UE SSA (Subscriber Savings Account)

The current value of the account is \$2,195,458.28 . However the conditions on the account mean that money is not available until December, 2021 and that the actual amount may be less.

"The return of both the Paid in Surplus (PSA) and Subscriber Savings Account (SSA) is at the full discretion of the Subscribers' Advisory Board and is also governed by the Standards and Formulas (S&F) in place as of the date of the withdrawing Subscriber's notice of intent to withdraw.

Under the S&F, there is no obligation for UE to return any PSA amounts and SSAs can be returned six years following the year the coverage was terminated at the discretion of the Subscribers' Advisory Board based solely on future absorption of losses from the years the member was with UE, whether those losses are caused by the terminated member or the membership as a whole. Historically, PSAs have not been returned to terminated members and SSA amounts have been returned at the end of the six year holding period. We do not expect that will change. In addition, a terminated member does not receive any future positive allocations to their SSA upon termination but it is possible negative allocations may occur based on the overall results of the reciprocal or losses of the terminated member."
