See Schedule of Proposed Payments included as an exhibit to this disclosure statement.

A. Purpose of This Document

- The Debtor and significant events during the bankruptcy case,
- How the Plan proposes to treat claims or equity interests of the type you hold (*i.e.*, what you will receive on your claim or equity interest if the plan is confirmed),

- What factors the Bankruptcy Court (the “Court”) will consider when deciding whether to confirm the Plan,

- Why the debtor believes the Plan is feasible, and how the treatment of your claim or equity interest under the Plan compares to what you would receive on your claim or equity interest in liquidation, and
- The effect of confirmation of the Plan.

Be sure to read the Plan as well as the Disclosure Statement. This Disclosure Statement describes the Plan, but it is the Plan itself that will, if confirmed, establish your rights.

creditors began collection processes against the debtor and its president in his personal capacity.

III. SUMMARY OF THE PLAN OF REORGANIZATION AND TREATMENT OF CLAIMS AND EQUITY INTERESTS

A. What is the Purpose of the Plan of Reorganization?

As required by the Code, the Plan places claims and equity interests in various classes and describes the treatment each class will receive. The Plan also states whether each class of claims or equity interests is impaired or unimpaired. If the Plan is confirmed, your recovery will be limited to the amount provided by the Plan.

B. Unclassified Claims

Certain types of claims are automatically entitled to specific treatment under the Code. They are not considered impaired, and holders of such claims do not vote on the Plan. They may, however, object if, in their view, their treatment under the Plan does not comply with that required by the Code. As such, the Plan Proponent has *not* placed the following claims in any class:

Administrative expenses also include the value of any goods sold to the Debtor in the ordinary course of business and received within 20 days before the date of the bankruptcy petition. The Code requires that all administrative expenses be paid on the effective date of the Plan, unless a particular claimant agrees to a different treatment. The following chart lists the Debtor's estimated administrative expenses, and their proposed treatment under the Plan:

2. *Priority Tax Claims*

Priority tax claims are unsecured income, employment, and other taxes described by § 507(a)(8) of the Code. Unless the holder of such a § 507(a)(8) priority tax claim agrees otherwise, it must receive the present value of such claim, in regular installments paid over a period not exceeding 5 years from the order of relief.

The following chart lists the Debtor's estimated § 507(a)(8) priority tax claims and their proposed treatment under the Plan:

Description (name and type of tax)	Estimated Amount Owed	Date of Assessment	Treatment
Claim 2: PR Department of Labor	\$4,443.93	2005 to 2017	Debtor will pay \$83.86 @ 60 months from filing date, including 5% interest Total payout: \$5,031.75
Claim 3: PR Department of Labor	\$515.03	2015 to 2017	Debtor will pay \$9.72 @ 60 months from filing date, including 5% interest Total payout: \$583.16

C. *Classes of Claims and Equity Interests*

The following are the classes set forth in the Plan, and the proposed treatment that they will receive under the Plan:

1. *Classes of Secured Claims*

Allowed Secured Claims are claims secured by property of the Debtor's bankruptcy estate (or that are subject to setoff) to the extent allowed as secured claims under § 506 of the Code. If the value of the collateral or setoffs securing the creditor's claim is less than the amount of the creditor's

allowed claim, the deficiency will be classified as a general unsecured claim.

Class #	Description	Insider (Yes or No)	Impairment	Treatment
Class 2A	<p>Banco Popular de PR (Claim No. 5) Claim amount: \$63,555.00</p> <p>Collateral: Property located at A-17 Dr Troyer St, Villa Rosales, Aibonito, PR Value: \$67,000.00</p>	No	Impaired	Debtor will pay in full this creditor with the sale of the property.

2. *Classes of Priority Unsecured Claims*

Certain priority claims that are referred to in §§ 507(a)(1), (4), (5), (6), and (7) of the Code are required to be placed in classes. The Code requires that each holder of such a claim receive cash on the effective date of the Plan equal to the allowed amount of such claim. However, a class of holders of such claims may vote to accept different treatment.

The classes containing claims under §§ 507(a)(1), (4), (5), (6), and (a)(7) of the Code and their proposed treatment under the Plan: *None*.

3. *Class of General Unsecured Claims:*

General unsecured claims are not secured by property of the estate and are not entitled to priority under § 507(a) of the Code.

The following chart identifies the Plan proposed treatment of Class 3, which contain

Case No. 18-00130 BKT

general unsecured claims against the Debtor:

Class #	Description	Impairment	Treatment
Class 3: Claims 1, 2, 3, 4, 6, and Scheduled Claims	General Unsecured claims: \$1,164,881.00	Impaired	The plan will distribute \$58,244.05 pro-rata among all unsecured creditors from the effective date of the plan in monthly installments of \$1,020.00 per month for 60 months after the effective date. Includes 2% present rate interest per annum, for a total payout of \$61,253.26.

4. *Class of Equity Interest Holders*

No treatment. Insiders will receive no distributions from the proposed plan of reorganization.

The stockholder will retain his equity interest in the reorganized debtor.

D. **Means of Implementing the Plan**

1. *Source of Payments*

Payments and distributions under the Plan will be funded from the debtor's post petition income from the operation of the business.

2. *Post-confirmation Management*

The Post-Confirmation Managers of the Debtor, and their compensation, shall be as follows:

Name	Affiliations	Insider? (yes or no)	Position	Compensation
Jorge Acevedo Orengo	Stockholder	Yes	President	None

E. **Risk Factors**

The proposed Plan has the following risks: The only risk is the possibility that the debtor will be unable from circumstances beyond its control to continue to operate its business. At the present

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 11

time there are no foreseeable circumstances of this type.

F. Executory Contracts and Unexpired Leases

The Plan, in Article 6.1, lists all executory contracts and unexpired leases that the Debtor will assume under the Plan. Assumption means that the Debtor has elected to continue to perform the obligations under such contracts and unexpired leases, and to cure defaults of the type that must be cured under the Code, if any. Article 6.1 also lists how the Debtor will cure and compensate the other party to such contract or lease for any such defaults.

If you object to the assumption of your unexpired lease or executory contract, the proposed cure of any defaults, or the adequacy of assurance of performance, you must file and serve your objection to the Plan within the deadline for objecting to the confirmation of the Plan, unless the Court has set an earlier time.

All executory contracts and unexpired leases that are not listed in Article 6.1 will be rejected under the Plan. Consult your adviser or attorney for more specific information about particular contracts or leases.

If you object to the rejection of your contract or lease, you must file and serve your objection to the Plan within the deadline for objecting to the confirmation of the Plan.

The Deadline for Filing a Proof of Claim Based on a Claim Arising from the Rejection of a Lease or Contract Is 10 days after the Order approving the plan is final. Any claim based on the rejection of a contract or lease will be barred if the proof of claim is not timely filed, unless the Court orders otherwise.

G. Tax Consequences of Plan

Creditors and Equity Interest Holders Concerned with How the Plan May Affect Their Tax Liability Should Consult with Their Own Accountants, Attorneys, And/Or Advisors.

H. Effective Date

The effective date is the eleventh business day following the date of the entry of the order of confirmation. But if a stay of the confirmation order is in effect on that date, the effective date will be the first business day after that date on which no stay of the confirmation order is in effect, provided that the confirmation order has not been vacated.

IV. CONFIRMATION REQUIREMENTS AND PROCEDURES

To be confirmable, the Plan must meet the requirements listed in §§ 1129(a) or (b) of the Code. These include the requirements that: the Plan must be proposed in good faith; at least one impaired class of claims must accept the plan, without counting votes of insiders; the Plan must distribute to each creditor and equity interest holder at least as much as the creditor or equity interest holder would receive in a chapter 7 liquidation case, unless the creditor or equity interest holder votes to accept the Plan; and the Plan must be feasible. These requirements are not the only requirements listed in § 1129, and they are not the only requirements for confirmation.

A. Who May Vote or Object?

Any party in interest may object to the confirmation of the Plan if the party believes that the requirements for confirmation are not met.

Many parties in interest, however, are not entitled to vote to accept or reject the Plan. A creditor or equity interest holder has a right to vote for or against the Plan only if that creditor or

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 13

equity interest holder has a claim or equity interest that is both (1) allowed or allowed for voting purposes and (2) impaired.

In this case, the Plan Proponent believes that all classes of creditors are impaired; and that holders of claims in all of these classes are therefore entitled to vote to accept or reject the Plan. The Plan Proponent believes that Class 3, is impaired and that holders of claims in this class, therefore, have the right to vote to accept or reject the Plan.

1. *What Is an Allowed Claim or an Allowed Equity Interest?*

Only a creditor or equity interest holder with an allowed claim or an allowed equity interest has the right to vote on the Plan. Generally, a claim or equity interest is allowed if either (1) the Debtor has scheduled the claim on the Debtor's schedules, unless the claim has been scheduled as disputed, contingent, or unliquidated, or (2) the creditor has filed a proof of claim or equity interest, unless an objection has been filed to such proof of claim or equity interest. When a claim or equity interest is not allowed, the creditor or equity interest holder holding the claim or equity interest cannot vote unless the Court, after notice and hearing, either overrules the objection or allows the claim or equity interest for voting purposes pursuant to Rule 3018(a) of the Federal Rules of Bankruptcy Procedure.

The deadline for filing a proof of claim in this case was May 17th, 2018, for general creditors, and July 16th, 2018, for governmental unit.

2. *What Is an Impaired Claim or Impaired Equity Interest?*

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 14

As noted above, the holder of an allowed claim or equity interest has the right to vote only if it is in a class that is *impaired* under the Plan. As provided in §1124 of the Code, a class is considered impaired if the Plan alters the legal, equitable, or contractual rights of the members of that class.

3. *Who is Not Entitled to Vote*

The holders of the following five types of claims and equity interests are *not* entitled to vote:

- holders of claims and equity interests that have been disallowed by an order of the Court;
- holders of other claims or equity interests that are not “allowed claims” or “allowed equity interests” (as discussed above), unless they have been “allowed” for voting purposes.
- holders of claims or equity interests in unimpaired classes;
- holders of claims entitled to priority pursuant to §§ 507(a)(2), (a)(3), and (a)(8) of the Code; and
- holders of claims or equity interests in classes that do not receive or retain any value under the Plan;
- administrative expenses.

Even If You Are Not Entitled to Vote on the Plan, You Have a Right to Object to the Confirmation of the Plan and to the Adequacy of the Disclosure Statement.

4. *Who Can Vote in More Than One Class*

A creditor whose claim has been allowed in part as a secured claim and in part as an unsecured claim, or who otherwise hold claims in multiple classes, is entitled to accept or reject a Plan in each capacity, and should cast one ballot for each claim.

B. Votes Necessary to Confirm the Plan

If impaired classes exist, the Court cannot confirm the Plan unless (1) at least one impaired class of creditors has accepted the Plan without counting the votes of any insiders within that class,

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 15

and (2) all impaired classes have voted to accept the Plan, unless the Plan is eligible to be confirmed by a cram-down on non-accepting classes, as discussed later in Section B.2.

1. *Votes Necessary for a Class to Accept the Plan*

A class of claims accepts the Plan if both of the following occur: (1) the holders of more than one-half (1/2) of the allowed claims in the class, who vote, cast their votes to accept the Plan, and (2) the holders of at least two-thirds (2/3) in dollar amount of the allowed claims in the class, who vote, cast their votes to accept the Plan.

A class of equity interests accepts the Plan if the holders of at least two-thirds (2/3) in amount of the allowed equity interests in the class, who vote, cast their votes to accept the Plan.

2. *Treatment of Non-accepting Classes*

Even if one or more impaired classes reject the Plan, the Court may nonetheless confirm the Plan if the non-accepting classes are treated in the manner prescribed by §1129(b) of the Code. A plan that binds non-accepting classes is commonly referred to as a cram-down plan. The Code allows the Plan to bind non-accepting classes of claims or equity interests if it meets all the requirements for consensual confirmation except the voting requirements of § 1129(a)(8) of the Code, does not “discriminate unfairly”, and is “fair and equitable” toward each impaired class that has not voted to accept the Plan.

You should consult your own attorney if a “cram-down” confirmation will affect your claim or equity interest, as the variations on this general rule are numerous and complex.

C. **Liquidation Analysis**

To confirm the Plan, the Court must find that all creditors and equity interest holders who do not accept the Plan will receive at least as much under the Plan as such claim and equity interest

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 16

holders would receive in a chapter 7 liquidation. A liquidation analysis is attached to this Disclosure Statement as Exhibit B.

D. Feasibility

The Court must find that confirmation of the Plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the Debtor or any successor to the Debtor, unless such liquidation or reorganization is proposed in the Plan.

1. *Ability to Initially Fund Plan*

Even that the previous monthly operating reports reflect no income since the filing of the case, the Debtor signed a contract for professional services that will produce cash to comply with Plan. The Plan Proponent believes that the Debtor will have enough cash on hand to pay all the claims and expenses that are entitled to be paid accordingly.

2. *Ability to Make Future Plan Payments And Operate Without Further Reorganization*

Even though the debtor's corporation is not operating, the sole owner, Dr. Jorge Acevedo Orengo will be funding the plan. The owner is avoiding to file as an individual to protect his credit and future business plans.

You Should Consult with Your Accountant or other Financial Advisor If You Have Any Questions Pertaining to These Projections.

V. EFFECT OF CONFIRMATION OF PLAN

A. Discharge of Debtor

Discharge. On the effective date of the Plan, the Debtor shall be discharged from any debt that arose before confirmation of the Plan, subject to the occurrence of the effective date, to the

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 17

extent specified in §1141(d)(1)(A) of the Code, except that the Debtor shall not be discharged of any debt (I) imposed by the Plan, (ii) of a kind specified in §1141(d)(6)(A) if a timely complaint is filed in accordance with Rule 4007(c) of the Federal Rules of Bankruptcy Procedure, or (iii) of a kind specified in §1141(d)(6)(B)(i),(ii). After the effective date of the Plan, your claim against the Debtor will be limited to the treatment of your claim according to the proposed plan of reorganization.

B. Modification of Plan

The Plan Proponent may modify the Plan at any time before confirmation of the Plan. However, the Court may require a new disclosure statement and/or re-voting on the Plan. The Plan Proponent may also seek to modify the Plan at any time after confirmation only if (1) the Plan has not been substantially consummated *and* (2) the Court authorizes the proposed modifications after notice and a hearing.

C. Final Decree

Once the estate has been fully administered, as provided in Rule 3022 of the Federal Rules of Bankruptcy Procedure, the Plan Proponent, or such other party as the Court shall designate in the Plan Confirmation Order, shall file a motion with the Court to obtain a final decree to close the case. Alternatively, the Court may enter such a final decree on its own initiative.

VI. OTHER PLAN PROVISIONS

6.01 RETENTION OF JURISDICTION:

Notwithstanding confirmation of this Plan, the Bankruptcy Court shall retain jurisdiction for the following purposes:

Borinquen Anesthesia Services, PSC
Case No. 18-00130 BKT
Disclosure Statement
Page No. 18

- Determination of the allowability of claims and interests upon objection to such claims by the Debtor, the Reorganized Debtor or any other party in interest.
- Determination of requests for payment of claims entitled to priority under § 507(a)(1) of the Bankruptcy Code, including compensation of parties entitled thereto. Any objection to filed claims must be filed no later than 20 days prior to the hearing on confirmation of the plan.

6.02 DEFAULT PROVISIONS

If the debtor fails to make any payments under the plan, the IRS or any other creditor whose claims have been allowed may declare that it is in default. Failure on the part of the IRS or of any other creditor to declare it in default under this provision does not constitute a waiver by the IRS or any other creditor, of its right to declare that the debtor is in default. The debtor also agrees that if the IRS or any other creditor declares the debtor in default of the plan, the entire imposed liability, together with any unpaid current liabilities, shall become due and payable immediately upon written demand to the debtor. If full payment is not made within 14 days of such demand, the IRS or any other creditor may collect any unpaid liabilities through the administrative collection provisions of the IRS or any other creditor with prior authorization of the bankruptcy court.

In the event of default, this case may be dismissed or converted to a case under Chapter 7 of the bankruptcy code, all in accordance with 11 USC § 1112 (b)(1), after notice and a hearing.

RESPECTFULLY SUBMITTED.

CASE NO. 18-00130 BKT

Small Business Chapter 11 Case

PLAN OF REORGANIZATION,
DATED AUGUST 7th, 2018

ARTICLE I
SUMMARY

This Plan of Reorganization under chapter 11 of the Bankruptcy Code proposes to pay creditors of Borinquen Anesthesia Services, PSC, the “Debtor”, from future cash flow income from its post petition operations.

This Plan provides for priority creditors, one(1) class of secured creditors, one(1) class of unsecured claims; and no class of equity security holders. Unsecured creditors holding allowed claims will receive distributions, which the proponent of this Plan has valued at five(\$0.05) cents on the dollar. DETERMINATION OF LIQUIDATION VALUE OF THE DEBTOR'S ESTATE:

From this debtor's equity, the debtor must then determine liquidation value. The debtor's plan must provide distributions according to the mandate of the bankruptcy code, which orders that Administrative claims be paid first, priority creditors which have priority allowed claims in second order have to be paid in full, any resulting surplus is then distributed to other creditors, mainly the unsecured creditors.

After all administrative and priority creditors are paid, all remaining assets are to be determined for possible distribution pro-rata among all allowed unsecured creditors whose claims have been allowed. However, in bankruptcy, the court must evaluate a hypothetical chapter 7 liquidation in order to determine what is known as the "best interest of creditors test" in this particular estate, to determine what amount remains after the chapter 11 administrative expenses and those of the chapter 7 trustee are paid.

This hypothetical chapter 7 liquidation amount is compared to the proposed distributions offered by the debtor in its plan in order to determine if the "best interest of creditors" in this estate is satisfied. The amount of return that all unsecured creditors would receive in a chapter 7 hypothetical petition under the identical fiscal situation of this debtor, discounted to present value (the debtor must factor an inflation percent based on historical yearly inflation figures in order that any future payments will be received by the unsecured creditors without the effect of inflation, which historically tends to reduce the value of any distributions made today) must be superior to this liquidation value, discounted as stated above.

In this case, the debtor's equity is based on the continuing administration of the estate and the continued operation of debtor's current business activities.

For disclosure statement purposes, it is concluded that this is a no asset case, which means that in liquidation, unsecured creditors will receive \$0.00 if the case is converted to a chapter 7 liquidation case.

Since there is no surplus for the benefit of unsecured creditors, the amount that the debtors' plan must distribute at a minimum to all unsecured creditors whose claims are allowed by the Court must be more than zero.

In this chapter 11 case, claims may be allowed that are included in the debtor's schedules and are not listed as disputed, contingent or unliquidated. If they are so listed, the affected creditor must file a claim before the bar date (time limit to file claims - in this case it is: May 17th, 2018, (for all creditors); and July 16th, 2018 (for government units), in order to have their claims allowed.

Any new claim filed after this date is barred. Creditors may also file a claim if they are aware of the filing of this petition and the debtor has not listed it in the schedules or has listed the claim but as a disputed, contingent or unliquidated claim. If the debtor does not object to the listed or filed claim, or if the debtor objects and the court denies the objection, then the claim will be allowed as filed by the creditor for distribution purposes.

The distribution of the determined liquidation value, if any, is made according to a calculation based on the total amount of unsecured claims allowed, which then is used to determine what percentage of the total amount of claims corresponds to each allowed claim. This percent is then used to calculate what amount corresponds to each creditor from the proposed distributions to be made by the debtor if the proposed plan is approved.
