I. INTRODUCTION

This Amended Disclosure Statement is submitted with respect to the Debtor's proposed Amended Plan of Reorganization which was filed on August 31, 2011, in this case. The purpose of the Disclosure Statement is to describe the Plan of Reorganization and give creditors information sufficient to allow them to make an informed decision on whether to vote for or against the Plan of Reorganization. This Disclosure Statement contains forward looking statements with respect to which there is no assurance of accuracy, although such statements represent the Debtor's best informed belief concerning matters contained within the statements. Further, this Disclosure Statement contains estimates of value of certain assets, such assets may not sell for the value estimated and values can change adversely over time due to economic conditions, particularly recessionary conditions that may exist today. The source of the information for this disclosure statement is Dan Floyd and the Debtor's realtor, Jane Iten.

Prior to circulation of the final draft of this Disclosure Statement it has been approved by the United States Bankruptcy Court for the District of Montana. Such an approval means that after notice and hearing the Bankruptcy Court has determined that the Disclosure Statement contains adequate information. Adequate information is defined as information of a kind and in sufficient detail, as far as reasonably practicable in light of the nature and history of the debtor and the condition of the Debtor's books and records, including a discussion of the potential material Federal tax consequences of the plan to the debtor and creditor, that would enable a hypothetical investor of the relevant class to make an informed judgment about the plan.

The Debtor has not and cannot authorize the disclosure of any other information in support of the proposed Plan of Reorganization except as set forth in this Disclosure Statement.

The Debtor seeks a favorable vote of the creditors with respect to the Plan of

Reorganization that is submitted herewith. In order for a plan to be confirmed it must receive a favorable vote of at least one class. A class votes in favor of the plan if it is approved by more than 50% of the members of the class who vote and by at least two-thirds of the total amount of debt held by members of the class who vote on the plan. If a class does not vote for the plan it can be approved notwithstanding the negative vote if the plan provides the members of the class property of a value as of the effective date of the plan at least equal to what the members would receive in a Chapter 7 liquidation.

Creditors are encouraged to consult with their legal counsel concerning their rights in a chapter 11 bankruptcy case and the confirmation process.

A. Purpose of This Document

This Disclosure Statement describes:

- How the Plan proposes to treat claims or equity interest of the type you hold (i.e., what you will receive on your claim or equity interest if the plan is confirmed),
- Who can vote on or object to the Plan.
- What factors the Bankruptcy Court (the "Court") will consider when deciding whether to confirm the Plan.
- Why the Plan Proponents believe the Plan is feasible, and how the treatment of your claim or equity interest under the Plan compares to what you would receive on your claim or equity interest in liquidation, and
- The effect of confirmation of the Plan.

Be sure to read the Plan as well as the Disclosure Statement. This Disclosure Statement describes the Plan, but it is the Plan itself that will, if confirmed, establish your rights.

B. Deadlines for Voting and Objecting; Date of Plan Confirmation Hearing

The Court has not yet confirmed the Plan described in this Disclosure Statement. This section describes the procedures pursuant to which the Plan will or will not be confirmed.

1. Time and Place of the Hearing to Confirm the Plan

The hearing at which the Court will determine whether to confirm this Plan will take place on _____, at _____m., in Courtroom _____ at the _____

2. Deadline for Voting to Accept or Reject the Plan

Because there is an impaired class under the Plan, there will be a vote by ballot by those creditors eligible to vote.

Even If You Are Not Entitled to Vote on the Plan, You Have a Right to Object to the Confirmation of the Plan.

3. Deadline for Objecting to the Confirmation of the Plan

Objections to the confirmation of the Plan must be filed with the Court and served upon the Plan Proponents, Creditors and Debtors by _____

4. Identify of Person to Contact for More Information

If you want addition information about the Plan, you should contact Jon R. Binney, Binney Law Firm, P.C., P.O. Box 2253, Missoula, MT 59806.

C. Disclaimer

The Court will approve the final version of this Disclosure Statement as containing adequate information to enable parties affected by the Plan to make an informed judgment about its terms. The Court has not yet determined whether the Plan meets the legal requirements for confirmation, and the fact that the Court has approved this Disclosure Statement does not constitute an endorsement of the Plan by the Court, or a recommendation that it be accepted.

III. OVERVIEW OF DEBTOR

1. Physical Description of Property

At the time of filing this Chapter 11 case, the debtor owned two large tracts of property in Ravalli County, Montana. These included an 320 acre parcel of land South of Hamilton, Montana aka 276 Forest Hills Road, consisting of eight (8) separate tracts, varying in size from 20 acres to 80 acres. Improvements include a hay barn with a maintenance shop, six developed ponds and a 3 acre lake, a mile long improved gravel road, three septic permits, electric power to 3 lots, two wells and a pump house with attached bathroom. It has a half mile of National Forest boundary and is bordered by a 440 acre ranch to the North that has a conservation easement on it and an 880 acre ranch to the South.

In addition, there is a 170 acre parcel of land consisting of two (2) tracts of contiguous land near Stevensville, Montana. One parcel (83 Bell Crossing) is 159 acres with two barns and a work room. There is fencing and cross fencing for horse pastures. The other parcel (81 Bell

Crossing) is 11 acres with a 10,300 square foot residence and a 1000 square foot Guest house. There is a driveway through the whole property with two main entrances. The property borders approximately one mile of the Bitterroot River and its side channels, There are also 7 ponds which are spring fed and have both rainbow and brown trout populations. The property has septic approval to add four more bedrooms.

Both of these properties are very unique and have significant appeal for high end buyers. Forest Hills was sold in two sales totaling \$2.5 million on July 14, 2011.

2. Pre-Petition Operations

Debtor's business has been business/real estate development. Debtor is owned by Bibelot Trust which is the trust that was formed by Dan Floyd in the 1980s. Dan Floyd was the trustor, trustee, and sole beneficiary of the trust. Debtor purchased an abandoned railroad depot in Capitola, California and renovated it into a small boutique hotel. Over the next 10 years the Debtor expanded the operation to include five properties along the coast of California. Two of the properties were rated Mobil 4-Star and AAA 4-Diamond, the only such properties in Santa Cruz and San Mateo Counties. These properties were sold in 2001 and the operation was moved to Montana.

In 1995 Dan Floyd and Kelley Floyd were married. Shortly thereafter, Kelley Floyd formed the corporation known as Keldan Corporation in which she was the sole owner. Keldan and the Debtor jointly invested in properties after 1995. The Debtor and Keldan purchased a ranch near Victor, Montana in 2001. Improvements were made and the property was sold in 2005. Other investments/developments of Debtor and Keldan consisted of purchasing, renovation of a townhouse in Incline Village, Nevada, which was then sold in 2002, and a purchase of a lot in Reno, Nevada, and the building of a spec house on the property and a subsequent sale in 2005.

The Debtor also acquired the 170 acre parcel near Stevensville, Montana, along the Bitterroot River and proceeded to improve it. A 10,300 square foot home consisting of 5 bedrooms, 8 baths, 7 fireplaces, wine cellar, an arbor with a wood burning pizza oven and BBQ along with other amenities was built. Two barns were also built along with fencing and cross fencing, a gravel/concrete road through the property, extensive landscaping and finished ponds and water channels. The property is for sale and has had purchase offers.

Keldan Corporation left \$800,000.00 of the proceeds it would have received from the previous sales including the Victor ranch in the investments that Debtor had in its current real estate holdings. In January, 2010, Keldan Corporation's investment of \$800,000.00 was returned to it. Later in 2010, Keldan Corporation lent \$250,000.00 to Debtor and it filed a claim in this case.

In addition, several of the parcels of real estate in Montana were initially purchased by Dan and Kelley Floyd in order to obtain the financing for said real estate. Subsequently, some of that real estate was transferred to Debtor subject to the loan. In August of 2009 one of the properties, 31 Bell Crossing, was transferred back to Dan and Kelley Floyd to obtain refinancing of the property and remains titled in Dan and Kelley Floyd's name.

3. Factors Leading to Chapter 11

Debtors' business has been developing businesses and real estate, improving them and selling. The result has led to major income spaced years apart in addition to significant negative cash flow until properties sold. The downturn in the economy generally, and the real estate market, specifically has exacerbated the cash flow problems the last three years.

The Debtors' plan was to sell the 81 Bell Crossing properties and focus on developing the

Forest Hill property.

Debtor also planned to develop and operate a hotel property in Anaconda, Montana as an investor in a development company. Debtor purchased the property and then with the approval of Anaconda-Deer Lodge County transferred that property to Renascent, LLC, which entered into contracts with builder Sullway Construction, Inc. The project began, and then the builder changed its pricing. The project failed for lack of financing. This resulted in a lawsuit against the Debtor, Renascent, LLC, Craig Floyd and Dan Floyd. Preliminary Settlement discussions were held in the lawsuit.

To cure the cash flow problems and settle the lawsuit, the Debtor attempted in July, 2010 to do an auction on the Bell Crossing property but was unsuccessful as Bank of America filed a Trustee Sale notice which caused the auction company to cancel the auction. If the auction had been successful, all creditors would have been paid in full. Debtor would not have needed to borrow high interest loans from Creative Finance, Inc. Bank of America continued to foreclose.

Debtor attempted to refinance and continued to attempt to sell the real estate after the failure of the auction without success.

Dan and Kelley Floyd again obtained financing on property titled in one or both of their names in 2010 to continue to make payments to creditors. This financing was obtained through Creative Finance relative to several Forest Hill properties. Dan Floyd disclosed to Creative Finance that the property would be transferred to the Debtor.

The Debtor filed Chapter 11 to stop the foreclosure sale until the issues with Bank of America are adjudicated and to have the claim of Sullway and Anaconda-DeerLodge County determined by Bankruptcy Court.

4. Post-Petition Operations

Debtor has listed the properties for sale with Iten Realty including 81 & 83 Bell Crossing for 8.2 million dollars. Forest Hill sold on July 14, 2011 for 2.5 million dollars after approval of the Court and paid the secured debt.

If Bell Crossing sells, then all secured and unsecured creditors will be paid off. The Debtor believes that Bank of America improperly filed the Notice of Trustee Sale which compromised the sale of Bell Crossing through the auction process. Debtor has retained Beck & Amsden and filed Adversary Proceeding #11-00045 against Bank of America and related parties for all damages. The anticipated amount from the lawsuit would pay off all creditors in full. In addition, Debtor has claims against Ravalli County and State of Montana regarding a bridge defect problem which has caused damage to Debtors' property. With approval of the Court, Debtor has retained Markette & Chouinard to handle this claim. The Debtor is negotiating a settlement with Ravalli County which should result in additional funds for the Debtor to fund the plan.

Debtor has retained special counsel at the request of the U.S. Trustee who filed Adversary Proceeding #11-00042 re: the January 2010 return of investment funds to Keldan Corporation. Keldan Corporation has offered to pay \$500,000 to the Estate and to repay any pro-rata amount unsecured creditors are not paid through this Chapter 11 Plan. Keldan has also offered to withdraw its \$250,000. Proof of Claim.

The sale of Forest Hill resulted in a tax loss. There are no taxes owed. Debtor currently has \$265,000 in its Debtor in Possession bank account and believes those funds plus \$500,000 from Keldan would pay all administrative and unsecured claims in full.

V. PLAN TO PROCEED

Debtor's plan is to continue to market 81 and 83 Bell Crossing for sale. Bell Crossing was initially listed for 13 million dollars and received offers of 13 million dollars in approximately 2005 and 9 million dollars in approximately 2008. These offers were contingent offers which failed. The property was relisted for 11 million dollars and then reduced to 8.2 million dollars. The realtors involved believe that there is no comparable in the valley.

Iten Realty has been retained to market and sell both properties. Iten Realty sold the Forest Hills property in July, 2011. Iten Realtors are very well known in the business and will do an outstanding job of marketing and selling the properties.

Debtor proposes paying all secured creditors other than the disputed secured claim of Bank of America, et al, contractual interest on principal amounts owed and extend the terms of any loan due in less than 5 years to 5 years. These payments will continue until Debtor sells the property or the time expires.

Debtor is attempting to settle a lawsuit against Ravalli County and the State of Montana and may receive a cash settlement from Ravalli County for prior attorney fees and consultant fees. Additionally, Adversary Proceeding #11-00045 was filed against Bank of America, et al, for damages which, if successful, could provide Debtor sufficient funds to pay off all allowed claims.

VI. FEASIBILITY OF PLAN

The feasibility of debtor's plan is based in the short term on funds held in the Debtor in Possession Account, and in the long term on the sale of Debtor's real estate and additional

settlement proceeds.

VII. LIQUIDATION ANALYSIS

Essentially in a Chapter 7 liquidation, unsecured creditors would receive less than 100% on their claims as opposed to 100% proposed to be paid through debtor's Chapter 11 plan.

VIII. TAX CONSEQUENCES

As indicated in section III above, the basis of the tax consequences involved in Debtor's case will vary depending on whether debtor sells certain parcels of its real estate listed above in order to pay creditors. The tax basis for 81 and 83 Bell Crossing, Victor, MT is \$6,000,000.00. The basis in 276 Forest Hill Dr. is \$3,500,000.00 so the sale for \$2,500,000.00 did not result in a taxable gain. The total remaining debt in this case including disputed debt is approximately \$4,000,000.00. Accordingly, Debtor believes any sale triggering capital gains will be more than enough to pay all creditors in full.

IX. RISK FACTORS

Risks associated with this chapter 11 plan include the potential of a stagnant real estate market for Debtor's property(ies) in the immediate future causing an inability to fund the required future Chapter 11 Plan Payments to secured creditors.

X. CONCLUSION

The Debtor believes that confirmation of the proposed Plan of Reorganization is in the best interest of the creditors of this bankruptcy estate. Moreover, the Debtor believes that unsecured creditors are more likely to be paid in full under the terms of this plan than otherwise,

and if not paid in full they are likely to receive a greater dividend than under any other outcome.

Therefore the Debtor seeks the support of all creditors to this plan.
