GENERAL NOTES

Condensed Debtor-in-Possession Financial Statements – The condensed financial statements and supplemental information contained herein are unaudited, preliminary, and may not comply with generally accepted accounting principles in the United States of America (“U.S. GAAP”) in all material respects. In addition, the financial statements and supplemental information contained herein represent the condensed financial information for Local Insight Media Holdings, Inc. and its Debtor subsidiaries only. Information pertaining to the Debtors' non-Debtor affiliates is not included in the condensed income statements or condensed balance sheets contained herein.

Accounting Standards Codification 852-10-Reorganizations (“ASC 852-10”), which applies to companies in chapter 11 such as the Debtors, generally does not change the manner in which financial statements are prepared. It does require, however, that the financial statements for periods subsequent to the filing of the chapter 11 petition distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. The Debtors' condensed financial statements contained herein have been prepared in accordance with the guidance in ASC 852-10. The unaudited condensed financial statements have been derived from the Debtors' books and records. This information, however, has not been subject to procedures that would typically apply to financial information presented in accordance with U.S. GAAP, and upon the application of such procedures, the Debtors believe that the financial information could be subject to changes, and that such changes could be material. The information furnished in this report includes primarily normal recurring adjustments, but does not include all of the adjustments that would typically be made in accordance with U.S. GAAP.

The results of operations contained herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the results of the Debtors' future operations, financial position, and cash flows.

Intercompany Transactions – Intercompany transactions between the Debtors and non-Debtor affiliates have not been eliminated in the financial statements contained herein. No conclusion as to the legal obligation related to these intercompany transactions is made by the presentation herein.

Liabilities Subject to Compromise – As a result of the chapter 11 filings, the payment of prepetition indebtedness is subject to compromise or other treatment under a plan of reorganization. The determination of how liabilities will ultimately be settled and treated cannot be made until the bankruptcy court approves a chapter 11 plan of reorganization. Accordingly, the ultimate amount of such liabilities is not determinable at this time. ASC 852-10 requires prepetition liabilities that are subject to compromise to be reported at the amounts expected to be allowed, even if they may be settled for lesser amounts. The amounts currently classified as liabilities subject to compromise are preliminary and may be subject to future adjustments depending on bankruptcy court actions, further developments with respect to disputed claims, determinations of the secured status of certain claims, the values of any collateral securing such claims, rejection of executory contracts, and continued reconciliation or other events. The liability amounts presented on MOR-3 are reflective of the Debtors' accounting books and records. According to accounting practices, such liabilities are allocated to the business unit receiving the benefit of the product or service, which may be different from the entity that may legally incur a liability as reflected on Schedule F.
