(8864); Abengoa Bioenergy Meramec Holding, Inc. (1803). The chapter 11 case of Abengoa Bioenergy Biomass of Kansas, LLC, Case No. 16-10876, pending before the Bankruptcy Court is stayed pending further order of the Court.

**THE DEADLINE BY WHICH EACH HOLDER OF AN IMPAIRED CLAIM ENTITLED TO VOTE ON THE PLAN MUST CAST A PROPERLY COMPLETED AND DELIVERED BALLOT FOR ITS VOTE TO ACCEPT OR REJECT THE PLAN TO BE COUNTED IS 4:00 P.M. (PREVAILING EASTERN TIME), UNLESS EXTENDED, ON THE DATE THAT IS THE ACIL GUARANTEE CREDITORS' MEETING.**

**Summary of Important Deadlines**
**(All times are Prevailing Eastern Time)**

**Voting Deadline**: November 29, 2016 at 4:00 p.m.

**Confirmation Objection Deadline**: November 29, 2016 at 4:00 p.m.

**Confirmation Hearing**: December 6, 2016 at 10:00 a.m.

These dates are subject to extension as provided in the Solicitation Procedures Order (as defined herein).[2]

[2] Capitalized terms related to the solicitation procedures for voting to accept or reject the Plan that are not otherwise defined herein, are defined in the Solicitation Procedures Order.

**Questions and Answers About the Plan**[3]

**What are Holders of Claims being asked to approve?**

Holders of Claims are being asked to vote to accept the Plan. Pursuant to the Plan, among other things, the Debtors will (1) liquidate certain of the Debtors, (2) distribute Cash and Replacement Guarantees, and (3) restructure certain other of the Debtors to implement a global restructuring agreement of Abengoa, S.A. ("Abengoa" or the "Parent"), as sponsor of the Plan, and certain members of the Parent's corporate group.

**What will I receive under the Plan?**

Depending on your class of Claim, you will receive one or more of (1) Cash, (2) Replacement Guarantees, or (3) interests in a liquidating trust that will hold designated assets of the Liquidating Debtors. Section II of this Disclosure Statement, entitled "Executive Summary," summarizes the classification and treatment of Claims and Equity Interests under the Plan and also estimates the recovery for each Class.

**Who is entitled to vote?**

Only Impaired Classes of Claims that are not deemed to have accepted or rejected the Plan are entitled to vote to accept or reject the Plan. See Section Article I.A of this Disclosure Statement, entitled "Holders of Claims Entitled to Vote," for a summary of which Classes of Claims are entitled to vote.

**What vote is required for approval of the Plan?**

Under the Bankruptcy Code, unless the "cram down" provisions of the Bankruptcy Code are used, a plan can only be confirmed if votes to accept the Plan are received from: (1) two-thirds in dollar amount and a simple majority in number of claimants for each Impaired Class of Claims; and (2) two-thirds in amount for each Impaired Class of Equity Interests. In addition, the Bankruptcy Code provides that only the votes of those Holders of Claims entitled to vote who actually submit votes on a plan are counted in determining whether the necessary majorities have been received. **YOUR VOTE IS VERY IMPORTANT.**

**How do the Debtors recommend that constituents vote?**

The Debtors urge Holders of Claims to vote to accept the Plan. The Debtors believe that confirmation and implementation of the Plan is preferable to the other alternatives available to the Debtors, which are described in Section Article IX, entitled "Alternatives to Confirmation and Consummation of the Plan," because the Debtors believe the Plan will provide the greatest recoveries to Holders of Claims. Other alternatives could involve consideration with a lower value, significant delay, uncertainty, and substantial additional administrative costs.

**What are the United States federal income tax consequences of the Plan for Holders of Claims?**

The tax consequences of distributions under the Plan to the Holders of Allowed Claims will vary based on a number of factors. See Section Article VIII of this Disclosure Statement, entitled "Certain Federal Income Tax Consequences of the Plan," for a summary of the federal income tax consequences of the Plan. However, all Holders of Claims are urged to consult their own tax advisors for the federal, state, local, and other tax consequences of the transactions contemplated by the Plan.

**How do I vote?**

Please use the enclosed ballot (or if you are a Beneficial Holder, the Beneficial Ballot forwarded to you by your Voting Nominee) to vote to accept or reject the Plan and return the completed ballot to Prime Clerk LLC ("Prime Clerk") at the address listed below or, if your securities are held through an intermediary, to such intermediary. To be counted, your original ballot must be received by Prime Clerk no later than 4:00 p.m. (prevailing Eastern Time) on November 29, 2016. If you hold Claims in more than one Class, you must submit a separate ballot for each Class

[3] Capitalized terms set forth herein that refer to the solicitation procedures related to the Plan and that are not otherwise defined herein shall have the meanings ascribed to such terms in the Solicitation Procedures Order (as defined below).

in which you are entitled to vote. Prior to completing your ballot, please carefully read and consider the information contained in this Disclosure Statement, the Plan, any Plan Supplement, the exhibits attached to, and the agreements and documents described in, each of the foregoing.

**What are the risks related to the Plan?**

You should carefully review Section Article VI of this Disclosure Statement, entitled "Risk Factors," for a discussion of the risks relating to the Plan.

**When will the Plan become effective?**

The Plan will become effective when all of the pre-confirmation and post-confirmation conditions are satisfied or waived. The conditions to the Plan becoming effective are set forth in this Disclosure Statement. See Sections Article IV.E entitled "Conditions Precedent to Confirmation and Effectiveness of the Plan" for a list of certain additional conditions to confirmation and effectiveness of the Plan.

**Who can help answer my questions?**

If you have any questions regarding this Disclosure Statement or the Plan, you should contact counsel to the Debtors via telephone or e-mail to Richard A. Chesley, (312) 369-4000 or richard.chesley@dlapiper.com, or R. Craig Martin, (302) 468-5700 or craig.martin@dlapiper.com. Debtors' counsel will attempt to respond to you in a timely manner. If you have any questions relating to voting on the Plan or if you need a new ballot, you should contact the Company's Claims Agent, Prime Clerk LLC, at:

**Nothing contained in this Disclosure Statement (this "Disclosure Statement") shall constitute an offer, acceptance, or a legally binding obligation of the Debtors, any of the Debtors' affiliates or any other person. This Disclosure Statement is subject to approval by the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court") and other customary conditions. Absent approval by the Bankruptcy Court, this Disclosure Statement is not a solicitation of acceptances or rejections of the *Debtors' First Amended Plans of Reorganization and Liquidation* under chapter 11 of the Bankruptcy Code (the "Plan"), as the same may be amended or modified from time to time in accordance with the terms thereof, a copy of which is attached to this Disclosure Statement as Exhibit A. Acceptances or rejections with respect to the Plan may not be solicited until this Disclosure Statement has been approved by the Bankruptcy Court. Such a solicitation will only be made in compliance with applicable provisions of securities and/or bankruptcy laws. Future developments relating to the matters described herein may require modifications, additions, or deletions to this Disclosure Statement.**

## IMPORTANT NOTICE

**Only documents, including this Disclosure Statement and its related documents that are approved by the Bankruptcy Court pursuant to section 1125(b) of title 11 of the United States Code (the "Bankruptcy Code") may be used in connection with soliciting votes on the Plan. No statements have been authorized by the Bankruptcy Court concerning Abeinsa Holding Inc. ("Abeinsa") and certain of its affiliates and subsidiaries that are debtors and debtors in possession (collectively, the "Debtors") or the value of their assets, except as explicitly set forth in this Disclosure Statement.**

**Please refer to the Plan (or, where indicated, certain motions filed with the Bankruptcy Court) for definitions of the capitalized terms that are used but not defined in this Disclosure Statement.**

**The Debtors reserve the right to file amendments to the Plan and Disclosure Statement from time to time. The Debtors urge you to read this Disclosure Statement carefully for a discussion of voting instructions; recovery information; classification of claims; the history of the Debtors and the Chapter 11 Cases; the Debtors' businesses, properties, and results of operations, historical and projected financial results; the Parents' businesses, properties, and results of operations, historical and projected financial results; and a summary and analysis of the Plan.**

**The Plan and this Disclosure Statement are not required to be prepared in accordance with the requirements of federal or state securities laws or other applicable non-bankruptcy law. This Disclosure Statement is being submitted for approval, but has not yet been approved, by the Bankruptcy Court. Any such approval by the Bankruptcy Court of this Disclosure Statement as containing "adequate information" will not constitute endorsement of the Plan by the Bankruptcy Court, and none of the Securities and Exchange Commission (the "SEC"), any state securities commission or similar public, governmental or regulatory authority has approved this Disclosure Statement, the Plan or the securities offered under the Plan, or has passed on the accuracy or adequacy of the statements in this Disclosure Statement. Any representation to the contrary is a criminal offense. Persons trading in or otherwise purchasing, selling or transferring securities of the Parent should evaluate this Disclosure Statement in light of the purposes for which it was prepared.**

**This Disclosure Statement contains only a summary of the Plan and certain other documents. It is not intended to replace a careful and detailed review and analysis of the Plan and other documents, but only to aid and supplement such review. This Disclosure Statement is qualified in its entirety by reference to the Plan, any supplements to the Plan filed with the Bankruptcy Court subsequent to the filing date of this Disclosure Statement (collectively, the "Plan Supplement") and the exhibits attached hereto and thereto and the agreements and documents described herein and therein. If there is a conflict between the Plan and this Disclosure Statement, the provisions of the Plan will govern. You are encouraged to review the full text of the Plan and the Plan Supplement and to read carefully the entire Disclosure Statement, including all exhibits hereto, before deciding how to vote with respect to the Plan.**

**Except as otherwise indicated, the statements in this Disclosure Statement are made as of the date on which this Disclosure Statement was filed, and the delivery of this Disclosure Statement does not imply that the information contained in this Disclosure Statement is correct at any time after such date. Any estimates**

**of claims or interests in this Disclosure Statement may vary from the final amounts of claims or interests allowed by the Bankruptcy Court.**

**You should not construe this Disclosure Statement as providing any legal, business, financial or tax advice, and you should consult with your own legal, business, financial and tax advisors regarding the transactions contemplated by the Plan.**

**As to contested matters, adversary proceedings and other actions or threatened actions, this Disclosure Statement is not, and is in no event to be construed as, an admission, or stipulation of the Debtors. Instead, this Disclosure Statement is, and is for all purposes to be construed as, solely and exclusively a statement made by the Debtors in settlement negotiations.**

**THE DEBTORS URGE HOLDERS OF CLAIMS TO VOTE TO ACCEPT THE PLAN.**

## ARTICLE I.

## INTRODUCTION

The Debtors submit this Disclosure Statement pursuant to section 1125 of the Bankruptcy Code to Holders of Claims against and Equity Interests in the Debtors in connection with: (1) the solicitation of acceptances of the Plan, filed by the Debtors with the Bankruptcy Court; and (2) the hearing to consider confirmation of the Plan (the "Confirmation Hearing"), scheduled to commence on December 6, 2016 at 10:00 a.m. (prevailing Eastern time). **Unless otherwise indicated or defined herein, all capitalized terms contained herein have the meanings ascribed to them in the Plan or in the Master Restructuring Agreement.**

Attached as exhibits to this Disclosure Statement are:

- The Plan (Exhibit A);
- Order of the Bankruptcy Court, dated October 31, 2016 (the "Solicitation Procedures Order"), which, among other things, approves this Disclosure Statement and establishes certain procedures with respect to the solicitation and tabulation of votes to accept or reject the Plan (without exhibits, Exhibit B);
- The Debtors' Liquidation Analysis (Exhibit C);
- Financial Projections (Exhibit D);
- Abengoa U.S. Corporate Organizational Chart (Exhibit E);
- Abengoa Global Corporate Organizational Chart (Exhibit F);
- Standstill Agreement (Exhibit G);
- Master Restructuring Agreement (Exhibit H);
- Abengoa, S.A. Historical Financial Statements (Exhibit I-1);
- Abengoa, S.A. Management's Discussion and Analysis of Financial Condition and Results of Operations (Exhibit I-2); and
- Abengoa, S.A. Board of Directors and Management (Exhibit I-3).

In addition, unless otherwise noted, a ballot for the acceptance or rejection of the Plan is enclosed with each copy of this Disclosure Statement that is submitted to the Holders of Claims that are entitled to vote to accept or reject the Plan.

On October 31, 2016, after notice and a hearing, the Bankruptcy Court entered the Solicitation Procedures Order, approving this Disclosure Statement as containing adequate information of a kind, and in sufficient detail, to enable hypothetical, reasonable persons typical of the Debtors' creditors and equity holders to make an informed judgment regarding the Plan. **APPROVAL OF THIS DISCLOSURE STATEMENT DOES NOT, HOWEVER, CONSTITUTE A DETERMINATION BY THE BANKRUPTCY COURT AS TO THE FAIRNESS OR MERITS OF THE PLAN.**

The Solicitation Procedures Order sets forth in detail the deadlines, procedures and instructions for voting to accept or reject the Plan and filing objections to confirmation of the Plan, the record date for voting purposes and the applicable standards for tabulating votes. In addition, detailed voting instructions accompany each ballot. Each Holder of a Claim entitled to vote on the Plan should read this Disclosure Statement, the Plan, the Plan Supplement, and the exhibits attached to all of the foregoing documents, and the agreements and documents described herein therein, the Solicitation Procedures Order and the instructions accompanying the ballot in their entirety before voting on the Plan. These documents contain, among other things, important information concerning the

classification of Claims for voting purposes and the tabulation of votes. No solicitation of votes to accept the Plan may be made except pursuant to section 1125 of the Bankruptcy Code.

### A. Holders of Claims Entitled to Vote

Under the Bankruptcy Code, only holders of allowed claims in impaired classes of claims that are not deemed to have accepted or rejected a proposed plan are entitled to vote to accept or reject a proposed chapter 11 plan.

A class is "impaired" under a plan unless, with respect to each claim or interest of such class, the plan:

- leaves unaltered the legal, equitable or contractual rights to which the holder of the claim or interest is entitled; or
- notwithstanding any contractual provision or applicable law that entitles the holder of such claim or interest to demand or receive accelerated payment on account of a default, cures any default, reinstates the original maturity of the obligation, compensates the holder for any damages incurred as a result of reasonable reliance on such provision or law and does not otherwise alter the legal, equitable or contractual rights of such holder based on such claim or interest.

Classes of claims that are unimpaired under a chapter 11 plan conclusively are presumed to have accepted the plan and are not entitled to vote to accept or reject the plan. Classes of claims in which the holders will receive no recovery under a chapter 11 plan are deemed to have rejected the plan and are also not entitled to vote to accept or reject the plan.

**Which Classes of Claims Are Entitled to Vote on the Plan?***

The following Classes of Claims are Impaired and entitled to vote on the Plan:

EPC Reorganizing Debtor Group
Class 3A EPC Reorganizing MRA Affected Debt Claims
Class 3B EPC Reorganizing US Debt Claims
Class 4 EPC Reorganizing General Unsecured Claims
Class 5 EPC Reorganizing Litigation Claims
Class 6 EPC Reorganizing Debt Bonding Claims

EPC Liquidating Debtor Group
Class 3 EPC Liquidating General Unsecured Claims
Class 3A EPC Liquidating US Debt Claims

Bioenergy and Maple Liquidating Debtor Group
Class 3 Bioenergy and Maple Liquidating General Unsecured Claims
Class 3A Bioenergy and Maple Liquidating US Debt Claims

Solar Reorganizing Debtor Group
Class 3 Solar Reorganizing US Debt Claims
Class 4 Solar Reorganizing General Unsecured Claims
Class 5 Solar Reorganizing Litigation Claims
Class 6 Solar Reorganizing Debt Bonding Claims

* The Debtors reserve the right to classify and seek an order of the Bankruptcy Court designating these Claims (as applicable) as unimpaired and not entitled to vote, and any impairment designation contained herein shall have no probative value with respect to any request for such classification order.

**Which Classes of Claims and Equity Interests are Not Entitled to Vote on the Plan?**

The following Classes of Claims are not Impaired:

Class 1 EPC Reorganizing Secured Claims;
Class 2A EPC Reorganizing Priority Tax Claims;
Class 2B EPC Reorganizing Other Priority Claims;
Class 1 EPC Liquidating Secured Claims;
Class 2A EPC Liquidating Priority Tax Claims;
Class 2B EPC Liquidating Other Priority Claims;
Class 8 EPC Reorganizing Equity Interests;
Class 1 Solar Reorganizing Secured Claims;
Class 2A Solar Reorganizing Priority Tax Claims;
Class 2B Solar Reorganizing Other Priority Claims;
Class 8 Solar Reorganizing Equity Interests;
Class 1 Bioenergy and Maple Liquidating Secured Claims;
Class 2A Bioenergy and Maple Liquidating Priority Tax Claims; and
Class 2B Bioenergy and Maple Liquidating Other Priority Claims.

As a result, Holders of Claims in the foregoing classes conclusively are presumed to have accepted the Plan and will not be entitled to vote to accept or reject the Plan. If the Debtors obtain a Bankruptcy Court Order designating other Classes of Claims as unimpaired, those classes will also not be entitled to vote to accept or reject the Plan.

The following Claims and Equity Interests are also not entitled to vote on the Plan:

Class 7A EPC Reorganizing Intercompany Claims by Non-Debtor Affiliates;
Class 7B EPC Reorganizing Intercompany Claims by Debtor Affiliates;
Class 4 EPC Liquidating Intercompany Claims;
Class 5 EPC Liquidating Equity Interests;
Class 7A Solar Reorganizing Intercompany Claims by Non-Debtor Affiliates;
Class 7B Solar Reorganizing Intercompany Claims by Debtor Affiliates;
Class 4 Bioenergy and Maple Liquidating Intercompany Claims; and
Class 5 Bioenergy and Maple Liquidating Equity Interests.

The Bankruptcy Code defines "acceptance" of a plan by a class of impaired Claims as acceptance by creditors in that class that hold at least two-thirds in dollar amount and more than one-half in number of the claims that cast ballots for acceptance or rejection of the plan. In the event that the Debtors obtain an order of the Bankruptcy Court holding that any Class of Claims is unimpaired, each Holder of an Allowed Claim in any such Class will be conclusively presumed to have accepted the Plan and any votes to accept or reject the Plan submitted by Holders of Claims in any such Class will be null, void, and have no effect.

A vote may be disregarded if the Bankruptcy Court determines, after notice and a hearing, that such acceptance or rejection was not solicited or procured in good faith or in accordance with the provisions of the Bankruptcy Code. See Section Article V.C, entitled "Confirmation."

If a Class of Claims entitled to vote on the Plan rejects the Plan, the Debtors reserve the right to amend the Plan, subject to the consent of the Restructuring Committee and the NM1 Committee, request confirmation of the Plan under section 1129(b) of the Bankruptcy Code, or both. Section 1129(b) permits the confirmation of a chapter 11 plan notwithstanding the non-acceptance of a plan by one or more impaired classes of claims through a procedure known as "cram-down." See Section V.C.3, entitled "Cram Down." Under section 1129(b), a plan may be confirmed by a bankruptcy court if it does not "discriminate unfairly" and is "fair and equitable" with respect to each non-accepting class. See Section V.C.3, entitled "Cram Down."

If a Class of Claims entitled to vote does not vote to accept the Plan, the Debtors will announce their determination on whether to request confirmation of the Plan under section 1129(b) of the Bankruptcy Code prior to or at the Confirmation Hearing.

### B. Voting Procedures

**Procedures for Voting on the Plan**

***How do I vote on the Plan?*** For a vote to be counted, Prime Clerk, the Debtors' voting and claims agent (the "Claims Agent"), must receive an original, signed ballot (or, in the case of securities held through an intermediary, the master ballot cast on your behalf) in a form approved by the Bankruptcy Court. Faxed copies will ***not*** be accepted.

***When does the vote need to be received?*** **The Voting Deadline for the receipt by the Claims Agent of properly completed ballots (or, in the case of securities held through an intermediary, the master ballot cast on your behalf) is 4:00 p.m. (prevailing Eastern Time) on November 29, 2016. The Voting Deadline is subject to extension as provided in the Solicitation Procedures Order.**

***Which members of the Impaired Classes may vote?*** Within an Impaired Class, only Holders of Claims entitled to vote who held their Claims on the Voting Record Date may vote to accept or reject the Plan. The Voting Record Date for determining the members of Impaired Classes that may vote on the Plan is the date of the ACIL Guarantee Creditors' Meeting (as defined in the Master Restructuring Agreement). In addition, Holders of Claims that are temporarily Allowed for voting purposes, pursuant to an order of the Bankruptcy Court, may vote to accept or reject the Plan. If you hold Claims in more than one Class, you must submit a separate ballot for each Class in which you are entitled to vote.

***Whom should I contact if I have questions or need a ballot?*** You may contact the Claims Agent at Prime Clerk, 855-650-7243 or abeinsaballots@primeclerk.com, with questions or requests related to voting on the Plan.

If you are entitled to vote to accept or reject the Plan, unless otherwise noted herein and/or in the Solicitation Procedures Order, a ballot is enclosed for voting on the Plan. More specifically, Holders of Claims in Class 3A (EPC Reorganizing Debtors MRA Affected Debt Claims) will receive a beneficial ballot from its Voting Nominee (as defined in the Solicitation Procedures Order) separately and on or about the Voting Record Date. The ballots have been specifically designed for the purpose of soliciting votes on the Plan from each Class entitled to vote. For this reason, when voting on the Plan, **please use only the ballot sent to you with this Disclosure Statement, one sent to you by your Voting Nominee, or one sent to you by Prime Clerk. If you hold Claims in more than one Class, you must use a separate ballot for voting with respect to each Class of Claims that you hold.** Please vote and return your ballot(s) in accordance with the instructions set forth in your ballot(s) – (a) in the pre-addressed envelope accompanying each ballot to the Claims Agent, (b) by electronic, online submission through the Claims Agent's E-Ballot platform, or (c) solely with respect to Master Ballots, via electronic mail to abeinsaballots@primeclerk.com.

**The Debtors assume no responsibility for an intermediary's failure to timely and accurately transmit a Beneficial Holder's instructions. Any executed ballot received that does not indicate either an acceptance or rejection of the Plan will not be counted. Any ballots received after the Voting Deadline will not be counted. All ballots must contain an original signature unless submitted electronically in accordance with the Solicitation Procedures Order to be counted. No other ballots, including those received by facsimile, will be counted.**

The Claims Agent will tabulate results of the voting on the Plan on a Class-by-Class basis and will prepare an affidavit for filing with the Bankruptcy Court detailing the methodology used in tabulating such votes, as well as the results of the voting.

**Any Claim in an Impaired Class as to which an objection or request for estimation is pending or which is scheduled by the Debtors as unliquidated, disputed or contingent and for which no proof of claim has been filed is not entitled to vote (except to the extent so indicated in any such objection or request for estimation) unless the Holder has obtained an order of the Bankruptcy Court temporarily allowing such Claim for the purpose of voting on the Plan.**

If you are a Holder of a Claim entitled to vote on the Plan and did not receive a ballot, received an incorrect or damaged ballot or lost your ballot, or if you have any questions concerning this Disclosure Statement, the Plan or the procedures for voting on the Plan, please contact the Claims Agent at Prime Clerk, at 855-650-7243 or abeinsaballots@primeclerk.com.

This Disclosure Statement, the Plan, the Plan Supplement, the Solicitation Procedures Order and any other documents approved by the Bankruptcy Court pursuant to section 1125 of the Bankruptcy Code and the exhibits attached hereto and thereto and the agreements and documents described herein and therein are the only materials that you should use in determining how to vote on the Plan.

**Voting Recommendation**

The Debtors believe that confirmation and implementation of the Plan is preferable to any of the other alternatives available to the Debtors, which are described in Section Article IX, titled "Alternatives to Confirmation and Consummation of the Plan," because the Debtors believe the Plan will provide the greatest recoveries to Holders of Claims. Other alternatives could involve significant delay, uncertainty, and substantial additional administrative costs. **The Debtors encourage Holders of Claims to vote to *accept* the Plan.**

### C. Confirmation Hearing

**When and where is the Confirmation Hearing and what is the deadline for objections?**

- Pursuant to section 1128 of the Bankruptcy Code, the Confirmation Hearing will commence on December 6, 2016 at 10:00 a.m. (prevailing Eastern Time), before the Honorable Kevin J. Carey, United States Bankruptcy Judge, in the United States Bankruptcy Court for the District of Delaware, Courtroom 5, Fifth Floor, 824 North Market Street, Wilmington, DE 19801. The Confirmation Hearing may be adjourned from time to time by the Debtors without further notice, except for the announcement of the adjournment date made at or before the Confirmation Hearing or at any subsequent adjourned Confirmation Hearing.

- Any objection to confirmation of the Plan must be filed with the Bankruptcy Court and served in accordance with the Solicitation Procedures Order on or before 4:00 p.m. (prevailing Eastern Time) on November 29, 2016. Objections to confirmation of the Plan are governed by Rule 9014 of the Federal Rules of Bankruptcy Procedure ("Bankruptcy Rules"). Any objection to confirmation must be made in writing and specify in detail the name and address of the objector, all grounds for the objection and the amount and description of the Claim or Equity Interest held by the objector.

## ARTICLE II.

## EXECUTIVE SUMMARY

### A. Overview of the Plans of Reorganization and Liquidation

#### 1. Distributable Value

Although the Plan is a single document, it constitutes four different plans, of which two are plans of reorganization and two are plans of liquidation, one for each of the Debtor groups into which the Debtors have been partially[4] substantively consolidated, where applicable. A complete discussion of the partial substantive consolidation is available in Section IV.B.1 of this Disclosure Statement.

The following chart sets forth the Debtors' estimate of the value of the cash to be held by each Debtor group as of the Effective Date to be distributed to Holders of Allowed General Unsecured Claims.

The chart lists by Debtor group the total General Unsecured Claims pending against each Debtor group and the Debtors' estimate of the likely amount of Allowed General Unsecured Claims, with and without postpetition interest.

The allocations and estimates set forth in the chart are based on a large number of assumptions and judgments both factual and legal and are subject to the Risk Factors described in Section VI below.

**Allocation to General Unsecured Claims - Reorganizing Debtor Groups:[5]**

| Class of Claims | Estimated Distributable Value (net of estimated wind down expenses)[6] | Total Pending Claims | Estimate of Allowed Claims |
|---|---|---|---|
| EPC Reorganizing | $55,200,927.10 | $30,565,025,297.97 | $428,982,372.10[7] |
| Solar Reorganizing | $39,509,067.87 | $627,746.671.00 | $6,292,778.00 |
| ***Total*** | $94,709,994.97 | $31,192,771,968.97 | $435,275,150.10 |

[4] The Debtors have been partially substantively consolidated in that only certain of the Debtors have been substantively consolidated. The substantively consolidated Debtors are organized into the following distinct Debtor groups: the EPC Reorganizing Debtor Group, the EPC Liquidating Debtor Group and the Bioenergy and Maple Liquidating Debtor Group. The Solar Reorganizing Debtor Group is not substantively consolidated.

[5] The figures listed under Total Pending Claims remain subject to change and further reconciliation due to duplicative claims.

[6] Distributable value includes the Cash component of the New Value Contribution of the Parent in the amount of $20 million. Wind down costs are currently estimated at $5 million; *provided, however*, that the Debtors will file wind down budgets, as appropriate, for the relevant Debtors in the Plan Supplement.

[7] Includes $1.65 million in Priority Tax Claims and Other Priority Claims, in the aggregate.

**Allocation to General Unsecured Claims – Liquidating Debtor Groups:**[8]

| Class of Claims | Estimated Distributable Value(net of estimated wind down expenses)[9] | Total Pending Claims | Estimate of Allowed Claims |
|---|---|---|---|
| EPC Liquidating | $1,507,966.00[10] | $2,416,106,042.36 | $20,095,422.00[11] |
| Bioenergy and Maple Liquidating | $252,046.83[12] | $216,036,090.38 | $99,013,313.00 |
| ***Total*** | $1,860,012.83 | $2,632,142,132.74 | $119,108,735.00 |

[8] The figures listed under Total Pending Claims remain subject to change and further reconciliation due to duplicative claims.

[9] Distributable value includes a $750,000 payment from the Parent to the EPC Liquidating Trust and a $750,000 payment from the Parent to the Bioenergy and Maple Liquidating Trust.

[10] Distributable value includes a New Value Contribution of the Parent in the amount of $750,000.

[11] Includes $69,659.00 in Priority Tax Claims and Other Priority Claims, in the aggregate, and $19,160,767.15 in General Unsecured Claims.

[12] Distributable value includes a New Value Contribution from the Parent in the amount of $750,000. In addition, distributable value may be materially affected by the treatment of certain claims in the Missouri Cases (as defined and discussed below).

**Estimated Recoveries**

Under the terms of the Plan:[13]

- Holders of Allowed Claims in *Class 1 – Secured Claims,* in full and final satisfaction, settlement, release, and discharge of each Allowed Secured Claim in Class 1, except to the extent that a Holder of an Allowed Secured Claim and the applicable Debtor or Responsible Person agree in writing to a less favorable treatment for such Allowed Secured Claim, on or as soon as practicable after the Effective Date, to the extent any Secured Claims exist, they will either be paid in full or they will receive the Debtors' assets in which the Holder of a Secured Claim has an interest.

- Holders of Allowed Claims in *Classes 2A and 2B – Priority Tax Claims* and *Other Priority Claims*, respectively, in full and final satisfaction, settlement, release, and discharge of each Allowed Priority Tax Claim and Allowed Other Priority Claim, will be paid in full on or as soon as practicable after the Effective Date, except to the extent that a Holder of an Allowed Priority Tax Claim or the Allowed Other Priority Claim and the applicable Debtor, Responsible Person, or Liquidating Trustee agree in writing to a less favorable treatment.

- Holders of Claims in *Class 3A – EPC Reorganizing MRA Affected Debt Claims,* on or as soon as practicable after the Effective Date, each Holder of a MRA Affected Debt Claim will receive (i) a Replacement Guarantee based upon the application pursuant to the Master Restructuring Agreement of the Standard Restructuring Terms to the Existing Notes or Existing Loans in respect of which the guarantee obligation of the relevant Debtor arose, or (ii) such other treatment as agreed upon in writing by the Holder of the MRA Affected Debt Claim and the applicable EPC Reorganizing Debtor or Responsible Person.

- Holders of Allowed Claims in *Class 4 – EPC Reorganizing General Unsecured Claims, Class 3 – EPC Liquidating General Unsecured Claims, Class 3 – Bioenergy and Maple Liquidating General Unsecured Claims, Class 3B – EPC Reorganizing US Debt Claims, Class 3A – EPC Liquidating US Debt Claims, and Class 3A – Bioenergy and Maple Liquidating US Debt Claims*, in full and final satisfaction, settlement, release, and discharge of each Allowed US Debt Claim, on or as soon as practicable after the Effective Date, a Pro Rata share of the applicable Reorganization Distribution or a Distribution from the Liquidating Trust, as applicable, or such less favorable treatment as agreed upon in writing by the Holder of the US Debt Claim and the applicable Debtor, the applicable Responsible Person, or the applicable Liquidating Trustee.

- Holders of Allowed Claims in the following Classes of Claims will, on or as soons as practicable after the Effective Date, receive their Pro Rata share of the applicable Reorganization Distribution, or such less favorable treatment as agreed upon in writing by the applicable Debtor, the applicable Responsible Person, and the Holder of the Claim:

    - Class 3B – EPC Reorganizing US Debt Claims
    - Class 3 – Solar Reorganizing US Debt Claims
    - Class 4 – EPC Reorganizing General Unsecured Claims
    - Class 4 – Solar Reorganizing General Unsecured Claims
    - Class 5 – EPC Reorganizing Litigation Claims
    - Class 5 – Solar Reorganizing Litigation Claims
    - Class 6 – EPC Reorganizing Debt Bonding Claims
    - Class 6 – Solar Reorganizing Debt Bonding Claims

[13] This summary is qualified in its entirety by the terms of the Plan.

- Holders of Allowed *Claims in Class 7A – EPC Reorganizing Intercompany Claims by Non-Debtor Affiliates and Class 7A – Solar Reorganizing Intercompany Claims by Non-Debtor Affiliates* in full and final satisfaction, settlement, release, and discharge of each Allowed Intercompany Claim By Non-Debtor Affiliates, on or as soon as practicable after the Effective Date, will receive the Standard Restructuring Terms, or such other less favorable treatment as agreed upon in writing by the Holder of an Intercompany Claim by Non-Debtor Affiliates and the applicable Debtor or the applicable Responsible Person.

- Holders of Allowed Claims in the following Class of Claims will receive no distribution on the Effective Date of the Plan:

    - Class 4 – EPC Liquidating Intercompany Claims;
    - Class 4 – Bioenergy and Maple Liquidating Intercompany Claims;
    - Class 7B – EPC Reorganizing Intercompany Claims by Debtor Affiliates;
    - Class 7B – Solar Reorganizing Intercompany Claims by Debtor Affiliates
    - Class 5 – EPC Liquidating Equity Interests; and
    - Class 5 – Bioenergy and Maple Liquidating Equity Interests.

- The Holders of Equity Interests in *Class 8 – EPC Reorganizing Equity Interests* and *Class 8 – Solar Reorganizing Equity Interests* shall have their Equity Interests retained or reinstated.

The following tables briefly summarize the classification and treatment of Claims and Equity Interests under the Plan. The summaries also identify the Classes that are entitled to vote on the Plan under the Bankruptcy Code. This summary is qualified in its entirety by reference to the Plan, the Plan Supplement and the exhibits attached hereto and thereto and the agreements and documents described herein and therein.

**Important Note on Estimates**

The estimates in the tables and summaries in this Disclosure Statement may differ materially from actual distributions under the Plan. These differences may be due to a number of factors, including:

- the resolution through compromise or judicial determination of disputes among different stakeholders;
- the asserted or estimated amounts of Allowed Claims;
- the existence and ultimate resolution of Disputed Claims;
- the timing of distributions; and
- the timing of the Debtors' emergence from bankruptcy.

Statements regarding projected amounts of Allowed Claims or distributions (or the value of such distributions) are estimates by the Debtors based on current information and are not representations or commitments as to the accuracy of these amounts. See Section Article VI, titled "Risk Factors," for a discussion of factors that may affect the value of recoveries under the Plan.

Except as otherwise indicated, these statements and estimates are made as of the date of this Disclosure Statement, and the delivery of this Disclosure Statement does not imply that the information contained in this Disclosure Statement is correct at any time after such date.

## SUMMARY OF CLASSIFICATION AND TREATMENT OF CLAIMS AND EQUITY INTERESTS UNDER THE PLAN[14]

### EPC Reorganizing Debtor Group

| Class | Type of Claim or Equity Interest | Treatment/ Currency/Payment | Estimated Total Claims | Estimated Total Recovery | Voting Status |
|---|---|---|---|---|---|
| 1 | Secured Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 2A | Priority Tax Claims | Paid in Full | $1,650,000 | 100% | Deemed to Accept |
| 2B | Other Priority Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 3A | MRA Affected Debt Claims | Impaired; Replacement Guarantee | $6,860,000,000 | Replacement Guarantee | Entitled to Vote |

| 3A | US Debt Claims | Impaired | $0 | - | Entitled to Vote |
| 4 | Intercompany Claims | Impaired | $4,657,648 | 0% | Deemed to Reject |
| 5 | Equity Interests | Impaired; No Distribution | N/A | N/A | Deemed to Reject |

[14] The "Estimated Total Claims" reflect the face amount asserted with respect to such claims. The "Estimated Total Recovery" reflects the estimated percentage distribution on account of the Debtors' estimated amount of allowable Claims; *provided, however*, that nothing contained herein shall be construed as an admission as to the validity, amount, or priority of any such claim.

[15] The figures listed under Total Pending Claims remain subject to change and further reconciliation.

## Solar Reorganizing Debtor Group

| Class | Type of Claim or Equity Interest | Treatment/ Currency/Payment | Estimated Total Claims | Estimated Total Recovery | Voting Status |
|---|---|---|---|---|---|
| 1 | Secured Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 2A | Priority Tax Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 2B | Other Priority Claims | Paid in Full | $295,207 | 100% | Deemed to Accept |
| 3 | US Debt Claims | Impaired | $0 | - | Entitled to Vote |
| 4 | General Unsecured Claims | Impaired | $5,997,570 | 100% | Entitled to Vote |
| 5 | Litigation Claims | Impaired | $0 | - | Entitled to Vote |
| 6 | Debt Bonding Claims | Impaired | $546,856,780[16] | 100% | Entitled to Vote |
| 7A | Intercompany Claims by Non-Debtor Affiliates | Impaired | $0 | >3% | Deemed to Accept |
| 7B | Intercompany Claims by Debtor Affiliates | Impaired | $65,039,558 | 0% | Deemed to Reject |
| 8 | Equity Interests | Unimpaired | N/A | N/A | Deemed to Accept |

## Bioenergy and Maple Liquidating Debtor Group

| Class | Type of Claim or Equity Interest | Treatment/ Currency/Payment | Estimated Total Claims | Estimated Total Recovery | Voting Status |
|---|---|---|---|---|---|
| 1 | Secured Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 2 | Priority Tax Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 2 | Other Priority Claims | Paid in Full | $0 | 100% | Deemed to Accept |
| 3 | General Unsecured Claims | Impaired | $60,740,186[17] | 0.4% | Entitled to Vote |
| 3A | US Debt Claims | Impaired | $0 | - | Entitled to Vote |
| 4 | Intercompany Claims | Impaired | $38,273,171 | 0% | Deemed to Reject |
| 5 | Equity Interests | Impaired, No Distribution | N/A | 0% | Deemed to Reject |

[16] The figures listed under Total Pending Claims remain subject to change and further reconciliation.

[17] Possible considerations coming from any potential recoveries and proceeds of asset sales of the Bioenergy subsidiaries in Chapter 11 in Missouri and in Kansas have not been included in this analysis. The recovery available to creditors could increase based upon the treatment of claims in the Missouri and Kansas cases.

## ARTICLE III.

## GENERAL INFORMATION

### A. Overview of Chapter 11

Chapter 11, the principal business reorganization chapter of the Bankruptcy Code, permits a debtor to reorganize or liquidate its business for the benefit of itself, its creditors, and equity interest holders. In addition to the rehabilitation or liquidation of a debtor, another goal of chapter 11 is to promote equality of treatment for similarly situated creditors and equity interest holders in the distribution of a debtor's assets. The commencement of a chapter 11 case creates an estate comprised of all of the legal and equitable interests of the debtor as of the date the chapter 11 petition is filed. The Bankruptcy Code provides that the debtor may continue to operate its business and remain in possession of its property as a "debtor in possession."

The consummation of a plan is the principal objective of a chapter 11 case. A plan of reorganization and liquidation both set forth the means for satisfying claims against and equity interests in a debtor. Confirmation of a plan by the bankruptcy court binds the debtor, any issuer of securities under the plan, any person acquiring property under the plan, any creditor or equity interest holder of a debtor, and any other person or entity subject to the terms of the Plan. Subject to certain limited exceptions, the order approving confirmation of a plan of reorganization discharges a debtor from any debt, equity interest, or other claim that arose prior to the date of confirmation of the plan and substitutes in place of such debts and other claims the obligations specified in the confirmed plan. Unlike a plan of reorganization, confirmation of a plan of liquidation does not discharge the debtor. A plan of liquidation is a sub-type of a chapter 11 plan, pursuant to which a debtor sells or transfers all or substantially all of its assets and winds down all of its operations in orderly fashion under supervision of the bankruptcy court.

Certain holders of claims against, and sometimes equity interests in, a debtor are permitted to vote to accept or reject the plan. Before soliciting acceptances of the proposed plan, section 1125 of the Bankruptcy Code requires a debtor to prepare a disclosure statement containing adequate information of a kind, and in sufficient detail, to enable a hypothetical, reasonable claimant or holder of an equity interest to make an informed judgment regarding the plan. The Debtors are submitting this Disclosure Statement, pursuant to section 1125 of the Bankruptcy Code, to holders of Claims against the Debtors that are entitled to vote to accept or reject the Plan.

### B. Description and History of the Debtors' Businesses

#### 1. Parent Company Operations and Financial Data

Abengoa is a Spanish company founded in 1941 and is a leading engineering and clean technology company, which together with its consolidated subsidiaries, has operations in more than 50 countries worldwide. Currently, Abengoa is registered in the Mercantile Register of Seville in volume 573, folio 69, sheet SE-1507. As of the end of 2015, Abengoa was the parent company of approximately 700 other companies around the world, including 577 subsidiaries, 78 associates, 31 joint ventures, and 211 Spanish partnerships (*uniones temporales de empresa*) (collectively, the "Abengoa Group" or the "Company"). The Abengoa Group provides innovative solutions for a diverse range of customers in the energy and environmental sectors.

Abengoa, together with its consolidated subsidiaries, is an industrial and technological company which provides innovative solutions for sustainable development in the infrastructure, environment, and energy sectors. Abengoa determines the general strategies and corporate policies of the Abengoa Group and is responsible for overall control of the activities of the Abengoa Group.

Over the course of the Abengoa Group's 70-year history, it has developed a unique and integrated business model that applies its accumulated engineering expertise to promoting sustainable development solutions, including delivering new methods for generating solar power, developing biofuels, producing potable water from seawater, and efficiently transporting electricity, to customers in the following sectors: energy, telecommunications, transport, water, utilities, environmental, industrial, and services. A cornerstone of Abengoa's business model has been investment in proprietary technologies, particularly in areas with relatively high barriers to entry. The Company supplies engineering projects under the 'turnkey' contract modality and operates assets that generate renewable

energy, produce biofuel, manage water resources, desalinate sea water, and treat sewage. The Abengoa Group's business is organized under the following three activities:

- Engineering and construction: includes the traditional engineering activities in the energy and water sectors, with more than 70 years of experience in the market and the development of solar technology. The Abengoa Group is specialized in carrying out complex turnkey projects for thermo-solar plants, solar-gas hybrid plants, conventional generation plants, biofuels plants, and water infrastructures, as well as large-scale desalination plants, and transmission lines, among others.

- Concession-type infrastructures: groups together the Company's extensive portfolio of proprietary concession assets that generate revenues governed by long-term sales agreements, such as take-or-pay contracts, tariff contracts, or power purchase agreements. This activity includes the operation of electric energy generation plants (solar, cogeneration, or wind), desalination plants, and transmission lines. These assets generate low demand risk, and the Company focuses on operating them as efficiently as possible.

- Industrial production: covers Abengoa Group's businesses with a high technological component, such as development of biofuels technology. The Company holds an important leadership position in these activities in the geographical markets in which it operates.

The audited consolidated financial statements of Abengoa, S.A. as of and for the years ended December 31, 2013, 2014 and 2015 and the interim unaudited condensed consolidated financial statements of Abengoa, S.A. as of and for the six months ended June 30, 2016 are attached to this Disclosure Statement as **Exhibit I-1**. Management's Discussion and Analysis of Financial Condition and Results of Operations as of and for the historical periods reported in the financial statements contained in Exhibit I-2 is attached to this Disclosure Statement as **Exhibit I-2.**

Biographical information on the current members of the Board of Directors and the executive management of Abengoa, S.A. as of June 30, 2016, together with biographical information on those individuals that have been nominated for election to the Board of Directors of Abengoa, S.A. at the Extraordinary General Meeting of shareholders to be convened in November, 2016, is attached to this Disclosure Statement as **Exhibit I-3**.

### 2. The Abengoa Group's Prepetition Capital Structure

The Abengoa Group reports its financial information on a consolidated basis and prepares its financial statements under International Financial Reporting Standards as endorsed by the European Union, with the Euro as its reporting currency. As of December 31, 2015, the Abengoa Group had total assets of approximately €16.6 billion. The Abengoa Group's total liabilities as of that date were approximately €16.2 billion, of which current liabilities accounted for approximately €14.6 billion and non-current liabilities accounted for approximately €1.5 billion. As of December 31, 2015, the Abengoa Group's current liabilities were comprised of approximately €2.6 billion of project debt, €6.2 billion in corporate financing and approximately €4.3 billion of trade payables and other current liabilities (subject to varying payment terms and conditions). For the year ended December 31, 2015, the Abengoa Group reported revenues of approximately €5.8 billion and a total loss of about €1.3 billion.

The Parent and certain of its non-Debtor subsidiaries, including Abengoa Finance S.A.U. and Abengoa Greenfield S.A., are borrowers under multiple debt facilities and Notes in the approximate amount of approximately $6.86 billion, as set forth in Exhibit D to the *Declaration of William H. Runge, III in Support of Chapter 11 Petitions and First Day Pleadings* [D.I. 3]. Debtors Mojave, Solana, Hugoton and ABNT (each as defined below and collectively, the "Guarantors") are each guarantors on Notes issued by Abengoa, Abengoa Finance, S.A.U., and Abengoa Greenfield, S.A. as well as certain debt facilities. Other non-Debtor affiliates are also guarantors on the Notes and the other debt facilities.

### 3. Debtors' Corporate Structure and Management

Abengoa initially expanded into the United States in the 1980s, creating a number of subsidiaries within the biofuels, engineering and construction, water, and solar segments of its operations. After an operational

restructuring of the U.S. subsidiaries in 2013, substantially all of the Abengoa companies with operations in the United States, except those that fall under the Bioenergy business unit (as described below), became subsidiaries of Abengoa US Operations LLC ("Abengoa Operations" or "P-3"). Abengoa Operations and the Bioenergy subsidiaries are owned 100% by Abengoa US, LLC ("Abengoa US" or "P-2"), and an intermediate holding company formed under the laws of the state of Delaware. Abengoa US Holding, LLC ("Abengoa Holding" or "P-1") is the indirect parent company of all United States-based subsidiaries. Most of Abengoa Group's companies operate on a decentralized basis.

A simplified representation of Abengoa's U.S. corporate structure is attached hereto as **Exhibit E**. A full representation of Abengoa's global corporate structure is attached hereto as **Exhibit F**.

### 4. Debtors' Business Operations, Partnerships, and Joint Ventures

Abengoa initiated the expansion of its global operations in the 1960s, first to South America and then into the United States. Since inception, Abengoa's presence in the United States has grown significantly. Abengoa has achieved a leading position within the renewable energy construction and technology sector in the United States through its efforts in developing commercial scale concentrated solar power and producing advanced biofuels on a commercial scale.

With a total investment of $3.3 billion, the United States has become one of Abengoa's largest markets in terms of sales volume, particularly from developing solar, bioethanol, and water projects. The United States remains one of the largest and strategically important markets for Abengoa. The Debtors' business operations can be organized into the following distinct business units:

- Abengoa's bioenergy companies ("Bioenergy") specialize in the development of new technologies geared towards the production of biofuels, biochemical products, and the sustainability of raw materials;
- Abengoa's engineering, procurement, and construction companies ("EPC") are dedicated to the engineering and construction of electrical, mechanical, and instrumental infrastructures in the energy, industrial, water management, and services sectors, as well as the development of innovative technology for Abengoa's businesses;
- Abengoa's solar companies ("Solar") specialize in the development and operation and maintenance of solar energy plants, mainly using solar thermal technology; and
- Abengoa's water companies ("Water") specialize in the development and operation and maintenance of facilities aimed at generating, transporting, treating, and managing potable water, including desalination and water treatment, as well as purification plants.

For the twelve month period that ended on December 31, 2015, Abengoa Group's average number of employees was 28,669 people worldwide across all Abengoa's business activities.

The majority of Debtors' operations are in the business units of EPC and Solar. Specifically, each of the Debtors' business operations is listed below:

a) Abengoa US Holding, LLC, or "P-1," is a limited liability company organized under the laws of the state of Delaware. It is parent company of all of the U.S.-based subsidiaries, including P-2 and P-3.

b) Abengoa US, LLC, or "P-2," is a limited liability company organized under the laws of the state of Delaware. It is the parent company of and owns 100% of P-3 and Abengoa Bioenergy US Holding, LLC, which is currently a debtor in a chapter 11 case before the United States Bankruptcy Court for the Eastern District of Missouri.

c) Abengoa US Operations, LLC, or "P-3," is a limited liability company organized under the laws of the state of Delaware. P-3 owns all of the U.S.-based business units except Bioenergy.

d) Abengoa Solar LLC, formerly known as Solucar Inc. and Abengoa Solar Inc. ("Abengoa Solar"), is a limited liability company organized under the laws of the State of Delaware and based in Colorado. It is the operating company for Abengoas Solar's business in the United States. Directly and through its wholly owned subsidiaries, Abengoa Solar (i) develops and operates major solar energy projects within the United States, and (ii) researches and develops activities intended to improve Abengoa's solar technologies from a cost, efficiency, and reliability standpoint.

e) Abencor USA, LLC ("Abencor") is a limited liability company organized under the laws of the state of Delaware. Abencor sells electrical materials and offers integral management service for procurement logistics.

f) Inabensa USA, LLC ("Inabensa") is a limited liability company organized under the laws of the state of Delaware. Inabensa provides special industrial machinery, and has operations associated with industrial facilities and infrastructure. It joined with certain affiliates to form Mount Signal (defined below).

g) Nicsa Industrial Supplies, LLC ("Nicsa") is a limited liability company organized under the laws of the state of Delaware. Nicsa supplies various types of electrical material, instrumentation, and communication equipment for industrial use to engineering and construction companies.

h) Abener Construction Services, LLC, formerly Abener Engineering and Construction Services, LLC ("Abener Construction"), is a limited liability company organized under the laws of the state of Delaware. Abener Construction is a renewables and environmental company that provides biofuel engineering, project, and construction management services. It provides engineering studies and business development for Abengoa's engineering, procurement and construction projects.

i) Teyma USA & Abener Engineering and Construction Services General Partnership ("Solana EPC") is a general partnership organized under the laws of the state of Delaware. Solana EPC is responsible for the engineering, procurement, and construction of the Solana EPC thermal solar energy power plant located near Gila Bend, Arizona (the "Solana Project"). When commissioned, the Solana Project was the largest parabolic trough plant in the world and the first solar plant in the United States with molten salt thermal energy storage. Solana EPC is still under certain warranty obligations. Solana EPC is a guarantor on the Notes, as well as other indebtedness of the Parent, and remains obligated under certain warranties for the Solana Project.

j) Abener Teyma Mojave General Partnership ("Mojave EPC") is a general partnership organized under the laws of the state of Delaware. It holds an engineering, procurement and construction services contract for a thermal solar energy power plant located near in Hinkley, California (the "Mojave Project"). The Mojave Project was completed in April 2015, but Mojave EPC is still under certain warranty obligations and has to finalize the work itemized on a punch list. Mojave EPC is a guarantor on the Notes, as well as other indebtedness of the Parent.

k) Abeinsa Abener Teyma General Partnership ("AAT") is a general partnership organized under the laws of the state of Delaware. It holds the engineering, procurement, and construction services contracts for (i) a plant located in Glendale, Arizona that recycles municipal solid waste (the "Vieste Project"), (ii) a cogeneration plant located in Pasadena, Texas built to install a superheater and steam turbine generator at an existing nitrogen plant (the "Rentech Project"), (iii) a 440MW gas-fired Generation Facility with a combined cycle located in Boardman, Oregon built to provide electricity to the Portland region which contract has since been terminated by the client (the "Carty Project"), and (iv) a facility that will operate Feedstock MSW to Syncrude Product processing in Reno, Nevada (the "Fulcrum Project"). The Rentech Project and the Vieste Project have been finalized.

l) Abener Teyma Inabensa Mount Signal Joint Venture ("Mount Signal," and together with Solana EPC, Mojave EPC and AAT, the "Partnerships") is a joint venture between Inabensa USA LLC,

Abeinsa Holding Inc. and Abener North America Construction LP. Mount Signal was formed to design, engineer, procure, install, construct, test, and commission a nominal power photovoltaic power plant to be located in Imperial County, California. Delaware law governs the joint venture agreement.

m) Abeinsa Holding Inc. ("Abeinsa"), formerly known as Teyma USA Inc., is a corporation incorporated under the laws of the state of Delaware. Incorporated in 2009, it was one of the first Abengoa engineering, constructions, and procurement related companies in the United States and continues to be a regional partner in certain EPC projects in the United States.

n) Teyma Construction USA, LLC ("Teyma Construction") is a limited liability company organized under the laws of the state of Delaware. It is a partner in certain of the Partnerships.

o) Abeinsa EPC LLC ("Abeinsa EPC") is a limited liability company organized under the laws of the state of Delaware. Abeinsa EPC provides services to the Partnerships, including but not limited to legal, tax, accounting, and back-office services. Abeinsa EPC also provides employees and is a partner in one of the Partnerships.

p) Abener North America Construction, LP ("Abener North America") is a limited partnership organized under the laws of the state of Delaware. Abener North America joined with certain of its affiliates to form Mount Signal and Mojave EPC.

q) Abener Teyma Hugoton General Partnership ("Hugoton Partnership") is a general partnership organized under the laws of the state of Delaware. It holds an engineering, procurement and construction services contract for the Hugoton Plant. Hugoton Partnership is a guarantor on the Notes, as well as other indebtedness of the Parent.

r) Abengoa Bioenergy Hybrid of Kansas, LLC ("ABHK") is a limited liability company organized under the laws of the state of Kansas. It owns ABBK and holds the grants and equity commitments used to build the Hugoton Plant.

s) Abengoa Bioenergy Technology Holding, LLC ("ABTH") is a limited liability company organized under the laws of the state of Missouri. ABTH is the parent company and 100% owner of ABHK and ABTH.

t) Abengoa Bioenergy New Technologies, LLC ("ABNT") is a limited liability company organized under the laws of the state of Missouri. ABNT is responsible for all of the research and development work in the Bioenergy business unit and owns all United States patents held by Abengoa. ABNT is a licensee for third party technology and is the business that sublicenses rights to third parties. ABNT is a guarantor on the Notes, as well as other indebtedness of the Parent.

u) Abengoa Bioenergy Biomass of Kansas, LLC ("ABBK") is a limited liability company organized under the laws of the state of Kansas. ABBK owns a second generation, turnkey ethanol production and cogeneration plant located in Hugoton, Kansas (the "Hugoton Plant"), which produces ethanol from non-food sources. As of today, the Hugoton Plant is not operating; however, ABBK has hired an investment banker, Ocean Park Advisors, and is actively marketing this plant under a sale process supervised by the bankruptcy court in Wichita, Kansas, where ABBK's case is pending.

v) Abengoa Bioenergy Holdco, Inc. ("AB Holdco") is a corporation organized under the laws of the state of Delaware. AB Holdco is a holding entity that owns 51 percent interest in Abengoa Bioenergy Meramec Holding, Inc.

w) Abengoa Bioenergy Meramec Holding, Inc. ("AB Meramec") is a corporation organized under the laws of the state of Delaware. AB Meramec is a holding company that owns 20.25 percent of the interest in Abengoa Bioenergy Meramec Renewable, LLC, an Abengoa Bioenergy US entity that

filed a voluntary chapter 11 petition in the United States Bankruptcy Court for the Eastern District of Missouri on June 12, 2016.

5. **Solar Projects**

Abengoa began its solar power activity in 1984 when it participated in the construction of the Solar Platform in Almería, Spain. Since then, multiple research, development, and innovation projects have been carried out to develop different types of receivers for tower plants and parabolic trough technology, which were partially supported by the European Union Framework Programs. These first steps were taken in the Engineering and Construction and Industrial Production business units. In 2007, with the inauguration of the first tower technology commercial plant, PS10 (11 megawatts ("MW")), as well as the world's largest low concentration photovoltaic plant, Sevilla PV, with 1.2 MW of power output capacity, Abengoa's solar unit was incorporated as a business unit. One of the Debtors, Abengoa Solar, was the company through which Abengoa conducted its solar operations in the United States and was the previous owner of ASO Holdings Company LLC ("ASO Holdings"), which in turn owned Arizona Solar One LLC ("ASO"), which is the owner of the Solana Project. Abengoa Solar was also the previous owner of Mojave Solar Holdings LLC, which in turn owned Mojave Solar LLC, the owner of the Mojave Project.

***a.*** **Solana Project**

ASO was formed as a special purpose entity to develop and build the Solana Project, a 280 MW (gross) concentrating solar thermal project located near the town of Gila Bend, Arizona, which sells electricity to Arizona Public Service Electric Company. ASO is the counterparty to a February 2008 30-year, fixed price power purchase agreement ("PPA") with Arizona Public Service Company for the electricity produced by the Solana Project. This PPA was amended and restated in December 2010 and expires on October 8, 2043.

On December 20, 2010, the U.S. Department of Energy provided a loan guarantee in connection with a two-tranche loan (comprised of one short-term tranche and one long-term tranche) of approximately $1.445 billion from the Federal Financing Bank ("FFB") to ASO to finance the construction of the Solana Project. On November 14, 2013 (i.e., prior to the incorporation and the initial public offering ("IPO") of Atlantica Yield in 2014), ASO filed an application for the Solana Project for a cash grant pursuant to the Section 1603 program in the amount of $563,478,736. A cash grant amounting to $553,613,533 was awarded to ASO on June 10, 2014. Pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act, the amount of the payment was reduced by a sequestration reduction rate of 7.2 per cent. ASO repaid the short-term tranche of the FFB loan with proceeds of the cash grant.

On April 19, 2012, Arizona Concentrated Solar I, LLC, a subsidiary of Banco Santandar, S.A., made a $125,000,000 equity investment into the Solana Project via the purchase from Abengoa Solar of a portion of the equity of ASO Holdings, which at the time was the 100% direct equity owner of the Solana Project. Subsequent to that sale, Abengoa Solar and its upstream owner entities entered into another transaction to re-acquire this equity interest in ASO Holdings from Arizona Concentrated Solar I, LLC, and immediately sell it and additional equity in ASO Holdings to an affiliate of Liberty Interactive Company, Liberty Solar Energy, LLC. Pursuant to this transaction, on September 30, 2013 Abengoa Solar repurchased 100% of Arizona Concentrated Solar I, LLC's interests in ASO Holdings and then distributed 100% of its interests in ASO Holdings to Abengoa US Operations LLC. Abengoa US Operations LLC then distributed 100% of its interests in ASO Holdings to Abengoa US LLC. Abengoa US LLC then distributed its interests in ASO Holdings to Abengoa Solar US Holdings Inc. ("ASUSHI") in partial redemption of ASUSHI's interest in Abengoa US LLC. ASUSHI then sold 100% of its Class A Membership interests in ASO Holdings to Liberty Solar Energy, LLC, to reflect new economic terms of Class A and Class B interests. The Class B interests in ASO Holdings were retained by ASUSHI. As a consequence of this transaction, Abgengoa Solar also assigned to ASUSHI a $429 million loan from Abengoa Bioenergy US Holdings, LLC, the proceeds of which served as Abengoa Solar's sponsor equity funding for the Solana Project.

Subsequent to these transactions, Abengoa undertook a corporate restructuring and subsequent IPO of Abengoa Yield plc (now Atlantica Yield plc) ("YieldCo"). As part of this larger transaction, through a number of steps, the equity ownership in ASO was transferred to YieldCo. In short summary, this transaction followed the following steps: (1) ASUSHI distributed its partial ownership interest in Abengoa US LLC to Abengoa US Holdings LLC, (2) Abengoa US Holdings LLC then distributed that interest in Abengoa US LLC to a new company, Abengoa Solar Holdings, Inc. ("ASHI"), formed to replace ASUSHI in the overall structure (3) Abengoa US

Holding LLC distributed ASUSHI to Abengoa Solar S.A., (4) Abengoa Solar S.A. sold ASUSHI to Abengoa Concessions S.L., (5) Abengoa Concessions S.L. then transferred its interest in ASUSHI to ACIL in exchange for 100% of the ACIL stock, and (6) ACIL transferred ASUSHI to YieldCo in exchange for 100% of YeildCo stock. The amount of consideration for the sale of ASUSHI was based on an independent third-party valuation obtained in connection with the YieldCo IPO. Following this transaction, the Solana Project remains wholly owned by ASO, which is owned by ASO Holdings. YieldCo holds the indirect equity interest in the Class B shares of ASO Holdings, while Liberty Solar Energy, LLC retains its ownership of the ASO Holdings Class A shares.

ASO entered into a Turnkey Engineering, Procurement and Construction Contract (the "Solana EPC Contract") with Abeinsa, Abener Construction, and Solana EPC as "Contractor," to design, engineer, procure, construct, start-up and test the Solana Project. On June 30, 2014, Abeinsa transferred its participation in Solana EPC to its affiliate, Teyma Construction.

Under the terms of the Solana EPC Contract, the Solana Project remains under a performance warranty and construction warranty (which is limited to certain items) from Solana EPC that is guaranteed by the Parent. ASO requested that Solana EPC perform additional works in connection with the performance warranty obligations to improve the operation and performance of the Solana Project, including the design and build of an additional water treatment plant. Currently, Solana is working with ASO as a project manager and on a cost reimbursable basis (no fee). ASO directly pays suppliers and subcontractors that are needed to perform these works.

Thus far, the Solana Project has not been performing in accordance with the expectations of ASO under the Solana EPC Contract. ASO believes that under the terms of the performance warranty and/or construction warranty contained in the Solana EPC Contract, it may be entitled to assert liquidated damages claims of approximately $200 million against Solana (or, alternatively, the Parent under the guarantee of the Solana EPC Contract by the Parent), which are based on shortfalls under the Performance and/or Construction Warranty in the Solana EPC Contract. No such claim has yet been filed, and Solana, Parent, and ASO are working together to attempt to resolve these warranty issues and any potential claim arising therefrom.

ASI Operations LLC ("ASI Operations"), a non-debtor subsidiary of Abengoa Solar, provides "operation and maintenance" ("O&M") services for the Solana Project. Under the terms of the O&M agreement between ASI Operations and ASO, ASI Operations has agreed to operate the facility in accordance with prudent utility practices, to ensure compliance with all applicable government and agency permits, licenses, approvals PPA terms, and to assist ASO in connection with the procurement of all necessary support and ancillary services. The O&M agreement is a cost-reimbursable contract with a combination of fixed and variable fees. The fixed fee is $480,000 per year and is subject to adjustment based on the local consumer price index. ASO will pay the variable fee in periods when the Solana Project's annual net operating profits exceed the target annual net operating profit.

***b.*** **Mojave Project**

Mojave Solar LLC ("Mojave Solar") was formed as a special purpose entity to develop and build a 280 MW (gross) concentrating solar thermal project (the "Mojave Project") in Hinkley, California, which sells electricity to the Pacific Gas and Electric Company. Mojave Solar is a counterparty to a 25-year, fixed-price power purchase agreement with Pacific Gas & Electric Company, or PG&E, for 100% of the output of the Mojave Project.

Mojave Solar executed a Loan Guarantee Agreement with the U.S. Department of Energy on September 12, 2011 to provide a loan guarantee in connection with a two-tranche FFB loan (comprised of one short-term tranche and one long-term tranche) of approximately $1.2020 billion.

On February 5, 2015, Mojave Solar filed an application for a cash grant in the amount of $413,189.26 for the Mojave Project pursuant to the section 1603 program. A cash grant amounting to $404,472.75 was awarded to Mojave Solar on September 10, 2015. Pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act, the amount of the payment was reduced by a sequestration reduction rate of 7.3 percent. Mojave Solar repaid the short-term tranche of the FFB loan with the proceeds from the cash grant.

The construction of the Mojave Project was carried out by Mojave EPC under an arm's-length, fixed-price Turnkey Engineering, Procurement, and Construction Contract (the "Mojave EPC Contract"), which was executed on September 12, 2010. Mojave Solar issued a "full notice to proceed" on March 7, 2012, and the Mojave Project

achieved commercial operation in December, 2014. Similar to the Solana EPC Contract, the Mojave EPC Contract includes a one-year warranty by Mojave EPC for defects, among other typical equipment guarantees. Additionally, as with the Solana EPC Contract, Mojave EPC provides a three-year performance guarantee linked to energy production. The Mojave Project's key equipment has been supplied by leading companies, including two twin turbines from General Electric.

To date, the Mojave Project has performed in accordance with expectations for energy generation.

Ownership of the Mojave Project was indirectly distributed on May 27, 2014 from debtor Abengoa Solar, also as part of the larger transaction in connection with the corporate restructuring and subsequent IPO of YieldCo. In short summary, this transaction followed the following steps: (1) Abengoa US, LLC, distributed its interest in Mojave Solar Holdings LLC, the direct parent holding company of Mojave Solar, to Abengoa Solar Holdings USA Inc. ("ASHUSA"); (2) ASHUSA contributed its interest in Abengoa US, LLC to ASHI in exchange for 100% of the equity of ASHI; (3) ASHUSA distributes ASHI equity to Abengoa US Holding LLC; (4) Abengoa US Holding LLC distributed ASHUSA to Abengoa Solar S.A.; (5) Abengoa Solar, S.A. contributes ASUSHI to YieldCo in exchange for YieldCo stock; (6) Abengoa Solar, S.A. and Abengoa Concessions, S.L. contribute their respective interests in YieldCo to ACIL in exchange for ACIL stock. The consideration in YieldCo stock for the sale of ASHUSA was based on an independent valuation obtained in connection with the YieldCo IPO. As a consequence of this transaction, YieldCo entities also assumed Abengoa Solar's loan obligations related to Abengoa Solar's sponsor equity funding for the Mojave Project. Following these transactions, the Mojave Project remains wholly owned by Mojave Solar, which is a subsidiary of YieldCo.

As with the Solana Project, ASI Operations provides O&M services for the Mojave Project. Under the terms of the O&M agreement between ASI Operations and Mojave Solar, ASI Operations has agreed to operate the facility in accordance with prudent utility practices, to ensure compliance with all applicable government and agency permits, licenses, approvals and PPA terms, and to assist Mojave Solar in connection with the procurement of all necessary support and ancillary services. The O&M agreement is a cost-reimbursable contract with a combination of fixed and variable fees. The fixed fee is $500,000 per year starting in the second year of full operations and increases by 2.5% per year. The fixed fee was $1.0 million during the start-up year and was $750,000 during the first year of full operations. Mojave Solar will pay the variable fee in periods when the Mojave Project's annual net operating profits exceed the target annual net operating profit.

### *c.* Abengoa Solar's Motion to Reject Certain Related Executory Contracts

On May 4, 2016, Abengoa Solar filed a *Motion for Entry of An Order Authorizing the Debtor to Assume and Assign Certain Executory Contracts and Granted Related Relief* (the "Contract Motion") [D.I. 183] by which Abengoa Solar sought to assume and then assigned certain management contracts associated with the Solana Project and the Mojave Project, but pursuant to which Abengoa Solar would retain the right to receive accrued but unpaid management fees.

As explained in the Contract Motion, in connection with the Solana Project financing, Abengoa Solar and ASO entered into a Project Management Services Agreement, dated as of December 20, 2010 (the "Solana MSA"), under which Abengoa Solar was retained to perform post-construction administrative and management services functions with respect to the Solana Project. These post-construction administrative and management functions include, among other things, collecting amounts due to or on behalf of ASO with respect to the Solana Project, using funds of ASO to pay costs, expenses, and obligations of ASO with respect to the Solana Project, keeping the books and records of the Solana Project, providing reports to ASO, and generally providing ASO with tax, legal, and accounting services.

Section 6.1.1 of the Solana MSA provides that Abengoa Solar is entitled to receive a management fee for the services it provides to the Solana Project equal to 1.0% of gross operating revenues for each semi-annual period ending on June 30 and December 31 (the "Solana Management Fees"). Significantly, however, payment of the Solana Management Fees is subject to certain restrictions, including the requirement that the fees are only "payable semi-annually during the month following each such semi-annual period out of funds available in the Distributions Account if a Restricted Payment would be permitted under Section 7.10 of the Loan Guarantee Agreement in such amount." A "Restricted Payment" under the Loan Guarantee Agreement is the term used to refer to equity distributions made by Arizona Solar to its upstream equity owners. Therefore, the practical effect of Section 6.1.1

of the Solana MSA is that the Solana Management Fees can only be paid when equity distributions may be made by ASO.

As is typical in project financing agreements, equity distributions by ASO are subject to the satisfaction of a number of conditions precedent at the time the distribution is intended to be made, including confirmation by ASO that there are no ongoing events of default or potential events of default under any of the project financing agreements. Under the Solana Project financing agreements, there are a great number of events (or non-events) that can prevent the making of Restricted Payments by ASO and, by extension, payment of the Solana Management Fees. A complicating factor is that the vast majority of events that block Restricted Payments by ASO are beyond Abengoa Solar's control.

To date, ASO has not been able to make any Restricted Payments under Section 7.10 of the Loan Guarantee Agreement. As such, Abengoa Solar has not received payment of any of the Solana Management Fees. Currently, there are accrued but unpaid Solana Management Fees through March 31, 2016 in the amount of $1,918,751.51. In addition, Abengoa Solar has $75,708.25 in unpaid costs and expenses that are reimbursable to it pursuant to section 6.1.2 of the Solana MSA (which provides that Abengoa Solar will be reimbursed for reasonable out-of-pocket expenses).

With respect to the Solana Project, Abengoa Solar was also a party to that certain Management Services Agreement, dated as of September 30, 2013 (the "ASO Management Agreement") with ASO Holdings, under which Abengoa Solar agreed to provide certain management and administrative services to the partnership-like conglomerate created between ASUSHI. and Liberty Solar Energy, LLC (the "Members") under the Second Amended and Restated Limited Liability Company Agreement. As explained above, Abengoa Solar was formerly the sole owner of ASO Holdings, which in turn was the 100% owner of ASO and the Solana Project. However, as part of a corporate restructuring that occurred in connection with the Liberty transaction in September, 2013, Abengoa Solar assigned its interest in ASO Holdings, through multiple affiliated intermediaries, to ASUSHI, but continued its management as a non-member manager. The ASO Management Agreement was entered into simultaneous with the creation of company between the Members in order to further define the duties and obligations of Abengoa Solar as the non-member manager of ASO Holdings. Under the ASO Management Agreement, Abengoa Solar managed the business affairs of ASO Holdings, performed certain administrative and management services, including supervising ASO Holdings, keeping the books and records of ASO Holdings, preparing fiscal reports for the Members, and overseeing third-party contractors. The Debtor is not paid any fees under the ASO Management Agreement and is only reimbursed for reasonable costs and expenses incurred by the Debtor in the course of its performance under the contract, but not to exceed $100,000 per fiscal year plus out-of-pocket costs payable to third parties (without any markup). At the time of the Motion, there were no outstanding amounts due to Abengoa Solar under the ASO Management Agreement.

As discussed above, the Mojave Project was also financed by the FFB, with the U.S. Department of Energy again acting in the capacity of loan guarantor and servicer/administrator. The project financing structure for the Mojave Project is substantially similar to that of the Solana Project, and as with the Solana Project, Abengoa Solar was retained by Mojave Solar to perform certain post-construction administrative and management services under a Project Management Agreement, dated as of September 12, 2011, between Mojave Solar and Abengoa Solar (the "Mojave MSA").

Pursuant to Section 6.1.1 of the Mojave MSA, Abengoa Solar was to receive payment of a management fee equal to 1.25% of gross operating revenues for each semi-annual period ending on June 30 and December 31 (the "Mojave Management Fees," and together with the Solana Management Fees, the "Management Fees") and out-of-pocket expenses (the "Mojave Management Costs"). However, as also with the Solana MSA, payment of the Mojave Management Fees is subject to a limitation that the fees are only payable to the extent that Mojave Solar can make "Restricted Payments" (i.e., equity distributions) as that term is defined in the Loan Guarantee Agreement for the Mojave Project.

Similar to the Solana Project, prior to the date of the Contract Motion, Mojave Solar had not been able to make any Restricted Payments and, by extension, pay the Mojave Management Fees. As a result, through March 31, 2016, the total amount of $1,380,522.14 in Mojave Management Fees is currently owed to Abengoa Solar. There were no Mojave Management Costs outstanding at the time of the Contract Motion.

The Court entered an order on May 25, 2016 [D.I. 284] authorizing Abengoa Solar to assume and assign the various management contracts to ASUSHI and YieldCo is obligated to pay all accrued management fees that were outstanding as of the date of the assignment as of June 1, 2018 or by such earlier date if there is a qualifying equity distribution prior to June 1, 2018.

### *d.* The Creditors' Committee 2004 Motion

On September 27, 2016, the Creditors' Committee filed a Motion for Order Pursuant to Bankruptcy Rule 2004 and Local Bankruptcy Rule 2004-1 Authorizing the Committee to Conduct Discovery of the Debtors Pursuant to Fed. R. Bankr. P. 2004, Directing the Production of Documents and the Examination of the Debtors [D.I. 582] (the "2004 Motion"). Several other parties also joined in this 2004 Motion. The 2004 Motion sought production of documents, responses to interrogatories, and depositions of certain individuals. Certain of these discovery requests sought information related to the transactions described above by which the Solana Project and the Mojave Project came to be indirectly owned by YieldCo. The Bankruptcy Court conducted a telephonic status conference with respect to the 2004 Motion and a hearing on the 2004 Motion on October 18, 2016, at which the Debtors advised the Bankruptcy Court that they had reached agreement on the terms of consent order regarding the 2004 Motion and by which the Debtors would respond to interrogatories, provide documents, and make corporate officers available to be interviewed by the Creditors' Committee in order to permit the Creditors' Committee to complete its diligence into the facts and circumstances leading up to the filing of these cases.

## 6. Partial Divestment of YieldCo

On June 13, 2014, the Abengoa Group completed an IPO of 28,577,500 ordinary shares of YieldCo, including the exercise in full of the underwriters' overallotment option at a price of $29.00 per share for total gross proceeds of $828.7 million (€611.1 million) before fees and expenses. YieldCo is a dividend growth-oriented company formed by the Abengoa Group that groups together renewable energy, conventional power, electric transmission lines, and other contracted, revenue generating assets previously reported in different operating segments within the concession-type infrastructures activity.

Immediately following the IPO, the Abengoa Group held 64% of the ordinary share capital of YieldCo. On December 15, 2014, the Parent's board of directors approved a plan to reduce the Abengoa Group's shareholding in YieldCo to below 50% during 2015, subject to market conditions. On January 22, 2015, the Abengoa Group completed an initial divestment of 13% of YieldCo, which brought its shareholding in YieldCo to 51%. On February 9, 2015, the Abengoa Group announced its intention to reduce its shareholding in YieldCo to below 50% by the end of the first half of 2015, with the objective of maintaining a long-term stake in the range of 40% - 49%.

On March 5, 2015, the Parent issued $279 million aggregate principal amount of exchangeable notes (the "Exchangeable Notes") exchangeable into up to approximately 7.3 million ordinary shares of YieldCo at the time of the initial offering.

On June 29, 2015, the Parent's subsidiary, Abengoa Concessions Investment Limited ("ACIL"), entered into the Margin Loan with a financial institution and related security documents pursuant to which ACIL was entitled to borrow up to $200 million. Under the terms of the Margin Loan, ACIL pledged and granted a security interest in 16,561,817 ordinary shares of YieldCo in favor of such financial institution as security for the Margin Loan. The loan had a 24-month maturity following the utilization date, but upon the occurrence of certain events, the financial institution was able to require ACIL to pre-pay the Margin Loan, post additional collateral or foreclose on, and dispose of, the pledged shares in accordance with the Margin Loan's terms. On September 30, 2015, $20 million of the loan was repaid and the remaining balance was repaid on October 1, 2015. Immediately after the final repayment, the pledged shares were released.

On July 14, 2015, the Abengoa Group sold 2,000,000 shares of Abengoa Yield for $62 million, reducing its stake in Abengoa Yield to 49.05%. From the commencement of the exchange period for the Exchangeable Notes on September 1, 2015, through September 30, 2015, $52.8 million nominal amount of Exchangeable Notes was exchanged for 1.4 million shares of YieldCo, and the Abengoa Group's shareholding in YieldCo declined to 47.63%. The outstanding principal amount of $226.2 million of Exchangeable Notes as of September 30, 2015, was exchangeable for 6.06 million YieldCo shares.

On September 24, 2015, the Abengoa Group announced an enhancement of its current asset disposal program expected to be completed by the end of 2016 that included either the monetization of some or all of the Abengoa Group's economic rights or the sale of some or all the Abengoa Group's interest in YieldCo. Between September 30, 2015, and November 2015, $23.8 million of principal amount of Exchangeable Notes was exchanged for approximately 638,307 shares of Abengoa Yield. As a result, the Abengoa Group's stake in Abengoa Yield declined to 47%, and the outstanding principal amount of Exchangeable Notes as of late November 2015 was $202.4 million, exchangeable for 5.43 million YieldCo shares.

### C. Events Leading to the Chapter 11 Filings

#### 1. Economic Challenges and Regulatory Changes

At the height of Spain's economic crisis in early 2013, as the Spanish government struggled to pay the interest due on sovereign debt, subsidies for solar and wind power companies were dramatically curtailed. The cutbacks devastated Spain's renewable energy sector and many companies failed. Though Abengoa was able to survive this financial crisis, it was forced to issue substantial new debt to continue its global operations. From 2013 onward, Abengoa entered into or issued syndicated, bilateral, and other debt instruments totaling over $5 billion. As part of these transactions, certain Debtors and certain other affiliates of Abengoa provided guarantees of this debt.

#### 2. Abengoa's Financial Position and the Gonvarri Investment Agreement

During 2015, various factors, such as an insufficient upswing in the market in which the Abengoa Group operates and the difficulty of obtaining financing, precluded compliance with the Company's business plan. On July 31 2015, during Abengoa's results presentation for the first six months of 2015, Abengoa lowered its guidance for 2015 corporate free cash flow, which deepened existing market concerns regarding Abengoa's liquidity position, as well as raised concerns with its business partners and other shareholders regarding liquidity. These concerns adversely affected Abengoa's cash position, had a disruptive effect on its operations, contributed to a 27% decline in engineering and construction revenues in the third quarter of 2015 compared to the same period in the prior year, and caused the trading prices of Abengoa's Class A and Class B shares and outstanding bonds to fluctuate significantly during the third quarter and the beginning of the fourth quarter of the 2015 fiscal year.

In light of these developments, on September 24, 2015, as part of its comprehensive action plan aimed at improving its liquidity position, reducing corporate leverage, and strengthening its corporate governance, Abengoa sought an equity raise to be underwritten by various financial institutions, which Abengoa was unable to secure. Further, Abengoa sought to secure an investment from Gonvarri Corporacion Financiera, S.L. ("Gonvarri"), a Gonvarri Steel Industries group company, and Waddell & Reed Investment Management, one of the main shareholders of Abengoa. Unfortunately, the Company was unable to consummate the Gonvarri transaction.

As no other proposal was received from any other potential subscriber that would immediately replace Gonvarri, the Company decided to initiate a refinancing process to try and reach an agreement with its main financial creditors, aimed to establish the framework to carry out such negotiations and provide the Abengoa Group with financial stability in the short and medium term. After a careful assessment of the situation and in order to provide the stability needed to carry out such negotiations with creditors, Abengoa's Board of Directors further announced on November 25, 2015, that it would continue negotiations with its creditors with the objective of reaching an agreement that ensures the Company's financial viability, under the protection of article 5 bis of the *Ley 22/2003 de 9 de julio, Concursal* (the "Spanish Insolvency Law"), a pre-insolvency statute that permits a company to enter into negotiations with certain creditors for restructuring its financial affairs.

#### 3. The Spanish Proceedings

##### *a.* The 5 Bis Proceedings

On November 25, 2015, December 3, 15, and 28, 2015, January 27, 2016, and February 1, 2016, as applicable, Abengoa and certain of its affiliates (collectively, the "5 bis Companies") filed notice with the Mercantile Court of Seville, Spain (the "Spanish Court") that they had commenced negotiations with their principal creditors in order to reach a global agreement on the refinancing and restructuring of their liabilities to achieve the viability of the Abengoa Group in the short and long term. The Spanish Court issued orders on December 14 and

22, 2015, and January 15, 2016, as applicable, admitting the notices and granting the Article 5 bis Companies with the protection under the Spanish Insolvency Law.

The Abengoa Group commenced negotiations with a large and diverse number of its main financial creditors, including a group of lenders that formed a coordinating committee, advised by Sullivan & Cromwell LLP, Uria Menendez Abogados, S.L.P.-C., and KPMG LLP, and certain noteholders in respect of Existing Financial Indebtedness (as defined in the Master Restructuring Agreement), advised by Clifford Chance LLP and Houlihan Lokey, Inc. The Abengoa Group, advised by Linklaters LLP, DLA Piper LLP (US), Alvarez & Marsal, Lazard Frères & Co., LLC and Madrid-based law firm Cortés, Abogados ("Cortés"), has engaged with these constituencies regarding a potential restructuring, which led to the Parent and certain Debtors entering into the Standstill Agreement (as defined below) and the Master Restructuring Agreement, as described below in Section III.C.3. Abengoa began preparing a business viability plan and the terms of a possible restructuring. During the negotiation process, the Abengoa Group negotiated and entered into the following facilities to fund its general liquidity needs:

- A €125,000,000 syndicated facility agreement dated September 23, 2015 between, among others, Abengoa, as borrower, certain affiliates of Abengoa, as guarantors, and Banco Popular, S.A., as agent, and the lenders party thereto (the "Revolving Facility");
- A €135,000,000 secured term facility agreement dated October 22, 2015 between ACIL, as borrower, and Talos Capital Limited, as agent, calculation agent, security agent and original lender;
- A €106,000,000 facility agreement dated December 24, 2015 between, among others, ACIL, as borrower, certain Abengoa Group companies, as guarantors, Agensynd, S.L., as agent, and the lenders party thereto (the "December Facility");
- A €137,226,746.96 facility agreement dated March 16, 2016 between, among others, ACIL, as borrower, certain Abengoa Group companies, as guarantors, Global Loans Agency Services Limited, as agent, and the lenders party thereto (the "Bondholders Facility"); and
- A $211,000,000 facility agreement dated September 18, 2016 between, among others, ACIL, as borrower, Abengoa and certain of its subsidiaries as guarantors, Lajedosa Investments S.ARL, as arranger, and certain lenders party thereto.

Alvarez & Marsal prepared a viability plan (the "Viability Plan") based on a preliminary review of specific projects, the existing project pipelines, and the most recent information and thinking with respect to asset disposals and financial debt. As part of this evaluation, Alvarez & Marsal evaluated (i) 200 projects, each above €2.5 million that covered 90% of the Abengoa Group's €8.6 billion backlog as of December 31, 2015, and (ii) each business line by region and operating division with the head of each business line.

On December 30, 2015 and January 25, 2016, Alvarez & Marsal presented the Board of Directors of the Abengoa Group with the Viability Plan that defined the structure of the future activity of the Abengoa Group. This Viability Plan was presented to the public in a conference call held on Wednesday, February 17, 2016. In broad general terms, this Viability Plan analyzed the old Abengoa Group, proposed a new business model for a new Abengoa Group, presented both valuation and cash flows, risks and opportunities, and set forth certain recommendations and conclusions as to the viability of the proposed new Abengoa Group. This plan did not contain a financial restructuring proposal, but was an operational plan.

In relation to the negotiations between the Company and certain of its creditors comprised of banks and noteholders, the Company announced on March 10, 2016, that it had agreed with the advisors of such creditors on the terms of an agreement to restructure the financial indebtedness and recapitalize the Abengoa Group (the "Restructuring Proposal"). The Company further announced that it believed that the Restructuring Proposal contained the essential elements to achieve a future restructuring agreement that, in any event, would be subject to reaching the requisite percentage of accessions by the relevant creditors as required under Spanish law. The fundamental principles of the Restructuring Proposal announced on March 10 were as follows:

i. New money would be lent to the Abengoa Group in a range between €800 million and €1.5 billion for a maximum term of 5 years. Lenders of the new money would be entitled to 55% of the share capital of the restructured Abengoa Group. This financing would rank senior with respect to the existing debt and would be guaranteed by certain assets, including unpledged shares of YieldCo.

ii. The amount of the old debt that would be capitalized would correspond to 70% of its nominal value. Such capitalization would grant the right to subscribe 35% of the new share capital.

iii. The financial indebtedness corresponding to revolving lines and the December Facilities (a total amount of €231 million (plus accrued financial expenses)) would be subject to refinancing by extending the term by 2 years. This indebtedness would be secured by the shares of YieldCo and would be prepaid in case of sale of the shares of YieldCo.

iv. The amount of the share capital increase that would be reserved to those creditors that provided €800 million of the bank guarantees requested would be 5% of the new share capital.

On March 16, 2016, the Abengoa Group presented its "Business Plan & Financial Restructuring Plan" in Madrid and permitted public participation by telephone. The Abengoa Group's Spanish law firm, Cortés, set forth the Abengoa Group's plan for presenting a standstill agreement to all financial creditors between March 18 and 27, 2016.

In August, 2016, the Abengoa Group submitted an updated the Viability Plan (the "Amended Viability Plan"), which took into consideration input from Abengoa's advisors, as well as other advisors who were invited to diligence the information contained therein. The Amended Viability Plan identified certain key projects as being potential risks for the Abengoa Group in the event it did not receive a capital infusion in the near term. In addition, having considered all options, the Amended Viability Plan proposed that certain projects be sold or discontinued, having determined that the best path forward included the sale of parts of the Abengoa Group's business, the closing of other parts, and the recapitalization of the stronger components of the Abengoa Group's businesses. More specifically, the Amended Viability Plan suggest that the Abengoa Group focus on its engineering operations and cease efforts to be an investor in the projects or to continue to operate as an integrated project provider. The Amended Viability Plan presents a scenario where the Abengoa Group can realize seven times more value than if the Abengoa Group liquidated all of its business units.

### *b.* The Standstill Agreement Homologation Proceeding

While the Restructuring Proposal presented on March 16, 2016 sets forth the framework for the restructuring of the Abengoa Group, in order for the Spanish Court to give judicial approval, or "homologate," the Standstill Agreement in accordance with the Spanish Insolvency Law, 75% of the requisite creditors need to accede to such agreement. In order to provide the Abengoa Group with sufficient time to solicit and obtain the requisite supermajority votes with respect to the Restructuring Proposal, several Abengoa Group companies requested its financial creditors to adhere to a standstill agreement (the "Standstill Agreement") under which the Abengoa Group companies that were signatories to the Standstill Agreement requested their financial creditors to stay certain rights and actions vis-à-vis the relevant Abengoa Group companies during a period of seven months from the date of the Standstill Agreement. The following Debtors are signatories to the Standstill Agreement: (i) Abengoa Solar, (ii) Abencor, (iii) Inabensa, (iv) Nicsa, (v) Abener Construction, (vi) Solana EPC, (vii) Mojave EPC, (viii) AAT, (ix) Mount Signal, (x) Hugoton Partnership, and (xi) ABNT.

The Abengoa Group advised creditors that once the Standstill Agreement was signed by at least 60% of the company's various financial creditors, the Abengoa Group intended to apply for judicial approval (*homologación judicial*) of the Standstill Agreement pursuant to the Spanish Insolvency Law, so that the Standstill Agreement would become binding upon all the relevant financial creditors of the 5 bis Companies, including those that did not enter into the Standstill Agreement in Spain.

The Company requested that the beneficial owners of the affected series of the Abengoa Group's outstanding debt securities[18] indicate their accession to the Standstill Agreement through a standstill accession notice (the "Standstill Accession Notice") that was made available for the beneficial owners of the Notes through Lucid Issuer Services Limited. The Standstill Accession Notice established the deadline of 12 p.m. (Spanish time) on 23 March 2016, unless extended, for submission by the beneficial owners of instructions to enter into, and therefore, sign and execute, the Standstill Agreement. The Abengoa Group indicated that, with respect to the remaining financial creditors, execution of the agreement would commence on March 18, 2016, before a Spanish notary public, and remain open until March 27, between 9:30 a.m. and 7 p.m. every business day and up until 2 p.m. during bank holidays in Madrid. As of March 28, 2016, more than the necessary consents by value of creditors holding the debt affected by the Standstill Agreement had been obtained to permit commencement of a Judicial Confirmation Request to apply the Standstill Agreement to all of the Holders of that debt.

On March 28, 2016, certain other members of the Abengoa Group filed the Judicial Confirmation Request for homologation of the Standstill Agreement. On that same day, the clerk of the Spanish Court published a resolution (*Providencia*) of the Spanish Court accepting the jurisdiction over the Judicial Confirmation Request and imposing a moratorium on enforcement actions against the Foreign Debtors.

On April 6, 2016, the Spanish Court entered a ruling (the "Homologation Order") homologating the Standstill Agreement. The Spanish Court found that the request for judicial homologation satisfied the requirements set forth in Additional Provision Four of the Spanish Insolvency Law, including that the judicial homologation request was accompanied by a qualifying viability plan, it was certified by the debtors' auditor as having been accepted by the relevant majorities under the Spanish Insolvency Law and it had been duly executed as a public deed before a Spanish notary. The Homologation Order was published in the Public Insolvency Register on April 6, 2016 in relation to certain of the parties to the Homologation Order. The fifteen day period during which creditors could challenge the Homologation Order commenced upon the publication in the Official State Gazette on April 22, 2016. Consequently dissenting creditors had until May 16, 2016 to file objections. The order was challenged by different creditors and those challenges were resolved after trial in Seville, Spain.

The Spanish Court issued an opinion on October 24, 2016, whereby the Spanish Court, among other things, upheld the Standstill Agreement. The Chapter 15 Debtors (as defined below) will file an English translation of this opinion under section 1518 of the Bankruptcy Code as soon as it is available, and any Creditor in these Chapter 11 Cases may obtain a copy at https://cases.primeclerk.com/AbengoaSA/, or by written request to counsel for the Debtors. The Standstill Agreement expires by its terms on October 28, 2016, at which time the Participating Creditors under the Master Restructuring Agreement intend to present to the Spanish Court the Master Restructuring Agreement for homologation of the Standard Restructuring Terms with respect to the Non-Consenting Creditors. The Debtors anticipate that the Spanish Court will address the subsequent homologation request by mid-November 2016, at which time the order with respect to such request will be published in the Official State Gazette, after which parties will have the right to challenge the homologation of the Master Restructuring Agreement. The Debtors

[18] Those affected series of debt securities were the following: (a) Abengoa, S.A.'s €500,000,000 8.50 per cent Notes due 2016 (ISIN: XS0498817542); (b) Abengoa, S.A.'s €250,000,000 4.50% Senior Unsecured Convertible Notes due 2017 (ISIN: XS0481758307); (c) Abengoa, S.A.'s €400,000,000 6.25% Senior Unsecured Convertible Notes due 2019 (Rule 144A Notes ISIN: XS0875624925; Regulation S Notes ISIN: XS0875275819); (d) Abengoa, S.A.'s US$279,000,000 5.125% Exchangeable Notes due 2017 (Rule 144A Notes ISIN: US00289RAD44, CUSIP: 00289RAD4; Regulation S Notes ISIN: XS1196424698); (e) Abengoa Finance, S.A.U.'s US$650,000,000 8.875% guaranteed Senior Notes due 2017 (Rule 144A Notes ISIN: US00289RAA05, CUSIP: 00289RAA0; Regulation S Notes ISIN: USE0002VAC84, CUSIP: E0002VAC8); (f) Abengoa Finance, S.A.U.'s €550,000,000 8.875% guaranteed Senior Notes due 2018 (Rule 144A Notes ISIN: XS0882238024; Regulation S Notes ISIN: XS0882237729); (g) Abengoa Greenfield, S.A.'s €265,000,000 5.500% guaranteed Senior Notes due 2019 (Rule 144A Notes ISIN: XS1113024563; Regulation S Notes ISIN: XS1113021031); (h) Abengoa Greenfield, S.A.'s US$300,000,000 6.500% guaranteed Senior Notes due 2019 (Rule 144A Notes ISIN: US00289WAA99, CUSIP: 00289WAA9; Regulation S Notes ISIN: USE00020AA01, CUSIP: E00020AA0); (i) Abengoa Finance, S.A.U.'s US$450,000,000 7.750% guaranteed Senior Notes due 2020 (Rule 144A Notes ISIN: US00289VAB99, CUSIP: 00289VAB9; Regulation S Notes ISIN: USE0000TAE13, CUSIP: E0000TAE1); (j) Abengoa Finance, S.A.U.'s €375,000,000 7.000% guaranteed Senior Notes due 2020 (Rule 144A Notes ISIN: XS1219439137; Regulation S Notes ISIN: XS1219438592); and (k) Abengoa Finance, S.A.U.'s €500,000,000 6.000% guaranteed Senior Notes due 2021 (Rule 144A Notes ISIN: XS1048658105; Regulation S Notes ISIN: XS1048657800) (collectively, the "Notes").

further anticipate that any challenges will be filed by mid-December and litigated thereafter in accordance with Spanish procedure.

### *c.* The Chapter 15 Filing

As contemplated by the Standstill Agreement, on March 28, 2016, Abengoa and twenty-four affiliated Spanish companies[19] (the "Chapter 15 Debtors") filed petitions for relief under chapter 15 of the Bankruptcy Code in the Bankruptcy Court seeking recognition of the proceeding in the Spanish Court as a foreign main proceeding. On that same day, the Chapter 15 Debtors filed a motion for joint administration and an emergency motion for provisional relief. On March 31, 2016, the Bankruptcy Court entered an order, allowing the joint administration, and also granted the provisional relief, staying commencement or continuation of any legal proceeding or action against the Chapter 15 Debtors within the territorial jurisdiction of the United States, entrusting the Chapter 15 Debtors with the administration and realization of all of their assets located in the United States, prohibiting the right or power to transfer, encumber, or otherwise dispose of any assets of the Chapter 15 Debtors, and scheduled a final hearing for April 27, 2016.

Several sureties, Liberty Mutual Insurance Company, Zurich American Insurance Company and Fidelity & Deposit Company of Maryland, AIG Insurance Company—Puerto Rico, and Specialty Insurance Company and its affiliates (collectively, the "Sureties") objected to recognition of the Spanish Proceeding, arguing, among other things, that the Spanish Proceeding commenced under the Spanish Insolvency Law is not a "foreign proceeding" under section 101(23) of the Bankruptcy Code. On April 27, 2016, however, the Bankruptcy Court overruled the Sureties' objections and entered a final order recognizing the Spanish Proceeding as a foreign main proceeding and granting the additional relief requested (the "Recognition Order"). On May 11, 2016, certain Sureties filed a notice of appeal, appealing the Recognition Order to the United States District Court for the District of Delaware. On July 29, 2016, the appellants withdrew their appeal and the Recognition Order became a final and non-appealable order.

### *d.* The Master Restructuring Agreement

The Master Restructuring Agreement[20] was executed in Spain by Abengoa, S.A., certain of its subsidiaries, as Original Obligors, the Original Participating Creditors, the Original Intragroup Creditors, the Restructuring Agent, and the Information Agent on September 24, 2016. The Master Restructuring Agreement provides that certain Go Forward Companies will be reorganized and will accede to the Master Restructuring Agreement, which includes the Go Forward Chapter 11 Companies. The Master Restructuring Agreement provides that the Go Forward Chapter 11 Companies will have their debts restructured under a Chapter 11 Plan and, that once authorized by the Bankruptcy Court, will enter into the Master Restructuring Agreement. On October 18, 2016, the Bankruptcy Court entered an order that permits the Go Forward Companies to enter into the Master Restructuring Agreement upon confirmation of the Plan. The Master Restructuring Agreement provides that the Non-Go Forward Chapter 11 Companies will be liquidated under Chapter 11 plans of liquidation. The Master Restructuring Agreement recognizes that these restructuring and liquidating chapter 11 plans will be subject to the rules and regulations governing the chapter 11 proceedings.

[20] Capitalized terms not otherwise defined in this Disclosure Statement that are used in this discussion of the Master Restructuring Agreement shall have the meaning given to them in the Master Restructuring Agreement. Additionally, this is a summary of the Master Restructuring Agreement, which is a complex document, and all parties are directed to the Master Restructuring, which can be found as an Exhibit to D.I. 577. The terms and conditions of the Master Restructuring Agreement shall govern over this summary should any aspect of this summary be inconsistent with the Master Restructuring Agreement.

The Master Restructuring Agreement addresses Existing Financial Indebtedness compromised of Non-Affected Debt, which is generally debt that is secured, Affected Debt, and Non-Spanish Debt to be Restructured. The Affected Debt consists of Non-Compromised Debt, mostly emergency financing provided during the Abengoa Group' financial distress, and Compromised Debt. The Compromised Debt consists of intragroup debt owed by some Obligators to the Intragroup Creditors, bonds, Existing Bonding Facilities, other guarantees, corporate financing, non-recourse debt in progress, payments by banks, reverse factoring, derivatives which have been closed-out as of the Signing Date of the Master Restructuring Agreement, and any guarantees given by the Spanish Obligors in respect of the non-closed out derivatives as of the Signing Date. This Compromised Debt is listed on Schedule 6 to the Master Restructuring Agreement. Non-Spanish Debt to be Restructured is Existing Financial Indebtedness owed by Non-Spanish Obligors as debtors and guarantors listed in Part D of Schedule 6 to the Master Restructuring Agreement and Holders of this debt can consent to the Master Restructuring Agreement and thereby agree to have their debt restructured under the Alternative Restructuring Terms or the Standard Restructuring Terms; however, those holders of Non-Spanish Debt to be Restructured that do not consent to the Master Restructuring Agreement that are creditors of the Go Forward Chapter 11 Companies will have their claims restructured under a Chapter 11 Plan in accordance with the Standard Restructuring Terms. The creditors in these chapter 11 cases that are listed on Schedule 6 of the Master Restructuring Agreement, include, among others:

- Liberty Mutual Insurance Company
- Zurich American Insurance Company
- Banco Finantia, S.A.
- Bank of America, N.A.
- HSBC BANK PLC, Spain Branch
- Royal Bank of Scotland
- Nationwide Mutual Insurance Company
- RLI Insurance Company
- Societe Generale, Sucursal en Espana
- Caixa Bank
- Banco Popular Español S.A.
- Compañia Española de Financiación de Desarrollo, Cofides, S.A., acting as fund manager of Fondo para Inversiones en el Exterior ("Cofides").

In general terms, the Master Restructuring Agreement provides that the Standard Restructuring Terms will result in a 97% write-off of all Affected Debt and Non-Spanish Debt to be Restructured as of the Restructuring Completion Date, except as otherwise stated in Article 3.1.4(a)(ii) of the Master Restructuring Agreement, which clause defers to this Disclosure Statement for what the write down will be with respect to Abengoa Solar LLC, Abener Construction Services, LLC, Abeinsa Holding, Inc., and Abeinsa EPC LLC. The exact amount of the write down will not be known until all Claims against the Estates are reconciled, compromised, or disallowed. This write down will be accompanied by an amendment of all payment obligations of the Obligors under the Affected Debt and the Non-Spanish Debt to be Restructured such that these obligations will not fall due until the date that is 10 years after the Restructuring Completion Date, during which time, the amended obligation will not earn interest. These Standard Restructuring Terms will be applied to Non-Consenting Creditors pursuant to the Homologation procedure described in clause 6 of the Master Restructuring Agreement; *provided, however*, that with respect to Liquidating Entity Debt, that debt will not be subject to the Standard Restructuring Terms (or the Alternative Restructuring Terms) but shall instead be maintained against the Liquidating Entities and will not be subject to or affected by the Master Restructuring Agreement. Intragroup Affected Debt held against the Debtors by Non-Debtor Affiliates that accede to the Master Restructuring Agreement will be granted the Standard Restructuring Terms.

The Alternative Restructuring Terms are offered to all of the Existing Creditors except for the Intragroup Creditors and their implementation is optional for each Existing Creditor as an alternative to the Standard Restructuring Terms. As such, each Existing Creditor that would like to receive the Alternative Restructuring Terms needs to expressly elect to restructure its Affected Debt and its Non-Spanish Debt to be Restructured in accordance with the Alternative Restructuring Terms. As such, the Plan reflects the consensual nature of such treatment and provides to Existing Creditors the treatment to which they are entitled to receive from the Debtors as a result of making that election, namely the Replacement Guaranty. In general terms, under the Alternative Restructuring Terms, Existing Loans/Notes and Existing Bonding Facilities shall be reduced by means of an initial 70% write-off except that no write-off shall be applied to part of the Uncalled Existing Bonding Facilities held by Consenting Existing Creditors. Under sub-clause 3.1.5(b)(C) of the Master Restructuring Agreement, additional write-off may be applied to ensure that the aggregate amount of Consenting Old Money does not at any time exceed €2.7 billion. Once Existing Creditors elect the Alternative Restructuring Terms, certain of those Existing Creditors may make additional elections, including, but not limited to, electing to participate in the New Money Financing or agreeing to provide New Bonding Facilities, as governed by and subject to the Master Restructuring Agreement and the Term Sheet. The Reorganizing Debtors will provide consideration with respect to these various new debt instruments issued.

While the primary focus of the Master Restructuring Agreement is to provide for a contractual resolution of the Spanish Obligors' obligations owing to Existing Creditors, due to the complexity of the Abengoa Group's debt perimeter, certain Non-Spanish Debt to be Restructured is subjected to Non-Spanish Compromise Proceedings. Regarding the United States, the Master Restructuring Agreement provides in sub-clause 7.1.1(a) that with respect to the Go Forward Chapter 11 Companies, the relevant terms of the Master Restructuring Agreement, including applying the Standard Restructuring Terms to all Non-Consenting Creditors with respect to their Non-Spanish Debt to be Restructured, will be implemented pursuant to the Plan. Abengoa also agreed in the Master Restructuring Agreement to implement plans of liquidation with respect to Non-Go Forward Chapter 11 Companies. The Master Restructuring Agreement provides that the relevant Debtors sign and have notarized in Spain an Obligor/Intragroup Creditor Accession Letter after the date on which the Bankruptcy Court approves the Debtors' execution of the Master Restructuring Agreement.

Clause 9.10 of the Master Restructuring Agreement provides that the Go Forward Chapter 11 Company seeks and uses reasonable efforts to obtain an order on the Bankruptcy Court approving the Existing Chapter 11 Company's accessions to the Master Restructuring Agreement. The Master Restructuring Agreement further provides that the Debtors that sign the Master Restructuring Agreement may terminate their obligations under the Master Restructuring Agreement if the Debtors determine that the transactions contemplated by the Master Restructuring Agreement would be inconsistent with their fiduciary duties or if the Debtors receive an unsolicited proposal for an alternative transaction that the Debtors reasonable determine is likely to be more favorable than the Restructuring to all parties to whom the Debtors owe fiduciary duties and that continued support of the Restructuring under the Master Restructuring Agreement would be inconsistent with the Debtors fiduciary obligations.

In accordance with these provisions on September 26, 2016, the Debtors filed a *Motion for Authority to Enter into Master Restructuring Agreement and Related Power of Attorney* [D.I. 577]. The following parties filed objections to this Motion (collectively the "MRA Objections"):

- Objection of Liberty Mutual Insurance Company, Zurich American Insurance Company and Fidelity & Deposit Company of Maryland to Debtors' Motion for Authority to Enter Into Master Restructuring Agreement and Related Power of Attorney [D.I. 635];
- Portland General Electric's Opposition to Debtors' Motion for Authority to Enter Into Master Restructuring Agreement and Power of Attorney [D.I. 636];
- Objection of RLI Insurance Company to Debtors' Motion for Authority to Enter into Master Restructuring Agreement and Related Power of Attorney [D.I. 637];
- Objection of Nationwide Mutual Insurance Company to Debtors' Motion for Authority to Enter Into Master Restructuring Agreement and Related Power of Attorney [D.I. 639];

- Joinder by Atlantic Specialty Insurance Company and its Affiliates OneBeacon Insurance Group and OneBeacon Surety in Objection of RLI Insurance Company to Debtors' Motion for Authority to Enter Into Master Restructuring Agreement and Related Power of Attorney [D.I. 640];

- Objection of the Official Committee of Unsecured Creditors to the Debtors' Motion for Authority to Enter into Master Restructuring Agreement and Related Power of Attorney [D.I. 653]; and

- *Joinder by Atlantic Specialty Insurance Company and Its Affiliates OneBeacon Insurance Group and OneBeacon Surety in Objection* of the Official Committee of Unsecured Creditors to Debtors' Motion for Authority to Enter into Master Restructuring Agreement and Related Power of Attorney [D.I. 654].

The MRA Objections asserted objections to confirmation of the Plan based on allegations that the Master Restructuring Agreement was a *sub rosa* plan, that the Master Restructuring Agreement constituted an improper solicitation of a plan contrary to 11 U.S.C. § 1125, that the Master Restructuring Agreement violated the anti-discrimination provision of 11 U.S.C. § 1123(a)(4) and the cram down provisions in 11 U.S.C. § 1129(b), that the Plan has not been proposed in good faith as required by 11 U.S.C. § 1129 (a)(3), that the Debtors have failed to show that each creditor will receive more under the Plan than in a chapter 7 case as required by 11 U.S.C. § 1129(a)(7), and that the Plan as proposed will violate the absolute priority rule because it allows Abengoa S.A. to retain its equity interests in the Reorganizing Debtors when the unsecured creditors will not be paid in full.

The Debtors replied to these objections and presented a modified form of order at a hearing before the Bankruptcy Court on October 18, 2016, which order they had negotiated with the Creditors' Committee and that provided that the Debtors could enter into the Master Restructuring Agreement only after entry of a Confirmation Order was entered with respect to the Plan (as modified or amended), preserved the rights of any party to object to the Plan on any grounds, and provided that if the Plan was not confirmed the order would be void *ab initio*. The Bankruptcy Court overruled the MRA Objections and entered an *Order Approving the Debtors' Motion for Authority to Enter Into Master Restructuring Agreement and Related Power of Attorney* [D.I. 679], which conditioned entry of the Master Restructuring Agreement upon confirmation of the Plan.

The Debtors believe that similar objections to confirmation may be raised by other parties. The Debtors do not believe that these objections to confirmation are well-founded and will present evidence and argument in support of confirmation of the Plan in connection with the Confirmation Hearing, including through declarations and memoranda of law submitted in advance of such hearing.

Further, as described in more detail herein, each Class of Claims is uniquely situated vis-à-vis the treatment of certain claims under the Master Restructuring Agreement and the nature of such claims, among other things. Arguments, if any, that the Claims in any Class is receiving disparate treatment fails to take into consideration the fact that Abengoa's creditors have the option of electing treatment under the Master Restructuring Agreement, because they are creditors of Abengoa and are entitled to such treatment under Spanish law. To the extent that an Entity is a Creditor of Abengoa, such Creditor may be subject to the Master Restructuring Agreement and the Homologation as provided by Spanish law. Under applicable U.S. bankruptcy law, the Creditors of the Debtors in each Class of Claims are receiving the appropriate and equal treatment under the Bankruptcy Code.

### 4. Chapter 11 Proceedings of Non-Debtor Affiliates[21]

On February 1, 2016, Gavilon Grain, LLC, Farmers Cooperative Association, and The Andersons, Inc. commenced a case in the United States Bankruptcy Court for the District of Nebraska against the Debtors' affiliate Abengoa Bioenergy of Nebraska ("ABNE") by filing an involuntary petition for relief under chapter 7 of the Bankruptcy Code (the "Nebraska Proceeding"). Subsequently, on February 11, 2016, Gavilon Grain, LLC, Farmers

Cooperative, and Central Valley Ag Cooperative commenced a case in the United States Bankruptcy Court for the District of Kansas (Kansas City) against the Debtors' affiliate Abengoa Bioenergy Company, LLC ("ABC") by filing an involuntary petition for relief under chapter 7 of the Bankruptcy Code (the "Kansas Proceeding," and together with the Nebraska Proceeding, the "Involuntary Cases"). No interim chapter 7 trustee was appointed in the Involuntary Cases.

On February 24, 2016, ABNE and ABC filed motions to convert the Involuntary Cases to cases under chapter 11 in the United States Bankruptcy Court for the District of Kansas (Kansas City) and the United States Bankruptcy Court for the District of Nebraska, respectively. Contemporaneously, ABNE and ABC filed motions to transfer venue from the United States Bankruptcy Court for the District of Kansas (Kansas City) and the United States Bankruptcy Court for the District of Nebraska, respectively, to the United States Bankruptcy Court for the Eastern District of Missouri. The motions to convert the Involuntary Cases and the motions to transfer venue were granted.

Also on February 24, 2016, the Debtors' affiliates Abengoa Bioenergy US Holding, LLC, Abengoa Bioenergy Outsourcing, LLC, Abengoa Bioenergy Trading US, LLC, Abengoa Bioenergy Engineering & Construction, LLC, ABNE, and ABC (the "Missouri Bioenergy Debtors") filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code in the United States District Court for the Eastern District of Missouri, commencing the chapter 11 cases jointly administered under case number 16-41161 (the "Missouri Cases").

On March 23, 2016, Brahma Group, Inc., CRB Builders, L.L.C., and Summit Fire Protection Co. filed an involuntary petition for relief under chapter 7 of the Bankruptcy Code commencing an involuntary bankruptcy case against ABBK in the United States Bankruptcy Court for the District of Kansas. No interim chapter 7 trustee was appointed. On April 6, 2016, ABBK filed (i) a motion to convert the ABBK involuntary case to a case under chapter 11 of the Bankruptcy Code and (ii) a motion to transfer the case to the United States Bankruptcy Court for the District of Delaware (the "Transfer Motion"). Following a hearing on April 7, 2016, the United States Bankruptcy Court for the District of Kansas entered an order converting the ABBK involuntary chapter 7 case to a case under chapter 11 of the Bankruptcy Code but, on April 13, 2016, denied the Transfer Motion. On May 2, 2016, ABBK filed a motion for certification of direct appeal to the United States Court of Appeals for the Tenth Circuit (the "Certification Motion"). ABBK also filed a motion to stay the chapter 11 case pending appeal (the "Stay Motion") before both the bankruptcy court and bankruptcy appellate panel; both courts, however, denied the motion. On May 6, 2016, the United States Bankruptcy Court for the District of Kansas entered an order denying the motion to stay pending appeal. On May 8, 2016, ABBK filed a supplement to its emergency motion to stay the case pending appeal. On May 16, 2016, the Tenth Circuit Bankruptcy Appellate Panel denied ABBK's emergency motion for stay of the case pending appeal. On October 21, 2016, ABBK filed the *Motion of the Debtors and Debtors in Possession for Order Dismissing the Chapter 11 Case of In Re Abengoa Bioenergy Biomass of Kansas, LLC (Bankr. D. Del. Case No. 16-10876)* [D.I. 691].

In connection with Abengoa's Restructuring Proposal and Viability Plan, the Debtors', with assistance from their advisors, determined that it would be beneficial to the Debtors' entire business enterprise for Abengoa Bioenergy Holdco, Inc.; Abengoa Bioenergy Meramec Holding, Inc.; Abengoa Bioenergy Meramec Renewable, LLC; Abengoa Bioenergy Funding, LLC; Abengoa Bioenergy Maple, LLC; Abengoa Bioenergy of Indiana, LLC; Abengoa Bioenergy of Illinois, LLC; and Abengoa Bioenergy Operations, LLC to be included in the administration of the chapter 11 cases administered in Missouri and Delaware. On June 12, 2016, Abengoa Bioenergy Meramec Renewable, LLC; Abengoa Bioenergy Funding, LLC; Abengoa Bioenergy Maple, LLC; Abengoa Bioenergy of Indiana, LLC; Abengoa Bioenergy of Illinois, LLC; and Abengoa Bioenergy Operations, LLC filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code with the United States Bankruptcy Court for the Eastern District of Missouri, which cases are jointly administered for procedural purposes with the chapter 11 cases of the Missouri Bioenergy Debtors.

In an exercise of due diligence and following extensive consultation with their advisors, the Missouri Bioenergy Debtors determined that maximizing the value of their estates would be best accomplished through a sale, free and clear of liabilities, of one or more of the Missouri Bioenergy Debtors' assets. To that end, the Missouri Bioenergy Debtors retained Carl Marks Advisory Group LLC ("Carl Marks") as an investment banker effective March 10, 2016. Carl Marks entered the market on April 16, 2016 and contacted a wide range of strategic and financial investors in connection with the potential sale. As of the May 25, 2016 deadline to secure a stalking horse bidder, Carl Marks had contacted 220 potential buyers, of which 67 executed a non-disclosure agreement with the

Missouri Bioenergy Debtors to gain access to confidential and supplemental diligence information in a virtual data room established by the Missouri Bioenergy Debtors.

Carl Marks' retention was subsequently expanded to include the sale of Meramec Renewable and the assets of all Missouri Bioenergy Debtors whose cases were all jointly administered as the Missouri Cases. Carl Marks received stalking horse bid packages, including a credit bid for certain assets, from seven different parties. In consultation with the Missouri Bioenergy Debtors and its other professionals, Carl Marks analyzed and presented the bid packages, as well as negotiated extensively with the various parties to enter into three distinct stalking horse purchase agreements (collectively, the "Stalking Horse Purchase Agreements"), all dated June 12, 2016: (i) between Abengoa Bioenergy of Illinois, LLC ("ABIL") and Abengoa Bioenergy of Indiana, LLC ("ABI"), on the one hand, and Maize Acquisition Sub LLC (the "Maple Stalking Horse Purchaser"), on the other hand, for certain assets of ABIL and ABI (the "Maple Assets") in an amount no less than $200 million (the "Maple Stalking Horse Bid"); (ii) between ABNE and KE Holdings, LLC (the "Ravenna Stalking Horse Purchaser") for certain assets of ABNE (the "Ravenna Assets") in an amount no less than $115 million (the "Ravenna Stalking Horse Bid"); and (iii) between ABC and BioUrja Trading, LLC (the "York Stalking Horse Purchaser," and together with the Maple Stalking Horse Purchaser and the Ravenna Stalking Horse Purchaser, the "Stalking Horse Purchasers", and each a "Stalking Horse Purchaser") for certain assets of ABC (the "York Assets") in an amount no less than $45 million.

The *Debtors' Motion for Entry of an Order (I) (A) Approving and Authorizing Bidding Procedures in Connection with the Sale of One or More of the Debtors' Assets, (B) Approving Stalking Horse Protections, (C) Approving Procedures Related to the Assumption and Assignment of Certain Executory Contracts and Unexpired Leases, (D) Approving the Form and Manner of Notice Thereof, and (II) (A) Authorizing the Sale of One or More of the Debtors' Assets Free and Clear of All Liens, (B) Approving The Assumption and Assignment of Certain Executory Contracts and Unexpired Leases Related Thereto, and (C) Granting Related Relief* [Bankr. E.D.M.O., Case No. 16-41161, D.I. 378] set forth certain bidding procedures that would govern: (i) the bidding process for the sale of certain tangible and intangible assets related to the business of the Missouri Bioenergy Debtors and (ii) procedures for the assumption and assignment of certain of the Missouri Bioenergy Debtors' executory contracts and unexpired leases. On June 15, 2016, the United States Bankruptcy Court for the Eastern District of Missouri entered an Order (the "Bid Procedures Order") approving, among other things, the bidding procedures requested in the Sale Motion.

Following entry of the Bid Procedures Order, Carl Marks led an exhaustive re-marketing process ahead of the final bid deadline of August 18, 2016. The re-marking process included contacting over 275 additional parties, which led to thirty-four distinct site visits from potential bidders at the various production facilities. Ultimately, six additional bid packages were submitted by the August 18, 2016 bid deadline, including credit bids. Of these bid packages, the Missouri Bioenergy Debtors determined that four were qualified bid packages and invited each party to attend the auction on August 22, 2016. No qualified bids were received for the Maple Assets, and the qualified bidder for the Ravenna Assets withdrew its bid in advance of the auction.

On August 24, 2016, at the close of the auction, the following parties had submitted bids that were named the successful bidders:

- With respect to the Maple Assets, Green Plains Inc. was determined to be the successful bidder at $200 million;
- With respect to the Ravenna Assets, KE Holdings, LLC was determined to be the successful bidder at $115 million;
- With respect to the York Assets, Green Plains Inc. was determined to be the successful bidder at $35 million; and
- With respect to the Colwich Assets,[22] ICM, Inc. was determined to be the successful bidder at $3.15 million.

[22] The "Colwich Assets" include an ethanol plant located on 73 acres of land in Colwich, Kansas together with all proceeds and products therefrom and from any and all attachments, accession, additions, enhancements, and replacements thereto

On August 30, 2016, the Missouri Court entered four orders, approving the sale and successful bids of the Missouri Bioenergy Debtors. The foregoing sales have all closed.

The Missouri Bioenergy Debtors are finalizing their plan of liquidation and related disclosure statement. The treatments that will be afforded to creditors in the Missouri Cases may impact the recovery to the Bioenergy and Maple Liquidating Debtors. Specifically, to the extent the Missouri Bioenergy Debtors are substantively consolidated, it is not likely that any recovery will be available to the creditors of the Bioenergy and Maple Liquidating. Accordingly, $750,000 will be made available by the Parent to creditors of the EPC Liquidating Debtors, and $750,000 will be made available by the Parent to creditors the Bioenergy and Maple Liquidating Debtors.

### D. Material Events of the Chapter 11 Cases

#### 1. Chapter 11 Filings

In furtherance of Abengoa's global restructuring efforts, on March 29, 2016 (the "Petition Date"), Abeinsa Holding Inc.; Abengoa Solar, LLC; Abeinsa EPC LLC; Abencor USA, LLC; Inabensa USA, LLC; Nicsa Industrial Supplies, LLC; Abener Construction Services, LLC; Abener North America Construction, LP; Abeinsa Abener Teyma General Partnership; Abener Teyma Mojave General Partnership; Abener Teyma Inabensa Mount Signal Joint Venture; Teyma USA & Abener Engineering and Construction Services General Partnership; and Teyma Construction USA, LLC (collectively, the "Original Debtors") filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code. On April 6 and 7, 2016, the Abener Teyma Hugoton General Partnership; Abengoa Bioenergy Hybrid of Kansas, LLC; Abengoa Bioenergy New Technologies, LLC; Abengoa Bioenergy Biomass of Kansas, LLC; Abengoa Bioenergy Technology Holding, LLC; Abengoa US Holding, LLC; Abengoa US, LLC; and Abengoa US Operations, LLC (collectively, the "Additional Debtors") filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code. On June 12, 2016, Abengoa Bioenergy Holdco, Inc. and Abengoa Bioenergy Meramec Holding, Inc. (collectively, the "Maple Debtors") filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code. The chapter 11 cases of the Original Debtors, the Additional Debtors and the Maple Debtors are jointly administered for procedural purposes.

#### 2. Retention of Professionals by the Debtors

On April 4, 2016, the Bankruptcy Court entered an order [D.I. 37], authorizing the Debtors to retain Prime Clerk LLC ("Prime Clerk") to perform certain claims and noticing functions in the Chapter 11 Cases. The order retaining Prime Clerk further provided that the fees and expenses incurred pursuant to Prime Clerk's provision of services would be treated as administrative expenses of the Debtors' estates.

On May 25, 2016, the Bankruptcy Court authorized the Debtors to retain DLA Piper LLP (US) as their attorneys pursuant to section 327(a) of the Bankruptcy Code in connection with these Chapter 11 Cases [D.I. 281].

#### 3. Formation of the Creditors' Committee

The Office of the United States Trustee formed an Official Committee of Unsecured Creditors (the "Creditors' Committee") on April 13, 2016 [D.I. 74]. The Creditors' Committee is currently comprised of (i) Société Générale, as Agent to the 2014 €1.4 Billion Syndicated Loan Facility, (ii) Deutsche Trustee Company Limited, as trustee under certain series of Notes, (iii) Deutsche Bank Trust Company Americas, as trustee under certain of the Notes, (iv) FHI Plant Services, and (v) Archer Daniels Midland Co. On May 25, 2016, the Creditors' Committee retained Hogan Lovells US LLP [D.I. 276] and Morris, Nichols, Arsht & Tunell as counsel [D.I. 318], and FTI Consulting, Inc.as financial advisors [D.I. 277].

#### 4. First Day Relief

##### *a.* Joint Administration

On March 31, 2016, the Bankruptcy Court entered a final order allowing the joint administration of the Original Debtors solely for procedural purposes to reduce the financial and other resources spent on administering their Chapter 11 Cases [D.I. 21]. After the Additional Debtors and the Maple Debtors filed for chapter 11

bankruptcy, they were made subject to the previously entered orders in the Chapter 11 Cases of the Original Debtors, including the joint administration order, with the exception of the chapter 11 case of Additional Debtor Abengoa Bioenergy Biomass of Kansas, LLC, Case No. 16-10876, which has been stayed until the resolution of the dual proceedings issue described below. Therefore, with the aforementioned limited exception, all Debtors are being administered jointly.

At a hearing held on April 27, 2016, the Bankruptcy Court requested that the Debtors stay Case No. 16-10876 of ABBK pending resolution of the dual proceedings before the United States Bankruptcy Court for the District of Kansas and the Bankruptcy Court. On May 2, 2016, the Bankruptcy Court entered the *Order Directing that Certain Orders Entered in the Chapter 11 Case of Abeinsa Holding Inc. Be Made Applicable to Additional Debtors in Subsequently Filed Cases* [D.I. 155] and ordered the chapter 11 case of ABBK and all deadlines associated therewith stayed pending further order of the Bankruptcy Court. On June 13, 2016, the Bankruptcy Court entered the *Order Modifying Case Caption*, reflecting the stay of the ABBK chapter 11 case on the case caption. [D.I. 353].

***b.*** **Cash Management**

On March 31, 2016 [D.I. 23] and April 27, 2016 [D.I. 134], the Bankruptcy Court entered an interim and final order, respectively, authorizing the Debtors to continue using their established cash management system, bank accounts, and documents related to the bank accounts, in lieu of closing existing accounts and establishing an entirely new post-petition cash management system, to avoid disruption.

***c.*** **Employee Wages**

The Debtors sought the Bankruptcy Court's authority to pay prepetition wages and related benefits in the ordinary course of business, believing that it was critical for them to retain their current employees as their knowledge and understanding of the Debtors' operations is essential for the Debtors to continue to operate during the Chapter 11 Cases. Any delay in paying pre-petition or post-petition compensation or benefits to the Debtors' employees would destroy the Debtors' relationship with their employees and irreparably harm employee morale at a time when the dedication, confidence and cooperation of the Debtors' employees is most critical. On March 31, 2014 [D.I. 24] and April 27, 2016 [D.I. 135], the Bankruptcy Court entered interim and final orders, respectively, granting the Debtors the authority to pay prepetition compensation and benefits owed employees (including, but not limited to, vacation pay, health insurance and other benefits) in the ordinary course of the Debtors' businesses.

***d.*** **Utilities**

The Bankruptcy Court entered an interim and then final order on March 31, 2016 [D.I. 26] and April 27, 2016 [D.I. 131], prohibiting the Debtors' utility providers from discontinuing, altering, or refusing service, and authorizing the Debtors to provide each utility provider with adequate assurance of future performance in the form of a cash deposit to be held in a segregated utility deposit account, established at the Debtors' discretion. The proposed aggregate amount of such deposits was to be $3,000.00, an amount equal to the Debtors' calculation of two-week worth of utility services, excluding any amounts that were prepaid to the utility companies.

5. **Other Significant Motions**

***a.*** **Ordinary Course Professionals**

The Debtors have a number of professionals that provide financial, real estate, technology, legal, tax, and other services in the ordinary course of the Debtors' business. As these ordinary course professionals are already familiar with the Debtors and their business, the Debtors requested authority to continue paying each such professional for services rendered and disbursements actually incurred. On May 25, 2016, the Bankruptcy Court granted the motion [D.I. 283], authorizing the Debtors to pay each of their respective professionals up to a cap of $50,000 per month and $250,000 in the aggregate per each ordinary course professional over the life of the Chapter 11 Cases, without further approval of the Bankruptcy Court. The Bankruptcy Court also approved the requested procedures for approval and payment of fees in excess of these limits.

### *b.* Sale of the Ashalim Project

On May 3, 2016, the Bankruptcy Court authorized Abengoa Solar to consent to and take reasonably necessary actions in order to permit a non-ordinary course of business sale of its indirect interest in a concentrated solar energy thermal power station plant with a guaranteed rated net power output of 110 MW currently under construction in the Ashalim area of the Negev Desert in Israel (the "Ashalim Project") [D.I. 162]. Specifically, Abengoa Solar consented to a sale of substantially all of the assets of its non-debtor indirect subsidiaries NEA Solar Power Ltd. and NEA Solar Operation and Maintenance Ltd. to a group of nonaffiliated purchasers. The transaction was expected to bring between approximately €32 million and €37.9 million into Abengoa Solar's estate from the proceeds of the sale by virtue of funds flowing upstream to Abengoa Solar, as a second generation holding company (the "Ashalim Consideration").

The difference of €5.9 million in the Ashalim Consideration that Abengoa Solar received is due to a determination of a character of certain amounts owed downstream, by NEA Solar Power Ltd., one of the direct owners of the Ashalim Project, to Abengoa. This amount was subject to a holdback (the "Holdback Amount"), the proper characterization and disposition of which was agreed upon by the Creditors' Committee and Abengoa Solar.

Pursuant to the relevant sale agreement and related instruments, there were various conditions precedent that needed to be satisfied prior to closing, including obtaining approval from the State of Israel. On or around August 4, 2016, the necessary conditions precedent to the closing of the sale took effect and the sale of the Ashalim Project closed. On or around August 8, 2016, the proceeds of the sale were transferred to NEA Solar Investments LLC In consultation with the Creditors' Committee, the Holdback Amount was resolved and approximately €2.7 million was paid to Abengoa Solar, S.A. Approximately €39 million of the remaining sale proceeds were transferred to Abengoa Solar, which amounts constitutes property of Abengoa Solar's Estate under section 541 of the Bankruptcy Code.

### *c.* Sale of the SAWS Project

On May 25, 2016, the Bankruptcy Court authorized Teyma Construction and Abeinsa EPC (the Chapter 11 Debtors that are general partners in a non-Debtor general partnership, Abeinsa Abeima Teyma, General Partnership) and Abengoa Parent, Abengoa Water SL, and Abengoa Greenbridge, S.A.U (Chapter 15 Debtors) to consent to and take reasonably necessary actions in order to permit a non-ordinary course of business sale of membership interests in non-Debtor Abengoa Vista Ridge, LLC, held by another non-Debtor Abengoa Water to Garney P3 LLC [D.I. 240]. Abengoa Vista Ridge, LLC is a special purpose project development company that entered into a Water Transmission and Purchase Agreement dated November 4, 2014 with the City of San Antonio, Texas, acting by and through the San Antonio Water System Board of Trustees, to construct a regional water supply project, consisting of the production, treatment, delivery and sale of up to 50,000 acre-feet per year of potable water for a 30-year period starting in 2020 (the "SAWS Project").

The transaction consisted of a sale of 80% of the membership interests of Abengoa Vista Ridge, LLC under a Membership Interest and Purchase Agreement, as well as a transfer of the engineering, procurement, and construction agreement and various related agreements. The SAWS Transaction closed on or around June 15, 2016.

The SAWS Transaction relieved Abeinsa Abeima Teyma G.P. of certain obligations and provide it with releases, which releases inured to the benefit of the Chapter 11 Debtors, who as general partners of Abeinsa Abeima Teyma G.P., could have ultimately shared liability for those obligations in the approximate amount of $119 million. Additionally, upon closing, Abengoa was granted the right to obtain a release of guaranty obligations under existing financial debt.

### *d.* Assumption and Assignment of Certain Management Agreements

On May 25, 2016, the Bankruptcy Court entered an order, approving the assumption and assignment of certain executory contracts [D.I. 284], which relief will allow Abengoa Solar to collect approximately $3,374,981.90 (the "Management Fees") on or before June 1, 2018. Specifically, Abengoa Solar was a party to (i) a Project Management Services Agreement, dated as of December 20, 2010 (the "Solana MSA"), under which Abengoa Solar was retained to perform post-construction administrative and management services functions to ASO with respect to the Solana Project, (ii) a Project Management Agreement, dated as of September 12, 2011 (the "Mojave MSA"),

under which Abengoa Solar was retained to perform post-construction administrative and management services functions to Mojave Solar with respect to the Mojave Project, and (iii) a Management Services Agreement, dated as of September 30, 2013 (the "ASO MSA" and together with the Solana MSA and the Mojave MSA, the "MSAs") with ASO Holdings, in which Abengoa Solar agreed to provide certain management and administrative services to ASO Holdings, an entity formed by Abengoa Solar US Holdings Inc. and Liberty Solar Energy, LLC under the Second Amended and Restated Limited Liability Company Agreement.

Under the Solana MSA and Mojave MSA, Abengoa Solar is entitled to receive a management fee for the services it provides to ASO (equal to 1.0% of gross operating revenues) and to Mojave Solar LLC (equal to 1.25% of gross operating revenues). Payment of the management fees, however, is subject to certain restrictions, including the requirement that the fees are only payable out of funds available if equity distributions are permitted to be made by ASO and Mojave Solar to its upstream equity owners under certain loan guarantee agreement executed with the DOE. To date, Abengoa Solar has not received payment of any of the Management Fees.

As consideration for the assignment of the MSAs to YieldCo's subsidiary ASHUSA, YieldCo has agreed to pay to Abengoa Solar an amount equal to the unpaid portion of the Management Fees by June 1, 2018. According to this arrangement, Abengoa Solar has not assigned the rights that it currently has under the MSAs to collect the Management Fees, and, thus, if the Management Fees under the MSAs are paid at any time prior to June 1, 2018, Abengoa Solar will be entitled to payment of the Management Fees from ASHUSHA.

### *e.* Motions for Relief from Stay

Prior to the Petition Date, Portland General Electric ("PGE") selected AAT, Abeinsa EPC, Abener Construction, and Teyma Construction (collectively, the "Carty Debtor-Contractors") as a general turnkey contractor for construction of a combined cycle combustion turbine and related facility for the generation of energy near Boardman, Oregon (the "Carty Project"). The Parties entered into that certain *Turnkey Engineering, Procurement & Construction Agreement for Carty Generating Station*, dated June 3, 2013, under which the Carty Debtor-Contractors would furnish certain labor, services, equipment, and materials for the construction of the Carty Project (the "Carty EPC Contract").

On or about November 27, 2015, PGE sent the Sureties and the Carty Debtor-Contractors (as defined below) a "Notice of Owner Consideration of Declaring Contractor Default" under the terms of the Carty Performance Bond (as defined below). In the November 27 letter, PGE stated that it had determined that the Carty Debtor-Contractors may be in default under the terms of the Carty EPC Contract, including Section 29.1 of the Carty EPC Contract. PGE's justification for the notice was the appearance of reports in the financial press indicating that Abengoa had sought protection under article 5 bis of the Spanish Insolvency Law. The Carty Debtor-Contractors informed PGE that Abengoa's seeking protection under article 5 bis was not an actual admission of insolvency, and therefore not a default under the Carty EPC Contract or the Carty Guaranty Agreement. Additionally, the Carty Debtor-Contractors informed PGE that it was dedicated to completing the Carty Project, and the Carty Debtor-Contractors sought an expedited payment of funds owed under the EPC Agreement (which were already due) in order to shore-up the effects of the funding crush resulting from Abengoa's 5 bis pre-insolvency proceedings in Spain. The Carty Debtor-Contractors and PGE began negotiating a revised payment schedule. PGE and the Carty Debtor-Contractors negotiated two payment agreements whereby PGE would provide the Carty Debtor-Contractors partial payments. On or about December 18, 2015, PGE refused to abide by the terms of the payment agreements and the EPC Contract and abruptly terminated the EPC Contract based on Articles 29.1 and 7.10 of the EPC Contract.

Without payment of the necessary funds from PGE that were rightly due, the Carty Debtor-Contractors were unable to pay subcontractors that had previously been engaged. A number of subcontractors (the "Carty Subcontractors") filed liens against PGE and the Carty Debtor-Contractors pre-petition. With the exception of one lien (which was filed shortly before), all such liens were filed after PGE terminated the EPC Agreement. Under Oregon law, in order to perfect their liens, the Carty Subcontractors were required to commence litigation and file a summons and complaint against PGE and the Carty Debtor-Contractors. The Carty Debtor-Contractors entered into multiple stipulations granting relief from stay to the Carty Subcontractors in order to allow the Carty Subcontractors to perfect their liens under Oregon law. Additional information regarding the Carty Project is set forth in Section III.D.7.b – Portland General Electric.

### *f.* Examiner Motion

On October 18, 2016, National Mutual Insurance Company filed a Motion for the Appointment of an Examiner (the "Examiner Motion") [D.I. 669], and on October 19, 2016 and October 21, 2016, RLI Insurance Company and Atlantic Specialty Insurance Company and its affiliates OneBeacon Insurance Group and OneBeacon Surety, respectively, each filed a joinder in support of the Examiner Motion [D.I. 680 ,690]. The Examiner Motion contends that an examiner could address and work through potential and actual conflicts of interest that may exist between the parties to the Master Restructuring Agreement and potentially provide the Bankruptcy Court with an assessment of the value of the options available for the Debtors' Estates. And, while the Examiner Motion properly recognizes the substantial costs attendant to retaining an examiner, and recognizes that it is impossible to evaluate whether the costs will be outweighed by benefits to the creditors, it nonetheless concludes that an examiner would be best positioned to provide independent financial evaluation. The Bankruptcy Court has scheduled a hearing on the Examiner Motion for November 16, 2016. The Debtors do not believe that an examiner is necessary or appropriate in these circumstances, especially in light of the extensive information provided pursuant to the Rule 2004 stipulation, and will be objecting to the Examiner Motion. One of the things that the Creditors' Committee is undertaking is an investigation and the YieldCo transactions. The Debtors will continue to work with the Creditors' Committee in this investigation. As this is one of tasks the proposed examiner would be undertaking, it is unnecessary to appoint an examiner when the Creditors' Committee and Debtors are already working cooperatively on this investigation.

### *g.* Sale of the Pilot Plant

ABNT is the owner of a second-generation pilot plant, warehouse, and any property, ancillary or otherwise, related to the foregoing and in support thereof (collectively, the "Pilot Plant"), located at 1414 Road O, York, Nebraska 68467, (the "York Property"). The York Property is also the location of a 56 million gallon nameplate ethanol production facility (the "York Plant"). The Pilot Plant is not currently operating. The Pilot Plant was built in two phases over a 10-year period in a cost-share collaboration with the US Department of Energy. In 2004, the Debtor first built a starch pilot plant to optimize the first-generation starch process. The objective was to convert the residual starch and the corn fiber by using new cellulosic enzymes and improved amylases and gluco-amylases.

With respect to the York Plant, in the Missouri Cases GPRE was determined to be the successful bidder at $37.375 million, plus certain working capital assets. Due to the envelopment of the Pilot Plant within the York Property, GPRE agreed to an Access Agreement, by which GPRE agreed to provide the Pilot Plant owner (a) access to utility services and (b) a perpetual, exclusive easement for the limited purpose of: (i) accessing and using the portion of the York Property upon which the Pilot Plant Property is constructed; and (ii) ingress and egress of pedestrian and vehicular travel over, upon, and across a limited portion of the York Property to access the Pilot Plant.

While no investment banker was retained to market the Pilot Plant during the sale process involving the Bioenergy and Maple Liquidating Debtors' assets, because of the Pilot Plant's location within the York Property, a number of parties did express preliminary interest in acquiring these assets, however, the only interest actually received for the Pilot Plant was an oral expression of interest from a liquidator for $100,000. With the closing of the sale of the York Assets, owing to the location of the Pilot Plant, GPRE made a cash offer of $1.25 million to acquire the Pilot Plant. In order to complete this sale, ABNT will shortly be filing a motion seeking to sell the Pilot Plant to GRPE for $1.25 million.

### *h.* Cofides

On April 17, 2009, Cofides (as defined above) entered into an Investment Agreement with Abengoa Bioenergy Meramec Renewable, Inc. and certain of its affiliates, pursuant to which Cofides invested $40 million in U.S. entities Abengoa Bioenergy Meramec Renewable, Inc., and the Maple Debtors, in exchange for which Cofides received 16.2% percent of the equity in Abengoa Bioenergy Meramec Renewable, Inc. At that time Abengoa Bioenergy Meramec Renewable, Inc.'s direct parent, Abengoa Bioenergy Holdco, Inc., a debtor in the Chapter 11 Cases, owned the remaining 83.8% of the equity interests in Abengoa Bioenergy Meramec Renewable, Inc. As of

November 25, 2014, Cofides' equity holdings in Abengoa Bioenergy Meramec Renewable, Inc. had been reduced to 9.92%, with Abengoa Bioenergy Holdco, Inc. owning the remaining 90.08%. As a result of an internal reorganization within the Abengoa Group, on November 25, 2014, Cofides owns 49%, and Abengoa Bioenergy Holdco, Inc. owns 51%, of Abengoa Bioenergy Meramec Holding, Inc., which in turn owns 20.25% of Abengoa Bioenergy Meramec Renewable, LLC. Abengoa Bioenergy Operations LLC owns the other 79.75% of Abengoa Bioenergy Meramec Renewable, LLC. Cofides indirectly owns 9.92% of Abengoa Bioenergy Meramec Renewable, LLC.

Abengoa Bioenergy Meramec Renewable, LLC ("Maple Holdco") in turn is the 100% indirect owner of Abengoa Bioenergy Maple, LLC ("Maple"), Abengoa Bioenergy of Indiana, LLC ("ABI") and Abengoa Bioenergy of Illinois, LLC ("ABIL" and together with Maple Holdco, Maple and ABI, the "Maple Debtors").

In addition to the Investment Agreement and Framework Agreement, as of the date of the Investment Agreement, the same parties entered into a Put/Call Agreement, which was amended and restated on the date of the Framework Agreement to include Abengoa Bioenergy Meramec Renewable, Inc., Abengoa Bioenergy Holdco, Inc., Abengoa US, LLC and Abengoa Bioenergy US Holding LLC as parties. The Put/Call Agreement granted to Cofides an irrevocable "put" to require Abengoa Bioenergia, S.A., a Chapter 15 debtor in the Chapter 15 Cases, to purchase Cofides' interests in Abengoa Bioenergy Meramec Holding, Inc.

Cofides' rights under the Put/Call Agreement may be exercised by Cofides upon one of several described events, including, without limitation, insolvency (Amended and Restated Put Call Agreement §3.1.3); substantial reduction in valuation (*id. §* 3.1.5*);* and substantial adverse change in financial condition of the Abengoa parties (*id. §* 3.1.13).

One or more of the option exercise triggers under the Put/Call Agreement may have occurred upon the commencement of the Foreign Proceedings, the Chapter 11 Cases or the Chapter 15 Cases. The Put/Call Agreement contains a Put Option Price, as defined in the Put/Call Agreement, that appears to be calculated as follows: 12-month Euribor rate, plus 371 basis points applied to the acquisition price of €30,681,905. In the event of an early exercise of the Put Option, an additional 1.5% in interest charges is applied to the Put Option Price.

In the event that Abengoa Bioenergia, S.A. (debtor in the Chapter 15 Cases) fails to comply with its obligations under the Put/Call Agreement, each of Abengoa Bioenergy Holdco, Inc. (debtor in the Chapter 11 Cases), Abengoa US, LLC (debtor in the Chapter 11 Cases), Abengoa, S.A. (debtor in the Chapter 15 Cases), Abengoa Bioenergy US Holding, Inc. (debtor in the Chapter 11 Cases) (collectively, the "Guarantors" and together with Abengoa Bioenergia, S.A., the "Put Debtors") agreed to fulfill the obligations of Abengoa Bioenergia, S.A. To secure Cofides' rights under the Put/Call Agreement, Cofides received stock certificate number 1 representing 2,666.67 shares of Abengoa Bioenergy Meramec Holding, Inc. (the "Shares"), together with a Stock Power to transfer the Shares to Abengoa Bioenergia, S.A., a debtor in the Chapter. 15 Cases, to effectuate the put of the Shares.

Cofides purported to exercise its rights under the Put/Call Agreement and assert a liquidated claim against the Put Debtors, despite the several applicable injunctions preventing such exercise. On August 18, 2016, Debtors in the Chapter 11 Cases Abengoa Bioenergy Holdco, Inc., Abengoa Bioenergy Meramec Holding, Inc., and Abengoa US, LLC, along with Debtors in the Chapter 15 Cases, Abengoa, S.A. and Abengoa Bioenergia, S.A., filed a motion in these Chapter 11 Cases seeking to enforce the stays [D.I. 508]. Cofides objected arguing that the Bankruptcy Court lacks jurisdiction over Cofides and the subject matter of the motion. This matter remains pending and the Debtors expect to seek to resolve the Cofides issues in the context of their reconciliation of Claims or within the process of addressing Claims that can vote on the Plan.

### 6. Significant Projects

#### *a.* The Fulcrum Project

On or about May 5, 2015, Fulcrum BioEnergy, Inc. ("Fulcrum"), a company unaffiliated with Abengoa, announced that it awarded a $200 million fixed-price engineering, procurement and construction contract (the "Fulcrum EPC Contract") to AAT for the Fulcrum Project, consisting of the construction of the Sierra BioFuels Plant in McCarran, Nevada, the first municipal solid waste to transportation fuels facility. The Sierra BioFuels Plant

utilizes Fulcrum's process of converting household garbage that would otherwise be landfilled into renewable syncrude that will be upgraded to jet fuel.

Fulcrum and AAT entered into the Fulcrum EPC Contract on or about May 20, 2015. Parties to the Fulcrum EPC Contract continue to negotiate annexes and amendments to such Contract. Two limited notices to proceed were issued by Fulcrum. As of September 2016, many conditions under the Fulcrum EPC Contract needed to be satisfied, including project financing, bonding and guarantees and exhibits to the Fulcrum Contract. In an effort to secure approvals to move forward with the Fulcrum Project, the Debtors provided certain financial information to the Creditors' Committee.

Subject to the satisfaction of the foregoing conditions and contingencies, the Debtors intend to proceed with the Fulcrum Project. At the present time, the Debtors are evaluating several alternative methods by which they would proceed. These alternatives include (a) assuming the Fulcrum EPC Contract under the Plan, or (b) assuming the Fulcrum EPC Contract, and assigning it to a non-debtor affiliate of Parent, under the Plan.

#### *b.* The Mojave Project

A detailed description of the Mojave Project is set forth in section III.B.5.b herein.

#### *c.* The Solana Project

A detailed description of the Solana Project is set forth in section III.B.5.a herein.

### 7. Significant Litigation

#### *a.* Causes of Action

The Plan contemplates that a Litigation Trust will be established, on behalf of the EPC Reorganizing Debtors, for the sole purpose of prosecuting, compromising, and resolving the Litigation Trust Causes of Action. Additional information about the Litigation Trust is set forth in Section IV.A.2.b.1.

##### *i. Portland General Electric*

Prior to the Petition Date, Portland General Electric ("PGE") determined that it would need to build a combined cycle combustion turbine and related facility for the generation of energy near Boardman, Oregon (the "Carty Project") to provide additional generating capacity to meet its customers' anticipated needs. PGE commenced a competitive bidding process to solicit bids for contractor services, and as a result, selected AAT, Abeinsa EPC, Abener Construction, and Teyma Construction (the "Carty Debtor-Contractors") as a general turnkey contractor for construction of the Carty Project. PGE and the Carty Debtor-Contractors entered into that certain *Turnkey Engineering, Procurement & Construction Agreement for Carty Generating Station*, dated June 3, 2013 (the "Carty EPC Contract"), under which the Carty Debtor-Contractors would furnish certain labor, services, equipment, and materials for the construction of the Carty Project.

Abengoa guaranteed the obligations of the Carty Debtor-Contractors under the Carty EPC Contract pursuant to an agreement with PGE (the "Carty Guaranty Agreement") signed on or about July 30, 2013. Under Article 10 of the Carty Guaranty Agreement, Abengoa and PGE agreed that an arbitration before the International Chamber of Commerce International Court of Arbitration would be the exclusive forum in the event of a dispute under the Carty Guaranty Agreement.

In connection with the Carty EPC Contract, PGE required the Carty Debtor-Contractors to obtain a performance bond, for the benefit of PGE, guaranteeing the performance of the Carty EPC Contract. Liberty Mutual Insurance Company and Zurich American Insurance Company (collectively, the "Sureties") executed and posted a performance bond (the "Carty Performance Bond"), No. 17150884/9130851 in the amount of $145,611,779.60, naming AAT as principal.

Upon execution of the Carty EPC Contract, works were initiated for the engineering and erection of the Carty Project. By November 2015, sixteen out of the twenty progress and payment milestones set forth in the EPC Contract had been achieved. The Carty Debtor-Contractors were able to certify that the seventeenth of twenty

milestones had been met in November 2015, representing that the construction of the Carty Project was 90% complete. PGE failed to acknowledge the progress made by the Debtor-Contractors, and refused to certify or produce payment on the seventeenth milestone. PGE, after its failure to certify the seventeenth milestone, was not willing to approve or pay invoices, which were worth more than $10,000,000, to the Carty Debtor-Contractors. PGE also failed to compensate the Carty Debtor-Contractors for other concepts, including approximately $2,000,000 in change order works which had been completed and approved by PGE. By this time, the Carty Debtor-Contractors had a right to receive payments totaling in excess of $14,000,000 for work performed under the Carty EPC Contract.

On or about November 27, 2015, PGE notified the Carty Debtor-Contractors that it was considering placing the Carty Debtor-Contractors into default under the terms of the Carty EPC Contract. PGE's justification for the notice was the appearance of reports in the financial press indicating that Abengoa had sought protection under article 5 bis of the Spanish Insolvency Law. The Carty Debtor-Contractors informed PGE that Abengoa's seeking of protection under article 5 bis was not an actual admission of insolvency, and therefore not a default under the Carty EPC Contract or the Carty Guaranty Agreement. On or about December 18, 2015, PGE terminated the EPC Contract.

In December 2015, PGE approached the Sureties seeking to recover under the Carty Performance Bond. Following their investigation, the Sureties denied PGE's claim in part on the basis that the Carty Debtor-Contractors and Abengoa had raised a proper and viable wrongful termination claim, that PGE had not disproven the wrongful termination claim, and that, as a result, PGE had not satisfied the conditions precedent to seeking recovery under the Carty Performance Bond.

On December 31, 2015, Abengoa commenced arbitration against PGE with the International Chamber of Commerce International Court of Arbitration, ICC Case No. 215620/RD. Abengoa joined the Carty Debtor-Contractors and the Sureties as impleaded parties under the terms of the Carty Guaranty Agreement and in accordance with the rules of the International Chamber of Commerce International Court of Arbitration. The Carty Debtor-Contractors and the Sureties consented to join in the arbitration and assume the ruling of the ICC Tribunal and subsequently participated in the arbitration. On March 28, 2016, the Carty Debtor-Contractors filed an answer and claim in the arbitration requesting, among other things, an order directing PGE to pay damages for all losses and damages suffered by the Carty Debtor-Contractors as a result of PGE's termination of the Carty EPC Contract, in an amount not less than $78,000,000.

On February 29, 2016, PGE commenced an action in the United States District Court for the District of Oregon against Abengoa, accompanied by a motion for preliminary injunction in an attempt to bar Abengoa from pursuing the arbitration. The action in the United States District Court is currently subject to the automatic stay, which was imposed on a provisional basis and was continued on a final basis under the *Order Granting Interim and Provision Relief, In re Abengoa, S.A.*, Case No. 16-10754 (KJC) (Bankr. D. Del. Mar. 31, 2016) [D.I. 20] and *Order Recognizing Spanish Proceeding As a Foreign Main Proceeding and Granting Relief in Aid Thereof, In re Abengoa, S.A.*, Case No. 16-10754 (KJC) (Bankr. D. Del. Apr. 27, 2016) [D.I. 71]. *Portland General Electric Company v. Abengoa, S.A.*, Case No. 3:16-cv-00375-HZ (D. Or.).

On March 23, 2016, PGE commenced a separate action before the United States District Court for the District of Oregon against the Sureties seeking to recover under the Performance Bond. *Portland General Electric Company v. Liberty Mutual Ins. Co. and Zurich American Ins. Co.*, Case No. 3:16-cv-00495-HZ (D. Or.). The Sureties moved to stay the action, and PGE then moved to enjoin the Sureties from pursuing claims in the arbitration. The United States District Court for the District of Oregon issued an opinion and order on July 28, 2016, denying the Sureties' motion to stay the action and granting PGE's motion to enjoin the Sureties from participating in the arbitration before the International Chamber of Commerce International Court of Arbitration. On August 5, 2016, the Sureties appealed the July 28, 2016 opinion and order to the United States Court of Appeals for the Ninth Circuit. The Sureties have requested the District Court to stay the action pending appeal.

On May 25, 2016, PGE filed the *Motion of Portland General Electric for Relief from Stay* [D.I. 286] seeking relief from the automatic stay of section 362 of the Bankruptcy Code to commence and prosecute to final judgment an action against AAT, Abeinsa EPC, Abener Construction, and Teyma Construction in the United States District Court for the District of Oregon. The Debtors filed the *Debtors' Objection to Motion of Portland General Electric for Relief from Stay [D.I. 286]*. The Bankruptcy Court held an initial hearing on the *Motion of Portland General Electric for Relief from Stay* on July 7, 2016, and a status conference on July 14, 2016, during which the

Bankruptcy Court continued the hearing to August 9, 2016, indicating a desire to consider the ruling of the United States District Court for the District of Oregon on motions pending before it. On August 5, 2016, following the entry of the opinion and order of the United States District Court for the District of Oregon PGE and the Debtors filed supplemental briefs describing their respective interpretations of the effect of the July 28 opinion and order issued by the United States District Court for the District of Oregon. On August 9, 2016, a hearing was held. On October 6, 2016, the Bankruptcy Court issued an opinion and related order granting the motion and lifting the automatic stay. On October 21, 2016, PGE commenced litigation in the United States District Court for the District of Oregon, captioned *Portland General Electric Company v. Abeinsa EPC LLC, et al.*; Case No. 3:16-cv-02030-SI (D. Or.).

PGE disputes the Debtors' above description and characterization of the facts and circumstances related to construction of the Carty Project, termination of the EPC Contract, and the Carty Litigation. PGE contends PGE validly terminated the EPC Contract and contends PGE is entitled to damages from the Carty Debtor-Contractors. Those matters are in arbitration and litigation.

#### *ii. Vieste SPE, LLC and Vieste Energy LLC*

As of April 18, 2013, AAT has held the engineering, procurement and construction services contract for the Vieste Project (the "Vieste EPC Contract"), a waste to energy project in Glendale, Arizona. Under the Vieste EPC Contract, which set up construction on the Vieste Project in two phases, AAT would be entitled to a payment of $250,000 if the second phase did not move forward by a specified time. When the second phase did not move forward, AAT requested payment under the Vieste EPC Contract and owner Vieste SPE, LLC and its parent guarantor, Vieste Energy LLC, did not pay. In May 2016, AAT commenced arbitration in the ICC and Vieste filed a general denial to AAT's claims. Conversations between AAT and Vieste regarding receipt of a confession of judgment from Vieste, which would avoid the costs associated with the arbitration, continue.

#### *iii. ACE*

In June 2013, at the Solana Project, leaks were detected in the vessels of the steam generator supplied by Foster Wheeler AG. Solana EPC notified its building insurance provider ACE, Builders Risk Insurance Carrier ("ACE") and repaired the leaks on site, but the leaks continued during the operation of the Solana Project. In April 2016, the leaks stopped after the completion of additional repairs and replacement of twelve vessels. Solana EPC submitted four insurance claims in the approximate total amount of $39,000,000 to ACE based on the damages incurred due to the internal leaks during the construction period and other damages related to bellows and boiler feed water pumps. Subsequently, Solana EPC submitted additional information related to the steam generator damages after the commercial operation date, resulting from the damages during construction, which added substantial economic value to its claim. ACE offered to pay $1,750,000, which offer Solana EPC rejected. Solana EPC has requested further discussions with ACE and is considering arbitration to recover the additional amounts.

#### *iv. Foster Wheeler*

Foster Wheeler AG ("Foster Wheeler") designed, fabricated, supplied and installed a steam generation system in the Solana Project. In June 2013, leaks were detected in the vessels of the Foster Wheeler supplied steam generator. Though the leaks were repaired on site by Solana EPC, the leaks continued during the operation of the Solana Project Solana EPC believes the leaks resulted from the construction process and requested required reports from Foster Wheeler. While Solana EPC has submitted four insurance claims in the approximate total amount of $39,000,000 to ACE as set forth in Section III.D.7.a.iii of this Disclosure Statement, Solana EPC reserved its rights to pursue claims against Foster Wheeler for defective equipment.

Further, Foster Wheeler Energia SLU ("Foster Wheeler Energia") and Mojave EPC signed a contract for the design and supply of two Steam Generator trains at the Mojave Project, each of which have two bodies of steam generators. Foster Wheeler Energia repaired certain defects at their own expense and required Mojave EPC's support and assistance during the repairs and in the preparation of the work. Mojave EPC has claimed direct and indirect costs related to the repairs in the approximate amount of $6,700,000. A partial settlement was achieved, in which Foster Wheeler Energia agreed to cancel a portion of the Mojave EPC's outstanding debt. Foster Wheeler has requested additional time to finalize the settlement as it files a claim with its insurance provider.

*v. Flowserve*

Flowserve Corporation ("Flowserve") supplied the boiler feed water plant for the Solana Project. The pumps in the boiler were defective and failed during the commissioning process, causing direct and indirect costs. Solana EPC submitted an insurance claim to ACE in the approximate amount of $4,000,000 for damages incurred due to failed boiler pumps. Despite this insurance claim, Solana EPC reserved its rights to pursue claims against Flowserve for supply issues.

*vi. Alfa Laval AB*

Alfa Laval AB ("Alfa Laval") designed, fabricated, and supplied six salt system heat exchangers used in the construction and operation of the Solana Project. Solana EPC filed a warranty claim against Alfa Laval for defective heat exchangers, and Alfa Laval worked to repair the heat exchangers to reduce the damagers. Solana EPC is considering whether to accept the equipment as is or if the equipment must be replaced. Currently, the defective heat exchangers are causing a loss in production at the Solana Project.

vii. *Thermometrics*

Solana EPC and Thermometrics Corporation ("Thermometrics") entered into a contract for the supply of resistance temperature detectors, thermometers placed in heat transfer fluid to control its temperature, for the construction and operation of the Solana Project. Solana EPC received a third-party laboratory report that concludes a defect in the resistance temperature detectors was a manufacturer's defect and filed a warranty claim on defective resistance temperature detectors in the amount of approximately $1,500,000. Solana EPC is currently reviewing causes of action against Thermometrics.

viii. *General Electric*

General Electric Company ("General Electric") and Mojave EPC signed a contract for the supply of two large Steam Turbines to be used at the Mojave Project, and a contract for technical supervision and advisory services during the installation and commissioning. Due to, among other things, delays in the delivery of materials and documentation, Mojave EPC has asserted a claim against General Electric in the approximate amount of $8,3000,000. General Electric asserted a counterclaim against Mojave EPC in the approximate amount of $4,850,000 in direct extra costs due to the extension of the construction and commissioning process.

*ix. LEF Ingenieros Auding Intraesa LLC*

On or about July 12, 2012, Mojave EPC and LEF Ingenieros Auding Intraesa, LLC ("LEF") entered into a Water Treatment Plant Contract, Contract No. 0020P-4500265142 Mojave Solar Power Plant Project, San Bernardino County, California with LEF. Mojave EPC commenced an arbitration before the ICC seeking approximately $6,850,000 for breach of contract and liquidated damages, and withheld payments from LEF. LEF counterclaimed, seeking approximately $6,200,000 in payments due.

Additionally, on January 20, 2016, LEF commenced a declaratory judgment action in the San Bernardino Superior Court against Mojave EPC and Abengoa Yield for possession of the water treatment plan installed at the Mojave Project. On July 21, 2016, LEF filed a first amended complaint substituting Mojave Solar as a defendant for Abengoa Yield, in violation of the automatic stay. On September 6, 2016, LEF filed a second amended complaint, in violation of the automatic stay.

On October 14, 2016, LEF filed the *Motion of LEF Ingenieros Auding Intraesa, LLC for Relief from the Automatic Stay Pursuant to 11 U.S.C. § 362* seeking modification of the automatic stay to prosecute the action pending before the San Bernardino Superior Court. Absent an agreement between LEF and Mojave EPC, Mojave EPC plans to object to settlement or final judgment of LEF's declaratory action as such issues should be decided by the ICC tribunal.

### x. *Rioglass Solar Inc.*

Rioglass Solar Inc. ("Rioglass"), a related company partially owned by Abengoa Solar, S.A.,[23] and Mojave EPC signed a contract for the supply of mirrors in a solar field. Because of several delays, Mojave EPC commenced an arbitration in the ICC, asserting a liquidated damages claim against Rioglass in the approximate amount of $2,720,000. Rioglass filed a counterclaim against Mojave EPC for $950,000 due to delays in returning racks used to transport the mirrors. The arbitration is in abeyance at the request of the parties to give an opportunity to engage in settlement discussions.

### *xi. SPX Heat Transfer*

SPX Heat Transfer, Inc. ("SPX") and Mojave EPC entered into a contract for the design and supply condensers for each Steam Turbine at the Mojave Project. As a result of delays in the delivery of the condenser, Mojave EPC asserts claims against SPX in the approximate amount of $520,000 and $1,300,000. SPX has asserted a claim against Mojave EPC for approximately $500,000 in past due invoices.

### *xii. BValve*

BValve Flow, Systems & Controls SLU ("BValve") and Mojave EPCentered into a contract for BValve to supply valves to be used at the Mojave Project, including all applicable taxes. During a tax audit performed, the California Board of Equalization determined that approximately $769,000 was due in sales and use tax. Mojave EPC paid the full amount of taxes owed and now seeks indemnification, liquidated damages and direct costs for defective work in the total approximate amount of $1,700,000.

### *xiii. American Piping*

American Piping Group, Inc. ("American Piping") and Mojave EPC signed two contracts to supply materials to be used at the Mojave Project, including all applicable taxes. During a tax audit performed, the California Board of Equalization determined that approximately $1,115,000 was due in sales and/or use tax. Mojave EPC paid the full amount of taxes owed and now seeks indemnification.

### *xiv. Ramjack*

Ramjack Corporation ("Ramjack") and Mojave EPC entered into an agreement for the supply and installation of the CCP collector foundations in the solar field at the Mojave Project. Mojave EPC has asserted claims against Ramjack in the approximate amount of $1,300,000 for credits due for the miscalculation of units installed, a down payment that was not returned to Mojave EPC as required under the agreement, and owner-controlled insurance program credits. Ramjack asserts counterclaims against Mojave EPC for a past due invoice in the amount of $400,000.

### *xv. Grupo Navec*

Grupo Navec Servicios Industriales, S.L. ("Grupo Navec") and Mojave EPC entered into a contract for the design and supply of several large tanks, including applicable taxes and transportation costs. During an audit, the California Board of Equalization determined that $295,000 was due in sales and/or use taxes. Mojave EPC paid the taxes and now asserts a claim for approximately $700,000 seeking indemnification from Grupo Navec for taxes paid, as well as liquidated damages for delivery delays. Grupo Navec has asserted counterclaims against Mojave EPC for past due invoices of $79,000.

### *xvi. Tyco / Pentair*

Pentair Ltd. ("Tyco/Pentair") and Mojave EPC entered into two contracts and several purchase orders for the supply of valves for the Mojave Project, all of which included sales and/or use taxes. During a tax audit, the California Board of Equalization determined that approximately $430,000 was due in sales and/or use tax. Mojave EPC paid the taxes and now seeks indemnification from Tyco/Pentair. An amicable settlement process is ongoing.

[23] Abengoa Solar, S.A. owns approximately 15% of the shares of Rioglass.

### *xvii. Sterling Deaerator*

Sterling Deaerator Company ("Sterling Deaerator") and Mojave EPC entered into contracts and purchaser orders for the supply of tanks, deaerators, vessels and other large equipment, including d all applicable taxes. During a tax audit, the California Board of Equalization determined that approximately $155,000 was due in sales and/or use taxes. Mojave EPC paid the taxes and now asserts claims in the total approximate amount of $240,000, seeking indemnification from Sterling and reimbursement of a double payment.

### *xviii. Croll Reynolds – Clean Air Group*

Croll Reynolds Inc. ("Croll") and Mojave EPC entered into an agreement for the supply of equipment, including all the applicable taxes, for the Mojave Project. During a tax audit, the California Board of Equalization determined that $50,000 was due in sales and/or use taxes. Mojave EPC paid the taxes and now seeks indemnification from Croll.

### *xix. Gaumer Company Inc.*

Gaumer Company Inc. ("Gaumer") and Mojave EPC entered into an agreement for the supply of Electrical HTF Heaters for the Mojave Project. During a tax audit, the California Board of Equalization determined that approximately $70,000 was due in sales and/or use taxes. Mojave EPC paid the taxes and now seeks indemnification from Gaumer. Mojave EPC has previously acknowledged a debt owed to Gaumer for approximately $26,000. The parties are in settlement discussions.

### *xx. Desert Mechanical Inc.*

Mojave EPC and Desert Mechanical Inc. ("DMI") initially entered into two lump sum contracts for work to be performed on the water treatment plant and for utilities services at the Mojave Project. DMI filed suit in the San Bernardino Superior Court, Case No. CIVDS1500706, on January 16, 2015 and asserted claims under both contracts in the approximate amount of $9,800,000 for engineer changes, time and material costs, overtime costs, extended overhead costs and inefficiencies. Subsequently, the parties commenced an arbitration before the American Arbitration Association by mutual agreement. Mojave EPC disputed the charges and counterclaimed for disgorgement of all funds, a total of approximately $12,000,000, from DMI because DMI was improperly licensed at the time of contracting and at the time of performing the works. The arbitration is in abeyance as a result of the commencement of the Chapter 11 Cases and the state court action is stayed pending the Chapter 11 Cases and the arbitration.

### *xxi. Distribution International; Crown Financial*

Mojave EPC contracted with Synflex Insulators Inc. ("Synflex") to perform certain works at the Mojave Project. Distribution International, Inc. ("DI") was a material supplier of insulation to Synflex and asserted claims in the approximate amount of $2,700,000 for foreclosure upon a mechanics' lien, breach of contract, unjust enrichment, quantum meruit, and negligent misrepresentation against Synflex, who DI alleges, failed to pay DI for material supplied to the Mojave Project. During the time period from January through June 2014 when DI claims to have supplied material to the Mojave Project, Mojave EPC paid Synflex over $4,000,000 before determining that Synflex had falsified license information. Out of concern that Synflex misappropriated money and failed to pay its material suppliers and other vendors, Mojave EPC joined Synflex's factoring company Crown Financial Group Inc. ("CF") in an arbitration before the ICC. Mojave EPC seeks disgorgement of the money paid to CF on behalf of Synflex. CF countersued for approximately $1,000,000 in unpaid invoices.

### *xxii. Stolz*

On September 23, 2011 (date of amended and restated), Hugoton Partnership and ABBK entered into Amended and Restated Design, Supply, Construction and Commercial Start-Up Contract for a turnkey ethanol production plant and turnkey cogeneration plant referred to herein as the Hugoton Plant in Hugoton, Kansas. Stolz S.A. ("Stolz") provided certain biomass equipment and works for the Hugoton Plant. Hugoton Partnership withheld approximately $150,000 in payments due to Stolz after incurring approximately $240,000 in additional costs for

works contracted and paid by Hugoton Partnership to third parties as a result of Stolz's improper performance on the Hugoton Plant. The parties are negotiating a settlement agreement whereby the agreement will be terminated and claims will be settled.

#### *xxiii. PayneCrest*

PayneCrest Electric Inc. ("PayneCrest") was a subcontractor at the Mt. Signal Project responsible for providing certain equipment to the Mt. Signal Project. The equipment provided by PayneCrest failed and destroyed certain sections of the solar field at the Mt. Signal Project, which required an immediate cure of the default without delay. Mount Signal asserted claims against a performance bond posted by PayneCrest in the approximate about of $175,000 for warranty claims for repair to certain equipment and sections of the solar field. Mount Signal has previously engaged in settlement discussions with PayneCrest.

### *b.* Litigation Claims

#### *i. Alcorn Fence Litigation*

Prior to the Petition Date, on July 9, 2015, Alcorn Fence Company ("Alcorn Fence") filed a complaint against, but did not serve, Mojave EPC in San Bernardino Superior Court, Case No. CIVSD1509545. On October 2, 2015, Alcorn Fence filed a stipulation to agree to arbitration. In February 2016, Alcorn Fence filed a request with the ICC for arbitration. Upon filing the Chapter 11 Cases, the litigation pending before the San Bernardino Superior Court and the pending arbitration before the ICC were stayed. Alcorn Fence continued to prosecute the litigation in the San Bernardino Superior Court against RLI Insurance Company. RLI Insurance Company and Alcorn Fence are engaging in discussions to determine whether settlement would be appropriate.

#### *ii. ARB Litigation*

In connection with the Mojave Project, Mojave EPC and contractor ARB, Inc. ("ARB") entered into three lump sum contracts for work to be performed on the power block area surrounding the Mojave Project. After it was determined that ARB would not meet its target deadlines, two of the contracts were converted to a modified cost reimbursable fixed fee basis. Upon conversion of the contracts, Mojave EPC disputed what it considered to be excessive spending by ARB. In July 2014, after continuing a contentious working relationship, ARB left the Mojave Project. The third contract, which remained a lump sum contract, is subject to disputed change orders. Mojave EPC disputed ARB claims and counterclaimed for approximately $3,000,000.

Prior to the Petition Date, on September 15, 2014, ARB sued Mojave EPC, Abeinsa Holding, Abener North America, Mojave Solar LLC, and Abengoa Solar, as well as, Liberty Mutual Insurance Company and Zurich American Insurance Company (collectively, the "Sureties") in San Bernardino Superior Court, Case No. CIVDS1500245. The litigation pending before the San Bernardino Superior Court was halted pending the resolution of parallel arbitration before the ICC. On March 29, 2016, when Mojave EPC filed a voluntary petition for relief, the litigation before the San Bernardino Superior Court became subject to the automatic stay. ARB moved to lift the automatic stay against the Sureties in San Bernardino Superior Court, a decision on which motion was delayed until September 2016 in order to determine if the Parties would stipulate to or otherwise receive relief from the stay. The arbitration before the ICC has been continued. On July 6, 2016, the arbitrators issued a procedural order vacating the hearing scheduled for October 2016 and setting a new tentative revised procedural timetable. On August 17, 2016, the arbitrators issued a procedural order vacating the tentative revised procedural timetable and suspending the arbitration before the ICC. The state court lifted the stay as related to the non-Debtor defendants. The Solar Debtors dispute their liability on account of these claims and believe any Claim asserted by the Sureties should be valued at $0.

#### *iii. Bigge Crane Litigation*

Prior to the Petition Date, on September 21, 2015, Bigge Crane and Rigging Company ("Bigge Crane") filed suit in the San Bernardino Superior Court, Case No. CIVSD1513582, against Mojave Partnership, Mojave Solar LLC, Abengoa Solar LLC, the Department of Energy, Federal Financing Bank, PNC Bank Corp. and Midland Loan Services, L.P. The litigation was stayed pending resolution of arbitrations commenced by ARB against Ethosenergy Field Services LLC and Abener Teyma Mojave General Partnership.

*iv. Biothane Veolia*

Prior to the Petition Date, BioThane Anaerobic Technologies – Veolia Water Technologies commenced an arbitration before the ICC against Hugoton Partnership for unpaid commissioning work. Hugoton Partnership filed counterclaims for liquidated damages and certain insurance credits. The parties were trying to reach a settlement when the bankruptcy cases commenced. As of the date hereof, this matter remains in abeyance as a result of the automatic stay.

v. *Brahma*

Prior to the Petition Date, the Brahma Group Inc. ("Brahma"), pursuant to agreements with Hugoton Partnership and ABBK, provided goods, services, equipment and/or supplies for the improvement of real estate and improvements owned by ABBK. Brahma filed a foreclosure action against Abeinsa EPC and ABBK in the twenty-sixth judicial district – Stevens Country, Kansas, seeking a total approximate total amount of $7,000,000. Abeinsa EPC petitioned the Court to dismiss the lawsuit because Brahma failed to join Hugoton Partnership, the prime contractor, as a defendant as well as the other lien holders of record. In a pleading filed with the state court, Brahma clarified that it holds no claims against Abeinsa EPC, and Abeinsa EPC is a party-in-interest in the proceeding, rather than a defendant. Further, Brahma amended its complaint to add Transglobal Energy, Inc., Stoppel Dirt, Inc., Black Diamond Industrial, LLC, Vista Energy, L.P., Sulzer Pump Services US Inc., ICM, Inc., Scheduler Enterprises, Inc., Decker Electric, Inc., Acid Piping Technology, Inc., Mead O'Brien, Inc., Air Techniques, Inc., CRB Builders L.L.C., Maine Automation, Elliott Electrical Supply, Inc., W-S Industrial Services Inc., Summit Fire Protection Co., TUSA, Inc. dba 4 State Supply, FHI Plant Services, Inc., Pumping Solutions, Inc., Sunrise Staffing Services, LLC, Cogent, Inc., Bearing Headquarters Company, C.F. Service & Supply, LLC, Dustex LLC. Certain of these parties may allege claims against Hugoton Partnership. This matter has been removed to the chapter 11 case of ABBK, pending in the United States Bankruptcy Court for the District of Kansas. Prior to its removal, this matter was in abeyance as a result of the Chapter 11 filing.

*vi. The Calvert Company d/b/a/ AZZ*

In connection with the Carty Project, the Calvert Company (d/k/a "AZZ") filed suit for unpaid invoices. AZZ entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not prosecute its claim against the Debtors such that its lien will be preserved under Oregon law.

*vii. Columbia River Machinery*

In connection with the Carty Project, Columbia River Machinery LLC ("Columbia") filed suit against AAT for unpaid invoices. Columbia entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not prosecute its claim, such that its preserved is lien under Oregon law.

*viii. Consolidated Electrical Distributors*

In connection with the Carty Project, Consolidated Electric Distributors ("Consolidated Electric") filed suit against AAT for unpaid invoices. Consolidated Electric entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not prosecute its claim such that its lien is preserved under Oregon law.

*ix. Consolidated Supply Co.*

In connection with the Carty Project, Consolidated Supply Co. ("Consolidated Supply") filed suit against AAT for unpaid invoices. Consolidated Supply entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not prosecute its claim such that its lien is preserved under Oregon law.

*x. Cor-Ray*

Prior to the Petition Date, on January 30, 2015, Cor-Ray Painting Company ("Cor-Ray") filed suit in the San Bernardino Superior Court, Case No. CIVDS1501452, against the Mojave EPC and ARB. The litigation was stayed pending resolution of arbitrations commenced by ARB against Ethosenergy Field Services LLC and Abener Teyma Mojave General Partnership.

### *xi. Cummins Power Generation, Inc.*

Prior to the Petition Date, in January 2015, Hugoton Partnership requested a warranty extension for Cummins Power Generation, Inc. ("Cummins"). The parties formalized the agreement through a contractual amendment for approximately $195,000 regarding the use of its equipment. Cummins invoiced for the contract in July 2015. On October 22, 2015, Hugoton Partnership received a demand letter for repayment, with a second notice on November 17, 2016. Cummins subsequently filed suit in the Circuit Court of Indiana. Upon mutual agreement, the case was dismissed for lack of jurisdiction. Cummins filed a new complaint in St. Louis State Court.

### *xii. Ethosenergy Field Services*

Prior to the Petition Date, Ethosenergy Field Services, LLC ("Ethosenergy"), at the request of AAT, performed labor and furnished materials and equipment used in the construction of the Carty Project in connection with the turbine services. AAT did not pay EthosEnergy in connection with its services to the Carty Project. As a result, Ethosenergy filed suit with the San Bernardino Superior Court, Case No. CIVSD1417679. The case is stayed pending the ARB arbitration set forth above.

### *xiii. FHI*

Prior to the Petition Date, FHI Plant Services, Inc. ("FHI") commenced an arbitration before the ICC asserting a claim for approximately $17,000,000 against Mojave EPC. On October 13, 2015, FHI and Mojave EPC entered into a comprehensive global settlement agreement. After Mojave EPC was unable to make the cash payment contemplated under the settlement and fulfill the initial terms of the settlement agreement, FHI filed suit in Maricopa Court, Arizona.

### *xiv. H&E Equipment Services*

Prior to the Petition Date, H&E Equipment Services, Inc. ("H&E") filed suit in San Bernardino Superior Court against Abeinsa EPC, Solana EPC, Mojave EPC, Mojave Solar and certain other parties for breach of contract, enforcement of mechanic's lien or mechanic's lien release bond, quantum meruit and an accounting. Mojave EPC moved to compel arbitration. In January 2016, the San Bernardino Superior Court ruled against Mojave EPC and denied the motion to compel arbitration. This action is currently stayed by operation of the automatic stay.

### *xvii. ITF Grupo Cunado*

Prior to the Petition Date, ITF, Inc. ("ITF Grupo Cunado") commenced an arbitration before the ICC against Mojave EPC. Mojave EPC withheld payment on the invoices because it seeks reimbursements on tax payments made to the California Board of Equalization. ITF Grupo Cunado disputes Mojave EPC's claim. This action is currently stayed by operation of the automatic stay.

### *xviii. Independent Well Drilling*

Prior to the Petition Date, Independent Well Drilling, Inc. ("Independent Well") filed suit in San Bernardino Superior Court, Case No. CIVDS1416511 against Mojave EPC for breach of contract and nonpayment of pending invoices. The parties engaged in settlement discussions immediately preceding the chapter 11 filing. After the Petition Date, Independent Well amended its complaint to include the Sureties as defendants.

### *xix. JJJ Floor Covering*

Prior to the Petition Date, JJJ Floor Covering, Inc. ("JJJ") filed suit in San Bernardino Superior Court, Case No. CIVDS1514914, against Mojave EPC, Mojave Solar, and Abengoa Solar for breach of contract and nonpayment of pending invoices. The Mojave EPC moved to compel arbitration. The parties engaged in settlement discussions immediately preceding the chapter 11 filing.

### *xx. Lesser, LLC*

Prior to the Petition Date, Lesser, LLC (Lesser") filed suit in San Bernardino Superior Court against Mojave EPC for breach of contract and nonpayment of pending invoices. The Mojave EPC moved to compel arbitration. This action is currently stayed by operation of the automatic stay.

### *xxi. MMC*

MMC Contractors National, Inc. ("MMC") and Solana EPC entered into an arbitration process to resolve disputes under the DA building contract and the related water treatment plant contract. Regarding the disputes under the building contract, on December 17, 2015, the arbitration panel issued an interim award in favor of MMC in the approximate amount of $8,350,000, including interest, attorneys' fees and arbitration costs of which $6,360,000 represents amounts owned for the DA platform. The arbitration panel also awarded Solana EPC $90,000 for its claims.

MMC and Solana EPC also entered into an arbitration process to resolve disputes under the water treatment plant contract, in which MMC filed claims for approximately $560,000. The arbitration panel issued an award in favor of MMC in the approximate amount of $200,000. On February 24, 2016, MMC filed a Motion to Confirm Arbitration Award and Entry of Final Judgment with the state court, which was stayed as of the Petition Date. On June 7, 2016, the Sureties informed Solana EPC that MMC settled the dispute related to the water treatment plant with the Sureties for $203,590.50.

### *xxii. Michels Corporation Inc.*

In connection with the Carty Project, Michels Corporation Inc. ("Michels") filed suit against AAT for unpaid invoices. Michaels entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not prosecute its claim such that its lien is preserved under Oregon law.

### *xxiii. Partition Specialties*

Prior to the Petition Date, Partition Specialties, Inc. ("Partition") filed suit in San Bernardino Superior Court against, but never served, Mojave EPC, This action is currently stayed by operation of the automatic stay.

### *xxiv. Robertsons Ready-Mix*

Prior to the Petition Date, Robertsons Ready-Mix ("Robertsons") filed suit in San Bernardino Superior Court against Mojave EPC for breach of contract and nonpayment of pending invoices. The parties continue to work towards a settlement. This action is currently stayed by operation of the automatic stay.

### *xxv. Rosendin Electric, Inc.*

Prior to the Petition Date, Rosendin Electric Inc. ("Rosendin") commenced an arbitration before the ICC. On December 3, 2015, the arbitration panel issued the final award in the Mount Signals' favor. The Tribunal awarded Mt. Signal the entire amount of liquidated damages and replacement costs for the lost/damaged tracker parts and PV modules. In total, the Mount Signal needs to pay REI approx. $2,600,000 plus interest. The lien foreclosure matter is still pending in civil court. The amount owed is the amount from the arbitration award, which is why it is less than the Lien Amount. Rosendin and the sureties, Liberty Mutual and Zurich American Insurance executed a settlement agreement on May 13, 2016, regarding Rosendin's mechanics' lien action. The Sureties agreed to pay Rosendin the total amount of $2,900,00 million, which includes interest. Pursuant to the settlement agreement, on June 24, 2016, Rosendin filed the request for dismissal on the lien foreclosure action.

On June 23, 2016, Rosendin filed the request for dismissal with prejudice as to the second cause of action of the First Amended Complaint against Liberty Mutual Insurance Company and Zurich American Insurance Company, only.

Under the settlement agreement, Rosendin is also obligated to record the release of the mechanic' lien and the Lis Pendens. On June 26, 2016, Rosendin recorded the releases of the Mechanic Liens dated April 21, 2014, May 29, 2014 and September 3, 2014 in the Official records of Imperial County, California. On July 8, 2016, Rosendin also filed a withdrawal notice of pending action. Rosendin assigned its rights under the award to the Sureties for the amount paid. On July 22, Rosendin filed a proof of claim in the Chapter 11 for interest not paid by the Sureties.

***xxvi. Safe Scaffolding***

Prior to the Petition Date, Safe Scaffolding ("Scaffolding") filed suit in San Bernardino Superior Court against Mojave EPC, Abengoa Yield, Mojave Solar and Abengoa Bioenergy, S.A. for breach of contract and nonpayment of pending invoices. This action is currently stayed by operation of the automatic stay.

***xxvii. Satellite Shelters Inc.***

In connection with the Hugoton Plant, Satellite Shelters Inc. ("Satellite Shelters") filed suit in the United States District Court and served a complained on Hugoton Partnership for breach of contract and unjust enrichment demanding the excess of $138,529.86. This action is currently stayed by operation of the automatic stay.

***xxviii. Siemens Industry Inc.***

In connection with the Carty Project, the Siemens Industry Inc. ("Siemens") filed suit for unpaid invoices. Siemens entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not prosecute its claim such that its lien is preserved under Oregon law.

***xxix. Southern California Painting and Drywall Union Trust***

Prior to the Petition Date, Southern California Painting and Drywall Union Trust ("Southern Cali") filed suit in Los Angeles Superior Court against Mojave EPC for delinquent trust fund obligations to enforce stop notice and to recover money due on stop notice. In January 2016, the Southern Cali joined Mojave Solar to the action. This action is currently stayed by operation of the automatic stay, as to Mojave EPC.

***xxx. Streimer Sheet Metal Works Inc.***

In connection with the Carty Project, Streimer Sheet Metal Works Inc. ("Streimer") filed suit against AAT for unpaid invoices. Streimer entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not to prosecute its claim against AAT, such that its lien is preserved under Oregon law.

***xxxi. Turbo Filtration LLC***

In connection with the Carty Project, Turbo Filtration LLC ("Turbo Filtration") filed suit against AAT for unpaid invoices. Turbo Filtration entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not to prosecute its claim against AAT, such that its lien is preserved under Oregon law.

***xxxii. W.I. Construction***

In connection with the Carty Project, W.I. Construction, Inc. ("W.I.") for unpaid invoices. W.I. entered into a stipulation with AAT to modify the automatic stay in order to file a complaint but not to prosecute its claim against AAT, such that its lien is preserved under Oregon law.

***xxxiii. World Electric Supply, Inc.***

Prior to the Petition Date, World Electric Supply, Inc. ("World Electric") filed suit in San Bernardino Superior Court for damages against Mojave EPC, Abeinsa EPC, Teyma Construction, and Solana EPC for breach of

contract and nonpayment of pending invoices. Mojave EPC sought to remove this action for lack of jurisdiction. This action is currently stayed by operation of the automatic stay.

**xxxiv. *Workers' Compensation Lawsuits.***

In addition to the litigation claims listed above, the Debtors have several pending lawsuits in which plaintiffs have asserted claims for workers compensation.

**c. Other Potential Causes of Action: Disputed Intercompany Claims**

In addition to the litigation claims and causes of action listed above, there are certain disputed intercompany claims between Debtors and between Debtors and their Affiliates, including the disputed claims listed below. A full list of intercompany claims is listed in this Disclosure Statement at Section IV.C.2.d.3.f.

***i. EPC Partnership v. Abengoa Solar***

On December 20, 2010, ASO, Abeinsa Holding Inc., Abener Construction Services, LLC, and Solana entered into the Solana EPC Contract to design, engineer, procure, construct, start-up and test the Solana Project.

ASO requested that Solana EPC perform certain works, related to operation and maintenance support, improvement, repair, and design, all of which Solana EPC viewed as outside their scope of work under the Solana EPC Contract. Due to the nature of the work and the origin of the modifications to be performed, Solana EPC believed that the work was the responsibility of Abengoa Solar and the Owner's Representative, Engineering and Administrative Services Agreement entered into between Abengoa Solar and ASO, while Abengoa Solar believed that the work was the responsibility of Solana EPC under the Solana EPC Contract.

Solana alleges that it is entitled to a claim of $65,039,558 against Abengoa Solar in connection with repair work to the Solana Project's Thermal Energy Storage System ("TES"). Abengoa Solar disputes the existence and validity of this alleged claim. In any case, the intercompany claims related to this cause of action, if valid, would receive no distribution under the Plan.

***ii. Mojave EPC v. Mojave Solar***

On September 12, 2011, Mojave Solar and the Mojave EPC entered into the Mojave EPC Contract to design, engineer, procure, construct, start-up, and test the Mojave Project. Under the Mojave EPC Contract, Mojave EPC has asserted claims against owner Mojave Solar for (i) interest due to delays in payment of milestone payments, (ii) sales tax paid by Mojave EPC to the California Board of Equalization, and (iii) a contractual based claim for the energy that was sold from the start of commercial operation through provisional completion. Mojave EPC and Mojave Solar are negotiating a number of issues related to the Mojave Project. The amount in dispute is estimated at $75,000,000.

***iii. Hugoton Partnership v. ABBK***

In September 2015, Hugoton Partnership and ABBK entered into the Hugoton EPC Contract to design, engineer, procure, construct, start-up and test the Hugoton Plant. Hugoton Partnership performed the works contemplated by the Hugoton EPC Contract and submitted invoices for payment. ABBK, though unable to make payment for the works completed by Hugoton Partnership, approved the invoices. In February 2016, Hugoton Partnership filed its mechanics' lien against the Hugoton Plant in the amount of $31,000,000 for works performed but not paid for. ABBK does not dispute the amount claim. ABBK does, however, dispute the validity of the lien, which was filed during the preference period, Hugoton Partnership's entitlement to prepetition interest on the claim and the value of the claim. The intercompany claims related to this cause of action will receive no distribution under the Plan. The claim is estimated at $31,000,000 plus pre-petition interest.

**8. Surety Claims**

The following sureties (the "Sureties") have brought Bond claims against the debtors: Liberty Mutual Group ("Liberty"); Nationwide Mutual Insurance ("Nationwide"); RLI Group ("RLI"); Atlantic Specialty Insurance Company ("ASIC");, Fidelity & Deposit Company of Maryland ("F&D"); and Zurich American Insurance

Company ("Zurich"). One or more of the Debtors have executed agreements in favor of each of the Sureties. Pursuant to the various agreements, one or more of the Debtors agreed to indemnify the Sureties from all loss and expense. One or more of the Debtors are principal on one or more of the Bonds held by each of the Sureties. The Sureties have received claims under the Bonds, and as a result, the Sureties have made payments and have incurred expenses in connection therewith. The Sureties are requesting payment of cash collateral to obtain the amount of the bonds, based upon their common law rights of indemnity, exoneration and quia timet relief that arise by virtue of its status as a surety, the contractual rights and other rights and remedies. The Sureties may amend and/or supplement their respective claims to reflect the ongoing obligations under the Bonds. Below are the summaries of the specific Surety claims: (a) ASIC asserts a bond claim in the aggregate amount of $63,829,609.19; (b) F&D asserts a bond claim in the aggregate amount of $18,986,031.38; (c) Liberty asserts a bond claim in the aggregate amount of $606,433,083.52; (d) Nationwide asserts a bond claim in the aggregate amount of $32,033,270.78; (e) RLI asserts a bond claim in the aggregate amount of $17,554,501.82; and (f) Zurich asserts a bond claim in the aggregate amount of $478,282,977.57. The Debtors dispute these claims.

## ARTICLE IV.

## SUMMARY OF THE PLAN

**This Disclosure Statement contains only a summary of the Plan, a copy of which is included herein as Exhibit A. It is not intended to replace the careful and detailed review and analysis of the Plan, but only to aid and supplement such review. This Disclosure Statement is qualified in its entirety by reference to the Plan, the Plan Supplement and the exhibits attached thereto and the agreements and documents described therein. If there is a conflict between the Plan and this Disclosure Statement, the provisions of the Plan will govern. You are encouraged to review the full text of the Plan and the Plan Supplement and to read carefully the entire Disclosure Statement, including all exhibits, before deciding how to vote with respect to the Plan.**

### A. Means of Implementation of the Plan

Pursuant to section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019, and in consideration for the classification, distributions, releases, and other benefits provided under the Plan, on the Effective Date, the provisions of the Plan shall constitute a good-faith compromise and settlement of all Claims, Equity Interests, and controversies resolved pursuant to the Plan.

#### 1. Master Restructuring Agreement[24]

As set forth below, an agreement was reached by the Parties to the Master Restructuring Agreement for the overall restructuring of the Affected Debtor and the Non-Spanish Debt to be restructured, as required in accordance with the Viability Plan for the continuity of the of the Abengoa Group as a going concern.

The Plan is sponsored by the Parent and is part of an integrated global restructuring in which the Parent has negotiated with the Holders of MRA Affected Debt for the compromise of their claims in exchange for the treatment provided them and others under the Master Restructuring Agreement, namely, either the Standard Restructuring Terms, which is the treatment afforded to the MRA Affected Debt Claims and Holders of Intercompany Claims by Non-Debtor Affiliates under this Plan, or the Alternate Restructuring Terms. As such, the Plan implements certain terms and conditions of the Master Restructuring Agreement with respect to the Debtors. The Master Restructuring Agreement also provides that the Parent and the Chapter 15 Companies will seek approval of the Spanish homologation in their Chapter 15 cases, which are also pending before this Bankruptcy Court. Additionally, the Master Restructuring Agreement provides that ACIL will propose the ACIL CVA, which will also be submitted to this Bankruptcy Court for recognition and to permit ACIL to seek additional assistance and appropriate relief from this Bankruptcy Court. The Master Restructuring Agreement further provides that certain other of the Parent's subsidiary companies may file local recognition proceedings in relevant jurisdictions in respect of the Extension of the Standard Restructuring Terms or may pursue other Non-Spanish Compromise Proceedings (as applicable).

[24] The capitalized terms used in Section IV.A.1 and Section IV.A.2 of the Disclosure Statement but not otherwise defined in this Disclosure Statement or the Plan shall have the meanings ascribed to them in the Master Restructuring Agreement.

As a matter of private contract law, however, eligible creditors may accede to the Master Restructuring Agreement and elect the Alternative Restructuring Terms, which include, among other Alternative Restructuring Entitlements, the issuance to such creditors of Class A shares and Class B shares of the Parent. The Plan has not proposed and does not provide the Alternative Restructuring Terms; rather, as a means of implementing the global restructuring, the Go Forward Chapter 11 Companies will provide the Replacement Guarantees and may participate in additional transactions contemplated by the Master Restructuring Agreement.

The Master Restructuring Agreement, as sponsored by Parent, has provided for appropriate treatment under US law while at the same time facilitating the framework of the Spanish Restructuring to occur under and in accordance with Spanish law. The Debtors do not seek approval of the Master Restructuring Agreement or any of its terms; however, the restructuring of the Parent and the other non-Debtor Abengoa Group companies is closely integrated with the Chapter 11 Cases and creditors voting in favor of the Plan will be deemed to have accepted the treatment of their relevant Claims under the Plan notwithstanding any treatment that may be available under the Master Restructuring Agreement; *provided, however*, that Holders of Claims in Classes 3A, 3B, and 6 of the EPC Reorganizing Plan and Classes 3 and 6 of the Solar Reorganizing Plan may be entitled to participate in additional transactions under the Master Restructuring Agreement. The Plan seeks to facilitate the implementation of the Master Restructuring Agreement. The Confirmation Order will provide them with the authority to do so and will provide certain additional terms and protections to the Parent and the other Abengoa Group companies to further facilitate the Master Restructuring Agreement, including, but not limited to, providing for application of the exemption under section 1145 of the Bankruptcy Code from the registration requirements of the Securities Act in favor of the Class A shares and Class B shares of the Parent as a sponsor of the Plans to be issued pursuant to the Master Restructuring Agreement.

### 2. Distributions Under the Plan

#### *a.* Go Forward Management of the Debtors

As described in more detail below and qualified entirely by applicable provisions of the Plan, the Estates of the Reorganizing Debtors will be managed by the Responsible Person, with the assistance of the Litigation Trustee, and the Estates of the Liquidating Debtors will be managed by the Liquidation Trustees.

The role of the Responsible Person is to step into the shoes of the Reorganizing Debtors to, among other things, compromise and settle any Claims, take any action that an officer, director, or shareholder of the Reorganizing Debtors, to compromise and settle any Claims of the Reorganizing Debtors, to investigate, prosecute, settle, liquidate, dispose of, or abandon the Debtors' assets (other than the Litigation Trust Causes of Action), effectuate the Reorganization Distributions, including Distributions of the Cash that is comprised of the New Value Contribution, the proceeds of the sale of any assets of the Debtors, and the proceeds of litigation prosecuted, settled, compromised, or otherwise disposed of by the Litigation Trustee with respect to the EPC Reorganizing Debtors. The costs and expenses of the Responsible Person are to be borne by the Reorganizing Debtors' Estates.

The role of the Liquidating Trustee is to step into the shoes of the Liquidating Debtors to, among other things, compromise and settle any Claims of the Liquidating Debtors, take any action that an officer, director, or shareholder of the Liquidating Debtors would take, defend or pursue the Causes of Action of the Liquidating Debtors, and wind down the Estates of the Liquidating Debtors. The costs and expenses of the Liquidating Trustee are to be borne by the Liquidating Debtors' Estates, including a $750,000 Cash contribution from the Parent.

The role of the Litigation Trustee is to prosecute, settle, compromise, liquidate, and dispose of the Litigation Trust Causes of Action. The costs and expenses of the Litigation Trustee will be paid from the Litigation Fund.

#### *b.* Plans of Reorganization: Responsible Person

##### *i. Appointment of the Responsible Person*

From and after the Effective Date, the Plan and the Reorganized Debtors will be administered and actions will be taken in the name of the Reorganized Debtors through the Responsible Person. The Responsible Person will

act for the Reorganized Debtors in a fiduciary capacity as applicable to a board of directors, subject to the Plan. All distributions under the Plan will also be made by the duly appointed Responsible Person.

The Plan provides that the Reorganized Debtors will consult with the Creditors' Committee on the selection of the Person who will serve as the Responsible Person. The Responsible Person may be a Person in the current employ of one of the Debtors. Not less than fifteen (15) days prior to the Voting Deadline, the Creditors' Committee will designate the Person to initially serve as the Responsible Person, subject to the Reorganizing Debtors' consent. The Creditors' Committee will provide the Reorganizing Debtors with such diligence information regarding the designee as the Reorganizing Debtors may reasonably request. Subject to the receipt of such diligence information, the Reorganizing Debtors' consent to the designee will not be unreasonably withheld or delayed. The Reorganizing Debtors will disclose, as part of the Plan Supplement, the identity of the Responsible Person. The Creditors' Committee shall provide such information as shall be reasonably requested in connection with such disclosure, including the qualifications and experience of the designated Person. Upon the approval by the Bankruptcy Court and the occurrence of the Effective Date, the designated Person shall assume the position of Responsible Person.

### *ii. Rights and Powers of the Responsible Person*

In furtherance of and consistent with the purpose of the Plan, the Responsible Person shall, among other things, have the rights, powers and duties, subject to the limitations set forth in the Plan:

- To hold, manage, dispose of, sell, convert to Cash, and distribute the Reorganizing Debtors' assets; *provided, however*, that the Litigation Trustee shall be responsible for investigating, prosecuting and resolving the Litigation Causes of Action of the EPC Reorganizing Debtors, if any;

- To hold the Reorganizing Debtors' assets for the benefit of the Creditors that are entitled to a Reorganization Distribution therefrom under the Plan, whether their Claims are Allowed on or after the Effective Date;

- In the Responsible Person's reasonable business judgment, to investigate, prosecute, settle, liquidate, dispose of, or abandon the Reorganizing Debtors' assets; *provided, however*, that the Litigation Trustee shall be responsible for determining whether to dispose of any Litigation Causes of Action of the EPC Reorganizing Debtors;

- To monitor and enforce the implementation of the Plan;

- To file all tax and regulatory forms, returns, reports and other documents and financial information required with respect to the Reorganizing Debtors;

- In the Responsible Person's reasonable business judgment, to reconcile and object to Claims and Equity Interests, and manage, control, prosecute and/or settle on behalf of the Reorganizing Debtors' Estates objections to Claims and Equity Interests on account of which the Responsible Person (as Disbursing Agent) will be responsible (if Allowed) for making Reorganization Distributions under the Plan;

- To take all actions necessary, and create any documents necessary, to wind up the affairs and effect a dissolution of the Reorganizing Debtors and implement the Plan;

- To hold, manage, and distribute the Reorganizing Debtors' assets obtained through the exercise of its power and authority;

- To act as a signatory of the Reorganizing Debtors and for all purposes, including those associated with the novation of contracts or other obligations arising out of the sales of any remaining assets;

- To dispose of the Books and Records transferred to the Responsible Person in a manner deemed appropriate by the Responsible Person; *provided, however*, that the Responsible Person shall not

dispose of any Books and Records that are reasonably likely to pertain to pending litigation in which the Reorganizing Debtors or their current or former officers or directors are a party or that may pertain to General Unsecured Claims without further order of the Bankruptcy Court;

- To take all necessary action and file all appropriate motions to obtain an order and a Final Decree closing the Chapter 11 Cases of the Reorganizing Debtors;

- To enter into and exercise rights under contracts that are necessary or desirable to the administration of the Reorganizing Debtors and execute any documents or pleadings related to the liquidation of the Reorganizing Debtors' assets;

- To establish and maintain bank accounts and terminate such accounts as the Responsible Person deems appropriate;

- To bring suits or defend itself against such suits, if any, as the Responsible Person determines in connection with any matter arising from or related to the Plan that affects in any way the rights or obligations of Creditors or Holders of Equity Interests; *provided, however,* that, for the avoidance of doubt, the Litigation Trustee has sole responsibility with respect to matters arising from the Litigation Trust Causes of Action;

- Procure, and prepay for, a tail director's and officer's insurance policy; *provided, however*, that in the event such policy is purchased before the Effective Date, the Reorganizing Debtors shall procure, and prepay for, such policy; and

- To take such other and further actions as are permitted by the Plan and are not inconsistent with the Plan. In all circumstances, the Responsible Person shall use reasonable best efforts to maximize the value of the assets of the Reorganizing Debtors' Estates in the best interests of all Creditors of the Reorganizing Debtors.

#### *iii. Resignation or Termination of the Responsible Person*

The Responsible Person may resign by giving at least thirty (30) days prior written notice thereof to the Bankruptcy Court. Such resignation shall become effective on the later to occur of (i) the date specified in such written notice and (ii) the effective date of the appointment of a successor Responsible Person in accordance with the terms hereof and such successor's acceptance of such appointment in accordance with the terms hereof.

The Responsible Person may be removed, with cause, and replaced by the Bankruptcy Court upon motion by any Holder of an Allowed Claim duly noticed to the Responsible Person and all Holders of Claims, who shall have the right to appear and be heard with respect to such motion. Such removal shall become effective on the date specified in such action by the Bankruptcy Court.

The resignation, removal, incompetency, bankruptcy or insolvency of the Responsible Person shall not operate to revoke any existing agency created by the Plan, or the Confirmation Order or invalidate any action theretofore taken by the Responsible Person. All fees and expenses incurred by the Responsible Person prior to the resignation, incompetency or removal shall be paid from the assets, unless such fees and expenses are Disputed by the successor Responsible Person, in which case the Bankruptcy Court shall resolve the dispute and any disputed fees and expenses of the predecessor Responsible Person that are subsequently Allowed by the Bankruptcy Court shall be paid from the assets. In the event of the resignation or removal of the Responsible Person, Responsible Person shall: (a) promptly execute and deliver such documents, instruments and other writings as may be reasonably requested by the successor Responsible Person or directed by the Bankruptcy Court to effect the termination of such Responsible Person's capacity under the Plan and Confirmation Order; (b) promptly deliver to the successor Responsible Person all documents, instruments, records and other writings related to the administration of the assets as may be in the possession of such Responsible Person; *provided, however*, that such Responsible Person may retain one copy of each of such documents for its purposes, subject to the terms of any joint prosecution and common interest agreement to which the Responsible Person is party; and (c) otherwise assist and cooperate in effecting the assumption of its obligations and functions by such successor Responsible Person.

Any successor Responsible Person appointed hereunder shall execute an instrument accepting its appointment and shall deliver one counterpart thereof to the Bankruptcy Court for filing and, in case of the Responsible Person's resignation, to the resigning Responsible Person. Thereupon, such successor Responsible Person shall, without any further act, become vested with all the liabilities, duties, powers, rights, title, discretion and privileges of its predecessor with like effect as if originally named Responsible Person and shall be deemed appointed under Bankruptcy Code section 1123(b)(3)(B). The resigning or removed Responsible Person shall duly assign, transfer and deliver to such successor Responsible Person all property and money held by such resigning or removed Responsible Person hereunder and shall, as directed by the Bankruptcy Court or reasonably requested by such successor Responsible Person, execute and deliver an instrument or instruments conveying and transferring to such successor Responsible Person, all the liabilities, duties, powers, rights, title, discretion and privileges of such resigning or removed Responsible Person.

The Responsible Person may resign by giving at least thirty (30) days prior written notice thereof to the Reorganized Debtors and the Bankruptcy Court, and any party in interest may apply to the Bankruptcy Court at any time to remove the Responsible Person upon a showing of cause or that such removal is otherwise appropriate. In the event of any such resignation or removal, or the death or incapacity of a Responsible Person, the Reorganized Debtors will appoint a new Responsible Person and will obtain Bankruptcy Court approval of such appointment, which approval may be obtained prior to or as soon as reasonably practicable after such appointment. No successor Responsible Person hereunder will in any event have any liability or responsibility for the acts or omissions of any of his/her predecessors. Every successor Responsible Person appointed pursuant hereto will execute, acknowledge and deliver to his/her predecessor an instrument in writing accepting such appointment hereunder, and thereupon such successor Responsible Person, without any further act, will become fully vested with all of the rights, powers, duties and obligations of his/her predecessor.

### *iv. Exculpation; Indemnification*

The Responsible Person shall be held harmless and shall not be liable for actions taken or omitted in their capacity as, or on behalf of, the Responsible Person, except those acts that are determined by Final Order of the Bankruptcy Court to have arisen out of their own intentional fraud, willful misconduct, or gross negligence, and each shall be entitled to be indemnified, held harmless, and entitled to advancement (and indemnification for the same amounts if the Responsible Person does not seek or receive advancement) for fees and expenses including, without limitation, reasonable attorney's fees, which such Persons and Entities may incur or may become subject to or in connection with any action, suit, proceeding or investigation that is brought or threatened against such Persons or Entities in respect of that Person's or Entity's or the Responsible Person's actions or inactions regarding the implementation or administration of the Plan, or the discharge of their duties hereunder, except for any actions or inactions that are determined by Final Order of the Bankruptcy Court to have arisen from intentional fraud, willful misconduct or gross negligence. Subject to the limitation set forth in the preceding sentence, any Claim of the Indemnified Persons to be indemnified, held harmless, advanced, or reimbursed shall be satisfied, in the first instance, from any applicable insurance coverage, and any remaining amounts from the applicable Reorganizing Debtors' assets.

### *v. Funding of Amounts Comprising Reorganization Distributions*

As part of the Master Restructuring Agreement and in order to continue with the global restructuring and facilitate the Debtors' exit from Chapter 11, the Parent is proposing to fund the Plan for the restructuring and/or liquidation, as applicable, of the Debtors. Commencing no later than thirty (30) days after the Effective Date of the Plan, the Parent shall contribute: (i) $20 million for the EPC Reorganizing Plan, (ii) $3 million for the Litigation Trust related to the EPC Reorganizing Debtors, and (iv) $1.5 million ($750,000 with respect to the EPC Liquidating Plan and $750,000 with respect to the Bioenergy and Maple Liquidating Plan). The Parent is not currently aware of any impediments to funding the foregoing amounts.

The $20 million of the New Value Contribution allocated to the EPC Reorganizing Debtors will be distributed as follows: (a) no later than thirty (30) days following the Effective Date (expected to occur in the First Quarter of 2017), an amount equal to fifty percent (50%) of such cash component; (b) no later than one hundred and twenty (120) days following the Effective Date, an amount equal to twenty-five percent (25%) of such cash component (expected to occur in the Second Quarter of 2017); and (c) no later than two hundred and ten (210) days

after the Effective Date, an amount equal to the remaining twenty-five percent (25%) of such cash component (expected to occur in the Third Quarter of 2017).

The Liquidating Trust for the EPC Liquidating Debtors as well as the Litigation Trust related to the EPC Reorganizing Debtors shall be funded by the Parent within thirty (30) days of the Effective Date in an amount equal to $750,000 for each of the EPC Liquidating Plan and the Bioenergy and Maple Liquidating Plan, and $3 million to fund the Litigation Fund.

#### *vi. Manner and Timing of Distributions*

The Responsible Person will make distributions on account of Allowed Claims against the Reorganizing Debtors as provided by the Plan. Any payment of cash made under the Plan may, at the option of the Responsible Person, be made by check drawn on a domestic bank or wire transfer.

If any payment, distribution, or act under the Plan is required to be made or performed on a date that is not a Business Day, then such payment or distribution or the performance of such act may occur on or as soon as reasonably practicable after the next succeeding Business Day, but will be deemed to have been completed as of the required date.

### *c.* Plans of Reorganization: Litigation Trustee

#### *i. Formation of the Litigation Trust*

On or before the Effective Date, the EPC Reorganizing Debtors, on their own behalf and on behalf of the beneficiaries, shall execute the Litigation Trust Agreement, in a form reasonably acceptable to the Creditors' Committee, and all other necessary steps shall be taken to establish the Litigation Trust. The Litigation Trust shall be established for the sole purpose of prosecuting, compromising, and resolving the Litigation Trust Causes of Action. The Litigation Trust shall be vested with all the powers and authority granted to it pursuant to the Plan and the Litigation Trust Agreement. The costs, fees, and expenses of the Litigation Trust shall be paid from the Litigation Fund.

On the Effective Date or such other date as agreed by the Litigation Trustee, the EPC Reorganizing Debtors shall transfer to the Litigation Trust, all Litigation Trust Causes of Action. In connection with the transfer of the Causes of Action, any attorney-client privilege, work-product privilege, or other privilege or immunity attaching to any documents or communications (whether written or oral) shall have been transferred to the Litigation Trust and shall vest in the Litigation Trustee and its respective representatives.

The Litigation Trust shall be dissolved no later than five (5) years from the Effective Date, unless the Bankruptcy Court, upon motion, determines that a fixed period extension (not to exceed three (3) years, together with any prior extensions, without a favorable letter ruling from the Internal Revenue Service that any further extension would not adversely affect the status of the Litigation Trust as a liquidating trust for federal income tax purposes) is necessary to facilitate or complete the recovery on the Litigation Trust Causes of Action the Litigation Trustee is responsible for prosecuting, settling, and/or compromising for the benefit of the Holders of Allowed Claims against the EPC Reorganizing Debtors.

#### *ii. Role of the Litigation Trustee*

The Litigation Trustee shall be the sole entity responsible for the investigation, prosecution, settlement, liquidation, or disposal of the Litigation Trust Causes of Action.

#### *iii. Litigation Trust Proceeds*

The first $3 million of any Litigation Trust Proceeds shall revert back to the Parent. All other Litigation Trustee Proceeds shall be distributed to the Holders of Allowed Claims entitled to a Distribution from the EPC Reorganization Distribution.

#### *iv. Funding of Litigation Fund*

Within thirty (30) days of the Effective Date, the Parent shall fund the Litigation Fund on behalf of the EPC Reorganizing Debtors.

#### *v. Exculpation; Indemnification*

The Litigation Trustee, the Liquidating Trust, and their representatives shall be exculpated and indemnified pursuant to the terms of the Litigation Trust Agreement or the applicable Liquidating Trust Agreement, as applicable.

### *d.* Plans of Liquidation: Liquidating Trustee

#### *i. Formation of the Liquidating Trust*

By the Effective Date, the EPC Liquidating Debtors and the Bioenergy and Maple Liquidating Debtors, on their own behalf and on behalf of the beneficiaries, shall execute the respective Liquidating Trust Agreements, in a form reasonably acceptable to the Creditors' Committee, and all other necessary steps shall be taken to establish the Liquidating Trusts. The Liquidating Trusts shall be established for the sole purpose of adjudicating General Unsecured Claims against the Liquidating Debtors and US Debt Claims against the Liquidating Debtors and distributing the Liquidating Trusts' assets for the benefit of the beneficiaries of the Liquidating Trusts with no objective to continue or engage in the conduct of a trade or business. The Liquidating Trusts shall be deemed to be a party in interest for purposes of contesting, settling or compromising objections to General Unsecured Claims against the Liquidating Debtors, US Debt Claims against the Liquidating Debtors or Causes of Action of or against the Liquidating Debtors. The Liquidating Trusts shall be vested with all the powers and authority set forth in the Plan and the Liquidating Trust Agreements. The Liquidating Trustee shall be the sole entity responsible for reconciling and objecting to General Unsecured Claims against the Liquidating Debtors and US Debt Claims against the Liquidating Debtors, and making Distributions to Allowed General Unsecured Claims against the Liquidating Debtors and Allowed US Debt Claims against the Liquidating Debtors.

#### *ii. Appointment of the Liquidating Trustee*

The Liquidating Trust Agreement provides for appointment of the Liquidating Trustee. On the Effective Date, the Liquidating Trustee shall be appointed through execution of the Liquidating Trust Agreement.

#### *iii. Funding of the Liquidating Trust*

The Liquidating Trusts shall be funded within thirty (30) days of the Effective Date, including the $1.5 million Cash component, which amount is to be funded by the Parent equally to each of the Liquidating Trusts. The Liquidating Trusts, and the Liquidating Trust Assets, are for the benefit of Holders of Allowed General Unsecured Claims and Allowed US Debt Claims against the Liquidating Debtors. The Liquidating Trusts shall handle reconciliation of Claims for General Unsecured Claims and US Debt Claims against the Liquidating Debtors only, with the Liquidating Trustee selected by the Creditors' Committee.

In connection with the transfer of the Liquidating Trust Assets, any attorney-client privilege, work product privilege, or other privilege or immunity attaching to any documents or communications (whether written or oral) transferred to the Liquidating Trust will vest in the Liquidating Trust and its representatives, and the Liquidating Debtors and the Liquidating Trust are authorized to take all necessary actions to effectuate the transfer of such privileges.

#### iv. *Role of the Liquidating Trustees*

The duties and powers of each Liquidating Trustee will include the following:

- To exercise all power and authority that may be exercised, commence all proceedings that may be commenced and take all actions that may be taken, by any officer, director or shareholder of the Liquidating Debtors with like effect as if authorized, exercised and taken by unanimous action of such officers, directors and shareholders;

- To continue to maintain accounts, make Distributions to the Creditors of the Liquidating Debtors and take other actions consistent with the Plan, including the establishment, re-evaluation, adjustment and maintenance of appropriate reserves or escrows required or advisable in connection with the Plan;

- To monitor and advise the Liquidating Debtors with regard to the administration, collection and, if necessary, liquidation, of any or all assets of the Liquidating Debtors;

- To compromise or settle any Claims of the Liquidating Debtors (Disputed or otherwise);

- To make decisions regarding the retention or engagement of professionals, employees and consultants;

- To pursue or defend Causes of Action of or against the Liquidating Debtors;

- To provide written reports on a quarterly basis (or such other information as may be requested by the Creditors' Committee) of cash receipts and disbursements, asset sales or other dispositions, Claims reconciliation and Plan Distributions with respect to the Liquidating Debtors, to be filed with the Bankruptcy Court until the Chapter 11 Cases have been closed;

- To take all other actions not inconsistent with the provisions of the Plan which the Liquidating Trustee deems reasonably necessary or desirable with respect to administering the Plan;

- To wind-down or close the corporate affairs of any of the Liquidating Debtors; and

- With respect to the Liquidating Debtors, to pay fees incurred under 28 U.S.C. § 1930(a)(6) and to file with the Bankruptcy Court and serve on the United States Trustee monthly financial reports until the Final Decree is entered closing these Chapter 11 Cases or the Cases are converted or dismissed, or the Bankruptcy Court orders otherwise.

### *v. Liquidating Trust Implementation*

On the Effective Date, the Liquidating Trust will be established and become effective for the benefit of the Holders of Allowed General Unsecured Claims and Allowed US Debt Claims for the EPC Liquidating Debtor Group and the Bioenergy and Maple Liquidating Debtor Group. The Liquidating Trust Agreement shall contain provisions customary to trust agreements utilized in comparable circumstances, including, but not limited to, any and all provisions necessary to ensure the continued treatment of the Liquidating Trust as a grantor trust and the Holders of Allowed General Unsecured Claims and Allowed US Debt Claims for the EPC Liquidating Debtor Group and the Bioenergy and Maple Liquidating Debtor Group as the grantors and owners thereof for federal income tax purposes. The Debtors and the Liquidating Trustee shall execute any documents or other instruments as necessary to cause title to the Liquidating Trust Assets to be transferred to the Liquidating Trust.

### *vi. Termination of the Liquidating Trust*

The Liquidating Trust will terminate as soon as practicable, but in no event later than the fifth anniversary of the Effective Date; *provided*, on or after the date six months prior to such termination, the Bankruptcy Court, upon motion by a party in interest, may extend the term of the Liquidating Trust for a finite period if such an extension is necessary to liquidate the Liquidating Trust Assets or to complete any liquidation or distribution required under the Plan. Notwithstanding the foregoing, multiple extensions may be obtained so long as Bankruptcy Court approval is obtained no more than six months prior to the expiration of each extended term; *provided* that the Liquidating Trustee receives an opinion of counsel or a favorable ruling from the Internal Revenue Service that any further extension would not adversely affect the status of the Liquidating Trust as a grantor trust for federal income tax purposes.

*vii. Termination of the Liquidating Trustee*

The duties, responsibilities, and powers of the Liquidating Trustee shall terminate in accordance with the terms of the Liquidating Trust Agreement.

*viii. Exculpation; Indemnification*

The Liquidating Trustee, the Liquidating Trust, and their representatives shall be exculpated and indemnified pursuant to the terms of the Liquidating Trust Agreement.

ix. *Rights and Powers of the Liquidating Trustee*

The Liquidating Trustee shall be deemed the Liquidating Debtors' Estates' representative in accordance with section 1123 of the Bankruptcy Code and shall have all the rights and powers set forth in the Liquidating Trust Agreement, including, without limitation, the powers of a trustee under section 704 and 1106 of the Bankruptcy Code and Bankruptcy Rule 2004, including without limitation, the right to: (a) effect all actions and execute all agreements, instruments and other documents necessary to implement the provisions of the Plan and the Liquidating Trust Agreement; (b) liquidate any Liquidating Trust Assets in one or more transactions; (c) prosecute, settle, abandon or compromise any Causes of Action, and pay any contingency or other fees of the Liquidating Trustee's professionals relating to same; (d) make distributions contemplated herein, (e) establish and administer any necessary reserves for Disputed Claims that may be required; (f) object to Disputed Claims and prosecute, settle, compromise, withdraw or resolve such objections; (g) employ and compensate professionals and other agents, on an hourly, contingency fee, or other basis as the Liquidating Trustee deems appropriate, without further order of the Bankruptcy Court, to the extent not inconsistent with the status of the Liquidating Trust as a liquidating trust within the meaning of Treas. Reg. § 301.7701-4(d) for federal income tax purposes; (h) abandon or destroy Liquidating Debtors' Estates' records without notice to any party; (i) destroy property of the Liquidating Debtors' Estates constituting confidential customer information without notice to any party; and (j) make, in good faith, determinations of the value of all Liquidating Trust Assets for consistent use by all parties to the Liquidating Trust Agreement for all federal tax purposes.

*x. Fees and Expenses of the Liquidating Trust*

Except as otherwise ordered by the Bankruptcy Court, the costs and expenses of the Liquidating Trust incurred on or after the Effective Date shall be paid in accordance with the Liquidating Trust Agreement without further order of the Bankruptcy Court.

*xi. Manner and Timing of Distribution, Withholding*

The Liquidating Trust will make Distributions on account of Allowed Claims to the Beneficiaries as provided by the Plan and pursuant to the Liquidating Trust Agreement. The Liquidating Trust may withhold from amounts distributable to any Entity any and all amounts, determined in the Liquidating Trustee's sole discretion, required by the Plan, or applicable law, regulation, rule, ruling, directive, or other governmental requirement.

*xii. Reports to Be Filed by the Liquidating Trust*

The Liquidating Trust will file and distribute reports regarding the liquidation or other administration of property comprising the Liquidating Trust, the distributions made by it, and other matters required to be included in such report in accordance with the Liquidating Trust Agreement. In addition, the Liquidating Trust will file tax returns as a grantor trust pursuant to United States Treasury Regulation Article 1.671-4(a).

*e.* **Distributions to Specific Classes**

Subject to Bankruptcy Rule 9010, all Distributions under the Plan to Holders of Claims will be made to the Holder of each Allowed Claim at the address of such Holder as listed on the Debtors' Schedules of Assets and Liabilities as of the Voting Record Date, unless the Debtors or, on and after the Effective Date, the Reorganized Debtors or the Responsible Person or the Liquidating Trustee, as applicable, have been notified in writing of a change of address, including, without limitation, by the timely filing of a proof of claim by such Holder that provides an address for such Holder different from the address reflected on the Schedules. In the event that any

distribution to any such Holder is returned as undeliverable, the Responsible Person or the Liquidating Trustee, as applicable, shall use reasonable efforts to determine the current address of such Holder, but no distribution to such Holder shall be made unless and until it has been determined the then-current address of such Holder, at which time such distribution shall be made to such Holder without interest. If the Responsible Person or Liquidating Trustee, as applicable, is still unable to determine the address of such Holder after the expiration of 1 year from the distribution thereof, then such distributions will be deemed unclaimed property and will be treated in accordance with Section Article IV.A.2.fe of this Disclosure Statement and Article V.F of the Plan.

### *f.* Unclaimed Property

In the event that any Distribution to any Holder of an Allowed Claim made by the Responsible Person or the Liquidating Trustee, as applicable, is returned as undeliverable, the Disbursing Agent shall use commercially reasonable efforts to determine the current address of each Holder, but no Distribution to such Holder shall be made unless and until the Disbursing Agent has determined the then current address of such Holder; *provided, however*, that all Distributions to Holders of Allowed Claims made by the Responsible Person or the Liquidating Trustee, as applicable, that are unclaimed for a period of one (1) year after Distribution thereof shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and revested in the applicable Debtors' Estates and any entitlement of any Holder of any Claims to such Distributions shall be extinguished and forever barred. Neither the Responsible Person nor the Liquidating Trustee shall have any further obligation to make any Distribution to the Holder of such Claim on account of such Claim, and any entitlement of any Holder of such Claim to any such Distributions shall be extinguished and forever barred; *provided, however*, that the Holder of such Claim may receive future Distributions on account of such Claim by contacting the Responsible Person or the Liquidating Trustee, as applicable, the prior to the final Distribution.

In the event that any Distribution to any Holder of an Allowed General Unsecured Claim is returned as undeliverable to the Liquidating Trust, no further Distribution to such Holder shall be made unless and until the Disbursing Agent has been notified in writing with evidence satisfactory to the Liquidating Trust of the current address of such Holder prior to the time that any Distributions are made by the Liquidating Trust. All Distributions to Holders of Allowed General Unsecured Claims that are unclaimed for a period of sixty (60) days after any interim Distribution or forty-five (45) days after the final Distribution shall be deemed unclaimed property and revested in the Liquidating Trust. After such time period, any entitlement of the applicable Holder of an Allowed General Unsecured Claim to such Distribution shall be extinguished and forever barred and the Liquidating Trustee shall have no further obligation to make any Distribution to such Holder of any unclaimed Distribution on account of such Allowed General Unsecured Claim.

### *g.* Voting Record Date

The Voting Record Date under the Plan is, with respect to all Claims, the date that the Disclosure Statement is approved by the Bankruptcy Court. Except as otherwise provided in a Final Order of the Bankruptcy Court, the transferees of Claims that are transferred under Bankruptcy Rule 3001 on or prior to the Voting Record Date will be treated as the Holders of those Claims for all purposes, notwithstanding that any period provided by Bankruptcy Rule 3001 for objecting to the transfer may not have expired by the Voting Record Date. The Responsible Person and the Liquidating Trustee (as applicable) shall have no obligation to recognize any transfer of any Claim occurring after the Voting Record Date. In making any Distribution with respect to any Claim, the Responsible Person and the Liquidating Trustee (as applicable) shall be entitled instead to recognize and deal with, for all purposes hereunder, only the Entity that is listed on the proof of Claim filed with respect thereto or on the Schedules as the Holder thereof as of the close of business on the Voting Record Date and upon such other evidence or record of transfer or assignment that was known to the Debtors as of the Voting Record Date and is available to the Responsible Person and the Liquidating Trustee (as applicable). Notwithstanding anything set forth in the Plan to the contrary, for purposes of implementing the treatment of MRA Affected Debt Claims under the Plan, the Voting Record Date shall not be applicable to Holders of MRA Affected Debt Claims that arise from Existing Notes that are publicly held securities.

### *h.* Interest on Claims

To the extent that any Allowed Claim entitled to a distribution under the Plan is comprised of indebtedness and accrued but unpaid interest thereon, the distribution will be allocated first to the principal amount of the Claim

(as determined for federal income tax purposes) and then, to the extent the consideration exceeds the principal amount of the Claim, to accrued but unpaid interest.

Except as specifically provided for in the Plan, the Confirmation Order, or the Master Restructuring Agreement, or required by the Bankruptcy Code, interest shall not accrue on Claims and no Holder of a Claim shall be entitled to interest on any Claim accruing on or after the Petition Date. Interest shall not accrue on any General Unsecured Claim that is a Disputed Claim in respect of the period from the Effective Date to the date a final Distribution is made thereon if and after that Disputed Claim becomes an Allowed Claim. Except as expressly provided in the Plan or in a Final Order of the Bankruptcy Court, no prepetition Claim shall be Allowed to the extent that it is for postpetition interest or similar charges.

#### *i.* Status of Debtors' Major Creditors

Not taking into consideration any Intercompany Claims by Debtor Affiliates and Intercompany Claims by Non-Debtor Affiliates, none of the Debtors' major creditors are insiders of the Debtors, as that term is defined in section 101(31) of the Bankruptcy Code.

### 3. Corporate Action

Each of the matters provided for by the Plan involving the corporate structure of the Debtors or corporate or related actions to be taken by or required of the Reorganizing Debtors shall, as of the Effective Date, be deemed to have occurred and be effective as provided in the Plan (except to the extent otherwise indicated), and shall be authorized, approved, and, to the extent taken prior to the Effective Date, ratified in all respects without any requirement of further action by Holders of Claims or Equity Interests, directors of the Debtors, or any other Entity.

### 4. Discharge of Debtors' Professionals

On the Effective Date, the Debtors' Professionals and agents shall be released and discharged from any further duties and responsibilities in the Chapter 11 Cases and under the Bankruptcy Code, except with respect to: (i) obligations arising under confidentiality agreements, joint interest agreements and protective orders entered during the Chapter 11 Cases which shall remain in full force and effect according to their terms; (ii) applications for Professional Accrued Professional Compensation Claims; (iii) requests for compensation and reimbursement of expenses pursuant to section 503(b) of the Bankruptcy Code for making a substantial contribution in any of the Chapter 11 Cases; and (iv) any pending motions, or any motions or other actions seeking enforcement or implementation of the provisions of the Plan or the Confirmation Order. The Professionals retained by the Debtors and the respective members thereof shall not be entitled to compensation and reimbursement of expenses for services rendered to or on behalf of the Debtors after the Effective Date, except for services rendered in connection with applications for allowance of compensation and reimbursement of expenses pending on the Effective Date or filed after the Effective Date.

### 5. Dissolution of the Creditors' Committee

On the Effective Date, the Creditors' Committee shall dissolve automatically, whereupon its members, Professionals and agents shall be released and discharged from any further duties and responsibilities in the Chapter 11 Cases and under the Bankruptcy Code, except with respect to: (i) obligations arising under confidentiality agreements, joint interest agreements and protective orders entered during the Chapter 11 Cases, which shall remain in full force and effect according to their terms; (ii) applications for Professional Accrued Professional Compensation Claims and expense reimbursement requests for members of the Creditors' Committee; (iii) requests for compensation and reimbursement of expenses pursuant to section 503(b) of the Bankruptcy Code for making a substantial contribution in any of the Chapter 11 Cases; and (iv) any pending motions, or any motions or other actions seeking enforcement or implementation of the provisions of the Plan or the Confirmation Order. The Professionals retained by the Creditors' Committee and the respective members thereof shall not be entitled to compensation and reimbursement of expenses for services rendered to the Creditors' Committee after the Effective Date, except for services rendered in connection with applications for allowance of compensation and reimbursement of expenses pending on the Effective Date or filed after the Effective Date.

## B. Claims

### 1. Substantive Consolidation

#### *a.* The Debtor Groups

For purposes of voting, confirmation, and making Distributions under the Plan, the Plan is premised upon the "substantive consolidation" of the Debtors into the following separate and distinct Debtor groups:

- The EPC Reorganizing Debtor Group
- The EPC Liquidating Debtor Group
- The Bioenergy and Maple Liquidating Debtor Group
- The Solar Reorganizing Debtor Group

The Solar Reorganizing Debtor Group consists of a single legal entity. A list of the legal entities comprising each of the Debtor groups is included in the Schedules to the Plan, which is included as Exhibit A to this Disclosure Statement.

#### *b.* The Basis for Substantive Consolidation

Partial substantive consolidation of the Debtors into four distinct Debtor groups is an important element of the Debtors' successful implementation of a chapter 11 plan. The Debtors' proposed partial substantive consolidation structure is supported by the applicable legal standards, practical considerations, and available information regarding the Debtors' prepetition financial affairs.

Substantive consolidation is an equitable remedy that a bankruptcy court may apply in the chapter 11 cases of affiliated debtors, among other instances. When debtors are substantively consolidated, the assets and liabilities of such debtors are pooled and essentially treated as the assets and liabilities of a single debtor. The United States Court of Appeals for the Third Circuit (the "Third Circuit Court of Appeals"), the circuit in which the Chapter 11 Cases are pending, articulated a test in *In re Owens Corning*, 419 F.3d 195 (3d Cir. 2005) for determining whether substantive consolidation is warranted. In setting forth the test, the Third Circuit Court of Appeals looked to five principles behind substantive consolidation: (i) limiting the cross-creep of liability by respecting entity separateness is a fundamental ground rule; (ii) the harms substantive consolidation addresses are nearly always those caused by debtors; (iii) mere benefit of administration of the case is hardly a harm calling for substantive consolidation into play; (iv) substantive consolidation should be a rare remedy and one of last resort after considering and rejecting other remedies; and (v) while substantive consolidation may be used defensively to remedy the identifiable harms caused by entangled affairs, it may not be used offensively. *Id.* at 211. Based on these principles, the Third Circuit Court of Appeals held that, in the Third Circuit, the party calling for substantive consolidation must prove: (i) that prepetition, the entities to be consolidated disregarded separateness so significantly that their creditors relied on the breakdown of entity borders and treated them as one legal entity or (ii) that postpetition, their assets and liabilities are so scrambled that separating them is prohibitive and hurts all creditors. *Id.* Substantive consolidation is appropriate if either factor is justified. *Id.*

The Debtors believe that the partial substantive consolidation provided for under the Plan is appropriate under the standards set forth by the Third Circuit Court of Appeals in the *Owens Corning* case, for several reasons, among others. First, the Debtors believe that, prepetition, many of their creditors, including the issuers of Abengoa's funded debt facilities and bonding lines, and other creditors that received Parent guarantees with respect to the obligations of one or more Debtors, effectively treated as a single entity the Debtor groups proposed to be substantively consolidated under the Plan. Second, the Debtors believe that while they did observe appropriate corporate formalities and separateness during the prepetition period, as a practical matter the Debtors' business was operated as an integrated enterprise. Third, while the Plan provides substantial benefits for creditors, including consideration to be provided by Parent, under the terms of the global financial restructuring provided for in the Master Restructuring Agreement, those substantial benefits are available to creditors only to the extent that the partial substantive consolidation provided for in the Plan occurs. Fourth, to the extent that individual Debtors have

little or no assets, and the recovery to the creditors of such Debtors is comprised largely of a monetary contribution from the Parent, individual restructurings of these Debtors would not be a viable option. Accordingly, the Debtors believe that the Plan's partial substantive consolidation structure is beneficial to creditors.

### *c.* Impracticality of Separate Entity Plan

Partial substantive consolidation will avoid the onerous costs and substantial delay that would result from attempting to confirm more than twenty separate entity plans of reorganization (each a "Separate Entity Plan"). A Separate Entity Plan will be prone to inaccuracies that may prejudice certain creditors. A Separate Entity Plan will inevitably rest on certain assumptions; for instance, as the Debtors were not managed operationally on an individual entity basis, it is difficult to allocate value and operational costs and benefits on a legal entity basis. In addition, many financial obligations of the Debtors are based on Debtor groups or other combinations of entities that make allocation to legal entities difficult, fact-intensive and subject to challenge. Seeking to overcome the inherent limitations of a Separate Entity Plan would entail the Debtors' dedication of enormous resources and significant time to the project – and it cannot be assured, even after such an endeavor, that a Separate Entity Plan would be free of such assumptions, or free of potential prejudice to certain creditors resulting from such assumptions.

The assumptions that the Debtors would necessarily adopt to confirm over twenty separate plans of reorganization would likely be the focus of protracted and lengthy litigation. The attendant delay from such litigation could threaten the Debtors' consummation of the plans of reorganization in a timely manner. Even if the estates were exposed to such a risk and cost, there would still be no assurances that the information contained therein would be accurate on an entity-by-entity basis (if even available at such time). The Debtors believe that partial substantive consolidation is warranted in this case because of the connection of assets and liabilities of certain of the Debtors.

### *d.* Basis for Partial Substantive Consolidation

Given the significant roadblocks to the proposal of confirmable Separate Entity Plans, the Debtors reviewed their organizational, operational, and financial history in order to determine the substantive consolidation structure that best meets the application of the existing case law governing substantive consolidation. The Debtor groups' partial substantive consolidation structure is a result of that lengthy and wide-ranging analysis, which revealed that significant creditors conducted business (including extending credit) with certain groups of Debtors as consolidated entities, while other creditors extended credit to a single entity. (The Solar Reorganizing Debtor Group consists of a single legal entity, and therefore, is not subject to a substantive consolidation analysis.)

The factors supporting substantive consolidation are satisfied as to each of the three partially substantively consolidated Debtor groups. The *Owens Corning* court specifically found that entanglement among affiliated debtors provides a basis for substantive consolidation, where, as here, creditors disregarded entity separateness and separating debtor entities would harm creditors. Certain Debtor groups have unique acquisition or operational histories which substantiates substantive consolidation of such Debtors into a single unit. In applying the standards of *Owens Corning*, the Debtors sought to preserve the prepetition chain of ownership, with each entity entitled to the residual equity of the entities that it owned and seek substantive consolidation of those entities whose assets and liabilities are so entangled that substantive consolidation was warranted under the *Owens Corning* test.

### *e.* Legal Ownership

In order to ensure that the substantive consolidation structure is consistent with the legal rights of third parties and is not materially inconsistent with the recoveries attainable under a Separate Entity Plan, the partial substantive consolidation structure respects the Debtors' prepetition ownership structure. Thus, the residual equity of each Debtor group inures to the benefit of the Debtor group that owned the Debtor group prior to the Petition Date.

### *f.* Third Party Expectations

The partial substantive consolidation structure is designed to respect the reasonable third party expectations of creditors and third parties. The Debtors identified three principal set of expectations that they sought to preserve in the partial substantive consolidation structure: (a) the expectations of the lenders under the Debtors' credit

agreements, (b) the expectations of purchasers of Notes, and (c) the expectations of creditors of those Debtors that are project companies. The composition of certain Debtor groups is motivated by adherence to the expectations of more than one set of creditors.

### *g.* Prepetition Guarantee Obligations

The Debtors' prepetition credit agreements are each based on the credit of different sets of legal entities. The lenders under these credit agreements received combined financial reports from the Debtors as to all obligors party to the applicable credit agreement, and calculated financial covenant compliance based on the assets and liabilities of those entities. The restrictions imposed on the obligors by these credit facilities (e.g., restrictions on the ability to incur additional indebtedness, make certain payments, sell certain assets, and grant certain security interests to third parties) indicate that the lenders under each of these facilities relied upon the collective identity of their respective borrowers and guarantors when extending credit. The members of a Debtor group based upon the expectations of lenders under the credit agreements are not necessarily subject to the same legal ownership. For example, the partners of Debtor-Guarantors Teyma USA & Abener Engineering and Construction Services General Partnership and Abener Teyma Hugoton General Partnership are Teyma Construction USA, LLC and Abener Construction Services, LLC, whereas the parents of Abener Teyma Mojave General Partnership are Abeinsa Holding Inc. and Abener North America Construction, LP.

### *h.* Consolidation Due to Operational Entanglement

Different considerations support the Debtors' contention that certain groups of Debtors are operationally entangled and pose a level of cohesiveness that adds further support to the proposed partial consolidation structures. For example, with respect to certain Debtor groups, certain of the Debtors were not premised on management at the individual legal entity level; most aspects of management were consolidated and centralized, including accounting, legal, marketing, and negotiation of various contracts. Such prepetition operational entanglement impedes the formulation of a Separate Entity Plan, and justifies the proposed partial substantive consolidation structure under the applicable legal standards.

### *i.* The Effect of Substantive Consolidation

Substantive consolidation of the estates of multiple debtors in a bankruptcy case effectively combines the assets and liabilities of the multiple debtors for certain purposes under a plan. The effect of substantive consolidation is the pooling of the assets of, and claims against, consolidated debtors, satisfying liabilities from a common fund and combining the creditors of consolidated debtors for purposes of voting on the reorganization plan.

Pursuant to Article IV.HH of the Plan, on and after the Effective Date, each of the Debtor groups will be deemed consolidated for the following purposes under the Plan:

- all assets and liabilities of the applicable Debtors within each Debtor group will be treated as though they were merged with the assets and liabilities of the other Debtors within such Debtor group,
- no distributions will be made under the Plan on account of any Claim held by a Debtor against any other Debtor within its Debtor group,
- except as otherwise set forth in the Plan, no distributions will be made under the Plan on account of any Equity Interest held by a Debtor in any other Debtor within its Debtor group,
- all guaranties of any Debtor of the obligations of any other Debtor within its Debtor group will be eliminated so that any Claim against any Debtor and any guaranty thereof executed by any other Debtor and any joint or several liability of any of the Debtors within a Debtor group will be one obligation of the Debtors within such Debtor group, and
- each and every Claim filed or to be filed in the Chapter 11 Cases against any of the Debtors within a Debtor group will be deemed filed against all of the Debtors within such Debtor group, and will be one Claim against, and obligation of, the Debtors within such Debtor group.

Substantive consolidation under the Plan will not affect any Claims held by a Debtor in or against a Debtor in a separate Debtor group. The Plan provides that such intercompany claims held by Debtors against other Debtors will be discharged and receive no distribution. The Plan further provides that Equity Interests are accorded the treatment provided for such interests in Article III of the Plan.

On the Effective Date, the Intercompany Claims will be discharged and/or satisfied under the Plan by means of: (1) the restructuring transactions contemplated by the Plan (a dissolution or winding up of the corporate or other legal existence of a Debtor, the conversion of the organizational form of a Debtor to a different organizational form or the consolidation, merger, contribution of assets, transfer of equity interests, or other transaction in which a Reorganized Debtor merges with or transfers substantially all of its assets and liabilities to a Reorganized Debtor or any of its Affiliates, on or after the Confirmation Date) or (2) allocations of plan consideration pursuant to Section III of the Plan (and any order of the Bankruptcy Court sought thereunder). All Intercompany Claims held by any Debtor against any Non-Debtor Affiliate will be reviewed by the Reorganized Debtors, the Responsible Person, or the Liquidating Trustee, as applicable, and adjusted, continued, or discharged, as determined by the Reorganized Debtors, the Responsible Person, or the Liquidating Trustee, as applicable, in their sole discretion. All Intercompany Claims held by any Non-Debtor Affiliate against a Debtor will receive the treatment provided for such Claims in Section III of the Plan.

Pursuant to the Plan, this Disclosure Statement and the Plan are deemed a motion requesting that the Bankruptcy Court approve the substantive consolidation provided for in the Plan as well as any additional consolidation that may be proposed by the Debtors in connection with confirmation and consummation of the Plan. The Debtors reserve the right to file appropriate alternative pleadings in support of the proposed substantive consolidation in connection with the Confirmation Hearing. Unless an objection to consolidation is made in writing by any creditor affected by the Plan on or before 4:00 p.m. (prevailing Eastern Time), on the date fixed by the Bankruptcy Court for objections to confirmation of the Plan, the substantive consolidation proposed by the Plan may be approved by the Bankruptcy Court at the Confirmation Hearing.

### 2. Disputed Claims Procedures

#### *a.* Disputed Claims Reserve

After the Effective Date, separate Disputed Claims reserves shall be created for each of the following: (i) the EPC Reorganizing Debtors; (ii) the Solar Reorganizing Debtor; (iii) the Bioenergy and Maple Liquidating Debtors; and (iv) the EPC Liquidating Debtors. The Disputed Claims reserves for the Reorganizing Debtors shall be managed by the respective Reorganizing Debtors or Responsible Person, as applicable, and the Disputed Claims reserves for the Liquidating Debtors shall be managed by the respective Liquidating Debtors or the respective Liquidating Trustee, as applicable. On each Distribution date after the Effective Date in which the respective Responsible Person or respective Liquidating Trustee (as applicable) makes Distributions to Holders of Claims (including without limitation, General Unsecured Claims), the respective Responsible Person or the respective Liquidating Trustee (as applicable) shall retain on account of Disputed Claims an amount the respective Responsible Person or the respective Liquidating Trustee (as applicable) estimates is necessary to fund the Pro Rata Share of such Distributions to Holders of Disputed Claims if such Claims were Allowed, with any Disputed Claims that are unliquidated or contingent being reserved in an amount reasonably determined by the respective Responsible Person or the respective Liquidating Trustee (as applicable). Cash retained on account of such Disputed Claims shall be retained in the respective Disputed Claims reserve for the benefit of the Holders of Disputed Claims pending a determination of their entitlement thereto under the terms of the Plan. If any Disputed Administrative or Priority Claim is disallowed or Allowed in an amount that is lower than the aggregate assets retained on account of such Disputed Claim, then the respective Responsible Person or the Liquidating Trustee (as applicable) shall within fifteen (15) days after such disallowance or allowance return the assets that exceed the Allowed amount of such Claim to the applicable Debtors' Estates or to the respective Reorganizing Debtors or Liquidating Debtors.

#### *b.* Resolution of Disputed Claims

On and after the Effective Date, the respective Responsible Person, in the case of all Claims in the Plans of Reorganization and the respective Liquidating Trustee in the Plans of Liquidation, shall have the authority to compromise, settle, otherwise resolve or withdraw any objections to Claims, and to compromise, settle, or otherwise resolve any Disputed Claims without approval of the Bankruptcy Court. The respective Responsible Person, in the

case of all Claims in the Plans of Reorganization and the respective Liquidating Trustee in the Plans of Liquidation, shall also have the right to make and file objections to Claims in the Bankruptcy Court. Unless otherwise ordered by the Bankruptcy Court after notice and a hearing, all Disputed Claims shall be subject to the exclusive jurisdiction of the Bankruptcy Court.

#### *c.* Objection Deadline

All objections to Disputed Claims shall be filed no later than the Claims Objection Bar Date, unless otherwise ordered by the Bankruptcy Court after notice and a hearing, with notice only to those parties entitled to notice in the Chapter 11 Cases pursuant to Bankruptcy Rule 2002.

#### *d.* Estimation of Claims

At any time, the respective Responsible Person, in the case of all Claims in the Plans of Reorganization and the respective Liquidating Trustee in the Plans of Liquidation, may request that the Bankruptcy Court estimate any contingent or unliquidated Claim to the extent permitted by section 502(c) of the Bankruptcy Code regardless of whether the Responsible Person, the Liquidating Trustee or the Debtors (as applicable) have previously objected to such Claim or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court shall have jurisdiction to estimate any Claim at any time during litigation concerning any objection to such Claim, including during the pendency of any appeal relating to any such objection. If the Bankruptcy Court estimates any contingent or unliquidated Claim, that estimated amount shall constitute either the Allowed amount of such Claim or a maximum limitation on the Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on the Claim, the Responsible Person or the Liquidating Trustee (as applicable) may elect to pursue supplemental proceedings to object to the ultimate allowance of the Claim. All of the aforementioned Claims objection, estimation, and resolution procedures are cumulative and not exclusive of one another. Claims may be estimated and subsequently compromised, settled, withdrawn or resolved by any mechanism approved by the Bankruptcy Court.

#### *e.* No Distributions Pending Allowance

Notwithstanding any other provision in the Plan, if any portion of a Claim is disputed, no payment or Distribution provided under the Plan shall be made on account of such Claim unless and until such Disputed Claim becomes an Allowed Claim.

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, Distributions (if any) shall be made to the Holder of such Allowed Claim in accordance with the provisions of the Plan. Upon allowance, a Holder of the Allowed Disputed Claim shall receive any Distributions that would have been made up to the date of allowance to such Holder under the Plan had the Disputed Claim been allowed on the Effective Date.

### C. Classification and Treatment of Claims under the Plan

The Plan classifies Claims and Equity Interests separately and provides different treatment for different Classes of Claims and Equity Interests in accordance with the requirements of the Bankruptcy Code. As described more fully below, the Plan provides, separately for each Class, that Holders of certain Claims will receive various amounts and types of consideration, thereby giving effect to the different rights of Holders of Claims and Equity Interests in each Class.

The following description summarizes the classification and treatment of Claims and Equity Interests and the consideration contemplated to be distributed to the Holders of such Claims and Equity Interests under the Plan. Unless otherwise provided, these estimates are as of the date of this Disclosure Statement and are subject to the Risk Factors provided on Section VI, titled "Risk Factors."

#### 1. Unclassified Claims Under the Plan

#### *a.* Administrative Claims

Administrative Claims are Claims constituting a cost or expense of administration of any of the Chapter 11 Cases under sections 503(b) and 507(a)(1) of the Bankruptcy Code (other than Accrued Professional Compensation

Claims), including, without limitation, any actual and necessary costs and expenses of preserving the estates of the applicable Debtor, any actual and necessary costs and expenses of operating the business of such Debtor, any indebtedness or obligations incurred or assumed by such Debtor in connection with the conduct of its business, including, without limitation, for the acquisition or lease of property or an interest in property or the rendition of services, and all compensation and reimbursement of expenses under section 330 or 503 of the Bankruptcy Code. Any fees or charges assessed against the estates of the Debtors under section 1930 of chapter 123 of title 28 of the United States Code will be excluded from the definition of Administrative Claim and will be paid in accordance with Section III of the Plan.

In full and final satisfaction, settlement, release, and discharge of each Allowed Administrative Claim (except for those representing liabilities incurred in the ordinary course of business during the Chapter 11 Cases and certain liabilities under loans and advances in the Chapter 11 Cases), except to the extent that a Holder of an Allowed Administrative Claim and the Responsible Person or the Liquidating Trustee, as applicable, agree in writing to less favorable treatment for such Administrative Claim, will be paid in full, in cash, on the later of the Effective Date and the date the Administrative Claim becomes an Allowed Claim, or as soon thereafter as is practicable. Allowed Administrative Claims representing obligations incurred in the ordinary course of business by the Debtors (including, without limitation, amounts owed to vendors and suppliers that have sold goods or furnished services to the Debtors in Possession since the Petition Date) or non-ordinary course liabilities approved by the Bankruptcy Court, will be paid in full and performed by the applicable Debtor in the ordinary course of business (or as otherwise approved by the Bankruptcy Court) in accordance with the terms and conditions of the agreements, instruments or other documents relating thereto. The Debtors estimate that Allowed Administrative Claims payable on the Effective Date, exclusive of compensation and reimbursement of expenses payable to professionals retained in the Chapter 11 Cases, will be approximately $1.5 million to $2 million. For purposes of the bar date described below, the Debtors expect to reserve not less than $2 million for such Administrative Claims.

**DEADLINE FOR FILING ADMINISTRATIVE CLAIMS**

**PROOFS OF ADMINISTRATIVE CLAIMS AND REQUESTS FOR PAYMENT OF ADMINISTRATIVE CLAIMS MUST BE FILED AND SERVED, PURSUANT TO THE PROCEDURES SET FORTH IN THE CONFIRMATION ORDER OR NOTICE OF ENTRY OF CONFIRMATION ORDER, NO LATER THAN 45 DAYS AFTER THE EFFECTIVE DATE.**

Notwithstanding anything to the contrary, no proof of Administrative Claim or application for payment of an Administrative Claim need be filed for the allowance of any:

- expense or liability incurred in the ordinary course of the Reorganized Debtors' businesses on or after the Effective Date;
- Administrative Claim held by a trade vendor, which administrative liability was incurred in the ordinary course of business of the Debtor and such creditor after the Petition Date;
- expenses, liabilities or obligations of the type described in Section II of the Plan;
- Accrued Professional Compensation Claims; or
- fees of the United States Trustee arising under 28 U.S.C. § 1930.

Administrative Claims described in the first three bullets above will be paid by the Reorganized Debtors in the ordinary course of business. Fees of the United States Trustee arising under 28 U.S.C. § 1930 shall be paid in accordance with Section V.N of the Plan. Any Person that fails to timely file a proof of Administrative Claim or request for payment thereof as required by the Plan, as described above, will be forever barred from asserting such Administrative Claim against any of the Debtors, the Reorganizing Debtors, the Liquidating Debtors, or their

property and the Holder thereof will be enjoined from commencing or continuing any action, employment of process or act to collect, offset or recover such Administrative Claim.

#### *b.* Accrued Professional Compensation Claims

Accrued Professional Compensation Claims are Claims for compensation, for services rendered or reimbursement of expenses incurred in connection with the Chapter 11 Cases during the period from the Petition Date through the Effective Date pursuant to sections 503(b)(2), 502(b)(3), 502(b)(4) or 502(b)(5) of the Bankruptcy Code.

All entities seeking an award by the Bankruptcy Court of Accrued Professional Compensation Claims will:

- be required to file their respective final applications for allowances of compensation for services rendered, and reimbursement of expenses incurred through the Effective Date by no later than the date that is 60 days after the Effective Date or such other date as may be fixed by the Bankruptcy Court upon request of the Debtors or the Creditors' Committee; and

- if granted such an award by the Bankruptcy Court, be paid in full in cash in such amounts as are Allowed by the Bankruptcy Court (1) on the date such Fee Claim becomes an Allowed Fee Claim, or as soon thereafter as is practicable or (2) upon such other terms as may be mutually agreed upon between such Holder of a Fee Claim and the Responsible Person; *provided, however*, that no ordinary course professional retained pursuant to an order of the Bankruptcy Court will be required to file any fee application unless required to do so pursuant to the order retaining such ordinary course professional.

The Debtors are calculating that the amount of Allowed Accrued Professional Compensation Claims that have not previously been paid pursuant to an order of the Bankruptcy Court, which amounts shall be held in reserve as of the Effective Date in a segregated account for the benefit of the Professionals holding Accrued Professional Compensation Claims.

### 2. Classified Claims Under the Plans

#### *a.* Secured Claims

Secured Claims are Claims against a Debtor:

- to the extent reflected in the Schedules or in a proof of claim as Secured Claims, which are secured by a lien on collateral to the extent of the value of such Collateral, as determined in accordance with section 506(a) of the Bankruptcy Code, or

- to the extent that the Holder thereof has a valid right of setoff pursuant to section 553 of the Bankruptcy Code.

The Debtors estimate that the amount of Allowed Secured Claims, exclusive of Claims as to which Holders assert rights of setoff, that have not previously been paid pursuant to an order of the Bankruptcy Court, will aggregate approximately $0.

In full and final satisfaction, settlement, release, and discharge of each Allowed Secured Claim, except to the extent that a Holder of an Allowed Secured Claim and the applicable Debtor, Responsible Person, or Liquidating Trustee (as applicable) agree in writing to a less favorable treatment for such Allowed Secured Claim, on or as soon as practicable after the Effective Date, to the extent any Secured Claims exist, such Holder of an Allowed Secured Claim in Class 1 will either be paid in full or will receive the applicable Debtors' assets in which the Holder of a Secured Claim has an interest.

The Debtors' failure to object to any Secured Claim during the pendency of the Chapter 11 Cases will not prejudice, diminish, affect or impair the Reorganized Debtors' right to contest or defend against a Secured Claim in any lawful manner or forum when and if such Claim is sought to be enforced by its Holder. Each Secured Claim and all Liens lawfully granted or existing on any property of the Debtors on the Petition Date as security for a

Secured Claim will, until the Allowed amount of such Claim is satisfied, subject to Section III of the Plan, survive the confirmation and consummation of the Plan, the Debtors' discharge under section 1141(d) of the Bankruptcy Code, and remain subject to avoidance by the Reorganized Debtors under the Bankruptcy Code.

Unless otherwise ordered by the Bankruptcy Court, each Allowed Secured Claim will be considered to be a separate subclass within Class 1 of each of the Debtor groups, included in the Debtor group in which the Collateral securing such Claim is held, and each such subclass will be deemed to be a separate Class for purposes of the Plan.

Class 1 is unimpaired by the Plan. Each Holder of an Allowed Other Secured Claim is conclusively presumed to have accepted the Plan and is not entitled to vote to accept or reject the Plan.

***b. Priority Tax Claims***

Priority Tax Claims are Claims against a Debtor (other than Administrative Claims) that are entitled to priority in right of payment under section 507(a) of the Bankruptcy Code. Such Claims include Claims against a Debtor of a governmental unit of the kind specified in sections 502(i) and 507(a)(8) of the Bankruptcy Code.

In full and final satisfaction, settlement, release, and discharge, each Allowed Priority Tax Claim will be paid in full on or as soon as practicable after the Effective Date, except to the extent that a Holder of an Allowed Priority Tax Claim and the applicable Debtor, Responsible Person, or Liquidating Truste (as applicable) agree in writing to a less favorable treatment for such Allowed Priority Tax Claim.

The Debtors believe that certain Priority Tax Claims previously have been paid pursuant to orders of the Bankruptcy Court. The Debtors estimate that the amount of Allowed Priority Tax Claims that have not previously been paid pursuant to an order of the Bankruptcy Court will aggregate approximately $1,837.220, and will reserve $2 million to $2.5 million in connection with same.

Class 2A is unimpaired by the Plan. Each Holder of an Allowed Priority Tax Claim is conclusively presumed to have accepted the Plan and is not entitled to vote to accept or reject the Plan.

***c.* Other Priority Claims**

Other Priority Claims are Claims against a Debtor (other than Administrative Claims) that are entitled to priority right of payment under section 507(a) of the Bankruptcy Code. Such Claims include:

- Claims for accrued employee compensation earned within 180 days prior to commencement of the Chapter 11 Cases to the extent of $12,475, or $12,850,[25] per employee; and

- Claims for contributions to employee benefit plans arising from services rendered within 180 days prior to the commencement of the Chapter 11 Cases, but only for each such plan to the extent of (1) the number of employees covered by such plan multiplied by $12,475, less (2) the aggregate amount paid to such employees from the estates for wages, salaries or commissions during the ninety days prior to the Petition Date.

In full and final satisfaction, settlement, release, and discharge, each Allowed Other Priority Claim will be paid in full on or as soon as practicable after the Effective Date, except to the extent that a Holder of an Allowed Other Priority Claim and the applicable Debtor, Responsible Person, or Liquidating Truste (as applicable) agree in writing to a less favorable treatment for such Allowed Other Priority Claim.

The Debtors believe that certain Other Priority Claims previously have been paid pursuant to orders of the Bankruptcy Court. The Debtors estimate that the amount of Allowed Other Priority Claims that have not previously been paid pursuant to an order of the Bankruptcy Court will aggregate approximately $117,562, and will reserve $250,000 in connection with same.

[25] The maximum dollar amount for priority expenses and claims under section 507(a) of the Bankruptcy Code is $12,850 for all Debtors that filed voluntary petitions for relief after April 1, 2016, which include Abengoa Bioenergy Meramec Holding, Inc. and Abengoa Bioenergy Holdco., Inc., and any subsequently filed affiliate entities.

Class 2B is unimpaired by the Plan. Each Holder of an Allowed Other Priority Claim is conclusively presumed to have accepted the Plan and is not entitled to vote to accept or reject the Plan.

#### *d.* Intercompany Claims

An Intercompany Claim is a Claim relating to an intercompany transfer of value to a Debtor by another Debtor in these jointly administered Chapter 11 Cases (a "Debtor Affiliate") or to a Debtor by an affiliated non-Debtor entity within the Abengoa Group (a "Non-Debtor Affiliate"). The Intercompany Claims are calculated by netting intercompany payables and receivables against each other.

There are multi-million dollar Intercompany Claims between and among the Debtors and between the Debtors and their Non-Debtor Affiliates or Debtor Affiliates. How these Claims are treated can alter dramatically the recovery to the stakeholders. Prior to the Petition Date, the Abengoa Group maintained a complex corporate structure consisting of hundreds of entities, which engaged in numerous and often complex intercompany transactions. The Debtors reviewed and analyzed intercompany transactions prior to the Petition Date. Further, the Debtors, in order to provide detail on the components of the intercompany balances, made significant efforts to identify intercompany journal entries made prior to the Petition Date.

Holders of Intercompany Claims shall have the treatment set forth below under subsections g and h of Section IV.C.3.

### 3. Classification and Treatment of Claims Under the Plans of Reorganization

#### *a.* MRA Affected Debt Claims

An MRA Affected Debt Claim is a Claim relating to the guarantee obligations of the Debtors in respect of the Non-Spanish Debt to be Restructured, the Compromised Debt, and Non-Compromised Debt, as those terms are used in the Master Restructuring Agreement.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, each Holder of a MRA Affected Debt Claim will receive (i) a Replacement Guarantee based upon the application pursuant to the Master Restructuring Agreement of the Standard Restructuring Terms to the Existing Notes or Existing Loans in respect of which the guarantee obligation of the relevant EPC Reorganizing Debtor arose, or (ii) such other treatment as agreed upon in writing by the Holder of the MRA Affected Debt Claim and the applicable EPC Reorganizing Debtor or Responsible Person.

#### *b.* U.S. Debt Claims

A US Debt Claim is any Claim of a Holder of Non-Spanish Debt To Be Restructured under the Master Restructuring Agreement that is not a MRA Affected Debt Claim or a Debt Bonding Claim. The Allowed Amount of the US Debt Claims will be reduced by the write off afforded those Claims under and in accordance with the Master Restructuring Agreement.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, Holders of Allowed US Debt Claims will receive (i) a Pro Rata share of the EPC Reorganization Distribution or the Solar Reorganization Distribution, as applicable, or (ii) such less favorable treatment as agreed upon in writing by the Holder of an Allowed US Debt Claim and the applicable Debtor or the Responsible Person.

#### *c.* General Unsecured Claims

A General Unsecured Claim is a Claim against any Debtor that arose or accrued before the Petition Date and is not an Administrative Claim, Accrued Professional Compensation Claim, Secured Claim, Priority Tax Claim, Other Priority Claim, MRA Affected Debt Claim, US Debt Claim, Litigation Claim, Debt Bonding Claim, Intercompany Claim by Non-Debtor Affiliates, Intercompany Claim by Debtor Affiliates, or an Equity Interest.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, each Holder of an Allowed General Unsecured Claim of the EPC Reorganizing Debtor Group or the Solar Reorganizing Debtor Group will receive a Pro Rata share of the Reorganization Distribution for such Debtor group, except to the extent that a Holder

of an Allowed General Unsecured Claim has been paid prior to the Effective Date or agrees to a less favorable treatment as the applicable Debtor, the Responsible Person, and the Holder of an Allowed General Unsecured Claim may agree to in writing. Holders of General Unsecured Claims hold impaired Claims and therefore are entitled to vote to accept or reject the Plan.

***d.*** **Litigation Claims**

A Litigation Claim is a Claim against any Debtor related to a lawsuit, arbitration or legal proceeding commenced pre-petition.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, each Holder of an Allowed Litigation Claim of the EPC Reorganizing Debtor Group or the Solar Reorganizing Debtor Group will receive a Pro Rata share of the Reorganization Distribution for such Debtor group, except to the extent that a Holder of an Allowed Litigation Claim has been paid prior to the Effective Date or agrees to a less favorable treatment. Holders of Allowed Litigation Claims hold impaired Claims and therefore are entitled to vote to accept or reject the Plan.

***e.*** **Debt Bonding Claims**

A Debt Bonding Claim (i) relates to debt arising from bonding lines described in Part C of Schedule 6 of the Master Restructuring Agreement, which is comprised of bonding lines defined in the Master Restructuring Agreement as the "Uncalled Existing Bonding Facilities" and the "Called Existing Bonding Facilities," or (ii) any other debt arising from bond lines.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, Holders of a Debt Bonding Claim will receive (i) a Pro Rata share of the EPC Reorganization Distribution or the Solar Reorganization Distribution, as applicable, or (ii) such less favorable treatment as agreed upon in writing by the Holder of an Allowed Debt Bonding Claim and the applicable Debtor or the Responsible Person.

***f.*** **Intercompany Claims by Affiliates That Are Not Debtors in the Chapter 11 Cases ("Non-Debtor Affiliates")**

An Intercompany Claim by Non-Debtor Affiliates is a Claim relating to an intercompany transfer of value to a Debtor by a Non-Debtor Affiliate.

There are multi-million dollar Intercompany Claims between the Debtors and the Non-Debtor Affiliates. How these Claims are treated can alter dramatically the recovery to the stakeholders. Prior to the Petition Date, the Abengoa Group maintained a complex corporate structure consisting of hundreds of entities, which engaged in numerous and often complex intercompany transactions. The Debtors reviewed and analyzed the intercompany transactions prior to the Petition Date.

The charts below set forth the amounts of *Class 7A – EPC Reorganizing Intercompany Claims by Non-Debtor Affiliates* and *Class 7A – Solar Reorganizing Intercompany Claims by Non-Debtor Affiliates*:

Pursuant to the Plan, on or as soon as reasonably practicable after the Effective Date, each Holder of an Allowed Intercompany Claim by Non-Debtor Affiliates will receive (i) Standard Restructuring Terms, or (ii) such other less favorable treatment as agreed upon in writing by the Holder of an Allowed Intercompany Claim by Non-Debtor Affiliates and the applicable Debtor or the Responsible Person. Holders of Intercompany Claims by Non-Debtor Affiliates are Impaired and are deemed to accept the Plan, and as such are not entitled to vote to accept or reject the Plan.

### *g.* Intercompany Claims by Debtor Affiliates

An Intercompany Claim by Debtor Affiliates is a Claim relating to an intercompany transfer of value to a Debtor by a Debtor Affiliate or Subsidiary of a Debtor. The Intercompany Claims are calculated by netting each entities intercompany payables and receivables against each other.

There are multi-million dollar Intercompany Claims between and among the Debtors and their Debtor Affiliates. How these Claims are treated can alter dramatically the recovery to the stakeholders. Prior to the Petition Date, the Abengoa Group maintained a complex corporate structure consisting of hundreds of entities, which engaged in numerous and often complex intercompany transactions. The Debtors reviewed and analyzed the intercompany transactions prior to the Petition Date.

The charts below set forth the amounts of *Class 7B – EPC Reorganizing Intercompany Claims by Debtor Affiliates* and *Class 7B – Solar Reorganizing Intercompany Claims by Debtor Affiliates*:

Pursuant to the Plan, on or as soon as practicable after the Effective Date, Allowed Intercompany Claims by Debtor Affiliates will be reduced to zero. Under the Plans of Reorganization, the EPC Reorganizing Debtors will be substantively consolidated and, along with the Solar Reorganizing Debtor, will receive the New Value Contribution from the Parent. Thus, the Intercompany Claims by Debtor Affiliates will be eliminated to benefit the creditors of the EPC Reorganizing Debtors and the Solar Reorganizing Debtor. The Holders of Allowed Intercompany Claims By Debtor Affiliates will receive no Distribution under the Plan.

Pursuant to the Plan, on the Effective Date, each Intercompany Claim as against the Liquidating Debtors shall be discharged and released. Holders of Intercompany Claims will not be entitled to vote to accept or reject the Plan.

### *j.* Equity Interests

The Plan provides that the ownership of the Reorganizing Debtors will remain unaffected by the confirmation of the Plan. In order to effectuate this transaction, Holders of Allowed Equity Interests in *Class 8 EPC Reorganizing Equity Interests* and *Class 8 Solar Reorganizing Equity Interests* shall have their Equity Interests retained or reinstated upon the Effective Date. The "absolute priority rule" of the Bankruptcy Code requires senior classes of creditors to be paid in full before value can be provided to or retained by a junior class. *See* 11 U.S.C. § 1129(b)(2)(B) and (C). The Holders of Claims against the Solar Reorganizing Debtor will be paid in full, thereby complying with the absolute priority rule. With respect to EPC Reorganizing Debtors, in exchange for retaining its indirect Equity Interests in the EPC Reorganizing Debtors and the releases being provided under the Plan, the Parent has agreed to provide the New Value Contribution in order to fund the Distributions under the EPC Reorganizing Plan. Moreover, such retention of Equity Interests will enable the EPC Reorganizing Debtors to retain the current operational structure of the EPC Reorganizing Debtors and allow them to operate without substantial interruptions following the Effective Date. The Parent is, in turn, able to provide the New Value Contribution as a result of the financing that will be provided by the New Money Financing Providers pursuant to the Master Restructuring Agreement in order to implement the global restructuring contemplated thereunder.

In *Bank of America v. 203 N. LaSalle Street Partnership,* 526 U.S. 434 (1999), the Supreme Court concluded that the a plan that only permitted existing shareholders to invest new capital to obtain equity in the reorganized debtor violated the absolute priority rule of the Bankruptcy Code. In order for existing equity to retain ownership of the debtor where classes senior to existing equity holders are not being paid in full, "new value" must be provided. Specifically, under the "new value exception" to the absolute priority rule, a subordinate class may pay or transfer to or for the benefit of a debtor's estate new value in order to retain that existing interest or receive a payment if senior classes are not expected to receive full payment under the plan of reorganization. *See In re Armstrong World Indus.*, 348 B.R. 111, 121 (D. Del. 2006). The new value exception requires a junior interest Holder to provide "(1) new, (2) substantial (3) money or money's worth (4) necessary for a successful reorganization (5) reasonably equivalent to the value or interest received" in order to retain its property. *In re Brown*, 498 B.R. 486, 497 (E.D. Pa. 2013).

Under the Plan, the Holders of Allowed Equity Interests in the EPC Reorganizing Debtors will retain or have their Equity Interests reinstated in exchange for which they will be providing the New Value Contribution as set forth above. The Parent has agreed to provide the New Value Contribution, which funding stems from the financing that is anticipated to be provided by the New Money Financing Providers in connection with the Master Restructuring Agreement, which includes the following: (i) Cash to fund the EPC Reorganization Distribution in the amount of $24.5 million, to be provided as follows: (A) $10 million within 30 days of the Effective Date, (B) $5 million no later than one hundred and twenty (120) days following the Effective Date, and (C) $5 million no later than two hundred and ten (210) days after the Effective Date; and (ii) proceeds of Litigation Trust Causes of Action, an advance of a $3 million Litigation Fund to prosecute such claims; *provided, however*, that the first $3 million of recoveries resulting from the prosecution of the Litigation Trust Causes of Action will revert back to the Parent; and (iv) $750,000 to each of the EPC Liquidating Plan and the Bioenergy and Maple Liquidating Plan. In addition, as part of the New Value Contribution, the Parent will pay all costs and expenses of Alvarez & Marsal, including the extensive fees and costs it incurred in connection with its services to the Debtors.

To the extent that standards articulated by the *Brown* court are applicable in this case, the New Value Contribution satisfies the standards in *Brown* because the New Value Contribution is new, substantial, and consists of Cash and non-Cash contributions. In addition, the contribution is not only necessary for the successful reorganization of the EPC Reorganizing Debtors, but it is essential, as this is the only source of material Cash consideration to provide recoveries to creditors. Absent the financing being provided by the New Money Financing Providers to enable the Parent to make the New Value Contribution, and the Consenting Existing Creditors that are Holders of Existing Notes agreeing to compromise their claims, which together would enable other creditors of the EPC Reorganizing Debtors that are entitled to receive distributions under the Plan to receive such distributions and for the EPC Reorganizing Debtors to reorganize, the EPC Reorganizing Debtors may have no choice but to liquidate. Finally, as to the value of the contribution relative to the equity interests, the EPC Reorganizing Debtors believe that new value contribution far exceeds any potential value of the Equity Interests, which likely have little or no economic value. In addition, based upon the review by the EPC Reorganizing Debtors, those claims that are being released have little or no value. Accordingly, the New Value Contribution meets the applicable standards for

the new value exception and will provide the Reorganizing Debtors with sufficient funds to make distributions under and implement the Plan.

### 4. Classification and Treatment of Claims Under the Plans of Liquidation

#### *a.* General Unsecured Claims

A General Unsecured Claim is a Claim against any Debtor that arose or accrued before the Petition Date and is not an Administrative Claim, Accrued Professional Compensation Claim, Secured Claim, Priority Tax Claim, Other Priority Claim, MRA Affected Debt Claim, US Debt Claim, Litigation Claim, Debt Bonding Claim, Intercompany Claim by Non-Debtor Affiliates, Intercompany Claim by Debtor Affiliates or Equity Interest.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, each Holder of an Allowed General Unsecured Claim shall receive (i) its Pro Rata share to be paid out of the EPC Liquidating Distribution, or (ii) such lesser amount as the applicable Debtor or the Liquidating Trustee and the Holder of a General Unsecured Claim may agree to in writing. Holders of Allowed General Unsecured Claims hold impaired Claims and therefore are entitled to vote to accept or reject the Plan.

#### *b.* U.S. Debt Claims

A US Debt Claim is any Claim of a Holder of Non-Spanish Debt to be Restructured under the Master Restructuring Agreement that is not in Class 3A of the EPC Reorganizing Plan or Class 6 EPC Reorganzing Plan; *provided*, that the Allowed Amount of the US Debt Claims will be reduced by the write off afforded those Claims under and in accordance with the Master Restructuring Agreement.

Pursuant to the Plan, on or as soon as practicable after the Effective Date, each Holder of a US Debt Claim will receive (i) a Pro Rata share of the applicable Liquidating Distribution, or (ii) such lesser amount as the applicable Debtor or the Liquidating Trustee and the Holder of an Allowed US Debt Claim may agree to in writing. Holders of Allowed US Debt Claims hold impaired Claims and therefore are entitled to vote to accept or reject the Plan.

#### *c.* Intercompany Claims

An Intercompany Claim is a Claim relating to an intercompany transfer of value to a Debtor by an Affiliate of a Debtor. The Intercompany Claims are calculated by netting each Debtor's intercompany payables and receivables against each other and then, within a Debtor group, adding together the Intercompany Claims of Debtors within the Debtor group with positive net balances and separately adding together the Intercompany Claims of Debtors within the Debtor group with negative net balances. These two sets of balances are not offset against each other.

There are substantial Intercompany Claims between and among the Liquidating Debtors and their affiliates. How these Claims are treated can alter dramatically the recovery to the stakeholders, principally with respect to the Liquidating Debtors. Prior to the Petition Date, the Debtors maintained a complex corporate structure consisting of hundreds of entities, which engaged in numerous and often complex intercompany transactions. The Debtors reviewed and analyzed the intercompany transactions prior to the Petition Date.

An Intercompany Claim is a Claim relating to an intercompany transfer of value to a Debtor by an Affiliate of a Debtor. The Intercompany Claims are calculated by netting each Debtor's intercompany payables and receivables against each other and then, within a Debtor group, adding together the Intercompany Claims of Debtors within the Debtor group with positive net balances and separately adding together the Intercompany Claims of Debtors within the Debtor group with negative net balances. These two sets of balances are not offset against each other.

#### *d.* Equity Interests

Holders of Equity Interests in the Liquidating Debtors will receive no distribution under the Plan.

### D. Treatment of Executory Contracts and Unexpired Leases

The Bankruptcy Code grants the Debtors the power, subject to the approval of the Bankruptcy Court, to assume or reject executory contracts and unexpired leases. If an executory contract or unexpired lease is rejected, the counterparty to such contract or lease agreement may file a claim for prepetition damages incurred by reason of the rejection. In the case of rejection of leases of real property, such damage claims are subject to certain limitations imposed by the Bankruptcy Code.

#### 1. Assumption or Rejection of Executory Contracts and Unexpired Leases

In accordance with sections 365(a) and 1123(b)(2) of the Bankruptcy Code, all executory contracts and unexpired leases that exist between the Debtors and any Person or Entity shall be deemed rejected by the Debtors as of the Effective Date, except for any executory contract or unexpired leases (i) that has been assumed or rejected by an order of the Bankruptcy Court entered prior to the Effective Date or (ii) as to which a motion for approval of the assumption of such executory contract or unexpired lease has been filed and served prior to the Effective Date. Subject to the occurrence of the Effective Date, entry of the Confirmation Order shall constitute approval of rejection under section 365(a) of the Bankruptcy Code and a finding by the Bankruptcy Court that each such rejection is in the best interests of the Debtors, their Estates, and all parties in interest in the Chapter 11 Cases. Notwithstanding anything to the contrary in Article VII of the Plan, any Reorganizing Debtor may identify any contract to be assumed, together with a proposed cure amount, if any, in the Plan Supplement, and any objection with respect to assumption and cure by the respective Reorganizing Debtor must be filed by the Voting Deadline.

#### 2. Claims Based on Rejection of Executory Contracts and Unexpired Leases

Except to the extent another Bar Date applies pursuant to an order of the Bankruptcy Court, Claims created by the rejection of executory contracts and unexpired leases under the Plan, must be filed with the Bankruptcy Court and served on the Debtors, the Responsible Person, and the Liquidating Trustee no later than thirty (30) days after service of notice of the Effective Date, and must be filed with the Claims Agent at the following address:

Any Claims arising from the rejection of an executory contract or unexpired lease under the Plan for which proofs of Claim are not timely filed within that time period will be forever barred from assertion against the Debtors, the Estates, the Responsible Person, the Liquidating Trustee, their successors and assigns, and their assets and properties, unless otherwise ordered by the Bankruptcy Court or as otherwise provided herein. All such Claims shall, as of the Effective Date, be subject to the permanent injunction set forth in Article IX.F of the Plan. Unless otherwise provided in the Plan or ordered by the Bankruptcy Court, all such Claims that are timely filed as provided herein shall be treated as General Unsecured Claims under the Plan and shall be subject to the provisions of Article III of the Plan. Nothing in the Plan extends or modifies any previously applicable Bar Date.

#### 3. Claims Based on Cure Amounts Related to Assumed Executory Contracts and Unexpired Leases

To the extent not already paid in full, outstanding Cure Amounts, if any, related to any executory contract or unexpired lease assumed by the Debtors and approved by a prior, final order of the Bankruptcy Court, shall be paid on or before the Effective Date of the Plan. To the extent that an executory contract or unexpired lease is assumed, as of the Effective Date, by virtue of being listed in the Plan Supplement, Cure Amounts, if any, shall be paid by the Responsible Person on or before the Effective Date.

### E. Conditions Precedent to Confirmation and Effectiveness of the Plan

The Plan will not be **confirmed** unless and until the following conditions are satisfied or waived in accordance with the Plan:

- The Bankruptcy Court has approved this Disclosure Statement in an order in form and substance acceptable to the Debtors, the Restructuring Committee, and the NM1 Committee;
- The Confirmation Order is in form and substance acceptable to the Debtors, the Restructuring Committee, and the NM1 Committee; and
- In each case subject to the occurrence of the Effective Date to the extent necessary or appropriate, the documents contained in the Plan Supplement and any other documents related thereto, to be entered into (rather than assumed) by the Reorganized Debtors have been entered and delivered, all actions, documents, and agreements necessary to implement the Plan have been effected or executed and the Debtors shall have received all material authorizations, consents, regulatory approvals, rulings, letters, no-action letters, opinions, or documents that are reasonably necessary to implement the Plan and that are required by law, regulation, or order.

The Plan will not become **effective** unless and until the following conditions are satisfied or waived in accordance with the Plan:

- The Bankruptcy Court shall have entered the Confirmation Order in form and substance acceptable to the Debtors, the Restructuring Committee, and the NM1 Committee.
- There shall be no stay, injunction, or appeal in effect with respect to the Confirmation Order, which such Confirmation Order shall contain approval of the releases provided for herein.
- The order approving the applicable Debtors' entry into the Master Restructuring Agreement shall have been entered and not have been stayed or vacated on appeal.
- The Master Restructuring Agreement shall not have been terminated as to all parties thereto.
- All statutory fees and obligations then due and payable to the Office of the U.S. Trustee shall have been paid and satisfied.
- All governmental, regulatory or third party approvals, authorizations, rulings, consents or documents (if any) that are necessary in connection with the transactions contemplated by the Plan or the Plan effectiveness shall have been obtained, not be subject to unfulfilled conditions, be and in full force and effect.
- The appointment of the Responsible Person and the Liquidating Trustee shall have been confirmed by order of the Bankruptcy Court.
- All invoiced and unpaid fees and expenses of Professionals have been paid in full in Cash from the Debtors' assets.
- All agreements and instruments that are exhibits to the Plan shall be in a form reasonably acceptable to the Debtors, the Creditors' Committee, the Restructuring Committee, and the NM1 Committee, and have been duly executed and delivered; provided, however, that no party to any such agreements and instruments may unreasonably withhold its execution and delivery of such documents to prevent this condition precedent from occurring.
- The payments payable to the Liquidating Trust on the Effective Date, if any, shall have been made.
- Each of the Restructuring Effective Date and the Restructuring Steps Commencement Date, each as defined in the Master Restructuring Agreement, shall have occurred.

- The Restructuring Completion Date, as defined in the Master Restructuring, shall have occurred.

**F. Waiver**

Notwithstanding the conditions in Article VIII.A of the Plan, the Debtors, subject to the consent of the Restructuring Committee and the NM1 Committee, may waive, in writing, the occurrence of any condition precedent or to modify any of the foregoing conditions precedent; *provided, however*, that the conditions precedent to the Restructuring Effective Date, Restructuring Steps Commencement Date, and the Restructuring Completion Date may only be waived in accordance with the Master Restructuring Agreement. Any such written waiver of a condition precedent set forth in Article VIII.A of the Plan may be effected at any time, without notice, without leave or order of the Bankruptcy Court or without any other formal action other than proceeding to consummate the Plan. Any actions required to be taken on the Effective Date or Confirmation Date (as applicable) shall take place and shall be deemed to have occurred simultaneously, and no such action shall be deemed to have occurred prior to the taking of any other such action.

**G. Effect of Failure of Conditions**

In the event the Effective Date does not occur: (a) the Confirmation Order shall be vacated, (b) no Distributions under the Plan shall be made, (c) the Debtors and all Holders of Claims and Equity Interests shall be restored to the *status quo ante* as of the day immediately preceding the Confirmation Date as though the Confirmation Date had never occurred, and (d) the Debtors' obligations with respect to the Claims and Equity Interests shall remain unchanged and nothing contained in the Plan shall constitute or be deemed a waiver or release of any Claims or Equity Interests by or against the Debtors or any other Person or to prejudice in any manner the rights of the Debtors or any Person in any further proceedings involving the Debtors unless extended by Bankruptcy Court order.

**H. Substantial Consummation**

"Substantial Consummation" of the Plan, as defined in section 1101(2) of the Bankruptcy Code, shall be deemed to occur on the Effective Date.

1. **Revocation, Withdrawal or Non-Consummation of The Plan**

Subject to the consent of the Restructuring Committee and the NM1 Committee, the Debtors reserve the right to revoke or withdraw the Plan prior to the entry of the Confirmation Order, and to file subsequent chapter 11 plans. If the Debtors revoke or withdraw the Plan (subject to the consent of the Restructuring Committee and the NM1 Committee) or if entry of the Confirmation Order or the Effective Date does not occur, then: (1) the Plan shall be null and void in all respects; (2) any settlement or compromise embodied in the Plan, assumption or rejection of executory contracts effected by the Plan, and any document or agreement executed pursuant hereto shall be deemed null and void; and (3) nothing contained in the Plan shall: (a) constitute a waiver or release of any Claims by or against, or any Equity Interests in, such Debtor or any other Entity; (b) prejudice in any manner the rights of the Debtors or any other Entity; or (c) constitute an admission of any sort by the Debtors or any other Entity.

**I. Implementation and Effect of Confirmation of the Plan**

1. **Binding Effect**

On the Effective Date, the provisions of the Plan shall bind any Holder of a Claim against, or Equity Interest in, a Debtor and such Holder's respective successors and assigns, whether or not the Claim or Equity Interest of such Holder is Impaired under the Plan, whether or not such Holder has accepted the Plan and whether or not such Holder is entitled to a Distribution under the Plan.

2. **Vesting of Assets**

On the Effective Date, pursuant to sections 1141(b) and (c) of the Bankruptcy Code, the Reorganized Debtors' Assets shall be released from the custody and jurisdiction of the Bankruptcy Court, and all of Reorganized Debtors' Assets shall vest in corresponding Reorganized Debtors free and clear of all Claims, Liens, encumbrances,

charges and other interests, except as provided in the Plan. From and after the Effective Date, Reorganized Debtors may operate their business and may use, acquire and dispose of property free of any restrictions of the Bankruptcy Code or the Bankruptcy Rules, subject to the terms and conditions of the Plan.

On the Effective Date, pursuant to sections 1141(b) and (c) of the Bankruptcy Code, the Liquidating Debtors' Assets shall be released from the custody and jurisdiction of the Bankruptcy Court, and all of the Liquidating Debtors' Assets shall vest in the Liquidating Trust free and clear of all Claims, Liens, encumbrances, charges and other interests, except as provided in the Plan. From and after the Effective Date, the Liquidating Trust may dispose of property free of any restrictions of the Bankruptcy Code or the Bankruptcy Rules, subject to the terms and conditions of the Plan and the Liquidating Trust Agreement.

Further, upon the Effective Date, pursuant to sections 1141(b) and (c) of the Bankruptcy Code, all designated litigation will vest in the Liquidation Trust, free and clear of all Claims, Liens, encumbrances, charges, and other interests, except as otherwise provided in the Plan or in the Confirmation Order.

Nothing in the Plan shall prejudice any party in interest in objecting to the vesting or revesting of assets in the Reorganized Debtors or Liquidating Trustee seeking inclusion in the Confirmation Order of provisions to protect the parties entitled to distributions under the Plan from the risks otherwise associated with the revesting of assets in the Reorganized Debtors.

3. **Discharge**

Upon the Effective Date and in consideration of the rights afforded in the Plan and the payments and distributions to be made in the Plan, except as otherwise provided in the Plan or in the Confirmation Order, each Holder (as well as any trustees and agents on behalf of each Holder) of a Claim or Equity Interest and any affiliate of such Holder will be deemed to have forever waived, released, and discharged the Debtors and the Reorganizing Debtors, of and from any and all Liens, Claims, Equity Interests, liabilities, encumbrances, rights, and liabilities that arose prior to the Effective Date of any kind, nature, or description whatsoever, including any accrued interest, which Holder, in exchange for the treatment afforded to such Claims and Equity Interests under the Plan, will be deemed to have granted, and shall grant to the Debtors the waiver, release and discharge described in the Plan; *provided, however* that the Liquidating Debtors shall not receive a discharge under the Plan. Except as otherwise provided in the Plan or in the Confirmation Order, upon the Effective Date, all such holders of Liens, Claims, liabilities, encumbrances and Equity Interests and their affiliates shall be forever precluded and enjoined, pursuant to sections 105, 524, 1141 of the Bankruptcy Code, from prosecuting or asserting any discharged Lien, Claim, liability or encumbrance against or terminated Equity Interest in the Debtors or the Reorganizing Debtors, as appropriate, or against any of their assets or properties, any other or further Claim, liabilities, encumbrances or Equity Interest based upon any act or omission, transaction, or other activity of any kind or nature that occurred prior to the Effective Date, whether or not such holder has filed a proof of Claim or proof of Equity Interest.

4. **Term of Pre-Confirmation Injunctions or Stays**

Unless otherwise provided in the Plan, the Confirmation Order, or a separate order from the Bankruptcy Court, all injunctions or stays arising under or entered during the Chapter 11 Cases in accordance with sections 105 or 362 of the Bankruptcy Code, or otherwise (excluding any injunctions or stays contained in the Plan or the Conformation Order), and in existence on the Confirmation Date shall remain in full force and effect until the later of the Effective Date and the date indicated in such applicable order.

5. **Injunction Against Interference with Plan**

Upon the entry of the Confirmation Order, all Holders of Claims and Equity Interests and other parties in interest, along with their respective present or former affiliates, employees, agents, officers, directors, or principals, shall be enjoined from taking any actions to interfere with the implementation or consummation of the Plan.

6. **Injunction**

***Except as otherwise provided in the Plan, from and after the Effective Date, all Entities are permanently enjoined from commencing or continuing in any manner against the Debtors, the Estates, the Creditors'***

*Committee, the Reorganizing Debtors, the Responsible Person, the Liquidating Trust, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Parent, their successors and assigns, and their assets and properties, as the case may be, any suit, action or other proceeding, on account of or respecting any Claim or Equity Interest, demand, liability, obligation, debt, right, Cause of Action, interest or remedy released or satisfied or to be released or satisfied under the Plan or the Confirmation Order.*

*Except as otherwise expressly provided for in the Plan or in obligations issued under the Plan, from and after the Effective Date, all Entities shall be precluded from asserting against the Debtors, the Estates, the Creditors' Committee, the Reorganizing Debtors, the Responsible Person, the Liquidating Trust, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Parent, or their successors and assigns and their assets and properties, any other Claims or Equity Interests based upon any documents, instruments, or any act or omission, transaction or other activity of any kind or nature that occurred prior to the Effective Date, solely to the extent that (a) such Claims or Equity Interests have been released or satisfied under the Plan or the Confirmation Order or (b) such Claims, Equity Interests, actions or assertions of Liens relate to property that will be distributed under the Plan or the Confirmation Order.*

*The rights afforded in the Plan and the treatment of all Claims and Equity Interests in the Plan shall be in exchange for and in complete satisfaction of Claims and Equity Interests against the Debtors or any of their assets or properties solely to the extent that (a) such Claims or Equity Interests have been released or satisfied under the Plan or the Confirmation Order or (b) such Claims, Equity Interests, actions, or assertions of Liens relate to property that will be distributed under the Plan or the Confirmation Order. On the Effective Date, all such Claims against, and Equity Interests in, the Debtors shall be satisfied and released in full.*

*Except as otherwise expressly provided for in the Plan or in obligations issued under the Plan, all Persons and Entities are permanently enjoined, on and after the Effective Date, on account of any Claim or Equity Interest satisfied and released under the Plan or Confirmation Order, from:*

- *commencing or continuing in any manner any action or other proceeding of any kind against any Debtor, the Creditors' Committee, the Reorganizing Debtors, the Responsible Person, the Liquidating Trust, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Parent, their successors and assigns, and their assets and properties;*

- *enforcing, attaching, collecting or recovering by any manner or means any judgment, award, decree or order against any Debtor, the Creditors' Committee, the Reorganizing Debtors, the Responsible Person, the Liquidating Trust, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Parent, their successors and assigns, and their assets and properties;*

- *creating, perfecting or enforcing any encumbrance of any kind against any Debtor, or the property or estate of any Debtor, the Creditors' Committee, the Liquidating Trust, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, or the Parent;*

- *commencing or taking any enforcement action against any assets of the Parent;*

- *commencing or continuing in any manner any action or other proceeding of any kind in respect of any Claim or Equity Interest or Cause of Action released or settled hereunder; and*

- *taking any action inconsistent with Article IX of the Plan.*

*For the avoidance of doubt, nothing contained in this section 6 shall enjoin any Entity or Person from pursuing its Claim in the Chapter 11 Cases and receiving Distributions (to the extent such Entity or Person is entitled to a Distribution) or such other treatment afforded to such Claim under the Plan on account thereof.*

*Restrictions on Actions Against Go Forward Companies with Respect to Guarantees*

*Upon the Effective Date, except to the extent otherwise provided herein, the Holders of MRA Affected Debt Claims shall not make any demand under, bring any claim, or take (or vote in favor of) any Enforcement Action (as defined in the Master Restructuring Agreement) in any jurisdiction whatsoever in respect of any*

*guarantee granted by any Go Forward Company in a manner inconsistent with the amendments to the terms of the principal obligations owed to such Holders under the applicable debt instruments pursuant to the terms of the Master Restructuring Agreement or support any person in taking such action. If a decision to enforce a guarantee or to take any action or to pursue a demand or claim in respect of a guarantee granted by a Go Forward Company needs the approval of a majority of creditors, each Holder of an MRA Affected Debt Claim entitled to vote in respect of such decision shall cast a valid vote against such enforcement and/or action if such enforcement and/or action is inconsistent with the amendments to the terms of the principal obligations owed to such Holder pursuant to the terms of the Master Restructuring Agreement.*

7. **Releases**

*Releases by the Debtors and their Estates. Notwithstanding anything contained in the Plan to the contrary, as of the Effective Date, and to the fullest extent permitted by applicable law, the adequacy of which is hereby confirmed, for the good and valuable consideration provided by each of the Released Parties, each of the Debtors, the Estates, the Parent, and each of the Debtors', Estates', and Parent's current and former affiliates and Representatives (collectively, the "Debtor Releasing Parties") shall be deemed to have provided a full, complete, unconditional, and irrevocable release to the Released Parties (and each such Released Party so released shall be deemed released by the Debtor Releasing Parties, and the Creditors' Committee and its members but solely in their capacity as members of the Creditors' Committee and not in their individual capacities), from any and all Causes of Action and any other debts, obligations, rights, suits, judgments, damages, actions, remedies and liabilities whatsoever, whether accrued or unaccrued, whether known or unknown, foreseen or unforeseen, existing before the Effective Date, as of the Effective Date or arising thereafter, in law, at equity, whether for tort, contract, violations of statutes (including but not limited to the federal or state securities laws), or otherwise, based in whole or in part upon any act or omission, transaction, or other occurrence or circumstances existing or taking place prior to or on the Effective Date arising from or related in any way to the Debtors, including, without limitation, those that any of the Debtors would have been legally entitled to assert or that any Holder of a Claim or Equity Interest or other Entity would have been legally entitled to assert for or on behalf of any of the Debtors or the Estates, including those in any way related to the Chapter 11 Cases, the Plan, the Debtors' restructuring, the Master Restructuring Agreement and the transactions contemplated therein and herein, the Plan Supplement, the Disclosure Statement, and any related agreements, instruments or documents; provided, however, that the foregoing release shall not prohibit the Responsible Person or Liquidating Trust from asserting any and all defenses and counterclaims in respect of any Disputed Claim asserted by any Released Parties; provided further that the Released Parties shall not be released from any act or omission that constitutes actual fraud, gross negligence, willful misconduct, or a criminal act as determined by a Final Order.*

*Releases by Holders of Claims. Except as otherwise provided in Article IX.B of the Plan, each Person, other than any of the Debtors, who votes to accept the Plan and does not mark such ballot to indicate their refusal to grant the release provided for in this paragraph, to the fullest extent permitted by applicable law, the adequacy of which is hereby confirmed, shall be deemed to fully, completely, unconditionally, irrevocably, and forever release the Released Parties of and from any and all Causes of Action and any other debts, obligations, rights, suits, judgments, damages, actions, remedies and liabilities whatsoever, whether accrued or unaccrued, whether known or unknown, foreseen or unforeseen, existing before the Effective Date, as of the Effective Date or arising thereafter, in law, at equity, whether for tort, contract, violations of statutes (including but not limited to the federal or state securities laws), or otherwise, based in whole or in part upon any act or omission, transaction, or other occurrence or circumstances existing or taking place prior to or on the Effective Date arising from or related in any way to the Debtors, including, without limitation, those that any Holder of a Claim would have been legally entitled to assert or that any Released Party or other Entity would have been legally entitled to assert for or on behalf of any Holders of a Claim, including those in any way related to the Chapter 11 Cases, the Plan, the Debtors' restructuring, the Master Restructuring Agreement and the transactions contemplated therein or herein, the Plan Supplement, the Disclosure Statement, and any related agreements, instruments or documents, provided further that the Released Parties shall not be released from any act or omission that constitutes actual fraud, gross negligence, willful misconduct, or a criminal act as determined by a Final Order. For the avoidance of doubt, nothing contained in this section shall release a Claim of any Entity or Person against any of the Debtors in the Chapter 11 Cases or preclude such Party or Entity entitled to receive a Distribution or other treatment afforded to such Claim under the Plan from receiving such Distribution or other such treatment.*

***Entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the releases set forth in Article IX.B of the Plan pursuant to Bankruptcy Rule 9019 and its finding that they are: (a) in exchange for good and valuable consideration, representing a good faith settlement and compromise of the Claims and Causes of Action released by the Plan; (b) in the best interests of the Debtors and all Holders of Claims and Equity Interests; (c) fair, equitable and reasonable; (d) approved after due notice and opportunity for hearing; and (e) a bar to the assertion of any Claim or Cause of Action thereby released.***

The Debtors believe the non-debtor releases proposed under section IX.B.2 of the Plan are reasonable and appropriate under existing legal precedent. In *In re Continental Airlines*, the Third Circuit explained that non-debtor releases are permissible when they are fair and necessary to a plan of reorganization. *In re Continental Airlines,* 203 F.3d 203, 215 (3d Cir. 2000). The Debtors believe the non-debtor releases proposed under the Plan are fair and necessary and therefore meet the Third Circuit, as well as other applicable, legal standards. Many of the released parties have indemnification rights against the Debtors and Reorganized Debtors that may constitute valid administrative expense obligations.[26] Thus, in the absence of a release of these Persons, the Debtors will be required to create a significant reserve of funds to satisfy future liabilities of these types.

### 8. Exculpation and Limitation of Liability

***Notwithstanding anything contained in the Plan to the contrary, the Debtors, the Debtors' officers, managers, directors, employees, and Professionals, the Creditors' Committee, the Creditors' Committee's members (solely in their capacity as members), and the Creditors' Committee's Professionals shall neither have nor incur any liability to any Entity for any act or omission arising after the Petition Date and through the Effective Date, in connection with, or related to, formulating, negotiating, preparing, disseminating, implementing, administering, confirming or consummating the Plan, the Disclosure Statement, or any other contract, instrument, release, other agreement or document created or entered into in connection with the Plan, or any other post-petition act taken or omitted to be taken in connection with the Chapter 11 Cases; provided, however, that the foregoing provisions of Article IX.C of the Plan shall have no effect on the liability of any Entity that results from any such act or omission that is determined in a Final Order to have constituted actual fraud, gross negligence, willful misconduct, or criminal act. Nothing in the foregoing exculpation and limitation of liability will (1) be construed as a release of any entity's fraud, gross negligence or willful misconduct with respect to any of the foregoing acts or omissions, (2) limit the liability of attorneys for the Debtors, the Reorganized Debtors, the Creditors' Committee and their members and the Liquidating Trustees to their respective clients under the Code of Professional Responsibility or (3) limit or abrogate the obligations of the Debtors.***

### 9. Release and Retention of Causes of Action / Reservation of Rights

#### *a.* Vesting of Causes of Action

Except as otherwise provided in the Plan or Confirmation Order, in accordance with section 1123(b)(3) of the Bankruptcy Code, any Causes of Action that the Debtors and the Estates may hold against any Entity shall remain with the Debtors and the Estates on and after the Effective Date.

Except as otherwise provided in the Plan or Confirmation Order, after the Effective Date, the Responsible Person or the Liquidating Trustee, as applicable, shall have the exclusive right to institute, prosecute, abandon, settle or compromise any Causes of Action that were held by the Debtors and the Estates, in its sole discretion and without further order of the Bankruptcy Court, in any court or other tribunal, including, without limitation, in an adversary proceeding filed in one or more of the Chapter 11 Cases.

#### *b.* Preservation of All Causes of Action Not Expressly Settled or Released

Unless a Cause of Action against a Holder or other Entity is expressly waived, relinquished, released, compromised or settled in the Plan or any Final Order (including the Confirmation Order) of the Bankruptcy Court, the Debtors and their Estates expressly reserve such Cause of Action for later adjudication or administration by the

[26] The indemnification provision contained in Article IV.U of the Plan, however, carves out those acts that arise out of intentional fraud, willful misconduct or gross negligence.

Responsible Person or the Liquidating Trustee, as applicable, (including, without limitation, Causes of Action not specifically identified or described in the Plan or elsewhere or of which the Debtors may presently be unaware or which may arise or exist by reason of additional facts or circumstances unknown to the Debtors at this time or facts or circumstances which may change or be different from those the Debtors now believe to exist) and, therefore, no preclusion doctrine, including, without limitation, the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, waiver, estoppel (judicial, equitable or otherwise) or laches shall apply to such Causes of Action upon or after the entry of the Confirmation Order or Effective Date based on the Disclosure Statement, Plan or Confirmation Order, except where such Causes of Action have been released in the Plan (including, without limitation, and for the avoidance of doubt, the releases contained in Article IX of the Plan or any Final Order (including the Confirmation Order). In addition, the Debtors and their Estates expressly reserve the right of the Responsible Person or the Liquidation Trustee (as applicable) to pursue or adopt any claims alleged in any lawsuit in which the Debtors are a defendant or an interested party, against any Entity, including, without limitation, the plaintiffs, or co-defendants in such lawsuits.

Subject to the immediately preceding paragraph, any Entity to whom the Debtors have incurred an obligation (whether on account of services, purchase or sale of goods or otherwise), or who has received services from the Debtors or a transfer of money or property of the Debtors, or who has transacted business with the Debtors, or leased equipment or property from the Debtors should assume that any such obligation, transfer, or transaction may be reviewed by the Responsible Person subsequent to the Effective Date and may be the subject of an action after the Effective Date, regardless of whether: (i) such Entity has filed a proof of Claim against the Debtors in the Chapter 11 Cases; (ii) the Debtors have objected to any such Entity's proof of Claim; (iii) any such Entity's Claim was included in the Schedules; (iv) the Debtors have objected to any such Entity's scheduled Claim; or (v) any such Entity's scheduled Claim has been identified by the Debtors as disputed, contingent or unliquidated.

#### 10. Release of Liens

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement or document created pursuant to the Plan, on the Effective Date, all mortgages, deeds of trust, Liens, pledges or other security interests against property of the Estates distributed under the Plan shall be fully released and discharged and all of the right, title and interest of any holder of such mortgages, deeds of trust, Liens, pledges or other security interest shall revert to the Debtors.

## ARTICLE V.

## CONFIRMATION OF THE PLAN

### A. Solicitation and Voting Procedures

On October 31, 2016, the Bankruptcy Court entered the Solicitation Procedures Order [D.I. 746]. For purposes of this Article V, capitalized terms used but not defined herein shall have the meaning ascribed to such terms in the Solicitation Procedures Order. The procedures and instructions for voting on the Plan are set forth in the exhibits annexed to the Solicitation Procedures Order. **The Solicitation Procedures Order is incorporated herein by reference and should be read in conjunction with this Disclosure Statement and in formulating a decision to vote to accept or reject the Plan.** Capitalized terms not otherwise defined in this section or in the Plan or Master Restructuring Agreement, shall have the meanings ascribed to such terms in the Solicitation Procedures Order.

**THE FOREGOING DISCUSSION OF THE SOLICITATION AND VOTING PROCEDURES IS ONLY A SUMMARY. PLEASE REFER TO THE SOLICITATION PROCEDURES ORDER [D.I. 746] FOR A MORE COMPREHENSIVE DESCRIPTION OF THE SOLICITATION AND VOTING PROCESS.**

#### 1. Solicitation Packages

Pursuant to the Solicitation Procedures Order, Holders of Claims who are eligible to vote to accept or reject the Plan will receive appropriate solicitation materials (the "General Solicitation Package"), including:

- a copy of the Solicitation Procedures Order (without exhibits);

- the Confirmation Hearing Notice;
- a cover letter, describing the contents of the General Solicitation Package and urging the Holders of Claims in each of the Voting Classes to vote to accept the Plan;
- an appropriate form of Ballot for Holders of Claims, unless otherwise provided herein with respect to Master Ballots and Beneficial Ballots;
- the approved Disclosure Statement (with all exhibits attached thereto, including the Plan and the exhibits attached thereto); and
- any supplemental documents the Debtors file with the Bankruptcy Court and any documents that the Bankruptcy Court orders to be made available.

The General Solicitation Packages will provide the Disclosure Statement and Plan in electronic format (i.e., CDROM or flash drive) and all other contents of the General Solicitation Packages, including Ballots and Master Ballots, in paper format. Any Holder of a Claim or Equity Interest may obtain, at no charge, a paper copy of the documents otherwise provided by (a) accessing Prime Clerk's website at https://cases.primeclerk.com/Abeinsa/, (b) writing to Prime Clerk, via first-class or overnight mail, at Abeinsa Ballot Processing, c/o Prime Clerk LLC, 830 Third Avenue, 3rd Floor, New York, New York 10022, (c) calling Prime Clerk at 855-650-7243 within the United States or Canada or, or (d) e-mailing abeinsaballots@primeclerk.com.

2. **Voting Rights**

**Classes Entitled to Vote.** Under the provisions of the Bankruptcy Code, not all Holders of Claims against, or Equity Interests in, a debtor are entitled to vote on a chapter 11 plan. The following Classes (the "Voting Classes") for each Debtor, as applicable, are the only Classes entitled to vote to accept or reject the Plan. The Holders of Claims in the Voting Classes are Impaired under the Plan and may, in certain circumstances, receive a distribution under the Plan. Accordingly, Holders of Claims in the Voting Classes have the right to vote to accept or reject the Plan. If your Claim or Equity Interest is not included in one of these Classes, you are not entitled to vote and you will not receive a General Solicitation Package. Each Holder entitled to vote on the Plan and each of the Voting Classes will vote separately on each Plan of Reorganization and Plan of Liquidation. Each of the Voting Classes will have accepted the Plan if: (1) the Holders of at least two-thirds in dollar amount of the Allowed Claims actually voting in each Class for each Debtor, as applicable, have voted to accept the Plan; and (2) the Holders of more than one half in number of the Allowed Claims actually voting in each Class for each Debtor, as applicable, have voted to accept the Plan. Additionally, if Prime Clerk receives no votes to accept or reject the Plan with respect to any particular Class of Claims, that Class will be deemed to have voted to accept the Plan.

Any creditor in an Impaired Class (1) whose Claim has been listed by the Debtors in the Schedules filed with the Bankruptcy Court (provided that such Claim has not been scheduled as contingent, unliquidated or disputed) or (2) who filed a proof of claim on or before the General Bar Date or any proof of claim filed within any other applicable period of limitations or with leave of the Bankruptcy Court, which Claim is not the subject of an objection and has been estimated for voting purposes pursuant to an order of the Bankruptcy Court, is entitled to vote on the Plan. For a discussion of the procedures with respect to the solicitation and tabulation of votes to accept or reject the Plan, see the Solicitation Procedures Order, attached to this Disclosure Statement as Exhibit B.

| CLASS | DEBTOR GROUP | CLAIM / INTEREST | STATUS UNDER PLAN | VOTING RIGHTS |
|---|---|---|---|---|
| 3A | EPC Reorganizing | MRA Affected Debt Claims | Impaired | Entitled to Vote |
| 3B | EPC Reorganizing | US Debt Claims | Impaired | Entitled to Vote |
| 4 | EPC Reorganizing | General Unsecured Claims | Impaired | Entitled to Vote |
| 5 | EPC Reorganizing | Litigation Claims | Impaired | Entitled to Vote |
| 6 | EPC Reorganizing | Debt Bonding Claims | Impaired | Entitled to Vote |
| 3 | Solar Reorganizing | US Debt Claims | Impaired | Entitled to Vote |

| | | | | |
|---|---|---|---|---|
| 4 | Solar Reorganizing | General Unsecured Claims | Impaired | Entitled to Vote |

| 3 | Bioenergy and Maple Liquidating | General Unsecured Claims | Impaired | Entitled to Vote |
| 3A | Bioenergy and Maple Liquidating | US Debt Claims | Impaired | Entitled to Vote |

**Classes Not Entitled to Vote.** Under the Bankruptcy Code, Holders of Claims or Equity Interests are not entitled to vote if such Claims or Interests are Unimpaired under the Plan, Impaired by are deemed to accept, or if they will receive no distribution of property under the Plan. Based on this standard, the following Classes of Claims and Equity Interest for each Debtor, as applicable, will not be entitled to vote on the Plan and the Holders of such Claims will **not** be solicited to vote on the Plan.

| CLASS | DEBTOR GROUP | CLAIM / INTEREST | STATUS UNDER PLAN | VOTING RIGHTS |
|---|---|---|---|---|
| 1 | EPC Reorganizing | Secured Claims | Unimpaired | Deemed to Accept |
| 2A | EPC Reorganizing | Priority Tax Claims | Unimpaired | Deemed to Accept |
| 2B | EPC Reorganizing | Other Priority Claims | Unimpaired | Deemed to Accept |
| 7A | EPC Reorganizing | Intercompany Claims by Non-Debtor Affiliates | Impaired | Deemed to Accept |
| 7B | EPC Reorganizing | Intercompany Claims by Debtor Affiliates | Impaired | Deemed to Reject |

| 4 | Bioenergy and Maple Liquidating | Intercompany Claims | Impaired | Deemed to Reject |
| 5 | Bioenergy and Maple Liquidating | Equity Interests | Impaired | Deemed to Reject |

Additionally, the Solicitation Procedures Order provides that certain Holders of Claims in the Voting Classes, such as those Holders whose Claims have been disallowed or are subject to a pending objection, are not entitled to vote to accept or reject the Plan.

Except as otherwise provided for in the Solicitation Procedures Order, any Class of Claims that does not have a Holder of an Allowed Claim or Equity Interest or a Claim or Equity Interest temporarily allowed by the Bankruptcy Court as of the date of the Confirmation Hearing shall be deemed eliminated from the Plan for purposes of voting to accept or reject the Plan and for purposes of determining acceptance or rejection of the Plan by such Class pursuant to Section 1129(a)(8) of the Bankruptcy Code.

A vote may be disregarded if the Bankruptcy Court determines, after notice and a hearing, that acceptance or rejection was not solicited or procured in good faith or in accordance with the provisions of the Bankruptcy Code.

The deadline for the Debtors file a motion under Bankruptcy Rule 3018(a) for voting purposes (a "**3018 Motion**") or objections to claims is November 15, 2016 at 4:00 p.m. (prevailing Eastern Time). The deadline for creditors to respond to a 3018 Motion or objections to claims filed by the Debtors is November 22, 2016 at 4:00 p.m. (prevailing Eastern Time). The deadline for a creditor to file a 3018 Motion seeking an order temporarily allowing its claim in a different amount or classification for purposes of voting to accept or reject the Plan is November 22, 2016. The deadline for the Debtors to respond to a 3018 Motion filed by a creditor is November 29, 2016. All 3018 Motions and claims objections filed by the Debtors in accordance with the Solicitation Procedures Order will be heard at the Confirmation Hearing.

### 3. Voting Procedures

**The Voting Record Date is the date that of ACIL Guarantee Creditors' Meeting.** The Solicitation Procedures Order established Voting Record Date for purposes of determining, among other things, which Holders of Claims are eligible to vote on the Plan and whether Claims have been properly assigned or transferred under Bankruptcy Rule 3001(e) such that an assignee can vote as the Holder of a Claim.

**The Voting Deadline is November 29, 2016 at 4:00 p.m. (prevailing Eastern Time).** The Solicitation Procedures Order also established the Voting Deadline as the deadline for submitting Ballots and Master Ballots, as applicable. To have votes to accept or reject the Plan counted, every registered Holder of a Claim, or such Holder's Voting Nominee, must properly execute, complete, and deliver the Ballot or Master Ballot (as applicable) by (i) first-class mail, (ii) overnight courier, (iii) personal delivery, or (iv) electronically via the E-Ballot system or via e-mail solely with respect to the Master Ballots, as described below, in each case so that Prime Clerk **actually receives** the Ballot or Master Ballot (as applicable) no later than the Voting Deadline. Holders of Claims, or their Voting Nominees, should send their Ballots to Prime Clerk on or before the Voting Deadline, as indicated in below. Delivery of a Ballot to Prime Clerk by facsimile will render the corresponding vote invalid. If a Holder received a reply envelope addressed to its Voting Nominee, such Holder should allow sufficient time for its Voting Nominee to receive, process and submit its vote on a Master Ballot that must be actually received by Prime Clerk by the Voting Deadline. It is important to follow the specific instructions provided on each Ballot or Master Ballot. Except as provided in the Solicitation Procedures Order or your relevant Ballot, Ballots and Master Ballots should be sent to:

By first class mail, overnight courier or hand delivery:

**Abeinsa Ballot Processing**
**c/o Prime Clerk LLC**
**830 Third Avenue, 3rd Floor**
**New York, New York 10022**

By e-mail (**for Master Ballots only**):

**abeinsaballots@primeclerk.com**

By electronic, online submission:

Please visit https://cases.primeclerk.com/Abeinsa/. Click on the "E-Ballot" section of the Debtors' website and follow the directions to submit your E-Ballot. If you choose to submit your Ballot via Prime Clerk's E-Ballot system, you should not also return a hard copy of your Ballot.

**IMPORTANT NOTE: You will need the following information to retrieve and submit your customized E-Ballot:**

**Unique E-Ballot ID#:**

_____

Ballots submitted by facsimile will not be counted.

4. **Ballots and Master Ballots Not Counted**

Except as otherwise provided by the Solicitation Procedures Order, no Ballot or Master Ballot will be counted toward Confirmation if, among other things: (i) it is illegible or contains insufficient information to permit the identification of the Holder of the Claim; (ii) it was transmitted by facsimile; (iii) it was cast by an entity that is not entitled to vote on the Plan; (iv) it was cast for a Claim listed in the Schedules as contingent, unliquidated, or disputed for which the applicable bar date has passed and no proof of claim was timely filed; (v) it was cast for a Claim that is subject to an objection pending as of the Voting Record Date (unless temporarily allowed in accordance with the Solicitation Procedures Order); (vi) it was sent to the Debtors, the Debtors' agents (other than Prime Clerk), the Debtors' financial or legal advisors, the Creditors' Committee, or the Creditors' Committee's advisors; (vii) it is unsigned, except with respect to Ballots submitted electronically, in accordance with the procedures set forth in the Solicitation Procedures Order; (viii) it is not clearly marked to either accept or reject the Plan or it is marked both to accept and reject the Plan; or (ix) it is not received by Prime Clerk before the Voting Deadline.

**IF YOU HAVE ANY QUESTIONS ABOUT THE SOLICITATION OR VOTING PROCESS, PLEASE CONTACT PRIME CLERK TOLL-FREE AT 1-855-650-7243 WITHIN THE UNITED STATES OR CANADA OR, OUTSIDE OF THE UNITED STATES OR CANADA, BY CALLING +1-917-77-5964 OR E-MAIL ABEINSABALLOTS@PRIMECLERK.COM. ANY BALLOT OR MASTER BALLOT RECEIVED AFTER THE VOTING DEADLINE OR OTHERWISE NOT IN COMPLIANCE WITH THE SOLICITATION PROCEDURES ORDER WILL NOT BE COUNTED.**

**B. The Confirmation Hearing**

Before the Debtors may implement the Plan, the Bankruptcy Code requires that the Bankruptcy Court, after notice, hold a confirmation hearing with respect to the Plan if the required majorities have approved after solicitation. The Confirmation Hearing in respect of the Plan has been scheduled to commence on **December 6, 2016 at 10:00 a.m. (prevailing Eastern Time)** before the Honorable Kevin J. Carey, United States Bankruptcy

Judge, in the United States Bankruptcy Court for the District of Delaware, Courtroom 5, Fifth Floor, 824 North Market Street, Wilmington, Delaware 19801. The Confirmation Hearing may be adjourned from time to time by the Debtors without further notice except for an announcement of the adjourned date made at the Confirmation Hearing. Any objection to confirmation must be made in writing and specify in detail the name and address of the objector, all grounds for the objection and the amount and description of the Claim and/or Equity Interest held by the objector. Any such objection must be filed with the Bankruptcy Court and served in accordance with the Solicitation Procedures Order on or before November 29, 2016 at 4:00 p.m. (prevailing Eastern Time). Objections to confirmation of the Plan are governed by Bankruptcy Rule 9014.

### C. Confirmation

Notwithstanding the fact that the Plan is a single document, the Plan constitutes four (4) separate plans – two plans of liquidation and two plans of reorganization – under the Bankruptcy Code. Subject to the satisfaction or waiver of the conditions set forth in Article VIII of the Plan, the Debtors may choose to confirm and consummate all or less than all of such plans of reorganization without any further amendment of the Plan.

At the confirmation hearing, the Bankruptcy Court will confirm the Plan only if all of the requirements of section 1129 of the Bankruptcy Code are satisfied. Among the requirements for confirmation of a plan are that the plan is:

- accepted by all impaired classes of claims and equity interests or, if rejected by an impaired class, that the plan "does not discriminate unfairly" and is "fair and equitable" as to such class;
- feasible; and
- in the "best interests" of creditors and stockholders that are impaired under the plan.

#### 1. Acceptance

Acceptance of the Plan need only be solicited from holders of Claims whose Claims belong to a Class that is impaired and not deemed to have accepted or rejected the Plan. For a discussion on voting and voting procedures, see Sections Article I.A and Article I.B, entitled "Holders of Claims Entitled to Vote" and "Voting Procedures," respectively.

If any impaired Class of Claims entitled to vote does not accept the Plan by the requisite statutory majority provided in sections 1126(c) and (d) of the Bankruptcy Code, the Debtors reserve the right to amend the Plan in accordance with section 1127 of the Bankruptcy Code or to seek Bankruptcy Court confirmation of the Plan under section 1129(b) of the Bankruptcy Code (a procedure known as "cram down"), or both. The determination as to whether to seek confirmation of the Plan under such circumstances will be announced before or at the Confirmation Hearing. With respect to Impaired Classes of Claims that are deemed to reject the Plan, the Debtors will request that the Bankruptcy Court confirm the Plan under section 1129(b) of the Bankruptcy Code. See Section Article V.C.3, entitled "Cram Down."

#### 2. Confirmation Standards

##### *a.* Overview

At the Confirmation Hearing, the Bankruptcy Court will determine whether the requirements of section 1129(a) of the Bankruptcy Code have been satisfied with respect to the Plan. Confirmation of a plan under section 1129(a) of the Bankruptcy Code requires, among other things, that:

- the plan complies with the applicable provisions of the Bankruptcy Code;
- the proponent of the plan has complied with the applicable provisions of the Bankruptcy Code;
- the plan has been proposed in good faith and not by any means forbidden by law;

- any payment made or to be made by the proponent under the plan for services or for costs and expenses in, or in connection with, the chapter 11 case, or in connection with the plan and incident to the case, has been approved by, or is subject to the approval of, the bankruptcy court as reasonable;

- the proponent has disclosed the identity and affiliations of any individual proposed to serve, after confirmation of the plan, as a director, officer, or voting trustee of the debtor, an affiliate of the debtor participating in the plan with the debtor, or a successor to the debtor under the plan. The appointment to, or continuance in, such office of such individual, must be consistent with the interests of creditors and equity security holders and with public policy, and the proponent must have disclosed the identity of any insider that the reorganized debtor will employ or retain and the nature of any compensation for such insider;

- with respect to each impaired class of claims or interests, either each Holder of a claim or interest of such class has accepted the plan, or will receive or retain under the plan on account of such claim or interest, property of a value, as of the effective date of the plan, that is not less than the amount that such Holder would receive or retain if the debtor were liquidated on such date under chapter 7 of the Bankruptcy Code;

- each class of claims or interests has either accepted the plan or is not impaired under the plan;

- except to the extent that the Holder of a particular claim has agreed to a different treatment of such claim, the plan provides that allowed administrative expenses and priority claims (other than priority tax claims) will be paid in full on the Effective Date (except that if a class of priority claims has voted to accept the plan, Holders of such claims may receive deferred cash payments of a value, as of the effective date of the plan, equal to the allowed amounts of such claims) and that Holders of priority tax claims may receive on account of such claims deferred cash payments, over a period not exceeding six years after the date of assessment of such claims, of a value, as of the effective date, equal to the allowed amount of such claims;

- if a class of claims is impaired, at least one impaired class of claims has accepted the plan, determined without including any acceptance of the plan by any insider holding a claim in such class; and

- confirmation of the plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the debtor or any successor to the debtor under the plan, unless such liquidation or reorganization is proposed in the plan.

- Subject to receiving the requisite votes in accordance with section 1129(a)(8) of the Bankruptcy Code and the "cram down" of Classes not receiving any distribution under the Plan, the Debtors believe that:

- the Plan satisfies all of the statutory requirements of chapter 11 of the Bankruptcy Code;

- the Debtors have complied or will have complied with all of the requirements of chapter 11 of the Bankruptcy Code; and

- the Plan has been proposed in good faith.

Set forth below is a more detailed summary of the relevant statutory confirmation requirements.

***b.*** **Best Interests of Holders of Claims and Interests**

The "best interests" standard requires that the Bankruptcy Court find either:

- that all members of each Impaired Class have accepted the Plan; or

- that each Holder of an Allowed Claim or Equity Interest of each Impaired Class of Claims will receive or retain on account of such Claim or Equity Interest, property of a value, as of the Effective Date of

the Plan, that is not less than the amount that such Holder would so receive or retain if the Debtors were liquidated under chapter 7 of the Bankruptcy Code on such date.

The first step in ascertaining whether the Debtors meet this standard is to determine the dollar amount that would be generated from the liquidation of the Debtors' assets and properties in a chapter 7 liquidation case. The gross amount of cash available in such a liquidation would be the sum of the proceeds from the disposition of the Debtors' assets and the cash held by the Debtors at the time of the commencement of the chapter 7 case. This gross amount would be reduced by the amount of any Allowed Claims secured by such assets, the costs and expenses of the liquidation, and such additional administrative expenses and priority claims that may result from the liquidation of the Debtors' business and the use of chapter 7 for the purposes of liquidation. Any remaining net cash would be allocated to creditors and shareholders in strict accordance with the order of priority of claims contained in section 726 of the Bankruptcy Code.

As discussed in the Debtors' Liquidation Analysis attached to this Disclosure Statement as Exhibit C, the Debtors have determined that confirmation of the Plan will provide each creditor and interest holder with a recovery that is not less than it would receive pursuant to a liquidation of the Debtors under chapter 7 of the Bankruptcy Code. See Exhibit C for a further discussion of how the Plan satisfies the "best interests" test.

#### *c.* Financial Feasibility

Section 1129(a)(11) of the Bankruptcy Code requires that confirmation is not likely to be followed by the liquidation or the need for further financial reorganization of the Debtors or any successor to the Debtors unless such liquidation or reorganization is proposed in the Plan.

The Plan complies with this requirement assuming that the Debtors operate the projects associated with the Go Forward Chapter 11 Companies. Abengoa has agreed to provide the New Value Contribution. As a result, as of the Effective Date, the Debtors believe they will have sufficient funds to satisfy Claims pursuant to the treatment set forth in the Plan as well as to implement the Plan.

### 3. Cram Down

**The Debtors intend to seek to cram down the Plan on any Class of Claims in Impaired Classes that vote against or are deemed to reject the Plan.**

The Bankruptcy Code contains provisions for confirmation of a plan even if the plan is not accepted by all impaired classes, as long as at least one impaired class of claims has accepted the plan. The "cram down" provisions of the Bankruptcy Code are set forth in section 1129(b) of the Bankruptcy Code.

Under the "cram down" provisions, on the request of a plan proponent the bankruptcy court will confirm a plan despite the lack of acceptance by an impaired class or classes if the bankruptcy court finds that:

- the plan does not discriminate unfairly with respect to each non-accepting impaired class;
- the plan is fair and equitable with respect to each non-accepting impaired class; and
- at least one impaired class has accepted the plan.

These standards ensure that Holders of junior interests, such as common stockholders, cannot retain any interest in the debtor under a plan of reorganization that has been rejected by a senior impaired class of claims or interests unless the claims or interests in that senior impaired class are paid in full.

As used by the Bankruptcy Code, the phrases "discriminate unfairly" and "fair and equitable" have narrow and specific meanings unique to bankruptcy law. A plan does not discriminate unfairly if claims or interests in different classes but with similar priorities and characteristics receive or retain property of similar value under a plan. By establishing separate Classes for the Holders of each type of Claim or Equity Interest and by treating each Holder of a Claim or Equity Interest in each Class similarly, the Plan has been structured in order to satisfy the "unfair discrimination" test of section 1129(b) of the Bankruptcy Code.

The Bankruptcy Code sets forth different standards for establishing that a plan is "fair and equitable" with respect to a dissenting class, depending on whether the class is comprised of secured claims, unsecured claims. In general, section 1129(b) of the Bankruptcy Code permits confirmation of a plan despite non-acceptance by an impaired class if that class and all junior classes are treated in accordance with the "absolute priority" rule. This rule requires that the dissenting class be paid in full before a junior class may receive anything under the plan. The Bankruptcy Code establishes "cram down" tests for secured creditors, unsecured creditors and equity holders as follows:

- Secured Creditors. Either: (1) each impaired secured creditor retains its liens securing its secured claim and receives on account of its secured claim deferred cash payments having a present value equal to the amount of its allowed secured claim; (2) each impaired secured creditor realizes the "indubitable equivalent" of its allowed secured claim; or (3) the property securing the claim is sold free and clear of liens with such liens to attach to the proceeds of the sale and the treatment of such liens on proceeds to be as described in clauses (1) and (2) above.

- Unsecured Creditors. Either: (1) each impaired unsecured creditor receives or retains under the plan property of a value equal to the amount of its allowed claim; or (2) the holders of claims and interests that are junior to the claims of the dissenting class will not receive any property under the plan.

- Equity Interests. Either: (1) each holder of an equity interest will receive or retain under the plan property of a value equal to the greater of the fixed liquidation preference to which such holder is entitled, or the fixed redemption price to which such Holder is entitled or the value of the interest; or (2) the holder of an interest that is junior to the nonaccepting class will not receive or retain any property under the plan.

**In addition, the Bankruptcy Code requires that a debtor demonstrate that no class senior to a non-accepting impaired class will receive more than payment in full on its claims.**

If all of the applicable requirements for confirmation of the Plan are satisfied as set forth in sections 1129(a)(1) through (13) of the Bankruptcy Code, except that one or more Classes of Impaired Claims have failed to accept the Plan under section 1129(a)(8) of the Bankruptcy Code, the Debtors will request that the Bankruptcy Court confirm the Plan under the "cram down" procedures in accordance with section 1129(b) of the Bankruptcy Code. The Debtors believe that the Plan satisfies the "cram down" requirements of the Bankruptcy Code, but there can be no assurance that the Bankruptcy Court will determine that the Plan meets the requirements of section 1129(b) of the Bankruptcy Code or that at least one Impaired Class of Claims will vote to accept the Plan, as required for confirmation of a Plan under the "cram down" procedures. The Debtors have retained the right to exclude one or more Debtors or Debtor groups from the Plan, which they may choose to do in the event that they are unable to "cram down" a dissenting Class.

### D. Consummation

The Plan will become effective and be consummated on the Effective Date. As used in this Disclosure Statement, the "Effective Date" means the first Business Day on or after the Confirmation Date specified by the Debtors on which the conditions precedent to the effectiveness of the Plan, as set forth in Section VII of the Plan, have been satisfied or waived pursuant to Section VIII.B of the Plan. For a more detailed discussion of the conditions precedent to the Plan and the consequences of the failure to meet these conditions, see Section IV, entitled "The Plan."

From and after the occurrence of the Effective Date, the Plan will be implemented pursuant to its terms, consistent with the provisions of the Bankruptcy Code.

## ARTICLE VI.

## RISK FACTORS

**Before voting to accept or reject the Plan, Holders of Claims against the Debtors should read and consider carefully the following risk factors and the other information in this Disclosure Statement, the Plan**

**and the other documents delivered with or incorporated by reference in this Disclosure Statement and the Plan. These risk factors should not, however, be regarded as constituting the only risks involved in connection with the Plan, its implementation, or the Debtors' businesses and operations following the Effective Date.**

### A. Risk Factors Relating to the Chapter 11 Cases

The occurrence or non-occurrence of any or all of the following contingencies, and any others, could affect distributions available to Holders of Allowed Claims under the Plan but will not necessarily affect the validity of the vote of the Impaired Classes to accept or reject the Plan or necessarily require a re-solicitation of the votes of Holders of Claims in such Impaired Classes. If the Plan is not consummated, any settlement, compromise, or release embodied in the Plan (including the fixing or limiting to an amount certain any Claim or Class of Claims), the assumption or rejection of executory contracts or unexpired leases affected by the Plan, and any document or agreement executed pursuant to the Plan, shall be null and void.

#### 1. Parties in Interest May Object to the Plan's Classification of Claims and Interests

Section 1122 of the Bankruptcy Code provides that a plan may place a claim or an equity interest in a particular class only if such claim or equity interest is substantially similar to the other claims in such class. The Debtors believe that the classification of the Claims and Equity Interests under the Plan complies with the requirements set forth in the Bankruptcy Code because the Debtors created Classes of Claims and Equity Interests, each encompassing Claims and Equity Interests that are substantially similar to the other Claims and Equity Interests in each such Class. Nevertheless, there can be no assurance that the Bankruptcy Court will reach the same conclusion.

#### 2. Failure to Satisfy Vote Requirements

If votes are received in number and amount sufficient to enable the Bankruptcy Court to confirm the Plan, the Debtors intend to seek, as promptly as practicable thereafter, confirmation of the Plan. In the event that sufficient votes are not received, the Debtors may seek to confirm an alternative chapter 11 plan. There can be no assurance that the terms of any such alternative chapter 11 plan would be similar or as favorable to the Holders of Allowed Claims and Allowed Equity Interests as those proposed in the Plan.

#### 3. The Debtors May Not Be Able to Secure Confirmation of the Plan

Section 1129 of the Bankruptcy Code sets forth the requirements for confirmation of a chapter 11 plan and requires, among other things, a finding by the Bankruptcy Court that: (a) such plan "does not unfairly discriminate" and is "fair and equitable" with respect to any non-accepting classes; (b) confirmation of such plan is not likely to be followed by a liquidation or a need for further financial reorganization unless such liquidation or reorganization is contemplated by the plan; and (c) the value of distributions to non-accepting Holders of claims within a particular class under such plan will not be less than the value of distributions such Holders would receive if the debtors were liquidated under chapter 7 of the Bankruptcy Code.

There can be no assurance that the requisite acceptances to confirm the Plan will be received. Even if the requisite acceptances are received, there can be no assurance that the Bankruptcy Court will confirm the Plan. A non-accepting Holder of an Allowed Claim or an Allowed Equity Interest might challenge either the adequacy of this Disclosure Statement or whether the balloting procedures and voting results satisfy the requirements of the Bankruptcy Code or Bankruptcy Rules. Even if the Bankruptcy Court determined that this Disclosure Statement, the balloting procedures and voting results were appropriate, the Bankruptcy Court could still decline to confirm the Plan if it found that any of the statutory requirements for Confirmation had not been met. If the Plan is not confirmed, it is unclear what distributions, if any, Holders of Allowed Claims and Allowed Equity Interests would receive with respect to their Allowed Claims and Allowed Equity Interests.

The Debtors, subject to the terms and conditions of the Plan, reserve the right to modify the terms and conditions of the Plan as necessary for Confirmation. Any such modifications could result in a less favorable treatment of any Class than the treatment currently provided in the Plan. Such less favorable treatment could include a distribution of property to the Class affected by the modification of a lesser value than currently provided

in the Plan or no distribution of property whatsoever under the Plan. Changes to the Plan may also delay the confirmation of the Plan and the Debtors' emergence from bankruptcy.

### 4. Nonconsensual Confirmation

In the event that any impaired class of claims or interests does not accept a chapter 11 plan, a bankruptcy court may nevertheless confirm a plan at the proponents' request if at least one impaired class has accepted the plan (with such acceptance being determined without including the vote of any "insider" in such class), and, as to each impaired class that has not accepted the plan, the bankruptcy court determines that the plan "does not discriminate unfairly" and is "fair and equitable" with respect to the dissenting impaired classes. The Debtors believe that the Plan satisfies these requirements, and the Debtors may request such nonconsensual confirmation in accordance with subsection 1129(b) of the Bankruptcy Code. Nevertheless, there can be no assurance that the Bankruptcy Court will reach this conclusion. In addition, the pursuit of nonconsensual Confirmation of the Plan may result in, among other things, increased expenses and the expiration of any commitment to provide support for the Plan, financially or otherwise.

### 5. The Debtors May Object to the Amount or Classification of a Claim

Except as otherwise provided in the Plan, the Debtors reserve the right to object to the amount or classification of any Claim under the Plan. The estimates set forth in this Disclosure Statement cannot be relied upon by any Holder of a Claim where such Claim is or may be subject to an objection. Any Holder of a Claim that is or may be subject to an objection thus may not receive its expected share of the estimated distributions described in this Disclosure Statement.

### 6. Risk of Non-Occurrence of the Effective Date

The occurrence of the Effective Date is subject to certain conditions precedent as described in Article VIII of the Plan, including, among others, those relating to consummation of the Plan, as well as the receipt of any necessary regulatory approvals. If such conditions are not met or waived in accordance with the Plan, the Effective Date will not occur could result in the Plan not being consummated or the Confirmation Order being vacated.

### 7. Contingencies Could Affect Votes of Impaired Classes to Accept or Reject the Plan

The distributions available to Holders of Allowed Claims under the Plan can be affected by a variety of contingencies, including, without limitation, whether the Bankruptcy Court orders certain Allowed Claims and Allowed Equity Interests to be subordinated to other Allowed Claims and Allowed Equity Interests. The occurrence of any and all such contingencies, which could affect distributions available to Holders of Allowed Claims and Allowed Equity Interests under the Plan, will not affect the validity of the vote taken by the Impaired Classes to accept or reject the Plan or require any sort of revote by the Impaired Classes.

### 8. The Actual Amount of Allowed Claims May Differ From the Estimated Claims and Adversely Affect the Percentage Recovery of Claims

The estimated Claims and creditor recoveries set forth in this Disclosure Statement are based on various assumptions, and the actual Allowed amounts of Claims may significantly differ from the estimates. Should one or more of the underlying assumptions ultimately prove to be incorrect, the actual Allowed amounts of Claims may vary from the estimated Claims contained in this Disclosure Statement. Moreover, the Debtors cannot determine with any certainty at this time, the number or amount of Claims that will ultimately be Allowed. Such differences may materially and adversely affect, among other things, the percentage recoveries to Holders of Allowed Claims under the Plan.

### 9. Release, Injunction, and Exculpation Provisions May Not Be Approved

Article IX of the Plan provides for certain releases, injunctions, and exculpations. All of the releases, injunctions, and exculpations provided in the Plan are subject to objection by parties in interest and may not be approved. If they are not approved, the Plan likely cannot be confirmed and likely cannot go effective.

10. **Certain Liabilities May Not Be Fully Extinguished as a Result of the Confirmation of the Plan**

If an Impaired Class of Claims entitled to vote does not vote to accept the Plan, the Debtors may choose to exclude the Debtor group to which such Class relates or one or more Debtors in such Debtor group from the Plan. If one or more Debtors or Debtor groups are excluded from the Plan, none of the creditors of such Debtors or Debtor groups would receive a distribution under the Plan. The exclusion of a Debtor or Debtor group could have a material adverse effect on the creditors of such Debtor or Debtor group, would prolong the Chapter 11 Case as it related to such Entity/ies, and would delay the distribution to such Debtor group(s)' creditors.

11. **Risks Regarding Financial Projections**

The financial projections set forth in Exhibit D to this Disclosure Statement represent the Debtors' best estimate of the Reorganizing Debtors' future financial performance based on currently known facts and assumptions about the Reorganizing Debtors' future operations as well as the U.S. and world economy in general and the industry segments in which the Debtors exist in particular.[27] The Reorganizing Debtors' actual financial results may differ significantly from the financial projections set forth on Exhibit D. If the Reorganizing Debtors do not achieve their projected financial results, they may lack sufficient liquidity to continue as planned after the Effective Date. Moreover, the financial condition and results of Reorganizing Debtors from and after the Effective date may not be comparable to the financial condition or results of operations reflected in the Debtors' historical financial statements.

12. **Certain Tax Implications of the Chapter 11 Cases**

Holders of Claims and Equity Interests should carefully review Article VIII hereof to determine how the tax implications of the Plan and the Chapter 11 Cases may adversely affect the Reorganizing Debtors and certain Holders of Claims and Equity Interests. The tax consequences of the Plan are very complicated.

13. **Confirmation and Consummation May Be Delayed if the Debtors Have to Resolicit.**

If the Debtors resolicit acceptances of the Plan from the parties entitled to vote thereon, the confirmation of the Plan could be delayed and possibly jeopardized. Non-confirmation of the Plan could result in an extended chapter 11 proceeding, during which time the Debtors could experience significant deterioration in their relationships with trade vendors and/or major customers. Furthermore, if the Effective Date is significantly delayed, there is a risk that the Master Restructuring Agreement may be terminated in accordance with its terms.

**B. Risk Factors and Considerations Regarding the Global Restructuring**

The occurrence or non-occurrence of any or all of the following contingencies, and any others, could affect distributions available to Holders of Allowed Claims under the Plan but will not necessarily affect the validity of the vote of the Impaired Classes to accept or reject the Plan or necessarily require a re-solicitation of the votes of Holders of Claims in such Impaired Classes.

[27] **The Debtors filed draft versions of their financial projections for the Reorganizing Debtors prior to the Disclosure Statement Hearing. The projections were prepared by management based on the Company's best estimates and knowledge of events as of October 20, 2016. Although the estimates and assumptions that were made in preparing the analysis are considered reasonable by management, they are inherently subject to significant uncertainties and contingencies. Accordingly, there can be no assurance that the estimates shown below will be realized. Actual results may therefore vary materially from those presented.**

**To the extent necessary, the Debtors will update such financial projections as part of the Plan Supplement. The Debtors will address their burden under section 1129(a)(11) at the Confirmation Hearing. In addition, as soon as practicable, the Debtors intend to file financial information regarding each Debtor entity, as discussed at the Disclosure Statement Hearing.**

1. **The Abengoa Group cannot predict the length of time required for the Restructuring Completion Date to occur.**

The Abengoa Group cannot predict or ascertain the length of time required for the Restructuring Completion Date to occur. Similarly, the Abengoa Group cannot predict or ascertain the outcome of the Restructuring or any corresponding impact on the obligors, their business, results of operations, financial condition and prospects, the Notes or the rights of the Beneficial Owners of the Notes. So long as the processes related to the Restructuring continue, the Abengoa Group's senior management will be required to expend a significant amount of time and effort on the Obligors' restructuring instead of focusing on the Abengoa Group's business and operations. The Abengoa Group will also be required to incur substantial costs for professional fees and other expenses and costs associated with the Restructuring, which, if it is unable to fund, could jeopardize the restructuring of the Abengoa Group and its business.

Even if the Restructuring is resolved on a timely basis, the Restructuring itself could materially adversely affect the Abengoa Group's business, results of operations and financial condition. Due to the uncertainty about the prospects and future viability of the Abengoa Group, the Abengoa Group is subject to the increased risk that, among other things, the Abengoa Group's customers could move to competitors (including competitors with comparatively greater financial resources or that are in comparatively less financial distress) the Abengoa Group's employees and key management and technical personnel may be distracted from business operations performance of duties and/or may be easily attracted to other career opportunities, the Abengoa Group's liquidity and cash position could be significantly or irreparably harmed, and business partners and counterparties could terminate their relationship with the Abengoa Group or demand financial assurances or enhanced performance, any of which could impair the Abengoa Group's business, results of operations, financial condition and prospects. Moreover, these risks may be exacerbated by any prolonged duration to or delay of resolution of the Restructuring.

2. **Under Spanish law, the Homologation is subject to appeal and may be overturned.**

Under Spanish law, a challenge to a Homologation may be filed with the Mercantile Court of Seville that approved such Homologation up to fifteen court days after the judicial decision approving the Homologation is published. Matters that may be challenged include an insufficient percentage of creditors of financial indebtedness required to approve the Master Restructuring Agreement, the imposition of a disproportionate sacrifice on non-consenting/dissenting creditors holding financial claims, and any judicial rulings, orders or decisions therefrom. If any such challenge is resolved adversely to the relevant Obligor, the Homologation in relation to such Obligor may be revoked, which could materially adversely affect the Obligor's business, financial condition, results of operations and prospects.

3. **Under English law, the ACIL CVA may be challenged by ACIL's members.**

A CVA also requires the approval of more than 50% in value of a company's members present in person or by proxy and voting at a meeting on the resolution to approve that CVA, so ACIL's members will be required to vote on the ACIL CVA resolution at a members' meeting. However, in accordance with section 4(A)(2) of the Insolvency Act, if the outcome of the members' meeting differs from the outcome of the CVA Creditors' Meeting, the decision of the creditors will prevail, subject to the right of any member to apply to the English Court to challenge the approval of a CVA.

Any ACIL Guarantee Creditor entitled to vote at the CVA Creditors' Meeting to approve the ACIL CVA may apply to the English Court on one or both of the following grounds:

- that the ACIL CVA unfairly prejudices the interests of that member; or
- that there has been some material irregularity at or in relation to the members' meeting called to approve the ACIL CVA.

Any such application must be made by a creditor within 28 days of the ACIL CVA Nominee reporting the result of the CVA Creditors' Meeting to the English Court or, if the creditor was not given notice of the CVA

Creditors' Meeting, such application must be made within 28 days of the creditor becoming aware that the CVA Creditors' Meeting had taken place.

4. **Even if the ACIL CVA is approved by a majority in excess of 75% in value of the ACIL Guarantee Creditors who voted at the CVA Creditors' Meeting, the resolution approving the ACIL CVA will be invalid if more than half of Unconnected ACIL Guarantee Creditors vote against the resolution.**

A resolution approving a CVA will be invalid if those creditors voting against it include more than half in value of the creditors, for these purposes counting only those creditors:

- to whom notice of the CVA Creditor's Meeting was sent;
- whose votes were not left out of account due to no written notice of claim having been received at or prior to the CVA Creditors' Meeting, or where the claim or part of it is being secured; and
- who are not, to the best of the chairman of the CVA Creditors' Meeting's belief, persons connected with that company.

The effect of the rule described above is that even if the ACIL CVA is approved by a majority in excess of 75% in value of the ACIL Guarantee Creditors who voted at the CVA Creditors' Meeting, the resolution approving the ACIL CVA will be invalid if more than half of the Unconnected ACIL Guarantee Creditors who had notice of the CVA Creditors' Meeting and whose votes were validly cast voted against the resolution.

5. **The Restructuring Invitation may not be completed or may be terminated or amended.**

Until the Issuers announce whether they have decided to accept the Electronic Instructions and/or Forms of Sub-Proxy, as applicable, validly delivered by the Expiration Time (unless extended by the Issuers in their sole discretion), no assurance can be given that the Restructuring Invitation will be completed. In addition, subject to applicable law and as provided in this Restructuring Accession Notice, the Issuers may, in their sole discretion, extend, re-open, amend or terminate the Restructuring Invitation at any time before such announcement and may, in their sole discretion, waive any of the conditions to the Restructuring Invitation either before or after such announcement.

6. **The Global Restructuring will result in the restructuring of financial indebtedness owed to creditors, but it is uncertain or whether the Abengoa Group will become financially profitable or operationally viable.**

The Global Restructuring will involve the restructuring of the financial indebtedness owed by each of the Issuers and the other Obligors to their Existing Creditors and will result in significant changes to those obligations and to the business, operations, and structure of the Abengoa Group. These changes have as their aim the attainment of operational viability and financial profitability for the Abengoa Group. Because of the residual risks and uncertainties associated with the Restructuring, the ultimate impact of rulings, orders, decisions, agreements and events that occurred during, or that may occur subsequent to, the Restructuring on the Abengoa Group's business, financial condition, results of operations and prospects cannot be accurately predicted or quantified.

The continuation of the Abengoa Group as a going concern is contingent upon the renegotiation and agreement of its obligations with its creditors, approval of such renegotiation and agreement by the Mercantile Court of Seville pursuant to the Homologation (although the Homologation becoming final and non-appealable shall not be deemed a condition for the Restructuring Completion Date to occur), approval of the ACIL CVA and the Chapter 11 Plan, approval by other relevant regulators and governmental bodies, if applicable, compliance with the terms of existing and future loan agreements, bonds and other debt instruments and financial obligations, a return to profitability, the generation of sufficient cash flows from operations to service indebtedness and to pay suppliers and trade creditors, and the obtaining of financing sources to meet future obligations. There can be no assurance given

that the Abengoa Group will be successful in any of these aspects and any such failure may materially adversely affect the Abengoa Group's business, financial condition, results of operations and prospects.

### C. Risks Related to Securities Issued by the Parent

#### 1. The value of the equity securities of the Parent may be volatile and may be affected by market conditions beyond the Debtors' control.

The value of the equity securities of the Parent may be volatile and adversely affected by a number of factors, including many of the risks described in this Disclosure Statement as well as the actual results and prospects of the Parent and its subsidiaries. Additionally, market fluctuations have and could continue to result in volatility in the share price of the equity securities of the Parent, which could cause a decline in the value of the stock.

#### 2. Certain Holders of equity securities of the Parent may be restricted in their ability to transfer or sell their securities.

To the extent that the offer and sale of the equity securities of the Parent issued under the Plan is covered by section 1145(a)(1) of the Bankruptcy Code, they may be resold by the holders thereof without registration under the Securities Act, provided that the holder is not an "underwriter" as defined in section 1145(b) of the Bankruptcy Code with respect to such securities. Resales by Persons who receive equity securities of the Parent pursuant to the Plan that are deemed to be "underwriters" as defined in section 1145(b) of the Bankruptcy Code would not be exempted from registration under the Securities Act by Bankruptcy Code section 1145. Such Persons only would be permitted to resell such equity securities of the Parent without registration if they are able to comply with an applicable exemption from registration, which would be the case in connection with a resale transaction satisfying the conditions to Rule 144 under the Securities Act.

To the extent that the offer and sale of the equity securities of the Parent to be received are covered by Section 4(a)(2) of the Securities Act, the equity securities of the Parent are "restricted securities" within the meaning of Rule 144 under the Securities Act and subject to the transfer restrictions applicable thereto.

## ARTICLE VII.

## SECURITIES LAWS MATTERS

### A. Applicability of the Bankruptcy Code and Federal and Other Securities Laws

**The initial issuance and the resale of Class A shares and Class B shares by the Parent under the Plan raise certain securities law issues under the Bankruptcy Code and federal and state securities laws that are discussed in this section. The information in this section should not be considered applicable to all situations or to all Holders of Claims receiving Class A shares and Class B shares of the Parent. Holders of Claims should consult their own legal counsel concerning the facts and circumstances relating to the transfer of the Class A shares and Class B shares of the Parent.**

The Parent does not intend to file a registration statement under the Securities Act or any state securities laws relating to the initial issuance on the Effective Date of its Class A shares and Class B shares in connection with the Plan pursuant to the Master Restructuring Agreement. The Debtors believe that the provisions of section 1145(a)(1) of the Bankruptcy Code exempt the initial issuance on the Effective Date of the Class A shares and Class B shares of the Parent to Holders of Claims in connection with the Plan pursuant to the Master Restructuring Agreement from federal and state securities registration requirements.

#### 1. Initial Issuance and Delivery of Securities

The Parent will issue the Class A shares and Class B shares under and in accordance with the Master Restructuring Agreement.

Section 1145(a)(1) of the Bankruptcy Code exempts the issuance of securities under a plan of reorganization from registration under the Securities Act and under state securities laws if three principal requirements are satisfied:

- the securities must be issued "under a plan" of reorganization and must be securities of the debtors, of an affiliate "participating in a joint plan" with the debtors or of a successor to the debtors under the plan;

- the recipients of the securities must hold a prepetition or administrative expense claim against the debtors or an interest in the debtors or such affiliate; and

- the securities must be issued entirely in exchange for the recipient's claim against or interest in the debtors, or "principally" in such exchange and "partly" for cash or property.

The Debtors believe that the issuance of Class A shares and Class B shares of the Parent in connection with the Plan pursuant to the Master Restructuring Agreement satisfies the requirements of section 1145(a)(1) of the Bankruptcy Code and is therefore exempt from registration under the Securities Act and state securities laws.

2. **Subsequent Transfers Under Federal Securities Laws**

In general, all resales and subsequent transactions involving Class A shares and Class B shares of the Parent issued to Holders of Claims on the Effective Date in connection with the Plan pursuant to the Master Restructuring Agreement will be exempt from registration under the Securities Act under section 4(1) of the Securities Act, ***unless*** the Holder is deemed to be an "underwriter" with respect to such securities, an "affiliate" of the issuer of such securities or a "dealer." Section 1145(b)(1) of the Bankruptcy Code defines four types of "underwriters":

- persons who purchase a claim against, an interest in, or a claim for administrative expense against the debtors with a view to distributing any security received or to be received in exchange for such a claim or interest ("accumulators");

- persons who offer to sell securities offered or sold under a plan for the Holders of such securities ("distributors");

- persons who offer to buy securities offered or sold under a plan from the Holders of the securities, if the offer to buy is (1) with a view to distributing such securities and (2) made under an agreement in connection with the plan or with the issuance of securities under the plan; and

- a person who is an "issuer" with respect to the securities, as the term "issuer" is defined in section 2(11) of the Securities Act.

Under section 2(11) of the Securities Act, an "issuer" includes any "affiliate" of the issuer, which means any person directly or indirectly controlling, or controlled by, the issuer, or any person under direct or indirect common control with the issuer. Under section 2(12) of the Securities Act, a "dealer" is any person who engages either for all or part of his or her time, directly or indirectly, as agent, broker or principal, in the business of offering, buying, selling or otherwise dealing or trading in securities issued by another person. The determination of whether a particular person would be deemed to be an "underwriter" or an "affiliate" with respect to any security to be issued under the Plan, or would be deemed a "dealer," would depend on various facts and circumstances applicable to that person. Accordingly, the Debtors express no view as to whether any person would be an "underwriter" or an "affiliate" with respect to any security to be issued under the Plan or would be a "dealer."

**Any person intending to rely on such exemption is urged to consult his or her own counsel as to the applicability thereof to his or her circumstances.**

3. **Subsequent Transfers Under State Law**

The state securities laws generally provide registration exemptions for subsequent transfers by a bona fide owner for his or her own account and subsequent transfers to institutional or accredited investors. Such exemptions are generally expected to be available for subsequent transfers of the Class A shares and Class B shares of the Parent.

**Any person intending to rely on these exemptions is urged to consult his or her own counsel as to their applicability to his or her circumstances.**

**The foregoing summary discussion is general in nature and has been included in this Disclosure Statement solely for informational purposes. We make no representations concerning, and do not provide, any opinions or advice with respect to the securities or the bankruptcy matters described in this disclosure statement. In light of the uncertainty concerning the availability of exemptions from the relevant provisions of federal and state securities laws, we encourage each Holder and party-in-interest to consider carefully and consult with its own legal advisors with respect to all such matters. Because of the complex, subjective nature of the question of whether a security is exempt from the registration requirements under the federal or state securities laws or whether a particular Holder may be an underwriter, we make no representation concerning the ability of a person to dispose of the securities issued under the Plan.**

## ARTICLE VIII.

## CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

The following discussion summarizes certain federal income tax consequences of the implementation of the Plan to the Debtors and certain Holders of Claims and Equity Interests. The discussion only addresses such consequences to the Holders entitled to vote on the Plan.

The following summary is based on the Internal Revenue Code of 1986, as amended (the "Tax Code"), Treasury Regulations promulgated thereunder, judicial decisions and published administrative rules and pronouncements of the Internal Revenue Service (the "IRS") as in effect on the date hereof. Changes in such rules or new interpretations thereof may have retroactive effect and could significantly affect the federal income tax consequences described below.

The federal income tax consequences of the Plan are complex and are subject to significant uncertainties. The Debtors have not requested a ruling from the IRS with respect to any of the tax aspects of the Plan. Thus, no assurance can be given as to the interpretation that the IRS or a court of law will adopt. In addition, this summary does not generally address foreign, state, local or non-U.S. estate or gift-tax consequences of the Plan, nor does it purport to address the federal income tax consequences of the Plan to special classes of taxpayers (such as Non-U.S. Holders, broker dealers, banks, mutual funds, insurance companies, financial institutions, small business investment companies, regulated investment companies, tax-exempt organizations and investors in pass-through entities). In addition, this discussion does not address the U.S. alternative minimum tax rules.

For purposes of this summary, a "U.S. Holder" means a Holder of a Claim or Equity Interest that, in any case, is, for U.S. federal income tax purposes: (i) an individual that is a citizen or resident of the United States; (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; (iii) an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or (iv) a trust, if (a) a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of the substantial decisions of such trust, or (b) it has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person. A "Non-U.S. Holder" means a Holder of a Claim or Equity Interest that is not a U.S. Holder and is, for U.S. federal income tax purposes, an individual, corporation (or other entity treated as a corporation for U.S. federal income tax purposes), estate or trust.

If an entity taxable as a partnership for U.S. federal income tax purposes holds a Claim or Equity Interest, the U.S. federal income tax treatment of a partner (or other owner) of the entity generally will depend on the status of the partner (or other owner) and the activities of the entity. Such partner (or other owner) should consult an independent tax advisor as to the tax consequences of the Plan.

This discussion assumes that the various third-party debt and other arrangements to which the Debtors are a party will be respected for federal income tax purposes in accordance with their form and that Claims and Equity Interests are held as capital assets. Furthermore, this discussion assumes that all separate plans of reorganization under the Bankruptcy Code constituting the Plan will be consummated. If less than all of such plans of reorganization will be consummated, their federal income tax consequences may be materially different than the

consequences described below. Accordingly, the following summary of certain federal income tax consequences is for informational purposes only and is not a substitute for careful tax planning and advice based upon the individual circumstances pertaining to a Holder of a Claim or an Equity Interest.

**All Holders of Claims should seek tax advice based on their particular circumstances from an independent tax advisor regarding the federal, state, local, and other tax consequences of the transactions contemplated by the Plan.**

## A. U.S. FEDERAL INCOME TAX CONSEQUENCES TO THE DEBTORS

### 1. Gain or Loss Pursuant to the Plan

In general, if a debtor conveys appreciated (or depreciated) property (i.e., property having an adjusted tax basis less (or greater) than its fair market value) to a creditor in cancellation of debt, the debtor must recognize taxable gain or loss (which may be ordinary income or loss, capital gain or loss, or a combination of each) equal to the excess or shortfall, respectively, of such fair market value over the debtor's adjusted tax basis in such property. For federal income tax purposes, the Debtors will treat the transfer of the Liquidating Trust Assets to the Liquidating Trusts as a distribution of such assets by the Debtors to the Holders of Claims that receive interests in the Liquidating Trusts in a taxable transaction, followed by a transfer of such assets by such Holders to the Liquidating Trusts. These deemed distributions for federal income tax purposes will generally cause the Debtors to recognize gain or loss equal to the fair market value of the distributed assets less the tax basis of the Debtors in such assets. Such gain from the deemed distributions or actual conveyances of property to the Holders of Claims (or gain from other asset dispositions) may be offset by operating losses from the current year or the Debtor's net operating loss ("NOL") and/or capital loss carryforwards from prior years subject to certain limitations. To the extent a Debtor uses NOLs to offset gain, it may be subject to a federal alternative minimum tax, charged at effective rate of 2% of the income offset by the NOL. However, the Debtors expect to not have any federal income tax liability with respect to their taxable years ending December 31, 2016.

### 2. Cancellation of Debt Income

Generally, a corporation will recognize cancellation of debt ("COD") income upon satisfaction of its outstanding indebtedness for total consideration less than the amount of such indebtedness. The amount of COD income, in general, is the excess of (a) the adjusted issue price of the indebtedness satisfied, (generally, the amount received upon incurring the obligation plus the amount of any previously amortized original issue discount ("OID") and less the amount of any previously amortized bond premium), over (b) the sum of (x) the amount of cash paid, and (y) the issue price of any new indebtedness of the taxpayer issued and (z) the fair market value of any other new consideration (including stock of the debtor) given in satisfaction of such indebtedness at the time of the exchange. A corporate debtor that issues its own stock or its own debt in satisfaction of its debt is treated as realizing COD income to the extent the fair market value of the stock or the issue price of the new debt instrument is less than the adjusted issue price of the old debt. The amount of COD income will be calculated after applying the special foreign currency rules of Section 988 of the Tax Code in circumstances where indebtedness is denominated in a currency other than the debtor's "functional currency" (generally, the U.S. dollar). Under Section 988 of the Tax Code, the debtor will recognize foreign exchange gain or loss equal to the difference between the functional currency value of the nonfunctional currency received when the debt was incurred and the value of the nonfunctional currency when the debt is retired. Foreign currency gain is treated as ordinary income. If, however, nonrecourse debt is satisfied with the underlying collateral, generally the debtor recognizes a gain from the disposition of property based on an amount realized equal to the nonrecourse debt satisfied, as opposed to COD income.

In accordance with Section 108(e)(2) of the Tax Code, a corporation will not, however, be required to include any amount of COD income in gross income to the extent that payment of the liability would have given rise to a deduction. Also, COD income is not recognized by a taxpayer that is a debtor in a title 11 (bankruptcy) case if a discharge is granted by the court or pursuant to a plan approved by the court (the "bankruptcy exception"). When the debtor in a bankruptcy case is a partnership for federal income tax purposes, the bankruptcy exception is applied at the partner level, not at the partnership level.

The Tax Code provides that where COD income is excluded because of this bankruptcy exception, the debtor must reduce certain of its tax attributes – such as net operating losses ("NOLs"), current year losses, tax credits and tax basis in property – by the amount of any excluded COD income after the determination of the federal income tax for the year of the discharge of the debt. To the extent the amount of COD income exceeds the tax attributes available for reduction; the remaining COD income is without further current or future tax cost to the debtor.

Special rules apply where the excluded COD income is recognized by a debtor that is a member of a consolidated group. Under these rules, the tax attributes of the debtor member (including consolidated tax attributes attributable to the debtor member) are first subject to reduction. To the extent that the excluded discharge of indebtedness income exceeds the tax attributes of the debtor member (including consolidated tax attributes attributable to the debtor member), the regulations generally require the reduction of certain consolidated tax attributes attributable to other members of the group. If one of the attributes of the debtor member reduced under the above rules is the basis of stock of another member of the group, a "look-through rule" applies requiring that certain corresponding reductions be made to the tax attributes of the lower-tier member (including consolidated tax attributes attributable to such lower-tier member).

The Debtors anticipate that some of them will recognize COD income as a result of the discharge of Claims pursuant to the Plan. The amount of the COD will depend, in part, on the amount of cash and the value of the Liquidating Trust Assets, the interests in Causes of Action or other assets, or in the case of Claims receiving the Standard Restructuring Terms, the value of the new debt and/or equity, issued pursuant to the Plan. Under the rules discussed above, the NOLs available to a Debtor may be substantially reduced or eliminated as a result of this COD income. Other tax attributes may also be reduced.

The Liquidating Debtors do not expect to hold material non-cash assets at the end of the taxable year in which the discharge of Claims occurs. In such case, the attribute reductions should not result in a substantial tax cost to such Debtors. To the extent the Reorganizing Debtors hold material non-cash assets at the end of the taxable year in which the discharge of Claims occurs, their attributes would be reduced, reducing their ability to use such tax attributes to offset future income.

### 3. Utilization of Net Operating Loss Carryovers.

In general, when there is a fifty percent (50%) ownership change of a loss corporation during a three-year period, the ownership change rules in Section 382 of the Tax Code limit the utility of NOLs on an annual basis to the product of the fair market value of the corporate equity immediately before (as discussed below, immediately after) the ownership change, multiplied by a hypothetical interest rate published monthly by the IRS called the "long-term tax-exempt rate." In any given year, this limitation may be increased by certain built-in gains realized after, but accruing economically before, the ownership change and the carryover of unused Section 382 limitations from prior years. On the other hand, if at the date of an ownership change, the adjusted basis for federal income tax purposes of a debtor's assets exceeds the fair market value of such assets by prescribed amounts (a "net unrealized built-in loss") then, upon the realization of such net unrealized built-in losses during a five-year period beginning on the date of the ownership change, such losses are treated as if they were part of the NOL, rather than the current deduction, and are also subject to the Section 382 limitation.

An exception to the foregoing annual limitation rules generally applies when existing shareholders and "qualified creditors" of a debtor corporation under the jurisdiction of a court in a title 11 case receive, in respect of their claims or interests, at least 50% of the vote and value of the stock of the reorganized debtor (or a controlling corporation if also in bankruptcy under title 11) pursuant to a confirmed plan (the "Section 382(l)(5) Exception"). Under the Section 382(l)(5) Exception, a debtor's pre-change losses are not limited on an annual basis, but instead NOL carryforwards will be reduced by the amount of any interest deductions claimed during the three taxable years preceding the effective date of the plan of reorganization, and during the part of the taxable year prior to and including the effective date of the plan of reorganization, in respect of all debt converted into stock in the reorganization. If the Section 382(l)(5) Exception applies and a debtor undergoes another ownership change within two years after the effective date of the plan of reorganization, then the debtor's pre-change losses effectively are eliminated in their entirety. For purposes of the Section 382(l)(5) Exception, a "qualified creditor" generally consists of certain long-term creditors (who held the claims continuously for at least 18 months prior to the filing of the bankruptcy petition), ordinary course creditors (*e.g.*, trade creditors) or creditors receiving less than 5% of the stock

of the debtor in a bankruptcy case. If a debtor qualifies for the Section 382(l)(5) Exception, the exception applies unless the debtor affirmatively elects for it not to apply.

Where the Section 382(l)(5) Exception is not applicable to a corporation in bankruptcy (either because the debtor does not qualify for it or the debtor otherwise elects not to utilize the Section 382(l)(5) Exception), a second special rule will generally apply (the "Section 382(l)(6) Exception"). Under the Section 382(l)(6) Exception, the annual limitation will be calculated by reference to the lesser of the value of the debtor corporation's new stock (with certain adjustments) immediately after the ownership change or the value of such debtor corporation's assets (determined without regard to liabilities) immediately before the ownership change. This differs from the ordinary rule that requires the fair market value of a debtor corporation that undergoes an ownership change to be determined before the events giving rise to the change. The Section 382(l)(6) Exception also differs from the Section 382(l)(5) Exception in that the debtor corporation is not required to reduce its NOL carryforwards by the amount of interest deductions claimed within the prior three-year period, and the debtor may undergo a change of ownership within two years of the Effective Date without triggering the elimination of its pre-change losses.

As discussed in Section VIII.A.2. – "Cancellation of Debt Income" above, the NOLs of a Reorganizing Debtor that is a corporation (or the consolidated NOLs of a member of a consolidated group) will be reduced to the extent COD income is excluded because of the bankruptcy exception. Any remaining NOLs of a Reorganizing Debtor that is classified as a corporation for federal income tax purposes will be subject to the Section 382 limitation if, as anticipated under the Master Restructuring Agreement, more than fifty (50%) of the equity of the Parent is issued to creditors. Rather, the Debtors believe such NOLs will be subject to limitations based on the rules discussed above, but taking into account the Section 382(l)(6) Exception. The Section 382 limitation is expected to substantially limit any Reorganizing Debtor's use of remaining NOLs.

### B. U.S. Federal Income Tax Consequences to Holders of Certain Claims

#### 1. Distribution in Discharge of Claims or Equity Interests

The federal income tax consequences of the implementation of the Plan to a holder of a Claim or Equity Interest will depend, among other things, upon the origin of the Holder's Claim or Equity Interest, when the Holder receives payment in respect of such Claim or Equity Interest, whether the Holder reports income using the accrual or cash method of tax accounting, whether the Holder acquired its Claim at a discount, or whether the Holder has taken a bad debt deduction or worthless security deduction with respect to such Claim or Equity Interest.

Generally, the Holder of an Allowed Claim will realize gain or loss on the exchange under the Plan of its Allowed Claim for other property (such as Cash, new debt, Liquidating Trust Assets) in an amount equal to the difference between (i) the sum of the amount of any Cash, the issue price of any debt instrument, and the fair market value on the date of the exchange of any other property received by the Holder (other than any consideration attributable to a Claim for accrued but unpaid interest), and (ii) the adjusted tax basis of the Allowed Claim exchanged therefor (other than basis attributable to accrued but unpaid interest previously included in the U.S. Holder's taxable income). With respect to the treatment of accrued but unpaid interest and amounts allocable thereto, see section VIII.B.3 — "Distributions in Discharge of Accrued Interest or OID" below.

The Holder of an Allowed Claim generally will recognize gain or loss under the "installment method" of Section 453 of the Tax Code to the extent that the Holder receives, or is deemed to receive, a debt instrument in exchange for an Allowed Claim, unless the Holder elects to have the installment method not apply. A Holder reporting gain on the installment method may be subject to an interest charge under Section 453A of the Tax Code if the sales price of the Allowed Claim exceeds $150,000, and the aggregate face amount of all obligations that arise from the disposition of any property under the installment method, where the sales price of the relevant property exceeds $150,000, outstanding as of the close of the taxable year, exceeds $5,000,000. Each Holder of an Allowed Claim should consult its own tax advisor regarding the potential application of the installment method.

In general terms, the Master Restructuring Agreement provides that the Standard Restructuring Terms will result in a 97% write-off of all Affected Debt and Non-Spanish Debt to be Restructured as of the Restructuring Completion Date, except as otherwise stated in Article 3.1.4(a)(ii) of the Master Restructuring Agreement, which clause defers to this Disclosure Statement for what the write down will be with respect to Abengoa Solar LLC, Abener Construction Services, LLC, Abeinsa Holding, Inc., and Abeinsa EPC LLC. This write down will be

accompanied by an amendment of all payment obligations of the Obligors under the Affected Debt and the Non-Spanish Debt to be Restructured such that these obligations will not fall due until the date that is 10 years after the Restructuring Completion Date, during which time, the amended obligation will not earn interest.

The 97% write-off of all Affected Debt and Non-Spanish Debt to be Restructured, and the amendment of all payment obligations of the Obligors under the Affected Debt and the Non-Spanish Debt to be Restructured such that these obligations will not fall due until the date that is 10 years after the Restructuring Completion Date (and will not earn interest during such period), will be treated for federal income tax purposes as an exchange of the Affected Debt and Non-Spanish Debt to be Restructured for new debt obligations corresponding to the remaining payment obligations. Under Section 1274 of the Tax Code, each such new debt obligation generally will be treated as having an issue price equal to the present value of all payments due under such new debt obligation determined by using a discount rate equal to the "applicable Federal rate", compounded semiannually.

The remainder of this discussion assumes that any gain or loss realized by the Holders of Claims of Equity Interests will be recognized in full as of the Restructuring Completion Date. Such gain or loss may be long-term capital gain or loss if the Claim or Equity Interest disposed of is a capital asset in the hands of the Holder and has been held for more than one year. Each Holder of an Allowed Claim or Equity Interest should consult its own tax advisor to determine whether gain or loss recognized by such Holder will be long-term capital gain or loss and the specific tax effect thereof on such Holder.

### 2. Market Discount

Where gain is recognized by a Holder in respect of its Claim, the character of such gain as capital gain or ordinary income will be determined by a number of factors, including whether the Claim was acquired at a market discount. A Holder that purchased its Claim from a prior Holder at a market discount may be subject to the market discount rules of the Tax Code. In general, a debt instrument is considered to have been acquired with market discount if it is acquired other than on original issue and if the Holder's adjusted tax basis in such instrument is less than (i) the sum of all remaining payments to be made on the debt instrument, excluding "qualified stated interest," or (ii) in the case of a debt instrument issued with OID, its adjusted issue price, in each case, by at least a *de minimis* amount (equal to the product of 0.25% of the sum of all remaining payments to be made on the debt instrument, excluding qualified stated interest, and the number of remaining whole years to maturity).

Under the market discount rules, assuming that the Holder has made no election to amortize the market discount into income on a current basis with respect to any market discount instrument, any gain recognized on the exchange of such Claim (subject to a *de minimis* rule) generally would be characterized as ordinary income to the extent of the accrued market discount on such Claim as of the date of the exchange.

Any market discount will be considered to accrue on a straight-line basis during the period from the date of acquisition of such Claims to their maturity date, unless the Holder irrevocably elected to compute the accrual on a constant yield basis.

### 3. Distributions in Discharge of Accrued Interest or OID

In general, to the extent that any distribution to a Holder of a Claim is received in satisfaction of accrued interest or OID during its holding period, such amount will be taxable to the Holder as interest income (if not previously included in the Holder's gross income). Conversely, a Holder will generally recognize a loss to the extent any accrued interest or OID was previously included in its gross income and is not paid in full.

Pursuant to the Plan, all distributions in respect of any Claim will be allocated first to the principal amount of such Claim, as determined for federal income tax purposes, and thereafter, to the remaining portion of such Claim, if any. However, there is no assurance that such allocation will be respected by the IRS or a court of law for federal income tax purposes.

Each Holder of a Claim is urged to consult its tax advisor regarding the allocation of consideration and the treatment of unpaid interest for tax purposes.

### 4. OID in Respect of New Debt Obligations

As discussed in Section VIII.B.1. – "Distribution in Discharge of Claims or Equity Interests" above, the 97% write-off of all Affected Debt and Non-Spanish Debt to be Restructured, and the amendment of all payment obligations of the Obligors under the Affected Debt and the Non-Spanish Debt to be Restructured such that these obligations will not fall due until the date that is 10 years after the Restructuring Completion Date (and will not earn interest during such period), will be treated for federal income tax purposes as an exchange of the Affected Debt and Non-Spanish Debt to be Restructured for new debt obligations corresponding to the remaining payment obligations. Under Section 1274 of the Tax Code, each such new debt obligation generally will be treated as having an issue price equal to the present value of all payments due under such new debt obligation determined by using a discount rate equal to the "applicable Federal rate," compounded semiannually.

A new debt obligation that has an issue price that is less than its "stated redemption price at maturity" generally will be considered to have been issued with OID. Holders will be required to include any OID in income for U.S. federal income tax purposes as it accrues in accordance with a constant yield method based on a compounding of interest, even though the cash attributable to this income will not be received until the debt obligation is sold, exchanged, redeemed or otherwise disposed.

The amount of OID includible in gross income by a Holder in any taxable year generally is the sum of the ''daily portions'' of OID with respect to the note for each day during such taxable year on which the Holder holds the debt obligation. The daily portion is determined by allocating to each day in any ''accrual period'' a pro rata portion of the OID allocable to that accrual period. The ''accrual period'' for a note may be of any length and may vary in length over the term of the debt obligation, provided that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs on the first day or the final day of an accrual period. The amount of OID allocable to any accrual period, subject to the possible adjustments described below, will be an amount equal to the product of the debt obligation's adjusted issue price at the beginning of the accrual period and its yield to maturity (determined on a constant yield method, compounded at the close of each accrual period and properly adjusted for the length of the accrual period). OID allocable to the final accrual period is the difference between the amount payable at maturity and the adjusted issue price at the beginning of the final accrual period. The adjusted issue price of a debt obligation at the beginning of any accrual period is equal to its issue price increased by the accrued OID for each prior accrual period and reduced by any payments made on the debt obligation during the accrual period. The yield to maturity of the debt obligation is the discount rate that, when used in computing the present value (as of the issue date) of all principal and interest payments to be made on the debt obligation, produces an amount equal to the issue price of the debt obligation.

Each payment of cash interest under a debt obligation that is issued with OID will be treated first as a payment of any accrued OID on the debt obligation to the extent such accrued OID has not been allocated to prior cash payments and second as payments of principal on the debt obligation. A Holder generally will not be required to separately include cash interest on the debt obligation to the extent such cash payments constitute payments of previously accrued OID or payments of principal.

The rules regarding OID are complex and the rules described above may not apply in all cases. If other rules apply instead, a Holder of a debt obligation could be treated differently than described above. Each Holder is urged to consult his, her or its own tax advisors regarding the potential application of the OID and other rules to any new debt obligations and the consequences thereof.

### 5. Sale, Retirement or Other Taxable Disposition of New Debt Obligations

A Holder of a new debt obligation will recognize gain or loss upon the sale, redemption, retirement or other taxable disposition of such debt obligation equal to the difference between the amount realized upon the disposition (less any portion allocable to accrued interest that has not yet been included in income by the Holder, which generally will be taxable as ordinary income) and the Holder's adjusted tax basis in such debt obligation. In general, subject to certain exceptions, any gain or loss on the sale, redemption, retirement or other taxable disposition of interests in the debt obligation generally will be capital gain or loss, and will be long-term capital gain or loss if the Holder has held its interest in the debt obligation for more than one year as of the date of disposition. Holders should consult their tax advisors regarding the applicable tax rates and netting rules for capital gains and losses. There are limitations on the deduction of capital losses by both corporate and non-corporate taxpayers.

### 6. Taxation of the Liquidating Trusts and Their Interest Holders

Absent definitive administrative or judicial guidance to the contrary, the Debtors and the Liquidating Trustees will treat the Liquidating Trusts as grantor trusts for federal income tax purposes and, to the extent permitted by applicable law, for state and local income tax purposes. If such treatment is respected, the Liquidating Trusts will not be subject to the federal income tax. Instead, the Holders of Claims that receive interests in the Liquidating Trusts will be taxed on their allocable shares of income and gain of the trusts for a taxable year as their grantors and deemed owners, whether or not they received any distributions from the trusts in such taxable year. Under the Plan, the Holders of Claims that receive interests in the Liquidating Trusts are required to follow such treatment for federal income tax purposes. There can be no assurance that the IRS will agree with the classification of the Liquidating Trusts as grantor trusts and a different classification of the trusts could result in its being subject to income taxes and in a different income tax treatment of its interest holders.

The holding period of a Holder of Claims that receives an interest in a Liquidating Trust, in such Holder's *pro rata* share of the assets held by such Liquidating Trust, will begin on the day following their deemed distribution to the Holder and their tax basis will be equal to their fair market value on the day of the distribution.

## C. Information Reporting and Withholding

All distributions to Holders of Allowed Claims under the Plan are subject to any applicable withholding obligations (including employment tax withholding). Under federal income tax law, interest, dividends, and other reportable payments may, under certain circumstances, be subject to "backup withholding" at the rate of 28%. Backup withholding generally applies if the Holder: (1) fails to furnish its social security number or other taxpayer identification number ("TIN"); (2) furnishes an incorrect TIN; (3) fails properly to report interest or dividends; or (4) under certain circumstances, fails to provide a certified statement, signed under penalty of perjury, that the TIN provided is its correct number and that it is a United States person that is not subject to backup withholding. Backup withholding is not an additional tax but merely an advance payment, which may be refunded to the extent it results in an overpayment of tax. Certain persons are exempt from backup withholding, including, in certain circumstances, corporations and financial institutions.

Treasury Regulations generally require a taxpayer to disclose certain transactions on its federal income tax return, including, among others, certain transactions that result in a taxpayer claiming a loss in excess of a specified threshold. Holders are urged to consult their tax advisors as to whether the transactions contemplated by the Plan would be subject to these or other disclosure or information reporting requirements. The foregoing summary is provided for informational purposes only. U.S. Holders of Claims are urged to consult their tax advisors concerning the federal, state, local, and foreign tax consequences of the Plan.

## D. U.S. Federal Income Tax Considerations for Non-U.S. Holders

The rules governing U.S. federal income taxation of a Non-U.S. Holder are complex. The following discussion includes only certain U.S. federal income tax consequences of the Restructuring Transaction to Non-U.S. Holders. The discussion does not include any non-U.S. tax considerations. Non-U.S. Holders should consult with their own tax advisors to determine the effect of U.S. federal, state, and local tax laws, as well as any other applicable non-U.S. tax laws and/or treaties, with regard to their participation in the transactions contemplated by the Plan, their ownership of Claims or Equity Interests, and the ownership and disposition of new debt obligations and other consideration, as applicable.

### 1. Gain Recognition

Any gain realized by a Non-U.S. Holder on the exchange of its Claim or Equity Interest generally will not be subject to U.S. federal income taxation unless (a) the Non-U.S. Holder is an individual who was present in the U.S. for 183 days or more during the taxable year in which the Restructuring Transactions occur and certain other conditions are met or (b) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business in the U.S. (and if an income tax treaty applies, such gain is attributable to a permanent establishment maintained by such Non-U.S. Holder in the United States).

If the first exception applies, to the extent that any gain is taxable, the Non-U.S. Holder generally will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate or exemption from tax under an applicable income tax treaty) on the amount by which such Non-U.S. Holder's capital gains allocable to U.S. sources exceed capital losses allocable to U.S. sources during the taxable year of the exchange. If the second exception applies, the Non-U.S. Holder generally will be subject to federal income tax with respect to any gain realized on the exchange if such gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the U.S. in the same manner as a U.S. Holder. In order to claim an exemption from withholding tax, such Non-U.S. Holder will be required to provide a properly executed IRS Form W-8ECI (or such successor form as the IRS designates). In addition, if such Non-U.S. Holder is a corporation, it may be subject to a branch profits tax equal to 30% (or such lower rate provided by an applicable income tax treaty) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments.

2. **Interest**

Payments to a Non-U.S. Holder that are attributable to interest (including OID), or to accrued but untaxed interest, generally will not be subject to U.S. federal income or withholding tax, provided that the withholding agent has received or receives, prior to payment, appropriate documentation (generally, IRS Form W-8BEN or W-8BEN-E) establishing that the Non-U.S. Holder is not a U.S. person. Interest income, however, may be subject to U.S. income or withholding tax if:

(i) the Non-U.S. Holder actually or constructively owns 10% or more of the total combined voting power of all classes of the Debtor's stock entitled to vote;

(ii) the Non-U.S. Holder is a "controlled foreign corporation" that is a "related person" with respect to the Debtor (each, within the meaning of the Tax Code);

(iii) the Non-U.S. Holder is a bank receiving interest described in Tax Code section 881(c)(3)(A); or

(iv) such interest is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States (in which case, provided the Non-U.S. Holder provides a properly executed IRS Form W-8ECI (or successor form) to the withholding agent, the Non-U.S. Holder (x) generally will not be subject to withholding tax, but (y) will be subject to federal income tax in the same manner as a U.S. Holder (unless an applicable income tax treaty provides otherwise), and a Non-U.S. Holder that is a corporation for U.S. federal income tax purposes may also be subject to a branch profits tax with respect to such Non-U.S. Holder's effectively connected earnings and profits that are attributable to the accrued but untaxed interest at a rate of 30% (or at a reduced rate or exemption from tax under an applicable income tax treaty)).

3. **FATCA**

Under the Foreign Account Tax Compliance Act ("FATCA"), foreign financial institutions and certain other foreign entities must report certain information with respect to their U.S. account holders and investors or be subject to withholding on the receipt of "withholdable payments." For this purpose, "withholdable payments" are generally U.S.-source payments of fixed or determinable, annual or periodical income (including dividends and interest), and also include gross proceeds from the sale of any property of a type which can produce U.S. source dividends or interest (which would include new indebtedness). FATCA withholding will apply even if the applicable payment would not otherwise be subject to U.S. federal nonresident withholding tax.

FATCA withholding rules apply to U.S.-source payments on obligations issued after July 1, 2014, and to payments of gross proceeds from the sale or other disposition of property of a type that can produce U.S.-source interest or dividends that occurs after December 31, 2018. Although administrative guidance and Treasury regulations have been issued, the exact scope of these rules remains unclear and potentially subject to material changes.

Each Non-U.S. Holder should consult its own tax advisor regarding the possible impact of these rules on such Non-U.S. Holder's ownership of Claims or Equity Interests, or new debt obligations.

**The foregoing summary has been provided for informational purposes only. All Holders of Claims and Equity Interests are urged to consult their tax advisors concerning the federal, state, local, and other tax consequences applicable under the Plan.**

## ARTICLE IX.

## ALTERNATIVES TO CONFIRMATION AND CONSUMMATION OF THE PLAN

If the Plan is not confirmed and consummated, the Debtors' alternatives include (i) the liquidation of the Debtors under chapter 7 of the Bankruptcy Code and (ii) the preparation and presentation of an alternative plan or plans of reorganization.

### A. Liquidation Under Chapter 7

If no chapter 11 plan can be confirmed, the Chapter 11 Cases may be converted to cases under chapter 7 of the Bankruptcy Code. In such event, a trustee would be elected or appointed to liquidate the assets of the Debtors. A discussion of the effect that a chapter 7 liquidation would have on recoveries of Holders of Claims and Equity Interests is set forth in Section Article V.C.2, entitled "Confirmation Standards," of this Disclosure Statement. The Debtors believe that liquidation under chapter 7 would result in, among other things: (1) smaller distributions being made to creditors and interest holders than those provided for in the Plan, due to, among other things, the additional administrative expenses attendant to the appointment of a trustee and the trustee's employment of financial and legal advisors; (2) additional expenses and claims, some of which would be entitled to priority, that would be generated during the liquidation; and (3) the failure to realize the greater, going concern value of the Debtors' assets. See the Debtors' Liquidation Analysis, attached to this Disclosure Statement as Exhibit C.

### B. Alternative Plan

If the Plan is not confirmed, the Debtors or, assuming exclusivity is terminated or lapses, any other party in interest may attempt to formulate a different plan of reorganization or liquidation. Such a plan could involve either a reorganization and continuation of the Debtors' business or an orderly liquidation of the Debtors' assets. The Debtors have concluded that the Plan represents the best alternative to protect the interests of creditors and other parties in interest.

The Debtors believe that the Plan allows creditors and interest holders to realize the highest recoveries under the circumstances. In a liquidation under chapter 11 of the Bankruptcy Code, a trustee would not need to be appointed and the assets of the Debtors could be sold in an orderly fashion, which could occur over a more extended period of time than in a liquidation under chapter 7. Accordingly, creditors likely would receive greater recoveries in a chapter 11 liquidation than in a chapter 7 liquidation. Although a chapter 11 liquidation is preferable to a chapter 7 liquidation, the Debtors believe that liquidation under chapter 11 is a much less attractive alternative to creditors because a greater return to creditors is provided for in the Plan.

## ARTICLE X.

## MISCELLANEOUS PROVISIONS

### A. Modification of Plan

Subject to the limitations contained in the Plan and provided that the Creditors' Committee shall have the right to be consulted on any proposed modification of the Plan, (1) the Debtors, with the consent of the Creditors' Committee, the Restructuring Committee, and the NM1 Committee, reserve the right, in accordance with the Bankruptcy Code and the Bankruptcy Rules, to amend or modify the Plan prior to the entry of the Confirmation Order, including amendments or modifications to satisfy section 1129(b) of the Bankruptcy Code; *provided, however*, that any pre-Confirmation Date amendments shall not materially or adversely affect the interests, rights or treatment of any Allowed Claims or Equity Interests under the Plan and shall not be inconsistent with the Master Restructuring Agreement; and (2) after the entry of the Confirmation Order, subject to the consent of the Restructuring Committee and the NM1 Committee, the Debtors, the Responsible Person or the Liquidating Trustee may, upon order of the Bankruptcy Court, amend or modify the Plan, in accordance with section 1127(b) of the

Bankruptcy Code, or remedy any defect or omission or reconcile any inconsistency in the Plan in such manner as may be necessary to carry out the purpose and intent of the Plan.

**B. Revocation of Plan**

Subject to the consent of the Restructuring Committee and the NM1 Committee, the Debtors reserve the right to revoke or withdraw the Plan for one or all Debtor groups prior to the entry of the Confirmation Order, and to file subsequent chapter 11 plans, which plans shall be in form and substance satisfactory to the Restructuring Committee and the NM1 Committee. If the Debtors revoke or withdraw the Plan or if entry of the Confirmation Order or the Effective Date does not occur, then: (1) the Plan shall be null and void in all respects; (2) any settlement or compromise embodied in the Plan, assumption or rejection of executory contracts effected by the Plan, and any document or agreement executed pursuant hereto shall be deemed null and void; and (3) nothing contained in the Plan shall: (a) constitute a waiver or release of any Claims by or against, or any Equity Interests in, such Debtor or any other Entity; (b) prejudice in any manner the rights of the Debtors or any other Entity; or (c) constitute an admission of any sort by the Debtors or any other Entity.

**C. Binding Effect**

On the Effective Date, the provisions of the Plan shall bind any Holder of a Claim against, or Equity Interest in, a Debtor and such Holder's respective successors and assigns, whether or not the Claim or Equity Interest of such holder is Impaired under the Plan, whether or not such holder has accepted the Plan and whether or not such holder is entitled to a Distribution under the Plan.

**D. Successors and Assigns**

The rights, benefits, and obligations of any Entity named or referred to herein shall be binding on, and shall inure to the benefit of, any heir, executor, administrator, successor, or assign of such Entity.

**E. United States Trustee's Fees**

On the Effective Date, and thereafter as may be required, the Debtors, Reorganized Debtors, and/or the Liquidating Trustee, as applicable, will pay all fees payable pursuant to section 1930 of chapter 123 of title 28 of the United States Code through the entry of a final decree closing the applicable Debtors', Reorganized Debtors', and Liquidating Debtors' cases.

**F. Governing Law**

Except to the extent that the Bankruptcy Code or Bankruptcy Rules apply, unless otherwise stated, and subject to the provisions of any contract, instrument, release, or other agreement or document entered into in connection herewith, the rights and obligations arising hereunder shall be governed by, and construed and enforced in accordance with, the laws of the state of Delaware without giving effect to the principles of conflict of laws thereof.

**G. Reservation of Rights**

Except as expressly set forth herein, the Plan shall have no force or effect unless and until the Effective Date occurs. Neither the filing of the Plan, any statement or provision contained herein, nor the taking of any action by a Debtor or any Entity with respect to the Plan shall be or shall be deemed to be an admission or waiver of any rights of: (a) any Debtor with respect to the Holders of Claims or other parties-in-interest; or (b) any Holder of a Claim or other party-in-interest prior to the Effective Date.

**H. Article 1146 Exemption**

Pursuant to section 1146(a) of the Bankruptcy Code, any transfers of property pursuant hereto shall not be subject to any stamp tax or other similar tax or governmental assessment in the United States, and the Confirmation Order shall direct the appropriate state or local governmental officials or agents to forego the collection of any such tax or governmental assessment and to accept for filing and recordation instruments or other documents pursuant to such transfers of property without the payment of any such tax or governmental assessment.

### I. Section 1125(e) Good Faith Compliance

Confirmation of the Plan shall act as a finding by the Bankruptcy Court that the Debtors and each of their respective Representatives have acted in "good faith" under section 1125(e) of the Bankruptcy Code.

### J. Further Assurances

The Debtors, the Responsible Person, the Liquidating Trustee, and all Holders of Claims receiving Distributions hereunder and all other parties in interest shall, from time to time, prepare, execute, and deliver any agreements or documents and take any other actions as may be necessary or advisable to effectuate the provisions and intent of the Plan or the Confirmation Order.

### K. Service of Documents

Any pleading, notice, or other document required by the Plan to be served on or delivered to the Debtors shall be sent by first class U.S. mail, postage prepaid as follows:

**L. Filing of Additional Documents**

On or before the Effective Date, the Debtors may file with the Bankruptcy Court all agreements and other documents that may be necessary or appropriate to effectuate and further evidence the terms and conditions hereof.

**M. No Stay of Confirmation Order**

The Debtors shall request that the Bankruptcy Court waive stay of enforcement of the Confirmation Order otherwise applicable, including pursuant to Federal Rules of Bankruptcy Procedure 3020(e), 6004(h), and 7062.

## ARTICLE XI.

## RETENTION OF JURISDICTION BY THE BANKRUPTCY COURT

Notwithstanding the entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court shall, after the Effective Date, retain such jurisdiction over the Chapter 11 Cases and all Entities with respect to all matters related to the Chapter 11 Cases, the Debtors, the Parent, and the Plan as is legally permissible, including, without limitation, jurisdiction to:

1. allow, disallow, determine, liquidate, classify, estimate, or establish the priority or secured or unsecured status of any Claim or Equity Interest against the Debtors, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the allowance or priority of Claims;

2. grant, deny, or otherwise resolve any and all applications of Professionals or Persons retained in the Chapter 11 Cases by the Debtors or the Creditors' Committee for allowance of compensation or reimbursement of expenses authorized by the Bankruptcy Code or the Plan, for periods ending by the Effective Date;

3. resolve any matters related to the assumption, assignment, or rejection of any executory contract or unexpired leases to which a Debtor is party or with respect to which a Debtor may be liable and to hear, determine and, if necessary, liquidate, any Claims arising therefrom;

4. ensure that Distributions to Holders of Allowed Claims are accomplished under the provisions of the Plan, including by resolving any disputes regarding the Debtors' entitlement to recover assets held by third parties and the use of Cash held under the Escrow Agreement;

5. decide or resolve any motions, adversary proceedings, contested or litigated matters and any other matters and grant or deny any applications involving a Debtor that may be pending on the Effective Date or instituted by the Responsible Person after the Effective Date;

6. enter such orders as may be necessary or appropriate to implement or consummate the provisions of the Plan and all other contracts, instruments, releases, indentures, and other agreements or documents adopted in connection with the Plan or the Disclosure Statement;

7. resolve any cases, controversies, suits, or disputes that may arise in connection with the Effective Date, interpretation or enforcement of the Plan, or any Entity's obligations incurred in connection with the Plan;

8. issue injunctions, enforce them, enter and implement other orders, or take such other actions as may be necessary or appropriate to restrain interference by any Entity with the Effective Date or enforcement of the Plan, except as otherwise provided in the Plan;

9. enforce Article IX.A, Article IX.B, Article IX.C, and Article IX.D of the Plan;

10. enforce the Injunction set forth in Article IX.F of the Plan;

11. resolve any cases, controversies, suits, or disputes with respect to the releases, injunction, and other provisions contained in Article IX of the Plan, and enter such orders as may be necessary or appropriate to implement or enforce all such releases, injunctions, and other provisions of the Plan;

12. enter and implement such orders as necessary or appropriate if the Confirmation Order is modified, stayed, reversed, revoked, or vacated;

13. resolve any other matters that may arise in connection with or related to the Plan, the Disclosure Statement, the Confirmation Order, or any contract, instrument, release, indenture, or other agreement or document adopted in connection with the Plan or the Disclosure Statement; and

14. enter an order and a Final Decree closing the Chapter 11 Cases.

## ARTICLE XII.

## CONCLUSION AND RECOMMENDATION

The Debtors believe that confirmation and implementation of the Plan is preferable to any of the alternatives described above because it will provide the greatest recoveries to Holders of Claims. Other alternatives could involve significant delay, uncertainty, and substantial additional administrative costs. The Debtors urge Holders of Impaired Claims entitled to vote on the Plan to accept the Plan and to evidence such acceptance by returning their ballots so that they will be received by the Claims Agent no later than 4:00 p.m. (prevailing Eastern Time) on November 29, 2016 (or, in the case of beneficial Holders who hold their securities through intermediaries, please provide voting instructions to such intermediaries on the date specified by the intermediaries).

## ARTICLE I.

## DEFINED TERMS AND RULES OF INTERPRETATION

### A. Defined Terms

Unless the context requires, the following terms shall have the following meanings when used in capitalized form in this Plan:

1. "*ACIL*" means Abengoa Concessions Investments Limited, a company incorporated in England & Wales with company number 08818214, having its registered office at St Martin's House, 1 Lyric Square, London W6 0NB.

2. "*ACIL CVA*" has the meaning given to it in the Master Restructuring Agreement.

3. "*Accrued Professional Compensation*" means, at any given moment, all accrued and unpaid fees and expenses (including, without limitation, fees or expenses Allowed or awarded by a Final Order of the Bankruptcy Court) for legal, financial advisory, accounting, liquidation, and other professional services and reimbursement of expenses of Professionals that are awardable and allowable under sections 328, 330(a), or 331 of the Bankruptcy Code, or otherwise rendered prior to the Effective Date, including in connection with (a) applications filed in accordance with the Bankruptcy Code and Bankruptcy Rules; (b) motions seeking the enforcement of the provisions of the Plan or Confirmation Order, by all Professionals in the Chapter 11 Cases that the Bankruptcy Court has not denied by a Final Order, to the extent that any Allowed fees and expenses have not been paid previously, regardless of whether a fee application has been filed for any amount; and (c) applications for allowance of Administrative Claims arising under sections 503(b)(2), 503(b)(3), 503(b)(4) or 503(b)(6) of the Bankruptcy Code. To the extent the Bankruptcy Court or any higher court denies by a Final Order any amount of a Professional's fees or expenses, then those amounts shall no longer be Accrued Professional Compensation.

4. "*Administrative Claims*" means Claims that have been filed timely and properly before the Administrative Claims Bar Date set forth in the Confirmation Order (except as otherwise provided by a separate order of the Bankruptcy Court), for costs and expenses of administration under sections 503(b), 507(b), or 1114(e)(2) of the Bankruptcy Code, including, without limitation: the actual and necessary costs and expenses incurred after the Petition Date of preserving the Estates and operating the businesses of the Debtors (such as wages, salaries or commissions for services and payments for goods and other services and leased premises). Any fees or charges assessed against the Estates under section 1930 of chapter 123 of title 28 of the United States Code are excluded from the definition of Administrative Claims and shall be paid in accordance with Article V.N of the Plan. Notwithstanding anything to the contrary in this Plan, the filing of an Administrative Claim shall not be required in order to receive payment for any tax liability described in sections 503(b)(1)(B) and (C) in accordance with section 503(b)(1)(D) of the Bankruptcy Code.

5. "*Administrative Claims Bar Date*" means the first Business Day that is thirty (30) days after the Effective Date and is the deadline for a Holder of an Administrative Claim to file a request with the Bankruptcy Court for payment of an Administrative Claim in the manner indicated in Article II of this Plan.

6. "*Administration Costs*" shall have the meaning set forth in the Master Restructuring Agreement.

7. "*Allowed*" means, with respect to any Claim against the Debtors, except as otherwise provided in this Plan: (a) a Claim that has been scheduled by the Debtors in their Schedules as other than Disputed, contingent, or unliquidated and as to which the Debtors or other parties-in-interest have not filed an objection by the Claims Objection Bar Date; (b) a Claim filed in the Chapter 11 Cases and that either is not Disputed or has been allowed by a

[2] Capitalized terms used in this Plan that are not defined in Article I.A. of this Plan shall have the meanings given to them in the Master Restructuring Agreement.

Final Order; or (c) a Claim filed in the Chapter 11 Cases that is Allowed: (i) in any stipulation of amount and nature of Claim executed prior to the Effective Date and approved by the Bankruptcy Court; (ii) in any stipulation or written agreement with the Responsible Person or Liquidating Trustee, as applicable, of amount and nature of Claim executed on or after the Effective Date; or (iii) by any contract, instrument, or other agreement entered into or assumed in connection with this Plan; (d) a Claim that is Allowed by this Plan; or (e) a Disputed Claim that the Debtors, Responsible Person, or the Liquidating Trustee (as applicable) ultimately determine will not be objected to and the claims register is amended to indicate the Claim is no longer subject to a dispute.

8. "*Alternative Restructuring Terms*" shall have the meaning given to it in the Master Restructuring Agreement.

9. "*Bankruptcy Code*" means sections 101 *et seq.* of title 11 of the United States Code and the applicable portions of titles 18 and 28 of the United States Code.

10. "*Bankruptcy Court*" means the United States Bankruptcy Court for the District of Delaware, having jurisdiction over the Chapter 11 Cases and, to the extent of any withdrawal of the reference made pursuant to section 157 of title 28 of the United States Code, the unit of such District Court pursuant to section 151 of title 28 of the United States Code.

11. "*Bankruptcy Rules*" means the Federal Rules of Bankruptcy Procedure, promulgated under section 2075 of title 28 of the United States Code, the Local Rules of Bankruptcy Practice and Procedure of the United States Bankruptcy Court for the District of Delaware, the Local Rules of Civil Practice and Procedure of the United States District Court for the District of Delaware, and general orders and chambers procedures of the Bankruptcy Court, each as applicable to the Chapter 11 Cases and as amended from time to time.

12. "*Bar Date Order*" means the order of the Bankruptcy Court dated July 28, 2016 [D.I. 443], establishing the General Bar Date, with only those exceptions permitted thereby.

13. "*Bioenergy and Maple Liquidating Debtors*" means Abengoa Bioenergy Hybrid of Kansas, LLC, Abengoa Bioenergy Technology Holding, LLC, Abengoa Bioenergy Meramec Holding, Inc., and Abengoa Bioenergy Holdco, Inc.

14. "*Bioenergy and Maple Liquidating Distribution*" means any remaining assets in the Bioenergy and Maple Liquidating Trust, plus $750,000 Cash to be funded to the Bioenergy and Maple Liquidating Trust by the Parent.

15. "*Bioenergy and Maple Liquidating Plan*" means this Plan for the Bioenergy and Maple Liquidating Debtors, described herein, including exhibits and supplements, either in its present form or as it may be altered, amended, modified or supplemented from time to time in accordance herewith, with the Bankruptcy Code, or with the Bankruptcy Rules, which Plan is in form and substance acceptable to the Restructuring Committee and the NM1 Committee.

16. "*Bioenergy and Maple Liquidating Trust*" means the liquidating trust created under the Plan and the Liquidating Trust Agreement.

17. "*Bioenergy and Maple Liquidating Trustee*" means the Person or Persons designated by the Creditors' Committee of the Bioenergy and Maple Liquidating Debtors identified in the Plan Supplement and any successor to that Person.

18. "*Books and Records*" means, with respect to each Debtor, all available books and records of that Debtor, including, without limitation, all documents and communications of any kind, whether physical or electronic.

19. "*Business Day*" means any day, other than a Saturday, Sunday or "legal holiday" (as that term is defined in Bankruptcy Rule 9006(a)).

20. "*Cash*" means cash and cash equivalents in certified or immediately available U.S. funds, including, but not limited to, bank deposits, checks, and similar items.

21. "*Causes of Action*" means all claims, actions, causes of action, choses in action, suits, debts, dues, sums of money, accounts, reckonings, bonds, bills, specialties, covenants, contracts, controversies, agreements, promises, variances, trespasses, damages, judgments, remedies, rights of setoff, third-party claims, subrogation claims, contribution claims, reimbursement claims, indemnity claims, counterclaims, and crossclaims (including, without limitation, all claims and any avoidance, preference, recovery, subordination or other actions against insiders or any other Entities under the Bankruptcy Code) against any Person or Entity, based in law or equity, including, without limitation, under the Bankruptcy Code, whether direct, indirect, derivative, or otherwise and whether asserted or unasserted through the Effective Date.

22. "*Chapter 11 Cases*" means the chapter 11 cases commenced when the Debtors each filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code with the Bankruptcy Court.

23. ## ARTICLE II.

## ADMINISTRATIVE AND PRIORITY CLAIMS

### A. Establishment of the Administrative Claims Bar Date

1. Except as otherwise provided, by 5:00 p.m., prevailing Eastern time, on the Administrative Claims Bar Date, any Person or Entity that seeks allowance of an Administrative Claim shall file with the Bankruptcy Court and serve on counsel for (i) the Debtors, (ii) the Creditors' Committee, and (iii) the Responsible Person, any request for payment of an Administrative Claim. Requests for payment of an Administrative Claim must include at a minimum: (i) the name of the Holder seeking allowance of an Administrative Claim; (ii) the amount of the Administrative Claim sought; (iii) the basis asserted for allowance of the Administrative Claim; and (iv) all supporting documentation that justify allowance of the Administrative Claim asserted.

2. The request for payment of an Administrative Claim will be considered timely filed only if it is filed with the Bankruptcy Court and ***actually received*** by parties identified in Article II.A.1 by 5:00 p.m., prevailing Eastern time, on the Administrative Claims Bar Date. Requests for payment of Administrative Claims may **not** be delivered by facsimiles, telecopy, or electronic mail transmission.

3. Notwithstanding anything in the Plan, the Debtors' and the Creditors' Committee's Professionals shall not be required to file a request for payment of any Administrative Claim by the Administrative Claims Bar Date for fees and expenses arising under sections 330, 331, or 503(b)(2-5) of the Bankruptcy Code, because Professionals will instead file final fee applications as required by the Bankruptcy Code, Bankruptcy Rules, and the Confirmation Order.

### B. Administrative Claims

In full and final satisfaction, settlement, release, and discharge of each Allowed Administrative Claim, except to the extent that a Holder of an Allowed Administrative Claim and the Responsible Person or the Liquidating Trustee, as applicable, agree in writing to less favorable treatment for such Administrative Claim, the Responsible Person or Liquidating Trustee, as applicable, shall pay in Cash, from the assets of the applicable Debtor's Estate, each Holder of an Allowed Administrative Claim any unpaid amount of that Allowed Administrative Claim as follows: (1) on the Effective Date or as soon as practicable thereafter (or, if not then due, when such Allowed Administrative Claim is due or as soon as practicable thereafter); (2) if such Claim is Allowed after the Effective Date, on the date the Claim is Allowed or as soon as practicable after it is Allowed (or, if not then due, when due, or as soon as reasonably practicable); (3) when and upon terms as may be agreed upon by the Holder of the Allowed Administrative Claim and the Responsible Person; or (4) in accordance with any Final Order of the Bankruptcy Court; provided, however, that Administrative Claims will not include Administrative Claims filed after the Administrative Claims Bar Date or Administrative Claims filed or asserted under section 503(b)(9) of the Bankruptcy Code after the General Bar Date, unless the Responsible Person, in its discretion, chooses to treat those Claims as Administrative Claims.

### C. Professional Compensation and Reimbursement Claims

The deadline for submission by Professionals for Bankruptcy Court approval of Accrued Professional Compensation shall be sixty (60) days after the Effective Date. Any Professional or other Person or Entity that is required to file and serve a request for approval of Accrued Professional Compensation that fails to file and serve a timely request will be forever barred, estopped, and enjoined from asserting any request for payment of Accrued

Professional Compensation or participating in Distributions under the Plan on account thereof. All Professionals employed by the Debtors or the Creditors' Committee, shall provide to the Debtors an estimate of their Accrued Professional Compensation through the Effective Date (including an estimate for fees and expenses expected to be incurred after the Effective Date to prepare and prosecute allowance of final fee applications) before the Effective Date.

## ARTICLE III.

## CLASSIFICATION AND TREATMENT OF CLAIMS AND EQUITY INTERESTS

### A. Summary

1. The Plan is premised upon the separate substantive consolidation of the (a) EPC Reorganizing Debtors, (b) EPC Liquidating Debtors and (c) Bioenergy and Maple Liquidating Debtors, as set forth in more detail below, for the purposes of determining which Claims and Equity Interests will be entitled to vote to accept or reject the Plan, confirmation of the Plan, and the resultant treatment of and cancellation of Claims and Equity Interests and distribution of assets, interests, and other property under the terms of this Plan. Accordingly, the Plan shall serve as a motion of the Debtors seeking entry of a Bankruptcy Court order approving the substantive consolidation of the Debtors as provided for in this Plan.

2. The Debtors reserve the right to add the Future Chapter 11 Debtors, if any, to the Plan.

3. In accordance with section 1123(a)(1) of the Bankruptcy Code, the Debtors have not classified Administrative Claims and the Plan describes their treatment under this Plan in Article II hereof.

4. The following tables classify Claims against and Equity Interests in the Debtors for all purposes, including voting, confirmation, and Distribution under this Plan and in accordance with sections 1122 and 1123(a)(1) of the Bankruptcy Code. The Plan deems a Claim or Equity Interest to be classified in a particular Class only to the extent that the Claim or Equity Interest qualifies within the description of that Class and shall be deemed classified in a different Class to the extent that any remainder of a Claim or Equity Interest qualifies within the description of a different Class. A Claim or Equity Interest is in a particular Class only if the Claim or Equity Interest is Allowed in that Class and has not been paid or otherwise settled prior to the Effective Date. Each Class set forth below is treated under this Plan as a distinct Class for voting and Distribution purposes.

## ARTICLE IV.

## MEANS FOR IMPLEMENTATION OF THE PLAN

### A. The Master Restructuring Agreement

The Plan is sponsored by the Parent and is part of an integrated global restructuring (the "Global Restructuring") in which the Parent has negotiated with certain Holders of Affected Debt and Non-Spanish Debt to be Restructured and others for the compromise of their claims in exchange for the treatment provided to them and others under the Master Restructuring Agreement, namely, either the Standard Restructuring Terms, which is the treatment afforded to the Holders of MRA Affected Debt Claims and Holders of Intercompany Claims by Non-Debtor Affiliates under this Plan, or the Alternative Restructuring Terms, which the Existing Creditors may elect outside of and in addition to the provisions of this Plan. As a matter of private contract law, Existing Creditors may accede to the Master Restructuring Agreement and elect the Alternative Restructuring Terms or the Standard Restructuring Terms. This Plan has not proposed and does not provide the Alternative Restructuring Terms; rather, as a means of implementing the Global Restructuring, the Go Forward Chapter 11 Companies will provide the Replacement Guarantees.

The Master Restructuring Agreement, as sponsored by Parent, has provided for appropriate treatment under US law while at the same time facilitating the framework of the Spanish Restructuring to occur under and in accordance with Spanish law. The Debtors do not seek approval of the Master Restructuring Agreement or any of its terms; however, the Global Restructuring is closely integrated with the Chapter 11 Cases and creditors voting in favor of the Plan will be deemed to have accepted the treatment under this Plan notwithstanding any treatment that may be available to them under the Master Restructuring Agreement; *provided, however*, that Holders of Claims in Classes 3A, 3B, and 6 of the EPC Reorganizing Plan and Classes 3 and 6 of the Solar Reorganizing Plan may be entitled to participate in the Alternative Restructuring Terms under the Master Restructuring Agreement. The Go Forward Chapter 11 Companies are authorized under this Plan to facilitate the implementation of the Master Restructuring Agreement, and the Confirmation Order will provide them with the authority to do so, and may provide certain additional terms and protections to the Parent and other of its affiliates to further facilitate the Master Restructuring Agreement, including, but not limited to, providing for application of the exemption under section 1145 of the Bankruptcy Code from the registration requirements under section 5 of the Securities Act of 1933, as amended, in respect of the issuance to Consenting Existing Creditors, as defined in the Master Restructuring Agreement, by the Parent as a sponsor of the Plan of New Securities.

### B. The Responsible Person and Liquidating Trustee

The Responsible Person and Liquidating Trustee shall be deemed to have been appointed as the respective Estates' representative by the Bankruptcy Court under section 1123(b)(3)(B) of the Bankruptcy Code. The Responsible Person may be a Person in the employ of one of the Debtors. The Responsible Person shall represent the Estates of the Reorganizing Debtors and the Liquidating Trustee shall represent the Estates of the Liquidating Debtors. Each of the Responsible Person and Liquidating Trustee shall be entitled to retain counsel and other professionals to carry out their respective duties, including, but not limited to, pursuing the applicable Causes of Action transferred to them, whether known or unknown as of the Effective Date and irrespective of whether those Causes of Action have been identified or disclosed; *provided, however*, that with respect to the EPC Reorganizing Debtors, the Litigation Trustee will prosecute all Litigation Trust Causes of Action.

### C. The Litigation Trustee

The Litigation Trustee shall be deemed to have been appointed as the representative of the EPC Reorganizing Debtors' Estates by the Bankruptcy Court under section 1123(b)(3)(B) of the Bankruptcy Code solely

for the purpose of pursuing the Litigation Trust Causes of Action. The Litigation Trustee shall represent the Estates of the EPC Reorganizing Debtors solely with respect to the prosecution of Litigation Trust Causes of Action. The Litigation Trustee shall be entitled to retain counsel and other professionals to carry out its respective duties, including, but not limited to, pursuing the Litigation Trust Causes of Action transferred to them.

**D. Litigation Trust Proceeds**

The first $3 million of any Litigation Trust proceeds shall revert back to the Parent. All other Litigation Trust proceeds shall be distributed to the Holders of Allowed Claims entitled to a Distribution from the EPC Reorganization Distribution.

**E. Funding of Amounts Comprising Reorganization Distributions**

As part of the Master Restructuring Agreement and in order to continue with the global restructuring and facilitate the Debtors' exit from Chapter 11, the Parent is proposing to fund the Plan for the restructuring and/or liquidation, as applicable, of the Debtors. Commencing no later than thirty (30) days after the Effective Date of the Plan, the Parent shall contribute: (i) $20 million for the EPC Reorganizing Plan, (ii) $3 million for the Litigation Trust related to the EPC Reorganizing Debtors, and (iv) $1.5 million ($750,000 with respect to the EPC Liquidating Plan and $750,000 with respect to the Bioenergy and Maple Liquidating Plan). The Parent is not currently aware of any impediments to funding the foregoing amounts.

The $20 million of the New Value Contribution allocated to the EPC Reorganizing Debtors will be distributed as follows: (a) no later than thirty (30) days following the Effective Date (expected to occur in the First Quarter of 2017), an amount equal to fifty percent (50%) of such cash component; (b) no later than one hundred and twenty (120) days following the Effective Date, an amount equal to twenty-five percent (25%) of such cash component (expected to occur in the Second Quarter of 2017); and (c) no later than two hundred and ten (210) days after the Effective Date, an amount equal to the remaining twenty-five percent (25%) of such cash component (expected to occur in the Third Quarter of 2017).

The Liquidating Trust for the EPC Liquidating Debtors as well as the Litigation Trust related to the EPC Reorganizing Debtors shall be funded by Abengoa within thirty (30) days of the Effective Date for an amount equal to $750,000 for each of the Liquidating Debtors and $3 million to fund the Litigation Fund.

**F. Responsible Person to Effectuate Distributions**

The Responsible Person shall be appointed for the sole purpose of liquidating and distributing the applicable Reorganizing Debtors' assets and with no objective to continue or engage in the conduct of a trade or business, which trade or business with respect to the Reorganizing Debtors will be carried out by the applicable Responsible Person's management. For the avoidance of doubt, notwithstanding the fact that the Litigation Trustee is responsible for prosecuting, resolving, or otherwise settling Litigation Trust Causes of Action, all EPC Reorganization Distributions and Solar Reorganization Distributions shall be made by the Responsible Person in accordance with the provisions of this Plan.

**G. Sources of Consideration for Distributions Under the Plan of Reorganization**

All Distributions shall be funded by existing Cash on hand with the Debtors or Reorganizing Debtors, as applicable, as of the Effective Date, including any proceeds from the sales of assets of the Debtors and litigation of affirmative claims by the Debtors prior to or after the Effective Date or the New Value Contribution made by the Parent in accordance with the provisions in Article IV.E hereto.

**H. Issuance of New Securities**

The Master Restructuring Agreement provides for the issuance of New Securities; however, with respect to the Reorganizing Debtors, the equity owned by the Parent, either directly or indirectly, will be reinstated and any of the Reorganizing Debtors is authorized, without the need for any further corporate action or without any further

action by a Holder of Claims or Equity Interests, to take any corporate action necessary to facilitate the Parent's issuance of any security.

**I. Securities Exemption**

As permitted by section 1145 of the Bankruptcy Code, the offering, issuance, and distribution of any New Securities by the Parent contemplated by the Master Restructuring Agreement and all agreements related thereto shall be exempt from, among other things, the registration requirements of section 5 of the Securities Act and any other applicable law requiring registration before the offering, issuance, distribution, or sale of securities. In addition, under section 1145 of the Bankruptcy Code, any New Securities contemplated by the Master Restructuring Agreement and any and all agreements incorporated therein will be freely tradable by the recipients thereof, subject to (1) the provisions of section 1145(b)(1) of the Bankruptcy Code relating to the definition of an underwriter in section 2(a)(11) of the Securities Act; (2) compliance with any rules and regulations of the Securities and Exchange Commission, if any, applicable at the time of any future transfer of securities or instruments; (3) the restrictions on the transferability of securities and instruments; and (4) applicable regulatory approval.

**J. Corporate Existence**

Each of the Reorganizing Debtors shall continue to exist after the Effective Date as separate corporate entities, limited liability companies, partnerships, or other forms, as the case may be, with all the powers of a corporation, limited liability company, partnership, or other form, as the case may be, under applicable law in the jurisdiction in which each applicable Debtor is incorporated or formed and subject to the respective certificate of incorporation and bylaws (or other formation documents) in effect before the Effective Date, unless amended by the Plan of Reorganization or otherwise, and to the extent such documents are amended, those documents are deemed to be amended by the Plan of Reorganization and the applicable Debtor is not required to take any further action or seek any further approval (other than any requisite filings required under applicable state law).

Notwithstanding the foregoing, on or as of the Effective Date or as soon as practicable thereafter and without need for any further action, the Reorganizing Debtors or the Responsible Person may: (1) cause any or all of the Reorganizing Debtors to be merged into one or more of the Reorganizing Debtors, dissolved or otherwise consolidated; (2) cause the transfer of assets between or among the Reorganizing Debtors; or (3) engage in any other transaction in furtherance of the Plan of Reorganization.

**K. Certificates of Incorporation and By-Laws or Certificates of Formation**

On or immediately before the Effective Date, the Reorganizing Debtors may either continue to operate under their existing corporate, limited liability company or partnership documents or they may file their respective new Certificates of Incorporation, Certificates of Formation or comparable constituent documents with the applicable Secretaries of State and/or other applicable authorities in their respective states of formation in accordance with the corporate, limited liability company or partnership laws (as the case may be) of the respective states of formation. After the Effective Date, the Reorganizing Debtors or the Responsible Person may amend and restate their respective new Certificates of Incorporation and new by-laws or comparable constituent documents as permitted by the laws of their respective states of formation and their respective new Certificates of Incorporation and new by-laws or comparable constituent documents.

**L. Vesting of Assets in the Reorganizing Debtors**

Except as otherwise provided in the Plan of Reorganization or any agreement, instrument, or other document incorporated therein, on the Effective Date, all property in the Estates of the Reorganizing Debtors, all Causes of Action, and any property acquired by any of the Reorganizing Debtors under the Plan of Reorganization shall vest in each respective Reorganizing Debtor, free and clear of all Liens, Claims, charges, or other encumbrances. On and after the Effective Date, except as otherwise provided in the applicable Plan of Reorganization, each Reorganizing Debtor may operate its business and may use, acquire, or dispose of property and compromise or settle any Claims, Equity Interests, or Causes of Action without supervision or approval by the Bankruptcy Court and free of any restrictions of the Bankruptcy Code or Bankruptcy Rules.

**M. Funding of Litigation Fund**

Within thirty (30) days of the Effective Date, the Parent shall fund the Litigation Fund.

**N. Restructuring Transactions**

On the Effective Date or as soon as reasonably practicable thereafter, the applicable Reorganizing Debtors and/or the Responsible Person may take all actions as may be necessary or appropriate to effect any transaction described in, approved by, contemplated by, or necessary to effectuate the Plan of Reorganization, including: (1) the execution and delivery of appropriate agreements or other documents of merger, consolidation, restructuring, conversion, disposition, transfer, dissolution or liquidation containing terms that are consistent with the terms of the Plan of Reorganization and that satisfy the applicable requirements of applicable law and any other terms to which the applicable Entities may agree; (2) the execution and delivery of appropriate instruments of transfer, assignment, assumption or delegation of any asset, property, right, liability, debt or obligation on terms consistent with the terms of the Plan of Reorganization and the Master Restructuring Agreement and having other terms for which the applicable parties agree; (3) the filing of appropriate certificates or articles of incorporation, reincorporation, merger, consolidation, conversion or dissolution as required by applicable state law; and (4) all other actions that the applicable Entities determine to be necessary or appropriate, including making filings or recordings that may be required by applicable law.

**O. The Liquidating Trusts**

By the Effective Date, the EPC Liquidating Debtors and the Bioenergy and Maple Liquidating Debtors, on their own behalf and on behalf of the beneficiaries, shall execute the respective Liquidating Trust Agreements, in a form reasonably acceptable to the Creditors' Committee, and all other necessary steps shall be taken to establish the Liquidating Trusts. The Liquidating Trusts shall be established for the sole purpose of adjudicating General Unsecured Claims against the Liquidating Debtors and US Debt Claims against the Liquidating Debtors and distributing the Liquidating Trusts' assets for the benefit of the beneficiaries of the Liquidating Trusts with no objective to continue or engage in the conduct of a trade or business. The Liquidating Trusts shall be deemed to be a party in interest for purposes of contesting, settling or compromising objections to General Unsecured Claims against the Liquidating Debtors, US Debt Claims against the Liquidating Debtors or Causes of Action of or against the Liquidating Debtors. The Liquidating Trusts shall be vested with all the powers and authority set forth in this Plan and the Liquidating Trust Agreements. The Liquidating Trustee shall be the sole entity responsible for reconciling and objecting to General Unsecured Claims against the Liquidating Debtors and US Debt Claims against the Liquidating Debtors, and making Distributions to Allowed General Unsecured Claims against the Liquidating Debtors and Allowed US Debt Claims against the Liquidating Debtors.

**P. Funding of Liquidating Trusts**

The Liquidating Trusts shall be funded within thirty (30) days of the Effective Date, including the $1.5 million Cash component, which amount is to be funded by the Parent equally to the Liquidating Trusts. The Liquidating Trusts, and the assets of the Liquidating Trust, are for the benefit of Holders of Allowed General Unsecured Claims and Allowed US Debt Claims against the Liquidating Debtors. The Liquidating Trusts shall handle reconciliation of Claims for General Unsecured Claims and US Debt Claims against the Liquidating Debtors only, with the Liquidating Trustee selected by the Creditors' Committee.

**Q. Role of Liquidating Trustee**

The duties and powers of each Liquidating Trustee will include, solely as to the Liquidating Debtors, the following:

(1) To exercise all power and authority that may be exercised, commence all proceedings that may be commenced and take all actions that may be taken, by any officer, director or shareholder of the Liquidating Debtors with like effect as if authorized, exercised and taken by unanimous action of such officers, directors and shareholders;

(2) To continue to maintain accounts, make Distributions to the Creditors of the Liquidating Debtors and take other actions consistent with the Plan, including the establishment, re-evaluation, adjustment and maintenance of appropriate reserves or escrows required or advisable in connection with the Plan;

(3) To monitor and advise the Liquidating Debtors with regard to the administration, collection and, if necessary, liquidation, of any or all assets of the Liquidating Debtors;

(4) To compromise or settle any Claims against the Liquidating Debtors (Disputed or otherwise);

(5) To make decisions regarding the retention or engagement of professionals, employees and consultants;

(6) To pursue or defend Causes of Action of or against the Liquidating Debtors;

(7) To provide written reports on a quarterly basis (or such other information as may be requested by the Creditors' Committee) of cash receipts and disbursements, asset sales or other dispositions, Claims reconciliation and Plan Distributions with respect to the Liquidating Debtors, to be filed with the Bankruptcy Court until the Chapter 11 Cases have been closed;

(8) To take all other actions not inconsistent with the provisions of the Plan which the Liquidating Trustee deems reasonably necessary or desirable with respect to administering the Plan; and

(9) To wind-down or close the corporate affairs of any of the Liquidating Debtors; and

(10) With respect to the Liquidating Debtors, to pay fees incurred under 28 U.S.C. § 1930(a)(6) and to file with the Bankruptcy Court and serve on the United States Trustee monthly financial reports until the Final Decree is entered closing these Chapter 11 Cases or the cases are converted or dismissed, or the Bankruptcy Court orders otherwise.

**R. Role of the Responsible Person**

1. In furtherance of and consistent with the purpose of the Plan, the Responsible Person shall, among other things, have the rights, powers and duties, subject to the limitations set forth in this Plan: (i) to hold, manage, dispose of, sell, convert to Cash, and distribute the Reorganizing Debtors' assets, including the proceeds of any Causes of Action of the Reorganizing Debtors; (ii) to hold the Reorganizing Debtors' assets for the benefit of the Creditors that are entitled to a Reorganization Distribution therefrom under the Plan, whether their Claims are Allowed on or after the Effective Date; (iii) in the Responsible Person's reasonable business judgment, to investigate, prosecute, settle, liquidate, dispose of, or abandon the Reorganizing Debtors' assets; *provided, however*, that with respect to the Litigation Trust Causes of Action, the Litigation Trustee is responsible for the investigation, prosecution, settlement, liquidation, or disposal of the Litigation Trust Causes of Action; (iv) to monitor and enforce the implementation of the Plan; (v) to file all tax and regulatory forms, returns, reports and other documents and financial information required with respect to the Reorganizing Debtors; (vi) in the Responsible Person's reasonable business judgment, to reconcile and object to Claims and Equity Interests, and manage, control, prosecute and/or settle on behalf of the Estates objections to Claims and Equity Interests on account of which the Responsible Person (as Disbursing Agent) will be responsible (if Allowed) for making the Reorganization Distributions under the Plan; (vii) to take all actions necessary, and create any documents necessary, to wind up the affairs and effect a dissolution of the Reorganizing Debtors and implement the Plan; (viii) to hold, manage, and distribute the Reorganizing Debtors' assets obtained through the exercise of its power and authority; (ix) to act as a signatory of the Reorganizing Debtors and for all purposes, including those associated with the novation of contracts or other obligations arising out of the sales of any remaining assets; (x) to dispose of the Books and Records transferred to the Responsible Person in a manner deemed appropriate by the Responsible Person; provided, however, that the Responsible Person shall not dispose of any Books and Records that are reasonably likely to pertain to pending litigation in which the Reorganizing Debtors or their current or former officers or directors are a party or that may pertain to General Unsecured Claims without further order of the Bankruptcy Court; (xi) to take all necessary action and file all appropriate motions to obtain an order and a Final Decree closing the Chapter 11 Cases; (xii) to enter into and exercise rights under contracts that are necessary or desirable to the administration of the Reorganizing Debtors and execute any documents or pleadings related to the liquidation of the assets; (xiii) to establish and maintain bank accounts and terminate such accounts as the Responsible Person deems appropriate; (xiv) to bring suits or defend

itself against such suits, if any, as the Responsible Person determines in connection with any matter arising from or related to the Plan that affects in any way the rights or obligations of Creditors of or Holders of Equity Interests in the Reorganizing Debtors; *provided, however*, that, for the avoidance of doubt, the Litigation Trustee has sole responsibility with respect to matters arising from the Litigation Trust Causes of Action; (xv) procure, and prepay for, a tail director's and officer's insurance policy; *provided, however,* that in the event such policy is purchased before the Effective Date, the Reorganizing Debtors shall procure, and prepay for, such policy; and (xvi) to take such other and further actions as are permitted by the Plan and are not inconsistent with the Plan. In all circumstances, the Responsible Person shall use reasonable best efforts to maximize the value of the assets of the Reorganizing Debtors' Estates in the best interests of all Creditors of the Reorganizing Debtors.

2. The Responsible Person may resign by giving at least thirty (30) days prior written notice thereof to the Bankruptcy Court. Such resignation shall become effective on the later to occur of (i) the date specified in such written notice and (ii) the effective date of the appointment of a successor Responsible Person in accordance with the terms hereof and such successor's acceptance of such appointment in accordance with the terms hereof.

3. The Responsible Person may be removed, with cause, and replaced by the Bankruptcy Court upon motion by any Holder of an Allowed Claim duly noticed to the Responsible Person and all Holders of Claims, who shall have the right to appear and be heard with respect to such motion. Such removal shall become effective on the date specified in such action by the Bankruptcy Court.

4. The resignation, removal, incompetency, bankruptcy or insolvency of the Responsible Person shall not operate to revoke any existing agency created by the Plan, or the Confirmation Order or invalidate any action theretofore taken by the Responsible Person. All fees and expenses incurred by the Responsible Person prior to the resignation, incompetency or removal shall be paid from the assets, unless such fees and expenses are Disputed by the successor Responsible Person, in which case the Bankruptcy Court shall resolve the dispute and any disputed fees and expenses of the predecessor Responsible Person that are subsequently Allowed by the Bankruptcy Court shall be paid from the assets. In the event of the resignation or removal of the Responsible Person, Responsible Person shall: (a) promptly execute and deliver such documents, instruments and other writings as may be reasonably requested by the successor Responsible Person or directed by the Bankruptcy Court to effect the termination of such Responsible Person's capacity under the Plan and Confirmation Order; (b) promptly deliver to the successor Responsible Person all documents, instruments, records and other writings related to the administration of the assets as may be in the possession of such Responsible Person; provided, however, that such Responsible Person may retain one copy of each of such documents for its purposes, subject to the terms of any joint prosecution and common interest agreement to which the Responsible Person is party; and (c) otherwise assist and cooperate in effecting the assumption of its obligations and functions by such successor Responsible Person.

5. Any successor Responsible Person appointed hereunder shall execute an instrument accepting its appointment and shall deliver one counterpart thereof to the Bankruptcy Court for filing and, in case of the Responsible Person's resignation, to the resigning Responsible Person. Thereupon, such successor Responsible Person shall, without any further act, become vested with all the liabilities, duties, powers, rights, title, discretion and privileges of its predecessor with like effect as if originally named Responsible Person and shall be deemed appointed under Bankruptcy Code section 1123(b)(3)(B). The resigning or removed Responsible Person shall duly assign, transfer and deliver to such successor Responsible Person all property and money held by such resigning or removed Responsible Person hereunder and shall, as directed by the Bankruptcy Court or reasonably requested by such successor Responsible Person, execute and deliver an instrument or instruments conveying and transferring to such successor Responsible Person, all the liabilities, duties, powers, rights, title, discretion and privileges of such resigning or removed Responsible Person.

**S. Responsible Person's Tax Powers**

1. Following the Effective Date, the Responsible Person shall prepare and file (or cause to be prepared and filed), on behalf of the Reorganizing Debtors, all Tax Returns required to be filed or that the Responsible Person otherwise deems appropriate, including the filing of amended Tax Returns or requests for refunds.

2. The Responsible Person and the Reorganizing Debtors shall reasonably cooperate with each other, and shall cause their respective officers, employees, agents, auditors and other Representatives to reasonably

cooperate, in preparing and filing all Tax Returns (including amended Tax Returns and claims for refunds) and in resolving all disputes and audits with respect to all taxable periods relating to the Reorganizing Debtors. Any information obtained under this Article shall be kept confidential, except as may be otherwise necessary in connection with the filing of Tax Returns or claims for refunds or in conducting an audit or other proceeding.

**T. The Litigation Trust**

Effective as of the Effective Date, the EPC Reorganizing Debtors, on their own behalf and on behalf of the beneficiaries, shall execute the Litigation Trust Agreement, in a form reasonably acceptable to the Creditors' Committee, and all other necessary steps shall be taken to establish the Litigation Trust. The Litigation Trust shall be established for the sole purpose of prosecuting, compromising, and resolving the Litigation Trust Causes of Action. The Litigation Trust shall be vested with all the powers and authority granted to it pursuant to this Plan and the Litigation Trust Agreement.

On the Effective Date or such other date as agreed by the Litigation Trustee, the EPC Reorganizing Debtors shall transfer to the Litigation Trust, the Litigation Trust Causes of Action. In connection with the transfer of the Litigation Trust Causes of Action, any attorney-client privilege, work-product privilege, or other privilege or immunity attaching to any documents or communications (whether written or oral) shall have been transferred to the Litigation Trust and shall vest in the Litigation Trustee and its representatives.

The Litigation Trust shall be dissolved no later than five (5) years from the Effective Date, unless the Bankruptcy Court, upon a motion, determines that a fixed period extension (not to exceed three (3) years, together with any prior extensions, without a favorable letter ruling from the Internal Revenue Service that any further extension would not adversely affect the status of the Litigation Trust as a liquidating trust for federal income tax purposes) is necessary to facilitate or complete the recovery on the Litigation Trust Causes of Action the Litigation Trustee is responsible for prosecuting, settling, and/or compromising for the benefit of the Holders of Allowed Claims against the EPC Reorganizing Debtors.

**U. The Role of the Litigation Trustee**

The Litigation Trustee shall be the sole party responsible for the investigation, prosecution, settlement, liquidation, or disposal of the Litigation Trust Causes of Action.

**V. Cash**

The Responsible Person and Liquidating Trustee may invest Cash (including any earnings thereon or proceeds therefrom) in any manner permitted to be made by a liquidating trust within the meaning of Treasury Regulation section 301.7701-4(d), as reflected therein, or under applicable Internal Revenue Service guidelines, rulings, or other controlling authorities.

**W. Costs and Expenses of the Responsible Person, the Liquidating Trustee, and the Litigation Trustee**

The costs and expenses of the Responsible Person shall be paid from the applicable Reorganizing Debtors, the Litigation Trustee shall be paid from the Litigation Fund, and expenses of the Liquidating Trustee shall be paid from the assets of the applicable Liquidating Debtors.

**X. Retention of Professionals by the Responsible Person, the Litigation Trustee, and Liquidating Trustee**

The Responsible Person, the Litigation Trustee, and Liquidating Trustee may each retain and compensate attorneys and other professionals to assist in their duties on such terms (including on a contingency or hourly basis) as they deem reasonable and appropriate without Bankruptcy Court approval.

**Y. Tax Reporting**

1. The Responsible Person and the Liquidating Trustee, as applicable, shall file (or cause to be filed) any statements, returns or disclosures relating to the applicable Debtors that are required by any governmental unit.

2. The Responsible Person and the Liquidating Trustee, as applicable, shall be responsible for payment, out of the applicable Debtors' assets, of any taxes imposed on the applicable Debtors or their respective assets, including the applicable Disputed Claims reserve. In the event, and to the extent, any Cash retained on account of Disputed Claims in the applicable Disputed Claims reserve is insufficient to pay the portion of any such taxes attributable to the taxable income arising from the assets allocable to, or retained on account of, Disputed Claims, such taxes shall be (i) reimbursed from any subsequent Cash amounts retained on account of Disputed Claims, or (ii) to the extent such Disputed Claims have subsequently been resolved, deducted from any amounts otherwise distributable by the Responsible Person (as applicable) as a result of the resolution of such Disputed Claims.

**Z. Dissolution**

The Liquidating Debtors shall be dissolved at the earlier of: (i) all of the Liquidating Debtors' assets having been distributed under the Plan or (ii) the Liquidating Trustee determining, in its sole discretion, that the administration of the Liquidating Debtors' assets is not likely to yield sufficient additional proceeds to justify further pursuit; provided, however, that in no event shall the Liquidating Debtors be dissolved later than three (3) years after the Effective Date. If at any time the Liquidating Trustee determines, in reliance upon such professionals as the Liquidating Trustee may retain, that the expense of administering the Liquidating Debtors' assets, including the making of a final Distribution to their Creditors, is likely to exceed the value of the assets remaining in the Liquidating Debtors' Estates, the Liquidating Trustee may apply to the Bankruptcy Court for authority to reserve any amounts necessary to dissolve the Liquidating Debtors, and dissolve the Liquidating Debtors.

**AA. Indemnification of the Responsible Person, the Liquidating Trustee, and the Litigation Trustee**

The Indemnified Persons shall be held harmless and shall not be liable for actions taken or omitted in their capacity as, or on behalf of, the Responsible Person, the Litigation Trustee, or the Liquidating Trustee (as applicable), except those acts that are determined by Final Order of the Bankruptcy Court to have arisen out of their own intentional fraud, willful misconduct, or gross negligence, and each shall be entitled to be indemnified, held harmless, and entitled to advancement (and indemnification for the same amounts if the Indemnified Persons do not seek or receive advancement) for fees and expenses including, without limitation, reasonable attorney's fees, which such Persons and Entities may incur or may become subject to or in connection with any action, suit, proceeding or investigation that is brought or threatened against such Persons or Entities in respect of that Person's or Entity's or the Responsible Person's, the Litigation Trustee's, or Liquidating Trustee's actions or inactions regarding the implementation or administration of this Plan, or the discharge of their duties hereunder, as applicable, except for any actions or inactions that are determined by Final Order of the Bankruptcy Court to have arisen from intentional fraud, willful misconduct or gross negligence of any of the Indemnified Persons. Subject to the limitations set forth in the preceding sentence, any Claim of the Indemnified Persons to be indemnified, held harmless, advanced, or reimbursed shall be satisfied, in the first instance, from any applicable insurance coverage, and any remaining amounts from the applicable Debtors' assets.

**BB. Cancellation of Existing Securities and Agreements**

Except for purposes of evidencing a right to Distributions under the Plan or as otherwise provided hereunder or in the Master Restructuring Agreement, on the Effective Date, all agreements and other documents evidencing Claims or rights of any Holder of a Claim or Equity Interest against any of the Debtors, including, but not limited to, all indentures, notes, bonds and share certificates evidencing such Claims and Equity Interests and any agreements or guarantees related thereto shall be cancelled, terminated, deemed null and void and satisfied, as against the Debtors but not as against any other Person; *provided, however*, that the Existing Notes and the Existing Loans (in each case, as to which the Standard Restructuring Terms are applied pursuant to the Master Restructuring Agreement) and all indentures, notes, bonds, loans, agreements, guarantees, or other documents related thereto shall not be cancelled or terminated but shall remain in full force and effect, except to the extent modified by the Master Restructuring Agreement, the Plan, and/or the Confirmation Order, as applicable.

For the avoidance of doubt, all rights, indemnities, powers, and protections of each of the Note Agents under the indentures, fiscal agency agreements or other appointment agreements in relation to the Note Agents (as applicable) to which they are a party in connection with the Existing Notes shall continue and remain in full force

and effect, and such rights, indemnities, powers, and protections (except with respect to indemnification obligations of the Go Forward Chapter 11 Companies that arise after the Restructuring Effective Date (as defined in the Master Restructuring Agreement) with respect to or in connection with any of the Liquidating Entities (as defined in the Master Restructuring Agreement)) shall not be affected in any way by the terms of the Plan, the Confirmation Order, or any other Restructuring Document (as defined in the Master Restructuring Agreement), or the transactions contemplated herein or therein.

**CC. Operations of the Debtors Between the Confirmation Date and the Effective Date**

The Debtors shall continue to operate as debtors in possession during the period from the Confirmation Date through and until the Effective Date, and thereafter, the Liquidating Debtors will operate as liquidating estates on and after the Effective Date and the Reorganizing Debtors will continue to operate under and in accordance with governing law as reorganized entities. The retention and employment of the Professionals retained by the Debtors shall terminate as of the Effective Date, *provided, however*, that the Debtors shall exist, and their Professionals shall be retained, after such date with respect to (a) applications filed under sections 330 and 331 of the Bankruptcy Code, (b) motions seeking the enforcement of the provisions of the Plan or the Confirmation Order and (c) such other matters as may be determined by the Debtors or Responsible Person, including without limitation, the filing and prosecuting of objections to Claims.

**DD. Automatic Stay**

The automatic stay provided for under section 362 of the Bankruptcy Code shall remain in effect in the Chapter 11 Cases until the Effective Date.

**EE. The Creditors' Committee**

Upon the Effective Date, the Creditors' Committee shall dissolve, and their members shall be released and discharged from all further authority, duties, responsibilities, and obligations relating to and arising from the Chapter 11 Cases. The retention and employment of the Professionals retained by the Creditors' Committee shall terminate as of the Effective Date, *provided, however*, that the Creditors' Committee shall exist, and their Professionals shall be retained, after such date with respect to applications filed under sections 330 and 331 of the Bankruptcy Code and motions seeking the enforcement of the provisions of the Plan or the Confirmation Order.

**FF. Books and Records**

As part of the appointment of any Liquidating Trustee, to the extent not already transferred on the Effective Date, each of the Liquidating Debtors shall transfer dominion and control over all of its Books and Records to the applicable Liquidating Trustee in whatever form, manner, or media they existed immediately prior to the applicable Debtor's transfer of those Books and Records to the applicable Liquidating Trustee. The Liquidating Trustee may abandon any of the Books and Records on or after ninety (90) days from the Effective Date, *provided, however*, that the Liquidating Trustee shall not dispose or abandon any Books and Records that are reasonably likely to pertain to pending litigation in which the Debtors or their current or former officers or directors are a party or that pertain to General Unsecured Claims without further order of the Bankruptcy Court. The Responsible Person for each Reorganizing Debtor shall be granted access to the Reorganizing Debtors' Books and Records as is necessary to permit it to administer the provisions of this Plan for which the Responsible Person is responsible. As permitted by section 554 of the Bankruptcy Code, this Article IV.FF shall constitute a motion and notice, so that no further notice or Bankruptcy Court filings are required to effectuate the aforementioned abandonment of the Books and Records of the Debtors.

**GG. Corporate Action**

Each of the matters provided for by the Plans involving the corporate structure of the Debtors or corporate or related actions to be taken by or required of the Reorganizing Debtors shall, as of the Effective Date, be deemed to have occurred and be effective as provided in the Plan (except to the extent otherwise indicated), and shall be authorized, approved, and, to the extent taken prior to the Effective Date, ratified in all respects without any requirement of further action by Holders of Claims or Equity Interests, directors of the Debtors, or any other Entity.

**HH. Substantive Consolidation**

The Plan shall serve as a motion of the Reorganizing Debtors seeking entry of a Bankruptcy Court order approving the separate substantive consolidation of each of the following Debtor groups: (a) EPC Reorganizing Debtors, (b) EPC Liquidating Debtors, and (c) Bioenergy and Maple Liquidating Debtors. As such, upon the Effective Date, without the need for further order of the Bankruptcy Court or motion of, or notice from, the Debtors, the Responsible Person, or the Liquidating Trustee, the Chapter 11 Cases of (a) each of the EPC Reorganizing Debtors shall be deemed closed as of the Effective Date without prejudice to the rights of any party in interest to seek to reopen any of the Chapter 11 Cases under section 350(b) of the Bankruptcy Code; *provided, however*, that the following cases shall remain open until the applicable Debtor files a motion seeking entry of a final decree closing the cases: *Abeinsa Holding, Inc.; Abengoa Solar, LLC; Abencor USA LLC; Abengoa Bioenergy Holdco, Inc.*; (b) each of the EPC Liquidating Debtors shall be deemed closed as of the Effective Date without prejudice to the rights of any party in interest to seek to reopen such cases under section 350(b) of the Bankruptcy Code, and (c) each of the Bioenergy and Maple Liquidating Debtors shall be deemed closed as of the Effective Date without prejudice to the rights of any party in interest to seek to reopen such cases under section 350(b) of the Bankruptcy Code. Furthermore, (i) all motions, contested matters, adversary proceedings and other matters with respect to those closed cases and those Debtors shall be administered in the respective remaining open cases, without prejudice to the rights of any party in interest, (ii) the caption of each remaining open case shall be amended to reflect that it is the only remaining open case for each of the respective Debtor groups, and (iii) a docket entry shall be made in each of the closed cases that reflects their closure pursuant hereto.

**II. Allocation of Plan Distributions Between Principal and Interest**

To the extent that any Claim entitled to a distribution under the Plan consists of indebtedness and accrued but unpaid interest thereon, such distributions shall, for all income tax purposes, be allocated first to the principal amount of the Claim (as determined for federal income tax purposes) and then, to the extent the consideration exceeds the principal amount of the Claim, the portion of such Claim representing accrued but unpaid interest.

## ARTICLE V.

## PROVISIONS GOVERNING VOTING AND DISTRIBUTIONS

**A. Voting of Claims**

Each Holder of an Allowed Claim in an Impaired Class of Claims that is entitled to vote on the Plan is entitled to vote separately to accept or reject the Plan, as provided in the Solicitation Procedures Order or any other order of the Bankruptcy Court.

**B. Distribution Dates**

Distributions to Holders of Claims shall be made as provided in Articles II and III of the Plan. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date.

**C. Disbursing Agents**

All Distributions under the Plan by the Responsible Person or Liquidating Trustee shall be made by the Responsible Person or Liquidating Trustee as Disbursing Agent or such other entity designated by the Responsible Person or Liquidating Trustee as Disbursing Agent.

The Disbursing Agent shall be empowered to (a) effect all actions and execute all agreements, instruments and other documents necessary to perform their duties under the Plan, (b) make all Distributions contemplated by the Plan, (c) employ professionals to represent them with respect to their responsibilities, and (d) exercise such other powers as may be vested in the Disbursing Agent by order of the Bankruptcy Court, this Plan, or deemed by the Disbursing Agent to be necessary and proper to implement the provisions of the Plan.

The Disbursing Agent shall only be required to act and make Distributions in accordance with the terms of the Plan and shall have no (x) liability for actions taken in accordance with the Plan or in reliance upon information provided to them in accordance with the Plan or (y) obligation or liability for Distributions under the Plan to any party who does not hold an Allowed Claim at the time of Distribution or who does not otherwise comply with the terms of the Plan.

Except as otherwise ordered by the Bankruptcy Court, any reasonable fees and expenses incurred by the Responsible Person acting as the Disbursing Agent (including, without limitation, reasonable attorneys' fees and expenses) on or after the Effective Date shall be paid in Cash by the Reorganizing Debtors in the ordinary course of business. Except as otherwise ordered by the Bankruptcy Court, any reasonable fees and expenses incurred by the Liquidating Trustee acting as the Disbursing Agent (including, without limitation, reasonable attorneys' fees and expenses) on or after the Effective Date shall be paid in Cash by the Liquidating Trust in the ordinary course of business.

**D. Record Date for Distributions**

Except as otherwise provided in a Final Order of the Bankruptcy Court, the transferees of Claims that are transferred under Bankruptcy Rule 3001 on or prior to the Voting Record Date will be treated as the Holders of those Claims for all purposes, notwithstanding that any period provided by Bankruptcy Rule 3001 for objecting to the transfer may not have expired by the Record Date. The Responsible Person and the Liquidating Trustee (as applicable) shall have no obligation to recognize any transfer of any Claim occurring after the Voting Record Date. In making any Distribution with respect to any Claim, the Responsible Person and the Liquidating Trustee (as applicable) shall be entitled instead to recognize and deal with, for all purposes hereunder, only the Entity that is listed on the proof of Claim filed with respect thereto or on the Schedules as the Holder thereof as of the close of business on the Voting Record Date and upon such other evidence or record of transfer or assignment that was known to the Debtors as of the Voting Record Date and is available to the Responsible Person and the Liquidating Trustee (as applicable). Notwithstanding anything herein to the contrary, for purposes of implementing the treatment of MRA Affected Debt Claims under the Plan, the Voting Record Date shall not be applicable to holders of MRA Affected Debt Claims that arise from Existing Notes that are publicly held securities.

**E. Delivery of Distributions**

Subject to Bankruptcy Rule 9010 and except as otherwise provided in this Plan, Distributions to the Holders of Allowed Claims shall be made by the Disbursing Agent at (a) the address of each Holder as set forth in the Schedules, unless superseded by the address set forth on proofs of Claim filed by such Holder or (b) the last known address of such Holder if no proof of Claim is filed or if the Responsible Person and the Liquidating Trustee (as applicable) have been notified in writing of a change of address.

**F. Undeliverable and Unclaimed Distributions**

In the event that any Distribution to any Holder of an Allowed Claim made by the Responsible Person is returned as undeliverable, the Disbursing Agent shall use commercially reasonable efforts to determine the current address of each Holder, but no Distribution to such Holder shall be made unless and until the Disbursing Agent has determined the then current address of such Holder; *provided, however*, that all Distributions to Holders of Allowed Claims made by the Responsible Person that are unclaimed for a period of one (1) year after Distribution thereof shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and revested in the Reorganizing Debtors' Estates and any entitlement of any Holder of any Claims to such Distributions shall be extinguished and forever barred. The Responsible Person shall have no further obligation to make any Distribution to the Holder of such Claim on account of such Claim, and any entitlement of any Holder of such Claim to any such Distributions shall be extinguished and forever barred; *provided, however*, that the Holder of such Claim may receive future Distributions on account of such Claim by contacting the Responsible Person or the prior to the final Distribution.

In the event that any Distribution to any Holder of an Allowed Claim against a Liquidating Debtor is returned as undeliverable to the Liquidating Trustee, no further Distribution to such Holder shall be made unless and until the Disbursing Agent has been notified in writing with evidence satisfactory to the Liquidating Trustee of the current address of such Holder prior to the time that any Distributions are made by the Liquidating Trustee. All

Distributions to Holders of Allowed Claims against the Liquidating Debtors that are unclaimed for a period of sixty (60) days after any interim Distribution or forty-five (45) days after the final Distribution shall be deemed unclaimed property and revested in the Liquidating Trustee. After such time period, any entitlement of the applicable Holder of an Allowed Claim against the Liquidating Debtors to such Distribution shall be extinguished and forever barred and the Liquidating Trustee shall have no further obligation to make any Distribution to such Holder of any unclaimed Distribution on account of such Allowed Claim against the Liquidating Debtors.

**G. Manner of Cash Payments Under the Plan**

Except as otherwise provided in this Plan, Cash payments made under the Plan shall be in United States dollars by checks drawn on a domestic bank or by wire transfer from a domestic bank, at the option of the Responsible Person and the Liquidating Trustee (as applicable).

**H. Compliance with Tax Requirements**

The Disbursing Agent may withhold and pay to the appropriate taxing authority all amounts required to be withheld under the Tax Code or any provision of any foreign, state or local tax law with respect to any payment or Distribution on account of Claims. All such amounts withheld and paid to the appropriate taxing authority shall be treated as amounts distributed to the applicable Holders of the Claims. The Disbursing Agent shall be authorized to collect such tax information from the applicable Holders of Claims (including social security numbers or other tax identification numbers) as it in its sole discretion deems necessary to effectuate the Plan. In order to receive Distributions under the Plan, all Holders of Claims that are entitled to receive Distributions under the Plan will need to identify themselves to the Disbursing Agent and provide tax information to the extent the Disbursing Agent deems appropriate (including completing the appropriate Form W-8 or Form W-9, as applicable to each Holder). The Disbursing Agent may refuse to make a Distribution to any Holder of a Claim is entitled to receive a Distribution but that fails to furnish such information within the time period specified by the Disbursing Agent and such Distribution shall be deemed an unclaimed Distribution under the Plan, and, *provided further* that, if the Disbursing Agent fails to withhold in respect of amounts received or distributable with respect to any such Holder and such Disbursing Agent is later held liable for the amount of such withholding, such Holder shall reimburse the Disbursing Agent for such liability.

**I. No Payments of Fractional Dollars**

Notwithstanding any other provision of the Plan to the contrary, no payment of fractional dollars shall be made under the Plan. Whenever any payment of a fraction of a dollar under the Plan would otherwise be required, the actual Distribution made shall reflect a rounding down of such fraction to the nearest whole dollar.

**J. Interest on Claims**

Except as specifically provided for in this Plan, the Confirmation Order, or the Master Restructuring Agreement, or required by the Bankruptcy Code, interest shall not accrue on Claims and no Holder of a Claim shall be entitled to interest on any Claim accruing on or after the Petition Date. Interest shall not accrue on any General Unsecured Claim that is a Disputed Claim in respect of the period from the Effective Date to the date a final Distribution is made thereon if and after that Disputed Claim becomes an Allowed Claim. Except as expressly provided in this Plan or in a Final Order of the Bankruptcy Court, no prepetition Claim shall be Allowed to the extent that it is for postpetition interest or similar charges.

**K. No Distribution in Excess of Allowed Amount of Claim**

Notwithstanding anything to the contrary contained in the Plan, no Holder of an Allowed Claim shall receive in respect of that Claim any Distribution in excess of the Allowed amount of such Claim.

**L. Setoff and Recoupment**

The Responsible Person and the Liquidating Trustee (as applicable) may set off against, or recoup from, any Claim and the Distributions to be made under the Plan in respect thereof, any Claims or defenses of any nature

whatsoever that any of the Debtors or the Estates may have against the Holder of such Claim, but neither the failure to do so nor the allowance of any Claim under the Plan shall constitute a waiver or release by the Debtors, the Estates, the Responsible Person or the Liquidating Trustee of any right of setoff or recoupment that any of them may have against the Holder of any Claim. Any such setoffs or recoupments may be challenged in Bankruptcy Court.

**M. De Minimis Distributions; Charitable Donation**

Notwithstanding anything to the contrary therein, the Responsible Person and the Liquidating Trustee (as applicable) shall not be required to make a Distribution to any Creditor if the dollar amount of the Distribution is less than $25 or otherwise so small that the cost of making that Distribution exceeds the dollar amount of such Distribution. On or about the time that the final Distribution is made, the Responsible Person and the Liquidating Trustee (as applicable) may make a charitable donation with undistributed funds if, in the reasonable judgment of the Responsible Person and the Liquidating Trustee (as applicable), the cost of calculating and making the final Distribution of the remaining funds is excessive in relation to the benefits to the Holders of Claims who would otherwise be entitled to such Distributions, and such charitable donation is provided to an entity not otherwise related to the Debtors, the Responsible Person, and/or the Liquidating Trustee (as applicable).

**N. U.S. Trustee Fees**

All fees due and payable under section 1930 of Title 28 of the U.S. Code prior to the Effective Date shall be paid by the Debtors. On and after the Effective Date, the Responsible Person on behalf of the Reorganizing Debtors shall pay any and all such fees payable by the Reorganizing Debtors, when due and payable, and shall file with the Bankruptcy Court quarterly reports for each of the Reorganizing Debtors, in a form reasonably acceptable to the U.S. Trustee. On or after the Effective Date, the Liquidating Trustee on behalf of the Liquidating Debtors shall pay any and all such fees payable by the Liquidating Debtors, when due and payable, and shall file with the Bankruptcy Court quarterly reports for each of the Liquidating Debtors, in a form reasonably acceptable to the U.S. Trustee. Each of the Reorganizing Debtors and the Liquidating Debtors shall remain obligated to pay quarterly fees to the Office of the U.S. Trustee until the earliest of that particular Debtor's case being closed, dismissed or converted to a case under Chapter 7 of the Bankruptcy Code.

**O. Withholding from Distributions**

Any federal, state or local withholding taxes or other amounts required to be withheld under applicable law shall be deducted from Distributions under the Plan. The Responsible Person and the Liquidating Trustee (as applicable) may withhold from amounts distributable under the Plan to any Person or Entity any and all amounts, determined in the sole and reasonable discretion of the Responsible Person and the Liquidating Trustee (as applicable), required to be withheld by any law, regulation, rule, ruling, directive, or other governmental requirement.

**P. No Distributions on Late-Filed Claims**

Except as otherwise provided in a Final Order of the Bankruptcy Court, any Claim as to which a proof of Claim was required to be filed and was first filed after the applicable bar date in the Chapter 11 Cases, including, without limitation, the General Bar Date and any bar date established herein or in the Confirmation Order, shall automatically be deemed a late-filed Claim that is disallowed in the Chapter 11 Cases, without the need for (a) any further action by the Responsible Person or the Liquidating Trustee (as applicable) or (b) an order of the Bankruptcy Court.

**Q. Nonconsensual Confirmation**

If any Impaired Class of Claims entitled to vote does not accept the Plan by the requisite statutory majority provided in section 1126 of the Bankruptcy Code, the Debtors reserve the right to amend the Plan, to undertake to have the Bankruptcy Court confirm the Plan under section 1129(b) of the Bankruptcy Code, or both. With respect to Impaired Classes that are deemed to reject the Plan, the Debtors intend to request that the Bankruptcy Court confirm the Plan under section 1129(b) of the Bankruptcy Code notwithstanding the deemed rejection of the Plan by those Classes.

## ARTICLE VI.

## DISPUTED CLAIMS

### A. Disputed Claims Reserve

After the Effective Date, separate Disputed Claims reserves shall be created for each of the following: (i) the EPC Reorganizing Debtors; (ii) the Solar Reorganizing Debtor; (iii) the Bioenergy and Maple Liquidating Debtors; and (iv) the EPC Liquidating Debtors. The Disputed Claims reserves for the Reorganizing Debtors shall be managed by the respective Reorganizing Debtors or Responsible Person, as applicable, and the Disputed Claims reserves for the Liquidating Debtors shall be managed by the respective Liquidating Debtors or the respective Liquidating Trustee, as applicable. On each Distribution date after the Effective Date in which the respective Responsible Person or respective Liquidating Trustee (as applicable) makes Distributions to Holders of Claims (including without limitation, General Unsecured Claims), the respective Responsible Person or the respective Liquidating Trustee (as applicable) shall retain on account of Disputed Claims an amount the respective Responsible Person or the respective Liquidating Trustee (as applicable) estimates is necessary to fund the Pro Rata Share of such Distributions to Holders of Disputed Claims if such Claims were Allowed, with any Disputed Claims that are unliquidated or contingent being reserved in an amount reasonably determined by the respective Responsible Person or the respective Liquidating Trustee (as applicable). Cash retained on account of such Disputed Claims shall be retained in the respective Disputed Claims reserve for the benefit of the Holders of Disputed Claims pending a determination of their entitlement thereto under the terms of the Plan. If any Disputed Administrative or Priority Claim is disallowed or Allowed in an amount that is lower than the aggregate assets retained on account of such Disputed Claim, then the respective Responsible Person or the Liquidating Trustee (as applicable) shall within fifteen (15) days after such disallowance or allowance return the assets that exceed the Allowed amount of such Claim to the applicable Debtors' Estates or to the respective Reorganizing Debtors or Liquidating Debtors.

### B. Resolution of Disputed Claims

The respective Responsible Person, in the case of all Claims in the Plan of Reorganization and the respective Liquidating Trustee in the Plan of Liquidation, shall have the right to make and file objections to Claims in the Bankruptcy Court. Unless otherwise ordered by the Bankruptcy Court after notice and a hearing, all Disputed Claims shall be subject to the exclusive jurisdiction of the Bankruptcy Court.

### C. Objection Deadline

All objections to Disputed Claims shall be filed no later than the Claims Objection Bar Date, unless otherwise ordered by the Bankruptcy Court after notice and a hearing, with notice only to those parties entitled to notice in the Chapter 11 Cases under Bankruptcy Rule 2002.

### D. Estimation of Claims

At any time, the respective Responsible Person, in the case of all Claims in the Plan of Reorganization and the respective Liquidating Trustee in the Plan of Liquidation, may request that the Bankruptcy Court estimate any contingent or unliquidated Claim to the extent permitted by section 502(c) of the Bankruptcy Code regardless of whether the Responsible Person, the Liquidating Trustee, or the Debtors (as applicable) have previously objected to such Claim or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court shall have jurisdiction to estimate any Claim at any time during litigation concerning any objection to such Claim, including during the pendency of any appeal relating to any such objection. If the Bankruptcy Court estimates any contingent or unliquidated Claim, that estimated amount shall constitute either the Allowed amount of such Claim or a maximum limitation on the Claim, as determined by the Bankruptcy Court. If the estimated amount constitutes a maximum limitation on the Claim, the Responsible Person or the Liquidating Trustee (as applicable) may elect to pursue supplemental proceedings to object to the ultimate allowance of the Claim. All of the aforementioned Claims objection, estimation, and resolution procedures are cumulative and not exclusive of one another. Claims may be estimated and subsequently compromised, settled, withdrawn, or resolved by any mechanism approved by the Bankruptcy Court.

**E. No Distributions Pending Allowance**

Notwithstanding any other provision in the Plan, if any portion of a Claim is Disputed, no payment or Distribution provided under the Plan shall be made on account of such Claim unless and until such Disputed Claim becomes an Allowed Claim.

To the extent that a Disputed Claim ultimately becomes an Allowed Claim, Distributions (if any) shall be made to the Holder of such Allowed Claim in accordance with the provisions of the Plan. Upon allowance, a Holder of the Allowed Disputed Claim shall receive any Distributions that would have been made up to the date of allowance to such Holder under the Plan had the Disputed Claim been Allowed on the Effective Date.

**F. Resolution of Claims**

On and after the Effective Date, the respective Responsible Person, in the case of all Claims in the Plan of Reorganization and the respective Liquidating Trustee in the Plan of Liquidation, shall have the authority to compromise, settle, otherwise resolve or withdraw any objections to Claims, and to compromise, settle, or otherwise resolve any Disputed Claims without approval of the Bankruptcy Court.

## ARTICLE VII.

## TREATMENT OF EXECUTORY CONTRACTS

**A. Assumption or Rejection of Executory Contracts and Unexpired Leases**

In accordance with sections 365(a) and 1123(b)(2) of the Bankruptcy Code, all executory contracts and unexpired leases that exist between the Debtors and any Person or Entity shall be deemed rejected by the Debtors as of the Effective Date, except for any executory contract or unexpired leases (i) that has been assumed or rejected by an order of the Bankruptcy Court entered prior to the Effective Date or (ii) as to which a motion for approval of the assumption of such executory contract or unexpired lease has been filed and served prior to the Effective Date. Subject to the occurrence of the Effective Date, entry of the Confirmation Order shall constitute approval of rejection under section 365(a) of the Bankruptcy Code and a finding by the Bankruptcy Court that each such rejection is in the best interests of the Debtors, their Estates, and all parties in interest in the Chapter 11 Cases. Notwithstanding anything to the contrary in this Article VII.A, any Reorganizing Debtor may identify any contract to be assumed, together with a proposed cure amount, if any, in the Plan Supplement, and any objection with respect to assumption and cure by the respective Reorganizing Debtor must be filed by the Voting Deadline.

**B. Claims Based on Rejection of Executory Contracts and Unexpired Leases**

Claims created by the rejection of executory contracts and unexpired leases under this Plan, must be filed with the Bankruptcy Court and served on the Debtors, the Responsible Person, and the Liquidating Trustee no later than thirty (30) days after service of notice of the Effective Date. Any Claims arising from the rejection of an executory contract or unexpired lease under this Plan for which proofs of Claim are not timely filed within that time period will be forever barred from assertion against the Debtors, the Estates, the Responsible Person, the Liquidating Trustee, their successors and assigns, and their assets and properties, unless otherwise ordered by the Bankruptcy Court or as otherwise provided herein. All such Claims shall, as of the Effective Date, be subject to the permanent injunction set forth in Article IX.F herein. Unless otherwise set forth herein or ordered by the Bankruptcy Court, all such Claims that are timely filed as provided herein shall be treated as General Unsecured Claims under the Plan and shall be subject to the provisions of Article III herein.

**C. Claims Based on Cure Amounts Related to Assumed Executory Contracts and Unexpired Leases**

To the extent not already paid in full, outstanding Cure Amounts, if any, related to any executory contract or unexpired lease assumed by the Debtors and approved by a prior, final order of the Bankruptcy Court, shall be paid on or before the Effective Date of the Plan. To the extent that an executory contract or unexpired lease is assumed, as of the Effective Date, by virtue of being listed in the Plan Supplement, Cure Amounts, if any, shall be paid by the Responsible Person on or before the Effective Date.

**D. Indemnification and Reimbursement**

Subject to the occurrence of the Effective Date, all Allowed Claims against the Debtors for indemnification, defense, reimbursement, or limitation of liability of current or former directors, officers, or employees of the Debtors against any Claims, costs, liabilities or causes of action as provided in the Debtors' articles of organization, certificates of incorporation, bylaws, other organizational documents, or applicable law, shall, to the extent such indemnification, defense, reimbursement, or limitation is owed in connection with one or more events or omissions occurring before the Petition Date, be (i) paid only to the extent of any applicable insurance coverage, and (ii) to the extent a Claim is Allowed, treated as Allowed General Unsecured Claims to the extent such Claims are not covered by any applicable insurance, including deductibles. Nothing contained herein shall affect the rights of directors, officers, or employees under any insurance policy or coverage with respect to such Claims, costs, liabilities, or Causes of Action or limit the rights of the Debtors, the Responsible Person, the Liquidating Trustee, or the Debtors' Estates to object to, seek to subordinate or otherwise contest or challenge Claims or rights asserted by any current or former officer, director or employee of the Debtors.

**E. Certain Insurance Policy Matters**

Nothing in the Disclosure Statement, the Plan, the Confirmation Order, any exhibit to the Plan or any other Plan document (including any provision that purports to be preemptory or supervening), shall in any way operate to, or have the effect of, impairing in any respect the legal, equitable, or contractual rights and defenses, if any, of the insureds, the Debtors or any insurer with respect to any insurance policies or related agreements. The rights and obligations of the insureds, the Debtors, the Responsible Person, the Liquidating Trustee, and insurers shall be determined under the insurance policies or related agreements, including all terms, conditions, limitations and exclusions thereof, which shall remain in full force and effect, and under applicable non-bankruptcy law. Nothing in the Disclosure Statement, the Plan, the Confirmation Order, any exhibit to the Plan or any other Plan document (including any provision that purports to be preemptory or supervening), shall in any way (i) limit a Debtor, the Responsible Person, the Liquidating Trustee, or their successors or assignees from asserting a right or claim to the proceeds of any insurance policy that insures any such Debtor, was issued to any such Debtor, or was transferred to a Reorganizing Debtor or the Liquidating Trustee by operation of the Plan or (ii) limit any right of any other party to challenge their right or claim.

## ARTICLE VIII.

## CONDITIONS PRECEDENT

**A. Conditions Precedent**

The following are conditions precedent to the Effective Date that must be satisfied or waived:

1. The Bankruptcy Court shall have entered the Confirmation Order in form and substance acceptable to the Debtors and the Restructuring Committee and the NM1 Committee.

2. There shall be no stay, injunction, or appeal in effect with respect to the Confirmation Order, which such Confirmation Order shall contain approval of the releases provided for herein.

3. The order approving the applicable Debtors' entry into the Master Restructuring Agreement shall have been entered and not have been stayed or vacated on appeal.

4. The Master Restructuring Agreement shall not have been terminated as to all parties thereto.

5. All statutory fees and obligations then due and payable to the Office of the U.S. Trustee shall have been paid and satisfied.

6. All governmental, regulatory or third party approvals, authorizations, rulings, consents or documents (if any) that are necessary in connection with the transactions contemplated by the Plan or the Plan effectiveness shall have been obtained, not be subject to unfulfilled conditions, be and in full force and effect.

7. The appointment of the Responsible Person and the Liquidating Trustee shall have been confirmed by order of the Bankruptcy Court.

8. All invoiced and unpaid fees and expenses of Professionals have been paid in full in Cash from the Debtors' assets.

9. All agreements and instruments that are exhibits to the Plan shall be in a form reasonably acceptable to the Debtors, the Creditors' Committee, the Restructuring Committee, and the NM1 Committee, and have been duly executed and delivered; *provided, however*, that no party to any such agreements and instruments may unreasonably withhold its execution and delivery of such documents to prevent this condition precedent from occurring.

10. The payments payable to the Liquidating Trust on the Effective Date, if any, shall have been made.

11. Each of the Restructuring Effective Date and Restructuring Steps Commencement Date, each as defined in the Master Restructuring Agreement, shall have occurred.

12. The Restructuring Completion Date, as defined in the Master Restructuring Agreement, shall have occurred.

**B. Waiver**

Notwithstanding the foregoing conditions in Article VIII.A, the Debtors, subject to the consent of the Restructuring Committee and the NM1 Committee, may waive, in writing, the occurrence of any condition precedent or to modify any of the foregoing conditions precedent; *provided, however*, that the conditions precedent to the Restructuring Effective Date, Restructuring Steps Commencement Date, and the Restructuring Completion Date may only be waived in accordance with the Master Restructuring Agreement. Any such written waiver of a condition precedent set forth in Article VIII.A may be effected at any time, without notice, without leave or order of the Bankruptcy Court or without any other formal action other than proceeding to consummate the Plan. Any actions required to be taken on the Effective Date or Confirmation Date (as applicable) shall take place and shall be deemed to have occurred simultaneously, and no such action shall be deemed to have occurred prior to the taking of any other such action.

**C. Effect of Failure of Conditions**

In the event the Effective Date does not occur: (a) the Confirmation Order shall be vacated, (b) no Distributions under the Plan shall be made, (c) the Debtors and all Holders of Claims and Equity Interests shall be restored to the *status quo ante* as of the day immediately preceding the Confirmation Date as though the Confirmation Date had never occurred, and (d) the Debtors' obligations with respect to the Claims and Equity Interests shall remain unchanged and nothing contained in the Plan shall constitute or be deemed a waiver or release of any Claims or Equity Interests by or against the Debtors or any other Person or to prejudice in any manner the rights of the Debtors or any Person in any further proceedings involving the Debtors unless extended by Bankruptcy Court order.

**D. Substantial Consummation**

"Substantial Consummation" of the Plan, as defined in section 1101(2) of the Bankruptcy Code, shall be deemed to occur on the Effective Date.

**E. Notice of Effective Date**

The Debtors shall file with the Bankruptcy Court a notice of occurrence of the Effective Date within five (5) days after the conditions in Article VIII have been satisfied or waived pursuant to Article VIII.B.

## ARTICLE IX.

## INDEMNIFICATION, RELEASE, INJUNCTIVE, AND RELATED PROVISIONS

### A. Compromise and Settlement

Under section 363 of the Bankruptcy Code and Bankruptcy Rule 9019, and in consideration for the Distributions and other benefits provided by the Plan, the provisions of the Plan shall constitute a good faith compromise of all Claims and Equity Interests. The entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the compromise or settlement of all Claims and Equity Interests, as well as a finding by the Bankruptcy Court that such compromise or settlement is fair, equitable, reasonable, and in the best interests of the Debtors, the Estates, and Holders of Claims and Equity Interests.

### B. Releases

1. Releases by the Debtors and their Estates. Notwithstanding anything contained in the Plan to the contrary, as of the Effective Date, and to the fullest extent permitted by applicable law, the adequacy of which is hereby confirmed, for the good and valuable consideration provided by each of the Released Parties, each of the Debtors, the Estates, the Parent, and each of the Debtors', Estates', and Parent's current and former affiliates and Representatives (collectively, the "Debtor Releasing Parties") shall be deemed to have provided a full, complete, unconditional, and irrevocable release to the Released Parties (and each such Released Party so released shall be deemed released by the Debtor Releasing Parties, and the Creditors' Committee and its members but solely in their capacity as members of the Creditors' Committee and not in their individual capacities), from any and all Causes of Action and any other debts, obligations, rights, suits, judgments, damages, actions, remedies and liabilities whatsoever, whether accrued or unaccrued, whether known or unknown, foreseen or unforeseen, existing before the Effective Date, as of the Effective Date or arising thereafter, in law, at equity, whether for tort, contract, violations of statutes (including but not limited to the federal or state securities laws), or otherwise, based in whole or in part upon any act or omission, transaction, or other occurrence or circumstances existing or taking place prior to or on the Effective Date arising from or related in any way to the Debtors, including, without limitation, those that any of the Debtors would have been legally entitled to assert or that any Holder of a Claim or Equity Interest or other Entity would have been legally entitled to assert for or on behalf of any of the Debtors or the Estates, including those in any way related to the Chapter 11 Cases, the Plan, the Debtors' restructuring, the Master Restructuring Agreement and the transactions contemplated therein and herein, the Plan Supplement, the Disclosure Statement, and any related agreements, instruments or documents; *provided, however*, that the foregoing release shall not prohibit the Responsible Person or Liquidating Trust from asserting any and all defenses and counterclaims in respect of any Disputed Claim asserted by any Released Parties; *provided further* that the Released Parties shall not be released from any act or omission that constitutes actual fraud, gross negligence, willful misconduct, or a criminal act as determined by a Final Order.

2. Releases by Holders of Claims. Except as otherwise provided in Article IX.B of the Plan, each Person, other than any of the Debtors, who votes to accept the Plan and does not mark such ballot to indicate their refusal to grant the release provided for in this paragraph, to the fullest extent permitted by applicable law, the adequacy of which is hereby confirmed, shall be deemed to fully, completely, unconditionally, irrevocably, and forever release the Released Parties of and from any and all Causes of Action and any other debts, obligations, rights, suits, judgments, damages, actions, remedies and liabilities whatsoever, whether accrued or unaccrued, whether known or unknown, foreseen or unforeseen, existing before the Effective Date, as of the Effective Date or arising thereafter, in law, at equity, whether for tort, contract, violations of statutes (including but not limited to the federal or state securities laws), or otherwise, based in whole or in part upon any act or omission, transaction, or other occurrence or circumstances existing or taking place prior to or on the Effective Date arising from or related in any way to the Debtors, including, without limitation, those that any Holder of a Claim would have been legally entitled to assert or that any Released Party or other Entity would have been legally entitled to assert for or on behalf of any Holders of a Claim, including those in any way related to the Chapter 11 Cases, the Plan, the Debtors' restructuring, the Master Restructuring Agreement and the transactions contemplated therein or herein, the Plan Supplement, the Disclosure Statement, and any related agreements, instruments or documents, *provided further* that the Released Parties shall not be released from any act or omission that constitutes actual fraud, gross negligence, willful misconduct, or a criminal act as determined by a Final Order. For the avoidance of doubt, nothing contained in this

section shall release a Claim of any Entity or Person against any of the Debtors in the Chapter 11 Cases and preclude such Party or Entity entitled to receive a Distribution or other treatment afforded to such Claim under the Plan from receiving such Distribution or such other treatment.

3. Entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the releases set forth in this Article IX.B under Bankruptcy Rule 9019 and its finding that they are: (a) in exchange for good and valuable consideration, representing a good faith settlement and compromise of the Claims and Causes of Action released by this Plan; (b) in the best interests of the Debtors and all Holders of Claims and Equity Interests; (c) fair, equitable and reasonable; (d) approved after due notice and opportunity for hearing; and (e) a bar to the assertion of any Claim or Cause of Action thereby released.

**C. Exculpation**

**Notwithstanding anything contained in the Plan to the contrary, the Debtors, the Debtors' officers, managers, directors, employees, and Professionals, the Creditors' Committee, the Creditors' Committee's members (solely in their capacity as members), and the Creditors' Committee's Professionals shall neither have nor incur any liability to any Entity for any act or omission arising after the Petition Date and through the Effective Date, in connection with, or related to, formulating, negotiating, preparing, disseminating, implementing, administering, confirming or consummating the Plan, the Disclosure Statement, or any other contract, instrument, release, other agreement or document created or entered into in connection with the Plan, or any other post-petition act taken or omitted to be taken in connection with the Chapter 11 Cases; *provided, however*, that the foregoing provisions of this Article IX.C shall have no effect on the liability of any Entity that results from any such act or omission that is determined in a Final Order to have constituted actual fraud, gross negligence, willful misconduct, or criminal act.**

**D. Restrictions on Actions Against Go Forward Companies with Respect to Guarantees**

**Upon the Effective Date, except to the extent otherwise provided herein, the Holders of MRA Affected Debt Claims shall not make any demand under, bring any claim, or take (or vote in favor of) any Enforcement Action (as defined in the Master Restructuring Agreement) in any jurisdiction whatsoever in respect of any guarantee granted by any Go Forward Company in a manner inconsistent with the amendments to the terms of the principal obligations owed to such Holders under the applicable debt instruments pursuant to the terms of the Master Restructuring Agreement or support any person in taking such action. If a decision to enforce a guarantee or to take any action or to pursue a demand or claim in respect of a guarantee granted by a Go Forward Company needs the approval of a majority of creditors, each Holder of an MRA Affected Debt Claim entitled to vote in respect of such decision shall cast a valid vote against such enforcement and/or action if such enforcement and/or action is inconsistent with the amendments to the terms of the principal obligations owed to such Holder pursuant to the terms of the Master Restructuring Agreement.**

**E. Preservation of Causes of Action**

1. Vesting of Causes of Action

**(a)** Except as otherwise provided in the Plan or Confirmation Order, in accordance with section 1123(b)(3) of the Bankruptcy Code, any Causes of Action that the Debtors and the Estates may hold against any Entity shall remain with the Debtors and the Estates on and after the Effective Date.

**(b)** Except as otherwise provided in the Plan or Confirmation Order, after the Effective Date, the Responsible Person shall have the exclusive right to institute, prosecute, abandon, settle or compromise any Causes of Action that were held by the Debtors and the Estates, in its sole discretion and without further

order of the Bankruptcy Court, in any court or other tribunal, including, without limitation, in an adversary proceeding filed in one or more of the Chapter 11 Cases.

2. Preservation of All Causes of Action Not Expressly Settled or Released

**(a)** Unless a Cause of Action against a Holder or other Entity is expressly waived, relinquished, released, compromised or settled in the Plan or any Final Order (including the Confirmation Order) of the Bankruptcy Court, the Debtors and their Estates expressly reserve such Cause of Action for later adjudication or administration by the Responsible Person (including, without limitation, Causes of Action not specifically identified or described in the Plan or elsewhere or of which the Debtors may presently be unaware or which may arise or exist by reason of additional facts or circumstances unknown to the Debtors at this time or facts or circumstances which may change or be different from those the Debtors now believe to exist) and, therefore, no preclusion doctrine, including, without limitation, the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, waiver, estoppel (judicial, equitable or otherwise), or laches shall apply to such Causes of Action upon or after the entry of the Confirmation Order or Effective Date based on the Disclosure Statement, Plan, or Confirmation Order, except where such Causes of Action have been released in the Plan (including, without limitation, and for the avoidance of doubt, the releases contained in Article IX.B.1) or any other Final Order (including the Confirmation Order). In addition, the Debtors and their Estates expressly reserve the right of the Responsible Person or the Liquidation Trustee (as applicable) to pursue or adopt any claims alleged in any lawsuit in which the Debtors are a defendant or an interested party, against any Entity, including, without limitation, the plaintiffs or co-defendants in such lawsuits.

**(b)** Subject to the immediately preceding paragraph, any Entity to whom the Debtors have incurred an obligation (whether on account of services, purchase or sale of goods or otherwise), or who has received services from the Debtors or a transfer of money or property of the Debtors, or who has transacted business with the Debtors, or leased equipment or property from the Debtors should assume that any such obligation, transfer, or transaction may be reviewed by the Responsible Person subsequent to the Effective Date and may be the subject of an action after the Effective Date, regardless of whether: (i) such Entity has filed a proof of Claim against the Debtors in the Chapter 11 Cases; (ii) the Debtors have objected to any such Entity's proof of Claim; (iii) any such Entity's Claim was included in the Schedules; (iv) the Debtors have objected to any such Entity's scheduled Claim; or (v) any such Entity's scheduled Claim has been identified by the Debtors as disputed, contingent or unliquidated.

3. **Discharge**

Upon the Effective Date and in consideration of the rights afforded in the Plan and the payments and distributions to be made in the Plan, except as otherwise provided in the Plan or in the Confirmation Order, each Holder (as well as any trustees and agents on behalf of each Holder) of a Claim or Equity Interest and any affiliate of such Holder will be deemed to have forever waived, released, and discharged the Debtors and the Reorganizing Debtors, of and from any and all Liens, Claims, Equity Interests, liabilities, encumbrances, rights, and liabilities that arose prior to the Effective Date of any kind, nature, or description whatsoever, including any accrued interest, which Holder, in exchange for the treatment afforded to such Claims and Equity Interests under the Plan, will be deemed to have granted, and shall grant to the Debtors the waiver, release and discharge described in the Plan; *provided, however* that the Liquidating Debtors shall not receive a discharge under the Plan. Except as otherwise provided in the Plan or the Confirmation Order, upon the Effective Date, all such holders of Liens, Claims, liabilities, encumbrances and Equity Interests and their affiliates shall be forever precluded and enjoined, pursuant to sections 105, 524, 1141 of the Bankruptcy Code, from prosecuting or asserting any discharged Lien, Claim, liability or encumbrance against or terminated Equity Interest in the Debtors or the Reorganizing Debtors, as appropriate, or against any of their assets or properties, any other or further Claim, liabilities, encumbrances or Equity Interest based upon any act or omission, transaction, or other activity of any kind or nature that occurred prior to the Effective Date, whether or not such holder has filed a proof of Claim or proof of Equity Interest.

4. **Term of Pre-Confirmation Injunctions or Stays**

Unless otherwise provided in the Plan, the Confirmation Order, or a separate order from the Bankruptcy Court, all injunctions or stays arising under or entered during the Chapter 11 Cases in accordance with sections 105

or 362 of the Bankruptcy Code, or otherwise (excluding any injunctions or stays contained in the Plan or the Conformation Order), and in existence on the Confirmation Date shall remain in full force and effect until the later of the Effective Date and the date indicated in such applicable order.

5. **Injunction Against Interference with Plan**

Upon the entry of the Confirmation Order, all Holders of Claims and Equity Interests and other parties in interest, along with their respective present or former affiliates, employees, agents, officers, directors, or principals, shall be enjoined from taking any actions to interfere with the implementation or consummation of the Plan.

**F. Injunction**

1. Except as otherwise expressly provided for in the Plan or in obligations issued under the Plan, from and after the Effective Date, all Entities are permanently enjoined from commencing or continuing in any manner against the Debtors, the Estates, the Creditors' Committee, the Liquidating Trusts, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Responsible Person, the Parent, their successors and assigns, and their assets and properties, as the case may be, any suit, action or other proceeding, on account of or respecting any Claim or Equity Interest, demand, liability, obligation, debt, right, Cause of Action, interest or remedy released or satisfied or to be released or satisfied under the Plan or the Confirmation Order.

2. Except as otherwise expressly provided for in the Plan or in obligations issued under the Plan, from and after the Effective Date, all Entities shall be precluded from asserting against the Debtors, the Estates, the Creditors' Committee, the Liquidating Trust, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Responsible Person, the Parent, or their successors and assigns and their assets and properties, any other Claims or Equity Interests based upon any documents, instruments, or any act or omission, transaction or other activity of any kind or nature that occurred prior to the Effective Date, solely to the extent that (a) such Claims or Equity Interests have been released or satisfied under this Plan or the Confirmation Order or (b) such Claims, Equity Interests, actions or assertions of Liens relate to property that will be distributed under this Plan or the Confirmation Order.

3. Except as otherwise expressly provided for in the Plan or in obligations issued under the Plan, the rights afforded in the Plan and the treatment of all Claims and Equity Interests in the Plan shall be in exchange for and in complete satisfaction of Claims and Equity Interests against the Debtors or any of their assets or properties solely to the extent that (a) such Claims or Equity Interests have been released or satisfied under this Plan or the Confirmation Order or (b) such Claims, Equity Interests, actions, or assertions of Liens relate to property that will be distributed under this Plan or the Confirmation Order. On the Effective Date, all such Claims against, and Equity Interests in, the Debtors shall be satisfied and released in full.

4. Except as otherwise expressly provided for in the Plan or in obligations issued under the Plan, all Persons and Entities are permanently enjoined, on and after the Effective Date, on account of any Claim or Equity Interest satisfied and released under the Plan or Confirmation Order, from:

**(a)** commencing or continuing in any manner any action or other proceeding of any kind against any Debtor, the Creditors' Committee, the Liquidating Trusts, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Responsible Person, the Parent, their successors and assigns, and their assets and properties;

**(b)** enforcing, attaching, collecting or recovering by any manner or means any judgment, award, decree or order against any Debtor, the Creditors' Committee, the Liquidating Trusts, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Responsible Person, the Parent, their successors and assigns, and their assets and properties;

**(c)** creating, perfecting or enforcing any encumbrance of any kind against any Debtor, or the property or estate of any Debtor, the Creditors' Committee, the Liquidating Trusts, the Liquidating Trustee, the Litigation Trust, the Litigation Trustee, the Responsible Person, or the Parent;

**(d)** commencing or continuing in any manner any action or other proceeding of any kind in respect of any Claim or Equity Interest or Cause of Action released or settled hereunder; and

**(e)** taking any action inconsistent with Article IX of the Plan.

5. For the avoidance of doubt, nothing contained in this section F shall enjoin any Entity or Person from pursuing its Claim in the Chapter 11 Cases and receiving Distributions (to the extent such Entity or Person is entitled to a Distribution) or such other treatment afforded to such Claim under the Plan on account thereof.

**G. Releases of Liens**

Except as otherwise provided in the Plan or in any contract, instrument, release, or other agreement or document created under the Plan, on the Effective Date, all mortgages, deeds of trust, Liens, pledges or other security interests against property of the Estates distributed under the Plan shall be fully released and discharged and all of the right, title and interest of any Holder of such mortgages, deeds of trust, Liens, pledges or other security interest shall revert to the Debtors.

## ARTICLE X.

## RETENTION OF JURISDICTION

Notwithstanding the entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court shall, after the Effective Date, retain such jurisdiction over the Chapter 11 Cases and all Entities with respect to all matters related to the Chapter 11 Cases, the Debtors, the Parent, and the Plan as is legally permissible, including, without limitation, jurisdiction to:

1. allow, disallow, determine, liquidate, classify, estimate or establish the priority or secured or unsecured status of any Claim or Equity Interest against the Debtors, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the allowance or priority of Claims;

2. grant, deny or otherwise resolve any and all applications of Professionals or Persons retained in the Chapter 11 Cases by the Debtors or the Creditors' Committee for allowance of compensation or reimbursement of expenses authorized by the Bankruptcy Code or the Plan, for periods ending by the Effective Date;

3. resolve any matters related to the assumption, assignment or rejection of any executory contract or unexpired leases to which a Debtor is party or with respect to which a Debtor may be liable and to hear, determine and, if necessary, liquidate, any Claims arising therefrom;

4. ensure that Distributions to Holders of Allowed Claims are accomplished under the provisions of the Plan, including by resolving any disputes regarding the Debtors' entitlement to recover assets held by third parties;

5. decide or resolve any motions, adversary proceedings, contested or litigated matters and any other matters and grant or deny any applications involving a Debtor that may be pending on the Effective Date or instituted by the Responsible Person after the Effective Date;

6. enter such orders as may be necessary or appropriate to implement or consummate the provisions of the Plan and all other contracts, instruments, releases, indentures and other agreements or documents adopted in connection with the Plan or the Disclosure Statement;

7. resolve any cases, controversies, suits or disputes that may arise in connection with the Effective Date, interpretation or enforcement of the Plan, the Confirmation Order, or any Entity's obligations incurred in connection with the Plan;

8. issue injunctions, enforce them, enter and implement other orders or take such other actions as may be necessary or appropriate to restrain interference by any Entity with the Effective Date or enforcement of the Plan, except as otherwise provided in the Plan;

9. enforce Article IX.A, Article IX.B, Article IX.C and Article IX.D hereof;

10. enforce the injunction set forth in Article IX.E.3 hereof;

11. resolve any cases, controversies, suits or disputes with respect to the releases, injunction, and other provisions contained in Article IX herein, and enter such orders as may be necessary or appropriate to implement or enforce all such releases, injunctions, and other provisions of this Plan;

12. enter and implement such orders as necessary or appropriate if the Confirmation Order is modified, stayed, reversed, revoked, or vacated;

13. resolve any other matters that may arise in connection with or related to the Plan, the Disclosure Statement, the Confirmation Order, or any contract (except for the Master Restructuring Agreement), instrument, release, indenture, or other agreement or document adopted in connection with the Plan or the Disclosure Statement; and

14. enter an order and a Final Decree closing the Chapter 11 Cases.

## ARTICLE XI.

## MISCELLANEOUS PROVISIONS

### A. Modification of Plan

Subject to the limitations contained in the Plan: (1) the Debtors, with the consent of the Creditors' Committee, the Restructuring Committee, and the NM1 Committee, and, solely with respect to Articles III.B.3, IV.B, IV.C, IV.D, IV.I, IV.L, IV.P, VI, IX.B and IX.C of the Plan, the Creditors' Committee, reserve the right, in accordance with the Bankruptcy Code and the Bankruptcy Rules to amend or modify the Plan prior to the entry of the Confirmation Order, including amendments or modifications to satisfy section 1129(b) of the Bankruptcy Code; provided, however, that any pre-Confirmation Date amendments shall not materially or adversely affect the interests, rights or treatment of any Allowed Claims or Equity Interests under the Plan and shall not be inconsistent with the Master Restructuring Agreement; and (2) after the entry of the Confirmation Order, subject to the consent of the Restructuring Committee and the NM1 Committee, the Debtors, the Responsible Person or the Liquidating Trustee may, upon order of the Bankruptcy Court, amend or modify the Plan, in accordance with section 1127(b) of the Bankruptcy Code, or remedy any defect or omission or reconcile any inconsistency in the Plan in such manner as may be necessary to carry out the purpose and intent of the Plan.

### B. Revocation of Plan

Subject to the consent of the Restructuring Committee and the NM1 Committee, the Debtors reserve the right to revoke or withdraw the Plan prior to the entry of the Confirmation Order, and to file subsequent chapter 11 plans. If the Debtors revoke or withdraw the Plan (subject to the consent of the Restructuring Committee and the NM1 Committee) or if entry of the Confirmation Order or the Effective Date does not occur, then: (1) the Plan shall be null and void in all respects; (2) any settlement or compromise embodied in the Plan, assumption or rejection of executory contracts effected by the Plan, and any document or agreement executed pursuant hereto shall be deemed null and void; and (3) nothing contained in the Plan shall: (a) constitute a waiver or release of any Claims by or against, or any Equity Interests in, such Debtor or any other Entity; (b) prejudice in any manner the rights of the Debtors or any other Entity; or (c) constitute an admission of any sort by the Debtors or any other Entity.

**C. Binding Effect**

On the Effective Date, the provisions of the Plan shall bind any Holder of a Claim against, or Equity Interest in, a Debtor and such Holder's respective successors and assigns, whether or not the Claim or Equity Interest of such Holder is Impaired under the Plan, whether or not such Holder has accepted the Plan and whether or not such Holder is entitled to a Distribution under the Plan.

**D. Successors and Assigns**

The rights, benefits and obligations of any Entity named or referred to herein shall be binding on, and shall inure to the benefit of, any heir, executor, administrator, successor or assign of such Entity.

**E. Governing Law**

Except to the extent that the Bankruptcy Code or Bankruptcy Rules apply, unless otherwise stated, and subject to the provisions of any contract, instrument, release, indenture or other agreement or document entered into in connection herewith, the rights and obligations arising hereunder shall be governed by, and construed and enforced in accordance with, the laws of the state of Delaware without giving effect to the principles of conflict of laws thereof.

**F. Reservation of Rights**

Except as expressly set forth herein, the Plan shall have no force or effect unless and until the Effective Date occurs. Neither the filing of the Plan, any statement or provision contained herein, nor the taking of any action by a Debtor or any Entity with respect to the Plan shall be or shall be deemed to be an admission or waiver of any rights of: (1) any Debtor with respect to the Holders of Claims or Equity Interests or other parties-in-interest; or (2) any Holder of a Claim or Equity Interest or other party-in-interest prior to the Effective Date.

**G. Article 1146 Exemption**

Pursuant to section 1146(a) of the Bankruptcy Code, any transfers of property under this Plan shall not be subject to any stamp tax or other similar tax or governmental assessment in the United States, and the Confirmation Order shall direct the appropriate state or local governmental officials or agents to forego the collection of any prohibited tax or governmental assessment and to accept for filing and recordation instruments or other documents transfers of property without the payment of any tax or governmental assessment.

**H. Section 1125(e) Good Faith Compliance**

Confirmation of the Plan shall act as a finding by the Bankruptcy Court that the Debtors and each of their respective Representatives have acted in "good faith" under section 1125(e) of the Bankruptcy Code.

**I. Further Assurances**

The Debtors, the Responsible Person and the Liquidating Trustee, all Holders of Claims receiving Distributions hereunder, and all other parties in interest shall, from time to time, prepare, execute, and deliver any agreements or documents, and take any other actions as may be necessary or advisable to effectuate the provisions and intent of the Plan or the Confirmation Order.

**J. Service of Documents**

Any pleading, notice or other document required by the Plan to be served on or delivered to the Debtors shall be sent by first class U.S. mail, postage prepaid as follows:

I. The period during which the Debtors may solicit votes to accept or reject the Plan, as established by this Order, provides sufficient time for Holders of Claims and Equity Interests to make informed decisions to accept or reject the Plan and timely submit their Ballots.

J. The period during which the Debtors may solicit votes to accept or reject the Plan,

as established by this Order, provides sufficient time for Holders of debt securities entitled to vote on the Plan to deliver their Beneficial Ballots to their respective Voting Nominees to make informed decisions to accept or reject the Plan and timely submit their Ballots.

K. The Tabulation Rules for the solicitation and tabulation of votes to accept or reject the Plan, as approved herein, provide a fair and equitable voting process and are consistent with section 1126 of the Bankruptcy Code.

L. The contents of the General Solicitation Packages and the procedures for providing notice of the hearing on confirmation of the Plan and the other matters set forth in the Confirmation Notice comply with Bankruptcy Rules 2002 and 3017 and, under the circumstances, constitute sufficient notice to all interested parties in accordance with the Bankruptcy Code, the Bankruptcy Rules, and Local Rules.

IT IS HEREBY FOUND AND DETERMINED THAT:

1. The Motion is GRANTED as set forth herein.

2. The Disclosure Statement is approved under section 1125 of the Bankruptcy Code and Bankruptcy Rule 3017.

3. The following dates and deadlines are hereby approved and may be extended in the Debtors' discretion:

| **Confirmation Timetable** | |
|---|---|
| Notice Record Date | October 31, 2016 |

| Confirmation Hearing | December 6, 2016 at 10:00 a.m. (ET) |

4. The Notice Record Date shall be the date upon which Prime Clerk LLC ("Prime Clerk" or the "Claims Agent") commences distribution of all General Solicitation Packages to all Voting Classes; *provided, however*, that Prime Clerk shall not distribute Master Ballots or Beneficial Ballots to the Voting Nominees until the Nominee Solicitation Commencement Date. Voting Nominees shall receive all of the other materials contained in the General Solicitation Packages on the General Solicitation Commencement Date.

5. The record date (the "**Voting Record Date**") for determining which Holders of Claims are entitled to vote to accept or reject the Plan shall be the date that is the ACIL Guarantee Creditors' Meeting.

6. The General Solicitation Package is hereby approved. The Debtors shall transmit, or cause to be transmitted, the General Solicitation Package containing, among other materials, (a) a copy of the Solicitation Procedures Order approved by the Bankruptcy Court; (b) the Confirmation Hearing Notice; (c) a cover letter, describing the contents of the General Solicitation Package and urging the Holders of Claims in each of the Voting Classes to vote to accept the Plan; (d) an appropriate form(s) of Ballot for holders of Claims; (e) the approved Disclosure Statement (with all exhibits attached thereto, including the Plan and the exhibits attached thereto); and (f) any supplemental documents the Debtors file with the Bankruptcy Court and any documents that the Bankruptcy Court orders to be made available; *provided,*

*however*, that neither the Debtors nor Prime Clerk shall distribute Master Ballots or Beneficial Ballots to the Voting Nominees until the Nominee Solicitation Commencement Date.

7. Unless otherwise set forth herein, the General Solicitation Packages will provide the Disclosure Statement and Plan in electronic format (i.e., CDROM or flash drive) and all other contents of the General Solicitation Packages, including Ballots and Master Ballots, in paper format. Any holder of a Claim or Equity Interest may obtain, at no charge, a paper copy of the documents otherwise provided by (a) accessing Prime Clerk's website at https://cases.primeclerk.com/Abeinsa/, (b) writing to Prime Clerk, via first-class or overnight mail, at Abeinsa Ballot Processing, c/o Prime Clerk LLC, 830 Third Avenue, 3rd Floor, New York, New York 10022, (c) calling Prime Clerk at 855-650-7243 within the United States or Canada or, or (d) e-mailing abeinsaballots@primeclerk.com.

8. The forms of Ballot attached hereto as Exhibits 2-A through 2-O, as may be hereafter amended, are hereby approved.

9. The Debtors, through the Claims Agent, shall commence solicitation no later than October 31, 2016 (the "**General Solicitation Commencement Date**").

10. The Debtors, through the Claims Agent, shall provide Master Ballots and Beneficial Ballots to the Voting Nominees no later than the date of the ACIL Guarantee Creditors' Meeting (the "**Nominee Solicitation Commencement Date**").

11. Ballots shall be transmitted by mail to the record holders of claims in the Voting Classes in accordance with the terms of this Order. All other Holders of Claims or Interests will not be provided with a Ballot because such Holders are either (a) unimpaired and presumed to accept the Plan under section 1126(f) of the Bankruptcy Code or (b) impaired and deemed to

accept or reject the Plan under section 1126(g) of the Bankruptcy Code. Such Non-Voting Parties will receive a copy of the Confirmation Hearing Notice.

12. With respect to General Solicitation Packages that will be sent to certain holders of debt securities entitled to vote on the Plan, the Debtors shall deliver the General Solicitation Packages on the General Solicitation Commencement Date to the applicable Voting Nominees. With respect to Master Ballots and Beneficial Ballots that will be sent to certain holders of debt securities entitled to vote on the Plan, the Debtors shall deliver a sufficient number of Beneficial Ballots, to the applicable Voting Nominees, on the Nominee Solicitation Commencement Date. For the avoidance of doubt, (i) neither the Note Agents nor Société Générale, Sucursal en España in its capacity as agent under the syndicated facility with Abengoa, S.A. and Abengoa Greenbridge, S.A. ("Société Générale"), are Voting Nominees, and (ii) neither the Note Agents nor Société Générale shall be responsible for the distribution, completion, tabulation, or return of the General Solicitation Packages (or any Ballots).

13. Upon written request on or prior to the bar date for certain Administrative Claims as set forth in Section II.A. of the Plan, with supporting back-up documentation, the Debtors shall reimburse each Voting Nominee's reasonable, actual, and necessary out-of-pocket expenses associated with the distribution of the General Solicitation Packages to the Beneficial Holders of such Claims, the tabulation of the Ballots, and the completion of the Master Ballots, as defined below.

14. Except as otherwise provided herein, each Voting Nominee shall (a) forward a General Solicitation Package to the Beneficial Holders of the securities entitled to vote on the Plan (the "**Voting Securities**") for whom such Voting Nominee acts, and (b) include a return envelope provided by and addressed to the Voting Nominee so that the Beneficial Holders may

return the completed Beneficial Ballots to the Voting Nominee so that they are received in sufficient time to allow the Voting Nominee to receive the Beneficial Ballots and summarize the results on a Master Ballot by such deadline as may be established by the Voting Nominee. The Voting Nominee will then summarize the individual votes of its respective Beneficial Holders from their Beneficial Ballots on the appropriate Master Ballot and will then return the Master Ballot to the Claims Agent so that it is **actually received** prior to the Voting Deadline (as defined below). The Voting Nominees shall retain the Beneficial Ballots for inspection for a period of at least one (1) year following the Voting Deadline.

15. The Claims Agent must receive original signed Ballots or Master Ballots, as applicable, on or before 4:00 p.m. (prevailing Eastern Time) on November 29, 2016 the (the "**Voting Deadline**"). Ballots and Master Ballots, as applicable, are to be delivered to the Claims Agent by either first class mail, overnight mail or courier service at the following address: Abeinsa Ballot Processing, c/o Prime Clerk LLC, 830 Third Avenue, 3rd Floor, New York, New York 10022. Any Ballot delivered by facsimile, e-mail, or any other electronic means (except via Prime Clerk's E-Ballot platform or, with respect to Master Ballots, which may be returned by e-mail as set forth herein) shall not be counted as an acceptance or rejection of the Plan and shall be rendered invalid.

16. General Solicitation Packages may be sent in paper format or via electronic transmission in accordance with the customary practices of each Voting Nominee. Each Voting Nominee will then distribute the General Solicitation Packages, as appropriate, in accordance with their customary practices and obtain votes to accept or reject the Plan, also in accordance with their customary practices. If it is the Voting Nominee's customary and accepted practice to submit a "voting instruction form" to the Beneficial Holders for the purpose of recording the

Beneficial Holder's vote, the Voting Nominee will be authorized to send the voting instruction form in lieu of, or in addition to, a Beneficial Ballot.

17. Notwithstanding anything contained herein, Voting Nominees may return Master Ballots via e-mail to abeinsaballots@primeclerk.com or submitted via Prime Clerk's E-Ballot platform.

18. In addition to accepting Ballots by regular mail, overnight courier, or hand delivery, the Debtors seek authority to accept Ballots via electronic, online transmission through a customized electronic Ballot by utilizing the E-Ballot platform on Prime Clerk's website. Holders may cast an E-Ballot and electronically sign and submit such electronic Ballot via the E-Ballot platform. Instructions for casting an electronic Ballot can be found on the "E-Ballot" section of Prime Clerk's website. The encrypted ballot data and audit trail created by such electronic submission shall become part of the record of any electronic Ballot submitted in this manner and the creditor's electronic signature will be deemed to be an original signature that is legally valid and effective. For the avoidance of doubt, holders may only cast Ballots electronically via the E-Ballot platform. Ballots submitted by electronic mail, facsimile, or any other means of electronic submission not specifically authorized herein shall not be counted.

19. The Debtors are not required to mail the General Solicitation Packages and Non-Voting Creditor Notices (as defined below) to any Holders of Claims or Equity Interests at addresses that are determined to be undeliverable.

If the Debtors seek to challenge the allowance of one or more Claims for voting purposes, the Debtors shall file a motion, pursuant to Bankruptcy Rule 3018(a) (or a claims objection), for an order temporarily allowing its claim in a different amount or classification for purposes of voting to accept or reject the Plan (a "**3018 Motion**") on or before is November 15, 2016. Claimants

shall have until November 22, 2016 to object to a 3018 Motion filed by the Debtors and/or to file a 3018 Motion. The Debtors shall have until November 29, 2016 to respond to a 3018 Motion filed by a creditor. Any motions or objections filed pursuant to Bankruptcy Rule 3018, and any claims objections filed by the Debtors, shall be considered by the Bankruptcy Court at the Confirmation Hearing.

20. Solely for purposes of voting to accept or reject the Plan, the amount of a Claim used to tabulate acceptance or rejection of the Plan shall be as follows:

(a) if no proof of Claim was timely filed, the Claim amount listed in the Debtors' Schedules, provided that such Claim is not scheduled as contingent, disputed, or unliquidated;

(b) the liquidated amount specified in a proof of Claim timely filed with the Bankruptcy Court or Prime Clerk (or otherwise deemed timely filed by the Bankruptcy Court under applicable law), to the extent that the proof of Claim or Equity Interest is not the subject of an objection;

(c) the amount temporarily allowed by the Bankruptcy Court for voting purposes, pursuant to Bankruptcy Rule 3018(a), after notice and a hearing at or before the Confirmation Hearing;

(d) a proof of Claim filed for $0.00 is not entitled to vote;

(e) notwithstanding anything to the contrary contained herein, any creditor who has filed or purchased one or more duplicate Claims within the same Class shall be provided with only one General Solicitation Package and one Ballot for voting a single Claim in each Class, regardless of whether the Debtors have objected to such duplicate Claims;

(f) if a Claim is the subject of an amended proof of Claim, the originally filed proof of Claim shall be deemed superseded by the later filed amended proof of Claim, regardless of whether or not the Debtors have objected to such Claim, and only the amended proof of Claim shall be used for the purpose of determining voting eligibility in accordance with the provisions herein;

(g) if a Claim for which a proof of Claim has been timely filed is wholly contingent, unliquidated, or disputed, undetermined or unknown in amount, such Claim shall be temporarily allowed in the amount of $1.00 for voting purposes only, and not for purposes of allowance or distribution; *provided, however*, that, notwithstanding anything to the

contrary herein, the Holders of MRA Affected Debt Claims may-vote, and such Claims shall be allowed for voting and tabulation purposes, in the full face amounts of their Claims (or the scheduled amounts listed in the Debtors' Schedules if an amount is not set forth in a proof of claim, or in the amounts set forth in the relevant Ballots if an amount is not set forth in the Schedules or the relevant proof of claim);

(h) If a Claim is partially liquidated and partially unliquidated, such Claim shall be allowed for voting purposes only in the liquidated amount;

(i) If an objection to a timely filed Claim is filed, such Claims shall be disallowed for voting purposes only and not for purposes of allowance or distribution, except to the extent and in the manner as may be set forth in such objection or ordered by the Bankruptcy Court;

(j) if no proof of Claim is filed and the Claim is scheduled as contingent, unliquidated, or disputed, the creditor is not entitled to vote;

(k) if a creditor holds Claims in more than one Class, such creditor must submit a Ballot or Beneficial Ballot, as applicable, for each Class of Claims in which such creditor holds a Claim; or

(l) if the Debtors have filed an objection or request for estimation as to a Claim on or before the 3018 Motion Deadline, such Claim is temporarily disallowed for voting purposes only and not for purposes of allowance or distribution, except as ordered by the Court; *provided, however*, that if the Debtors' objection or request for estimation seeks to reclassify or reduce the Allowed amount of such Claim, then such Claim is temporarily Allowed for voting purposes in the reduced amount and/or as reclassified, except as ordered by the Court.

21. If a creditor desires to vote in a higher amount, the creditor may seek authority from the Bankruptcy Court to do so following notice and a hearing, pursuant to Bankruptcy Rule 3018(a). For voting purposes only, the Debtors may file objections to Claims or a Determination Motion by the 3018 Motion Deadline.

22. If a holder of a Claim casts a Ballot and the entirety of such creditor's Claim is the subject of an objection filed by the Debtors before the Voting Deadline, such creditor's Ballot shall not be counted. If a creditor casts a Ballot and part of such creditor's Claim is the subject of an objection filed before the Voting Deadline, such creditor's Ballot shall be treated as

a Claim for voting purposes only to the extent of the remaining amount of the Claim not subject to any objection. If a creditor desires to vote in a higher amount, the creditor may seek authority from the Bankruptcy Court to do so following notice and a hearing, pursuant to Bankruptcy Rule 3018(a).

23. In addition, the following voting procedures and standard assumptions ("**Tabulation Rules**") will be used in tabulating Ballots:

(a) Any Ballot that is timely received, that contains sufficient information to permit the identification of the claimant and that is cast as an acceptance or rejection of the Plan will be counted and cast as an acceptance or rejection, as the case may be, of the Plan.

(b) Any Ballot that is illegible or contains insufficient information to permit the identification of the claimant will not be counted;

(c) Any Ballot cast by a Person or Entity that does not hold a Claim in a Class that is entitled to vote to accept or reject this Plan will not be counted;

(d) Any Ballot timely received that is cast in a manner that indicates neither acceptance nor rejection of this Plan or that indicates both acceptance and rejection of this Plan will not be counted;

(e) Any Ballot received by the Balloting Agent after the Voting Deadline will not be counted, unless the Debtors agree in writing to an extension of such deadline;

(f) If a Ballot is signed by a trustee, executor, administrator, guardian, attorney-in-fact, officer of a corporation, or other person acting in a fiduciary or representative capacity, such person should indicate such capacity when signing and, if requested by the Debtors, must submit proper evidence satisfactory to the Debtors to so act in such capacity;

(g) The Debtors, in their sole discretion, subject to any contrary order of the Bankruptcy Court, may waive any defect with respect to any Ballot at any time, either before or after the close of voting, and without notice. Except as otherwise provided herein, the Debtors may, in its sole discretion, reject such defective Ballot as invalid and, therefore, not count it in connection with confirmation of the Plan;

(h) Unless otherwise ordered by the Bankruptcy Court, all questions as to the validity, eligibility (including time of receipt) and revocation or

withdrawal of Ballots will be determined by the Debtor, in its sole discretion which determination shall be final and binding;

(i) If multiple Ballots are received from or on behalf of an individual holder of a Claim with respect to the same Claim prior to the Voting Deadline, the last properly completed Ballot timely received will be deemed to reflect the voter's intent and to supersede and revoke any prior Ballot;

(j) any Ballot not bearing an original signature will not be counted except as otherwise permitted herein (for the avoidance of doubt, a Ballot cast via the E-Ballot platform and, with respect to a Master Ballot, which also may be submitted via e-mail, will be deemed to contain an original signature);

(k) Any Ballot received by the Balloting Agent by facsimile or other electronic communication (unless otherwise permitted herein) will not be counted;

(l) If a party that is entitled to vote has more than one Claim within the same Class against one or more Debtor based upon different transactions, said party shall be entitled to one vote for numerosity purposes in the aggregate dollar amount of all of said Claims (as applicable);

(m) In the event any Class of Claims does not have a Holder of an allowed Claim or a Claim temporarily allowed by the Bankruptcy Court as of the date of the Confirmation Hearing, such Class or Classes shall be deemed eliminated from the Plan for purposes of voting to accept or reject the Plan and for purposes of determining acceptance or rejection of the Plan by such Class pursuant to Bankruptcy Code section 1129(a)(8) (for the avoidance of doubt, the MRA Affected Debt Claims shall be allowed for purposes of voting on the Plan and determining acceptance or rejection of the Plan by the Class of such Claims);

(n) In the event any Class of Claims does not have a Holder of an allowed Claim or a Claim temporarily allowed by the Bankruptcy Court as of the date of the Confirmation Hearing, such Class or Classes shall be deemed eliminated from the Plan for purposes of voting to accept or reject the Plan and for purposes of determining acceptance or rejection of the Plan by such Class pursuant to Bankruptcy Code section 1129(a)(8); and

(o) In the event that a Class of Claims contains at least one party that is entitled to vote and no members of such Class vote on the Plan, such Class shall be deemed to accept the Plan.

24. With respect to the tabulation of Master Ballots and Beneficial Ballots cast by Voting Nominees and Beneficial Holders, the Debtors propose that the amount that will be used to tabulate acceptance or rejection of the Plan will be the principal amount held by such Voting

Nominees and Beneficial Holders as of the Voting Record Date (the "**Record Amount**"); *provided, however*, that any principal amounts may be adjusted with the Claims Agent to reflect the amount of the Claim actually voted, including any prepetition interest. The Debtors propose that the following additional rules apply to the tabulation of Master Ballots and Beneficial Ballots case by Voting Nominees and Beneficial Holders:[4]

(a) Votes cast by Beneficial Holders through a Voting Nominee will be applied against the positions held by such entities in the applicable debt security of the Debtors as of the Voting Record Date, as evidenced by the record and depository listings. Votes submitted by a Voting Nominee pursuant to a Master Ballot will not be counted in excess of the Record Amount of the applicable securities held by such Voting Nominee on the Voting Record Date; *provided, however*, that any principal amounts may be adjusted with the Claims Agent to reflect the amount of the Claim actually voted, including any prepetition interest.

(b) To the extent that conflicting votes or "overvotes" are submitted by a Voting Nominee, the Claims Agent, in good faith, will attempt to reconcile discrepancies with the applicable Voting Nominees.

(c) If two or more Master Ballots are received prior to the Voting Deadline, the last Master Ballot received by the Claims Agent shall supersede any prior Master Ballot received by the Claims Agent.

(d) To the extent that overvotes on a Master Ballot are not reconcilable prior to the preparation of the vote certification, the Claims and Noticing Agent will apply the votes to accept and reject the Plan in the same proportion as the votes to accept and reject the Plan submitted on the Master Ballot that contained the overvote, but only to the extent of the Voting Nominee's position in the applicable security.

(e) Any Beneficial Holder Ballot returned to a Voting Nominee by a Beneficial Holder shall not be counted for purposes of accepting or rejecting the Plan until such Nominee properly completes and delivers to

---

[4] With respect to votes cast by Beneficial Holders of MRA Affected Debt Claims through international depositories, banks, brokers, or other nominees or agents for international depositories, banks, brokers, such as Euroclear Bank S.A./N.V. ("**Euroclear**") or Clearstream Banking, societe anoyme ("**Clearstream**"), the Claims Agent shall be authorized to receive one or more Master Ballots from Lucid Issuer Services Limited ("**Lucid**") reflecting and certifying the votes cast such Beneficial Holders; *provided, however*, that Lucid provides sufficient information to the Claims Agent to reconcile such votes against the information provided by Euroclear and Clearstream. The Claims Agent shall rely on such Master Ballot(s) submitted by Lucid when tabulating votes. General Solicitation Packages may be sent in paper format or via electronic transmission in accordance with the customary practices of each Voting Nominee.

the Claims Agent a Master Ballot that reflects the vote of such Beneficial Holders on or before the Voting Deadline or otherwise validates the Beneficial Holder Ballot in a manner acceptable to Prime Clerk

(f) Where a Beneficial Holder holds securities through more than one Voting Nominee, it must execute a separate Ballot for each block of debt securities it owns. However, such holder must vote all of its Claims in each Class in the same manner, to either accept or reject the Plan.

(g) Accordingly, if such Holder returns more than one Ballot to more than one Voting Nominee voting different Claims within each Class under the Plan and the Ballots are not voted in the same manner, as reflected on such separate Master Ballots, such votes will not be counted.

(h) To the extent that the Voting Record Date is not the date upon which the Solicitation Procedures Order is entered, the Beneficial Holder shall have the responsibility to track and report to its Voting Nominee any transfers of its Claim(s). In the event that a Beneficial Holder fails to make such notice, the transferee of the Claim shall be entitled to vote the portion of the Claim transferred during the period between entry of the Solicitation Procedures Order and the Voting Record Date.

25. Additionally, except as otherwise provided herein the Debtors propose that the following Ballots **will not be counted** in determining whether the Plan has been accepted or rejected:

(a) it is illegible or contains insufficient information to permit the identification of the holder of the Claim;

(b) it was transmitted by facsimile, e-mail, or other electronic means (except via Prime Clerk's E-Ballot platform, or with respect to Master Ballots, via e-mail);

(c) it was cast by an entity that is not entitled to vote on the Plan;

(d) it was cast for a Claim listed in the Schedules as contingent, unliquidated, or disputed for which the applicable bar date has passed and no proof of claim was timely filed;

(e) it was cast for a Claim that is subject to an objection pending as of the Voting Record Date (unless temporarily allowed in accordance with the Solicitation Procedures Order);

(f) it was sent to the Debtors, the Debtors' agents (other than Prime Clerk), the Debtors' financial or legal advisors, the Creditors' Committee, or the Creditors' Committee's advisors;

(g) it is unsigned; *provided, however*, that Ballots transmitted via the Balloting Agent's E-Balloting platform or via e-mail with respect solely to Master Ballots shall be considered as signed;

(h) it is not clearly marked to either accept or reject the Plan or it is marked both to accept and reject the Plan; or

(i) it is not received by Prime Clerk before the Voting Deadline.

26. The Debtors may make non-substantive changes to the Plan and Disclosure Statement and related documents without further order of the Bankruptcy Court to, among other things, correct typographical and grammatical errors, and to make conforming changes among the Plan and Disclosure Statement and any other materials in the General Solicitation Packages following entry of the Solicitation Procedures Order.

27. The Confirmation Hearing Notice, substantially in the form attached hereto as Exhibit 1, as may be hereafter amended, is hereby approved and shall be served upon the Debtors' creditor matrix and all interest Holders of record as soon as practicable after the entry of this Order.

28. The Non-Voting Creditor Notices, substantially in the forms attached hereto as Exhibits 3 and 4, as may be hereafter amended, are hereby approved, and shall be served upon the Non-Voting Parties as soon as practicable after the entry of this Order.

29. The Publication Notice, substantially in the form attached hereto as Exhibit 5, as may be hereafter amended, is hereby approved. The Debtors shall publish the Publication Notice once in the national edition of the Wall Street Journal, the New York Times, or USA Today, not less than fourteen (14) calendar days before the Confirmation Hearing.

30. The Confirmation Hearing is scheduled for **December 6, 2016 at 10:00 a.m. (prevailing Eastern Time)**, before the Honorable Kevin J. Carey, United States Bankruptcy Judge, in Courtroom #5 of the United States Bankruptcy Court for the District of Delaware, 824 North Market Street, 5th Floor, Wilmington, Delaware 19801.

31. The deadline to file objections to confirmation of the Plan (the "**Objection Deadline**") shall be **4:00 p.m. (prevailing Eastern Time) on November 29, 2016**. The Plan Confirmation Hearing may be continued from time to time by the Court or the Debtors without further notice other than adjournments announced in open court.

32. Objections to the confirmation of the Plan, if any, must:

(a) be in writing;

(b) comply with the Bankruptcy Rules and the Local Rules;

(c) state the name and address of the objecting party and the amount and nature of the claim or equity interest of such entity or person;

(d) state with particularity the basis and nature of any objection to confirmation of the Plan and, if practicable, a proposed modification to the Plan that would resolve such objection; and

(e) be filed, together with proof of service, with the Court and served so that they are actually received by the Notice Parties identified in the Confirmation Hearing Notice by the Objection Deadline.

33. The Debtors and any parties in interest supporting the Plan shall have until December 1, 2016 at 4:00 p.m. (prevailing Eastern Time) to file a reply to any objections to confirmation properly and timely filed with the Bankruptcy Court.

34. Unless otherwise set forth herein, all time periods set forth in this Order shall be calculated in accordance with Bankruptcy Rule 9006(a).

35. The Debtors are authorized to take all actions necessary to effectuate the relief granted pursuant to this Order in accordance with the Motion.

36. Notwithstanding the possible applicability of Bankruptcy Rules 6004, 7062 and 9014, or otherwise, the terms and conditions of this Order shall be immediately effective and enforceable upon its entry.

37. Notwithstanding anything contained in the Disclosure Statement with respect to solicitation, voting and tabulation procedures, this Order shall control.

38. The Bankruptcy Court retains jurisdiction with respect to all matters arising from or related to the implementation, interpretation, and enforcement of this Order.

Dated: October 31, 2016

## Solar Reorganizing Group* - Financial Projections

*This analysis has been prepared by management based on the Company's best estimates and knowledge of events as of October 20th, 2016. Although the estimates and assumptions that were made in preparing the analysis are considered reasonable by management, they are inherently subject to significant uncertainties and contingencies. Accordingly, there can be no assurance that the estimates shown below will be realized. Actual results may therefore vary materially from those presented.*

*(*) The projections set forth herein represents consolidated finances of Debtor Abengoa Solar and its non-debtor subsidiaries, based on the current operating nature of the business and its structure as of the date hereof. No assumptions of significant future business or project development are included*

*(1) Sales from operations and maintenance ("O&M") activities by non-debtor subsidiary ASI Operations LLC ("ASI Operations") on the Solana Project and Mojave Project are cost-plus fee contracts, an thus, allowable expenses and costs are paid by the relevant project company in accordance with the terms of the relevant O&M Agreement, resulting in very limited risk of cost overrun in this line of business. Only the fixed fee provided in the relevant O&M Agreements ,and not any variable fee, have been considered in our projections.*

*(2) Includes additional revenue from activities that would exploit the value of certain assets, notably the real property parcels owned by Abengoa Solar adjacent to the Solana Project and the Mojave Project.*

*(3) Includes general expenses that would cover ASLLC and its subsidiaries operations with current operating structure. Includes $260ks of contingencies.*

*(4) Does not include costs for financing, whether from Abengoa's Central Treasury or otherwise.*

*(5) All consolidated entities are assumed to be disregarded entities for tax purposes.*

## RECITALS

(A) ABENGOA is the holding company of a group of companies dedicated to (i) exploitation of businesses related to projects of engineering and construction in the energy and water sectors, including, among others, complex turn-key projects for solar-thermal plants, solar-gas hybrid plants, conventional generation plants, biofuels plants and water infrastructures, as well as large-scale desalination plants and transmission lines, (ii) management of an extensive portfolio of proprietary concession assets, including the operation of electric (solar, cogeneration or wind) energy generation plants and transmission lines and (iii) industrial production, involving businesses with a high technological component, such as biofuels or the development of solar technology.

(B) Various factors, such as an insufficient upswing in the market in which Group operates and the difficulty of obtaining financing have precluded compliance with its business plan, which has caused imbalances in the cash flow of the Group and the resulting advisability of restructuring its financial debt.

(C) As a consequence of the foregoing, on 25 November 2015, 3 December 2015, 15 December 2015, 28 December 2015, 27 January 2016 and 1 February 2016, ABENGOA, S.A. and certain other Debtors (the "**5bis Companies**") listed in Schedule C (*5bis Companies*) filed a notice to the relevant Mercantile Court in Seville stating that they have started negotiations with their principal creditors in order to reach a global agreement on the refinancing and restructuring of their liabilities to achieve the viability of the Group in the short and long term (the "**5bis Process**"). On 14 December 2015, 22 December 2015 and 15 January 2016, the Mercantile Court in Seville issued orders admitting the notice and granted the Article 5bis Companies with the protection of article 5bis of the f Law 22/2003, of July 9, on Insolvency (the "**Insolvency Act**").

(D) With the aim of funding general liquidity needs of the Group, the following facilities have been provided during the negotiation process:

(i) €125,000,000 syndicated facility agreement dated 23 September 2015 between ABENGOA, as borrower, certain companies of its group as guarantors and certain finance entities (the "**Revolving Facilities**");

(ii) €106,000,000 facility agreement dated 24 December 2015 between ABENGOA Concessions Investment Limited, as borrower, certain companies of its group as guarantors and certain finance entities (the "**December Facilities**");

(iii) € 135,000,000 secured term facility agreement dated 22 October 2015 between ABENGOA Concessions Investment Limited, as borrower, and Talos Capital Limited (the "**TCI Margin Loan**");

(iv) circa € 138,526,529.00 facility agreement dated on or about 17 March 2016 between ABENGOA Concessions Investment Limited, as borrower, certain companies of its group as guarantors and certain finance entities (the "**Bondholders Facilities**").

Reference shall be made to the Revolving Facilities, the December Facilities, the TCI Margin Loan and the Bondholders Facilities, as the "**Secured Non-Affected Debt Instruments**").

(E) Since the filing of the 5 bis Process, ABENGOA (on behalf of itself and as representative of each of the Debtors) has been in negotiation with the Creditors with the objective of reaching an agreement for the financial restructuring (the "**Restructuring**") of the following financial instruments of the Group:

(i) €1,397,900,000 Spanish law governed syndicated facility agreement dated 30 September 2014, between ABENGOA and ABENGOA Greebridge, S.A., as borrowers, certain companies of their group as guarantors and, certain financial entities (the "**Existing Syndicated Facilities**");

(ii) € 2,010,198,994 corporate financing of ABENGOA (the "**Bilateral Corporate Financing**"), as further set out in Schedule E (ii) (*Bilateral Corporate Financing*);

The financial indebtedness resulting from each of the financial instruments referred to in this Recital (E) (the "**Affected Debt Instruments**") and their related guarantees, including, for these purposes, the personal guarantees granted by the Debtors in connection with the Affected Debt Instruments, shall be referred to as "**Affected Debt**".

The various sub-sections of Schedule E (*Affected Debt*) contain a detailed description of the Affected Debt Instruments making up the Affected Debt, indicating the respective creditor and the borrowing and guarantor company of the Group corresponding to each agreement the type of debt involved pursuant to the provisions of the above Recitals and, eventually, the date of documentary formalization.

(F) Within the referred negotiations, ABENGOA has agreed with a certain group of its principal creditors on the essential principles (the "**Restructuring Basis**") for a future agreement on the terms and conditions of the Restructuring, as announced by ABENGOA on the regulatory announcements (*Hecho Relevantes*) published through the CNMV on 10th and 16th March 2016 (with numbers 236,094 and 236,368, respectively) and which will need to rely on a business plan showing the viability of the Group.

(G) The Restructuring does not affect the financial instruments of the Companies listed in Schedule G (*Non-Affected Instruments*), which, by reason of its nature and securities coverage, such as the Secured Non-Affected Debt Instruments, are considered to have a structure not homogenous to the Affected Debt (the "**Non-Affected Instruments**").

(H) Reference shall be made to the financial indebtedness resulting from each of the Affected Debt Instruments and each of the Non-Affected Instruments and their related guarantees as the "**Existing Debt**".

(I) It is the intent of the Parties to continue working on the grounds of the Restructuring Basis, in order to reach a full and comprehensive agreement on the terms and conditions of the Restructuring as soon as possible so that they may execute the relevant Restructuring agreements at that point. In order to provide the necessary time to do so, the Creditors have agreed to stay certain rights and actions vis-à-vis the Companies during a period of seven (7) months.

(J) Pursuant to the foregoing, the Parties formalize this standstill agreement (the "**Agreement**") in accordance with the following

**CLAUSES**

## 1. DEFINITIONS

Terms and expressions beginning with a capital letter and that are not a proper name or the beginning of a sentence shall have the meanings assigned to them in Schedule 1 (*Definitions*) unless otherwise expressly indicated or another meaning is deduced from the context.

## 2. PURPOSE

The purpose of this Agreement is to govern the terms upon which the Parties agree to stay of the Affected Debt until (and including) 28th October 2016 (the "**Long Stop Date**"), allowing the Parties during such period of time (the "**Standstill Period**") to continue negotiating with a view to agreeing the restructuring of the financial debt of the group and its recapitalization, in a form consistent in all material respects with the Restructuring Basis before the Long Stop Date.

## 3. CONDITIONS PRECEDENT

### 3.1 Conditions precedent for the effectiveness of the Standstill Period

The Parties expressly state that the effectiveness of the Standstill Period is subject to compliance with the following conditions precedent (the "**Standstill Conditions Precedent**"):

(i) ABENGOA has supplied to its Creditors a business plan prepared by its executives and advisors for the Standstill Period (the "**Standstill Business Plan**"), showing the viability of Group in the short and medium term and the ability of the Companies to regularly meet their current obligations during the period considered in the Standstill Business Plan. Copy of the Standstill Business Plan is attached as Schedule 3.1 (i) (*Standstill Business Plan*);

(ii) No later than on 27 March 2016 at 2:00 pm (Central European Time), this Agreement has been signed by a group of Creditors whose participation (excluding the Intra-Group Debt) represents at least sixty percent (60%) of the Existing Debt (excluding the Intra-Group Debt) of each Debtor incorporated in Spain;

(iii) As soon as there is a list of Creditors signing this Agreement representing more than the percentage referred to above, the Auditors have issued the certificates of

liabilities in respect of each Debtor incorporated in Spain, which shall confirm the exact level of support for the stay of the Affected Debt during the Standstill Period on the terms contemplated in Clause 4 of this Agreement; and

(iv) No later than on 28 March 2016 at 2:00 pm (Central European Time), ABENGOA requests on its own behalf and on behalf of each Debtor incorporated in Spain the judicial confirmation (*solicitud de homologación judicial*) of this Agreement under the provisions of Additional Provision Four of Insolvency Law (the "**Judicial Confirmation Request**") for the purposes of extending and applying to those creditors under the Affected Debt that have not acceded to this Agreement (the "**Dissenting Creditors**") the stay of the Affected Debt during the Standstill Period on the terms contemplated in Clause 4 of this Agreement.

**3.2 Waiver of Standstill Conditions Precedent**

The Standstill Conditions Precedent are deemed to be agreed to for the benefit of the Creditors. The waiver of any of them shall require the approval of Creditors representing the Overall Creditors Majority.

If:

(a) the condition precedent included in Clause 3.1 (ii) above is not complied with by 27 March 2016 at 2:00 pm (Central European Time) or

(b) the condition precedent included in Clause 3.1 (iv) above is not complied with by 28 March 2016 at 2:00 pm (Central European Time),

the Parties expressly agree that, within 24 hours immediately following expiration of the relevant deadline, the Parent, the CoCom and the Ad-Hoc Committee may agree an extension of each of those deadlines for an additional period of five (5) Business Days.

**3.3 Accession**

Any creditor of Existing Debt may become a Party to this Agreement:

(i) prior to the date and time when the Judicial Confirmation Request is filed, by:

(a) executing the deed (*póliza*) in which this Agreement is formalised; or

(b) delivering to the Parent an Accession Letter duly completed, provided that the Parent delivers a copy of such Accession Letter to the intervening Notary in order for it to be adhered to this public instrument; and

(ii) following the date and time when the Judicial Confirmation Request is filed, until one (1) Business Day prior to the adoption by the relevant Mercantile Court of a resolution regarding the Judicial Confirmation Request, by delivering to the Parent a duly executed and completed Accession Letter. granted before a Notary public substantially in the form set out in Schedule 3.3 (ii) (*Accession Letter*).

The Parent will instruct the Notary public before whom this Agreement is notarised to annotate any such accession by means of a (*diligencia*) to the deed (póliza) in which this Agreement is formalised.

On the date of execution of this Agreement or, as applicable, delivery of an Accession Letter, the relevant creditor shall become a Creditor and shall be bound by and comply with all the terms of this Agreement.

## 4. STANDSTILL

### 4.1 Restrictions on Creditors

Subject to the fulfilment of the Standstill Conditions Precedent, the Creditors agree to stay the Affected Debt during the Standstill Period. In particular, during such period, the Creditors undertake to:

(i) Refrain from demanding or accepting the payment of any amount owed by any member of the Group as ordinary amortization or pre-payments of principal or payment of interest under the Affected Debt Instruments as well as charging interest on late payments due to the non-payment of such amounts (except where the relevant pre-payment obligation arises as a result of authorised disposals of collateral securing one or more Secured Non-Affected Debt Instruments).

(ii) Refrain from exercising any appropriation right, set-off or right similar in nature for the purpose of reducing their credit positions under the Affected Debt Instruments.

(iii) Refrain from taking any action to enforce or accelerate any Affected Debt, or demanding or accepting the pre-payment or repayment of any Affected Debt Instruments of any of the members of the Group (except where the relevant pre-payment obligation arises as a result of authorised disposals of collateral securing one or more Secured Non-Affected Debt Instruments).

(iv) Refrain from initiating or continuing (or instructing the relevant agent, trustee or equivalent to initiate or continue) any claim or taking any Enforcement Action in respect of the Affected Debt Instruments.

(v) Refrain from filing a mandatory bankruptcy petition (*solicitud de concurso necesario*) (or the equivalent filing in any other jurisdiction) in relation to any of the members of the Group or in any other way support or collaborate with third parties willing to file a mandatory bankruptcy petition.

(vi) Refrain from requesting or accepting the grant of additional personal guarantees or security in favour of credits deriving from the Affected Debt Instruments (except where the relevant security arises as a result of an obligation to do so under any Secured Non-Affected Debt Instruments).

(vii) Refrain from assigning or transferring, all or part of, its rights and obligations under, or declaring or creating any trust of any of its rights, title, interest or benefits in respect of, the Affected Debt Instruments (directly or in any other form), or, in any other way reducing their participation therein, unless the

assignee or purchaser accepted and adhered to the terms and conditions contained in this Agreement.

(viii) Exercise its voting rights under the Affected Debt Instruments in a manner consistent with the undertakings assumed in this Agreement.

(ix) Refrain from increasing the margins, fees or other economic conditions, as well as from modifying any other terms and conditions of the Affected Debt Instruments to which they are a party.

Despite the foregoing, the Parties acknowledge that certain Creditors (the "**Insured Creditors**") are holders of Affected Debt which is guaranteed and/or covered by credit insurance provided by export credit agencies, credit insurance companies or other equivalent entities (the "**Insured Affected Debt**" and each such insurance provider, a "**Credit Insurance Provider**"). To the extent that such guarantees and/or credit insurance agreements may require the prior consent of the relevant Credit Insurance Provider for the Insured Creditors to agree to the restrictions listed in this Clause 4.1 and any other section of this Agreement, the Insured Creditors expressly declare that they exclusively consent to the undertakings, obligations and representations assumed by the Insured Creditors in respect of that portion of their Affected Debt holding that does not comprise Insured Affected Debt, and accordingly that they shall not be deemed to have adhered to this Agreement (for the purposes of, among others, Clause 3.1.(ii) above) as far as their participation in the Insured Affected Debt is concerned.

Nothing in this clause 4.1 shall prevent or restrict any Creditor from bringing proceedings, taking any enforcement action, proving in any Insolvency Event, directing any other person or voting in favour of any action which has received the prior written approval of the Overall Creditors Majority.

**4.2 Restrictions on Debtors**

Subject to the fulfilment of the Standstill Conditions Precedent, during the Standstill Period, neither ABENGOA, nor the Debtors shall (and ABENGOA shall ensure that no other member of the Group will):

(i) assign or transfer any of its rights or obligations under this Agreement;

(ii) institute, take, encourage, assist or support (or procure or request that any other person institutes, takes, encourages, assists or supports) any legal proceedings in relation to an Insolvency Event in respect of any member of the Group other than as agreed during the negotiations of the Restructuring except with respect to contingency planning or other preparatory work (including engaging with potential insolvency practitioners, lawyers and/or other appropriate advisers to the extent reasonable in anticipation of a potential Insolvency Event) and subject to the limitations set forth in Clause 4.4 below;

(iii) take, encourage, assist or support (or procure that any other person takes, encourages, assists or supports) any action which would, or would reasonably be expected to delay, impede or prevent the negotiations on the Restructuring;

(iv) make any payment, repayment or prepayment of any principal, interest or other amount on or in respect of, or any redemption, purchase or defeasance of, or participate in any risk in respect of, or offer to any existing shareholder or other person any insurance against risk in respect of any debt owed to shareholders at the date of this agreement in cash or in kind;

(v) allow any cash to be paid by any member of the Group to any of the Group's direct or indirect shareholders or any of their affiliates, excluding members of the Group, other than pursuant to pre-existing contractual obligations on arm's length and ordinary course trade terms which do not result in a transfer of value to such shareholders or their affiliates;

(vi) make any payment of any amount owed by any member of the Group as ordinary amortization or pre-payments of principal or any kind of interest under the Affected Debt Instruments (except where the relevant pre-payment obligation arises as a result of authorised disposals of collateral securing one or more Secured Non-Affected Debt Instruments);

(vii) take, or consent to the taking of, any of the following corporate actions (each a "**Material Corporate Action**"):

i. changing the capital structure of any member of the Group, increasing the authorised share capital of any member of the Group, issuing any share to any person, declaring, making or paying any dividend, charge, fee or other distribution (or interest on any unpaid dividend, charge, fee or other distribution) (whether in cash or in kind) on or in respect of its share capital, granting to any person any conditional or unconditional option, warrant or other right to call for the issue or allotment of, subscribe for, purchase or otherwise acquire any share of any member of the Group (including any right of pre-emption or exchange) or altering any right attaching to any share, except in compliance with the undertakings assumed under the 2017 and 2019 Convertibles or as a consequence of the conversion of ABENGOA class A shares into ABENGOA class B shares;

ii. entering into, amending or terminating any material contract, licence or financing document;

iii. entering into, committing to enter into or effect or complete any asset sales, disposals, acquisitions, joint ventures, mergers, granting or incurrence of any new or additional debt (including any quasi-debt or equity arrangements which has the effect of borrowings) and/or any other financing arrangements and/or granting any additional indemnities or guarantees, in each case other than (i) any such action which is in the ordinary course of trading of that applicable member of the Group as at the date of this Agreement, or (ii) is consistent with the Standstill Business Plan;

(viii) commence or settle (in whole or in part) any litigation or other legal proceedings in respect of any member of the Group which has an estimated value or cost greater than €20,000,000 (or the equivalent in other currencies) provided that (i)

any member of the Group shall be permitted to appeal any ruling or judgment in respect of any legal proceedings and (ii) litigation or other legal proceedings may be commenced or settled if the relevant member of the Group does not undertake any financial obligation (including, without limitation, payments, guarantees or sureties);

(ix) enter into, settle or amend the compensation, terms and conditions of employment, any employment agreement, any consulting agreement, any incentive plan of, or voting in favour of any resolution relating to employment or compensation matters with respect to any member of the board of directors of any member of the Group, any executive officer or senior manager of any member of the Group;

(x) grant additional personal guarantees or security in favour of credits deriving from the Existing Debt (except where the relevant security arises as a result of an obligation to so under any Secured Non-Affected Debt Instruments, or where such guarantees or security are required in connection with additional facilities that may be raised with the aim of funding the liquidity needs of the Group in consistency with the Standstill Business Plan).

The restrictions above will not apply to any action which has the prior consent of the Overall Creditors Majority.

**4.3 Restrictions on Majority Shareholders**

Subject to the fulfilment of the Standstill Conditions Precedent, during the Standstill Period:

(i) no Majority Shareholder may assign any of its rights or transfer any of its rights or obligations in respect of, or declare or create any trust of any of its rights, title, interest or benefits in respect of, its Existing Shareholder Equity or this Agreement (including any monies and other assets owing to it under or in connection with its Existing Shareholder Equity or this Agreement) to, or in favour of, any person;

(ii) no Majority Shareholder shall sub-participate any of its rights in respect of its Existing Shareholder Equity;

(iii) no Majority Shareholder shall vote, or allow any proxy appointed by it to vote, in respect of its Existing Shareholder Equity in favour of any amendment, waiver, consent or other proposal which would breach or be inconsistent with this Agreement or the Restructuring;

(iv) each Majority Shareholder shall promptly notify the Parent of any increase or decrease in the amount of its Existing Shareholder Equity as set out opposite its name in Schedule 4.3 (iv) (*Majority Shareholders*); and

(v) no Majority Shareholder shall vote its Existing Shareholder Equity so as to approve any increase in the authorised share capital of the Parent or the taking of any steps with a view to issuing additional shares in the Parent, or any alteration to the rights attaching to any class of shares in the Parent.

### 4.4 Limitations

Nothing in this Agreement shall:

(i) imply that the Creditors are giving their consent or agreement to the Restructuring nor to the Restructuring Basis;

(ii) require any Party to take any action which would breach any legal or regulatory requirement beyond the control of that Party or any order or direction of any relevant court or Governmental Body and which impediment cannot be avoided or removed by taking reasonable steps;

(iii) restrict, or attempt to restrict, any officer of any member of the Group from complying with any legal obligation to commence insolvency proceedings in respect of that member of the Group;

(iv) require any Party to incur any material out of pocket costs or expenses unless the Parent or another member of the Group has agreed to meet those costs or expenses; or

(v) require any Party to make any additional equity or debt financing available to the Parent or any other member of the Group.

## 5. NEGOTIATIONS OF THE RESTRUCTURING

### 5.1 Support for the negotiations of the Restructuring

Provided that Standstill Conditions Precedent have been complied with:

(i) The Parent and each Debtor shall (and the Parent shall ensure that each other member of the Group will) support the negotiations on the Restructuring and undertakes to promptly:

a. provide all information and views and taking all actions which it is reasonably requested to provide or take;

b. execute any document and give any notice, order or direction necessary or desirable to support the negotiations on the Restructuring; and

c. provide confirmation that it fully supports the negotiations on the Restructuring;

(ii) no Party to this Agreement shall (and the Parent shall ensure that no other member of the Group will) take, encourage, assist or support (or procure that any other person takes, encourages, assists or supports) any action which would, or would reasonably be expected to, breach or be inconsistent with this Agreement, or delay, impede or prevent the negotiations on the Restructuring.

### 5.2 Specific undertaking by the Parent and the Debtors

The Parent and each Debtor shall (and the Parent shall ensure that each other member of the Group shall) co-operate with and actively assist the Creditors to negotiate the terms and conditions of the Restructuring, including:

(i) entering into negotiations with the Creditors with a view to agreeing the terms of the Restructuring as soon as possible, in a form consistent in all material respects with the Restructuring Basis and so as to implement and consummate the Restructuring as soon as possible;

(ii) managing prudently in the same form as during the 5bis Process and under the ongoing supervision of the financial advisor appointed during such process or any other replacing it from time to time, the liquidity of any member of the Group (including, without limitation, entering into arrangements, or settlements with commercial creditors of any member of the Group);

(iii) making such senior management and other representatives of each Debtor and each other member of the Group as the CoCom or Ad-Hoc Committee or any of their respective advisors may reasonably request available to assist in all matters in relation to support or facilitate the negotiations on the Restructuring at such times as the Creditors may reasonably request;

(iv) providing the CoCom, the Ad-Hoc Committee and their respective advisors with all information in respect of, and access to, the business of the Group reasonably requested by them to complete any due diligence in relation to the Restructuring to the satisfaction of the CoCom or Ad-Hoc Committee, as applicable, within a reasonable timeframe;

(v) providing the CoCom, the Ad-Hoc Committee and their respective advisors with all information which could reasonably be expected to be material to the financial position or prospects of the Group or any individual company which will be affected by the Restructuring, including all tax advice received by any member of the Group in relation to the likely tax consequences of the Restructuring, within a timeframe acceptable to the CoCom or Ad-Hoc Committee, as applicable, acting reasonably, and complying with all reasonable requests for information from the CoCom, the Ad-Hoc Committee or any of their respective advisors;

(vi) using its best endeavours to minimise any negative impact of the negotiations on the Restructuring on the business of the Group, including dealing with any material contracts, licences, authorisations or financing documents which could be terminated or breached as a result of the transactions contemplated by the agreement, and keeping the CoCom, the Ad-Hoc Committee and their respective advisors informed in relation to such endeavours;

(vii) notifying the CoCom, the Ad-Hoc Committee and their respective advisors promptly upon receipt of any notice from a counterparty to a material contract, licence, authorisation or financing document that it intends to terminate, or has terminated, such material contract, licence, authorisation or financing document;

(viii) taking all reasonable steps to obtain, or assist the Creditors to obtain, any necessary or desirable authorisations, to support or facilitate the negotiations on the Restructuring, including any necessary or desirable authorisations, and

(ix) without limitation to 5.2(viii), preparing and filing for any legal process or proceedings necessary or desirable for the implementation and recognition of the standstill agreed herein, including, without limitation, in relation to any Chapter 15 proceeding in the United States, and taking all necessary steps and actions relating thereto consistent with this Agreement.

**5.3 Potential impediments to the Restructuring**

Each Party shall promptly notify the Parent, the CoCom, the Ad-Hoc Committee and their respective advisors of any matter or circumstance which it knows, or suspects would reasonably be expected, to be a material impediment to the negotiations, implementation or consummation of the Restructuring, unless any other person has already notified such entities of any such matter or circumstance.

**5.4 Notification of breaches**

Each Party shall promptly notify the Parent, the CoCom, theAd-Hoc Committee and their respective advisors of:

(i) any representation or statement made or deemed to be made by it under this Agreement which is or proves to have been incorrect or misleading in any material respect when made or deemed to be made; and

(ii) the details of any breach by it of any undertaking given by it under this Agreement.

**5.5 Sharing of information**

Each Party authorises the Relevant Agent to forward to, and otherwise share with the CoCom , theAd-Hoc Committee and their respective advisors any original and any copy of any document, instrument, correspondence, communication and any other information relating to or in connection with the negotiation of the Restructuring, the Debtors and the Group, including information with respect to the progress and result of any other participant consent or approval.

**5.6 Chapter 15 Foreign Representative**

The Parties agree that Mr. Chris Morris shall serve as foreign representative of the Judicial Confirmation Request and related proceedings in respect of the Group (the "**Foreign Representative**") in any petition brought before the United States Bankruptcy Court for an order recognizing the Judicial Confirmation Request and related proceedings as a foreign proceeding and other related relief under Chapter 15 of title 11 of the United States Code (the "**US Bankruptcy Code**").

**6. DECISIONS BY THE CREDITORS**

**6.1 Overall Creditors Majority**

For the purposes of this Agreement, "**Overall Creditors Majority**" means, at the date of each calculation, a group of Creditors whose total participation in the Existing Debt of the Group by nominal value (excluding Intra-Group Debt) at all times represent at least

fifty one (51%) percent of the total Existing Debt of the Group by nominal value held by all Creditors. In the event of any dispute between the Creditors in respect of whether the threshold for the Overall Creditors Majority has been reached, the calculation of the Overall Creditors Majority may be evidenced by means of materials provided by KPMG as part of their role as financial advisor for part of the Creditors, including calculations in reasonable detail showing that, at the relevant time, the Overall Creditors Majority has been reached.

### 6.2 Waivers

Unless otherwise expressly provided, the approval of an "Overall Creditors Majority" shall be required for the adoption of any decision that affects this Agreement (including the grant of waivers by the Creditors).

With a view to confirming whether an Overall Creditors Majority exists, the indebtedness held by Creditors that have not stated their approval or rejection of the decisions within fifteen (15) Business Days after the date on which the relevant decision was submitted for their consideration will not be considered.

A waiver which imposes a more onerous obligation on any Creditor and/or which affects it disproportionately in comparison to the other Creditors may not be effected without the consent of that Creditor. Similarly, a waiver which allows for payments or pre-payments of principal or any kind of interest under the Affected Debt Instruments in a way prejudicial to any Creditor may not be effected without such Creditors' consent.

The waiver by any Party of a breach of any provision of this Agreement will not operate or be construed as a further or continuing waiver of such breach or as a waiver of any other or subsequent breach. No failure on the part of any such Party to exercise, and no delay in exercising, any right, power or remedy hereunder will operate as a waiver thereof, nor will any single or partial exercise of such right, power or remedy by such Party preclude any other or further exercise of such right, power or remedy by such Party. All remedies hereunder are cumulative and are not exclusive of any other remedies provided by law.

### 6.3 Amendments

Any amendment of this Agreement will require the unanimous consent of all the Parties.

As an exception to the above, any amendment to this Agreement which in the reasonable opinion of the Parent, the Co-ordination Committee and the Ad-Hoc Committee, is minor, administrative or technical in nature, may be made with the consent of the Parent, the Co-ordination Committee and the Ad-Hoc Committee.

## 7. PARTICIPANTS' RIGHTS AND OBLIGATIONS

The obligations of each Party under this Agreement are several. Failure by a Party to perform its obligations under this Agreement does not affect the obligations of any other Party under this Agreement. No Party is responsible for the obligations of any other Party under this Agreement.

The rights of each Party under or in connection with this Agreement are separate and independent rights. A Party may separately enforce its rights under this Agreement.

## 8. REPRESENTATIONS OF THE PARENT AND DEBTORS

The Parent and each Debtor makes the representations and warranties set out below to each other Party on the date of this Agreement:

(i) it is duly incorporated and validly existing under the law of its jurisdiction of incorporation;

(ii) it has the power to own its assets and carry on its business as it is being, and is proposed to be, conducted;

(iii) the obligations expressed to be assumed by it in this Agreement are legal, valid, binding and enforceable, subject to any applicable reservations;

(iv) the entry into and performance by it of, and the transactions contemplated by, this Agreement do not and will not conflict with any law or regulation applicable to it or its constitutional documents or any agreement or instrument binding on it or any of its assets;

(v) it has the power to enter into, perform and deliver, and has taken all necessary action to authorise its entry into, performance and delivery of this Agreement and (subject to the fulfilment of the Conditions Precedent) the transactions contemplated by this Agreement;

(vi) all Authorisations required for the performance by it of this Agreement and the transactions contemplated by this Agreement and to make this Agreement admissible in evidence in its jurisdiction of incorporation and any jurisdiction where it conducts its business have been obtained or effected and are in full force and effect;

(vii) no member of the Group is the legal owner of, or has any beneficial interest in, any Affected Debt as at the date of this Agreement;

(viii) the Existing Debt represents all the financial indebtedness and financial guarantees of the Debtors;

(ix) to the best of its knowledge having made all reasonable enquiries, no order has been made, petition presented or resolution passed for the winding up of or appointment of a liquidator, receiver, administrative receiver, administrator, compulsory manager or other similar officer in respect of it or any other member of the Group, and no analogous procedure has been commenced in any jurisdiction; and

(x) other than those disclosed to the public prior to the date of this Agreement, no litigation, arbitration or administrative proceedings of or before any court, arbitral body or agency which, if adversely determined, would reasonably be expected to have a Material Adverse Effect have been started or (to the best of

its knowledge and belief) threatened against it, nor are there any circumstances likely to give rise to any such litigation, arbitration or administrative proceedings.

## 9. TERMINATION

### 9.1 Termination Events

Each of the events or circumstances set out in this Clause 9.1 is a Termination Event:

(i) Any of the Standstill Conditions Precedent has not been complied with before 28 March 2016 at 2:00 pm or any other date determined in accordance with Clause 3.2 of this Agreement;

(ii) The relevant Mercantile Court rejects to process (*admitir a trámite*) the Judicial Confirmation Request;

(iii) The Judicial Confirmation Request is dismissed or resolved unfavourably by the relevant Mercantile Court;

(iv) There is a material breach of this Agreement and the Overall Creditors Majority expressly requests the termination of the Agreement, unless such breach is capable of cure and is effectively remedied within fifteen (15) Business Days.

If the relevant material breach of this Agreement has been caused by one or more Creditors, such Creditors will not be considered for the purposes of determining the Overall Creditors Majority;

(v) If an Insolvency Event in respect of any of the members of the Group occurs (other than an Insolvency Event required to implement or consummate the Restructuring);

(vi) If an Enforcement Action for a value higher than 30,000,000 Euros (or the equivalent in other currencies) occurs in respect of any member of the Group, unless such Enforcement Action is capable of cure or stay and is effectively remedied or stayed within fifteen (15) Business Days as from its commencement;

(vii) If a term-sheet in connection with the Restructuring of the Group has not been agreed between the Parent, the CoCom and the Ad-Hoc Committee prior to 31st May 2016;

(viii) If at any time after the date of this Agreement, the Overall Creditors Majority reasonably believe (acting in good faith) that finalisation of the negotiations on the Restructuring will not occur before 28th October 2016. If such circumstance is due to a material breach by any of the Creditors, such Creditors will not be considered for the purposes of determining the Overall Creditors Majority;

(ix) If an Enforcement Action occurs in respect of any of the Secured Non-Affected Debt Instruments.

(x) All the Parties give their respective written consent to terminate the Agreement.

### 9.2 Termination of this Agreement

On and at any time after the occurrence of a Termination Event, the Overall Majority of Creditors that have not materially breached the terms of this Agreement (or, to the extent they have, such breach has been remedied or waived) may by notice to the other Parties, terminate this Agreement. As an exception to the foregoing, the Agreement will be deemed to be automatically terminated upon the occurrence of the Termination Event listed under paragraph 9.1 (ix) above.

## 10. ADDITIONAL FUNDING OF LIQUIDITY NEEDS OF THE GROUP

ABENGOA declares that additional facilities may be raised with the aim of funding the liquidity needs of the Group in consistency with the Standstill Business Plan. The Parties agree that in such case the relevant facilities shall be deemed to qualify as the kind of facilities mentioned in Section 91.6 of the Spanish Insolvency Law (*Artículo 91.6º de la Ley Concursal*).

## 11. EXPENSES AND TAXES

ABENGOA assumes responsibility for the obligation to pay fees, levies, compensation, expenses, taxes or other amounts that may now or hereafter be due or accrue as a result of the preparation, execution, fulfilment, amendment and, if applicable, enforcement of this Agreement, including, only by way of example, the following: (i) levies or expenses of notaries used for the formalization of this Agreement in a public instrument (including those for issuing true, authorized or simple copies); (ii) fees, expenses, taxes or other amounts needed or reasonably convenient for the purposes of inviting Creditors to be a party or to adhere to this Agreement (including, without limitation, fees payable to clearing systems, agents, etc); (iii) legal fees, costs and expenses, including the fees of attorneys and court representatives and Notary levies accruing as a result of the enforcement, breach or termination of this Agreement; and (iv) any taxes, surcharges or fees, whether governmental or otherwise, now or hereafter attaching to the execution of this Agreement as well as the amendment, enforcement and termination hereof and thereof, as provided in this Agreement, or in the absence of such provisions, in accordance with law.

## 12. NOTICES

### 12.1 Form

All notices among the Parties relating to this Agreement, or which arise hereunder, must be sent by mail, fax, e-mail or other electronic means unless otherwise provided in this Agreement. Notices shall be deemed to be valid and binding provided that they are sent by a duly authorized representative of the notifying Party. No specific code shall be required. If notices are given in person, they shall be effective from the moment they are made, if made by fax, from receipt of the confirmation, if by urgent courier service, two (2) days later, and if given by e-mail or through any other electronic means, from the delivery date.

Communications of a general nature relating to this Agreement and with reference hereto as a whole that must be made by ABENGOA (in its own name and on behalf of the Debtors) shall in all cases be addressed to the Information Agent (or, in the absence of an Information Agent, to each of the Creditors), which will pass them on to the

Creditors, with the understanding that, once received by the Information Agent, they have also been received by all the Creditors.

ABENGOA will make its best efforts to appoint an Information Agent by not later than 8th April 2016.

**12.2 Address**

The Parties designate the addresses set out at the beginning of this document, in the relevant notarial "intervention" or in the Accession Letter for the receipt of notices.

**12.3 Change of Address**

No change to the above addresses shall be effective unless the [Information Agent] has been informed of the change at least five (5) Business Days in advance, including full details of the new address for notices. In the event of assignment, the address of the assignee shall be that communicated to the [Information Agent] in the respective notice of assignment.

## 13. MISCELLANEOUS

**13.1 Waivers**

The non-enforcement or delay in enforcement of a right or remedy established in this Agreement may not be interpreted as a waiver of the right or remedy in question or as a waiver of any other rights or remedies, and the individual or partial exercise of a right or remedy established in this Agreement shall not prevent a later enforcement of such right or remedy or of any other right or remedy.

**13.2 Partial Invalidity**

The invalidity, nullity or voidability of any Clause of this Agreement shall neither affect nor prejudice the enforceability of the other Clauses of this Agreement. Furthermore, it is the intention of the Parties to replace any term or Clause which is invalid, null or voidable with a Clause which is valid and enforceable upon terms as similar as possible to the invalid, null or voidable Clause.

**13.3 Language**

This Agreement is signed in English but a translation into Spanish for the purposes of the Judicial Confirmation Request will be required.

## 14. APPLICABLE LAW AND JURISDICTION

**14.1 Applicable law**

This Agreement shall be governed by generally applicable Spanish civil law (*ley común española*).

**14.2 Jurisdiction**

The Parties, with an express waiver of the right to their own forum, expressly and irrevocably submit to the Courts and Tribunals of the city of Seville for the resolution of any issues that might arise from the interpretation, validity or performance of this Agreement.

[*THIS DOCUMENT WILL BE EXECUTED AS A SPANISH POLIZA. NOTARY TO PROVIDE NOTARIAL WORDING*]

ABENGOA expressly requests that the Notary issue the first transcripts, certified copies and uncertified copies, at its expense, for delivery to each of the Creditors. For purposes of the provisions of Section 517.2.5 of Civil Procedure Law 1/2000 of January 7, ABENGOA and the Creditors direct the Notary to issue copies of this notarial instrument enforceable on their face at the request of any Creditor, attaching the certification mentioned in Section 572.2 of the aforementioned Act.

**Schedule E Affected Debt**

Note: this Schedule contains one or more Affected Debt Instruments which refer to Insured Affected Debt as defined in Clause 4.1., penultimate paragraph, of the Agreement (the "**Insured Affected Debt Instruments**"). An Insured Creditor shall be deemed not adhered to this Agreement with respect to the whole of its participation in such Insured Affected Debt Instruments -without regard to what portion of Insured Affected Debt each Insured Affected Debt Instrument contains- where the relevant Credit Insurance Provider guaranteeing or insuring the whole or part of such Insured Affected Debt Instruments has not consented or authorised the execution by the Insured Creditor of this Agreement, whenever such consent or authorisation is being required, necessary or convenient.

Note: with regards to those Affected Debt Instruments which borrower is not a Debtor, a Company or a member of the Group (as these terms are defined in the Agreement), only the guarantees provided by members of the Group in connection with such Affected Debt Instruments will be deemed to be Affected Debt.

This document contains forward-looking statements (within the meaning of the U.S. Private Securities Litigation Reform Act of 1995) and information relating to Abengoa, S.A. ("Abengoa", "ABG" or the "Company") that are based on the beliefs of its management as well as assumptions made and information currently available to Abengoa. Forward-looking statements are generally identifiable by the use of the words "may", "will", "should", "plan", "expect", "anticipate", "estimate", "believe", "intend", "project", "goal" or "target" or the negative of these words or other variations on these words or comparable terminology and include the statements above with respect to (i) the Company's operating cash needs and potential revised business plan and (ii) the interim update on the Company's "5Bis Viability Plan" set out in this document. In particular, the document contains financial plans and projections for various future periods and as of future dates. Such statements reflect the current views of Abengoa with respect to future events and are subject to risks, uncertainties and assumptions about Abengoa and its subsidiaries and investments, including, among other things, the development of Abengoa' s business, trends in its operating industry, and future capital expenditures and cash flows. In light of these risks, uncertainties and assumptions, the events or circumstances referred to in the forward-looking statements may not occur. None of the future projections, expectations, estimates or prospects in this document should be taken as forecasts or promises nor should they be taken as implying any indication, assurance or guarantee that the assumptions on which such future projections, expectations, estimates or prospects have been prepared are correct or exhaustive or, in the case of the assumptions, fully stated in this document.

This document is an extract of the five year Industrial Viability plan presented on February 16th and March 16th 2016 by the Company and its advisors. The Industrial Viability Plan has been prepared based upon the information and data available as of January 1st 2016 and therefore it must be viewed as the situation on such date.

Many factors could cause the actual results, performance or achievements of Abengoa to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others:
The "Key Risks" set out on page [14] of this document;
•Abengoa' s substantial short- and medium-term liquidity requirements;
•Abengoa' s inability to complete its enhanced asset disposal plan by the end of 2016;
•Abengoa' s inability to realize the anticipated strategic and financial benefits from its joint venture with EIG;
•Abengoa' s substantial indebtedness;
•Abengoa' s ability to generate cash to service its indebtedness;
•changes in general economic, political, governmental and business conditions globally and in the countries in which Abengoa does business;
•changes in interest rates;
•changes in inflation rates;
•changes in prices;
•decreases in government expenditure budgets and reductions in government subsidies;
•changes to national and international laws and policies that support renewable energy sources;
•inability to improve competitiveness of Abengoa' s renewable energy services and products;
•decline in public acceptance of renewable energy sources;
•legal challenges to regulations, subsidies and incentives that support renewable energy sources;
•extensive governmental regulation in a number of different jurisdictions, including stringent environmental regulation;
•Abengoa' s substantial capital expenditure and research and development requirements;
•management of exposure to credit, interest rate, exchange rate and commodity price risks;
•the termination or revocation of Abengoa' s operations conducted pursuant to concessions;
•reliance on third-party contractors and suppliers;
•acquisitions or investments in joint ventures with third parties;
•unexpected adjustments and cancellations of Abengoa' s backlog of unfilled orders;
•inability to obtain new sites and expand existing ones;
•failure to maintain safe work environments;
•effects of catastrophes, natural disasters, adverse weather conditions, unexpected geological or other physical conditions, or criminal or terrorist acts at one or more of Abengoa' s plants;
•insufficient insurance coverage and increases in insurance cost;
•loss of senior management and key personnel; unauthorized use of Abengoa' s intellectual property and claims of infringement by Abengoa of others intellectual property;
•changes in business strategy; and
•possible cancellation of some project finance due to the current situation of Abengoa
•execution of some guarantees related to the cancellation of some projects
•timely completion of certain non core assets disposals
•various other factors indicated in the "Risk Factors" section of Abengoa' s Annual Report on Form 20-F for the fiscal year 2014 filed with the Securities and Exchange Commission on February 23, 2015.
The risk factors and other key factors that Abengoa has indicated in its past and future filings and reports, including those with the U.S. Securities and Exchange Commission, could adversely affect Abengoa' s business and financial performance. Abengoa undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, new events or any other type of development.

# The enclosed presentation is an extract of the 2016 New Abengoa 5 Years Industrial Viability Plan as of 1 January 2016

1. The Company, together with its advisors, has developed different operational scenarios and compared them with a tentative liquidation option

2. The Industrial Viability Plan must however be considered as a whole in as much as highlighting the Company's expected future as an ongoing concern. It includes:

   - Completing most of the projects in the existing portfolio focusing on those that maximize value while minimizing cash requirements
   - E&C activities for third parties (turnkey projects)
   - Balanced proportion of concession-type projects depending on the availability of financial resources and prior identification of robust partners
   - Overhead resizing based on the projected production volumes
   - Non-core asset disposals
   - Continue supplier compromise actions
   - Other restructuring actions and focus on cash efficiency

3. Based on the utilized assumptions, this option provides the greatest value potential for all the stakeholders

ABENGOA

# Viability Plan – Key Principles: Focus on E&C activity for turnkey, balanced with selected Hybrid E&C projects

**Current Backlog (E&C for Turnkey & Concession-type projects)**

- Thorough analysis of cash-flows of current backlog and ensuing DCF Valuation:
  - Covering 200 projects in excess of €2.5M of the estimated backlog in excess of € 7,500M as of Dec. 31, 2015 (approx. 90% of existing backlog)
  - Focus on projects that maximise value while minimising cash requirements, leading to discontinue certain business lines and geographies or incorporating equity partners into some of the projects while retaining the EPC and embedded technology businesses
  - Cash inflows stemming from existing long term non recourse financing have considered only for 4 Projects

**New Turnkey Projects**

- Order intake estimated based on existing order pipeline
- Expected sharp drop in 2016 caused by the Company's pre-insolvency in Spain and ensuring lack of financial guarantees
- Order pipeline projected to rebound in 2017 to reach € 2,100M in 2020
- New projects assumed to be cash positive and with an expected average margin of 8.8%

**Concession-type Projects (Hybrid E&C)**

- Material reduction of order intake due to probable shortage of available equity financing
- 2016 and 2017 order intake based mainly upon 2 large already identified solar projects with following years based on 7% annual growth to reach € 2,100M in 2020 with expected margin of 14 % (historical average)
- Debt/Equity assumed 70/30 with Abengoa retaining 30% of that Equity (to be disposed by end of year 4, assuming no equity return) with balance owned by strategic partner(s).

**Others**

- Disposal of certain non-core businesses and other projects earmarked expected to be completed by Q4 2016 (hence, not included in New Abengoa)
- Adjustments in overheads
- Continue the development of technology

(i) Existing Creditors which sign this Agreement on the Signing Date, listed in Part A (*Original Participating Creditors*) of Schedule 2 (*Creditors*); and

(ii) New Financing Backstoppers, listed in Part B (*New Financing Backstoppers*) of Schedule 2 (*Creditors*);

(the "**Original Participating Creditors**");

(4) The Original Intragroup Creditors;

(5) **GLOBAL LOAN AGENCY SERVICES LIMITED**, with registered office at 45 Ludgate Hill, London EC4M 7JU, and with Spanish tax identification code N8265930A (the "**Restructuring Agent**"); and

(6) **LUCID ISSUER SERVICES LIMITED**, incorporated in England and Wales, with registered number 05098454 and registered office at Tankerton Works, 12 Argyle Walk, London, WC1H 8HA (the "**Information Agent**" and the "**Holding Period Trustee**").

The Obligors, the Existing Majority Shareholders, the Participating Creditors, the Restructuring Agent, the Information Agent, the Holding Period Trustee and the Intragroup Creditors who have signed or acceded to this Agreement in accordance with its terms shall be jointly referred to as the "**Parties**".

**RECITALS**

(A) Abengoa is the parent company of the Group which comprises, amongst others, the Obligors.

(B) The Go Forward Companies listed in Schedule 1 (*Go Forward Companies*) are those Group companies which will sign or accede to this Agreement, and are comprised of:

(i) the Obligors listed in Part A (*Obligors*) of Schedule 1 (*Go Forward Companies*), being those Group companies whose debts will he restructured pursuant to the terms of this Agreement;

(ii) the Sale Obligors listed in Part B (*Sale Obligors*) of Schedule 1 (*Go Forward Companies*), which are a subset of the Obligors, whose debts will be restructured pursuant to the terms of this Agreement, and which are proposed to be sold by the Group after the Restructuring Completion Date;

(iii) the Non-Material Obligors listed in Part C (*Non-Material Obligors*) of Schedule 1 (*Go Forward Companies*), which are a subset of the Obligors, which are not incorporated in Spain or England and Wales; and

(iv) the Go Forward Chapter 11 Companies in Part D (*Go Forward Chapter 11 Companies*) of Schedule 1 (*Go Forward Companies*), which are a subset of the Obligors that will have their debts restructured pursuant to the Chapter 11 Plan. The Go Forward Chapter 11 Companies will accede to this Agreement once the Bankruptcy Court has granted a motion to authorise their entry into this Agreement.

(C) The Original Intragroup Creditors are those Intragroup Creditors which are also Original Obligors.

(D) The Non-Go Forward Companies listed in Schedule 13 (*Non-Go Forward Companies*) are those Group companies which will not sign or accede to this Agreement, and are comprised of:

(i) the Liquidating Entities listed in Part A (*Liquidating Entities*) of Schedule 13 (*Non-Go Forward Companies*), which are a subset of the Non-Go Forward Companies whose debts will not be restructured pursuant to the terms of this Agreement and will be liquidated following the Restructuring Completion Date; and

(ii) the Non-Go Forward Chapter 11 Companies listed in Part B (*Non-Go Forward Chapter 11 Companies*) of Schedule 13 (*Non-Go Forward Companies*), which are a subset of the Non-Go Forward Companies and included in the list of Liquidating Entities which will be liquidated pursuant to Chapter 11 plans of liquidation.

(E) As of the date of this Agreement, the only Financial Indebtedness incurred by the Obligors is the Existing Financial Indebtedness, which is comprised of:

(i) **The Non-Affected Debt**

In accordance with the Viability Plan, the Non-Affected Debt is not required to be included within the Restructuring for the continuity of the Group as a going concern.

The Non-Affected Debt is excluded from the Restructuring on the basis that, in an acceleration or default scenario, the recourse to the Obligors (if any) would be limited because the Non-Affected Debt is either:

(a) secured by existing cash collateral (and therefore the relevant creditor would be repaid by directly applying such cash collateral to the repayment of any outstanding amounts); or

(b) secured by security interests (*garantias reales*) (and therefore the relevant creditor would be repaid through the enforcement of such security).

Taking this into account, the following amounts of Non-Affected Debt will be subject to the Restructuring:

(a) if an Existing Creditor under Non-Affected Debt accedes to this Agreement and:

(A) determines (under its Accession Letter) that a portion of its Non-Affected Debt is unsecured:

(1) such Existing Creditor would be waiving (under its Accession Letter) its security only in respect of such portion of unsecured claim; and

(2) such unsecured claim shall automatically become Affected Debt and be subject to the Alternative Restructuring Terms.

(B) does not determine (under its Accession Letter) that a portion of its Non-Affected Debt is unsecured, any remaining claim after the security enforcement which remain unsecured shall automatically:

(1) become Affected Debt; and

(2) be subject to the Alternative Restructuring Terms (which shall be funded by way of the contingent tranche of the Junior Old Money Loans/Notes and Senior Old Money Loans/Notes referred to in sub-clause 3.1.5(b)(ii)(B)(4) below), but such Existing Creditor shall not be entitled to any Post-Restructuring Equity.

(b) in case of enforcement of security granted in connection with Non-Affected Debt of an Existing Creditor who has not acceded to this Agreement, provided that such Existing Creditors have recourse

against any of the Obligors for such secured claims, any amounts of such Non-Affected Debt which have not been repaid through such security enforcement shall automatically become Affected Debt and be subject to the Standard Restructuring Terms.

(ii) **The Affected Debt**

In accordance with the Viability Plan, the Affected Debt must be subject to the Restructuring for the continuity of the Group as a going concern.

The Affected Debt is comprised of:

(a) *The Non-Compromised Debt.*

The Non-Compromised Debt is comprised of financing granted to the Group by the lenders thereunder in order to finance its cash needs and to allow it to negotiate the terms of the Restructuring. Such financing was secured by *in rem* security over certain shares of ABY.

The Non-Compromised Debt will be restructured in the context of the Restructuring in accordance with the Alternative Restructuring Terms as provided in the Term Sheet (i.e., repaid in cash or exchanged under the New Money Tranche 1 or New Money Tranche 2, as applicable).

(b) *The Compromised Debt*

The Compromised Debt will be restructured in accordance with either (1) the Standard Restructuring Terms; or (2) if (with the exception of the Intragroup Creditors) the relevant Existing Creditor so elects, in accordance with the Alternative Restructuring Terms, and can be divided into the following categories:

(A) intragroup debt owed by some Obligors to the Intragroup Creditors;

(B) bonds (*avales*);

(C) the Existing Bonding Facilities (*avales*);

(D) other guarantees;

(E) corporate financing;

(F) NRDP (or non-recourse debt in progress);

(G) PBBs (or payments by banks);

(H) reverse factoring;

(I) derivatives which have been closed-out as at the Signing Date; and

(J) any guarantees given by the Spanish Obligors in respect of non-closed out derivatives as of the Signing Date.

Accordingly, the Parties have agreed that:

(a) Affected Debt of Consenting Existing Creditors will be restructured pursuant to the Alternative Restructuring Terms;

(b) Affected Debt of Consenting Other Creditors will be restructured pursuant to the Standard Restructuring Terms; and

(c) Affected Debt of Non-Consenting Creditors shall be restructured pursuant to the Extension of the Standard Restructuring Terms.

(iii) **Non-Spanish Debt to be Restructured**

Certain of the Existing Financial Indebtedness is owed by non-Spanish Obligors and is therefore not capable of being homologated, and is referred to in this Agreement as the Non-Spanish Debt to be Restructured. Non-Spanish Debt to be Restructured only includes obligations of non-Spanish Obligors. Any guarantees in respect of Non-Spanish Debt to be Restructured granted by Spanish Obligors constitutes Affected Debt and in particular, Compromised Debt, pursuant to the terms of this Agreement and will be restructured contractually via this Agreement or pursuant to the Homologation.

In accordance with the Viability Plan, the Non-Spanish Debt to be Restructured must be subject to the Restructuring for the continuity of the Group as a going concern. Therefore, the Parties have agreed that:

(a) Non-Spanish Debt to be Restructured of Consenting Existing Creditors will be restructured pursuant to the Alternative Restructuring Terms;

(b) Non-Spanish Debt to be Restructured of Consenting Other Creditors will be restructured pursuant to the Standard Restructuring Terms;

(c) Non-Spanish Debt to be Restructured of Non-Consenting Creditors of ACIL shall be restructured pursuant to the ACIL CVA in accordance with the Standard Restructuring Terms;

(d) Non-Spanish Debt to be Restructured of Non-Consenting Creditors of the Go Forward Chapter 11 Companies shall be restructured pursuant to the Chapter 11 Plan in accordance with the Standard Restructuring Terms; and

(e) Non-Spanish Debt to be Restructured of Non-Consenting Creditors of the Go Forward Companies (other than ACIL and the Go Forward Chapter 11 Companies) shall be: (i) in relation to the Non-Material Obligors restructured on terms that are no more favourable to the relevant Creditors in respect of the Non-Spanish Debt to be Restructured than the terms offered to the Participating Creditors pursuant to the terms this Agreement and, if agreed by the Restructuring Committee and the Parent to be necessary or desirable

(in each case acting reasonably), subject to a local insolvency reorganisation or comprise procedure (if available); (ii) in respect of the Cebures, on the terms and conditions acceptable to the NM1 Committee, the Restructuring Committee and the Majority NM1/NM3 Creditors; or (iii) otherwise treated in the manner agreed between Abengoa, the Restructuring Committee and the NM1 Committee.

(iv) **Voting Record Dates**

The relevant record dates for voting purposes for each of the Homologation, the ACIL CVA and the Chapter 11 Plan are as follows:

(a) in respect of the Homologation, the Signing Date;

(b) in respect of the ACIL CVA, the date of the ACIL Guarantee Creditors' meeting; and

(c) in respect of the Chapter 11 Plan, the same date as set out in sub-clause (b) above.

(F) During the third quarter of 2015, the Group suffered serious cash flow shortfalls due to different macroeconomic and market factors and the impossibility of obtaining new financing.

(G) Despite the difficult situation of the Group throughout that period and in order to finance its cash needs and to allow it to negotiate the terms of the Restructuring (as defined below), certain Creditors granted the Non-Compromised Debt.

(H) As a result of the above, on 25 November 2015, 3 December 2015, 15 December 2015, 28 December 2015, 27 January 2016 and 1 February 2016, Abengoa and certain of its Subsidiaries identified and listed in Schedule 1 (*Go Forward Companies*) (the "**5bis Companies**") filed a notice to the relevant Mercantile Court of Seville stating that they started negotiations with their principal creditors in order to reach a global refinancing and restructuring of their liabilities to achieve the viability of the Group in the short and medium term (the "**5bis Process**"). On 14 December 2015, 22 December 2015 and 15 January 2016, the Mercantile Court of Seville admitted such notices and granted the protection of article 5bis of the Spanish Insolvency Law to the 5bis Companies. On 24 February, 29 March, 6 April, 7 April and 12 June 2016, as applicable, the Existing Chapter 11 Companies filed for the Chapter 11 Proceedings.

(I) On 28 March 2016 Abengoa (as parent of the other 5bis Companies) filed with the Mercantile Court of Seville a homologation request in respect of the standstill agreement dated 18 March 2016 which was notarised (*intervenido*) by the Notary of Madrid Mr. José Miguel García Lombardía, with number 726 of his official records (the "**Existing Standstill**"). On 28 and 29 March 2016, the foreign representative of the 5bis Companies filed a verified petition commencing cases under Chapter 15 of the Bankruptcy Code and seeking an order by the Bankruptcy Court recognising the homologation of the standstill agreement as a foreign main proceeding and granting relief in aid thereof, which recognition and relief in aid thereof was granted on 27 April 2016.

(J) By virtue of the Existing Standstill, amongst other terms, the creditors listed therein granted a 7-month standstill period to the Group in order to agree to the terms and conditions of the Restructuring, which is currently due to come to an end on 28 October 2016.

(K) On 6 April 2016 the Mercantile Court of Seville issued a judicial decision (*auto*) approving the homologation of the Existing Standstill. Such decision has been challenged by different creditors and, as of the Signing Date, the challenge process has not yet completed.

(L) During the Existing Standstill period, Abengoa, the New Financing Backstoppers and the Coordination Committee have reached an agreement on the terms and conditions of the overall restructuring of the Affected Debt and the Non-Spanish Debt to be Restructured which is required in accordance with the Viability Plan for the continuity of the Group as a going concern (the "**Restructuring**"). The Restructuring is based on the Viability Plan prepared by the Parent and its own external advisers and was approved by its board of directors in the meeting held on 3 August 2016.

(M) One of the key elements of the Restructuring (and an essential requirement for the viability of the Group in accordance with the Viability Plan) has been the acceptance by (i) the New Money Financing Anchor Funders to underwrite the New Money Financing and (ii) the Initial Bonding Providers to underwrite the New Bonding Facilities, in each case both pursuant to and in accordance with the New Financing Commitment Agreements.

(N) Another key element of the Restructuring (and also essential for the viability of the Group in accordance with the Viability Plan) is the restructuring of the Affected Debt and the Non-Spanish Debt to be Restructured, which is to be implemented either through the Standard Restructuring Terms or, at each Existing Creditor's election (with the exception of the Intragroup Creditors), the Alternative Restructuring Terms. Depending on the Existing Creditor's election (with the exception of the Intragroup Creditors), the implementation will take place consensually (via an Existing Creditor becoming a Consenting Existing Creditor by signing or acceding to this Agreement in accordance with the terms herein) or via the Homologation and the Non-Spanish Compromise Proceedings.

Finally, the Viability Plan also foresees the sale of the Sale Obligors and the liquidation of the Liquidating Entities, as these entities are not required under the Viability Plan for the continuity of the Group (as a whole) as a going concern.

(O) The main terms and conditions of the Restructuring, including (i) the New Money Financing, (ii) the New Bonding Facilities and (iii) the Alternative Restructuring Terms, are summarised in the term sheet attached as Schedule 8 (*The Term Sheet*) (the "**Term Sheet**"). The Term Sheet shall be deemed to be an integral part of this Agreement for all purposes.

(P) The Term Sheet summarises the agreement applicable only and exclusively to creditors who expressly provide their consent to the Term Sheet (either as New Financing Providers and/or Consenting Existing Creditors). Therefore, the Term Sheet itself will not be subject to an extension of its terms to Non-Consenting

Creditors pursuant to (i) the Extension of the Standard Restructuring Terms; or (ii) the Non-Spanish Compromise Proceedings.

(Q) Notwithstanding the foregoing, the Standard Restructuring Terms are also described in the Term Sheet.

(R) On and after 10 August 2016, Abengoa and the New Financing Backstoppers entered into the New Money Financing Commitment Letter and the New Bonding Commitment Letter, pursuant to which such New Financing Backstoppers agreed, subject to the terms of the Restructuring and the terms and conditions of the New Money Financing Commitment Letter and the New Bonding Commitment Letter, to subscribe for the New Financing.

(S) Further to the above, the Parties have agreed to enter into this restructuring agreement (the "**Restructuring Agreement**" or the "**Agreement**"), which shall be governed by the following:

## 1.3 Participation in this Agreement

A Party which executes, or accedes to this Agreement as a New Financing Backstopper, an Existing Creditor, a member of the Restructuring Committee or a member of the NM1 Committee is bound by this Agreement only in the capacity in which it so executes or accedes, and shall not be bound by this Agreement in any other capacity.

## 2. RESTRUCTURING PRINCIPLES

2.1 In accordance with the Viability Plan, the continuity of the Group as a going concern requires (amongst other requirements):

2.1.1 the restructuring of the Affected Debt and Non-Spanish Debt to be Restructured either:

(a) through the Standard Restructuring Terms described in sub-clause 3.1.4 (*Standard Restructuring Terms*); or

(b) if a Participating Creditor so elects, through the Alternative Restructuring Terms described in sub-clause 3.1.5 (*Alternative Restructuring Terms*);

2.1.2 the granting of the New Money Financing, in order to allow the Group to restart the day-to-day operation of its business;

2.1.3 the granting of the New Bonding Facilities, in order for the Group to be able to tender for new projects going forward;

2.1.4 the arrangements agreed, signed and in force (or to come into force no later than on the Restructuring Completion Date) between the members of the Group and their suppliers in order to improve the terms and conditions of their supply agreements, and which have been used to prepare the Viability Plan and the financial model;

2.1.5 the implementation of the corporate restructuring which is further explained in Clause 3.7 (*Corporate restructuring*) below;

2.1.6 the implementation of the Viability Plan; and

2.1.7 the sale of the Sale Obligors and the liquidation of the Liquidating Entities which are not required under the Viability Plan for the continuity of the Group (as a whole) as a going concern.

2.2 By signing or acceding to this Agreement:

2.2.1 the Participating Creditors (other than NM1/NM3 Creditors in their capacity as such) agree to the above requirements provided that the Restructuring is implemented and the Restructuring Documents are entered into in a manner which is consistent in all material respects with this Agreement, the Term Sheet, the Restructuring Steps Plan and the New Financing Commitment Agreements; and

2.2.2 the New Financing Providers (in their capacities as such):

(a) confirm that they have entered into the New Money Financing Commitment Letter and/or the New Bonding Commitment Letter (as applicable) under which they have, subject to the terms and conditions of such letters, committed to provide New Financing; and

(b) agree to be bound by the obligations expressly described in this Agreement as being applicable to them in their capacity as New Financing Providers for the purpose of facilitating and evidencing their support for the Restructuring.

2.3 For the avoidance of doubt, and subject to Clause 11 (*Termination*), nothing in this Agreement shall amend, extend, restate, limit or restrict any obligation incurred by a New Money Financing Anchor Funder under its New Money Financing Commitment Letter or by an Initial Bonding Provider under its New Bonding Commitment Letter.

## 3. RESTRUCTURING TERMS

### 3.1 Restructuring of the Affected Debt and the Non-Spanish Debt to be Restructured

3.1.1 *General overview of the Restructuring of the Affected Debt*

The Affected Debt will be restructured either:

(a) in accordance with the Standard Restructuring Terms, which will be implemented either:

(i) if a Participating Creditor (with the exception of an Ineligible Investor pursuant to sub-clause 3.1.4(d)) elects the Standard Restructuring Terms in accordance with sub-clause 3.1.4(d);

(ii) if an Intragroup Creditor signs or accedes to this Agreement, in accordance with sub-clause 3.1.4(c); or

(iii) pursuant to the Extension of the Standard Restructuring Terms and shall apply to all of the Affected Debt, unless a Participating Creditor has expressly elected the Alternative Restructuring Terms in accordance with sub-clause (b) below; or

(b) in accordance with the Alternative Restructuring Terms, if a Participating Creditor elects the Alternative Restructuring Terms in accordance with sub-clause 3.1.5(d).

Therefore, all Affected Debt shall be subject to the Standard Restructuring Terms, other than the Affected Debt of Participating Creditors which sign (or accede to) this Agreement and elect for the refinancing of its Affected Debt pursuant to the Alternative Restructuring Terms.

Subject to sub-clause 3.1.4(d), Participating Creditors may only elect either (i) the Standard Restructuring Terms; or (ii) the Alternative Restructuring Terms in respect of the total aggregate amount of its Affected Debt and its Non-Spanish Debt to be Restructured. Partial or differential election is not permitted, except for as specifically contemplated in sub-clause 3.1.3 (*Insured Creditors and Multi-Debt Creditors*). Upon signing or acceding to this Agreement, each Consenting Existing Creditor must also make certain elections in respect of its Alternative Restructuring Entitlements, and which will be binding on any subsequent transferee.

Subject to sub-clause 3.1.5(f) and with the exception of any Voluntarily Non-Adhered Insured Debt and Voluntarily Non-Adhered Debt, the Affected Debt of Consenting Existing Creditors will not be subject to the Extension of the Standard Restructuring Terms.

Any election by a Participating Creditor of the Alternative Restructuring Terms in respect of its Affected Debt shall in no circumstances apply to any Non-Affected Debt held by such Participating Creditor.

3.1.2 *General overview of the Restructuring of the Non-Spanish Debt to be Restructured*

The Non-Spanish Debt to be Restructured will be restructured either pursuant to:

(a) this Agreement if:

(i) the relevant Existing Creditor (other than an Intragroup Creditor) signs or accedes to this Agreement (and therefore becomes a Participating Creditor), in which case the Standard Restructuring Terms or the Alternative Restructuring Terms shall apply at such Participating Creditor's election (subject to sub-clause 3.1.4(d)); or

(ii) the relevant Intragroup Creditor signs or accedes to this Agreement, in which case the Standard Restructuring Terms shall apply; or

(b) Non-Spanish Compromise Proceedings which shall apply the Standard Restructuring Terms to the Non-Spanish Debt to be Restructured of Non-Consenting Creditors and to permit the implementation of this Restructuring Agreement; or

(c) subject to sub-clauses (d) and (e) below, contractual agreement by the relevant Consenting Existing Creditors in relation to the Non-Material Obligors, on terms that are no more favourable to the relevant Creditors in respect of the Non-Spanish Debt to be Restructured than the terms offered to the Participating Creditors pursuant to the terms this Agreement and, if agreed by the Restructuring Committee and the Parent to be necessary or desirable (in each case acting reasonably), subject to a local insolvency reorganisation or compromise procedure (if available);

(d) in respect of the Cebures, on the terms and conditions acceptable to the Restructuring Committee, the NM1 Committee and the Majority NM1/NM3 Creditors; or

(e) otherwise treated in the manner agreed between Abengoa and the Restructuring Committee.

Subject to sub-clause 3.1.4(d), a Participating Creditor may only elect either: (i) the Standard Restructuring Terms; or (ii) the Alternative Restructuring

Terms in respect of the total aggregate amount of its Affected Debt and its Non-Spanish Debt to be Restructured. Partial or differential election is not permitted, except for as specifically contemplated in sub-clause 3.1.3 (*Insured Creditors and Multi-Debt Creditors*). Upon signing or acceding to this Agreement, each Consenting Existing Creditor must also make certain elections in respect of its Alternative Restructuring Entitlements (as set out in the Accession Letter), and which will be binding on any subsequent transferee.

Subject to sub-clause 3.1.5(f) and with the exception of any Voluntarily Non-Adhered Insured Debt and Voluntarily Non-Adhered Debt, the Non-Spanish Debt to be Restructured of Consenting Existing Creditors will not be subject to the Non-Spanish Compromise Proceedings.

Any election by a Participating Creditor of the Alternative Restructuring Terms in respect of its Non-Spanish Debt to be Restructured shall in no circumstances apply to any Non-Affected Debt held by such Participating Creditor.

3.1.3 *Insured Creditors and Multi-Debt Creditors*

Due to the diversity of debt instruments and creditors to be affected by the Restructuring, the Parties expressly acknowledge that:

(a) certain Participating Creditors (the "**Insured Creditors**") are holders of Affected Debt and Non-Spanish Debt to be Restructured which is partially or totally guaranteed and/or covered by credit insurance provided by export credit agencies, credit insurance companies or other equivalent entities (the "**Insured Affected Debt**" and each such insurance provider, a "**Credit Insurance Provider**"). To the extent that such guarantees and/or credit insurance agreements require the prior consent of the relevant Credit Insurance Provider for the Insured Creditors to agree to any aspect of this Agreement, the Insured Creditors are permitted to sign or accede to this Agreement and consent to the Restructuring (and, as the case may be, elect the Alternative Restructuring Terms) in respect of only part of its Affected Debt or Non-Spanish Debt to be Restructured and excluding any particular debt instrument, portion of debt or participation in any Insured Affected Debt (the "**Voluntarily Non-Adhered Insured Debt**"). Voluntarily Non-Adhered Insured Debt will also comprise any personal guarantees or other type of guarantees securing that debt; and

(b) certain Participating Creditors (the "**Multi-Debt Creditors**") are holders of different categories of Affected Debt and Non-Spanish Debt to be Restructured. Therefore, a Multi-Debt Creditor may wish to sign or accede to this Agreement and consent to the Restructuring (and, as the case may be, elect the Alternative Restructuring Terms) in respect of only part of its Affected Debt or Non-Spanish Debt to be Restructured (excluding any particular participation or debt instrument) (the "**Voluntarily Non-Adhered Debt**").

Each Insured Creditor and Multi-Debt Creditor who wishes not to grant its consent to this Agreement or the Restructuring in respect of any particular Voluntarily Non-Adhered Insured Debt and/or Voluntarily Non-Adhered Debt (as applicable), shall expressly and unequivocally identify such excluded instrument or participation and the relevant amounts in its signature page or Accession Letter (as applicable). In such case:

(a) the Insured Creditor or Multi-Debt Creditor's consent shall only be deemed to be given in respect of its other Affected Debt or Non-Spanish Debt to be Restructured;

(b) any undertaking or restriction assumed in respect of the Insured Creditor or Multi-Debt Creditor's Affected Debt or Non-Spanish Debt to be Restructured shall exclude its Voluntarily Non-Adhered Insured Debt and/or Voluntarily Non-Adhered Debt (as applicable);

(c) any calculation (e.g. for the purposes of determining any majority pursuant to the terms of this Agreement or for the purposes of the Homologation Request) shall not take into account the Voluntarily Non-Adhered Insured Debt and/or Voluntarily Non-Adhered Debt (as applicable); and

(d) such Insured Creditor or Multi-Debt Creditor shall be considered as a Non-Consenting Creditor in respect of its Voluntarily Non-Adhered Insured Debt and/or Voluntarily Non-Adhered Debt (as applicable).

If a Participating Creditor does not expressly exclude any particular Affected Debt Instrument or Non-Spanish Debt Instrument or participation in accordance with this Clause, it shall be deemed that such Participating Creditor has granted its consent to this Agreement and the Restructuring in respect of all of its Affected Debt and Non-Spanish Debt to be Restructured.

3.1.4 *Standard Restructuring Terms*

(a) *Standard Restructuring Terms*

The Viability Plan requires the restructuring of all of the Affected Debt and the Non-Spanish Debt to be Restructured in accordance with either the Alternative Restructuring Terms or the following terms (the "**Standard Restructuring Terms**"):

(i) Subject to sub-clause 3.1.4(a)(ii) below, a 97 per cent. write-off (*quita*) applicable to all Affected Debt and Non-Spanish Debt to be Restructured outstanding amounts (including, without limitation, principal, interest, default interest, fees and contingent claims or amounts such as guarantees or indemnities, but excluding any Administration Costs) calculated as of the Restructuring Completion Date;

(ii) Exceptionally, as the Parent has estimated that the liquidation value of the following Obligors is greater than 3%, the write-

off (*quita*) applicable to the Affected Debt and Non-Spanish Debt to be Restructured owed by such Obligors (including, without limitation, principal, interest, default interest, fees and contingent claims or amounts such as guarantees or indemnities, but excluding any Administration Costs, calculated as of the Restructuring Completion Date), shall be as follows:

(A) in the case of Ecocarburantes Españoles, S.A. the write-off (*quita*) shall be equal to 69.40 per cent.;

(B) in the case of Biocarburantes de Castilla y Leon, S.A. the write-off (*quita*) shall be equal to 76.10 per cent.;

(C) in the case of Centro Industrial y Logístico Torrecuellar, S.A. the write-off (*quita*) shall be equal to 71.60 per cent.;

(D) in the case of Construcciones y Depuraciones, S.A. the write-off (*quita*) shall be equal to 83.10 per cent.;

(E) in the case of Abengoa Research, S.L. the write-off (*quita*) shall be equal to 69.00 per cent.;

(F) in the case of Abengoa Hidrogeno, S.A. the write-off (*quita*) shall be equal to 72.00 per cent.;

(G) in the case of Simosa IT S.A. the write-off (*quita*) shall be equal to 93.80 per cent.;

(H) in the case of Abeinsa Operation and Maintenance, S.A. the write-off (*quita*) shall be equal to 73.90 per cent.;

(I) in the case of Abengoa Energy Crops, S.A. the write-off (*quita*) shall be equal to 0.00 per cent.;

(J) in the case of Solargate Electricidad Tres, S.A. the write-off (*quita*) shall be equal to 61.70 per cent.;

(K) in the case of Solargate Electricidad Cuatro, S.A. the write-off (*quita*) shall be equal to 72.40 per cent.;

(L) in the case of Abengoa Solar LLC, Abener Construction Services, LLC, Abeinsa Holding, Inc., and Abeinsa EPC LLC, the write-off (*quita*) shall be equal to the percentages prescribed in the relevant Disclosure Statement **provided that** the Parent shall promptly upon finalisation of the write-off (*quita*) percentages notify the Restructuring Agent, Restructuring Committee and NM1 Committee of the write-off (*quita*) to be applied to the Affected Debt and Non-Spanish Debt to be Restructured owed by such Obligors, following which the Restructuring Agent shall notify

each of the other Parties in writing of the applicable write-off (*quita*).

(iii) an amendment applicable to all payment obligations of the Obligors under the Affected Debt and the Non-Spanish Debt to be Restructured (including, without limitation, principal, interest that has accrued but not been paid as at the Restructuring Completion Date, default interest that has accrued but not been paid as at the Restructuring Completion Date, fees, costs, expenses, mandatory prepayment events and contingent claims or amounts such as guarantees or indemnities but excluding any Administration Costs), calculated as of the Restructuring Completion Date, such that all such amounts (as written down and amended in accordance with these Standard Restructuring Terms) fall due on the date that falls 10 years (*espera*) after the Restructuring Completion Date (the "**10 Year Maturity Date**");

(iv) zero percent (0 per cent.) coupon applicable to all of the Affected Debt and the Non-Spanish Debt to be Restructured (the result of which being that no interest – either ordinary or default interest – shall accrue or otherwise be payable in respect of the Affected Debt or the Non-Spanish Debt to be Restructured from and including the Restructuring Completion Date); and

(v) the Affected Debt Instruments and the Non-Spanish Debt Instruments will continue to exist in full force and effect with the same original Obligors but will be deemed automatically amended to apply the Standard Restructuring Terms including an immediate permanent disapplication of any mandatory prepayment events, covenants, undertakings, representations, events of default, acceleration events and/or termination events or any clauses of similar effect (howsoever described) which provide or imply that the Obligors are obliged to pay any amounts pursuant to or in connection with (x) the Affected Debt or the Affected Debt Instruments; or (y) the Non-Spanish Debt to be Restructured and the Non-Spanish Debt Instruments (with the result being that no default or event of default shall exist in respect of such Affected Debt and Affected Debt Instruments or such Non-Spanish Debt to be Restructured and Non-Spanish Debt Instruments upon the Restructuring Completion Date and no default or event of default shall arise in respect of such clauses prior to the 10 Year Maturity Date), **provided that** (i) the Non-Consenting Creditors and Consenting Other Creditors shall be entitled to payment in respect of their Affected Debt and Non-Spanish Debt to be Restructured on the 10 Year Maturity Date and (ii) the Administration Costs shall be paid as and when they fall due.

(b) *Extension of the Standard Restructuring Terms*

(i) In order to ensure the viability of the Group, it has been agreed to request the Extension of the Standard Restructuring Terms to Non-Consenting Creditors pursuant to the Homologation in accordance with Clause 6 (*Homologation*) and pursuant to the Non-Spanish Compromise Proceedings in accordance with Clause 7 (*Non-Spanish Compromise Proceedings*).

(ii) Subject to what is provided in sub-clause 3.1.5(f) and with the exception of any Voluntarily Non-Adhered Insured Debt and Voluntarily Non-Adhered Debt, the Affected Debt and the Non-Spanish Debt to be Restructured of Consenting Existing Creditors who have elected for the Alternative Restructuring Terms will not be subject to the Extension of the Standard Restructuring Terms or the Non-Spanish Compromise Proceedings.

(iii) The Liquidating Entity Debt will not be subject to the Standard Restructuring Terms or the Alternative Restructuring Terms and shall not be affected in any way by this Agreement. The Restructuring Implementation Steps shall, to the extent possible, provide for a mechanic by which claims against the Liquidating Entities shall be maintained. For these purposes, a record date may be used to determine which Beneficial Owners of the Existing Notes are entitled to receive any recoveries pursuant to such claims.

(iv) With respect to each class of the Existing Notes held by Non-Consenting Creditors or Consenting Other Creditors who have elected Standard Restructuring Terms, the relevant issuer shall cause on and from the Restructuring Completion Date each determination of the principal amount outstanding and each principal payment to be multiplied by 0.03 (being the "**Pool Factor**") and the relevant issuer is hereby authorised to notify the relevant Note Agent, fiscal paying agent, reference agent, commissioner, depository and/or legal owner (as applicable) in respect of such Existing Notes of the existence of the Pool Factor and to take all actions and/or steps to implement and consummate the Pool Factor. For the avoidance of doubt, the Pool Factor shall not be applied to the Liquidating Entity Debt.

(c) *Intragroup Creditors*

(i) Other than with regards to the Intragroup Affected Debt identified below, Intragroup Creditors signing or acceding to this Agreement hereby expressly and irrevocably elect to restructure their Intragroup Affected Debt in accordance with the Standard Restructuring Terms. The Intragroup Affected Debt of any Intragroup Creditor that does not sign or accede to this Agreement will be subject to the Standard Restructuring

Terms either pursuant to the Extension of the Standard Restructuring Terms or the Non-Spanish Compromise Proceedings. Intragroup Affected Debt described in Part C (*Compromised Debt*) of Schedule 6 (*Existing Financial Indebtedness: Obligors*) will be capitalised in the manner described therein.

(ii) As the Intragroup Creditors are companies within the Group and "related parties" to the Obligors, the Parties expressly agree (and the Intragroup Creditors expressly consent) that the Intragroup Creditors:

(A) shall not qualify as Participating Creditors or Consenting Existing Creditors for the purposes of this Agreement (including, without limitation, in the definitions of Majority Participating Creditors and Super Majority Participating Creditors), even though they are bound by the terms of this Agreement and grant hereby their consent to the Restructuring and the Standard Restructuring Terms; and

(B) shall not be considered for any decision, calculation of votes or consents or majority in respect of this Agreement or the Restructuring.

(d) *Voluntary election of Standard Restructuring Terms*

(i) If any Existing Creditor signs or accedes to this Agreement as a Participating Creditor and does not elect for the refinancing of its Affected Debt pursuant to the Alternative Restructuring Terms, such Participating Creditor shall have consented to refinance its Affected Debt and/or Non-Spanish Debt to be Restructured pursuant to the Standard Restructuring Terms. However, an Ineligible Investor may not expressly elect the Standard Restructuring Terms.

(ii) In such case, this Agreement shall override and supersede the terms and conditions of such Participating Creditor's Affected Debt Instruments and/or Non-Spanish Debt Instruments without any further action or amendment being required.

(e) *Unsecured Claims resulting from Non-Affected Debt*

If an Existing Creditor under Non-Affected Debt:

(i) has not signed or acceded to this Agreement in accordance with the terms herein; and

(ii) the proceeds resulting from the enforcement of its security are insufficient to repay in full the relevant Non-Affected Debt (the "**Unsecured Claim**"),

provided that such Existing Creditors have recourse against any of the Obligors for such secured claims, such Unsecured Claim shall automatically become Affected Debt and be subject to the Standard Restructuring Terms.

3.1.5 *Alternative Restructuring Terms*

(a) *Alternative Restructuring Terms*

(i) Alternatively to the Standard Restructuring Terms, each Existing Creditor (with the exception of any Intragroup Creditor) is given hereby the option (at its sole discretion) to restructure its Affected Debt and its Non-Spanish Debt to be Restructured in accordance with the restructuring terms and conditions described (without limitation) in Sections (B) and (C) of Part 1; Sections (C), (D), (E) and (F) of Part 2; Part 3, Part 4 and Part 5 of the Term Sheet (the "**Alternative Restructuring Terms**").

(ii) If any Existing Creditor (with the exception of any Intragroup Creditor) does not expressly elect in accordance with this Agreement for the restructuring of its Affected Debt and its Non-Spanish Debt to be Restructured to be implemented in accordance with the Alternative Restructuring Terms, the Standard Restructuring Terms shall apply to such Existing Creditor's Affected Debt and Non-Spanish Debt to be Restructured pursuant to the Homologation or the Non-Spanish Compromise Proceedings.

(iii) Any election by an Existing Creditor of the Alternative Restructuring Terms in respect of its Affected Debt or Non-Spanish Debt to be Restructured shall in no circumstances apply to any Non-Affected Debt held by such Participating Creditor.

(iv) Each Non-Compromised Creditor which is a holder of an ACIL Bridge Claim agrees by its execution of, or accession to, this Agreement that the Alternative Restructuring Terms will be applied to its ACIL Bridge Claims as described in sub-clause (b)(i) below.

(v) For the avoidance of doubt, the Liquidating Entity Debt owed to any Consenting Existing Creditor will not be affected by any exchange or refinancing by such Consenting Existing Creditor of its Existing Loans/Notes in accordance with the Alternative Restructuring Terms.

(b) *Main terms and conditions*

Without prejudice to the detailed description of the Alternative Restructuring Terms included in the Term Sheet, the main terms and conditions of the Alternative Restructuring Terms are the following:

(i) *Non-Compromised Debt*

The Non-Compromised Debt and ACIL Bridge Claims held by Consenting Existing Creditors shall be repaid in cash or exchanged for (as applicable, in accordance with the Term Sheet):

(A) New Money Tranche 1A;

(B) New Money Tranche 1B; or

(C) New Money Tranche 2.

(ii) *Existing Loans/Notes and Existing Bonding Facilities* (if and when called)

(A) *70 per cent. write-off (quita) or capitalisation*

The Existing Loans/Notes and the Existing Bonding Facilities held by Consenting Existing Creditors shall be reduced by means of an initial 70 per cent. write-off (*quita*) or capitalisation, **provided that** (for the avoidance of doubt) the Administration Costs shall not be subject to any such write-off or capitalisation.

Exceptionally:

(1) no write-off (*quita*) nor capitalisation shall be applicable to part of the Uncalled Existing Bonding Facilities held by Consenting Existing Creditors which agree during an Accession Period to participate in the New Bonding Facilities (as set out in the paragraph titled "*Existing Bonding Facilities (other than Non-Consenting Existing Debt)*" of Section (C) of Part 1 of the Term Sheet); and

(2) an additional write-off (*quita*) may be applicable to the Junior Old Money Loans/Notes as described in sub-clause 3.1.5(b)(C) (*Additional write-off (quita)*) below.

(B) *Junior Old Money Loans/Notes and elevation into Senior Old Money Loans/Notes*

Following any write-off (*quita*) or capitalisation described in paragraph (A) above, the remaining amounts under the Existing Loans/Notes and the Existing Bonding Facilities held by Consenting Existing Creditors shall be refinanced under or exchanged for Junior Old Money Loans/Notes.

Exceptionally, part of the Existing Loans/Notes and the Existing Bonding Facilities may be refinanced under or exchanged for Senior Old Money Loans/Notes (*Elevation*) as set out below.

(1) *Existing Loans/Notes or Called Existing Bonding Facilities*

If the relevant Consenting Existing Creditor agrees during an Accession Period to participate in the New Money Tranche 1, New Money Tranche 2, New Money Tranche 3, the New Syndicated Bonding Tranche or the New Bilateral Bonding Tranche, part of (and, if the relevant Consenting Existing Creditor agrees to participate in the New Financing in an aggregate amount equal to its *pro rata* amount of the New Financing determined with reference to the proportion borne by its (and its Affiliates' and/or Related Funds') Existing Loans/Notes and Called Existing Bonding Facilities to the aggregate amount of all Existing Loans/Notes and Called Existing Bonding Facilities, all of) its Existing Loans/Notes and Called Existing Bonding Facilities will be refinanced under or exchanged for Senior Old Money Loans/Notes (as set out in the paragraph titled "*Consenting Old Money Elevation*" of Section (C) of Part 1 of the Term Sheet); or

(2) *Uncalled Existing Bonding Facilities*

If the relevant Consenting Existing Creditor under an Uncalled Existing Bonding Facilities agrees:

(A) during an Accession Period, to participate in the New Bonding Facilities the applicable amount of its Uncalled Existing Bonding Facilities will (if and when called) be refinanced under or

exchanged for Senior Old Money Loans/Notes (as set out in the paragraph titled "*Existing Bonding Facilities (other than Non-Consenting Existing Debt)*" of Section (C) of Part 1 of the Term Sheet); or

(B) to issue new bonds (but not any extension, amendment or replacement of existing bonding for the same project and purpose) as per the request of a member of the Group under the terms of the New Bonding Facilities, part of its Uncalled Existing Bonding Facilities (if called) will be refinanced under or exchanged for Senior Old Money Loans/Notes (as set out in the paragraph titled "*Amount*" of Section (B) of Part 2 of the Term Sheet).

In addition, the New Money Tranche 3 providers as at the last day of the Supplemental Accession Period will be entitled to additional Senior Old Money Loans/Notes in respect of their New Money Tranche 3 commitment.

(3) *Loans and notes*

Consenting Existing Creditors shall be entitled to elect to refinance their Existing Loans/Notes and Existing Bonding Facilities in the form of either loans or notes.

Each Consenting Existing Creditor shall expressly elect to receive either loans or notes in the form of Junior Old Money Loans or Junior Old Money Notes (and, as applicable, Senior Old Money Loans or Senior Old Money Notes) in its signature page or Accession Letter (as applicable).

If a Consenting Existing Creditor does not expressly elect either loans or notes in accordance with the previous paragraph, such Consenting Existing Creditor will receive the same type of instrument in respect of its Existing Loans/Notes and Existing Bonding Facilities pursuant to the Restructuring that it holds as at the date it signs or accedes to this Agreement.

(4) *Contingent and non-contingent tranches*

Both the Junior Old Money Loans/Notes and the Senior Old Money Loans/Notes will be structured through a contingent tranche and a non-contingent tranche as follows:

(A) The non-contingent tranches will initially amount (jointly) to the remaining 30 per cent. of principal and accrued but unpaid interest amount as at 30 September 2016 of the Existing Loans/Notes and Called Existing Bonding Facilities of Consenting Existing Creditors, calculated at the Restructuring Steps Commencement Date.

(B) The contingent tranches will be to fund the crystallisation of contingent claims of Consenting Existing Creditors deriving from:

(x) Uncalled Existing Bonding Facilities which are subsequently called;

(y) the enforcement of guarantees which are restructured through the Alternative Restructuring Terms (including guarantees given by the Spanish Obligors in respect of non-closed out derivatives as of the Signing Date),

(z) the Non-Affected Debt held by a Consenting Existing Creditor that does not specify (in its Accession Letter) that a portion of its Non-Affected Debt is unsecured and the proceeds resulting from enforcement of its security are not sufficient to repay in full the relevant Non-Affected Debt held by such Consenting Existing Creditor,

without double counting, to be treated as Senior Old Money Loans/Notes or Junior Old Money Loans/Notes as provided in the Term Sheet (and the Parent will be

authorised to crystallise such guarantee claims and effect the reduction on behalf of the relevant creditors in accordance with this Agreement if the relevant Consenting Creditor opts for the crystallisation of the guarantee without the need of serving notice or fulfilling any further formality).

(5) *Interest and Default Interest*

Any unpaid default interest accrued up to and including the Restructuring Completion Date under the Existing Loans/Notes and Called Existing Bonding Facilities of Consenting Existing Creditors shall not be payable.

Accrued but unpaid ordinary interest of Existing Loans/Notes and Called Existing Bonding Facilities of Consenting Existing Creditors, each calculated up to and including 30 September 2016, shall:

(A) be subject to the same write-off (*quitas*) or capitalisations as the principal amount of the relevant Existing Loans/Notes and Called Existing Bonding Facilities; and

(B) comprise the non-contingent tranche of the Junior Old Money Loans/Notes and the Senior Old Money Loans/Notes,

as described in this sub-clause 3.1.5(b)(ii).

No ordinary interest of Existing Loans/Notes and Called Existing Bonding Facilities of Consenting Existing Creditors will accrue after 30 September 2016 unless the Restructuring Completion Date has not occurred by the Restructuring Completion Long-Stop Date.

Accrued but unpaid fees of Uncalled Existing Bonding Facilities (as long as they remained uncalled as at the Restructuring Completion Date) shall not be subject to any reduction nor treated as Affected Debt and therefore, the relevant company of the Group obliged to pay the said fees must pay them on the Restructuring Completion Date.

(C) *Additional write-off (quita)*

(1) Exceptionally, if (as a consequence of the crystallisation of the above mentioned contingent claims after the Signing Date) the aggregate amount of the Junior Old Money Loans/Notes and the Senior Old Money Loans/Notes exceeds (or would otherwise exceed) EUR 2,700,000,000 at any time after the Signing Date the Junior Old Money Loans/Notes (whether under the contingent tranche or non-contingent tranche) will be subject to an additional write-off (*quita*) in the amount necessary to ensure that the aggregate amount of Consenting Old Money does not at any time exceed EUR 2,700,000,000.

(2) Any subsequent contingent claims which are crystallised shall be subject to the same write-off (*quita*) as is *then* applicable to the Junior Old Money Loans/Notes.

(3) The maximum write-off (*quita*) applicable to the Junior Old *Money* Loans/Notes shall in no event exceed 80 per cent. of their original nominal value including the initial 70 per cent. reduction.

(4) No *additional* write-off (*quita*) shall apply to the Senior Old Money Loans/Notes.

(5) If, notwithstanding such additional write-off (*quita*), the aggregate amount of Consenting Old Money exceeds, or would *exceed* EUR 2,700,000,000, the Consenting Old Money creditors may agree to a further restructuring of the Consenting Old Money whether by additional reduction or equitisation of their claims, extending the maturity of the Consenting Old Money, or otherwise.

(c) *Optional nature of the Alternative Restructuring Terms*

(i) The Alternative Restructuring Terms are offered to all the Existing Creditors, with the exception of the Intragroup Creditors.

(ii) To the extent the implementation of the Alternative Restructuring Terms is optional for each Existing Creditor and is configured as an alternative to the Standard Restructuring Terms each Existing Creditor needs to expressly elect to restructure its Affected Debt and its Non-Spanish Debt to be

Restructured in accordance with the Alternative Restructuring Terms (otherwise, the Standard Restructuring terms shall apply to such Existing Creditor pursuant to the Homologation or the Non-Spanish Compromise Proceedings).

(iii) Intragroup Creditors will be subject to the Standard Restructuring Terms (see paragraph 3.1.4(c) above).

(d) *Election of the Alternative Restructuring Terms*

(i) If an Existing Creditor (excluding any Intragroup Creditor) decides to restructure its Affected Debt and/or its Non-Spanish Debt to be Restructured (excluding any Non-Compromised Debt, in respect of which see below) in accordance with the Alternative Restructuring Terms, such Existing Creditor shall:

(A) sign or accede to this Agreement during an Accession Period;

(B) expressly state that it decides to restructure its Affected Debt and its Non-Spanish Debt to be Restructured in accordance with the Alternative Restructuring Terms by stating in the signature page or the relevant Accession Letter (as applicable) that it "*expressly and irrevocably elects to implement the Restructuring of its Affected Debt / its Non-Spanish Debt to be Restructured through the Alternative Restructuring Terms*";

(C) make certain elections in respect of its Alternative Restructuring Entitlements; and

(D) if the Existing Creditor is an Ineligible Investor, agree to the appointment of the Holding Period Trustee to receive and hold on trust any of such Ineligible Investor's Alternative Restructuring Entitlements that are "restricted" (as that term is defined in Rule 144 under the US Securities Act) and dispose of them as provided in Clause 18.2 (*Ineligible Investors*) below.

(ii) Such election shall be irrevocable, subject to the terms of this Agreement (including the possibility of a termination of this Agreement in accordance with Clause 11 (*Termination*)).

(iii) Consenting Existing Creditors (including, for this purpose, the Non-Compromised Creditors) holding Non-Compromised Debt shall be repaid in cash or exchanged for (as applicable, in accordance with the Term Sheet):

(A) New Money Tranche 1A;

(B) New Money Tranche 1B; or

(C) New Money Tranche 2.

(iv) Consenting Existing Creditors (including for this purpose, the Non-Compromised Creditors) holding Non-Compromised Debt shall notify Abengoa in writing of its election in this respect upon signing or acceding to this Agreement.

(v) The Standard Restructuring Terms shall automatically apply to a Consenting Existing Creditor if it becomes a Defaulting Consenting Existing Creditor. For the avoidance of doubt, the Standard Restructuring Terms shall not apply to any ACIL Bridge Claim, whether the creditor of such claim is a Defaulting Consenting Existing Creditor or not.

(c) *Unsecured Claims resulting from Non-Affected Debt*

(i) If an Existing Creditor under Non-Affected Debt signs or accedes to this Agreement in accordance with the terms herein and:

(A) specifies (under its Accession Letter) that a portion of its Non-Affected Debt is unsecured (the "**Specified Unsecured Claim**"):

(1) such Existing Creditor would be waiving (under its Accession Letter) its security only in respect of such Specified Unsecured Claim; and

(2) such Specified Unsecured Claim shall automatically become Affected Debt and be subject to the Alternative Restructuring Terms.

(B) does not specify (under its Accession Letter) that a portion of its Non-Affected Debt is unsecured and the proceeds resulting from the enforcement of its security are not enough to repay in full the relevant Non-Affected Debt, such remaining amounts shall automatically:

(1) become Affected Debt; and

(2) be subject to the Alternative Restructuring Terms (which shall be funded by way of the contingent tranche of Junior Old Money Loans/Notes and Senior Old Money Loans/Notes referred to in sub-clause 3.1.5(b)(ii)(B)(4)) but such Existing Creditor shall not be entitled to any Post-Restructuring Equity.

(f) *Restructuring Documentation and Restructuring Steps Plan*

(i) The Alternative Restructuring Terms will be documented and implemented through the Restructuring Documents, in a manner which is consistent in all material respects with this Agreement, the Term Sheet and the Restructuring Steps Plan.

(ii) Provided, subject to Clause 9.2 (*Restructuring Documents*), 9.9 (*Revised method of implementation of the Restructuring*), Clause 12 (*Restructuring Committee and NM1 Committee*), 19.11 (*Amendments, waivers and consents*), and sub-clause (v) below that the terms of such Restructuring Documents are in a form which is consistent in all material respects with this Agreement and the Term Sheet, all Consenting Existing Creditors expressly and irrevocably undertake pursuant to this Agreement to enter into the Restructuring Documents to which they shall be party in accordance with the Term Sheet (expressly including, without limitation, the ICA, the Senior Old Money Loan Agreement, the Senior Old Money Notes, the Junior Old Money Loan Agreement and/or the Junior Old Money Notes).

(iii) Each Consenting Existing Creditor shall:

(A) enter into each Restructuring Document to which it must become a party in accordance with the procedure set out in Clause 9.2 (*Restructuring Documents*); and

(B) take all steps and actions set out in the Restructuring Steps Plan in the manner and at the time contemplated therein, in accordance with Clause 9.3 (*Restructuring Implementation Steps*).

(iv) If a Consenting Existing Creditor does not:

(A) enter into each Restructuring Document to which it is a party in accordance with the procedure set out in Clause 9.2 (Restructuring Documents); and/or

(B) take all steps and actions set out in the Restructuring Steps Plan in the manner and at the time contemplated therein, in accordance with Clause 9.3 (*Restructuring Implementation Steps*),

(in each case a "**Defaulting Consenting Existing Creditor**"), then

(1) such Defaulting Consenting Existing Creditor unconditionally and irrevocably consents by virtue of this Agreement to restructure its Affected Debt and its Non-Spanish Debt to be

Restructured in accordance with the Standard Restructuring Terms;

(2) the Affected Debt and the Non-Spanish Debt to be Restructured held by such Defaulting Consenting Existing Creditor shall be automatically restructured in accordance with the Standard Restructuring Terms without any further action; and

(3) the Defaulting Consenting Existing Creditor shall indemnify the other Parties for any losses or damages that such default may cause to them.

(v) Notwithstanding sub-clauses (i) to (iv), (A) nothing in this Agreement shall require any Consenting Existing Creditor who is also an NM1/NM3 Creditor and/or a Non-Compromised Creditor to enter into any New Money Financing Documentation which is not in a form and substance acceptable to it, or to procure the satisfaction of, or waive any, NM1/NM3 Financing Condition or (without limiting its obligations under the New Money Financing Commitment Letter) provide any New Money Financing; and (B) a Non-Compromised Creditor shall never constitute a Defaulting Consenting Existing Creditor.

(g) *Security*

(i) As set out in Sections (C) and (D) of Part 2 of the Term Sheet:

(A) the Senior Old Money Loans/Notes shall benefit from first ranking security over 100 per cent. of the shares in AbeNewco 2; and

(B) the Junior Old Money Loans/Notes shall benefit from second ranking security over 100 per cent. of the shares in AbeNewco 2.

(ii) With the exception of the Excluded Security, in the event that any existing security is identified under or in connection with the Existing Loans/Notes and the Existing Bonding Facilities, Consenting Existing Creditors agree to the release and cancellation of any such security prior to the Restructuring Completion Date at the request of the Restructuring Committee and Abengoa, in each case acting reasonably.

(h) *Implementation of Alternative Restructuring Terms*

The implementation of the Alternative Restructuring Terms pursuant to the Restructuring Documents will not be achieved by (i) the Extension of the Standard Restructuring Terms; or (ii) the Non-Spanish

Compromise Proceedings as the Alternative Restructuring Terms, and the entry into the Restructuring Documents are optional for (and require the express election by) each Existing Creditor (with the exception of any Intragroup Creditor) and are construed as an alternative to the Standard Restructuring Terms. The Restructuring Documents are to be entered into on a consensual basis by the Obligors and the Consenting Existing Creditors.

## 3.2 New Money Financing

### 3.2.1 *New Money Financing*

(a) In addition to the Restructuring of the Affected Debt, the viability of the Group in accordance with the Viability Plan also requires the injection of new financing in an amount of, at least, EUR 1,169,600,000.

(b) This new financing is required by the Group to (i) attend to its payment obligations in the short term due to the lack of liquidity of the Group; (ii) ensure the completion of some of the Key Projects; and (iii) ensure that the Group is able to fund and restart the day-to-day operation of its business.

(c) The above figure already comprises the repayment or exchange of the Non-Compromised Debt, as set out in Section (B) of Part 1 of the Term Sheet.

### 3.2.2 *Main terms and conditions*

The New Money Financing will be structured through three different tranches (New Money Tranche 1, New Money Tranche 2 and New Money Tranche 3), the main terms and conditions in respect of which are set out in Section (A) of Part 2, Part 3 and Part 4 of the Term Sheet.

### 3.2.3 *Evidence of the New Money Financing*

(a) As of the Signing Date, New Money Financing Anchor Funders have committed to provide New Money Financing subject to, and pursuant to the terms and conditions of, the New Money Financing Commitment Letter.

(b) A copy of the New Money Financing Commitment Letter under which the New Money Financing Anchor Funders have committed the New Money Financing is attached to this Agreement as Schedule 16 (*New Money Financing Commitment Letter*).

(c) By signing or acceding to this Agreement, each New Money Financing Anchor Funder acknowledges in favour of the Parent only that (i) it has committed to provide its NM1 Initial Anchor Commitments, NM2 Initial Anchor Commitments and/or NM3 Initial Anchor Commitments (as relevant) on the terms and subject to the conditions set out in its New Money Financing Commitment Letter; and (ii) confirms that the

condition in paragraph 9.1(c) of the New Money Financing Commitment Letter is satisfied.

3.2.4 *New Money Financing Providers*

(a) Without prejudice to the New Money Financing Anchor Funders who have already committed to provide New Money Financing on the terms and subject to the conditions of the New Money Financing Commitment Letter, Abengoa hereby offers all Consenting Existing Creditors (other than Ineligible Investors) the possibility to participate in the New Money Financing on the terms and conditions set out in the New Money Financing Commitment Letter (i.e. *pro rata* to their holdings of Existing Loans/Notes and Called Existing Bonding Facilities in New Money Tranche 1, New Money Tranche 2 and/or New Money Tranche 3 (subject to, (a) in the case of commitments in respect of New Money Tranche 1 and New Money Tranche 2, any *pro rata* scale back required to reflect the fact that entities who have agreed to fund any portion of New Money Tranche 1 will be entitled to a minimum specified allocation (such specified allocation to not exceed 50 per cent. of the amount of New Money Tranche 1 committed) in addition to their *pro rata* entitlement and (b) in the case of commitments in respect of New Money Tranche 3, the first 3 Consenting Existing Creditors each of which satisfies the criteria for participation in New Money Tranche 3 and agrees to participate in New Money Tranche 3 in an amount equal to EUR 5,000,000 will participate in New Money Tranche 3 in such amount)).

(b) If a Consenting Existing Creditor decides to participate in the New Money Financing (jointly with the New Money Financing Anchor Funders, the "**New Money Financing Providers**"), such Consenting Existing Creditor (other than any Consenting Existing Creditor which is also a New Money Financing Anchor Funder or an Affiliate or Related Fund of a New Money Financing Anchor Funder) shall agree to the terms and conditions of the New Money Financing Commitment Letter in accordance with clause 2 (*Acceptance*) of the New Money Financing Commitment Letter at the same time as it signs or accedes to this Agreement pursuant to Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*).

3.2.5 *Structure*

In order to grant the New Money Financing, the New Money Financing Providers have requested to inject the New Money Financing into different levels of the Group as set out in the Term Sheet. Therefore, Abengoa has undertaken to implement:

(a) the TopCo AbeNewco Structure, in relation to the New Money Tranche 2, the New Bonding Facilities and the Old Money Loans/Notes;

(b) the ACIL Double LuxCo Structure, in relation to the New Money Tranche 1 and New Money Tranche 3; and

(c) the A3T Double LuxCo Structure, in relation to the New Money Tranche 1 and New Money Tranche 3,

in accordance with Clause 3.7 (*Corporate Restructuring*) below.

3.2.6 *Security*

In addition to the corporate restructurings described above, the New Money Financing Anchor Funders have requested the granting of the security package described in Section (A) of Part 2 of the Term Sheet, which can be summarised as follows:

(a) New Money Tranche 1 and New Money Tranche 3 shall benefit from security (certain of which will be granted by way of title transfer collateral arrangements, and in respect of which New Money Tranche 1 and New Money Tranche 3 will have rights of set-off and retention) over:

(i) all material assets of each member of the NM1 Group (including A3T, all of the shares in A3T and all of the shares currently held by the Group in ABY, but excluding the accounts of ACIL Luxco 2 and A3TLuxco 2 into which the NM1 Priority Collateral Surplus Value is to be deposited and the NM1 Priority Collateral Surplus Proceeds); and

(ii) the shares in and claims into Orphan Holdco, ACIL, ACIL Luxco 2, A3TLuxco 2 and A3T HoldCo.

(b) New Money Tranche 2 and the New Bonding Facilities shall benefit from security over:

(i) the accounts of ACIL Luxco 2 and A3TLuxco 2 into which the NM1 Priority Collateral Surplus Value is required to be deposited;

(ii) the NM1 Priority Collateral Surplus Proceeds, **provided that** no enforcement of such security will be permitted until New Money Tranche 1 and New Money Tranche 3 are repaid in full; and

(iii) 100 per cent. of the shares in and shareholder loans made to AbeNewco 1.

(c) In addition, subject to customary tax and agreed cost/benefit exceptions and local (project finance) instrument limitations, New Money Tranche 1, New Money Tranche 2 and New Money Tranche 3 shall benefit from security (of different ranking), over:

(i) 100 per cent. of the shares in each member of the Group (other than the NM1 Group and AbeNewco2); and

(ii) all material assets of each member of the Group (other than the NM1 Group and AbeNewco2),

in each case excluding the shares in and shareholder loans made to AbeNewco 1 or AbeNewco 2 which will not secure New Money Tranche 1 and New Money Tranche 3.

3.2.7 *Implementation of the New Money Financing*

The terms of the New Money Financing will not be subject to the Extension of the Standard Restructuring Terms or the Non-Spanish Compromise Proceedings as the New Money Financing Documentation are to be entered on a consensual basis by the Obligors and the New Money Financing Providers.

3.3 **New Bonding Facilities**

3.3.1 *New Bonding Facilities*

(a) Together with the restructuring of the Affected Debt and the granting of the New Money Financing, the Viability Plan also foresees that the Group shall have access going forward to bonding lines in an aggregate amount of, at least, EUR 250,000,000. To comply with this requirement, the Initial Bonding Providers have committed an amount of up to EUR 307,000,000, which will be divided into EUR 209,000,000 of new bonding under the New Syndicated Bonding Tranche and EUR 98,000,000 of roll over bonding under the Roll Over Bonding Tranche, both of the New Bonding Facilities and in accordance with the terms and conditions set out in the Term Sheet.

(b) In addition, those Consenting Existing Creditors (other than Ineligible Investors) willing to commit new bonding on the date on which they sign or accede to this Agreement may do so under the New Bilateral Bonding Tranche as provided for in the Term Sheet.

(c) Any extension, amendment or replacement of existing bonding for the same project and purpose would not be deemed to be new bonding, whether under the New Syndicated Bonding Tranche or the New Bilateral Bonding Tranche, or roll over bonding under the Roll Over Bonding Tranche.

(d) The main purpose of these new bonding lines is to allow the Group to continue presenting tender offers in relation to new projects set out in the Viability Plan and therefore, ensure the continuity of the business going forward.

3.3.2 *Main terms and conditions*

The New Bonding Facilities will be structured through three different tranches (New Syndicated Bonding Tranche, New Bilateral Bonding Tranche and Roll

Over Bonding Tranche), which main terms and conditions are set out in Section (B) of Part 2, Part 3 and Part 4 of the Term Sheet.

3.3.3 *Evidence of the New Bonding Facilities*

(a) As of the Signing Date, the Initial Bonding Providers have agreed to provide the New Syndicated Bonding Tranche and the Roll Over Bonding Tranche in accordance with, and pursuant to, the New Bonding Commitment Letter.

(b) A copy of the New Bonding Commitment Letter under which the New Syndicated Bonding Tranche and the Roll Over Bonding Tranche have been committed is attached to this Agreement as Schedule 17 (*New Bonding Commitment Letter*).

(c) By signing this Agreement, each Initial Bonding Provider expressly and unconditionally ratifies its commitment set out in its New Bonding Commitment Letter.

(d) Any new bond issued by an Initial Bonding Provider after the date of the New Bonding Commitment Letter but prior to the Restructuring Completion Date will be deemed to be part of the New Syndicated Bonding Tranche or the Roll Over Bonding Tranche (at the option of the Initial Bonding Provider).

3.3.4 *New Bonding Facilities Providers*

(a) Without prejudice to the Initial Bonding Providers having agreed to provide the New Syndicated Bonding Tranche and the Roll Over Bonding Tranche, Abengoa hereby offers all Existing Creditors under Uncalled Existing Bonding Facilities (the "**New Bonding Facilities Providers**") the possibility to commit on the date on which they sign or accede to the Restructuring Agreement to provide bilateral commitments for the purpose of issuing new bonding under the New Bilateral Bonding Tranche.

(b) If a Consenting Existing Creditor decides to participate in the New Bilateral Bonding Tranche, such New Bonding Facilities Provider shall state in its signature page or in its Accession Letter (as applicable) that it "*expressly and irrevocably declares that, acting as a Consenting Existing Creditor (other than an Initial Bonding Provider), it hereby has decided to commit and provide new bonding under the New Bilateral Bonding Tranche of an amount of EUR [•]*".

(c) The mere extension of Uncalled Existing Bonding Facility shall not be deemed (and therefore shall not benefit from the terms and conditions of) the New Bonding Facilities.

3.3.5 *Restructuring Documentation and Restructuring Steps Plan*

(a) The New Bonding Facilities shall (i) be documented by the New Bonding Facilities Documentation the terms of which shall be

consistent in all material respects with the New Bonding Commitment Letter and the Term Sheet; and (ii) be implemented in a manner which is consistent in all material respects with this Agreement, the Term Sheet, the Restructuring Steps Plan and the relevant New Bonding Facilities Documentation.

(b) Each New Bonding Facilities Provider agrees that the New Bonding Facilities Documentation will be negotiated in accordance with Clauses 9 (*Undertakings and Restrictions*) and 12 (*Restructuring Committee and NM1 Committee*) and undertakes in favour of the Parent only that it will negotiate in good faith with a view to agreeing the New Bonding Facilities Documentation on terms consistent with this Agreement, the Term Sheet and the Restructuring Steps Plan.

(c) Nothing in this Clause 3.3 shall require any require any New Bonding Facilities Provider to enter into any New Bonding Facilities Documentation which is not in a form and substance acceptable to it or to procure the satisfaction of, or waive any, condition precedent (howsoever described) set out therein.

3.3.6 *Structure*

In order to grant the New Bonding Facilities, the New Bonding Facilities Providers have requested that Abengoa implements the TopCo AbeNewco Structure, and Abengoa has undertaken to do so.

3.3.7 *Security*

As set out in Section (B) of Part 2 of the Term Sheet, the New Bonding Facilities will be secured by means of security over:

(a) 100 per cent. of the shares in and shareholder loans made to AbeNewco 1 (in this case, along with New Money Tranche 2) and other material members of the Group (other than AbeNewco 2 and the NM1 Group), subject to customary tax and agreed cost/benefit exceptions and local (project finance) instrument limitations;

(b) all material assets of each member of the Group (other than AbeNewco 2 and the NM1 Group) which is an Obligor, subject to customary tax and agreed cost/benefit exceptions and local (project finance) instrument limitations;

(c) along with New Money Tranche 2, the account into which the NM1 Priority Collateral Surplus Value must be deposited by ACIL Luxco 2 and A3TLuxco 2 **provided that** no enforcement of such security will be permitted until New Money Tranche 1 and New Money Tranche 3 are repaid in full; and

(d) along with New Money Tranche 2, and the NM1 Priority Collateral Surplus Proceeds, **provided that** no enforcement of such security will

be permitted until New Money Tranche 1 and New Money Tranche 3 are repaid in full.

3.3.8 *Implementation of the New Bonding Facilities*

The terms of the New Bonding Facilities will not be subject to the Extension of the Standard Restructuring Terms or the Non-Spanish Compromise Proceedings as the New Bonding Facilities are to be entered into on a consensual basis by the Obligors and the New Bonding Facilities Providers.

3.4 **Credit Insurance Providers**

As Credit Insurance Providers may not be permitted pursuant to their regulations to commit to provide new bonding and/or guarantees until the particular underlying project has been approved, the Parties herein expressly agree that such Credit Insurance Providers shall benefit from elevation rights set out in the paragraph titled "*Consenting Old Money Elevation*" of Section (C) of Part 1 of the Term Sheet **provided that** within 18 months as from the Restructuring Completion Date the Credit Insurance Providers provide such additional bonding/guarantee facilities in respect of projects complying with the requirements established in their regulations. The amount guaranteed by the relevant Credit Insurance Provider will benefit from the elevation right set out in the paragraph titled "*Consenting Old Money Elevation*" of Section (C) of Part 1 of the Term Sheet as from the date of issuance of such bonding/guarantees. The existence and scope of the restriction or limitation in their regulations shall be duly evidenced by the Credit Insurance Providers.

3.5 **Capital structure (post Restructuring)**

As a consequence of the Restructuring of the Existing Financial Indebtedness and the granting of the New Financing in accordance with sub-clauses 3.1.4 (*Standard Restructuring Terms*), 3.1.5 (*Alternative Restructuring Terms*), 3.2 (*New Money Financing*) and 3.3 (*New Bonding Facilities*), the capital structure of the Obligors post Restructuring will result in the instruments described in Section (B) of Part 1 of the Term Sheet:

3.5.1 New Money Tranche 1, to be documented through New Money Loans and New Money Notes in the same New Money Financing Documentation as the New Money Tranche 3 but in separate New Money Financing Documentation to New Money Tranche 2 and any other indebtedness;

3.5.2 New Money Tranche 2, to be documented through New Money Loans and New Money Notes;

3.5.3 New Money Tranche 3, to be documented in the same New Money Financing Documentation as New Money Tranche 1;

3.5.4 New Bonding Facilities;

3.5.5 Uncalled Existing Bonding Facilities provided by Consenting Existing Creditors (as they are uncalled);

3.5.6 Senior Old Money Loans/Notes (contingent and non-contingent tranches);

3.5.7 Junior Old Money Loans/Notes (contingent and non-contingent tranches); and

3.5.8 the applicable Existing Financial Indebtedness subject to the Standard Restructuring Terms.

3.6 **Intercreditor Arrangements**

3.6.1 *Intercreditor Arrangements*

(a) Further to the (a) Restructuring of (part of) the Affected Debt in accordance with the Alternative Restructuring Terms and (b) the granting of the New Financing, it is in the interests of all Parties to regulate the relationships going forward between:

(i) the New Money Tranche 1;

(ii) the New Money Tranche 2;

(iii) the New Money Tranche 3;

(iv) the New Bonding Facilities;

(v) the Senior Old Money Loans/Notes; and

(vi) the Junior Old Money Loans/Notes,

in accordance with the terms and conditions set out in the Term Sheet (the "**Intercreditor Arrangements**").

(b) Therefore, the Intercreditor Arrangements will only and exclusively apply to (a) the Consenting Existing Creditors, (b) the New Money Financing Providers and (c) the New Bonding Facilities Providers (the "**ICA Creditors**") and the relevant Obligors.

(c) The release of claims and security enforcement with respect to the NM1 Group and NM1 Priority Collateral will be separately regulated by an Intercreditor Arrangement involving only the New Money Tranche 1 creditors, the New Money Tranche 3 creditors and the members of the NM1 Group (the "**NM1 Priority Collateral Intercreditor Agreement**").

3.6.2 *Main terms and conditions*

The main terms and conditions of the Intercreditor Arrangements are set out in Part 4 of the Term Sheet.

3.6.3 *Restructuring Documentation and Restructuring Steps Plan*

(a) The Intercreditor Arrangements will be documented and implemented through the Restructuring Documents, in a manner which is consistent in all material respects with this Agreement, the Term Sheet and the Restructuring Steps Plan.

(b) Subject to Clause 9.2 (*Restructuring Documents*), 9.9 (*Revised method of implementation of the Restructuring*), Clause 12 (*Restructuring Committee and NM1 Committee*) and 19.11 (*Amendments, waivers and consents*), all ICA Creditors (other than the New Financing Providers in their capacity as such) hereby expressly and irrevocably undertake to enter into the Restructuring Documents to which they shall be party in accordance with the Term Sheet in respect of the Intercreditor Arrangements (expressly including, without limitation, the ICA).

(c) Each ICA Creditor (other than the New Financing Providers in their capacity as such) shall:

(i) enter into each Restructuring Document to which it is a party in accordance with the procedure set out in Clause 9.2 (*Restructuring Documents*); and

(ii) take all steps and actions set out in the Restructuring Steps Plan in the manner and at the time contemplated therein in accordance with Clause 9.3 (*Restructuring Implementation Steps*).

(d) If an ICA Creditor (other than the New Financing Providers in their capacity as such) does not (i) sign a Restructuring Document to which it should be party in accordance with the Term Sheet and/or this Agreement or (ii) take the steps and actions set out in the Restructuring Steps Plan (a "**Defaulting ICA Creditor**"), the Defaulting ICA Creditor shall indemnify the other Parties for any losses or damages that such default may cause to them.

3.6.4 *Standard Restructuring Terms*

Any Affected Debt or Non-Spanish Debt to be Restructured subject to the Standard Restructuring Terms will not be subject to the Intercreditor Arrangements.

3.6.5 *Implementation of the Intercreditor Arrangements*

The terms of the Intercreditor Arrangements will not be subject to the Extension of the Standard Restructuring Terms or the Non-Spanish Compromise Proceedings as the Intercreditor Arrangements are to be entered into on a consensual basis by the ICA Creditors and the relevant Obligors.

## 3.7 Corporate restructuring

3.7.1 *TopCo AbeNewco Structure*

(a) Further to the commercial agreement reached on the Term Sheet and as a consideration to voluntarily acceding to this Agreement and electing for the Alternative Restructuring Terms, Abengoa expressly undertakes to implement a corporate restructuring of the Group (the "**TopCo AbeNewco Structure**") by virtue of which either:

(i) Abengoa will contribute through a contribution in kind (*aportación no dineraria*) into a newly incorporated Spanish limited liability company (*sociedad anónima*) ("**AbeNewco 2**") all shares and participations currently owned by Abengoa in its direct Subsidiaries (in the manner set forth in sub-clause 9.8.1(w)), and AbeNewco 2 will then contribute through a contribution in kind (*aportación no dineraria*) such shares into a second newly incorporated Spanish limited liability company (*sociedad anónima*) ("**AbeNewco 1**"); or

(ii) Abengoa will incorporate AbeNewco 1 and AbeNewco 2 and will then contribute to AbeNewco 1 through a contribution in kind (aportación no dineraria) all shares and participations currently owned by Abengoa in its direct Subsidiaries (in the manner set forth in sub-clause 9.8.1(w)), afterwards contributing the shares of AbeNewco 1 to AbeNewco 2 through a subsequent contribution in kind (*aportación no dineraria*)

(b) As a result of the contributions described in sub-clauses 3.7.1(a)(i) or (ii) above, Abengoa will be the sole shareholder of AbeNewco 2, who will be the sole shareholder of AbeNewco 1, who will hold all the shares currently owned by Abengoa in the Group.

(c) Establishing the TopCo AbeNewco Structure is an integral part of, and shall be implemented in accordance with, the terms of this Agreement. For the purposes foreseen in section 71.bis.1 of the Spanish Insolvency Law, the TopCo AbeNewCo structure shall be deemed to be agreements (*negocios*) and actions to be carried out in execution of this Agreement and, thus, shall benefit from the protections established therein.

3.7.2 *A3T Double LuxCo Structure*

Since part of the New Money Financing will be granted for the purposes of financing the completion of the project owned by A3T, Abengoa expressly undertakes to implement a corporate restructuring of A3T (the "**A3T Double LuxCo Structure**") in accordance with the Restructuring Steps Plan by virtue of which:

(a) The shareholders of A3T (i.e. A3T HoldCo and Abener Energía, S.A.) will contribute their respective shares in A3T into a newly incorporated Luxembourg special purpose vehicle company (s.à r.l) ("**A3TLuxco 2**").

(b) A3T HoldCo will contribute into A3TLuxco 2 its receivables under its intercompany loan to A3T (the "**A3T Intercompany Loan**").

(c) A3TLuxco 2 will then contribute its shares in A3T and its rights under the A3T Intercompany Loan into a second newly incorporated Luxembourg special purpose vehicle company (s.à r.l) ("**A3TLuxco 1**").

(d) As a result of these contributions, A3T HoldCo and Abener Energía, S.A. will be the shareholders of A3TLuxco 2, who will be the sole shareholder of A3TLuxco 1, who will be the sole shareholder of A3T.

(e) Establishing the A3T Double LuxCo Structure is an integral part of, and shall be implemented in accordance with, the terms of this Agreement. For the purposes foreseen in section 71.bis.1 of the Spanish Insolvency Law, the A3T Double Luxco Structure shall be deemed to be agreements (*negocios*) and actions to be carried out in execution of this Agreement and, thus, shall benefit from the protections established therein.

3.7.3 *ACIL Double LuxCo Structure*

Finally, Abengoa expressly undertakes to implement a corporate restructuring of ACIL (the "**ACIL Double LuxCo Structure**") in accordance with the Restructuring Steps Plan by virtue of which:

(a) ACIL will contribute all its shares in ABY into a newly incorporated Luxembourg special purpose vehicle company (s.à r.l) ("**ACIL Luxco 2**"), in exchange for shares in ACIL Luxco 2.

(b) ACIL Luxco 2 will then contribute all its ABY shares into a second newly incorporated Luxembourg special purpose vehicle company (s.à r.l) ("**ACIL Luxco 1**"), in exchange for shares in ACIL Luxco 1.

(c) As a result of these contributions, ACIL will be the sole shareholder of ACIL Luxco 2, who will be the sole shareholder of ACIL Luxco 1, who will be shareholder of ABY.

(d) Establishing the ACIL Double LuxCo Structure is an integral part of, and shall be implemented in accordance with, the terms of this Agreement. For the purposes foreseen in section 71.bis.1 of the Spanish Insolvency Law, the ACIL Double LuxCo Structure shall be deemed to be agreements (*negocios*) and actions to be carried out in execution of this Agreement and, thus, shall benefit from the protections established therein.

3.8 **Equity structure (post Restructuring)**

3.8.1 As a consequence of the Restructuring, the Participating Creditors will be allocated certain percentages of shares in Abengoa in accordance with Section (B) of Part 1 and Part 5 of the Term Sheet, and in accordance with the equity election made by (i) each Participating Creditor in its Accession Letter or (ii) in relation to the New Money Financing Providers and the New Bonding Facilities Providers in accordance with the terms set out below ("**Post-Restructuring Equity**").

3.8.2 For these purposes, Abengoa expressly undertakes to achieve the implementation and completion of the new equity structure of the Group in

accordance with the terms of this Agreement, the Term Sheet and the Restructuring Steps Plan, including, without limitation:

(a) to convene one or several, as needed, extraordinary general meetings of shareholders (such meeting or meetings shall be referred to as the "**Restructuring EGM**" which will need to (pursuant to the below), either vote and approve or just vote (but not necessarily approve) the following matters (as per the capital increases in sub-clauses 3.8.2(a)(i) to (v) below, subject to their implementation by the board of directors of Abengoa through the Share Capital Increase Board Resolution (as defined below) on the terms set out below):

(i) vote and approve a capital increase by offsetting of claims held by Consenting Existing Creditors of Abengoa (representing, at the Restructuring Completion Date, 40 per cent. of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all capital increases referred to in sub-clauses (i) to (v) and to be distributed as further described in Section (B) of Part 1 and Part 5 of the Term Sheet);

(ii) vote and approve a capital increase by offsetting of claims held by New Money Tranche 1 providers resulting from the Capitalisation Fees due under the New Money Tranche 1 finance documents (representing, at the Restructuring Completion Date, 30 per cent. of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all capital increases referred to in sub-clauses (i) to (v) and to be distributed as further described in Section (B) of Part 1 and Part 5 of the Term Sheet);

(iii) vote and approve a capital increase by offsetting of claims held by New Money Tranche 2 providers resulting from the Capitalisation Fees due under the New Money Tranche 2 finance documents (representing, at the Restructuring Completion Date, 15 per cent. of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all capital increases referred to in sub-clauses (i) to (v) and to be distributed as further described in Section (B) of Part 1 and Part 5 of the Term Sheet);

(iv) vote and approve a capital increase by offsetting of claims held by New Money Tranche 3 providers resulting from the Capitalisation Fees due under the New Money Tranche 3 finance documents (representing, at the Restructuring Completion Date, 5 per cent. of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all capital increases referred to in sub-clauses (i) to (v) and to be distributed as further described in Section (B) of Part 1 and Part 5 of the Term Sheet);

(v) vote and approve a capital increase by offsetting of claims held by New Bonding Facilities Providers resulting from the Capitalisation Fees due under the New Bonding Facilities Documentation (representing, at the Restructuring Completion Date, 5 per cent. of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all capital increases referred to in sub-clauses (i) to (v) and to be distributed as further described in Section (B) of Part 1 and Part 5 of the Term Sheet);

(vi) vote and approve the delegation to the board of directors of Abengoa of the faculty to set the date when the capital increases listed in sub-clauses (i) to (v) above are to be implemented (or, in the event Abengoa has opted to satisfy the Capitalisation Fees in cash and the New Money Financing Providers and New Bonding Facilities Providers have accepted such, only the capital increase listed in sub-clause (i) above) and the matters related to the capital increase(s) not fixed by the Restructuring EGM (including its/their final amount without exceeding the limits set out in the Restructuring EGM for each of them), for a period of one year as from the date the Restructuring EGM is held. This faculty will be exercised in accordance with the Restructuring Steps Plan and will include, for the avoidance of doubt, the possibility for the board of directors of Abengoa to finally not execute such capital increase(s) in the event that the relevant milestones set out in the Restructuring Steps Plan are not met;

(vii) vote and approve the issuance of warrants to the existing shareholders of Abengoa immediately prior to the execution of the capital increases referred to in sub-clauses (i) to (v) (granting the right to subscribe for 5 per cent. of Abengoa's share capital after the execution by the board of directors of Abengoa of all capital increases referred to in sub-clauses (i) to (v) above and to be distributed amongst them as further described in Section (B) of Part 1 and Part 5 of the Term Sheet); and

(viii) vote (but not necessarily approve) the consolidation of Class A and Class B shares of Abengoa into a single class of shares. In any event, even if approved by the Restructuring EGM, the effectiveness of the consolidation will be conditional upon (A) the approval by the Restructuring EGM of the resolutions in sub-clauses (i) to (vii) above and (B) the effectiveness pursuant to the Restructuring Steps Plan of the capital increase(s) (one or several, depending on the choice in respect of the satisfaction of the Capitalisation Fees pursuant to the below) to be executed by the board of directors of Abengoa and listed in sub-clauses (i) to (v);

(b) to obtain the required resolutions from the board of directors of Abengoa in accordance with the Restructuring Steps Plan approving, amongst other issues and provided that the relevant milestones set out in the Restructuring Steps Plan are met, the execution of the aforementioned share capital increase(s) in Abengoa and the definitive amount of it/each of them within the limits approved by the Restructuring EGM and to raise to public deed status in Spain such resolutions (the "**Share Capital Increase Board Resolution**"); and

(c) to take any step required or advisable in order for the new shares to be admitted to trading on the Spanish Stock Exchanges (including, without limitation, the registration of the capital increase deed in the Mercantile Registry of Seville and its delivery to the CNMV, the Spanish Stock Exchanges and Iberclear, the approval of a listing prospectus by the CNMV and the registration of such prospectus in the CNMV's official registries).

3.8.3 The capital increase(s) referred to in sub-clauses 3.8.2(a)(i) to (v) above (as per the capital increases in sub-clauses 3.8.2(a)(ii) to (v) above, assuming that Abengoa opts to satisfy the Capitalisation Fees in kind) will be made in respect of Class A and Class B shares of Abengoa according to the proportion of shares of each class existing as at the time the share capital increases are executed.

3.8.4 Consenting Existing Creditors and Post-Restructuring Equity

(a) Existing Creditors which elect for the Alternative Restructuring Terms set out in Clause 3.1.5 (*Alternative Restructuring Terms*) above (whether by signing this Agreement or acceding to it during an Accession Period pursuant to Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*) below) and elect to receive Post-Restructuring Equity, will receive newly issued shares in Abengoa representing, at the Restructuring Completion Date, 40 per. cent of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all capital increases listed in sub-clauses 3.8.2(a)(i) to (v) above.

Such percentage will be calculated on the basis that the stake of the shareholders of Abengoa which exist immediately prior to the execution of the aforementioned capital increases represents, at the Restructuring Completion Date, 5 per. cent of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all said capital increases. Claims of such Consenting Existing Creditors shall be deemed due and payable *(líquidos, vencidos y exigibles)* for the purposes established in article 301 *of el texto refundido de la Ley de Sociedades de Capital approved by el Real Decreto Legislativo 1/2010, de 2 de julio.*

(b) Consenting Existing Creditors will be required to provide their account details for settlement of Post-Restructuring Equity in Iberclear as part

of their Securities Crediting Information prior to the Participation Deadline.

3.8.5 New Financing Providers

(a) New Financing Providers signing this Agreement

The relevant Capitalisation Fees will be accrued (and will be due and payable) in favour of the New Money Financing Providers and the New Bonding Facilities Providers which sign this Agreement once the New Money Financing has been disbursed and the New Bonding Facilities are available (as applicable) in accordance with the Restructuring Steps Plan.

(b) New Financing Providers acceding to this Agreement

The relevant Capitalisation Fees will be accrued (and will be due and payable) in favour of the New Money Financing Providers and the New Bonding Facilities Providers which accede to this Agreement during an Accession Period once the New Money Financing has been disbursed and the New Bonding Facilities are available (as applicable) in accordance with the Restructuring Steps Plan.

(c) In each case, the Capitalisation Fees will be satisfied at Abengoa's election or deemed election pursuant to the below either (i) fully in cash or (ii) fully in kind by the delivery of newly issued shares of Abengoa (representing in aggregate, at the Restructuring Completion Date, 55 per cent. of the resulting share capital of Abengoa after the execution by the board of directors of Abengoa of all the capital increases listed in sub-clauses 3.8.2(a)(i) to (v) above). In the latter case, such Capitalisation Fees shall, when accrued, be deemed due and payable (líquidos, vencidos y exigibles) for the purposes established in article 301 of *el texto refundido de la Ley de Sociedades de Capital approved by el Real Decreto Legislativo 1/2010, de 2 de julio.*

(d) For the above purposes, Abengoa shall provide written notice to the New Money Financing Providers and the New Bonding Facilities Providers on the date of the Share Capital Increase Board Resolution of its election as to whether the Capitalisation Fees will be paid (after being accrued and due and payable) fully in cash (provided that all of the New Money Financing Providers and all of the New Bonding Facilities Providers have provided their prior written consent to receive payment in cash) or fully in kind (i.e. without Abengoa being entitled to elect to satisfy such Capitalisation Fees partially in kind and partially in cash). Any such notice by Abengoa shall be irrevocable and will bind Abengoa, the New Money Financing Providers and the New Bonding Facilities Providers as from the moment when the New Money Financing Providers and the New Bonding Facilities Providers receive it, although in order to pay the Capitalisation Fees in cash Abengoa will require the prior written consent of all of the New Money Financing Providers and all of the New Bonding Facilities Providers. If no such notice is received by them, Abengoa shall be

deemed to have elected to satisfy the Capitalisation Fees fully in kind. Any such choice (or deemed choice) by Abengoa will be the same for all the New Money Financing Providers and the New Bonding Facilities Providers. If Abengoa elects, or is deemed to have elected, to satisfy the Capitalisation Fees in kind, the amounts owed by Abengoa to each New Money Financing Provider or New Bonding Facilities Provider in respect of its share of the Capitalisation Fees will be discharged by way of set-off of such amount against the issue of the relevant new shares in Abengoa pursuant to the Restructuring Steps Plan and no amount shall be payable in cash to the New Money Financing Providers and the New Bonding Facilities Providers in respect of the Capitalisation Fees. Likewise, and irrespective of Abengoa's choice, no interest shall be accrued on the Capitalisation Fees.

3.8.6 Common terms for the Consenting Existing Creditors and, in case Abengoa opts to satisfy the Capitalisation Fees in kind, for the New Money Financing Providers and the New Bonding Facilities Providers

(a) The relevant board report and preliminary auditor's report on the claims to be set-off through the relevant share capital increase(s) will be made available to Abengoa's existing shareholders by the time the Restructuring EGM is called.

(b) Following approval of the Share Capital Increase Board Resolution and issuance of the definitive auditor's report, Abengoa shall declare the share capital increase(s) corresponding to the new shares complete (fully or partially, as the case may be) and shall grant the corresponding capital increase deed before a Spanish notary public (attaching the board report and the final auditor's report), for its subsequent registration with the Mercantile Registry of Seville. Following registration, a notarial testimony of the capital increase deed, duly registered, will be delivered to the CNMV, Iberclear and the Madrid Stock Exchange, as the lead stock exchange for the listing of the new shares.

(c) Following delivery of the registered capital increase deed to Iberclear, Iberclear will create the book entries (*anotaciones en cuenta*) corresponding to the new shares and Abengoa, acting through the relevant agent, will cause that the new shares corresponding to the Consenting Existing Creditors which have opted to receive Post-Restructuring Equity and to the New Money Financing Providers and the New Bonding Facilities Providers are registered in the relevant securities accounts indicated by each of them.

(d) Abengoa will request the admission to listing and trading of the new shares on the Spanish Stock Exchanges and on the AQS as soon as possible after registration of the capital increase deed. Admission to listing and trading of the new shares is expected to be obtained on the day immediately following the date of approval of a listing prospectus by the CNMV and registration of such prospectus in the CNMV's

official registries. If there is any delay in the admission to listing and trading of the new shares, Abengoa will publicly announce, via a regulatory information notice (*hecho relevante*), such delay and a revised expected date of admission to listing and trading.

3.9 **Permitted Transactions**

Given that the Permitted Transactions are envisaged in the Viability Plan, the Homologation Request will expressly request that the Permitted Transactions be homologated (*homologadas*) together with this Agreement as actions taken in the context of and in relation with the Restructuring (taken as a whole), and as actions carried out or to be carried out (as the case might be) in execution of this Agreement.

3.10 **Descriptive nature of certain provisions of Clause 3 (*Restructuring Terms*) of this Agreement**

The provisions contained in sub-clauses 3.1.5(a) (*Alternative Restructuring Terms*), 3.1.5(b) (*Main terms and conditions*), 3.1.5(c) (*Unsecured Claims resulting from Non-Affected Debt*), 3.1.5(g) (*Security*), 3.2.1 (*New Money Financing*), 3.2.2 (*Main terms and conditions*), 3.2.5 (*Structure*), 3.2.6 (*Security*), 3.3.1 (*New Bonding Facilities*), 3.3.2 (*Main terms and conditions*), 3.3.6 (*Structure*), 3.3.7 (*Security*), 3.5 (*Capital structure (post Restructuring)*), 3.6.1 (*Intercreditor Arrangements*) and 3.6.2 (*Main terms and conditions*) are for descriptive purposes only, in order to summarise the commercial agreement between the Parties reflected in the Term Sheet. If there is any conflict or inconsistency between any of these descriptive Clauses and the Term Sheet, the Term Sheet shall prevail.

4. **EFFECTIVE DATE**

4.1 **Effectiveness of this Agreement**

4.1.1 In respect of the Original Parties:

(a) Clauses 4 (*Effective Date*), 9.12 (*Restrictions and obligations on Obligors and Existing Majority Shareholders*) to 9.16 (*Restrictions on Existing Majority Shareholders*) (inclusive), 9.18 (*Limitations on Undertakings*), 10 (*Indemnities*), 11 (*Termination*), 12 (*Restructuring Committee and NM1 Committee*), 13 (*Obligors' Agent*), 14 (*Restructuring Agent*), 16 (*Cleansing*) Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*) and 19 (*Miscellaneous*) of this Agreement, shall become effective on the Signing Date; and

*Participating Creditors, Obligors, Shareholders and Intragroup Creditors*); and

(b) the remaining provisions of this Agreement shall become effective upon the date upon which the Majority Shareholder delivers to the Parent, the NM1 Committee and the Restructuring Committee a notarised copy of the resolutions of a general shareholders meeting of the Majority Shareholder pursuant to which the shareholders of the Majority Shareholder have unconditionally approved and/or ratified entry by the Majority Shareholder into this Agreement.

4.1.5 The Restructuring Agent shall, as soon as reasonably practicable after becoming aware of the same, notify the Parties to this Agreement of the occurrence of the Initial Effective Date.

## 4.2 Effectiveness of the Standard Restructuring Terms and Alternative Restructuring Terms

Upon the Restructuring Completion Date:

4.2.1 the Standard Restructuring Terms shall automatically and irrevocably become fully effective and binding with respect to the Affected Debt, the Non-Spanish Debt to be Restructured and the Intragroup Affected Debt (other than with regard to such Intragroup Affected Debt identified in Clause 3.1.4(c)(i), which shall be capitalised in the manner described in Part C (*Compromised Debt*) of Schedule 6 (*Existing Financial Indebtedness: Obligors*)) (as applicable) of:

(a) Consenting Other Creditors in accordance with the terms of this Agreement; and

(b) Non-Consenting Creditors in accordance with the Homologation Ruling, the terms of the relevant Chapter 11 Plan and related Confirmation Order, the terms of the ACIL CVA and pursuant to the terms of any other Non-Spanish Compromise Proceeding, as applicable.

4.2.2 the Alternative Restructuring Terms shall automatically and irrevocably become fully effective and binding with respect to the Affected Debt, the ACIL Bridge Claims and Non-Spanish Debt to be Restructured of Participating Creditors in accordance with the terms of the relevant Restructuring Documents.

# 5. STANDSTILL

5.1.1 During the Standstill Period, each Participating Creditor and each Intragroup Creditor undertakes in respect of its Non-Spanish Debt to be Restructured and its Affected Debt (other than in respect of its Non-Compromised Debt) to:

(a) refrain from demanding or accepting the payment of any amount owed by any member of the Group as ordinary amortization or pre-payments of principal or payment of interest as well as charging interest on late payments due to the non-payment of such amounts;

(b) refrain from exercising any appropriation right, set-off or right similar in nature for the purpose of reducing their credit positions (other than with regards to Intragroup Affected Debt described in Part C (*Compromised Debt*) of Schedule 6 (*Existing Financial Indebtedness: Obligors*));

(c) refrain from taking any action to enforce or accelerate, or demanding or accepting the pre-payment or repayment by any member of the Group, other than as contemplated by the Term Sheet or the Restructuring Steps Plan;

(d) refrain from:

(i) taking any Enforcement Action;

(ii) directing or encouraging any other person to take any Enforcement Action; or

(iii) voting, or allow any proxy appointed by it to vote, in favour of any Enforcement Action,

except for any Enforcement Action which has received prior approval (in writing) from the Restructuring Committee as being necessary or desirable to implement or consummate the Restructuring;

(e) refrain from filing a mandatory bankruptcy petition (*solicitud de concurso necesario*) (or the equivalent filing in any other jurisdiction) or any involuntary petition under the Bankruptcy Code in relation to any of the members of the Group or in any other way support or collaborate with third parties willing to file such a bankruptcy petition;

(f) refrain from requesting or accepting the grant of additional personal guarantees or security in favour of credits deriving from its Non-Spanish Debt to be Restructured or its Affected Debt;

(g) refrain from assigning or transferring, all or part of, its rights and obligations under, or declaring or creating any trust of any of its rights, title, interest or benefits in respect of, its Non-Spanish Debt to be Restructured or its Affected Debt (directly or in any other form), or, in any other way reducing their participation therein, unless the assignee or purchaser accepted and adhered to the terms and conditions contained in this Agreement;

(h) exercising its voting rights in a manner consistent with the undertakings assumed in this Agreement; and

(i) refrain from increasing the margins, fees or other economic conditions.

5.1.2 A Participating Creditor which is otherwise restricted by Clause 5.1.1 above shall not be restricted from (a) bringing proceedings, taking any Enforcement Action, proving in respect of any proceedings occurring as a result of an

Insolvency Event, directing any other person in respect of such proceedings or voting in favour of any such proceedings **provided that** in respect of each of these cases the prior written approval of the Super Majority Participating Creditors has been received, or (b) demand payment provided that such demand is made by a Participating Creditor, which is also an Insured Creditor, for the purposes of meeting the applicable requirements and formalities required under the relevant insurance agreements in order for such Insured Creditor to collect payment from the relevant insurer under such agreement. In order to facilitate the foregoing, the Obligors expressly acknowledge that payment has been demanded or shall be deemed to be demanded hereby, by each Insured Creditor in respect of its Insured Affected Debt (without such payment demand being considered a breach of the Existing Standstill).

## 6. HOMOLOGATION

### 6.1 Homologation

The Participating Creditors (other than the NM1/NM3 Creditors or the Non-Compromised Creditors, save to the extent they agree in writing) expressly agree to the filing, by no later than 28 October 2016, of a request for the Homologation (*a solicitud de homologación*) (the "**Homologation Request**") through the procedure set out in Clause 6.3 (*Filing of the Homologation Request*) below, for the purposes of seeking:

6.1.1 the judicial homologation (*homologación judicial*) of this Restructuring Agreement and the agreements (*negocios*), acts and payments made or to be fulfilled pursuant thereto, including the corporate restructuring resolutions, steps, actions and in-kind contributions foreseen herein;

6.1.2 the Extension of the Standard Restructuring Terms (listed in sub-clause 3.1.4(a) (*Standard Restructuring Terms*) of this Agreement) to all Non-Consenting Creditors with respect to their Affected Debt; and

6.1.3 the recognition that in the case of instruments of Affected Debt which are subject to a syndication arrangement regime and where the relevant majority (pursuant to paragraph 1 of the Fourth Additional Disposition of the Spanish Insolvency Law) of creditors under such instruments has agreed to this Agreement, the totality of the creditors under such instruments will be deemed to have agreed to this Restructuring Agreement and therefore are bound by its terms.

### 6.2 Conditions precedent to the filing of the Homologation Request

6.2.1 The Restructuring Agent shall notify Abengoa, the Restructuring Committee, the NM1 Committee, the Obligor's Counsel, Clifford Chance, the NM1 Counsel and the Coordination Committee's Counsel in writing promptly upon the receipt of all of the documents and evidence listed in Schedule 4 (*Conditions Precedent to Filing of the Homologation Request*) in form and substance satisfactory to the Restructuring Committee.

6.2.2 The Homologation Request shall be filed in accordance with Clause 6.3 (*Filing of the Homologation Request*) as soon as reasonably practicable after delivery of such notice by the Restructuring Agent.

6.3 **Filing of the Homologation Request**

6.3.1 *Instruction and authorisation*

(a) The Participating Creditors hereby expressly and irrevocably authorise and instruct the Filing Creditors to file the Homologation Request with the relevant Mercantile Court and the Parent and the Spanish Obligors expressly accept and acknowledge that the Homologation Request will be filed as soon as reasonably practicable and in any event by 28 October 2016. The documentation in respect of the Homologation Request shall be prepared and filed by the Coordination Committee's Counsel, with the cooperation of Clifford Chance, the NM1 Counsel and the Obligors' Counsel.

(b) Upon the filing of the Homologation Request, the Coordination Committee's Counsel shall:

(i) notify the Restructuring Agent and Abengoa; and

(ii) as soon as it is available, provide the Restructuring Agent with a copy of the resolution accepting the filing (*providencia de adminisión a trámite*) of the Homologation Request.

(c) The Restructuring Agent shall notify each of the other Parties in writing promptly upon the occurrence of the Homologation Filing Date.

6.3.2 *Notices in respect of the Homologation process*

(a) All Participating Creditors designate the following address for the purposes of receiving any Homologation Challenges or related notices in accordance with section 7 of the Fourth Additional Provision (*Disposición Adicional Cuarta*) of the Spanish Insolvency Law:

Mauricio Gordillo Alcala
Avda Diego Martinez Barrio 10, Planta 6ª, Módulos 4 Y 5.
41013 Sevilla
mgordillo@despachogordillo.com

(b) The Participating Creditors agree that any notice of challenge will be deemed to have been notified to all Participating Creditors once the Court has delivered such notice by any means (including the electronic proceeding regulated under articles 33 and subsequent articles of Spanish Law *18/2011 -Ley 18/2011, de 5 de julio, reguladora del uso de las tecnologías de la información y la comunicación en la Administración de Justicia*) to the address indicated above.

(c) The foregoing designation does not imply the granting of a mandate or power of attorney in favour of any person or the acknowledgement by

any of the Participating Creditors of an establishment or office in the designated address. Such designation is made solely for the purposes of the Homologation process and shall not be deemed valid for any other process, proceeding or purpose and the Participating Creditors hereby reject that it may be considered a valid place for the purposes of serving notices in relation to this Agreement or any other process or proceeding other that the Homologation contemplated herein.

(d) The Restructuring Committee shall be entitled to change such address where considered administratively necessary. In such case, the Restructuring Committee shall promptly inform the Participating Creditors (through the Restructuring Agent) of its decision and the new address that has been designated.

6.4 **Effect of the Homologation**

The Homologation shall extend the Standard Restructuring Terms to all Non-Consenting Creditors with respect to their Affected Debt in accordance with Clause 3 (*Restructuring Terms*) above and shall protect the transactions contained in this Agreement and the Restructuring Steps Plan as described in Clause 6.1 (*Homologation*).

7. **NON-SPANISH COMPROMISE PROCEEDINGS**

7.1.1 Abengoa expressly agrees to implement (or to procure the implementation) of the extension of the Standard Restructuring Terms (listed in sub-clause 3.1.4(a) (*Standard Restructuring Terms*) of this Agreement) to all Non-Consenting Creditors with respect to their Non-Spanish Debt to be Restructured via the following procedures:

(a) with respect to each of the Go Forward Chapter 11 Companies, pursuant to a Chapter 11 Plan implementing the relevant terms of this Restructuring Agreement; and

(b) with respect to ACIL, pursuant to the ACIL CVA,

(a) to (b) above, both inclusive, collectively the "**Non-Spanish Compromise Proceedings**"; and

(c) local recognition procedures in relevant jurisdictions in respect of the Extension of the Standard Restructuring Terms or the Non-Spanish Compromise Proceedings (as applicable), including pursuant to Chapter 15 of the United States Bankruptcy Code, the EU Regulation on Insolvency Proceedings (1346/2000), the Cross Border Insolvency Regulations and any analogous proceedings elsewhere as may be required by the Restructuring Committee, acting reasonably (collectively, the "**Recognition Proceedings**").

7.1.2 Abengoa expressly agrees to use all reasonable endeavours to seek to implement (or to seek to procure the implementation of):

(a) a restructuring of the Non-Spanish Debt to be Restructured in respect of each Non-Material Obligor on terms that are no more favourable to the relevant Creditors in respect of the Non-Spanish Debt to be Restructured than the terms offered to the Participating Creditors pursuant to the terms of this Agreement (other than in respect of the Cebures which shall be restructured on terms and conditions acceptable to the Restructuring Committee, the NM1 Committee and Majority NM1/NM3 Creditors); and

(b) if agreed by Abengoa and the Restructuring Committee to be necessary or desirable (in each case acting reasonably and in good faith), a local insolvency, reorganisation or compromise procedure (if available) to implement the restructuring of the Non-Spanish Debt to be Restructured in accordance with paragraph (a) above.

7.1.3 Abengoa agrees to:

(a) commence (or procure the commencement of):

(i) the procedural steps necessary to implement the Non-Spanish Compromise Proceedings and the Recognition Proceedings as soon as reasonably practicable following the Homologation Filing Date and in the manner and at the time contemplated in the Restructuring Steps Plan;

(ii) with respect to the Liquidating Entities which are Non-Go Forward Chapter 11 Companies, proceedings to implement plans of liquidation pursuant to Chapter 11 of the Bankruptcy Code as soon as reasonably practicable and in any event within 120 days after the Signing Date;

(iii) in respect of the other Liquidating Entities, local liquidation or bankruptcy proceedings after the Restructuring Effective Date at the appropriate time determined by Abengoa (acting reasonably and in good faith); and

(b) promptly notify the Restructuring Agent, the Restructuring Committee and the NM1 Committee in writing of the commencement of each Non-Spanish Compromise Proceeding and each Recognition Proceeding.

## 8. REPRESENTATIONS

### 8.1 Obligors and Intragroup Creditors' representations

Each Obligor and Intragroup Creditor (if a Party to this Agreement) makes the following representations and warranties (except in the case of the Intragroup Creditors which shall make the representations contained in paragraphs 8.1.1 to 8.1.10 (inclusive) below and 8.1.20 to 8.1.22 (inclusive) below only) to the Participating

Creditors on the date on which it accedes or becomes a Party, the Initial Effective Date, the Restructuring Effective Date, the Restructuring Steps Commencement Date and on the Restructuring Completion Date:

8.1.1 it is duly incorporated or established and validly existing under the law of its jurisdiction of incorporation or organisation;

8.1.2 it has the power to own its assets and carry on its business in all material respects as it is being conducted;

8.1.3 the obligations expressed to be assumed by it in this Agreement are legal, valid, binding and enforceable and, with respect to the Chapter 11 Companies, subject to the approval of the Bankruptcy Court and the provisions of sections 1125 and 1126 of the Bankruptcy Code;

8.1.4 the entry into and performance by it of, and the transactions contemplated by, this Agreement do not conflict with any law or regulation applicable to it or its constitutional documents or any material commercial agreement or instrument binding on it or any of its assets save, except in relation to A3T or A3T HoldCo, to the extent that such agreements or instruments are not required in connection with the Viability Plan;

8.1.5 it has the power to enter into, perform and deliver, and has taken all necessary action to authorise its entry into, performance and delivery of this Agreement and (subject to the fulfilment of the conditions to the implementation and consummation of the Restructuring specified in the Term Sheet and the Restructuring Steps Plan) the transactions contemplated by this Agreement;

8.1.6 neither it, nor any of its directors or officers, nor, to its knowledge upon due enquiry, employees, agents or third-party representatives (in each case acting on behalf it) has in the past five (5) years offered, promised, or caused to be made, directly or indirectly any payment or provision of anything of value to any person for the purpose of either gaining an improper business advantage or encouraging the recipient to violate the policies of his or her employer or to breach an obligation of good faith or loyalty, in each case the officer, promise, or payment of which would violate any Anti-Corruption Laws;

8.1.7 it has implemented and maintains in effect policies and procedures reasonably designed to ensure compliance by it, its members, and its respective directors, officers, employees and agents with applicable Anti-Corruption Laws in all material respects;

8.1.8 neither it, nor to its knowledge upon due inquiry any of its respective directors, officers, or employees, is a Sanctioned Person;

8.1.9 it has not directly or knowingly indirectly transacted business with or for the benefit of any Sanctioned Person or in any Sanctioned Country (in any such case in violation of applicable Sanctions) in the past five (5) years;

8.1.10 no utilisation of or use of the proceeds of the New Financing will violate Anti-Corruption Laws or Sanctions;

8.1.11 the total Financial Indebtedness of the Obligors as of the Signing Date is listed in Schedule 6 (*Existing Financial Indebtedness: Obligors*) and no Obligor is liable for any Financial Indebtedness which is not expressly specified in Schedule 6 (*Existing Financial Indebtedness: Obligors*);

8.1.12 the total Financial Indebtedness of the Group as of the Signing Date is listed in Schedule 7 (*Existing Financial Indebtedness: Group*) and neither the Group nor each company belonging to it are liable for any Financial Indebtedness which is not listed in Schedule 7 (*Existing Financial Indebtedness: Group*);

8.1.13 other than:

(a) those listed in Schedule 14 (*Existing Proceedings*); and

(b) in respect of any proceedings that arise after the Signing Date, those disclosed to the Restructuring Committee and the NM1 Committee between the Signing Date and the Restructuring Completion Date,

no litigation, arbitration or administrative proceedings of or before any court, arbitral body or agency which, if adversely determined, would reasonably be expected to have a Material Adverse Effect have been started against any Obligor or threatened against any Obligor;

8.1.14 the Viability Plan is true, accurate and complete as of the Signing Date and the assumptions, hypothesis and premises on which it is based are reasonable, feasible and have been made by the board of directors of the Parent with proper information and advice from external professional advisers;

8.1.15 the Senior Management has verified the accuracy of all information prepared by or on behalf of the Group provided up to and including the Signing Date to the Participating Creditors, the Restructuring Agent, the Restructuring Committee and the NM1 Committee in the context of the Restructuring (including, without limitation, the Viability Plan);

8.1.16 the Obligors and any person acting on its or their behalf has complied and will comply with the "offering restrictions" (as defined in Rule 902(g) of Regulation S) requirement of Regulation S under the Securities Act, with respect to the New Money Notes, the Old Money Notes and the Post-Restructuring Equity;

8.1.17 neither the New Money Notes, the Old Money Notes nor the Post-Restructuring Equity have been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act;

8.1.18 none of the Obligors nor any person acting on its or their behalf has engaged or will engage in any "directed selling efforts" (within the meaning of Regulation S) or in any form of "general solicitation" or "general advertising" (within the meaning of Regulation D), with respect to the New Money Notes, the Old Money Notes or the Post-Restructuring Equity;

8.1.19 none of the Obligors is and, after giving effect to the offer and sale of the New Money Notes, Old Money Notes or the Post-Restructuring Equity will be, an investment company within the meaning of the United States Investment Company Act of 1940;

8.1.20 all of the Compromised Debt (other than the Non-Spanish Debt to be Restructured) can be subject to the homologation proceeding (*homologación judicial*) for the purposes of the 4th Additional Provision (*Disposición Adicional Cuarta*) of Spanish Insolvency Law;

8.1.21 no companies within the NM1 Group, other than the Intragroup Creditors, are creditors of one or more of the Obligors in respect of the Affected Debt or Non-Spanish Debt to be Restructured and, therefore, the list of Intragroup Affected Debt in Schedule 6 (*Existing Financial Indebtedness: Obligors*) is true, accurate and complete;

8.1.22 no companies within the Group, other than the Intragroup Creditors, are creditors of one or more of the Obligors in respect of the Affected Debt or Non-Spanish Debt to be Restructured and, therefore, the list in Schedule 6 (*Existing Financial Indebtedness: Obligors*) is true, accurate and complete;

8.1.23 AbeNewco 1 and AbeNewco 2, once incorporated, will be two shell or newly incorporated companies in the form of Spanish limited liability companies (*sociedades anónimas*) with no obligations or liabilities whatsoever and whose sole purpose is to receive and make, as applicable, the in-kind contributions described in Clause 3.7.1 (*TopCo AbeNewco Structure*) in order to give effect to the Topco AbeNewco Structure;

8.1.24 the classification made by the Parent of the companies of the Group into the different categories foreseen in this Agreement is consistent and in accordance with the Viability Plan; and

8.1.25 the Parent has title to each and every of the shares in the companies listed in Schedule 25 (*AbeNewCo Structure Subsidiaries*) which will be contributed as part of the implementation of the AbeNewco Structure (in the manner set forth in Clause 9.8.1(w)), that such shares are free of liens, security interests, attachments and rights of third parties (except for (a) Centro Tecnológico Palmas Altas, S.A. whose shares are pledged as security of its project finance; and (b) Conecutex, S.A. de C.V. and UTE Ribera where statutory and/or shareholders rights are in force and (c) the existing pledges as of the Signing Date or any future pledges that are required to be granted over the shares of Transportadora Cuyana, S.A., Transportadora del Norte, S.A., Transportadora Río Coronda, S.A. and Transportadora Mar del Plata, S.A. to be granted in favour of certain Argentinean public bodies according with the regulations governing such companies); notwithstanding the obligation of Abengoa to contribute these shares to the Topco AbeNewco Structure (in the manner set forth in Clause 9.8.1(w)), that such shares represent all material assets held by the Parent as of the Signing Date and that the contributions in-kind to be carried-out will not entail that any debt or liability, whether contingent or not and whether attached or not to the shares, be contributed to AbeNewco 1 or AbeNewco 2.

8.2 **Existing Majority Shareholders' representations**

Each Existing Majority Shareholder makes the following representations and warranties to the Participating Creditors on the date on which it accedes or becomes a Party, the Initial Effective Date, the Restructuring Effective Date, the Restructuring Steps Commencement Date and on the Restructuring Completion Date:

8.2.1 it is duly incorporated or established and validly existing under the law of its jurisdiction of incorporation or organisation;

8.2.2 it has the power to own its assets and carry on its business in all material respects as it is being conducted;

8.2.3 the obligations expressed to be assumed by it in this Agreement are legal, valid, binding and enforceable;

8.2.4 the entry into and performance by it of, and the transactions contemplated by, this Agreement do not conflict with any law or regulation applicable to it or its constitutional documents or any agreement or instrument binding on it or any of its assets;

8.2.5 it has the power to enter into, perform and deliver, and has taken all necessary action to authorise its entry into, performance and delivery of this Agreement and (subject to the fulfilment of the conditions to the implementation and consummation of the Restructuring specified in the Term Sheet and the Restructuring Steps Plan) the transactions contemplated by this Agreement;

8.2.6 it is either:

(a) located outside the United States and not a "U.S. person" as defined in the Securities Act;

(b) a qualified institutional buyer as defined in Rule 144A under the Securities Act; or

(c) an institutional accredited investor as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act;

8.2.7 any securities that it may receive as a result of the Restructuring:

(a) are not being, and will not be, registered under the Securities Act;

(b) will be distributed in a transaction that is exempt from the registration requirements of the Securities Act;

(c) may be "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, depending on the availability of appropriate exemptions from the registration requirements of the Securities Act pursuant to the Bankruptcy Code; and

(d) will have been acquired for investment and not with a view to distribution or resale in violation of the Securities Act;

8.2.8 it agrees that if any securities that it may receive as a result of the Restructuring are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, it will not offer or sell such securities that it may receive as a result of the Restructuring except pursuant to an exemption from the registration requirements of the Securities Act or outside the United States pursuant to Regulation S under the Securities Act.

8.3 **Original Participating Creditors' representations**

Each Original Participating Creditor hereby severally and not jointly represents on the Signing Date and the Initial Effective Date that:

8.3.1 it is located outside the United States and is not a "U.S. person" as defined in the Securities Act, or if the Original Participating Creditor is located in the United States, such Original Participating Creditor is a "qualified institutional buyer" within the meaning of Rule 144A under the Securities Act or an "accredited investor" as defined in Rule 501(a) of the Securities Act;

8.3.2 without prejudice to any warranties of any Obligor specifically provided hereunder, it exercises or acquires securities in the normal course of business, invests in or purchases securities regularly and has such knowledge and experience in financial and business matters such that it is capable of evaluating the merits and risks of exercising or purchasing securities and is aware that it bears the economic risk of an investment in any securities for an indefinite period of time and is able to bear such risk for an indefinite period, and has not relied on any investigation that any other person may or may not have conducted or any other additional information and has relied solely on its own judgment, examination and due diligence; and

8.3.3 it understands that the New Money Notes, the Old Money Notes and the Post-Restructuring Equity have not been and will not be registered under the Securities Act or any securities law of any State of the United States, and, for so long as such securities are deemed to be "restricted securities" as defined in Rule 144 under the Securities Act, may not be offered, sold, pledged, or otherwise transferred except (a) to the issuer of the New Money Notes, the Old Money Notes or the Post-Restructuring Equity, (b) pursuant to a registration statement which has been declared effective under the Securities Act, (c) pursuant to offers and sales that occur outside the United States in compliance with Regulation S under the Securities Act, (d) in accordance with Rule 144A, if available, under the Securities Act to a person that the transferor, and any person acting on its behalf, reasonably believes is a "qualified institutional buyer" (as defined in Rule 144A under the Securities Act) or (e) pursuant to any other available exemption from the registration requirements of the Securities Act, and in each case in compliance with any applicable securities laws of any State of the United States or other jurisdiction. It further agrees to provide to any person purchasing any of the New Money Notes, Old Money Notes or Post-Restructuring Equity (as applicable) from it a notice advising such purchaser that resales of the New Money Notes, Old Money Notes or Post-Restructuring Equity (as applicable) are restricted as stated herein.

## 9. UNDERTAKINGS AND RESTRICTIONS

### 9.1 Support for the Restructuring

9.1.1 Until the Restructuring Completion Date, in order to support, facilitate, implement, consummate or otherwise give effect to the Restructuring, each Party (other than the New Financing Providers in their capacity as such) shall promptly take all actions required to be taken in accordance with this Agreement, the Term Sheet and/or the Restructuring Steps Plan in the manner and at the time contemplated therein, or which it is reasonably requested by the Restructuring Committee (in the case of a Participating Creditor) or reasonably requested by Abengoa (in the case of any other Party) (in each case other than the New Financing Providers in their capacity as such) to take, **provided that** such action is consistent in all material respects with the Term Sheet, the New Financing Commitment Agreements and the Restructuring Steps Plan taken as a whole, including without limitation, in respect of each Party to this Agreement (other than the New Financing Providers in their capacity as such):

(a) executing and delivering any document within any applicable time period and giving any notice, order, instruction, consent or direction in each case which is required in accordance with this Agreement, the Term Sheet or the Restructuring Steps Plan or that the Restructuring Committee considers to be reasonably necessary or desirable to support, facilitate, implement, consummate or otherwise give effect to the Restructuring;

(b) subject to Clause 9.2 (*Restructuring Documents*), preparing, executing, delivering and filing with the relevant court, governmental body or regulatory authority (as applicable) those Restructuring Documents or Compromise Documents to which it will be a party or as necessary or desirable to implement the Restructuring;

(c) appearing before a Spanish public notary nominated by Abengoa and notified to the Participating Creditors in writing with valid powers of attorney to grant, formalise and/or ratify in a public document or to notarise or raise to the status of public document (*documento público*) any Restructuring Document or any other document which is required in accordance with this Agreement, Term Sheet or the Restructuring Steps Plan or that the Restructuring Committee considers to be reasonably necessary or desirable to implement, consummate or otherwise give effect to the Restructuring;

(d) making such amendments to any Document to which it is a party as Abengoa and the Restructuring Committee reasonably agree to be necessary or desirable to implement or consummate the Restructuring;

(e) voting (or causing the relevant person to vote, to the extent it is legally entitled to cause that person to vote) and/or exercising any voting instruction, approval or similar powers or rights available to it irrevocably and unconditionally in favour of:

(i) any matter requiring approval under the relevant Documents that Abengoa and the Restructuring Committee consider necessary or desirable to implement or consummate the Restructuring, including instructing any relevant agent, Note Agent, depository, tabulation agent, indenture trustee, fiscal paying agent, legal owner of Existing Notes or clearing system to take such action or to refrain from taking such action;

(ii) any amendment, waiver, consent or other proposal under or in connection with any Document that Abengoa and the Restructuring Committee consider necessary or desirable to implement or consummate the Restructuring;

(iii) any petitions, motions, applications or other pleadings to any court, in each case, which Abengoa and the Restructuring Committee consider necessary or desirable to implement or consummate the Restructuring;

(f) supporting the Homologation Request and taking all steps which Abengoa and the Restructuring Committee consider reasonably necessary or desirable in connection therewith;

(g) instructing the Coordination Committee's Counsel, Clifford Chance, and/or the Obligor's Counsel to support petitions or applications to any court to facilitate, implement, consummate or otherwise give effect to the Restructuring;

(h) supporting (i) the Non-Spanish Compromise Proceedings and (ii) the Recognition Proceedings, and taking all steps which the Restructuring Committee consider reasonably necessary or desirable in connection therewith; and

(i) providing other necessary instructions to the agents under the syndicated Affected Debt, the Note Agents, the indenture trustees under the Existing Notes which are governed by New York Law, the fiscal paying agents under the English Law Bonds, the legal owners of the Existing Notes, depositories, the clearing systems, any tabulation agent, the Coordination Committee's Counsel, Clifford Chance and the Obligor's Counsel; and

(j) taking no action in respect of the Homologation Request or in connection therewith that is inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan including filing any objection to the Homologation Request or the Homologation Ruling;

(k) taking no action in the Chapter 11 Proceedings that is inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan including filing any objection to the motion seeking authorisation for the Go Forward Chapter 11 Companies to enter into this Agreement, a Chapter 11 Plan, Disclosure Statement, Disclosure Statement Motion, or compromise, composition or arrangement that is consistent with and

seeks to implement the Viability Plan and the Restructuring contemplated by this Agreement and the Term Sheet;

(l) taking no action in any Non-Spanish Compromise Proceedings that is inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan including filing any objection to any plan of reorganisation, compromise, composition or arrangement or equivalent proposed within such Non-Spanish Compromise Proceedings that is consistent with and seeks to implement the Viability Plan and the Restructuring contemplated by this Agreement and the Term Sheet;

(m) taking no action in any Recognition Proceedings that is inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan including filing any objection to any petition or application made or relief sought within such Recognition Proceedings that is consistent with and seeks to implement the Viability Plan and the Restructuring contemplated by this Agreement and the Term Sheet;

(n) not objecting to the recognition by the Bankruptcy Court of the Homologation Ruling, the ACIL CVA or any process or proceedings that the Restructuring Committee considers necessary or desirable to implement or consummate the Restructuring and/or the grant of any additional assistance or relief that the Chapter 15 Companies may seek in order to implement the Restructuring (including, without limitation, the grant of relief under Section 1145 of the Bankruptcy Code in respect of the issuance of new equity interests by Abengoa);

(o) preparing and filing any legal process or proceedings contemplated by (or necessary to implement the provisions or steps set out in) this Agreement, the Term Sheet and the Restructuring Steps Plan (including, but not limited to, the Non-Spanish Compromise Proceedings and the Recognition Proceedings) and any relevant documents or agreements (including Chapter 11 Plan, Disclosure Statement, Disclosure Statement Motion, documents in connection with Solicitation, Confirmation Order and other Restructuring Documents and Compromise Documents, as applicable) therein, and/or any other local filings which the Restructuring Committee considers necessary or desirable to implement or consummate the Restructuring;

(p) voting (or causing the relevant person to vote, to the extent it is legally entitled to cause that person to vote) and/or exercising any voting instruction, approval or similar powers or rights available to it irrevocably and unconditionally in favour of:

(i) in the case of the ACIL Guarantee Creditors, any ACIL CVA;

(ii) in the case of the Participating Creditors holding English Law Bonds, a change to the governing law of such English Law Bonds from English law to Spanish law in accordance with the Restructuring Steps Plan;

(iii) in the case of Participating Creditors holding Affected Debt or Non-Spanish Debt to be Restructured of the Chapter 11 Companies, subject to receipt by such Participating Creditors of a Disclosure Statement and relevant ballot(s) approved by the Bankruptcy Court in accordance with the Solicitation, the Chapter 11 Plan and not changing, withdrawing or revoking such vote (or causing or directing such vote to be changed, withdrawn or revoked);

(iv) in the case of any Participating Creditor holding Non-Spanish Debt to be Restructured of non-Chapter 11 Companies, any Non-Spanish Compromise Proceeding or other plan of reorganisation, compromise, composition or arrangement or equivalent, any contractual or out of court settlement or similar arrangement, or other legal process or proceedings contemplated by (or necessary to implement the provisions or steps set out in) this Agreement, the Term Sheet and the Restructuring Steps Plan which the Restructuring Committee considers necessary or desirable to implement or consummate the Restructuring;

(v) in the case of the Existing Majority Shareholders, the Shareholder Resolutions approve/vote in favour at an extraordinary shareholders' meeting of Abengoa; and

(vi) in the case of any Obligor, any matter requiring shareholder or board approval, including all relevant shareholder meetings and board meetings and passing all shareholder and board resolutions required to implement the Restructuring in accordance with this Agreement, the Term Sheet or the Restructuring Steps Plan,

**provided that** no Participating Creditor shall be required to file the Homologation Request other than in accordance with Clause 6.3.1.

9.1.2 Each Consenting Existing Creditor agrees not to make any demand under, bring any claim, or take (or vote in favour of) any Enforcement Action in respect of any guarantee granted by any Obligor in respect of any Compromised Debt in a manner inconsistent with the amendments to the terms of the principal claims in respect of the Compromised Debt pursuant to the terms of this Agreement. If a decision to enforce a guarantee or to take any action or to pursue a demand or claim in respect of a guarantee (in each case granted by an Obligor) needs the approval of a majority of creditors, each Consenting Existing Creditor entitled to vote in respect of such decision shall cast a valid vote against such enforcement and/or action if such enforcement and/or action is inconsistent with the amendments to the terms of the principal claims in respect of the Compromised Debt pursuant to the terms of this Agreement. For clarification purposes, nothing in this Agreement shall prevent any Consenting Existing Creditor from taking any action to enforce, initiate legal proceedings or to vote in respect of a decision to enforce a guarantee

granted by a company within the Group which is not an Obligor under this Agreement.

9.1.3 Subject to sub-clause 9.1.4 below, no Party shall take, encourage, assist or support (or procure that any other person takes, encourages, assists or supports) any action which would, or would reasonably be expected to, breach or be inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan taken as a whole, or delay, impede or prevent the implementation or consummation of the Restructuring (including, but not limited to, the Bankruptcy Court's authorization for the relevant Chapter 11 Companies to execute this Agreement, the Homologation, the Non-Spanish Compromise Proceedings, the Recognition Proceedings and the Bankruptcy Court's approval of the relevant documents, petitions or applications filed in connection therewith, and/or the Restructuring Documents or the Compromise Documents, including the Bankruptcy Court's approval of the relevant Chapter 11 Plan, Disclosure Statement and any other related documents that are necessary to implement the Restructuring, or any process or proceedings that the Restructuring Committee considers necessary or desirable to implement or consummate the Restructuring), including opposing the granting of any temporary restraining order, or other similar injunctive relief, that the Restructuring Committee and the NM1 Committee considers necessary or desirable to implement or consummate the Restructuring.

9.1.4 Notwithstanding sub-clause 9.1.3 above, nothing in this Agreement shall (a) prevent any Participating Creditor from exercising, or not exercising, any right, power, authority or discretion given to it under any Non-Compromised Debt Instrument or by, under or in connection with, any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Non-Compromised Debt or any Non-Compromised Debt Instrument (including, without limitation, exercising any right to accelerate, make demand or take any enforcement or other action pursuant to any Non-Compromised Debt Instrument), or (b) require a New Money Financing Provider to enter into any New Money Financing Documentation or to procure the satisfaction of, or waive any, NM1/NM3 Financing Condition or (without limiting its obligations under the New Financing Commitment Letter) provide any New Money Financing.

## 9.2 Restructuring Documents

9.2.1 *New Money Financing Documentation*

For the purposes of the New Money Financing Commitment Letter:

(a) the "Second Acceptance Deadline" is the last day of the Supplemental Accession Period;

(b) the final date for changing an election as to the form of New Money Tranche 1A under paragraph 2.12 of the New Money Financing Commitment Letter is the last day of the Supplemental Accession Period; and

(c) each New Money Financing Anchor Funder confirms that the condition in paragraph 9.1(c) of the New Money Financing Commitment Letter is satisfied.

9.2.2 *Approval and Execution of Restructuring Documents (other than New Corporate Governance Documents)*

(a) The Parties (other than the New Financing Providers in their capacity as such) shall document the Alternative Restructuring Terms and the New Financing under the Restructuring Documents (other than the New Corporate Governance Documents) to which each of them are party, in a form consistent in all material respects with this Agreement, the Term Sheet and the Restructuring Steps Plan taken as a whole, in order to implement and consummate the Restructuring as soon as reasonably practicable following the Restructuring Effective Date and in any event before the Restructuring Completion Long-Stop Date.

(b) The New Financing Providers acknowledge that the New Financing shall pursuant to and subject to the terms and conditions of the New Financing Commitment Agreements (i) be documented by the Restructuring Documents to which they are a party, the terms of which shall be consistent in all material respects with the New Financing Commitment Agreements (including the term sheet attached thereto); and (ii) be implemented in a manner which is consistent in all material respects with this Agreement and the Restructuring Steps Plan.

(c) Each Party (other than the New Money Financing Providers in their capacity as such) agrees that:

(i) following the Restructuring Effective Date and the expiry of the Supplemental Accession Period; and

(ii) within 10 (ten) Business Days of the date on which the Restructuring Agent confirms to the Parties that the Restructuring Documents (other than New Corporate Governance Documents) have been approved by:

(A) in the case of any Restructuring Document to which any NM1 Anchor Funder is to be a party, the relevant NM1 Anchor Funder (in its capacity as NM1 Anchor Funder);

(B) the Restructuring Committee and/or the NM1 Committee as required in accordance with Clause 12 (*Restructuring Committee and NM1 Committee*); and

(C) Abengoa,

it shall:

(1) promptly execute the Restructuring Documents (other than New Corporate Governance Documents) to which it is a party;

(2) promptly deliver the Restructuring Documents (other than New Corporate Governance Documents) to which it is a party to the Restructuring Agent or to such party as the Restructuring Agent shall notify; and

(3) consent to such executed Restructuring Documents (other than New Corporate Governance Documents) being held in escrow to be released and become effective following the Restructuring Steps Commencement Date, in the order, time and manner set out in the Restructuring Steps Plan.

9.2.3 *New Corporate Governance Documents*

(a) The Obligors shall enter into the New Corporate Governance Documents to which each of them are party (and shall ensure that all New Corporate Governance Documents are entered into), in a form consistent in all material respects with this Agreement, the Term Sheet and the Restructuring Steps Plan taken as a whole, in order to implement and consummate the Restructuring as soon as reasonably practicable following the Restructuring Effective Date and in any event before the Restructuring Completion Long-Stop Date.

(b) Following:

(i) the Restructuring Effective Date; and

(ii) within 10 (ten) Business Days of the date on which the Restructuring Agent confirms to the Parties that Abengoa and the relevant majority of Participating Creditors and/or Restructuring Committee (as set out in the definition of New Corporate Governance Documents) have approved the New Corporate Governance Documents,

each Obligor shall:

(A) promptly execute the New Corporate Governance Documents to which it is a party;

(B) promptly deliver the New Corporate Governance Documents to which it is a party to the Restructuring Agent or to such party as the Restructuring Agent shall notify; and

(C) consent to such executed New Corporate Governance Documents being held in escrow to be released and become effective following the Restructuring Steps Commencement Date, in the order, time and manner set out in the Restructuring Steps Plan.

9.2.4 *Authorisation*

(a) For the purposes above (other than (A) as otherwise provided in sub-clause (c) below, and (B) NM1/NM3 Creditors or Non-Compromised Debt Creditors in their respective capacities as such), each Participating Creditor hereby authorises the Restructuring Agent (expressly waiving any self contracting (*auto-contratación*) or conflict of interest (*conflicto de intereses*) that might arise) to:

(i) act on its behalf and, if required under applicable law or if otherwise appropriate, in its name and on its behalf (without the need for any further referral to, or authority from, any other person) in connection with the acceptance, preparation, execution and delivery of any of the Restructuring Documents, once such Restructuring Document has been approved and agreed by the relevant Participating Creditor constituencies in accordance with the terms of this Agreement; and

(ii) accept as its representative any mortgage, pledge or any security interest (*garantías reales*), including any pledge, mortgage, assignment or transfer of title for security purposes to be made to such Participating Creditor in relation to the Restructuring Documents.

(b) In connection with the ratification and raising of any Restructuring Document into the status of a Spanish public document (*documento público*), the Restructuring Agent shall act as the agent and representative of each Participating Creditor (other than the NM1/NM3 Creditors, the NM2 Creditors, the New Bonding Facilities Providers or Non-Compromised Debt Creditors in their respective capacities as such) and the Restructuring Agent is hereby authorised on behalf of each such Participating Creditor to enter into, enforce the rights of each such Participating Creditor and represent each such Participating Creditor in respect of the granting of any such Spanish public document (*documento público*).

(c) Any Participating Creditor which cannot empower the Restructuring Agent as per the terms of this sub-clause 9.2.4 (*Authorisation*) and each Non-Compromised Debt Creditor hereby expressly and irrevocably undertakes to either (i) grant at the time of such amendment a specific notarial power of attorney in favour of the Restructuring Agent (or such other person as agreed between the Participating Creditor and the Parent); (ii) to appear together with the Restructuring Agent; or (iii) sign in person (if required, before the relevant notary specified by the Restructuring Agent) for the purposes of implementing the actions set out in this Clause.

## 9.3 Restructuring Implementation Steps

9.3.1 Subject to the paragraph below, the Parties shall seek to implement the Restructuring and procure the occurrence of the Restructuring Steps

Commencement Date as soon as reasonably practicable following (i) the Restructuring Effective Date; (ii) the expiry of the Supplemental Accession Period; and (ii) the Restructuring Document Approval Date.

9.3.2 The Restructuring Agent shall promptly notify the Parties in writing that the Restructuring Steps Commencement Date has occurred.

9.3.3 Each Party *hereby* agrees that upon the Restructuring Steps Commencement Date:

(a) it shall promptly perform all Restructuring Implementation Steps it is required to take pursuant to the Restructuring Steps Plan in the order, time and manner set out in the Restructuring Steps Plan;

(b) save where otherwise stated in the Restructuring Steps Plan, each Restructuring Implementation Step shall be taken as soon as reasonably practicable following the completion of the previous Restructuring Implementation Step; and

(c) the Restructuring Implementation Steps shall be taken in the order set out in the Restructuring Steps Plan.

9.3.4 The Restructuring Agent shall notify each of the other Parties in writing promptly upon the completion of the Restructuring Implementation Steps to the satisfaction of each of the Majority NM1/NM3 Creditors, Majority NM2 Creditors and Majority New Bonding Creditors and the occurrence of the Restructuring Completion Date.

9.3.5 Notwithstanding sub-clauses 9.3.1 to 9.3.4 above and without limiting its obligations under the New Financing Commitment Agreements, nothing in this Agreement shall require a New Financing Provider to enter into any New Money Financing Documentation and/or New Bonding Facilities Documentation, procure the satisfaction of, or waive any, NM1/NM3 Financing Condition or provide any New Financing.

## 9.4 Potential impediments to the Restructuring

9.4.1 If, at any time after the Signing Date, the Restructuring Committee or Abengoa reasonably believes in good faith that consummation of the Restructuring will not occur before the Restructuring Completion Long-Stop Date, including as a result of a failure to reach any agreement or obtain any approval required under this Clause 9 or as a result of the proposed Restructuring not being capable of being effected, the Restructuring Committee or Abengoa may deliver a notice to the Restructuring Agent confirming this (a "**Default Notice**") for the purposes of Clause 11.2 (*Voluntary Termination*).

9.4.2 Each Party shall promptly notify the Restructuring Committee, the NM1 Committee and Abengoa of any matter or circumstance which it knows, or suspects would reasonably be expected, to be a material impediment to the

implementation or consummation of the Restructuring, unless any other person has already notified such matter or circumstance.

9.4.3 The Restructuring Committee may, but shall be under no obligation to, disclose to any Participating Creditor any information supplied to it under the previous paragraph which it considers appropriate to disclose.

9.5 **Potential impediments to the New Money Financing**

If, at any time after the Signing Date, the Majority Qualifying NM1 Creditors reasonably believe in good faith that:

9.5.1 a NM1/NM3 Finance Document is not capable of being agreed on or before the Restructuring Completion Long-Stop Date;

9.5.2 any NM1/NM3 Financing Condition is not likely to be satisfied at the time it is required to be in accordance with the relevant NM1/NM3 Finance Documents and the Restructuring Steps Plan;

9.5.3 the Homologation Request has not been filed in accordance with Clause 6.1 (*Homologation*) and 6.2 (*Conditions Precedent to the Filing of the Homologation Request*) on or before 28 October 2016 unless such deadline has been extended prior to such date by Abengoa with the prior written consent of the Restructuring Committee and the NM1 Committee;

9.5.4 following a Chapter 11 Company terminating its obligations under this Agreement, under Clause 9.18 (*Limitations on Undertakings*), such termination would be expected to have a Material Adverse Effect; or

9.5.5 a Voluntary Termination Event has occurred,

then the Majority Qualifying NM1 Creditors may deliver a notice to the Restructuring Agent confirming this (an "**NM1 Default Notice**") for the purposes of Clause 11.2 (*Voluntary Termination*).

9.6 **Notification of breaches**

9.6.1 Each Party shall promptly notify the Restructuring Agent, the Restructuring Committee, the NM1 Committee and Abengoa of:

(a) any representation or statement made or deemed to be made by it under this Agreement which is or proves to have been incorrect or misleading in any material respect when made or deemed to be made; and

(b) the details of any breach by it of any undertaking given by it under this Agreement.

9.6.2 The Restructuring Agent, the NM1 Committee and the Restructuring Committee may, but shall be under no obligation to, disclose to any Participating Creditor any information supplied to it under the previous paragraph which it considers appropriate to disclose.

9.7 **Sharing of information**

Subject to Clause 16 (*Cleansing*) and Clause 19.1 (*Disclosure of information*), each Party authorises the Obligors and the Restructuring Agent to forward to, and otherwise share with, the Restructuring Committee, the NM1 Committee and Abengoa and, at the reasonable request of any New Money Financing Anchor Funder Provider or Initial Bonding Provider, any original and any copy of any document, instrument, correspondence, communication and any other information relating to or in connection with the Affected Debt, the Non-Spanish Debt to be Restructured, the Participating Creditors, the Obligors and the Group in each case only to the extent this is required in connection with the Homologation Request, the Non-Spanish Compromise Proceedings or the Recognition Proceedings, including information with respect to each Participating Creditor's share of amounts outstanding under the Affected Debt or the Non-Spanish Debt to be Restructured at any time and the progress and result of any Participating Creditor's consent or approval with respect to this Agreement or the Restructuring.

9.8 **Undertakings in respect of the Restructuring**

9.8.1 *General*

Each Obligor shall co-operate with and actively assist the Participating Creditors, the Restructuring Committee, the NM1 Committee and the Restructuring Agent to implement and consummate the Restructuring, including (without limitation):

(a) providing all information and views and taking all actions which it is reasonably requested to provide or take by the Restructuring Committee and/or the NM1 Committee;

(b) providing all information and views which it is reasonable requested to be provided by a New Money Financing Anchor Funder or an Initial Bonding Provider;

(c) providing the Restructuring Agent with all information in respect of the business of the Group reasonably requested by it to complete any due diligence reasonably required in relation to the Restructuring to the reasonable satisfaction of the Restructuring Committee and the NM1 Committee within a reasonable timeframe;

(d) providing the Restructuring Agent with all information which could reasonably be expected to be material to the financial position or prospects of the Group as a whole or the implementation or consummation of the Restructuring, including all material tax advice received by any Obligor in relation to the likely tax consequences of the Restructuring for the Group, any member of the Group and/or the Participating Creditors, within a timeframe acceptable to the Restructuring Agent acting reasonably, and complying with all reasonable requests for information from the Restructuring Agent, **provided that** the supply of such information would not cause a breach of legal privilege or a breach of binding confidentiality

obligations and no member of the Group shall be required to provide any information to any Party that the relevant member of the Group considers (in its view, acting reasonably) to be of a particular commercially or legally sensitive nature;

(e) keeping the Restructuring Agent regularly informed in relation to the status and progress of the Restructuring, including progress in relation to obtaining any necessary or desirable authorisations, including any consents, from the Existing Creditors, the Existing Majority Shareholders or any relevant authority or regulatory body;

(f) using its reasonable endeavours to procure that, subject to applicable securities laws and compliance with their fiduciary duties and any other duties imposed by law, all or a majority of directors of Abengoa recommend, if requested to do so by the Restructuring Agent, that the Existing Creditors and the Existing Majority Shareholders support the Restructuring;

(g) making such Senior Management as the Majority Participating Creditors, or the Restructuring Agent may reasonably request to assist in all matters in relation to implementation or consummation of the Restructuring at such times as may be reasonably requested;

(h) using its reasonable efforts to minimise any negative impact of the Restructuring on the business of the Group, including using reasonable endeavours to deal with any material contract, license, authorisation or financing documents which could be terminated or breached as a result of the transactions contemplated by the Term Sheet or the Restructuring Steps Plan;

(i) taking reasonable steps to obtain, or assist the Participating Creditors and the Existing Majority Shareholders to obtain, any necessary authorisations, to implement or consummate the Restructuring, including any necessary authorisations, including any consents, from the Existing Creditors, the Existing Majority Shareholders or any relevant authority or regulatory body;

(j) taking all steps to assist with the filing of the Homologation Request;

(k) in the case of Abengoa, ensuring that each Existing Chapter 11 Company that is a Go Forward Chapter 11 Company takes all steps that Abengoa and the Restructuring Committee agree to be reasonably necessary or desirable to ensure the existing Chapter 11 Proceedings are continuing in a satisfactory manner pending the receipt of an order of the Bankruptcy Court referred to in Clause 9.10 (*Existing Chapter 11 Companies*) below and following receipt of such order, ensuring that each such Existing Chapter 11 Company promptly accedes to this Agreement in accordance with Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*);

(l) in the case of the Existing Chapter 11 Companies that are Go Forward Chapter 11 Companies, taking all steps that Abengoa and the Restructuring Committee agree to be reasonably necessary or desirable to implement and consummate the Chapter 11 Plan, in accordance with this Agreement and the Restructuring Steps Plan including using all reasonable endeavours to commence the balloting for the Chapter 11 Plan as soon as reasonably practicable after the date that the Disclosure Statement Motion is approved by the Bankruptcy Court;

(m) in the case of each Future Chapter 11 Company, commencing a proceeding under Chapter 11 of the Bankruptcy Code before the Bankruptcy Court and promulgating a Chapter 11 Plan, at the time and in the manner contemplated in the Restructuring Steps Plan and taking all steps that Abengoa and the Restructuring Committee agree to be reasonably necessary or desirable to implement and consummate such Chapter 11 Plan in accordance with this Agreement and the Restructuring Steps Plan;

(n) in the case of each Chapter 15 Company, causing the foreign representative to file the necessary petitions, documents and other pleadings in the Chapter 15 Proceedings that are necessary to implement the Restructuring, in accordance with this Agreement and the Restructuring Steps Plan;

(o) in the case of ACIL, taking all steps that Abengoa and the Restructuring Committee agree to be reasonably necessary or desirable to implement and consummate the ACIL CVA at the time and in the manner contemplated within the Restructuring Steps Plan, including using all reasonable endeavours to convene meetings of the ACIL Guarantee Creditors and the shareholders of ACIL for the purpose of voting in respect of the ACIL CVA as soon as reasonably practicable after the Homologation Filing Date;

(p) taking all steps required in respect of any other filing which may be necessary or convenient in the reasonable opinion of the Restructuring Committee to implement the Restructuring, whether pursuant to the Non-Spanish Compromise Proceedings, any Recognition Proceedings or otherwise;

(q) passing any resolution of the board of directors or equivalent body necessary to implement and consummate the Restructuring;

(r) in the case of Abengoa, complying and causing each Obligor to comply with the terms and conditions of the Viability Plan and the Restructuring Steps Plan within the timeframes established therein;

(s) promptly notifying the Restructuring Agent of any deviation of the terms, timing and actions set out in the Viability Plan regardless of whether the Independent Adviser has already done so;

(t) assisting the Independent Expert in the issuance of the Independent Expert's Report;

(u) in the case of Abengoa, delivering to the Restructuring Agent (for distribution to the Restructuring Committee) on the Restructuring Effective Date and on the Restructuring Completion Date a certificate stating the Total Commercial Debt owed by the Group on such date;

(v) to take all necessary steps to implement the TopCo AbeNewco Structure, the A3T Double LuxCo Structure and the ACIL Double LuxCo Structure in accordance with Clause 3.7 (*Corporate Restructuring*);

(w) in the case of Abengoa, with respect to the implementation of the TopCo AbeNewco Structure, to contribute to the corporate structure all the shares listed in Schedule 25 (*AbeNewCo Structure Subsidiaries*), except solely for the following Argentinean companies Transportadora Cuyana, S.A., Transportadora del Norte, S.A., Transportadora Río Coronda, S.A. and Transportadora Mar del Plata, S.A. which require the consent of certain Argentinean public bodies. Abengoa shall evidence that such consent and the granting of pledges over the shares of such companies in favour of the Argentinean public bodies are required pursuant to Argentinean law by providing to the Restructuring Committee within 15 Business Days from the Signing Date a legal opinion, memorandum or report signed by an Argentinean law qualified lawyer confirming the foregoing. Additionally, Abengoa hereby irrevocably undertakes to use all reasonable endeavours to seek that such consent is granted by the competent bodies by the date when the contribution is made and, if such consent is not given by that date, as soon as reasonably practicable after the Restructuring Completion Date. As soon as the consents required are given, Abengoa undertakes to effect the contribution in-kind of those shares to the Topco AbeNewco Structure in agreement with the Coordination Committee's Counsel;

(x) in the case of Abengoa, incorporating AbeNewco 1 and AbeNewco 2 as two shell companies in the form of Spanish limited liability companies (*sociedades* anónimas) with no obligations or liabilities whatsoever and whose sole purpose is to receive and make, as applicable, the in-kind contributions described in sub-clause 3.7.1 (*TopCo AbeNewco Structure*) in order to give effect to the Topco AbeNewco Structure;

(y) taking all steps necessary to complete and implement (to the satisfaction of the Restructuring Committee, acting reasonably) the restructuring of the Non-Spanish Debt to be Restructured pursuant to the Non-Spanish Compromise Proceedings as provided in Clause 7 (*Non-Spanish Compromise Proceedings*) and in sub-clause 3.1.2 (*General overview of the Restructuring of the Non-Spanish Debt to be Restructured*); and

(z) to initiate legal actions before a court or arbitral tribunal, as applicable, in accordance with the legal or contractual rules and timeframes for the purposes of challenging any bonding which is called and, in the relevant Obligor's view or as directed by the relevant bonding provider, is considered to have been unlawfully enforced.

9.8.2 *Independent Adviser*

(a) The Parties expressly agree that the Independent Adviser shall periodically verify (and inform the Restructuring Committee and the NM1 Committee of the results of such verification) that Abengoa and the Group are in compliance with the Viability Plan (including verifying the consistency of divestments and cash uses with the terms of the Viability Plan during the period from the Signing Date to the Restructuring Completion Date (the "**Interim Period**")).

(b) The Independent Adviser shall not have any executive or management functions and its only role shall be to report to Abengoa, the Restructuring Committee, the NM1 Committee, the Restructuring Agent and the Participating Creditors whether: (a) the actions carried out by the Obligors during the Interim Period are consistent with the Viability Plan; and (b) the conditions precedent to the Restructuring are being met (or are capable of being met) and complied with.

## 9.9 Revised method of implementation of the Restructuring

9.9.1 Without prejudice to Clause 19.11 (*Amendments, waivers and consents*), if, at any time following the Signing Date, in the reasonable opinion of Abengoa, the Restructuring Committee, the NM1 Committee and the Majority NM1/NM3 Creditors:

(a) any of the steps detailed in the existing Restructuring Steps Plan are not capable of being effected or should be effected at a later point in time than is envisaged in the Restructuring Steps Plan; or

(b) the Restructuring is not capable of being implemented and/or consummated prior to the Restructuring Completion Long-Stop Date on the basis of the steps detailed in the Restructuring Steps Plan; or

(c) another implementation plan would, if implemented, be a more effective way of implementing and consummating the Restructuring,

Abengoa, the Restructuring Committee, the NM1 Committee and the Majority NM1/NM3 Creditors will use all reasonable endeavours to seek to agree in good faith, a new or amended form of implementation plan to implement and consummate the Restructuring on terms that are not prejudicial to the interests of any Party or the Note Agents (the "**Revised Restructuring Steps Plan**") and, upon reaching such agreement, Abengoa shall promptly notify in writing the Parties (through the Restructuring Agent) of the details of the Revised Restructuring Steps Plan and the reasons for the Revised Restructuring Steps Plan.

9.9.2 Calculation of the requisite approval thresholds for the purposes of this Clause 9.9 shall be carried out in accordance with Clause 19.11 (*Amendments, waivers and consents*).

## 9.10 Existing Chapter 11 Companies

Abengoa undertakes to procure that each Existing Chapter 11 Company that is a Go Forward Chapter 11 Company seeks and uses reasonable efforts to obtain an order of the Bankruptcy Court approving that Existing Chapter 11 Company's accession to this Agreement in accordance with Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*) as soon as reasonably practicable after the Signing Date.

## 9.11 Future Chapter 11 Companies

Upon commencing a case under chapter 11 of the Bankruptcy Code in accordance with Clause 9.8.1(m), each Future Chapter 11 Company undertakes:

9.11.1 not to reject or disclaim this Agreement; and

9.11.2 to:

(a) file a motion with the Bankruptcy Court to approve the assumption of this Agreement by such Future Chapter 11 Company within 30 days of the commencement of its chapter 11 case; or

(b) immediately seek to effectuate the plan of reorganization of such Future Chapter 11 Company that is consistent with this Agreement.

## 9.12 Restrictions and obligations on Obligors and Existing Majority Shareholders

9.12.1 *Restrictions on Obligors and Existing Majority Shareholders*

The Obligors and the Existing Majority Shareholders shall not:

(a) assign any of its rights or transfer any of its rights or obligations under this Agreement;

(b) take or consent to the taking of any action which supports or favours any proposed winding-up, dissolution, administration or reorganisation of any Obligor or any proposed composition, comprise, assignment or arrangement with any creditor of any Obligor, other than pursuant to the implementation and consummation of the Restructuring or in respect of any Non-Go Forward Company;

(c) take or consent to the taking of, or omit to take, any action which action or omission would breach or be materially inconsistent with the Restructuring or this Agreement or delay, impede or prevent its implementation or consummation.

9.12.2 *Additional restrictions on the Obligors*

In addition to the above, the Obligors shall not, and shall procure that the members of the NM1 Group shall not:

(a) except in relation to any Non-Compromised Debt Instrument, make any voluntary payment, repayment or prepayment of any principal, interest or other amount on or in respect of, or any redemption, purchase or defeasance of, or participate in any risk in respect of, or offer to any creditor or other person any insurance against risk in respect of any Financial Indebtedness in cash or in kind;

(b) incur or allow to remain outstanding any Financial Indebtedness other than as disclosed in the Schedules to this Agreement, or as expressly contemplated in the Viability Plan, the Term Sheet, this Agreement or the Restructuring Steps Plan;

(c) allow any claims of any nature whatsoever to be created or to remain outstanding in favour of any member of the Group (excluding the NM1 Group other than ACIL, ACIL Luxco 2, A3T Luxco1 and A3T Holdco) against any member of the NM1 Group, other than (i) the A3T and ACIL Intercompany Liabilities; and (ii) claims which are specifically contemplated in the Restructuring Steps Plan or in Part C (*Compromised Debt*) of Schedule 6 (*Existing Financial Indebtedness: Obligors*) as Intragroup Affected Debt but which as at the Restructuring Completion Date have been released, assigned or discharged such that they are no longer claims in favour of a member of the Group (excluding members of the NM1 Group other than ACIL, ACIL Luxco 2, A3T Luxco1 and A3T Holdco);

(d) take or consent to the taking of any action which would breach the undertakings contained in clause 4.2 (*Restrictions on Debtors*) of the Existing Standstill; and

(e) unless required under any applicable law or regulation or specifically contemplated in the Restructuring Steps Plan, take or consent to the taking of any material corporate action, including:

(i) changing the capital structure of any Obligor or member of the NM1 Group, increasing the authorised share capital of any Obligor or member of the NM1 Group, issuing any share to any person, granting to any person any conditional or unconditional option, warrant or other right to call for the issue or allotment of, subscribe for, purchase or otherwise acquire any share of any Obligor or member of the NM1 Group (including any right of pre-emption, conversion or exchange), or altering any right attaching to any share capital of any Obligor or member of the NM1 Group, in each case other than periodic conversions of (i) Class A shares in Abengoa into Class B shares in Abengoa and (ii) convertible bonds into Class B shares in Abengoa in compliance with the undertakings assumed in the EUR

400,000,000 6.25 per cent. senior unsecured convertible notes due 2019 issued by Abengoa and/or the EUR 250,000,000 4.50 per cent. senior unsecured convertible notes due 2017;

(ii) entering into, amending or terminating any contract, licence or financing document the effect of which would be materially inconsistent with the Viability Plan;

(iii) amending the Viability Plan; and

(iv) setting or materially amending the compensation, terms and conditions of employment, any employment agreement, any incentive plan of, or voting in favour of any resolution relating to employment or compensation matters with respect to, any member of the board of directors, senior management (other than to the extent approved by the Independent Adviser) or any committee of Abengoa.

9.12.3 *Exceptions*

The restrictions in sub-clauses 9.12.1 (*Restrictions on Obligors and Existing Majority Shareholders*) and 9.12.2 (*Additional restrictions on the Obligors*) do not apply to any action which is a Permitted Transaction.

9.13 **Restrictions on Participating Creditors**

9.13.1 No Participating Creditor may sell, assign, transfer, pledge, hypothecate, participate, sub-participate, declare or create any trust over or otherwise dispose of, directly or indirectly (each such action being a "**Transfer**") any of its rights, title, interest, benefits or obligations in respect of, its Affected Debt, its ACIL Bridge Claims, its Non-Spanish Debt to be Restructured or this Agreement (including any monies and other assets owing to it under or in connection with its Affected Debt, its ACIL Bridge Claims, its Non-Spanish Debt to be Restructured or this Agreement) to, or in favour of, any person:

(a) except as permitted under the relevant Document it may have entered into in relation to Abengoa and the Group; and

(b) unless and until that person delivers to Abengoa and the Restructuring Agent a duly completed and signed Transferee Accession Letter.

9.13.2 Any Transfer by a Participating Creditor that does not comply with the foregoing shall be deemed void *ab initio*.

9.13.3 No Participating Creditor shall vote, or allow any proxy appointed by it to vote, in respect of its Affected Debt, its ACIL Bridge Claims, or its Non-Spanish Debt to be Restructured in favour of any amendment, waiver, consent or other proposal which would breach or be inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan.

9.13.4 Each Participating Creditor shall on request from Abengoa, the Information Agent or the Restructuring Agent promptly notify Abengoa, the Information

Agent or the Restructuring Agent (as applicable) of the amount of Affected Debt, its ACIL Bridge Claims, and Non-Spanish Debt to be Restructured and, if different, any other Financial Indebtedness against the Group held by it.

9.13.5 At any time prior to the Restructuring Completion Date, each Participating Creditor shall promptly notify Abengoa and the Restructuring Agent of any increase or decrease in the amount of its Affected Debt, its ACIL Bridge Claims, and Non-Spanish Debt to be Restructured using a Debt Amendment Notice.

9.14 **Purchase and sale of Affected Debt and Non-Spanish Debt to be Restructured**

9.14.1 Nothing in this Agreement shall:

(a) prevent any Participating Creditor from:

(i) buying Affected Debt, ACIL Bridge Claims or Non-Spanish Debt to be Restructured after the date it becomes a Party to this Agreement ("**New Debt**") and any such New Debt shall, subject to sub-clause (b) below, automatically become subject to the terms of this Agreement as Affected Debt or Non-Spanish Debt to be Restructured (as applicable); and

(ii) selling or otherwise transferring Affected Debt, ACIL Bridge Claims or Non-Spanish Debt to be Restructured, to the extent such Transfer complies with Clause 9.13 (*Restrictions on Participating Creditors*); or

(b) limit the ability of a Participating Creditor which is a broker-dealer (but only when acting in its capacity as a market-maker in respect of any Affected Debt, ACIL Bridge Claims or Non-Spanish Debt to be Restructured which is not its Affected Debt, ACIL Bridge Claims or Non-Spanish Debt to be Restructured) to buy or sell Affected Debt, ACIL Bridge Claims or Non-Spanish Debt to be Restructured after the date it executes this Agreement or an Accession Letter (as the case may be), in which case the relevant Participating Creditor shall promptly notify the Restructuring Agent and Abengoa of such acquisitions or sales.

9.14.2 New Debt acquired by a Participating Creditor (or its Affiliates and Related Funds) after the Signing Date shall not be entitled to elevation into the Senior Old Money Loans/Notes to the extent that such New Debt results in the aggregate of all Existing Loans/Notes and Called Existing Bonding Facilities held by such Participating Creditor (and its Affiliates and Related Funds) exceeding the amount of all Existing Loans/Notes and Called Existing Bonding Facilities held by such Participating Creditor (and its Affiliates and Related Funds) on the Signing Date.

9.15 **Restrictions on the New Financing Providers**

9.15.1 No New Financing Providers may Transfer any of its rights, title, interest, benefits or obligations in respect of, its New Financing Commitment Agreements or this Agreement to, or in favour of, any person:

(a) except as permitted under the New Financing Commitment Agreements; and

(b) unless and until that person delivers to the Restructuring Agent a duly completed and signed Transferee Accession Letter.

9.15.2 Any Transfer by a New Financing Provider that does not comply with the foregoing shall be deemed void *ab initio*.

9.15.3 No New Financing Provider shall vote, or allow any proxy appointed by it to vote, in respect of its New Financing commitments in favour of any amendment, waiver, consent or other proposal which would breach or be inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan.

9.16 **Restrictions on Existing Majority Shareholders**

9.16.1 No Existing Majority Shareholder may Transfer any of its rights, title, interest, benefits or obligations in respect of, its Equity or this Agreement (including any monies and other assets owing to it under or in connection with its Equity or this Agreement) to, or in favour of, any person.

9.16.2 No Existing Majority Shareholder shall vote, or allow any proxy appointed by it to vote, in respect of its Equity in favour of any amendment, waiver, consent or other proposal which would breach or be inconsistent with this Agreement, the Term Sheet and/or the Restructuring Steps Plan.

9.16.3 Each Existing Majority Shareholder shall on request by the Restructuring Committee or Abengoa from time to time promptly notify the Restructuring Committee and Abengoa of the amount of Equity held by it.

9.16.4 Each Existing Majority Shareholder shall promptly notify the Restructuring Committee and Abengoa of any increase or decrease in the amount of its Equity.

9.16.5 No Existing Majority Shareholder shall, without the prior consent of the Restructuring Committee, vote its Equity so as to approve any increase in the authorised share capital of Abengoa or the taking of any steps with a view to issuing additional shares in Abengoa, or any alteration to the rights attaching to any class of shares in Abengoa other than in order to implement and consummate the Restructuring in accordance with the Term Sheet and the Restructuring Steps Plan.

9.16.6 Each Existing Majority Shareholder shall, to the extent that it owns, or exercises control over, any Equity:

(a) procure, to the extent that it is within its power as a shareholder, having due regard for the need of the directors of the relevant company to comply with applicable law, that Abengoa and each other member of the Group complies with its obligations under this Agreement;

(b) procure, to the extent that it is within its power to do so, that if any step in the Restructuring requires shareholder approval (a **"Required Resolution"**), the directors of the relevant member of the Group will promptly seek such approval from that company's shareholders;

(c) vote in favour of, or procure that the relevant shareholder votes in favour of, any Required Resolution and in favour of any other shareholder resolution, if Abengoa and the Restructuring Committee agree the passing of such resolution is necessary or desirable to implement or consummate the Restructuring;

(d) ratify, to the extent that it is within its power to do so, any step which the directors of any Obligor may take in order to implement or consummate the Restructuring; and

(e) vote in favour of the appointment of a new board of directors of Abengoa comprised of independent members to be proposed by the executive search consulting firm "Spencer Stuart" at the Restructuring EGM.

9.17 **Purchase of Existing Majority Shareholder Equity**

Nothing in this Agreement shall prevent any Existing Majority Shareholder from buying Equity in addition to its existing Equity and any such acquired Equity shall automatically become Equity subject to this Agreement.

9.18 **Limitations on undertakings**

9.18.1 Nothing in this Agreement shall:

(a) require any Party to take any action, or omit to take any action, which would breach any legal or regulatory requirement or any order or direction of any relevant court or authority or regulatory body beyond the control of the Party and which impediment cannot be avoided or removed by taking reasonable steps;

(b) restrict, or attempt to restrict, any officer of any member of the Group from commencing insolvency proceedings in respect of that member of the Group if that officer reasonably considers it is required to do so by any law, regulation or fiduciary duty, and such officer may take any steps which may be necessary to comply with such law, regulation or fiduciary duty;

(c) restrict, or attempt to restrict, any officer of any member of the Group from complying with applicable securities laws;

(d) require any Party to incur any material out of pocket costs or expenses unless Abengoa or another member of the Group has made effective provision to reimburse those costs or expenses (to the extent that they have been reasonably incurred);

(e) prevent any Participating Creditor from exercising, or not exercising, any right, power, authority or discretion given to it under any Non-Compromised Debt Instrument or by, under or in connection with any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Non-Compromised Debt or any Non-Compromised Debt Instrument (including, without limitation, exercising any right to accelerate, make demand or take enforcement or other action pursuant to any Non-Compromised Debt Instrument);

(f) require any Party to make any additional equity or debt financing available to Abengoa or any other member of the Group, except as expressly contemplated in the New Financing Commitment Agreements;

(g) require any New Financing Provider to enter into any New Money Financing Documentation or New Bonding Facilities Documents (as applicable) or to procure the satisfaction of, waive any, condition precedent (howsoever described) set out therein or (without limiting its obligations under the New Financing Commitment Agreements) to provide any New Financing;

(h) oblige any Party which is a Non-Compromised Creditor to take any steps, give any consent or take any other action in respect of its participation in the New Money Financing which it would not be required to give or take if it was an NM1/NM3 Creditor;

(i) require any Party to take or refrain from taking any action if doing so, in its reasonable opinion (acting in good faith) (i) might result in any officer, director or employee of that Party incurring personal liability or sanction due to a breach of its fiduciary duties or obligations of that Party; or (ii) might result in a breach of law or statute binding on such Party; or

(j) prevent any Insured Creditor from reaching an agreement with its relevant Credit Insurance Provider in respect of its Insured Affected Debt and its treatment before and after the Restructuring is effective. Likewise, each Credit Insurance Provider and the relevant Insured Creditor may freely agree and implement the means under which the Credit Insurance Provider may subrogate or be transferred under the relevant Insured Affected Debt for the purposes of its capitalisation and/or write-off and the refinancing under or exchange for, as applicable, Senior Old Money Loans/Notes and the relevant time

where such actions are to be made (even after the accession of the relevant Participating Creditor to this Agreement and election of the Alternative Restructuring Terms).

9.18.2 For the avoidance of doubt, no Party shall be liable to any other Party for any failure to comply with this Agreement where compliance is not required as a result of the operation of this Clause 9.18.

9.18.3 Notwithstanding anything to the contrary herein, the obligations of the Obligors hereunder are subject at all times to the fulfilment of their respective fiduciary duties.

9.18.4 A Chapter 11 Company may terminate its obligations under this Agreement upon five (5) business days' prior notice to the Participants in accordance with this Agreement if the board of directors, board of managers, or such similar governing body of any Chapter 11 Company determines, based on advice of outside counsel, that:

(a) the transactions contemplated by this Agreement, the Term Sheet and the Restructuring Steps Plan and continued support thereof pursuant to this Agreement would be inconsistent with its fiduciary duties; or

(b) such Chapter 11 Company receives an unsolicited proposal for an alternative transaction and reasonably determines that such alternative transaction is likely to be more favourable than the Restructuring to all parties to whom such Chapter 11 Company owes fiduciary duties and that continued support of the Restructuring pursuant to this Agreement would be inconsistent with such Chapter 11 Company's fiduciary obligations.

9.18.5 Upon a termination of the Agreement pursuant to sub-clause 9.18.4 by a Chapter 11 Company, all obligations of each Participating Creditor with respect to such Chapter 11 Company shall immediately terminate without further action or notice by such Participating Creditor.

## 10. INDEMNITIES

10.1.1 Each Obligor agrees to indemnify within ten (10) Business Days of demand the Restructuring Agent, the Information Agent, the Holding Period Trustee, the Restructuring Committee, any Participating Creditor, each Note Agent (for each Note Agent solely in respect of such role as it relates to Go Forward Companies) KPMG and HL and, if applicable, each of their respective Affiliates, Related Funds and Related Parties (each, an "**Indemnified Party**") from and against any and all claims, third party indemnities, damages, losses, liabilities and expenses (including, without limitation, properly incurred fees and disbursements of legal advisers, with the exception of the Non-Indemnified Legal Costs) ("**Claims**") that may be incurred by or asserted or awarded against any Indemnified Party, in each case which are monetary in nature and arising out of the performance or implementation of this Agreement and/or the transactions contemplated herein (including, for the avoidance of doubt and without limitation, the Homologation Request), the

Restructuring (excluding any Claims arising from the write down or other economic effect imposed upon Existing Creditors by the Alternative Restructuring Terms and/or the Standard Restructuring Terms in accordance with the terms of this Agreement, the Term Sheet or the Restructuring Steps Plan), the negotiations regarding the same, irrespective of whether the transactions contemplated hereby are consummated, except to the extent such monetary Claim is found in a judgment by a court of competent jurisdiction to have resulted directly: (i) from such Indemnified Party's gross negligence, fraud or wilful misconduct, (ii) as a result of such Indemnified Party trading the Existing Loans/Notes or Called Existing Bonding Facilities in breach of any applicable law or regulation or (iii) as a result of such Indemnified Party's breach of the terms of this Agreement or any Restructuring Document.

10.1.2 Any Indemnified Party shall be entitled to rely on, enforce and enjoy the benefit of this Clause 10 as if it was a party to this Agreement and no such party shall be bound by any amendment or waiver of this Clause 10 without the consent of such party.

10.1.3 The Note Agents shall have no obligation towards or relationship of agency or trust with any party to this Agreement and shall have no responsibility or liability for the obligations of any party to this Agreement.

## 11. TERMINATION

### 11.1 Automatic Termination

11.1.1 *Automatic termination events*

The occurrence of any of the following circumstances at any time up to and including the Restructuring Completion Date shall constitute an "**Automatic Termination Event**" for the purposes of this Agreement:

(a) if the Restructuring Effective Date does not occur within 150 days after the Signing Date, unless such deadline has been extended prior to such date by Abengoa with the prior written consent of the Restructuring Committee and the NM1 Committee; or

(b) if the Restructuring Completion Date does not occur by the Restructuring Completion Long-Stop Date; or

(c) if as a consequence of:

(i) the Homologation Ruling; or

(ii) a judicial decision (*sentencia*) issued in respect of any Homologation Challenge, or

(iii) a final non-appealable ruling or order or a ruling or order that is not appealed by Abengoa or the relevant Obligors issued by a competent court in respect of any other Challenge,

Existing Creditors holding in aggregate more than EUR 15,000,000 of the Affected Debt and the Non-Spanish Debt to be Restructured (other than in respect of such debt owed by the Non-Material Obligors) are not bound by all the terms and conditions of either the Standard Restructuring Terms or the Alternative Restructuring Terms, unless such higher amount is agreed by the Restructuring Committee and the NM1 Committee;

(d) if for any reason (unless otherwise agreed by the Restructuring Committee):

(i) the New Money Financing commitments included in the New Money Financing Commitment Letters in force at any time are less than EUR 1,169,600,000; or

(ii) the New Bonding Facilities commitments included in the New Bonding Facilities Commitment Agreements in force at any time are less than EUR 250,000,000,

and in each case such shortfall is not remedied within 10 (ten) Business Days as from the date on which the relevant commitment has been reduced;

(e) if the appointment of the Independent Adviser is terminated by Abengoa or if he is not provided, within a reasonable timescale, any information he/she has requested from any member of the Group which the Restructuring Committee consider (at their sole discretion) to be material to the ability of Abengoa to implement and/or consummate the Viability Plan and/or the Restructuring;

(f) if (a) any member of the current board of directors of Abengoa or (b) any member of the Senior Management, is replaced (other than by voluntary resignation or as otherwise contemplated by the Term Sheet, this Agreement or the Restructuring Steps Plan) before the Restructuring EGM;

(g) if the new members of the board of directors of Abengoa suggested by the executive search consulting firm "Spencer Stuart" who agree to act as new members of the board of directors of Abengoa are not appointed at the Restructuring EGM;

(h) if the Existing Majority Shareholders have not acceded to this Agreement in accordance with Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*) before the end of the Initial Accession Period; or

(i) if a general shareholders meeting of the Majority Shareholder has not unconditionally approved and/or ratified entry by the Majority Shareholder into this Agreement (as amended and/or as amended and restated from time to time) by 28 October 2016.

11.1.2 *Waiver of an automatic termination*

(a) This Agreement shall automatically terminate upon the expiry of 10 (ten) Business Days after the date on which the Restructuring Committee and the NM1 Committee is notified of the existence of the Automatic Termination Event, unless the Restructuring Committee and the NM1 Committee waives such Automatic Termination Event within that time period.

(b) Any Party which becomes aware of an Automatic Termination Event shall promptly notify the Restructuring Agent, the Restructuring Committee, the NM1 Committee and Abengoa of such Automatic Termination Event.

11.2 **Voluntary Termination**

11.2.1 *Voluntary termination events*

The occurrence of any of the following circumstances at any time up to and including the Restructuring Completion Date shall constitute a "**Voluntary Termination Event**" for the purposes of this Agreement:

(a) if a Party does not comply with this Agreement and that non-compliance could (in the reasonable opinion of the Super Majority Participating Creditors) be expected to have a Material Adverse Effect, unless failure to comply is capable of remedy and is remedied or waived by the Super Majority Participating Creditors within 15 Business Days of the Party alleging the failure to comply having given notice to Abengoa;

(b) if an event or circumstance occurs which has, in the view of the Super Majority Participating Creditors (acting reasonably and in good faith), caused a Material Adverse Effect;

(c) if any court, public authority or similar or related entity, as applicable:

(i) restrains, delays or otherwise prevents the implementation of the Restructuring; or

(ii) requires a material change to the terms of the Term Sheet (including, without limitation, in respect of the economic terms of the Term Sheet) or otherwise imposing any onerous obligations on the Creditors which is not envisaged in the Term Sheet;

and, **provided that** the decision is capable of being revoked or dismissed, such decision of the court, public authority or similar or related entity is not revoked or dismissed within 30 days of it being made;

(d) if an Insolvency Event occurs (other than an Insolvency Event instigated or commenced by a Participating Creditor (or any of its affiliates) in breach of this Agreement);

(e) if a Default Notice is served;

(f) if the Total Commercial Debt set out in the certificate delivered by Abengoa to the Restructuring Agent in accordance with sub-clause 9.8.1(u) exceeds at any time the amount of EUR 1,500,000,000 which corresponds to the maximum amount of commercial debt at the relevant date under the Viability Plan;

(g) if a Chapter 11 Company terminates its obligations under this Agreement in accordance with Clause 9.18 (*Limitations on undertakings*) and such termination would (in the reasonable opinion of the Super Majority Participating Creditors) be expected to have a Material Adverse Effect; or

(h) if a Go Forward Chapter 11 Company files, proposes or otherwise supports any plan of reorganization that is materially inconsistent with this Agreement and such alternative plan, in the reasonable opinion of the Super Majority Participating Creditors, has or could be expected to have a Material Adverse Effect.

11.2.2 *Voluntary termination by Super Majority Participating Creditors' decision*

If so directed by the Super Majority Participating Creditors, on and at any time after the occurrence of a Voluntary Termination Event the Restructuring Agent shall terminate this Agreement by notice to Abengoa.

## 11.3 Individual termination by a New Money Financing Provider

11.3.1 Each New Money Financing Provider may, by written notice to Abengoa, the Restructuring Agent, the NM1 Committee and the Restructuring Committee, terminate this Agreement and the New Money Financing Commitment Letter (and, if applicable, the New Bonding Commitment Letter) with respect only to itself and only in its capacity as a Participating Creditor (subject to Clause 11.6 (*Termination by New Financing Providers* )):

(a) upon the occurrence of an Automatic Termination Event as described in sub-clause 11.1.1 (*Automatic Termination Events*) as at the Signing Date and without taking into account any consents, agreements or waivers given or entered into by the Parent or the Restructuring Committee as contemplated by sub-clause 11.1.1 (*Automatic Termination Events*) or sub-clause 11.1.2 (*Waiver of Automatic Termination*) unless, in the case of each of sub-clauses (c) and (d) of sub-clause 11.1.1 (*Automatic Termination Events*), the NM1 Committee has also consented to such consent, agreement or waiver;

(b) if an NM1 Default Notice is served;

(c) if a Non-Compromised Creditor enforces any security granted in favour of such Non-Compromised Creditor(s) in respect of its Non-Compromised Debt over all or part of the shares in ABY owned by ACIL as at the Signing Date; or

(d) if Qualifying NM1 Creditor(s) representing at least 15% of the aggregate New Money Tranche 1 commitments of all Qualifying NM1 Creditors determines that any event or circumstance has occurred that would have a material adverse impact on the development, business, assets, financial condition or prospects of A3T including, without limitation:

(i) the average of the CFE's regulated HM tariff calculated over the immediately preceding two months (for the avoidance of doubt, CFE's HM tariff applies to Industrial, Mid-Tension, >100 KW installed capacity offtakers) is less than 1,294 MXP/KWh, calculated in accordance with formula prescribed in the Term Sheet;

(ii) an event or circumstances affecting the economy of any region or jurisdiction in which A3T conducts business or operates, including changes in the credit, debt, capital, securities, or financial markets (for the avoidance of doubt, including changes in interest or exchange rates);

(iii) political or regulatory changes in any jurisdiction in which A3T conducts business or operates; and

(iv) an event or circumstances generally affecting the industries in which A3T conducts business or operates,

in the case of (ii), (iii) and (iv) only, having individually or cumulatively a material adverse impact on the development, business, assets, financial condition or prospects of A3T.

11.3.2 Termination of this Agreement by a New Money Financing Provider under this Clause 11.3 shall not automatically revoke the instructions given by that New Money Financing Provider to any other Party to this Agreement in order to give effect to the Restructuring, this Agreement or the Restructuring Steps Plan prior to such termination.

11.3.3 The obligations of the NM1/NM3 Creditors and the Non-Compromised Creditors under this Agreement shall terminate automatically on the Restructuring Completion Date.

11.4 **Individual termination by an ACIL Guarantee Creditor**

11.4.1 Subject to sub-clause 11.4.2 below, each ACIL Guarantee Creditor may, by written notice to Abengoa, the Restructuring Agent, the Restructuring Committee and the NM1 Committee, terminate this Agreement with respect only to itself and only with regard to its obligations in connection with the

ACIL CVA rescind (to the extent allowed by law) any consent previously provided by it with respect to the ACIL CVA if following reasonable consultation with Abengoa the Super Majority Participating Creditors, acting reasonably, determine that an event or circumstance has occurred which has a Material Adverse Effect.

11.4.2 Written notice may only be given by an ACIL Guarantee Creditor under this Clause 11.4 on or before the date on which a meeting of the ACIL Guarantee Creditors in connection with the ACIL CVA is held in accordance with Part I of the English Insolvency Act 1986.

11.4.3 Termination of this Agreement by an ACIL Guarantee Creditor under this Clause 11.4 shall not automatically revoke the instructions given by that ACIL Guarantee Creditor to any other Party to this Agreement in order to give effect to the Restructuring, this Agreement or the Restructuring Steps Plan prior to such termination.

11.5 **Effects of termination**

11.5.1 *Survival*

(a) Following termination of this Agreement pursuant to Clause 11.1 (*Automatic Termination*) or Clause 11.2 (*Voluntary Termination*) this Agreement will cease to have any further effect on the Termination Date, save for:

(i) the provisions of Clauses 1 (*Definitions and interpretation*), 10 (*Indemnities*), 11 (*Termination*), 12 (*Restructuring Committee and NM1 Committee*), 13 (*Obligors' Agent*), 14 (*Restructuring Agent*), 15 (*Participating Creditors' decisions*), 16 (*Cleansing*), 19.1 (*Disclosure of information*), 19.2 (*Publicity*), 19.4 (*Continuing Rights of the Note Agents*), 19.5 (*Specific Performance*), 19.10 (*Notices*), 19.12 (*Costs and expenses*), 19.15 (*Governing law*) and 19.16 (*Jurisdiction*) which shall remain in full force and effect; and

(ii) rights and obligations which have accrued under this Agreement prior to such termination in respect of breaches of this Agreement which occurred prior to such termination.

(b) Following the occurrence of:

(i) an individual termination by a New Money Financing Provider pursuant to Clause 11.3 (*Individual termination by a New Money Financing Provider*) or Clause 11.6 (*Termination by New Financing Providers*);

(ii) an individual termination by an ACIL Guarantee Creditor pursuant to Clause 11.4 (*Individual termination by an ACIL Guarantee Creditor*);

(iii) the automatic termination of the obligations of the NM1/NM3 Creditors under this Agreement pursuant to sub-clause 11.3.3 (*Individual termination by a New Money Financing Provider*);

(iv) the replacement of a New Money Anchor Funder pursuant to sub-clause 19.11.3 (*Replacement of a New Money Financing Anchor Funder*); or

(v) the replacement of an Initial Bonding Provider pursuant to sub-clause 19.11.4 (*Replacement of an Initial Bonding Provider*).

this Agreement will cease to have any further effect on the date it is terminated with respect to such Party only, save (i) for the provisions of Clauses 1 (*Definitions and interpretation*), 10 (*Indemnities*), 11 (*Termination*), 12 (*Restructuring Committee and NM1 Committee*), 13 (*Obligors' Agent*), 14 (*Restructuring Agent*), 15 (*Participating Creditors' decisions*), 16 (*Cleansing*), 19.1 (*Disclosure of information*), 19.2 (*Publicity*), 19.4 (*Continuing Rights of the Note Agents*), 19.5 (*Specific Performance*), 19.10 (*Notices*), 19.12 (*Costs and expenses*), 19.15 (*Governing law*) and 19.16 (*Jurisdiction*) which shall remain in full force and effect; (ii) in respect of rights and obligations which have accrued under this Agreement prior to such termination in respect of breaches of this Agreement which occurred prior to such termination; and (iii) to the extent it would continue to be bound pursuant to sub-clause 11.6.2 (*Survival*).

11.5.2 Effect of termination of this Agreement pursuant to Clause 11.1 (*Automatic Termination*) or 11.2 (*Voluntary Termination*) on the Extension of the Standard Restructuring Terms in respect of the Affected Debt

(a) Upon the occurrence of the Termination Date pursuant to Clause 11.1 (*Automatic Termination*) or 11.2 (*Voluntary Termination*):

(i) Clauses 3 (*Restructuring Terms*), 6 (*Homologation*), 9.2 (*Restructuring Documents*), 9.3 (*Restructuring Implementation Steps*) and any step taken on or before the Termination Date to implement the Standard Restructuring Terms with respect to the Affected Debt of any Existing Creditor pursuant to this Agreement, the Restructuring Steps Plan or the Homologation (collectively the "**Spanish Standard Terms Implementation**") shall not apply;

(ii) all other such steps due to be taken under or pursuant to this Agreement, the Restructuring Steps Plan or the Homologation with respect to the Spanish Standard Terms Implementation will not or will be deemed not to have occurred;

(iii) any actions taken under or pursuant to the Spanish Standard Terms Implementation shall have no valid or binding effect (legal or otherwise) and be deemed to be null and void and not having occurred for the purposes of this Agreement, the

Homologation, the Compromise Documents and the Restructuring Documents executed pursuant to this Agreement and the Restructuring; and

(iv) to the extent legally possible, each Party shall take all steps reasonably necessary or desirable to unwind any such step which has been completed such that it shall be treated as having no valid or binding effect.

11.5.3 Effect of termination of this Agreement pursuant to Clause 11.1 (*Automatic Termination*) or 11.2 (*Voluntary Termination*) on the implementation of the Alternative Restructuring Terms in respect of the Affected Debt and the Non-Spanish Debt to be Restructured

(a) Upon the Termination Date:

(i) Clauses 3 (*Restructuring Terms*), 6 (*Homologation*), 9.2 (*Restructuring Documents*), 9.3 (*Restructuring Implementation Steps*) and any step taken on or before the Termination Date to implement the Alternative Restructuring Terms with respect to the Affected Debt or Non-Spanish Debt to be Restructured of any Existing Creditor pursuant to this Agreement or the Restructuring Steps Plan (collectively the "**Alternative Terms Implementation**") shall not apply;

(ii) all other such steps due to be taken under or pursuant to this Agreement or the Restructuring Steps Plan with respect to the Alternative Terms Implementation will not or will be deemed not to have occurred;

(iii) any actions taken under or pursuant to the Alternative Terms Implementation shall have no valid or binding effect (legal or otherwise) and be deemed to be null and void and not having occurred for the purposes of this Agreement and the Restructuring Documents executed pursuant to this Agreement and the Restructuring; and

(iv) each Party shall take all steps reasonably necessary or desirable to unwind any such step which has been completed such that it shall be treated as having no valid or binding effect.

## 11.6 Termination by New Financing Providers

11.6.1 *New Money Financing Commitment Letter*

Nothing in this Agreement shall prevent any New Financing Provider from terminating its commitment in accordance with the New Financing Commitment Agreement to which it is party, in which case, subject to Clause 11.6.2 (*Survival*), such New Financing Provider shall cease to be bound by this Agreement its capacity as a Participating Creditor.

11.6.2 *Survival*

If a New Financing Provider has, prior to the termination of its participation in this Agreement as a Participating Creditor pursuant to Clause 11.3 (*Individual Termination by a New Money Financing Provider*), 11.6.1 (*New Money Financing Commitment Letter*), or 19.11.3 (*Replacement of a New Money Financing Anchor Funder*), acceded to this Agreement as an Existing Creditor in respect of its Affected Debt and/or its Non-Spanish Debt to be Restructured, it shall continue to be bound by this Agreement as a Consenting Existing Creditor provided however that to the extent that it has, or any of its Related Funds or Affiliates have, elected to exchange Non Compromised Debt for New Money Tranche 1A, New Money Tranche 1B or New Money Tranche 2, such election shall immediately be deemed to have been an election made under this Agreement by it or any of its Related Funds or Affiliates, that such Non-Compromised Debt be repaid in cash.

## 12. RESTRUCTURING COMMITTEE AND NM1 COMMITTEE

### 12.1 Appointment

12.1.1 Each member of the Restructuring Committee has agreed to act as an initial member of the Restructuring Committee with respect to the Restructuring, each in accordance with the terms of this Agreement.

12.1.2 Each member of the NM1 Committee has agreed to act as an initial member of the NM1 Committee with respect to the Restructuring, each in accordance with the terms of this Agreement.

12.1.3 Each of the Participating Creditors hereby agrees to the appointment of the Restructuring Committee and NM1 Committee under and in connection with this Agreement and the Restructuring. The Obligors acknowledge and agree to the appointment of the Restructuring Committee and NM1 Committee under and in connection with this Agreement and the Restructuring.

12.1.4 References in this Agreement to a member of the Restructuring Committee includes each member of the Coordination Committee and any of their respective Affiliates, Related Parties or Related Funds. Any Affiliate, Related Fund or Related Party of any member of the Restructuring Committee shall be entitled to rely on, enforce and enjoy the benefit of this Clause 12 as if it was a party to this Agreement.

12.1.5 References in this Agreement to a member of the NM1 Committee includes each member of the NM1 Committee and any of their respective Affiliates, Related Parties or Related Funds. Any Affiliate, Related Fund or Related Party of a member of the NM1 Committee shall be entitled to rely on, enforce and enjoy the benefit of this Clause 12 as if it was a party to this Agreement.

12.2 **Scope of the Restructuring Committee**

The Restructuring Committee is appointed with the aim of seeking to facilitate an efficient and timely implementation of the Restructuring, given the geographical spread, differing nature and large number of Existing Creditors of the Group.

12.3 **Scope of the NM1 Committee**

The NM1 Committee is appointed with the aim of seeking to assist the efficient and timely negotiation and agreement of the NM1/NM3 Finance Documents and the co-ordination of the documents required as NM1/NM3 Financing Conditions, within the timeframe otherwise contemplated for the implementation of the Restructuring.

12.4 **Decisions and Quorum – Restructuring Committee**

12.4.1 Any decision, matter or issue which requires the approval of the Restructuring Committee pursuant to the terms of this Agreement must be adopted with the prior written consent of all members of the Restructuring Committee.

12.4.2 The Restructuring Committee shall at all times comprise of at least 1 (one) Initial Bonding Provider and 1 (one) New Money Financing Anchor Funder which has provided NM1 Initial Anchor Commitments.

12.5 **Decisions and Quorum – NM1 Committee**

12.5.1 Any decision, matter or issue which requires the approval of the NM1 Committee will require the prior written consent of all members of the NM1 Committee.

12.5.2 The NM1 Committee shall at all times comprise of at least 1 (one) New Money Financing Anchor Funder which has provided NM1 Initial Anchor Commitments and 1 (one) Qualifying New Money Financing Anchor Funder.

12.6 **Negotiation of Restructuring Documents**

Pursuant to Clause 9.2 (*Restructuring Documents*), the Restructuring Committee and NM1 Committee shall negotiate the Restructuring Documents as follows:

12.6.1 *Compromise Documents*

(a) the Compromise Documents shall be prepared by Abengoa (other than the Homologation Request);

(b) members of the NM1 Committee and the Restructuring Committee shall be entitled to:

(i) receive drafts of the Compromise Documents; and

(ii) approve the final forms of the Compromise Documents (and notwithstanding any other provision of this Agreement no Compromise Document shall be filed with any relevant court or judicial administrator until such approval has been granted)

**provided that** such approval may only be withheld in respect of any particular Compromise Document or provision(s) of such document if the Compromise Document or the relevant provision(s) is/are materially inconsistent with the Term Sheet or the Restructuring Steps Plan.

12.6.2 *NM1/NM3 Finance Documents*

(a) the NM1/NM3 Finance Documents shall be negotiated between Abengoa and the members of the NM1 Committee; and

(b) members of the Restructuring Committee will be entitled to:

(i) receive all interim drafts of the NM1/NM3 Finance Documents at the same time as they are distributed to Abengoa and to provide comments on such drafts (subject always to paragraph (ii) below; and

(ii) agree the final forms of the NM1/NM3 Finance Documents, **provided that** such agreement may only be withheld in respect of any particular NM1/NM3 Finance Document or provision(s) of such document if the NM1/NM3 Finance Document or the relevant provision(s) is/are materially inconsistent with the Term Sheet.

12.6.3 *ABG Finance Documents*

(a) the ABG Finance Documents shall be negotiated between Abengoa and the members of the Restructuring Committee who will be party to such documents; and

(b) members of the NM1 Committee will be entitled to:

(i) receive all interim drafts of the ABG Finance Documents at the same time as they are distributed to Abengoa and to provide comments on such drafts (subject always to paragraph (ii) below); and

(ii) agree the final forms of the ABG Finance Documents, **provided that** such agreement may only be withheld in respect of any particular ABG Finance Document or provision(s) of such document if the ABG Finance Document or the relevant provision(s) is/are materially inconsistent with the Term Sheet.

12.6.4 *Crossover Documents*

The Crossover Documents shall be negotiated between Abengoa and the members of the Restructuring Committee and the NM1 Committee.

12.6.5 *Sharing of Documents*

(a) The New Money Financing Anchor Funders shall, upon request to the Parent, be entitled to receive drafts of the Compromise Documents, NM1/NM3 Finance Documents, ABG Finance Documents and Crossover Documents that are provided to the NM1 Committee.

(b) The Initial Bonding Providers shall, upon request to the Parent, be entitled to receive drafts of the Compromise Documents, NM1/NM3 Finance Documents, ABG Finance Documents and Crossover Documents that are provided to the Restructuring Committee.

12.7 **Lack of representation of the Participating Creditors**

Neither the Restructuring Committee nor the NM1 Committee will "act for" any person in any representative capacity, or have any fiduciary duties or owe any duty of care to the Participating Creditors nor have any authority to act for, represent, or commit the Participating Creditors. Neither the Restructuring Committee nor the NM1 Committee will have any obligations other than those for which express provision is made in this Agreement and neither the Restructuring Committee nor the NM1 Committee shall be under any obligation to advise or to consult with any Participating Creditor on any matter related to this Agreement.

12.8 **Committees: Several Obligations**

The obligations of the Restructuring Committee, Coordination Committee members and NM1 Committee members are several, and the failure by a Restructuring Committee member, a Coordination Committee member or a NM1 Committee member to perform any of its respective obligations in relation to this Agreement shall not affect the obligations of the other Restructuring Committee members, Coordination Committee members or NM1 Committee members (as applicable) nor shall a Restructuring Committee member, a Coordination Committee member or a NM1 Committee member be liable for the failure of any Restructuring Committee, Coordination Committee or NM1 Committee members to perform its obligations hereunder.

12.9 **Miscellaneous**

12.9.1 *Each of the Restructuring Committee and the NM1 Committee may continue to deal with the Group*

The members of the Restructuring Committee and the NM1 Committee will remain free to deal with the Group and Abengoa each on its own account and will therefore not be bound to account to any Participating Creditor for any sum, or the profit element of any sum, received by it for its own account.

12.9.2 *Neither the Restructuring Committee nor the NM1 Committee is required to disclose information received in other capacities*

No information or knowledge regarding Abengoa or the Group or its affairs received or produced by any member of the Restructuring Committee or the NM1 Committee in each case in its capacity as a Participating Creditor, shall

be imputed to it in its capacity as a member of the Restructuring Committee or the NM1 Committee (as relevant).

12.9.3 *Restructuring Committee and NM1 Committee members can seek their own advice*

The members of the Restructuring Committee and the NM1 Committee will remain free to seek advice from their own professional advisers regarding their exposure as Participating Creditors and will as regards their exposure as Participating Creditors at all times continue to be solely responsible for making their own independent investigation and appraisal of the business, financial condition, credit-worthiness, status and affairs of Abengoa and the Group.

12.9.4 *Restructuring Committee and NM1 Committee members shall not be required to breach their other duties*

No member of the Restructuring Committee or the NM1 Committee shall be obliged to do anything if taking such action would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of any fiduciary duty or duty of confidentiality which it is required to comply with or if such action would be otherwise actionable at the suit of any person (and may do anything which in its reasonable opinion is necessary to comply with any such law, regulation or duty or to avoid any such suit).

12.9.5 *Assumptions as to authorisation*

Each of the Restructuring Committee and the NM1 Committee may assume that (and shall not be required to verify):

(a) any representation, notice or document delivered to them is genuine, correct and appropriately authorised;

(b) any statement made by a director, authorised signatory or employee of any person regarding any matters are within that person's knowledge or within that person's power to verify; and

(c) any communication made by Abengoa or the Group is made on behalf of and with the consent and knowledge of all the Obligors.

12.9.6 *Responsibility for documentation*

Neither the Restructuring Committee nor the NM1 Committee:

(a) will be responsible for the adequacy, accuracy and/or completeness of any information (whether oral or written) supplied by any Participating Creditors, Abengoa or the Group or any other person given in or in connection with the Restructuring and any associated documentation or the transactions contemplated therein;

(b) will be responsible for the legality, validity, effectiveness, completeness, adequacy or enforceability of the Restructuring or any

agreement, arrangement or document entered into, made or executed in anticipation of or in connection with the Restructuring;

(c) will be responsible for any determination as to whether any information provided or to be provided to any Participating Creditor is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise;

(d) will he responsible for verifying that any information provided to the Participating Creditors (using reasonable endeavours and usual methods of transmission such as email or post) has actually been received and/or considered by each Participating Creditor. Neither the Restructuring Committee nor the NM1 Committee shall be liable for any failure to provide information to any Participating Creditor;

(e) shall be bound to distribute to any Participating Creditor or to any other person, information received by it in a capacity other than as a member of the Restructuring Committee or the NM1 Committee (as applicable); and

(f) shall be bound to enquire as to the absence, occurrence or continuation of any default (howsoever described) under the documents related to the Affected Debt or the New Financing, or the performance by any member of the Group of its obligations under those or any other document or agreement.

12.9.7 *Own responsibility*

It is understood and agreed by each Participating Creditor that at all times it has itself been, and will continue to be, solely responsible for making its own independent appraisal of and investigation into all risks arising in respect of the business of each Obligor and the Group or under or in connection with the Restructuring and any associated documentation including, but not limited to:

(a) the financial condition, creditworthiness, condition, affairs, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, completeness, adequacy and enforceability of any document entered into by any person in connection with the business or operations of any Obligor or the Group or any other agreement, arrangement or document entered into, made or executed in anticipation of, pursuant to or in connection with the Restructuring;

(c) whether such Participating Creditor has recourse (and the nature and extent of that recourse), against Abengoa or any other person or any of their respective assets under or in connection with the Restructuring and/or any associated documentation, the transactions therein contemplated or any other agreement, arrangement or document

entered into, made or executed in anticipation of, pursuant to or in connection with the Restructuring;

(d) the adequacy, accuracy and/or completeness of any information provided by the Restructuring Committee, the NM1 Committee Abengoa and their advisers or by any other person in connection with the Restructuring, and/or any associated documentation, the transactions contemplated therein or any other agreement, arrangement or document entered into, made or executed in anticipation of, pursuant to or in connection with the Restructuring; and

(e) the adequacy, accuracy and/or completeness of any advice obtained in connection with the Restructuring or in connection with the business or operations of an Obligor or the Group.

12.9.8 Accordingly, each Participating Creditor acknowledges to each of the Restructuring Committee and the NM1 Committee that it has not relied on, and will not hereafter rely on, either the Restructuring Committee or the NM1 Committee in respect of any of the matters referred to in this sub-clause 12.9.8 (*Own Responsibility*) and that consequently neither the Restructuring nor the NM1 Committee shall have any liability (whether direct or indirect, in contract, tort or otherwise) or responsibility to any Participating Creditor or any other person in respect of such matters.

12.9.9 Each Participating Creditor acknowledges that it has been represented by, or provided a reasonable period of time to obtain access to and advice by, counsel with respect to this Agreement and the transactions contemplated by this Agreement, the Term Sheet and the Restructuring Steps Plan. Accordingly, any rule of law or any legal decision that would provide any Participating Creditor with a defence to the enforcement of the terms of this Agreement against such Participating Creditor based upon lack of legal counsel shall have no application and is expressly waived.

12.9.10 *Exclusion of liability*

(a) Without prejudice to any provision of this Agreement excluding or limiting the liability of the Restructuring Committee or the NM1 Committee, no member of the Restructuring Committee or the NM1 Committee will be liable (including, without limitation, for negligence or any other category of liability whatsoever) for:

(i) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with the Restructuring or this Agreement;

(ii) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, the Restructuring or this Agreement or any other agreement, arrangement or document entered into, made or executed in

anticipation of, under or in connection with, the Restructuring or this Agreement;

(iii) without prejudice to the generality of paragraphs (i) and (ii) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of:

(A) any act, event or circumstance not reasonably within its control; or

(B) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets; breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

(b) No Party may file any suits, claims, actions or any other proceedings against any member of the Restructuring Committee or the NM1 Committee in respect of any act or omissions of any kind by the Restructuring Committee or the NM1 Committee.

(c) No Party may take any proceedings suits, claims, actions or any other proceedings against any officers, employees or agents of the members of the Restructuring Committee or the NM1 Committee in respect of any claim it might have against such other members of the Restructuring Committee or the NM1 Committee or in respect of any act or omission of any kind by that officer, employee or agent in relation to the Restructuring or this Agreement and any officer, employee or agent of the members of the Restructuring Committee or the NM1 Committee may rely on this Clause **provided that** nothing in this Clause shall prevent any member of the Restructuring Committee or the NM1 Committee taking any proceedings, suits, claims actions or other proceedings against its officers, employees or agents.

(d) Nothing in this Agreement shall oblige the members of the Restructuring Committee or the NM1 Committee to carry out:

(i) any "know your customer" or other checks in relation to any person; or

(ii) any check to the extent to which any transaction contemplated by this Agreement might be unlawful for any Party,

on behalf of any Party and each Party confirms to the members of the Restructuring Committee and the NM1 Committee that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Restructuring Committee or the NM1 Committee.

12.9.11 *Indemnity to the Restructuring Committee and NM1 Committee - Obligors*

Each Obligor shall promptly and in any case within ten (10) Business Days of demand indemnify any and all members the Restructuring Committee and the NM1 Committee against:

(a) without prejudice to paragraph (b) below, any cost, loss or liability incurred by a member of the Restructuring Committee or the NM1 Committee (acting reasonably) as a result of:

(i) investigating and analysing any event which it reasonably believes is a Termination Event;

(ii) acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised; or

(iii) the assumption of obligations by virtue of this Agreement;

(iv) the exercise of rights and powers conferred in favour of the Restructuring Committee and/or the NM1 Committee;

(v) the compliance by the Obligors and any other Party (other than the Restructuring Committee or the NM1 Committee) of any obligation included in this Agreement; or

(vi) instructing lawyers, accountants, tax advisers, surveyors or other professional advisers or experts as permitted under this Agreement; and

(b) any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by any member of the Restructuring Committee or the NM1 Committee or any other category of liability whatsoever but not including any claim based on the fraud of a member of the Restructuring Committee or the NM1 Committee in acting as member of the Restructuring Committee or the NM1 Committee under this Agreement.

12.9.12 *Indemnity to the Restructuring Committee and the NM1 Committee – Participating Creditors*

Each Participating Creditor (other than (i) an NM1/NM3 Creditor, (ii) a Non-Compromised Creditor, (iii) an NM2 Creditor, (iv) an Initial Bonding Provider or (v) a Credit Insurance Provider to the extent that it duly evidences when acceding this Agreement that due to statutory or regulatory restrictions or limitations is not entitled to grant this indemnity) shall in the proportion that

its share of the Affected Debt and Non-Spanish Debt to be Restructured bears to the total Affected Debt and Non-Spanish Debt to be Restructured as a whole indemnify each member of the Restructuring Committee and the NM1 Committee, within 3 (three) Business Days of written demand, against any cost, expense, loss or liability incurred by any member of the Restructuring Committee or the NM1 Committee in acting as a member of the Restructuring Committee or the NM1 Committee (other than by reason of such member's fraud, gross negligence or wilful misconduct and unless the members of the Restructuring Committee and the NM1 Committee have been reimbursed by the Obligors pursuant to sub-clause 12.9.11 (*Indemnity to the Restructuring Committee and NM1 Committee - Obligors*) up to a maximum amount of EUR 1,000,000 per each Participating Creditor (in aggregate with such Participating Creditor's Affiliates and/or Related Funds). If a Participating Creditor has indemnified any member of the Restructuring Committee or the NM1 Committee under this paragraph for any cost (including fees of the legal and financial advisors of each committee), expense, loss or liability which is subsequently recovered from the Obligors, the relevant member of the Restructuring Committee or the NM1 Committee shall reimburse such Participating Creditor(s) for any indemnification payments out of but only to the extent of this recovery.

12.9.13 *Resignation*

(a) Any member of the Restructuring Committee, Coordination Committee or the NM1 Committee shall be entitled to resign at any time without assigning any reason by giving at least five Business Days' prior written notice to the other members of such committee, and giving a copy of the notice to Abengoa, the Restructuring Agent and, as applicable, the Restructuring Committee, the Coordination Committee and the NM1 Committee. No Restructuring Committee member, Coordination Committee member or NM1 Committee member shall be under an obligation to continue in its role once the notice period has expired.

(b) Any resigning:

(i) member of the NM1 Committee shall be replaced by the New Money Financing Anchor Funder with the next largest NM1 Initial Anchor Commitment and who consents to join the NM1 Committee (or if the New Money Financing Anchor Funder with the next largest NM1 Initial Anchor Commitment is already serving on the NM1 Committee, the next New Money Financing Anchor Funder by size of NM1 Initial Anchor Commitment who consents to join the NM1 Committee) **provided that** if such resigning New Money Financing Anchor Funder was a Qualifying New Money Financing Anchor Funder any replacement New Money Financing Anchor Funder shall also be required to be a Qualifying New Money Financing Anchor Funder;

(ii) member of the Restructuring Committee who qualified as a member of the Restructuring Committee pursuant to limb (b) of the definition of "Restructuring Committee" shall be replaced by the New Money Financing Anchor Funder with the next largest exposure under the Existing Loans/Notes and who also qualifies in accordance with limb (b) of the definition of "Restructuring Committee" and who consents to join the Restructuring Committee (or if the New Money Financing Anchor Funder is already serving on the Restructuring Committee and/or the NM1 Committee, the New Money Financing Anchor Funder by size of Existing Loans/Notes); and

(iii) member of the Coordination Committee shall be replaced by the Existing Creditor with the next largest exposure under the Existing Loans/Notes and who consents to join the Coordination Committee (or if the Existing Creditor with the next largest exposure is already serving on the Coordination Committee, the next Existing Creditor by size of Existing Financial Indebtedness).

(c) If a New Money Financing Anchor Funder resigns as member of the Restructuring Committee or the NM1 Committee, it shall, without further notice, simultaneously resign from both the Restructuring Committee and the NM1 Committee and shall be replaced in accordance with paragraph (b) above.

(d) Resignation or replacement does not affect (a) a party's accrued rights and obligations as a member of the Restructuring Committee, Coordination Committee or NM1 Committee (as appropriate) at the date of resignation or replacement; or (b) other than with respect to its rights and obligations in its capacity as a member of the Restructuring Committee, Coordination Committee or NM1 Committee (as appropriate), any of that party's other rights and obligations under this Agreement, which shall remain in full force and effect.

12.9.14 *Automatic Termination of appointment upon the Restructuring Completion Date*

Unless otherwise agreed the appointment of the Restructuring Committee and the NM1 Committee shall automatically terminate upon the Restructuring Completion Date, or on such other date as the Restructuring Committee, the NM1 Committee and Abengoa may from time to time agree. Termination will not affect (i) a party's accrued rights and obligations as a member of the Restructuring Committee or NM1 Committee (as appropriate) at the date of termination; or (ii) other than with respect to its rights and obligations in its capacity as a member of the Restructuring Committee or NM1 Committee (as appropriate), any of that party's other rights and obligations under this Agreement, which shall remain in full force and effect.

12.9.15 *Automatic termination of appointment upon transfer or termination of commitments and/or ceasing to be a Qualifying NM1 Creditor*

(a) The appointment of a New Money Financing Anchor Funder as a member of the NM1 Committee and/or the Restructuring Committee (the "**Original Member**") (together in each case with any of their respective Affiliates, Related Parties or Related Funds):

(i) shall, subject to the proviso below, terminate automatically on the reduction to zero, or transfer of an amount of that New Money Financing Anchor Funder's NM1 Initial Anchor Commitments (including as a result of the operation of sub-clauses 19.11.3 (*Replacement of a New Money Financing Anchor Funder*) but not as a result of any scale back pursuant to the terms of the New Money Financing Commitment Letter) which has the effect of reducing that New Money Financing Anchor Funder's commitment to provide New Money Tranche 1 to an amount which is less than 75 per cent. of its NM1 Initial Anchor Commitment (such NM1 Anchor Funder being a "**Reduced NM1 Committee Member**"); and

(ii) a Reduced NM1 Committee Member shall be replaced by the New Money Financing Anchor Funder with, at the time of such termination, the next largest commitment to provide New Money Tranche 1 who consents to join, and who is otherwise not already on, the NM1 Committee and/or the Restructuring Committee (or if the New Money Financing Anchor Funder with the next largest commitment to provide New Money Tranche 1 does not so consent, the next New Money Financing Anchor Funder by size of commitment to provide New Money Tranche 1 who does so consent to join the NM1 Committee) (a "**Replacement Member**"),

***provided that*** a Reduced NM1 Committee Member (A) shall remain on the NM1 Committee and/or the Restructuring Committee, and shall not be replaced in accordance with paragraph (i) or (ii) above in circumstances where the New Money Financing Anchor Funder which would otherwise be a Replacement Member has an aggregate commitment to provide New Money Tranche 1 which is less than that of the Reduced NM1 Committee Member's commitment to provide New Money Tranche 1; and (B) in the case of an Original Member which is also Qualifying New Money Financing Anchor Funder, shall only be replaced by a Replacement Member which is also a Qualifying New Money Financing Anchor Funder.

(b) Each Qualifying New Money Financing Anchor Funder shall promptly upon becoming aware notify Abengoa, the Restructuring Agent and the NM1 Committee that it is no longer a Qualifying NM1 Creditor.

(c) The appointment of a Qualifying New Money Financing Anchor Funder (together in each case with any of their respective Affiliates,

Related Parties or Related Funds) as a member of the NM1 Committee shall terminate 5 (five) Business Days following the date upon which such Qualifying New Money Financing Anchor Funder provides notice that it is no longer a Qualifying NM1 Creditor (a "**Non-Qualifying NM1 Committee Member**") pursuant to sub-clause 12.9.15(b) above. A Non-Qualifying NM1 Committee Member shall be replaced on the NM1 Committee by the New Money Financing Anchor Funder with the next largest New Money Financing Anchor Funder who: (i) consents to join the NM1 Committee; (ii) is not already a member of the NM1 Committee; and (iii) who is a Qualifying New Money Financing Anchor Funder.

(d) The appointment of an Initial Bonding Provider as a member of the Restructuring Committee and the Coordination Committee (together in each case with any of their respective Affiliates, Related Parties or Related Funds):

(i) shall terminate automatically on the reduction to zero, or transfer of more than 25 per cent., of that Initial Bonding Provider's (x) Affected Debt or Non-Spanish Debt to be Restructured or (y) New Bonding Facilities commitments (including as a result of the operation of sub-clauses 19.11.4 (*Replacement of an Initial Bonding Provider*); and

(ii) shall be replaced by the Initial Bonding Provider with the next largest exposure under the New Bonding Facilities Commitment Agreement and who consents to join the Coordination Committee and the Restructuring Committee (or if the Initial Bonding Provider with the next largest New Bonding Facilities commitment is already serving on the Coordination Committee and the Restructuring Committee, the next New Bonding Facilities Provider by size of New Bonding Facilities commitment).

## 13. OBLIGORS' AGENT

13.1.1 Each Obligor (other than Abengoa), by its execution of this Agreement, irrevocably appoints Abengoa to act on its behalf as its agent (the "**Obligors' Agent**") in relation to the Restructuring and irrevocably authorises:

(a) the Obligors' Agent on its behalf to supply all information concerning itself contemplated by this Agreement to Participating Creditors and to give all notices and instructions, to execute on its behalf any document and carry out any action related to the Restructuring or this Agreement, to make such agreements and to effect the relevant amendments, supplements and variations capable of being given, made or effected by any Obligor notwithstanding that they may affect the Obligor (including, by increasing the obligations of such Obligor, howsoever fundamentally, whether by increasing the liabilities guaranteed or otherwise), without further reference to or the consent of that Obligor; and

(b) each Participating Creditor, the Restructuring Agent and the Restructuring Committee to give any notice, demand or other communication to that Obligor pursuant to this Agreement to the Obligors' Agent,

and, in each case, the Obligor shall be bound as though the Obligor itself had given the notices and instructions or executed or made the agreements or effected the amendments, supplements or variations, or received the relevant notice, demand or other communication.

13.1.2 Every act, omission, agreement, undertaking, settlement, waiver, amendment, supplement, variation, notice or other communication given or made by the Obligors' Agent or given to the Obligors' Agent under this Agreement on behalf of another Obligor or in connection with the Restructuring or this Agreement (whether or not known to any other Obligor) shall be binding for all purposes on that Obligor as if that Obligor had expressly made, given or concurred with it. In the event of any conflict between any notices or other communications of the Obligors' Agent and any other Obligor, those of the Obligors' Agent shall prevail.

## 14. RESTRUCTURING AGENT

### 14.1 Appointment

14.1.1 Each of the Participating Creditors appoints the Restructuring Agent to act as its agent under and in connection with this Agreement and the Restructuring. The Restructuring Agent expressly accepts the appointment.

14.1.2 Subject to the terms of the Agreement, each of the Participating Creditors authorises the Restructuring Agent to perform the duties, obligations and responsibilities and to exercise the rights, powers, authorities and discretions specifically given to the Restructuring Agent under or in connection with this Agreement and the Restructuring together with any other incidental rights, powers, authorities and discretions.

14.1.3 Each Obligor agrees hereby to pay the Restructuring Agent the agency fee in accordance with the Agency Fee Letter.

### 14.2 Instructions

14.2.1 The Restructuring Agent shall:

(a) unless a contrary indication appears in this Agreement, exercise or refrain from exercising any right, power, authority or discretion vested in it as Restructuring Agent in accordance with any instructions given to it by:

(i) the Restructuring Committee if this Agreement stipulates the matter is a Restructuring Committee decision;

(ii) the NM1 Committee if this Agreement stipulates the matter is an NM1 Committee decision;

(iii) all Participating Creditors if this Agreement stipulates the matter is an all Participating Creditors decision;

(iv) the Super Majority Participating Creditors if this Agreement stipulates the matter is a Super Majority Participating Creditors decision; and

(v) the Majority Qualifying NM1 Creditors if this Agreement stipulates the matter is a Majority Qualifying NM1 Creditor decision;

(vi) in all other cases, the Majority Participating Creditors; and

(b) not be liable for any act (or omission) if it acts (or refrains from acting) in accordance with paragraph (a) above; and

14.2.2 The Restructuring Agent shall be entitled to request instructions, or clarification of any instruction, from the Restructuring Committee, the NM1 Committee, the Majority Participating Creditors, the Super Majority Participating Creditors or all the Participating Creditors (as the case may be in accordance with this Agreement) as to whether, and in what manner, it should exercise or refrain from exercising any right, power, authority or discretion and the Restructuring Agent may refrain from acting unless and until it receives those instructions or that clarification.

14.2.3 Save in the case of decisions stipulated to be a matter for any Participating Creditor or group of Participating Creditors under this Agreement and unless a contrary indication appears in this Agreement, any instructions given to the Restructuring Agent by the Restructuring Committee shall override any conflicting instructions given by any other Parties and will be binding on all Parties.

14.2.4 The Restructuring Agent may refrain from acting in accordance with any instructions of any Participating Creditor or group of Participating Creditors until it has received any indemnification and/or guarantee and/or security (at the Restructuring Agent's satisfaction) for any cost, loss or liability (together with the relevant taxes) which it may incur in complying with those instructions and which, for the avoidance of doubt, may be in addition to and more extensive than any guarantee, indemnity or security expressly provided for in this Agreement.

14.2.5 In the absence of instructions, the Restructuring Agent may act (or refrain from acting) as it considers to be in the best interest of the Participating Creditors.

14.2.6 The Restructuring Agent is not authorised to act on behalf of a Participating Creditor (without first obtaining that Participating Creditor's consent and, if such is the case, without being granted the required documents for such purposes) in any legal or arbitration proceedings relating to this Agreement or the Restructuring.

14.2.7 The Participating Creditors (other than the NM1/NM3 Creditors or Non-Compromised Debt Creditors in their respective capacities as such) expressly authorise the Restructuring Agent to sign and raise on its behalf any document relating to the Restructuring (including waivers and amendments set out in Clause 19.11 (*Amendments, waivers and consents*)) that have been approved in accordance with Clause 9.2 (*Restructuring Documents*) into the status of Spanish Public Document (*elevar a público*).

14.2.8 Should any Participating Creditor (other than the NM1/NM3 Creditors or Non-Compromised Debt Creditors in their respective capacities as such) not be able to empower the Restructuring Agent, such Participating Creditor shall use commercially reasonable efforts to assist the Restructuring Agent and carry out any actions the Restructuring Agent may reasonably request.

## 14.3 Duties of the Restructuring Agent

14.3.1 The Restructuring Agent's duties under this Agreement are solely mechanical and administrative in nature.

14.3.2 The Restructuring Agent shall promptly forward to a Party the original or a copy of any document (other than any Accession Letter) which is delivered to the Restructuring Agent for that Party by any other Party.

14.3.3 The Restructuring Agent shall promptly forward to the Information Agent any documents (including Accession Letters and Debt Amendment Notices with data from any such documents to be tabulated and provided in a spreadsheet format to be provided by the Information Agent) which are delivered to the Restructuring Agent and which are requested by the Information Agent for the purposes of calculation or allocation of Alternative Restructuring Entitlements.

14.3.4 Except where this Agreement specifically provides otherwise, the Restructuring Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.

14.3.5 If the Restructuring Agent receives notice from a Party referring to this Agreement, describing a default and stating that the circumstance described is a Termination Event, it shall promptly notify the other Participating Creditors.

14.3.6 The Restructuring Agent shall have only those duties, obligations and responsibilities expressly specified in this Agreement (and no others shall be implied).

## 14.4 No fiduciary duties

14.4.1 Nothing in this Agreement constitutes the Restructuring Agent as a trustee or fiduciary of any other person.

14.4.2 The Restructuring Agent shall not be bound to account to any Participating Creditor for any sum or the profit element of any sum received by it for its own account.

14.5 **Business with the Group**

The Restructuring Agent may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of the Group.

14.6 **Rights and discretions of the Restructuring Agent**

14.6.1 The Restructuring Agent may:

(a) rely on and is authorised to act in accordance with

(i) any representation, communication, notice or document believed by it to be genuine, correct and appropriately authorised; and

(ii) any representation made by a director, attorney or employee of the Obligors in relation to any matter that may reasonably presume that belongs to its competency or that has capacity to verify.

(b) assume that:

(i) any instructions received by it from the Restructuring Committee, the NM1 Committee, the Majority Participating Creditors, the Super Majority Participating Creditors, any Participating Creditors or any group of Participating Creditors are duly given in accordance with the terms of this Agreement; and

(ii) unless it has received notice of revocation, that those instructions have not been revoked; and

(c) rely on a certificate from any person:

(i) as to any matter of fact or circumstance which might reasonably be expected to be within the knowledge of that person; or

(ii) to the effect that such person approves any particular dealing, transaction, step, action or thing,

as sufficient evidence that that is the case and, in the case of paragraph (c) above, may assume the truth and accuracy of that certificate.

14.6.2 The Restructuring Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Participating Creditors) that:

(a) no Termination Event has occurred;

(b) any right, power, authority or discretion vested in any Party or any group of Participating Creditors has not been exercised; and

(c) any notice or request made by Abengoa is made on behalf of and with the consent and knowledge of all the Obligors.

14.6.3 The Restructuring Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.

14.6.4 Without prejudice to this Clause, the Restructuring Agent may at any time engage and pay for the services of any lawyers to act as independent counsel to the Restructuring Agent (and so separate from any lawyers instructed by the Participating Creditors) if the Restructuring Agent in its reasonable opinion deems this to be desirable.

14.6.5 The Restructuring Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Restructuring Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of its so relying.

14.6.6 The Restructuring Agent may act in relation to the Restructuring and this Agreement through its officers, employees and agents and the Restructuring Agent shall not:

(a) be liable for any error of judgment made by any such person; or

(b) be bound to supervise, or be in any way responsible for any loss incurred by reason of misconduct, omission or default on the part, of any such person,

unless such error or such loss was directly caused by the Restructuring Agent's gross negligence or wilful misconduct.

14.6.7 Unless this Agreement expressly provides otherwise, the Restructuring Agent may disclose to any other Party any information it reasonably believes it has received as Restructuring Agent under this Agreement.

14.6.8 Without prejudice to the generality of the paragraph above, the Restructuring Agent:

(a) may disclose; and

(b) on the written request of Abengoa or the Restructuring Committee shall, as soon as reasonably practicable, disclose,

the identity of a Defaulting Consenting Existing Creditor or Defaulting ICA Creditor to the other Parties to this Agreement.

14.6.9 Notwithstanding any other provision of this Agreement to the contrary, the Restructuring Agent is not to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.

14.6.10 Notwithstanding any provision of this Agreement to the contrary, the Restructuring Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities or the exercise of any right, power, authority or discretion if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

**14.7 Responsibility for documentation**

The Restructuring Agent shall not be responsible or liable for:

14.7.1 the adequacy, accuracy or completeness of any information (whether oral or written) provided by any person in or in connection with the Restructuring or this Agreement or the transactions contemplated by the Restructuring Steps Plan or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with the Restructuring or this Agreement; or

14.7.2 the legality, validity, effectiveness, adequacy or enforceability of this Agreement or any other agreement, arrangement or document entered into, made or executed in anticipation of or in connection with the Restructuring; or

14.7.3 any determination as to whether any information provided or to be provided to any Participating Creditor is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

**14.8 No duty to monitor**

The Restructuring Agent shall not be bound to enquire:

14.8.1 whether or not any Termination Event has occurred;

14.8.2 as to the performance, default or any breach by any Party of its obligations under this Agreement; or

14.8.3 whether any other event specified in this Agreement has occurred.

**14.9 Exclusion of liability**

14.9.1 Without limiting the following paragraph (and without prejudice to any other provision of this Agreement excluding or limiting the liability of the Restructuring Agent), the Restructuring Agent will not be liable (including, without limitation, for negligence or any other category of liability whatsoever) for:

(a) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with the Restructuring or this Agreement, unless directly caused by its gross negligence or wilful misconduct;

(b) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, the Restructuring or this Agreement or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, the Restructuring or this Agreement;

(c) without prejudice to the generality of paragraphs (a) and (b) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of:

(i) any act, event or circumstance not reasonably within its control; or

(ii) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets; breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

14.9.2 No Party (other than the Restructuring Agent) may take any proceedings against any officer, employee or agent of the Restructuring Agent in respect of any claim it might have against the Restructuring Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to the Restructuring or this Agreement and any officer, employee or agent of the Restructuring Agent may rely on this Clause.

14.9.3 Nothing in this Agreement shall oblige the Restructuring Agent to carry out:

(a) any "know your customer" or other checks in relation to any person; or

(b) any check to the extent to which any transaction contemplated by this Agreement might be unlawful for any Participating Creditor,

on behalf of any Participating Creditor and each Participating Creditor confirms to the Restructuring Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Restructuring Agent.

14.10 **Indemnity to the Restructuring Agent**

14.10.1 Each Obligor shall promptly and in any case within ten (10) Business Days of demand indemnify the Restructuring Agent against any cost, loss or liability incurred by the Restructuring Agent (acting reasonably) as a result of:

(a) investigating and analysing any event which it reasonably believes is a Termination Event;

(b) acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised; or

(c) the performance of obligations in accordance with and by virtue of this Agreement;

(d) the exercise of rights and powers conferred in favour of the Restructuring Agent pursuant to this Agreement;

(e) instructing lawyers, accountants, tax advisers, surveyors or other professional advisers or experts as permitted under this Agreement (**provided that** such costs have been reasonably incurred by such persons); and

(f) any cost, loss or liability incurred by the Restructuring Agent (otherwise than by reason of the Restructuring Agent's gross negligence or wilful misconduct) or any other category of liability whatsoever but not including any claim based on the fraud of the Restructuring Agent in acting as Restructuring Agent under this Agreement.

14.10.2 Only to the extent that the Obligors do not indemnify the Restructuring Agent within the time period specified in sub-clause 14.10.1 above, each Participating Creditor (other than a Credit Insurance Provider to the extent that it duly evidences when acceding this Agreement that due to statutory or regulatory restrictions or limitations it is not entitled to grant this indemnity), in the proportion that its share of the Affected Debt and Non-Spanish Debt to be Restructured bears to the total Affected Debt and Non-Spanish Debt to be Restructured and up to a maximum of EUR 500,000 per each Participating Creditor (in aggregate with such Participating Creditor's Affiliates and/or Related Funds) shall within ten (10) Business Days of demand by the Restructuring Agent indemnify the Restructuring Agent against any cost, loss or liability incurred by the Restructuring Agent (acting reasonably) which has not been indemnified by the Obligors pursuant to sub-clause 14.10.1 above.

14.10.3 If the Participating Creditors have indemnified the Restructuring Agent under this Clause 14.10 for any cost, expense, loss or liability which is subsequently recovered from the Obligors, the Restructuring Agent shall reimburse the Participating Creditors for any indemnification payments out of but only to the extent of this recovery.

14.11 **Resignation of the Restructuring Agent**

14.11.1 The Restructuring Agent may resign and appoint one of its affiliates as successor by giving notice to the Participating Creditors and Abengoa.

14.11.2 Alternatively the Restructuring Agent may resign by giving 30 days' notice to the Participating Creditors and Abengoa, in which case the Restructuring Committee (after consultation with Abengoa) may appoint a successor Restructuring Agent.

14.11.3 If the Restructuring Committee has not appointed a successor Restructuring Agent in accordance with the previous paragraph within 10 days after notice of resignation was given, the retiring Restructuring Agent (after consultation with Abengoa) may appoint a successor Restructuring Agent.

14.11.4 If the Restructuring Agent wishes to resign because (acting reasonably) it has concluded that it is no longer appropriate for it to remain as agent and the Restructuring Agent is entitled to appoint a successor Restructuring Agent under the previous paragraph, the Restructuring Agent may agree with the proposed successor Restructuring Agent amendments to the agency fee payable under this Agreement which are consistent with the successor Restructuring Agent's normal fee rates and those amendments will bind the Parties.

14.11.5 The retiring Restructuring Agent shall, at its own cost, make available to the successor Restructuring Agent such documents and records and provide such assistance as the successor Restructuring Agent may reasonably request for the purposes of performing its functions as Restructuring Agent under this Agreement. Abengoa shall, within three (3) Business Days of demand, reimburse the retiring Restructuring Agent for the amount of all costs and expenses (including legal fees) properly incurred by it in making available such documents and records and providing such assistance.

14.11.6 The Restructuring Agent's resignation notice shall only take effect upon the acceptance of the appointment of a successor.

14.11.7 Upon the appointment of a successor, the retiring Restructuring Agent shall be discharged from any further obligation in respect of the Restructuring and this Agreement but shall remain entitled to the benefit of Clause 14.10 (*Indemnity to the Restructuring Agent*) and this Clause (and any agency fees for the account of the retiring Restructuring Agent shall cease to accrue from (and shall be payable on) that date). Any successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

14.12 **Replacement of the Restructuring Agent**

14.12.1 The Restructuring Committee and the NM1 Committee or the Majority Participating Creditors may, by giving 30 days' notice to the Restructuring Agent, replace the Restructuring Agent by appointing a successor Restructuring Agent.

14.12.2 The retiring Restructuring Agent shall make available to the successor Restructuring Agent such documents and records and provide such assistance as the successor Restructuring Agent may reasonably request for the purposes of performing its functions as Restructuring Agent under this Agreement.

Abengoa shall, within three (3) Business Days of demand, reimburse the retiring Restructuring Agent for all costs and expenses (including legal fees) properly incurred by it in making available such documents and records and providing such assistance.

14.12.3 The appointment of the successor Restructuring Agent shall take effect on the date specified in the notice from the Restructuring Committee and the NM1 Committee or the Majority Participating Creditors and Abengoa to the retiring Restructuring Agent. As from this date, the retiring Restructuring Agent shall be discharged from any further obligation in respect of the Restructuring and this Agreement (other than its obligations under this Clause 14.12 but shall remain entitled to the benefit of Clause 14.10 (*Indemnity to the Restructuring Agent*) and this Clause (and any agency fees for the account of the retiring Restructuring Agent shall cease to accrue from (and shall be payable on) that date).

14.12.4 Any successor Restructuring Agent and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

14.13 **Confidentiality**

14.13.1 In acting as agent for the Participating Creditors, the Restructuring Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

14.13.2 If information is received by another division or department of the Restructuring Agent, it may be treated as confidential to that division or department and the Restructuring Agent shall not be deemed to have notice of it.

14.13.3 In case any of the other divisions or departments of the Restructuring Agent receive any kind of information, this information shall be deemed as confidential information belonging to such division or department and, consequently, shall not be deemed received by the Restructuring Agent.

14.13.4 Notwithstanding any other provision of this Agreement to the contrary, the Restructuring Agent is not obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty.

14.14 **Relationship with the Participating Creditors**

14.14.1 The Restructuring Agent may treat the person shown in its records as Participating Creditor as the Participating Creditor entitled to receive and act upon any notice, request, document or communication or make any decision or determination under this Agreement made or delivered on that day, unless it has received not less than five (5) Business Days' prior notice from that Participating Creditor to the contrary in accordance with the terms of this Agreement.

14.14.2 Any Participating Creditor may by notice to the Restructuring Agent appoint a person to receive on its behalf all notices, communications, information and documents to be made or despatched to that Participating Creditor under this Agreement. Such notice shall contain the address, fax number and (where communication by electronic mail or other electronic means is permitted under sub-clause 19.10.5 (*Electronic communication*)) electronic mail address and/or any other information required to enable the sending and receipt of information by that means (and, in each case, the department or officer, if any, for whose attention communication is to be made) and be treated as a notification of a substitute address, fax number, electronic mail address, department and officer by that Participating Creditor for the purposes of sub-clause 19.10.2 (*Addresses*) and sub-clause 19.10.5 (*Electronic communication*) and the Restructuring Agent shall be entitled to treat such person as the person entitled to receive all such notices, communications, information and documents as though that person were that Participating Creditor.

14.15 **Credit appraisal by the Participating Creditors**

Without affecting the responsibility of each Obligor for information supplied by it or on its behalf in connection with the Restructuring and this Agreement, each Participating Creditor confirms to the Restructuring Agent that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with the Restructuring and this Agreement.

## 15. PARTICIPATING CREDITORS' DECISIONS

15.1.1 Where this Agreement contemplates that a particular matter requires the approval, consent, agreement, determination, acceptance or election of the Participating Creditors or any sub-category or majority of Participating Creditors, the Restructuring Agent shall send the relevant request to each relevant Participating Creditor in writing.

15.1.2 For the purposes of determining whether the sufficient percentage of Participating Creditors or any sub-category or majority of Participating Creditors have consented to a consent request:

(a) the Restructuring Agent shall be required to notify each relevant Participating Creditor that it requires their consent to a consent request and, if further confidential information is reasonably required by the Participating Creditor in order for them to have sufficient information to vote in relation to such consent request, shall offer to provide the relevant confidential information (the "**Relevant Information**") to that Participating Creditor;

(b) the Participating Creditors who elect to accept the Relevant Information offered in relation to such consent request shall notify the Restructuring Agent within two (2) Business Days of the initial notification that it elects to receive the Relevant Information and the Restructuring Agent shall promptly provide the Relevant Information to those Participating Creditors who have elected to receive it,

**provided that** this shall not prevent any Participating Creditor notifying the Restructuring Agent after two (2) Business Days of the initial notification that it elects to receive the Relevant Information (and the Restructuring Agent shall promptly provide the Relevant Information to the Participating Creditor);

(c) with the exception of a request for approval of a Restructuring Document pursuant to the approval procedures set out in Clause 12 (*Restructuring Committee and NM1 Committee*) or Clause 9.2 (*Restructuring Documents*) or in respect of a Unanimity NM1 Amendment, if any Participating Creditor:

(i) fails to request Relevant Information in accordance with sub-clause (b) above; or

(ii) after receiving Relevant Information, fails to respond within the later of (x) ten (10) Business Days of the Restructuring Agent's initial notification of such consent request and (y) if applicable, eight (8) Business Days of receipt of the Relevant Information by the initial Participating Creditors who notified the Restructuring Agent that they elect to receive the Relevant Information within two (2) Business Days of the initial notification of such consent request,

their aggregate amount of Affected Debt, Non-Spanish Debt to be Restructured, New Money Financing commitments and/or New Bonding Facilities commitments (as applicable) shall not be included for the purpose of calculating whether the approval of the Participating Creditors or any sub-category or majority of Participating Creditors has been obtained; and

(d) consent shall be deemed to be given in relation to the relevant consent request to the extent that no Participating Creditor responds to such consent request within ten (10) Business Days of the Restructuring Agent's initial notification of the consent request.

## 16. CLEANSING

16.1.1 Each Obligor and each Participating Creditor acknowledges and agrees that some or all of the information to be provided by the Parent or any member of the Group (or any of their respective professional advisers) to the Participating Creditors, to the Restructuring Committee or to the NM1 Committee in connection with this Agreement, the New Financing and/or the Restructuring including, without limitation, any information provided (whether orally or in writing) in respect to questions regarding the Group or any of its assets which are submitted by or on behalf of any Participating Creditor or member of the Restructuring Committee, may be:

(a) material non-public price sensitive information or otherwise constitute material non-public information (within the meaning of Rule 10b5-1

promulgated under the US Securities Exchange Act of 1934, as amended); or

(b) inside information (or equivalent as defined under any applicable law including, without limitation, within the meaning of the Council Regulation (EU) No. 596/2014 of the European Parliament and of the Council of 16 April 2014 or insider dealing and market manipulation (including any amendment, re-enactment and/or replacement thereof) as such regulation may be implemented in an applicable national laws of any member state of the European Union),

(collectively, "**Material Price Sensitive Information**") and that the use and dissemination of such Material Price Sensitive Information may be regulated or prohibited by applicable legislation, including securities law, regulations or principles of conduct relating to insider-dealing and market abuse that prohibit the purchase and sale of securities by persons who possess material non-public information and restrict the disclosure of material non-public information relating to the Group and its assets in certain circumstances.

16.1.2 Each Participating Creditor and each member of the Restructuring Committee and the NM1 Committee may elect whether or not to receive Material Price Sensitive Information and any such information will be provided through Houlihan Lokey (or if provided under Clause 15 (*Participating Creditors' Decisions*), the Restructuring Agent), unless the relevant Participating Creditor or member of the Restructuring Committee or NM1 Committee has consented to receive Material Price Sensitive Information directly, in which case the Material Price Sensitive Information may be provided directly to such Participating Creditor or member of the Restructuring Committee.

16.1.3 In the event that Material Price Sensitive Information is provided to a Participating Creditor or member of the Restructuring Committee or NM1 Committee, such information shall be provided solely by the Parent and not by any other member of the Group. The Parent shall not, and shall ensure that each member of the Group and/or the Parent's or the Group's advisers shall not, provide any Material Price Sensitive Information to any Relevant Participant (as defined below) who has not elected to receive such information.

16.1.4 The Parent hereby agrees that on one or more of the Cleansing Dates it will, in accordance with the procedures set out in this Agreement make available to the public markets such of the Material Price Sensitive Information which a Participating Creditor or member of the Restructuring Committee considers reasonably necessary in order for it to carry out a sale or purchase of securities relating to the Group without being in breach of applicable laws or regulations or principles of conduct of any relevant jurisdiction (an "**Unrestricted Trade**").

16.1.5 The Parent will effect the cleansing by making a Cleansing Announcement (as defined below) in accordance with the terms of this Clause 16.

16.1.6 No less than three Business Days prior to a Cleansing Date, the Parent shall provide a draft announcement (or details as to the content of the draft

announcement) to the relevant Participating Creditor, the Restructuring Committee, the NM1 Committee and any entities that have ceased to be members of the Restructuring Committee or NM1 Committee and who received Material Price Sensitive Information which has not yet been made available to the public markets under this Agreement (together, the "**Relevant Participants**") summarising the Material Price Sensitive Information which the Parent proposes to make available to the public markets in order to effect the cleansing. The Parent and each Relevant Participant shall consult in good faith to agree the form and content of the Material Price Sensitive Information contained in the proposed announcement to the public markets. The Parent and each Relevant Participant agrees that the announcement shall contain all Material Price Sensitive Information and shall be in sufficient detail to ensure that no Relevant Participant is, following disclosure to the public markets, restricted from trading any securities in any respect. Once the process, form, content and manner of disclosure of the draft announcement has been agreed between the Parent and the Relevant Participants (the agreed form announcement being the "**Cleansing Announcement**"), the Parent shall effect the cleansing by making the Cleansing Announcement available to the public markets by publishing the same on the investor relations section of the Group's website.

The Cleansing Announcement must be released by the Parent on the relevant Cleansing Date simultaneously in Spanish and in English. The Cleansing Announcement will be released simultaneously to the Spanish securities regulator (Comisión Nacional del Mercado de Valores).

16.1.7 In the event that:

(a) a Cleansing Date occurs and the Parent and the Relevant Participants do not agree the form and content of the draft announcement in accordance with this Clause 16;

(b) a Cleansing Date occurs and the form and content of the draft announcement is agreed between the Parent and the Relevant Participants, but the Parent fails to make the Cleansing Announcement on the Cleansing Date in accordance with the terms of this Clause 16;

(c) an Insolvency Event occurs; or

(d) the Termination Date occurs,

each and any Relevant Participant shall be immediately entitled to publish the Material Price Sensitive Information within three Business Days of the Cleansing Date, the Termination Date or an Insolvency Event (as applicable).

16.1.8 Notwithstanding any other term of this Agreement, to the extent that any Cleansing Announcement refers to any Relevant Participant (or any of its Affiliates and/or Related Funds), the prior written consent of such Relevant Participant to such Cleansing Announcement shall be required.

16.1.9 The Parent, on behalf of itself, and on behalf of each Obligor and the Group, acknowledges and agrees that any Cleansing Announcement or any disclosure of Material Price Sensitive Information by any Relevant Participant (in each case in accordance with this Clause 16) shall not give rise to any claim by the Parent or any member of the Group against any Relevant Participant or any of its or their Affiliates and/or Related Funds or any of its, or their, officers, directors, employees, consultants and/or shareholders (at the time of disclosure or in the further) in relation to such disclosure, by reason of breach of any duty or obligation of confidentiality (including pursuant to any separate confidentiality agreement between any Relevant Participant and the Parent or any other member of the Group) or otherwise and the Parent, on behalf of itself and on behalf of the Obligors and the Group, hereby waives all rights in respect of such claims and irrevocably and unconditionally releases each Relevant Participant and any of its or their Affiliates and/or Related Funds and each of its and their officers, directors, employees, consultants or shareholders from any such claims.

16.1.10 Notwithstanding any other terms of this Agreement, the Parent and the Relevant Participants acknowledge and agree that the ultimate assessment as to whether the cleansing is sufficient to enable a Relevant Participant (or any of its Affiliates and/or Related Funds) to carry out an Unrestricted Trade must be conducted by such Relevant Participant and for the avoidance of doubt the Parent shall not be responsible for the outcome of such assessment or any decision by a Relevant Participant (or any of its Affiliates and/or Related Funds) to enter into a sale or purchase of securities following such cleansing.

16.1.11 The terms of this Clause 16 are without prejudice to the terms of any existing letter or agreement entered into between the Parent and any Relevant Participant in respect of cleansing of material non-public information relating to the Group and its assets which shall, for the avoidance of doubt, continue in full force and effect in accordance with its terms, notwithstanding any term of this Agreement.

16.1.12 Any Affiliate or Related Fund of any Relevant Participant shall be entitled to rely on, enforce and enjoy the benefit of this Clause 16 as if it was a party to this Agreement.

## 17. ACCESSION BY PARTICIPATING CREDITORS, OBLIGORS, SHAREHOLDERS AND INTRAGROUP CREDITORS

### 17.1 Accession by Creditors

17.1.1 Abengoa has invited all Creditors to sign and become Party to this Agreement.

17.1.2 The Original Participating Creditors have signed this Agreement on the Signing Date, but all other Existing Creditors and New Financing Providers are entitled to accede to this Agreement during an Accession Period. Any election or commitment under this Agreement or a New Financing Commitment Agreement by a Participating Creditor (including with respect to any Alternative Restructuring Entitlements) shall be binding on any transferee and shall not be capable of being amended afterwards (unless such amendment

is made in accordance with the terms of this Agreement or the New Financing Commitment Agreement, as applicable).

17.1.3 In order to accede to this Agreement:

(a) a relevant Existing Creditor and/or New Financing Provider with Existing Loans or Existing Bonding Facilities shall deliver to the Restructuring Agent (who will provide a copy to Abengoa) a duly signed and notarised (*elevada a público*) Non-Noteholder Accession Letter within an Accession Period;

(b) a relevant Existing Creditor and/or New Financing Provider with Existing Notes shall procure the delivery to the Restructuring Agent (who will provide a copy to Abengoa) of a duly signed and notarised (*elevada a público*) Noteholder Accession Letter within an Accession Period;

(c) a relevant Existing Creditor of the December 2015 Bank Facility and/or the September 2015 Bank Facility shall deliver to the Restructuring Agent (who will provide a copy to Abengoa) a duly signed and notarised (*elevada a público*) Acceding NM1B/NM2 Anchor Funder Accession Letter within an Accession Period;

(d) a Non-Compromised Creditor shall deliver to the Restructuring Agent (who will provide a copy to Abengoa) a duly signed and notarised (*elevada a público*) Non-Compromised Debt Creditor Accession Letter within an Accession Period;

(e) a Credit Insurance Provider shall deliver to the Restructuring Agent (who will provide a copy to Abengoa) a duly signed and notarised (*elevada a público*) Credit Insurance Provider Accession Letter within an Accession Period; and/or

(f) a transferee of rights, title, interest, benefits or obligations in respect of any Affected Debt, ACIL Bridge Claims, Non-Spanish Debt to be Restructured, this Agreement, or any New Financing Commitment Agreements in each case in accordance with clauses 9.13 (*Restrictions on Participating Creditors*) and 9.15 (*Restrictions on the New Financing Providers*) (as applicable) and subject to clause 9.14 (*Purchase and Sale of Affected Debt and Non-Spanish Debt to be Restructured*) shall deliver to, or procure the delivery to, the Restructuring Agent (who will provide a copy to Abengoa) of a duly signed and notarised (*elevada a público*) Transferee Accession Letter.

17.1.4 On the date of delivery of such Accession Letter, that person shall become a Party to this Agreement as a Participating Creditor and shall be bound by and comply with all of the terms of this Agreement which are expressed to be binding on a Participating Creditor (as applicable).

17.1.5 The Acceding Participating Creditor shall sign the Accession Letter in its capacity as Existing Creditor and/or New Financing Provider (as applicable).

17.1.6 Each Acceding Participating Creditor which is an Existing Creditor is entitled to elect (at its sole discretion) to be bound by the Alternative Restructuring Terms or the Standard Restructuring Terms in accordance with this Agreement.

17.1.7 If an Acceding Participating Creditor which is an Existing Creditor:

(a) wishes to elect the Alternative Restructuring Terms, its Accession Letter shall expressly state that it "expressly and irrevocably elects to implement the Restructuring of its Affected Debt and its Non-Spanish Debt to be Restructured through the Alternative Restructuring Terms";

(b) wishes to elect the Standard Restructuring Terms, its Accession Letter shall expressly state that it "expressly and irrevocably elects to implement the Restructuring of its Affected Debt and its Non-Spanish Debt to be Restructured through the Standard Restructuring Terms"; provided, however, that an Existing Creditor that is an Ineligible Investor may not elect the Standard Restructuring Terms; and/or

(c) is an Insured Creditor and/or Multi-Debt Creditor who needs or desires not to grant its consent to this Agreement or the Restructuring in respect of any particular Voluntarily Non-Adhered Insured Debt and/or Voluntarily Non-Adhered Debt, such Acceding Participating Creditor shall expressly and unequivocally identify such instrument/participation and the relevant amounts in its Accession Letter as set out in sub-clause 3.1.3 (*Insured Creditors and Multi-Debt Creditors*).

17.1.8 If an Existing Creditor:

(a) becomes a Party to this Agreement as Acceding Participating Creditor and in its Accession Letter it:

(i) does not expressly elect the Alternative Restructuring Terms or the Standard Restructuring Terms in accordance with this Agreement, the Standard Restructuring Terms shall apply to such Existing Creditor; and/or

(ii) does not expressly and unequivocally identify any Voluntarily Non-Adhered Insured Debt and/or Voluntarily Non-Adhered Debt, the Restructuring shall apply to all the Acceding Participating Creditor's Affected Debt and Non-Spanish Debt to be Restructured; and

(b) does not become a Party to this Agreement, the Standard Restructuring Terms shall apply to such Existing Creditor pursuant to either (i) the Extension of the Standard Restructuring Terms; or (ii) the relevant Non-Spanish Compromise Proceedings.

17.1.9 In both cases 17.1.8(a)(i) and (b) above, the relevant Existing Creditor will not be entitled to subsequently elect the Alternative Restructuring Terms.

17.2 **Accession by Obligors and Intragroup Creditors**

17.2.1 An Obligor or an Intragroup Creditor may accede as Party to this Agreement by delivering to Abengoa and the Restructuring Agent a duly signed and notarised (*elevada a público*) Obligor/Intragroup Creditor Accession Letter within an Accession Period.

17.2.2 Abengoa shall ensure that all Obligors listed in Part A (*Obligors*) of Schedule 1 (*Go Forward Companies*) accede to this Agreement in accordance with sub-clause 17.2.1 above.

17.2.3 Abengoa shall ensure that the relevant Chapter 11 Company signs and notarises (*elevar a público*) in Spain an Obligor/Intragroup Creditor Accession Letter in accordance with this Clause within three (3) Business Days as from the date that the Bankruptcy Court approves its execution of this Agreement.

17.2.4 On the date of delivery of a duly signed and notarised (*elevada a público*) Obligor/Intragroup Creditor Accession Letter, that person shall become a Party to this Agreement as an Obligor or Intragroup Creditor (as applicable) and shall be bound by and comply with all of the terms of this Agreement which are expressed to be binding on an Obligor or Intragroup Creditor (as applicable).

17.3 **Accession by the Existing Majority Shareholders**

17.3.1 An Existing Majority Shareholder may accede as Party to this Agreement by delivering to Abengoa and the Restructuring Agent a duly signed and notarised (*elevada a público*) Shareholder Accession Letter within the Initial Accession Period.

17.3.2 On the date of delivery of a duly signed and notarised (*elevada a público*) Shareholder Accession Letter, that person shall become a Party to this Agreement as a Majority Shareholder or Finarpisa (as applicable) and shall be bound by and comply with all of the terms of this Agreement which are expressed to be binding on the Majority Shareholder or Finarpisa or the Existing Majority Shareholders (as applicable).

18. **HOLDING PERIOD TRUST ARRANGEMENTS**

18.1 **Consenting Existing Creditors other than Ineligible Investors**

18.1.1 This Clause 18.1 applies to Consenting Existing Creditors other than Ineligible Investors.

18.1.2 No portion of the Alternative Restructuring Entitlements allocable to a Consenting Existing Creditor (other than the Consenting Existing Creditors described in Clause 18.2 (*Ineligible Investors*) below) will be transferred to such Consenting Existing Creditor in accordance with Clause 3 (*Restructuring Terms*) if the Information Agent have not received the Securities Crediting Information from such person on or prior to the Participation Deadline.

18.1.3 In the event that a Consenting Existing Creditor fails to provide the Securities Crediting Information to the Information Agent on or prior to the Participation Deadline, that Consenting Existing Creditor's Alternative Restructuring Entitlements will be issued or transferred to the Holding Period Trustee to be held in accordance with this Clause 18.1; **provided that** in respect of any Junior Old Money Notes or Senior Old Money Notes that may be allocable to such Consenting Existing Creditor pursuant to its Alternative Restructuring Entitlements, the aggregate principal amount of Junior Old Money Notes or Senior Old Money Notes (as the case may be) to which such Consenting Existing Creditor may be entitled pursuant to the terms of this Agreement that shall be issued or transferred to the Holding Period Trustee on behalf of such Consenting Existing Creditor shall be reduced by an amount equal to such Consenting Existing Creditor's Offset Amount.

18.1.4 In respect of any portion of a Consenting Existing Creditor's Alternative Restructuring Entitlements that is issued or transferred to the Holding Period Trustee, such Alternative Restructuring Entitlements will be held pursuant to a bare trust (the "**Trust**") for the relevant Existing Creditor (the "**Trust Securities**") until the earlier of:

(a) the Holding Period Expiry Date; and

(b) the date on which the Alternative Restructuring Entitlements of the relevant Existing Creditor are transferred in accordance with its wishes following:

(i) the receipt of the information requested in the Securities Crediting Notice; and

(ii) satisfaction of any know-your-customer requirements of Abengoa, the Restructuring Agent and/or the Information Agent,

subject to the terms of the applicable Restructuring Documents.

18.1.5 If the relevant Consenting Existing Creditor whose Alternative Restructuring Entitlements have been transferred to the Holding Period Trustee pursuant to the sub-clause 18.1.3 above provides the Securities Crediting Information on or prior to the Holding Period Expiry Date, then the Holding Period Trustee will deliver to such Consenting Existing Creditor the Trust Securities allocable to it (together with any interest payments made thereon during periods prior to such delivery) and the Parent shall procure that AbeNewco2 issues and delivers to such Consenting Existing Creditor, against cancellation of its Existing Notes, an aggregate principal amount of Junior Old Money Notes or Senior Old Money Notes (as the case may be) equal to the Offset Amount together with any interest that would have accrued thereon on had such Junior Old Money Notes or Senior Old Money Notes (as applicable) been outstanding during the period commencing on the Restructuring Completion Date through but not including the date of delivery of such securities by the Holding Period Trustee (such accrued interest to be paid immediately in cash to the extent is has already been paid in respect of outstanding Junior Old

Money Notes or Senior Old Money Notes (as applicable) during such period, with the newly issued and delivered securities thus becoming immediately fungible with outstanding Junior Old Money Notes or Senior Old Money Notes (as applicable)).

18.1.6 During the Holding Period, any Consenting Existing Creditor (other than an Ineligible Investor ) whose Alternative Restructuring Entitlements are held by the Holding Period Trustee under the Trust, having first provided the Securities Crediting Information, may direct the Holding Period Trustee to sell its Trust Securities on the Open Market and credit such Consenting Existing Creditor with the cash proceeds of such sale (after the deduction of the reasonable costs and expenses of the Holding Period Trustee in respect of such sale), provided that the Consenting Existing Creditor has provided to the Holding Period Trustee such information as it may reasonably request.

18.2 **Ineligible Investors**

18.2.1 In the case of a Consenting Existing Creditor that in its Accession Letter has represented that it is located in the United States and is neither a "qualified institutional buyer" within the meaning of Rule 144A under the Securities Act nor an "accredited investor" as defined in Rule 501(a) of the Securities Act (an "**Ineligible Investor**") and has elected the Alternative Restructuring Terms, none of such Ineligible Investor's Alternative Restructuring Entitlements that are "restricted" (as that term is defined in Rule 144 under the US Securities Act) will be transferred to such Ineligible Investor.

18.2.2 In respect of any such portion of an Ineligible Investor's Alternative Restructuring Entitlements that is "restricted", such Alternative Restructuring Entitlements shall be issued or transferred to the Holding Period Trustee; provided that in respect of any Junior Old Money Notes or Senior Old Money Notes that may be allocable to such Ineligible Investor pursuant to its Alternative Restructuring Entitlements, the aggregate principal amount of Junior Old Money Notes or Senior Old Money Notes (as the case may be) to which such Ineligible Investor may be entitled pursuant to the terms of this Agreement that shall be issued or transferred to the Holding Period Trustee on behalf of such Ineligible Investor shall be reduced by an amount equal to the Offset Amount (the "**Ineligible Investor Initial Trust Securities**").

18.2.3 Upon the Holding Period Trustee's receipt of the information requested in the Securities Crediting Notice and satisfaction of any know-your-customer requirements of Abengoa, the Restructuring Agent and/or the Information Agent, Parent shall procure that there be issued and transferred to the Holding Period Trustee on behalf of the Ineligible Investor, against cancellation of its Existing Notes, an aggregate principal amount of Junior Old Money Notes or Senior Old Money Notes (as the case may be) equal to the Offset Amount (the "**Ineligible Investor Top-Up Trust Securities**" and, together with the Ineligible Investor Initial Trust Securities", the "**Ineligible Investor Trust Securities**") together with any interest that would have accrued thereon on had such Ineligible Investor Top-Up Trust Securities) been outstanding during the period commencing on the Restructuring Completion Date through but not including the date of delivery of such Ineligible Investor Top-Up Trust

Securities to the Holding Period Trustee (such accrued interest to be paid immediately in cash to the extent is has already been paid in respect of outstanding Junior Old Money Notes or Senior Old Money Notes (as applicable) during such period, with the newly issued and delivered securities thus becoming immediately fungible with outstanding Junior Old Money Notes or Senior Old Money Notes (as applicable)).

18.2.4 The Holding Period Trustee will thereupon sell the Ineligible Investor Trust Securities on the Open Market and the cash proceeds of such sale (after the deduction of the reasonable costs and expenses of the Holding Period Trustee in respect of such sale) shall be paid by the Holding Period Trustee to the relevant Ineligible Investor, together with any interest payments made on the Ineligible Investor Initial Trust Securities during periods prior to their sale and the cash payment in respect of any accrued interest on the Ineligible Investor Top-Up Trust Securities above. At no point in time will such Ineligible Investor be entitled to any incidents of ownership with respect to any Ineligible Investor Trust Securities.

18.3 **Sale of Alternative Restructuring Entitlements for which No Securities Crediting Information is Provided**

If a Consenting Existing Creditor (including, for the avoidance of doubt, an Ineligible Investor) whose Alternative Restructuring Entitlements have been transferred to the Holding Period Trustee pursuant to the above clauses does not provide the Securities Crediting Information on or prior to the Holding Period Expiry Date, then the Holding Period Trustee will sell such Alternative Restructuring Entitlements on the Open Market and credit the relevant issuers of such Alternative Restructuring Entitlements with the cash proceeds of such sale (after the deduction of the reasonable costs and expenses of the Holding Period Trustee in respect of such sale). If that is not possible, then the Holding Period Trustee shall gift the net cash proceeds to such registered charity as the Holding Period Trustee thinks fit.

18.4 **Additional or Replacement Trustee**

The Holding Period Trustee hereby declares that it has the power to appoint an additional or replacement trustee over the Trust Securities at any time, subject to any additional or replacement trustee agreeing to be bound by the terms of this Agreement.

## 19. MISCELLANEOUS

19.1.2 *Disclosure by the Existing Majority Shareholders and members of the Group*

Confidential information about any Obligor, the Group, any Existing Majority Shareholder, the Restructuring, the Term Sheet, the Restructuring Steps Plan,

this Agreement and any of the transactions contemplated by this Agreement other than:

(a) information in the public domain prior to the date it becomes a Party to this Agreement; or

(b) to the extent made public as a result of any filings or announcements made pursuant to the Homologation Request, any Non-Spanish Compromise Proceeding, any Recognition Proceeding or in accordance with Clause 16 (*Cleansing*),

shall not be disclosed by any Obligor, Existing Majority Shareholder or Intragroup Creditor to any person except:

(i) to Abengoa's professional advisers for the purpose of discussing, negotiating, preparing, executing, implementing or consummating the transactions contemplated by the Restructuring, the Term Sheet, the Restructuring Steps Plan and this Agreement;

(ii) to the Restructuring Agent, the Information Agent, the Holding Period Trustee or the Independent Adviser in connection with this Agreement;

(iii) to Abengoa's auditors;

(iv) to any person to whom information is required or requested to be disclosed by any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation or by a court of law; or

(v) with the prior written consent of the Restructuring Committee and the NM1 Committee.

19.1.3 *Disclosure by the Restructuring Committee or the NM1 Committee*

No member of either the Restructuring Committee or the NM1 Committee shall be obliged to disclose any information supplied to it to any Participating Creditor which has notified the Restructuring Committee and the NM1 Committee that it does not wish to receive any confidential information or any Relevant Information from the Restructuring Committee and the NM1 Committee relating to the Restructuring or the business of the Group.

19.2 **Publicity**

19.2.1 No announcement regarding, or reference to, this Agreement, the Term Sheet, the Restructuring Steps Plan or the Restructuring, including the identity of any Participating Creditor, will be made by or on behalf of any Party (whether publicly or otherwise) without the prior written consent of the Restructuring Committee, Abengoa and any Participating Creditor or member of the Restructuring Committee or NM1 Committee whose identity is to be referred

to. Abengoa, the Restructuring Committee and the NM1 Committee shall work together to agree on a strategy to issue appropriate press releases and accurate reporting of the Restructuring and its implications for the business of the Group. The Restructuring Committee nor the NM1 Committee shall have any responsibility with respect to Abengoa's reporting obligations.

19.2.2 The above shall not apply to any announcement required by law or regulation or any applicable stock exchange. Any Party required to make such an announcement shall, unless the requirement is to make an immediate announcement with no time for consultation, consult with the Restructuring Committee, the NM1 Committee and Abengoa (and any Participating Creditor or member of the Restructuring Committee or NM1 Committee whose identity is to be referred to) before making the relevant announcement.

19.3 **Information on Affected Debt**

Each Party hereby irrevocably instructs and authorises Abengoa, the Obligor's Counsel, the Restructuring Agent and the Restructuring Committee to inform the Parties of the aggregate amount of Affected Debt and Non-Spanish Debt to be Restructured held by the Parties from time to time.

19.4 **Continuing Rights of the Note Agents**

19.4.1 For the avoidance of doubt (i) all rights, indemnities, powers, and protections of each of the Note Agents under the indentures, fiscal agency agreements or other appointment agreements in relation to the Note Agents (as applicable) to which they are a party in connection with the Existing Notes are continuing and remain in full force and effect, and such rights, indemnities, powers, and protections (except with respect to indemnification obligations of Go Forward Companies that arise after the Restructuring Effective Date with respect to or in connection with any of the Liquidating Entities) are not affected in any way by the Restructuring under the Standard Restructuring Terms, the Alternative Restructuring Terms or the terms of this Agreement or any other Restructuring Document and (ii) nothing contained in this Agreement (including, without limitation, the instructions set forth below) shall affect any Note Agent's rights or claims (including any charging liens) against any Liquidating Entity and any distributions made by such Liquidating Entity.

19.4.2 Each Consenting Existing Creditor and Consenting Other Creditor, in each case, that is a holder of Existing Notes hereby instructs the applicable Note Agent not to make any demand under, bring any claim, process, action, or legal proceeding, or take any other action in respect of any guarantee granted by any Liquidating Entity, including any action in respect of the allowance or disallowance of such guarantee, unless and until (i) the applicable Note Agent shall have received a subsequent written direction from the requisite holders of Existing Notes in accordance with and under the relevant indenture or fiscal agency agreement (as applicable) and sub-clause 19.4.3 below, and (ii) such directing holders shall have provided the applicable Note Agent with security or an indemnity satisfactory to such Note Agent (including by way of pre-funding) against any loss, liability or expense arising out of or in connection with any such action.

19.4.3 For the avoidance of doubt, the Liquidating Entity Debt owed to any Consenting Existing Creditor will not be affected by any exchange or refinancing by such Consenting Existing Creditor of its Existing Loans/Notes in accordance with the Alternative Restructuring Terms. Each Consenting Existing Creditor and Consenting Other Creditor, in each case, that is a holder of Existing Notes, hereby instructs the applicable Note Agent (a) with respect to any direction to such Note Agent described in clause 19.4.2(i) above, to calculate the requisite holders of Existing Notes as if such exchange or refinancing had not occurred and no write-down had occurred, and (b) to the extent there is any distribution to holders of Existing Notes with respect to recoveries on any Liquidating Entity Debt, to make or direct such distribution to the applicable holders as if such exchange or refinancing had not occurred and no write-down had occurred.

19.4.4 Each Consenting Existing Creditor and Consenting Other Creditor, in each case, that is a holder of Existing Notes hereby instructs the applicable Note Agent not to make any demand under, bring any claim, process, action, or legal proceeding, or take any other action that is in violation of this Restructuring Agreement, including, without limitation, in respect of any guarantee granted by any Obligor.

19.4.5 Each Consenting Existing Creditor and Consenting Other Creditor, in each case, that is a holder of Existing Notes hereby affirms, acknowledges, and agrees that the applicable Note Agent shall be entitled to all rights, powers and protections under the relevant indentures, fiscal agency agreements or other appointment agreements in relation to the Note Agents in respect of the foregoing instructions and any other instruction (including, without limitation, any instruction by any Obligor or the Restructuring Agent) required to implement the Restructuring Agreement (without any duty to investigate), shall be entitled to rely upon such instructions in all respects, and shall have no liability whatsoever to such instructing party for acting or not acting in accordance with such instructions.

19.4.6 Each Party to this Agreement acknowledges and agrees that each Note Agent shall be entitled to rely on, enforce and enjoy the benefit of this Agreement, including, without limitation, the benefit of Clause 10 (*Indemnities*), this Clause 19.4, sub-clause 19.11.2 (*Exceptions*) and Clause 19.12 (*Costs and expenses*), as if it was a party to this Agreement.

## 19.5 Specific Performance

Without prejudice to any other remedy available to any Party, the obligations under this Agreement shall, subject to applicable law, be the subject of specific performance by the relevant Parties. Each Party acknowledges that damages shall not be an adequate remedy for breach of the obligations under this Agreement.

## 19.6 Further Assurance

19.6.1 Subject to Clause 9.18 (*Limitations on undertakings*), the Obligors and each of the Participating Creditors (with the exception of the New Money Financing Providers) shall promptly execute and deliver such other documents or

agreements and take such other action, including, without limitation, any necessary or desirable instructions or authorizations to the Note Agents, depositories, and clearing systems as Abengoa and the Restructuring Committee agree is reasonably necessary or desirable to implement or consummate the Restructuring, including any action contemplated by this Agreement, the Term Sheet or the Restructuring Steps Plan.

19.6.2 In addition, the Obligors shall provide indemnities as may be necessary in connection with any direction to the Note Agents, depositories and clearing systems as Abengoa and the Restructuring Committee agree is reasonably necessary or desirable to implement the Standard Restructuring Terms.

19.7 **Conflicts**

19.7.1 Each of the Parties acknowledges that each Participating Creditor, New Financing Provider or their Affiliates or Related Funds may provide debt financing, equity capital or other services to other persons with whom the Obligors or their Affiliates may have conflicting interests in respect of the New Financing or in this Restructuring or other transactions.

19.7.2 Each Party acknowledges that each Participating Creditor, New Financing Provider or their Affiliates or Related Funds may act in more than one capacity in relation to this transaction and may have conflicting interests in respect of such different capacities.

19.7.3 The Participating Creditors and the New Financing Providers shall not use confidential information obtained from the Obligors or their Affiliates for the purposes of the Restructuring or the New Financing in connection with providing services to other persons or furnish such information to such other persons.

19.7.4 Each of the Obligors acknowledge that the Participating Creditor and the New Financing Providers have no obligation to use any information obtained from another source for the purposes of the Restructuring or the New Financing or to furnish such information to the Obligors or their Affiliates.

19.8 **No Solicitation**

This Agreement, the Term Sheet, the Restructuring Steps Plan and the transactions contemplated herein and therein are the product of negotiations among the Parties, together with their respective representatives. Notwithstanding anything herein to the contrary, this Agreement is not, and shall not be deemed, a Solicitation of votes for the acceptance of a Chapter 11 Plan for the purposes of sections 1125 and 1126 of the Bankruptcy Code or otherwise or a solicitation to tender or exchange any securities. The acceptances of a Chapter 11 Plan by Participating Creditors will not be solicited until such Participating Creditors have received a Disclosure Statement and related ballot(s) as approved by the Bankruptcy Court. Each Party further acknowledges that no securities of any Obligor are being offered or sold hereby and that this Agreement does not constitute an offer to sell or a solicitation of an offer to buy any securities of any member of the Group. Notwithstanding the foregoing provisions, nothing in this Agreement shall require any Party to take any action prohibited by the Bankruptcy

Code, the Securities Act of 1933 (as amended), the Securities Exchange Act of 1934 (as amended), any rule or regulation promulgated thereunder, any other applicable law or regulation, an order or direction from any court, or any state or federal governmental authority.

19.9 **Partial Invalidity**

If, at any time, any provision of this Agreement is or becomes illegal, invalid or unenforceable in any respect under any law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the law of any other jurisdiction will in any way be affected or impaired.

19.10 **Notices**

19.10.1 *Communications in writing*

Any communication, notice and requests in general to be made under or in connection with this Agreement, the Homologation or (generally) with the Restructuring shall be made in writing and, unless otherwise stated, may be made by fax or letter.

19.10.2 *Addresses*

Other than in relation to the Homologation process set out in sub-clause 6.3.2 (*Notices in respect of the Homologation process*), the address and fax number of each Party for any communication or document to be made or delivered are those included below, or any substitute address, fax number or department or officer as the Party may notify to the Restructuring Agent (or the Restructuring Agent may notify to the other Parties, if a change is made by the Restructuring Agent) by not less than five (5) Business Days' notice.

All notices in the Homologation process shall be served as provided in sub-clause 6.3.2 (*Notices in respect of the Homologation process*).

19.10.3 *Delivery*

Any communication or document made or delivered by one person to another under or in connection with this Agreement, the Homologation or (generally) with the Restructuring will only be effective:

(a) if by way of fax, when received in legible form; or

(b) if by way of letter, when it has been left at the relevant address or five (5) Business Days after being deposited in the post postage prepaid in an envelope addressed to it at that address,

and, if a particular department or officer is specified as part of its address details provided under this Agreement, if addressed to that department or officer.

Any communication or document to be made or delivered to the Restructuring Agent will be effective only when actually received by the Restructuring Agent and then only if it is expressly marked for the attention of the department or officer identified for this purpose by the Restructuring Agent.

All notices from or to the Obligors shall be sent through the Restructuring Agent.

19.10.4 *Notification of address and fax number*

Promptly upon receipt of notification of an address and fax number or change of address or fax number pursuant to sub-clause 19.10.2 (*Addresses*) or

changing its own address or fax number, the Restructuring Agent shall notify the other Parties.

19.10.5 *Electronic communication*

Any communication to be made under or in connection with this Agreement, the Homologation or (generally) with the Restructuring may be made by electronic mail or other electronic means to the extent the relevant Parties have:

(a) notified each other in writing of their electronic mail address and/or any other information required to enable the sending and receipt of information by that means; and

(b) notified each other of any change to their address or any other such information supplied by them by not less than five (5) Business Days' notice.

Any electronic communication will be effective only when actually received in readable form and in the case of any electronic communication made to the Restructuring Agent only if it is addressed in such a manner as the Restructuring Agent shall specify for this purpose.

19.10.6 *Language*

(a) Subject to sub-clause (b) below, any notice (including but not limited to requests, notifications and any kind of document) given under or in connection with this Agreement, or (generally) with the Restructuring must be in English unless required otherwise by any applicable law.

(b) The Parties expressly accept Spanish as the language of any notice to be served or received in relation to the Homologation. Upon receipt of any such notice, the Parent shall promptly provide an English translation to the Restructuring Agent, the Restructuring Committee and the NM1 Committee.

(c) All other documents provided under or in connection with this Agreement (generally) with the Restructuring must be:

(i) in English; or

(ii) if not in English, and if so required by the Restructuring Agent the Restructuring Committee or the NM1 Committee, accompanied by a certified English translation and, in this case, the English translation will prevail unless the document is a constitutional, statutory or other official document.

19.11 **Amendments, waivers and consents**

19.11.1 *General rule*

(a) Subject to sub-clause 19.11.2 (*Exceptions*) and any provision which expressly requires the consent of the Majority NM1/NM3 Creditors,

the Majority NM2 Creditors, the Majority New Bonding Creditors, the Majority Qualifying NM1 Creditors, Super Majority Qualifying NM1, Creditors Majority New Money Creditors, the Super Majority Participating Creditors, the NM1 Committee and/or the Restructuring Committee (the amendment or waiver of which, for the avoidance of doubt, shall require the consent of that relevant person, group or majority) any term of this Agreement (including, without limitation, its Schedules and which includes the Term Sheet and the Restructuring Steps Plan) may be amended or waived only with the prior written consent of the Majority Participating Creditors, the Restructuring Committee and Abengoa, and any such amendment or waiver will be binding on all Parties.

(b) The Restructuring Agent may effect, on behalf of any Participating Creditor, any amendment, consent or waiver permitted by this Clause.

19.11.2 *Exceptions*

(a) An amendment or waiver of any provision of this Agreement (including, for these purposes, its Schedules, the Term Sheet and the Restructuring Steps Plan) which has the effect of:

(i) changing the economic terms in the Term Sheet applicable to any New Money Financing Provider (including, without limitation, any amendment, consent or waiver which has the effect of extending any NM1/NM3 Creditors commitment period and/or any change to the pricing or tenor of any New Financing to which any NM1/NM3 Creditors are committed);

(ii) changing the proposed method of implementation and/or post Restructuring capital structure (including, without limitation, the structure, extent and ranking of all guarantees and security relating to the New Money Financing) in a manner which increases the economic risks to any NM1/NM3 Creditors when compared with the proposal described in the Term Sheet;

(iii) imposing any additional or extending any existing obligation of a NM1/NM3 Creditor or reducing or limiting any right or protection which expressly benefits or accrues to a NM1/NM3 Creditor, in each case either under the Term Sheet or this Agreement;

(iv) making any NM1/NM3 Financing Condition materially less likely to be satisfied when required to be satisfied in accordance with the relevant NM1/NM3 Finance Document and the Restructuring Steps Plan (as compared to the likelihood at the time such amendment or waiver is proposed);

(v) changing or waiving the provisions of sub-clause 11.1.1(c) or (d),

may only be made with the prior written consent of:

(A) in respect of sub-clauses (i), (ii) or (iii) above, each of the NM1/NM3 Creditors, the Majority Participating Creditors, the Restructuring Committee, the NM1 Committee and Abengoa; and

(B) in respect of sub-clauses (iv) or (v) above, the Majority NM1/NM3 Creditors (calculated as described in paragraph (a) of the definition of Majority NM1/NM3 Creditors) or, where a higher or different level of consent to the satisfaction or waiver of such NM1/NM3 Financing Condition is required under the Term Sheet or relevant NM1/NM3 Finance Document such relevant majority of NM1/NM3 Creditors and in either case the Majority Participating Creditors, the NM1 Committee, the Restructuring Committee and Abengoa,

and, in each case, any such amendment or waiver will be binding on all Parties.

(b) An amendment or waiver of any provision of this Agreement (including, for these purposes, its Schedules, the Term Sheet and the Restructuring Steps Plan) which is minor or technical in nature may be made with the prior written consent of the Restructuring Committee, the NM1 Committee, and Abengoa and any such amendment or waiver will be binding on all Parties.

(c) Subject to Clause 19.11.2(a), an amendment to the Restructuring Steps Plan with the consent of Abengoa, the Restructuring Committee, the NM1 Committee and the Majority NM1/NM3 Creditors in accordance with Clause 9.9 (*Revised Method of Implementation of the Restructuring*) shall be binding on all Parties.

(d) No amendment which amends or has the effect of amending Clause 12 (*Restructuring Committee and NM1 Committee*) shall be made without first receiving the prior written consent of each member of the Restructuring Committee, each member of the NM1 Committee, the New Financing Providers and the Majority Participating Creditors.

(e) No amendment which amends or has the effect of amending sub-clauses 19.11.1 (*General Rule*) or 19.11.2 (*Exceptions*) shall be made without first receiving the prior written consent of each member of the Restructuring Committee and each of the NM1/NM3 Creditors.

(f) Notwithstanding any provision in this Agreement, no Party to this agreement may (i) waive any condition or amend any provision that is prejudicial to the interests of any Note Agent without such Note Agent's consent; or (ii) waive any condition which requires the payment of Administration Costs or fees of HL, KPMG, Clifford Chance, the NM1 Counsel, MACF, the Obligor's Counsel and the

Coordination Committee's counsel without the prior written consent of such person or persons.

19.11.3 *Replacement of a New Money Financing Anchor Funder*

(a) If any New Money Financing Anchor Funder becomes a Non-Consenting Anchor Funder, then Abengoa may, within three (3) Business Days of such New Money Financing Anchor Funder becoming a Non-Consenting Funder give written notice to the Restructuring Agent and such Non-Consenting Anchor Funder which, after three (3) Business Days following written notice, shall terminate such Non-Consenting Anchor Funder's commitments under the New Money Financing Commitment Letter. Each Party agrees to unconditionally release and discharge any New Money Financing Anchor Funder whose commitments are reallocated pursuant to this sub-clause 19.11.3 from all obligations and liabilities under this Agreement, including in respect of any claims which have arisen prior to such reallocation.

(b) The commitments of any Non-Consenting Anchor Funder terminated in accordance with sub-clause 19.11.3(a) above may be replaced by commitments from, and/or reallocated to, one or more of the other New Money Financing Anchor Funders or other bank, financial institution, trust, fund or other entity selected by HL, in each case in accordance with the terms and conditions of the New Money Financing Commitment Letter (a "**Replacement Anchor Funder**").

(c) The replacement of a New Money Financing Anchor Funder pursuant to this sub-clause 19.11.3 shall be subject to the following conditions:

(i) the New Money Financing Anchor Funder continues to be a Non-Consenting Anchor Funder as at the date of the proposed termination of all of its commitments under the New Money Financing Commitment Letter;

(ii) neither the Restructuring Agent, HL nor the New Money Financing Anchor Funder shall have any obligation to the Parent to find a Replacement Anchor Funder; and

(iii) in the event of a replacement of a Non-Consenting Anchor Funder such replacement must take place no later than 10 (ten) Business Days after the date on which that New Money Financing Anchor Funder is deemed a Non-Consenting Anchor Funder.

(d) In the event that:

Either:

(i) Abengoa or the Restructuring Agent (at the request of Abengoa, the Restructuring Committee or the NM1 Committee) has

requested the NM1/NM3 Creditors to provide or agree to a consent, waiver, amendment or approval pursuant to the terms of this Agreement or the Term Sheet and has provided at least 5 Business Days notice to NM1/NM3 Creditors to give that approval (the "**Anchor Consent Period**");

(ii) the consent, waiver, amendment or approval in question requires the consent of any NM1/NM3 Creditors; and

(iii) less than the requisite majority have consented or agreed to such consent request, waiver, approval or amendment, but HL confirms to Abengoa and the NM1 Creditors that the consent, waiver or amendment in question has the support of other New Money Financing Anchor Funders whose New Money Tranche 1 and New Money Tranche 3 commitments (together with the commitments of any acceding New Money Financing Provider and any additional New Money Tranche 1 or New Money Tranche 3 commitments that the New Money Financing Anchor Funders are willing to assume) are at least sufficient to satisfy the Group's New Money Financing requirements pursuant to the Viability Plan;

Or:

(iv) a New Money Financing Anchor Funder has exercised its individual right to terminate its rights and obligations under this Agreement and the New Money Financing Commitment Letter pursuant to Clause 11.3 (*Individual termination by a New Money Financing Provider*), or

(v) a New Money Financing Anchor Funder that is an NM1 Committee member becomes a Non-Consenting Committee Member in accordance with Clause 19.11.5 (*Replacement of a Restructuring Committee Member or an NM1 Committee Member*),

then any New Money Financing Anchor Funder who does not, following the expiry of the Anchor Consent Period, and continues not to consent or agree to such consent, waiver, amendment or approval, who exercises such individual termination right, or who is a Non-Consenting Committee Member shall be deemed a "**Non-Consenting Anchor Funder**".

19.11.4 *Replacement of an Initial Bonding Provider*

(a) If any Initial Bonding Provider becomes a Non-Consenting Initial Bonding Provider, then Abengoa may, within three (3) Business Days of such Initial Bonding Provider becoming a Non-Consenting Initial Bonding Provider give written notice to the Restructuring Agent and such Non-Consenting Initial Bonding Provider which, after three (3) Business Days following written notice, shall terminate such Non-

Consenting Initial Bonding Provider's commitments under the New Bonding Commitment Letter. Each Party agrees to unconditionally release and discharge any Initial Bonding Provider whose commitments are reallocated pursuant to this sub-clause 19.11.4 from all obligations and liabilities under this Agreement, including in respect of any claims which have arisen prior to such reallocation.

(b) The commitments of any Non-Consenting Initial Bonding Provider terminated in accordance with sub-clause 19.11.4(a) above may be replaced by commitments from, and/or reallocated to, one or more of the other Initial Bonding Provider or other bank, financial institution, trust, fund or other entity selected by HL or KPMG, in each case in accordance with the terms of the New Bonding Facilities Commitment Letter (a "**Replacement Initial Bonding Provider**").

(c) The replacement of an Initial Bonding Provider pursuant to this sub-clause 19.11.4 shall be subject to the following conditions:

(i) the Initial Bonding Provider continues to be a Non-Consenting Initial Bonding Provider as at the date of the proposed termination of all of its commitments under the New Bonding Facilities Commitment Letter;

(ii) neither the Restructuring Agent, KPMG nor the Initial Bonding Provider shall have any obligation to the Parent to find a Replacement Initial Bonding Provider; and

(iii) in the event of a replacement of a Non-Consenting Initial Bonding Provider such replacement must take place no later than 10 (ten) Business Days after the date on which that Initial Bonding Provider is deemed a Non-Consenting Initial Bonding Provider.

(d) In the event that:

(i) Abengoa or the Restructuring Agent (at the request of Abengoa or the Restructuring Committee) has requested the Initial Bonding Providers provide or agree to a consent, waiver, amendment or approval pursuant to the terms of this Agreement or the Term Sheet and has provided at least 5 Business Days notice to the Initial Bonding Providers to give that approval (the "**IBP Consent Period**");

(ii) the consent, waiver, amendment or approval in question requires the consent of any Initial Bonding Provider; and

(iii) less than the requisite majority have consented or agreed to such consent request, waiver, approval or amendment, but KPMG confirms to Abengoa and the Initial Bonding Providers that the consent, waiver or amendment in question has the support of other Initial Bonding Providers are at least sufficient

to satisfy the Group's New Money Financing requirements pursuant to the Viability Plan;

then any Initial Bonding Provider who does not, following the expiry of the IBP Consent Period, and continues not to consent or agree to such consent, waiver, amendment or approval or who exercises such individual termination right shall be deemed a "**Non-Consenting Initial Bonding Provider**".

19.11.5 *Replacement of a Restructuring Committee Member or NM1 Committee Member*

(a) If any member of the Restructuring Committee or NM1 Committee becomes a Non-Consenting Committee Member, then Abengoa may, within three (3) Business Days of such Restructuring Committee member or NM1 Committee member becoming a Non-Consenting Committee Member give written notice to the Restructuring Agent and such Non-Consenting Committee Member which, after three (3) Business Days following written notice, shall terminate its appointment to the Restructuring Committee and/or the NM1 Committee. Each Party agrees to unconditionally release and discharge any Restructuring Committee and/or NM1 Committee member pursuant to this sub-clause 19.11.5 from all obligations and liabilities under this Agreement, including in respect of any claims which have arisen prior to the termination of such appointment.

(b) Non-Consenting Committee Member whose appointment to the Restructuring Committee and/or NM1 Committee terminated in accordance with sub-clause 19.11.5(a) above may be replaced in the manner described in sub-clause 12.9.13(b) above.

(c) The replacement of a member of the Restructuring Committee and/or NM1 Committee pursuant to this sub-clause 19.11.5 shall be subject to the following conditions:

(i) the Restructuring Committee member and/or NM1 Committee member continues to be a Non-Consenting Committee Member as at the date of the proposed termination of its appointment to the Restructuring Committee and/or NM1 Committee;

(ii) neither the Restructuring Agent, the Restructuring Committee, the NM1 Committee nor the Non-Consenting Committee Member shall have any obligation to the Parent to find a replacement Restructuring Committee member or NM1 Committee member (as applicable);

(iii) in the event of a replacement of a Non-Consenting Committee Member such replacement must take place no later than 10 (ten) Business Days after the date on which that Non-Consenting Committee Member is deemed a Non-Consenting Committee Member;

(iv) following the replacement of such Non-Consenting Committee Member, the minimum NM1 Committee quorum specified in sub-clause 12.5.2 and the minimum Restructuring Committee quorum specified in sub-clause 12.4.2 shall be satisfied; and

(v) HL confirms to Abengoa and the NM1 Creditors that, notwithstanding the proposed termination of the commitments of the relevant NM1 Committee Member, it has received New Money Tranche 1 and New Money Tranche 3 commitments (together with the commitments of any acceding New Money Financing Provider and any additional New Money Tranche 1 or New Money Tranche 3 commitments that the New Money Financing Anchor Funders are willing to assume) that are at least sufficient to satisfy the Group's New Money Financing requirements pursuant to the Viability Plan.

(d) In the event that:

(i) Abengoa or the Restructuring Agent (at the request of Abengoa) has requested that the members of the Restructuring Committee and/or the NM1 Committee provide or agree to a consent, waiver, amendment or approval pursuant to the terms of this Agreement or the Term Sheet and has provided at least 5 Business Days notice to the Restructuring Committee and/or the NM1 Committee to give that approval (the "**Committee Consent Period**");

(ii) the consent, waiver, amendment or approval in question requires the consent of the Restructuring Committee and/or the NM1 Committee; and

(iii) the consent, waiver or amendment in question has the support of all other members of the Restructuring Committee and/or the NM1 Committee (as applicable),

then any member of the Restructuring Committee and/or NM1 Committee who does not, following the expiry of the Committee Consent Period, and continues not to consent or agree to such consent, waiver, amendment or approval shall be deemed to be a "**Non-Consenting Committee Member**".

19.11.6 *NM1/NM3 Approval Matters and calculation of commitments generally for decisions involving NM1/NM3 Creditors*

(a) For the purpose of calculating in this Agreement:

(i) the relevant approval thresholds in relation to any NM1/NM3 Approval Matter; and

(ii) the relevant thresholds wherever a New Money Tranche 1 or a New Money Tranche 3 commitment must be taken into account

for the purposes of any approval, consent or waiver (including, but not limited to for the purposes of approvals, consent or waivers required from the Majority Qualifying NM1 Creditors, Majority New Money Creditors, Majority NM1/NM3 Creditors, New Money Financing Providers, Majority Participating Creditors and Super Majority Participating Creditors),

only the New Money Tranche 1 and New Money Tranche 3 commitments of New Money Financing Anchor Funders (including any Replacement Anchor Funders) will be counted in order to ascertain whether any relevant percentage (including, for the avoidance of doubt, unanimity) of New Money Tranche 1 and/or New Money Tranche 3 commitments has been obtained to approve that request for any such amendment, consent or waiver.

(b) For these purposes, the New Money Tranche 1 and New Money Tranche 3 commitments of the New Money Financing Anchor Funders (including any Replacement Anchor Funder) shall be calculated as follows:

(i) in respect of a New Money Financing Anchor Funder with New Money Tranche 1 and New Money Tranche 3 commitments at the Signing Date, by reference to such commitments as allocated at the Signing Date, subject to adjustment to reflect any transfers, termination and/or increase in such New Money Tranche 1 and/or New Money Tranche 3 commitments following the Signing Date in accordance with the terms and conditions of the New Money Financing Commitment Letter and this Agreement; and

(ii) in respect of a New Money Financing Provider who becomes a New Money Financing Anchor Funder with New Money Tranche 1 and/or New Money Tranche 3 commitments following the Signing Date, by reference to their New Money Financing commitments at the relevant time,

in each case excluding the effect of any scale back pursuant to the terms of the New Money Financing Commitment Letter following the Signing Date.

19.11.7 *Calculation of commitments for decisions involving NM2 Creditors*

(a) For the purpose of calculating the relevant approval thresholds in this Agreement wherever a New Money Tranche 2 commitment must be taken into account (including, but not limited to for the purposes of approvals required from the Majority NM2 Creditors, the Majority New Money Creditors, Majority Participating Creditors, the New Money Financing Providers, and Super Majority Participating Creditors), only the New Money Tranche 2 commitments of New Money Financing Anchor Funders (including any Replacement Anchor Funders) will be counted in order to ascertain whether any relevant

percentage (including, for the avoidance of doubt, unanimity) of New Money Tranche 2 commitments has been obtained to approve any such request for an amendment, consent or waiver.

(b) For these purposes, the New Money Tranche 2 commitments of the New Money Financing Anchor Funders (including any Replacement Anchor Funder) shall be calculated as follows:

(i) in respect of a New Money Financing Anchor Funder with New Money Tranche 2 commitments at the Signing Date, by reference to its such commitments as allocated at the Signing Date, subject to adjustment to reflect any transfers, termination and/or increase in such New Money Tranche 2 commitments following the Signing Date in accordance with the terms and conditions of the New Money Financing Commitment Letter and this Agreement; and

(ii) in respect of a New Money Financing Provider who becomes a New Money Financing Anchor Funder with New Money 2 commitments following the Signing Date, by reference to their New Money Tranche 2 commitments at the relevant time,

in each case excluding the effect of any scale back pursuant to the terms of the New Money Financing Commitment Letter following the Signing Date.

19.11.8 *Calculation of commitments for decisions involving New Bonding Facilities Providers*

(a) For the purpose of calculating the relevant approval thresholds in this Agreement wherever a commitment under the New Bonding Facilities must be taken into account (including, but not limited to for the purposes of approvals required from the Majority New Bonding Creditors, the New Money Financing Providers, the Majority New Money Creditors, Majority Participating Creditors and Super Majority Participating Creditors), only the commitments of Initial Bonding Providers (including any Replacement Initial Bonding Provider) will be counted in order to ascertain whether any relevant percentage (including, for the avoidance of doubt, unanimity) of New Bonding Facilities commitments has been obtained to approve any such request for an amendment, consent or waiver.

(b) For these purposes, the commitments of the Initial Bonding Providers (including any Replacement Anchor Funder) shall be calculated as follows:

(i) in respect of an Initial Bonding Provider with New Bonding Facility commitments at the Signing Date, by reference to the New Bonding Facility commitments at the Signing Date, subject to adjustment to reflect any transfers, termination and/or increase in such New Bonding Facility commitments

following the Signing Date in accordance with the terms of the New Bonding Commitment Letter and this Agreement; and

(ii) in respect of an New Bonding Facilities Provider who become an Initial Bonding Provider following the Signing Date, by reference to their New Bonding Facilities commitments at the relevant time,

in each case excluding the effect of any scale back pursuant to the terms of the New Bonding Commitment Agreements following the Signing Date.

19.12 **Costs and expenses**

19.12.1 Abengoa and each Abengoa Subsidiary shall, as soon as reasonably practicable and in any event within ten (10) Business Days following demand, pay the reasonable costs and expenses of Clifford Chance, the NM1 Counsel, the Obligors' Counsel and the Coordination Committee's Counsel together with any notarial fees, court fees, *procurador* fees, taxes and charges in connection with:

(a) the negotiation, preparation and execution of this Agreement, the Restructuring, the Homologation process, any Non-Spanish Compromise Proceeding, any Recognition Proceeding, any associated notarisation process, court or filing fees, and any other documents referred to in and/or as contemplated by this Agreement, the Term Sheet and/or the Restructuring Steps Plan; and

(b) with the Restructuring in general,

provided **that** Abengoa shall be provided with an update every two weeks setting out the incurred fees, costs and expenses (a) to date and (b) during the immediately preceding two week period.

19.12.2 Abengoa and each Abengoa Subsidiary shall, as soon as reasonably practicable and in any event within ten (10) Business Days following demand, pay the reasonable out-of pocket costs and expenses (excluding any travel and accommodation costs) incurred by the members of the NM1 Committee or the Restructuring Committee in their capacities as such in connection with this Agreement, the negotiation, preparation and execution of this Agreement, any other documents referred to in and/or as contemplated by this Agreement, the Term Sheet and/or the Restructuring Steps Plan and with the Restructuring in general.

19.12.3 Abengoa shall pay the Administration Costs that have been invoiced to Abengoa for payment on a monthly basis.

19.12.4 Notwithstanding any other provision of this Agreement (including the Restructuring Steps Plan), Abengoa and/or any Abengoa Subsidiary shall, subject to the prior written consent of the Restructuring Committee, be entitled to agree in writing with any financial adviser engaged in connection with the

Restructuring (and whose fees Abengoa and/or any Abengoa Subsidiary have agreed to pay) that all or part of such financial adviser's cash fees payable on or before the Restructuring Completion Date may be discharged by way of the issuance of Post-Restructuring Equity and/or Old Money Notes of equivalent value to the cash fees to the relevant financial adviser or a person specified by them, on terms to be agreed between Abengoa and the relevant financial adviser.

19.13 **Participating Creditors: Several Liability**

The obligations of each Participating Creditor under this Agreement are several. Failure by a Participating Creditor to perform its obligations under this Agreement does not affect the obligations of any other Party to this Agreement. No Participating Creditor is responsible for the obligations of any other Participating Creditor under this Agreement.

19.14 **Language**

19.14.1 This Agreement is signed in English but a Spanish sworn translation shall be prepared for the purposes of the Homologation Request.

19.14.2 In case of any conflict between this Agreement and the abovementioned Spanish translation, this Agreement shall prevail.

19.15 **Governing law**

This Agreement and any non-contractual obligations arising out of or in connection with it are governed by the common laws of Spain.

19.16 **Jurisdiction**

19.16.1 The courts of the city of Madrid have exclusive jurisdiction to settle any dispute arising out of or in connection with this Agreement (including a dispute relating to the existence, validity or termination of this Agreement or the consequences of its nullity) or any non-contractual obligations arising out of or in connection with this Agreement (a "**Dispute**").

19.16.2 The Parties agree that such courts are the most appropriate and convenient courts to settle Disputes and accordingly no Party will argue to the contrary.

19.16.3 The relevant Bankruptcy Court shall have exclusive jurisdiction to settle any dispute in relation to a Chapter 11 Plan filed with respect to the relevant Chapter 11 Company.

[*Signature pages follow*]

**IN WITNESS WHEREOF**, the Parties enter into this Agreement by virtue of their respective legal representatives in one (1) copy for its immediate notarisation (*elevación a público*) before the notary of Madrid, Mr. José Miguel García Lombardía, in the place and on the date indicated above.

(b) authorising a specified person or persons to execute this Agreement, the Compromise and the Restructuring Documents on its behalf (as applicable) and to sign any documents or notices required under or in connection with them or the Restructuring; and

(c) in respect of the resolutions of the board of directors of Abengoa:

(i) approving the Restructuring proposal made to creditors, Viability Plan and the assumptions, hypothesis and premises upon which it is based as well as confirming that appropriate external professional advice has been sought and received by the Abengoa board in respect of the Viability Plan and the Restructuring; and

(ii) acknowledging, approving (and authorising Abengoa making) the representations set out in Clause 8.1 (*Obligors and Intragroup Creditors' representations*) of this Agreement (expressly including, without limitation, sub-clause 8.1.13, 8.1.14; 8.1.15 and 8.1.20), with the wording of such representations reproduced in full within the relevant board minutes.

(d) in respect of the resolutions of the management board of each Obligor incorporated in Spain, approving the Restructuring proposal made to creditors and the Viability Plan.

1.2 A copy of the powers of attorney by virtue of which the signatory/ies of each Obligor signs this Agreement (if different to paragraph 1.1above).

1.3 A copy of a certificate of:

(a) an authorised signatory of each Obligor certifying that each copy document relating to it specified in this Clause is correct, complete and in full force and effect as of the Signing Date; and

(b) the chief financial officer of Abengoa certifying that each copy document and information provided to the Participating Creditors in the context of the Restructuring (including, without limitation, reports, calculations, lists of existing indebtedness of the Group) is correct, complete and in full force and effect as of the date Signing Date.

1.4 Evidence that the due but unpaid Administration Costs and the invoiced reasonable fees of each of HL, KPMG, Clifford Chance, the NM1 Counsel, MACF, the Obligors' Counsel and the Coordination Committee's Counsel in relation to the Restructuring have been (or will be) paid in accordance with the arrangements agreed with Abengoa and such parties prior to the Signing Date.

1.5 A copy of:

(a) New Money Financing Commitment Letter(s) evidencing New Money Financing Providers have agreed to provide New Money Financing in an amount of at least EUR 1,169,600,000; and

(b) New Bonding Facilities Commitment Agreement evidencing Initial Bonding Providers have agreed to provide the New Syndicated Bonding Tranche and the Roll Over Bonding Tranche in an aggregate amount of at least EUR 307,000,000.

1.6 A copy of the Independent Expert's Report, either without any kind of limitations, qualifications or restrictions or, in the event it contains any of those limitations, qualifications or restrictions, to the satisfaction of the Restructuring Committee acting reasonably.

## SCHEDULE 4
## CONDITIONS PRECEDENT TO FILING OF THE HOMOLOGATION REQUEST

1.1 Evidence that the relevant majorities for the purposes of the Fourth Additional Disposition of the Spanish Insolvency Law evidencing that Existing Creditors (excluding Intragroup Creditors) holding at least 75 per cent. (in value) of the principal amount of the Existing Financial Indebtedness owed by each Spanish Obligor (i.e. excluding the Non-Spanish Debt to be Restructured) have signed or acceded to this Agreement.

1.2 Evidence that each Obligor has signed or acceded to this Agreement.

1.3 A copy of each certificate issued by each Spanish Obligor's auditor in relation to the relevant majorities for the purposes of the Fourth Additional Disposition of the Spanish Insolvency Law evidencing that Existing Creditors (excluding Intragroup Creditors) holding at least 75 per cent. (in value) of the principal amount of the Existing Financial Indebtedness owed by each Spanish Obligor (i.e. excluding the Non-Spanish Debt to be Restructured) have signed or acceded to this Agreement.

1.4 Evidence that:

(a) New Money Financing Commitment Letter(s) executed by New Money Financing Providers agreeing to provide New Money Financing in an amount of at least EUR 1,169,600,000 remain in force and effect and have not been terminated; and

(b) New Bonding Facilities Commitment Agreement(s) executed by New Bonding Facilities Providers agreeing to provide New Bonding Facilities in an amount of at least EUR 250,000,000 remain in force and effect and have not been terminated.

1.5 Evidence that the due but unpaid Administration Costs and invoiced reasonable fees of each of HL, KPMG, Clifford Chance, the NMI Counsel, MACF, the Obligors' Counsel and the Coordination Committee's Counsel in relation to the Restructuring as at the Homologation Filing Date have been (or will be) paid in accordance with the arrangements agreed with Abengoa and such parties.

1.6 Evidence that AbeNewco 1 and AbeNewco 2:

(a) have each been incorporated in accordance with sub-clause 9.8.1(x) of this Agreement; and

(b) have each acceded to this Agreement in accordance with Clause 17 (*Accession by Participating Creditors, Obligors, Shareholders and Intragroup Creditors*).

1.7 Evidence that the Majority Shareholder and Finarpisa have acceded to this Agreement.

1.8 A notarised copy of the resolutions of a general shareholders meeting of the Majority Shareholder pursuant to which the shareholders of the Majority Shareholder have unconditionally approved and/or ratified entry by the Majority Shareholder into this Agreement (as amended and/or as amended and restated from time to time).

## SCHEDULE 5
## CONDITIONS PRECEDENT TO THE RESTRUCTURING EFFECTIVE DATE

1.1 Evidence of:

(a) the occurrence of the Homologation Date;

(b) the filing by the ACIL CVA Chairman of his report with the English Court confirming that the ACIL CVA has been duly approved by the meeting of ACIL Guarantee Creditors without any material amendment, modification, alteration or qualification;

(c) the relevant Bankruptcy Court having entered a Confirmation Order confirming the relevant Chapter 11 Plan, which order is in full force and effect and has not been modified, amended, reversed, vacated or subject to a stay; and

(d) recognition orders having been entered in each of the Recognition Proceedings by the competent court.

1.2 In respect of A3T HoldCo only and unless otherwise agreed or waived by the Majority NM1/NM3 Creditors:

(a) a copy of:

(i) the restructuring agreement (which shall comply with the requirements of article 71.bis.1 of the Spanish Insolvency Law) (the "**A3T HoldCo Refinancing Agreement**") in respect of the financial indebtedness of A3T HoldCo España, S.A. by virtue of which:

(A) all its intragroup creditors (i.e. Abengoa and Abengoa Greenbridge, S.A.) accept to capitalise in full its credit rights in each for shares in A3T HoldCo;

(B) all its third party creditors accept to restructure their claims by extending their maturity to a date not earlier than 3 years after the repayment in full of New Money Tranche 1; and

(C) A3T HoldCo undertakes to (x) contribute into A3TLuxco 2 its shares in A3T and its A3T Intercompany Loans and (y) grant security over the shares in A3TLuxco 2 in favour of New Money Tranche 1 and New Money Tranche 3;

(ii) the judicial resolution by virtue of which such agreement is homologated (*autode homologación judicial*) protecting the transactions contained in sub-clause (i) above; and

(iii) the publications of such judicial decision in the *Registro Público Concursal* and the *Boletín Oficial del Estado*;

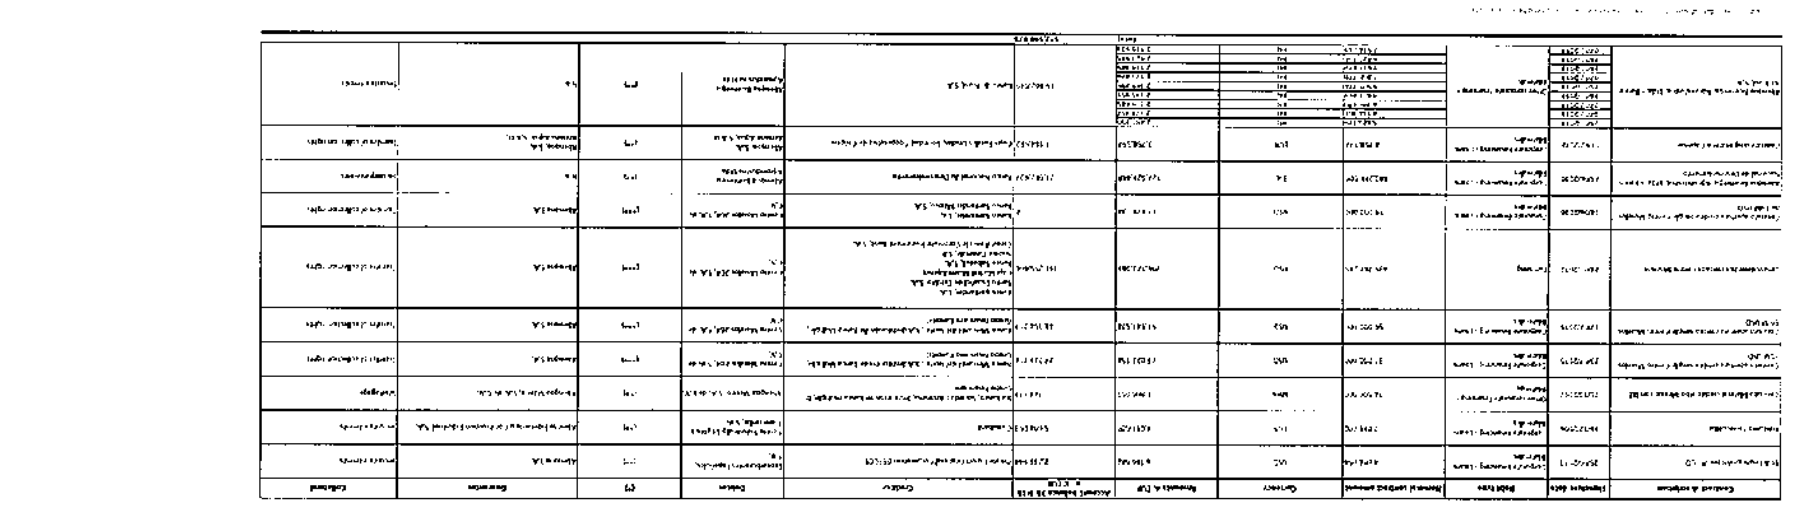
and

(b) either:

(i) if a challenge (*impugnación*) has not been filed within the period allowed for such filing, once such period has elapsed and the homologation becomes final (*firme*); or

(ii) if one or more challenges (*impugnaciones*) are filed within such period, Abengoa having provided the Restructuring Agent with copy of:

(A) the final judicial resolution (*sentencia firma*) by virtue of which the relevant challenges are dismissed in full and the above mentioned homologation is ratified and becomes final (*firme*); and



(B) the publication of such judicial resolution in the *Boletín Oficial del Estado*.

1.3 Evidence that the due but unpaid Administration Costs and the invoiced reasonable fees of each of HL, KPMG, Clifford Chance, the NM1 Counsel, MACF, the Obligors' Counsel and the Coordination Committee's Counsel in relation to the Restructuring as at the Restructuring Effective Date have been (or will be) paid in accordance with the arrangements agreed with Abengoa and such parties.

1.4 Evidence that Abengoa Mexico S.A. de C.V. has entered into a binding agreement to restructure the Cebures on terms and conditions acceptable to the Restructuring Committee, the NM1 Committee and the Majority NM1/NM3 Creditors.
