability to comply with the terms of the Plan, and an estimate of the dates for plan 25 consummation and an application for final decree. 26

27

A monthly financial statement will be provided to Class 1 and Class 3 creditors after the Effective Date; unsecured creditors may have one on written request. 28

1 D. Quarterly Fees

Quarterly fees accruing under 28 U.S.C. § 1930(a)(6) to date of confirmation shall be paid
to the UST on or before the effective date of the Plan. Quarterly fees accruing under 28 U.S.C. §
1930(a)(6) after confirmation shall be paid to the UST in accordance with 28 U.S.C. § 1930(a)(6)
until entry of a final decree, or entry of an order of dismissal or conversion to chapter 7.

E.

Post-Confirmation Conversion/Dismissal

A creditor or party in interest may bring a motion to convert or dismiss the case under 11
U.S.C. § 1112(b), after the Plan is confirmed, if there is a default in performing the Plan. If the
Court orders the case converted to Chapter 7 after the Plan is confirmed, then all property that had
been property of the Chapter 11 estate, and that has not been disbursed pursuant to the Plan, will
revest in the Chapter 7 estate.

The order confirming the Plan may also be revoked under very limited circumstances. The Court may revoke the order if the order of confirmation was procured by fraud and if the party in interest brings an adversary proceeding to revoke confirmation within 180 days after the entry of the order of confirmation.

1		DECLARATION OF KELLY SMITH
2		I, Kelly Smith, declare as follows:
3	1.	I am the president and majority shareholder of Ambassador Energy, a California
4		corporation, the Chapter 11 debtor in this case ("Debtor"). I make this declaration based
5		upon my personal knowledge, and if called upon to testify, could and would competently
7		testify truthfully thereto.
8	2.	I have been managing the Debtor since its inception, and am very familiar with its history,
9		operations and future performance. The Debtor's business has been reorganized, both
10		
11		before and after the filing of its chapter 11 petition, to operate on a more profitable basis. It
12		has changed some of its methods of doing business to avoid the need for purchasing so
13		much inventory in advance for later installation, obtained new customer contracts regarding
14		the installation of solar power panels, services and inspections, as well as new agreements
15		for training operations and related educational services.
16 17	3.	With the aid of the reorganization steps taken to date in this chapter 11 case and those in the
18		proposed plan of reorganization, I intend to see that success continue and grow in the future,
19		without the problems that led to the filing of the bankruptcy petition. Other than as clarified
20		in this Disclosure Statement, and presuming that the proposed chapter 11 plan is confirmed,
21		I am not aware of any major financial or other business conditions that would threaten the
22		continued profitability of the business.
