PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

B1. Review of Performance

For the current quarter, the Group achieved revenue of RM52.487 million, pre-tax loss of RM7.425 million and post-tax loss of RM4.790 million. The Group revenue decreased by 17.5% as compared to the corresponding quarter in the preceding year mainly attributable to lower locked in sales and soft property market. The 89.6% decrease in pre-tax loss and 93.7% decrease in post-tax loss were mainly attributable to substantial development costs recognised in the income statement in the corresponding quarter in the preceding year arising from the sales of several land from the remaining land bank held for development of certain projects. These developments costs were apportioned to the said land in accordance to the original development value which was much higher than the land sales value thus resulting in under recognition of development costs in prior years.

B2. Comparison with Preceding Quarter's Results

The Group's pre-tax loss for the current quarter increased by 168.2% as compared to the results of the immediate preceding quarter mainly due to lower locked in sales, soft property market and higher finance cost.

B3. Prospects

The Board expects the financial year to be a challenging one in the face of a soft property market. The Group is currently working with its advisers to formulate a Group wide debt restructuring exercise ("PDRS") which proposed to settle the outstanding debt obligations vide issuance of certain listed and tradable instruments. The Board is of the opinion that the PDRS will be successfully implemented. Upon the completion of the PDRS, the Group would be able pick up the momentum in the construction of the unbilled locked-in sales units and achieve future profitable operations.

Maxisegar Sdn Bhd Vs. Silver Concept Sdn Bhd

By an agreement dated 31 March 1997 made between Silver Concept Sdn Bhd ("Silver Concept") and Maxisegar Sdn Bhd ("Maxisegar"), Silver Concept agreed to sell and Maxisegar agreed to purchase 1,142.48 acres of land in Mukim Batang Kali and in Mukim Rasa, all in the District of Ulu Selangor ("the said Agreement").

Pursuant to the said agreement, Maxisegar has paid a total sum of RM 42.071 million to Silver Concept being 10% deposit and second installment.

On 29 December 1997, Maxisegar issued a Writ in the Kuala Lumpur High Court against Silver Concept claiming the refund of RM 42.071 million paid to Silver Concept on the grounds that the said agreement has been frustrated.

Judgment was delivered in favour of Silver Concept on 7 March 2001. Maxisegar appealed to the Court of Appeal against the Judgment and on 5 May 2005, the Court of Appeal has dismissed the Appeal.

Maxisegar has filed an application to stay of execution in the Court of Appeal and subsequently further filed to Federal Court for leave to appeal together with stay of execution again the Judgment delivered by Court of Appeal on 5 May 2005.

On 8 August 2005, the Court of Appeal granted the Order for stay of execution and the application for leave to appeal in Federal Court has been dismissed by the Federal Court on 1 March 2006. Pursuant to the Federal Court's decision, Maxisegar has provided in full for the deposit and also made a provision for judgement sum of RM38.325 million.

On 28 March 2006, Kuala Lumpur High Court has granted a Restraining Order ("RO") pursuant to Section 176 of the Companies Act, 1965 to Maxisegar.

The RO is valid for 90 days and effective from 28 March 2006 to facilitate the convening of creditors' meeting concerning the implementation of a proposed debt restructuring scheme.

The Restraining Order is not expected to have material financial and operational impact on the Talam Group in view that:-

- a) The Restraining Order is to facilitate the finalization of Maxisegar's proposed restructuring scheme; and
- b) Currently the operation of Talam Group is maintained at the level sufficient to meet the outstanding and urgent requirements of the Talam Group.

On 30 May 2006, the Kuala Lumpur High Court granted an extension to the RO for a period of 180 days effective from 27 June 2006 to 27 December 2006.

NOTES TO CONDENSED FINANCIAL STATEMENTS

ANNEXURE TO ANNUAL AUDITED REPORT

A3. Annual Audited Report

- a) The auditor has qualified on the annual audit report of the Group and of the Company for the preceding financial year as follows:
 - (i) The Group and the Company incurred net losses of RM771.796 million and RM466.782 million respectively and, as of that date, the Group's and Company's current liabilities exceeded their current assets by RM484.025 million and RM29.733 million respectively.
 - (ii) The Group and the Company have defaulted on the repayment of various financing obligations and further discloses that the management together with their consultants are currently formulating restructuring schemes to restructure the said financing obligations. The outcome of the restructuring exercise may result in adjustments being made to certain amounts and reclassification of assets and liabilities of the Group and of the Company, the final outcome of which is uncertain as at the date of the auditors' report.
 - (iii) On 28 March 2006, the Kuala Lumpur High Court granted a Restraining Order pursuant to Section 176 of the Companies Act, 1965 to a subsidiary, Maxisegar Sdn. Bhd. ("MSSB"). The directors of MSSB together with their consultants are currently working on a debt restructuring scheme which is conditional upon the approval of the relevant regulatory authorities. The nature and the outcome of the debt restructuring scheme may result in adjustments being made to certain amounts and classification of assets and liabilities of the Group and MSSB, the final outcome of which is uncertain as at the date of this report. As a result, there are significant uncertainties regarding the future operations of the Group and MSSB, the recoverability of their assets and their ability to repay debts. The financial statements of the Group and MSSB do not include any adjustments that might result from these uncertainties.

The above factors raised substantial doubt that the Group and the Company will be able to continue as a going concern. The ability of the Group and of the Company to continue as a going concern is dependent upon the successful implementation of the restructuring exercise and resumption of normal operations and return to profitability of the Group and of the Company. The financial statements of the Group and of the Company do not include any adjustments to the amounts and classification of assets and liabilities that might be necessary should the Group and the Company be unable to continue as a going concern.

Interim financial report for the period ended 31 July 2006 (The figures have not been audited)

NOTES TO CONDENSED FINANCIAL STATEMENTS

A3. Annual Audited Report (Contd)

- 2) Investment in Irredeemable Convertible Unsecured Loan Stocks of Venue Venture Sdn. Bhd. ("VVSB") is carried at cost of RM76.332 million. The financial statements further discloses that the amount due from VVSB stood at RM65 million as at 31 January 2006 ("collectively referred as "total investments in VVSB"). The management has represented to us that the total investments in VVSB are supported by the assets held by VVSB and thus are recoverable. However, as no recent independent professional valuations were conducted on the underlying assets, we are unable to ascertain as to whether the carrying amount of the total investments in VVSB is fairly stated.
- 3) The net realisable value of certain development properties costing RM373.189 million have not been ascertained as no recent independent professional valuations were conducted. Accordingly, we are unable to ascertain as to whether the carrying amounts of the said development properties are fairly stated.
- 4) Certain transactions were omitted from the financial statements of the Group and MSSB in the prior years. We are unable to obtain sufficient appropriate audit evidence to satisfy ourselves as to the amounts and disclosures made in the financial statements.
- 5) Included in trade receivables are amounts of RM56.169 million due from certain contractors of the Group. The management is of the opinion that these receivables are fully recoverable. We are unable to obtain sufficient appropriate audit evidence to satisfy ourselves that the said amounts are fully recoverable.
- The property development costs of the Group amounted to RM1,039.926 6) million and for the year ended 31 January 2006, revenue from development properties and cost of development properties recognised in the Group's consolidated income statement amounted to RM565.153 million and RM740.346 million respectively. During the year, the Group's review of the estimates of costs attributable to certain property development projects ("project costings") indicates that the estimated financial outcome of the said property development projects could have been varied if compared to the prior estimates. However, the project costings have not been updated accordingly. As the financial outcome of the said property development projects have not been fully estimated, we are unable to satisfy ourselves as to whether the Group's property development costs, revenue from development properties and cost of development properties sold for the year then ended have been stated in accordance with the requirements of FRS 201: Property Development Activities.
- 7) No provision for liabilities in respect of the corporate guarantees has been made in the Company's financial statements as the quantum of the shortfall of which the Company is liable to make good cannot be presently determined pending the resolution of the uncertainties referred to in paragraph (a) above. These corporate guarantees have been disclosed as contingent liabilities in the financial statements.
