2. In support of the Debtors’ request for entry of the Bidding Procedures Order, the Debtors submit the declaration of John Bosacco attached hereto as **Exhibit D** and incorporated by reference herein (the “Bosacco Declaration”). The Debtors reserve the right to file and serve any supplemental declaration, including any declaration summarizing the Sale Process and the results thereof, in support of their request for entry of the Sale Order before the Sale Hearing, as

appropriate and necessary in the Debtors' business judgment.

Jurisdiction and Venue

3. The United States Bankruptcy Court for the Southern District of New York (the "Court") has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334 and the *Amended Standing Order of Reference from the United States District Court for the Southern District of New York*, dated December 1, 2016. This matter is a core proceeding within the meaning of 28 U.S.C. § 157(b)(2). The Debtors confirm their consent, pursuant to rule 7008 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules"), to the entry of a final order by the Court in connection with this motion to the extent that it is later determined that the Court, absent consent of the parties, cannot enter final orders or judgments in connection herewith consistent with Article III of the United States Constitution.

4. Venue is proper in this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

5. The statutory bases for the relief requested herein are sections 105(a), 363, 365 and 1146(a) of title 11 of the United States Code (the "Bankruptcy Code"), Rules 2002, 6004, and 6006 of the Bankruptcy Rules, and Rules 2002-1, 6004-1, 6006-1, and 9006-1(b) of the Local Bankruptcy Rules for the Southern District of New York (the "LBRs") and the *Sale Guidelines for the Conduct of Asset Sales established and adopted by the United States Bankruptcy Court for the Southern District of New York pursuant to General Order M-383* (the "Sale Guidelines").

Background

6. The Debtors, together with their non-debtor affiliates, make up a multinational company that provides mission-critical, real-time communication applications to private and government customers and platforms around the world. The Debtors, together with their non-debtor affiliates provide a full complement of software and service solutions for contact centers,

unified communications, and integrated networking, which software and services are offered on-premises, in the cloud, or using a hybrid cloud. The Debtors are headquartered in Santa Clara, California, but their operations are extensive and span across Asia, the Middle East, Europe, and the United States.

7. On January 19, 2017 (the “Petition Date”), each of the Debtors filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code. The Debtors are operating their businesses and managing their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. On January 20, 2017, the Court entered an order authorizing the joint administration and procedural consolidation of the chapter 11 cases pursuant to Bankruptcy Rule 1015(b) [Docket No. 46]. No request for the appointment of a trustee or examiner has been made in these chapter 11 cases.

8. On January 31, 2017, the Office of the United States Trustee for the Southern District of New York (the “U.S. Trustee”) formed the official committee of unsecured creditors (the “Creditors’ Committee”) pursuant to section 1102 of the Bankruptcy Code [Docket No. 100].

Marketing and Sale Process

9. The Debtors retained Centerview Partners (“Centerview”) in March 2016 as their financial advisor to assist the board of directors and management team in evaluating strategic and capital structure alternatives to address the Debtors’ burdensome balance sheet. Such potential alternatives included, but were not limited to, the divestiture of noncore assets, for which Avaya also retained Goldman in March 2016 as financial advisor in connection with any possible divestitures.⁶

⁶ Bosacco Declaration at ¶ 7.

10. Before filing these chapter 11 cases, the Debtors and their advisors determined that, under certain terms and circumstances, a sale of the Business would maximize the value of the Debtors' estates to the benefit of their creditor constituencies and preserve the value of their business.⁷

11. Avaya and Goldman ran a broad marketing process, exploring the possibility of selling the Business. Goldman and Avaya contacted 37 parties, including 28 strategic buyers and nine financial sponsors with respect to a sale of the Business. Of these 37 parties, 15 entered into nondisclosure agreements with the Debtors. Subsequently, 11 parties interested in evaluating the value of the Business (the "Interested Parties") attended an initial meeting with the Debtors. Subsequent to this meeting, the Debtors responded to a number of information requests by Interested Parties prior to the submission of first round bids. Four of these Interested Parties (the "Potential Purchasers"), including two strategic buyers and two financial sponsors, ultimately provided views on valuation, of which two submitted written bids and two submitted significantly less attractive verbal offers and were therefore not invited to proceed. The two remaining Potential Purchasers were then provided with access to an electronic diligence data room.⁸

12. The Debtors continued to work with the Potential Purchasers to satisfy further diligence requests and clarify proposal terms. The Debtors also continued discussions with a third potentially interested party, which had not submitted a first round bid but was interested in the business. However, by November 2016 one of the Potential Purchasers declined to continue bidding citing regulatory and strategic concerns, and the Debtors focused their efforts on the only

economically viable purchaser at the time, the Stalking Horse Bidder that provided a bid (the “Stalking Horse Bid”) that, in the Debtors’ business judgment, provided superior value for the Debtors’ estates, thus maximizing recoveries available to the Debtors’ creditor constituencies.⁹

13. In the weeks that followed, the Debtors and the Stalking Horse Bidder worked to resolve various issues with respect to the asset purchase agreement, bidding procedures, and proposed form of the sale order. Negotiations among the parties were hard fought and complex. On March 7, 2017, after extensive, arm’s-length and good-faith negotiations, the Debtors and the Stalking Horse Bidder executed the Stalking Horse APA, subject in all respects to higher or better offers through an auction process and the approval of the Court and the Debtors’ fiduciary obligations.¹⁰

14. Accordingly, with a stalking horse bidding floor and Stalking Horse APA in place—the key terms of which have already been subject to a robust market test—the Debtors now seek to effectuate the Sale promptly to the Stalking Horse Bidder, subject to competitive bids and Court approval.¹¹

II. “Extraordinary Provisions” Under the Sale Guidelines.

16. The Stalking Horse APA contains the following terms, conditions and provisions

that may be considered “Extraordinary Provisions” under Section I.D of the Sale Guidelines:¹³

- a. **Avoidance Actions.** The Stalking Horse APA and proposed form of Sale Order require that the Debtors transfer to the Successful Bidder the Debtors’ rights to pursue Avoidance Actions related exclusively to the Business.¹⁴ In light of the extensive marketing and open nature of this sale transaction and the necessity of such condition to induce the Stalking Horse Bidder to enter into the Stalking Horse APA, balanced against the benefits of the Sale, the Debtors believe including this finding in the Sale Order is appropriate and reasonable.
- b. **Fraudulent Conveyance.** The Stalking Horse APA requires that the Sale Order provide that the Stalking Horse APA, and the transactions contemplated thereby, are not subject to avoidance by the Debtors.¹⁵ Balanced against the benefits of the Sale, the Debtors believe including this finding in the Sale Order is appropriate and reasonable.
- c. **Successor Liability.** The Stalking Horse APA requires that the proposed Sale Order include certain findings that the Transferred Assets are being sold free of successor or other similar liability.¹⁶ In light of the extensive marketing and open nature of this sale transaction and the form and manner of the Sale Notice, including that the Sale Notice contains an express disclosure regarding successor liability findings in the Sale Order, the Debtors believe affected parties will have sufficient notice of the Sale and, therefore, inclusion of successor liability findings in the Sale Order is appropriate and reasonable, especially balanced against the Sale’s benefits.
- d. **Stay Waiver.** The proposed form of Sale Order provides for a waiver of the 14-day stay of the Sale Order arising under Bankruptcy Rule 6004(h), including the parties’ ability to close the Sale and assign the Transferred Contracts and Assumed Leases (as defined in the Stalking Horse APA).¹⁷ A waiver of the stay is appropriate because the Sale was extensively marketed and notice of the Sale was, and will be further, adequately provided to all parties in interest. Therefore, the Debtors submit there are adequate grounds to waive the 14-day stay so that the Sale Order is effective immediately.

¹³ This list of possible “Extraordinary Provisions” (as such term is defined in the Sale Guidelines) is not intended to be an admission that any of these provisions are unusual relief in sales transactions of this nature conducted pursuant to section 363 of the Bankruptcy Code.

Bidding Procedures Order

III. Outline of the Bidding Procedures.

17. The Bidding Procedures are intended to permit a fair and efficient competitive Sale Process, consistent with the timeline of these cases, to confirm that the Stalking Horse Bid is, indeed, the best offer or promptly identify the alternative bid that is higher or otherwise better. Because the Bidding Procedures are attached as **Exhibit 1** to **Exhibit A** hereto, they are not restated in their entirety herein. Generally speaking, however, the Bidding Procedures establish, among other things:

- a. the requirements that Potential Bidders must satisfy to participate in the bidding process and become “Acceptable Bidders;”¹⁸
- b. the availability of, access to, and conduct during due diligence by Acceptable Bidders;¹⁹
- c. the deadlines and requirements for submitting competing bids and the method and criteria by which such competing bids are deemed to be “Qualified Bids” sufficient to trigger an Auction, including the minimum consideration that must be provided, the terms and conditions that must be satisfied, and deadline that must be met by any Acceptable Bidder (other than the Stalking Horse Bidder) to be considered a “Qualified Bidder”;²⁰
- d. the manner in which Qualified Bids will be evaluated by the Debtors, in consultation with their advisors, the DIP Agent,²¹ the Ad Hoc First Lien Group, and the Ad Hoc Crossover Group (together with the Ad Hoc First Lien Group, the “Ad Hoc Groups”), the U.S. Trustee, and the Creditors’ Committee, to determine the Starting Bid for the Auction;²²

¹⁸ See Bid. Proc., at ¶ B

¹⁹ See Bid. Proc., at ¶ C

²⁰ See Bid. Proc., at ¶¶ D, E

²¹ The “DIP Agent” means Citibank, N.A., solely in its capacity as Administrative Agent under that certain Superpriority Secured Debtor-in-Possession Credit Agreement, as of January 24, 2017 (as heretofore amended, restated, amended and restated, supplemented or otherwise modified, the “DIP Credit Agreement,” and the lenders party thereto, the “DIP Lenders”).

²² See Bid. Proc., at ¶ F

- e. the conditions for having an Auction and procedures for conducting the Auction, if any;²³
- f. the criteria by which the Successful Bidder will be selected by the Debtors, in consultation with their advisors, the DIP Agent, and the Ad Hoc Groups;²⁴ and
- g. various other matters relating to the Sale process generally, including the Sale Hearing, designation of the Back-Up Bid, payment of the Termination and Expense Reimbursement Fees, and return of any good faith deposits and certain reservations of rights.²⁵

18. Importantly, the Bidding Procedures recognize the Debtors' fiduciary obligations to maximize sale value, and, as such, do not impair the Debtors' ability to consider all Qualified Bids, and preserve the Debtors' right, with consent of the Stalking Horse Bidder and in consultation with the DIP Agent, the Ad Hoc Groups, and the Creditors' Committee to modify the Bidding Procedures as necessary or appropriate to maximize value for their estates.

IV. Form and Manner of Sale Notice.

19. Within seven days after the entry of the Bidding Procedures Order, or as soon as reasonably practicable thereafter (the "Mailing Date"), the Debtors will serve the Sale Notice, the Stalking Horse APA, the Bidding Procedures Order, and the Bidding Procedures in accordance with the Sale Guidelines by first-class mail or, for those parties who have consented to receive notice by the Electronic Case Files ("ECF") system, by ECF, upon the following parties: (a) the Standard Parties; (b) the Rule 2002 Parties; (c) the Federal Trade Commission; (d) the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice; (e) counsel to the Stalking Horse Bidder; (f) any parties known or reasonably believed to have expressed interest in any of the Transferred Assets; (g) all entities known or reasonably

believed to have asserted a lien, encumbrance, claim or other interest in any of the Transferred Assets; (h) all parties to executory contracts or unexpired leases to be assumed and assigned, or rejected as part of the transaction; (i) all applicable state and local taxing authorities; and (j) each governmental agency that is an interested party with respect to the Sale and transactions proposed thereunder.²⁶

20. Additionally, on the Mailing Date or as soon as practicable thereafter, the Debtors shall publish a notice, substantially in the form of the Sale Notice, on one occasion, in *The Wall Street Journal* or *New York Times*, and on one occasion in *The Financial Times*. Such publication notice shall be deemed sufficient and proper notice of the Sale to any other interested parties whose identities are unknown to the Debtors.

21. The Debtors submit that the Sale Notice is reasonably calculated to provide all interested parties with timely and proper notice of the proposed Sale, including: (a) the date, time, and place of the Auction (if one is held); (b) the Bidding Procedures and the dates and deadlines related thereto; (c) the Sale Objection Deadline; (d) reasonably specific identification of the Transferred Assets; (e) instructions for promptly obtaining a copy of the Stalking Horse APA; (f) representations describing the Sale as being free and clear of liens, claims, interests, and other encumbrances with respect to those Transferred Assets which are currently property of the Debtors' estates (the "Debtors' Transferred Assets"), with all such liens, claims, interests, and other encumbrances attaching with the same validity and priority to the sale proceeds; (g) the commitment by the Stalking Horse Bidder to assume certain liabilities of the Debtors; and (h) notice of the proposed assumption and assignment of contracts and leases to the Stalking

²⁶ Capitalized terms used but not defined in this Paragraph 19 shall have the meanings set forth in the *Order Pursuant to 11 U.S.C. § 105(a) and Fed. R. Bankr. P. 1015(c), 2002(m) and 9007 Implementing Certain Notice and Case Management Procedures* [Docket No. 160].

Horse Bidder pursuant to the Stalking Horse APA (or to another Successful Bidder arising from the Auction, if any), the proposed cure amounts relating thereto and the right, procedures and deadlines for objecting thereto. The Debtors propose that no other or further notice of the Sale shall be required. Accordingly, the Debtors request that the form and manner of the Sale Notice be approved.

V. Summary of the Assumption Procedures

22. The Debtors are also seeking approval of the Assumption Procedures to facilitate the fair and orderly assumption and assignment of the Transferred Contracts and Assumed Leases in connection with the Sale. Because the Assumption Procedures are set forth in detail in the attached Bidding Procedures Order, they are not restated herein.²⁷ Generally speaking, however, the Assumption Procedures: (a) outline the process by which the Debtors will serve notice to all counterparties to the Transferred Contracts and Assumed Leases regarding the proposed assumption and assignment and related cure amounts, if any, informing such parties of their right and the procedures to object thereto; and (b) establish objection and other relevant deadlines and the manner for resolving disputes relating to assumption and assignment of Transferred Contracts and Assumed Leases to the extent necessary.

VI. Extension of Time to Assume or Reject the Billerica Lease

23. Avaya Inc. is party to the Billerica Lease, which provides approximately 137,000 rentable square feet to support the Debtors' operations in support of the Business in Billerica, Massachusetts, at a current rent of \$259,863.77 per month. The Debtors currently house extensive lab equipment at Billerica, which will require at least eight weeks to move out of the

²⁷ The proposed Assumption Procedures set forth in the Bidding Procedures relate specifically to the proposed mechanism for providing notice of cure amounts to certain contract and lease counterparties, entertaining objections thereto and resolving disputes related thereto.

site should the Billerica Lease ultimately be rejected. Such a move cannot begin until all Potential Bidders have had an opportunity to conduct due diligence on the site and a determination has been made by the Successful Bidder whether to accept or reject the Billerica Lease.²⁸ As contemplated in this Motion, the Sale Hearing will not take place until May 25, 2017—after the Assumption/Rejection Deadline.

24. Furthermore, pending their decision to assume or reject the Billerica Lease, the Debtors intend to perform all of their undisputed obligations arising from and after the Petition Date, in a timely fashion, to the extent required by section 365(d)(4) of the Bankruptcy Code, including the payment of postpetition rent obligations.²⁹ Accordingly, the Debtors seek a 90-day extension of the May 19, 2017, deadline to assume or reject the Billerica Lease, through and including, August 17, 2017.

Basis for Relief

I. The Bidding Procedures Are Fair, Appropriate, and Should be Approved.

25. “When conducting an asset sale, the ultimate responsibility of the debtor, and the primary focus of the bankruptcy court, is the maximization of the value of the assets sold.”³⁰ In furtherance of that goal, bidding procedures and bid protections, such as those proposed here, may be used in court-supervised asset sales because they streamline the acquisition process, “help to provide an adequate basis by which to compare offers,” and maximize value.³¹ In

²⁸ Bosacco Declaration at ¶ 25.

(In re Integrated Res., Inc.), 147 B.R. 650, 659 (S.D.N.Y. 1992) (bidding procedures and bid protections “are important tools to encourage bidding and to maximize the value of the debtor’s assets”); see also, In re Metaldyne Corp., 409 B.R. 661, 670 (Bankr. S.D.N.Y. 2009) (“[b]idder protections are granted when a bidder provides a floor for bidding by expending resources to conduct due diligence and allowing its bid to be shopped around for a higher offer.”).

overseeing an asset sale subject to an auction process, the bankruptcy court walks a tightrope between:

on the one hand, providing for an orderly bidding process, recognizing the danger that absent such a fixed and fair process bidders may decline to participate in the auction; and, on the other hand, retaining the liberty to respond to differing circumstances so as to obtain the greatest return for the bankrupt estate.³²

Because the court must perform this difficult balancing act, “a bankruptcy judge’s broad discretionary power in conducting the sale of a debtor’s assets should not be narrowed by technical rules mindlessly followed” that “reduce the broad discretion and flexibility a bankruptcy court must necessarily have to enhance the value of the estates before it.”³³

26. Here, the Debtors submit that the Bidding Procedures are fair and appropriate under the circumstances, consistent with procedures routinely approved by courts in this district and in the best interest of the Debtors’ estates. The Bidding Procedures are designed to facilitate orderly yet competitive bidding to maximize the net value realized from the Sale by these estates. In particular, the Bidding Procedures contemplate an open auction process with minimum barriers to entry and provide potential bidding parties with sufficient time to perform due diligence and acquire the information necessary to submit a timely and well-informed bid.

27. At the same time, the Bidding Procedures provide the Debtors with an adequate opportunity to consider competing bids and select the highest and best offer for the completion of the Sale. Entering into the Stalking Horse APA with the Stalking Horse Bidder ensures the Debtors obtain fair market value by setting a minimum purchase price that will be tested in the marketplace. As such, the Debtors and their creditors can be assured that, taking into account the financial condition of the Debtors and the economy, the consideration obtained will be fair and

reasonable and at or above market.

A. The Bid Protections Have Sound Business Purpose and Should be Approved.

28. The Debtors are also requesting approval of a termination fee equal to \$3 million (the "Termination Fee") and expense reimbursement of up to \$750,000 (the "Purchaser Expense Reimbursement," and together with the Termination Fee, the "Bid Protections"), representing approximately 3.00% and 0.75%, respectively, of the total potential value to Avaya of approximately \$100 million. The Bid Protections will be paid to the Stalking Horse Bidder upon the occurrence of certain "triggering events" typical and customary for transactions of this kind, including, among other things, approval of an Alternative Transaction (as defined in the Stalking Horse APA), failure to have a final Sale Order or consummate the Sale within certain agreed upon timeframes, the Debtors' breach of or failure to perform any respective representations, warranties, or covenants under the Stalking Horse APA, or the Debtors' determination to terminate the Stalking Horse APA in accordance with their fiduciary obligations. The total potential value includes at least approximately \$68 million in cash proceeds (before transaction costs and purchase price adjustments), up to approximately \$22 million of aggregate, undiscounted value in the assumption of future dark lease and pension obligations of certain Avaya non-Debtor entities (with any reduction of this amount to be offset by an increase in cash proceeds) by the Stalking Horse Bidder, and the ultimate release of up to \$10 million in cash to Avaya from an indemnity escrow account one year after closing. Pursuant to closing the transaction, Avaya would be responsible for paying up to approximately \$5 million in severance costs to employees of the Business not transferred to the Stalking Horse Bidder.

29. Bankruptcy courts in the Second Circuit analyze the appropriateness of bidding incentives such as these under the "business judgment rule" standard, and is it well established in this district that courts consider whether: (a) the relationship of the parties who negotiated the

break-up fee was tainted by self-dealing or manipulation; (b) the fee hampers, rather than encourages, bidding; and (c) the amount of the fee is unreasonable relative to the proposed purchase price.³⁴ The Debtors submit that the Bid Protections are appropriate under each of the three foregoing factors.

30. First, the Bid Protections are the product of good faith, arm's-length negotiations between several parties, including the Debtors who were acting not in their own self-interest, but rather, in the interest of the bankruptcy estates consistent with their fiduciary duties. Further, the Stalking Horse APA provisions relating to the Bid Protections (as well as the other Stalking Horse APA provisions) were scrutinized by the Debtors' professionals, reviewed and vetted with outside advisors through the marketing process and approved by the Debtors' board of directors.

31. Second, the Debtors believe, based on their reasoned business judgment, that the presence of the Bid Protections enhances their ability to maximize value without chilling bidding. The Bid Protections were a material inducement for, and a condition of, the Stalking Horse Bidder's agreement to enter into the Stalking Horse APA. Indeed, granting these Bid Protections convinced the Stalking Horse Bidder to enter into the Stalking Horse APA, which assures the Debtors of a Sale to a contractually-committed bidder at a price they believe is fair and reasonable. Additionally, the Stalking Horse APA provides the upside opportunity that the Debtors could potentially receive a higher or otherwise better offer at the Auction which, absent such a bid floor, might otherwise never have been realized.³⁵

³⁴ In re Genco Shipping & Trading Limited, 509 B.R. 455, 465 (Bankr. S.D.N.Y. 2014) (citing Metaldyne, 409 B.R. at 670); See also Integrated Res., 147 B.R. at 657-8 (to evaluate bid protections, courts should employ the business judgment rule, which proscribes judicial second-guessing of the corporate debtor's actions taken in good faith, absent self-dealing and in the exercise of honest judgment); Fin. News Network, 980 F.2d 165 (2d Cir. 1992).

³⁵ See In re 995 Fifth Ave. Assocs., L.P., 96 B.R. 24, 28 (Bankr. S.D.N.Y. 1989) (finding bidding incentives "legitimately necessary to convince a white knight to enter the bidding by providing some form of compensation for the risks it is undertaking.").

32. Third, the Debtors believe, based on their reasoned business judgment, that the Bid Protections are reasonable and appropriate relative to the size, nature, and complexity of this transaction and the commitments made and resources expended by the Stalking Horse Bidder in connection therewith in view of:

- a. the meaningful floor established by the Stalking Horse APA for competitive bidding;
- b. the substantial benefits already received by the Debtors and their estates from having a Stalking Horse Bid serve as a catalyst for other potential or actual bidders to confirm that the Debtors receive the highest and best offer by subjecting the Sale to an open auction and competitive bidding;
- c. the need of the Debtors to move forward with a transaction with a high likelihood of closure assured by a contractually committed party at a fair and reasonable price consistent with the timeline of these chapter 11 cases;
- d. the extensive due diligence, analysis and negotiations undertaken by the Stalking Horse Bidder in connection with the Sale;
- e. the risks borne by the Stalking Horse Bidder for being the stalking horse in this transaction and any opportunity costs incurred as a result thereof; and
- f. the maximum payment to be made on behalf of the Bid Protections to the Stalking Horse Bidder would be 3.75% of the total Purchase Price of \$100 million.

33. Accordingly, the Debtors respectfully submit that the Bid Protections reflect a sound business purpose, are fair and appropriate under the circumstances, and should be approved.

II. The Form and Manner of the Sale Notice Should be Approved.

34. Pursuant to Bankruptcy Rule 2002(a), the Debtors are required to provide their creditors with 21 days' notice of the Sale Hearing. Pursuant to Bankruptcy Rule 2002(c), such notice must include the time and place of the Auction and the Sale Hearing and the deadline for filing any objections to the relief requested herein. The Sale Notice complies with the Sale

Guidelines, and the Debtors submit that notice of this Motion and the related hearing to consider entry of the Bidding Procedures Order coupled with service of the Sale Notice as provided for herein, constitutes good and adequate notice of the Sale and the proceedings with respect thereto in compliance with, and satisfaction of, the applicable requirements of Bankruptcy Rule 2002, LBR 2002-1, and the Sale Guidelines. Accordingly, the Debtors request that this Court approve the form and manner of the Sale Notice proposed herein.

III. The Assumption Procedures Are Appropriate and Should be Approved.

35. In connection with the assumption and assignment of the Transferred Contracts and Assumed Leases, the Debtors believe it is necessary to establish a process by which: (a) the Debtors and counterparties to Transferred Contracts and Assumed Leases can reconcile cure obligations, if any, in accordance with section 365 of the Bankruptcy Code and (b) such counterparties can object to the assumption and assignment of Transferred Contracts and Assumed Leases and/or related cure amounts.

36. As set forth in the Bidding Procedures Order, the Debtors also request that any party that fails to object to the proposed assumption and assignment of any Assumed Contract be deemed to consent to: (a) the assumption and assignment of the applicable Assumed Contract pursuant to section 365 of the Bankruptcy Code on the terms set forth in the Sale Order and (b) assignment notwithstanding any anti-alienation provision or other restriction on assignment.³⁶

37. The Debtors believe that the Assumption Procedures are fair and reasonable, provide sufficient notice to parties to the Transferred Contracts and Assumed Leases and provide

³⁶ See, e.g., Hargrave v. Township of Pemberton (In re Tabone, Inc.), 175 B.R. 855, 858 (Bankr. D.N.J. 1994) (by not objecting to sale motion, creditor deemed to consent); Pelican Homestead v. Wooten (In re Gabel), 61 B.R. 661, 667 (Bankr. W.D. La. 1985) (same).

certainty to all parties in interest regarding their obligations and rights in respect thereof. Accordingly, the Debtors request the Court approve the Assumption Procedures set forth in the Bidding Procedures Order.

IV. The Sale Should be Approved as an Exercise of Sound Business Judgment.

38. Section 363(b) of the Bankruptcy Code provides that a debtor may sell property of the estate outside the ordinary course of business after notice and a hearing. Section 363(b) does not, however, provide a standard for determining when such a sale should be authorized if proposed outside confirmation of a chapter 11 plan. In the Second Circuit, that standard is well-established by case law: a debtor's decision to sell assets outside the ordinary course of business must be based upon sound business judgment.³⁷

39. When determining whether to approve a proposed sale under section 363 of the Bankruptcy Code, courts generally apply standards that, although stated various ways, represent essentially a business judgment test.³⁸ In Lionel, the Court of Appeals for the Second Circuit listed several (albeit not exclusive) factors bankruptcy courts in this district may consider in conducting a section 363(b) analysis, including, for example, whether: (a) a "sound business purpose" exists that justifies the sale; (b) adequate and reasonable notice has been provided to interested parties; (c) the sale value obtained is fair and reasonable; and (d) the debtor acted in

³⁷ See, e.g., In re MF Glob. Inc., 535 B.R. 596, 605 (Bankr. S.D.N.Y. 2015); Genco, 509 B.R. at 464; Licensing By Paolo, Inc. v. Sinatra (In re Gucci), 126 F.3d 380, 387 (2d Cir. 1997); Official Comm. of Unsecured Creditors of LTV Aerospace and Defense Co. v. LTV Corp. (In re Chateaugay Corp.), 973 F.2d 141 (2d Cir.1992); Committee of Equity Sec. Holders v. Lionel Corp. (In re Lionel Corp.), 722 F.2d 1063, 1070 (2d Cir. 1983); Integrated Res., 147 B.R. at 656 (law vests the debtor's decision to use property out of the ordinary course of business with a strong presumption that in making a business decision, the directors acted on an informed basis, in good faith and in the honest belief that the action taken was in the best interests of the company).

³⁸ See, e.g., MF Glob., 535 B.R. at 605; Genco, 509 B.R. at 464; In re Global Crossing Ltd., 295 B.R. 726, 744 (Bankr. S.D.N.Y. 2003).

good faith.³⁹

A. A Sound Business Purpose Exists for the Sale.

40. The Debtors have a sound business justification for entering into this transaction, including selling assets that are not essential to the Debtors' future plans and success. The opportunity to sell the Business at a fair price presents an attractive opportunity to reorganize the Debtors' operations around its more profitable contact center and unified communications operations, while generating significant value for the Debtors' estates. The proceeds from the sale will be utilized to maximize creditor recoveries and preserve the Debtors' value as a going concern, resulting in reorganized Debtors with a robust balance sheet capable of funding the research, development, and capital expenditures necessary to remain competitive in the contact center and unified communications markets as demand continues to shift towards cloud-based solutions and fee-based components.

41. Notably, the Stalking Horse APA was only executed after: (a) potential alternatives were evaluated; (b) the transaction was aggressively marketed; (c) two rounds of competing proposals were evaluated and analyzed; and (d) all of the foregoing was presented to the members of the board who, in conjunction with advice from experienced professionals, discharged their fiduciary duties, exercised sound and appropriate business judgment, and determined to pursue the Sale on the terms of the Stalking Horse APA, subject to competitive bidding sanctioned by the Court.

42. Thus, for the reasons set forth herein, as will be further shown at the Sale Hearing, because the Stalking Horse APA (or any marked APA, as the case may be) constitutes (or will constitute) the highest or otherwise best offer, on balance of the facts and circumstances

³⁹ See Global Crossing, 295 B.R. at 744 (citing Lionel, 722 F.2d at 1071).

of the moment, and provides greater recovery for these estates than any known or practicably available alternative, the Debtors submit that the execution thereof represents sound reasonable business judgment.

B. Adequate and Reasonable Notice of the Sale Will be Provided.

43. As described above, the Sale Notice: (a) will be served in a manner that provides at least 21 days' notice of the date, time and location of the Sale Hearing; (b) informs interested parties of the deadlines for objecting to the Sale or the assumption and assignment of Transferred Contracts and Assumed Leases; and (c) otherwise includes all information relevant to parties interested in or affected by the Sale in accordance with the Sale Guidelines. Significantly, the form and manner of the Sale Notice will have been approved by this Court pursuant to the Bidding Procedures Order after notice and a hearing before it is served on parties in interest, and, as such, the Debtors are confident the Sale Notice will be properly vetted by the time of service thereof.

C. The Sale and Purchase Price Reflect a Fair Value Transaction.

44. It is well-settled that, where there is a court-approved auction process, a full and fair price is presumed obtained for the assets sold, as the best way to determine value is exposure to the market.⁴⁰ This is especially true here, where the Transferred Assets and related transaction both have been subjected to an extensive marketing process and intensively scrutinized by the Debtors and their retained advisors.

45. Moreover, even as the Debtors move forward with the Sale, Centerview will continue to market the transaction and solicit other offers for the Debtors' Business consistent

⁴⁰ See Bank of Am. Nat'l Trust & Sav. Ass'n. v. LaSalle St. P'ship, 526 U.S. 434, 457 (1999); see also In Re Trans World Airlines, Inc., No. 01-00056, 2001 WL 1820326, at *4 (Bankr. D. Del. 2001) (while a "§ 363(b) sale transaction does not require an auction procedure," "the auction procedure has developed over the years as an effective means for producing an arm's length fair value transaction").

with the Bidding Procedures and subject to the Stalking Horse APA, including, for example, by contacting previously solicited parties, providing acceptable bidders with data room access and requested information, considering a variety of alternative transaction structures, and otherwise assisting the Debtors with all efforts to increase transaction value. In this way, the number of bidders that are eligible to participate in a competitive auction process will be maximized, or, if no Auction is held because no Auction is necessary, the Stalking Horse APA purchase price will, conclusively, be fair value.

D. The Sale Has Been Proposed in Good Faith and Without Collusion and the Stalking Horse Bidder or Successful Bidder Is a “Good Faith Purchaser.”

46. While the Bankruptcy Code does not define “good faith,” the Second Circuit has held that the good faith of a purchaser is shown by the integrity of his conduct during the course of the sale proceedings, finding that where there is a lack of such integrity, a good faith finding may not be made.⁴¹

47. The Debtors submit the Stalking Horse Bidder, or other Successful Bidder arising from the Auction, is or would be a “good faith purchaser” within the meaning of section 363(m) of the Bankruptcy Code, and the Stalking Horse APA, or any marked version thereof, is or would be a good faith agreement on arm’s-length terms entitled to the protections of section 363(m) of the Bankruptcy Code.⁴² First, the consideration to be received by the Debtors

⁴¹ See, e.g., Gucci, 126 F.3d at 390 (a purchaser’s good faith is lost by “fraud, collusion between the purchaser and other bidders or the trustee, or an attempt to take grossly unfair advantage of other bidders”) (internal citations omitted); In re Sasson Jeans, Inc., 90 B.R. 608, 610 (S.D.N.Y. 1988) (same).

⁴² Section 363(m) of the Bankruptcy Code provides that:

[t]he reversal or modification on appeal of an authorization under subsection (b) or (c) of this section of a sale or lease or property does not affect the validity of a sale or lease under such authorization to an entity that purchased or leased such property in good faith, whether or not such entity knew of the pendency of the appeal, unless such authorization and such sale or lease were stayed pending appeal.

See 11 U.S.C. § 363(m).

pursuant to the Stalking Horse APA is substantial, fair, and reasonable. Second, the parties entered into the Stalking Horse APA in good faith and after extensive, arm's-length negotiations, during which both parties were represented by competent counsel of similar bargaining positions. Third, there is no indication of any "fraud, collusion between the purchaser and other bidders or the trustee, or an attempt to take grossly unfair advantage of other bidders" or similar conduct that would cause or permit the Sale or Stalking Horse APA to be avoided under section 363(n) of the Bankruptcy Code. Finally, the Stalking Horse Bidder's offer was evaluated and approved by the board in consultation with the Debtors' professionals. Accordingly, the Debtors believe that the Stalking Horse Bidder (or other Successful Bidder) and Stalking Horse APA (or other marked APA) should be entitled to the full protections of section 363(m) of the Bankruptcy Code.

E. The Sale Should be Approved "Free and Clear" Under Section 363(f) With Respect to the Debtors' Transferred Assets.

48. Section 363(f) of the Bankruptcy Code permits a debtor to sell property free and clear of another party's interest in the property if: (a) applicable nonbankruptcy law permits such a free and clear sale; (b) the holder of the interest consents; (c) the interest is a lien and the sale price of the property exceeds the value of all liens on the property; (d) the interest is in bona fide dispute; or (e) the holder of the interest could be compelled in a legal or equitable proceeding to accept a monetary satisfaction of its interest.⁴³

49. The Debtors believe that any of the parties holding liens in the Debtors' Transferred Assets could be compelled to accept a monetary satisfaction of such interests.

⁴³ See 11 U.S.C. § 363(f); see also Contrarian Funds, LLC v. Westpoint Stevens, Inc. (In re Westpoint Stevens, Inc.), 333 B.R. 30, 50 (S.D.N.Y. 2005) (where a sale is to be free and clear of existing liens and interests other than those of the estate, one or more of the criteria specified in section 363(f) of the statute must also be met); In re Dundee Equity Corp., 1992 WL 53743 (Bankr. S.D.N.Y. 1992) (same).

Moreover, the Debtors believe that the purchase price for the Transferred Assets will exceed the economic value of any liens. Where the purchase price for a debtor's assets is the best available under the circumstances, a court may authorize the sale free and clear of existing liens, claims, and encumbrances pursuant to section 363(f)(3) of the Bankruptcy Code even if the purchase price is less than the face amount of liens, claims, and encumbrances.⁴⁴ In this instance, the procedures outlined herein, and the Debtors' extensive and continuing efforts to market their businesses, ensure that the purchase price paid for the Transferred Assets is the best available. Therefore, the Sale should be approved free and clear of any and all liens, claims, and encumbrances against the Debtors' Transferred Assets, regardless of their face amount.

50. Finally, the Sale Order provides that any lien, claim, or encumbrance in the Debtors' Transferred Assets will attach to the net proceeds of the Sale, subject to any claims and defenses the Debtors may possess with respect thereto. Accordingly, the Debtors believe that the sale of the Debtors' Transferred Assets in accordance with the Stalking Horse APA will satisfy the statutory prerequisites of section 363(f) of the Bankruptcy Code and the Sale should be approved free and clear of all liens, claims, and encumbrances against the Debtors' Transferred Assets.

V. Assumption and Assignment of Contracts and Leases Should be Approved.

A. The Assumption of the Contacts and Leases Reflects Business Judgment.

51. Here too, the Debtors must demonstrate that the assumption of the Transferred Contracts and Assumed Leases in connection with the Sale reflects sound business judgment.⁴⁵

⁴⁴ See In re Boston Generating, LLC, 440 B.R. 302, 332 (Bankr. S.D.N.Y. 2010); In re Beker Indus., Inc., 63 B.R. 474, 477-78 (Bankr. S.D.N.Y. 1986).

⁴⁵ See Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.), 4 F.3d 1095, 1099 (2d Cir. 1993) (purpose behind allowing assumption under section 365(a), is to permit the debtor, subject to the approval of the court, to use valuable property of the estate); In re Penn Traffic Co., 524 F.3d 373, 383 (2d Cir. 2008) (business judgment test "rather obviously presupposes that the estate will assume a contract only

52. In the Second Circuit, a motion to assume an executory contract is considered a summary proceeding, whereby courts efficiently review a “debtor’s decision to adhere to a particular contract in the course of the swift administration of the bankruptcy estate.”⁴⁶ In conducting such review, bankruptcy courts should “examine a contract and the surrounding circumstances and apply its best ‘business judgment’ to determine if it would be beneficial or burdensome to the estate to assume it.”⁴⁷

53. In other words, the Court must place itself in the position of the Debtors and determine “whether assuming the contract would be a good business decision or a bad one.”⁴⁸ If a debtor’s business judgment has been exercised reasonably, the court should approve the assumption of an executory contract.⁴⁹

54. Here, a review of relevant facts shows that the Court should approve the decision to assume and assign the Transferred Contracts and Assumed Leases in connection with the Sale as a sound exercise of their business judgment, consistent with the well-settled standard in this district governing same.

- a. First, the Transferred Contracts and Assumed Leases are necessary to run the Debtors’ Business. As such, they are essential to inducing the best offer for the Transferred Assets.
- b. Second, it is unlikely that any purchaser would want to acquire any assets on a going-concern basis unless a significant number of the contracts and leases needed to conduct the business and manage the day-to-day operations were included in the transaction.

where doing so will be to its economic advantage”).

- c. Third, the Stalking Horse APA provides that the assumption and assignment of Transferred Contracts and Assumed Leases is integral to, and inextricably integrated in, the Sale.
- d. Finally, the Transferred Contracts and Assumed Leases will be assumed and assigned through the process approved by the Court by the Bidding Procedures Order, and thus will be reviewed by key constituents.

55. Accordingly, the Debtors submit that the assumption and assignment of the Transferred Contracts and Assumed Leases by way of the Assumption Procedures should be approved as an exercise of their business judgment.

B. Defaults Under the Transferred Contracts and Assumed Leases Will be Cured Through the Sale.

56. Upon finding that a debtor has exercised its business judgment in determining that assuming an executory contract is in the best interest of its estate, courts must then evaluate whether the assumption meets the requirements of section 365(b) of the Bankruptcy Code: (a) that a debtor cure, or provide adequate assurance of prompt cure of, prepetition defaults in the executory contract; (b) compensate parties for pecuniary losses arising therefrom; and (c) provide adequate assurance of future performance thereunder. This section “attempts to strike a balance between two sometimes competing interests, the right of the contracting nondebtor to get the performance it bargained for and the right of the debtor’s creditors to get the benefit of the debtor’s bargain.”⁵⁰

57. The Debtors submit that the statutory requirements of section 365(b)(1)(A) of the Bankruptcy Code will promptly be satisfied because the Stalking Horse APA requires that the Debtors cure all defaults associated with, or required to properly assume, the Transferred Contracts and Assumed Leases. Because the Bidding Procedures Order (once approved) provides a clear process by which to resolve disputes over cure or other defaults, the Debtors are

⁵⁰ Matter of Luce Indus., Inc., 8 B.R. 100, 107 (Bankr. S.D.N.Y. 1980).

confident that if defaults exist that must be cured, such cure will be achieved fairly, efficiently and properly, consistent with the Bankruptcy Code and with due respect to the rights of non-debtor parties.

C. Non-Debtor Parties Will be Adequately Assured of Future Performance.

58. Similarly, the Debtors submit that the third requirement of section 365(b)(1)(C) of the Bankruptcy Code—adequate assurance of future performance—is also satisfied given the facts and circumstances present here. “The phrase ‘adequate assurance of future performance’ adopted from section 2-609(1) of the Uniform Commercial Code, is to be given a practical, pragmatic construction based upon the facts and circumstances of each case.”⁵¹ Although no single solution will satisfy every case, the required assurance will fall short of an absolute guarantee of performance.⁵² Among other things, adequate assurance may be given by demonstrating the assignee’s financial health and experience in managing the type of enterprise or property assigned.⁵³

59. The Debtors believe that they can and will demonstrate that the requirements for assumption and assignment of the Transferred Contracts and Assumed Leases to the Stalking Horse Bidder (or other Successful Bidder) will be satisfied at the Sale Hearing. As required by the Bidding Procedures, the Debtors will evaluate the financial wherewithal of potential bidders before designating such party a Qualified Bidder (e.g., financial credibility, willingness and ability of the interested party to perform under the Transferred Contracts and Assumed Leases).

⁵³ See In re Bygaph, Inc., 56 B.R. 596, 605-06 (Bankr. S.D.N.Y. 1986) (adequate assurance of future performance present where a prospective assignee has financial resources to perform and has expressed a willingness to devote sufficient funding to its business to do so).

Further, all counterparties will be provided with notice of the proposed assumption and assignment and will have adequate time and opportunity to object to the assumption or proposed cure amount or otherwise be heard with respect thereto.

VI. Extension of Debtors' Time to Assume or Reject the Billerica Lease is Appropriate.

60. Section 365(d)(4) of the Bankruptcy Code provides as follows:

(A) Subject to subparagraph (B), an unexpired lease of nonresidential property under which the debtor is the lessee shall be deemed rejected and the trustee shall immediately surrender that nonresidential real property to the lessor, if the trustee does not assume or reject the unexpired lease by the earlier of-

(i) the date that is 120 days after the date of the order for relief; or

(ii) the date of the entry of an order confirming the plan.

(B) (i) The court may extend the period determined under subparagraph (A), prior to the expiration of the 120-day period, for 90 days on the motion of the trustee or lessor for cause.

(ii) If the court grants an extension under clause (i), the court may grant a subsequent extension only upon prior written consent of the lessor in each instance.⁵⁴

61. Pursuant to section 365(d)(4), the Debtors have 120 days from the Petition Date to assume or reject the Billerica Lease, unless this deadline is extended for up to an additional 90 days by order of the Court, or longer by consent of the Billerica Lease Counterparty. The 120-day period established by section 365(d)(4)(A) expires on May 19, 2016, subject to extension by the Court, to assume or reject leases of non-residential real property (the "Assumption/Rejection Deadline").

62. Section 365(d)(4) of the Bankruptcy Code authorizes a court to "extend the period

⁵⁴ 11 U.S.C. § 365(d)(4).

determined under subparagraph (A), prior to the expiration of the 120-day period, for 90 days on the motion of the trustee or lessee for cause.⁵⁵

63. Courts consider the following non-exclusive factors to determine whether “cause” exists for purposes of section 365(d)(4) of the Bankruptcy Code:

- a. whether the leases are an important asset of the estate such that the decision to assume or reject would be central to a plan of reorganization;
- b. whether the debtor has had insufficient time to intelligently appraise each lease’s value to the plan of reorganization;
- c. whether the cases are exceptionally complex and involve a large number of leases;
- d. whether the lessor continues to receive monthly rental payments;
- e. whether there is a need for judicial determination of whether a lease exists; and
- f. whether the existence of any other facts indicate the lack of a reasonable time to decide whether to assume or reject.⁵⁶

64. Courts in this district have consistently recognized the benefits of granting additional time for a debtor to assume or reject leases of nonresidential real property under section 365(d)(4) of the Bankruptcy Code where, as here, the initial period to assume or reject an unexpired nonresidential lease is inadequate to make a determination regarding the assumption

⁵⁵ 11 U.S.C. § 365(d)(4)(B)(i).

S.D.N.Y. 1987); see also In re Burger Boys, Inc., 94 F.3d 755, 760–61 (2d Cir. 1996) (considering whether the lease was important to the estate, whether the debtor had sufficient time to formulate a plan of reorganization, whether the debtor was paying for the use of the property, whether the debtor’s continued occupation could damage the lessor beyond the compensation available under the Bankruptcy Code, the complexity of the case facing the debtor, the number of leases the debtor needed to evaluate, and the need for judicial determination of whether a lease existed); In re Enron Corp., 330 B.R. 387, 393 n. 10 (Bankr. S.D.N.Y. 2005) (finding that courts in the Second Circuit consider the factors provided in Burger Boys, among others, when setting the time for a debtor to assume or reject a contract); In re Channel Home Ctrs., Inc., 989 F.2d 682, 689 (3d Cir. 1993), cert. denied, 510 U.S. 865 (1993) (“[I]t is permissible for a bankruptcy court to consider a particular debtor’s need for more time in order to analyze leases in light of the plan it is formulating.”) (citing Wedtech, 72 B.R. at 471–72).

and rejection of the unexpired lease of nonresidential real property.⁵⁷

65. Cause exists to extend the time within which the Debtors may assume or reject the Billerica Lease, as a number of factors weigh in favor of granting the requested extension.

66. First, pending the Debtors' decision to assume or reject the Billerica Lease, the Debtors intend to perform all of their undisputed obligations arising from and after the Petition Date in a timely fashion to the extent required by section 365(d)(3) of the Bankruptcy Code. The Debtors are currently paying and will continue to pay the postpetition rent obligations under the Billerica Lease in the ordinary course of business. As such, the Debtors' requested extension of time to assume or reject the Billerica Lease will not prejudice or otherwise affect the substantive rights of the Billerica Lease Counterparty.⁵⁸

67. Second, the Billerica Lease is property of the Business to be sold pursuant to the Sale Order; however it is incapable of being determined at this time whether or not the Successful Bidder will wish to have the Billerica Lease assumed and assigned to it or rejected. Accordingly, the Debtors have had insufficient time to intelligently appraise the value of the Billerica Lease to any plan of reorganization, should the Successful Bidder not wish to have the Billerica Lease assigned to it.

68. Third, the Debtors require sufficient time—at least eight weeks—should the Successful Bidder choose to reject the Billerica Lease, to move lab equipment out of the site. Unfortunately, that move cannot begin until the Sale Order has been entered, which will occur

⁵⁷ See, e.g., In re Uno Rest. Holdings Corp., Case No. 10-10209 (Bankr. S.D.N.Y. May 11, 2010) (granting 90-day extension of the 120-day period to assume or reject unexpired leases); In re Finlay Enters., Inc., Case No. 0914873 (Bankr. S.D.N.Y. Dec. 17, 2009) (same).

⁵⁸ See, e.g., In re Am. Healthcare Mgt., Inc., 900 F.2d 827, 832 (5th Cir. 1990) (“[A]n order extending the time for a debtor to assume or reject a lease merely preserves the status quo”) (quoting In re Victoria Station Inc., 875 F.2d 1380, 1386 (9th Cir. 1989)); In re Bon Ton Rest. & Pastry Shop, Inc., 52 B.R. 850, 854–55 (Bankr. N.D. Ill. 1985) (concluding that a lessor who received continuing monthly rent payments was not prejudiced by an extension of the section 365(d)(4) deadline).

after the 120-day period ending May 19, 2017. Thus, the Debtors could not reject the Billerica Lease, should they need to in accordance with a Successful Bid, until at least July 20, 2017.

69. Accordingly, the Debtors submit that cause exists for the Court to extend the Assumption/Rejection Deadline for the Billerica Lease an additional 90 days, through and including August 17, 2017.

Motion Practice

70. This Motion includes citations to the applicable rules and statutory authorities upon which the relief requested herein is predicated and a discussion of their application to this Motion. Accordingly, the Debtors submit that this Motion satisfies Local Bankruptcy Rule 9013-1(a).

Waiver of Bankruptcy Rule 6004(h)

71. To implement the foregoing successfully, the Debtors request that the Court enter an order providing that the Debtors have established cause to exclude the relief requested herein from the 14-day stay period provided under Bankruptcy Rule 6004(h).

Reservation of Rights

72. Nothing contained herein is intended or should be construed as an admission as to the validity of any claim against the Debtors, a waiver of the Debtors' rights to dispute any claim, or an approval or assumption of any agreement, contract, or lease under section 365 of the Bankruptcy Code. The Debtors expressly reserve their right to contest any claim related to the relief sought herein. Likewise, if the Court grants the relief sought herein, any payment made pursuant to an order of the Court is not intended to be nor should it be construed as an admission as to the validity of any claim or a waiver of the Debtors' rights to subsequently dispute such claim.

Notice

73. The Debtors will provide notice of this Motion to: (a) the Standard Parties; (b) the Rule 2002 Parties; (c) counsel to the Stalking Horse Bidder; (d) any parties known or reasonably believed to have expressed interest in any of the Transferred Assets; (e) all entities known or reasonably believed to have asserted a lien, encumbrance, claim or other interest in any of the Transferred Assets; and (f) all parties to executory contracts or unexpired leases to be assumed and assigned, or rejected as part of the transaction.⁵⁹ The Debtors submit that, in light of the nature of the relief requested, no other or further notice need be given.

No Prior Request

74. No prior request for the relief sought in this Motion has been made to this or any other court.

THE COURT HEREBY FINDS AS FOLLOWS:

A. Bidding Procedures. The Debtors have articulated good and sufficient reasons for authorizing and approving the bidding procedures attached hereto as **Exhibit 1** (the "Bidding Procedures"), which are fair, reasonable and appropriate under the circumstances and designed to maximize the recovery on, and realizable value of, the Business.

B. Stalking Horse Bid Protections. The Debtors have demonstrated a compelling and sound business justification for authorizing the payment of the termination fee equal to \$3 million (the "Termination Fee"), the expense reimbursement of up to \$750,000 (the "Purchaser Expense Reimbursement") and grant of the \$1 million minimum overbid (the "Minimum Overbid," and together with the Termination Fee and the Purchaser Expense Reimbursement, collectively, the "Bid Protections") to a Stalking Horse Bidder, including:

- i. the Bid Protections are the product of negotiations between the Debtors and the Stalking Horse Bidder conducted in good faith and at arm's length, and the Stalking Horse APA (including the Bid Protections) is the culmination of a process undertaken by the Debtors and their professionals to negotiate a transaction with a bidder who was prepared to pay the highest or otherwise best purchase price to date for the Business to maximize the value of the Debtors estates;
- ii. the Bid Protections are an actual and necessary cost and expense of preserving the respective Debtors' estates;
- iii. the Bid Protections are fair, reasonable and appropriate in light of, among other things, the size and nature of the proposed Sale under the Stalking Horse APA, the substantial efforts that have been and will be expended by the Stalking Horse Bidder, notwithstanding that the proposed sale is subject to higher or better offers, and the substantial benefits the Stalking Horse Bidder has provided to the Debtors, their estates and creditors and all parties in interest herein, including, among other things, by increasing the likelihood that the best possible price for the Business will be received;
- iv. the protections afforded to the Stalking Horse Bidder by way of the Bid Protections were material inducements for, and express conditions of, the Stalking Horse Bidder's willingness to enter into the Stalking Horse APA, and were necessary to ensure that the Stalking Horse Bidder would continue to pursue the proposed acquisition on terms acceptable to the Debtors in their sound business judgment, subject to competitive bidding; and
- v. the assurance of the payment of the Bid Protections has promoted more competitive bidding by inducing the Stalking Horse Bidder's bid, which otherwise would not have been made, without which competitive bidding would be limited, and which may be the highest and best available offer for the Business, induced the Stalking Horse Bidder to conduct due diligence with respect to the Debtors' business, assets, operations and liabilities, and propose the Sale contemplated by the Stalking Horse APA,

including, among other things, submission of a bid that will serve as a minimum or floor bid on which all other bidders can rely and increases the likelihood that the final purchase price reflects the true value of the Business.

C. Sale Notice. The Sale Notice is reasonably calculated to provide all interested parties with timely and proper notice of the proposed Sale, including: (i) the date, time, and place of the Auction (if one is held); (ii) the Bidding Procedures and certain dates and deadlines related thereto; (iii) the objection deadline for the sale motion and the date, time and place of the Sale Hearing; (iv) reasonably specific identification of the assets for sale; (v) instructions for promptly obtaining a copy of the Stalking Horse APA; (vi) representations describing the Sale as being free and clear of liens, claims, interests, and other encumbrances, with all such liens, claims, interests, and other encumbrances attaching with the same validity and priority to the sale proceeds; (vii) the commitment by the Stalking Horse Bidder to assume certain liabilities of the Debtors; and (viii) notice of the proposed assumption and assignment of contracts and leases to the Stalking Horse Bidder pursuant to the Stalking Horse APA (or to another Successful Bidder arising from the Auction, if any (a “Successful Bidder”)) and the right, procedures and deadlines for objecting thereto, and no other or further notice of the Sale shall be required.

D. Assumption Procedures. The Motion and the Contract Assumption Notice are reasonably calculated to provide counterparties to the Debtors’ Transferred Contracts and Assumed Leases with proper notice of the intended assumption and assignment of their executory contracts or unexpired leases, any cure amounts relating thereto, and the Assumption Procedures.

E. Billerica Lease Assumption/Rejection Deadline Extension. The Debtors have articulated good and sufficient reasons for extending the deadline to assume or reject the

Billerica Lease in order to maximize the value of the Debtors' estates and will not prejudice or otherwise affect the substantive rights of the Billerica Lease Counterparty.

NOW, THEREFORE, IT IS ORDERED, ADJUDGED AND DECREED THAT:

1. The Motion is granted to the extent set forth herein.

II. Bidding Procedures and Related Relief

A. Bidding Procedures

6. The Bidding Procedures, substantially in the form attached hereto as **Exhibit 1** and incorporated by reference as though fully set forth herein, are hereby approved to the extent set forth herein. The Bidding Procedures shall govern the submission, receipt and analysis of all bids relating to the proposed Sale, and any party desiring to submit a higher or better offer for the Debtors' assets shall do so strictly in accordance with the terms of the Bidding Procedures and this Order.

7. As described in the Bidding Procedures, if the Debtors do not receive any Qualified Bids other than from the Stalking Horse Bidder or if no Qualified Bidder (as defined in

the Bidding Procedures) other than the Stalking Horse Bidder indicates its intent to participate in the Auction, the Debtors will not hold the Auction, the Stalking Horse Bidder will be named the Successful Bidder and the Debtors will seek approval of the Stalking Horse APA at the Sale Hearing. If one or more Qualified Bids is timely received from a Qualified Bidder (other than the Stalking Horse Bidder) in accordance with the Bidding Procedures, the Debtors shall conduct the Auction as set forth herein.

8. If the Auction is conducted, each Qualified Bidder participating in the Auction shall be required to confirm that it has not engaged in any collusion with respect to the bidding process or the Sale, the Auction will be conducted openly and shall be transcribed or videotaped.

B. Bid Protections

9. The Bid Protections described in the Motion and set forth in the Stalking Horse APA are hereby approved to the extent set forth herein.

10. If the Stalking Horse Bidder becomes entitled to receive the Bid Protections in accordance with the terms of the Stalking Horse APA: (a) the Debtors are authorized to pay any and all amounts owing to the Stalking Horse Bidder in accordance with the terms of the Stalking Horse APA, including the Termination Fee and Purchaser Expense Reimbursement, without further action or order by the Bankruptcy Court, in accordance with the terms and conditions of the Stalking Horse APA and this Order; and (b) the Stalking Horse Bidder shall be granted an allowed administrative claim in the Debtors' chapter 11 cases in an amount equal to the Termination Fee and Purchaser Expense Reimbursement under sections 503(b)(1) and 507(a)(2) of the Bankruptcy Code, provided that such claim shall, in no circumstances, be pari passu or senior to the claims granted to the DIP Lenders or the Prepetition Secured Parties under the Final

DIP Order.³ Notwithstanding the foregoing and, for greater certainty, the Purchaser Expense Reimbursement due to the Stalking Horse Bidder is payable directly from the proceeds of the sale to a Successful Bidder and upon the closing of such sale, and such Purchaser Expense Reimbursement shall not remain an unpaid expense of the Debtors following the closing of such sale.

11. No person or entity, other than the Stalking Horse Bidder, shall be entitled to any expense reimbursement, termination fee, “topping,” or other similar fee or payment.

III. Sale Hearing Notice and Related Relief

12. The Sale Notice, substantially in the form attached hereto as **Exhibit 2** is hereby approved. Within seven days of the entry of this Order, or as soon as reasonably practicable thereafter (the “Mailing Date”), the Debtors will serve the Sale Notice, the Stalking Horse APA, the Order, and the Bidding Procedures in accordance with the Sale Guidelines by first-class mail or, for those parties who have consented to receive notice by the Electronic Case Files (“ECF”) system, by ECF, upon the following parties: (a) the Standard Parties; (b) the Rule 2002 Parties; (c) the Federal Trade Commission; (d) the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice; (e) counsel to the Stalking Horse Bidder; (f) any parties known or reasonably believed to have expressed interest in any of the Transferred Assets; (g) all entities known or reasonably believed to have asserted a lien, encumbrance, claim or other interest in any of the Transferred Assets; (h) all parties to executory contracts or unexpired leases to be assumed and assigned, or rejected as part of the transaction; (i) all applicable state and local

³ Capitalized terms used in this paragraph 10 and not immediately defined have the meanings given to such terms in the *Final Order (I) Authorizing Debtors (A) to Obtain Postpetition Financing Pursuant to 11 U.S.C. §§ 105, 361, 362, 363(b), 364(c)(1), 364(c)(2), 364(c)(3), 364(d)(1) and 364(e), and (B) to Utilize Cash Collateral Pursuant to 11 U.S.C. § 363 (II) Granting Adequate Protection to Prepetition Secured Parties Pursuant to 11 U.S.C. §§ 361, 362, 363, 364 and 507(b)* [Docket No. 178] (the “Final DIP Order”).

taxing authorities; and (j) each governmental agency that is an interested party with respect to the Sale and transactions proposed thereunder.

13. Additionally, on the Mailing Date or as soon as practicable thereafter, the Debtors shall publish a notice, substantially in the form of the Sale Notice, on one occasion, in *The Wall Street Journal* or *New York Times*, and on one occasion in *The Financial Times*. Such publication notice shall be deemed sufficient and proper notice of the Sale to any other interested parties whose identities are unknown to the Debtors.

IV. Assumption Procedures

14. The procedures set forth below regarding the assumption and assignment of the executory contracts and unexpired leases proposed to be assumed by the Debtors pursuant to section 365(b) of the Bankruptcy Code and assigned to the Stalking Horse Bidder (or other Successful Bidder, if any) pursuant to section 365(f) of the Bankruptcy Code in connection with the Sale (the "Assumption Procedures") are hereby approved to the extent set forth herein.

15. These Assumption Procedures shall govern the assumption and assignment of all Debtors' Transferred Contracts and Assumed Leases assumed and assigned in connection with the Sale under the Stalking Horse APA:

- a. **Contract Assumption Notice.** No less than 21 days prior to the Sale Objection Deadline (the "Assumption and Assignment Service Deadline"), the Debtors shall serve a notice of contract assumption (the "Contract Assumption Notice"), in substantially the form of the attached hereto as **Exhibit 3** via overnight delivery on all non-Debtor counterparties to all potential Transferred Contracts and Assumed Leases and provide a copy of the same to the Stalking Horse Bidder. The Contract Assumption Notice shall inform each recipient of the timing and procedures relating to such assumption and assignment, and, to the extent applicable (i) the title of the executory contract or lease, (ii) the name of the counterparty to the executory contract or lease, (iii) Sellers' good faith estimates of the Cure Payments (if any) required in connection with the executory contract or lease, (iv) the identity of Stalking Horse Bidder

(as assignee, if applicable), and (v) the Sale Objection Deadline; provided, however, that service of a Contract Assumption Notice does not constitute an admission that such contract or lease is an executory contract or unexpired lease.

- b. **Cure Payments.** The payment of the applicable Cure Payments (as defined in the Stalking Horse APA) by the Debtors or Successful Bidder, as applicable, shall (i) effect a cure of all defaults existing thereunder, (ii) compensate for any actual pecuniary loss to such non-Debtor counterparty resulting from such default, and (iii) together with the assumption of the Debtors' Transferred Contracts and Assumed Leases by the Debtors and the assignment of the Debtors' Transferred Contracts and Assumed Leases to Stalking Horse Bidder, constitute adequate assurance of future performance thereof.
- c. **Additions.** Stalking Horse Bidder may designate, up to the Bid Deadline, additional executory contracts and unexpired leases as agreements to be assumed by the Debtors and assigned to the Stalking Horse Bidder or Successful Bidder, as applicable, (the "Additional Transferred Contracts"). Within three Business Days of notice by the Stalking Horse Bidder of the Additional Transferred Contracts, the Debtors shall serve a Contract Assumption Notice on each of the counterparties to such Additional Transferred Contracts and their counsel of record, if any, indicating (i) that the Debtors intend to assume and assign the counterparty's executory contract or unexpired lease to the Stalking Horse Bidder or Successful Bidder, as applicable, and (ii) the corresponding Cure Payment.
- d. **Eliminations.** Stalking Horse Bidder may remove any executory contract or unexpired lease to be assumed by the Debtors and assigned to the Stalking Horse Bidder or Successful Bidder, as applicable, (the "Eliminated Agreements") until the Bid Deadline. Upon the Stalking Horse Bidder's removal of an Eliminated Agreement, the Debtors shall serve a notice (a "Removal Notice") on each of the impacted counterparties and their counsel of record, indicating that the Debtors no longer intend to assign the counterparty's contract to the Stalking Horse Bidder or Successful Bidder, as applicable, in connection with the sale.
- e. **Supplemental Contract Assumption Notice.** Although the Debtors intend to make a good faith effort to identify all Debtors' Transferred Contracts and Assumed Leases that may be assumed and assigned in connection with a Sale, the Debtors may discover certain executory contracts or unexpired leases inadvertently omitted from the Debtors' Transferred Contracts and Assumed Leases list or Successful Bidders may identify other executory contracts or unexpired leases that they desire to assume and assign in connection with the Sale. Accordingly, the Debtors reserve the right, but only in accordance with the Stalking Horse APA, or as otherwise agreed by the Debtors and the Successful Bidder, at any time

after the Assumption and Assignment Service Deadline and before the closing of a Sale, to (i) supplement the list of Debtors' Transferred Contracts on the Contract Assumption Notice with previously omitted executory contracts or unexpired leases, (ii) remove a Debtors' Transferred Contract or Assumed Lease from the list of executory contracts and unexpired leases ultimately selected as a Debtors' Transferred Contract or Assumed Lease that a Successful Bidder proposes be assumed and assigned to it in connection with a Sale or add to such list, and/or (iii) modify the previously stated Cure Payment associated with any Debtors' Transferred Contract or Assumed Lease. In the event the Debtors exercise any of these reserved rights, the Debtors will promptly serve a supplemental notice of contract assumption (a "Supplemental Assumption Notice"). Each Supplemental Assumption Notice will include the same information with respect to listed Debtors' Transferred Contracts and Assumed Leases as was included in the Contract Assumption Notice.

- f. **Objections.** Objections, if any, to the proposed assumption and assignment or the Cure Payment proposed with respect thereto, must (i) be in writing, (ii) comply with the applicable provisions of the Bankruptcy Rules, LBRs and Case Management Order, (iii) state with specificity the nature of the objection and, if the objection pertains to the proposed cure amount, the correct cure amount alleged by the objecting counterparty, together with any applicable and appropriate documentation in support thereof, and (iv) be filed with the Court and served upon, so as to be actually received by, the Notice Parties before the Sale Objection Deadline or deadline set forth in the Supplemental Assumption Notice, as applicable.
- g. **Dispute Resolution.** Any objection to the proposed assumption and assignment of a contract or related cure proposed in connection with the Sale that remains unresolved as of the Sale Hearing, shall be heard at the Sale Hearing (or at a later date as fixed by the Court).

16. Any party failing to timely file an objection to the cure amount or the proposed assumption and assignment of a Debtors' Transferred Contract or Assumed Lease or Additional Transferred Contract listed on the Contract Assumption Notice is deemed to have consented to (a) such Cure Payment, (b) the assumption and assignment of such Transferred Contract, Assumed Lease, or Additional Transferred Contract, (c) the related relief requested in the Motion and (d) the Sale. Such party shall be forever barred and estopped from objecting to the Cure Payments, the assumption and assignment of the Transferred Contract, Assumed Lease, or

Additional Transferred Contract, adequate assurance of future performance, the relief requested in the Motion, whether applicable law excuses such counterparty from accepting performance by, or rendering performance to, the Stalking Horse Bidder or Successful Bidder, as applicable, for purposes of section 365(c)(1) of the Bankruptcy Code and from asserting any additional cure or other amounts against the Debtors and the Stalking Horse Bidder or Successful Bidder, as applicable, with respect to such party's Transferred Contract, Assumed Lease, or Additional Transferred Contract.

17. A party in interest may object to the proposed assumption and assignment of a Debtors' Transferred Contract or Assumed Lease by the Debtors following the closing of the Sale only to the extent such objection could not have been raised prior to the Sale Hearing **and** pertains to matters arising **after** the closing of the Sale.

V. Billerica Lease Assumption/Rejection Deadline Extension

18. The time period within which the Debtors may assume or reject the Billerica Lease is extended for an additional ninety days from May 19, 2017, through and including August 17, 2017, in accordance with section 365(d)(4) of the Bankruptcy Code.

19. This Order is without prejudice to the right of the Debtors to request additional extensions of time to assume or reject the Billerica Lease consistent with section 365(d)(4) of the Bankruptcy Code.

20. Nothing contained in this Order shall be construed as an assumption or rejection of the Billerica Lease under section 365(a) of the Bankruptcy Code. Any and all of the Debtors' rights, claims, and defenses with respect to the characterization of the Billerica Lease pursuant to sections 365(d)(3) and 365(d)(4) of the Bankruptcy Code or otherwise are expressly reserved.

21. Notwithstanding the relief granted herein and any actions taken hereunder, nothing contained in the Motion or this Order or any payment made pursuant to this Order shall

constitute, nor is it intended to constitute, an admission as to the validity or priority of any claim or lien against the Debtors, a waiver of the Debtors' rights to subsequently dispute such claim or lien, or the assumption or adoption of any agreement, contract, or lease under section 365 of the Bankruptcy Code.

22. Notwithstanding anything to the contrary in this Order, any payment made hereunder, and any authorization herein, shall be subject to the requirements (if any) imposed on the Debtors under any order(s) of this Court approving the postpetition secured debtor-in-possession financing facility and the use of cash collateral (any such order, a "Financing Order"). In the event of any conflict between the terms of this Order and a Financing Order, the terms of the applicable Financing Order shall control (solely to the extent of such conflict). For the avoidance of doubt, nothing herein shall modify, alter or otherwise affect the rights or remedies of the DIP Agent or the DIP Lenders under the DIP Credit Agreement or the rights or remedies of the Prepetition Secured Parties under the Final DIP Order.⁴

23. Notwithstanding Bankruptcy Rule 6004(h), the terms and conditions of this Order are immediately effective and enforceable upon its entry.

24. The Debtors are authorized to take all actions necessary to effectuate the relief granted in this Order in accordance with the Motion.

25. This Court retains exclusive jurisdiction with respect to all matters arising from or related to the implementation, interpretation, and enforcement of this Order.

B. Participation Requirements.

To participate in the bidding process or otherwise be considered for any purpose hereunder, a person (other than the Stalking Horse Bidder) interested in submitting a Bid (a “Potential Bidder”) must, on or before Tuesday, April 18, 2017, at 4:00 p.m. prevailing Eastern Time (the “Preliminary Bid Deadline”), deliver (unless previously delivered) to each of the following (each, a “Consultation Party” and collectively, the “Consultation Parties”): (i) the Debtors, 4655 Great American Parkway, Santa Clara, California 95054, Attn: Adele Freedman; (ii) Kirkland & Ellis LLP, 601 Lexington Avenue, New York, New York 10022, Attn: Jonathan S. - (i) an executed confidentiality agreement on terms reasonably acceptable to the Debtors and containing terms in the aggregate no less favorable to the Debtors in any material respect (other than with respect to the effective periods and the non-disclosure and non-solicitation provisions contained therein, all of which terms shall be commercially reasonable) than those contained in the confidentiality agreement by and among the Stalking Horse Bidder, the Debtors and certain of their respective affiliates (the “Confidentiality Agreement”); and

In connection with the provision of due diligence information to Acceptable Bidders, the Debtors shall not furnish any confidential information relating to the Debtors, the Debtors’ assets

or liabilities, or the Sale to any person except an Acceptable Bidder or such Acceptable Bidder's duly-authorized representatives, in each case, to the extent provided in the applicable Confidentiality Agreement and only to the extent of the assets that are the subject of such Acceptable Bidder's Bid.

The Debtors shall coordinate all reasonable requests for additional information and due diligence access from Acceptable Bidders; provided, however, the Debtors may decline to provide such information to Acceptable Bidders who, in the Debtors' reasonable business judgment, in consultation with the DIP Agent and the Ad Hoc Groups, have not established that such Acceptable Bidders intend in good faith to, or have the capacity to, consummate their Bid. No conditions relating to the completion of due diligence shall be permitted to exist after the Bid Deadline.

The Debtors also reserve the right to withhold any diligence materials that the Debtors determine are sensitive, proprietary, or otherwise not appropriate for disclosure to an Acceptable Bidder who the Debtors determine is a competitor of the Debtors or is affiliated with any competitor of the Debtors. Neither the Debtors nor their representatives shall be obligated to furnish information of any kind whatsoever to any person that is not determined to be an Acceptable Bidder.

Each Acceptable Bidder shall be deemed to acknowledge and represent that it has had an opportunity to conduct any and all due diligence regarding the Debtors' assets and liabilities that are the subject of the Auction to the extent of the assets and liabilities that are the subject of their Bid prior to making any such bids; that it has relied solely upon its own independent review, investigation and/or inspection of any documents and/or the assets in making its bid; and that it did not rely upon any written or oral statements, representations, promises, warranties or guaranties whatsoever, whether express, implied, by operation of law or otherwise regarding the Debtors' assets or liabilities, or the completeness of any information provided in connection therewith, except as expressly stated in these Bidding Procedures or the Stalking Horse APA. Neither the Debtors nor any of their employees, officers, directors, affiliates, subsidiaries, representatives, agents, advisors or professionals are responsible for, and shall bear no liability with respect to, any information obtained by Acceptable Bidders in connection with the Sale.

<p>The Debtors have designated Centerview Partners, 31 West 52nd Street, New York, New York 10019, Attn: John Bosacco and Samuel Greene, to coordinate all reasonable requests for additional information and due diligence access.</p>

(ii) **Communications with Acceptable Bidders.**

There shall be no direct communications between and amongst Acceptable Bidders.

(iii) **Due Diligence from Acceptable Bidders.**

Each bidder shall comply with all reasonable requests for additional information and due diligence access requested by the Debtors or their advisors regarding the ability of the Acceptable Bidder to consummate the Sale. Failure by an Acceptable Bidder to comply with such reasonable requests for additional information and due diligence access may be a basis for

the Debtors to determine, after consultation with their advisors, that such bidder is no longer an Acceptable Bidder or that a bid made by such Acceptable Bidder is not a Bid.

The Debtors and each of their respective advisors and representatives shall be obligated to maintain in confidence any confidential information in accordance with any applicable Confidentiality Agreement, except as otherwise set forth in these Bidding Procedures. Each recipient of confidential information agrees to use, and to cause their advisors and representatives to use, such confidential information only in connection with the evaluation of Bids during the bidding process or otherwise in connection with the chapter 11 cases or in accordance with the terms of any applicable Confidentiality Agreement.

Notwithstanding the foregoing and the provisions contained in any applicable Confidentiality Agreement, the Debtors and the Debtors' advisors may disclose confidential information: (a) with the prior written consent of such Acceptable Bidder and/or the Debtors, as applicable; (b) to the applicable Acceptable Bidder; (c) to the advisors to the DIP Agent, the Ad Hoc Groups, and the Creditors' Committee, in each case on a professionals' eyes only basis; and (d) as otherwise required or allowed by any applicable Confidentiality Agreement with respect to any particular Acceptable Bidder or other agreement, law, court or other governmental order, or regulation, including, as appropriate, to regulatory agencies.

D. Bid Requirements.

To be eligible to participate in the Auction, an Acceptable Bidder (other than the Stalking Horse Bidder) must deliver to the Debtors and their advisors, a written, irrevocable offer (a "Written Offer") that must be determined in good faith by the Debtors, in consultation with the Consultation Parties, to satisfy each of the following conditions, and otherwise be acceptable to the Debtors:

- (i) **Bid Deposit**. Each Bid (other than the Stalking Horse Bid, with respect to which the deposit requirements shall be governed by the Stalking Horse APA) must be accompanied by a cash deposit equal to 10% of the cash purchase price thereunder (the "Good Faith Deposit"), which shall be sent to an escrow account, established pursuant to the authority granted by the Cash Management Order, by wire transfer or certified or cashier's check.
- (ii) **Minimum Bid Amount**. The value of each Bid must exceed the aggregate sum of: (a) the Stalking Horse Bid; (b) the Termination Fee and Purchaser Expense Reimbursement; and (c) the minimum Bid increment of \$1 million (all of which must be in the form of cash or cash equivalents and/or the assumption of administrative expense liabilities). The Debtors, in consultation with the DIP Agent and the Ad Hoc Groups, shall determine the value of any assumed liabilities that differ from those included in the Stalking Horse Bid.
- (iii) **Good Faith Offer**. Each Bid must constitute a good faith, bona fide offer to purchase all of the Transferred Assets.

- (iv) **Same or Better Terms/Identification of Executory Contracts and Unexpired Leases.** Each Bid must be accompanied by clean and duly executed transaction documents (including schedules and exhibits thereto that identify with particularity which of the Debtors' executory contracts and unexpired leases the Bidder seeks to have assigned), along with copies that are marked to reflect the amendments and modifications from the Stalking Horse APA, which modifications may not be materially more burdensome than the Stalking Horse APA or inconsistent with these Bidding Procedures. The Debtors, in consultation with the DIP Agent and Ad Hoc Groups, shall determine whether such modifications are materially more burdensome than the Stalking Horse APA.
- (v) **No Contingencies.** A Bid must not be conditioned on any contingency, including, among others, on obtaining any of the following: (a) financing; (b) shareholder, board of directors or other approval; and/or (c) the outcome or completion of a due diligence review by the Acceptable Bidder.
- (vi) **Binding and Irrevocable.** An Acceptable Bidder's Bid shall be irrevocable unless and until the Debtors accept a higher Bid and such Acceptable Bidder is not selected as the Back-up Bidder (as defined herein).
- (vii) **Joint Bids.** The Debtors will be authorized to approve joint Bids in their reasonable discretion on a case-by-case basis.
- (viii) **Adequate Assurance Information.** Each Bid must be accompanied by sufficient and adequate financial and other information (the "Adequate Assurance Information") to demonstrate, to the reasonable satisfaction of the Debtors, that such Acceptable Bidder: (a) has the financial wherewithal and ability to consummate the acquisition of certain of the Debtors' assets, the assumption of certain of the Debtors' liabilities and the operation of the Business until such time as the executory contracts and leases with respect thereto have been rejected or assumed and assigned to the Acceptable Bidder following the Closing and (b) can provide adequate assurance of future performance with respect to any executory contract or lease to be assumed and assigned to the Acceptable Bidder in connection with the proposed transaction. The Bid shall also identify a contact person that counterparties to any assumed contract or lease may contact to obtain additional Adequate Assurance Information.
- (ix) **Identity & Corporate Authority.** Each Bid must fully disclose the identity of each entity that will be participating in connection with such Bid, and the complete terms of any such participation, along with sufficient evidence that the Acceptable Bidder is legally empowered, by power of attorney or otherwise, to complete the transactions on the terms contemplated by the parties. A Bid must also fully disclose any connections or agreements with the Debtors, the Stalking Horse Bidder, or any other known, potential, prospective Bidder or Qualified Bidder, or any officer, director, or equity security holder of the Debtors.

- (x) **Authorization.** Each Bid must contain evidence that the Acceptable Bidder has obtained authorization or approval from its board of directors (or a comparable governing body acceptable to the Debtors) with respect to the submission of its Bid and the consummation of the transactions contemplated in such Bid.
- (xi) **No Fees.** The Bids must not be subject to any termination fee, transaction fee, expense reimbursement or any similar type of payment or reimbursement.
- (xii) **Adherence to Bidding Procedures.** By submitting its Bid, each Acceptable Bidder is agreeing to abide by and honor the terms of these Bidding Procedures and agrees not to submit a Bid or seek to reopen the Auction after conclusion of the Auction.
- (xiii) **Regulatory Approvals and Covenants.** A Bid must set forth each regulatory and third-party approval required for the Acceptable Bidder to consummate the applicable Sale, if any, and the time period within which the Acceptable Bidder expects to receive such regulatory and third-party approvals (and in the case that receipt of any such regulatory or third-party approval is expected to take more than 30 days following execution and delivery of the asset purchase agreement, those actions the Acceptable Bidder will take to ensure receipt of such approvals as promptly as possible).
- (xiv) **Consent to Jurisdiction.** The Acceptable Bidder must submit to the jurisdiction of the Bankruptcy Court and waive any right to a jury trial in connection with any disputes relating to Debtors' qualification of bids, the Auction, the construction and enforcement of these Bidding Procedures, the Sale documents, and the Closing, as applicable.

The Debtors will promptly deliver, after receipt thereof, copies of all Written Offers to the DIP Agent and the Ad Hoc Groups.

Bids fulfilling all of the preceding requirements, as determined by the Debtors and their advisors, after consultation with the other Consultation Parties, shall be deemed to be "Qualified Bids," and those parties submitting Qualified Bids shall be deemed to be "Qualified Bidders." All information disclosed by any Bidder in connection with all of the preceding requirements shall be made available by the Debtors to the Consultation Parties promptly upon the Debtors' receipt thereof but in any event no later than two Business Days following the Bid Deadline. The Debtors reserve the right, after consultation with the DIP Agent and the Ad Hoc Groups, to work with any Acceptable Bidder in advance of the Auction to cure any deficiencies in a Bid that is not initially deemed to be a Qualified Bid. The Debtors, in consultation with the DIP Agent and the Ad Hoc Groups, may accept a single Qualified Bid or multiple bids for non-overlapping material portions of the Debtors' assets such that, if taken together in the aggregate, would otherwise meet the standards for a single Qualified Bid (in which event those multiple bidders shall be treated as a single Qualified Bidder for purposes of the Auction).

Within two Business Days after the Bid Deadline, the Debtors shall determine which Acceptable Bidders are Qualified Bidders after consultation with their advisors and the other

Consultation Parties and will notify the Acceptable Bidders whether Bids submitted constitute, alone or together with other Bids, Qualified Bids so as to enable such Qualified Bidders to bid at the Auction. Any Bid that is not deemed a Qualified Bid shall not be considered by the Debtors. The Stalking Horse Bidder shall be deemed to be a Qualified Bidder. The Stalking Horse APA submitted by the Stalking Horse Bidder shall be deemed a Qualified Bid, qualifying the Stalking Horse Bidder to participate in the Auction.

E. Bid Deadline.

Qualified Bids must be received by each of the Debtors and their advisors so as to be actually received no later than Thursday, May 18, 2017, at 4:00 p.m. prevailing Eastern Time (the “Bid Deadline”).

F. Evaluation of Qualified Bids.

Prior to the Auction, the Debtors shall evaluate Qualified Bids and identify the Qualified Bid that is, in the Debtors’ judgment, and in consultation with each Consultation Party, the highest or otherwise best bid (the “Starting Bid”). In making such determination, the Debtors shall take into account, among other things, the execution risk attendant to any submitted bids. Within 24 hours of such determination, but in no event later than the start of the Auction, the Debtors’ shall notify the Stalking Horse Bidder as to which Qualified Bid is the Starting Bid. The Debtors shall distribute copies of the Starting Bid to each Qualified Bidder who has submitted a Qualified Bid.

G. No Qualified Bids.

If no Qualified Bids are received by the Bid Deadline, then the Auction will not occur, the Stalking Horse APA will be deemed the Successful Bid, and, subject to the Debtors’ termination rights under the APA, the Debtors will pursue entry of an order by the Bankruptcy Court approving the Stalking Horse APA and authorizing the Sale to the Stalking Horse Bidder as soon as practicable.

H. Auction.

If one or more Qualified Bids is received by the Bid Deadline, then the Debtors shall conduct the Auction with respect to the Debtors’ assets. The Auction shall commence on Tuesday, May 23, 2017, at 10:00 a.m. prevailing Eastern Time at the offices of Kirkland & Ellis LLP, 601 Lexington Avenue, New York, New York 10022, or such later time or other place as the Debtors shall, in consultation with the DIP Agent and the Ad Hoc Groups, timely notify the Stalking Horse Bidder and all other Qualified Bidders to the extent consented to by the Stalking Horse Bidder.

The Auction will be conducted in accordance with the following procedures (the “Auction Procedures”):

- (i) the Auction will be conducted openly;

- (ii) only the Qualified Bidders, including the Stalking Horse Bidder, shall be entitled to bid at the Auction;
- (iii) the Qualified Bidders, including the Stalking Horse Bidder, shall appear in person or through duly-authorized representatives at the Auction;
- (iv) only such authorized representatives of each of the Qualified Bidders, the Stalking Horse Bidder, the Debtors, their respective advisors, the advisors to the Consultation Parties, and creditors of the Debtors shall be permitted to attend the Auction;
- (v) bidding at the Auction shall begin at the Starting Bid;
- (vi) subsequent Bids at the Auction, including any Bids by Stalking Horse Bidder, shall be made in minimum increments of \$1 million of additional value;
- (vii) the Stalking Horse Bid shall receive a credit equal to the aggregate total of:
(a) the Termination Fee and (b) the Purchaser Expense Reimbursement;
- (viii) each Qualified Bidder will be informed of the terms of the previous Bids;
- (ix) the bidding will be transcribed to ensure an accurate recording of the bidding at the Auction;
- (x) each Qualified Bidder will be required to confirm on the record of the Auction that it has not engaged in any collusion with respect to the bidding or the Sale;
- (xi) the Auction shall continue until there is only one Bid that the Debtors determine, in their reasonable business judgment, in consultation with the DIP Agent and the Ad Hoc Groups, to be the highest or otherwise best Bid. For the avoidance of doubt, but without limiting the Bid Protections or the provisions of the Stalking Horse APA, nothing in these Bidding Procedures shall prevent the Debtors from exercising their respective fiduciary duties under applicable law, subject to the Debtors' obligation to pay the Termination Fee and Purchaser Expense Reimbursement under the terms and conditions set forth in the Stalking Horse APA.
- (xii) the Debtors reserve the right, in their reasonable business judgment, in consultation with the DIP Agent and the Ad Hoc Groups, to adjourn the Auction one or more times to, among other things: (a) facilitate discussions between the Debtors and Qualified Bidders; (b) allow Qualified Bidders to consider how they wish to proceed; and (c) provide Qualified Bidders the opportunity to provide the Debtors with such additional evidence as the Debtors, in their reasonable business judgment, may require, that the Qualified Bidder has sufficient internal resources or has received sufficient non-contingent debt and/or equity funding commitments to consummate the proposed transaction at the prevailing amount.

- (xiii) absent irregularities in the conduct of the Auction, and subject to the Debtors' fiduciary obligations pursuant to section 8.01(h) of the Stalking Horse APA, the Bankruptcy Court will not consider Bids made after the Auction is closed; and
- (xiv) the Auction shall be governed by such other Auction Procedures as may be announced by the Debtors, after consultation with their advisors, the DIP Agent, and the Ad Hoc Groups, from time to time on the record at the Auction; provided, that any such other Auction Procedures shall not be inconsistent with any order of the Bankruptcy Court or with the provisions of the Stalking Horse APA with respect to these Bidding Procedures.

I. Acceptance of the Successful Bid.

Upon the conclusion of the Auction (if such Auction is conducted), the Debtors, in the exercise of their reasonable, good-faith business judgment, in consultation with the DIP Agent, the Ad Hoc Groups, and the Creditors' Committee, shall identify the highest or otherwise best Qualified Bid that in the exercise of their fiduciary duties the Debtors in good faith believe is materially more beneficial to the Debtors than the Stalking Horse Bid (the "Successful Bid"), which will be determined by considering, among other things: (a) the number, type, and nature of any changes to the Stalking Horse APA; (b) the extent to which such modifications are likely to delay closing of the sale of the Debtors' assets and the cost to the Debtors of such delay; (c) the total expected consideration to be received by the Debtors; (d) the likelihood of the bidder's ability to close a transaction and the timing thereof; (e) the likely employment of employees over the long term; (f) expected net benefit to the estate; and (g) any other criteria as may be considered by the Debtors, after consultation with their advisors, the DIP Agent, and the Ad Hoc Groups in their reasonable, good-faith business judgment (collectively, the "Bid Assessment Criteria"). The Qualified Bidder having submitted a Successful Bid will be deemed the "Successful Bidder." The Successful Bidder and the Debtors shall, as soon as commercially reasonable and practicable, complete and sign all agreements, contracts, instruments, or other documents evidencing and containing the terms upon which such Successful Bid was made.

The Debtors will present the results of the Auction to the Bankruptcy Court at the Sale Hearing (as defined below), at which certain findings will be sought from the Bankruptcy Court regarding the Auction, including, among other things, that: (a) the Auction was conducted, and the Successful Bidder was selected, in accordance with these Bidding Procedures; (b) the Auction was fair in substance and procedure; (c) the Successful Bid was a Qualified Bid as defined in these Bidding Procedures; and (d) consummation of the Successful Bid will provide the highest or otherwise best value for the Debtors' assets and is in the best interests of the Debtors' estates.

If an Auction is held, the Debtors shall be deemed to have accepted a Qualified Bid only when (a) such Qualified Bid is declared the Successful Bid at the Auction and (b) definitive documentation has been executed in respect thereof. Such acceptance is conditioned upon approval by the Bankruptcy Court of the Successful Bid and entry of the Sale Order approving such Successful Bid.

J. Sale Hearing.

A hearing to consider approval of the Qualified Bid submitted by the Successful Bidder (or to approve the Stalking Horse APA if no Auction is held) (the “Sale Hearing”) is presently scheduled to take place on Thursday, May 25, 2017, or as soon thereafter as counsel may be heard, before the Honorable Stuart M. Bernstein, United States Bankruptcy Judge for the Bankruptcy Court for the Southern District of New York at One Bowling Green, New York, New York 10004.

The Sale Hearing may be continued to a later date by the Debtors by sending notice prior to, or making an announcement at, the Sale Hearing. No further notice of any such continuance will be required to be provided to any party.

At the Sale Hearing, the Debtors shall present the Successful Bid to the Bankruptcy Court for approval.

K. Designation of Back-Up Bidder.

If for any reason the Successful Bidder fails to consummate the Qualified Bid within the time permitted after the entry of the Sale Order approving the Sale to the Successful Bidder, then the Qualified Bidder with the second highest or otherwise best Bid (the “Back-Up Bidder”), as determined by the Debtors after consultation with their advisors, the DIP Agent, and the Ad Hoc Groups at the conclusion of the Auction and announced at that time to all the Qualified Bidders participating therein, will automatically be deemed to have submitted the highest or otherwise best Bid (the “Back-Up Bid”), and the Debtors will be authorized, but not required, to consummate the transaction pursuant to the Back-Up Bid as soon as is commercially reasonable without further order of the Bankruptcy Court upon at least 24 hours advance notice, which notice will be filed with the Bankruptcy Court. Upon designation of the Back-Up Bidder at the Auction, the Back-Up Bid shall remain open until the closing of the Successful Bid.

L. Termination Fee and Expense Reimbursement.

The Debtors may be obligated to pay a Termination Fee and Purchaser Expense Reimbursement to the Stalking Horse Bidder as described in, and under the terms and conditions of, the Stalking Horse APA.

M. Return of Good Faith Deposit.

The Good Faith Deposit of the Successful Bidder shall, upon consummation of the Successful Bid, be credited to the purchase price paid for Debtors’ assets and liabilities. If the Successful Bidder (or Back-Up Bidder, if applicable) fails to consummate the Successful Bid (or Back-Up Bid, if applicable), then the Good Faith Deposit of such Successful Bidder (or Back-Up Bidder, if applicable) shall be forfeited to, and retained irrevocably by, the Debtors.

The Good Faith Deposit of any unsuccessful Qualified Bidders (except for the Stalking Horse Bidder, which shall be subject to the terms of the Stalking Horse APA, and the Back-Up Bidder) will be returned within 15 Business Days after consummation of the Sale or upon the permanent withdrawal of the proposed Sale of the Debtors’ assets. The Good Faith Deposit of

the Back-Up Bidder, if any, shall be returned to such Back-Up Bidder no later than 5 Business Days after the closing of the transaction with the Successful Bidder for the assets bid upon by such Back-Up Bidder.

N. Reservation of Rights.

Subject to the consent of the Stalking Horse Bidder, and after consultation with the DIP Agent and the Ad Hoc Groups, the Debtors reserve their rights to modify these Bidding Procedures in any manner that will best promote the goals of the bidding process or impose, at or prior to the Auction, additional customary terms and conditions on the Sale of the Business.

The Debtors shall provide to the Stalking Horse Bidder the information and documents specified in the Stalking Horse APA relating to the Auction and other Bids within the time period and on the terms and conditions set forth in the Stalking Horse APA.

O. Consent to Jurisdiction.

All Qualified Bidders at the Auction shall be deemed to have consented to the jurisdiction of the Court and waived any right to a jury trial in connection with any disputes relating to the Auction, the construction and enforcement of these Bidding Procedures, and/or the Preliminary Bid Documents, as applicable.

P. Fiduciary Out.

Nothing in these Bidding Procedures shall require the board of directors, board of managers, or such similar governing body of a Debtor or non-Debtor affiliate to take any action, or to refrain from taking any action, with respect to these Bidding Procedures, to the extent such board of directors, board of managers, or such similar governing body determines, or based on the advice of counsel, that taking such action, or refraining from taking such action, as applicable, is required to comply with applicable law or its fiduciary obligations under applicable law; provided that in the event of any such action, all rights and remedies of any Stalking Horse Bidder in these Bidding Procedures or any Stalking Horse APA shall be preserved, including payment of the Bid Protections by the Debtors under the terms and conditions as set forth in the Stalking Horse APA.

Q. Sale Is As Is/Where Is.

Except as otherwise provided in the Stalking Horse APA, if applicable, or any order by the Bankruptcy Court approving any Sale of the Business as contemplated hereunder, the Transferred Assets sold pursuant to these Bidding Procedures shall be conveyed at the closing of the Sale of the Transferred Assets in their then-present condition, **“as is, with all faults, and without any warranty whatsoever, express or implied.”**

Promptly following the completion of such services performed by Avaya under the Transition Services Agreement, any rights retained by Avaya and its subsidiaries under the Transferred Contracts pursuant to the immediately preceding sentence shall be transferred to Purchaser.

Section 1.04 Consents to Certain Assignments.

(a) Notwithstanding anything to the contrary contained in this Agreement, this Agreement shall not constitute an agreement to sell, transfer, assign, or deliver, directly or indirectly, any Transferred Asset, or any benefit arising thereunder, if an attempted direct or indirect sale, transfer, assignment or delivery thereof, without the Consent of or notice to a third party (including a Governmental Entity), after giving effect to the Sale Order and the Bankruptcy Code, would constitute a breach, default, violation or other contravention of the rights of such third party, would be ineffective with respect to any party to a Contract concerning such Transferred Asset or would in any way adversely affect the rights of Sellers or any of their respective affiliates or, upon transfer, Purchaser with respect to such Transferred Asset; provided, however, that nothing in this Section 1.04 is intended to modify any representation, warranty or covenant of Avaya under this Agreement.

(b) If any such Consent is not obtained or notice is not given prior to the Closing, the Closing shall nonetheless take place subject to the terms and conditions set forth herein and, thereafter, through the earlier of such time as such Consent is obtained or notice is given and twelve (12) months following the Closing (or, if the Transferred Asset is a Contract, the remaining term of the Contract, if shorter), Purchaser shall use its commercially reasonable efforts to secure such Consent or give such notice as promptly as practicable after the Closing and Avaya shall provide or cause to be provided all necessary assistance to Purchaser (not including the giving of any consideration) reasonably requested by Purchaser to secure such Consent or give such notice, or cooperate in good faith with Purchaser (with each party being responsible for its own out of pocket expenses, but without requiring the payment of any amounts by any Seller to any party in order to obtain such party's Consent and without any further consideration paid by Purchaser to any Seller, and it being understood that following the Closing, Purchaser will own any other Transferred Assets used with respect to such Transferred Asset (*e.g.*, with respect to performance, if such Transferred Asset is a Contract)) in any lawful and commercially reasonable arrangement reasonably proposed by Purchaser under which (i) Purchaser shall obtain (without infringing upon the legal rights of such third party or violating any Law) the economic rights and benefits (net of the amount of any related Tax costs imposed on Sellers or their respective affiliates) under the Transferred Asset with respect to which the Consent has not been obtained and (ii) Purchaser shall assume any related economic burden (including the amount of any related Tax benefit obtained by Sellers or their respective affiliates) and obligation with respect to such Transferred Asset, including subcontracting, licensing, sublicensing, leasing or subleasing to Purchaser any or all of a Seller's rights and obligations with respect to any such Transferred Asset. Upon satisfying any requisite Consent or notice requirement applicable to such Transferred Asset after the Closing, such Transferred Asset shall promptly be transferred and assigned to Purchaser in accordance with the terms of this Agreement. In connection with and without limiting the foregoing, for so long as a Business Contract of the type of clause (i)(A) of the definition thereof is not transferred to Purchaser, each party will use commercially reasonable efforts and cooperate in good faith with the other party to allow Purchaser to perform the services thereunder on Avaya's behalf, in all cases, without infringing upon the legal rights of any third party or violating any Law and subject to the other terms of this Section 1.04, such that Sellers may provide delivery with respect to customer commitments thereunder and Purchaser shall obtain the economic rights and benefits under such Business Contract.

Section 1.06 Assumption and Assignment of Contracts.

(a) As soon as reasonably practicable, but in any event within twenty (20) Business Days, from the date hereof, Avaya shall deliver Section 1.06(a) of the Disclosure Schedule to Purchaser, which shall contain with respect to each Transferred Contract and Assumed Lease as of the date hereof, Avaya's good-faith estimate of the amount of Cure Payments with respect to each such Contract determined as of a date between the date hereof and the date of delivery of such schedule. Prior to the Sale Hearing, Avaya shall commence appropriate Proceedings before the Bankruptcy Court and otherwise take all reasonably necessary actions in order to determine Cure Payments with respect to any Transferred Contract or Assumed Lease entered into prior to the Petition Date. Notwithstanding the foregoing, at any time and from time to time prior to the Bid Deadline, Purchaser may identify any Transferred Contract as one that Purchaser no longer desires to have assigned to it in accordance with Section 1.07.

(b) At the Closing, Avaya and its subsidiaries shall assign to Purchaser the Transferred Contracts and Assumed Leases, in each case (unless such subsidiary is not a Debtor in the Bankruptcy Cases) pursuant to Section 365 of the Bankruptcy Code and the Sale Order, subject to provision by Purchaser of adequate assurance as may be required under Section 365 of the Bankruptcy Code and payment by Purchaser of the Cure Payments in respect of Transferred Contracts and Assumed Leases pursuant to and in accordance with Section 365 of the Bankruptcy Code and the Sale Order.

Section 1.07 Additional and Eliminated Transferred Contracts. Notwithstanding anything in this Agreement to the contrary, Purchaser may, from time to time and in its sole and absolute discretion, upon written notice to Avaya, amend or revise Section 11.05(b)(xii) of the Disclosure Schedule in order to eliminate any Contract from Section 11.05(b)(xii) (other than Contracts underlying Liabilities to be assumed pursuant to Section 1.05(a)(viii) and any Business Contracts) of the Disclosure Schedule or to add any Contract (other than any Lease, Mixed-Use Contract or Retained Mixed-Use Contract) that is Related to the Business to which Avaya or any of its subsidiaries is a party up to the Bid Deadline. Automatically upon the addition of any Contract to Section 11.05(b)(xii) of the Disclosure Schedule by Purchaser in accordance with the previous sentence, it shall be a Transferred Contract for all purposes of this Agreement. Automatically upon the deletion of any Contract from Section 11.05(b)(xii) of the Disclosure Schedule by Purchaser in accordance with the first sentence of this Section 1.07 (any such deleted Contract, an "**Eliminated Agreement**"), it shall be an Excluded Asset for all purposes of this Agreement, and no Liabilities arising thereunder or relating thereto shall be assumed by Purchaser or any of its affiliates or be the obligation, Liability or responsibility of Purchaser or any of its affiliates, in each case, until and unless such time, if any, as Purchaser restores such Eliminated Agreement to Section 11.05(b)(xii) of the Disclosure Schedule in accordance with the first sentence of Section 1.07. If any Contract is added to the list of Transferred Contracts, then Avaya shall, and shall cause its affiliates to, take such steps as are reasonably necessary, to cause such Contract to be assumed and assigned to Purchaser as promptly as possible at or following the Closing, including payment of all Cure Payments, and Purchaser shall, and shall

cause its affiliates to, take such steps as are reasonably necessary to cause such Contract to be assumed and assigned to Purchaser as promptly as possible at or following the Closing.

ARTICLE II

CLOSING

Section 2.01 Closing. Subject to the terms and conditions of this Agreement, the closing of the Acquisition (the “**Closing**”) shall take place (i) by electronic exchange of documents (or, if the parties agree to hold a physical closing, at the offices of Kirkland & Ellis LLP, 300 North LaSalle, Chicago, Illinois 60654, United States), at 8:00 a.m. Chicago time no later than the third Business Day following the date on which there first occurs the satisfaction (or, to the extent permitted, the waiver) of the conditions set forth in Article VII (other than any condition which by its nature is to be satisfied at the Closing, but subject to satisfaction or waiver of all such conditions) or (ii) at such other place, time and date as may be mutually agreed in writing by Avaya and Purchaser. The date on which the Closing occurs is referred to in this Agreement as the “**Closing Date**”. The Closing shall be deemed to be effective as of 12:01 a.m., Pacific time, on the Closing Date.

Section 2.02 Transactions To Be Effected at the Closing.

(a) Except as provided in Section 2.04, at the Closing, Avaya shall, or shall cause its relevant subsidiaries to (as applicable), deliver or cause to be delivered to Purchaser (i) a duly executed bill of sale substantially in the form attached hereto as Exhibit A (“**Bill of Sale**”), (ii) a duly executed counterpart to the assignment and assumption agreement substantially in the form attached hereto as Exhibit B (“**Assignment and Assumption Agreement**”), (iii) a duly executed patent assignment substantially in the form attached hereto as Exhibit C (“**Patent Assignment**”), (iv) a duly executed trademark assignment substantially in the form attached as Exhibit D (“**Trademark Assignment**”), (v) a duly executed counterpart to the Sublease regarding the Ottawa Assumed Lease substantially in the form attached as Exhibit E (the “**Sublease**”), (vi) a duly executed domain name assignment substantially in the form attached hereto as Exhibit F (“**Domain Name Assignment**”); (vii) a duly executed counterpart to the Transition Services Agreement substantially in the form attached hereto as Exhibit G (subject to Section 5.21) (“**Transition Services Agreement**”); (viii) a duly executed counterpart to the Intellectual Property License Agreement substantially in the form attached hereto as Exhibit H (“**Intellectual Property License Agreement**”); (ix) a duly executed counterpart to the Reseller Agreement substantially in the form attached hereto as Exhibit N (“**Reseller Agreement**”); and (x) a duly executed counterpart to a notice to the Escrow Agent, pursuant to the Escrow Agreement, of the date of Closing Date.

(b) Not less than two (2) Business Days prior to the anticipated Closing Date, Avaya shall deliver to Purchaser a written statement (the “**Estimate Report**”), certified on behalf of Avaya by its Chief Financial Officer, setting forth Avaya’s good faith calculation in reasonable detail of its estimates of Net Working Capital (“**Estimated Net Working Capital**”), the Deferred Revenue Cost Amount (“**Estimated Deferred Revenue Cost Amount**”), the Assumed Pension Amount (“**Estimated Pension Amount**”) and the Adjustment Amount (“**Estimated Adjustment Amount**”), which estimates shall (absent manifest error) be used to determine the

amount to be paid to Purchaser at the Closing. The Estimate Report shall be prepared using the Accounting Principles in accordance with the definitions of the foregoing components of the Adjustment Amount and include reasonably detailed information appropriate to support such calculation. At the Closing, Purchaser shall deliver (i) to Avaya or one or more of its subsidiaries as designated by Avaya, payment, by wire transfer of immediately available funds to one or more accounts designated in writing by Avaya (any such designations to be made in writing at least two (2) Business Days prior to the Closing Date), of an aggregate amount equal to (A) the Purchase Price, minus (B) the Indemnity Escrow Amount, plus or minus (as applicable) (C) the Estimated Adjustment Amount, minus (D) the Deposit (such result, the **“Closing Date Payment”**), (ii) to Sellers, as applicable, (A) a duly executed counterpart to the Bill of Sale, (B) a duly executed counterpart to the Assignment and Assumption Agreement, (C) a duly executed counterpart to the Patent Assignment, (D) a duly executed counterpart to the Trademark Assignment, (E) a duly executed counterpart to the Domain Name Assignment (F) a duly executed counterpart to the Transition Services Agreement (subject to Section 5.21), (G) a duly executed counterpart to the Intellectual Property License Agreement, (H) a duly executed counterpart to the Reseller Agreement, (I) a duly executed counterpart to a notice to the Escrow Agent, pursuant to the Escrow Agreement, of the date of Closing Date and (J) a duly executed counterpart to the Sublease, and (iii) to the Escrow Agent, by wire transfer of immediately available funds for deposit into a separate escrow account to be held in accordance with the terms of this Agreement and the Escrow Agreement, the Indemnity Escrow Amount (such escrow account, the **“Indemnity Escrow Account”**).

Section 2.03 Post-Closing Adjustment.

(a) Closing Statement. Within 90 days after the Closing Date, Purchaser shall prepare and deliver to Avaya a statement (the **“Closing Statement”**), certified on behalf of Purchaser by its Chief Financial Officer setting forth Purchaser’s good faith calculation of Net Working Capital, the Deferred Revenue Cost Amount, the Assumed Pension Amount and the Adjustment Amount. The Closing Statement shall be prepared using the Accounting Principles in accordance with the definitions of the foregoing components of the Adjustment Amount and include reasonably detailed information appropriate to support such calculation. If the Closing Statement is not delivered to Avaya within 90 days after the Closing Date, then Avaya will have the right to elect that Avaya’s estimates from the Estimate Report will constitute the amounts for the Adjusted Closing Date Payment and will be final, conclusive and binding upon, and non-appealable by, the parties hereto.

(b) Objections; Resolution of Disputes.

(i) Unless Avaya notifies Purchaser in writing, within 45 days (such 45-day period, the **“Objection Period”**) after the earlier of (A) Purchaser’s delivery of the Closing Statement and (B) the expiration of the 90 day period contemplated by Section 2.03(a), of any objection to the computation of the Adjustment Amount set forth therein (or, if the Closing Statement was not delivered in accordance with Section 2.03(a), any objection to computation of the Adjustment Amount set forth in the Estimate Report) (a **“Notice of Objection”**), the Closing Statement (or the Estimate Report, as applicable) shall become final and binding. During the Objection Period and for purposes of Avaya’s review of the Closing Statement, if any, and preparation of any Notice of Objection, Purchaser shall permit Avaya and its Representatives to

review the working papers of Purchaser and its accountants relating to the Closing Statement (subject to Section 5.02(a)) and, at Avaya's request, shall provide Avaya and its Representatives (Y) any information relating to the Business reasonably requested and (Z) reasonable access during normal business hours to the personnel, properties, books and records of and relating to the Business. Any Notice of Objection shall specify the basis for the objections set forth therein in reasonable detail.

(ii) If Avaya provides the Notice of Objection to Purchaser within the Objection Period, Purchaser and Avaya shall, during the 30-day period following Purchaser's receipt of the Notice of Objection (such 30-day period, the "**Resolution Period**"), attempt in good faith to resolve Avaya's objections. During the Resolution Period, Purchaser and its Representatives shall be permitted to review the working papers of Avaya and its accountants relating to the Notice of Objection and the basis therefor (subject to Section 5.02(a)) and, at Purchaser's request, shall provide Purchaser and its Representatives (Y) any information relating to the Business reasonably requested and (Z) reasonable access during normal business hours to the personnel, properties, books and records of and relating to the Business. If Purchaser and Avaya are unable to resolve all such objections within the Resolution Period (or such longer period as they may mutually agree), the matters remaining in dispute shall be submitted to AlixPartners (or, if such firm declines or is unable to act, to another nationally recognized independent accounting firm mutually agreed upon by Purchaser and Avaya (such agreed firm being the "**Independent Expert**"). The Independent Expert shall be engaged within 20 days following expiration of the Resolution Period pursuant to an engagement letter, in customary form, among Purchaser, Avaya and the Independent Expert. The Independent Expert shall be instructed, pursuant to such engagement letter, to resolve only those matters set forth in the Notice of Objection remaining in dispute based solely on the written submissions of the parties and not to otherwise investigate any matter independently. Purchaser and Avaya each agree to use commercially reasonable efforts to furnish to the Independent Expert access to such individuals and such information, books and records as may be reasonably required by the Independent Expert to make its final determination. Purchaser and Avaya shall also instruct the Independent Expert to render its final written decision as promptly as practicable but in no event later than 30 days from the date that information related to the unresolved objections was first presented to the Independent Expert by Purchaser and Avaya. With respect to each disputed line item, such decision shall not be in excess of the higher, nor less than the lower, of the amounts advocated by Purchaser in the Closing Statement (or, if the Closing Statement was not delivered in accordance with Section 2.03(a), in the Estimate Report) or Avaya with respect to such disputed line item. The resolution of disputed items by the Independent Expert shall be final and binding on the parties, and the determination of the Independent Expert shall constitute an arbitral award that is final, binding and non-appealable and upon which a judgment may be entered by a court having jurisdiction thereover. Each party will bear its own costs and expenses in connection with the resolution of such disputed items by the Independent Expert, and the fees and expenses of the Independent Expert incurred pursuant to this Section 2.03(b) shall be borne by Purchaser, on the one hand, and Avaya, on the other hand, as determined by the Independent Expert based on the inverse of the percentage that the Independent Expert's determination (before such allocation) bears to the total amount of the disputed items. For purposes of illustration only, if the disputed items are \$100 and if the final written determination of the Independent Expert states that \$80 of the disputed items are resolved in Purchaser's favor and \$20 of the disputed items are resolved in Avaya's favor, Purchaser would bear twenty percent

(20%) of the Independent Expert's fees and expenses, on the one hand, and Avaya would bear eighty percent (80%) of such fees and expenses, on the other hand.

(c) Adjustment Payment. When used hereunder, the "**Adjusted Closing Date Payment**" means an aggregate amount equal to (i) the Purchase Price, plus or minus (as applicable), (ii) the Adjustment Amount, as finally determined pursuant to Section 2.03(b). Within five (5) Business Days after the Adjustment Amount has been finally determined in accordance with Section 2.03(b), (A) if the Closing Date Payment is less than the Adjusted Closing Date Payment, Purchaser shall pay to Avaya, or one or more of its subsidiaries as designated by Avaya, the entire amount of such shortfall, by wire transfer of immediately available funds to an account or accounts designated in writing by Avaya to Purchaser and (B) if the Closing Date Payment is greater than the Adjusted Closing Date Payment, Avaya shall pay to Purchaser the entire amount of such excess, by wire transfer of immediately available funds to an account designated by Purchaser to Avaya. Any required payment made pursuant to this Section 2.03(c) will be deemed to be an adjustment to the Purchase Price for all applicable Tax purposes unless and to the extent a final determination of a Taxing Authority requires otherwise.

Section 2.04 Deferred Closing.

(a) Notwithstanding anything to the contrary contained in this Agreement, the conveyance, assignment, transfer, delivery and acceptance of the Transferred Assets (the "**Deferred Assets**") located in certain jurisdictions located outside the United States (such jurisdictions, as may be agreed upon in writing by the parties after the date of this Agreement, the "**Deferred Closing Countries**"), and the assumption of the Assumed Liabilities (the "**Deferred Liabilities**") relating to the Business conducted in the Deferred Closing Countries or relating to such Deferred Assets may but shall not be required to occur on the Closing Date.

(b) The conveyance, assignment, transfer, delivery and acceptance of the Deferred Assets, and the assumption of the Deferred Liabilities with respect to a Deferred Closing Country shall, if reasonably practicable, take place at the Closing or otherwise as promptly as reasonably practicable thereafter (but in any event on a date not more than six (6) months after the Closing Date) that is a calendar month-end for the relevant Seller(s), or such other date as Avaya and Purchaser may mutually agree in writing (each such closing, a "**Deferred Closing**") to be held at such place as Avaya and Purchaser may agree in writing (each day on which a Deferred Closing takes place, being a "**Deferred Closing Date**"). From and after the Closing, and until the applicable Deferred Closing Date, the Business conducted in the Deferred Closing Countries shall be held for Purchaser's benefit and account and shall be managed and operated by the applicable Seller for Purchaser's benefit and account, with all gains, income, losses, Liabilities, Taxes or other items generated thereby to be for Purchaser's account and borne by Purchaser, in each case, as if the transfer of the Deferred Assets and Deferred Liabilities had occurred at the Closing in accordance with and subject to the terms of this Agreement.

(c) Subject to Section 5.04, at each Deferred Closing, Avaya and Purchaser shall, and shall cause their respective subsidiaries to, execute and deliver a short-form acquisition agreement (the "**Foreign Acquisition Agreements**") in such form as may be necessary to satisfy the requirements of applicable local Law and as may otherwise be reasonably agreed upon by Avaya and Purchaser, including regarding employees and employee benefit matters in order to

(d) The parties acknowledge that the portion of the Purchase Price allocable to any Deferred Closing Country as agreed to by the parties (each a “**Deferred Closing Country Amount**”) shall have been paid on the Closing Date. In the event that a local payment of some or all of the relevant Deferred Closing Country Amount is required in a particular jurisdiction, on the Deferred Closing Date for a Deferred Closing Country, Purchaser shall cause the applicable designee of Purchaser to pay an amount equal to the required local payment to the applicable Seller on the Deferred Closing Date by wire transfer of immediately available funds to the applicable Seller’s local bank account to be designated by Avaya in a written notice to Purchaser at least five (5) Business Days before such Deferred Closing. Each requesting party shall promptly reimburse the other party for such other party's reasonable out-of-pocket expenses associated with requests made by such requesting party and its affiliates under this Section 5.02(b), but no other charges shall be

payable by such requesting party and its affiliates to the other Party in connection with such requests.

(c) Nothing contained in this Section 5.02 shall obligate any party, in its sole and absolute discretion, to (A) breach any fiduciary duty, duty of confidentiality owed to any person (whether such duty arises contractually, statutorily or otherwise,) Law or any Contract with any other person or (B) waive any legal or similar privileges, including the attorney-client privilege or any work product protection; provided that each party shall use commercially reasonable efforts, including by entering into a joint defense or common interest agreement with other party or implementing requisite procedures, to permit the disclosure of such information without causing any such breach or waiver.

Section 5.03 Confidentiality.

(a) Purchaser acknowledges that the information provided to it in connection with the Acquisition and the consummation of the other transactions contemplated by this Agreement, including pursuant to Section 5.02(a), is subject to the terms of a nondisclosure agreement between Purchaser and Avaya, dated as of June 15, 2016 (the “**Confidentiality Agreement**”). Effective upon, and only upon, the Closing, the Confidentiality Agreement shall terminate with respect to information related to the Business. Any and all other information provided to Purchaser by any of Sellers, any of their respective affiliates or their respective Representatives concerning any of Sellers or any of their respective affiliates (other than information to the extent related to the Business) shall remain subject to the terms and conditions of the Confidentiality Agreement from and after the Closing Date.

(b) From and after the Closing until the third anniversary thereof, unless otherwise required by Law, Governmental Entity, Proceeding or the rules and regulations of any stock exchange or quotation services on which such party’s stock is traded or quoted, each party shall hold confidentially, and shall cause its subsidiaries and Representatives to hold confidentially, all information furnished or made available by a party (the “**Provider**”) to the other Party (the “**Receiver**”) pursuant to the terms of this Agreement and the Ancillary Agreements and Avaya shall hold confidential, and shall cause its subsidiaries and Representatives to hold confidential all information regarding the Business (all such information being referred to as “**Confidential Information**”). The parties shall, and shall cause their respective subsidiaries and Representatives to, use the Confidential Information only in connection with the performance of this Agreement or as otherwise contemplated by Section 5.02(b). Confidential Information shall not include information that (i) is or becomes generally available to the public, including matters that become a matter of public record as a result of the Bankruptcy Cases and the filings related thereto, other than as a result of a disclosure by the Receiver or its Representatives in violation of this Agreement; (ii) becomes available to the Receiver or its Representatives on a non-confidential basis from a Person other than the Provider or its Representatives who is not known by the Receiver to be bound by a confidentiality agreement with the Provider or any of its Representatives, or is not known by the Receiver to be under an obligation to the Provider or any of its Representatives not to transmit the information to the Receiver; (iii) was in the possession of the Receiver prior to disclosure by the Provider or its Representatives (provided that any information regarding the Business in the possession of Avaya prior to the Closing Date or provided to Avaya pursuant to, or maintained by Avaya under, this Agreement or any Ancillary

Agreement shall not be subject to this provision); or (iv) is developed by the Receiver independent of any Confidential Information. Nothing in this Section 5.03 shall affect Purchaser's rights in the Transferred Assets following the Closing. In the event that the Receiver or any of its subsidiaries or Representatives are required by Law, Governmental Entity, Proceeding or the rules and regulations of any stock exchange or quotation services on which such party's stock is traded or quoted to disclose any Confidential Information, the Receiver shall, to the extent permissible under applicable Law, provide the Provider with prompt notice of such request or requirement in order to enable the Provider to: (i) seek an appropriate protective order or other remedy, (ii) consult with the Receiver with respect to the Provider's taking steps to resist or narrow the scope of such request or legal process or (iii) waive compliance, in whole or in part, with the terms of this Section 5.03(b), and, the Receiver or its affiliate or Representative, as the case may be, shall use commercially reasonable efforts (i) to disclose only that portion of the Confidential Information that the Receiver is advised in writing by its legal counsel is legally required to be disclosed and (ii) to ensure that all Confidential Information that is so disclosed will be accorded confidential treatment.

Section 5.04 Regulatory and Other Authorizations; Notices and Consents.

(a) Each party shall (i) use its reasonable best efforts to promptly obtain all authorizations, consents, orders and approvals of all Governmental Entities and officials that may be or become necessary or advisable for its execution and delivery of, and the performance of its obligations pursuant to, this Agreement and the Ancillary Agreements, (ii) cooperate in good faith with the other party and its affiliates and Representatives in promptly seeking to obtain all such authorizations, consents, orders and approvals and (iii) provide as promptly as practicable such information to any Governmental Entity as such Governmental Entity may request in connection herewith. Each party hereto, as applicable, agrees to file promptly (but in no event later than ten (10) Business Days after the date of this Agreement) any Notification and Report Forms (as defined in the HSR Act) and related material required to be filed with the Federal Trade Commission and the Antitrust Division of the United States Department of Justice under the HSR Act with respect to the transactions contemplated by this Agreement and to use commercially reasonable efforts to obtain an early termination of the applicable waiting period, and to supply as promptly as practicable to the appropriate Governmental Entities any additional information and documentary material that may be requested pursuant to the HSR Act. Each party hereto, as applicable, agrees to make as promptly as practicable (but in any event, no later than ten (10) Business Days after the date of this Agreement) its respective filings and notifications, if any, under any Foreign Merger Control Law and to supply as promptly as practicable to the appropriate Governmental Entities any additional information and documentary material that may be requested pursuant to such Foreign Merger Control Law. None of Avaya, on the one hand, or Purchaser, on the other hand, may, without the consent of the other, (x) cause any such filing or submission applicable to it to be withdrawn or refiled for any reason, including to provide the applicable Governmental Entity with additional time to review any of the transactions contemplated by this Agreement, or (y) consent to any voluntary extension of any statutory deadline or waiting period or to any voluntary delay of the consummation of the transactions contemplated by this Agreement.

(b) Each of Purchaser, on the one hand, and Avaya, on the other hand, shall promptly notify the other of any communication it or any of its affiliates receives from any Governmental

Entity relating to the matters that are the subject of this Agreement and permit the other to review in advance any proposed communication by such party to any Governmental Entity. Neither Purchaser, on the one hand, nor Avaya, on the other hand, shall agree to participate in any meeting with any Governmental Entity in respect of any filings, investigation (including any settlement of the investigation), litigation or other inquiry unless it consults with the other in advance and, to the extent permitted by such Governmental Entity, gives the other the opportunity to attend and participate at such meeting. Purchaser, on the one hand, and Avaya, on the other hand, will coordinate and cooperate in good faith with each other in exchanging such information and providing such assistance as the other may reasonably request in connection with the foregoing and in seeking early termination of any applicable waiting periods, including under the HSR Act. Purchaser, on the one hand, and Avaya, on the other hand, will provide each other with copies of all correspondence, filings or communications between them or any of their Representatives, on the one hand, and any Governmental Entity or members of its staff, on the other hand, with respect to this Agreement or the transactions contemplated by this Agreement; provided, however, that such materials may be redacted (x) to remove references concerning the valuation of the Business or the value of Avaya and its subsidiaries after the consummation of the Acquisition, (y) as necessary to comply with contractual arrangements, and (z) as necessary to address reasonable attorney-client or other privilege, work product protection or confidentiality concerns, to the extent that that such attorney-client or other privilege, work product protection or confidentiality concerns are not governed by a common interest privilege or doctrine.

(c) Purchaser shall not acquire any significant assets, business or company, enter into any other transaction or commit or enter into any Contract to effect any such transaction (whether by merger or otherwise), that would reasonably be expected to prevent, materially delay or materially impede the satisfaction of any of the conditions set forth in Section 7.01(a), Section 7.01(b) or Section 7.02(h).

Section 5.05 Non-Compete; Non-Solicit.

(a) For a period of three (3) years immediately following the Closing Date (the “**Restricted Period**”), Avaya shall not, and shall cause its subsidiaries not to, directly or indirectly, as a principal, stockholder, joint venturer or otherwise, operate, perform or have any ownership interest in any business that designs, develops, manufactures, markets, sells, installs or distributes products or services in competition with the Business; provided, however, that nothing in this Section 5.05 shall prevent Avaya or any of its subsidiaries from (i) engaging in any business (other than the Business) that is conducted as of the Closing Date, (ii) being acquired by or acquiring and thereafter owning any business (whether by way of merger or otherwise) that does not primarily design, develop, manufacture, market, sell, install or distribute products or services in competition with the Business (provided that Avaya will promptly following any such acquisition use its reasonable best efforts to dispose of the portion of the business that competes with the Business), (iii) operating in connection with the Reseller Agreement, (iv) developing, manufacturing, distributing (directly or indirectly), selling, marketing, promoting, installing, servicing and supporting (in each case, directly or indirectly) the product known as “Pod FX” or “CPOD” (as may be rebranded from time to time) or (v) investing in the securities of a company whose securities are publicly traded under a recognized securities exchange not in excess of five percent (5%) of any class of such securities. For

purposes of this Section 5.05(a), “Business” will be defined without reference to the proviso in the definition of “Business” in Section 11.05(b).

(b) During the Restricted Period, Avaya shall not, and shall cause its subsidiaries not to, solicit to hire any Transferred Employee; provided, however, that Avaya and its subsidiaries (i) shall be free to conduct general, non-directed solicitation advertisements or web postings for employment or utilizing an independent employment search firm, in each case, which does not target employees of Purchaser and its affiliates, (ii) may hire persons who respond on their own initiative to such advertising, postings or contacts from search firms, and (iii) may solicit to hire, and hire, any Transferred Employee (A) whose employment was terminated by Purchaser or any of its affiliates or (B) whose employment was otherwise terminated and such individual has not been employed by Purchaser or any of its subsidiaries for at least 120 days.

(c) Avaya acknowledges that the restrictions set forth in Section 5.05 constitute a material inducement to Purchaser’s entering into and performing this Agreement. Avaya further acknowledges, stipulates and agrees that a breach of such obligation could result in irreparable harm and continuing damage to Purchaser for which there may be no adequate remedy at Law and further agrees that in the event of any breach of said obligation, Purchaser may be entitled to injunctive relief and to such other relief as is proper under the circumstances.

(d) If any provision contained in this Section 5.05 shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this Section 5.05, but this Section 5.05 shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein. It is the intention of the Parties that if any of the restrictions or covenants contained herein is held to cover a geographic area or to be for a length of time which is not permitted by applicable Law, or in any way construed to be too broad or to any extent invalid, such provision shall not be construed to be null, void and of no effect, but to the extent such provision would be valid or enforceable under applicable Law, a court of competent jurisdiction shall construe and interpret or reform this Section 5.05 to provide for a covenant having the maximum enforceable geographic area, time period and other provisions (not greater than those contained herein) as shall be valid and enforceable under such applicable Law.

(e) Nothing set forth in this Section 5.05 shall be deemed to apply to any Person (other than Avaya and its subsidiaries), or to the affiliates of such Person, that directly or indirectly acquires, directly or indirectly, all or any portion of the capital stock or other equity securities of Avaya or any of its subsidiaries (whether by way of merger or otherwise). Notwithstanding anything herein to the contrary, for the avoidance of doubt, in no event will the covenants set forth in this Section 5.05 restrict or prohibit any equityholder of Avaya or any of such Person’s affiliates (other than Avaya and its subsidiaries) in any respect.

Section 5.06 Publicity. Other than the press release to be agreed by Purchaser and Avaya to be issued following the execution of this Agreement, neither of Purchaser, on the one hand, nor Avaya, on the other hand, will issue or permit any of its respective subsidiaries or Representatives to issue any press release, website posting or other public announcement with respect to this Agreement or the transactions contemplated hereby (including with respect to the consummation of the Closing) without the prior consent of the other party, except as may be

required by Law, Proceeding (including the Bankruptcy Cases), or stock exchange rules or regulations; provided that in the event any such communication is required by Law, Proceeding (including the Bankruptcy Cases) or stock exchange rules or regulations, the disclosing party shall provide the other party with a reasonable opportunity to review and comment upon any such disclosure and shall take into consideration such comments in good faith; provided further that Purchaser, on the one hand, and Avaya and its affiliates, on the other hand, may make communications that are consistent with, and following, the parties' prior public disclosures regarding the transactions contemplated by this Agreement.

Section 5.07 Use of Retained Names and Marks.

(a) Purchaser hereby acknowledges that Avaya or its subsidiaries own all right, title and interest in and to the trademarks, service marks, domain names, logos and names set forth in Section 5.07 of the Disclosure Schedule, together with all variations, translations, acronyms and other derivations thereof and all trademarks, service marks, Internet domain names, logos, trade names, trade dress, company names and other identifiers of source or goodwill containing, incorporating, or associated with any of the foregoing (collectively, the “**Retained Names and Marks**”); provided, however, that except as set forth in Section 5.07 of the Disclosure Schedule, Retained Names and Marks do not include any trademarks, service marks, domain names, logos and names or other indicia of source included in the Transferred Intellectual Property. Except as expressly provided below, any and all rights of the Business to use the Retained Names and Marks shall terminate as of the Closing and shall immediately revert to Avaya and its affiliates, along with any and all goodwill associated therewith. Purchaser further acknowledges that it has no rights, and is not acquiring any rights, directly or indirectly, to use the Retained Names and Marks, except as expressly provided herein or through any Ancillary Agreement.

(b) Purchaser shall (i) for a period of six (6) months after the Closing Date, be entitled to use, solely in connection with the operation of the Business as operated immediately prior to the Closing, all of the Business' existing stocks of signs, letterheads, invoice, advertisements and promotional materials and all Internet domain names, website content, other Internet or electronic communications vehicles and other documents and materials in existence and used by the Business as of the Closing (collectively, the “**Existing Stock**”) and (ii) for a period of twelve (12) months after the Closing Date, be entitled to use the inventory included in the Transferred Assets (including any works-in-process) (the “**Existing Inventory**”), in each case, containing the Retained Names and Marks, after which period Purchaser shall cause the removal or obliteration of all Retained Names and Marks from such Existing Stock or Existing Inventory or cease using such Existing Stock and selling such Existing Inventory. Upon Avaya's request, Purchaser shall promptly execute all assignment, transfer and other documents, and take all steps, in each case, that are necessary or desirable to confirm, effectuate or otherwise evidence Avaya's and its subsidiaries' rights, title and interests in and to, and control over, the Retained Names and Marks, including the Internet domain names incorporating any Retained Names and Marks.

(c) Purchaser shall not be deemed to have violated this Section 5.07, even after the expiration of the time periods set forth in Section 5.07(b), by reason of: (i) the appearance of the Retained Names and Marks on any equipment, tools, and other written or electronic data, materials or assets that are used for only internal purposes and only in connection with the

Business; or (ii) the use of any Retained Name and Mark in a non-trademark manner in textual sentences that is factually accurate and non-prominent and solely for purposes of conveying to customers or the general public that the Business is no longer affiliated with Sellers, and/or to reference historical details concerning or make historical reference to the Business.

(d) Except as expressly provided in this Section 5.07, no other right to use the Retained Names and Marks is granted by Avaya or any of its affiliates to Purchaser, its affiliates or, after the Closing, the Business, whether by implication or otherwise, and nothing hereunder permits Purchaser, its affiliates or, after the Closing, the Business: (i) to use the Retained Names and Marks in any manner, other than in connection with the Existing Stock and Existing Inventory as set forth in this Section 5.07, or (ii) to register or seek to register, or to permit any third party to register or to seek to register, any of the Retained Names and Marks in any jurisdiction. Purchaser shall ensure that all use of the Retained Names and Marks by the Business, after the Closing, as provided in this Section 5.07, shall be only with respect to goods and services of a level of quality equal to or greater than the quality of goods and services with respect to which the Business used the Retained Names and Marks immediately prior to the Closing. Any and all goodwill generated by the use of the Retained Names and Marks under this Section 5.07 shall inure solely to the benefit of Avaya and its affiliates. In any event, and, without limiting any of Purchaser's obligations under this Section 5.07, Purchaser shall not, and shall cause its affiliates and, after the Closing, the Business not to, use the Retained Names and Marks in any manner that may damage or tarnish the reputation of Avaya or its affiliates or the goodwill associated with the Retained Names and Marks. Purchaser shall not, and shall cause its affiliates and, after the Closing, the Business not to use or adopt any name confusingly similar to the Retained Names and Marks.

(e) After the Closing, each Seller and each of its affiliates shall cease any and all use of trademarks, service marks, logos, trade dress, trade names, corporate names, or other indicia of source included in the Transferred Intellectual Property. Each Seller and each of its affiliates shall not be deemed to have violated this Section 5.07(e) by reason of the use of any trademarks, service marks, trade names or corporate names included in the Transferred Intellectual Property in a non-trademark manner in textual sentences, which use is factually accurate and non-prominent and solely for purposes of conveying to customers or the general public that each Seller and each of its affiliates are no longer operating the Business and/or to reference historical details concerning the Business.

(f) Subject to the terms and obligations of this Agreement, Purchaser agrees that none of Avaya or its subsidiaries shall have any responsibility for claims by third parties arising out of, or relating to, the use by the Business of any Retained Names and Marks after the Closing. In addition to any and all other remedies available to Avaya and its affiliates, Purchaser shall defend, indemnify and hold harmless the Seller Indemnitees from and against any and all such third party claims that may arise out of the use of the Retained Names and Marks by the Purchaser or any of its affiliates in violation of or outside the scope permitted by this Section 5.07, other than such claims that the Retained Names and Marks infringe the Intellectual Property rights of any third party. Notwithstanding anything in this Agreement to the contrary, Purchaser hereby acknowledges and agrees that in the event of any breach or threatened breach of this Section 5.07, Avaya, in addition to any other remedies available to them, (A) shall be entitled to a preliminary injunction, temporary restraining order or other equivalent relief

restraining Purchaser and any of its affiliates (including, after the Closing, the Business) from any such breach or threatened breach and (B) shall not be required to provide any bond or other security in connection with any such injunction, order or other relief.

Section 5.08 Avaya Guarantees. Purchaser acknowledges that in the course of conduct of the Business, Avaya and its affiliates may have entered into various arrangements (a) in which guarantees, letters of credit, sureties, bonds or similar arrangements were issued by Avaya or its affiliates and (b) in which Avaya or its affiliates are the primary obligors on other Contracts, in any such case to support or facilitate the Business. The arrangements entered into by Avaya and its affiliates referred to in the foregoing clauses (a) and (b), solely to the extent relating to any Transferred Assets or Assumed Liabilities and including those which are set forth in Section 5.08 of the Disclosure Schedule, are referred to as the “**Seller Credit Support Obligations**”. It is understood that the Seller Credit Support Obligations are not intended to continue after the Closing. Purchaser agrees that it shall use its reasonable best efforts to obtain replacements for the Seller Credit Support Obligations (which shall include the full and unconditional release of Avaya and its affiliates) that will be in effect at the Closing or, in the case of Seller Credit Support Obligations described in the foregoing clause (b), will use its commercially reasonable efforts to arrange for itself or one of its subsidiaries to be substituted as the primary obligor thereon as of the Closing through an assumption, accession, acknowledgement or similar agreement (which shall include the full and unconditional release of Avaya and its affiliates) with the beneficiary of the applicable Seller Credit Support Obligation. Whether or not Purchaser is able to satisfy the terms of the immediately preceding sentence, Purchaser shall indemnify the Seller Indemnitees from and against any and all Losses incurred by any of them relating to the Seller Credit Support Obligations. Purchaser agrees that, with respect to any Seller Credit Support Obligation, its reasonable best efforts pursuant to this Section 5.08 shall include, if requested, the execution and delivery by Purchaser, or by an affiliate of Purchaser acceptable to the beneficiary of such Seller Credit Support Obligation, of a replacement guarantee that is substantially in the form of such Seller Credit Support Obligation. All costs and expenses incurred in connection with providing the release or substitution of the Seller Credit Support Obligations shall be borne by Purchaser.

Section 5.09 Financing Cooperation. Prior to the Closing, Avaya shall, and shall cause its subsidiaries to, use their respective reasonable best efforts to provide or cause to be provided, and to use reasonable best efforts to cause their respective Representatives to provide or cause to be provided, to Purchaser, in each case, at Purchaser’s sole expense, all cooperation reasonably requested by Purchaser that is necessary or customary in connection with any debt financing contemplated by Purchaser for purposes of the Acquisition, including using reasonable best efforts to (i) participating (and causing management of the Business to participate) in a reasonable number of meetings and presentations and (ii) furnishing Purchaser and its lenders with all financial and other information reasonably required by Purchaser and its lenders in connection with arranging such debt financing (in each case, provided that such requested cooperation does not unreasonably interfere with the ongoing operations of Avaya or any of its subsidiaries). None of Avaya or its subsidiaries shall be required to take any action pursuant to this Section 5.09 that would subject it to actual or potential Liability for which it would not be indemnified hereunder or to bear any out-of-pocket cost or expense or to pay any commitment or other fee or provide or agree to provide any indemnity in connection with such debt financing or any of the foregoing prior to the Closing. Purchaser shall indemnify and hold harmless Avaya

and its subsidiaries and their respective Representatives from and against any and all Liabilities or Losses suffered or incurred by them in connection with the arrangement of such debt financing (including any action taken at Purchaser's request pursuant to this Section 5.09) and any information utilized in connection therewith, except to the extent caused by the gross negligence, bad faith, fraud or intentional misconduct of Avaya or its subsidiaries or by breach of this Agreement by Avaya. Purchaser shall, promptly upon written request by Avaya, reimburse Avaya and its subsidiaries for all reasonable and documented out-of-pocket costs incurred by them in connection with cooperation provided at Purchaser's request pursuant to this Section 5.09. Purchaser acknowledges and agrees that the availability or obtaining of any financing is not a condition to Closing.

Section 5.10 Necessary Efforts; Further Action; Wrong Pockets; Mail Handling.

(a) On the terms and subject to the conditions of this Agreement, each party will use their respective commercially reasonable efforts to take or cause to be taken in an expeditious manner all actions and to do or cause to be done all things necessary, appropriate or advisable to satisfy the conditions to the Closing (and refrain from taking any action that would reasonably be expected to have the effect of delaying, impairing or impeding the Closing in any material respect), to consummate the transactions contemplated hereby and to comply promptly with all legal requirements that may be imposed on it or any of its affiliates with respect to the Closing, in each case as promptly as practicable, including by using commercially reasonable efforts to cause an existing (or newly-formed, duly organized and tax-registered) subsidiary of Purchaser to purchase any of the Transferred Assets owned by a particular subsidiary of Avaya to the extent required to comply with the Law of a particular jurisdiction or in order to materially reduce the Transfer Taxes or withholding Taxes that would otherwise be imposed in connection with the Acquisition.

(b) Between the date of this Agreement and the Closing Date, Avaya and Purchaser will cooperate and consult with each other in good faith to develop a schedule setting forth (i) the Seller and each subsidiary of Seller that is transferring Transferred Assets and/or assigning Assumed Liabilities and (ii) the portion of the Purchase Price to be paid at the Closing by Purchaser (and/or any subsidiaries of Purchaser) to the Seller and/or such subsidiaries of Seller for such Transferred Assets and Assumed Liabilities (such schedule, as agreed upon, "**Schedule 5.10(b)**").

(c) If, following the Closing, any right, property or asset not forming part of the Transferred Assets is found to have been transferred to or received by Purchaser in error, either directly or indirectly, Purchaser shall transfer, or shall cause its affiliates to transfer, at no cost to Avaya or its affiliates, such right, property or asset (and any related Liability) as soon as practicable to Avaya or the affiliate of Avaya indicated by Avaya. If, following the Closing, any right, property or asset forming part of the Transferred Assets is found not to have been transferred to or received by Purchaser, either directly or indirectly, Avaya shall transfer, or shall cause its subsidiaries to transfer, at no cost to Purchaser or its affiliates, such right, property or asset as soon as practicable to Purchaser or the affiliate of Purchaser indicated by Purchaser.

(d) To the extent that Purchaser or any of its affiliates receives any mail or packages addressed to Avaya or any of its affiliates not relating to the Transferred Assets or the Assumed

Liabilities, Purchaser shall promptly deliver such mail or packages to Avaya. After the Closing Date, Purchaser may deliver to Avaya any checks or drafts made payable to Avaya or any of its affiliates that constitutes a Transferred Asset, and Avaya shall promptly deposit such checks or drafts, and, upon full clearance of such checks or drafts and receipt of funds, reimburse Purchaser within five (5) Business Days for the amounts of all such checks or drafts, or, if so elected by Avaya, endorse such checks or drafts to Purchaser for collection. To the extent Avaya or any of its subsidiaries receives any mail or packages addressed to Avaya or any of its subsidiaries but relating to the Transferred Assets or the Assumed Liabilities, Avaya shall promptly deliver such mail or packages to Purchaser. After the Closing Date, to the extent that Purchaser receives any cash or checks or drafts made payable to Purchaser that constitutes an Excluded Asset, Purchaser shall promptly use such cash to, or deposit such checks or drafts and upon full clearance of such checks or drafts and receipt of funds from such checks or drafts, reimburse Avaya within five (5) Business Days for such amount received, or, if so elected by Purchaser, endorse such checks or drafts to Avaya for collection. The parties may not assert any set off, hold back, escrow or other restriction against any payment described in this Section 5.10(d).

Section 5.11 Financial Statements.

(a) Historical Financial Statements. At least five (5) Business Days prior to the Closing, Avaya shall deliver to Purchaser (a) audited combined balance sheets of the Business as of September 30, 2016 and September 30, 2015 and the related audited combined statements of operations and statements of cash flows for the fiscal years ended September 30, 2016 and September 30, 2015 (the “**Audited Financial Statements**”), together with the consent of Avaya’s independent auditing firm to the filing by Purchaser of such Audited Financial Statements with the SEC, and (b) an unaudited combined balance sheet of the Business as of December 31, 2016 and the related unaudited combined statement of operations and statement of cash flows for the fiscal quarter ended December 31, 2016 (the “**Interim Financial Statements**” and together with the Audited Financial Statements, the “**Financial Statements**”). In the event the Closing has not occurred prior to the 45th day following the end of any fiscal quarter of Avaya ending after December 31, 2016, the Interim Financial Statements shall also include, to the extent required by Purchaser under applicable Law in connection with consummation of the Acquisition, an unaudited combined balance sheet of the Business as of the end date for such fiscal quarter and the related unaudited combined statement of operations and statement of cash flows for such fiscal quarter. Purchaser shall use its reasonable best efforts, and Avaya shall provide such assistance reasonably requested by Purchaser, to seek (commencing promptly following the date hereof) and obtain a waiver from the SEC that provides that Purchaser (a) will not be required to include audited financial statements of the Business with respect to fiscal year 2014 in connection with any filings on Form 8-K required in connection with consummation of the Acquisition and (b) will be permitted to file abbreviated financial statements of the Business with respect to fiscal years 2015 and 2016 and any required interim period. In the event that Purchaser is unable to obtain such waiver contemplated by clause (a) prior to April 1, 2017, then the Audited Financial Statements shall also include the audited combined balance sheet of the Business as of September 30, 2014 and the related audited combined statements of operations and statements of cash flows for the fiscal year ended September 30, 2014. The Financial Statements shall be prepared in accordance with the requirements of Regulation S-X promulgated under the Securities Act and GAAP (applied on a consistent basis throughout the

periods covered); provided that no representation is made with respect to the Financial Statements except to the extent set forth in Section 3.04.

(b) Pro Forma Financial Statements; Cooperation. Following the Closing, Avaya shall, and shall cause each of its subsidiaries to, permit Purchaser and its Representatives to contact Avaya's accountants, auditors and employees, and Avaya shall, and shall use its reasonable best efforts to cause such accountants, auditors and employees to, discuss, cooperate and provide information reasonably requested by Purchaser or its Representatives, in order for Purchaser to prepare pro forma financial statements of Purchaser that meet the requirements of Regulation S-X promulgated under the Securities Act and within the timeframe specified for Purchaser to file such financial statements on Form 8-K under the Securities Exchange Act of 1934; provided that such discussions, cooperation and provision do not unreasonably interfere or disrupt the normal operations of Avaya and such subsidiaries (it being understood that Purchaser shall be responsible for (i) the information relating to the proposed debt and equity capitalization of Purchaser and its subsidiaries after the Closing Date or (ii) any information concerning the assumptions underlying the pro forma adjustments to be made in such pro forma financial statements, which assumptions shall be the responsibility of Purchaser, or pro forma cost savings or other pro forma adjustments desired by Purchaser to be made in such pro forma financial statements). Avaya shall, and shall use its respective reasonable best efforts to cause its accountants, auditors and employees to, cooperate with Purchaser with regards to responding to any comments from the SEC on the financial statements of the Transferred Assets and the Business.

Section 5.12 Separation of Mixed-Use Contracts. Prior to Closing, Avaya shall, and shall cause its subsidiaries to, use their commercially reasonable efforts (which shall not include the giving of any consideration), in consultation with Purchaser, to separate the Mixed-Use Contracts listed on Section 3.09 of the Disclosure Schedule or otherwise reasonably requested by Purchaser (in each case, other than Excluded Contracts and Government Contracts) into two contracts with the applicable counterparty, one contract with terms and conditions that are Related to the Business ("**Transferred Mixed-Use Contract**") and one contract that relates to the other businesses of the Sellers or their subsidiaries ("**Retained Mixed-Use Contract**") in each case on terms and conditions which, in the aggregate, are comparable to those of such Mixed-Use Contract prior to separation. Avaya or one of its subsidiaries shall enter into each Transferred Mixed-Use Contract with changes only to (a) change terms and conditions that relate to the other businesses of the Sellers or that related to all business of the Sellers prior to such separation, (b) allow for assignability, (c) make other ministerial changes and (d) make any changes agreed to by Purchaser. If a Mixed-Use Contract is separated prior to Closing, the Transferred Mixed-Use shall be a Transferred Contract and the Retained Mixed-Use Contract shall be an Excluded Contract.

Section 5.13 Submission for Bankruptcy Court Approval.

(a) No later than the close of business on the third (3rd) Business Day following the date of this Agreement but no earlier than following the making of the public announcement contemplated by Section 5.06, Avaya shall file the Bidding Procedures and Sale Motion. The parties shall use their respective commercially reasonable efforts to have (i) the Bankruptcy Court enter the Bidding Procedures Order as promptly as practicable after the filing of the

Bidding Procedures Motion, (ii) the Auction commence at least two (2) Business Days prior to the Sale Hearing and (iii) the Bankruptcy Court enter the Sale Order as promptly as practicable after the completion of the Auction but, in any event, no later than 120 days after the date of this Agreement. Avaya shall give notice under the Bankruptcy Code of the request for the relief specified in the Bidding Procedures and Sale Motion to all Persons entitled to such notice, including all Persons that have asserted Liens in the Transferred Assets and all non-debtor parties to the Transferred Contracts and the Assumed Leases, and other appropriate notice as required by the Federal Rules of Bankruptcy Procedure and the local rules of the Bankruptcy Court, including such additional notice as the Bankruptcy Court shall direct or as Purchaser may reasonably request, and provide appropriate opportunity for hearing, to all parties entitled thereto, of all motions, orders, hearings, or other Proceedings in the Bankruptcy Court relating to this Agreement or the transactions contemplated hereby. Avaya shall be responsible for making all appropriate filings relating thereto with the Bankruptcy Court, which filings shall be in form and substance acceptable to the Purchaser in its commercially reasonable discretion and submitted, to the extent practicable, to Purchaser prior to their filing with the Bankruptcy Court for the Purchaser's prior review and comment.

(b) A list of the Transferred Contracts and Assumed Leases shall be filed as an exhibit to the Bidding Procedures and Sale Motion (or, if required by the Bankruptcy Court, a motion to assume and assign the Transferred Contracts and Assumed Leases), and shall be described in sufficient detail to provide adequate notice to the non-debtor parties to such Contracts. Upon removal by Purchaser of the Transferred Contracts and Assumed Leases in accordance with Section 1.07, Avaya shall promptly remove any Transferred Contracts or Assumed Leases from such exhibit, as applicable. Such exhibit shall set forth the applicable Cure Payment, if any, for each Transferred Contract and each Assumed Lease as reasonably estimated in good faith by Avaya.

(c) Avaya and Purchaser shall consult with one another regarding pleadings that any of them intends to file with the Bankruptcy Court in connection with, or which might reasonably affect the Bankruptcy Court's approval of, as applicable, the Bidding Procedures Order or the Sale Order. Avaya shall promptly provide Purchaser and its counsel with copies of all notices, filings and orders of the Bankruptcy Court that Avaya has in its possession (or receives) pertaining to the Bidding Procedures and Sale Motion, the Bidding Procedures Order, the Sale Order or any other order related to any of the transactions contemplated by this Agreement, but only to the extent such papers are not publicly available on the docket of the Bankruptcy Court or otherwise made available to Purchaser and its counsel.

(d) If the Bidding Procedures Order, the Sale Order, or any other orders of the Bankruptcy Court relating to this Agreement or the transactions contemplated hereby shall be appealed by any Person (or if any petition for certiorari or motion for reconsideration, amendment, clarification, modification, vacation, stay, rehearing or reargument shall be filed with respect to the Bidding Procedures Order, the Sale Order or other such order), subject to rights otherwise arising from this Agreement, the Debtors and the Purchaser shall use their commercially reasonable efforts to prosecute such appeal, petition or motion and obtain an expedited resolution of any such appeal, petition or motion.

(e) Avaya will provide Purchaser with a reasonable opportunity to review and comment upon all motions, applications, petitions, schedules and supporting papers prepared by Avaya or its subsidiaries (including forms of orders and notices to interested parties) in connection with transactions contemplated by this Agreement, to the extent practicable, prior to their filing with the Bankruptcy Court.

(f) Avaya and Purchaser acknowledge that this Agreement and the transactions contemplated hereby are subject to entry of, as applicable, the Bidding Procedures Order and the Sale Order. In the event of any discrepancy between this Agreement and the Bidding Procedures Order and the Sale Order, the Bidding Procedures Order and the Sale Order shall govern; provided that nothing in this Section 5.13(f) shall limit the rights of Purchaser hereunder in the event that any Bidding Procedures Order or any Sale Order does not comply with the Agreement.

Section 5.14 Overbid Procedures; Adequate Assurance.

(a) Avaya and Purchaser acknowledge that this Agreement and the sale of the Business and the Transferred Assets are subject to higher and better bids and Bankruptcy Court approval. Purchaser and Avaya acknowledge that the Debtors must take reasonable steps to demonstrate that they have sought to obtain the highest or otherwise best price for the Business and the Transferred Assets, including giving notice thereof to the creditors of the Debtors and other interested parties, providing information about the Business to prospective bidders, entertaining higher and better offers from such prospective bidders, and, in the event that additional qualified prospective bidders desire to bid for the Business and the Transferred Assets, conducting an auction (the “**Auction**”).

(b) The bidding procedures to be employed with respect to this Agreement and any Auction shall be those reflected in the Bidding Procedures Order. Purchaser acknowledges that Avaya and its affiliates and Representatives are and may continue soliciting inquiries, proposals or offers for the Business and the Transferred Assets in connection with any Alternative Transaction pursuant to the terms of the Bidding Procedures Order.

(c) Prior to the Sale Hearing, Purchaser shall provide adequate assurance of future performance as required under Section 365 of the Bankruptcy Code for the Transferred Contracts and Assumed Leases. Purchaser agrees that it will promptly take all actions reasonably required to assist in obtaining a Bankruptcy Court finding that there has been an adequate demonstration of adequate assurance of future performance under the Transferred Contracts and the Assumed Leases, such as furnishing affidavits, non-confidential financial information and other documents or information for filing with the Bankruptcy Court and making Purchaser’s Representatives available to testify before the Bankruptcy Court.

(d) Avaya and Purchaser agree, and the Bidding Procedures and Sale Motion shall reflect the fact that, the provisions of this Agreement, including this Section 5.14, Section 5.15 and Section 5.16, are reasonable, were a material inducement to Purchaser, and were reasonably relied upon by Purchaser in deciding, to enter into this Agreement, and are designed to achieve the highest or otherwise best price for the Business and Transferred Assets.

Section 5.15 Termination Fee.

(a) If (i) this Agreement is terminated for any reason pursuant to Section 8.01(b), Section 8.01(c), Section 8.01(f), Section 8.01(g) or Section 8.01(h) and (ii) Avaya or any of its affiliates consummates an Alternative Transaction within one (1) year following such termination, then Avaya shall, subject to approval by the Bankruptcy Court and without the requirement of any notice or demand from Purchaser, immediately pay to Purchaser the Termination Fee in cash on the day such Alternative Transaction is consummated; provided that in the event (A) this Agreement is terminated pursuant to Section 8.01(b), Section 8.01(f)(iv) or Section 8.01(g)(iii), (B) Avaya's failure to perform any of its obligations under this Agreement is not a substantial cause of the circumstances giving rise to such termination and (C) in the case of a termination pursuant to Section 8.01(b)(i) or Section 8.01(f)(iv), such Judgment or Final Order, as applicable, is not a Final Order of the Bankruptcy Court related to the Successful Bidder or the Backup Bidder (in each case, other than Purchaser) at the Auction, for purposes of this Section 5.15(a), neither the term "Restructuring Transaction" nor the term "Alternative Transaction" will include any transaction (including any reorganization or plan of reorganization) where the Transferred Assets (or a material portion thereof) do not represent more than twenty percent (20%) of the aggregate revenues generated by the business or assets involved therein.

(b) The Termination Fee shall be made by wire transfer of immediately available funds to an account designated by Purchaser.

(c) Pursuant to the Bidding Procedures Order and subject to approval by the Bankruptcy Court, the claim of Purchaser in respect of the Termination Fee is and constitutes an allowed super-priority administrative expense claim against Avaya under Sections 503 and 507(b) of the Bankruptcy Code in the Bankruptcy Cases, senior to all other administrative expense claims of Avaya.

(d) Each of the parties hereto acknowledges and agrees that the agreements contained in this Section 5.15 and Section 5.16 are an integral part of the transactions contemplated by this Agreement and that the Termination Fee is not a penalty, but rather is liquidated damages in a reasonable amount that will reasonably compensate Purchaser in the circumstances in which such Termination Fee is payable for the efforts and resources expended and opportunities foregone by Purchaser while negotiating and pursuing the transactions contemplated by this Agreement and in reasonable reliance on this Agreement and on the reasonable expectation of the consummation of the transactions contemplated hereby, which amount would otherwise be impossible to calculate with precision.

Section 5.16 Expense Reimbursement.

(a) Avaya shall, subject to approval by the Bankruptcy Court and without the requirement of any notice or demand from Purchaser, pay the Purchaser Expense Reimbursement in cash to Purchaser two (2) Business Days after the earlier to occur of (i) the date this Agreement is terminated by Purchaser pursuant to Section 8.01, other than pursuant to Section 8.01(a), and (ii) the date this Agreement is terminated by Avaya pursuant to Section 8.01, other than pursuant to Section 8.01(a), Section 8.01(d), Section 8.01(e) or Section 8.01(i).

(b) Pursuant to the Bidding Procedures Order, and subject to approval by the Bankruptcy Court, the claim of Purchaser in respect of the Purchaser Expense Reimbursement is and constitutes an allowed super-priority administrative expense claim against Avaya under Sections 503 and 507(b) of the Bankruptcy Code in the Bankruptcy Cases, senior to all other administrative expense claims of Avaya.

Section 5.17 Cure Payments; Cure of Defaults.

(a) Subject to entry of the Sale Order, Avaya shall, on or prior to the Closing (or, in the case of any Transferred Contract or Assumed Lease that is to be assigned following the Closing, on or prior to the date of such assignment) pay, or cause to be paid, the Cure Payments and cure any and all other defaults and breaches under the Transferred Contracts and Assumed Leases so that such Contracts may be assumed by Avaya and its subsidiaries and assigned to Purchaser in accordance with the provisions of Section 365 of the Bankruptcy Code and this Agreement. Avaya agrees that it will promptly take such actions as are reasonably necessary to obtain a Final Order of the Bankruptcy Court providing for the assumption and assignment of such Contracts. To the extent Avaya is responsible for any Cure Payments pursuant to the terms hereof that have been finally determined by the Bankruptcy Court, Purchaser may, in its sole discretion and upon prior written notice to Avaya, pay such amount(s) on behalf of Avaya, in which case Avaya shall have no further responsibility therefor, and, upon reasonable prior notice to Avaya, together with reasonable supporting documentation therefor, offset such amount(s) against any amount(s) Purchaser may owe Avaya (including by deducting such amounts, at the Closing, from the Closing Date Payment).

(b) With respect to any Contract Related to the Business which is not a Transferred Contract or Assumed Lease on the Closing Date and provided such Contract has not been rejected by Avaya after the Closing Date pursuant to Section 365 of the Bankruptcy Code, upon written notice(s) from Purchaser to Avaya given at any time after the Closing Date, Avaya shall promptly take all actions reasonably necessary to assume and assign to Purchaser pursuant to Section 365 of the Bankruptcy Code any such Contract(s) set forth in Purchaser's notice(s); provided that any Cure Payment applicable thereto shall be satisfied solely by Purchaser, and provided that such assumption and assignment (and payment by Purchaser of such Cure Payment), shall not affect the amount of the Purchase Price. Notwithstanding anything in this Agreement to the contrary, on the date any such Contract is assumed and assigned to Purchaser pursuant to this Section 5.17, such Contract shall thereafter be deemed a Transferred Asset for all purposes under this Agreement.

Section 5.18 Competing Bids.

(a) Avaya shall (a) promptly notify Purchaser of any Competing Bid that has been made as of the date of this Agreement or is subsequently made, and (b) keep Purchaser reasonably informed with respect to the status of the foregoing without breaching any Law, fiduciary duty or duty of confidentiality owed to any person, or waiving any legal or similar privileges, in accordance with Section 5.02(c) of this Agreement. Within one (1) Business Day of the Bid Deadline, Avaya will inform Purchaser as to whether or not there will be an Auction.

(b) Avaya and its representatives shall have the authority to respond to any inquiries or offers to purchase all or any part of the Transferred Assets and perform any and all other acts related thereto which are required under the Bankruptcy Code or other applicable law, including supplying information relating to the Business and the assets of Seller to prospective purchasers.

Section 5.19 CPOD Agreement. Between the date hereof and the Closing, the parties will discuss in good faith the potential terms of a Hardware and Software OEM and Resale Agreement (the "**CPOD Agreement**"), substantially on the terms and conditions set forth on Exhibit O attached hereto or otherwise reasonably acceptable to Avaya and Purchaser. The CPOD Agreement will be based on a customary template and otherwise on terms reasonably acceptable to the parties. The parties shall use their respective commercially reasonable efforts to finalize the terms of the CPOD Agreement between the date hereof and Closing and enter into such CPOD Agreement as of the Closing.

Section 5.20 Disclosure and Delivery of Intellectual Property. Avaya agrees, upon the Closing and thereafter for any item not previously delivered, upon Purchaser's reasonable request during the twelve (12) month period after the Closing Date, to use commercially reasonable efforts to deliver to Purchaser copies of any Software (which shall be delivered in source code form together with any and all text, data and data structures, diagrams, manuals, instructions, procedures, build scripts, test scripts, compilation tools, and other information, in all cases necessary to enable Purchaser's use of such Software) and tangible embodiments of any trade secrets, know-how and other Technology, in each case, that constitute Transferred Intellectual Property or Sellers Licensed Intellectual Property and in each case that Purchaser can demonstrate to Avaya's reasonable satisfaction is not in Purchaser's possession or control and was not previously provided to Purchaser, each of which shall be delivered via electronic transmission or load and leave procedures or other procedures agreed between Avaya and Purchaser.

Section 5.21 TSA Matters.

(a) On or prior to the 15th day following the date hereof, Purchaser will amend the Sections 1 and 8 of Exhibit A of the Transition Services Agreement to (i) delete the services in such Sections that Purchaser will not be using under the Transition Services Agreement and/or (ii) revise the "Duration" set forth with respect to such services in such Sections that Purchaser will be using under the Transition Services Agreement. For the avoidance of doubt, following the 15th day following the date hereof, Sections 1 and 8 of Exhibit A of the Transition Services Agreement may not be amended without the consent of both parties.

(b) On or prior to the 45th day following the date hereof, Purchaser will amend the other Sections of Exhibit A of the Transition Services Agreement that are not the subject of Section 5.21(a) and Avaya will amend Exhibit B of the Transition Services Agreement, in each case, to (i) delete the services in such Sections that Purchaser or Avaya, as applicable, will not be using under the Transition Services Agreement and/or (ii) revise the "Duration" set forth with respect to such services in such Sections that Purchaser or Avaya, as applicable, will be using under the Transition Services Agreement. For the avoidance of doubt, following the 45th day following the date hereof, neither such sections of Exhibit A nor Exhibit B of the Transition Services Agreement may be amended without the consent of both parties.

(c) In each case of Section 5.21(a)(ii) and Section 5.21(b)(ii), (i) the "Duration" specified by Purchaser shall be a firm date or period, and not a range of dates or optional dates or periods and (ii) in no event will the amount set forth under the heading "Monthly Cost" in Exhibit A and Exhibit B of the Transition Services Agreement be changed, without the consent of both parties.

(d) Following the 15th day following the date hereof or the 45th day following the date hereof, as applicable, (i) except as set forth in the Transition Services Agreement, neither Avaya nor Purchaser will be obligated to provide or cause to be provided any services not set forth on the applicable Sections of Exhibit A and Exhibit B of the Transition Services Agreement as of such date, (ii) Avaya will be obligated to provide or cause to be provided the services that are set forth on the applicable Sections of Exhibit A of the Transition Services Agreement as of such date, (iii) Purchaser will not be obligated to pay Avaya for any services not set forth on the applicable Sections of Exhibit A of the Transition Services Agreement as of such date and (iv) Purchaser will be obligated to pay Avaya for the services that are set forth on the applicable Sections of Exhibit A of the Transition Services Agreement for the respective "Duration" of such services set forth on Exhibit A of the Transition Services Agreement as of such date.

Section 5.22 Certain Consent Matters. Avaya will use commercially reasonable efforts to obtain Consents necessary to effectual the transfer to Purchaser of (a) the Avaya Xirus Interest (as defined in the Disclosure Schedules) and any Transferred Contracts with Xirus, Inc., in each case, to the extent required by and in accordance with the Contracts governing the Avaya Xirus Interest and such Transferred Contracts and (b) the Assumed Leases; provided that the foregoing will not require Avaya or any of its subsidiaries to expend any money or to incur any Liability to obtain any such Consent; provided further that Purchaser acknowledges that the Avaya Xirus Interest is subject to a right of first refusal, pursuant to which Avaya may be required to transfer the Avaya Xirus Interest to a third party and may not be able to transfer the Avaya Xirus Interest to Purchaser.

ARTICLE VI

EMPLOYMENT MATTERS

Section 6.01 Non-ARD Employees.

(a) Offer of Employment. Not later than thirty (30) days prior to the Closing (or if required by applicable Law, such greater period as required by applicable Law and practices), Purchaser or one of its affiliates shall offer employment with Purchaser or one of its affiliates to at least a majority of the Employees (which majority excludes ARD Automatic Transferred Employees), commencing as of the Closing, on the terms set forth in this Article VI (including Section 6.02(a)). Commencing promptly following the date hereof, the parties will discuss and use their respective reasonable best efforts to determine positions, roles and/or functional areas for Employees that will and will not be offered employment by Purchaser or one of its affiliates (as contemplated by the previous sentence), and to complete such determination, within forty-five (45) days following the date hereof. The Non-ARD Employees who accept the offer of employment with Purchaser or one of Purchaser's affiliates shall be referred to as "**Non-ARD Transferred Employees**". Nothing herein shall be construed as a representation or guarantee by

any Seller or any of their respective affiliates that any or all of the Non-ARD Employees will accept the offer of employment from Purchaser or one of Purchaser's affiliates or will continue in employment with Purchaser or one of Purchaser's affiliates following the Closing. Purchaser shall carry out all actions necessary under applicable Law to effect the transfer of employment to it of each such Non-ARD Transferred Employee who has accepted that offer. Notwithstanding anything to the contrary herein, where applicable, the parties intend that there shall be continuity of employment with respect to all Non-ARD Transferred Employees immediately prior to the Closing and that the transactions contemplated by this Agreement do not constitute a separation, termination or severance of employment of any Non-ARD Employee or Non-ARD Transferred Employee prior to or upon the Closing. Purchaser shall indemnify Avaya and its subsidiaries against any Liabilities arising out of (i) any failure of Purchaser to carry out all actions necessary under applicable Law to effect the transfer of employment, (ii) any failure of Purchaser to comply with Section 6.02(a) and (iii) any amount payable to or in respect of any Non-ARD Transferred Employee in respect of his or her employment following Closing, except as otherwise set forth in this Article VI. Purchaser must keep Avaya informed in writing of all offers and acceptances referred to above within seven (7) days of all such offers and acceptances.

(b) Rejected Offers. If a Non-ARD Employee rejects any offer of, or is not offered, employment from Purchaser or one of its affiliates, Purchaser shall not, and shall cause its subsidiaries not to, knowingly solicit, entice away, employ, offer to employ, or contract with any such Non-ARD Employee for a period of twelve months following the Closing, except where prior written consent has been obtained from Avaya; provided, however, that Purchaser and its subsidiaries shall be free to conduct general, non-directed solicitation advertisements or web postings for employment or utilizing an independent employment search firm, in each case, which does not target employees of Avaya and its subsidiaries.

Section 6.02 Terms of Employment.

(a) Except to the extent greater benefits are required by applicable Law, during the period that begins as of the Closing Date and continues through the date that is twelve months after the Closing Date (the "**Continuation Period**"), Purchaser or one of Purchaser's affiliates shall provide to each Transferred Employee (i) a position at a grade level and with responsibilities that are no less in the aggregate than the level and responsibilities in effect for such Transferred Employee immediately prior to the Closing Date, and at a work location that is within a "reasonable distance" (or similar term) under applicable Law of such Transferred Employee's primary work location immediately prior to the Closing Date, (ii) a base salary or hourly wage, and bonus, incentive and/or commission opportunity no less than that in effect for such Transferred Employee immediately prior to the Closing Date (or, in the case of a Transferred Employee on disability or other leave of absence immediately prior to the Closing Date, the base salary or hourly wage and bonus, incentive and/or commission opportunity in effect immediately prior to such leave or such higher rate as required under Law), and (iii) employee benefits that are no less favorable in the aggregate (including defined contribution pension, health and welfare, severance, or benefits and nonqualified deferred compensation, and equity compensation) than that in effect for such Transferred Employee immediately prior to the Closing Date, such that, in the cases of (i), (ii) and (iii), such terms and conditions would preclude any claims of actual or constructive dismissal, claims for end of service, gratuity, indemnity or similar payments or similar claims under any Law.

(b) Purchaser and Purchaser's subsidiaries shall be responsible for, and shall indemnify and hold Seller and Seller's subsidiaries harmless from, all Liabilities with respect to employment, employee benefits and related matters with respect to all Transferred Employees that have arisen from such Transferred Employees' employment (i) after the Closing and (ii) prior to or on the Closing, but, in the case of this clause (ii), only to the extent of any Liabilities are to be assumed by Purchaser pursuant to Section 1.05(a), Section 6.10(a) or Section 6.11. Except as otherwise provided in this Article VI, Seller and Seller's subsidiaries shall be responsible for all Liabilities and shall indemnify and hold Purchaser and Purchaser's subsidiaries harmless from, all Liabilities with respect to employment, employee benefits and related matters with respect to all Employees that have arisen on or prior to the Closing, including Liabilities in respect of (i) awards of equity or equity based compensation granted to Transferred Employees prior to the Closing, (ii) benefits accrued under the Seller DB Plans prior to the Closing and (iii) compensation and benefits accrued with respect to any period prior to the Closing under any Employee Benefit Plan retained by any Seller or any of their respective affiliates, in all cases, except to the extent otherwise set forth herein, including Section 1.05(a), Section 6.10(a) or Section 6.11. For the avoidance of doubt, Purchaser, or one of its subsidiaries, shall indemnify Avaya and its subsidiaries against any Liability related to the Transferred Employees which arises out of or in connection with (i) the termination of employment of a Transferred Employee following the Closing or any other act or omission by Purchaser, or one of its subsidiaries, or any other event, matter or circumstance occurring after Closing; and (ii) any employment claims brought by, or related to, the Transferred Employees, arising from facts, acts or circumstances occurring or existing after Closing.

(c) Purchaser or one of its affiliates shall assume all obligations of Sellers and any of their respective affiliates with respect to the Transferred Employees under each collective bargaining, works council or other similar agreement disclosed in Section 3.13 of the Disclosure Schedule.

Section 6.03 Defined Benefit Plan.

(a) No assets or liabilities with respect to the Transferred Employees shall be transferred as a result of this Agreement from the Seller DB Plans to any plan or arrangement established by Purchaser or any of Purchaser's affiliates, and, as of the Closing, no Transferred Employees shall accrue additional benefits under the Seller DB Plans (to the extent such accruals have not already ceased).

(b) Effective as of the Closing, Purchaser or one of its affiliates shall assume the German pension obligations to Transferred Employees set forth on Section 6.03(b) of the Disclosure Schedule in accordance with applicable Law (the "**Assumed Pension Obligations**").

Section 6.04 401(k) Plan. Effective as of the Closing Date, Purchaser or any of its affiliates shall permit each Non-ARD Transferred Employee, who is located in the United States, to participate or to be eligible to participate in Purchaser's defined contribution plan that includes a qualified cash or deferred arrangement within the meaning of Section 401(k) of the Code (such plan being referred to as the "**Purchaser 401(k) Plan**"). Avaya shall cause, as of the Closing Date, all accrued benefits of all Non-ARD Transferred Employees under the Seller 401(k) Plan to be fully vested. Under the terms of the Seller 401(k) Plan, each Non-ARD Transferred

Employee who has an account under the Seller 401(k) Plan shall be eligible to receive an immediate distribution from such Seller 401(k) Plan following the Closing. The Purchaser 401(k) Plan shall accept (and shall be amended, prior to the Closing, to the extent necessary to accept) the rollover of any “eligible rollover distribution” (within the meaning of Section 402(c)(4) of the Code) from the Seller 401(k) Plan.

Section 6.05 Health and Welfare Benefit Plans. Effective as of the Closing, Purchaser or one of Purchaser’s affiliates shall maintain or cause to be maintained benefit plans to provide medical care, dental care and vision care for the Transferred Employees (collectively, the “**Purchaser Health Plans**”). No waiting period or exclusion from coverage of any pre-existing medical condition shall apply to the participation of any Transferred Employee (or dependent thereof) in the Purchaser Health Plans, and all payments, charges and expenses of such Transferred Employees (and their eligible dependents) that were applied toward the deductible and out-of-pocket maximums under the comparable Employee Benefit Plans during the plan year in which the Closing occurs shall be credited toward any deductible and out-of-pocket maximum applicable under the Purchaser Health Plans for the plan year in which the Closing occurs. In addition, to the extent that any Transferred Employee (or dependent thereof) has begun a course of treatment with a physician or other service provider who is considered “in-network” under any Seller Health Plan and such course of treatment is not completed prior to the Closing, Purchaser shall use its reasonable best efforts to arrange for transition care, whereby such Transferred Employee (or dependent thereof) may complete the applicable course of treatment with the pre-Closing physician or other service provider at “in-network” rates. By way of example, the transition of care described in the preceding sentence shall cover chemotherapy, orthodontia, and pregnancy-related office visits through birth. Effective as of the Closing, Transferred Employees shall cease to be eligible to participate in the Seller health and welfare plans (collectively, the “**Seller H&W Plans**”) and shall be eligible to commence participation in Purchaser Health Plans and other Purchaser welfare benefit plans (collectively, the “**Purchaser H&W Plans**”) in accordance with, and subject to, the membership, eligibility and coverage requirements thereof (which shall conform to the requirements of this Article VI). Following the Closing, Purchaser and Purchaser’s affiliates shall be responsible under the Purchaser H&W Plans for all claims by or on behalf of the Transferred Employees for participation in the Purchaser H&W Plans.

Section 6.06 Credit for Service with Seller. Where applicable, and automatically applicable if required by Law, Purchaser and Purchaser’s affiliates shall credit each Transferred Employee’s length of service with Sellers and their respective affiliates for all purposes (including eligibility, vesting, benefit accrual and calculating entitlement to vacation days, sick days, gratuity payments, indemnity payments, end-of-service payments and severance payments) to the same extent such service was recognized under the plan, program, policy or arrangement of Sellers or any of their respective affiliates that most closely resembles that to be offered by Purchaser or one of Purchaser’s affiliates; provided, however, that such service shall not be recognized or credited (i) for any purpose under any equity, phantom equity or similar compensation plan or defined benefit pension maintained by Purchaser or Purchaser’s affiliates or (ii) to the extent that such recognition would result in a duplication of benefits provided to the Transferred Employee or to the extent that such service was not recognized under any similar Employee Benefit Plan, in each case of (i) and (ii), unless required by applicable Law.

Section 6.07 COBRA and HIPAA. Effective as of the Closing, Purchaser and Purchaser's affiliates shall assume all obligations, liabilities and commitments with respect to Non-ARD Transferred Employees and their eligible dependents, in respect of health insurance under the Consolidated Omnibus Budget Reconciliation Act of 1985, the Health Insurance Portability and Accountability Act of 1996, Sections 601 et seq. and Sections 701 et seq. of ERISA, Section 4980B and Sections 9801 et seq. of the Code and applicable state or similar Laws.

Section 6.08 Workers' Compensation. Effective as of the Closing, Purchaser and Purchaser's affiliates shall be responsible for all workers' compensation benefits payable to or on behalf of the Transferred Employees, except that Sellers and their respective subsidiaries shall be responsible for all workers' compensation benefits payable under the terms and conditions of the workers' compensation programs maintained by Sellers and their respective subsidiaries for claims by or on behalf of Non-ARD Transferred Employees and ARD Non-Automatic Transferred Employees relating to events occurring prior to the Closing Date.

Section 6.09 Liabilities. From and after the Closing Date, subject to applicable Laws, Purchaser shall be solely responsible for paying, providing and satisfying when due the following: all compensation (including salary, wages, commissions, bonuses, incentive compensation, overtime, premium pay and shift differentials), vacation, personal days, sick pay and other paid time off, benefits and benefit claims, gratuity payments, indemnity payments, end-of-service payments, severance and termination pay (including any employer Taxes or other payments related thereto), notice and benefits under all applicable Laws in each case, accruing, incurred or arising as a result of employment or separation from employment with Purchaser after the Closing Date with respect to Transferred Employees. In the event that Avaya or its subsidiaries is required to retain, honor, pay or provide any of the items contemplated to be assumed, honored, paid or provided by Purchaser pursuant to this Section 6.09, Purchaser will indemnify and hold harmless Avaya and its subsidiaries for any such items so retained, honored, paid or provided by Avaya or its subsidiaries.

Section 6.10 Severance Liability.

(a) Effective as of the Closing, Purchaser and Purchaser's affiliates shall assume all Liabilities in respect of Claims made by any Transferred Employee (or any other individual with a colorable claim that he or she is a Transferred Employee) for severance or other termination benefits (including claims for wrongful dismissal, notice of termination of employment, pay in lieu of notice or breach of contract) arising out of, relating to or in connection with any failure to offer employment to, or to continue the employment of, any such Transferred Employee (or other individual with a colorable claim that he or she is a Transferred Employee) on terms and conditions that would preclude any claims of actual or constructive dismissal, claims for end of service, gratuity, indemnity or similar payments or similar claims under any Law or other failure to comply with the terms of this Agreement.

(b) Except for any Employees who were offered employment by Purchaser in accordance with this Article VI and did not accept such offer (which are the subject of Section 6.10(c)) and subject to Section 6.10(a), Sellers and their subsidiaries shall be solely responsible for the amount of any payments or benefits as required by applicable Law or an applicable Employee Benefit Plan in effect as of the date hereof paid to those certain Employees

(c) Sellers and their subsidiaries shall be solely responsible for the amount of any payments or benefits paid to those certain Employees who did not become Transferred Employees because such individuals were offered and did not accept Purchaser's offer of employment in connection with such individuals' termination of employment as of the Closing, including, any severance, termination, pay in lieu of notice, gratuity payments required to be made in India pursuant to the Payment of Gratuity Act, 1972, as amended, redundancy and similar payments, and such individual's ongoing employment following the Closing; provided that Purchaser's offer(s) of employment complied with the requirements of this Article VI.

Section 6.11 Accrued Vacation. All accrued but unused vacation, gratuity payments, personal hours or days earned and sick leave of the Transferred Employees under the vacation, gratuity payments, personal hours or days and sick leave policies of Sellers and their subsidiaries, to the extent accrued in the ordinary course of business prior to the Closing with respect to only Transferred Employees, shall be carried over and assumed by Purchaser or one of its affiliates; provided that if such vacation, gratuity payments, personal hours or days earned and/or sick leave of the Transferred Employees is required to be paid out under applicable Law, then Purchaser shall reimburse Sellers for the aggregate amount of the costs to Sellers to effectuate such cash out with respect to only the Transferred Employees (including the amount of any employer taxes related thereto) as soon as practicable, but in no event later than ten (10) Business Days after receiving a schedule setting forth such expenses from Seller. Sellers or their affiliates shall be solely responsible for all accrued and unpaid hours of vacation, gratuity payments, personal hours or days earned and sick leave applicable to Employees that are not Transferred Employees.

Section 6.12 Administration, Employee Communications, Cooperation. Following the date of this Agreement, Avaya (and its subsidiaries) shall, and Purchaser (and its affiliates) shall, reasonably cooperate and use good faith efforts in all matters reasonably necessary to effect the transactions contemplated by this Article VI, including Avaya (and its subsidiaries) providing Purchaser information and data relating to workers' compensation, employee benefits and employee benefit plan coverages (except to the extent prohibited by Law) and Avaya and/or Purchaser, as applicable, making any and all required filings and notices, making any and all required communications with Transferred Employees and obtaining any governmental approvals required hereunder.

Section 6.13 Labor Consultations. Purchaser and Avaya shall, and shall cause their subsidiaries to, cooperate fully in carrying out applicable provisions of information to, or consultations, discussions or negotiations with relevant unions, works councils or other employee representative groups. Avaya shall complete, or cause to be completed, prior to the Closing, and Purchaser shall assist and cooperate fully with Avaya in causing to be completed, all notifications required by applicable Law, to, and all consultations required by applicable Law with, the employees, employee representatives, work councils, trade unions, labor boards and

relevant Governmental Entities concerning the Acquisition with respect to the Non-ARD Transferred Employees.

Section 6.14 WARN Act. Purchaser and Purchaser's affiliates agree to provide any required notice under the Worker Adjustment and Retraining Notification Act of 1988, as amended (the "**WARN Act**"), and any similar Law, and to otherwise comply with the WARN Act and any such other similar Law with respect to any "plant closing" or "mass layoff" (as defined in the WARN Act) or group termination or similar event affecting Transferred Employees (including as a result of the consummation of transactions contemplated by this Agreement) and occurring after the Closing. Avaya shall notify Purchaser of any layoffs of any Employees that occur during the 90-day period prior to the Closing.

Section 6.15 Flexible Spending Accounts. Prior to Closing, Purchaser or one of Purchaser's affiliates shall allow each Transferred Employee in the United States to participate in or be eligible to participate in a flexible spending account plan ("**Purchaser FSA**"). Each Transferred Employee shall be treated as if his or her participation in Purchaser FSA had been continuous from the beginning of the plan year under the comparable Employee Benefit Plan in which the Closing occurs and each existing salary reduction election shall be taken into account for the remainder of the plan year under Purchaser FSA in which the Closing occurs, as if made under Purchaser FSA. Purchaser FSA shall provide reimbursement for medical care expenses incurred by Transferred Employees following the Closing (excluding claims incurred before the Closing), up to the amount of such Transferred Employees' elections and reduced by amounts previously reimbursed by Seller FSA. With respect to Transferred Employees, this Section 6.15 shall be interpreted and administered in a manner consistent with Rev. Rul. 2002-32, 2002-1 C.B. 1069 (June 6, 2002).

Section 6.16 Retention Plans. Avaya or its affiliates entered into change of control or other retention agreements with certain Transferred Employees (the "**Retention Agreements**"). Avaya and its subsidiaries shall be responsible for Liabilities pursuant to the Retention Agreements (subject to any necessary Bankruptcy Court approval) and in no event will Purchaser or any of its subsidiaries assume any Liability under any such Retention Agreement.

Section 6.17 Non-US Employees. For any Non-ARD Transferred Employees who are principally based outside the United States, the provisions of Section 6.01 through Section 6.16 shall apply to such employees *mutatis mutandis* to the maximum extent permitted by applicable Law.

Section 6.18 ARD Employees

(a) In this Section 6.18 "**Employment Liability**" and "**Employment Liabilities**" includes any award, compensation, damages, fine, loss, order, penalty or payment made by way of settlement and costs and expenses reasonably incurred in connection with a claim or investigation (including any investigation by any enforcement, regulatory or supervisory body and of implementing any requirements which may arise from any such investigation); legal costs and expenses being assessed on an indemnity basis.

(b) The Sellers and Purchaser acknowledge and agree that the ARD will have effect in the applicable jurisdictions after Closing. Accordingly, from Closing, Purchaser, or one of its affiliates, shall employ any ARD Employee whose employment transfers automatically by operation of Law, on their existing terms that exist immediately before Closing, unless such individual objects to the transfer in such a way as to prevent the transfer of their employment by operation of Law (if such a right exists under the Laws of the relevant jurisdiction). Each ARD Employee whose employment automatically transfers to Purchaser, or one of its affiliates, on Closing by operation of Law pursuant to the ARD (and who does not object to the transfer) shall be referred to herein as an “**ARD Automatic Transferred Employee**”. Avaya, or one of its affiliates, shall indemnify Purchaser against any Employment Liability in accordance with Section 6.10(c) hereof arising out of or in connection with any ARD Employee objecting to the transfer of their employment under the ARD. If an ARD Employee objects to his or her employment transferring to Purchaser or one of its subsidiaries pursuant to the ARD, Purchaser shall not, and shall cause its affiliates not to, solicit, entice away, employ, offer to employ, or contract with any such ARD Employee for a period of twelve months following the Closing, except where prior written consent has been obtained from Avaya; provided, however, that Purchaser and its subsidiaries shall be free to conduct general, non-directed solicitation advertisements or web postings for employment or utilizing an independent employment search firm, in each case, which does not target employees of Avaya and its subsidiaries.

(c) Not later than thirty (30) days prior to the Closing, Purchaser, or one of its affiliates, shall offer employment with Purchaser, or one of its affiliates, to each ARD Employee who (i) does not automatically transfer by operation of Law to Purchaser or one of its affiliates or (ii) objects to the automatic transfer of their employment in accordance with Section 6.18(b) above, to take effect on Closing, on the terms set forth in this Article VI (including Section 6.02(a) and Section 6.10(a)). Subject to Section 6.10(a) and Section 6.10(b), Avaya, or one of its subsidiaries, shall indemnify Purchaser and its subsidiaries for any Employment Liabilities which arise out of termination of any such ARD Employees (including but not limited to all redundancy and termination costs and any costs connected to collective redundancy consultation obligations). Purchaser, or one of its subsidiaries, shall be solely responsible for any amount payable to or in respect of an ARD Transferred Employee who accepts the offer of employment by Purchaser or one of its subsidiaries in respect of his or her employment following Closing. Purchaser, or one of its subsidiaries, shall carry out all actions necessary under applicable Law to effect the transfer of employment to it of each ARD Employee who accepts the offer of employment made to them. Purchaser, or one of its affiliates (where applicable), will keep the applicable Seller informed of all offers and acceptances referred to above. The ARD Employees, who do not automatically transfer to Purchaser, or one of its affiliates, and who accept the offer of employment with Purchaser or one of Purchaser’s affiliates shall be referred to as “**ARD Non-Automatic Transferred Employees**”. Nothing herein shall be construed as a representation or guarantee by any Seller or any of their respective affiliates that some or all of the ARD Non-Automatic Transferred Employees will accept the offer of employment from Purchaser or one of Purchaser’s affiliates or will continue in employment with Purchaser or one of Purchaser’s affiliates following the Closing. Each Employee who is an (i) ARD Automatic Transferred Employee or (ii) ARD Non-Automatic Transferred Employee shall be referred to herein as an “**ARD Transferred Employee**”.

(d) Purchaser and Avaya shall, and shall cause their subsidiaries to, reasonably cooperate in good faith to timely satisfy the Employment Obligations with relevant trade unions, works councils, staff associations or other employee representative groups in respect of the ARD Transferred Employees.

(e) Avaya shall assume and be solely responsible for, and shall indemnify and hold harmless Purchaser and its affiliates from and against, all Liabilities related to service providers of Avaya and each of its subsidiaries located in the Excluded Jurisdictions, including any Liabilities resulting from the failure by Avaya to exclude such employees from the Business or Claims by any service provider in any Excluded Jurisdiction that his or her service provider relationship transferred automatically to Purchaser or its affiliates by operation of applicable Law.

Section 6.19 No Third Party Employee Rights.

(a) To the extent permitted by any applicable Laws and except as required by the terms of this Article VI, nothing in this Agreement shall limit the right of Purchaser, or any affiliate of Purchaser, to terminate or reassign any Transferred Employee after the Closing or to change the terms and conditions of his or her employment in any manner.

(b) No provision of this Article VI shall create any third party beneficiary or other rights in any Employee or former employee in respect of continued or resumed employment with Sellers, or with Purchaser, and no provision of this Article VI shall create any rights in any such persons in respect of any benefits that may be provided under any plan or arrangement which may be established by Purchaser. Nothing contained herein shall be construed as requiring, and Sellers, Purchaser and their subsidiaries shall take no action that would have the effect of requiring, Sellers, Purchaser or their subsidiaries, to continue any specific Employee Benefit Plan or similar Purchaser benefit plan. The provisions of this Article VI are for the sole benefit of Sellers and Purchaser and nothing in this Article VI, expressed or implied, is intended or shall be construed to constitute an amendment of any Employee Benefit Plan or any similar plan or arrangement of Purchaser (or an undertaking to amend any such plan) or other compensation and benefits plan maintained for or provided to Employees, including Transferred Employees, prior to, on or following the Closing.

ARTICLE VII

CONDITIONS TO CLOSING

Section 7.01 Conditions to Each Party's Obligation. The obligations of Purchaser and Avaya to consummate the Closing are subject to the satisfaction (or waiver by Purchaser and Avaya), as applicable, at or prior to the Closing of the following conditions.

(a) Governmental Approvals. Any waiting period under the HSR Act or under the Foreign Merger Control Laws set forth in Section 7.01(a) of the Disclosure Schedule (“**Applicable Foreign Merger Control Law**”) shall have expired or been terminated and any approvals required under any Applicable Foreign Merger Control Law shall have been obtained.

(b) No Injunctions or Restraints. No Governmental Entity of competent jurisdiction (including the Bankruptcy Court) shall have enacted, issued, promulgated or enforced any Law or preliminary or permanent injunction or other Judgment which is in effect and which prohibits, enjoins or otherwise restrains the Acquisition.

(c) Sale Order. The Bankruptcy Court shall have entered the Sale Order and such Sale Order shall be a Final Order (unless such Final Order requirement is waived by each of Avaya and Purchaser in its sole discretion).

Section 7.02 Conditions to Obligation of Purchaser. The obligation of Purchaser to consummate the Closing is subject to the satisfaction (or waiver by Purchaser) at or prior to the Closing of the following conditions.

(a) Representations and Warranties. Each of the representations and warranties of Avaya set forth in Article III of this Agreement shall be true and correct in all material respects at the Closing (except to the extent that such representation and warranty speaks only as of a particular date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date), except where the failure of any such representation and warranty of Avaya to be so true and correct (i) relates (and only to the extent it so relates) to any Excluded Asset or Retained Liability and would not otherwise reasonably be expected to result in any Liability or Loss to Purchaser or any of its subsidiaries, (ii) relates (and only to the extent it so relates) to any Claim, Lien, Liability or other matter that is resolved by the Sale Order or any other Order of the Bankruptcy Court and would not otherwise reasonably be expected to result in any Liability or Loss to Purchaser or any of its subsidiaries or (iii)(A) does not result from facts, circumstances and conditions existing as of the date of this Agreement (or, in the case of any such representation and warranty of Avaya that is qualified by the Knowledge of Sellers, does not result from any facts, circumstances or conditions within the Knowledge of Sellers as of the date of this Agreement) and (B) would not, individually or in the aggregate, reasonably be expected to result in a Material Adverse Effect. Purchaser shall have received a certificate signed by an authorized officer of Avaya as to the satisfaction of the foregoing condition.

(b) Performance of Obligations of Avaya. Avaya shall have performed or complied with or caused to be performed or complied with, in all material respects, the obligations and covenants required by this Agreement to be performed or complied with by it by the time of the Closing. Purchaser shall have received a certificate signed by an authorized officer of Avaya as to the satisfaction of the foregoing condition.

(c) No Material Adverse Effect. Since the date of this Agreement, there shall not have been a Material Adverse Effect.

(d) Financial Statements. Avaya shall have delivered to Purchaser the Financial Statements.

(e) Bidding Procedures Order. The Bankruptcy Court shall have entered the Bidding Procedures Order and such Bidding Procedures Order shall be a Final Order (unless such Final Order requirement is waived by the Purchaser in its sole discretion).

(f) Contracts. The Bankruptcy Court shall have entered one or more orders (which may be the Sale Order), in form and substance acceptable to Purchaser in its sole discretion, approving the assumption and assignment of the Transferred Contracts and Assumed Leases to Purchaser pursuant to Section 365 of the Bankruptcy Code and such order(s) shall be a Final Order (unless such Final Order requirement is waived by the Purchaser in its sole discretion).

(g) Material Consents. Each of the consents set forth on Section 7.02(g) of the Disclosure Schedule shall have been obtained in a form reasonably acceptable to Purchaser and shall be in full force and effect.

(h) Litigation. There shall not be pending or threatened by or before any Governmental Entity any Proceeding that would reasonably be expected (i) to prevent the consummation of the Acquisition or (ii) to result in the award of damages (in an amount material to the Business) payable by, or any other remedy against, Purchaser if the Acquisition is consummated.

(i) Liens. Avaya shall have delivered to Purchaser reasonable documentation evidencing the release, or authorizing the release, of any Liens existing as of the Closing on any of the Transferred Assets held by Sellers that are not Debtors, which Liens are set forth on Section 7.02(i) of the Disclosure Schedule, other than Permitted Liens.

Section 7.03 Conditions to Obligation of Avaya. The obligation of Avaya to consummate the Closing is subject to the satisfaction (or waiver by Avaya) on or prior to the Closing Date of the following conditions.

(a) Representations and Warranties. Each of the representations and warranties (disregarding all qualifications and exceptions contained therein relating to materiality, including references to "Material Adverse Effect") of Purchaser set forth in this Agreement shall be true and correct in all material respects on the date hereof and at the Closing (except, in each case, to the extent that such representation and warranty speaks only as of a particular date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date). Avaya shall have received a certificate signed by an authorized officer of Purchaser as to the satisfaction of the foregoing condition.

(b) Performance of Obligations of Purchaser. Purchaser shall have performed or complied with or caused to be performed or complied with, in all material respects, the obligations and covenants required by this Agreement to be performed or complied with by Purchaser by the time of the Closing. Avaya shall have received a certificate signed by an authorized officer of Purchaser as to the satisfaction of the foregoing condition.

Section 7.04 Frustration of Closing Conditions. Neither Purchaser, on the one hand, nor Avaya, on the other hand, may rely on the failure of any condition set forth in this Article VII to be satisfied if such failure was primarily caused by such party's or its respective affiliates' failure to comply with its agreements set forth herein on the terms and subject to the conditions herein.

ARTICLE VIII

TERMINATION

Section 8.01 Termination. This Agreement may be terminated and the Acquisition and the other transactions contemplated by this Agreement abandoned at any time prior to the Closing:

(a) by mutual written consent of Avaya and Purchaser; or

(b) by either Avaya or Purchaser:

(i) if consummation of the Acquisition or any of the other transactions contemplated hereby would violate Law or any non-appealable Final Order of the Bankruptcy Court or final Judgment of any other Governmental Entity having competent jurisdiction; provided, however, that the right to terminate this Agreement under this Section 8.01(b)(i) shall not be available to any party whose failure to perform any of its obligations under this Agreement has been a substantial cause of the issuance of such non-appealable final Judgment; or

(ii) if the Closing (but for avoidance of doubt not the Deferred Closings) does not occur on or prior to the date that is nine (9) months from the signing date (the “**End Date**”); provided that the right to terminate this Agreement under this Section 8.01(b)(ii) shall not be available to any party whose failure to perform any of its obligations under this Agreement, including the obligations under Section 5.04), has been a substantial cause of the failure of the Closing not to have occurred on or before the End Date (or any extension thereof);

(c) by Purchaser if Avaya shall have breached or failed to perform any of their respective representations, warranties, covenants or agreements contained in this Agreement, which breach or failure to perform (i) would give rise to the failure of a condition set forth in Section 7.01 or Section 7.02 and (ii) cannot be cured by Avaya by the End Date, or if capable of being cured, shall not have been cured by the earlier of (A) the thirtieth day following receipt by Avaya of written notice of such material breach or failure to perform from Purchaser and (B) the End Date; provided, however, that Purchaser shall not have the right to terminate this Agreement pursuant to this Section 8.01(c) if Purchaser is then in breach of any representations, warranties, covenants or other agreements hereunder that would result in the conditions to Closing set forth in Section 7.01 and/or Section 7.03 not being satisfied (other than those conditions that (Y) by their terms are to be satisfied at the Closing (but subject to such conditions being capable of being satisfied as of such date) or (Z) the failure of which to be satisfied is attributable primarily to a material breach by Avaya of its representations, warranties, covenants and agreements contained in this Agreement);

(d) by Avaya if Purchaser shall have breached or failed to perform any of its representations, warranties, covenants or agreements contained in this Agreement, which breach or failure to perform (A) would give rise to the failure of a condition set forth in Section 7.01 or Section 7.03 and (B) cannot be cured by Purchaser by the End Date, or if capable of being cured, shall not have been cured by the earlier of (1) the thirtieth day following receipt by Purchaser of written notice of such material breach or failure to perform from Avaya and (2) the

End Date; provided, however, that Avaya shall not have the right to terminate this Agreement pursuant to this Section 8.01(d) if Avaya is then in breach of any representations, warranties, covenants or other agreements hereunder that would result in the conditions to Closing set forth in Section 7.01 and/or Section 7.02 not being satisfied (other than those conditions that (Y) by their terms are to be satisfied at the Closing (but subject to such conditions being capable of being satisfied as of such date) or (Z) the failure of which to be satisfied is attributable primarily to a material breach by Purchaser of its representations, warranties, covenants and agreements contained in this Agreement); or

(e) by Avaya if (A) Purchaser is required to consummate the Closing pursuant to Section 2.01 and Purchaser fails to consummate the Closing by the date the Closing is required to have occurred pursuant to Section 2.01, (B) Avaya has confirmed by written notice to Purchaser that all conditions set forth in Section 7.03 have been satisfied or that it is willing to waive any unsatisfied conditions in Section 7.03, (C) the Acquisition shall not have been consummated within three (3) Business Days after delivery of such notice and (D) Avaya stood ready, willing and able to consummate the Acquisition at all times during such three (3) Business Day Period.

(f) by Purchaser or Avaya if (i) the Bankruptcy Court approves an Alternative Transaction, (ii) (A) a trustee or an examiner with expanded powers is appointed in any of the Bankruptcy Cases or (B) the Bankruptcy Cases are dismissed or converted to a case under Chapter 7 of the Bankruptcy Code, (iii) an order of the Bankruptcy Court is entered denying approval of the Bidding Procedures Order or Sale Order and such order becomes a Final Order or (iv) any Governmental Entity of competent jurisdiction shall enter a final, non-appealable Judgment declaring this Agreement to be unenforceable; provided, however, that the right to terminate this Agreement under this Section 8.01(f)(iv) shall not be available to any party whose failure to perform any of its obligations under this Agreement has been a substantial cause of the issuance of such non-appealable final Judgment.

(g) By Purchaser if (i) Avaya (A) withdraws the Bidding Procedures and Sale Motion, or publicly announces its intention to withdraw the Bidding Procedures and Sale Motion, (B) moves to voluntarily dismiss the Bankruptcy Cases, (C) moves for conversion of the Bankruptcy Cases to Chapter 7 of the Bankruptcy Code or (D) moves for appointment of an examiner with expanded powers pursuant to section 1104 of the Bankruptcy Code or a trustee in the Bankruptcy Cases, (ii) Purchaser is not the Successful Bidder or the Backup Bidder at the Auction or (iii) the Bankruptcy Court shall not have entered the Sale Order, on or prior to the date that is 120 days after the date of this Agreement, or such order shall have been vacated or reversed at any time in any respect without the prior written consent of Purchaser given in its sole discretion; provided, however, that the right to terminate this Agreement under this Section 8.01(g)(iii) shall not be available if Purchaser's failure to perform any of its obligations under this Agreement has been a substantial cause of the issuance of such non-appealable final Judgment.

(h) by Avaya if any Debtor, or its governing body, determines, in consultation with outside legal counsel, that proceeding with the Acquisition or failing to terminate this Agreement would be inconsistent with its or such governing body's fiduciary obligations under applicable Law, including to pursue an Alternative Transaction. For the avoidance of doubt, and subject to

the terms and conditions of this Agreement (including Purchaser's right to terminate this Agreement in accordance with Section 8.01 of this Agreement), the Debtors retain the right to pursue any transaction or restructuring that, in the Debtors' business judgment, will maximize the value of their estates.

(i) by Avaya if the Deposit is not timely paid by Purchaser in accordance with Section 1.02.

Section 8.02 Effect of Termination.

(a) In the event of termination by Avaya or Purchaser pursuant to Section 8.01, written notice thereof shall forthwith be given to the other party, specifying the provision hereof pursuant to which such termination is made, and this Agreement shall forthwith become null and void and of no further force and effect (other than the provisions of Section 1.02 (Deposit), Section 5.03(a) (Confidentiality), Section 5.06 (Publicity), Section 5.15 (Termination Fee), Section 5.16 (Expense Reimbursement), this Article VIII (Termination), Section 11.03 (Expenses), Section 11.04 (Notices), Section 11.05 (Interpretation; Certain Definitions), Section 11.10 (Governing Law), Section 11.13 (Jurisdiction), Section 11.14 (Service of Process) and Section 11.15 (Waiver of Jury Trial), all of which shall survive termination of this Agreement), and there shall be no Liability on the part of Purchaser or Avaya or their respective affiliates or Representatives, except as Liability may exist pursuant to the Sections specified in this Section 8.02 that survive such termination.

(b) To the extent that (i) all amounts, if any, due in respect of the Termination Fee and/or the Purchaser Expense Reimbursement pursuant to Section 5.15 or Section 5.16, respectively, have actually been paid by to Purchaser and (ii) if applicable, the Deposit has been returned to Purchaser in accordance with Section 1.02, Purchaser shall not have any additional recourse against Avaya or any of its affiliates or Representatives for any Liabilities relating to or arising from this Agreement. Furthermore, prior to the Closing, in the event of any breach of this Agreement by Avaya, subject to the rights of Purchaser pursuant to Section 11.15, the sole and exclusive remedies of Purchaser and its affiliates and Representatives will be, if applicable, to (i) terminate this Agreement pursuant to Section 8.01, (ii) receive, if applicable, any payments payable pursuant to Section 5.15 or Section 5.16 and/or (iii) receive, if applicable, the Deposit in accordance with Section 1.02. Subject to the rights of Purchaser pursuant to Section 11.15, prior to the Closing, in no event will Avaya or any of its affiliates or Representatives be liable for any monetary damages for any breach of this Agreement, other than any payments, if applicable, as described in the immediately preceding sentence.

ARTICLE IX

INDEMNIFICATION; SURVIVAL

Section 9.01 Indemnification by Avaya. Subject to the limitations set forth in Section 9.04, from and after the Closing, Avaya shall indemnify Purchaser and its affiliates and each of their respective officers, directors, employees, stockholders, agents and representatives (the "**Purchaser Indemnitees**") from and against any and all losses, liabilities (including for Taxes), damages, penalties, fines, judgments, awards, settlements, costs, fees or expenses, including

reasonable third-party legal fees and expenses in connection with defending any Proceeding (collectively, “**Losses**”), to the extent arising or resulting from any of the following:

(a) any breach of any representation or warranty of Avaya contained in this Agreement or in the certificate delivered by Avaya pursuant to Section 7.02(a) and Section 7.02(b);

(b) any breach of any covenant of Avaya contained in this Agreement that requires performance prior to the Closing;

(c) any breach of any covenant of Avaya contained in this Agreement that requires performance at or after the Closing;

(d) any Retained Liability of Avaya or its subsidiaries (other than the Debtors); and

(e) all Liabilities under Section 1.05(a)(ii) incurred during the first year following Closing with respect to Business Products that were sold by Avaya or its subsidiaries prior to Closing and only to the extent that such Liabilities exceed \$8 million in the first year following Closing; provided that if Purchaser submits a Claim Notice pursuant to Section 9.03(b)(i) with respect to this Section 9.01(e), then, during the forty-five (45) day period following delivery of any such Claim Notice, Avaya may audit or cause an independent third party auditor to audit, during regular business hours and upon reasonable notice, the books and records of Purchaser and its subsidiaries related to the customer warranty claims received by Purchaser that support the basis for such Claim Notice; provided further that Avaya will not be required to file a Response with respect to such Claim Notice pursuant to Section 9.03(b)(ii) until after the audit has been completed.

Section 9.02 Indemnification by Purchaser. Subject to the limitations set forth in Section 9.04, from and after the Closing, Purchaser shall indemnify Sellers and their respective affiliates and each of their respective officers, directors, employees, agents and representatives (the “**Seller Indemnitees**”) from and against any and all Losses, to the extent arising or resulting from any of the following:

(a) any breach of any representation or warranty of Purchaser contained in this Agreement or in any certificate delivered by Purchaser pursuant to Section 7.03(a) and Section 7.03(b);

(b) any breach of any covenant of Purchaser contained in this Agreement;

(c) any Assumed Liability of Avaya or its subsidiaries (other than the Debtors).

Section 9.03 Indemnification Procedures.

(a) Third Party Claims. If any party (the “**Indemnified Party**”) receives written notice of the commencement of any Proceeding or the assertion of any claim by a third party or the imposition of any penalty or assessment for which indemnity may be sought under Section 9.01 or Section 9.02(a) (a “**Third Party Claim**”), and such Indemnified Party intends to seek indemnity pursuant to this Article IX, the Indemnified Party shall promptly provide the

other party (the “**Indemnifying Party**”) with written notice of such Third Party Claim, stating the nature, basis, the amount thereof (to the extent known or estimated, which amount shall not be conclusive of the final amount of such Third Party Claim), the method of computation thereof (to the extent known or estimated), any other remedy sought thereunder, any relevant time constraints relating thereto, and, to the extent practicable, any other material details pertaining thereto, along with copies of the relevant documents evidencing such Third Party Claim and the basis for indemnification sought. Failure of the Indemnified Party to give such notice will not relieve the Indemnifying Party from its indemnification obligations hereunder, except to the extent that the Indemnifying Party is actually prejudiced thereby. The Indemnifying Party will have 30 days from receipt of any such notice of a Third Party Claim to give notice to the Indemnified Party whether it is assuming and controlling the defense, appeal or settlement proceedings thereof with counsel of the Indemnifying Party’s choice; provided that if the Indemnifying Party is Avaya, the Indemnifying Party shall not have the right to assume and control the defense, appeal or settlement proceedings for any Third Party Claim that: (i) seeks an injunction or other equitable relief against the Indemnified Party, (ii) seeks an amount of Losses that would reasonably be expected to exceed the amount for which the Indemnifying Party is obligated to indemnify or (iii) relates to or arises in connection with any criminal proceeding or involves claims by any Governmental Entity (including with respect to Taxes). So long as the Indemnifying Party has assumed the defense, appeal or settlement proceedings of the Third Party Claim in accordance herewith, (i) the Indemnified Party may retain separate co-counsel at its sole cost and expense and participate in (but not control) the defense, appeal or settlement proceedings of the Third Party Claim and (ii) the Indemnifying Party will not admit to any wrongdoing by the Indemnified Party. If the Indemnifying Party does not assume the defense, appeal or settlement proceedings, the Indemnifying Party may retain separate co-counsel at its sole cost and expense and participate in (but not control) the defense, appeal or settlement proceedings of the Third Party Claim. In no event shall the Indemnifying Party, without the prior written consent of the Indemnified Party (which shall not be unreasonably withheld, conditioned or delayed), consent to a settlement, compromise or discharge of, or the entry of any judgment arising from, any Third Party Claim, unless (y) such settlement, compromise or discharge is on exclusively monetary terms (with such monetary amounts paid by the Indemnifying Party concurrently with the effectiveness of the settlement) and does not involve any finding or admission of any violation of Law or admission of any wrongdoing by the Indemnified Party and does not encumber any of the assets of any Indemnified Party or impose any restriction or condition that would apply to or adversely affect any Indemnified Party and (z) the Indemnifying Party obtains, as a condition of any settlement or other resolution, a full and unconditional release of the Indemnified Party with respect to any and all Liability in respect of such Third Party Claim. The parties will act in good faith in responding to, defending against, settling or otherwise dealing with Third Party Claims. The parties will also cooperate in any such defense, appeal or settlement proceedings, and give each other reasonable access to all information relevant thereto. Whether or not the Indemnifying Party has assumed the defense, appeal or settlement proceedings with respect to a Third Party Claim, such Indemnifying Party will not be obligated to indemnify the Indemnified Party hereunder for any settlement, compromise or discharge entered into or any judgment that was consented to without the Indemnifying Party’s prior written consent (such consent not to be unreasonably withheld, conditioned or delayed).

(b) Other Claims.

(i) An Indemnified Party shall give the Indemnifying Party written notice (a “**Claim Notice**”) of any matter that an Indemnified Party has determined in good faith has given or would reasonably be expected to give rise to a right of indemnification under this Agreement, stating the estimated amount of the Loss, if known (the aggregate amount of such estimate, as it may be modified by such Indemnified Party in good faith from time to time, the “**Claimed Amount**”), and the method of computation thereof, and containing a reference to the provisions of this Agreement in respect of which such right of indemnification is claimed or arises.

(ii) Except as set forth in Section 9.01(e), within 30 days after delivery of a Claim Notice, the Indemnifying Party will deliver to the Indemnified Party a written response (the “**Response**”) in which the Indemnifying Party will: (A) agree that the Indemnified Party is entitled to receive all of the Claimed Amount; (B) agree that the Indemnified Party is entitled to receive part, but not all, of the Claimed Amount (such portion, the “**Agreed Portion**”); or (C) dispute that the Indemnified Party is entitled to receive any of the Claimed Amount. If the Response is delivered in accordance with clauses (B) or (C) of the preceding sentence, the Response shall also contain a brief description of the facts and circumstances, if and to the extent that such facts and circumstances are reasonably available based upon the information available to the Indemnifying Party at such time, supporting the claim set forth in such Response that only a portion or no part of the Claimed Amount is owed to the applicable Indemnified Party, as the case may be. Any part of the Claimed Amount that is not agreed to be owed to the applicable Indemnified Party pursuant to the applicable Response (or the entire Claimed Amount, if such Response asserts that no part of the Claimed Amount is owed to such Indemnified Party) is referred to herein as the “**Contested Amount**” (it being understood that the Contested Amount shall be modified from time to time to reflect any good faith modifications in accordance with this Agreement by the applicable Indemnified Party or Indemnifying Party to the Claimed Amount).

(iii) If a Response with respect to a Claim Notice agrees that the full Claimed Amount set forth in such Claim Notice is owed to the relevant Indemnified Party, then (A) the parties shall cause the Escrow Agent to release such Claimed Amount from the Indemnity Escrow Account to such Indemnified Party (to the extent of the Indemnity Escrow Account) and (B) if the amount remaining in the Indemnity Escrow Account is insufficient to cover such Claimed Amount in full, then, subject to the limitations, terms and conditions of this Article IX, the Indemnifying Party shall pay within five (5) Business Days following the delivery of such Response, the remaining amount due to such Indemnified Party.

(iv) If a Response with respect to a Claim Notice delivered to the relevant Indemnified Party during the 30-day period following delivery of such Claim Notice agrees that part, but not all, of the Claimed Amount set forth in such Claim Notice is owed to such Indemnified Party, then (A) the parties shall cause the Escrow Agent to release the Agreed Portion from the Indemnity Escrow Account to such Indemnified Party (to the extent of the Indemnity Escrow Account) and (B) if the amount remaining in the Indemnity Escrow Account is insufficient to cover the full Agreed Portion, then, subject to the limitations, terms and conditions of this Article IX, the Indemnifying Party shall pay within five (5) Business Days following the delivery of such Response, the remaining amount due to such Indemnified Party. If the amount remaining in the Indemnity Escrow Account is insufficient to cover the full Stipulated Amount, then, subject to the limitations, terms and conditions of this Article IX, the Indemnifying Party

shall pay within five (5) Business Days following the execution of such settlement agreement, or such shorter period of time as may be set forth in such settlement agreement, the remaining amount due to such Indemnified Party.

(v) If a Response with respect to a Claim Notice is delivered to the relevant Indemnified Party during the 30-day period following delivery of such Claim Notice indicating that there is a Contested Amount, then such Indemnified Party and the Indemnifying Party shall discuss in good faith for a 30-day period to attempt to resolve the dispute related to the Contested Amount. If the Indemnifying Party and the relevant Indemnified Party resolve such dispute, such resolution shall be binding on the Indemnifying Party and such Indemnified Party, to the extent set forth in a settlement agreement stipulating the amount owed to such Indemnified Party (the “**Stipulated Amount**”) signed by such Indemnified Party and the Indemnifying Party. Following the execution of such settlement agreement, the parties shall cause the Escrow Agent to release the Stipulated Amount from the Indemnity Escrow Account to the relevant Indemnified Party (to the extent of the Indemnity Escrow Account).

(vi) In the event that the Indemnifying Party disputes the Claimed Amount (or the portion of the Claimed Amount not comprising the Agreed Portion) and such dispute cannot be settled in accordance with Section 9.03(b)(iii) (including the time periods set forth therein), such dispute will be governed by a Proceeding subject to the terms of Section 11.09, Section 11.12, Section 11.13 and Section 11.14.

(vii) Except for the amount (the “**Retained Amount**”) with respect to which Purchaser shall have, prior to the Escrow Expiration Date, previously made in good faith a valid claim pursuant to the procedures set forth in this Article IX and for which the obligations to indemnify, if any, shall not have been previously satisfied from the Indemnity Escrow Amount (each, a “**Continuing Claim**”), within three (3) Business Days following the Escrow Expiration Date, the Escrow Agent shall release to Avaya from the Indemnity Escrow Account an amount in the aggregate equal to (A) the remaining amount in the Indemnity Escrow Account as of the Escrow Expiration Date (as reduced from time to time pursuant to the terms of this Agreement), *minus* (B) the Retained Amount. Promptly following the resolution of any Continuing Claims pursuant to the procedures set forth in this Article IX, the parties shall direct the Escrow Agent to release any associated Retained Amount to Avaya.

Section 9.04 Limitations on Indemnification.

(a) Notwithstanding anything to the contrary contained in this Agreement, (i) no party’s aggregate indemnification obligations pursuant to Section 9.01(a) or Section 9.02(a) (other than with respect to the Specified Representations) shall exceed an aggregate amount equal to the amount of the Indemnity Escrow Account, (ii) Avaya’s aggregate liability pursuant to Section 9.01(e) shall not exceed an aggregate amount equal to \$10 million, (iii) Avaya’s aggregate indemnification obligations pursuant to Section 9.01(b) (other than with respect to any willful and material breach of this Agreement) shall not exceed an aggregate amount equal to twenty percent (20%) of the Purchase Price, (iv) no party’s aggregate Liability under this Agreement shall exceed an amount equal to the cash proceeds from the Purchase Price actually received by Avaya, except in the case of Section 5.05, in which case the aggregate Liability of Avaya and its affiliates under this Agreement shall not exceed an amount equal to the Purchase

Price, (v) no party shall have any Liability for any otherwise indemnifiable Loss to the extent the matter underlying such Loss was taken into account in determining the adjustments to the Purchase Price as finally determined under Section 2.03 and (vi) no party shall have any Liability for an otherwise indemnifiable Loss that is contingent unless and until such contingent Loss becomes an actual Loss of the Indemnified Party and is due and payable, and the claim for such actual due and payable Loss was timely submitted pursuant to the provisions of this Article IX.

(b) No Purchaser Indemnitee will be entitled to indemnification pursuant to Section 9.01(a) (other than with respect to the Specified Representations) unless and until the aggregate amount of all Losses subject to such indemnification would exceed, on a cumulative basis, an amount equal to \$500,000 (the “**Deductible**”), and then only to the extent such Losses exceed the Deductible.

(c) The representations, warranties and covenants of Avaya, and the rights and remedies that may be exercised by any Purchaser Indemnitee, shall not be limited or otherwise affected by any information furnished to, or any investigation made by or knowledge of, any of the Purchaser Indemnitees or any of their Representatives.

To the extent that Purchaser takes any Transferred Asset free and clear of any Claim, Lien or Liability pursuant to the Sale Order, no Purchaser Indemnified Party shall be entitled to indemnification pursuant under this Article IX with respect to such Claim, Lien or Liability or any Losses arising or resulting from or related to such Claim, Lien or Liability.

(e) No Purchaser Indemnified Party will be entitled to recover or make a claim pursuant to Section 9.01(a) for any individual item or series of related items that should reasonably be considered the same item where the Losses relating thereto are less than \$25,000.

(f) No Purchaser Indemnified Party will be entitled to recover or make a claim pursuant to Section 9.01(e) and no such claim or putative claim will count toward the \$8 million amount in Section 9.01(e) unless such claim is based on customer warranty claims made pursuant to and in accordance with Avaya's standard warranty policies available at <https://support.avaya.com/helpcenter/getGenericDetails?detailId=C20091120112456651010>. No Purchaser Indemnified Party will be entitled to recover or make a claim pursuant to Section 9.01(e) following the date that is 60 days following the first anniversary of the Closing. No Purchaser Indemnified Party will be entitled to recover or make a claim pursuant to Section 9.01(e) if such claim results from an end of sale announcement regarding any Business Product or relates to any product that is past its end of manufacturer support date (as in existence as of the Closing Date). In addition, Purchaser and its subsidiaries will use commercially

reasonable efforts to address warranty claims through software fixes before addressing with hardware fixes or replacement.

(g) No Purchaser Indemnified Party will be entitled to recover or make a claim for Losses pursuant to this Article IX with respect to any breach of Section 3.15 (other than any Losses actually incurred by a Purchaser Indemnified Party through the Cure Date as a result of such breach) if and to the extent that Avaya or its subsidiaries remedies such breach by delivering to Purchaser any asset, right or other property that was the cause of such breach (the date of such delivery being referred to as the “**Cure Date**”); provided that the Cure Date occurs within thirty (30) days following delivery of written notice from Purchaser to Avaya of such breach.

(h) For the avoidance of doubt, no Indemnified Party will be entitled to recover or make a claim pursuant to this Article IX with respect to any Retained Liability or Assumed Liability of any Debtor.

(i) Any Loss for which any Purchaser Indemnified Party is entitled to indemnification under this Article IX shall be determined without duplication of recovery by reason of the state of facts giving rise to such Loss constituting a breach of more than one representation, warranty, covenant or agreement.

Section 9.05 Calculation of Indemnity Payments.

(a) The amount of any Loss for which indemnification is provided under Article IX shall be net of any amounts actually recovered by the Indemnified Party (including under insurance policies) with respect to such Loss (net of any applicable deductibles, co-payments, premium increases, “retro premium” adjustments and similar costs or expenses incurred in obtaining such benefit or recovery).

(b) If an Indemnified Party recovers an amount from a third party in respect of Losses that are the subject of indemnification hereunder after all or a portion of such Losses have been paid by an Indemnifying Party pursuant to this Article IX, then the Indemnified Party shall promptly remit to the Indemnifying Party the excess (if any) of (A) (i) the amount paid by the Indemnifying Party in respect of such Losses (net of any applicable deductibles, co-payments, premium increases, “retro premium” adjustments and similar costs or expenses incurred in obtaining such benefit or recovery) plus (ii) the amount received by the Indemnified Party from the Indemnifying Party in respect thereof pursuant to this Article IX minus (B) the full amount of the Losses.

(c) For purposes of determining the amount of any Losses related to any breach or inaccuracy of any representation or warranty, no effect shall be given to any “Material Adverse Effect” or other materiality qualification in the relevant representation or warranty, except as set forth in Section 9.05(c) of the Disclosure Schedule.

Section 9.06 Exclusivity. Except with respect to claims of fraud by Avaya to Purchaser in the making of the representations and warranties set forth in Article III (as qualified by the Disclosure Schedule), the matters covered by Section 2.03 or the remedies contemplated by

Section 9.07 Tax Treatment of Indemnification. For all Tax purposes, Purchaser and Avaya agree to treat any indemnity payment under this Agreement (including any payments made from the Indemnity Holdback Amount) as an adjustment to the Purchase Price unless a final determination of a Taxing Authority provides otherwise.

Section 9.08 Survival. The representations and warranties contained in this Agreement, and the covenants set forth in this Agreement that require performance prior to the Closing, shall terminate and be of no further force and effect on the date that is one (1) year after the Closing Date (the "**Escrow Expiration Date**"); provided that the Specified Representations shall survive until the date that is thirty (30) days after the expirations of the statute of limitations applicable to any claims relating to such representations and warranties. Notwithstanding the foregoing, any final judgment in any suit, action or other Proceeding may be enforced in other jurisdictions by suit on the judgment in any other manner provided by applicable Law.

Section 11.12 Service of Process. Each of the parties consents to service of any process, summons, notice or document that may be served in any Proceeding in the Bankruptcy Court or the United States District Court for the Southern District of New York or the state courts of New York located in New York County, each in any manner permitted by applicable Law and agrees that service of process on such party as provided for notices in Section 11.04 (other than by fax or email) to such party's respective address set forth in Section 11.04 is reasonably calculated to give actual notice and shall be deemed effective service of process on such Person.

Section 11.13 Waiver of Jury Trial. EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY ANCILLARY AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY OR DISPUTES RELATING HERETO OR THERETO. EACH PARTY (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTY HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS Section 11.13.

Section 11.14 Amendments and Waivers. This Agreement may be amended, modified, superseded or canceled and any of the terms, covenants, representations, warranties or conditions hereof may be waived only by an instrument in writing signed by each of the parties or, in the

case of a waiver, by or on behalf of the party waiving compliance. No course of dealing between the parties shall be effective to amend or waive any provision of this Agreement.

Section 11.15 Specific Performance. The parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that the parties do not perform their obligations under the provisions of this Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Agreement, including the Acquisition) in accordance with its specified terms or otherwise breach such provisions. The parties acknowledge and agree that (a) the parties shall be entitled to an injunction or injunctions, specific performance or other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of competent jurisdiction without proof of damages or inadequacy of legal remedy and without the posting or provision of any bond or other security, this being in addition to any other remedy to which they are entitled under this Agreement and (b) the right of specific enforcement is an integral part of the transactions contemplated by this Agreement and, without that right, neither Avaya nor Purchaser would have entered into this Agreement. The parties hereto agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to Law or inequitable for any reason, and not to assert that a remedy of monetary damages would provide an adequate remedy or that the parties otherwise have an adequate remedy at law. The parties hereto acknowledge and agree that any party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in accordance with this Section 11.15 shall not be required to provide or post any bond or other security in connection with any such order or injunction.

Section 11.16 Joint Drafting. The parties hereto have been represented by counsel in the negotiations and preparation of this Agreement; therefore, this Agreement will be deemed to be drafted by each of the parties hereto, and no rule of construction will be invoked respecting the authorship of this Agreement.

Section 11.17 Currency. Unless otherwise specified in this Agreement, all references to currency, monetary values and dollars set forth herein shall mean United States (U.S.) dollars and all payments hereunder shall be made in United States dollars.

Open Source Contributions:

1. Avaya has been an active participant in the IEEE standards body and was a founding member of the 802.1Qcj Auto Attach standard. As part of its submission to the IEEE, Avaya contributed limited portions of its Fabric Attach feature to open source on Github.com as an example of how to implement the 802.1Qcj standard. The contributions include limited code that was added to the Link Layer Discover Protocol Daemon (LLDPD) and the Auto Attach Software Development Kit (AASDK) which can be used to implement the 802.1Qcj standard or as an example of how to implement the standard. The Fabric Attach feature originated from Avaya's Enterprise Routing Switch (ERS) products and is currently included in Avaya's Virtual Services Platform (VSP) products.

- The contributions were posted to <https://github.com/auto-attach/>. There are two sections:

- Link Layer Discover Protocol Daemon (LLDPD),

<https://github.com/auto-attach/aa-lldpd>

which is a modified version of:

<http://vincentbernat.github.com/lldpd/>

- Software Development Kit (SDK)

<https://github.com/auto-attach/aa-sdk>

2. Avaya contributed extensions for Auto-Attach (“**Auto-Attach**”) to the Open VSwitch (OVS) project (Linux Foundation Collaborative Projects - <http://openvswitch.org/features/>) which can be found at the github repository. The Auto-Attach software originated from Avaya’s Open Network Adapter product and is embedded in currently available versions of this product. This module enables other vendor products to connect to the Avaya networking ecosystem.

Section 3.14
Compliance with Laws

(a)

1. Reference is made to Section 3.14(d)(i) of these Disclosure Schedules.
2. Avaya Communication de Mexico received a letter from the Office of the Secretary of Labor on May 28, 2015 regarding safety violations at the Masaryk location from a safety and hygiene inspection performed there on Nov 20, 2013. The issues identified in the letter and the inspection have been resolved and Avaya has not received any further communications from the Office of the Secretary of Labor or any other Governmental Entity.
3. Avaya Inc. Pension Plan for Salaried Employees (the “**Plan**”) received an audit letter from the U.S. Department of Labor on January 20, 2017 seeking the production of various documents regarding the Plan. Avaya is cooperating with the audit, and no penalties have been issued. In addition to requests relating to the Plan specifically, the audit letter also requests census information regarding all Avaya ERISA plans, including, but not limited to, the 401k plan.

1. Australian Voluntary Disclosure: In March 2014, a dual use controlled product with ECCN of 5A002 was exported without the proper Australian authorization of VSP product from Avaya Australia to Avaya Inc. This was a non-inventory shipment and was not processed through Avaya’s ERP (“**Enterprise Resource Planning**”) system and as such the license requirement was not captured. Corrective measures have been put in place to ensure that manual transactions are appropriately vetted. The Australian authorities issued a warning letter to Avaya. There were no financial penalties incurred.
2. Avaya Korea: Avaya Korea did not secure export authorizations for Gateway products on four occasions between the period of May 2009 and November 2011. These products were being exported for repair and replacement. Avaya Korea does not have import/export operational teams to support this business stream, rather it relies on a service provider to conduct its import/export transactions where applicable. This investigation was initiated by the government authorities as a result of the Korean government implementing electronic systems to oversee import and export transactions. Corrective measures have been implemented with Avaya registering its dual use goods within the government system, and

where applicable the service provider is securing the required authorizations as per Korea's regulations. Fines were issued to Avaya Korea as well as the managing director totaling approximately USD 12,000.

3. A voluntary self-disclosure was submitted to the US authorities in April of 2015 for transactions destined to Chile and Argentina without the appropriate US export authorization.

- Chile: Infraction of an indirect sale to a sensitive government end user which was limited to a single sales order placed with AISL by Sixtra (AKA Sixbell) Chile S.A. Sixtra was the entity that had the direct relationship with a military end user and was the party that sold the dual used controlled product (G450 Media Gateway – CCATS G055068) to the Carabineros (sensitive government end user).

- Argentina: Infraction of transactions between 2010 and 2014 where US export and in country transfer of dual use controlled product to a sensitive government end user did not have the appropriate US authorizations. The dual use items consisted of:

1. Session Manager – CCATS G068413
2. Communication Manager - CCATS G147378
3. Scopia Elite – CCATS G147688
4. G450 Gateway – CCATS G055068
5. 80 Channel Daughterboard – CCATS G055068
6. Avaya Aura Conferencing - CCATS G145655
7. Avaya Session Border Controller (ASBCE) – CCATS G072860

- The government findings resulted in warning letter to Avaya (January 2016) and corrective measures and revised procedures on determining the type of “customer” within Avaya's ERP have been implemented.

Accounting Principles

See attached.

Section 11.05(b)(ii)
Allocation Principles

Product Revenue: Product revenue for the Business is identified based upon the use of the profit centers specifically associated with the business units included as part of the Business.

Services Revenue: Services revenue related to the Business is identified based upon the specific profit centers included as part of the Business.

Revenue related to specialized maintenance services is identified based upon the material codes (“MPE”) specifically associated with the business units included as part of the Business. Comingled maintenance revenue is allocated based upon a percentage calculated as follows: maintenance services revenue specifically identified for the Business based on MPE divided by total maintenance revenue of Avaya and its subsidiaries that is not comingled.

Revenue related to Avaya Professional Services (APS) is identified based on the profit centers which are specifically associated with the Business. Those revenues that cannot be specifically identified to the Business are allocated based on a ratio using the results of a statistical based sampling method with a coverage of 95% for fiscal year 2015 and 2016 with a margin of error of 10% and 20% for fiscal year 2015 and 2016, respectively, and targeted testing for selections over USD 100,000.

Product and Services Cost of Sales: Product and services costs of sales are identified based on the profit and cost centers which are specifically associated with the Business. The costs that cannot be specifically identified to the Business are allocated based on percentages representing the Business’s shares of revenue, head count, research and development (“R&D”) expenditure, and book value of fixed assets in relation to Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Selling, General and Administrative Expenses: Selling, general and administrative expenses are identified based on the profit and cost centers included as part of the Business. Selling, general and administrative expenses that cannot be specifically identified to the Business are allocated based on percentages representing the Business’s shares of revenue, head count, R&D expenditure, and book value of fixed assets in relation to Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

R & D Expenses: R&D expenses are identified based on the profit and cost centers included as part of the Business. R&D expenses that cannot be specifically identified to the Business are allocated to the Business based on percentages representing the Business’s shares of revenue, head count, R&D expenditure, and book value of fixed assets in relation to Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Amortization Expense: Amortization of acquired intangible assets is based on the historical amortization amounts of the assets that were identified (patents and acquired technology) or allocated (customer list) to the Business. The customer list was allocated on a ratio based on

gross margin (*i.e.*, product/service gross margin included as a part of the Business as a percentage of overall gross margin).

Restructuring Costs: Restructuring costs incurred by Avaya are allocated to the Business based on headcount percentage (average number of Business employees as a percentage of the average number of personnel of Avaya and its subsidiaries, collectively, for the Business and the Retained Business).

Employee and Executive Compensation Costs: Employee and executive compensation costs are based on historical compensation amounts such as salaries, benefits, commission, bonuses and incentive awards of Business employees and executives at the date the applicable financial information is prepared; in addition, employee compensation costs include an allocated cost associated with employees terminated during each such period based on a headcount percentage. Employee and executive compensation costs include share-based compensation expenses which are based on historical awards granted to Business employees and executives.

Depreciation Expenses: Depreciation expenses include historical depreciation expenses of assets included as part of the Business. Depreciation expenses also include depreciation related to corporate level information technology and real estate assets which are allocated based on percentages representing the Business's shares of revenue and head count in relation to Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Interest Expense: Interest expense is based on the capital leases specifically identified to the Business.

Other Income (Expense), Net: Other income and expense (net) are allocated to the Business based on a percentage calculated based on the Business's revenue in relation to the revenue of Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Accounts Receivable: Accounts receivable balances are identified using profit center and MPE codes specifically associated with the business units included as part of the Business. Accounts receivable and allowance for doubtful accounts balances that are not specifically identified as part of the Business are allocated using percentages representing the Business's share of revenue and specifically identifiable accounts receivable in relation to the revenue and applicable accounts receivable of Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Other Current Assets: Other current assets consist primarily of the following:

Business Partner Commission: Business partner commission is allocated to the Business on a customer basis. The allocation percentages are calculated based on the Business's share of revenue in relation to the revenue of Avaya and its subsidiaries, collectively, for the Business and the Retained Business with each customer from year of 2005 onwards.

Deferred Costs: Deferred costs that are specifically identified to the Business are based on an analysis of the specific projects and products related to the Business for which the costs are being deferred. Deferred costs that are not specifically identified to the Business are allocated based on the ratio of the deferred cost that were specifically identified to the Business as a percentage of overall specifically identified deferred costs of Avaya and its subsidiaries, collectively, for the Business and the Retained Business. Notwithstanding the foregoing, deferred costs related to Avaya Professional Services (APS) are allocated based on APS revenue identified to the Business as a percentage of overall APS revenue of Avaya and its subsidiaries, collectively.

Value Added Tax (VAT) Receivables: VAT receivables were allocated based on revenue specifically identified to the Business in the respective legal entities.

Prepaid Costs: Prepaid costs for software licenses were allocated based on the percentage of the amortization recorded to the Business cost centers as a percentage of total amortization of Avaya and its subsidiaries, collectively.

Inventory: Inventory balances are identified using profit center and MPE codes included as part of the Business. Inventory balances that are not specifically identified to the Business are allocated based on the ratio of the inventory balances that were specifically identified to the Business as a percentage of overall specifically identified inventory of Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Payroll Liabilities, Incentives, Bonuses and Other Compensation Obligations: Payroll liabilities, incentives, bonuses and other compensation obligations are specifically identified at the individual employee level for Business. Payroll liabilities, incentives, bonuses and other compensation obligations that are not specifically identified at the individual employee level are allocated based on salary of the employees identified to the Business in comparison to the overall payroll expense.

Accounts Payable: Accounts payable balances are directly identified to profit centers included as part of the Business. The accounts payable balances that cannot be specifically identified to profit centers included as part of the Business are allocated using ratios of the related expenses that were identified to the Business in relation to the related expense of Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Other Current Liabilities: Other current liabilities are directly identified to profit centers included as part of the Business. Other current liabilities that cannot be directly identified to profit centers included as part of the Business are allocated to the Business based on percentages representing the Business's share of revenue and head count in relation to the revenue and head count of Avaya and its subsidiaries, collectively, for the Business and the Retained Business.

Deferred Revenue: Deferred revenue balances are specifically identified based on the MPE codes and the underlying customer contracts included as part of the Business. Deferred revenue balances that cannot be so specifically identified are allocated based on ratios using the

specifically identified deferred revenue balances for each business unit included as part of the Business as a percentage of the overall deferred revenue balances.

The Parties consent to service of process by mail (in accordance with Section 11.12 of the Asset Purchase Agreement) or any other manner permitted by law.

The assignments contemplated herein are meant to be absolute assignments and not by way of security. Each of Avaya and the other Assignors hereby authorizes the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as

the assignee of all of Avaya's and such other Assignor's right, title and interest in, to and under the Assigned Patents and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications.

2. Existing Licenses. The Assigned Patents, to the best of Avaya and the other Assignors knowledge, have been licensed to multiple unaffiliated third parties as part of broader license arrangements. Such licenses will not be modified or extended before or after the Closing Date, to the extent each may relate to the rights governed under the Assigned Patents.

3. No Third Party Beneficiaries. This Assignment is for the sole benefit of the parties hereto and their respective successors and permitted assigns and nothing herein expressed or implied shall give or be construed to give to any person, other than the parties hereto and such successors and assigns, any legal or equitable rights hereunder.

4. Terms of Purchase Agreement; Conflicts. The scope, nature, and extent of the Transferred Assets are expressly set forth in the Purchase Agreement. Nothing contained herein changes, amends, extends, or alters (nor should it be deemed or construed as changing, amending, extending, or altering) the terms or conditions of the Purchase Agreement in any manner whatsoever. This instrument does not create or establish rights, liabilities or obligations not otherwise created or existing under or pursuant to the Purchase Agreement. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement will not be superseded hereby but will remain in full force and effect to the full extent provided therein. In the event of any conflict between the provisions of this Assignment (including the Exhibits) and the provisions of the Purchase Agreement (including the Disclosure Schedules and Exhibits), the provisions of the Purchase Agreement shall control.

5. Governing Law. This Assignment, the negotiation, execution or performance of this Assignment and any disputes arising under or related hereto (whether for breach of contract, tortious conduct or otherwise) shall be governed and construed in accordance with the Laws of the State of New York, without reference to its conflicts of law principles.

6. Entire Agreement. This Assignment, and the Exhibits annexed hereto, and the Purchase Agreement, and the other agreements, certificates, and other documents contemplated hereby and thereby constitute the entire understanding among the parties hereto with respect to the subject matter hereof and thereof, and supersede all other understandings and negotiations with respect thereto. The parties agree to define their rights, liabilities, and obligations with respect to such understanding and the transactions contemplated hereby exclusively in contract pursuant to the express terms and provisions of the Purchase Agreement and this Assignment, and the parties hereto expressly disclaim that they are owed any duties or are entitled to any remedies not expressly set forth in this Assignment or the Purchase Agreement.

7. Counterparts. This Assignment may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when each party hereto shall have received counterparts hereof signed by each of the other parties hereto. Any such counterpart, to the extent delivered by means of a facsimile machine or by .pdf, .tif, .gif, .peg or similar attachment to electronic mail (any such delivery, an "**Electronic Delivery**")

shall be treated in all manner and respects as an original executed counterpart and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. At the request of any party hereto, each other party hereto shall re-execute the original form of this Assignment and deliver such form to all other parties. No party hereto shall raise the use of Electronic Delivery to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of Electronic Delivery as a defense to the formation of a contract, and each such party forever waives any such defense, except to the extent such defense relates to lack of authenticity.

SUBLEASE

This Sublease is entered into as of this _____ day of _____, 2017 by and between EXTREME NETWORKS, INC. (hereinafter "**Sublessor**"), and AVAYA CANADA CORP. (hereinafter "**Sublessee**").

INTRODUCTORY STATEMENTS

A. By Memorandum of Agreement of Lease dated September 12, 2011 (the "**Head Lease**") which is attached hereto as **Exhibit A**, by and between 425 LEGGET DRIVE PROPERTY GP INC, in its capacity as general partner for 425 LEGGET DRIVE PROPERTY, LIMITED PARTNERSHIP ("**Head Lessor**"), Avaya Canada Corp. (the "**Tenant**") and Avaya Inc. (the "**Indemnifier**"), pursuant to which the Head Lessor leased to the Tenant certain space in the building commonly known as 425 Legget Drive, Ottawa, Ontario, Canada (the "**Building**") consisting of approximately 103,443 rentable square feet (the "**Premises**").

B. By an Assignment of Lease, dated _____, 2017, Tenant has assigned its interest as tenant under the Head Lease to Sublessor.

C. Sublessee has agreed to sublet from Sublessor certain portions of the Building.

D. The parties desire to enter into this Sublease defining their respective rights, duties and liabilities relating to the Subleased Premises (defined below).

WITNESSETH

NOW THEREFORE, Sublessor and Sublessee, in consideration of the mutual promises and covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and each with intent to be legally bound, for themselves and their respective successors and assigns, agree as follows:

1. SUBLEASE

Sublessor, for and in consideration of the Sublessee's payment of the rent and performance of the covenants contained in this Sublease, does hereby demise and lease to Sublessee the following portions of the Building: approximately 56,968 rentable square feet on the 1st floor of the Building as shown on the floor plan which is attached hereto as **Exhibit B** (the "**Subleased Premises**").

2. PARKING

Sublessee shall be entitled to use the parking spaces in accordance with the Head Lease for the same amount of spaces it currently occupies as of the date hereof.

3. HEAD LEASE

A true copy of the Head Lease is attached hereto as **Exhibit A**. Where not expressly inconsistent with the terms hereof and except as otherwise stated herein to the contrary, this Sublease shall be subject and subordinate to all of the terms and conditions contained in the Head Lease as said terms and conditions affect the Subleased Premises, and all of the terms and conditions of the Head Lease, except as otherwise set forth herein, are hereby incorporated into this Sublease and shall be binding upon Sublessee with respect to the Subleased Premises to the same extent as if Sublessee were named as tenant and Sublessor as landlord under the Head Lease. For purposes of this Sublease, references in the Head Lease to the "Term" shall mean the Term of this Sublease (defined below) and references to the "Premises" in the Head Lease shall mean the Subleased Premises. Except as otherwise provided herein, when any fraction, factor or formula, which is based on the number of square feet leased, is expressed in the Head Lease, it will be adjusted by substituting the number of square feet of the Subleased Premises for the number of square feet of the Premises leased in the Head Lease. Each party to this Sublease agrees that it shall not do or omit to do anything which would result in a default under the Head Lease, and each party to this Sublease agrees to indemnify and hold the other harmless from and against all claims, demands or liabilities resulting from such party's breach, violation or nonperformance of any of its obligations under the Head Lease, as incorporated herein. For the sake of clarity, if Sublessee fails to satisfy its payment or other obligations under this Agreement, then Sublessee shall be deemed to be in breach of the Head Lease. With the exceptions set forth herein, Sublessee shall be entitled to all of the rights and privileges of the Sublessor as tenant under the terms of the Head Lease with respect to the Subleased Premises.

4. DEFINITIONS

All terms not expressly defined in this Sublease shall have the meanings given to them in the Head Lease.

5. HEAD LESSOR

Sublessee agrees to look solely to the Head Lessor, and not to Sublessor, for the performance of all services and obligations of the Head Lessor under the Head Lease with respect to the Subleased Premises. At Sublessee's written request and expense, Sublessor will take all reasonable actions necessary to enable Sublessee to enforce the Sublessor's rights as tenant under the Head Lease with respect to the Subleased Premises.

6. TERM; END OF TERM

(a) The term of this Sublease (the "**Term**") shall commence on the later of: (i) the date on which Sublessor has obtained the written consent of the Head Lessor; and (ii) the date on which the transaction contemplated by the **asset purchase agreement made as of March 7, 2017 between the Sublessor, the Sublessee and Avaya Inc. has been completed** (the "**Commencement Date**") (provided that if the Commencement Date has not occurred by December 31, 2017, this Sublease shall be null and void), and ending on December 31, 2022 ("**Termination Date**"). The Term is subject to the term of the Head Lease. In the event that the term of the Head Lease expires or is terminated at any time, the Term of this Sublease shall

terminate one (1) day prior to the termination or expiration of the term of the Head Lease. If requested by either party, the parties agree to execute a Commencement Date Memorandum upon receipt of the Head Lessor's consent.

(b) Upon the expiration or other termination of the Term of this Sublease, Sublessee shall peaceably quit and surrender to Sublessor the Subleased Premises and remove all alterations and additions thereto, broom clean, in good order, repair and condition excepting only ordinary wear and use and damage by fire or other casualty for which, under other provisions of this Sublease, Sublessee has no responsibility of repair or restoration. Sublessee shall remove all of its property and, to the extent specified by Sublessor, all alterations and additions made by Sublessee and all partitions wholly within the Subleased Premises, and shall repair any damage to the Subleased Premises or the Building caused by their installation or by such removal. Within ten (10) days prior to the expiration or other termination of the Term of this Sublease, Sublessor or its agents shall have the right, but not the obligation, to conduct a walk-thru of the Subleased Premises to determine the condition of the Subleased Premises and to prepare a punch-list for Sublessee of the items Sublessee is required to repair and restore pursuant to this Subparagraph 6(b). Sublessee's obligation to observe or perform this covenant shall survive the expiration or other termination of this Sublease. Sublessee will remove any personal property from the Building and the Subleased Premises upon or prior to the expiration or termination of this Sublease and any such property which shall remain in the Building or the Subleased Premises thereafter shall be conclusively deemed to have been abandoned, and may either be retained by Sublessor as its property or sold or otherwise disposed of in such manner as Sublessor may see fit. If any part thereof shall be sold, Sublessor may receive and retain the proceeds of such sale and apply the same, at its option, against the expenses of the sale, the cost of moving and storage, any arrears of Rent, additional or other charges payable hereunder by Sublessee to Sublessor and/or any damages to which Sublessor may be entitled pursuant to this Sublease.

7. RENT

(a) Base Rent

Commencing on the Commencement Date, basic rent under this Sublease shall be Base Rent, and shall be as follows: 1) Twelve and 65/100 Dollars (\$12.65 CAD) per rentable square foot per annum payable in equal monthly installments of \$60,053.77CAD until the end of the fifth year of the Term of the Head Lease, which is October 30, 2017; and 2) starting on November 1, 2017 Thirteen and 85/100 Dollars (\$13.85 CAD) per rentable square foot per annum payable in equal monthly installments of \$65,750.57 CAD.

(b) Additional Rent:

In addition to the Base Rent set forth in subparagraph 7(a) above, Sublessee shall pay Sublessor (as and when due under the terms of the Head Lease), as additional rent, without duplication; (i) all goods and services taxes, sales taxes, and value added taxes imposed on Sublessee and required to be paid by Sublessor in respect of Sublessee's Base Rent and Additional Rent; (ii) Sublessee's proportionate share (being a fraction which has as its numerator the rentable area of the Subleased Premises and as its denominator the rentable area of the

Premises) of the Tenant's Proportionate Share Real Estate Taxes, Operating Expenses and Tax on Capital, subject to and in accordance with Sections 5 and 6 of the Head Lease; and (iii) its proportionate share of electricity consumed in the Subleased Premises (being a fraction which has as its numerator the rentable area of the Subleased Premises and as its denominator the rentable area of the Premises).

(c) The Rent shall be payable in lawful money of Canada.

(d) The terms "Base Rent" and "basic rent" are each sometimes referred to herein as "Rent" or "rent" and shall include all sums due from Sublessee to Sublessor under the terms of this Sublease. Sublessee shall pay all basic rent when due and, in the case of basic rent, without notice of any kind, and without any abatement, deduction or set-off for any reason whatsoever, except as may be explicitly provided in this Sublease. All Rent shall be payable at the office of the Sublessor at the following address:

Regular Mail to:

Extreme Networks, Inc.
6480 Via Del Oro
San Jose, CA 95119

Overnight Mail to:

Extreme Networks, Inc.
6480 Via Del Oro
San Jose, CA 95119

or at such other address as directed by written notice from Sublessor to Sublessee.

(c) Timely payment is of the essence of this Sublease and Sublessee may not delay or refuse any payment of Base Rent for any reason. All sums owing by Sublessee under this Sublease not paid when due shall be subject to Section 25(d) under the Head Lease.

8. USE OF SUBLEASED PREMISES

(a) The Subleased Premises shall only be used as permitted under the Head Lease, and Sublessee shall not, without the Sublessor's prior written consent, use, suffer or permit the use of all or any portion thereof for any other purpose. The Sublessee shall use the Subleased Premises and all parking areas, sidewalks, hallways or other similar facilities or areas of the Building or the land on which the Building is located ("**Building Parcel**") available for use by the Sublessee in common with other occupants of the Building (collectively, "**Common Areas**") only as permitted by the terms of the Head Lease and in a careful, lawful, safe and proper manner and in accordance with all requirements of any governmental or quasi-governmental body and, in addition, shall comply with such reasonable rules and regulations as the Head Landlord may from time to time impose, as may be permitted under the Head Lease,

upon written notice to Sublessee. The Sublessee shall not use the Subleased Premises or any of the Common Areas for any use or activity which is hazardous or which would constitute a nuisance or which: (i) would violate any covenant, agreement, term, provision or condition of the Head Lease or this Sublease, (ii) is in contravention of the certificate of occupancy for the Subleased Premises or the Building, (iii) would violate any requirement of any governmental or quasi-governmental body or (iv) may in any way impair or interfere with any of the Building services or the proper and economic heating, air conditioning, cleaning or other servicing of the Subleased Premises or the Building, the Common Areas or the Building Parcel or any portion thereof or impair or interfere with the use of any of the Common Areas by, or occasion discomfort, inconvenience or annoyance to, other occupants of the Building or their employees, guests or invitees (including, without limitation, the Sublessor) or impair the appearance of the Building.

(b) As between Sublessor and Sublessee, Sublessee shall be solely responsible for the performance of those items of maintenance and repair of the Subleased Premises specified as being the responsibility of the Sublessor as tenant under the Head Lease. In this regard, the Sublessee shall, to the same extent as required by Sublessor as tenant under the Head Lease:

(i) Promptly comply with all laws, orders, rules and requirements of governmental authorities, insurance carriers, board or fire underwriters, or similar groups.

(ii) Maintain the Subleased Premises and all equipment and fixtures in it in good repair and appearance, ordinary wear and tear excepted.

(iii) Make all necessary repairs to the Subleased Premises and all equipment and fixtures in it, except structural repairs.

(iv) Maintain the Subleased Premises in a neat, clean, safe, and sanitary condition, free of all garbage.

(v) Use all electric, plumbing and other facilities in the Subleased Premises safely.

(vi) Use no more electricity than the wiring or feeders to the Subleased Premises can safely carry.

(vii) Promptly replace all broken glass in the Subleased Premises.

(viii) Do nothing to destroy, deface, damage, or remove any part of the Subleased Premises.

(ix) Keep nothing in the Subleased Premises which is inflammable, dangerous or explosive or which might increase the danger of fire or other casualty in the Subleased Premises or the Building.

(x) Do nothing to destroy the peace and quiet of the Sublessor, other tenants, or persons in the neighborhood.

- (xi) Avoid littering in the Building or on its grounds.

The Sublessee shall pay any and all expense involved in complying with the above.

(c) The Sublessee shall indemnify and hold the Sublessor harmless from and against any fine, penalty, cost, expense (including, without limitation, reasonable attorneys' fees) or other damage or loss suffered by the Sublessor as a result of the Sublessee's failure to perform its obligations under the Head Lease or this Sublease, including without limitation this Paragraph 8. All of the Sublessee's obligations under this Paragraph 8 shall survive termination of this Sublease and surrender of the Subleased Premises to the Sublessor.

9. DEFAULT OF SUBLESSEE AND SUBLESSOR'S REMEDIES.

The provisions of Article 23 of the Head Lease are incorporated herein, with Sublessee being substituted for Tenant, Sublessor being substituted for Landlord, and Sublease being substituted for Lease.

10. CONDITION OF PREMISES

Sublessee acknowledges that it has examined the Subleased Premises and is taking the Subleased Premises, including all existing leasehold improvements of Sublessor existing on the date of this Sublease, and all existing wiring and cabling within the Subleased Premises, in their "AS IS" condition on the date hereof, subject to reasonable wear and tear, and damage from fire or other casualty. Sublessor shall have no obligations to make any alterations or improvements to the Subleased Premises to make them ready for Sublessee's occupancy.

11. ALTERATIONS

Sublessee shall not make any alterations, improvements or installations in or to the Subleased Premises without the prior written consent of Sublessor, which consent shall not be unreasonably withheld, conditioned or delayed; *provided* that any such alterations, improvement or installations must be approved by the Head Lessor as provided in the Head Lease. All alterations and improvements shall be subject to the terms and conditions of the Head Lease, and in those instances, if required, shall be subject to the Head Lessor's approval as provided in the Head Lease. Any alterations, improvements or installations consented to by Sublessor shall be made at the sole cost and expense of Sublessee.

12. REPAIRS AND MAINTENANCE

Any repair and maintenance obligations with respect to the Subleased Premises which are the responsibility of the Sublessor, as tenant under the Head Lease, shall be performed by Sublessee at Sublessee's sole cost and expense. Sublessee agrees that it will notify Sublessor promptly of the need for any repair to the Subleased Premises, even if Sublessor is not responsible for any such repair. Notwithstanding anything contained herein to the contrary, in the event that a condition exists in the Subleased Premises that Head Lessor is obligated to repair under the terms of the Head Lease, Sublessee shall so advise Sublessor, and Sublessor, in turn,

shall promptly advise Head Lessor thereof. Sublessor shall have no liability to Sublessee for Head Lessor's failure to make any such repair.

13. UTILITIES AND SERVICES

Sublessee shall be entitled to all those services and utilities which Head Lessor is required to provide under the terms of the Head Lease. Sublessee shall pay, to Sublessor, for tenant electric charges as and when due under the Head Lease. Sublessee shall look solely to the Head Lessor for the provision of such services and utilities, and Sublessor shall not be responsible for Head Lessor's failure to provide the same nor shall any such failure constitute an abrogation of any other terms or conditions of this Sublease. To the extent that Head Lessor charges Sublessor for any increases in the cost of such services or utilities and such charge or increase is due to Sublessee's use of the Subleased Premises or such utilities or services, Sublessee agrees to pay the charges therefore promptly to Sublessor upon receipt of Sublessor's bill. If Sublessee fails to make payments for Sublessee's utility charges, Sublessor shall not be liable for any interruption of services.

14. ASSIGNMENT AND SUBLEASING

(a) Sublessee shall not have the right to assign this Sublease or sublet the Subleased Premises, in whole or in part, without the prior written consent of Sublessor which shall not be unreasonably withheld, conditioned or delayed, and Head Lessor if required under the Head Lease. The consent by Sublessor to any assignment or to any sublease or occupancy of the Subleased Premises by any other party than Sublessee, or any part thereof, shall not be deemed to relieve or release (i) Sublessee from the full performance and observance by Sublessee of all of its obligations under this Sublease, or (ii) Sublessee or any assignee or sublessee of Sublessee from the obligation of obtaining the consent in writing of Sublessor and Head Lessor to any further assignment, sublease or occupancy. Sublessee shall pay to Sublessor upon demand, (x) any cost, expense or fee of Head Lessor charged to Sublessor or to Sublessee which is required to be paid in connection with any assignment, subletting or occupancy pursuant to this Paragraph 14, and (y) any reasonable cost or expense of Sublessor which is incurred by Sublessor from non-related third parties in connection with any request for consent to any assignment, subletting or occupancy pursuant to this Paragraph.

(b) In the event that Sublessee shall desire Sublessor's consent to an assignment of this Sublease or to a subletting of all or any part of the Subleased Premises, Sublessee shall request such consent by submitting to Sublessor a proposal setting forth the terms and conditions of the assignment or sublease and financial information with respect to the assignee or sublessee, and such other information as Sublessor may reasonably require.

(c) In the event that Sublessor and Head Lessor shall grant their consent to subletting all or part of the Subleased Premises or an assignment of this Sublease, Sublessee shall, in consideration therefor, promptly pay to Sublessor as Additional Rent, as and when received by Sublessee, fifty percent (50%) of the Net Profit (as hereinafter defined), if any, and deliver to Sublessor an executed copy of such assignment or sublease. The term, "Net Profit" shall mean (i) in the case of a sublease, the amount by which the amounts payable to Sublessee by any subtenant of Sublessee for rent and additional rent or other consideration paid under the sublease

(including, but not limited to, sums paid for the sale or rental of Sublessee's fixtures, leasehold improvements, equipment, furniture, furnishings or other personal property, to the extent that such sums are in excess of the fair market value thereof) exceed the amounts payable by Sublessee to Sublessor for Base Rent and Additional Rent in connection with the sublet portion of the Subleased Premises after Sublessee has first fully recovered all of its reasonable and customary transaction costs incurred in connection with such subleasing or assignment, and (ii) in case of an assignment, an amount equal to any amounts paid by any assignee of Sublessee, to Sublessee, as consideration for said assignment (including, but not limited to, sums paid for the sale or rental of Sublessor's fixtures, leasehold improvements, equipment, furniture, furnishings or other personal property) less, in either case, the reasonable and customary real estate brokers commissions, marketing expenses and attorneys' fees incurred by Sublessee in connection therewith.

(d) If this Sublease shall be assigned or if the Subleased Premises, or any part thereof, shall be sublet or occupied by any person or persons other than Sublessee, whether or not such assignment, sublet or occupancy was made with the consent of Sublessor, Sublessor may after an Event of Sublease Default by Sublessee, collect rent from the assignee, subtenant or occupant and apply the net amount collected to the rent herein reserved, but no such assignment, subletting, occupancy or collection of rent shall be deemed a waiver of any of the covenants, terms or provisions contained in this Section, nor shall it be deemed an acceptance of the assignee, subtenant or occupant as subtenant hereunder, or a release of Sublessee from the full performance and observance by Sublessee of all of the covenants and obligations contained in this Sublease on the part of Sublessee to be performed or observed.

16. INSURANCE

Sublessee agrees to comply with all of the insurance requirements and obligations of Sublessor as set forth in the Head Lease and to name both Sublessor and Head Lessor as additional insureds on any required insurance policies.

17. COMPLIANCE WITH LAWS

(a) In addition to any obligations under the Head Lease, Sublessee shall promptly comply with all statutes, ordinances, rules, orders, regulations and requirements of the Federal, Provincial and municipal Governments applicable to the use and occupancy of the Subleased Premises by Sublessee or any subtenant or assignee of Sublessee, for the correction, prevention and abatement of nuisances, violations or other grievances, in, upon or connected with the Subleased Premises during the Term or any renewal thereof (collectively referred to as "Legal Requirements") at its own cost and expense. Nothing in this paragraph shall be deemed a consent to the alteration, subletting or assignment of all or any portion of the Subleased Premises or of all or any of Sublessee's interests in this Sublease.

(b) If Sublessee shall fail or neglect to comply with the aforesaid Legal Requirements, or if Sublessee shall fail or neglect to make any repairs required by the terms of this Sublease, then Sublessor or its agents may (but shall not be obligated to) enter the Subleased Premises and take such actions as necessary to cure the breach and comply with any and all of the said Legal Requirements, at the cost and expense of Sublessee; and, in case of Sublessee's

failure to pay therefor, the said cost and expense shall be added to the next month's Rent and be due and payable as such.

18. LIMITATIONS ON SUBLESSOR'S LIABILITY

(a) Sublessee acknowledges that Sublessor has made no representations or warranties with respect to the Building or the Subleased Premises except as provided in this Sublease and Sublessee accepts the Subleased Premises in its "AS IS" condition.

(b) If Sublessor assigns its leasehold estate in the Building, Sublessor shall have no obligation to Sublessee arising after the date of such assignment. Sublessee shall then recognize Sublessor's assignee as Sublessor of this Sublease.

(c) Sublessor shall not be required to perform any of the covenants and obligations of the Head Lessor under the Head Lease, and insofar as any of the obligations of the Sublessor hereunder are required to be performed under the Head Lease by the Head Lessor thereunder, Sublessee shall rely on and look solely to the Head Lessor for the performance thereof. If the Head Lessor shall default in the performance of any of its obligations under the Head Lease or breach any provision of the Head Lease pertaining to the Subleased Premises, Sublessee shall have the right, at Sublessee's expense and upon prior notice to Sublessor, and in the name of Sublessor to make any demand or institute any action or proceeding, in accordance with and not contrary to any provision of the Head Lease, against the Head Lessor under the Head Lease for the enforcement of the Head Lessor's obligations thereunder. Sublessee shall defend, indemnify and hold Sublessor harmless from and against any suit, action, cost, expense, damage or liability which arises out of or results from or is alleged to arise out of or result from Sublessee's exercise of its rights under this paragraph.

19. ESTOPPEL CERTIFICATES

Either party hereto (the requested party) agrees that from time to time upon not less than ten (10) days prior notice by the other party (requesting party), the requested party or its duly authorized representative having knowledge of the following facts will deliver to the requesting party, or to such person or persons as the requesting party may designate, a statement in writing certifying (a) that this Sublease is unmodified and in full force and effect (or if there have been modifications, that the Sublease as modified is in full force and effect); (b) the date to which the Rent and other charges have been paid; (c) that to the best of the requested party's knowledge, the requesting party is not in default under any provision of this Sublease or if in default, the nature thereof in detail.

20. SUBORDINATION

This Sublease shall be automatically subject and subordinate to the Head Lease, any ground lease and to any mortgage or deed of trust thereon or on the fee simple interest in the Building or the land on which the Building is located. This Paragraph 20 shall be self-operative and no further instrument of subordination shall be required, it being understood that neither Head Lessor nor Sublessor shall be obligated to provide Sublessee with any non-disturbance agreement. To confirm such subordination, Sublessee shall execute within ten (10) days after demand, or such shorter period as may be required under the Head Lease, any reasonable

certificate, agreement or instrument that Head Lessor requests Sublessee to execute pursuant to the terms of the Head Lease.

21. CASUALTY AND CONDEMNATION

If the Head Lease is terminated with respect to the Subleased Premises pursuant to the provisions of the Head Lease due to casualty or condemnation, this Sublease shall automatically terminate at the same time and Sublessee shall have no claim against Sublessor or Head Lessor for the loss of its subleasehold interest or any of Sublessee's property. If the Head Lease is not terminated with respect to the Subleased Premises upon the occurrence of a casualty or condemnation, the provisions of the Head Lease with respect to casualty or condemnation shall apply to this Sublease and the Subleased Premises.

22. CONSENT OR APPROVAL OF HEAD LESSOR

If the consent or approval of Head Lessor is required under the Head Lease with respect to any matter relating to the Subleased Premises, Sublessee shall be required first to obtain the consent or approval of Sublessor with respect thereto and, if Sublessor grants such consent or approval, Sublessor or Sublessee may forward a request for consent or approval to the Head Lessor, but Sublessor shall not be responsible for obtaining such consent or approval. Sublessor shall have no liability to Sublessee for the failure of Head Lessor to give its consent.

3. Terms of Purchase Agreement; Conflicts. The scope, nature, and extent of the Transferred Assets are expressly set forth in the Purchase Agreement. Nothing contained herein changes, amends, extends, or alters (nor should it be deemed or construed as changing, amending, extending, or altering) the terms or conditions of the Purchase Agreement in any manner whatsoever. This instrument does not create or establish rights, liabilities or obligations not otherwise created or existing under or pursuant to the Purchase Agreement. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement will not be superseded hereby but will remain in full force and effect to the full extent provided therein. 5. Entire Agreement. This Assignment, and the Exhibits annexed hereto, and the Purchase Agreement, and the other agreements, certificates, and other documents contemplated hereby and thereby constitute the entire understanding among the parties hereto with respect to the subject matter hereof and thereof, and supersede all other understandings and negotiations with respect thereto. The parties hereto agree to define their rights, liabilities, and obligations with respect to such understanding and the transactions contemplated hereby exclusively in contract pursuant to the express terms and provisions of the Purchase Agreement and this Assignment, and the parties hereto expressly disclaim that they are owed any duties or are entitled to any remedies not expressly set forth in this Assignment or the Purchase Agreement.

6. Counterparts. This Assignment may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when each party hereto shall have received counterparts hereof signed by each of the other parties hereto. At the request of any party hereto, each other party hereto shall re-execute the original form of this Assignment and deliver such form to all other parties. No party hereto shall raise the use of Electronic Delivery to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of Electronic Delivery as a defense to the formation of a contract, and each such party forever waives any such defense, except to the extent such defense relates to lack of authenticity.

FORM OF TRANSITION SERVICES AGREEMENT

This TRANSITION SERVICES AGREEMENT is dated as of [●], 2017 (this “**Agreement**”), and is by and between AVAYA INC., a Delaware corporation (“**Avaya**”), and Extreme Networks, Inc., a Delaware corporation (“**Purchaser**”). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Purchase Agreement (as defined below).

WHEREAS, on January 19, 2017, Avaya, together with certain of its subsidiaries, filed voluntary petitions for relief (the “**Bankruptcy Case**”) under Chapter 11 of Title 11 of the United States Code (the “**Bankruptcy Code**”) in the United States Bankruptcy Court for the Southern District of New York (the “**Bankruptcy Court**”);

WHEREAS, Purchaser and Avaya have entered into that certain Asset Purchase Agreement, dated March 7, 2017 (the “**Purchase Agreement**”), pursuant to which Avaya has agreed to, and to cause the applicable Sellers to, sell, transfer, assign and deliver to Purchaser, and Purchaser has agreed to purchase, acquire and accept from the applicable Sellers all of their right, title and interest in and to the Transferred Assets and to assume the Assumed Liabilities, all upon the terms and subject to the conditions set forth in the Purchase Agreement; and

WHEREAS, to facilitate the transactions contemplated by the Purchase Agreement, Avaya and Purchaser deem it to be appropriate and in their mutual best interests that Avaya and its subsidiaries provide certain services to Purchaser and its subsidiaries and that Purchaser and its subsidiaries provide certain services to Avaya and its subsidiaries, in each case pursuant to the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the premises and the mutual agreements and covenants set forth in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, the parties hereby agree as follows.

ARTICLE I
SERVICES

Section 1.1 Description of Services.

(a) On the terms and conditions of this Agreement, (i) Avaya shall provide, or cause to be provided by its applicable subsidiary, on a non-exclusive basis, the transition services set forth in Exhibit A hereto (collectively, the “**Seller Transition Services**”), to Purchaser or its applicable subsidiary and (ii) Purchaser shall provide, or cause to be provided by its applicable subsidiaries, on a non-exclusive basis, the transition services set forth in Exhibit B hereto (collectively, the “**Purchaser Transition Services**” and together with the Seller Transition Services, the “**Transition Services**”), to Avaya or its applicable subsidiary following the Closing. The Transition Services shall be limited to those services described in Exhibit A and Exhibit B unless specifically supplemented pursuant to Section 1.2 or modified by amendment in accordance with Section 7.12. It is understood that (i) the Seller Transition Services to be provided to Purchaser (or its applicable subsidiary) under this Agreement shall only be provided

for the purpose of conducting the Business substantially as conducted in the twelve months prior to the Closing (the “**Lookback Period**”) and (ii) the Purchaser Transition Services to be provided to Avaya (or its applicable subsidiary) under this Agreement shall only be provided for the purpose of conducting Avaya’s businesses other than the Business (the “**Retained Business**”) as conducted in the Lookback Period.

(b) The parties acknowledge and agree that (i) a party (in its capacity as a provider of Transition Services, the “**Providing Party**”) may satisfy its obligations hereunder to provide Transition Services to the other party (such other party, the “**Receiving Party**”) by causing one or more of its subsidiaries to provide or procure such Transition Services (in which case, such subsidiaries shall be included in the definition of “Providing Party” for all purposes hereof in respect of such Transition Services), which subsidiaries such Providing Party may change in its discretion from time to time and (ii) subject to a Providing Party’s compliance with its obligations under this Agreement (including Section 1.5), a Providing Party or any of its subsidiaries may be providing similar services, and/or services that involve the same resources as those used to provide the Transition Services, to its internal organizations, other subsidiaries and/or Third Parties (as defined below). If the provision of any Transition Service would violate any Law applicable to the Providing Party, the Providing Party shall notify the Receiving Party and the Providing Party may modify any or all of the Transition Services to the extent reasonably necessary so that the provision of such Transition Services would not violate any Law applicable to the Providing Party.

Section 1.2 Additional Services.

(a) If Purchaser reasonably determines that additional services that (i) had been provided to the Business prior to the Closing but are not set forth in Exhibit A, (ii) are necessary to conduct the Business substantially as conducted during the Lookback Period, other than any services of the types listed on Exhibit C, and (iii) neither Purchaser nor any of its subsidiaries are reasonably able to provide or otherwise reasonably obtain such services (each such service, an “**Additional Seller Service**”), then Purchaser may, by written notice to Avaya, request that Avaya provide (or cause to be provided pursuant to Section 1.7(b)) such Additional Seller Service. Upon receipt of such request by Avaya, Avaya shall consider any such request for Additional Seller Services in good faith and the parties will mutually discuss such request, including duration, service levels, resource requirements and additional associated Fees, it being understood that Avaya may no longer have the resources or personnel to provide such Additional Seller Service. If the parties agree to the provision of such Additional Seller Service, the parties shall effect an amendment to Exhibit A setting forth the Additional Seller Service, the terms and conditions for the provision of such Additional Seller Service and the Fees payable by Purchaser for such Additional Seller Service, and such Additional Seller Service shall, as of such amendment to Exhibit A, be deemed “Seller Transition Services” for the purposes of this Agreement. To the extent reasonably practicable, the Additional Seller Services shall be priced using a consistent pricing methodology with that used in pricing of other Seller Transition Services.

(b) If Avaya reasonably determines that additional services had been provided to the Retained Business prior to the Closing but not set forth in Exhibit B are necessary to conduct the Retained Business substantially as conducted during the Lookback Period, other than

any services of the types listed on Exhibit D, and neither Avaya nor any of its subsidiaries are reasonably able to provide or otherwise reasonably obtain such services (each such service, an “**Additional Purchaser Service**”), then Avaya may, by written notice to Purchaser, request that Purchaser provide (or cause to be provided pursuant to Section 1.7(b)) such Additional Purchaser Service. Upon receipt of such request by Purchaser, Purchaser shall consider any such request for Additional Purchaser Services in good faith and the parties will mutually discuss such request, including duration, service levels, resource requirements and additional associated Fees it being understood that Purchaser may not have the resources or personnel to provide such Additional Purchaser Service. If the parties agree to the provision of such Additional Purchaser Service, the parties shall effect an amendment to Exhibit B setting forth the Additional Purchaser Service, the terms and conditions for the provision of such Additional Purchaser Service and the Fees payable by Avaya for such Additional Purchaser Service, and such Additional Purchaser Service shall, as of such amendment to Exhibit B, be deemed “Purchaser Transition Services” for the purposes of this Agreement. To the extent reasonably practicable, the Additional Purchaser Services shall be priced using a consistent pricing methodology with that used in pricing of other Purchaser Transition Services.

Section 1.3 Shared Space.

(a) The premises leased by a Seller, as lessee, as applicable (the “**Shared Leased Premises**”), pursuant to the leases set forth on Section 7 of Exhibit A (each, a “**Shared Space Lease**” and collectively, the “**Shared Space Leases**”) are used both in the Business and in the Retained Business.

(b) For the period commencing on the date hereof until the date that is set forth on Section 7 of Exhibit A with respect to each Shared Space Lease (each, a “**Shared Space Term**”), each of Avaya or its applicable subsidiary, on the one hand, and Purchaser or its applicable subsidiary (including, if applicable, the Transferred Assets or the Business), on the other hand, shall have the right to continue to use and occupy that portion of the Shared Leased Premises, and to use that portion of the common areas related to the Shared Leased Premises, that it uses and occupies as of the date hereof in substantially the same manner and on the same terms and conditions that it currently uses and occupies such space and for no other purpose nor in any other manner and, in any event, in accordance with the terms and conditions of the Shared Space Leases. For the purposes of this Section 1.3, the party that is the tenant under the applicable Shared Space Lease immediately following the Closing is Avaya or its subsidiary and the party using the Shared Leased Premises pursuant to the terms hereof is Purchaser. During the applicable Shared Space Term, with respect to each Shared Leased Premises (including all common areas related thereto), all costs relating to such Shared Leased Premises, including, rent, maintenance, water, sewer, telephone, electricity and gas service, common area charges, amounts of public liability, damage, fire, and extended coverage insurance as may be required under the Shared Space Lease, and any real estate property taxes owed by Avaya or its subsidiary (together, the “**Rental Costs**”) shall be borne pro rata by Avaya or such subsidiary, on the one hand, and Purchaser, on the other hand, based on the portion of such Shared Leased Premises used and/or occupied by Avaya or its subsidiary or Purchaser, as the case may be, as set forth on Section 7 of Exhibit A. Purchaser shall have no right to terminate its obligations hereunder with respect to any Shared Leased Premises for the duration of the service as set forth on Section 7 of Exhibit A. In the event that Purchaser vacates the Shared Leased Premises prior to the expiration of the

applicable Shared Space Term, Purchaser shall remain responsible for Purchaser's pro rata portion of the Rental Costs relating to such Shared Leased Premises for the remained of such Shared Space Term.

(c) The Purchaser shall vacate its portion of the Shared Leased Premises on or prior to the expiration of the Shared Space Term applicable to the Shared Leased Premises. The Purchaser shall be responsible for all moving and similar costs associated with vacating such Shared Leased Premises and will leave its portion of such Shared Leased Premises in broom clean condition; provided that the Purchaser shall not be responsible for returning its portion of the Shared Leased Premises to any pre-existing condition (other than fully cleaned), unless such obligation is imposed upon Avaya or its subsidiary pursuant to the applicable Shared Space Lease.

(d) Purchaser shall indemnify, defend and hold harmless Avaya and its subsidiaries from and against all Losses imposed upon or incurred by or asserted against Avaya or its subsidiaries, as the case may be, by reason of (i) any accident, injury to or death of Persons or loss of or damage to property occurring on or about any portion of the Shared Leased Premises then used or occupied by Purchaser or its subsidiaries or any other Person (excluding Avaya or its subsidiaries), to the extent such Person's use or occupancy is authorized or permitted by Purchaser or its subsidiaries during the Shared Space Term, (ii) any failure on the part of Purchaser or its subsidiaries to perform or comply with any obligation of lessee under, or any other term of, any Shared Space Lease during the Shared Space Term, (iii) performance of any labor or services or the furnishing of any materials or other property in respect of any portion of the Shared Leased Premises then used or occupied by any Person (excluding Avaya or its subsidiaries), to the extent such Person's use or occupancy is authorized or permitted by Purchaser or its subsidiaries or (iv) the use or occupancy of any of the Shared Leased Premises by Purchaser or its subsidiaries or any other Person (excluding Avaya or its subsidiaries), to the extent such Person's use or occupancy is authorized or permitted by Purchaser or its subsidiaries, except in each case to the extent any such Losses arise as the result of (x) gross negligence or willful misconduct of Avaya or any of its subsidiaries or (y) the failure of Avaya or any of its subsidiaries to comply with the terms of any Shared Space Lease or the failure of Avaya or its applicable subsidiary to pay the obligations required to be paid pursuant to Section 1.3(b) herein.

(e) Avaya shall indemnify, defend and hold harmless Purchaser and its subsidiaries from and against all Losses imposed upon or incurred by or asserted against Purchaser or any of its subsidiaries, as the case may be, by reason of (i) any accident, injury to or death of Persons or loss of or damage to property occurring on or about any portion of the Shared Leased Premises then used or occupied by Seller or any other Person (excluding Purchaser or its subsidiaries), to the extent such Person's use or occupancy is authorized or permitted by Seller or its subsidiaries, during the Shared Space Term, (ii) any failure on the part of Seller to perform or comply with any obligation of lessee under, or any other term of, any Shared Space Lease during the Shared Space Term, (iii) performance of any labor or services or the furnishing of any materials or other property in respect of any portion of the Shared Leased Premises then used or occupied by Seller or any other Person (excluding Purchaser or its subsidiaries), to the extent such Person's use or occupancy is authorized or permitted by Seller or its subsidiaries, as the case may be or (iv) the use or occupancy of any of the Shared Leased Premises by any Person (excluding Purchaser or its subsidiaries), to the extent such Person's use or occupancy is

authorized or permitted by Seller or its subsidiaries, except in each case to the extent any such Losses arise as the result of (x) the gross negligence or willful misconduct of Purchaser or its subsidiaries, (y) the failure of Purchaser or any of its subsidiaries to comply with the terms of any Shared Space Lease or the failure of Purchaser or its applicable subsidiary to pay the obligations required to be paid pursuant to Section 1.3(b) herein.

(f) Notwithstanding anything to the contrary in this Agreement, the obligations of the Providing Parties to provide any Transition Service relating to real property, facilities or other similar matters under this Agreement shall be subject to, in all cases, the terms and conditions of any relevant underlying lease, sublease or agreement or instrument with a party (other than a subsidiary of the Providing Party) (each, an “**Underlying Document**”). Without limitation to the foregoing, any Transition Service of the type described in the preceding sentence shall immediately terminate without any further action on the part of the parties in the event that the Underlying Document terminates (i) in accordance with its terms and is not replaced by a similar arrangement (provided that the Providing Party shall use commercially reasonable efforts to provide the Receiving Party with notice of any such termination as promptly as practicable. In the event of any conflict between this Agreement and the terms and conditions of any Underlying Document, the terms and conditions of the Underlying Document shall control).

Section 1.4 Third Party Services. Without limiting anything set forth in Section 1.7(b), the parties acknowledge and agree that certain of the Transition Services to be provided under this Agreement have been, and will continue to be, provided (in accordance with this Agreement) by one or more Persons that are not subsidiaries of the Providing Party (each, a “**Third Party**”). To the extent any such Transition Services are so provided prior to the Closing, the Providing Party shall use commercially reasonable efforts to cause such Third Party to provide such Transition Services under this Agreement; provided that if any such Third Party is unable or unwilling or not contractually obligated to provide any such Transition Services to the Receiving Party and the Providing Party is unable to perform such Transition Service, the Providing Party will provide written notice to the Receiving Party as promptly as practicable to discontinuation of such Transition Service and the Providing Party shall use all reasonable efforts to arrange an alternative manner that is reasonably acceptable to the Receiving Party in which such Transition Services can be provided; provided further, that the Providing Party shall not be responsible for any payments due for any such Transition Services provided in an alternative manner (except for payments for which the Receiving Party agrees to reimburse the Providing Party).

Section 1.5 Standard of Services. Unless Exhibit A or Exhibit B expressly indicate otherwise or the parties agree in writing to a different arrangement, (a) Avaya shall at all times perform the Seller Transition Services in substantially the same manner and with substantially the same effort and degree of care as the Transition Services were performed by Avaya or its applicable subsidiary in the Lookback Period or, if a Transition Service had not been performed within the Lookback Period, with reasonable care and good industry practice and (b) Purchaser shall at all times perform the Purchaser Transition Services with reasonable care and good industry practice. The Receiving Party shall promptly notify the Providing Party in writing that the provision of any Transition Service is not in accordance with the standards herein (as set forth in this Section 1.5, Exhibit A or Exhibit B). In the event of such notice by the Receiving Party, the Providing Party shall, use all reasonable standards to, and to cause Third Parties to, at

the Receiving Party's reasonable request, correct such provision to the extent necessary such that such Transition Service is provided in accordance with the terms of the Agreement (as set forth in this Section 1.5, Exhibit A or Exhibit B).

Section 1.6 Modification of Services. Upon written notice to, and subject to the written consent of, the Receiving Party (which consent shall not be unreasonably withheld, delayed or conditioned), the Providing Party may modify, change or enhance the manner, methodology, systems, applications, nature, quality or standard of care of any Transition Service provided to the Receiving Party to the extent that the Providing Party is making a similar change in the performance of such services for its businesses or its subsidiaries or otherwise to the extent such change does not have a material and adverse effect on the Fees, scope or timing for such Transition Service or the standard of service set forth in this Section 1.6. If the Receiving Party believes that a modification, change or enhancement to any Transition Service is reasonably necessary, the Receiving Party will submit a written request to the Providing Party describing the requested modification and the parties shall discuss in good faith the requested modification, including duration, service levels, resource requirements and additional associated Fees (it being understood that the Providing Party will not be under obligation to make such modification, change or enhancement, or to pay any additional Fees, unless the parties mutually agree).

Section 1.7 Provision of Services.

(a) Employment and Supervision. All labor matters relating to employees of the Providing Party (including employees involved in the provision of the Transition Services to the Receiving Party) shall be within the exclusive control of the Providing Party, and the Receiving Party shall not take any action affecting such matters. Nothing in this Agreement is intended to transfer the employment of employees engaged in the provision of any Transition Service from one party to the other. The Providing Party shall have the sole responsibility to employ, pay, supervise, direct and discharge all of the personnel used in its provision of Transition Services hereunder. The Providing Party shall be solely responsible for the payment of all employee benefits and any other direct and indirect compensation for any of its personnel assigned to perform Transition Services under this Agreement, as well as worker's compensation insurance, employment taxes and other employer liabilities relating to such personnel as required by Law.

(b) Subcontractors. The Providing Party may hire or engage one or more subcontractors (other than any parties that are competitors of the Receiving Party) to perform all or any of its obligations under this Agreement; provided that (i) the Providing Party shall use the same degree of care in selecting any subcontractors as it would if such subcontractor was being retained to provide similar services to the Providing Party and (ii) the Providing Party shall in all cases remain responsible for ensuring that obligations with respect to the Transition Services set forth in this Agreement (including standards of services and confidentiality obligations) are satisfied with respect to any Transition Service provided by a subcontractor hired or engaged by the Providing Party. The Providing Party shall be responsible for all payments to subcontractors it engages to provide Transition Services.

(c) Management of Services. Except as may otherwise be expressly provided in this Agreement, the management of, and control over, the provision of the Transition Services by the Providing Party shall reside solely with the Providing Party.

(d) Independence. Each of Avaya and Purchaser acknowledges that they are separate entities, each of which has entered into this Agreement for independent business reasons. The Providing Party shall be an independent contractor in connection with the performance of Transition Services hereunder for any and all purposes (including federal, state or local tax purposes), and the employees performing Transition Services in connection herewith shall not be deemed to be employees or agents of the Receiving Party and nothing contained herein shall be deemed to create a joint venture or partnership or a “single employer,” “joint employer,” “alter ego” or “co-employer” relationship or a principal-agent relationship.

(e) Compliance with Law. Each of the Providing Party and the Receiving Party shall, during the term of this Agreement, comply with any applicable Laws, including any antitrust, competition or trade regulation Law, relating to the provision or use (as applicable) of Transition Services.

Section 1.8 Cooperation and Governance.

(a) During the term of this Agreement and subject to Section 1.9 and Section 1.10, the parties shall, and shall cause each of their respective subsidiaries and each of the foregoing entities’ respective Representatives to, cooperate with each other in good faith (i) in the performance of the Transition Services and the parties’ respective obligations under this Agreement to provide required services specified herein and (ii) to facilitate an orderly and efficient transition of services, processes and functions contemplated in this Agreement, and in each case in a manner consistent with the intent of this Agreement. Avaya shall, or shall cause its applicable subsidiaries to, cooperate with Purchaser as reasonably requested by Purchaser in connection with the migration of Business data that is included in the Transferred Assets to Purchaser systems, including the transfer of records, segregation and migration of historical data, and cooperation with and assistance to third party consultants engaged by Purchaser in connection with the foregoing. Purchaser shall be responsible for any reasonable out-of-pocket costs approved in writing in advance by Purchaser and actually incurred by Avaya in providing such assistance. Where necessary for the Providing Party to provide the Transition Services, the Receiving Party shall use all reasonable efforts to (i) provide information and documentation reasonably sufficient for the Providing Party to perform, or cause to be performed, the Transition Services provided that the Receiving Party shall not be required to provide any information or documentation if the provisions of such information or documentation would violate any Law or any Contract to which the Receiving Party is a party or is subject to, or would result in the disclosure of information or materials subject to any applicable privilege (including the attorney-client or similar privilege) and (ii) make available, as reasonably requested by the Providing Party, sufficient resources, timely decisions, approvals and acceptances so that the Providing Party may accomplish its obligations hereunder in a timely manner.

(b) Each party shall appoint a representative with responsibility for managing such party’s obligations under this Agreement (“**TSA Manager**”). The TSA Manager shall be a Person of sufficient authority to be able to make decisions under this Agreement and to serve as

an effective channel for escalations. The TSA Managers shall meet in Person or by phone on at least a monthly basis during the Term of this Agreement to discuss matters under this Agreement. The TSA Managers will mutually agree on any additional operational governance that may be required to (i) facilitate the effective and timely delivery of Transition Services, (ii) assist in the resolution of any operational issues or related disputes and (iii) help ensure the effective communication, cooperation and information exchanges between the parties.

(c) Without limiting Section 1.8(b), if a dispute, controversy or claim (“**Dispute**”) arises between the parties relating to the interpretation or performance of this Agreement, within fifteen (15) days from a request from a party in writing, the TSA Managers shall meet to discuss in good faith a potential (or actual) resolution of the Dispute prior to pursuing other available remedies. If the TSA Managers are unable to resolve such dispute within fifteen (15) Business Days, either TSA Manager may request in writing a meeting of appropriate executives of each party with authority to resolve the Dispute. In the event of such a request, appropriate executives (with authority to resolve the Dispute) of each party will promptly meet within ten (10) Business Days to discuss in good faith a potential (or actual) resolution of the Dispute prior to pursuing other available remedies. If such executives are not able to resolve the Dispute within thirty (30) days from their initial meeting, such Dispute will be governed by a Proceeding subject to the terms of Section 7.8, Section 7.9, Section 7.10 and Section 7.11.

Section 1.9 Service Interruption. Without limiting anything set forth in Section 1.10, upon reasonable prior notice to the Receiving Party, the Providing Party or any relevant Third Party will have the right to temporarily interrupt or suspend, in the Providing Party’s reasonable judgment, (a) the provision of Transition Services for emergency maintenance purposes or (b) the operation of the facilities or systems of the Providing Party or Third Party providing any Transition Services for ordinary course maintenance purposes consistent with past practice. Whenever such maintenance is required, the Providing Party shall (or in the case of such maintenance affecting any Third Party providing Transition Services, shall request that the relevant Third Party to) notify the Receiving Party as far in advance as reasonably practicable under the circumstances that maintenance is required. Any other routine maintenance or preventative services shall take place at such time as is mutually agreed upon by the applicable Providing Party and Receiving Party. In performing any maintenance contemplated by this Section 1.9, the Providing Party shall use commercially reasonable efforts to minimize the impact of such maintenance on the Transition Services and the Receiving Party’s business. The Providing Party will be relieved of its obligations to provide Transition Services only for the period of time that the relevant facilities or systems are shut down during such maintenance, but shall also use commercially reasonable efforts to minimize each period of shut down for such purpose and resume the provision of the relevant Transition Services as soon as reasonably practicable thereafter.

Section 1.10 Force Majeure. Neither the Providing Party nor any Third Party providing any Transition Services shall be liable for any interruption, delay or failure to fulfill any obligation under this Agreement, including any interruption, delay or failure of any Transition Service or the quality or quantity thereof if such interruption, delay or failure results from causes beyond its reasonable control, including acts of God, acts of any public enemy, storms, floods, riots, fires, sabotage, civil commotion or civil unrest, interference by governmental, civil or

military authorities, declaration, continuation, escalation or acts of war or terrorism, strike, walkout, lockout or other labor dispute, failure or shortage of energy sources, raw materials or components or other similar events outside the reasonable control of the Providing Party or applicable Third Party (“**Force Majeure Event**”). Upon the occurrence of a Force Majeure Event, the Providing Party shall (or in the case of a Force Majeure Event affecting any Third Party providing Transition Services, shall request that the relevant Third Party) promptly notify the Receiving Party of the Force Majeure Event and the estimated extent and duration of its inability to perform its obligations. The Providing Party (or such Third Party) shall reasonably promptly notify the Receiving Party upon the cessation of any Force Majeure Event. The Providing Party shall use all reasonable efforts to minimize the effect of the Force Majeure Event on its obligations hereunder; provided that nothing in this Section 1.10 shall be construed to require the settlement of any strike, walkout, lockout or other labor dispute on terms which, in the reasonable judgment of the affected party, are contrary to its interests. If the Providing Party or any relevant Third Party is unable to provide any of the Transition Services due to a Force Majeure Event, the parties shall use commercially reasonable efforts to cooperatively seek a solution that is mutually satisfactory. During the period of any such Force Majeure Event, the Receiving Party shall be free to acquire such Transition Services from an alternate source, at the Receiving Party’s sole cost and expense. For the avoidance of doubt, the Receiving Party shall not be obligated to pay the Providing Party for such Transition Services during the period when the Providing Party is not itself, or through a Third Party, providing such Transition Services.

Section 1.11 Obligations. The provision of Transition Services hereunder is subject to the following.

(a) The Providing Party, its subsidiaries and any relevant Third Party may rely upon any written notice or other written (including via e-mail) communication from the TSA Manager of the Receiving Party.

(b) The Providing Party shall not have any obligation to perform any Transition Service to the extent that performing such Transition Service is dependent upon, or otherwise requires, the Receiving Party or any of its subsidiaries to perform some service, operation or function prior to the Providing Party performing any such Transition Service unless the Receiving Party or its subsidiaries shall have, in fact, prior to when the Providing Party is required to perform such Transition Service, performed such other service, operation or function consistent with commercially reasonable business practices.

(c) The Receiving Party shall not, and shall cause its subsidiaries to not, and shall take commercially reasonable efforts to cause each of their Representatives to not, break, bypass or circumvent, or attempt to break, bypass or circumvent, any security system of the Providing Party or any of its respective subsidiaries or any Third Party providing Transition Services hereunder or obtain access to any program or data other than that to which access has been specifically granted by the Providing Party or any of its subsidiaries or any Third Party providing Transition Services hereunder. The Receiving Party shall, and shall cause its subsidiaries to, use commercially reasonable efforts to ensure that, in connection with the receipt of Transition Services by such Party or any of its subsidiaries, no computer virus or other malicious code is introduced to the IT systems (as defined below) of the Providing Party or any of its subsidiaries.

(d) Representatives of the Receiving Party receiving the Transition Services or working with the Providing Party in connection with the provision of Transition Services shall at all times be instructed to comply with, and the Receiving Party shall take all reasonable efforts to cause them to comply with, all physical and technological security rules, policies and procedures of the Providing Party, its subsidiaries and any relevant Third Party provided in writing to the Receiving Party by the Providing Party, its subsidiaries or a relevant Third Party.

(e) Subject to Section 1.5 hereof, in providing the Transition Services, the Providing Party shall not be obligated to: (i) hire or train any additional employees, except, in case of training, as may be set forth on Exhibit A or Exhibit B; (ii) purchase, lease or license any additional equipment, Intellectual Property or other personal property; or (iii) convert or transfer any of the Receiving Party's data to any alternate supplier of the Transition Services or pay any costs related thereto.

Section 1.12 IT Systems Firewalls. Without limiting Section 1.11, the provision of Transition Services hereunder is subject to the following.

(a) As of the Closing Date, except as otherwise expressly provided in this Agreement, neither party nor any of its subsidiaries shall have access to or use of the computer software, hardware, networks or other information technology systems (collectively, "**IT Systems**") of the other party or any of its subsidiaries, and any such access or use shall be subject to the terms and conditions of this Section 1.12.

(b) After the parties' respective IT Systems are separated and operated as separate instances, if applicable, (i) the Providing Party may grant to the Receiving Party or any of its subsidiaries or personnel access to or use of any IT Systems of the Providing Party or any of its subsidiaries, or (ii) the Receiving Party may grant to the Providing Party or its subsidiaries or personnel access to or use any IT Systems of the Receiving Party or any of its subsidiaries, in each case as required to perform or receive the Transition Services under this Agreement. To the extent that such access is granted, the party having such access shall, and shall cause its subsidiaries and personnel to, comply with all reasonable and generally applicable written policies, procedures and limitations of the other party or such subsidiaries with respect to such access or use (including information security and firewall, antivirus protection, physical security, access control for computer access, password sharing, and dual connection policies, procedures, and limitations), each as the same have been communicated to the party receiving access in writing from time to time and subject to amendment from time to time by the party providing access (collectively, the "**IT Firewall Policies**"). For the avoidance of doubt, the IT Firewall Policies attached as Exhibit E-1 have been communicated by Avaya to Purchaser and the IT Firewall Policies attached as Exhibit E-2 have been communicated by Purchaser to Avaya. The party receiving such access shall be responsible hereunder for each of its subsidiaries' and personnel's compliance with the applicable IT Firewall Policies of the party providing such access and shall ensure that the access contemplated by this Section 1.12 shall be used by its subsidiaries and personnel only for the purposes contemplated by, and subject to the terms of, this Agreement.

(c) No Receiving Party shall permit any of its personnel to access the Providing Party's IT Systems unless such access is approved by such Providing Party in advance and an

expiration date for such access is implemented. The Receiving Party's personnel's computers and system accounts, if any, on the Providing Party's IT Systems that are not required for the transition or otherwise under this Agreement must be blocked from unauthorized access to the Providing Party's network and/or associated computer applications. The Receiving Party acknowledges that computing assets connected to the Providing Party's IT Systems are subject to monitoring by intrusion detection instrumentation and are subject to routine vulnerability assessment scans and e-mail filtering which may occur at any time. The Providing Party shall maintain commercially reasonable security measures consistent with past practice with respect to all of the Providing Party's IT Systems used in connection with the provision of Transition Services and all of the data contained therein throughout the term of this Agreement.

(d) Without limiting the foregoing in Section 1.7(e) or this Section 1.12, each party shall, and shall cause its subsidiaries to, comply with all applicable antitrust, competition or trade regulation Laws in connection with any access to or use of IT Systems hereunder, including by limiting any access to or disclosure of sensitive proprietary information of a party to the other party to the extent such access or disclosure is prohibited by such antitrust, competition or trade regulation Law.

ARTICLE II FEES AND PAYMENT

Section 2.1 Fees. The fees payable by Purchaser to Avaya for each of the Seller Transition Services are as set forth in Exhibit A (the "**Seller Fees**") and the fees payable by Avaya to Purchaser for each of the Purchaser Transition Services are as set forth in Exhibit B (the "**Purchaser Fees**," and collectively with the Seller Fees, the "**Fees**").

Section 2.2 Invoice and Payment. Unless Exhibit A or Exhibit B provide otherwise or the parties agree in writing to a different arrangement, each month during the term of this Agreement, the Providing Party shall invoice the Receiving Party for the Fees for the Transition Services provided to the Receiving Party during the preceding month; provided that the Providing Party will issue such invoice, or cause its subsidiary to issue such invoice, and the Receiving Party will receive, or cause its subsidiary to receive such invoice, in each case, in the same country that the applicable Transition Services are provided and received in if the Receiving Party has a legal entity in such country, and otherwise the Providing Party shall issue such invoice, or cause its subsidiary to issue such invoice, and the Receiving Party will receive, or cause its subsidiary to receive such invoice, in the United States in US Dollars. The actual date of notification of amounts due will be determined according to the Providing Party's regular business practices and systems capabilities. Subject to Section 2.4, the Receiving Party shall pay, by wire transfer of immediately available funds payable to the order of the Providing Party, or to such account or accounts designated by the Providing Party, the undisputed invoiced Fees to the Providing Party within forty-five (45) days of receipt of the invoice.

Section 2.3 Failure to Make Payment. If the Receiving Party fails to make payment of any undisputed Fees (subject to Section 2.4) in accordance with Section 2.2, it shall be required to pay, in addition to the amount of such unpaid Fees, interest on such amount at 6% per annum.

Section 2.4 Disputes and Resolution. The Receiving Party shall promptly, and in no event later than thirty (30) days following receipt of the Providing Party's invoice, notify the Providing Party in writing of any amounts billed to it that are in dispute and reasonably detail the basis for such dispute. Upon receipt of such notice, the Providing Party will research the items in question in a reasonably prompt manner and cooperate with the Receiving Party to resolve any such dispute. The amount of invoiced Fees payable by the Receiving Party shall be reduced by the amount of any Fees disputed in accordance with this Section 2.4, which disputed Fees shall be paid to the Providing Party within thirty (30) days after settlement of such dispute to the extent owed to the Providing Party; provided that any undisputed portion of such amount shall be included in the calculation of the amount due and paid in accordance with Section 2.2.

Section 2.5 Audit Rights. Not more than once (a) for any twelve (12) month period during the term of this Agreement and (b) during the three (3) years thereafter, upon thirty (30) days' advance written notice, a Receiving Party may audit (or subject to the specifications and limitations set forth in Exhibit A or Exhibit B to this Agreement applicable to the audited Transition Service, cause an independent third party auditor to audit), during regular business hours, the books and records of the Providing Party (in each case subject to the specifications and limitations set forth in the applicable Exhibit A or Exhibit B to this Agreement with respect to the audited Transition Service) pertaining to the Transition Service in question. The Receiving Party shall use commercially reasonable efforts to conduct any such audit in a manner that does not materially interfere or disrupt the normal operations of the Providing Party's conduct of its business. If the audit demonstrates that an overcharge occurred, the Providing Party shall promptly (but in any event within forty-five (45) days after written notice thereof from the Receiving Party, together with a copy of such audit) pay to the Receiving Party the amount of the overcharge. The Receiving Party requesting an audit pursuant to this Section 2.5 shall be responsible for all costs of conducting such audit, and shall reimburse the applicable Providing Party for any reasonable documented out-of-pocket costs and expenses incurred in connection with such audit; provided that if the audit demonstrates that an overcharge has occurred in an amount greater than 10% of the total fees paid by the Receiving Party in the calendar year in which the overcharge occurred, as accurately stated, then the Providing Party shall pay to the Receiving Party the reasonable costs and expenses incurred by the Receiving Party in connection with such audit.

Section 2.6 Records. Each Providing Party shall maintain records of all receipts, invoices, reports and other documents relating to the Transition Services rendered under this Agreement in accordance with its standard accounting practices and procedures. Each Providing Party shall retain such accounting records and make them reasonably available to the applicable Receiving Party's auditors for a period of three (3) years from the close of each fiscal year of such Receiving Party during which Transition Services were provided. Each Providing Party will cooperate with the applicable Receiving Party and its auditors, as reasonably requested by such Receiving Party, in connection with any such audit; provided that Receiving Party shall use commercially reasonable efforts to conduct any such audit in a manner that does not materially interfere or disrupt the normal operations of the Providing Party's conduct of its business.

Section 2.7 Taxes.

(a) The Receiving Party or its applicable subsidiary shall pay any and all sales, use, value added or other similar Taxes (but, for the avoidance of doubt, excluding any franchise Taxes, Taxes imposed on or measured by the gross or net income of a party or personal or real property Taxes on property owned or leased by a party, except as otherwise provided herein), levied upon the provision of the Transition Services (including Fees due in exchange therefor), as provided to the Receiving Party by the Providing Party (such Taxes, “**Covered Taxes**”). Any such Covered Taxes shall only be charged at the prevailing rate and in accordance with applicable Law and shall be reduced or eliminated if and to the extent that the Receiving Party has provided any valid and applicable exemption certificates or other applicable documentation that eliminates or reduces the obligation to collect and/or pay such Covered Taxes. The parties shall use commercially reasonable endeavors to eliminate or minimize any Covered Taxes payable in connection with this Agreement (including through the use of local services agreements, alternative contractual arrangements or alternative invoicing arrangements). In addition, the Providing Party shall provide such other information as required to be provided by the Providing Party in accordance with applicable Law and as otherwise reasonably requested by the Receiving Party that is necessary for the Receiving Party to report such Covered Taxes on its Tax Returns (including for purposes of claiming Tax deductions, credits or refunds). The Receiving Party shall not be responsible for interest, penalties or additions to tax imposed as a result of the Providing Party’s failure to timely invoice or remit Covered Taxes except to the extent such failure results from the Receiving Party’s failure to timely or accurately provide information pursuant to the proceeding sentence.

(b) Except as otherwise required under applicable Law, the Providing Party shall be solely responsible to withhold and remit to the applicable governmental authority any employment, income or other Taxes required to be withheld in respect of its employees related to the sale, performance, provision or delivery of Transition Services (the “**Employee Taxes**”). Except as otherwise required under applicable Law, the Providing Party shall timely prepare and file all Tax Returns required to be filed with any governmental authority with respect to such Employee Taxes.

(c) The Receiving Party shall be entitled to deduct and withhold any amounts in respect of Taxes required to be deducted or withheld from any Fees payable hereunder, and any amounts so deducted or withheld shall be treated as having been paid to the Providing Party for all purposes of this Agreement; provided that the parties will use commercially reasonable efforts to reduce or minimize any such deductions or withholdings to the extent practicable.

ARTICLE III DISCLAIMER AND LIMITATION OF LIABILITY

Section 3.1 Disclaimer of Warranties. Each Receiving Party hereby acknowledges that the applicable Providing Party does not regularly provide third party services such as the Transition Services as part of their business. EXCEPT AS SET FORTH IN SECTION 1.5 AND Section 1.7(e) (OR, IF APPLICABLE, AS OTHERWISE EXPRESSLY SET FORTH IN ANY APPLICABLE EXHIBIT HERETO), EACH PARTY MAKES NO, AND SPECIFICALLY DISCLAIMS ALL, REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE TRANSITION SERVICES TO BE PROVIDED OR RECEIVED BY IT OR OTHERWISE WITH RESPECT TO THIS AGREEMENT OR THE MATTERS

Section 5.1 Confidentiality. Each party shall, and shall cause their respective affiliates and Representatives to (a) keep confidential the terms of this Agreement and all information, materials and processes relating to a party or any affiliate of such party obtained by the other party or any affiliate thereof at any time (whether prior to or after the date hereof) in any format whatsoever (whether orally, visually, in writing, electronically or in any other form) relating to, arising out of or in connection with the Transition Services but shall not include (i) information which becomes generally available to the public other than by release in breach of the provisions of this Agreement, including matters that become a matter of public record as a result of the Bankruptcy Case and the filings related thereto, (ii) information which becomes available on a non-confidential basis to a party from a source other than the other party to this Agreement or its affiliates, (iii) information which was in the possession of a party prior to disclosure by the other party (provided that any information regarding the Business in the possession of Avaya prior to the Closing Date or provided to Avaya pursuant to, or maintained by Avaya under, this Agreement shall not be subject to this provision) or (iv) is independently developed by a party without the use or reference to any information obtained from the other party (“**Confidential Information**”), and shall not disclose such Confidential Information except where such disclosure is reasonably necessary to perform or receive, or settle any dispute regarding, their respective duties, benefits or rights under this Agreement or as required by applicable Law, Governmental Entity, Proceeding (including the Bankruptcy Case) or the rules and regulations of any stock exchange or quotation services on which such party’s stock is traded or quoted, and (b) shall not use any Confidential Information other than for the purposes of performance or receipt of Transition Services under this Agreement. Without limiting the generality of the foregoing, each party shall cause its Representatives to exercise the same level of care with respect to Confidential Information relating to the other party or any of its affiliates as it would with respect to similar proprietary information, materials and processes relating to itself or any of its affiliates. Notwithstanding any provision of this Article V to the contrary, a party may disclose such portion of Confidential Information relating to the other party to the extent, but only to the extent, the disclosing party reasonably believes that such disclosure is required by judicial or administrative process or by other requirements of applicable Law, Governmental Entity, Proceeding (including the Bankruptcy Case) or the rules and regulations of any stock exchange or quotation services on which such party’s stock is traded or quoted; provided that if permissible under applicable Law, rules or regulations and reasonably practicable under the circumstances, the disclosing party first notifies the other party of such requirement and allows such party a reasonable opportunity to: (i) seek a protective order or other appropriate remedy to prevent such disclosure, (ii) consult with the disclosing party with respect to the such party’s taking steps to resist or narrow the scope of such request or legal process or (iii) waive compliance, in whole or in part, with the terms of this Section 5.1. The party disclosing the

The obligations of the parties and their respective affiliates and Representatives under this Article V shall remain in effect until the expiration of the applicable statute of limitations following the expiration or termination of this Agreement, except for the obligation to keep confidential the trade secrets of any party which shall not expire. If all or any part of the Transition Services under this Agreement are terminated, each party and their respective affiliates will, and will cause their respective officers and employees, and will use their commercially reasonable efforts to cause their Representatives to, destroy or deliver to the other Party, upon request, all documents and other materials, and all copies thereof, obtained by such party or its affiliates or on their behalf from the other party in connection with the Transition Services so terminated that are subject to such confidence. For clarity and notwithstanding anything to the contrary herein, the Confidential Information of Purchaser shall not include any Excluded Assets, and the Confidential Information of Avaya shall not include any Transferred Assets.

ARTICLE VI TERM AND TERMINATION

Section 6.1 Term.

(a) Term of Agreement. This Agreement shall commence on the date hereof, and shall end on the earliest of (i) the date all Transition Services have either expired in accordance with the terms of this Agreement or been terminated in accordance with the terms of this Agreement, (ii) the date on which this Agreement is terminated in accordance with its terms or (iii) two years from the date of this Agreement.

(b) Term of Services. The Providing Party shall provide each Transition Service beginning on the date hereof, or agreed to herein or in writing by the parties and continuing for a period equal to the service term set forth for such Transition Service in Exhibit A or Exhibit B, as applicable, unless renewed or sooner terminated in accordance with the provisions of this Agreement.

Section 6.2 Termination of Services.

(a) Termination by the Receiving Party. Subject, if applicable, to any requirements that certain interdependent Transition Services be terminated concurrently (as set forth in Exhibit A or Exhibit B, respectively), the Receiving Party may terminate its right to receive any particular Transition Service for any or no reason, by providing the Providing Party written notice of termination (the “**Termination Notice**”), not less than forty-five (45) days prior to the date on which services shall be terminated (the “**Termination Date**”) setting forth in reasonable detail the Transition Services to be terminated (the “**Terminated Services**”) and the Termination Date for each Terminated Service which, in the case of termination of Transition Services by the Receiving Party, shall not be less than forty-five (45) days from the receipt of the Termination Notice by the Providing Party.

(b) Termination for Breach. If a party materially breaches any of its obligations under this Agreement, and does not cure such default within sixty (60) days after receiving written notice thereof from the non-breaching party, then the non-breaching party may, at its option, terminate any Transition Service affected by such breach or this Agreement in its entirety by providing a Termination Notice to the breaching party, for which termination the effective Termination Date shall be date of receipt of such Termination Notice.

(c) By Mutual Consent. Any Transition Service may be terminated by mutual consent of the parties in writing at any time.

(d) Termination Services. Notwithstanding the termination of any Transition Service, the Receiving Party shall be responsible and shall pay all Fees in connection with such Transition Service for the duration of the respective Service Term for such Transition Service, except to the extent that such Fees involve variable costs that the Providing Party is able to cease incurring prior to the end of such Service Term, without further incurring any other costs or Liabilities as a result of such termination or cessation. If requested by the Receiving Party, the Providing Party will, at the Receiving Party's sole expense, provide reasonable cooperation and use commercially reasonable efforts to assist the Receiving Party in accomplishing an orderly transition to an alternative provider of the applicable Transition Services, including, to the extent reasonably necessary in connection therewith, providing, upon reasonable advance notice, reasonable access during normal business hours to the Providing Party's applicable books, records, systems, facilities and employees to the extent relating to the Transition Services; provided that the Receiving Party shall use commercially reasonable efforts to ensure that such access does not materially interfere or disrupt the normal operations of the Providing Party's conduct of its business; and provided further that in the event that affording any such access to the Receiving Party would (i) breach any fiduciary duty, duty of confidentiality owed to any Person (whether such duty arises contractually, statutorily or otherwise), Law or any Contract with any other Person, (ii) waive or jeopardize any privileges, including the attorney-client privilege, or any work product protection, or (iii) share any information which constitutes trade secrets or other sensitive information, the parties shall take such steps as are reasonably necessary to permit the Providing Party's compliance with such request in a manner that avoids any such breach, waiver, detriment, harm or consequence. Notwithstanding the foregoing, nothing contained in this Section 6.2(d) shall obligate the Providing Party to provide any such service beyond the applicable Service Term set forth on Exhibit A or Exhibit B herein, except to the extent otherwise agreed in writing.

Section 6.3 Survival. Articles II, III, IV, V, VI and VII shall survive the expiration or any termination of this Agreement. Notwithstanding the foregoing, in the event of any termination with respect to one or more, but less than all of the Transition Services, this Agreement shall continue in full force and effect with respect to any Transition Services not terminated hereby.

Section 7.4 Interpretation. Any capitalized terms used in any Exhibit but not otherwise defined therein, shall have the meaning as defined in this Agreement. References to defined terms in the singular shall include the plural and references to defined terms in the plural shall include the singular. The word “extent” in the phrase “to the extent means the degree to which a subject or other thing extends, and such phrase does not mean simply “if”. The descriptive headings of the several Articles, Sections and subsections of this Agreement are inserted for convenience only, do not constitute a part of this Agreement and shall not affect in any way the meaning or interpretation of this Agreement. All references herein to “Articles”, “Sections”, or “Exhibits” shall be deemed to be references to Articles or Sections hereof or Exhibits hereto unless otherwise indicated. The terms “hereof”, “herein”, “hereby” and derivative or similar words refer to this entire Agreement, including all Exhibits and Schedules. The use of “or” is not intended to be exclusive unless expressly indicated otherwise. Reference to any agreement (including this Agreement), document or instrument shall mean such agreement, document or instrument as amended or modified and in effect from time to time in accordance with the terms thereof and, if applicable, the terms hereof. Reference to any legislation or to any provision of any legislation shall include any modification, amendment, re-enactment thereof, any legislative provision substituted therefore and all rules, regulations and statutory instruments issued or related to such legislation.

Section 7.5 Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when each party hereto shall have received counterparts hereof signed by each of the other parties hereto. Any such counterpart, to the extent delivered by means of a facsimile machine or by .pdf, .tif, .gif, .peg or similar attachment to electronic mail (any such delivery, an “**Electronic Delivery**”) shall be treated in all manner and respects as an original executed

counterpart and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in Person. At the request of any party hereto, each other party hereto shall re-execute the original form of this Agreement and deliver such form to all other parties. No party hereto shall raise the use of Electronic Delivery to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of Electronic Delivery as a defense to the formation of a contract, and each such party forever waives any such defense, except to the extent such defense relates to lack of authenticity.

Section 7.6 Entire Agreement. This Agreement, the Exhibits annexed hereto and the other agreements specifically referred to herein constitute the entire understanding between the parties with respect to the subject matter hereof and thereof, and supersede all other understandings and negotiations with respect thereto. The parties agree to define their rights, liabilities and obligations with respect to such understanding and the transactions contemplated hereby exclusively in contract pursuant to the express terms and provisions of this Agreement, and the parties expressly disclaim that they are owed any duties or are entitled to any remedies with respect thereto not expressly set forth in this Agreement. Each Exhibit attached hereto or referenced herein is hereby incorporated into and shall form a part of this Agreement by reference; provided that the terms contained in such Exhibit shall only apply with respect to the Transition Services provided under that Exhibit. In the event of a conflict between the terms contained in an individual Exhibit and the terms in the body of this Agreement, the terms in this Agreement shall take precedence with respect to the Transition Services under such Exhibit. No terms contained in individual Exhibits shall modify the terms of this Agreement.

Section 7.7 Severability.

(a) In the event that any provision contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any jurisdiction, such provision shall be ineffective as to such jurisdiction to the extent of such invalidity, illegality or unenforceability without invalidating or affecting the remaining provisions hereof or affecting the validity, legality or enforceability of such provision in any other jurisdiction.

(b) In the event that any provision contained in this Agreement shall be removed or modified by the Bankruptcy Court in connection with the entry of the Sale Order (as defined in the APA), then all other terms of this Agreement shall nevertheless remain in full force and effect and be enforceable to the maximum extent permitted by applicable law.

Section 7.8 Governing Law. Except to the extent the mandatory provisions of the Bankruptcy Code apply, this Agreement, the negotiation, execution or performance of this Agreement and any disputes arising under or related hereto (whether for breach of contract, tortious conduct or otherwise) shall be governed and construed in accordance with the Laws of the State of New York, without reference to its conflicts of law principles.

Section 7.9 Jurisdiction. Without limitation of either party's right to appeal any order of the Bankruptcy Court, each party irrevocably agrees that any Proceeding against them arising out of or in connection with this Agreement or the transactions contemplated by this Agreement or disputes relating hereto (whether for breach of contract, tortious conduct or otherwise) shall be brought exclusively in the United States Bankruptcy Court for the Southern District of New York

or if the Bankruptcy Case is closed, in the United States District Court for the Southern District of New York, or, if such court does not have jurisdiction, the state courts of New York located in New York County, and hereby irrevocably accepts and submits to the exclusive jurisdiction and venue of the aforesaid courts *in personam* with respect to any such Proceeding and waives to the fullest extent permitted by Law any objection that it may now or hereafter have that any such Proceeding has been brought in an inconvenient forum. Notwithstanding the foregoing, any final judgment in any suit, action or other Proceeding may be enforced in other jurisdictions by suit on the judgment in any other manner provided by applicable Law.

Section 7.10 Service of Process. Each of the parties consents to service of any process, summons, notice or document which may be served in any Proceeding in the Bankruptcy Court or the United States District Court for the Southern District of New York or the state courts of New York located in New York County as provided in Section 11.04 of the Purchase Agreement (other than by fax or email).

Section 7.11 Waiver of Jury Trial. EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR DISPUTES RELATING HERETO. EACH PARTY (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTY HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS Section 7.11.

Section 7.12 Amendments and Waivers. This Agreement may be amended, modified, superseded or canceled and any of the terms, agreements or conditions hereof may be waived only by an instrument in writing signed by each of the parties or, in the case of a waiver, by or on behalf of the party waiving compliance. No course of dealing between the parties or any of their subsidiaries or Representatives shall be effective to amend or waive any provision of this Agreement.

Section 7.13 Conflicts. In the case of conflict between the terms and conditions of this Agreement and the Purchase Agreement, the Purchase Agreement shall control.

Section 7.14 Joint Drafting. The parties hereto have been represented by counsel in the negotiations and preparation of this Agreement; therefore, this Agreement will be deemed to be drafted by each of the parties hereto, and no rule of construction will be invoked respecting the authorship of this Agreement.

For the avoidance of doubt, the only license provided to distributors, resellers, customers, Contractors, vendors, and end-users of such Licensed Business Products relates solely and specifically to such Licensed Business Products and shall not apply in any way to any other products or services used, sold, or otherwise made available by distributors, resellers, customers, Contractors, vendors, and end-users.

3.2 License to Transferred Other Intellectual Property. Subject to the terms and conditions of this Agreement, Purchaser hereby grants to the Avaya Parties a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, non-sublicensable (except as provided in the following sentence), non-transferable (except as provided in Section 9.1) license under the Transferred Other Intellectual Property (a) to use, reproduce, prepare, derivative works of, perform, display, and distribute (through multiple tiers of distribution) the Transferred Other Intellectual Property (other than Software) and (b) with respect to any Transferred Other Intellectual Property consisting of Software, to (i) use, reproduce, perform, display, modify, enhance, and create derivative works of the Source Code version of such Software, (ii) compile the Source Code version of such Software into the Object Code version of such Software, and (iii) use, reproduce, perform, display and distribute (through multiple tiers of distribution) the Object Code version of such Software, in each case of (a) and (b), in connection with making, having

made, using, selling, offering for sale, importing, supporting and servicing, and otherwise disposing of, the Avaya Licensed Products. The Avaya Parties may sublicense the rights granted in this Section 3.2 to Avaya Subcontractors solely for the purposes of such Avaya Subcontractors performing work on behalf of an Avaya Party.

3.3 Certain Limitations.

(a) Anti-Foundry. The licenses granted pursuant to Sections 3.1 and 3.2 do not extend to any products or services that are (i) designed by or for a third party without substantial input from an Avaya Party and manufactured, reproduced, sold, leased, licensed, distributed, provided, or otherwise transferred from an Avaya Party to such third party (or to customers of, or as directed by, such third party), (ii) designed, manufactured, reproduced, sold, leased, licensed, distributed, provided, or otherwise transferred through or by an Avaya Party for or on behalf of a third party for the purpose of attempting to make such product or service licensed, exhausted, or immune under any Transferred Patent, or (iii) designed, manufactured, reproduced, sold, leased, licensed, distributed, provided, or otherwise transferred through or by an Avaya Party as a reseller for or on behalf of a third party. With respect to clause (iii), an Avaya Licensed Product that would otherwise be licensed under this Agreement shall not cease to be so licensed as a result of the inclusion in such product of a third party product, provided that such Avaya Licensed Product shall not be licensed under this Agreement with respect to such third party product on a stand-alone basis. By way of example, if an Avaya Party includes a third party chipset in an Avaya Licensed Product that would otherwise be licensed under this Agreement in the absence of the inclusion of such chipset, such Avaya Licensed Product shall not cease to be so licensed by virtue of clause (iii), but such chipset shall not be licensed under this Agreement on a stand-alone basis. For clarity and without limiting the foregoing, if an Avaya Party includes in one of its products a third party product and such inclusion results in such Avaya Party product not constituting an “Avaya Licensed Product,” such Avaya Party product shall no longer be licensed under this Agreement.

(b) Subsidiaries. Except as otherwise provided in Section 9.1(c), the licenses granted to any Avaya subsidiary pursuant to Section 3.1 and 3.2 shall continue for only as long as such person is a subsidiary of Avaya and shall immediately terminate when such person ceases to be a subsidiary of Avaya.

(c) Certain Transactions. If any Avaya Party acquires any Acquired Business, whether by transfer of assets, merger, transfer of equity interests, or otherwise, the licenses granted pursuant to Sections 3.1 and 3.2 shall not extend to, and the Avaya Licensed Products shall not include, any product or service of such Acquired Business, even if such Acquired Business is transferred to, merged with, or licensed to any Avaya Party (in any manner).

3.4 Transfer of Transferred Intellectual Property. Nothing herein shall prevent Purchaser from selling, assigning, encumbering, pledging, or transferring, in whole or in part, any of the Transferred Patents or Transferred Other Intellectual Property, provided that any such sale, assignment, or transfer shall be subject to the licenses granted to the Avaya Parties herein.

3.5 Downstream Rights. The licenses granted to the Avaya Parties pursuant to Section 3.1 attach to and are transferred with any Avaya Licensed Product covered by, incorporating or using any Transferred Patent, and pass to each distributor, reseller, customer, Contractor, vendor, and end-user of such Avaya Licensed Product. For the avoidance of doubt, the only license provided to distributors, resellers, customers, Contractors, vendors, and end-users of such Avaya Licensed Products relates solely and specifically to such Avaya Licensed Products and shall not apply in any way to any

other products or services used, sold, or otherwise made available by distributors, resellers, customers, Contractors, vendors, and end-users.

3.6 Reservation of Rights. All rights not granted to the Avaya Parties herein are expressly reserved. Without limiting the foregoing, Avaya acknowledges and agrees that, as between the Parties, Purchaser owns the Transferred Patents and Transferred Other Intellectual Property and that, except as expressly provided in this Agreement, no other rights or licenses, express or implied, are granted by Purchaser or one of the other Purchaser Parties to the Avaya Parties hereunder, and that the Avaya Parties shall not exercise any of its rights with respect to any Transferred Patents and Transferred Other Intellectual Property, in each case other than as expressly permitted under this Agreement.

This Agreement may not be terminated under any circumstance (including, without limitation, any breach) without the mutual written agreement of the Parties. 6.2 Effect of Termination; Survival. If this Agreement expires or is terminated as provided in Section 6.1, all rights and obligations of each Party and its subsidiaries under this Agreement (including, without limitation, the licenses granted hereunder) shall immediately terminate; provided, however, that the provisions contained in Sections 2.6, 2.7, 3.5, 3.6, 4, 5, 6, 7, 8 and 9 of this Agreement shall survive such expiration or termination.

If this Agreement expires or is terminated, each Party and its respective affiliates will, and will cause its respective officers and employees, and will use its commercially reasonable efforts to cause its Representatives to, destroy or deliver to the other Party, upon request, all documents and other materials, and all copies thereof, obtained by such Party or its subsidiaries or on its behalf from the other Party in

(a) General. Neither this Agreement nor any of the rights and obligations of the Parties or their respective subsidiaries hereunder may be assigned by Purchaser or its subsidiaries, on the one hand, or Avaya or its subsidiaries, on the other hand, without the prior written consent of Avaya (in the case of Purchaser) or Purchaser (in the case of Avaya), as applicable; provided that each Party may, without the consent of the other Party, assign this Agreement or the rights and obligations hereunder:

(i) in whole (A) to any of its affiliates, (B) subject to Section 9.1(b), to a person that succeeds to all or substantially all of the business or assets of such Party and its subsidiaries to which this Agreement relates in connection with a merger or sale of all or substantially all of such Party's assets or stock (each, a "**Change of Control Event**"), or (C) in connection with a Corporate Reorganization of such Party; or

Subject to this Section 9.1(a), this Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. Any attempted assignment or transfer in violation of this Section 9.1 shall be null and void.

(b) Effect of Change of Control Event. If, as a result of a Change of Control Event, the assigning Party remains a separate, independent legal entity and is operated as a separate business (or is merged into a Merger Sub or then-current subsidiary of the applicable Party), then the licenses granted to such assigning Party and its subsidiaries under this Agreement shall not be affected as a result of such Change of Control Event but shall in no event extend to the third party acquirer (the "**Acquirer**") or any of its affiliates existing immediately prior to the Change of Control Event or any of its or their past, current, or future products or services. If, as a result of a Change of Control Event, the assigning Party does not remain a separate, independent legal entity and operate as a separate business, then the licenses granted to such assigning Party and its subsidiaries shall be limited to the Assigning Party Products of such Party and its subsidiaries and shall not otherwise extend to the Acquirer or any of its affiliates or any of their past, current, or future products or services.

(c) Effect of Divestiture. Upon an assignment by a Party pursuant to Section 9.1(a)(ii), the licenses granted to the assignee and its subsidiaries following such assignment shall be limited to the Assigning Party Products of such Party and its subsidiaries that are the subject of such assignment and shall not extend to any past, current, or future products or services of such assignee or any of its affiliates existing immediately prior to such assignment.

9.3 No Third-Party Beneficiaries. Except as expressly provided with respect to a Party’s subsidiaries, this Agreement is for the sole benefit of the Parties and their respective successors and permitted assigns and nothing herein expressed or implied shall give or be construed to give to any person, other than the Parties and such successors and assigns, any legal or equitable rights hereunder.

9.5 Interpretation. References to defined terms in the singular shall include the plural and references to defined terms in the plural shall include the singular. The word “extent” in the phrase “to the extent” means the degree to which a subject or other thing extends, and such phrase does not mean simply “if.” The descriptive headings of the several Articles, Sections, and subsections of this Agreement are inserted for convenience only, do not constitute a part of this Agreement, and shall not affect in any way the meaning or interpretation of this Agreement. All references herein to “Articles,” “Sections,” or “Exhibits” shall be deemed to be references to Articles or Sections hereof or Exhibits hereto unless otherwise indicated. The terms “hereof,” “herein,” “hereby,” and derivative or similar words refer to this entire Agreement, including all Exhibits. The use of “or” is not intended to be exclusive unless expressly indicated otherwise. The terms “include,” “includes” or “including” shall be deemed to be followed by the words “without limitation”. Reference to any agreement (including this Agreement), document or instrument shall mean such agreement, document, or instrument as amended or modified and in effect from time to time in accordance with the terms thereof and, if applicable, the terms hereof. Reference to any legislation or to any provision of any legislation shall include any modification, amendment, re-enactment thereof, any legislative provision substituted therefor, and all rules, regulations, and statutory instruments issued or related to such legislation.

9.6 Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when each Party shall have received counterparts hereof signed by the other Party. Any such counterpart, to the extent delivered by means of a facsimile machine or by .pdf, .tif, .gif, .peg, or similar attachment to electronic mail (any such delivery, an “**Electronic Delivery**”) shall be treated in all manner and respects as an original executed counterpart and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. At the request of either Party, the other Party shall re-execute the original form of this Agreement and deliver such form to the other Party. No Party shall raise the use of Electronic Delivery to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of Electronic Delivery as a defense to the formation of a contract, and each Party forever waives any such defense, except to the extent such defense relates to lack of authenticity.

9.7 Entire Agreement. This Agreement, and the Exhibits annexed hereto, and the other agreements, certificates, and other documents contemplated hereby constitute the entire understanding between the Parties with respect to the subject matter hereof, and supersede all other understandings and negotiations with respect thereto. The Parties agree to define their rights, liabilities, and obligations with respect to such understanding and the transactions contemplated hereby exclusively in contract pursuant to the express terms and provisions of this Agreement, and the Parties expressly disclaim that they are owed any duties or are entitled to any remedies not expressly set forth in this Agreement.

9.8 Severability. If that any provision contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any jurisdiction, such provision shall be ineffective as to such jurisdiction to the extent of such invalidity, illegality or unenforceability without invalidating or affecting the remaining provisions hereof or affecting the validity, legality or enforceability of such provision in any other jurisdiction.

9.9 Governing Law. This Agreement, the negotiation, execution or performance of this Agreement and any disputes arising under or related hereto (whether for breach of contract, tortious conduct or otherwise) shall be governed and construed in accordance with the Laws of the State of New York, without reference to its conflicts of Law principles.

9.10 Jurisdiction. Each Party irrevocably agrees that any Proceeding against it arising out of or in connection with this Agreement or the transactions contemplated by this Agreement or disputes relating hereto (whether for breach of contract, tortious conduct or otherwise) shall be brought exclusively in the United States District Court for the Southern District of New York, or, if such court does not have jurisdiction, the state courts of New York located in New York County, and hereby irrevocably accepts and submits to the exclusive jurisdiction and venue of the aforesaid courts *in personam* with respect to any such Proceeding and waives to the fullest extent permitted by Law any objection that it may now or hereafter have that any such Proceeding has been brought in an inconvenient forum. Notwithstanding the foregoing, any final judgment in any suit, action or other Proceeding may be enforced in other jurisdictions by suit on the judgment in any other manner provided by applicable Law.

9.11 Service of Process. Each of the Parties consents to service of any process, summons, notice or document which may be served in any Proceeding in the Bankruptcy Court or the United States District Court for the Southern District of New York or the state courts of New York located in New York County, each in any manner permitted by applicable Law and agrees that service of process on such Party as provided for notices in Section 9.4 (other than by fax or email) to such party's respective address set forth in Section 9.4 is reasonably calculated to give actual notice and shall be deemed effective service of process on such Person.

9.12 Waiver of Jury Trial. EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR DISPUTES RELATING HERETO. EACH PARTY (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTY HERETO HAVE BEEN INDUCED TO ENTER INTO THIS

AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS
IN THIS SECTION 9.12.

9.13 Amendments and Waivers. This Agreement may be amended, modified, superseded or canceled and any of the terms, covenants, agreements or conditions hereof may be waived only by an instrument in writing signed by each of the Parties or, in the case of a waiver, by or on behalf of the Party waiving compliance. No course of dealing between the Parties or any of their subsidiaries or Representatives shall be effective to amend or waive any provision of this Agreement.

9.14 Conflicts. In the event of any conflict between the provisions of this Agreement (including the Exhibits hereto), on the one hand, and the provisions of the Purchase Agreement (including the schedules and exhibits thereto), on the other hand, the provisions of the Purchase Agreement shall control.

9.15 Joint Drafting. The Parties have been represented by counsel in the negotiations and preparation of this Agreement; therefore, this Agreement will be deemed to be drafted by each of the Parties, and no rule of construction will be invoked respecting the authorship of this Agreement.

BNY MELLON, NATIONAL ASSOCIATION

ESCROW AGREEMENT

This Escrow Agreement, dated as of March 7, 2017 (this "Escrow Agreement"), is made by and among Extreme Networks, Inc., a Delaware corporation, having its principal place of business at 6480 Via Del Oro, San Jose CA 95119 ("Purchaser"), Avaya Inc., a Delaware corporation, having its principal place of business at 4655 Great America Parkway, Santa Clara, CA (the "Company" and together with Purchaser, the "Escrow Parties"), and BNY Mellon, National Association, a national banking association with its principal place of business at BNY Mellon Center, Pittsburgh, PA 15258 (the "Escrow Agent").

WHEREAS, Purchaser and the Company have entered into an Asset Purchase Agreement (as amended, the "Purchase Agreement"), dated as of the date hereof, pursuant to which Purchaser is purchasing certain assets and assuming certain liabilities from the Company and its subsidiaries. The Purchase Agreement provides that Purchaser shall deposit the Escrow Funds (defined below) in segregated escrow accounts titled in the name of the Escrow Agent for the benefit of Purchaser and the Company to be held by the Escrow Agent solely for the purposes and in accordance with the terms of the Purchase Agreement and this Escrow Agreement;

WHEREAS, in accordance with the terms and subject to the conditions of the Purchase Agreement, Purchaser is depositing with the Escrow Agent an amount in cash equal to \$10,000,000 (the "Deposit Amount") to be held in an escrow account (the "Deposit Escrow Account") and disposed of as provided herein;

WHEREAS, in accordance with the terms and subject to the conditions of the Purchase Agreement, at the Closing, Purchaser will deposit with the Escrow Agent an amount in cash equal to \$10,000,000 (the "Indemnity Escrow Amount") (the date on which such deposit is made, the "Closing Date") to be held in an escrow account (the "Indemnity Escrow Account") and, together with the Deposit Escrow Account, the "Escrow Accounts") and disposed of as provided herein;

WHEREAS, the Escrow Agent is willing to serve as escrow agent and hold the Escrow Funds (as defined below) in accordance with the terms and conditions hereof; and

WHEREAS, capitalized terms used but not otherwise defined herein shall have the respective meanings given them in the Purchase Agreement. Notwithstanding the foregoing, it is expressly understood and agreed by the parties hereto that all references herein to the Purchase Agreement are for the convenience of the parties hereto other than the Escrow Agent, and the Escrow Agent shall have no obligation or duties with respect thereto.

NOW, THEREFORE, in consideration of the premises and agreements of the parties contained in this Escrow Agreement, the parties agree as follows.

1. Appointment of Agent. The Escrow Parties appoint the Escrow Agent as their agent to hold in escrow, and to administer the disposition of, the Escrow Funds in accordance with the terms of this Escrow Agreement, and the Escrow Agent accepts such appointment.

2. Establishment of Escrow.

(a) Simultaneously with the execution and delivery of this Escrow Agreement, Purchaser shall deliver the Deposit Amount to the Escrow Agent (by wire transfer of immediately available U.S. funds in accordance with the payment instructions of the Escrow Agent), and the Escrow Agent shall promptly acknowledge in writing to all parties hereto upon receipt of any funds received, which funds shall be deposited in the Deposit Escrow Account in accordance herewith. All amounts held in the Deposit Escrow Account, including any interest and other income received in respect thereof less distributions therefrom in accordance with this Escrow Agreement, are hereinafter referred to as the “Deposit Escrow Funds.” At the Closing, the Escrow Parties shall also provide notice to the Escrow Agent that such date is the Closing Date.

(b) At the Closing, Purchaser shall deliver the Indemnity Escrow Amount to the Escrow Agent (by wire transfer of immediately available U.S. funds in accordance with the payment instructions of the Escrow Agent), and the Escrow Agent shall promptly acknowledge in writing to all parties hereto upon receipt of any funds received, which funds shall be deposited in the Indemnity Escrow Account in accordance herewith. All amounts held in the Indemnity Escrow Account, including any interest and other income received in respect thereof, less distributions thereof in accordance with this Escrow Agreement, are hereinafter referred to as the “Indemnity Escrow Funds” (and together with the Deposit Escrow Funds, the “Escrow Funds”).

3. Customer Identification and TIN Certification.

(a) To help the government fight the funding of terrorism and money laundering activities, Federal laws require all financial institutions to obtain, verify and record information that identifies each individual or entity that opens an account. Therefore, the Escrow Agent must obtain the name, address, taxpayer or other government identification number, and other information, such as date of birth for individuals, for each individual and business entity that is a party to this Escrow Agreement. For individuals signing this Escrow Agreement on their own behalf or on behalf of another, the Escrow Agent requires a copy of a driver’s license, passport or other form of photo identification. For business and other entities that are parties to this Escrow Agreement, the Escrow Agent will require such documents, as it deems necessary to confirm the legal existence of the entity.

(b) At the time of or prior to execution of this Escrow Agreement, any Escrow Party providing a tax identification number for tax reporting purposes shall provide to the Escrow Agent a completed IRS Form W-9 (or the appropriate IRS Form W-8, in the case of non U.S. persons), and every individual executing this Escrow Agreement on behalf of an Escrow Party shall provide to the Escrow Agent a copy of a driver’s license, passport or other form of photo identification acceptable to the Escrow Agent. The Escrow Parties agree to provide to the Escrow Agent such organizational documents and documents establishing the authority of any individual acting in a representative capacity as the

Escrow Agent may require in order to comply with its established practices, procedures and policies.

(c) The Escrow Agent is authorized and directed to report all interest and other income earned on the Escrow Funds in accordance with the Form W-9 (or the appropriate IRS Form W-8, in the case of non U.S. persons) information provided to the Escrow Agent by Purchaser. The Escrow Parties understand that, in the event one or more tax identification number is not certified to the Escrow Agent, the Internal Revenue Code, as amended from time to time, may require withholding of a portion of any interest or other income earned on the Escrow Funds.

(d) Purchaser and the Company agree that all amounts in the Escrow Accounts (including, but not limited to, interest or other earnings on amounts therein) (the “Escrow Income”) shall be treated as owned by, and (in the case of Escrow Income) earned by, Purchaser, whether or not distributed to Purchaser, for federal income tax purposes (and for purposes of corresponding provisions of foreign, state and local income tax law) including, in each case, for applicable reporting purposes. The Escrow Agent shall disburse funds within thirty (30) days following the end of each calendar year from the Escrow Funds to Purchaser (“Tax Distributions”) equal to forty percent (40%) of the Escrow Income for the prior calendar year, provided that the Escrow Agent shall not be liable to the Purchaser or otherwise for failing to timely make any annual distribution in accordance herewith. In the event the Escrow Agent fails to make an annual distribution as provided in the foregoing sentence, the Purchaser may deliver to the Escrow Agent a written request that such distribution be made and the Escrow Agent shall make such distribution to the Purchaser within three (3) Business Days (as defined below) after receipt of such notice. Notwithstanding the foregoing, the Escrow Agent shall have no obligation to distribute interest or other income earned with respect to the Escrow Accounts until such interest or other income becomes due and payable in accordance with the terms of the accounts in which the Escrow Funds are deposited in accordance with Section 2 above. For the avoidance of doubt, such Tax Distributions shall become the property of Purchaser and shall no longer be treated as part of the Escrow Funds for any purposes of this Escrow Agreement.

(e) The Company will be required to prepare and file any and all income tax returns applicable to the Company’s receipt of the Escrow Funds pursuant to a disbursement under Section 5 of this Escrow Agreement with the IRS and all required state and local departments of revenue in all years income is earned in any particular tax year to the extent required under the provisions of the Code. The Escrow Parties agree that for purposes of income tax reporting the Escrow Agent shall be deemed the payor of any interest or other income earned on deposits of the Escrow Accounts. With respect to distributions made under this Escrow Agreement other than distributions of interest and other income earned on the Escrow Accounts, the Escrow Agent shall not be deemed the payor thereof. The Escrow Agent’s function of making distributions is solely ministerial and upon express direction of Purchaser and the Company.

(f) The Escrow Agent shall have no duty to prepare or file any information reports (including without limitation IRS Forms 1099-B) other than such information reports of

interest earned on the Escrow Fund as the Escrow Agent is required to prepare and file in the ordinary course of its business.

4. Deposit of the Escrow Funds. The Escrow Agent shall deposit the Escrow Funds in one or more deposit accounts at BNY Mellon, National Association in accordance with this Escrow Agreement and such joint written instructions and directions as may from time to time be provided to the Escrow Agent by the Escrow Parties. In the event that the Escrow Agent does not receive joint written instructions, the Escrow Agent shall deposit the Escrow Funds in a checking with interest account at BNY Mellon, National Association. Deposits shall in all instances be subject to the Escrow Agent's standard funds availability policy. The Escrow Agent shall not be responsible for any loss due to interest rate fluctuation or early withdrawal penalty. The Escrow Parties understand that deposits of the Escrow Funds are not necessarily insured by the United States Government or any agency or instrumentality thereof, or of any state or municipality, and that such deposits do not necessarily earn a fixed rate of return. In no instance shall the Escrow Agent have any obligation to provide investment advice of any kind. The Escrow Agent shall not be liable or responsible for any loss resulting from any deposits made pursuant to this Section 4, other than as a result of the fraud, bad faith, gross negligence or willful misconduct of the Escrow Agent.

5. Release of the Escrow Funds. The Escrow Agent will hold all the Escrow Funds in accordance with the provisions of this Escrow Agreement and will not distribute the Deposit Escrow Funds or Indemnity Escrow Funds except in accordance with the express terms and conditions of this Escrow Agreement.
 - (a) Deposit Escrow Account. Within three (3) Business Days after the Escrow Agent's receipt of (i) a written direction executed by Purchaser and the Company substantially in the form of Exhibit A hereto, directing Escrow Agent to disburse all or a portion of the Deposit Escrow Funds (a "Joint Instruction"), or (ii) a Final Order (as defined below), in each case, the Escrow Agent shall release, by wire transfer of immediately available funds to the account or accounts designated in such Joint Instruction or Final Order, all or any portion (if less than all) of the Deposit Escrow Funds designated in such Joint Instruction or Final Order, as applicable, by wire transfer of immediately available funds to the account or accounts as set forth in the Joint Instruction or Final Order. The Company and Purchaser shall deliver to the Escrow Agent Joint Instructions to effect disbursement of Deposit Escrow Funds when and as contemplated by the Purchase Agreement. As used in this Escrow Agreement, the term "Business Day" shall mean any day on which the Escrow Agent is open for escrow handling business in Pittsburgh, Pennsylvania.

 - (b) Indemnity Escrow Account.
 - (i) If, from time to time prior to the earlier of the date that is twelve (12) months following the Closing Date and the date on which the Indemnity Escrow Funds have been reduced to zero (the "Indemnity Escrow Expiration Date"), a Purchaser Indemnitee makes a claim for indemnity (each, an "Escrow Claim") pursuant to Section 9.01 of the Purchase

Agreement, then Purchaser may request such payment from the Indemnity Escrow Funds by providing written notice of such Escrow Claim (each such notice, a "Claim Notice"), prior to the Indemnity Escrow Expiration Date, to the Escrow Agent and the Company at the same time, describing in such Claim Notice the general nature of, and grounds for, such Escrow Claim, the reasons such Purchaser Indemnitee is entitled to indemnification pursuant to the Purchase Agreement, the estimated amount, if known, of indemnification such Purchaser Indemnitee is entitled thereof and the method of computation thereof (with it being understood, however, that the Escrow Agent will have no duty or obligation to verify or otherwise determine any such Purchaser Indemnitee's rights under the Purchase Agreement). The Escrow Agent shall be entitled to disregard any Escrow Claim received after the Indemnity Escrow Expiration Date.

- (ii) Unless and until the Escrow Agent has received a Joint Instruction directing the payment from the Indemnity Escrow Funds of all or a portion of any Escrow Claim set forth in a Claim Notice received by the Escrow Agent, then the portion of such Escrow Claim that is not so directed for payment from the Indemnity Escrow Funds will be deemed to be an "Open Claim," and the Escrow Agent will reserve within the Indemnity Escrow Account (which reservation will not preclude payment of all or any portion of any amounts in respect of any other Escrow Claims required to be paid to Purchaser or its designee pursuant to this Section 5) an amount equal to the amount of the Open Claim (which amount for each Open Claim is referred to herein as a "Claim Reserve").
- (iii) The amount constituting the Claim Reserve for each Open Claim will be paid by the Escrow Agent from the Indemnity Escrow Funds only in accordance with a Joint Instruction or a final judgment, order or decree filed, entered or issued by the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court") (or, if applicable, such other court contemplated by Section 19 (each a "Final Order")) directing delivery of the Indemnity Escrow Funds or any portion thereof. The delivery to the Escrow Agent of a judgment, order or decree of the Bankruptcy Court shall constitute a representation to the Escrow Agent that such judgment, order or decree is a Final Order, and the Escrow Agent shall be entitled to rely thereon without any further duty of inquiry. The Escrow Agent will, within three (3) Business Days after receiving a Joint Instruction or Final Order, pay to Purchaser or the Company, as applicable, or as otherwise directed by Purchaser or the Company, as applicable, in writing from the Indemnity Escrow Funds the amount, if any, set forth in such Joint Instruction or Final Order for payment from the Indemnity Escrow Funds.
- (iv) No later than three (3) Business Days following the Indemnity Escrow Expiration Date, the Escrow Agent will distribute, from the Indemnity

Escrow Account, to the Company, an amount equal to (A) all of the then-remaining Indemnity Escrow Funds minus (B) the aggregate Claim Reserve for which Open Claims for indemnification were asserted against the Indemnity Escrow Funds in accordance with Section 5(b)(i) above and which are not yet resolved (or, to the extent finally resolved, have not been paid from the Indemnity Escrow Funds) as of the Indemnity Escrow Expiration Date (the "Final Claim Amount"). Following the Indemnity Escrow Expiration Date, within three (3) Business Days after it is finally determined in accordance with the Purchase Agreement that all or any portion of the Final Claim Amount is not owed to Purchaser thereunder, Purchaser and the Company will deliver a Joint Instruction to the Escrow Agent directing the Escrow Agent to distribute from the Indemnity Escrow Funds all or a portion of the Final Claim Amount; provided that the remaining Indemnity Escrow Funds in the Indemnity Escrow Account, after giving effect to such distribution, is at least equal to the aggregate Claim Reserve for which Open Claims were properly asserted against the Indemnification Escrow Funds prior to, and were not resolved prior to, the Indemnity Escrow Expiration Date and which are not yet resolved (or, to the extent finally resolved in favor of Purchaser, have not been paid from the Indemnity Escrow Funds).

(c) Joint Instructions. Notwithstanding anything to the contrary in this Escrow Agreement, if the Escrow Agent receives a Joint Instruction, the Escrow Agent shall disburse the Escrow Funds pursuant to such Joint Instruction. The Escrow Agent shall have no obligation to follow any directions set forth in any Joint Instruction unless and until the Escrow Agent is satisfied, in its sole discretion, that the persons executing said Joint Instruction are authorized to do so.

(d) No Liability for Deficiency. Notwithstanding anything to the contrary in this Escrow Agreement, if any amount to be released at any time or under any circumstances exceeds the balance in the Indemnity Escrow Account, the Escrow Agent shall release the balance in the Indemnity Escrow Account and shall have no liability or responsibility to the Escrow Parties for any deficiency.

6. Methods of Payment. All payments required to be made by the Escrow Agent under this Escrow Agreement shall be made by wire transfer or by check in accordance with written payment instructions contained in Exhibit B or otherwise provided in writing to the Escrow Agent by the party receiving the funds. Any wire transfers shall be made subject to, and in accordance with, the Escrow Agent's normal funds transfer procedures in effect from time to time. The Escrow Agent shall be entitled to rely upon all bank and account information provided to the Escrow Agent by any of the Escrow Parties. The Escrow Agent shall have no duty to verify or otherwise confirm any written wire transfer instructions but it may do so in its discretion on any occasion without incurring any liability to any of the Escrow Parties for failing to do so on any other occasion. Any such verification may include, but not be limited to, a telephone call to the party receiving the funds or to one or more of the Escrow Parties in accordance with Section 14. The Escrow Parties agree that any such call back is a commercially reasonable security

procedure and that the Escrow Agent may record such calls according to the Escrow Agent's standard operating procedures or as the Escrow Agent deems appropriate for security and/or service purposes. The Escrow Agent shall process all wire transfers based on bank identification and account numbers rather than the names of the intended recipient of the funds, even if such numbers pertain to a recipient other than the recipient identified in the payment instructions. The Escrow Agent shall have no duty to detect any such inconsistencies and shall resolve any such inconsistencies by using the account number. Each of the Escrow Parties shall provide to the Escrow Agent a separate Exhibit B containing their wire transfer information. The Escrow Parties shall promptly notify the Escrow Agent of any changes to their wire transfer information contained in Exhibit B, and the Escrow Agent may rely on the wire transfer information contained in Exhibit B until notified of a change in writing.

7. Responsibilities and Liability of Escrow Agent.

(a) Duties Limited. The Escrow Agent undertakes to perform only such duties as are expressly set forth in this Escrow Agreement. The Escrow Agent's duties shall be determined only with reference to this Escrow Agreement and applicable laws and it shall have no implied duties. The Escrow Agent shall not be bound by, deemed to have knowledge of, or have any obligation to make inquiry into or consider, any term or provision of any agreement between any of the Escrow Parties and/or any other third party or as to which the escrow relationship created by this Escrow Agreement relates, including without limitation any documents referenced in this Escrow Agreement.

(b) Limitations on Liability of Escrow Agent. Except in cases of the Escrow Agent's bad faith, willful misconduct or gross negligence, the Escrow Agent shall be fully protected (i) in acting in reliance upon any certificate, statement, request, notice, advice, instruction, direction, other agreement or instrument or signature reasonably and in good faith believed by the Escrow Agent to be genuine, (ii) in assuming that any person purporting to give the Escrow Agent any of the foregoing in connection with either this Escrow Agreement or the Escrow Agent's duties, has been duly authorized to do so, and (iii) in acting or failing to act in good faith on the advice of any counsel retained by the Escrow Agent. The Escrow Agent shall not be liable for any mistake of fact or law or any error of judgment, or for any act or omission, except as a result of its bad faith, willful misconduct or gross negligence. The Escrow Agent shall not be responsible for any loss incurred upon any action taken under circumstances not constituting bad faith, willful misconduct or gross negligence.

In connection with any payments that the Escrow Agent is instructed to make by wire transfer, the Escrow Agent shall not be liable for the acts or omissions of (i) any Escrow Party or other person providing such instructions, including without limitation errors as to the amount, bank information or bank account number; or (ii) any other person or entity, including without limitation any Federal Reserve Bank, any transmission or communications facility, any funds transfer system, any receiver or receiving depository financial institution, and no such person or entity shall be deemed to be an agent of the Escrow Agent.

Without limiting the generality of the foregoing, it is agreed that in no event will the Escrow Agent be liable for any lost profits or other indirect, special, incidental or consequential damages which the parties may incur or experience by reason of having entered into or relied on this Escrow Agreement or arising out of or in connection with the Escrow Agent's services, even if the Escrow Agent was advised or otherwise made aware of the possibility of such damages; nor shall the Escrow Agent be liable for acts of God, acts of war, breakdowns or malfunctions of machines or computers, interruptions or malfunctions of communications or power supplies, labor difficulties, actions of public authorities, or any other similar cause or catastrophe beyond the Escrow Agent's reasonable control.

In the event that the Escrow Agent shall be uncertain as to its duties or rights under this Escrow Agreement, or shall receive any certificate, statement, request, notice, advice, instruction, direction or other agreement or instrument from any other party with respect to the Escrow Funds which, in the Escrow Agent's reasonable and good faith opinion, is in conflict with any of the provisions of this Escrow Agreement, or shall be advised that a dispute has arisen with respect to the Escrow Funds or any part thereof, the Escrow Agent shall be entitled, without liability to any person, to refrain from taking any action other than to keep safely the Escrow Funds until the Escrow Agent shall be directed otherwise in accordance with Joint Instruction or an order of a court with jurisdiction over the Escrow Agent. The Escrow Agent shall be under no duty to institute or defend any legal proceedings, although the Escrow Agent may, in its discretion and at the expense of the Escrow Parties as provided in subsections (c) or (d) immediately below, institute or defend such proceedings.

(c) Indemnification of Escrow Agent. The Escrow Parties jointly and severally agree to indemnify the Escrow Agent for, and to hold it harmless against, any and all claims, suits, actions, proceedings, investigations, judgments, deficiencies, damages, settlements, liabilities and expenses (including reasonable legal fees and expenses of attorneys chosen by the Escrow Agent) as and when incurred, arising out of or based upon any act, omission, alleged act or alleged omission by the Escrow Agent or any other cause, in any case in connection with the acceptance of, or performance or non-performance by the Escrow Agent of, any of the Escrow Agent's duties under this Escrow Agreement, except as a result of the Escrow Agent's fraud, bad faith, willful misconduct or gross negligence.

(d) Authority to Interplead. The Escrow Parties authorize the Escrow Agent, if the Escrow Agent is threatened with litigation or is sued, to interplead all interested parties in any court of competent jurisdiction and to deposit the Escrow Funds with the clerk of that court. In the event of any dispute under this Escrow Agreement, the Escrow Agent shall be entitled to petition a court of competent jurisdiction and shall perform any acts ordered by such court.

8. Termination. This Escrow Agreement and all the obligations of the Escrow Agent under this Escrow Agreement shall terminate upon the earliest to occur of the release of the entire Escrow Funds by the Escrow Agent in accordance with this Escrow Agreement or the deposit of the Escrow Funds by the Escrow Agent in accordance with Section 7(d) hereof.

9. Removal of Escrow Agent. The Escrow Parties acting together shall have the right to terminate the appointment of the Escrow Agent by giving no less than thirty (30) days' prior written notice, specifying the date upon which such termination shall take effect. Thereafter, the Escrow Agent shall have no further obligation to the Escrow Parties except to hold the Escrow Funds as depository and not otherwise. The Escrow Parties agree that they will jointly appoint a banking corporation, trust company or attorney as successor escrow agent. Escrow Agent shall refrain from taking any action until it shall receive Joint Instruction from the Escrow Parties designating the successor escrow agent. Escrow Agent shall deliver all of the then remaining balance of the Escrow Funds to such successor escrow agent in accordance with such instructions and upon delivery of the Escrow Funds, the Escrow Agent shall have no further duties or responsibilities with respect to the escrow established hereunder.
10. Resignation of Escrow Agent. The Escrow Agent may resign and be discharged from its duties and obligations hereunder at any time by giving no less than thirty (30) days' prior written notice of such resignation to the Escrow Parties, specifying the date when such resignation will take effect. Thereafter, the Escrow Agent shall have no further obligation to the Escrow Parties except to hold the Escrow Funds as depository and not otherwise. In the event of such resignation, the Escrow Parties agree that they will jointly appoint a banking corporation, trust company, or attorney as successor escrow agent within thirty (30) days of notice of such resignation. Escrow Agent shall refrain from taking any action until it shall receive Joint Instruction from the Escrow Parties designating the successor escrow agent. Escrow Agent shall deliver all of the then remaining balance of the Escrow Funds to such successor escrow agent in accordance with such instructions and upon delivery of the Escrow Funds, the Escrow Agent shall have no further duties or responsibilities with respect to the escrow established hereunder.
11. Accounting. On a monthly basis, the Escrow Agent shall render a written statement setting forth the balance of the Escrow Funds, all interest earned and all distributions made, which statements shall be delivered to the addresses set forth in Section 14 below.
12. Survival. Notwithstanding anything in this Escrow Agreement to the contrary, the provisions of Section 7 shall survive any resignation or removal of the Escrow Agent, and any termination of this Escrow Agreement.
13. Escrow Agent Fees, Costs, and Expenses. The Escrow Agent shall charge an initial administrative fee of \$2,500, payable in advance upon the execution of this Escrow Agreement, and an annual administrative fee of \$500, with the annual fee due on each annual anniversary date of this Escrow Agreement, which annual fees shall be invoiced. All administrative fees shall be deemed to have been earned when charged, and, if the Agreement is terminated at any time for any reason, whether voluntarily or involuntarily, the fee shall not be reduced or refunded. 3.7.2 In addition, no payment shall be made to anyone for any reason on behalf of or for the benefit of Extreme Networks which is not properly and accurately recorded in the Reseller's books and records, including amount, purpose and recipient, all of which shall be maintained with supporting documentation.

3.7.3 In the event Extreme Networks has reason to believe that a breach of this Section has occurred or will occur, Extreme Networks may, without penalty, (a) withhold further delivery of Products and other performance under the Channel Partner Program until such time as it has received confirmation to its satisfaction that no breach has or will occur or (b) terminate Reseller's participation in the Channel Partner Program immediately in accordance with the Reseller Agreement. Upon Extreme Networks' request, Reseller will complete and return a certification of compliance with this provision in a form acceptable to Extreme Networks in its sole discretion. In addition, upon Extreme Networks' request and at its expense, Reseller's employees most knowledgeable of a suspected breach will also complete and return such certification.

4. Terms.

4.1 Orders. The terms and conditions of this Agreement will apply to any and all purchase orders submitted by Reseller and will supersede any different or additional terms on Reseller's purchase orders. Each order shall be submitted by Reseller or its Affiliate, as applicable, to Extreme or Extreme's Affiliate for the particular country of delivery and/or performance. EACH SUCH ORDER SHALL CONSTITUTE A SEPARATE CONTRACT BETWEEN THE CONTRACTING PARTIES AND WILL INCORPORATE THE TERMS AND CONDITIONS OF THIS AGREEMENT. With respect to each such order, references in this Agreement to Reseller shall mean either Reseller executing this Agreement or its affiliate submitting the order, as the case may be, and references in this Agreement to Reseller shall mean the designated Reseller affiliate placing the order

4.2 Affiliates.

4.2.1 Affiliates of Reseller may purchase Services from Extreme under this Agreement on a per order basis. Reseller hereby warrants that it is empowered to enter into this Agreement on behalf of such Affiliates and to bind (and does so bind) such Affiliates to the terms and conditions of this Agreement.

4.2.2 Any breach by Reseller or by an Affiliate of a) this Agreement, or b) any other agreement with Extreme or an Extreme affiliate, shall entitle Extreme to terminate this Agreement and all other agreements with Reseller or Affiliates in accordance with Section 12 (Term & Termination).

4.2.3 Limitations of liability set forth in Sections 13 and 14 of this Agreement shall be deemed an aggregate limit of liability, not per Affiliate, regardless of whether any Affiliates have executed a separate agreement with Extreme or an Extreme affiliate permitting such Affiliate to purchase under the terms of this Agreement.

4.3 Reseller shall submit purchase orders for Products and Services to Extreme. Except for and unless otherwise directed by Extreme, all orders must specify the name and location of the End User to whom Reseller will provide the Products or Services. Each purchase order must be acknowledged and accepted by Extreme in writing prior to Extreme incurring any obligation under such purchase order. Extreme shall accept orders in a timely manner. Extreme reserves the right to reject any order.

4.4 Reseller's purchase orders to purchase Products will be placed upon receipt by Reseller of purchase orders from End Users. Extreme will use commercially reasonable efforts to make deliveries in a timely manner of accepted orders, however, requested delivery dates must observe at least the Lead-time for the Products. In any case, Extreme will not be liable for any damages to Reseller or to any other person for Extreme's failure to fill any orders or for any delay in delivery or error in filling any orders for any reason whatsoever. If requested

quantities of Products in a purchase order exceed Extreme’s available inventory, Extreme will allocate its available inventory as Extreme deems equitable.

4.5 Cancellation. Reseller may, prior to shipment of Product, terminate any portion or the total quantity of any purchase order for Product placed under this Agreement. Reseller’s liability to Extreme with respect to such cancellation shall be limited to the following:

Number of Days Prior to Scheduled Shipment Date	Cancellation Charge (% of Purchase Price)
0-7 calendar days	15%
16+	0%

4.6 Price. The prices for the Products and Services will be those set forth in the Price List in effect at the time Extreme ships the Products to Reseller or accepts the order for Services, as applicable, less any applicable discount. Extreme reserves the right to change its Price List and any applicable discounts upon at least forty five (45) days prior written notice, by email, notification on Extreme’s website, or any other method permitted under this Agreement, to Reseller.

4.7 Price Increase. Extreme will give Reseller at least forty five (45) days’ prior written notice, by email, notification on Extreme’s website, or any other method permitted under this Agreement, of a price increase for any Product or Service. If Reseller has extended written quotes to End Users at the former price prior to receipt of such notice, Reseller may, during the notice period, place orders for Products or Services for such quotes at the former price (provided, however, that such quotes only qualify if they are valid for ninety (90) consecutive days or less from the date generated for the End User).

4.8 Price Decrease. Extreme will notify Reseller by email, notification on Extreme’s website, or any other method permitted under this Agreement, of a price decrease for any Product or Service. Extreme will grant Reseller a corresponding price reduction on ordered Products not yet shipped to Reseller as of the effective date of such price decrease.

4.9 Taxes and Duties. The prices on the Price List do not include, and Reseller will pay, indemnify, and hold Extreme harmless from, any and all sales, use, excise, import or export, value added or similar tax that is not based on Extreme’s net income or any duty, fee or charge (collectively the “Taxes”) and any penalties or interest associated with any of the Taxes, imposed by any governmental authority with respect to any payment to be made by Reseller to Extreme under this Agreement or any Product or Services to be delivered by Extreme under this Agreement.

4.10 Shipments. All shipments will be made EX WORKS (Extreme’s facility or place of manufacture) (INCOTERMS 2010) to Reseller’s shipping address. Delivery will be deemed complete and risk of loss or damage to the Products will pass to Reseller when the Products are placed at the disposal of Reseller. Reseller will instruct Extreme at the time of the order as to which carrier Extreme should use to transport Products. Reseller will pay all costs, including, without limitation, costs of transportation, insurance, export and import fees, customs brokerage expenses and similar charges. Reseller, at its expense, will make and negotiate any claims against any carrier, insurer, customs broker, freight forwarder or customs collector. All Products will be deemed accepted by Reseller upon shipment. Products may not be returned except as provided in Section 10 (“Warranty”) or under a current maintenance support entitlement.

4.11 Payment.

4.11.1 Extreme will initiate the payment process by sending Reseller an invoice for Products within 10 Business Days of shipment, pursuant to Section 4.10, above.

4.11.2 All invoices will: (i) quote prices in U.S. Dollars unless otherwise agreed between Extreme and Reseller in writing; (ii) reference the applicable Purchase Order; and (iii) be sent electronically.

4.11.3 Except as otherwise reasonably required by Extreme, all payments will be due within forty-five (45) days after the date of Extreme's invoice. Invoices for Products will be issued on or after the actual date of shipment of such Products. Invoices for Services will be issued in advance for the entire term of Service. Payment for the Products and Services and shipping costs and other amounts due will be made in United States dollars by check, irrevocable letter of credit, wire transfer or other means satisfactory to Extreme. Shipments, deliveries, and performance of work will at all times be subject to the approval of Extreme's credit department.

4.11.4 All sums not paid when due will accrue interest daily at the lesser of an annual rate of eighteen percent (18%) or the highest rate permissible by applicable law on the unpaid balance until paid in full. If Reseller promptly notifies Extreme in writing of a good faith commercial dispute directly relating to any particular invoice, its failure to pay within the above time period will not be deemed a breach hereof by Reseller. In the event such good faith dispute is not resolved within thirty (30) days following Extreme's receipt of such notice, Extreme may suspend its performance hereof, if it is commercially reasonable under the circumstances, without being deemed in breach as a result of such suspension and its performance times will be adjusted, accordingly.

4.11.5 Extreme reserves the right, at any time and in its sole discretion, to modify the credit terms or to terminate any credit extended to Reseller. Shipments, deliveries, and performance of work will at all times be subject to the approval of Extreme's credit department.

5. Services.

5.1 Orders for Services. Each order of one Support Plan is only valid for a single unit or units of the Product for which Service is purchased and paid for. All orders for Services must include the name and location of the End User, receiving the Services, the Support Plan being purchased and the model number and serial number of the Product to be supported or such information must be provided to Extreme in writing promptly following the purchase of the Services. Extreme will not be obligated to provide Services for a Product unless Extreme has received such information. Each purchase order for Services must be acknowledged and accepted by Extreme in writing prior to Extreme incurring any obligation under such purchase order. Extreme shall make commercially reasonable efforts to accept valid orders upon seven (7) business days of receipt. Extreme reserves the right to reject any order for Services. All orders for Services placed with Extreme will be non-cancelable, and all support fees and training fees, if applicable, paid to Extreme shall be non-refundable, except in cases of Extreme's failure to cure a breach of its obligations in delivering such Services, provided, however, any claimed refund will be subject to any counterclaims or defenses of Extreme. End User shall be responsible for any other travel and living expenses incurred in connection with the Services or on-site Service calls that are not expressly included in End User's applicable support plan.

5.2 Services Term. The Services start date shall be determined as follows: (a) for the initial purchase of Service, the Service start date shall be the original shipment date of the covered Product from Extreme Networks (if Reseller purchases the Product directly from Extreme Networks) or the POS transaction date (if Reseller purchases the Product through an Extreme Networks authorized Distributor), unless otherwise indicated on Extreme's quote to the Reseller, and (b) for Service renewals, the Service start date shall be the date on which the prior Service period ended. Reseller shall be responsible for the Service Fees from such Service start date. The Service end date will be 12 months from the Service start date, unless otherwise specified in writing by Extreme Networks. Unless either party provides notice at least sixty (60) days prior to the end of the End User Services term of its intent not to renew the End User Services, the End User Services will automatically renew for one (1) year subject to payment being received by Extreme for such End User Services.

5.3 Reinstatement and Inspection. If Services are not ordered concurrently with any Product orders after the Effective Date, or are not promptly renewed each year, Extreme may, at its option, commence such Services upon payment of the applicable support fee and a reinstatement fee. If a Product is purchased in used condition, Extreme may, at its option, inspect the Product and commence Services for such Product upon payment of the applicable support fee, a reinstatement fee and Extreme's inspection fee.

5.4 Support for End of Life.

5.4.1 Product End of Life. In the event Extreme discontinues or otherwise ceases to make available to its customers a particular Product model number, Extreme will continue to offer Services for such Product in accordance with its then-current End of Life Policy available at <http://www.extremenetworks.com/support/end-of-sale-and-end-of-support-products/>. The Services shall remain in effect with respect to other Products, if any, then covered.

5.4.2 Support Plan End of Life. Extreme reserves the right to discontinue any Support Plan in its sole discretion upon sixty (60) days' notice, by email, notification on Extreme's website, or any other method permitted under this Agreement, to Reseller; however, Extreme will continue to provide services under such discontinued Support Plan through the end of any prepaid support period so long as the Reseller is not in breach of any of its obligations under this Agreement.

5.5 End User Services. In countries where End User Services are available from Extreme, Reseller may purchase such End User Service as set forth on Extreme's then-current Price List by submitting an order for such End User Service either at the time of the purchase of the Product to which it relates or at any time thereafter, subject to Section 5.3 ("Reinstatement and Inspection"), Section 5.4 ("Support for End of Life") and Extreme's acceptance of such order at its reasonable discretion. Extreme will provide the End User Services to End Users in accordance with the ExtremeWorks Services Agreement. In the event that Reseller fails to purchase any End User Service for a Product for any reason, Extreme may at its option sell End User Services for such Product directly or indirectly to the End User or renew End User Services for such Product, as applicable, in which case the End User will pay any fees for such End User Services directly to Extreme.

5.6 Reseller Services. Subject to the qualification requirements applicable thereto, and subject to authorization from Extreme under a separate writing, Reseller may purchase Reseller Services from Extreme pursuant to the terms and conditions of Exhibit A ("Reseller Services").

6. Reseller Obligations.

6.1 Resources. Reseller will maintain, at its expense, adequate facilities and personnel to perform its obligations under this Agreement. Reseller will maintain a trained sales organization with sufficient numbers of sales and support staff trained in the Products to market, sell and assist in the support of Products and Services in the Authorized Territory pursuant to marketing plans reviewed by Extreme. Reseller shall, at its cost, cause at least one of its employees from each of Reseller's locations to successfully complete Extreme's sales training program as offered by Extreme or its authorized representatives. Reseller shall maintain one salesperson so trained at each of its locations during the term of this Agreement.

6.2 Records and Audit. Reseller agrees to maintain complete, clear and accurate records relating to its activities under this Agreement, including, without limitation, its inventory and sales of each Product and Service (including reseller and end user information) (the "Records"), and retain such Records for such time period as may be required by law and commercially reasonable prudent practices, but not less than two (2) years. Such Records will be maintained in accordance with standard business practices and Generally Accepted Accounting Principles. Reseller will permit Extreme, or persons designated by Extreme, at Extreme's cost, to audit the Records to ensure compliance by Reseller with its obligations to Extreme. Any such audit shall be conducted during regular business hours and in such a manner as to not unduly interfere with normal business activities of Reseller. If the audit reveals an underpayment of amounts owed to Extreme, Reseller will promptly pay any such shortfall, and if such underpayment is more than 5% for the audited period, Reseller will further pay, or reimburse Extreme for, the cost of the audit, including professional fees.

6.3 Marketing. Reseller agrees to use commercially reasonable efforts to market and distribute the Products and End User Services in the Authorized Territory, and agrees that its marketing and advertising efforts will be of high quality, in good taste, and will preserve the professional image and reputation of Extreme and the Products and End User Services. Reseller will include in all such advertising all applicable copyright and trademark notices (subject to the trademark license in Section 8 ("Trademark License")) as they appear on or in the Products or as specified by Extreme from time to time. Reseller shall (i) notify Extreme prior to

making a translation of material relating to Extreme, and (ii) provide a copy of the translated material via facsimile to Extreme for Extreme's written approval prior to use of the translated material. Extreme will provide a reasonable amount of advertising material, as requested by Reseller, for use in Reseller's efforts to market the Products.

7. Return Process. If Reseller is returning the Product to Extreme, Reseller must first obtain a Return Material Authorization ("RMA") number from Extreme. Reseller must return the entire contents of the defective Product and dated End User proof of purchase for the defective Product, if requested by Extreme, marked with the RMA number, to a receiving point designated by Extreme within thirty (30) days of Reseller's receipt of the RMA number from Extreme. Shipping cartons that are not marked with RMA numbers will be rejected by Extreme and returned to Reseller via collect freight. Extreme will pay the transportation charges (excluding taxes, duties and customs) in accordance with the Support Plan purchased for such Product. Products returned to Extreme may be repaired or replaced by Extreme at Extreme's sole discretion. Replacement Products may be new or refurbished Products. In the event that Extreme evaluates and determines there is "no trouble found" in greater than twenty-five percent (25%) of the Products or parts returned in a ninety (90) day period, Extreme reserves the right to charge Reseller a service charge of twenty percent (20%) of the List Price per unit.

8. Trademark License. Extreme grants to Reseller a non-exclusive, non-transferable, limited license to use the Trademarks solely in Reseller's advertising and promoting the Products and Services, in accordance with applicable law and Extreme's Trademark usage guidelines, as provided by Extreme from time to time. Reseller expressly acknowledges and agrees that it will not adopt, use or register as a trademark, service mark, trade name, business name, corporate name or domain name or any part thereof, any word or symbol or combination thereof that is similar to any Trademark. Reseller will not add or affix to any Product or its packaging any mark or designation that has not been approved by Extreme in writing. Reseller may not in any way combine any Trademark with any other mark or designation without prior written approval of Extreme. Reseller agrees not to affix any Trademark to any product other than the Product to which it pertains. Reseller understands and agrees that (i) Reseller will not have or acquire any right in or to any Trademark, and (ii) all use by Reseller of any Trademark hereunder, and goodwill associated therewith, will inure to the exclusive benefit of Extreme, and (iii) Extreme owns the exclusive right, title and interest in and to the Trademarks, and (iv) Reseller will not, directly or indirectly, in any country or location, dispute the ownership of any Trademark. Only Extreme, and not Reseller, is entitled to register the Trademarks or similar trademarks in any class of products or services worldwide.

9. Ownership of Intellectual Property Rights and Non-Disclosure.

9.1 Intellectual Property Rights. Reseller acknowledges that the Products are proprietary to Extreme and its suppliers, and that Extreme and its suppliers retain exclusive ownership of all Intellectual Property Rights in and to the Products, including in and to any Software Products and Trademarks. Reseller will take all reasonable measures to protect Extreme's Intellectual Property Rights in any Product. Except as expressly provided herein, Reseller is not granted any right to any Intellectual Property Rights with respect to any Product.

9.2 Non-Disclosure. Each party may be exposed to certain confidential information of the other party including but not limited to information concerning the business, technology, and customers of the party, which the party knows or should know is the other party's confidential and proprietary information (herein "Confidential Information"). Each party agrees that while this Agreement is in effect and for a period of three (3) years thereafter, it will not: (i) use the Confidential Information for any purpose other than to perform under this Agreement; or (ii) disclose to any third party any Confidential Information without the prior written consent of the disclosing party. Each party may disclose Confidential Information only to its employees or contractors on a need to know basis and as is reasonably necessary to allow the party to perform under this Agreement; provided that each such employee or contractor is under a written obligation of nondisclosure which protects the Confidential Information under terms at least as stringent as these terms. This Section will not apply to Confidential Information after such information is made public by the disclosing party. Except as set forth herein or in a separate non-disclosure agreement between Extreme and Reseller, neither Extreme nor Reseller has any obligation of confidentiality to the other. If any Confidential Information is required to be disclosed by a party as a matter of law or by order of a court or other legal process, such party will promptly notify the other party of such obligation to disclose and reasonably assist the other party in obtaining a protective order or otherwise limiting such disclosure. Each party agrees to keep confidential and not to disclose the terms and conditions of this Agreement to any third party other than (i) in confidence to its affiliates, actual or potential investors, banks, lawyers, accountants and other

professional advisors; (ii) in connection with the enforcement of its rights under this Agreement; (iii) as may be required by law, including, without limitation, in connection with the requirements of a public offering or securities filing, and (iv) in confidence in connection with a merger or acquisition or a proposed merger or acquisition. The existence of this Agreement is not confidential.

10. Warranty.

10.1 Warranty. Extreme warrants the Products solely to End Users, as of the date of purchase by End User, and pursuant to the terms and conditions of the Extreme standard warranty posted on <http://www.extremenetworks.com/support/policies/> or for software, subject to the software license agreement posted on <http://www.extremenetworks.com/company/legal/>. Extreme warrants the End User Services solely to End Users and pursuant to the ExtremeWorks Services Agreement. No warranty is extended to Reseller.

10.2 Warranty Service. Upon the return of a defective hardware product by an End User to Reseller that qualifies under the warranty provisions as posted on Extreme's external website as of the date of purchase, Reseller shall promptly return the defective hardware product to the source from which Reseller obtained it (e.g., Extreme or Extreme's authorized agents) to provide warranty service for such Product. Reseller shall return the hardware product to Extreme in accordance with Section 7 ("Return Process").

10.3 Limitations and Disclaimer of Warranties and Conditions. ALL PRODUCTS AND SERVICES ARE PROVIDED TO RESELLER "AS IS" AND WITHOUT WARRANTY OF ANY KIND. EXTREME EXPRESSLY DISCLAIMS ALL WARRANTIES, TERMS AND CONDITIONS, WHETHER EXPRESS, IMPLIED (in fact or by operation of law), STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY, TERM OR CONDITION OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, CORRESPONDENCE WITH DESCRIPTION, ABSENCE OF HIDDEN DEFECTS, ANY WARRANTY OF NON-INFRINGEMENT, AND ANY WARRANTY, TERM OR CONDITION THAT MAY ARISE BY REASON OF USAGE OF TRADE, CUSTOM, COURSE OF DEALING OR COURSE OF PERFORMANCE. RESELLER EXPRESSLY AGREES THAT RESELLER MAY NOT MAKE ANY WARRANTY OR REPRESENTATION, WHETHER EXPRESS, IMPLIED OR OTHERWISE ON BEHALF OF EXTREME AND WILL INDEMNIFY AND HOLD HARMLESS EXTREME IN THE EVENT OF ANY VIOLATION OF THIS SECTION 10.3.

11. Indemnification.

11.1 Extreme Intellectual Property Indemnity. Extreme will defend or, at its option, settle, any claim, action or proceeding brought against Reseller by a third party to the extent it relates to or is based on, a claim or allegation that any item of Product directly infringes a copyright or trade secret or a United States or European Union patent of a third party, and pay any and all damages and costs finally awarded against Reseller in any such action or proceeding that are attributable to any such claim or incurred by Reseller through settlement thereof, but Extreme will not be responsible for any compromise made or expense incurred without its consent. Extreme's obligation to defend and pay hereunder is subject to the condition that Reseller (a) gives Extreme prompt written notice of any such claim; (b) permits Extreme to have sole control over the defense (including selection of counsel) and investigation and all negotiations for the settlement and compromise of any such claim, including any appeals; (c) reasonably cooperates with Extreme in the investigation, defense or settlement of any such claim, and provides all available information, assistance and authority, at Extreme's expense, to enable Extreme to investigate, defend, compromise or settle such claim; and (d) not enter into any settlement or compromise of any such claim without Extreme's prior written approval. Extreme will have no obligation or liability to Reseller with respect to any claim of infringement which is based upon (i) a modification of a Product by anyone other than Extreme; (ii) a combination of a Product with any third party software or hardware where such combination is the cause of such infringement; (iii) the use of a version of a Product other than the then-current version if infringement would have been avoided by the use of the then-current version and such current version was made available; or (iv) a claim against any Open Source Software. Upon notice of an alleged infringement or if in Extreme's opinion such a claim is likely, Extreme will have the right, at its sole option and expense, to (x) obtain for Reseller the right to continue to distribute the applicable Products; (y) modify the applicable Products so that they become non-infringing or substitute other non-infringing hardware or software with similar operating capabilities; or (z) if Extreme determines that neither (x) nor (y) described above are commercially reasonable, Extreme may terminate Reseller's distribution

rights for the applicable Products in the applicable territories and upon return of such all affected Products by Reseller to Extreme, Extreme will refund the fees paid by Reseller for the infringing copies of the Products, less depreciation on a five (5) year straight line basis. **THIS SECTION 11.1 (“EXTREME INTELLECTUAL PROPERTY INDEMNITY”) SETS FORTH EXTREME’S SOLE AND EXCLUSIVE LIABILITY AND RESELLER’S SOLE AND EXCLUSIVE REMEDIES FOR INFRINGEMENT BY THE PRODUCTS OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS OF ANY KIND.**

11.2 Reseller Indemnity. Reseller agrees to defend, indemnify and hold harmless Extreme from and against any and all damages, liabilities, costs, expenses (including reasonable attorneys’ fees, expert fees and other legal expenses) and settlement amounts incurred in connection with any suit, claim, or action by any third party against Extreme as a result of the actual or alleged (i) negligence, misrepresentation, error or omission on the part of Reseller or its representatives relating to or concerning the Products or Services; (ii) failure by Reseller to distribute the Products in the form shipped by Extreme; (iii) infringement of a patent, copyright, trade secret or other Intellectual Property Right of a third party by a product or service of Reseller; or (iv) breach by Reseller of any of its obligations under Section 15.8 (“Export”). Reseller’s obligation to defend and pay hereunder is subject to the condition that Extreme (a) gives Reseller prompt written notice of any such claim; (b) permits Reseller to have sole control over the defense (including selection of counsel) and investigation and all negotiations for the settlement and compromise of any such claim, including any appeals; (c) reasonably cooperate with Reseller in providing available information, assistance and authority, at Reseller’s expense, to enable Reseller to investigate, defend, compromise or settle such claim; and (d) not enter into any settlement or compromise of any such claim that will impair any rights of Extreme or cause Extreme to pay monies without Extreme’s prior written approval. **THIS SECTION 11.2 (“RESELLER INDEMNITY”) SETS FORTH RESELLER’S SOLE AND EXCLUSIVE LIABILITY AND EXTREME’S SOLE AND EXCLUSIVE REMEDIES FOR CLAIMS, ACTIONS, OR PROCEEDINGS OF ANY KIND BROUGHT BY THIRD PARTIES ALLEGING THOSE CLAIMS SET FORTH IN SUBSECTIONS (i) THROUGH (iv).**

12. Term and Termination.

12.1 Term. Unless terminated by either party in accordance with Section 12.2 (“Termination”), the term of this Agreement shall commence as of the Effective Date of this Agreement and shall continue for one (1) year thereafter and shall automatically renew from year to year.

12.2 Termination. This Agreement may be terminated earlier and at any time:

12.2.1 by either party, for its convenience, upon sixty (60) days’ prior written notice to the other party; or

12.2.2 by Extreme, immediately upon written notice to Reseller, if Reseller breaches or violates any provision of Sections 3 (“Rights and Restrictions”), 8 (“Trademark License”) or 9 (“Ownership of Intellectual Property Rights and Non-Disclosure”); or

12.2.3 by either party, immediately upon written notice to the other party, if such other party fails to perform or otherwise defaults in any of its obligations (other than those covered by Section 12.2.2 above) under this Agreement and fails to cure such failure or default within thirty (30) days after written notice thereof to such other party; or

12.2.4 by either party, immediately upon written notice to the other party, if the other party is insolvent or makes any arrangement with its creditors generally, or has a receiver appointed for all or a substantial part of its business or properties, or an insolvency, bankruptcy or similar proceeding is brought by or against such other party and involving such other party as debtor, and if brought against such other party is not dismissed within sixty (60) days from its institution, or if such other party goes into liquidation or otherwise ceases to function as a going concern. Furthermore, Extreme may cancel the shipment of any Products ordered by Reseller that have not yet been shipped at the time of such notice, unless otherwise restricted by any court of competent jurisdiction, including but not limited to a bankruptcy court.

12.3 Effect of Termination. Upon expiration or termination of this Agreement, for whatever reason:

12.3.1 Reseller's status as an Extreme authorized reseller will immediately terminate. Reseller will immediately cease using the Trademarks and discontinue all representations that it is an Extreme reseller. Extreme will be entitled to (i) reject all or part of any orders received from Reseller after notice but prior to the effective date of termination; and/or (ii) require Reseller's performance of any outstanding orders notwithstanding the fact that delivery dates for such orders may extend beyond the effective date of termination. Notwithstanding any credit terms extended to Reseller prior to that time, any Products shipped during such period will be paid for in full by certified or cashier's check prior to shipment.

12.3.2 Reseller will submit to Extreme within ten (10) days after the effective date of termination a summary of the number of the respective Products owned by Reseller as of the effective date of termination. Extreme may, at its option, repurchase any or all such Products from Reseller upon written notice, by email or any other method permitted under this Agreement, to Reseller within a reasonable period after receiving the inventory summary, at prices to be agreed upon between Extreme and Reseller, but in no event greater than the respective prices paid by Reseller for such Products. After Extreme's receipt of such Products from Reseller, Extreme will issue an appropriate credit to Reseller's account and refund any amount greater than the outstanding balance due Extreme.

12.3.3 The payment date of all monies due Extreme will automatically be accelerated so that they will become due and payable on the effective date of termination, even if longer terms had been provided previously, unless otherwise restricted or prohibited by any court of competent jurisdiction, including but not limited to a bankruptcy court.

12.3.4 By thirty (30) days from the effective date of termination, Reseller will return or destroy all copies of the Confidential Information. At the request of Extreme, a Reseller employee with appropriate signatory approvals will certify in writing that Reseller has complied with its obligations hereunder.

12.4 Survival of Terms. The following Sections will survive any expiration or termination of this Agreement for whatever reason: Sections 3.3 ("Restrictions on Copying and Reverse Engineering"), 3.5 ("No Removal of Markings"), 3.7 ("Government Rights"), 3.8 ("Unauthorized Payments to Third Parties"), 4.6 ("Taxes and Duties"), 4.7 ("Shipments"), 4.8 ("Payment"), 5.4 ("Support for End of Life"), 6.2 ("Records and Audit"), 7 ("Return Process"), 8 ("Trademark License"), 9 ("Ownership of Intellectual Property Rights and Non-Disclosure"), 10 ("Warranty"), but only as to Products or Services sold prior to the effective date of expiration or termination of this Agreement, 11 ("Indemnification"), 12.3 ("Effect of Termination"), 12.4 ("Survival of Terms"), 13 ("No Consequential Damages"), 14 ("Limitation on Liability") and 15 ("Miscellaneous").

13. No Consequential Damages. EXCEPT IN CASES OF (A) EITHER PARTY'S LIABILITY FOR BODILY INJURY OR DEATH; (B) RESELLER'S OBLIGATIONS SET FORTH IN SECTION 3.2 (RESELLER PROHIBITIONS), 3.3 (RESTRICTIONS ON COPYING AND REVERSE ENGINEERING), AND SECTION 9.1 (INTELLECTUAL PROPERTY RIGHTS); (C) EITHER PARTY'S VIOLATION OF SECTION 9.2 (NON-DISCLOSURE); OR (D) RESELLER'S INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 11.2 (i), (ii) and (iv) (RESELLER INDEMNITY), UNDER NO CIRCUMSTANCES WILL EITHER PARTY BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES OF ANY KIND OR NATURE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS (EVEN IF THEY ARISE AS A DIRECT OR IMMEDIATE CONSEQUENCE OF THE EVENT THAT GENERATED THE DAMAGES), LOST BUSINESS, LOST REVENUE OR LOST SAVINGS, LOSS OF USE, LOSS OR DAMAGE TO DATA OR GOODS OR INTERRUPTION OF BUSINESS, IN EACH CASE HOWEVER CAUSED, AND WHETHER ARISING IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY, STRICT LIABILITY OR OTHERWISE, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY EXCLUSIVE REMEDY PROVIDED HEREIN. IN NO EVENT WILL EITHER PARTY BE LIABLE FOR THE COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES.

14. Limitation on Liability. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, EXCEPT IN CASES OF (A) EITHER PARTY'S LIABILITY FOR BODILY INJURY OR DEATH; (B) EITHER PARTY'S BREACH OF SECTION 9.2 (NON-DISCLOSURE) OR SECTION 11 (INDEMNIFICATION); AND (C) AS TO RESELLER, SECTION 3.2 (RESELLER PROHIBITIONS), 3.3 (RESTRICTIONS ON COPYING AND REVERSE ENGINEERING), AND SECTION 9.1 (INTELLECTUAL PROPERTY RIGHTS), EACH PARTY'S AGGREGATE LIABILITY FROM OR IN RELATION TO THIS AGREEMENT AND THE PRODUCTS AND SERVICES, WHETHER ARISING IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, SHALL BE LIMITED TO EITHER (A) THE TOTAL AMOUNT PAID OR PAYABLE BY RESELLER TO EXTREME FOR THE PRODUCTS OR SERVICES GIVING RISE TO THE CLAIM IN THE MOST RECENT FULL CALENDAR YEAR PRECEDING EITHER PARTY'S INITIAL NOTICE OF ANY CLAIM OR POTENTIAL CLAIM HEREUNDER; OR (B) ONE MILLION DOLLARS (\$1,000,000), WHICHEVER IS GREATER. THIS LIMITATION IS CUMULATIVE AND SHALL APPLY TO ALL CAUSES OF ACTION IN THE AGGREGATE AND NOT PER INCIDENT.

15. Miscellaneous.

15.1 Notices. Notices will be sent to the address set forth above, attention Legal Department, unless a party notifies the other party in writing of an alternative contact and address for notices. Any notices permitted or required under this Agreement will be in writing and will be deemed given when delivered in person, by overnight courier upon written verification of receipt, by confirmed facsimile, or by certified or registered mail, return receipt requested, five (5) days after deposit in the mail.

15.2 Assignment. This Agreement may not be assigned by Reseller by operation of law or otherwise without the prior written approval of Extreme, which approval shall not be unreasonably withheld. Extreme's rights and obligations, in whole or in part, under this Agreement may be assigned or delegated by Extreme to any affiliated company or subsidiary or in connection with a merger, reorganization, consolidation or sale of all or substantially all of Extreme's assets. This Agreement shall bind and inure to the benefit of the parties and their successors and permitted assigns.

15.3 Waiver; Severability. The waiver by either party of a breach of any provisions contained herein shall be in writing and shall in no way be construed as a waiver of any succeeding breach of such provision or the waiver of the provision itself. In the event that any provision of this Agreement shall be unenforceable or invalid under any applicable law or be so held by applicable court decision, such unenforceability or invalidity shall not render this Agreement unenforceable or invalid as a whole, and, in such event, such provision shall be changed and interpreted so as to best accomplish the objectives of such provision within the limits of applicable law or applicable court decisions.

15.4 Injunctive Relief. It is expressly agreed that a violation of Sections 3 ("Rights and Restrictions"), 8 ("Trademark License") or 9 ("Ownership of Intellectual Property Rights and Non-Disclosure") of this Agreement could cause irreparable harm to a party and that a remedy at law could be inadequate. Therefore, in addition to any and all remedies available at law, a party will be entitled to seek injunctive relief or other equitable remedies in the event of any threatened or actual violation of any or all of the provisions hereof.

15.5 Controlling Law; Venue. This Agreement shall be governed in all respects exclusively by the laws of the State of California and the United States of America without regard to conflicts of law principles. The United Nations Convention on the International Sale of Goods is hereby expressly excluded from application to this Agreement. All disputes arising under this Agreement shall be brought in Superior Court of the State of California in Santa Clara County or the Federal District Court of San Jose, as permitted by law, and Reseller consents to personal jurisdiction in such courts.

15.6 Timing of Disputes. All disagreements or controversies of any kind whether claimed in tort, contract or otherwise concerning this Agreement shall be brought within two (2) years after the occurrence of the event giving rise to the disagreement or controversy.

15.7 No Agency. Nothing contained herein shall be construed as creating any agency, partnership, or other form of joint enterprise between the parties.

15.8 Export. Reseller acknowledges that it must comply with all applicable laws and regulations of the United States that may restrict the export, re-export, or transshipment of certain commodities and technical information, including the Products, the Services and technical information relating thereto, in any medium. Reseller will obtain and maintain all approvals and licenses, including export licenses, permits and authorizations, from the appropriate governmental authorities as may be required to enable Reseller to fulfill its obligations under this Agreement and shall comply with all applicable laws, rules, policies and procedures of the United States government. Reseller acknowledges that, unless prior written authorization is obtained from the relevant authorities in the United States, it will not export, re-export, or transship, directly or indirectly, any Products, Services or technical information relating thereto, in any medium that would be in contravention to any applicable laws and regulations of the United States then in effect. Reseller shall indemnify and hold harmless Extreme for any violation or alleged violation by Reseller of such laws or regulations. Reseller's obligations pursuant to this Section shall survive and continue after any termination of rights under this Agreement.

15.9 Force Majeure. Neither party will have the right to claim damages if this Agreement is terminated as a result of the other party's failure or delay in performance due to circumstances beyond its reasonable control (except for obligations relating to fees payable under this Agreement), including, but not limited to, labor disputes, strikes, lockouts, shortages of or inability to obtain labor, energy, components, raw materials or supplies, war, riot, insurrection, epidemic, natural disasters, governmental action or terrorism.

15.10 Counterparts; Facsimile Signatures. This Agreement may be signed in multiple counterparts that together shall form a single agreement as if the parties had executed the same document. The parties agree that execution of this Agreement evidenced by facsimile or electronic signature constitutes due execution and delivery thereof and that a photocopy or facsimile copy of the executed Agreement will be binding on and admissible by the parties to the same extent as an executed original.

15.11 Entire Agreement. This Agreement (including Exhibits and any then current applicable Reseller Program Guide or other program guide) constitutes the entire agreement between the parties hereto relating to the subject matter hereof and supersedes, and its terms govern, all prior and all contemporaneous proposals, negotiations, commitments, understandings, agreements or other communications between the parties, oral or written, regarding such subject matter. Any prior agreements between Extreme and Reseller covering the subject matter of this Agreement are hereby terminated.

15.12 Amendment. This Agreement may not be modified except by a subsequently dated written amendment signed on behalf of Extreme and Reseller by their duly authorized representatives.

Therefore, the parties hereto have caused this Agreement to be executed by their duly authorized representatives on the date shown below.

2. **Reseller Qualification and Requirements.** Upon execution of the Agreement (except as set forth below) and until the expiration or termination of this Support Exhibit, Reseller must meet the following requirements:

2.1 **Minimum Performance Requirements.** Reseller’s discounts and participation in Extreme’s PartnerWorks program is subject to, and Reseller must meet the minimum performance requirements set forth in, the PartnerWorks Program Guide. Reseller’s initial participation level in the PartnerWorks Program shall be PartnerWorks / PartnerWorks Plus, except and unless as separately communicated in writing from Extreme (the “PartnerWorks Program Participation Level”). In the event that, at any time, Reseller does not meet the requirements for such PartnerWorks Program Participation Level or any other requirements of the PartnerWorks Program Guide, in addition to any other rights under this Agreement, Extreme may, at its sole option, (a) change Reseller’s PartnerWorks Program Participation Level upon thirty (30) days prior written notice (by email or any other method permitted under this Agreement), (b) terminate this Support Exhibit immediately, or (c) prohibit Reseller from purchasing Reseller Services until such time as the Reseller demonstrates compliance with the terms of the PartnerWorks Program Guide.

To efficiently resolve problems and perform local hardware diagnostics, Reseller shall provide modem level access for all Reseller sites if permitted by the End User. Reseller may provide passwords and/or activate the modem when needed. Reseller's failure to provide such access or information may delay the Reseller Services and/or result in Extreme's inability to perform the Reseller Services; in such cases, Extreme shall not be liable for any consequences relating to or resulting from such delay or failure to perform.

3. Releases and Corrections. In accordance with the Support Plan purchased for the applicable Product, the Reseller Services may include the following:

3.1 Releases. Extreme or its authorized representatives will make available to Reseller all Releases made generally available by Extreme only for Products for which Reseller has an active contract for Reseller Services. The content of all Releases shall be decided upon by Extreme in its sole discretion. Updates for Products for which Reseller has an active contract for Reseller Services shall be provided to Reseller at no additional charge during the term of this Support Exhibit for Reseller's use to support its End Users. Extreme shall impose additional charges for Upgrades. Reseller agrees to distribute to End Users any Updates made available to Reseller for each Product covered by the Reseller Services and ensure implementation of such Updates. Reseller shall distribute and install only one (1) copy of a Release for each Product under an active contract for Reseller Services, and Reseller is prohibited from installing Releases on any Product which is not covered under an active contract for Reseller Services.

3.2 Corrections. Extreme shall use commercially reasonable efforts to provide a correction or workaround for any reported and reproducible Defect in any Product for which the Reseller Services have been purchased with a level of effort commensurate with the severity level; provided that Extreme shall have no obligation to correct all Defects in the Products. Reseller shall notify Extreme TAC above of the nature and severity of such Defect and the specific serial number of the applicable Product, and provide Extreme with enough information to locate and reproduce the Defect. Extreme shall not be responsible for correcting any Defect not attributable to Products or any Defect listed under Section 4 ("Exclusions").

4. Exclusions. The Reseller Services provided by Extreme hereunder will not include support and maintenance of any third party software or hardware not provided by Extreme. Extreme is not required to provide any services for problems arising out of: (i) Reseller's failure to implement all Updates issued under the Reseller Services; (ii) alterations of or additions to the Products performed by parties other than Extreme; (iii) accident, natural disasters, terrorism, negligence, or misuse of the Products (such as, without limitation, operation outside of environmental specifications or in a manner for which the Products were not designed); (iv) interconnection of the Products with other products not supplied by Extreme; or (v) certain components, including but not limited to the following: spare fan trays, blank panels, cables, cable kits, rack mount kits, brackets, antennas, GBICs and miniGBICs. Extreme shall only be obligated to support the then-current revision of the Products and the immediately prior revision. Support for any earlier revisions or for other problems not covered under the Reseller Services may be obtained at Extreme's then-current rates for special technical services and on Extreme's then-current terms and conditions for such services, subject to acceptance by Extreme at its sole discretion.

5. License and Warranties. All Releases provided under the Reseller Services are licensed subject to and warranted in accordance with the terms and conditions of the Software license agreement provided with the Release. Replacement Products provided hereunder are warranted for the remaining warranty period of the original Product, if any, as specified in the warranty card which shipped with the original Product. Nothing in the Reseller Services shall be construed as expanding or adding to the warranty set forth on the warranty card or the Software license agreement. Extreme will use all reasonable commercial efforts to provide the support requested by Reseller under the Reseller Services in a professional and workmanlike manner. In the event that Extreme fails to meet this

warranty, Extreme may re-perform the Reseller Services, but Extreme cannot guarantee that every question or problem raised by Reseller will be resolved.

6. Required Purchases and Discounts.

6.1 Required Purchases. Notwithstanding anything to the contrary in the Agreement, for each Product purchased following the Effective Date, Reseller must purchase either Reseller Services or End User Services concurrently with such purchase. Upon renewal of the Services, or for the purchase of Services for Products purchased prior to the Effective Date, Reseller may order either Reseller Services or End User Services.

6.2 Discounts. Any discounts for Reseller Services, if applicable, shall be set forth in the PartnerWorks Program Guide.

7. Term and Termination.

7.1 The term of this Support Exhibit shall commence on the Effective Date and, unless terminated earlier, will continue until expiration or termination of the Agreement. This Support Exhibit may be terminated earlier and at any time:

7.1.1 by either party, for its convenience, upon sixty (60) days' prior written notice to the other party, notwithstanding the continuing effect of the Agreement;

7.1.2 by Extreme, immediately upon written notice to Reseller, if Extreme reasonably determines that Reseller has failed to meet its obligations under Section 2 ("Reseller Qualification and Requirements") and Reseller has not cured such failure within ten (10) days of written notice; or

7.1.3 by either party, immediately upon written notice to the other party, if such other party fails to perform or otherwise defaults in any of its obligations under this Support Exhibit and fails to cure such failure or default within thirty (30) days after written notice thereof to such other party. Failure of Reseller to purchase either Reseller Services or End User Services concurrently with the purchase of each Product purchased following the Effective Date, as required by Section 6.1 ("Required Purchases") above, is deemed a material breach for purposes of this Section.

7.2 Effect of Termination. Upon the expiration or termination of this Support Exhibit: (i) Reseller's status as an Extreme authorized reseller of Reseller Services will immediately terminate and Reseller shall immediately discontinue all representations that it is an Extreme authorized reseller of Reseller Services; (ii) all unpaid support fees and other charges payable for Reseller Services shall become immediately due and payable; (iii) all support fees and training fees paid prior to the effective date of termination shall be non-refundable; and (iv) Extreme will no longer have any obligation to provide Reseller Services to Reseller or any End Users for the Products pursuant to this Support Exhibit; provided however that Extreme will continue to provide Reseller Services during any prepaid support period so long as this Support Exhibit was not terminated for Reseller's breach. The following Sections will survive any expiration or termination of this Support Exhibit for whatever reason: Sections 5 ("License and Warranties") and 7.2 ("Effect of Termination").

HARDWARE AND SOFTWARE OEM AND RESALE AGREEMENT TERM SHEET

("TERM SHEET")

This Term Sheet is made part of the Asset Purchase Agreement (the "APA") entered into by Extreme Networks, Inc. and Avaya, Inc. and is effective on the effective date of the APA. The parties agree that, as part of the APA, the parties will need to enter into a Hardware and Software OEM and Resale Agreement ("OEM Agreement") which will allow Avaya and its affiliates ("Avaya") to use/integrate certain Extreme hardware and software products ("Products") with and into certain Avaya offerings ("Integrated Products"). This Term Sheet outlines the material terms and conditions that the parties agree should be incorporated into the OEM Agreement, as written, or as the parties otherwise agree in writing. The parties agree to negotiate in good faith and finalize the terms and conditions of the OEM Agreement with the intent to finalize and execute the OEM Agreement no later than eight (8) weeks from the effective date of this Term Sheet.

1. SCOPE

1.1 The right to sell/license the Extreme Products as part of, or for use with, the Integrated Products shall be:

1.1.1 Worldwide.

1.1.2 The term of the OEM Agreement shall be for a limited period of time, as agreed by the parties.

1.1.3 The OEM Agreement shall survive any termination or expiration of the APA until all customer agreements have been terminated or have expired. All software licenses to customers shall survive any termination or expiration. Notwithstanding any continuation of this OEM Agreement upon expiration or termination of the APA, each party acknowledges that the OEM Agreement shall always be interpreted as being limited in duration to a definite term and that the other party has made no commitments whatsoever regarding the duration or renewal of the OEM Agreement beyond those expressly stated therein.

1.1.4 Avaya shall the right to sell/license the Products for use with Integrated Products directly or indirectly through Avaya's partners.

1.1.5 The Integrated Products may be used by Avaya, its partners, and their respective customers in environments such as on-premises, hosted solutions and subscription models.

1.1.6 The Products shall be branded as Avaya products and licensed/sold under Avaya's terms and conditions provided such terms and conditions are consistent with the terms and conditions of the OEM Agreement.

1.1.7 Avaya shall have the right to have Avnet (or a similarly situated subcontractor, contractor or contract manufacturer) exercise Avaya's rights on Avaya's behalf to manufacture, support and sell/license the Integrated Products, pursuant to the terms of the OEM Agreement.

2. PRICING, TAXES AND ORDERING.

2.1. Purchase Price. For Products, pricing shall be as set forth in Attachment A to this Term Sheet. All Purchase Prices will be in U.S. Dollars.

2.2. Taxes. Avaya is responsible for all sales, use, value added and similar taxes, however designated, imposed or payable, to any federal, state, local or foreign tax or government authority on the Products provided by Extreme under the OEM Agreement (individually and collectively, "Taxes"); provided, however, that Avaya shall not be responsible for any Taxes on the income of Extreme.

2.3. Avaya may order Product(s) under the OEM Agreement by issuing Purchase Orders to Extreme. Extreme must accept any Purchase Order that meets the requirements of the OEM Agreement. Avaya will pay Extreme software license fees in arrears on a quarterly basis for the software licenses distributed to and activated by end users during the preceding quarter. Avaya will provide Extreme with a rolling 12 month non-binding forecast of Avaya's Product requirements. The forecast is merely to provide Extreme with an estimate of Avaya's Product needs, based upon historical data. Product Lead Times shall be no more than 30 days. Minimum Order Quantities ("MOQs") shall be one (1).

3. INVOICING AND PAYMENT.

3.1. All invoices provided to Avaya related to the purchase of Products will be paid subject to the payment terms of the Reseller Agreement, entered into by the parties in conjunction with the APA on or about February 16, 2017.

3.2. All invoices will: (i) quote prices in U.S. Dollars unless otherwise agreed between Extreme and the ordering party in writing; (ii) reference the applicable Purchase Order, and where applicable, release; and (iii) be sent electronically, in a mutually agreeable format.

4. PRODUCT WARRANTIES.

Extreme warrants the Products solely to Avaya as set forth in Attachment E.

Upon the return of a defective hardware product by an End User to Avaya that qualifies under the warranty provisions set forth above, Avaya shall promptly return the defective Product to the source from which Avaya obtained it (e.g., Extreme or Extreme's authorized agents) to provide warranty service for such Product.

5. QUALITY, SUPPORT AND MAINTENANCE REQUIREMENTS.

Extreme acknowledges Avaya's support and maintenance requirements set forth in Attachment C and the logistics and the quality requirements as set forth in Attachment B and D, and believes that, as to Attachment C, those requirements are, in general, similar to the Extreme "PartnerWorks"

support options. Extreme shall provide PartnerWorks support to Avaya available as in the Partner Program Guide, attached as Attachment F.

Avaya may purchase End User Services as set forth on Extreme's then-current Price List by submitting an order for such End User Service either at the time of the purchase of the Product to which it relates or at any time thereafter.

In addition, Extreme agrees to provide the Product necessary to support Avaya's current and future customers in accordance with the terms of such customer support agreements. Avaya may, at its option, elect to continue receiving maintenance and support under the terms of Attachment C for the duration of the OEM Agreement for any Product that is subject to termination or expiration, provided that Avaya continues to pay the applicable fees as set forth therein.

6. **INDEMNIFICATION** – To be negotiated based on industry standard norms.

7. **LIMITATION OF LIABILITY**

WITH THE EXCEPTION OF INDEMNIFICATION OBLIGATIONS AND BREACHES OF CONFIDENTIALITY, (A) NEITHER PARTY SHALL BE LIABLE FOR TO THE OTHER FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR PUNITIVE DAMAGES OF ANY KIND OR NATURE ARISING OUT OF THIS AGREEMENT OR THE SALE OF PRODUCTS, WHETHER SUCH LIABILITY IS ASSERTED ON THE BASIS OF CONTRACT, TORT (INCLUDING THE POSSIBILITY OF NEGLIGENCE OR STRICT LIABILITY), OR OTHERWISE, EVEN IF THE PARTY HAS BEEN WARNED OF THE POSSIBILITY OF ANY SUCH LOSS OR DAMAGE, AND EVEN IF ANY OF THE LIMITED REMEDIES IN THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE AND (B) IN NO EVENT WILL EITHER PARTY'S AGGREGATE LIABILITY TO THE OTHER UNDER THIS AGREEMENT EXCEED THE GREATER OF: (I) FIVE MILLION DOLLARS (USD\$5,000,000) OR (II) TWO TIMES THE FEES PAID AND PAYABLE UNDER THE OEM AGREEMENT IN THE 12 MONTHS IMMEDIATELY PRECEDING THE EVENT WHICH GAVE RISE TO SUCH CLAIM.

8. **FORWARD AND BACKWARD COMPATIBILITY**

Extreme and Avaya will meet and work together on a mutually agreed process with respect to forward compatibility of the Integrated Products and the Products. The parties will examine the current versions of each to determine their functional compatibility, ease of integration, and additional functionality of the two. In addition, the parties will share with each other their respective product roadmaps. Nothing in this Section will preclude the parties from agreeing to have Extreme engage in design services to make the Products and the applicable Avaya products compatible.

9. END-OF-LIFE

Product End of Life. In the event Extreme discontinues or otherwise ceases to make available to its customers a particular Product model number, Extreme will continue to offer Services for such Product in accordance with its then-current End of Life Policy at: <http://www.extremenetworks.com/support/end-of-sale-and-end-of-support-products/>. The Services shall remain in effect with respect to other Products, if any, then covered.

Support Plan End of Life. Extreme reserves the right to discontinue any Support Plan in its sole discretion upon sixty (60) days' notice, by email, notification on Extreme's website, or any other method permitted under this Agreement, to Avaya; however, Extreme will continue to provide services under such discontinued Support Plan through the end of any prepaid support period so long as the Avaya is not in breach of any of its obligations under this Agreement.

10. CONFIDENTIALITY

Confidential Information shall be exchanged in accordance with existing confidentiality provisions/agreements, but in any case, each party agrees to keep in strict confidence all information regarding this Term Sheet and related negotiations. Upon expiration or termination of this Term Sheet, each party upon request will promptly return to the other party all documents, contracts, records, or other information received by it that disclose or embody confidential information of the other party. The provisions of this paragraph shall survive expiration or termination of this Term Sheet.

11. GOVERNING LAW

This Term Sheet shall be governed by the same laws governing the APA. Upon execution of the OEM Agreement this Term Sheet will be of no force or effect. Each party shall bear its own expenses in connection with the negotiation and execution of the OEM Agreement.

For the purposes of this Attachment, unless expressly stated otherwise, the term "Material" will mean Product and/or Material.

1. **SHIPPING.** Material will be shipped in accordance with the Incoterms as stated on Avaya's Purchase Orders. The Delivery Date for each Purchase Order will be 30 days or less from the date the Order is received by Extreme or as agreed upon by Extreme and Avaya as set forth in the Purchase Order.
2. **INVOICING FOR GOODS.** Extreme will, through routing and weight, render separate invoices for each shipment within 24 hours of shipment.

ATTACHMENT C: MAINTENANCE AND SUPPORT

Avaya requests the following maintenance and support services on the part of Extreme and Avaya:

1. Avaya Support Obligations

A. Sale of Services. Avaya will offer to its customers maintenance and support Services (“ExtremeWorks”) on the Product on an optional basis and will place Purchase Orders with Extreme for such ExtremeWorks Services in accordance with the terms of the OEM Agreement. Avaya will perform account management and control, invoicing and payment processing, and all other customer facing activities and obligations related to the Services provided in accordance with the terms of the OEM Agreement, unless otherwise agreed by the parties in writing. In connection with each resale of the Product, Avaya will offer maintenance and support Services to new End Users and renew service agreements with the existing Customers as applicable. Such maintenance and support Services will be sold under terms between Avaya and the respective End User, and will consist of Services from both Avaya and the Extreme as described in this Attachment. Each support related Purchase Order submitted by Avaya to Extreme will identify the support option selected, if any, as provided at: <http://www.extremenetworks.com/support/customer-care-2/> (Support Services).

B. Invoicing and Payment (applies to this Attachment only.)

i. Initial term and Renewals. The maintenance and support Services term between Extreme and Avaya with respect to a specific End User will be one year from the date of such maintenance and support Service as provided on Avaya’s or the applicable Ordering Party’s Purchase Order unless a shorter or longer Services term is specified in the Purchase Order. Support coverage periods will be adjusted upon a request from Avaya to allow for Customer acceptance periods or Customer requests to co-terminate all its services agreements. Extreme will invoice the annual (or as adjusted per above) fee for the Service option selected by Avaya or the applicable Ordering Party for the respective End User, as specified at Attachment A. The maintenance and support Services fee will be invoiced by Extreme within ten (10) days of a receipt of the Purchase Order from Avaya or the Ordering Party, quarterly. Failure to submit invoices in a timely manner (and within the same fiscal time period) may jeopardize payments to Extreme in part or in full. In case (i) Avaya/ Ordering Party or its End User elects not to renew the service agreement, (ii) Extreme terminates maintenance and support Services for nonpayment, or (iii) maintenance and support Services have otherwise lapsed with respect to any Product, Avaya may reinstate Services by purchasing a new service agreement which will commence upon the date Extreme acknowledges Avaya’s or the applicable Ordering Party’s Purchase Order for such Services. Reinstatement may be conditioned upon Extreme inspection of the Integrated Product to be supported, and the payment by Avaya of any fees associated with such inspection and reinstatement in accordance with the payment terms of the Reseller Agreement.

ii. Cancellations. In the event of an End User cancellation of a service agreement with Avaya, an Ordering Party or Avaya Reseller for Extreme’s supported Integrated Product, Avaya will have the ability to cancel associated maintenance and support Services with Extreme upon thirty (30) days written notice without penalty. Any prepayments for maintenance and support Services will be refunded or credited against future support purchases.

C. Services Support

- i. Avaya, Ordering Party or Avaya's Resellers are responsible for providing (Tiers I through III) technical support.
- ii. Avaya or Ordering Party (as applicable) will maintain facilities and other resources sufficient to provide technical service, support and assistance as provided under this Agreement.

FREQUENTLY ASKED QUESTIONS

Extreme Networks Product Warranty FAQ

Where Can I Find Details of the Extreme Networks Product Warranties?

The Extreme Product Warranty document is located on our support website:

<http://www.extremenetworks.com/support/policies>

How Can I Determine Which Warranty Applies to My Product?

Please go to our [Warranty Look-Up Tool](#).

What Is the Role of the Extreme Networks Warranty?

The purpose of a product warranty is to remedy manufacturing defects in materials and workmanship that keep the products from working substantially in accordance with the published specifications. It is not intended to address issues relating to the proper installation and operation of devices or systems.

What Is Included in the Extreme Networks Warranty?

Warranties provide a limited liability for Extreme to repair and / or replace defects in Extreme Networks hardware or software products. Warranties are generally limited in both the duration and the support they offer. Please refer to the summary of entitlements table in the Product Warranty document for an overview of what is included in the Extreme's product warranties

Why Is Warranty Not Sufficient for Supporting the Evolving Network?

As your business network evolves and become more complex, Extreme Networks Services, ranging from traditional maintenance and support options through proactive managed services offerings, help protect and extend the life of your network, ensuring you get the most value out of your network investment.

If My Product Has a Limited Lifetime Warranty, Should I Buy a Maintenance Contract?

Product warranties provide limited protection to address potential manufacturing defects. Relying solely on product warranties, even a Limited Lifetime Warranty, is not a recommended strategy for ensuring the efficient operation of your network, particularly in business critical environments.

What Extreme Networks Services Are Not Included in Product Warranties?

Product warranties do not include services, such as 24x7 GTAC phone support to report problems, ask product-related questions, and receive break-fix technical assistance for covered products, accelerated advance hardware replacement options, hardware delivery commitments, onsite support, managed services, or any type of professional service, such as installations and configuration support. Additionally, access to operational software upgrades is not available with some warranties.

For specifics, please refer to Table 1 of the warranty document located at: <http://www.extremenetworks.com/support/policies>

Can I Get Technical Assistance on My Product From Extreme for Situations That Are Not Related to a Warranty?

Coverage of your Extreme Networks equipment with a maintenance contract will provide you with 24x7x365 access to our Global Technical Assistance Center (GTAC) for assistance on non-warranty related issues on covered products. We also have a very active online community - The Hub - and an ever expanding Knowledgebase - GTAC Knowledge - which our partners and customers can use as an alternative to opening a case with GTAC for assisted support. If you don't have a maintenance contract, you can also purchase GTAC assisted support on a fee per event basis.

Where Can I Find More Information on Extreme Networks Services Available for My Products?

Extreme Networks services can be purchased from Extreme or an authorized Extreme Networks partner. Please refer to <http://www.extremenetworks.com/support/customer-care> and your Extreme Networks Sales representative or authorized channel partner for additional information on available services.

Who Is Eligible to Start a Warranty Claim?

The warranty on Extreme Network products is available only to the original purchasing end-user entity and is applicable only to products and licensed materials sold or distributed to the end-user by Extreme Networks or an authorized Extreme Networks Channel Partner.

Are Product Warranties Transferable?

Extreme product warranties are not transferrable. If the original end-user transfers their Extreme Network product to a third party, any remaining Extreme Network product warranty ceases upon that transfer, and no subsequent third party or user is eligible to obtain warranty service on that product. Support on transferred equipment can be obtained through the purchase of a maintenance contract. Please contact your Extreme Networks Sales representative or authorized channel partner for additional information on requirements and support options available for transferred equipment.

How Do I Get Warranty Support?

Contact your local Extreme Networks GTAC via phone (business hours only), email, or web. The GTAC contact information can be found at: <http://www.extremenetworks.com/support/contact>

Please have the following information available:

- Product name (example, Summit X670V-48x)
- Serial number of the product—found on the outside of the product or via the Command Line Interface (CLI)
- Complete description of the product failure

Once Extreme has determined that your product is having a failure covered under warranty, they will issue a Return Material Authorization (RMA) number for replacement of the defective product. Detailed instructions for processing an RMA can found in the [GTAC Users Guide](#).

What Technical Support Comes With a Product Warranty?

Extreme warranty support is provided via email, Web form or telephone available from 8 AM to 5 PM (Monday to Friday) local End User's time, for basic hardware and operational software troubleshooting assistance in connection with warranty claims, including RMA's (excluding installation, configuration and general networking troubleshooting).

What Technical Support Is Available With a Maintenance Contract?

With a maintenance contract, a customer is entitled to 24x7x365 GTAC phone support, to report problems, ask product related questions and receive technical assistance on Extreme Networks Hardware and Software products.

Is the Product Warranty Available Worldwide?

Yes, product warranties are available wherever Extreme Networks products are sold. Actual delivery times of replacement parts will vary depending on customer location.

What is the Difference Between ...

- Limited Lifetime Warranty with Express Advanced Hardware Replacement
- Limited Lifetime Warranty with Express Advanced Hardware Replacement-2

The key difference between these two warranties is with the level of access to operational software.

Limited Lifetime Warranty With Express Advanced Hardware Replacement – This warranty provides access to the base operational software release that came with the product at time of shipment, plus any sustaining releases made available on that major release throughout the life of the product.

Limited Lifetime Warranty With Express Advanced Hardware Replacement-2 – This provides access to all major and minor software releases on the base operational software license throughout the life of the product.

What is the Difference Between ...

- Base Operational Software
- Advanced Operational Software

Base Operational Software — Is embedded software required to operate an Extreme Networks branded device and is offered for sale as an inclusive component of the network device.

Advanced Operational Software and “Feature Packs” — Software-enabled pursuant to authorized use of an Extreme-issued license key that enables certain optional embedded software features in an Extreme Networks network device and is offered for sale as an optional component of such hardware network device.

What is the Warranty on Advanced Operational Software?

Advanced Software licenses and Feature Packs have a 90 day software warranty. For additional details on this warranty, please refer to the [Extreme Product Warranty](#) document.

What Is the Difference Between a Software Update and a Software Upgrade?

Using the software/firmware release schema of A.B.C, A is defined as a major software release. Major software releases are upgrades. B is defined as a minor or sustaining software release and are considered to be an update. C is defined as a maintenance or sustaining software release and are considered to be an update.

What Is the Warranty Period for Modular Power Supplies and Fan Trays in Stackable Switches?

The modular power supplies and fan trays in the stackable switches generally carry the same hardware warranty as the switches they plug into. So a fan tray used on a stackable edge switch that has a Limited Lifetime Warranty will also have a Limited Lifetime Warranty. For the 7100G Series switches, the PoE power supplies and fans carry a 5 year warranty. When in doubt, please refer to the [Warranty Look-Up Tool](#).

What Is the Warranty Period for Modular Power Supplies and Fan Trays in Chassis Switches?

All chassis power supplies and fans carry a 1 Year Warranty, with the exception of the K-Series fans which have a Limited Lifetime – 10 Business Day Ship Warranty.

What Is the Warranty Period for Transceivers?

Transceivers carry a one year warranty.

When Does the Warranty Begin?

The warranty begins at the date of product shipment from Extreme, or in the case of resale by an Extreme authorized reseller, commencing not more than ninety (90) days after shipment by Extreme.

What Is Extreme Network’s Policy on Dead-On-Arrival (DOA) Failures?

All hardware products include Advance Part Replacement (Next Business Day Shipment) during the first 30 days after product shipment. For purposes of this DOA policy, “fail to operate” shall mean a material failure to substantially perform in accordance with the Hardware Products’ published Documentation.

What Does “Lifetime” Mean?

Lifetime is a period beginning on the warranty start date and ending five (5) years from the product’s announced end-of-sale date. The duration of warranty for Extreme Wireless Controllers having a lifetime warranty is one (1) year from the product’s end-of-sale date.

What Does “Next Business Day” Mean?

If an eligible part covered under either the Limited Lifetime Warranty with express Advanced Hardware Replacement or the Limited Lifetime Warranty with express Advanced Hardware Replacement-2 requires a hardware replacement, Extreme Networks will use commercially reasonable efforts, after a request for replacement is approved, to ship the replacement part before the end of the next business day (NBD). Extreme Networks must process the RMA relating to the defective product per the Advanced Exchange Warranty RMA Times section of the [Extreme Networks Service Availability Matrix](#), Monday through Friday, in order to ship the replacement product to your site, by the end of day of the Next Business Day. Otherwise Second Business Day shipment will be provided for RMA’s approved after the time indicated. Extreme is not responsible for any delays related to export or customs regulations or processes, or transportation issues. Actual delivery times may vary depending on specific customer location.

Are Replacement Parts Received Under My Warranty New?

Replacement parts may be new or refurbished.

What Is the Warranty for Replacement Parts?

The warranty period on the replacement product or repaired product terminates thirty (30) days after shipment to the end-user or upon the termination of the original warranty period of the product replaced, whichever is longer.

What Are My Responsibilities as a Customer for Returning Parts Under Advance Replacement?

In the event that you fail to return the defective product within ten (10) business days of receipt of the replacement Field replaceable Unit (FRU), Extreme reserves the right to require customer to pay the full, or portion of the list price of the FRU or product component. Additionally, Extreme Networks does not provide any warranty or compliance statement pertaining to any third-party non-approved hardware. Overview

Extreme Networks® offers a comprehensive set of channel service programs designed to help partners gain a competitive edge by enhancing service capabilities and enabling implementation and delivery of services helping increase revenue and customer satisfaction.

PartnerWorks service solutions are for partners desiring to provide customers the partner's own brand of value-added service and support offers, but who require technical support escalation and hardware replacement options from Extreme Networks to fully support customer networks. In the PartnerWorks Program support model, partners remain the primary point of contact for end customers, selling and delivering partner-branded service while having access to Extreme Networks technical expertise, software support, and logistics infrastructure.

PartnerWorks partners must meet stringent certification and qualification standards, as well as demonstrate ongoing performance relative to the ability to sell, renew, and deliver high-quality services under the partner's own brand. Partners participating in the PartnerWorks Program may also resell ExtremeWorks® to expand their geographical reach and to complement the partner's technical expertise on the full Extreme Networks product line.

To help Extreme Networks partners provide a high level of support to the end customer, Extreme Networks offers a suite of support elements as part of its PartnerWorks Program solution, including access to the:

- Operational & Application Software Updates and Upgrades
- Global Technical Assistance Center (GTAC)
- Extreme Networks support web site
- Advanced hardware replacement or Return and Replace hardware replacement options
- Onsite technical support services

The PartnerWorks Program service solution, as well as information on the structure of the PartnerWorks Program requirements and implementation, are explained in this Program Guide.

To ensure that you are receiving the most up-to-date information on requirements and benefits for your program, you can access the most recent version of the Extreme Networks PartnerWorks Program Guide for your specific region on [Extreme Networks Partner](#) web site.

PartnerWorks Program Definition

KEY ELEMENTS OF THE PROGRAM

Partners are increasingly seeing the value in offering a broad range of service and support solutions to customers for Extreme Networks equipment. Selling advanced services not only offers the potential for increased revenue and profitability, but also the potential for increased customer satisfaction and the opportunity for repeat business.

To help our partners meet diverse product portfolio needs, geographic reach for service and support delivery, and the changing needs of technology and spares investment, Extreme Networks has designed a suite of services as part of its

Channel Support programs. These include Global Technical Assistance Center (GTAC) support, Extreme Networks support web site, operational and application software updates and upgrades, product user documentation, access to a knowledge database and spares or parts replenishment.

There are two key programs as part of Extreme Networks Channel Support solution. The first is the ExtremeWorks program, for partners who desire or need to sell the complete suite of Extreme Networks support services to end user customers and would like Extreme Networks to deliver all services directly.

The second Channel Support program is the PartnerWorks Program, designed for select qualified partners who desire to sell, and have the ability to provide, partner-

ExtremeWorks Program Go-to-Market Model

branded service to support Extreme Networks products, but need additional technical expertise, software support and downloads, and logistics infrastructure assistance from Extreme Networks.

PartnerWorks Go-to-Market Model

Extreme Networks currently offers two PartnerWorks Program support solutions: PartnerWorks and PartnerWorks Plus. Not all support solutions will be available in all regions. Please contact your Channel Account Manager for availability information.

Qualified PartnerWorks Program partners can select, on a product-by-product basis, ExtremeWorks, PartnerWorks, or PartnerWorks Plus support solutions.

Major Benefits of the ExtremeWorks and PartnerWorks Programs

THE EXTREMEWORKS PROGRAM CAN BENEFIT PARTNERS BY:

- Allowing the partner to maintain ownership of the customer relationship through the selling and managing of support contracts
- Providing an additional source of revenue for partners to sell services in addition to product
- Enabling partners to sell services without an investment in a support-logistics infrastructure
- Allowing partners to allocate resources to services or systems more aligned with the partner's core competencies
- Enabling partners to take on new Extreme Networks products or technologies without having to invest in spares and training

THE PARTNERWORKS PROGRAM CAN BENEFIT PARTNERS BY:

- Promoting and sustaining differentiation from other partners by demonstrating to customers the ability to deliver and provide your own high quality technical services
- Providing the potential for increased partner service revenue on an ongoing basis
- Helping to increase customer satisfaction and retention with a single point of contact

ExtremeWorks and PartnerWorks Alignment with Partners

The combination of ExtremeWorks and PartnerWorks provides a partner with the ability to align the service delivery model with the partner's service delivery infrastructure. PartnerWorks meets the needs of partners who have invested in the ability to directly deliver technical services to end user customers with the partner's own brand.

Additionally, when a PartnerWorks partner needs to augment its service offerings, quickly add new products and technologies to its portfolio, or reach outside its own geographical support area capabilities, then the partner can choose to sell ExtremeWorks services. This gives the partner the ability to maintain the customer relationship without developing additional infrastructure to deliver direct technical support to its customers.

Eligibility and Requirements of PartnerWorks Program

Qualified Extreme Networks partners must meet the PartnerWorks Program requirements in order to be eligible for the PartnerWorks Program and must continue to maintain such program requirements in order to continue to participate in the PartnerWorks Program.

Silver, Gold, Diamond & Platinum partners are all eligible to join the PartnerWorks Programs.

Extreme Networks may accept partners into the PartnerWorks Program at its sole discretion and reserves the right to deny any partner from participating in the PartnerWorks Program for any reason.

Partner Qualification Form

To apply for the Extreme Networks PartnerWorks Program, Extreme Networks partners must complete the partner qualification form to confirm that the partner meets all of the program requirements. The form is also a commitment and assessment by the partner of its readiness to participate and comply with the program requirements. Your Channel Account Manager will complete this form with you.

PROGRAM REQUIREMENTS FOR ALL PARTNERWORKS PARTNERS

The partner must fulfill ALL of the following requirements in order to be eligible for the PartnerWorks Program:

- Be a qualified Extreme Networks channel partner regionally participating at the Silver, Gold, Platinum or Diamond level and meet all the requirements of the Extreme Networks regional channel program.
- Complete the partner qualification form and execute an agreement with Extreme Networks containing PartnerWorks legal terms and conditions ("PartnerWorks Agreement").
- Have the capability and means to provide customers direct technical support, 24 hours a day, 7 days a week, 365 days a year for PartnerWorks/ PartnerWorks Plus Partners.

- Use a Customer Relationship Management (CRM) system.
- Outfit and maintain a lab with Extreme Networks equipment for problem replication and education and provide Level 1 and Level 2 support.
- Meet or exceed the minimum acceptable PartnerWorks performance criteria.
- Supply end user information at the time of each purchase of product or service.
- Attach an appropriate service agreement on each Extreme Networks product purchased*(1)
- Maintain a defined number of certified engineers depending upon the partner's channel partner program level and PartnerWorks Program participation level (see Appendix A).

SERVICE ENTITLEMENTS - PURCHASE REQUIREMENTS

Partners are required to purchase a service agreement on certain purchased assets *(1). This is independent of where or how the partner purchased the asset, whether purchased directly from Extreme Networks, or from an authorized distributor or reseller. The Service purchased can be of any service entitlement type (i.e., ExtremeWorks, PartnerWorks, or PartnerWorks Plus) and any service level within that program (such as Next Business Day AHR or 4-hour AHR, etc) and for any full term.

*NOTE: *(1) Please refer to the mandatory attach table located in the "Worldwide Reference Information Workbook" located in the pricing section on your regional Partner Portal.*

Partners may sell renewals for the initial service agreement. Subsequent renewals should be dated and priced from the date of expiration of the previous agreement. Lapses in service entitlement may be subject to reinstatement fees. Partners who do not meet these criteria are in default of the PartnerWorks Program.

The terms and conditions of Extreme's performance of support and services are as posted here: <http://www.extremenetworks.com/company/legal/terms-of-support/>. In the event of any conflict between the language in this Program Guide and Extreme's published terms and conditions, Extreme's published terms and condition shall govern.

MAINTENANCE OF CERTIFICATION AND QUALIFICATION REQUIREMENTS

PartnerWorks partners must maintain a certain number of Extreme Certified Expert (ECE) - Networking certified engineers, as applicable, who must stay current on such certification. ECE certifications are valid for only two years before re-certification is required. The minimum number of ECE - Networking certified engineers per Partner is set forth in Appendix A.

For more information on ECE-Networking and ECE certification requirements, please refer to the Extreme Networks technical training page at: <http://extremenetworks.com/education/certifications/> at the "Channel Partners" link.

LAB EQUIPMENT REQUIREMENTS

Lab requirements, at a minimum requires a partner to have sufficient lab equipment to replicate hardware and or software problems for a specific class of products, i.e. wired, wireless, and network management. In some cases this may require additional equipment to cover next generation hardware and software products. As part of PartnerWorks requirements the Partner must maintain a lab equipped with products in order to effectively perform level 1 and 2 support on all Extreme Networks products sold and supported by the partner. A list of recommended lab equipment, for your reference, per product class is located at your regional PartnerNet support portal.

Extreme reserves the right to audit a PartnerWorks Partner lab requirements on a 6-12 month basis.

- The lab is not to be used for demonstration or evaluation of sales.
- Evidence of a process, procedure, or guidelines for using the lab must be shown at time of audit.
- All partners are required to have the necessary lab equipment to perform a successful demonstration of their technical expertise at the time of their onsite audit.

Spares

For each product for which a PartnerWorks partner has purchased PartnerWorks Plus, such partner is required to maintain an inventory of spare products sufficient to meet the partner's service requirements for such product. The partner is solely responsible for meeting the partner's customer service level requirements and for maintaining spare products to meet such requirements.

Performance Incentive Metrics

Performance metrics are used in the PartnerWorks Program to measure each partner's effort and success in selling and delivering service. The performance metric values and ranges are determined from Extreme Networks' experience with partners around the world, as well as the first-hand experience of selling the ExtremeWorks brand of service.

Metrics are directly controlled by each partner's individual performance and are not influenced by Extreme Networks or other partner's performance. The PartnerWorks Program puts direct control of the partner's performance in the hands of the partner. Please refer to the separate Performance Incentive Metrics document on the Partner portal for more details.

Service Discounts

ExtremeWorks, PartnerWorks, and PartnerWorks Plus can be ordered in the same manner as hardware and software. Contact your authorized Extreme Networks distributor for all services related discounts.

Contact with the GTAC may be made (i) by telephone; (ii) by email, or (iii) via the Extreme Networks Support website. For all issues that are of a “network down” level, contact with the Extreme Networks GTAC should only be made via telephone.

Frequently Asked Questions

PROGRAM QUESTIONS

When must a PartnerWorks partner meet the qualification criteria?

If the partner does not fully meet all of the partner qualification criteria at the time of signing the PartnerWorks Agreement, the partner has 90 days after the signing of the agreement to meet the qualification criteria and must continue to maintain its qualification requirements in order to remain in the program.

Where is the PartnerWorks Program available?

The Extreme Networks PartnerWorks Program is available in all regions that Extreme Networks serves; however, there are limitations as to the availability of certain service plan entitlements in some geographic locations. Please contact your Channel Account Manager for more information about availability.

Can a PartnerWorks partner choose to participate in both ExtremeWorks and PartnerWorks?

Partners have different business models, business needs, and service strategies. Some sell branded service; others have a model that favors reselling Extreme Networks support services. Partners who participate in the PartnerWorks Program have the option, on a per-asset basis, to choose either the ExtremeWorks or PartnerWorks Program as the appropriate service solution, where ExtremeWorks or PartnerWorks is available. Partners who do not participate or who do not yet qualify for PartnerWorks may only resell ExtremeWorks support solutions.

When must the lab equipment purchase requirement be fulfilled?

The required lab equipment should be in place at the time of the execution of the PartnerWorks Agreement, but in no event later than 90 days after the agreement has been signed.

Do you require that a PartnerWorks partner purchase PartnerWorks on all equipment?

The PartnerWorks Program requires that a PartnerWorks partner commit to buying a service entitlement (i.e., PartnerWorks, PartnerWorks Plus, or ExtremeWorks) on all Extreme Networks products purchased. Please refer to the mandatory attach table located in the "Worldwide Reference Information Workbook" located in the pricing section on your regional Partner Portal. Partners may sell renewals for the initial service agreement. Subsequent renewals should be dated and priced from the date of expiration of the previous agreement. Lapses in service entitlement may be subject to reinstatement fees.

ADDITIONAL QUESTIONS

What exactly is a Level 1 or Level 2 type incident versus a Level 3 type incident?

All PartnerWorks/PartnerWorks Plus service-enabled partners must provide support to end customers covered under PartnerWorks Program purchases. Partners will accept and process all inbound support calls originating from their Extreme Networks customers, including calls for warranty support.

PartnerWorks/PartnerWorks Plus partners are required to perform the following service delivery functions to their end user customers:

- General product information and configuration support
- Collection of relevant technical problem identification information
- Filter of non-technical problems from actual technical problems
- Provide end customer support including the following:
 - 24x7 phone support
 - Processing all initial incoming technical queries from customers
 - Assisting customers in resolving software issues through appropriate software updates and software upgrades
 - Assisting customers in resolving hardware issues

PartnerWorks/PartnerWorks Plus partners are required to perform the following service delivery functions prior to contacting the Extreme Networks GTAC in behalf of their end user customers:

- Problem isolation
- Determination of defects in product specifications
- Lab simulation and reasonable interoperability testing where applicable
- Duplication of customer problems
- Defining action plans for problem resolution
- Analyzing system logs including, but not limited to, error logs, core files, etc.
- Escalating technical issues not previously resolved by partners internal support infrastructure
- Assisting customers in resolving hardware issues, including the return material authorization ("RMA") process, as necessary.

Extreme Networks provides the following GTAC services to partners certified ECE- Networking engineers participating in the PartnerWorks Program. These services are provided remotely:

- 24x7x365 worldwide coverage
- Create a Service Request number for each GTAC case
- Case management, escalation and real time access to case status and details
- The provision of a software fix, patch or workaround
- High level technical assistance and troubleshooting of problems not diagnosed during the partner's support efforts.

Does participating in the PartnerWorks Program affect currently supported products?

Any products, systems, or system management solutions that have active support agreements in place when entering the PartnerWorks Program will carry forward with the same level and definition of support.

Can I transition existing installed assets currently under a support contract to the new PartnerWorks Program?

A partner may elect to transition existing installed and covered products to the new PartnerWorks Program when the renewal anniversary date for that service contract occurs, and choose to renew the service agreement in the PartnerWorks Program. The partner will only be able to renew those agreements in the PartnerWorks Program if they qualify or it may renew those agreements with ExtremeWorks service. Please refer to the Service Partner of Record Policy located on the Partner portal for specific details.

What happens if a partner has purchased a multi-year agreement on a system, and the system subsequently goes into End-of-Sale (EOS) or End-of-Life (EOL)?

Service is provided to end of current contract term without change. Renewal of service is subject to End of Support Plan Policy located on the Extreme Networks web site.

Can a partner buy a new support agreement on a product that is now at End-of-Sale?

Yes, a partner may buy a new support agreement, in the first 12 months following the end of sale date, but the support agreement term may not exceed the remaining supportable life as defined by the EOL policy.

A partner has purchased one level of support for spares, but a different level of support on the same product for its customer. What happens to the entitlements?

In this example, the partner needs to replace the customer's asset with a spare (and return the customer's system back to Extreme Networks). One of the many benefits of the PartnerWorks Program is the ability for a partner to mix and match the levels of service to maximize its service business plan. As a result, a partner may have PartnerWorks Plus 10 day return and replace (Return & Replace) on a spare unit, but PartnerWorks Plus next business day (NBD) level of service on the customer's unit.

By selecting PartnerWorks Plus, the partner takes ownership of the responsibility to provide and deliver the spare replacement to its customer. When the customer unit (product A, with PartnerWorks Plus NBD coverage) fails or needs to be replaced, the partner ships the replacement product (product B, with PartnerWorks Plus Return & Replace coverage) to the customer, and at the same time, requests a replacement from Extreme Networks (product C with no coverage).

When the partner requests the replacement from Extreme Networks (who will note that the product being replaced has a PartnerWorks Plus level of coverage), Extreme Networks will request the serial number of the spare being delivered to

the customer to ensure that all entitlements can be properly mapped. The Extreme Networks GTAC will ask for the replacement serial number when the RMA is being approved. If the partner cannot provide that information at that time, the RMA may still be approved.

However, it is the partner's responsibility to provide the replacement serial number and RMA number to Extreme Networks in order for the entitlements to be properly mapped. When the full transaction is complete, Product A will have been returned to Extreme Networks and set to "no support". Product B, which started with coverage of PartnerWorks Plus Return & Replace coverage, has now been mapped to the original customer with PartnerWorks Plus NBD coverage, and the system shipped from Extreme Networks (product C) that originally had "no support" has now been updated with the original coverage of the partner's spare, or PartnerWorks Plus Return & Replace.

Who pays for the freight when a product is returned?

If the product that has a support agreement has an AHR type of coverage, then Extreme Networks pays the freight of the unit shipped to the partner or the customer, as well as the return freight for the unit being returned to Extreme Networks, excluding any applicable taxes, duties and custom fees.

If the unit being replaced has Return & Replace level of service, the partner or customer pays for the return of the product to Extreme Networks, excluding any applicable taxes, duties and custom fees. Extreme Networks pays the freight of the unit shipped to the partner or the customer, excluding any applicable taxes, duties and custom fees.

2. Unless otherwise stated, all facts and statements included in this declaration are based upon my personal knowledge, my review of relevant documents, information provided to me or verified by the Debtors or the Debtors' other professional advisors, including Avaya's prepetition financial advisor Goldman, Sachs & Co. ("Goldman"), and/or my opinion based upon (a) my personal knowledge of the Debtors' operations and financial performance, (b) my oversight of the sale process (the "Sale Process") for the Business since late January 2017, (c) information learned from my review of relevant financial and operational data regarding the Debtors, (d) information received from members of the Debtors' management or their other advisors, including but not limited to Goldman, and (e) my experience advising both distressed and non-distressed businesses and companies and their stakeholders in the technology and telecommunications sectors.

3. I am authorized to submit this declaration on behalf of the Debtors, and, if I were called upon to testify, I could and would testify competently to the facts set forth herein.

Expertise of the Financial Advisor

4. I am a Partner in the Restructuring and Recapitalization group at Centerview, primarily staffed out of Centerview's office at 31 West 52nd Street, New York, New York 10019. I have more than 15 years of experience in investment banking, focusing particularly on advising and executing financing, mergers and acquisitions, and restructuring transactions across a wide range of industries. Prior to Centerview, I was a Managing Director at Miller Buckfire & Co., worked in the restructuring group at Dresdner Kleinwort Wasserstein (predecessor to Miller Buckfire & Co.), and worked in the investment banking divisions of Merrill Lynch and Chase Securities Inc. My representative telecommunications and technology related advisory work includes Alcatel-Lucent, Birch Telecom, Charter Communications, CTC Communications, the merger of Conversent Communications and FiberNet, and the merger of Conversent Communications, CTC Communications and Choice One Communications. My additional investment banking and restructuring experience includes, but is not limited to, advising Border Media Partners, Caesars Entertainment Corporation (Strategic Alternatives Committee), Charter Communications (Vulcan, Inc.), Citation Corporation, Clear Channel Outdoor, CMS Energy, Crowne Group, Dana Corporation, Dana Credit Corporation, Dow Chemical, Exide Technologies, Greatwide Logistic Services, MACHGen (Secured Lenders), Pacific Crossing Limited, Peabody (Secured Lenders), Polaroid Corporation, RCS Capital, Stolt-Nielsen, Stolt Offshore, Targus Group International, United Australia/Pacific and Workflow Management. Accordingly, I am knowledgeable about restructuring, mergers and acquisitions—including sales pursuant to section 363 of the Bankruptcy Code, and financing transactions across a broad set of industries and subsectors.

5. Centerview is a global advisory-focused investment bank, and Centerview's team of professionals deliver a wide array of merger and acquisition, financial restructuring, and

capital structure services to corporations, boards, and key stakeholders around the world. Centerview's Restructuring and Recapitalization group provides a full suite of advisory services for restructuring transactions consummated out of court and in chapter 11.

The Marketing Process

6. By the Motion, the Debtors seek authority to sell certain assets (as defined in the APA, the "Transferred Assets").³ The Sale is the result of ongoing restructuring negotiations related to the Debtors and is an important step towards maximizing the value of the Debtors' estates for all stakeholders.

7. Avaya retained Centerview in March 2016 to assist the board of directors and management team in evaluating strategic and capital structure alternatives to address the Debtors' burdensome balance sheet. Such potential alternatives included, but were not limited to, the divestiture of noncore assets, for which Avaya also retained Goldman in March 2016 as financial advisor in connection with any possible divestitures. Accordingly, it is my understanding that in April 2016 Goldman assisted Avaya in launching a marketing process of Avaya's networking business (the "Business") and between April and September 2016, Goldman and Avaya contacted 37 parties, including 28 strategic buyers and nine financial sponsors, which, based on prior experience and an assessment of the market, were most likely to be interested in acquiring the Business. After receiving a high level overview of the business (including only public information), I understand that 15 parties entered into nondisclosure agreements with Avaya, and 11 parties attended an initial meeting regarding the Business with Avaya.

8. Subsequent to these meetings and prior to the submission of first round bids, I am informed that Avaya and Goldman responded to a number of information requests by interested

³ Assets of the Business include property of certain non-Debtor affiliates.

parties. I understand that Avaya and Goldman asked potential buyers to submit first round bids containing, among other things, an indication of valuation for the Business, expected time required to close the purchase of the Business, and anticipated financing sources to fund the transaction, and set August 15, 2016 as the deadline for the submission of first round bids. I am informed by Avaya and Goldman that four interested parties (the “Potential Purchasers”) ultimately provided their preliminary views on valuation as part of their first round bids, of which two submitted written bids. I understand that the verbal offers ranged from \$5 million to \$65 million for 100% of the business (both financial sponsors), and the written offers ranged from \$100 million to \$330 million for 100% of the business (both strategic buyers). I am further informed by Avaya and Goldman that the strategic buyer’s written bid of up to \$330 million was based on limited due diligence and an existing operating relationship between the Potential Purchaser and certain Avaya entities related to the Business, and was provided without any proposed form of deal structure, detailed due diligence request, or information about necessary consents or approvals to be obtained. I also understand that Avaya determined that two of the four Potential Purchasers would not be invited to proceed due to verbal offers that were significantly less attractive than the other bids. I am informed that the other two Potential Purchasers were provided with access to an electronic diligence data room (which contained information on the business, including relevant contracts, financial and accounting information, and other relevant information regarding a potential transaction).

9. It is my understanding that Goldman and Avaya continued to work with these two Potential Purchasers to satisfy diligence requests and clarify proposal terms. I am informed that the \$330 million Potential Purchaser showed limited interest in conducting due diligence or engaging with management on deal terms or transaction negotiations. Additionally, I understand

that Goldman and Avaya continued to work with another potentially interested party, which provided a view on value of up to \$70 million after the first round bid deadline, a portion of which would be subject to performance post-closing of the transaction. I am informed, however, that this bidder declined to engage further despite repeated follow-up from Goldman and Avaya.

10. Further, by November 2016, it is my understanding that the \$330 million Potential Purchaser declined to continue bidding citing multiple concerns, including its perceived inability to secure requisite regulatory approvals and operate the business in specific jurisdictions, including in the United States and Europe, as well as revenue trajectory and lack of profitability within the Business. I am informed that, despite repeated requests, the \$330 million Potential Purchaser had still not produced a proposed deal structure, provided feedback on the proposed contract, or performed typical detailed due diligence for their initial bid.

11. As a result, I am informed that Avaya focused efforts on the most viable purchaser at the time, Extreme Networks Inc. (“Extreme”). It is my understanding that starting on December 19, 2016, Avaya and Goldman facilitated extensive due diligence for Extreme on the operations of the Business, and began negotiating the terms of a stalking horse asset purchase agreement (the “APA”), including numerous related documents and schedules, bidding procedures, and a proposed form of sale order.

12. Following the commencement of these chapter 11 cases on January 19, 2017, Centerview began to assume responsibility for advising Avaya on the Sale and Sale Process. At the time Centerview assumed this role, the draft APA contemplated by Avaya and Extreme included a total potential value of up to \$100 million, consisting of at least approximately \$68 million in cash proceeds (before transaction costs and purchase price adjustments), up to approximately \$22 million of aggregate, undiscounted value in the assumption of future dark

lease and pension obligations of certain Avaya non-Debtor entities (with any reduction of this amount to be offset by an increase in cash proceeds), and the ultimate release of up to \$10 million in cash to the Avaya Enterprise from an indemnity escrow account one year after closing.

13. On or about January 27, 2017, Centerview had assumed the role of financial advisor to Avaya as it related to the Sale and the Sale Process with Extreme. On or about February 13, 2017, Avaya and Extreme reached agreement on the material terms of the Sale, and Centerview shared a presentation summarizing the proposed transaction as well as the strategic and business rationale with advisors to the Committee, the Ad Hoc Group of First Lien Holders, and the Ad Hoc Group of Crossover Holders (together, collectively, the “Creditors’ Advisors”). Following this presentation, Centerview continued to answer questions and provide further diligence as requested by various of the Creditors’ Advisors.

14. On or about February 17, 2017 the board of directors authorized the approval of the APA and the associated Sale Process contemplated by the Bidding Procedures Motion.

15. Based on my understanding of the prepetition eight-month marketing process and the extensive arm’s-length and good faith negotiations between the parties, the terms of the APA have been subjected to a robust market test. Based on my experience and the extensive due diligence which I understand was conducted on the Business by Extreme, I believe that the prepetition marketing process provided sufficient time to ensure the best possible purchase terms for an acquisition of the Business. Additionally, I have been told by Avaya that the Business is non-core and had been marketed unsuccessfully on two prior occasions, in 2010 and 2012. I also understand that Avaya management, with the assistance of Zolfo Cooper, prepared a keep-sell analysis of the Business, the result of which showed that the sale was significantly better for Avaya than retaining the Business. Thus, I believe that the consummation of the Sale

contemplated under the APA represents the highest and best transaction available for the Business. Additionally, the Debtors are committed to achieving the highest or otherwise best bid for the Business by marketing such assets and conducting a competitive bidding process, as set forth in the Bidding Procedures, and, if necessary, conducting an auction for the Business.

Sound Business Purpose for the Bidding Procedures

16. In connection with negotiating the APA, the Debtors and their advisors worked diligently to develop the Bidding Procedures. The Bidding Procedures are designed to ensure that a process is put in place that will minimize the risk that Extreme terminates negotiations—leaving the Debtors without a stalking horse bidder for the Business—while at the same time attempting to maximize recoveries for creditors and other stakeholders. With these goals in mind, I believe that the Bidding Procedures set forth an appropriate process to test the value of the Debtors’ Business within the timeframe required by Extreme. The fairness and reasonableness of the consideration to be paid by the Successful Bidder ultimately will be demonstrated by market exposure and an open and fair auction process—the best means for establishing whether a fair and reasonable price is being paid. Moreover, notice of this process will be widely circulated to interested parties.

17. Furthermore, because the Bidding Procedures also preserve the Debtors’ ability to solicit and develop qualified bids, Centerview intends to continue marketing the Business by contacting parties previously contacted in connection with a potential purchase of the Business, as well as additional parties that may be interested in purchasing the Business, to the extent such parties might exist, with the goal of eliciting a topping bid to the extent one exists, or if one does not exist, subjecting the Sale to a robust market test. As such, I believe the Bidding Procedures: (a) provide adequate time for interested parties to conduct due diligence, arrange financing, and construct and submit informed competing bids; (b) help ensure that the Debtors are maximizing

creditor recoveries while working towards the efficient completion of the chapter 11 cases in a timely manner; and (c) provide the Debtors' Sale Process with finality. Importantly, the Bidding Procedures do not impact the Debtors' ability to exercise their fiduciary duties to pursue an alternative restructuring strategy.

18. The timeframe set forth in the Bidding Procedures, including approval of the Sale Order on or before July 4, 2017, was explicitly requested by Extreme. I have been advised by Extreme that this timeframe is driven by Extreme's desire to announce and close a transaction quickly. More importantly, Avaya management believes that a prolonged stay in chapter 11 will lead to business deterioration. Accordingly, the Debtors also seek to complete the transaction quickly, in order to maximize the value of the Business. The inclusion of milestone dates in the Bidding Procedures is meant to act as a guideline to ensure a fair but efficient Sale Process. In no way, however, will the milestone dates trigger any termination rights in either party other than the entry of the Sale Order and the outside closing date provided in the APA. In my opinion, the Debtors cannot risk losing Extreme as a stalking horse bidder if the Business is to be sold in a way that maximizes creditor recoveries, and therefore the proposed bidding procedures—which benefit both parties—have a sound business purpose.

Sound Business Purpose for the Use of a Stalking Horse and Bid Protections

19. Extreme's bid (the "Stalking Horse Bid") will establish a floor for further bidding that may increase the consideration received in exchange for the Transferred Assets for the benefit of the Debtors' estates. I believe that the Bid Protections are necessary to induce Extreme to provide the Stalking Horse Bid and that the Bid Protections were necessary to induce a stalking horse bidder to provide a stalking horse bid. Accordingly, I believe that the Bid Protections will maximize the value of the Business, and thus the Debtors' Estates, and are a valid and sound exercise of the Debtors' business judgment.

20. More specifically, I understand that the Bid Protections were, and remain, a critical component of Extreme's commitment. Extreme has expended, and will continue to expend, time and resources negotiating, drafting, and performing due diligence activities necessitated by the Sale, despite the fact that its bid will be subject not only to Court approval, but also to overbidding by third-parties. I believe the parties negotiated the requested Bid Protections in good faith and at arm's length with significant give-and-take. I also believe that if the Court does not approve the Bid Protections, there is significant risk that Extreme will elect not to serve as the "stalking horse" to the detriment of the Debtors' estates.

21. The Termination Fee contained in the Bid Protections represents approximately 3.00% of the total potential value to the Avaya Enterprise of approximately \$100 million. This total potential value includes at least approximately \$68 million in cash proceeds (before transaction costs and purchase price adjustments), up to approximately \$22 million of aggregate, undiscounted value in the assumption of future dark lease and pension obligations of certain Avaya non-Debtor entities (with any reduction of this amount to be offset by an increase in cash proceeds), and the ultimate release of up to \$10 million in cash to the Avaya Enterprise from an indemnity escrow account one year after closing. Pursuant to closing the transaction, the Avaya Enterprise would be responsible for paying up to approximately \$5 million in severance costs to employees of the Business not transferred to Extreme. In my experience, a termination fee of 3.00% is in the range of termination fees that I have seen and negotiated in prior sale transactions conducted in chapter 11. Moreover, I understand that the Termination Fee, and the Bid Protections generally, were the subject of extensive, good faith, and arm's-length negotiations among the Debtors and Extreme. Based on my understanding, I believe that the Termination Fee is a valid and sound exercise of the Debtors' business judgment and should be approved.

22. Similarly, the Purchaser Expense Reimbursement represents a maximum of 0.75% of the total potential value of \$100 million for the purchase of the Transferred Assets. The \$750,000 cap on the Purchaser Expense Reimbursement, in my opinion, is a fair reflection of the expenses Extreme has incurred through the process of conducting due diligence and negotiating the terms of the APA. Furthermore, I understand that the Purchaser Expense Reimbursement was vigorously debated in good faith and at arm's-length among the Debtors and Extreme through several iterations of draft purchase agreements. Based on my understanding, I believe that the Purchaser Expense Reimbursement, and the Bid Protections generally, are valid and sound exercises of the Debtors' business judgment and should be approved.

23. It is my understanding that the Debtors used Extreme's reluctance to move from these terms to negotiate other concessions from Extreme such as the requirement for a \$10 million deposit by Extreme in order to enter into the APA, and the removal of a no-shop provision which was originally contemplated under the APA. This \$10 million deposit into an escrow account of the Debtors, representing 10% of the base purchase price of \$100 million, before adjustments, helps to ensure that the Sale will close by requiring Extreme to forfeit the Deposit if Extreme fails to close the transaction in accordance with certain terms of the APA. Further, the APA now explicitly allows the Debtors to respond to any inquiries or offers to purchase the Business and supply information relating to the Business to prospective purchasers even before entry of the Bidding Procedures Order, which represents further risk to Extreme potentially losing out on its bid. Such risk to Extreme, after already expending significant time and money in pursuit of the Business, plus the benefit to the Debtors' estates of utilizing a stalking horse bidder, evidence the fact that the Bid Protections are the product of a bargained for exchange and represent rational business judgment by the Debtors. Accordingly, the Bid

Protections are valid and sound exercises of the Debtors' business judgment and should be approved.

Cause Exists to Extend the Deadline to Assume or Reject the Billerica Lease

24. It is my understanding that the leased space under the Billerica Lease currently houses extensive lab equipment of the Debtors. Should the Billerica Lease ultimately be rejected by the Successful Bidder, the Debtors require sufficient time to move such lab equipment out of the site. Indeed, such a move necessarily cannot begin until the Sale Order has been entered, yet that date is scheduled to take place on May 25, 2017, after the Assumption/Rejection Deadline. Nevertheless, the Debtors require at least eight weeks to move their lab equipment out of the Billerica site, meaning their rejection, if necessary, could not happen until eight weeks after the Assumption/Rejection Deadline. Accordingly, it is my belief that the Debtors require an additional 90 days to assume or reject the Billerica Lease.

25. Furthermore, pending Avaya's decision to assume or reject the Billerica Lease, the Debtors have informed me that they intend to perform all of their undisputed obligations arising from and after the Petition Date in a timely fashion to the extent required by section 365(d)(3) of the Bankruptcy Code. Consistent with this decision, Avaya has performed all undisputed obligations arising under the Billerica Lease. Therefore, I believe that the requested extension of time to assume or reject the Billerica Lease will not prejudice or otherwise affect the substantive rights of the Billerica Lease Counterparty, and the facts demonstrate that sufficient cause exists for the Court to extend the Assumption/Rejection Deadline for the Billerica Lease an additional 90 days, through and including August 17, 2017.

Conclusion

26. Based on these circumstances, the prepetition marketing process, and my experience, I believe that the terms of the APA reflect the highest and best available bid for such

assets, that the Bidding Procedures will achieve the highest or otherwise best bid for the Business, that the Bid Protections were necessary to induce a stalking horse bid for the Business, which will ultimately maximize value to the Debtors' estates, and that cause exists for the Debtors to extend the deadline to assume or reject the Billerica Lease an additional 90 days.

the Successful Bidder has agreed to assume certain liabilities (specifically as set forth and defined in the APA, the “Assumed Liabilities”) (collectively, and including all actions taken or required to be taken in connection with the implementation and consummation of the APA, the “Sale”); (B) authorizing and approving the sale of the Transferred Assets of the Debtors’ estates (the “Debtors’ Transferred Assets”) free and clear of any and all liens, claims, interests and encumbrances; (C) authorizing the assumption and assignment to the Successful Bidder of the Transferred Contracts and Assumed Leases in accordance with the provisions of the order approving the bidding procedures and granting certain related relief (the “Bidding Procedures Order”) and the APA; and (D) granting other relief; and the Court having entered the Bidding Procedures Order on April [___], 2017; and an auction conducted in accordance with the Bidding Procedures (the “Auction”) having been held on May 23, 2017, pursuant to the Bidding Procedures Order; and the Successful Bidder having submitted the highest and best offer at the Auction; and the Court having conducted a hearing on the Motion on May 25, 2017 (the “Sale Hearing”), at which time all interested parties were offered an opportunity to be heard with respect to the Motion; and the Court, having reviewed and considered the Motion and the APA, approved the Bidding Procedures Order and all objections to the Sale and the APA filed in accordance with the Bidding Procedures Order; and having heard statements of counsel and the evidence presented in support of the relief requested in the Motion at the Sale Hearing; and it appearing that due notice of the Motion, the APA, the Bidding Procedures Order and the Auction has been provided; and it appearing that the relief requested in the Motion is in the best interests of the Debtors, their estates, their stakeholders and all other parties-in-interest; and it appearing that the Court has jurisdiction over this matter; and it further

appearing that the legal and factual bases set forth in the Motion and at the Sale Hearing establish just cause for the relief granted herein; and after due deliberation thereon,

THE COURT HEREBY FINDS AS FOLLOWS:

Jurisdiction, Venue and Final Order

A. This Court has jurisdiction to hear and determine the Motion pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b)(2)(A) and (N). Venue is proper in this District and in this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

B. This Order constitutes a final and appealable order within the meaning of 28 U.S.C. § 158(a). Notwithstanding Bankruptcy Rules 6004(h) and 6006(d), and to any extent necessary under Bankruptcy Rule 9014 and Federal Rule of Civil Procedure 54(b), as made applicable by Bankruptcy Rule 7054, the Court expressly finds that there is no just reason for delay in the implementation of this Order, and expressly directs entry of judgment as set forth herein.

Notice of the Sale, APA, Sale Hearing, Auction and the Cure Payments

C. As evidenced by the affidavits of service previously filed with this Court, proper, timely, adequate and sufficient notice of the Motion, the Auction, the Sale Hearing, the APA and the Sale has been provided in accordance with sections 102(1), 363 and 365 of the Bankruptcy Code and Bankruptcy Rule 2002, 6004, 6006 and 9014. The Debtors have complied with all obligations to provide notice of the Motion, the Auction, the Sale Hearing, the APA, and the Sale as required by the Bidding Procedures Order. The foregoing notice was good, sufficient, and appropriate under the circumstances, and no other or further notice of the Motion, the Auction, the Sale Hearing, the APA or the Sale is required.

D. A reasonable opportunity to object or to be heard regarding the relief requested in the Motion was afforded to all interested persons and entities.

E. In accordance with the Bidding Procedures Order, the Debtors have served a notice of their intent to assume and assign the Transferred Contracts and Assumed Leases and of the Cure Payments upon each non-Debtor counterparty to a Transferred Contract or Assumed Lease. The service and provision of such notice was good, sufficient, and appropriate under the circumstances and no further notice need be given in respect of assumption and assignment of the Transferred Contracts and Assumed Leases or establishing a Cure Payment for the respective Transferred Contracts and Assumed Leases. Non-Debtor counterparties to the Transferred Contracts and Assumed Leases have had an adequate opportunity to object to assumption and assignment of the applicable Transferred Contracts and Assumed Leases and the Cure Payments set forth in the notice (including objections related to the adequate assurance of future performance and objections based on whether applicable law excuses the non-Debtor counterparty from accepting performance by, or rendering performance to, the Successful Bidder for purposes of section 365(c)(1) of the Bankruptcy Code). All objections, responses, or requests for adequate assurance, if any, have been resolved.

Highest and Best Offer

F. As demonstrated by the evidence proffered or adduced at the Sale Hearing and the representations of counsel made on the record at the Sale Hearing, the Debtors conducted an Auction process in accordance with, and have otherwise complied in all respects with, the Bidding Procedures Order. The Auction was duly noticed and conducted in a noncollusive, fair, and good faith manner and the Auction process set forth in the Bidding Procedures Order

afforded a full, fair, and reasonable opportunity for any interested party to make a higher or otherwise better offer to purchase the Transferred Assets and assume the Assumed Liabilities.

G. The Transferred Assets were adequately marketed by the Debtors, and the consideration provided by the Successful Bidder under the APA constitutes the highest or otherwise best offer and provides fair and reasonable consideration to the Debtors for the sale of the Transferred Assets and the assumption of the Assumed Liabilities. The Debtors' determination that the consideration provided by the Successful Bidder under the APA constitutes the highest and best offer for the Transferred Assets constitutes a valid and sound exercise of the Debtors' business judgment.

H. Approval of the Motion and the APA, and the consummation of the Sale contemplated thereby, is in the best interests of the Debtors, their respective creditors, estates, and other parties in interest. The Debtors have demonstrated good, sufficient, and sound business reasons and justifications for entering into the Sale and the performance of their obligations under the APA.

I. The consummation of the Sale outside a plan of reorganization pursuant to the APA neither impermissibly restructures the rights of the Debtors' creditors nor impermissibly dictates the terms of a liquidating plan of reorganization for the Debtors.

J. Entry of an order approving the APA and all the provisions thereof is a necessary condition precedent to Successful Bidder's consummation of the Sale, as set forth in the APA.

K. The APA was not entered into, and none of the Debtors or the Successful Bidder, have entered into the APA or propose to consummate the Sale, for the purpose of hindering, delaying, or defrauding the Debtors' present or future creditors. None of the Debtors or the Successful Bidder is entering into the APA, or proposing to consummate the Sale, fraudulently,

for the purpose of statutory and common law fraudulent conveyance and fraudulent transfer Claims whether under the Bankruptcy Code or under the laws of the United States, any state, territory, possession thereof or the District of Columbia or any other applicable jurisdiction with laws substantially similar to the foregoing.

L. The Successful Bidder has complied in all respects with the Bidding Procedures Order and any other applicable order of this Court in negotiating and entering into the APA, and the Sale and the APA likewise comply with the Bidding Procedures Order and any other applicable order of this Court.

Good Faith of Successful Bidder

M. The APA and the Sale contemplated thereunder were proposed, negotiated, and entered into by and among the Debtors and the Successful Bidder without collusion, in good faith, and at arm's-length.

N. Neither the Successful Bidder, nor any of its affiliates, present or contemplated members, officers, directors, shareholders, or any of their respective successors and assigns (each such entity individually and taken together, the "Successful Bidder Group") is an "insider" of any of the Debtors, as that term is defined in section 101(31) of the Bankruptcy Code, or their affiliates. The Successful Bidder Group is entering into the Sale in good faith and is a good faith buyer within the meaning of section 363(m) of the Bankruptcy Code, and is therefore entitled to the full protection of that provision, and otherwise has proceeded in good faith in all respects in connection with this proceeding. Neither the Debtors nor the Successful Bidder Group have engaged in any action or inaction that would cause or permit the APA to be avoided or impose any costs or damages under section 363(n) of the Bankruptcy Code.

No Fraudulent Transfer

O. The consideration provided by the Successful Bidder pursuant to the APA for its purchase of the Transferred Assets and the assumption of the Assumed Liabilities constitutes reasonably equivalent value and fair consideration under the Bankruptcy Code, the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act and under the laws of the United States, any state, territory, possession, or the District of Columbia.

P. The Successful Bidder is not a continuation of the Debtors or their respective estates and the Successful Bidder is not holding itself out to the public as a continuation of the Debtors or their respective estates and the Sale does not amount to a consolidation, merger, or de facto merger of the Successful Bidder and the Debtors.

Validity of Transfer

Q. Each Debtors' board of directors or managing members, as applicable, has authorized the execution and delivery of the APA, the sale of the Transferred Assets and the assumption of the Assumed Liabilities to the Successful Bidder. The Debtors and their affiliates: (i) have full corporate power and authority to execute and deliver the APA and all other documents contemplated thereby, as applicable; (ii) have all of the power and authority necessary to consummate the Sale; and (iii) have taken all action necessary to authorize and approve the APA and to consummate the Sale, and no further consents or approvals are required for the Debtors to consummate the transactions contemplated by the APA, except as otherwise set forth in the APA. The Debtors' Transferred Assets constitute property of the Debtors' estates within the meaning of section 541(a) of the Bankruptcy Code and title thereto is presently vested in the Debtors' estates.

Section 363(f) Is Satisfied

R. The sale of the Debtors' Transferred Assets to the Successful Bidder under the terms of the APA meets the applicable provisions of section 363(f) of the Bankruptcy Code such that the sale of the Debtors' Transferred Assets will be free and clear of any and all liens, claims, interests, and encumbrances, and except as expressly provided in the APA with respect to the Assumed Liabilities, the (i) transfer of the Debtors' Transferred Assets to the Successful Bidder and (ii) assumption and/or assignment to the Successful Bidder of the Transferred Contracts and Assumed Leases and Assumed Liabilities will be free and clear of all liens, claims, interests, and encumbrances and will not subject the Successful Bidder to any liability for any liens, claims, interests, and encumbrances whatsoever (including, without limitation, under any theory of equitable law, antitrust, or successor or transferee liability). All holders of liens, claims, interests, and encumbrances who did not object, or withdrew their objections to the Sale, are deemed to have consented to the Sale pursuant to section 363(f)(2) of the Bankruptcy Code, and all holders of liens, claims, interests, and encumbrances are adequately protected—thus satisfying section 363(e) of the Bankruptcy Code—by having their liens, claims, interests, and encumbrances, if any, attach to the proceeds of the Sale ultimately attributable to the property against or in which they assert liens, claims, interests, and encumbrances, or other specifically dedicated funds, in the same order of priority and with the same validity, force, and effect that such holder had prior to the Sale, subject to any rights, claims and defenses of the Debtors or their estates, as applicable, or as otherwise provided herein.

S. The Successful Bidder would not have entered into the APA and would not consummate the sale of the Transferred Assets, thus adversely affecting the Debtors, their estates, creditors, employees, and other parties in interest, if the sale of the Debtors' Transferred

Assets was not free and clear of all liens, claims, interests, and encumbrances or if the Successful Bidder would, or in the future could, be liable for any Claims, including, without limitation and as applicable, certain liabilities that expressly are not assumed by the Successful Bidder as set forth in the APA or in this Order. The Successful Bidder asserts that it will not consummate the Sale unless the APA specifically provides, and this Court specifically orders, that neither the Successful Bidder, nor its assets, or the Debtors' Transferred Assets, will have any liability whatsoever with respect to, or be required to satisfy in any manner, whether at law or in equity, whether by payment, setoff or otherwise, directly or indirectly, any Claim or successor or transferee liability for any of the Debtors.

T. The transfer of the Debtors' Transferred Assets to the Successful Bidder under the APA will be a legal, valid, and effective transfer of all of the legal, equitable, and beneficial right, title, and interest in and to the Debtors' Transferred Assets free and clear of all liens, claims, interests, and encumbrances. The Debtors may sell their interests in the Transferred Assets free and clear of all liens, claims, interests, and encumbrances because, in each case, one or more of the standards set forth in section 363(f) has been satisfied.

Assumption and Assignment of the Transferred Contracts and Assumed Leases

U. The assumption and assignment of the Transferred Contracts and Assumed Leases pursuant to the terms of this Order are integral to the APA, are in the best interests of the Debtors and their respective estates, creditors, and other parties in interest, and represent the reasonable exercise of sound and prudent business judgment by the Debtors.

V. The Debtors have met all requirements of section 365(b) of the Bankruptcy Code for each of the Transferred Contracts and Assumed Leases. The Debtors and/or the Successful Bidder, as applicable under the APA, have (i) cured and/or provided adequate assurance of cure

of any default existing prior to the Closing under all of the Transferred Contracts and Assumed Leases, within the meaning of section 365(b)(1)(A) of the Bankruptcy Code; and (ii) provided compensation or adequate assurance of compensation to any counterparty for actual pecuniary loss to such party resulting from a default prior to the Closing under any of the Transferred Contracts and Assumed Leases, within the meaning of section 365(b)(1)(B) of the Bankruptcy Code. Each of the Transferred Contracts and Assumed Leases is free and clear of all liens, claims, interests, and encumbrances against the Successful Bidder.

W. The Successful Bidder has provided adequate assurance of its future performance under the Transferred Contracts and Assumed Leases within the meaning of sections 365(b)(1)(C) and 365(f)(2)(B) of the Bankruptcy Code. Pursuant to section 365(f) of the Bankruptcy Code, the Transferred Contracts and Assumed Leases to be assumed and assigned under the APA shall be assigned and transferred to, and remain in full force and effect for the benefit of, the Successful Bidder notwithstanding any provision in the contracts or other restrictions prohibiting their assignment or transfer.

NOW, THEREFORE, IT IS ORDERED, ADJUDGED AND DECREED THAT:

General Provisions

1. The Motion is granted to the extent set forth herein.
2. All objections to the Motion or the relief requested therein that have not been withdrawn, waived or settled as announced to the Court at the Sale Hearing or by stipulation filed with the Court or as resolved in this Order, and all reservations of rights included therein, are, except as provided in other orders of the Court, hereby overruled on the merits with prejudice. All persons and entities given notice of the Motion that failed to timely object thereto

are deemed to consent to the relief sought therein including, without limitation, all non-Debtor counterparties to the Transferred Contracts and Assumed Leases.

3. Where appropriate herein, findings of fact shall be deemed conclusions of law and conclusions of law shall be deemed findings of fact.

Approval of the APA

4. The APA, all of the terms and conditions thereof, and all of the transactions contemplated therein, are approved in all respects. The failure specifically to include any particular provision of the APA in this Order shall not diminish or impair the effectiveness of such provision, it being the intent of the Court that the APA be authorized and approved in its entirety.

5. The Debtors are authorized to: (a) take any and all actions necessary or appropriate to perform, consummate, implement and close the Sale, including the sale to Successful Bidder of the Transferred Assets, in accordance with the terms and conditions set forth in the APA and this Order; (b) provide transition services to the Successful Bidder in accordance with the form of transition services agreement attached to the APA as Exhibit G; (c) to assume and assign any and all Transferred Contracts and Assumed Leases; and (d) to take all further actions and to execute and deliver the APA and any and all additional instruments and documents that may be (i) reasonably requested by the Successful Bidder for the purpose of assigning, transferring, granting, conveying, and conferring to the Successful Bidder, or reducing to possession, the Transferred Assets (including, but not limited to, all necessary transition services to be provided to Successful Bidder by the Debtors), (ii) necessary, appropriate or desirable to the performance of the obligations contemplated by the APA, and (iii) as may be

reasonably requested by Successful Bidder to implement the APA and consummate the Sale in accordance with the terms thereof, all without further order of the Court.

6. All persons and entities are prohibited and enjoined from taking any action to adversely affect or interfere with, or which would be inconsistent with, the ability of the Debtors to transfer the Transferred Assets to Successful Bidder in accordance with the APA and this Order.

7. Nothing contained in any chapter 11 plan confirmed in these chapter 11 cases or the order confirming any such chapter 11 plan shall conflict with or derogate from the provisions of the APA or this Order, and to the extent of any conflict or derogation between this Order or the APA and such future plan or order, the terms of this Order and the APA shall control.

Sale and Transfer Free and Clear of Liens, Claims, Interests, and Encumbrances

8. At Closing, all of the Debtors' right, title and interest in and to, and possession of, the Transferred Assets shall be immediately vested in the Successful Bidder pursuant to sections 105(a), 363(b), 363(f), and 365 of the Bankruptcy Code free and clear of any and all liens, Claims, interests, and encumbrances. Such transfer shall constitute a legal, valid, binding, and effective transfer of such Transferred Assets. All persons or entities, presently or on or after the Closing, in possession of some or all of the Debtors' Transferred Assets, are directed to surrender possession of the Transferred Assets to the Successful Bidder or its respective designees on the Closing or at such time thereafter as the Successful Bidder may request.

9. This Order: (a) shall be effective as a determination that, as of the Closing, (i) no Claims other than Assumed Liabilities will be assertable against the Successful Bidder or any of its respective assets, (ii) the Debtors' Transferred Assets shall have been transferred to the Successful Bidder free and clear of all liens, claims, interests and encumbrances, and (iii) the

conveyances described herein have been effected; and (b) is and shall be binding upon and govern the acts of all entities, including, without limitation, all filing agents, filing officers, title agents, title companies, recorders of mortgages, recorders of deeds, registrars of deeds, registrars of patents, trademarks or other intellectual property, administrative agencies, governmental departments, secretaries of state, federal and local officials, and all other persons and entities who may be required by operation of law, the duties of their office or contract, to accept, file, register or otherwise record or release any documents or instruments, or who may be required to report or insure any title or state of title in or to any lease; and each of the foregoing persons and entities is hereby directed to accept for filing any and all of the documents and instruments necessary and appropriate to consummate the transactions contemplated by the APA. The Debtors' Transferred Assets are sold free and clear of any reclamation rights. For the avoidance of doubt, all liens, claims, interests, and encumbrances on the Transferred Assets attach to the proceeds of the Sale ultimately attributable to the property against which such liens, claims, interests, and encumbrances applied or other specifically dedicated funds, in the same order of priority and with the same validity, force and effect that such liens, claims, interests, and encumbrances applied prior to the Sale, subject to any rights, claims, and defenses of the Debtors or their estates, as applicable, or as otherwise provided herein, provided, that the allocation of proceeds of the Sale per the terms of the APA shall be non-binding with respect to the ultimate allocation of value among the Debtors or any of their non-Debtor subsidiaries for any purpose in connection with the Debtors' chapter 11 cases including, but not limited to, the value of any of the Debtors or their non-Debtor subsidiaries, distributions under any chapter 11 plan or creditor recoveries and all parties rights with respect to any such allocation or valuation are expressly

preserved. For the avoidance of doubt, the Successful Bidder shall not be liable for the allocation of proceeds among the Debtors or their non-Debtor subsidiaries.

10. Except as otherwise provided in the APA, all persons and entities (and their respective successors and assigns), including, but not limited to, all debt security holders, equity security holders, affiliates, governmental, tax and regulatory authorities, lenders, customers, vendors, employees, trade creditors, litigation claimants, and other creditors holding Claims arising under or out of, in connection with, or in any way relating to, the Debtors, the Debtors' Transferred Assets, and the ownership, sale, or operation of the Debtors' Transferred Assets prior to Closing or the transfer of the Debtors' Transferred Assets to the Successful Bidder, are hereby forever barred, estopped, and permanently enjoined from asserting such Claims against the Successful Bidder, its property or the Transferred Assets. Following the Closing, no holder of any Claim shall interfere with the Successful Bidder's title to or use and enjoyment of the Debtors' Transferred Assets based on or related to any such Claim, or based on any action the Debtor may take in their chapter 11 cases.

11. If any person or entity that has filed financing statements, mortgages, mechanic's Claims, lis pendens, or other documents or agreements evidencing Claims against or in the Debtors or the Debtors' Transferred Assets shall not have delivered to the Debtors prior to the Closing of the Sale, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction, releases of all Claims that the person or entity has with respect to the Debtors or the Debtors' Transferred Assets or otherwise, then only with regard to the Transferred Assets that are purchased by the Successful Bidder pursuant to the APA and this Order: (a) the Debtors are hereby authorized and directed to execute and file such statements, instruments, releases, and other documents on behalf of the person or entity with respect to the

Debtors' Transferred Assets; (b) the Successful Bidder is hereby authorized to file, register or otherwise record a certified copy of this Order, which, once filed, registered or otherwise recorded, shall constitute conclusive evidence of the release of all liens, Claims, interests, and encumbrances against the Successful Bidder and the Debtors' Transferred Assets; and (c) upon consummation of the Sale, the Successful Bidder may seek in this Court or any other court to compel appropriate parties to execute termination statements, instruments of satisfaction, and releases of all Claims and liens that are extinguished or otherwise released pursuant to this Order under section 363 of the Bankruptcy Code, and any other provisions of the Bankruptcy Code, with respect to the Debtors' Transferred Assets. This Order is deemed to be in recordable form sufficient to be placed in the filing or recording system of each and every federal, state, or local government agency, department, or office. Notwithstanding the foregoing, the provisions of this Order authorizing the sale and assignment of the Debtors' Transferred Assets free and clear of Claims and liens shall be self-executing, and neither the Debtors nor the Successful Bidder shall be required to execute or file releases, termination statements, assignments, consents, or other instruments to effectuate, consummate, and implement the provisions of this Order.

No Successor or Transferee Liability

12. The Successful Bidder Group shall not be deemed, as a result of any action taken in connection with the APA, the consummation of the Sale contemplated by the APA, or the transfer, operation, or use of the Transferred Assets to: (a) be a legal successor, or otherwise be deemed a successor to the Debtors (other than, for the Successful Bidder, with respect to any obligations as an assignee under the Transferred Contracts and Assumed Leases arising after the Closing); (b) have, de facto or otherwise, merged with or into the Debtors; or (c) be an alter ego or a mere continuation or substantial continuation of the Debtors or the enterprise of the Debtors

including, without limitation, within the meaning of any foreign, federal, state or local revenue law, pension law, ERISA, tax law, labor law, products liability law, employment law, environmental law, or other law, rule, or regulation (including without limitation filing requirements under any such laws, rules or regulations), or under any products liability law or doctrine with respect to the Debtors' liability under such law, rule or regulation, or doctrine.

13. The Successful Bidder shall not have any responsibility for: (a) any liability or other obligation of the Debtors or related to the Transferred Assets other than as expressly set forth in the APA or (b) any Claims against the Debtors or any of their predecessors or affiliates. Except as expressly provided in the APA with respect to the Successful Bidder, the Successful Bidder shall have no liability whatsoever with respect to the Debtors, (or their predecessors' or affiliates') respective businesses or operations or any of the Debtors' (or their predecessors' or affiliates') obligations (as described below, "Successor or Transferee Liability") based, in whole or part, directly or indirectly, on any theory of successor or vicarious liability of any kind or character, or based upon any theory of antitrust, environmental, successor or transferee liability, de facto merger or substantial continuity, labor and employment or products liability, whether known or unknown as of the Closing, now existing or hereafter arising, asserted or unasserted, fixed or contingent, liquidated or unliquidated, including liabilities on account of any taxes arising, accruing or payable under, out of, in connection with, or in any way relating to the operation of the Transferred Assets prior to the Closing. Except to the extent expressly included in the Assumed Liabilities with respect to the Successful Bidder, the Successful Bidder shall have no liability or obligation under the WARN Act (29 U.S.C. §§ 2101 et seq.), the Comprehensive Environmental Response Compensation and Liability Act, the Age Discrimination and Employment Act of 1967 (as amended), the Federal Rehabilitation Act of

1973 (as amended), or the National Labor Relations Act, 29 U.S.C. § 151, et seq. (the “NLRA”). or any foreign, federal, state or local labor, employment (including any rights under any pension, multiemployer plan (as such term is defined in Section 3(37) or Section 4001(a)(3) of the Employee Retirement Income Security Act of 1974, health or welfare, compensation or other employee benefit plans, agreements, practices, and programs, including, without limitation, any pension plans of the Debtors or any multiemployer plan to which the Debtors have at any time contributed to or had any liability or potential liability)), or environmental law by virtue of the Successful Bidder’s purchase of the Transferred Assets or assumption of the Assumed Liabilities. Without limitation of the foregoing, the Successful Bidder Group shall have no liability or obligation with respect to any environmental liabilities of the Debtors or any environmental liabilities associated with the Transferred Assets except to the extent they are Assumed Liabilities with respect to the Successful Bidder. The Successful Bidder shall have no liabilities on account of any taxes arising, accruing or payable under, out of, in connection with, or in any way relating to the operation of the Transferred Assets prior to the Closing.

14. Except as provided in the APA for the Assumed Liabilities, with respect to the Successful Bidder, nothing in this Order or the APA shall require the Successful Bidder Group to: (a) continue or maintain in effect, or assume any liability in respect of any employee, pension, welfare, fringe benefit or any other benefit plan, trust arrangement, or other agreements to which the Debtors are a party or have any responsibility therefor including, without limitation, medical, welfare, and pension benefits payable after retirement or other termination of employment; or (b) assume any responsibility as a fiduciary, plan sponsor, or otherwise, for making any contribution to, or in respect of the funding, investment or administration of any

employee benefit plan, arrangement or agreement (including but not limited to pension plans) or the termination of any such plan, arrangement or agreement.

15. Effective upon the Closing, all persons and entities are forever prohibited and enjoined from commencing or continuing in any matter any action or other proceeding, whether in law or equity, in any judicial, administrative, arbitral or other proceeding against the Successful Bidder, or its assets (including the Transferred Assets), with respect to any: (a) Claim or (b) Successor or Transferee Liability including, without limitation, the following actions with respect to clauses (a) and (b): (i) commencing or continuing any action or other proceeding pending or threatened; (ii) enforcing, attaching, collecting, or recovering in any manner any judgment, award, decree, or order; (iii) creating, perfecting or enforcing any lien, claim, interest, or encumbrance; (iv) asserting any setoff, right of subrogation, or recoupment of any kind; (v) commencing or continuing any action, in any manner or place, that does not comply with, or is inconsistent with, the provisions of this Order or other orders of this Court, or the agreements or actions contemplated or taken in respect hereof; or (vi) revoking, terminating or failing, or refusing to renew any license, permit, or authorization to operate any of the Transferred Assets or conduct any of the businesses operated with such assets.

Good Faith of Purchaser

16. The Sale contemplated by the APA is undertaken by the Successful Bidder without collusion and in good faith, as that term is defined in section 363(m) of the Bankruptcy Code, and accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the sale shall not affect the validity of the Sale (including the assumption and assignment of the Transferred Contracts and Assumed Leases), unless such authorization and consummation of such sale are duly and properly stayed pending such appeal.

17. Neither the Debtors nor the Successful Bidder have engaged in any action or inaction that would cause or permit the Sale to be avoided or costs or damages to be imposed under section 363(n) of the Bankruptcy Code. The consideration provided by the Successful Bidder for the Transferred Assets under the APA is fair and reasonable and the Sale may not be avoided under section 363(n) of the Bankruptcy Code.

Assumption and Assignment of Transferred Contracts and Assumed Leases

18. The Debtors are authorized and directed at the Closing to assume and assign each of the Transferred Contracts and Assumed Leases to the Successful Bidder free and clear of all liens, claims, interests and encumbrances pursuant to sections 105(a) and 365 of the Bankruptcy Code and to execute and deliver to the Successful Bidder such documents or other instruments as may be necessary to assign and transfer the Transferred Contracts and Assumed Leases to the Successful Bidder. The payment of the applicable Cure Payments (if any) shall: (a) effect a cure of all defaults existing thereunder as of the Closing; (b) compensate for any actual pecuniary loss to such non-Debtor counterparty resulting from such default; and (c) together with the assumption of the Transferred Contracts and Assumed Leases by the Debtors and the assignment of the Transferred Contracts and Assumed Leases to the Successful Bidder, constitute adequate assurance of future performance thereof.

19. Pursuant to section 365(f) of the Bankruptcy Code, subject to the payment of the applicable Cure Payments, the Transferred Contracts and Assumed Leases to be assumed and assigned under the APA shall be assigned and transferred to, and remain in full force and effect for the benefit of, the Successful Bidder notwithstanding any provision in the contracts or other restrictions prohibiting their assignment or transfer. Any provisions in any Transferred Contract or Assumed Lease that prohibits or conditions the assignment of such Transferred Contract or

Assumed Lease or allow the counterparty to such Transferred Contract or Assumed Lease to terminate, recapture, impose any penalty, condition on renewal or extension, or modify any term or condition upon the assignment of such Transferred Contract or Assumed Lease, constitute unenforceable anti-assignment provisions that are void and of no force and effect. All other requirements and conditions under sections 363 and 365 of the Bankruptcy Code for the assumption by the Debtors and assignment to the Successful Bidder of the Transferred Contracts and Assumed Leases have been satisfied. Upon the Closing, in accordance with sections 363 and 365 of the Bankruptcy Code, the Successful Bidder shall be fully and irrevocably vested with all right, title, and interest of the Debtors under the Transferred Contracts and Assumed Leases, and such Transferred Contracts and Assumed Leases shall remain in full force and effect for the benefit of the Successful Bidder. Each non-Debtor counterparty to the Transferred Contracts and Assumed Leases shall be forever barred, estopped, and permanently enjoined from: (a) asserting against the Debtors or the Successful Bidder or their respective property any assignment fee, acceleration, default, breach or Claim or pecuniary loss, or condition to assignment existing, arising or accruing as of the Closing or arising by reason of the Closing, including any breach related to or arising out of change-in-control provisions in such Transferred Contracts and Assumed Leases, or any purported written or oral modification to the Transferred Contracts and Assumed Leases and (b) asserting against the Successful Bidder (or its property, including the Transferred Assets) any Claim, counterclaim, defense, breach, condition, setoff asserted, or assertable against the Debtors existing as of the Closing or arising by reason of the Closing except for the Assumed Liabilities.

20. Upon the Closing and the payment of the relevant Cure Payments, if any, the Successful Bidder shall be deemed to be substituted for the Debtors as a party to the applicable

Transferred Contracts and Assumed Leases and the Debtors shall be released, pursuant to section 365(k) of the Bankruptcy Code, from any liability under the Transferred Contracts and Assumed Leases. There shall be no rent accelerations, assignment fees, increases, or any other fees charged to the Successful Bidder or the Debtors as a result of the assumption and assignment of the Transferred Contracts and Assumed Leases. The failure of the Debtors or the Successful Bidder to enforce at any time one or more terms or conditions of any Transferred Contract or Assigned Lease shall not be a waiver of such terms or conditions or of the right of the Debtors or the Successful Bidder, as the case may be, to enforce every term and condition of such Transferred Contract or Assumed Lease. The validity of the assumption and assignment of any Transferred Contract or Assumed Lease to the Successful Bidder shall not be affected by any existing dispute between the Debtors and any counterparty to such Transferred Contract or Assigned Lease. Any party that may have had the right to consent to the assignment of any Transferred Contract or Assumed Lease is deemed to have consented for the purposes of section 365(e)(2)(A)(ii) of the Bankruptcy Code.

21. The assignments of each of the Transferred Contracts and Assumed Leases are made in good faith under sections 363(b) and (m) of the Bankruptcy Code.

Other Provisions

22. To the maximum extent permitted by applicable law, and in accordance with the APA, the Successful Bidder shall be authorized, as of the Closing, to operate under any license, permit, registration, and governmental authorization or approval (collectively, the “Licenses”) of the Debtors with respect to the Transferred Assets. To the extent the Successful Bidder cannot operate under any Licenses in accordance with the previous sentence, such Licenses shall be in effect while the Successful Bidder, with assistance from the Debtors, works promptly and

diligently to apply for and secure all necessary government approvals for new issuance of Licenses to the Successful Bidder. The Debtors shall maintain the Licenses in good standing to the fullest extent allowed by applicable law for the Successful Bidder's benefit until equivalent new Licenses are issued to the Successful Bidder.

23. To the extent provided by section 525 of the Bankruptcy Code, no governmental unit may revoke or suspend any permit or License relating to the operation of the Transferred Assets sold, transferred or conveyed to the Successful Bidder on account of the filing or pendency of these chapter 11 cases or the consummation of the Sale contemplated by the APA.

24. The Successful Bidder shall not be required to seek or obtain relief from the automatic stay under section 362 of the Bankruptcy Code to enforce any of its remedies under the APA or any other sale-related document. The automatic stay imposed by section 362 of the Bankruptcy Code is modified solely to the extent necessary to implement the preceding sentence, provided however that this Court shall retain exclusive jurisdiction over any and all disputes with respect thereto.

25. The terms and provisions of the APA and this Order shall be binding in all respects upon the Debtors, their affiliates, their estates, all creditors of (whether known or unknown) and holders of equity interests in any Debtor, any holders of Claims against or on all or any portion of the Transferred Assets, all non-Debtor counterparties to the Transferred Contracts and Assumed Leases, the Successful Bidder, and all of their respective successors and assigns including, but not limited to, any subsequent trustee(s), examiner(s) or receiver(s) appointed in any of the Debtors' chapter 11 cases or upon conversion to Chapter 7 under the Bankruptcy Code, as to which trustee(s), examiner(s) or receiver(s) such terms and provisions likewise shall be binding. The APA shall not be subject to rejection or avoidance by the

Debtors, their estates, their creditors, their shareholders, or any trustee(s), examiner(s), or receiver(s).

26. Each and every federal, state and local governmental agency, department or official is hereby directed to accept any and all documents and instruments necessary and appropriate to consummate the transactions contemplated by the APA.

27. This Order approves the transfer to the Successful Bidder of only those Avoidance Actions related exclusively to the Business.

28. Upon the closing of the Sale, this Order shall be construed as and shall constitute for any and all purposes a full and complete general assignment, conveyance, and transfer of all of the Transferred Assets and Transferred Contracts and Assumed Leases or a bill of sale transferring good and marketable title in the Transferred Assets and Transferred Contracts and Assumed Leases to the Successful Bidder pursuant to the terms of the APA.

29. The APA may be modified, amended, or supplemented by the parties thereto in accordance with the terms thereof, without further order of the Court, provided that any such modification, amendment, or supplement does not, based on the Debtors' judgment, have a material adverse effect on the Debtors' estates or their creditors, and, with respect to the Debtors, such amendment, supplement, or modification shall be in consultation with the DIP Agent and the Ad Hoc Groups. The Debtors shall provide the DIP Agent and the Ad Hoc Groups with notice of any modification, amendment, or supplement of the APA or any material and related agreement, document, or other instrument at least two business days in advance of such modification, amendment, or supplement.

30. If the Successful Bidder fails to close the Sale, the Back-up Bidder is required to consummate the Sale pursuant to the Back-up Bid and on the same terms otherwise set forth in this Order, without further Order of this Court.

31. The Court shall retain exclusive jurisdiction to, among other things, interpret, implement, and enforce the terms and provisions of this Order and the APA, all amendments thereto and any waivers and consents thereunder and each of the agreements executed in connection therewith to which the Debtors are a party or which has been assigned by the Debtors to the Successful Bidder, and to adjudicate, if necessary, any and all disputes concerning or relating in any way to the Sale. This Court retains jurisdiction to compel delivery of the Transferred Assets, to protect the Successful Bidder and its assets, including the Transferred Assets, against any Claims and Successor and Transferee Liability and to enter orders, as appropriate, pursuant to sections 105, 363 or 365 (or other applicable provisions) of the Bankruptcy Code necessary to transfer the Transferred Assets and the Transferred Contracts and Assumed Leases to the Successful Bidder.

32. Notwithstanding the possible applicability of Rules 6004(h), 6006(d), 7062 and 9014 of the Bankruptcy Rules or otherwise, the terms and conditions of this Order shall be effective immediately upon entry and the Debtors and the Successful Bidder are authorized to close the sale immediately upon entry of this Order.

33. This Order and the APA shall be binding in all respects upon all creditors of (whether known or unknown), and holders of equity interests in, the Debtors, any holders of Claims or liens in, against, or on all or any portion of the Transferred Assets, all non-Debtor counterparties to the Transferred Contracts and Assigned Leases, all successors and assigns of the Successful Bidder, the Debtors and their affiliates and subsidiaries, and any subsequent

trustees appointed in these chapter 11 cases or upon a conversion to chapter 7 under the Bankruptcy Code, and shall not be subject to rejection. Nothing contained in any chapter 11 plan confirmed in these chapter 11 cases, any order confirming any such chapter 11 plan, or any order approving wind-down or dismissal of these chapter 11 cases or any subsequent chapter 7 cases shall conflict with or derogate from the provisions of the APA or this Order, and to the extent of any conflict or derogation between this Order or the APA and such future plan or order, the terms of this Order and the APA shall control.

34. All time periods set forth in this Order shall be calculated in accordance with Bankruptcy Rule 9006(a).

35. To the extent there are any inconsistencies between the terms of this Order and the APA, the terms of this Order shall control.

36. The APA and the Sale contemplated hereunder shall not be subject to any bulk sales laws or any similar law of any state or jurisdiction.

37. Notwithstanding the relief granted herein and any actions taken hereunder, nothing contained in the Motion or this Order or any payment made pursuant to this Order shall constitute, nor is it intended to constitute, an admission as to the validity or priority of any claim or lien against the Debtors, a waiver of the Debtors' rights to subsequently dispute such claim or lien, or the assumption or adoption of any agreement, contract, or lease under section 365 of the Bankruptcy Code.

38. Notwithstanding anything to the contrary in this Order, any payment made hereunder, and any authorization herein, shall be subject to the requirements (if any) imposed on the Debtors under any order(s) of this Court approving the postpetition secured debtor in

possession financing facility and the use of cash collateral (any such order, a "Financing Order"). In the event of any conflict between the terms of this Order and a Financing Order, the terms of the applicable Financing Order shall control (solely to the extent of such conflict). For the avoidance of doubt, nothing herein shall modify, alter, or otherwise affect the rights or remedies of the DIP Agent or the DIP Lenders under the DIP Credit Agreement except with respect to the Transferred Assets.
